July 31, 1925, March 5, 1928, November 16, 1928, July 30, 1932, and August 10, 1938:

Effective August 10, 1943, § 27.203 (section 3 of said public notice) is hereby amended to read as follows:

§ 27.203 *Original representations of staple lengths.* The lengths of staple designated as  $\frac{3}{4}$ ,  $\frac{7}{8}$ ,  $1\frac{1}{8}$ ,  $1\frac{1}{2}$ ,  $1\frac{3}{8}$ ,  $1\frac{3}{4}$ ,  $1\frac{7}{8}$ ,  $1\frac{1}{2}$ ,  $1\frac{3}{4}$ ,  $1\frac{7}{8}$ ,  $1\frac{1}{2}$ ,  $1\frac{3}{4}$  and  $1\frac{1}{2}$  inches, respectively, are each represented by a quantity of American upland cotton suitably contained and marked "Original Representation of official cotton standards of the United States (American Upland) Length of Staple", followed in each instance by the appropriate designation of staple length and the effective date, August 1, 1929; each of the lengths of staple designated as  $1\frac{1}{8}$ ,  $1\frac{3}{8}$ , and  $1\frac{1}{2}$  inches by a quantity of American Upland cotton similarly marked and followed in each instance by the appropriate designation of staple length and the effective date, August 1, 1933; each of the lengths of staple designated as  $1\frac{1}{2}$ ,  $1\frac{3}{8}$ ,  $1\frac{7}{8}$ , and  $1\frac{3}{4}$  inches by

a quantity of American Egyptian cotton suitably contained and marked "Original Representation of official cotton standards of the United States (American Egyptian) Length of Staple", followed in each instance by the appropriate designation of staple length and the effective date, August 1, 1929; each of the lengths of staple designated as  $1\frac{3}{8}$  and  $1\frac{7}{8}$  inches by a quantity of American Egyptian cotton suitably contained and marked "Original Representation of official cotton standards of the United States (American Egyptian) Length of Staple", followed in each instance by the appropriate designation of staple length and the effective date, August 10, 1932; and each of the lengths of staple designated as  $1\frac{1}{2}$ ,  $1\frac{1}{8}$ ,  $1\frac{5}{8}$  and  $1\frac{3}{4}$  inches by a quantity of Sea Island cotton suitably contained and marked "Original Representation of official cotton standards of the United States (Sea Island) Length of Staple", followed in each instance by the appropriate designation of staple length and the effective date, August 10, 1939. Said quantities of cotton are to be kept in the custody of the United States Department of Agriculture.

Done at Washington, D. C., this 7th day of August 1942. Witness my hand and the seal of the Department of Agriculture.

### Chapter III—Bureau of Entomology and Plant Quarantine

[B.E.P.Q. 485, Tenth Revision]

#### PART 301—DOMESTIC QUARANTINE NOTICES

##### WHITE-FRINGED BEETLE REGULATIONS MODIFIED

§ 301.72a *Administrative instructions; removal of certification requirements for specified articles.* (a) Pursuant to the authority conferred upon the Chief of the Bureau of Entomology and Plant Quarantine by the second proviso of § 301.72, Chapter III, Title 7, Code of Federal Regulations [Notice of Quarantine No. 72, on account of the white-fringed beetle], all certification requirements for the interstate movement from the regulated areas are hereby waived effective August 3, 1942, through January 31, 1943, for the following articles and materials enumerated in § 301.72-3:

(1) *Soil, sand, and gravel, as indicated below.* (i) Soil, when taken from a depth of at least 2 feet below the existing surface, and when entirely free from any surface soil to a depth of 2 feet.

(ii) Sand and gravel when washed, processed, or otherwise treated to the satisfaction of the inspector.

(2) *Articles other than soil.* When free from soil and when sanitation practices as prescribed by the inspector are maintained to his satisfaction, the following articles are exempt from certification during the period specified above:

(i) Potatoes.

(ii) Lily bulbs, except that freshly harvested or uncured bulbs are not exempt.

(iii) Forest products such as cordwood, stump wood, logs, lumber, timbers, posts, poles, and cross ties.

(iv) Hay, other than peanut hay; roughage of all kinds, straw, leaves, and leafmold.

(v) Peanuts in shells, and peanut shells.

(vi) Baled cotton lint, and linters.

(vii) Brick, tile, stone, cinders, concrete slabs, and building blocks.

The intensity of infestations has been greatly reduced by drastic suppressive measures applied throughout the infested areas. This factor, as well as the conditions of growth, production, or maintenance of the restricted articles, has so reduced the danger of dissemination of white-fringed beetles that certification of the exempted articles is no longer necessary.

(b) Except as specified above the following articles and materials shall remain under the restrictions of § 301.72-3:

(1) All soil, earth, sand, clay, peat, muck, compost, and manure, whether moved independent of, or in connection with, or attached to nursery stock, plants, products, articles, or things.

(2) Nursery stock.

(3) Grass sod.

(4) Lily bulbs when freshly harvested and uncured.

(5) Peanut hay.

(6) Seed cotton and cottonseed.

(7) Used implements, machinery, containers, scrap metal, and junk.

This revision supersedes Circular B.E.P.Q. 485, ninth revision, which became effective May 11, 1942. (7 CFR, § 301.72; sec. 8, 39 Stat. 1165, 44 Stat. 250; 7 U.S.C. 161)

Done at Washington, this 1st day of August 1942.

