## WILL APPLY TO COMMISSION

### COUNCIL DISCUSSES E. & N. BRIDGE MATTER

#### Deputation of Those Interested Present Their Views.

The E. & N. bridge will form the subject of a double application to the railway commission by the city. First, as to the right of pedestrians and vehicles to pass over the structure, and secondly, as to the right of water traffic to pass through the swing without any unnecessary delay or being forced to await the railway company's pleasure.

The latter is an old cause of complaint from shipping men and mill owners, while the former is a question which has only arisen since the company undertook to close the bridge to the citizens who had been using it ever since it was built.

A deputation from the Inner Harbor Association waited upon the city council last night to again draw attention to the lack of consideration shown by the E. & N. for shipping. It consisted of Thomas C. Sorby, J. A. Sayward, J. K. Ribbeck, Capt. Grant, J. Barnsley and E. McTaggart.

Mr. Sorby, spokesman for the deputation, stated that the railway company, in defiance of law, kept the bridge closed at its will. They systematically kept it closed for half an hour before trains were expected, while they were in and until they were out, and while they were shut down. It was kept closed for, probably, three or four hours at a time. With the tide rising or the wind blowing it was almost impossible to handle a ship while waiting for the bridge to open, especially if she were light, and a boom of logs would be all over the harbor. The company was a serious one for the mills and shipping interests. The port got known to captains unfavorably, and they avoided coming here if they could help it.

Mr. Sorby cited the case of Raymond & Sons, of the Seward mills, who might want to get a certain tide to get out or else miss a sale. Even when the bridge was opened the process took twenty-three minutes at least, and sometimes as much as half an hour, because of the one-man power. In Portland the railway bridge over the Willamette cost \$750,000. The bridge was closed again in three or four minutes. If a bascule bridge was not put in, and there was a certain need of a new bridge, some sort of motive power should be applied to the present bridge, which could be done for \$5,000. The Inner Harbor Association was composed of men who were leading citizens, the backbone of the city, and they considered that the city should help them in this matter and carry the case to the railway commission.

The sections of the Railway Act bearing on the matter were read by Mr. Sorby. Section 138 enacts that no company shall cause any obstruction in, or impede, the free navigation of any river, water, stream or canal, to, upon, along, over, under, through or across which its railway is carried. Section 131 enacts that when any railway is carried over a navigable water by means of a bridge the railway commission may direct how the bridge is to be constructed.

Colonist Rates on Harriman Lines  
Reduced Rates to Pacific Northwest Effective on September 15th.

Portland, Ore., July 23.—Acting independently of other lines connecting the Pacific Northwest with the East, the Harriman system of railroads announced to-day that during September and October colonist rates similar to those which brought 65,000 settlers to this part of the country last spring would be in effect.

Local officials of the Great Northern, Canadian Pacific and Northern Pacific declare that as far as they know their roads will not join the Harriman lines in establishing the low rates. Heretofore the colonist rates have been established to western points by agreements entered into by all the transcontinental railroads.

The rates will be put in effect September 15th, the colonist tickets will be sold every day until October 15th. While identical with the spring colonist rates, the fall rates this year will be \$5 lower than the fall rates of last year.

## ADDED CLAUSES TO AGREEMENT

### PROTECTS CITY IN IMPORTANT RESPECTS

#### Draft Will Now Go Back Again to the B. C. Electric Ry. Co. for Approval.

The agreement between the city and the B. C. Electric Railway Company has not finished its travels between the city hall and the company's office yet. Last night it was taken up by the city council and two new clauses added. It will now have to go back to the company, of course, for its approval of these.

Ald. Turner desired it to be made quite plain beyond question that the agreement did not prevent the city from developing light and power for civic purposes only, pointing out that as the city was a possible customer of the company it might be held that generating its own light and power was an infringement of the agreement. He also wanted some provision put in, in case of the company's default, to obviate delay. As the by-law reads there was nothing to enable the city to enforce prompt performance of the contract to develop 10,000 horse power at Jordan river not later than three years hence.

There was a good deal of desultory discussion on the proposition, along lines already familiar, as it was read over clause by clause.

Following the recital that the city enters into an agreement with the company not to compete with it in its business as now carried on in Victoria, until December 31, 1908, without first negotiating for the purchase of the company's business, comes the agreement, as follows:

"This agreement made this day of in the year of Our Lord one thousand nine hundred and nine, between the British Columbia Electric Railway Company, Limited, hereinafter called 'the company,' of the one part, and the Corporation of the City of Victoria, hereinafter called 'the corporation,' of the other part:

"Whereas the company are carrying on the business of electric lighting and power within the city of Victoria and suburbs under the provisions of certain franchises more particularly referred to in the act of the legislative assembly of the province of British Columbia, known as 'The Victoria Electric Railway and Lighting Company, Limited, Act, 1904.' (Concluded on page 12.)

## JAPAN MAY SEND NEW AMBASSADOR

### Rumor That Baron Takahira Will Remain at Tokio in Advisory Capacity.

Tokio, July 23.—K. Uchida, at present ambassador to Austria, is named to-day as the diplomat most likely to be selected for the Japanese post at Washington in the event that it is decided to keep Baron Takahira, now ambassador to the United States, here when he returns home on his vacation within the next few weeks.

Uchida was at one time an attaché of the embassy at Washington and he has made a brilliant record in the diplomatic service. One of his achievements was the negotiation of the Manchurian treaty with China. If Uchida is sent to Washington it seems probable that Moduki Makino, formerly minister of education, will be sent to Vienna.

Baron Takahira has been at Washington since February, 1908, when he succeeded Viscount Aoki. It is rumored that he will be retained here in an advisory capacity because of his ability to handle delicate situations which arise between this country and America. He demonstrated his value in that line when he conducted the negotiations arising from the anti-Japanese agitation on the Pacific coast of the United States.

## SLAYS WOMAN IN PRESENCE OF HUSBAND

### Hotel Guest Killed While Struggling With Burglar in Her Room.

Hot Springs, Ark., July 23.—Five suspects were arrested to-day in connection with the murder of Mrs. E. P. Dorrance, of Helena, Mont., who was shot and killed in her apartments at a local hotel yesterday. Her husband was a witness to the attack, but was too feeble to aid in the struggle.

The burglar, unable to free himself from the grasp of Mrs. Dorrance, fired a bullet through her body and she fell dead in her husband's arms just as he managed to stagger to her assistance. Dorrance collapsed following the tragedy, and has been unable to make any statement, other than telling briefly of the occurrence when attaches of the hotel reached the scene immediately after the shooting.

SEAFORTH MINISTER DEAD.  
Seaforth, Ont., July 23.—Rev. Geo. Huggins, a retired minister of the Methodist church, died yesterday, aged 77 years, from heart failure following a brief attack of gastritis. He retired here two years ago after a period of 41 years spent in the ministry. Of his family, his widow, three sons and three daughters survive.

The stone is shown in the foreground. Mrs. Dunsmuir, who performed the ceremony, and Mayor Hall occupy the centre of the view. To the right of the picture the roll to be put in the cavity is being signed.

## WHAT OF SUNDAY CLOSING BY-LAW?

### COUNCIL WILL GET BARRISTER'S OPINION

Traders Likely to Press for Issue of Unrestricted Licenses.

The Sunday closing proposition will exercise the City Council on Monday evening. W. J. Taylor, K.C., city barrister, has been asked to advise the council as to what steps it should take in the matter, in view of the decision of Mr. Justice Irving. Presumably this will include advice as to appealing or not appealing, and in the latter case some suggestions as to the form the new by-law should take.

(Times Leased Wire.)  
London, July 23.—Mahar Lal Dhirgra, the Indian student who shot and killed Sir William Curzon Wyllie while at a reception recently, was today sentenced to death for the crime. After being instructed by Justice Alverstone to disregard the prisoner's only plea, that the crime was of a political nature, the jury returned a verdict of guilty in less than five minutes.

## SECOND STAGE IN KING'S PRIZE

### SCORES MADE BY CANADIAN RIFLEMEN

Six Have Qualified for the Final—Four Others to Shoot Off Tie.

(Special to the Times.)  
Risle, Eng., July 23.—The three hundred marksmen who qualified for the second stage of the King's prize, started shooting this morning at the 300-yard range, this stage consisting of ten shots each at that distance and at 600 yards. None of the sixteen Canadians taking part made a perfect score at 300 yards, though Sergeant-Major Huggins, of Hamilton, and Corporal McGinnis, of Edmonton, each made 48 out of the possible 50. The shooting of Sergeant Albert Sprinks, who was tied in the first stage for first place with a Highlander, was disappointing at this range, and he practically threw away his lead by scoring only 42. Complete scores of the Canadians at this range are as follows:

### SECOND STAGE IN KING'S PRIZE

(Continued from page 1.)

Six Canadians have absolutely qualified for the last stage of the King's, though four, who tied with 25 others, will shoot off for the final. The following Canadians are in the final and their qualifying scores, being their aggregate in the first two stages combined, are as follows:

1st Stage	2nd Stage	Total
7 Shots	10 Shots	17
200	200	400
22	24	46

From these figures it appears that Sergeant Major Huggins, of Hamilton, leads the Canadians in two of the first stages combined, with Sergeant Blackburn, of Winnipeg, one point behind. The latter and Corporal McGinnis, of Edmonton, made the best shooting of the Canadians in the second stage.

The following Canadians are tied with 25 others for the two bottom places in the hundred men who enter the final stage, and must therefore shoot off: Captain McVitte, Toronto; Sgt. Marsden, Winnipeg; Staff-Sergeant Mitchell, Hamilton, and Staff-Sergeant Slack, of Truro.

The corporation of city of London competition, for the highest scores of the overseas or Indian volunteers on the grand aggregate: Col. Sergt. Freeborn, Hamilton, 2nd place, 415; Sergt. Mitchell, Hamilton, 4th place, 410; Sergt. Richardson, Victoria, 5th place, 409; Lieut. Smith, Chatham, 6th place, 408; Corp. McGinnis, Edmonton, 7th place, 407; Sergt. Smith, Ottawa, 8th place, 406; Sergt. Major Huggins, Hamilton, 10th place, 405; Lieut. Morris, Bowmanville, 12th place, 404.

