PRICE THREE CENTS

Tennis Tournament Begins August 26th at Narberth

Annual Affair Promises to be Biggest ever Held

The annual tournament of the Narberth Tennis Association, which begins Saturday, August 26, will undoubtedly be the biggest in the history of the club. At least fifty players will enter for both singles and doubles and a brand of tennis new to Narberth will be seen on the courts at Montgomery and Haverford avenues. Every member of the fast team, which went through the Middle States League like a meteor, has entered the tournament, and there will be many hard fought battles before the crown for 1922 is finally awarded.

Dashing Bob Fretz, the present wearer of the diadem, is practicing long and faithfully to be ready to defend his laurels. Bob, at the top of his game, is a splendid player, having great speed, accuracy of direction and a fighting spirit. Those who saw him win from Thorny Gragan last year know what a strenuous time he will give anyone with ambition to remove the crown from his well combed blond locks.

Much is expected of General Gene Allen and Charlie McCarter, both of whom have developed remarkably fast games within the past year. Either of them may reach the semi final round of the tournament.

Chairman of the Grounds Committee Walter Cowen will have the courts as smooth as billiard tables, while the lawn about the courts will be lined with benches and chairs for spectators. It is planned to run the matches off rapidly so as to make possible the playing of the finals in both singles and doubles on Labor Day. There will be tournament matches every day from Saturday, August 26, to Labor Day, inclusive, weather permitting.

WILBUR F. CLINE.

Wilbur F. Cline, father of Mrs. J. G. Hamilton, of Merion avenue, died early Wednesday morning in the Hahneman Hospital, after an illness of six weeks.

Mr. Cline had for some years been connected with the American Baptist Publication Society, and was a prominent lay member of the Baptist Church.

The funeral will be held today at Narberth, and interment will be made at Palmyra, N. J.

CAFETERIA SUPPER.

The Women's Auxiliary of the Tennis Club are contemplating giving a cafeteria supper at the club house on Labor Day. Those who enjoyed the supper on Memorial Day will surely want to be on hand for this one.

F. Farlow, of Narberth, Pa., has successfully completed the course in Higher Accountancy, of LaSalle Extension University, Chicago, Illinois, receiving his diploma August 21. According to his instructors, he has made a very fine record and should have a bright future ahead of him in the phase of business which he has chosen.

Mr. Joseph Prager and daughter Rose have returned to their home, Essex avenue, after two-weeks' vacation at Atlantic City.

Mrs. W. Derby, Jr., of Essex avenue, has returned from a stay at Stone Harbor, N. J.

Mrs. W. G. Stairker, of Windsor avenue, has returned from a stay with her folks in West Philadelphia, where Mr. Stairker joined her Saturday.

Miss Estelle Coho has returned from Seaside Park, N. J.

Miss Grace Casey, of Essex avenue, has returned from Lancaster, Pa.

Brilliant Musician Coming to Narberth

Composer at Presbyterian Church Next Monday

Narberth will have the opportunity of hearing and seeing music in the making, when Mr. Robert Harkness, brilliant pianist, accompanist, and composer and writer of sacred songs, gives a recital in the Presbyterian church next Monday evening at 8 o'clock. Mr. Harkness made four round-the-world tours as accompanist for Charles M. Alexander, the song leader, during the Torrey Alexander and the Chapman Alexander campaigns. He comes to Narberth returning from an engagement at the famous conference center, Winona Lake, Ind.

One feature of the program will be impromptu melodies on themes suggested by the audience. Those present will be asked to suggest a Bible text or phrase which Mr. Harkness will quickly turn into metrical form, and for which he will compose the music. Within a few moments he will have the audience singing the chorus.

Included also in the program will be piano solos, composed by Mr. Harkness and played by him.

Hymns, composed by Mr. Harkness. The story of how certain hymns were written, and incidents connected with their use throughout the world.

Song selections in several of the following languages: Welsh, Tonga, New Zealand, Korean, Fiji, Japanese, etc.

Hymn themes with variations.

