In pursuance of the powers conferred on me by section twenty-eight of the Fire Services Act, 1947, I hereby make the following Regulations:—

1.—(1) Where the total amount of the pay reckoned in accordance with paragraph (2) of Regulation 8 of the Fire Services (Pensionable Employment) Regulations, 1948⁽¹⁾, received by a person to whom the said Regulation 8 applies in his employment in the National Fire Service in respect of the period commencing on the first day of April, 1946, and ending on the thirty-first day of March, 1948, was greater than his comparable remuneration under a local authority, then, notwithstanding anything in the said paragraph (2), the payment referred to in paragraph (1) of the said Regulation 8 to be made by him shall be an amount equal to six per cent. of his said comparable remuneration under a local authority.

(2) In this Regulation, in relation to any person, the expression “his comparable remuneration under a local authority” means the total amount of the remuneration as defined in sub-section (1) of section forty of the Local Government Superannuation Act, 1937, which he would be entitled to receive in respect of the employment under a local authority upon which he entered on the first day of April, 1948, and in respect of—

Regulation 8, then, for the purpose of determining the sum payable under Regulation 11 of the said Fire Services (Pensionable Employment) Regulations, 1948, by the Secretary of State in respect of that person, the said Regulation 11 shall have effect as if—

- (a) the definition substituted by sub-paragraph (c) of paragraph (2) thereof for the definition of “remuneration” contained in paragraph 1 of the First Schedule to the Local Government Superannuation (Transfer Value) Regulations, 1939, (2) were as follows, that is to say:—

EXPLANATORY NOTE

Under Regulation 8 of the Fire Services (Pensionable Employment) Regulations, 1948, certain persons formerly in the National Fire Service who became employed under local authorities otherwise than as members of fire brigades are entitled to reckon their time in the National Fire Service up to two years for the purposes of local government superannuation if they pay to the local authority a percentage of the pay received by them in the National Fire Service during that time, and, under Regulation 11, in such cases there is payable by the Secretary of State to the authorities maintaining the appropriate superannuation funds sums based on the National Fire Service pay of those persons. Under these Regulations in any case where the National Fire Service pay of any such person over the relevant period was at a rate higher than that to which he first became entitled under the local authority, the payments to be made both by him and by the Secretary of State will be based on his rate of pay under the local authority instead of on the National Fire Service rate.