In the Elkington challenge competition awarded to the highest combined aggregate in the secretary of state's Duke of Cambridge's and Imperial tobacco competitions, second place went to Lieut. Smith, Chatham, 42; Sergt. Smith, Ottawa, 44th place, 42.

Another Canadian in final. In the shoot off for the two tied places for the third stage of the King's prize one of these was secured by Staff-Sergeant Stack, of Truro, thus making seven Canadians in the final stage to be decided to-morrow.

### WILL DINE WITH KING.

(Special to the Times.)

London, July 23.—Sir Frederick Borden, minister of militia, and Hon. L. P. Broderick, minister of marine and fisheries, of Canada, have been honored with invitations to dine with His Majesty the King at Buckingham Palace to-morrow.

The Canadian ministers are here in connection with the Imperial defence conference, opening here next week.

### PERSONAL

Sidney W. Smith, second son of American Consul and Mrs. Abraham E. Smith, arrived in Victoria this morning on a visit to his parents. In 1898 Mr. Sidney W. Smith served as deputy and vice-American consul in this city, but for some time has been member of the leading law firm of McGillon, Gaines & Smith, of Omaha, Nebraska. The other members of Mr. Smith's family are coming home shortly for a family re-union.

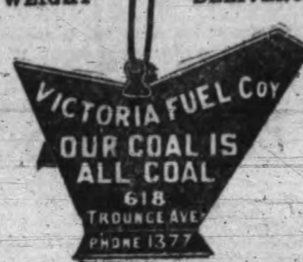

Hon. Richard McBride went over to Vancouver yesterday afternoon and presided at the opening of the Kirmess in the horse show building last evening. The Kirmess will be presented for three nights in succession, and is said to be a very brilliant affair.

Misses Helen and Florence Prevost, of California, and Miss Needham, who have been spending the summer at the Christie school, West Coast, have returned home, and are the guests of Mrs. Capt. O'Leary, York street.

Among the guests registered this month at "Derravagh," Esquimalt road, are: Miss Robinson, Miss Horner, and Miss Josephine Horner, of Boise, Idaho.

Mrs. J. H. Collins, of Corbeon Farm, North Saanich, is visiting her mother, Mrs. Willard, Wilson street, Victoria West.

### FORTY PERSONS CRUSHED TO DEATH

BURIED ALIVE WHEN BUILDING COLLAPSES

It is Feared Number of Others Have Lost Their Lives in St. Petersburg.

(Times Leased Wire.) St. Petersburg, July 23.—Forty persons are known to have been killed and many others buried under the ruins of a five-story building which collapsed to-day.

Forty bodies have been recovered, and it is expected that others will be found when searchers remove more of the debris. The building, which was under construction, collapsed suddenly, burying a large number of workmen and several pedestrians who happened to be passing.

### FORMER LEDGER KEEPER IS UNDER ARREST

Toronto Man is Taken Into Custody by Police of Vancouver.

(Times Leased Wire.) Vancouver, July 23.—John Alfred Graham Anderson, the twenty-three-year-old ledger clerk who left the employ of the Toronto branch of the Bank of Montreal last March, and who by means of an "accepted" stamp, has, it is charged, been cashing cheques innumerable both in America and Europe, was captured here this morning at the instance of Manager Derouville, of the Vancouver hotel. Anderson arrived in this city last Wednesday and registered at the C. P. R. hotel under the name of John Anderson. He attempted to cash a cheque at the hotel last night, but was refused. He admitted his identity as Detective O'Grady and Thompson upon his capture.

### DAUGHTER TRIES TO MURDER HER MOTHER

Shooting Result of Quarrel Regarding Investments in Mine.

(Times Leased Wire.) Chicago, July 23.—Mrs. Marie Mayfield, who was arrested last night, charged with attempting to kill her mother, Mrs. Gertrude Hinkley, to-day refuses to throw any additional light upon the mysterious affair.

Mrs. Hinkley, who is a wealthy widow, is suffering from a bullet wound in the neck, which she at first insisted was caused by the accidental discharge of a revolver. Later the mother told the details of the shooting. She said that some time ago she gave her daughter \$5,000 to invest in some silver mines in Mexico. Yesterday morning the daughter asked the mother to put \$2,500 more in the mine. She refused to do so and a quarrel ensued. The daughter then, according to the mother, fired at her, the bullet entering the neck. "My daughter then came to me and, taking my hands, asked me to sign a paper," said Mrs. Hinkley. The paper was a statement that the shooting was accidental; that she had dropped the pistol and that it had exploded. I refused to sign it, but sometimes I wish I had done so, then maybe this horrible thing never would have become known."

### NEWS FROM MOROCCO IS BEING CENSORED

(Times Leased Wire.) Madrid, July 23.—News of the situation in Morocco, where the Spanish troops are fighting the Moors, is being censored here.

The entire edition of El Pais was seized and destroyed to-day. All Republican clubs have been ordered closed and drastic measures are being taken to put down the movement which has been started in opposition to the government's course in Morocco.

### LIBERAL ELECTED.

(Special to the Times.) London, July 23.—The bye-election for High Peak (Derbyshire) rendered necessary by the elevation of the sitting Liberal member, Oswald Partington, to Cabinet rank as junior lord of the treasury, in the shuffle following the resignations of Lord Fitzmaurice and Mr. Buchanan, resulted to-day in his return, but by a reduced majority, 5,675 votes being recorded for him, and 5,772 for his Conservative opponent, A. Profrumo.

In the general election the figures stood: Partington, 5,458; Profrumo, 4,962.

### JUMPS FROM TRAIN.

Japanese Accused of Issuing Forged Cheques Makes Daring Escape.

Bellingham, Wash., July 23.—Manacled by a pair of handcuffs, a Japanese, charged with having issued forged cheques to the amount of more than \$1,000, outwitted Deputy Sheriff Coleman on the Great Northern "Owl" train north of Everett at 2 o'clock this morning, and made his escape. News reports have been received in this city, but it is learned that the Japanese jumped through a window. The Japanese was arrested yesterday morning by Deputy Coleman near Port Townsend and is said to be the one who planned and executed the wholesale forgery of the cheques against August McLeod.

### TIMBER COMMISSION IS ORGANIZING

Provincial Body is Meeting Today to Arrange for Taking Evidence.

The timber commission appointed by the provincial government is meeting in the city to-day for the purpose of organizing for the taking of evidence relative to the industry in the province. Hon. F. J. Fulton, chief commissioner of lands, is chairman of the commission. The other members of the board are: A. S. Goodhue, M. P., of Rossland, and A. G. Flumerfeldt, of this city. Mr. Goodhue arrived in the city last night, and this afternoon the three commissioners are completing the organization and arranging for the active work connected with their duties.

### AMERICAN EDITORS ARE TO VISIT CITY

**THINKS RAILWAY VICTIM OF THE STATE**

Comptroller of North West Pacific Ry. Advocates Lower Tax Rate.  
 Sacramento, Cal., July 22. — In a lengthy address before the state board of equalization yesterday, Thomas Melersch, comptroller of the Northwestern Pacific Railroad Company, who is known the country over as the "Wizard of railroad statistics," advocated the reduction of the railroad rate of taxation in California from four per cent. of the gross earnings to three and one-half.  
 In support of his plea he presented rooms of statistics to show that the railroads have been the maltreated, mishandled, browbeaten victims of the state and national bodies of law-makers. He declared that a rate of taxation so high was excessive and unjust and applied for an immediate change. The board has taken the matter under consideration, but its members have not as yet evidenced an inclination to lower the rate.  
 Laws declaring for shorter hours for workmen in all lines of industry, others compelling the institution of safety appliances, court judgments and hard times have all combined to make railroading one of the hardest and most unprofitable tasks in the nation, if the figures of their representatives stand for anything.

**OUTPUT OF MINES AT GLACE BAY INCREASES**

The Dominion Coal Company Reports That Conditions Are Improving.

Glace Bay, July 22.—In response to the request of the Dominion Coal Company's solicitor, the attorney-general has written a letter to the magistrates at Glace Bay. After reciting the complaint contained in the letter of the company's solicitor, the latter goes on to say:

"Your attention is called to this matter not because of any complaint made against you personally, but that in the interests of justice you may desire to be brought into disrepute. Before a criminal charge should be entertained by any magistrate against a peace officer, it should be carefully investigated, and under the circumstances detailed action should be delayed until the charge on which the person is held is adjudicated upon. After this it is proper to make a charge against a peace officer for making such arrests. Otherwise the charges have the appearance of having been made simply in retaliation. The department will be greatly obliged to you if you will instruct anyone desiring to lay information for arrest under such circumstances as those talked above, that the laying of such information should be delayed until adjudication by the first magistrate.  
 "We wish you to assist the department in every way possible so that the administration of the criminal law may not be brought into disrepute."  
 Justice McCull, who seems to have been specially complained of, has replied, and repels the insinuation that he has allowed the criminal law to be used as a means of retaliation, and asserts that he has administered justice in good faith and without regard to the wishes of contending parties.

The Dominion Coal Company gives the output of the mines and banks. It is reported that 275 men went down in No. 2 yesterday. Forty-two men were brought from the outside and taken into the Reserve mine yesterday afternoon. A slight falling off in Wednesday's output as compared with that of the day before was reported by the coal company. Wednesday's production was 8,945 tons, compared with 9,109 tons the previous day. The slight falling off, the company says, was due to a number of men at the Dominion and Reserve mines not showing up the day following a picnic they attended. The conditions at the collieries are reported by the company as continuing improving, and the output yesterday seems to show this to be the case. More men have reported for work, and more are expected to arrive tomorrow.

**TUMOR OF YEARS GROWTH**

Removed by Lydia E. Pinkham's Vegetable Compound

Winnipeg, Man. — "Eleven years ago I went to the Victoria Hospital, Montreal, suffering with a growth in the uterus. The doctors said it was a tumor, and could not be removed, as it would cause instant death. They found that other organs were affected and said I could not live more than six months in the condition I was in. After I came home I saw your advertisement in the paper and commenced taking Lydia E. Pinkham's Vegetable Compound. I took it constantly for two years, and still take it at times, and both my husband and myself claim that it was the means of saving my life. I highly recommend it to suffering women." — Mrs. ORILLA BRADLEY, 284 Johnson, Ave., Winnipeg, Manitoba.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy — "menstrual" — gonorrhoea or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation, but try Lydia E. Pinkham's Vegetable Compound at once.  
 For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills.