A friend of Mr. Harkness has written this description of his brilliant work as an accompanist:

"A hymn is announced, and the number has scarcely left the song leader's lips, when the slim, black-clad figure at the grand piano springs into action. 'Springs' is the word suitable to the occasion. Every fiber of the accompanist's being seems suddenly to be galvanised into energetic and expressive action. Then there pours forth from the strings of the magnificent instrument a volume of sound such as one can scarcely believe possible to be produced by one pair of muscular hands. And what music it is!

Each verse is played differently. And yet the changing and carrying of harmonies is never exaggerated—never overdone—rather it is subtle and interpretative of the singer's mood and of the varying sense of the changing words.

While the soloist pursues the even course of his song, suddenly an octave above will ring out from the piano in counter melody, challengingly—it will mount higher and higher into the upper air of exquisite melody, interrupted from time to time with delicious little cadences and trills like a thrush's song—never out of harmony, never clashing with the melody of the solo, yet running absolutely counter to it. We gasped with the delightful audacity of it!"

The public is cordially invited.

Narberth's music loving community will appreciate this treat:

Mother Goose in the Post Office

Wire brier, limber lock,
Letters mailed in a flock;
Some go east, some go west—
Be sure they're legibly addressed.
(Moral: Address mail plainly and to street and number.)

There was a man in our town, and he was wondrous wise;
He ordered only envelopes of regulation size.
His friends thought it more stylish the little ones to use,
But when their mail kept getting lost they quickly changed their views.
(Moral: Don't use small size envelopes.)

Mr. and Mrs. Frank Engelhart, of Essex avenue, have returned from a vacation at Atlantic City.

Mr. and Mrs. Wm. T. Riley and son Ellsworth, of Chestnut avenue, are visiting in New York.

Freight Thief Shot In Narberth Battle

Fred Walzer Discovers Thugs In Woods

Narberth was the scene of an exciting revolver battle last Wednesday night, when members of the Lower Merion police force engaged with five freight car thieves.

Justice of the Peace Fred Walzer, while returning home shortly after 10:00, saw a large touring car drawn into the woods, in the Gibson estate, near Wind-or and Wynwood avenues. Two men were in the machine, while the others were carrying boxes from the woods.

Walzer notified Patrolman Bernard Johnson, the Narberth officer on duty at the time, who remained on guard while a call was sent to headquarters in Ardmore.

Sergeant Mullin and five policemen in plain clothes, armed with revolvers, hurried to the scene. As they approached the thugs opened fire on them, and a battle ensued for several minutes, during which one of the bandits, who gave his name as John Smith, was dangerously wounded in the abdomen. At the latest report he is near death in the Bryn Mawr Hospital.

After a chase down the road the other men were captured. They gave their names as Francis Hays, John Ott, Anthony Leonard and Cornelius Freedman, of Philadelphia.

Last valued at \$5,000 was recovered. It is believed that the captured men are part of a gang of freight car thieves who have been operating on the Main Line for two years.

SPECIAL EXCURSION.

The popularity of the last direct excursion to Atlantic City has led the Pennsylvania Railroad to run a similar train next Tuesday.

Narberth Plays Big Game with Ardmore Today

Won from Rosemont by Forfeit last Saturday

Unless all the dope fails, the game this Saturday between Narberth and Ardmore is going to be a hot contest.

The game will be played on the home grounds, at Rockland and Wynwood avenues. Ardmore, it will be remembered, won from Narberth on a close margin earlier in the half and the local boys are on the trail of our neighbors' scalps.

At the present time, Ardmore leads the League by two full games, and unless someone steps in and stops the winning streak, she will earn the privilege of playing Wayne, the first half champions, for the pennant. There is no team on the line more entitled to win the first victory than Narberth—don't ask us to explain why, but we are all looking forward to seeing our local boys play a world's series all their own this fall.

Last Saturday Narberth won from Rosemont by forfeit. The Rosemont Club was unable to put a full team on the field. At the same time, Ardmore won from Berwyn, strengthening her hold on the top of the column, and Wayne went down into the cellar to win from Strafford. Now, possession of second place is a toss between Narberth and Wayne. However, here is all the "dope": figure it out for yourself, and join the crowd at Sullivan Field this afternoon:

Standing of the Clubs.

