DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

To Lt. McLaughlin
from Liaison Offic

File No. BAI KAN GO DAI 110

TO: The Liaison and Coordination Office, Tokai-Hokuriku Region, Nagoya.

SUBJECT: Disposition of Scrap and Parts of SP Machines after Destruction

FROM: Director of Reparations Board, Tokyo.

22 June 1948

With regard to the actual process of destruction of SP machinery, an instruction has already been sent to your office in a letter, dated 10 November 1947, file No. RAKU BAI SHI GO DAI 980, subject; "Destruction of SP Machines".

However, according to the reports from certain district, destruction process has not always been carried out on the line of instruction referred to above.

For the purpose of covering the difficulty in processing the matter, the following procedures have been decided upon after a close contact with 8th Army Headquarters.

1. As to the disposition of scrap and parts of destroyed SP machines located in plants and installations which are not designated as reparations, no restriction will be imposed.

2. As to the SP machines located in plants and installations which are designated as reparations;

(1) In case the remaining part of SP machine are considered still available for reparations after the destruction of the part of machine

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

which was the element of special purpose, those are subject to reparations custody. Therefore, the action should be taken to correct the inventory number making close contact with the military government team.

(2) Ownership of SP scraps will be given to the owner of machines.
Disposition of those scraps will be made upon contact with military government team in the following manners.

a) Property belonging to civilian plants will be freely disposed of for sale or other use.

b) National property will be disposed of in accordance with the procedure to be taken to the disposition of national property.

In any case, scrap materials are to be utilized for the important industry in the reconstruction of Japanese economy. Special care must be taken to the effect that scrap materials will not become the objects of illegal trade.

TO: Commanding Officer, Aichi Military Government Team, APO 710

1. When SP accessories only have been destroyed or when equipment is reclassified to general purpose, the marking (SP) will be crossed out.

2. When a machine does not have a number assigned it is up to the discretion of the team as to the method used to insure custody and control. This applies to pooled items. If machine is in an integrated facility a corrected inventory sheet will be sent in if necessary.

3. The opinions expressed in par. 2 (a) and (b) basic communication appeare to be sound and the method used to insure custody and control is the teams responsibility.

SUBJECT: Marking of Motors from Special Purpose Machinery

TO: Commanding Officer
Tokai-Hokuriku Military Government Region
APO 710
ATTN: Economics Officer

1. Conflicting instructions have been received by this office with respect to the proper marking of motors formerly attached to machinery classified as "SP", and now destroyed.

2. It is the opinion of this office that:

a. Where such a motor bears the inventory number of the former "SP" machine, a line should be drawn through such number, and a new number assigned next in numerical sequence of the plant concerned and such new number should be recorded with this office.

b. Where a motor from a former "SP" machine may not at present have a number, a new number should be assigned, next in numerical sequence of the plant concerned, and such new number should be recorded with this office.

3. Concurrence in, or correction of, the above stated opinion is requested.