**INDIAN KILLED WHILE SLEEPING ON TRACK**

Mortal Enemy Met Death on Same Spot Eighteen Months Ago.

Bellingham, Wash., July 22.—On almost the precise spot where his mortal enemy, with whom he had fought a desperate duel, was killed in the same fashion, Billy Tom, Indian, met death under the wheels of a Northern Pacific freight train between Deming and Lawrence. The Indian lay down with his head between the ties and went to sleep under the influence of liquor.

The accident occurred within a short distance of the spot where, a year and six months ago, Billy Tom's Indian foe was killed in precisely the same manner by sleeping on the track while intoxicated. The "peculiar" coincidence was recalled by the Northern Pacific trainmen and residents of the vicinity. It seems there was a mortal feud between Billy Tom and the Indian who was killed by the train over a year ago, shortly before the death of the latter the two aborigines met in a fierce duel which is yet recounted in the tales of the progress related by the Siwash on the reservation. Both were badly injured in the fight and the Indians are now attributing the strange coincidence of their deaths to the influence of the evil spirit—not literally, but figuratively speaking.  
 So strong was this feeling that when Billy Tom was killed by the train, another intoxicated Indian, Louis George, who was with him at the time, fled into the woods.

Hammerstein Says Opera Singers Must Rest in Order to Do Good Work.  
 New York, July 22.—Oscar Hammerstein has essayed a new role. The impresario would protect American opera-goers, and guarantee that they get their money's worth when they attend one of his productions.  
 The announcement that Mme. Maria Labia, who signed a Hammerstein contract to appear in the United States next winter, is to sing in Berlin, called forth the positive statement from Hammerstein that unless she cancelled the Berlin engagement she cannot appear at the Manhattan opera house here during the coming season.  
 "These singers have a rest," he said. "They cannot do their best work. If Mme. Labia sings in Berlin and wears herself out, she won't be able to do herself justice when she comes here. I don't want any artists to sing all summer, as well as all winter. They have to rest in order to give our patrons the best performances."

**SUSPECTS ARRESTED.**

Two Men in Custody in Connection With Ottawa Diamond Robbery.  
 Ottawa, July 22.—Two men arrested in connection with the park street diamond thefts arrived in Ottawa in charge of detectives last evening, and were immediately transferred to the cells. The accused, it is learned, have practically admitted their connection with the theft, but had absolutely nothing to say when questioned at the station. The prisoner giving his name as A. O. Woods, of Kingston, is a slight, dark-haired young man of about 30 years of age. His companion, who calls himself P. W. Conrad, of Ottawa, is taller than the other prisoner. Both are clean shaven and very well dressed. The prisoners were apparently in good spirits, and smoked cigarettes incessantly. On Wednesday night the accused pleaded for morphine, but the craving for the drug seems to have abated. They will be arraigned and remanded for a week in order to permit the police to, if possible, recover the missing diamond rings.

**WILL CARRY OUT AGGRESSIVE POLICY**

United States Sees Possibilities for Investment in the Orient.

New York, July 22.—That aggressive will mark the policy of the United States in the Orient is apparent from statements attributed to Chas. R. Crane of Chicago, who has been appointed minister to China by President Taft. In an interview with a local banker Crane is reported to have said:

"This nation does not propose to allow any other power to become a commercial dictator in the Far East. This nation will insist on the strict enforcement of the open door policy, and I am certain that President Taft desires that America shall become a powerful factor in the Orient.  
 "The interest of the government at Washington and Peking's knowledge that our friendship is not prompted by a desire for financial gain, should certainly have a tendency to add impetus to the campaign that is now being made by the Chinese government to expand and develop the empire's domestic and foreign commerce."  
 The New Yorker then went on to say:  
 "America has at last awakened to the vast possibilities for investment in the Orient, and the selection of Mr. Crane is the best that could be made for the opening of the campaign we intend to make. Mr. Crane shows great interest in his new work, and is alive to the situation. He realizes that the coming year will mark an epoch in China and in the relations of America with that country."  
**OLD MINER HOMELESS.**  
 Has Thirteen Children But None Will Take Care of Him.  
 Sacramento, Cal., July 22.—Father of twenty-one children, fourteen of whom are living, W. K. Hendricks, an aged miner, is homeless and without means of support. The old man stated to the district attorney that none of his children would care for him, and under the terms of a law making it a felony for children to refuse to provide for indigent parents, passed by the last legislature, applied for warrants for the arrest of two sons, A. T. Hendricks and Harvey Hendricks.  
 Four of Hendricks' daughters, he said, have experienced varied marital careers, eleven being the sum total of their trips to the altar. Two other daughters are to be married soon, giving him thirteen sons-in-law.

**INTERNATIONAL FISHERY LAWS.**

Professor Prince and Dr. David Starr Jordan are now in the province. The presence of the two International Commissioners, both of them fishery authorities of world-wide fame, again draws public attention to the importance of uniform regulations for the preservation of the valuable salmon fisheries in the boundary waters of British Columbia and the state of Washington. The Commissioners, who were appointed under the Fishery Treaty of April 11th last year, have already submitted to the federal governments at Ottawa and Washington their first set of regulations, which apply to what are known as the "Treaty Waters," extending from the Bay of Fundy on the Atlantic coast to Juan de Fuca Straits and Puget Sound on the Pacific Coast, and including the Great Lakes and rivers of the interior. These regulations have not yet been made public, and cannot be announced until the two governments have decided on a date for their simultaneous promulgation, as required by the terms of the treaty.

The general tenor of the first code may be gathered from recent public statements made, more or less authoritatively, and no less an authority than the Hon. the Minister of Marine and Fisheries himself has stated that the regulations are such as will meet the approval of reasonable, thoughtful men on both sides of the boundary line, and that Canadian interests have been in no way impaired but maintained most satisfactorily. Such an expression of opinion has done much to allay alarm. Dr. David Starr Jordan, who may be relied upon not to sacrifice unnecessarily any important American interest, has publicly declared that he and Professor Prince have dealt with all the controversial points as though there were no such thing as a dividing international line. British Columbians have had reason to feel some fear as to the fishery interests of this province. The parties in Washington State who are prominent in the salmon industry, have repeatedly demanded that Canadians must curtail their fishing, stop taking their customary quantities of fish, and apparently preserve the salmon in order that the United States traps may continue to take their enormous toll of the schools on their way to the Fraser River. Such one-sided and selfish views are, happily, not shared by the two Commissioners, and their present visit is for the purpose of personally investigating points in the movements of the fish and the methods of capture, which may require to be dealt with in future international regulations. It is understood that the first set of

regulations completed and signed in May last in the presence of the British Ambassador (the Right Hon. James Bryce), are on the lines of certain existing Canadian regulations which have been generally accepted in Canada as necessary, such as a weekly close time, limitation of length and location of trap or pound nets, a close season from August 25th to September 15th (rather shorter for the traps near Victoria), the length and depth of salmon gill-nets, etc., but any international license system, enforcement by both federal governments of the laws enacted, and other details are at present matters of recommendation by the Commissioners with a view to legislation in future years. The preservation of the salmon, especially the "sockeye" supply, is of such supreme importance that any fair, uniform and reasonable restrictions and regulations such as Professors Prince and Jordan have framed will have a claim to be favorably viewed by intelligent men on both sides of the international boundary line.

Much of the criticism indulged in in certain quarters, for ends other than the prosperity of the fisheries, will be found to be empty and vain when the International Commission's regulations are made public.

**What Other People Think**

**THE SUNDAY CLOSING BY-LAW.**

To the Editor.—If His Worship the Mayor is sincere in his desire to carry out the people's decision regarding Sunday closing, as he no doubt is, there is a very easy way for him to accomplish this object. He should at once apply to the Attorney-General's department for permission to prosecute those who keep their places of business open on Sunday, and after receiving such permission he should order the chief of police to prosecute all who violate the Dominion Lord's Day Act. He could show that the people by a referendum have asked for a Sunday closing by-law, that the city council has attempted to carry out the people's wish by enacting such a measure, and that a decision which may or may not be sound, has declared it ultra vires of the council. He could show, too, that there is at this very moment a Sunday closing law of some kind in Vancouver which seems to hold water all right, as it is being vigorously enforced. Such a course on the part of Mayor Hall would not only prove his sincerity in the matter, but it would throw the responsibility on to the Attorney-General's department, should his request for permission to prosecute be refused. Should his request be granted, however, as it probably would be, then the "citizen of foreign origin," who saw fit to go into the courts to upset the by-law which public sentiment of this city authorized, might be made the first object of the attention of the chief of police. That gentleman appealed to the law, and he would have no grievance if given a full measure of what he sought.

Also, as we now have with us three distinguished members of the Dominion Cabinet, it might be advisable for His Worship to impress upon them the necessity of amending the criminal code of Canada so as to make it impossible for such an abomination as is now being daily witnessed at the race track, to be repeated another year. It is time Canada wiped out the disgrace of having upon her state books a law legalizing such practices, and it is not easy to understand how a high-minded statesman like the late Sir John Thompson was ever induced to allow these clauses to remain in the code when he last revised it. Race track gambling has been prohibited by statute during recent years in many of the states of the American union, which doubtless accounts for the present meeting here. When a thing gets too rank for New York, Kentucky or California it ought not to find a resting place anywhere within our borders. This is a favorable chance for Mayor Hall to give the Cabinet ministers an object lesson in race track gambling which may not occur again for some time. The opportunity ought not to be lost, and if His Worship will seize the opportunity and act promptly and vigorously he will deserve the gratitude of every right thinking man and woman in this city.

**WILL APPLY TO COMMISSION**

(Continued from page 1.)

structed, "and, if any such bridge is a draw or swing bridge, when, under what conditions and circumstances, and subject to what precautions, the same shall be opened and closed."