	Won.	Lost.	P. C.
Ardmore	5	0	1.000
Narberth	3	2	.600
Wayne	3	2	.600

Strafford	0	5	.000

They also announce that the new Star car, for which they are the authorized representatives, can be seen, according to present plans, at their show rooms, 45 East Lancaster avenue, Ardmore, Pa., some time the latter part of September.

PROMPT RENEWALS

The prompt renewal of subscriptions is a big aid to us in the production of "Our Town."

You need not wait for a bill to be sent. On the mailing labels of over half of our subscribers, the month and date of expiration is indicated. "6-10", for example, indicates that your subscription runs out on June 10th. The remainder of the labels are gradually being replaced with new ones bearing the expiration date.

In addition to this, a bill is always sent at the time for renewal. If this is neglected, still another bill, as a final warning is mailed before the name is dropped from the lists. It involves a great deal of needless labor and expense for us to send out more than the one bill—labor and expense which could better be diverted into the improvement of this, your community paper.

Won't you help us out in this little matter? Are you sure that your account is up to date?

TELEPHONING IN JAPAN

In Japan, when the subscriber rings up, the operator may be expected to ask, "What number does the honorable son of the moon and stars desire?" "Hohi, two-three."

Silence. Then the exchange resumes. "Will the honorable person graciously forgive the inadequacy of the insignificant service and permit this humble slave of the wire to inform him that the never-to-be-sufficiently secured line is busy?"

THIS IS TOO, TOO, TOO MUCH

In changing the telephone directory of a western city recently zeros were prefixed where numbers have less than four numerals. Shortly after the system went into effect, a leading citizen had occasion to call for such a number, asking for "Main-4." The operator said it, "Main, oh, oh, oh, four"—and the leading citizen replied, "Oh, oh, oh, yes."

THE TOWER OF BABBLE

By Collum Righter

EASY MAGIC.

I love to meet the Gloomy Cuss—
The everlasting Grumpy Cuss—
Who never ever seems to have
A Pleasant Word to say
And listen to him Growl and Fuss
About the awful Toll and Muss
That Fate serves up, red hot, to him
'Till every blessed Day.

I love to watch his Frowns with Grins
And Smiles—until he soon begins
To realize that after all
His Sorrows, most, are Chaff.
When I've progressed that far with him,

The Gloomy's Report, the Grumpy's grin
Are whooped to Hail Columbia
With a good old Hearty Laugh.

The Column derives great pleasure from the privilege of announcing to all flesh heretofore, the inception of The Narberth Lawn Mower Band. The aggressive coterie of artists comprising its membership all predict that their combined push will secure their organization a prominent place in Montgomery County Musical Circles. Having listened in at several rehearsals, we feel free to state that nothing ever before heard by us quite matches the Harmony and Agony produced by this local "ensemble extraordinaire." The favorite selection of the N. L. M. B. seems at present to be based on excerpts from the "Upstart" or "Mar De Gras" at which the membership surely excels both individually as well as collectively. Rumor has it that they propose christening their new Club House "Dryas Wilde." If they'll leave the matter to us we'd suggest "Sensuraya," which reeks of bar-baric Hungarian rhythm and general madness. However, either one would fill the bill to perfection.

The Column is a Booster for everything it possesses and for any place it lives. Why in the name of Conway Avenue be otherwise? One of our numerous mottoes is "Boost Your Roost." Nor will we exact a charge from Realtors who desire to employ said slogan in the furtherance of their business enterprises.

After due consideration, it occurs to us that cobblers should by all means stick to their lasts. Certainly beats all, doesn't it? Here is the Maison Asco dispensing hair nets. It is all right for them to do it, we suppose, as long as M'sieu Gallagher keeps 'em away from the butter counter. A hair in one's butter, you'll agree, is by no means to be considered in the same light as a needle in one's noodle soup. You cannot pull it forth and justify its presence by an error in typography. No indeed.

From the low frequency mentality manifested by those who delight in making local mountains out of Columbian mole-hills, we will venture that the extreme depths of the above ever-good one won't be fathomed by some until around the 15th of next November.

Dog gone the Wentzylvania Railroad! It hasn't budged an inch in the matter of lopping that nickle off the A. City excursion fare. Can our Hon. Pennsylvania be hard-hearted or is it that the pocket in which he carries his influence has a hole in it?