P. N. ANNAND,  
Chief.

### Chapter IV—Federal Crop Insurance Corporation

#### PART 404—1942 WHEAT CROP INSURANCE REGULATIONS

By virtue of the authority vested in the Federal Crop Insurance Corporation by the Federal Crop Insurance Act, approved February 16, 1938, as amended, the 1942 Wheat Crop Insurance Regulations are amended as follows:

Section 404.33<sup>1</sup> of said regulations is amended by adding the following new paragraph:

§ 404.33 *Time, place, and manner of making note payment.* \* \* \*

(d) In the event that a certificate of indemnity is presented to the Corporation for settlement, or to the Commodity Credit Corporation for a loan, before the maturity date of the note, the maturity date of the note shall become the day the cash equivalent is established for purposes of settlement, or the day application for such loan is made, as the case may be: *Provided, however,* That where a certificate of indemnity has been issued with respect to a transferred interest in the insured wheat crop, the maturity date of the note shall be so advanced only with respect to an amount equal to that portion of the premium under the contract applicable to such transferred interest.

Section 404.72 (e)<sup>2</sup> of said regulations is amended to read as follows:

§ 404.72 *Settlement under the certificate of indemnity.* \* \* \*

(e) Any indemnity payable under the insurance contract shall be subject to deduction for any indebtedness of the insured arising out of any crop insurance contract: *Provided, however,* That the deduction from any indemnity payable with respect to a transferred interest in the insured crop, for unpaid premium under the contract, shall not exceed the portion of the premium applicable to such transferred interest in the insured crop. Nothing herein contained shall

<sup>1</sup> 6 F.R. 3514.

<sup>2</sup> 6 F.R. 3518.

prevent the Corporation from collecting from the transferor an amount equal to the entire indebtedness under the insurance contract.

Section 404.80 (a) of said regulations is amended by striking the period at the end thereof, inserting a colon, and adding the following provision:

\* \* \* *Provided, however,* That the deduction from any indemnity payable with respect to a transferred interest in the insured crop, for unpaid premium under the contract, shall not exceed the portion of the premium applicable to such transferred interest in the insured crop.

(Secs. 506 (e), 516 (b), Federal Crop Insurance Act, as amended, 52 Stat. 73, 77; 7 U.S.C. 1506 (e), 1516 (b))

Adopted by the Board of Directors July 3, 1942.

[SEAL] M. CLIFFORD TOWNSEND,  
Chairman of the Board.

Approved: August 7, 1942.

PAUL H. APPLEBY,  
Acting Secretary of Agriculture.

Chapter VII—Agricultural Adjustment  
Agency

[PN-514-5]

PART 729—NATIONAL MARKETING QUOTA  
FOR PEANUTS

By virtue of the authority vested in the Secretary of Agriculture by Title III

of the Agricultural Adjustment Act of 1938 (52 Stat. 31, 7 U.S.C. 1301 *et seq.*), as amended, § 729.35<sup>1</sup> of the regulations pertaining to marketing quotas for peanuts of the crop planted in the calendar year 1941 (Form PN-514), prescribed June 7, 1941, as amended on June 28, August 25, and October 11, 1941, and March 12, 1942, is hereby amended to read as follows:

§ 729.35 *Excess peanuts marketed and identified as quota peanuts*—(a) *Through or to a designated agency.* If any peanuts which are in fact excess peanuts are marketed and identified in accordance with these regulations as quota peanuts, when delivered to or marketed through a designated agency or sub-agent thereof, the producer(s) on the farm shall, upon receipt of notice from the county committee of his correct marketing quota, refund to the designated agency, with respect to such peanuts, an amount equivalent to that by which the prices for quota peanuts approved by the Secretary exceed the prices for excess peanuts for oil determined by the Secretary or his authorized representative, in effect on the day such peanuts were so delivered and marketed. The county committee shall certify to the designated agency the amount of refund due and upon collection of the amount due shall transmit the check in payment thereof to the designated agency.

(b) *Through or to a buyer other than a designated agency.* If any peanuts

<sup>1</sup> 6 F.R. 4360.

which are in fact excess peanuts are marketed and identified in accordance with these regulations as quota peanuts, when delivered to or marketed through a buyer other than a designated agency, the producer(s) on the farm, upon establishing to the satisfaction of the county committee the type, grade, class, price received, and date of marketing of such peanuts may, in lieu of paying the penalty of 3 cents per pound, pay to the Treasurer of the United States through the office of the county committee or the office of the State committee, with respect to such peanuts, an amount equivalent to that by which the price received for such peanuts exceeds the price for excess peanuts for oil determined by the Secretary or his authorized representative, in effect on the date such peanuts were so delivered and marketed, had such peanuts been delivered to or marketed through a designated agency as excess peanuts. If the producer fails to remit such amount within 60 calendar days after the date of a notice of penalty due, then the marketing of such peanuts will be subject to the penalty, which shall be paid by the producer. (52 Stat. 31, 7 U.S.C. 1301 *et seq.*; Pub. Law 652, 77th Cong.)

Done at Washington, D. C., this 7th day of August, 1942. Witness my hand and the seal of the Department of Agriculture.

powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of said Executive Order. (E.O. 9095 as amended; 7 F.R. 5205)

Executed at Washington, D. C. on July 30, 1942.

LEO T. CROWLEY,  
Alien Property Custodian.

122, 076	1/26/37	M. Guanter	Production of pure cellulose.

TITLE 8—ALIENS AND NATIONALITY  
Chapter II—Office of Alien Property Custodian

[Vesting Order 68]

PART 502—VESTING ORDERS

PATENT APPLICATIONS OF GERMAN NATIONALS  
§ 502.68 Vesting order No. 68. Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned after investigation, finding that the property described as follows:

Patent applications listed and described in Exhibit A attached hereto and made a part hereof,  
is property in which nationals of a foreign country (Germany) have interests, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the

PART 503—GENERAL ORDERS

SERVICE OF PROCESS UPON ANY PERSON WITHIN ANY DESIGNATED ENEMY COUNTRY OR ANY ENEMY-OCCUPIED TERRITORY

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned hereby issues the following regulation:

§ 503.6 *General Order No. 6.* (a) In any court or administrative action or proceeding within the United States in which service of process or notice is to be made upon any person in any designated enemy country or enemy-occupied territory, the receipt by the Alien Property Custodian of a copy of such process or notice sent by registered mail to the Alien Property Custodian at Washington, D. C., shall be service of such process or notice upon any such person, if, and not otherwise, the Alien Property Custodian within sixty days from the receipt thereof shall file with the court or administrative body issuing such process or notice, a written acceptance thereof.