Mr. McGregor said there seemed to be no control of the bridge; it was opened or shut just as the company chose. The interests or rights of shipping were not considered in the slightest shape or form. The railway seemed to forget that the ships were entitled to the water because they were on it and that the railway had to wait for them.

"It is a matter of trains first and boats second," remarked Ald. McKeown.

"Exactly," replied Mr. McGregor. Mr. Seward said the company did not consider steamers for a moment, and stopped traffic as they liked.

Capt. Grant, who was about the first man to protest against the manner in which the bridge is operated, said that only one man was kept to turn the bridge, and he did his best, but sometimes he had more than he could do.

Mr. Rebbeck declared that even as things were the bridge could be opened more quickly. As to the central pier, he pointed out that the harbor was none too wide without it.

"Like other things in Victoria, the bridge is antiquated, out of date," said Ald. Bishop. "We ought to get the Do-

If He Fails Leon Bourgeois May Be Offered Post of Premier.

(Times Leased Wire.) Paris, July 23.—It is currently reported that M. Briand, appointed to succeed M. Clemenceau as premier, is having difficulty in securing a cabinet.

According to the report, unless M. Briand succeeds in allotting the portfolios to-morrow he will not accept the office tendered to him by President Fallieres. If M. Briand refuses to become premier it is believed that the post will be again offered to M. Leon Bourgeois.

Presidents Will Meet on Bridge Over the Rio Grande River.

Washington, D. C., July 23.—Presidents Taft and Diaz will meet on the bridge over the Rio Grande river on October 18th of this year, according to an announcement made to-day. This meeting on the bridge, which connects El Paso, Texas, and Juarez, Mexico, has been planned for some time as an incident of President Taft's western trip. The date of the meeting was not set until to-day.

**RECEPTION TO HON. W. PUGSLEY**

ARRANGEMENTS MADE FOR HIS VISIT HERE

Minister of Public Works Will Be Shown About the City.

A tentative programme has been drawn up for the entertainment of Hon. William Pugsley, minister of public works, who is expected to arrive in Victoria to-morrow afternoon. He will arrive from Seattle on the Princess Victoria and will be taken to view the races as a guest of the Country Club. After that he will be taken for a motor ride around the beach drive on his way back to the city.

For to-morrow evening the White Swan flyer has been chartered to take the minister and party to the Gorge park. As many of the friends and supporters of the minister as can be accommodated will go on this trip.

Monday morning the board of trade have arranged to take the minister around the Victoria harbor on the steamer City of Nanaimo, when the needs of the port will be pointed out to him.

At 1 o'clock Mr. Pugsley will be entertained at luncheon by the Canadian Club at the Empress hotel. The tickets for this are limited and members wishing to be present should purchase their tickets as early as possible. Tickets may be obtained at T. H. Hibben & Co.'s book store.

In the afternoon the possibilities of Esquimalt harbor will be laid before the minister. A party will go over to the naval station, and all the points of interest will be noted.

At night all Liberals in the city are invited to attend a smoking concert in the Institute hall, at which Mr. Pugsley will be the principal speaker. This will be an opportunity to hear discussed some of the problems of the day which are confronting the Canadian statesmen.

Hon. William Templeman and a number of the leading citizens of Victoria will accompany the minister of public works in his tour about the city.

Steamer Newington leaves to-morrow morning for Egg Island with supplies for the lighthouse. She will also attend to the wants of other stations along the coast.

Cracking a joke does not necessarily impair its value.

"Cracking" a bottle of Lemp's Beer does not impair its value, either. Indeed, when you have poured it out into a glass and tasted the sparkling deliciousness of this strengthening beverage is when its true value appears. "Better than the best," it has a sparkle, flavor and vim all its own; just that superiority, tangible to the taste, but difficult to define. If you order Lemp's Beer for your next drink at any hotel, bar or cafe, you will appreciate exactly what we mean. If your dealer offers you an inferior brand for home consumption do not accept it, but see that you are supplied correctly with "Lemp's."

Strangers and visitors will be made welcome to hear Dr. Gordon next Sunday.

The Young People's Society of St. Andrew's church held a most enjoyable picnic on Wednesday last. They visited the boys at the Y.M.C.A. camp, who proved to be excellent entertainers. A short musical programme was given, which consisted of a vocal solo by W. G. Findlay, piano solos by the Misses Mackay and McGillivray, whistling solo by Miss Mabel Carruthers and a few songs in which all joined. Games of different kinds were then indulged in and a very pleasant evening was brought to a close by the serving of refreshments.

The literature committee of the Women's Auxiliary to Missions of the Church of England are giving a tea at the Willows beach tomorrow afternoon, the proceeds of which will be in aid of the library fund of the society. ### COUNCIL DEALS WITH NUISANCE MATTERS

Rehearing Granted in One Case—Removal of Chinese Bodies.

In addition to dealing with the E. & N. bridge matter and the B. C. Electric agreement the city council last night disposed of some small matters of business.

Miss Parshall wrote to protest against having a building belonging to her, on the corner of Store and Herald streets, torn down by the city or to tearing it down herself. She declared that its unsanitary condition could be remedied and that as a building it was in good condition. She intimated that if the city tried to take any steps to demolish the building she would take action to prevent them.

It was decided to give a rehearing on Monday week.

Ald. Turner informed the council that the nuisance in the stable on the corner of Vancouver and Yates streets, which has been occupied by the B. C. Market Company, and for which Lee & Fraser are agents, had not been abated, and he wanted to know why. The horses had been removed and the stable locked, but the nuisance still existed.

The Mayor explained that the owner had given an undertaking to remedy the matter.

"But the order of this council, made against owner and occupier, has not been obeyed," continued Ald. Turner. "What is the good of making these orders if they are not to be obeyed?"

City Solicitor Mann said the sanitary officer could go in at any time now and deal with the case at the owner's expense.

Ald. Turner moved that the sanitary inspector's attention be drawn to the matter, and this was agreed to.

The cemetery committee recommended that the request of the Chinese Consolidated Benevolent Society, for leave to move the bodies of Chinese buried in Ross Bay cemetery to their own cemetery at Fort Bay, without having to pay the usual fee for exhumation, be granted.

This report was adopted, and Peters & Wilson, who are acting for the society, will be so advised.

LAI'D AT REST.  
Funeral of the late Mrs. Alexina Finlayson Took Place Yesterday.

Yesterday afternoon the funeral of the late Mrs. Alexina Ann Finlayson took place from the B. C. Funeral Furnishing chapel to Ross Bay cemetery. Services were held at St. Andrew's Presbyterian church at 2 o'clock. Rev. W. Leslie Clay being assisted by Rev. Dr. Reid.

The attendance was very large, the deceased being held in high esteem by wide circle of friends. The pallbearers were: Senator Macdonald, Keith Wilson, R. B. McMicking, James Flett, Gavin Burns and John Fullerton.

LA TARANTA IN WINNING FORM

WINS THIRD TIME IN SUCCESSION

Napa Nick Proves Too Speedy for F. Rector's Binocular.

Running to form and making the third consecutive win for the Owl stable, La Taranta yesterday beat Firm-foot and Sam McGibbon for the first place, and out-did the much-touted Traffic and Redwood second over seven furlongs, adding up a total of \$500 won in prizes for the owners since June 8th.

seat, as did Lord Rossington and Col. Bronston in the places. Be Brief upset Footloose's hopes early in the second race by getting a length ahead and increasing it to four in the first half. Lady's Beauty, however, was the winner's most dangerous opponent, and was only beaten out half a length. Mr. Bishop was third.

The detailed results were as follows: First race—Six furlongs. Selling. Three-year-olds and upward. Value to first \$150.

Second race—Six furlongs. Selling. Three-year-olds and upward. Value to first \$150.

Third race—Six furlongs. Selling. Three-year-olds and upward. Value to first \$150.

Table with horse names and race results: Lasell, Matthews (109) 10 7; Ornate, Coburn (102) 5-2 18-5; Black Cloud, McEwen (104) 10 20; Rama, Brooks (108) 5 7; Mastress, McLaughlin (107) 20 20.

H. B. BEASLEY'S SPEED WINS EASTERN PRAISE

Local Runner's Victories Called Remarkable Performances.

The Winnipeg Free Press on H. B. Beasley's wins at the recent champion meet, says: "The feature of the boys' events was the performance of H. B. Beasley, of Victoria, who won the 100 yards in 10 2-3 seconds, 220 yards in 24 seconds, 440 yards in 54 seconds and the running broad jump at 18 ft. 4 1/2 in. For a lad of 17 any one of these is a remarkable performance, and when they are all accomplished on the same day it is so much the more creditable."

**SHIPBUILDING OF UNITED STATES**

**Past Year Was Smallest Since 1898—New Contracts Encouraging.**

According to the official report of Commissioner of Navigation Chamberlain, the year's output of American shipbuilding was the smallest since 1898, but new contracts indicate a material increase during the new fiscal year. During the fiscal year ended June 30th, 1908, 1,362 merchant vessels of 232,516 gross tons were built in the United States and officially numbered by the Bureau of Navigation, compared with 1,506 of 588,627 gross tons during the fiscal year 1907, which was the record year of American shipbuilding. On the Great Lakes thirty-six steel steamers of 85,426 gross tons were built, including the Shenango, 5,047 tons, the largest vessel ever built on the lakes. Only two ocean steamships were built. No vessels for foreign trade and no square-rigged vessels were built during the year. Of the year's output 69,562 tons were barges and canal boats.

**WENT TO BOTTOM.**

Missionary Steamer Udal Sinks in 100 Feet of Water.

The Methodist missionary steamer Udal struck a rock and went to the bottom a day or two ago when on her way from Portland canal to Prince Rupert. Capt. Oliver and Rev. Mr. Webber escaped in a rowboat. The vessel was valued at \$5,000, and was insured for that amount. She is lying in 100 feet of water, and efforts, it is understood, will be made to raise her.

Sawed-off prices now during Clothing Sale at Fit-Reform Wardrobe, 1201 Government Street.

