**T**HE ROBERT VEITCH COMPANY, in presenting their catalogue, wish to call the attention of their patrons to the fact that they expect to keep up the old time reputation of selling nothing without personal tests, unless perfect faith in the grower will insure first class, fresh and reliable seeds. The company will this season extend their ordinary stock and will be able to furnish Grass Seeds, either for lawn or field culture, in an extended variety of strictly clean seed, also an assortment of Fertilizers for house plants, garden use or lawns, with a variety of Poultry and Bird Foods, Bird Gravel, Insecticides, or any other requisite required for the greenhouse, lawn or garden.

No charge for baskets, boxes, or packing on any order exceeding \$1.00 in value. Bags charged at cost price and credited on account if returned in good condition within thirty days after date of purchase.

The Robert Veitch Company give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs or plants they send out, and they will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms they are at once to be returned.

The following Catalogues are issued annually and will be mailed free to applicants: Feb. 15, "Catalogue of Seeds and Plants." Sept. 1, "Wholesale Price List of Bulbs." Sept. 15, "Catalogue of Bulbs and Winter Flowering Plants."

Other announcements as the season or change of price may require.

Address,

THE ROBERT VEITCH CO.,

## LAWN GRASS SEED.

In this special department we have for a number of years made a particular effort to supply our customers with what we knew, from practical experience, would be the best mixture of strictly clean Grass Seed, suitable for light soils, such as we have in New Haven and its environments. The mixture we put up ourselves (the stock is procured directly from the growers) and it includes extra clean Red Top, Pure Kentucky Blue, Re-cleaned Perennial Rye, Meadow Fescue, Screened Perennial Sweet Vernal, Clean White Clover, and a number of imported lawn grasses. This combination we are sure will give to all purchasers seed that will produce a quick growing, permanent, luxuriant lawn, just the thing that every one in this vicinity desires, as early in the spring as nature (with good seed) will produce, with a continuance during the summer and autumn months, or as much longer as may reasonably be expected.

### Hardy Herbaceous Plants.

Price, 25c. each. \$2.50 per dozen.

Of this class of useful plants for a permanent garden, we have for a long time devoted special attention, and can offer an extended collection of the most useful varieties, all furnished in good, strong clumps, many of them grown in pots. Space does not allow us to give a complete botanical list of the kinds we grow, but we would mention a few of the more prominent and easier cultivated varieties:

*Yellow Alyssum*, *Anemones*, *Columbines*, in great variety; *Herbaceous Spiraeas*, *Campanulas* or *Hare Bells*, *Hardy Coreopsis*, *Larkspurs*, *Day Lilies*, *Gaillardias*, *Sunflowers*, *Yellow Lilies*, *Hardy Candytuft*, *Iris*es, both German and Japanese, a very large assortment of superb varieties; *Everlasting Peas*, *Pæonias*, *Poppies*, *Phloxes*, both Spring and Summer flowering. *Pyrethrums*, in beautiful colors; *Ox Eye Daisies*, *Sedum* or *Stone Crep*, *Veronicas*, with a very large number of other and rare kinds.

# FRESH FLOWERS.

**WE** GROW a large proportion of the flowers we sell, and our principal aim is to secure freshness and quality. We will have a steady supply of the popular standard varieties, and are able to furnish our patrons with many odd or unusual flowers that will be in season, such as Acacias, Anemones, Camellias, Heliotrope, Freesias, Genistas, Irises, Lilacs, fancy Pansies, Poinsettias, Ranunculus, Scillas, Swainsonia, etc.

Special preparations have been made to furnish a daily supply of strictly fresh Roses, Carnations, Violets, Heliotrope, and Mignonette.

In the production of Bulbous Flowers we are growing an unusually large stock.

Smilax, Asparagus, Ferns, Ivy, Geranium and Galax leaves.

Designs of flowers. Loose natural bunches, or anything needed in funeral or decorative work, executed at short notice, and in the very best manner.

Lillies, Tulips, Narcissus, and a large variety of flowers for Easter, also during the Spring and early Summer months.