(b) Such process or notice shall otherwise conform to the rules, orders or practice of the court or administrative body issuing such process or notice.

(c) This order shall not be construed to limit the authority of the Alien Property Custodian to take any measures in connection with representing any such person in any action or proceeding as in his judgment and discretion is or may be in the interest of the United States.

(d) For the purposes of this order the terms:

(1) "Person" shall mean any individual, partnership, association or corporation;

(2) "Designated enemy country" shall mean any foreign country-against which the United States has declared the existence of a state of war (Germany, Italy, Japan, Bulgaria, Hungary and Rumania) and any other country with which the United States is at war in the future;

(3) "Enemy-occupied territory" shall mean any place under the control of any designated enemy country or any place with which, by reason of the existence of a state of war, the United States does not maintain postal communication. (E.O. 9095 as amended; 7 F.R. 5205)

Willocks, their respective representatives, salesmen and employees, directly or through any corporate or other device in connection with the offering for sale and sale and distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of tinted or colored photographic enlargements or miniatures of photographs and snapshots and of frames therefor, do forthwith cease and desist from:

1. Representing directly or in any manner, that colored or tinted photographs or colored or tinted photographic enlargements or reductions are hand-painted or are paintings;

2. Using the terms "oil painting," "Portrait painting," "hand painted" or "hand painted portrait," or the word "painting," either alone or in conjunction with any other words or terms in any way to designate, describe or refer to colored or tinted pictures, photographs, photographic enlargements or reductions or other pictures produced from a photographic base or impression;

3. Representing that pictures being sold in the regular course of business at the usual and customary prices therefor are being or will be sold only to a limited number of customers, or as an "introductory offer" or at an "advertising price" or at a "reduced price" or representing in any manner that a purchaser is receiving an advantage in price or other consideration not ordinarily available;

4. Representing that any specified sum in excess of the actual cost of production is merely the "cost of production";

5. Representing that the picture to be made and delivered will be a reproduction or duplication of the sample displayed to the customer unless in fact the picture thereafter delivered is of the same quality, design and workmanship as said sample;

6. Using the trade names "Art Studios," "Art Institute," "Art Company," "Art Association" or any other fictitious name of similar import unless the respondent so using such name or names actually owns, operates, conducts or controls an organization or establishment of the character indicated and comprehended by the trade name so used;

7. Misrepresenting, or authorizing, permitting or cooperating in the misrepresentation of, the financial responsibility, prestige or standing of the respondents or the character and extent of their business by falsely claiming to be a subsidiary or business affiliate of an operating, established house, or by deceptively using the business address of such established house as and for business al-

legedly operated by them, and from misrepresenting through the use of fictitious trade names and misleading street and post office addresses the place, character and extent of the business actually conducted by them;

8. Representing that respondents maintain art studios, art institutes or art academies in which art classes are held for the purpose of giving experience to young artists and that such students will paint by hand portraits and miniatures from photographs furnished to sales agents by customers;

9. Using a "draw," "draw contest" or so-called "lucky" blanks, numbers slips, coupons or certificates, or any other device, plan or scheme, or any prize contest or special introductory or advertising offer, so as to represent, indicate or imply that any customer will obtain a financial advantage thereby or be entitled to receive any picture free or to receive a substantial discount or reduction in the price of any picture or pictures;

10. Using the terms "field artist" or "instructing artist" or similar terms to designate, describe or refer to operators or salesmen delivering pictures or "sketches" of pictures or selling frames;

11. Concealing from or failing to disclose to customers at the time pictures are ordered that the finished picture when delivered will be so shaped and designed that it can only be used in a specially designed, odd-style frame which can be procured only from respondents;

12. Failing or refusing, in cases where a picture ordered has been completed and paid for, to return to the customer the completed picture or the photograph or snapshot previously loaned by the customer for use in producing the picture;

13. Representing as the customary or regular prices or values for frames, prices and values which are in fact greatly in excess of the prices at which said frames are customarily offered for sale and sold in the normal and usual course of business.

*It is further ordered,* That this proceeding, insofar as it relates to C. A. Hicks, individually and trading as H. B. Art Company, Ruth Attix, Henry Acie Barrentine, Earl Bigby, Lloyd Brown, H. V. Caton, L. Clark, O. D. Clayton, Robert Dodd, George F. Donehue, J. F. Evans, Thos. Gaddis, V. Gantt, Jimmy Greenwood, L. H. Marsden, Thelmar Marshall, J. H. McCoy, J. W. Parker, T. E. Savage, Lillian Shepard, John G. Tierney, Stella Timmerman, Kay Harriet Whitten and Chester Wofford, be, and the same hereby is, closed without prejudice, the Commission being unable to effect service of complaint upon said respondents.

*It is further ordered,* That all of said respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

## TITLE 30—MINERAL RESOURCES

### Chapter III—Bituminous Coal Division

[Docket No. A-1334]

#### PART 324—MINIMUM PRICE SCHEDULE DISTRICT No. 4

##### ORDER GRANTING RELIEF

Order granting relief in the matter of the petition of District Board No. 4 for definition of vessel fuel in the Schedule of Effective Minimum Prices for District No. 4 for All Shipments Except Truck and marketing rules and regulations to include coals shipped to railroad and unloading piers and shipped to docks which are not such piers.