**EMPEROR OF CHINA REPORTED BY WIRELESS**

**Should Arrive Here Early Tomorrow Morning—Other Vessels Arriving.**

A wireless report was received this morning from the royal mail steamer Empress of China, bound to this port with passengers and mails from the Orient. At 8 a.m. she was over three hundred miles from port, and is expected to arrive early tomorrow morning. She has a number of saloon passengers, fifty Chinese and some freight. She must have had a good passage or she would not have been here so early.

**NORTH BEND LOADING.**

Schooner Given Canadian Registry and Will Tow to Prince Rupert.

The Mackenzie Bros., of Vancouver, did not take long in getting the American schooner North Bend into commission. She has been granted British registry, and is now loading for Prince Rupert, and will be towed north by the tug Escort No. 2.

Joshua Kingsham, formerly a member of the pilotage commission, has been appointed secretary of the pilotage authority in place of A. B. McNeill, who resigned yesterday.

**CLOSING OF BRIDGE INJURES SHIPBUILDERS**

**Firm May Have to Go Out of Business if Regulations Are Enforced.**

The closing of the bridge across the harbor affects the public at large. There is one firm, however, which is very much inconvenienced, and that is William Turpel & Sons' shipbuilding establishment. The marine ways and shops where this firm operate are on the Indian reserve and not far from the bridge. A large business is done in small shipbuilding and repairing work. A business of this kind requires constant communication with the city, and this they have in the habit of getting by means of the railway bridge. Now, however, since the new regulations have been in force they have had to send around the other way, with the result that work which formerly occupied five minutes now takes an hour.

Speaking of the situation this morning, Mr. Turpel said that the effect of the regulation if enforced against him would have the effect of almost driving him out of business. Everything they use is purchased in town, and they have constantly to be running back and forth. The loss of time is so great that they are very seriously handicapped. Mr. Turpel says that he was present at the banquet at the time the bridge was opened, and the late Hon. Robert Dunsmuir in a speech made out that occasion distinctly stated that the bridge would be open for the use of the public for ever. It was with this assurance in mind that the shipbuilding yard was established in its present position.

**IROQUOIS BUSY.**

Steamer Makes Four Trips a Week Out of Seattle.

Steamer Iroquois, which runs regularly to this city from Seattle, is employed during her spare time at Seattle in running on excursions through the Hood canal. She carries large crowds of sightseers. Four trips are made every week on Wednesdays, Thursdays, Saturdays and Sundays. It takes about six hours to make the round run.

**PRINCESS ENA IS KEPT VERY BUSY**

**Whale Products From West Coast and Cargo From Skagway.**

Steamer Princess Ena, which is now on her way from the north, will in all probability return by way of the west coast and bring a cargo of whale oil and fertilizer from Kysquot. This will be discharged at the outer dock, and then the freighter will proceed to Vancouver, where a cargo freight is waiting for her which will be taken to Skagway.

The whale products which have to be transported from the west coast are proving too much for the Teas, aided by the Otter in her spare time. Every week or two it is necessary for the Ena to also make a trip to the whaling stations in order to keep the warehouses there clear. The oil is being shipped to the Old Country on the Blue Funnel liners.

**MIDNIGHT ARRIVAL.**

City of Puebla Called on Way From San Francisco.

Shortly after midnight last night the steamer City of Puebla arrived from San Francisco with 211 passengers aboard, of whom only 31 dropped off here. The steamer had a quantity of freight which she discharged before leaving for Seattle about 4. The body of Nana Hayes was brought from San Francisco on the steamer and was taken to Christ Church cathedral here.

A new scow is being built at Turpel's ways for the Union Steamship Company of Vancouver.

Merit is the basis of the success of the Big Clothing Sale now on at Fit-Reform Wardrobe, 1201 Government Street.

**SUNLIGHT SOAP**

ALL OVER THE WORLD thousands of housewives use Sunlight Soap in preference to any other, because it cleanses the clothes more thoroughly, and at half the cost without injury to hands or fabric. Follow directions.

**COMMISSIONERS ARE EXPECTED IN CITY**

Prof. E. E. Prince and Dr. D. Starr Jordan on Fraser.

The two international fisheries commissioners, Dr. David Starr Jordan, president of Leland Stanford University, United States commissioner, and Professor E. E. Prince, of Ottawa, Canadian commissioner, are expected in Victoria in the course of a few days. They visited New Westminster this week for the purpose of seeing the salmon fishing at its height. The two commissioners, as is well known, attach great importance to fish culture as a means of maintaining the supply of fish.

## POLICE COURT HEARS

MORE ON AUTO DRIVING

Expert Evidence on Speed of Machines is Put in.

In the police court this morning the automobile cases in connection with alleged furious driving on Fort street at Oak Bay junction were continued. H. Thompson, after a long defence, was fined \$15, and F. B. Pemberton, who pleaded guilty to a charge of not sounding his horn at Cadboro Bay road and Oak Bay avenue, was fined \$10.

The case against Ben Grosman, charged with driving at an excessive speed at Oak Bay junction on Hospital Day, was, after evidence for both sides had been put in, adjourned until tomorrow for the production of rebuttal evidence for the prosecution. Mr. Moore appeared for the prosecution and Mr. H. H. Shandley for the defence.

Constable Wood's evidence was to the effect that accused and another defendant named Arnold, whose case was also set over till tomorrow, came at an excessive speed from the races and passed two abreast, with Dr. George Hall making the third. They went by Dr. Hall's machine very quickly. The constable said he had since timed autos and made measurements which he gave to support his evidence.

The defence was that Grosman had not come along Fort street with Arnold at all. Grosman said he had left the track after Arnold and that the constable had made a mistake. Arnold was called and said Grosman had not come into town with him. The man driving alongside him was Patterson. The constable had made a mistake. Both men declared their speed was not excessive.

J. Wachter, called as an expert, said a machine could not slow down coming from the races at that point and then pick up speed as quickly as the constable had claimed.

Arguments were made as to the meaning of "the common danger," to which Mr. Prior, the magistrate, said: "Common danger does not mean there must have been some one in the way. They may have been driving to their own danger, or to the danger of Dr. Hall."

The adjournment was taken to call Dr. Hall and the driver Patterson in the former case Mr. Lowe appeared for Thompson.

## GERMAN GARDEN CITIES.

A Berlin society has acquired a large plot of land on the northern outskirts of the city for the construction, under the name of Frohnau, of the first real garden city of the capital. The garden city will be built in a picturesque hill part of the state forest, will have its own railway station, and will be laid out regardless of cost as regards amenities and external adornment.

Reports from all parts of Germany indicate that the garden city has taken a strong hold on the people. The feature most insisted upon is the abandonment of the prevailing flat house, which is here called contemptuously "Mietskasernen," and the substitution of small houses and the villas on the English model.

In Bavaria, where the house famine is chronic, the government proposes to transfer for garden city purposes parts of the state forests in the vicinity of large towns. Garden cities are either being built or are projected at Dresden, Nuremberg, Muebberg and Karlsruhe. At Muebberg houses with large gardens for single families will soon be rentable for about \$65 a year.—Westminster Gazette.

**WOMAN'S BUILDING**  
 Ceremony Performed by Mrs.  
 Dunsmuir Yesterday  
 Afternoon.

The laying of the corner stone of the  
 Woman's building in the Agricultural  
 Fair grounds yesterday afternoon was  
 a charming social function, and sug-  
 gested well for the ultimate success of what  
 the ladies of Victoria have long de-  
 sired, and are now about to attain as a  
 result of their own united efforts.  
 Mrs. Dunsmuir, handsomely gowned  
 in a tailored suit of mauve rajah silk  
 with black picture hat, accompanied  
 by her daughter, Mrs. Audain, in a  
 smart raspberry and black costume,  
 and by Mrs. Bromley, arrived on the  
 grounds shortly before the time ap-  
 pointed for the ceremony, and was re-  
 ceived by his worship, Mayor Hall, Mrs.  
 Richards, convener of the Woman's  
 Auxiliary of the Agricultural Society,  
 Mrs. C. E. Cooper, president of the  
 Woman's Local Council of Victoria,  
 Mrs. Day, provincial vice-president of  
 the Woman's Council, Mrs. Hasell,  
 honorary president of the Daughters  
 of Pitty, Mrs. Wall, commander-in-  
 chief of the Victoria Hive of Macca-  
 bees, and a number of others.

Mrs. Richards, on behalf of the wo-  
 men of Victoria, presented Mrs. Dun-  
 smuir with a silver trowel tied with long  
 streamers of pale blue ribbon. Mrs.  
 Dunsmuir acknowledged the gift in her  
 own kindly, gracious fashion, and the  
 band played a number of popular airs,  
 while those present chatted with each  
 other, and the long parallel lines of  
 flags waved gently in the breeze.  
 After the paper which declared that  
 the stone had been well and truly laid  
 was signed by a number of representa-  
 tive people present, it was together  
 with copies of the local papers and a  
 small box containing samples of the  
 current coin of the realm, laid in the  
 cavity reserved for it, and covered with  
 a white marble slab. Mrs. Dunsmuir  
 then gracefully performed the cere-  
 mony of laying the stone, and in a few  
 kindly, well-chosen words, told of the  
 very great pleasure she felt at being  
 present on such an auspicious occasion.  
 The Woman's building would, she said,  
 fill a long-felt want, and she was glad  
 that it was so soon to be erected. Mrs.  
 Dunsmuir's remarks were received most  
 appreciatively, and she was heartily ap-  
 plauded.

Mayor Hall then spoke briefly, say-  
 ing that when the building was com-  
 pleted it would be a credit to Victoria,  
 a credit to the Agricultural Society,  
 but most of all, a credit to the ladies of  
 Victoria. It was to their united efforts  
 that the ceremony just performed by  
 Mrs. Dunsmuir, a lady loved alike by  
 rich and poor, had been brought about.  
 They had worked together most har-  
 moniously and would soon see the re-  
 sults of their labors. The erection of  
 the building would commence immedi-  
 ately and would be ready for occupa-  
 tion at the opening of the fair fair.