No, Lionel, the Merion Title does not own the black dog. You ought inquire of some other one of the Main Line banks.

We heroically hoist ourselves up by our boot straps and take violent issue with the party who wrote the recent Highway Article in which it was stated the Street Jolts and Road Bumps formerly heralding one's entree to Narberth had, by the process of elimination, all been banished. Witness, we say, witness f'r instance, the gosh-langed thank-you-ma'ams now existing at the Essex-Chestnut crossing. At the Haverford-Narberth crossing. Witness 'em, we say.

These subtle, unlooked-for motor surprises and germs of spring disease are the direct cause for more false teeth

being swallowed than any other medium we have in mind at present. On every market day the Mrs. invariably busts some of "lays out" coming over them. Something should be done. But who is there to do it? And what is there to do it with? We were thinking of referring the evil to the Rt. Hon. B. Council. But that would be no good. They are too busily engaged in receiving communications from private individuals guaranteeing the maintenance of our Phantom Play Ground to be annoyed by the agony of citizens who unwillingly are forced to chew their own stomachs on account of the unevenness of Narberth street crossings. Heck with everything. We imagine those poor "feesh" who swallow their false teeth will either have to spit 'em up again or go on gumming it.

The Narberth Shade Tree Commission boasts a Babble Head. Possibly that is an ad-sufficient reason for the White Demisic Blight which is now playing tag with South Side Maple Trees.

It is all very well, says Sanderson, to extend the front porch, but perfectly good dollar to the city go. Pardon if he wants to. Ours is entirely too dry to be of any interest to anybody—let alone the Law.

The most valuable assets to any community are the chaps who mend their own business. We never hope to be fettered with that class, however. Our mission in life seems to be to mind the business of other people. Which usually stirs up the O. P. That is part of the game though. Get enough folks seeing red and your efforts are on the Road to Success.

Even if the Management of the New Armore Theatre plus Citizens Walzer, Weiss, Mecke, Caldwell and Nash, never do another earthly thing in their young lives they can rest assured of "Safe Conduct" through the "Pearly Gates" by virtue of the treat they gave those youngsters from the Holiday House. Shut us come next on the list, fellows!

Just such doings as these kick the pilings out from under the argument that this dear Old World of ours is daily getting worse—which ridiculous theory a visiting clergyman advanced to the edification of Narberth Church Goers—a little while back.

Spilled and plum empty are all the buckets of joy heretofore gathered by us while contemplating at divers times past the local individuals and organizations who distorted our sage sayings to suit their particular fancies. Every time they danced the Main Line Glide up and down our delapidated vertebrae we telephoned the florist to send us down another Laurel Wreath. We were deliberately led to believe OUR "operations were deemed a menace to the fair name of Narberth." But not so—not so. Our pride has suffered a punch in the eye. "An Old Taxpayer" rises up on his hind legs and knocks seventy-eight cubic yards of perfectly good wind out of our sails by his bald declaration to the effect that instead of going to us, the palm for besmirching the escutcheon of this our Lovely Borough, gets handed to none other than a poor, humble, pack-ardized, white-pillared builder of bungalows. Gosh! That makes us feel like a five cent bar of soap after a week's washing.

Always a year ahead of the game in everything most, the Column hereby deigns to start something for next Summer's use. Ardmore, this season has won the cut glass ice pick by devoting part of her Y. M. C. A. edifice to the use of an admirable Summer School for her kiddies. Where they may, under apt tutelage, learn the doing of many useful jobs instead of hawling, caterwauling and running the streets. The Evening Ledger of August 18th told the story and pictured it as well. But it made us feel old to see that photograph of Dorothy Kanaga and think of her as having arrived at the basket-making stage. Our last clear recollection of that little Miss was when her chief occupations consisted in waving her feet in the air, emptying nursing bottles and compelling her Esteemed Tooth-pulling Male Parent to solefully collect carpet tacks in the wee sma' hours. Doesn't it beat the Dutch how tempus fugit?

Shortage of Building Sites in Narberth

Narberth's growth has been consistent. This may be why our folks do not realize there is little available land in Narberth for home building.