A petition having been filed with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 by District Board 4, requesting that the presently effective vessel fuel coal prices for District 4 be made applicable to all shipments for vessel fuel use regardless of the manner of unloading such coal into the bunkers;

Petitions of intervention having been filed by District Boards 1, 2 and 6 and a Notice of Appearance having been filed by Bituminous Coal Consumers' Counsel;

A hearing in this matter having been held, pursuant to Order of the Acting Director and after due notice to all interested persons, before Travis Williams, a duly designated Examiner of the Division, at a hearing room thereof in Washington, D. C. at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard;

The preparation and filing of a Report by the Examiner having been waived and the record therein having been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion in this matter, which are filed herewith;

*Now, therefore, it is ordered,* That the Statement (No. 39) of the Director dated August 25, 1941, entitled: "Statement of the Director Concerning Minimum Prices on Bunker Coal and Distributors' Discounts Thereon," be and the same hereby is approved and confirmed.

*It is further ordered,* That § 321.1, § 322.1, § 323.1, § 324.1, § 325.1, § 326.1 (*Price instructions and exceptions—(b) Price exceptions*), § 327.1 (*Low volatile and high volatile coals, price instructions and exceptions—(b) Price exceptions*), and § 328.1 (*Price instructions and exceptions—(b) Price exceptions*) in the respective Schedules of Effective Minimum Prices for Districts Nos. 1, 2, 3, 4, 6, 7 (high volatile), and 8 (high volatile) For All Shipments Except Truck be and the same hereby are revised and amended by the addition of a special price exception to read as follows:

Vessel Fuel Prices shown herein apply on shipments of coal to the Detroit and Cleveland Navigation Company at its 9th Street dock, Cleveland, Ohio, for vessel fuel use.

Dated: July 31, 1942.

**Chapter VI—Selective Service System**

**PART 628—APPEAL TO THE PRESIDENT**

[Amendment 69, 2d Ed.]

**APPEALS ON GROUNDS OF DEPENDENCY ONLY**

By authority vested in me as Director of Selective Service under 54 Stat. 885; 50 U.S.C., Sup. 301-318, inclusive; E.O. No. 8545, 5 F.R. 3779, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

1. Amend § 628.2<sup>1</sup> to read as follows:

§ 628.2 *Appeals on grounds of dependency only.* (a) The registrant or any person who claims to be a dependent of the registrant, at any time within 10 days after the mailing by the local board of the Notice of Classification (Form 57) or the Notice of Continuance of Classification (Form 58), may appeal from the classification of the registrant by the board of appeal provided (1) the appeal is made upon the grounds of dependency only; (2) the registrant was classified by the board of appeal in either Class I-A, Class I-A O, Class I-B, Class I-B-O, Class IV-E, or Class IV-E-LS; and (3) one or more members of the board of appeal dissented from such classification. The local board may permit any person who is entitled to appeal under this paragraph to do so, even though the 10-day period herein provided for appeal has elapsed, if it is satisfied that the failure of such person to appeal within the 10-day period was due to a lack of understanding of the right of appeal or to some cause beyond the control of such person. Unless the local board permits such an appeal, the right of such persons to appeal shall terminate at the end of the 10-day period herein provided.

(b) Whenever the government appeal agent is convinced that it is in the interest of the United States or necessary in order to avoid great and unusual hardship to the dependents of a registrant, he may file in the registrant's file a request

<sup>1</sup> 6 F.R. 6846; 7 F.R. 4155.

that the State Director of Selective Service appeal to the President from the classification of the board of appeal. The registrant's file shall be forwarded to the State Director of Selective Service. If the State Director of Selective Service is convinced that an appeal to the President should be taken, he shall execute a certificate, in writing, as follows:

Upon the recommendation of the government appeal agent and being convinced that it is in the interest of the United States or necessary in order to avoid great and unusual hardship to the dependents of the registrant, I hereby appeal to the President from the classification of the board of appeal and recommend that the registrant be placed in Class III-A or Class III-B.

If the State Director of Selective Service determines not to take an appeal to the President, he shall return the file to the local board together with the statement that he does not intend to take an appeal. During the time that any registrant's file is being forwarded to or considered by the State Director of Selective Service, the registrant shall not be inducted.

2. The foregoing amendment to the Selective Service Regulations shall be effective immediately upon the filing hereof with the Division of the Federal Register.

## Chapter IX—War Production Board

## Subchapter B—Director General for Operations

## PART 971—ETHYL ALCOHOL AND RELATED COMPOUNDS

[General Preference Order M-30, as amended August 8, 1942]

Section 971.1 *General Preference Order M-30* is hereby amended to read as follows:

§ 971.1 *General Preference Order M-30*—(a) *Definitions*. (1) "Ethyl alcohol" means ethyl alcohol of 160 proof or more, denatured or undenatured, and from whatever source derived, but shall not include ethyl alcohol produced for beverage purposes.

(2) "Related compounds" means acetic acid, ethyl ether and ethyl acetate from whatever source derived.

(3) "Producer" means any person engaged in the production of ethyl alcohol or related compounds, and includes any person who has ethyl alcohol or any related compounds produced for him pursuant to toll agreement.

(4) "Distributor" means any person who has purchased or purchases ethyl alcohol or any related compounds for purposes of resale.

(5) "Calendar quarter" means the several three month periods of the year commencing January 1, April 1, July 1 and October 1.

(b) *Applicability of priorities regulations*. This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(c) *Restrictions on use and deliveries of ethyl alcohol*. Anything in Priorities Regulation No. 1 to the contrary notwithstanding, and except as hereafter may be otherwise directed by the Director General for Operations:

(1) No person shall, during any calendar quarter commencing January 1, 1942, accept delivery of ethyl alcohol for any purpose not specified in paragraphs (c) (2), (3) and (4) hereof in excess of 100% of the quantity of ethyl alcohol which he used (distributed in the case of a distributor) for such purpose during the corresponding calendar quarter in the twelve months period ended June 30, 1941.