Refreshments were served in a large  
 tent close to the building site. The  
 interior of the tent was very artistically  
 decorated with streamers of blue  
 bunting, while the tea tables were gay  
 with yellow poppies and gypsophila,  
 carrying out the blue and gold colors  
 of the Woman's Auxiliary of the Ag-  
 ricultural Society. The latter society,  
 consisting of Mrs. Richards, Mrs.  
 Crane, Mrs. Sprague and Mrs. Sproule,  
 assisted by several members of the  
 Daughters of Pitty society acted as  
 hostesses, and about fifty-five dollars  
 was realized, many of the donations  
 being most generous.

Among those present during the af-  
 ternoon were noticed:  
 Mrs. Dunsmuir, Mrs. Audain, Mrs.  
 Eberts, Miss Eberts, Mr. and Mrs. J.  
 B. Hobson, Mrs. Fullerton, (Vancouver),  
 Mr. and Mrs. H. Dallas Helmecken,  
 Mrs. Jenkins, Miss Mary Lawson, Mrs.  
 Raymur, Miss Sweet, Mrs. Day, Mrs.  
 Dobson, Mrs. Watson, Miss Lee Spen-  
 cer, Miss Schwengers, Mrs. Richards,  
 Mrs. Davis, Mrs. Sproule, Miss White,  
 Mrs. Crane, Mrs. Harman, Mrs. Jen-  
 kins, Miss Lovell, Miss Whiteside, Mrs.  
 C. E. Cooper, Mrs. Whiteside, Mrs.  
 Sprague, Mrs. George Gardner, Mrs.  
 Pauline, Miss Violet Hickey, Mrs.  
 Glover, Mrs. Burns, Mrs. Dickenson,  
 Mrs. Spencer, Mrs. Wall and many  
 others.  
 The committee of management of the  
 Woman's building wish to thank the  
 Daughters of Pitty, Mrs. Dickenson,  
 Miss Lee, Miss White, Mr. McIntosh  
 and Mr. Henry Crane, for their kind  
 services in connection with the laying  
 of the stone yesterday afternoon.

**NEW GRAND THEATRE.**  
 The Grand attractions for this week  
 comprise five acts imported and con-  
 taining the utmost variety besides the  
 excellent motion pictures and the or-  
 chestral selection. At the head of the  
 Grand list this week is Harry Taylor,  
 an American composer, singer and  
 comedian. He delights the audience  
 with his exquisite baritone voice. The  
 Gruet Brothers have one of the fun-  
 niest musical and comedy sketches en-  
 titled Sam's substitute, where the sub-  
 stitute has exceptional opportunities for  
 fun and makes the most of them in a  
 perfectly serious manner which con-  
 vinces the audience. J. Warren Keane,  
 the illusionist, is quite up to his big  
 reputation, in fact, his handling of  
 cards, coins and other articles is ahead  
 of the usual conjurer. The thinnest  
 man on the stage is Alfred K. Taylor,  
 and he makes the most of his unusual  
 build, which is to good effect in his  
 dances. Major McGuire and Miss Ol-  
 sen, with sword exercises and feats re-  
 quiring a great delicacy, give about a  
 thrill a second and get a good ovation.  
 The motion pictures are shown at all  
 performances and are very attractive.  
 The usual matinee besides the evening  
 performances, are given daily.  
 Lever Brothers, Toronto, will send you  
 free a cake of their famous Plantol  
 toilet soap, if you mention this paper.

**Committee.**

Mrs. Rattenbury has kindly loaned  
 her beautiful grounds for a garden fete  
 on July 31st, to be given in aid of the  
 Y. W. C. A. This association, of which  
 Miss Fawcett is president, is doing a  
 noble work in a quiet, unobtrusive  
 way, and should receive the hearty  
 support of the citizens of Victoria. It  
 provides a quiet, restful home for  
 young girls who come to this city in  
 the hope of finding rest and employ-  
 ment. Of the former, there is a sur-  
 prisingly large number, who come here  
 for holidays, but cannot afford to stay  
 at high-priced hotels or fashionable  
 boarding houses. These find a home  
 and welcome at the Y. W. C. A., and  
 going from this city again, carry with  
 them only the most kindly memories  
 and reports. To such as come here  
 seeking employment, the secretary does  
 all in her power to aid them in securing  
 it, and in helping and advising in many  
 ways. A lady has been engaged to  
 meet all boats for the summer months,  
 and give help and advice to such as  
 ask for it.

**GOVERNMENT SENDING**  
**EXHIBIT TO TORONTO**  
**Fruit, Fish, Minerals and Tim-**  
**ber to Be in Charge of**  
**W. E. Scott.**

Preparations are being made by R.  
 M. Palmer, deputy minister of agricul-  
 ture, to send an exhibit of British Col-  
 umbia products to the Canadian Na-  
 tional exhibition at Toronto, which  
 commences August 25th. A feature will  
 be made of the fruit grown in the pro-  
 vince and this, as well as the other ex-  
 hibits, will be carried by the C. P. R.  
 free of cost. There will be a collection  
 of plums, prunes, pears, apples, and all  
 fruits that are in season, while for  
 those out of season there will be an ex-  
 hibit of dried fruit.  
 Another exhibit that will be of great  
 interest to the people in the east is  
 some gelatine casts of the commercial  
 fish of the province mounted in cases.  
 This exhibit has been especially pre-  
 pared for the occasion and will aston-  
 ish some of the natives of the eastern  
 provinces.  
 Timber will also be shown. Samples  
 of all the British Columbia woods that  
 are of commercial value will be on view  
 in sections, both polished and plain.  
 The products of all the mines will  
 also have a place, some of the coal and  
 rich ores being shown.  
 The whole exhibit will be in charge  
 of W. E. Scott of Salt Spring Island.  
 Mr. Scott is well qualified to have  
 charge of the exhibit, as he is not only  
 a practical fruit grower himself, and a  
 British Columbian of long standing, but  
 he accompanied Mr. Palmer to the Old  
 Country on his tour of the British ex-  
 hibitions and therefore is in a position  
 to arrange the exhibit and to give in-  
 formation such as will be of most ben-  
 efit to the province.

**PANTAGES THEATRE.**  
 To-night at the Pantages theatre,  
 Astro, the fortune telling clairvoyant,  
 will make each lady in the audience a  
 present of one of his palmist charts,  
 and it is safe to predict that there will  
 be something doing in the hand-rub-  
 bing line among Victoria ladies. While  
 Astro and his company of wonder  
 workers draw the big crowd, the en-  
 tire programme is good and contains  
 many especially good features. The  
 Pantages shows are now coming  
 direct from Mr. Pantages' Loie's theatre  
 in Seattle, which he has converted into  
 a high-class vaudeville house, and as  
 a result Victoria is getting some of the  
 best acts on the entire circuit.  
 A recently opened section of the Ke-  
 king-Kalzan railway in China rises 1,800  
 feet in the first ten miles.

**SOCIAL AND PERSONAL**  
 Miss Fuggie is holidaying at Shawni-  
 gan.  
 Mr. and Mrs. A. Jennings, of New-  
 nams, are in town.  
 Miss Jessie Macdonald, of Vancouver,  
 is the guest of Mrs. Wm. Gleason.  
 The Misses Victoria and Arnes M.  
 Johnston, of Edmonton, arrived in town  
 yesterday.  
 George M. Watt, Jr., of Vernon, B.C.,  
 is visiting his parents at Dunedin, Men-  
 zies street.  
 Mrs. E. Hetherington and Miss A.  
 Hetherington, of Toronto, are guests at  
 the Empress.  
 Capt. Wm. Hunter, Government  
 street, left yesterday afternoon on a  
 short trip to Vancouver.  
 Mrs. J. Haffey, 128 St. Andrew street,  
 will not receive again until the third  
 Wednesday in September.  
 R. M. Palmer, deputy minister of  
 agriculture, left last night on an of-  
 ficial trip into the interior.  
 Among yesterday's arrivals at the  
 Empress were A. S. Goodve, M.P. for  
 Kootenay, and Mrs. Goodve.  
 Mrs. Baskerville and Miss G. Basker-  
 ville, of Winnipeg, arrived in town yester-  
 day, and are staying at the Driard.  
 Among the Vancouver people in town  
 are Mrs. J. M. Hodgson, Mrs. H.  
 Green, Mrs. J. Foster, and Mr. and  
 Mrs. E. Hill.  
 A party from Simcoe, Ont., who ar-  
 rived in town yesterday consists of  
 Messrs. J. B. Jackson, A. B. Jackson,  
 and H. M. Jackson.  
 Among last night's passengers by the  
 Charnier for Vancouver were Mrs.  
 Barnaby, B. W. Greer, R. Irving, F. B.  
 Warren and Miss Weed.  
 Mr. and Mrs. H. W. Chase, Mrs. A.  
 E. Crowley, Miss Helen Hopburn, and  
 Miss Rose Macdonald, of Los Angeles,  
 are among the guests at the Dominion.  
 Among the California tourists regis-  
 tered at the Empress are: Mrs. Ger-  
 trude Whittaker and Mrs. J. J. Holt-  
 man, Los Angeles, and Teresa Hess,  
 San Francisco.  
 A party of nine, including the  
 Misses Hiscocks, the Misses Watt, Miss  
 Lovell and Miss Richards, left early  
 this morning by the City of Puebla for  
 the Sound trip.  
 Mrs. Wilkins intends leaving early in  
 August en route for Halifax, where  
 she will be the guest of her brother,  
 Dr. Fraser, who is in charge of the  
 asylum for the blind.  
 Mrs. Gleason, sr., who has been mak-  
 ing an extended visit with friends in  
 New Westminster, returned to town  
 yesterday, accompanied by her niece,  
 Miss Macleod, of New Westminster.  
 Mrs. Sweet, of Prince Rupert, re-  
 turned home yesterday after a pleasant  
 visit with Mrs. J. Piercy. Mrs. Sweet  
 was accompanied by Miss Lillian  
 Piercy, who will spend the vacation at  
 Prince Rupert.  
 Mrs. Archer Martin was the hostess  
 of a very enjoyable dance on Tuesday  
 evening. Her handsome rooms were  
 very prettily decorated in honor of the  
 event with quantities of the season's  
 blossoms, the supper room being partic-  
 ularly attractive with sweet peas in  
 the pale pink shades and graceful trails  
 of smilax. Mrs. Martin received her  
 guests-looking very smart in a pretty  
 pink gown. Among the many present  
 were the Misses Muriel and Kathleen  
 Dunsmuir, the former in a dainty blue  
 dress, and the latter in white, Miss  
 Mara in white, Miss Fitzgibbon in a  
 dainty gown, Miss Molleaux looking  
 well in pale blue, Dr. and Mrs. Her-

**Rastus Goes Fishing.**  
**Mr. Henry**—"Going fishing on washday, Rastus? I thought Melissa needed you to gather wood and make a fire to boil the clothes."  
**Rastus**—"Yes, sah, Marse Henry. But Anty Drudge here, she done sho'd M'Lissy how to wash de clo's without no fish an' M'Lissy she say hit's as easy as rollin' off a log."  
**Anty Drudge**—"That's right, Mr. Henry. Rastus had better be working than fishing, but Melissa doesn't need him. Fels-Naptha makes the biggest washing easy for one person in less time than the old way."

