REMOVAL TO NEW PREMISES:

Everything was moved on Thursday, the 24th July. The rooms in the International Hospital have been handed back to the Hospital management.

A letter was received from the Welfare Section with certain directives for the next distribution, and as new lists of applicants is now in the process of being made up, it has been decided to submit the names of those we deem eligible for approval before distribution.

After further interviews with the Liaison Office, a letter has been written to the Kinki Branch of the Ministry of Commerce & Industry, applying for 1½ tons of coal.

BOOTS:

Although months have passed since the question of exchanging a number of Boots has been taken up with the Quartermaster's Office, no progress can be noted to date.

COAL:

Mr. Crane reports that he understands that our complaint/ is receiving attention.

GERMAN NAVY FOODSTUFFS:

The Foreigners Food Distribution Center some months ago received a stock of Canned Food formerly belonging to the German Navy for safe keeping. On the 24th July we received a letter from the Military Government outlining conditions under which this stock is now handed over to the International Relief Committee, Kobe Branch, for distribut-

ion to all foreign residents of Kobe and Osaka who are registered with the Foreigners Food Distribution Centers. The latter are to undertake the actual handling under existing directives covering supplementary rations. Our thanks are due to the Military Government for having satisfactorily settled this matter.

Since then the Foreigners Food Distribution Center has inventoried the goods and given us formal receipts.

The meeting adjourned at 4 p.m.

INTERNATIONAL RELIEF COMMITTEE
KOBE BRANCH.

No. 149. 6th August, 1947.

To: H.Q. International Relief Committee, Yokohama.

Subject: Registration.

With reference to your letter of the 4th July, subject: General, page 4, we now enclose a detailed list of U.N., Neutral and Stateless persons registered with our Branch, as of the 30th June, 1947.

The principal list of 30 pages gives the names, nationalities, date of birth and sex, divided into groups according to nationality and domicile.

To obtain a more rapid survey we made out a second list, giving the respective totals according to nationality with sub-division according to residence only.

A third statistic gives the names of those women formerly of U.N. or Neutral nationality who lost this through marriage with Axis nationals (our Category II). This list has been made up from sundry sources, but as you will notice only 8 such cases have so far registered with us.

INTERNATIONAL RELIEF COMMITTEE

MINUTES OF COMMITTEE MEETING HELD AT THE OFFICE OF THE I.R.C. ON WEDNESDAY THE 29th JANUARY 1947 at 3 p.m.

Present Mr. U. A. Casal in the chair, Messrs. Bjorstedt, Crane, Price and Schelkoff.

Minutes of the last two meetings were read and approved.

ELECTRIC CURRENT:

This important question was again taken up by Mr. Price in the absence of Mr. Crane, and the following is a condensed report on the settlement arrived at:-

"Interviewed Mr.Murakoshi, chief of the Business Section "of the Kwansai Haiden Kaisha, Kobe branch, and Mr. Uye- "yama, chief of the Minatogawa branch, and submitted to "them the proposal that all foreign households (approx- "imately 1100) be given alleviation of theelectric power "consumption restrictions from the present 150 KW maximum "per month to 500 KW per month for an average household "with electric facilities up to 2 KW and to increase this "limit by 100 KW per month for every kilowatt of electric "power facilities to a maximum of 800 KW per month. "Thus, in effect an average household would therefore "receive 500 KW as a limit and such households as use "larger electric equipment would receive up to 800 KW. "The classification would be based on say

A class	5 KW	and over	electric	facilities	800 KW
B "	4 KW	"	"	"	700 KW
C "	3 KW	"	"	"	600 KW
D "	2 KW	"	"	"	500 KW

"This proposal has been accepted by the Electric Company. "They have agreed to instruct all branches within Hyogo- "ken to alter the monthly restrictions on the above "basis, based on a list which we are to submit.

"The Electric Company has also promised to see to it "that a meter reading card is provided for every house- "hold and the monthly readings will be regularly noted "on this card, facilitating any investigation when ne- "cessary.

"Those individual households that have already received "special treatment through the production of certificates "signed by the Occupation Authorities will be given such "special treatment even after this new plan goes into "effect, in the event that such treatment allows such "households to consume more current than allowed for by "our plan.

LARA:

Fifty-five 5-lb. tins of Milk were received and will be distributed to infants up to 1 year old and to expectant mothers through the Food Distribution Centers.

CHARCOAL:

During the last week the question of transportation was finally arranged and we now expect the Charcoal to be shipped to the Food Distribution Centers.

VICE-CHAIRMAN:

Mr. Per Bjorstedt was elected Vice-Chairman, and it was also decided to approach Mr. William Mxx McIlwaine to join the Committee.

DIRECTIVE No. 8 from HQ 8th Army dated 13th inst. authorizes this Committee to include foreign nationals who have lost their former nationality through marriage to Axis nationals, also dependents of foreign nationals not possessing such foreign nationality. Certain restrictions in this respect are noted and will be guiding for future deliveries.

Sundry questions of local interest were discussed.

During the month of February this Committee had no supplies to be distributed in a general manner, but took care of a few individual requirements out of stocks. Revised inventory is submitted separately.

The Committee was able to settle in a satisfactory manner the question of Electric Supply to foreign households within the Kobe district, whereby certain alleviations were granted.

The question of supplying foreigners with Coal and Charcoal received further attention but delays have unfortunately occurred in the deliveries.

A number of minor matters were attended to in a routine way.

The question of electric supply was again taken up as in the meantime reports had come in of tremendous bills being presented to some foreigners while to others unable to pay the current had been cut off. Mr. Price was requested to again see the Kwansai Haiden in the matter, and if no alleviation should be forthcoming the assistance of the M.G. will have to be asked for since the charges made are completely out of proportion with the general cost of living.

No. 88.

Kobe, 22nd Jan., 1947.

To: H.Q. International Relief Committee, Yokohama.

Subject: Classified Registration.

In receipt of your letter of the 13th inst. We shall make up the desired lists of children's ages at once.

We quite agree with you that the former way of handling children's supplies was not entirely satisfactory, but at the same time it cannot be overlooked that children of the same age are not always of the same size and dis-proportionate distribution is probably unavoidable.

On the former occasions we made it a point to serve all children as near as possible to their size. We based ourselves on figures below the actual stocks received with the intention of handing over whatever balances would be unused to the Chinese Community. This we did, and we believe that the scheme has worked satisfactorily.

Kobe, 15th January, 1947.

No. 86.

To: H.Q. International Relief Committee, Yokohama.

Subject: Store for foreigners.

It has been pointed out to us by friends that according to report in a SCAP Bulletin foreigners in your district have now arranged for a store in the Ginza where they can buy items of their choice.

It appears that cards are issued to them stating monthly amounts to which they are entitled on the basis of substitute values for rice.

While the system is not quite clear to us, nor the items which can be obtained or the management of the store in question, the report is of such interest to us as to ask you to be good enough to fully investigate and tell us as soon as possible in which way we might organize something similar for Kobe.

While the food distribution has improved in some respects recently, we are still decidedly short in many items.