Consult us about the purchase of new land, or if you own property that you would like to secure a return on.

Some are planning new homes and we cannot too strongly urge the selection of the building site before it is too late.

Or, for investment, the purchase of land with constantly improving property values will yield good returns.

PRESERVING QUALITY

Ours is no hit-or-miss business. In order that our customers shall at all times obtain uniform satisfaction from the use made of our product, we must be alert every instant to keep the quality up. When you fill your coal bin, you must take your chances on the quality of the fuel you buy, but not so with the gas that comes through your meter; you know that it is of the same high standard week in and week out, day and night.

The Oven Heat Regulator Range cooks the entire meal—while you entertain, attend the club or go shopping. Ask to see it.

Preserving Time Is At Hand

The regulated cooking way of putting up fruits and vegetables at home is such an improvement over old-fashioned methods, that the housewife can scarcely believe it. No standing over steaming kettles, no hours of stirring and pot watching.

With the regulated cooking device on your gas range, you place the jars in the oven, set the dial at the degree of heat required, and that is all. The preserving will be finished perfectly without any work or watching on your part. Visit our show room and ask us about regulated cooking.

NOT IN A HURRY

An old Scotchman, David Gordon, was seriously ill, with scant hope for recovery. He had been wheeled into making a will by relatives, and these were now gathered about his bedside watching him laboriously sign it. He got a s far as D A V I then fell back exhausted.

"D. Uncle David, D." exhorted a nephew.

"Ded" ejaculated the old Scot feebly, but with indignation. "I'll see when I'm ready, ye avaricious wretch."

THESE MODERN DANCES

Flapper: "No, I can't waltz this one with you. I'm too danced out."

Gallant Partner: "Naw! Y'ain't so damned stout. You're just nice and plump."

The reason there were fewer wrecks in the old horse and buggy days was because the driver didn't depend wholly upon his own intelligence.

All we will say regarding the debate as to which is the loudest, the onion or the garlic, is that while the onion has caused many a tear, the garlic cries out to heaven for vengeance.

THE ROLL OF HONOR.

All the boys and girls are reading such books as "The Children's Munitions," "Boys with the United States Weather Man," "The Story of Five Dolls," and "Karrinka," all of them meaning the sixty or seventy who come into the library each week eager to see what new desired book has been returned to the shelves; and among that number are very many who are reading the books on the selected list printed by the children's department in June. This list includes twenty of the most interesting books in the library, most interesting and also a little more difficult for the average young person, and that is why we have a "Roll of Honor" for the children between the ages of ten and fourteen who read ten of these twenty books before school opens. Four children have already read the required ten and several others have the completion of their list well in view.

It isn't too late to begin now, and those who are returning from their vacations still have time to work for the Honor Roll. Begin with "Rip Van Winkle," beautifully illustrated, and go on through Thompson Seton's "Biography of a Grizzly" and Eastman's "Indian Scout Talks" to Jacob's "English and Celtic Fairy Tales," and Roosevelt's "Hero Tales from American History," and then spend a little time looking at the pictures in Van Loon's "Story of Mankind." It won't take long, and you will have the satisfaction of seeing your name on the Roll of Honor.

Have you seen our new Library sign?

B. AND L. NOTES.

There are a number of people who seem to prefer the Short Term Shares that are being issued by the Narberth Building and Loan Association, owing to the fact that it will only take a little over six years to mature the stock, and this short period appeals to a great many. The earnings in the Short Term Series are the same as in the Long Term. The par value of the shares is also the same, the only difference being in the payment of double the amount each month in order to mature the series in a little more than half the time.

Some stockholders have even taken a Building and Loan Mortgage in the Short Term Series, which will pay off the mortgage on your home in a much shorter time than in the Long Term Series.

More and more people each year are becoming investors in Building and Loan Stock, and the ideal way is to take out new stock at least once a year and if possible in each series issued, so that when they start to mature you have an assured income for as long a time as you care to take out new stock. Others take out Building and Loan stock for special purposes, such as creating a special fund for use in sending someone through college, or to make a purchase of securities, or to build a garage, buy a car, make necessary additions on a home, and for a thousand and one other purposes.