Do your washing without a fire next time. Save the bother, the discomfort and the cost of fuel.  
 Wash your clothes with Fels-Naptha in cool or lukewarm water, in summer or winter.  
 It's much easier—no hard rubbing is needed.  
 It saves the clothes because there's no boiling to weaken them and no hard rubbing to wear them out.  
 It takes less than half the time of the old way.  
 And this Fels-Naptha way of washing in cool or lukewarm water makes your clothes cleaner, sweeter, and fresher than if you boiled and hard-rubbed 'em till Doomsday.

Next Sunday the Iroquois will stop at Salt Spring, Pender and Mayne Islands, both going and returning. This is also a very pretty and enjoyable trip. Refreshments served on board. Take V. & S. train 9.45 a.m. Come along and enjoy this delightful outing.  
 \$10,000 stock of watches, clocks, jewellery, electro-plate, cut-glass, etc., to be sold by auction regardless of cost, at Felix McManus, corner Johnson and Douglas. Auctions at 3 and 7 daily, commencing on Saturday next, July 24th. Store to rent.

**Weak Over-worked Women**  
 Who are broken down and made invalids by the drudgery of never ending household cares and duties, or by over-frequent bearing and nursing of children, and many other cares, burdens and strains which the weaker sex have to bear, are deserving of profound sympathy. But while sympathy is commendable what these unfortunate women most need is a good, honest, square-deal Restorative Tonic and Strength-giving Nervine and Regulator—one compounded and carefully adapted to act in harmony with woman's peculiar, delicate, ever sensitive organization.  
 Who so well fitted to select, carefully proportion the ingredients and compound a remedy for the cure of these distressing and often pain-wracking weaknesses and derangements, as the carefully and thoroughly educated and regularly graduated physician who has had a long and successful experience in treating just this class of cases.

**Dr. Pierce's Favorite Prescription**  
**THIS MEDICINE IS**  
**THE ONE REMEDY** Now, and for over 40 years, sold by druggists for Woman's Peculiar Weaknesses, and Distressing Ailments, gotten up by one having all of the above qualifications.  
**THE ONE REMEDY** which absolutely contains neither alcohol (which to most Women is rank poison) nor injurious or habit-forming drugs.  
**THE ONE REMEDY** which is so perfect in its composition and so good in its curative effects as to warrant its makers in printing its every ingredient, as they do, on its outside wrapper, verifying the same under solemn oath.

In all the above most important particulars, the "Favorite Prescription" stands absolutely alone—in a class all by itself—as woman's most reliable and trust-worthy remedy in time of sickness and distress. It is a pure glyceric extract made from American curative roots, found by long time experience most valuable in curing woman's weaknesses and derangements. The leaders in all schools of medical practice have endorsed each of its ingredients as of the best known remedies for the complicated affections for which it is recommended. These professional endorsements should count for far more than any number of lay testimonials. A booklet full of them sent free on receipt of name and address.

**CHINESE RAILWAY LOAN.**  
Pekin, July 22.—The personal telegram sent by President Taft to Prince Chun, the Chinese regent, in behalf of the American claim for equal participation in the Hankow Sze-chuen railroad loan of \$7,500,000, has created a sensation among the foreign bankers and members of the legations here. The legations concerned affirm that the loan question until now was not recognized diplomatically but the impression prevails that the matter now becomes political. The German financiers threaten to break the concert of bankers.

**PREPARING TO HANDLE THE GRAIN CROP**

**C. P. R. Will Be Able to Transfer 40,000 Bushels Daily at Vancouver.**

Vancouver, July 22.—By September 1st the Canadian Pacific railway will be in a position to transfer from rail to shipboard at this port 40,000 bushels of grain per diem in the manner which has previously been announced, according to a high official of the company.

The stacking plant is to be located at No. 5 shed, next to Robert Ward & Co.'s wharf, and will sack the 40,000 bushels in the day, the grain being transferred from the cars by means of the grain car unloaders as used in the east.

Shed No. 3, which will be used as a storeroom, has a holding capacity of between 750,000 and 1,000,000 sacks.

The railroad officials think there will be no difficulty as to there being a sufficient number of vessels to carry the grain, especially in view of the announcement by Jensen & Ostrander that they will have steamers engaged solely in grain transportation.

**LOST LIFE WHEN HE CHANGED HIS MIND**

**Man Run Down by Engine When Trying to Recross Track.**

New Westminster, July 22.—From the evidence given by D. MacKenzie, the engineer on the train which ran over and killed Donald MacDougall, on the C. P. R. tracks near Port Moody, on Tuesday night, it would appear that the deceased lost his life owing to a change of mind.

Mr. MacKenzie testified that he noticed MacDougall on the tracks ahead of him, but that on the approach of the train he got off to one side, causing the engineer to think that he had observed the train and had got out of its way. Just as the engine was upon him, however, he appeared to change his mind, and MacKenzie stated that he saw him attempt to recross to the other side of the tracks.

The act was fatal. The bogie of the engine struck him, throwing him to one side, and when he was picked up it was found that his skull was fractured.

The jury brought in a verdict of accidental death, adding a rider to the effect that it deemed it advisable for the C. P. R. to construct a sidewalk from the Port Moody station into the city, in order that people returning from the station might not be forced to walk on the tracks.

**FERRY SWEEP DOWN COLUMBIA RIVER**

**Occupants Have an Exciting Time When the Cable Breaks.**

Trail, B. C., July 22.—An accident, which might have been attended with serious results, happened to the Trail ferry across the Columbia river this morning about 7:30 o'clock.

S. F. McKay, who has been operating the ferry for the past week, undertook to take C. L. Merry and a load of supplies across the river. All went well until midstream was reached, when the large cable snapped, and allowed the ferry and its occupants to drift down stream. Their cries attracted attention, and several started in pursuit in small boats.

Fortunately the smaller cable attached to the trawley dragged to the bottom of the river, and thus detained the progress of the ferry in its wild dash down the Columbia, and also had a tendency to swing the ferry to the north shore. With the assistance of the small boats, a landing was made about a mile below the city, and the occupants, after an exciting ten minutes, were uninjured.

It is fortunate that a landing was made, as had the ferry gone a short distance further down the river it would have been dashed to pieces on the rocks of Rosland Island.

**INDIAN GALLOPS MADLY TO DEATH**

**Drives Horse Deliberately Into Open Draw of Bridge.**

Kamloops, July 22.—Victor Lecompe, a member of the best known family on the Kamloops Indian reserve, galloped deliberately to his death on Tuesday evening. The sole witness of the tragedy was Cecil Pinchbeck, who has charge of the draw of the bridge over the South Thompson. The Indian came along just as Mr. Pinchbeck was about to open the draw. Mr. Pinchbeck told the Indian what he was doing and the Indian swung back and returned to the end of the bridge. Mr. Pinchbeck says that the Indian was under the influence of liquor, but he thought no more of the matter till he heard the thunder of the galloping hoofs of the Indian's horse on the bridge floor. It was too late for him to do anything, but he shouted warnings, and the Indian had his horse going at such a speed that the poor animal had no chance to stop itself, but its instinct caused it to make a clear leap so that it avoided all the bridge timbers and landed in the clearway. In the water the Indian cleared himself from the stirrups and struggled for a time in the water but finally sank about a hundred yards below the bridge. The horse was ashore, and in the opinion of Mr. Pinchbeck the Indian could have done so under ordinary circumstances. The dead man is a brother of Michael Lecompe, who was murdered last fall and whose body was found in Kamloops lake last month.

**STREET IMPROVEMENTS AT NEW WESTMINSTER**

**Comprehensive Scheme Will Be Carried Out by City Council.**

New Westminster, July 22.—The amounts to be asked for by-laws were finally passed at a special meeting of the council. In consequence the sum of \$24,000 will be asked as the city's share of the waterworks, and \$104,000 for street improvements, including \$54,000 for Columbia street paving and lighting, and the balance for streets all over the city in accordance with a list prepared by Superintendent of Works Furness, which, however, has been much reduced on examination.

It is not the intention of the council if the by-law passes to spend all the money at once or even this year, but to disburse it as circumstances require. Main streets like Agnes and Royal and Queen's avenues, will probably receive attention first.

During the nineteenth century sixteen islands disappeared, and fifty-two rose from the sea through volcanic action.

**NEW WESTMINSTER WRECK.**  
Inquest Into Circumstances Surrounding Death of Engineer Ziedwied.

New Westminster, July 22.—The inquest on George A. Ziedwied, of Seattle, who was drowned when the locomotive of the Seattle express went over the Fraser river bridge on June 19th, and whose body was found on July 11th, commenced yesterday at the city police court, before the coroner, Dr. Rothwell.

Thirteen witnesses were heard, the principal being Conductor Graycroft and brakeman Wilkinson, of the ill-fated train; R. F. Drummond, mail clerk on the train, and James A. Miller, timekeeper on the B. C. E. R.

Evidence was shown that the engineer whistled for the signal on the south approach of the bridge, and Mr. Miller spoke of the work of the B. C. E. R. men on the bridge the day of the accident.