(2) No person shall, during any calendar quarter commencing January 1, 1942, accept delivery of ethyl alcohol for a purpose set forth below in excess of that percentage, set opposite such purpose, of the quantity of ethyl alcohol which he used (distributed in the case of a distributor) for such purpose during the corresponding calendar quarter in the twelve months period ended June 30, 1941:

Purpose	Percentage
Hair and scalp preparations	75% during the calendar quarter commencing January 1, 1942.
Bay rum	
Shampoos	
Face and hand lotions	70% during each calendar quarter thereafter.
Body deodorants	
Toilet waters	
Perfume and perfume tinctures	
Toilet soaps (including shaving cream)	
Mouth washes	
Tooth cleaning preparations	
Perfume materials and fixatives	
Rubbing alcohol	
Witch hazel	
Deodorant sprays (non-body)	
Candy glazes	
Shoe polish	

(3) No person shall, during any calendar quarter commencing July 1, 1942, accept delivery of ethyl alcohol for the manufacture of vinegar in excess of 110% of the quantity of ethyl alcohol which he used (distributed in the case of a distributor) for such purpose during the corresponding calendar quarter in the twelve months period ended June 30, 1941.

(4) Persons may, subject to Priorities Regulation No. 1, accept delivery of ethyl alcohol for the purposes set forth below without limitation:

Military explosives
Acetic acid (except vinegar for food use)
Ethyl acetate
Ethyl chloride
Other ethyl esters
Plastics and resins (manufacture of)
Acetaldehyde
Ethyl ether
Basic medicinal chemicals not in compounded form
Glycol and other ethers
Fulminate of mercury
Ethylene dibromide
Xanthates
Flotation reagents
Ethylene gas and ethylene oxide
Dyes and intermediates (manufacture of)
Nitrocellulose (dehydration)
Nitrocellulose (dissolving and as diluent)
Diethylamine (for the manufacture of synthetic rubber)
Hydro sulfites
Pectin
Shellac, natural resins and gums (dissolving)

(5) No producer shall, during any calendar quarter commencing January 1, 1942, use ethyl alcohol in excess of the quantity of ethyl alcohol, delivery of which he may accept pursuant to paragraphs (c) (1), (2) and (3) above.

(6) No producer or distributor shall deliver any ethyl alcohol to any person during any calendar quarter unless, prior to such delivery, the deliverer shall have submitted to the deliverer a certificate, properly filled out and manually signed

by a duly authorized official, in substantially the following form:

The delivery, during this calendar quarter of ---- gallons of ethyl alcohol, which the undersigned requires for a purpose set forth, either specifically or otherwise, in paragraph (c) of General Preference Order No. M-30, as amended, and in connection with which this certificate is submitted, will not be, taking into consideration ethyl alcohol received and to be received during this calendar quarter from all sources, in excess of ---- percent of the quantity of ethyl alcohol which the undersigned used for the same purpose during the corresponding calendar quarter in the twelve months period ended June 30, 1941, and will not be in excess of the quantity of ethyl alcohol to which the undersigned is entitled pursuant to said order, with the terms of which the undersigned is familiar.

(7) The restrictions and requirements hereinabove set forth with respect to the use and delivery of ethyl alcohol shall not apply to delivery to:

(i) The Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development.

(ii) The Government of any of the following countries: Belgium, China, Czechoslovakia, Free France, Greece, Iceland, Netherlands, Norway, Poland, Russia, Turkey, United Kingdom, including its Dominions, Crown Colonies and Protectorates, and Yugoslavia.

(iii) The government of any country, including those in the Western Hemisphere, pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(iv) Persons holding permits issued by the Bureau of Internal Revenue permitting them to acquire undenatured ethyl alcohol tax free.

(v) Fill orders bearing a preference rating of A-1-j or higher for such ethyl alcohol.

Quantities permitted hereunder shall be in addition to quantities permitted under paragraphs (c) (1), (2) and (3) hereof.

(d) *Small order exemption*. The restrictions and requirements set forth in paragraph (c) hereof shall not be applicable with respect to deliveries of quantities of ethyl alcohol of fifty-four gallons, or less, to any one person in any one month (less any quantities delivered to such person during such months from other sources).

## PART 982—MINES

[Amendment 3 to Preference Rating Order P-56, as Amended March 2, 1942]

Preference Rating Order P-56 (§ 982.1)<sup>1</sup> is hereby amended as follows:

1. Paragraphs (c), (d), (e), (f), and (g) are hereby revoked.

2. The following new paragraphs are hereby adopted:

(c) *Assignment of preference ratings.* Subject to the terms of this order the following preference ratings are hereby assigned to deliveries to operators, but nothing herein contained shall prevent the use of any other or higher rating to which any person may be entitled by reason of any other preference rating, certificate, or order.

(1) A-1-a and A-1-c to deliveries of repair parts for machinery and equipment of the types listed in Schedule A hereto: *Provided*, That such repair parts are for use in a mining enterprise less than 30 percent of the production of which in dollar value for the previous calendar quarter was derived from any one or more of the following:

Sand (except foundry sand), gravel, crushed stone and slag including all commercially recognized forms of these products;

Clay of all types, except those used for refractories and ceramics for electrical use;

Building and ornamental stone of all types;

Gypsum, talc, soapstone, slate (except for electrical use), and all raw material for the manufacture of lime and calcareous cements;

Such ratings shall be applied by an operator only to deliveries in any calendar quarter of a quota for each such rating consisting of such dollar value of repair parts as may be expressly authorized by the Director General for Operations after application by such operator in the form prescribed by the Director.

(2) A-8 to deliveries of material for other repairs to, for maintenance of, and for operating supplies for, property and equipment used in and essential to the operation of a mining enterprise.

(3) A-10 to deliveries of material for all other repairs, maintenance and operating supplies.

(d) *Other preference ratings assignable.* The Director General for Operations may also, upon written or telegraphic request, assign the following ratings to deliveries of material to operators in particular cases. In acting on such requests the Director General will consider the importance to national defense of the material to be produced by the machinery, equipment or other material for which the rating is requested and the consumption of scarce material in the construction thereof.