There will be an opportunity offered the readers of Our Town to become stockholders in the Narberth Building and Loan Association in their new 34th Series, which opens at Elm Hall on Thursday evening, September 7th, from 7 until 9, and it is hoped that those who already have Building and Loan shares will increase their holdings and those who have not yet become investors will take out stock in this new series and become identified with an institution which is a credit to the borough.

Money invested in Building and Loan stock can be withdrawn at any time if the need arises, and the interest paid on withdrawal is generally more than if placed in a savings bank, so that if you should take out Building and Loan stock at the end of a year or two should find it hard to keep up this payment you can withdraw all or part, although after the stock has run for some years it often pays better to borrow against the value of this stock rather than to withdraw.

The Directors and officers of the Narberth Building and Loan Association are ready at all times to advise stockholders in any Building and Loan matter that may be presented.

PROPOSAL FOR STREET PAVING

Sealed proposals will be received by the Committee on Highways and Sewers of the Borough of Narberth, at 8 P. M., in the Council Chamber in Elm Hall, on September 6, 1922, for paving the following streets:

Stewart Avenue between Dudley and Conway Avenues.

Conway Avenue between Windsor and Price Avenues.

Price Avenue between Essex and Conway Avenues.

Total length about 2,100 feet.

Paving will consist of telford foundation with water-bound macadam surface treated; or asphalt, macadam or penetration wearing surfaces. Plans and specifications for this work may be secured from the Street Commissioner George B. Supler, Elm Hall, Narberth, Pa.

The Borough Council reserves the right to reject any or all bids and award the contract as may be deemed to be the best interest of the Borough. All bids must be addressed to Walton M. Wentz, Chairman, Committee on Highways and Sewers, Narberth, Pa.

INFORMATION FOR SPORTSMEN

As a matter of information, attention is called to the fact that the season on birds commonly known as blackbirds was opened August 1st, and will run continuously until Nov. 30th, Sundays excepted. In 1921 it was not possible to secure the hunter's licenses before the opening of the blackbird season; but every county in the State has received its 1922 quota of hunter's licenses and all persons must secure hunter's licenses before hunting for blackbirds, except on lands on which they reside and cultivate as either the owner or lessee, or as a member of the family of such owner or lessee, also residing upon and cultivating lands, or on lands immediately adjacent upon securing permission from adjacent owners. The hunter's license law will be enforced strictly.

Training Season for Dogs

The law relative to training dogs does not permit training until September 1st. On and after that date it is legal to train dogs on any game except deer, elk, and wild turkeys until the first of March next following, Sundays excepted, so long as firearms usually raised at arms length and fired from the shoulder are not carried while so training and no injury is done to the game pursued. The penalty for permitting dogs to chase game prior to September 1st is \$10.00 for each day and \$5.00 for each bird or rabbit killed.

The sportsmen throughout the State took a deeper interest in caring for their dogs this year during the breeding season than ever before. This is very encouraging, and we are confident that thousands of rabbits, game birds, and song and insectivorous birds have been saved from destruction because of this interest taken by dog owners. **HELP TO CONSERVE WILD LIFE; IT IS YOURS!**

Seth C. Gordon,
Secretary, Game Commission.

BIOLOGICAL SURVEY DISCOVERS TWO NEW RACES OF SKUNKS

This little "filler" is of general and naturalistic interest. We hereby warn "Collum Righter" not to use this in his next Tower of Babel.

Two hitherto unrecognized geographic races of skunks of the genus *Zonopatus*, the hog-nosed type, have been described by the Biological Survey of the United States Department of Agriculture. This general kind of skunk ranges for the most part from southern South America north to southern Arizona, where it reaches its northernmost limits. One of the two new forms, known as the Arizona hog-nosed skunk, is found in southern New Mexico and Arizona; the other, the Nelson hog-nosed skunk, is native to Mexico.

The fur of the hog-nosed skunk is not so valuable as that of the ordinary black skunk owing to the poorer texture and to the fact that the tail and much of the back are white. This type of skunk is better equipped for rooting than others because of the greater length and strength of its snout, and is probably useful in the control of certain insects.
