1. Dismantling will not be delayed for inspection by claimant's resident engineer.

2. Dismantling will be accomplished under the supervision of a competent Japanese engineer familiar with this type of equipment.

3. Stencil one of the sides reserved for recipient nation according to the instructions outlined in letter for Commanding General, Eighth Army, from General Headquarters, Supreme Commander for the Allied Powers, AG 387.6 (22 Dec 47)REP, 22 December 1947, subject, "Marking of Packages for China."

4. Trackage deemed necessary for the removal of equipment from this plant will be retained until removal is accomplished of all equipment allocated to any claimant nation which requires such trackage for its removal. Removal of trackage will not be materially delayed because of equipment remaining in the plant which has not been allocated to claimant nations.

Shipping Data: KEELUNG, TAIWAN (FORMOSA).