<sup>1</sup> 7 F.R. 1637, 2786, 3660.

(e) *Manufacture of anti-freeze.* The quantity of ethyl alcohol that may be used in the manufacture of anti-freeze shall be controlled by the provisions of General Limitation Order No. L-51, as amended from time to time.

(f) *Restrictions on production of ethyl alcohol.* Except as may be otherwise directed by the Director General for Operations, no producer shall, after January 15, 1942, produce ethyl alcohol from molasses (as defined in General Preference Order No. M-54, as amended) unless his equipment and facilities capable of producing ethyl alcohol from corn or grain are being utilized to the fullest extent possible in the production of ethyl alcohol from corn or grain.

(g) *Reports.* Reports shall be made at such times, on such forms and with respect to such matters as shall be prescribed by the Chemicals Branch of the War Production Board.

(h) *Notification of customers.* Producers shall, as soon as practicable, notify each of their regular customers of the requirements of this order, but the failure to give such notice shall not excuse any person from the obligation of complying with the terms hereof.

(i) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(j) *Appeals.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of ethyl alcohol and related compounds conserved, or that compliance with this order would disrupt or impair a program of conversion from non-defense to defense work, may appeal to the War Production Board, Reference M-30, attention Chemicals Branch, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 8th day of August 1942.

(1) Such ratings as may be required to obtain deliveries of material for repair of property or equipment used in and essential to the operation of a mining enterprise when and only when there has been an actual breakdown or suspension of operations because of damage, wear and tear, destruction or failure of parts and the like, and the essential material is not otherwise available. Requests for this rating must describe the material needed and the nature of the emergency.

(2) A-1-a and A-1-c to deliveries not rated under paragraph (c) (1) of repair parts for essential productive facilities up to the minimum required to make reasonable advance provision to avert actual breakdown or suspension. Requests for these ratings must describe the material needed and the reasons why advance provision is necessary to avert breakdown or suspension.

(3) To deliveries of essential material and equipment whether or not included in Schedule A, such preference ratings as the Director General may assign to particular orders for such equipment. Requests for such rating must describe the material needed and the reasons why it is essential for the proper operation of the mining enterprise.

(e) *Application and extension of preference ratings.* (1) Preference ratings assigned by or pursuant to this order shall be applied by an operator and extended by his suppliers in accordance with the terms of Priorities Regulation No. 3, as from time to time amended. An operator in applying such a preference rating shall also endorse on his contract or purchase order his serial number hereunder.

(2) No preference rating assigned by or pursuant to this Order shall be applied or extended to deliveries of material to be used primarily to reduce operating costs rather than primarily to maintain or increase production.

(f) *Restrictions on inventory.* In addition to the restrictions imposed by Priorities Regulations Nos. 1 and 3, as from time to time amended, an operator shall not accept deliveries (whether or not rated hereunder) of material for repair, maintenance, or operating supplies which will increase the inventory available to the operator for such purposes to an amount greater than the minimum necessary to sustain the current level of operations of the operator and the ratio of such inventory to current production shall in no event exceed the ratio of average inventory to average production for the years 1938, 1939, and 1940.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 8th day of August 1942.

AMORY HOUGHTON,  
Director General for Operations.

## SCHEDULE "A"

As to all machines listed below, the rating provided herein likewise applies to equipment items, accessories, and tools customarily sold with such machines.

<sup>2</sup> 7 F.R. 2471, 2679, 3444.

account and for export; and the following order to provide for the orderly scheduling of production, repair, rebuilding, and delivery of such industrial cars is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1188.4 *General Limitation Order L-97-b*—(a) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the Priorities Regulations of the War Production Board, as amended from time to time.

(b) *Definitions.* For the purpose of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Industrial cars" means cars of the railroad type (including cane cars) which are used in intra-plant service.

(3) "Railroad type" car means any car, except units which are self-propelled, falling within the "Classification of Cars, Definitions and Designating Letters Of", as adopted in 1910 and revised in 1942 by the Mechanical Division, Operations and Maintenance Department, Association of American Railroads.

(4) "Producer" means any person engaged in the production or delivery of new or used cars for sale as industrial cars.

(5) "Produce" means to produce new industrial cars, or to repair, rebuild or convert used cars for sale as industrial cars.

(6) "Repair", "rebuild" or "convert" means to repair, rebuild or convert used cars for sale as industrial cars, but shall not include the repairing, rebuilding or converting of used cars by or for the owner thereof for use as industrial cars.

(c) *Restrictions on production and delivery of industrial cars.* On and after the effective date of this order, irrespective of the terms of any contract of sale or purchase or of any other commitment, no producer shall produce or deliver any industrial car except as authorized pursuant to the provisions of paragraph (d) hereof.

(d) *Production and delivery schedules.*

(1) Each producer shall schedule (or re-schedule, if necessary) his production and make deliveries of industrial cars in accordance with such specific directions as may be issued from time to time by the Director General for Operations.

(2) The production and delivery schedules established by any specific direction issued pursuant to paragraph (d) (1) above shall be maintained without regard to any preference ratings already assigned or hereafter assigned to particular contracts, commitments, or purchase orders and without regard to production schedules in effect on the effective date of this order, and may be altered only upon specific direction of the Director General for Operations.

(3) If it becomes impossible for any producer to maintain production and delivery of industrial cars in accordance

with any such schedule, he shall immediately notify the Director General for Operations, and, unless otherwise directed by the Director General for Operations, he shall continue to produce and deliver industrial cars in the order set forth in such schedule and shall postpone production and delivery of any such industrial cars only to the extent required by the circumstances causing his failure to maintain production and delivery as required by such schedule.

(e) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales of industrial cars, which records shall be available for audit and inspection by duly authorized representatives of the War Production Board.