During the nineteenth century sixteen islands disappeared, and fifty-two rose from the sea through volcanic action.

**ADDED CLAUSE TO AGREEMENT**  
 (Continued from page 1)

"And whereas the company are carrying on similar undertakings in the city of Vancouver.

"And whereas in the year 1900, the said legislative assembly of the province of British Columbia amended the Vancouver Incorporation Act so as to provide that the said corporation of the city of Vancouver should enter into any municipal undertaking that would come into competition with the business operations without first offering to appropriate the undertaking of the company on certain conditions in the said act more fully set out.

"And whereas the company has applied to the corporation for their consent to the insertion of the said changes in the said 'Municipal Clauses Act' the company have proposed to be bound by certain conditions and to use the proceeds to perform the works hereinafter mentioned.

"Now, this agreement witnesseth that the parties hereto mutually covenant and agree with each other as follows:

**Jordan River Power.**

"1. At the earliest opportunity, and in any event within three years from the final passing of this by-law, the company shall erect and maintain a power-plant, estimated to cost not less than one million five hundred thousand dollars (\$1,500,000) as near as possible to Victoria and tributary to that city, which said plant shall have a capacity of not less than ten thousand (10,000) horse power, such increased power to be used in extensions to the electric railway, lighting and power undertakings of the company in and around the city of Victoria.

"2. From and after the time when the new plant is incorporated the rates to be charged for electric light and power for the city of Victoria shall not exceed the schedule rates now charged by the city of Victoria for electric light and power in the city of Vancouver; and the rates to be charged for electric light and power in the districts surrounding the city of Victoria shall not exceed the schedule rates now charged by the company for electric light and power in the districts surrounding the city of Vancouver, both of which schedule rates are hereto annexed and marked 'A' and 'B' respectively, and are hereby incorporated herewith and made a part of this agreement and identified by the signatures of the parties hereto.

"3. From and after the time when the new power plant is in operation the company shall, if requested by the corporation, supply to the corporation at the city lighting station an amount of water, not to be used for lighting purposes, of but not for sale by the corporation equal to the amount now generated by the present plant and appliances of the corporation, at a price which shall be the same as of the present cost to the corporation of said generation; and if the corporation shall in future require a greater amount of electricity for said corporation lighting purposes, then such shall be supplied by the company at the same rate as above provided.

**Extensions in City.**

"4. The company shall, within the three (3) years from the final passing of this by-law extend the extensions of their present undertakings within the city of Victoria and surrounding districts a sum of not less than two hundred and fifty thousand dollars (\$250,000), exclusive of the expenditure provided for in clause 1 (one) of this agreement.

"5. If at any time in the future the corporation shall acquire an additional water supply from another lake or its water shed, and have surplus water for power purposes to dispose of, the company, if required by the corporation, shall purchase such surplus water delivered through the pipes of the corporation under a suitable head, at a rate to be agreed upon between the company and the corporation; and in the event of the corporation and the company failing to agree upon such rate, the same to be settled by three arbitrators, one to be appointed by each party, and the two arbitrators to appoint a third, the whole to be subject to the provision of the Arbitration Act. Provided that the company shall not be required to purchase such surplus water unless delivered continuously and uninterruptedly in units of not less than one thousand (1,000) gallons, or power of not less than twenty-four hours during the life of this agreement.

"6. The corporation hereby consents to and shall take all steps necessary on their part to procure, by the expense of the company, at the next session of the legislative assembly of the province of British Columbia, an amendment to be made to chapter 22 of the statutes of 1906, known as 'The Municipal Clauses Act', in the words and figures following, that is to say:

"The said chapter 22 is hereby amended by inserting after section 22 the following sections, namely:

"20. Provided that the municipal council of the corporation of the city of Victoria shall not, whether acting under the authority of this section or by any other power contained in this or any other act, pass any by-law which shall have for its object the raising of money for, or the purchasing, acquiring, constructing, operating, or maintaining any works similar to those now carried on by the British Columbia Electric Railway Company, Limited, in Victoria, or by virtue of which the corporation of the city of Victoria will become a competitor in the said business of the British Columbia Electric Railway Company, Limited, in Victoria, until the council has, by by-law, fixed the price which shall be paid for the property of the said company, nor until thirty (30) days have elapsed after notice of such price shall have been communicated to the said company.

"Provided that nothing contained here-in shall be deemed to in any wise restrict the right of the said corporation of the city of Victoria to authorize any person, firm or company to enter into competition with the British Columbia Electric Railway Company, Limited, within the limits of the said corporation, or from passing any by-laws necessary for the purpose of conferring franchises, charters or other enabling powers necessary to that behalf, upon such conditions, and with such restrictions as the said corporation of the city of Victoria may deem advisable, but in no case shall the bonus, exemption, or immunity from taxes, or any class of aid shall be conferred.

"20b. Upon such by-law being passed and notice thereof given to the said company, they may either accept or refuse the same, or give notice to the council that they will require the purchase price of their property to be submitted to arbitration.

"20c. In case the notice referred to in the preceding sub-section be given by the said company, the price to be paid for such property shall be referred to the award of three arbitrators, one to be appointed by the said company, one by the council of the said municipality, and the third to be either agreed upon between the arbitrators appointed by the parties or to be named by a judge of the Supreme court of British Columbia, and thereupon the arbitrators shall proceed and the provisions of the 'Arbitration Act' shall apply to such arbitration in all matters not herein specifically provided for.

"20d. In the event of the said company

**Carpet Samples**

NOW for an opportunity to add a few excellent rugs to your home furnishings at little cost. It's possible with these sample carpet lengths and carpet ends priced at such little prices.

In the course of the extensive carpet business we enjoy we accumulate a great quantity of ends and samples. This summer we have been unusually busy in carpets and the result is a proportionately large number of these short length pieces.

Out they go. Priced as these are it won't take long to clean out the whole lot. The assortment includes pieces of Axminsters, Wiltons, Brussels and Tapestry. These pieces measure from 1 1/2 yds. to 2 yds. Prices represent but a fraction of the regular prices. Big choice from, each—

**50c**

**New Parlor Tables**

WE have a grand assortment of parlor tables now—the new additions this week completing a showing of these furniture items that is unusual in point of variety, style and price.

Drop in and see these new arrivals. They come in mahogany finish and in golden oak. Finish and workmanship is worthy of the splendid designs. The price is the only ordinary feature of these—and perhaps it is special for we do not think such excellent values are offered elsewhere. We have these tables priced at, each—

**\$3.25 to \$16**  
 —third floor.

**The New Buffets**

NEW BUFFETS are pleasing and many are offered. Last week's additions are among the finest examples we have ever shown. In both Early English and Golden Oak finishes we show a great choice. Here are two interesting pieces—

BUFFET—A golden oak style. Made of selected oak, finely finished, has 1 large and 2 small drawers, 2 cupboards and large bevel plate mirror. Priced at . . . . . \$40

BUFFET—An Early English finished style. Selected oak has been used. Has 1 large and 3 small drawers, 2 cupboards and large bevel plate mirror. Old copper fittings. Priced at . . . . . \$60

It'll pay you to inspect our offerings in furniture for the dining-room. Matters not what your "scheme" may be, we believe we are in a better position to satisfactorily fill your wants than any other establishment. Costs nothing to investigate.

accepting the price fixed by the said by-law, or in the event of an award being made under the arbitration hereinbefore referred to, such price shall be paid or secured before any further proceedings are taken by the council under the powers contained in the next preceding section and sub-sections of this act.

"6c. If said company refuse the price offered by the city, or if, at the expiration of thirty (30) days from the time that notification of the price offered has been delivered they fail to accept such price, or within the period aforesaid fail to give the notice requiring an arbitration as aforesaid, then the council may proceed forthwith to exercise the powers conferred upon them by section 20 herof.

"7. The provisions of this agreement shall apply to and be binding upon the parties hereto and their successors and assigns respectively.

"8. The corporation shall forthwith after the execution of this agreement prepare a by-law confirming it, and submit the same to the vote of the ratepayers, and this agreement shall become binding upon the parties hereto when and only when the said by-law shall have received the assent of not less than three-fifths in number of the electors, who shall vote upon such by-law, and who are qualified to vote on money by-laws, and the said amendment to the 'Municipal Clauses Act' has been enacted by the legislature.

"9. This agreement shall in no way be construed to extend any privilege to the company or vary any existing contract between the parties save as expressly herein stated, or affect any of the existing powers and franchises of the company; and the benefits hereby conferred and the obligations hereby imposed on the company shall terminate on the 31st (31st) of December, 1909.

"10. Taylor drafted two new sections to

meet the points raised by Ald. Turner, and these were added to the agreement as sections 10 and 11, as follows:

"10. The provisions of this agreement shall not affect the right of the corporation of the city of Victoria to carry on or operate any system of light or power it may deem necessary for its corporate purposes, but not for the purposes of sale to other persons, firms or corporations.

"11. Failure or default by the company in observing or performing any covenant or condition herein contained, or performed shall be deemed, ipso facto, to annul all the rights, powers and privileges conferred upon the company by this agreement, and the waiver of any particular default shall not in any wise affect the right of the city with respect to other defaults, breaches or failures.

The by-law was then laid over until the company has been heard from as to the new clauses and the Vancouver schedule of rates, which is to form part of the agreement, has been received.

—Work has commenced on the construction of the cement sidewalks in front of the Empress hotel. This is the only thing needed to give a finished appearance to the grounds, and it will be a very short time before the work is completed. The gardens at the hotel are looking very pretty, many of the flowers being now in bloom. The tennis and croquet lawns at the back are green, and the pergolas and arbor are beginning to look effective.

**BOXING UNDER BAN.**  
 Sheriff Declares He Will Not Permit Bout at Seattle Exposition.

Seattle, Wash., July 22.—There will be no boxing contests inside or outside of the exposition grounds in King county so long as Robert T. Hodge is sheriff. This means that Dr. B. F. Roller and Al Kaufman will not meet in the arena at the exposition next Friday night, as scheduled.

Sheriff Hodge went on record to-day to the effect that if any effort is made to hold the Kaufman-Roller bout the principals and managers will be arrested.