(f) *Reports.* All persons affected by this order shall execute and file with the War Production Board such reports and questionnaires as said Board shall from time to time require.

(g) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(h) *Communications.* All communications concerning this order should be addressed to War Production Board, Transportation Equipment Branch, Washington, D. C., Ref: L-97-b. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. PART 1199—METAL HAIRPINS AND METAL BOB PINS

[Amendment 1 to General Limitation Order L-104]

Paragraph (a) of § 1199.1 (General Limitation Order L-104) is hereby amended by adding at the end thereof a new paragraph (a) (5):

(5) During the period from July 24, 1942 to September 15, 1942, inclusive, no manufacturer shall produce more metal hairpins or metal bob pins than 54 times 50% of the daily average of pounds of metal hairpins or metal bob pins, respectively, produced by him during the calendar year 1941.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7

F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

PART 1245—WOOD UPHOLSTERED FURNITURE

[General Limitation Order L-135]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of iron and steel and other critical materials for defense, for private account and for export; and the following order is deemed necessary and appropriate for the public interest and to promote the national defense:

§ 1245.1. *General Limitation Order L-135*—(a) *Definitions.* For the purposes of this order:

(1) "Wood upholstered furniture" means upholstered furniture containing less than 5% of metal in the net weight of the finished product, other than metal contained in steel upholstery springs and such minimum amount of iron or steel as is required for nails, nuts, bolts, screws, clasps, rivets and other joining hardware; but not including furniture designed for dual sleeping and seating purposes, such as day beds, studio couches and sofa beds.

(2) "Steel upholstery springs" means any type of upholstery springs, intended for use in wood upholstered furniture, whether flat, coiled or otherwise formed, made of steel, including but not limited to, upholsterer's seat springs, spring cushion units, pillow springs, flat or formed under constructions, spring constructions, spring supporting bars, edgewire and edgewire clips.

(3) "Steel upholstery springs manufacturer" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons whether incorporated or not, engaged in the production of steel upholstery springs.

(4) "Wood upholstered furniture manufacturer" means any individual, partnership, association, business trust, corporation, governmental corporation or agency or any organized group of persons whether incorporated or not, engaged in the production of new wood upholstered furniture.

(b) *General restrictions.* (1) On and after August 8, 1942, no steel upholstery springs manufacturer shall accept delivery of any steel wire or flat steel to be used in the production of steel upholstery springs from any source whatsoever, except from the inventories of other steel upholstery springs manufacturers.

(2) On and after November 1, 1942, no wood upholstered furniture manufacturer shall process, fabricate, work on or assemble any new wood upholstered fur-

niture which contains any iron or steel other than joining hardware.

(3) The sales specified below shall be expressly permitted within the terms of subparagraph (c) (2) (iii) of Priorities Regulation No. 13 (Part 944):

(i) Sales by steel upholstery springs manufacturers of steel wire or flat steel to be used in the production of steel upholstery springs to other steel upholstery springs manufacturers;

(ii) Sales by wood upholstered furniture manufacturers of steel upholstery springs to other wood upholstered furniture manufacturers.

(c) *Records.* All persons affected by this order shall keep and preserve for not less than two years, accurate and complete records concerning inventories and sales of wood upholstered furniture and steel upholstery springs.

(d) *Reports.* All persons affected by this order shall execute and file with the War Production Board such reports and questionnaires as said Board shall from time to time prescribe.

(e) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(f) *Communications.* All reports to be filed and other communications concerning this order should be addressed to the War Production Board, Washington, D. C., Ref.: L-135.

(g) *Appeal.* Any appeal from the provisions of this order must be made on Form PD-500 and must be filed with the field office of the War Production Board for the district in which is located the plant to which the appeal relates.

(h) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance.

(i) *Application of other orders.* In so far as any other order issued by the Director of Priorities, the Director of Industry Operations, or the Director General for Operations, or to be issued hereafter by the Director General for Operations, limits the use of any material in the production of wood upholstered furniture to a greater extent than the limits imposed by this order, the restrictions in such other order shall govern unless otherwise specified therein.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 8th day of August 1942.

#### PART 3024—MEN'S WORK CLOTHING

[General Limitation Order L-181]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of men's work clothing for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 3024.1 *General Limitation Order L-181*—(a) *Definitions.* For the purpose of this order:

(1) "Men's work clothing" means any of the following garments, customarily graded as men's:

Waistband overalls or dungarees.  
Bib overalls.  
Overall jumpers or coats.  
One-piece work suits.  
Work pants.  
Work shirts.

(2) "Put into process" means the first cutting operation of material in the manufacture of any men's work clothing.

(3) Pro rata widths—where a certain width material is specified—narrower or wider width material shall be figured in pro rata yardages allowed or restricted.

(4) Measurements set forth refer to finished measurements after all manufacturing operations have been completed and the garment is ready for shipment.

(5) Yards specified "to the dozen" shall mean the average yardage, over any 90 day period after August 15, 1942, consumed in the cutting of each type of garment.

(6) Yards specified "to the dozen" may be exceeded proportionately in the manufacture of sizes larger than specified herein to meet the needs of oversize persons.

(7) All terms used in this order shall have their usual and customary trade meanings unless stated otherwise.

(b) *General exceptions.* The prohibitions and restrictions of this order shall not apply to:

17 F.R. 4174, 4778, 4779, 5663, 5985.

(1) Sales and deliveries by, to or for the account of the ultimate consumers by any person who does not put cloth into process for the manufacture of work clothing.

(2) Men's work clothing put into process or manufactured prior to August 15, 1942.

(3) Drills, twills or jeans used for pocketing or waistbanding or cardboard boxes used for packaging men's work clothing in the inventory of the manufacturer on August 15, 1942.

(4) Men's work clothing to fill purchase orders placed by or for the account of the Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Selective Service System, the Civil Aeronautics Administration, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development and the Defense Supplies Corporation.

(5) Men's work clothing made and sold to conform with State, County or Municipal safety laws, codes or regulations: *Provided*, That such laws, codes or regulations were in existence on August 15, 1942, and specifically required the use of work clothing not made in conformity with the provisions of this order.

(6) Garments manufactured in the home except when made for sale or for a contractor or jobber or other person who sells such garments.

(c) *General curtailments.* No person shall, after August 15, 1942, put into process, or cause to be put into process by others for his account, any material for the manufacture of, and no person shall, after the said date, sell or deliver any men's work clothing, the material for which was put into process after August 15, 1942, with:

(1) False or more than double stitching:

(2) Pockets or waistbands made from drills, twills or jeans heavier than 39 inch 4.00 yard, except as provided in paragraph (b) (2).

(3) Pockets of more than single thickness.

(d) *Additional curtailments.* No person shall hereafter put into process, or cause to be put into process by others for his account, any material for the manufacture of, and no person shall sell or deliver any of the following men's work clothing, the cloth for which was put into process after August 15, 1942.

(1) *Waistband overalls or dungarees* with:

(i) More than two front or swing pockets, two hip pockets, one rule pocket and one watch pocket.

(ii) Suspender buttons or with more than four fly buttons and one button or snap fastener on waistband.

(iii) Back buckle or strap.

(iv) More than nine bartacks or rivets exclusive of those needed on belt loops.

(v) Sizes other than 26 to 50 waist and 27 to 36 inseam.

(vi) More than 33½ yards or less than 31 yards to the dozen of 28/29 inch material: *Provided, however*, That for the sole purpose of allowing such garments

(e) *Certification.* No person, who has heretofore or shall hereafter put into process or cause to be put into process by others for his account any men's work clothing, shall hereafter sell such work clothing without furnishing to his purchaser (when other than an ultimate

consumer) a certification, signed by an individual duly authorized to sign for such person, in substantially the following form:

The undersigned hereby certifies to his purchaser and the War Production Board that the men's work clothing covered by his invoice No. \_\_\_\_\_ dated \_\_\_\_\_ (or the annexed invoice) has been manufactured or sold in accordance with the curtailment and/or exceptions of General Limitation Order L-181.

(f) *Appeals.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of men's work clothing conserved, or that compliance with this order would disrupt or impair a program of conversion from nondefense to defense work, may appeal to the War Production Board, Reference L-181, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(g) *Records and inspections.* (1) Each person affected by the order shall keep and preserve for a period of not less than two years accurate and complete records of his applicable inventories, certifications, production, sales and transactions. (2) All records required to be kept by the order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(h) *Reports and communications.* (1) Each person affected by the order shall execute and file with the War Production Board such reports and questionnaires as may be requested by the Board from time to time. (2) All reports required hereunder, and all communications concerning the order, shall be addressed to: War Production Board, Textile, Clothing and Leather Branch, Washington, D. C., Reference: L-181.

(i) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance. **PART 3035—NUTGALLS AND TANNIC ACID U. S. P.**

[General Conservation Order M-204]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of nutgalls and tannic acid U. S. P. for the war effort, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the war effort:

§ 3035.1 *General Conservation Order M-204*—(a) *Definitions*. For the purposes of this order:

(1) "Nutgalls" means the excrescences or galls obtained from the young twigs of *Quercus infectoria* Olivier and other allied species of *Quercus* (Fam. *Fagaceae*) or from the leaves of *Rhus semialata* Murray or *R. javanica* L.

(2) "Tannic acid U. S. P." means gallo-tannic acid or so called tannin meeting U. S. P. requirements.

(b) *General restrictions*. Except as provided in paragraph (c) of this order, after the date of issuance of this order.

(1) No person shall process, combine with other materials or use:

(i) Any nutgalls except for the maximum production of tannic acid U. S. P.

(ii) Any tannic acid U. S. P. except

(a) For the treatment of burns, or for the manufacture of a product to be used exclusively for the treatment of burns, or

(b) As an analytical reagent for use in analytical, control and research laboratories, or

(c) As an antidote for internal administration in the treatment of poisoning, or

(d) In the extemporaneous compounding by licensed pharmacists of individual prescriptions of licensed physicians, dentists or veterinarians, or in the extemporaneous compounding of medicines by licensed physicians, dentists or veterinarians for their own patients.

(2) No person shall sell, transfer or deliver, or purchase or accept transfer or delivery of, any nutgalls or tannic acid U. S. P. which he knows, or has reason to believe, is to be processed, combined with other materials or used for purposes other than those permitted by paragraph (b) (1).

(3) Except in the case of a sale, transfer or delivery of tannic acid U. S. P. to a person exempted from the restrictions of this order by paragraph (c) (3), no person shall sell, transfer or deliver any nutgalls or tannic acid U. S. P. until he has received a certificate signed by the person purchasing or accepting transfer or delivery, or a duly authorized official, in substantially the following form, but adopting only the pertinent parts:

The undersigned hereby certifies that the material ordered in connection herewith will not be processed, combined with other materials or used:

In the case of nutgalls, except for the maximum production of tannic acid U. S. P.;

In the case of tannic acid U. S. P. except (1) For the treatment of burns, or for the manufacture of a product to be used exclusively for the treatment of burns, or

(2) As an analytical reagent for use in analytical, control and research laboratories, or

(3) As an antidote for internal administration in the treatment of poisoning, or

(4) In the extemporaneous compounding by licensed pharmacists of individual prescriptions of licensed physicians, dentists or veterinarians, or in the extemporaneous compounding of medicines by licensed physicians, dentists or veterinarians for their own patients.

Such material will not be sold, transferred or delivered by the undersigned for any purpose other than those specified herein. This certification is made in accordance with the terms of Order M-204 with which the undersigned is familiar.

Quantities ordered in connection herewith:

Material	Quantity
Nutgalls.....	.....
Tannic Acid (U. S. P.).....	.....

Name.....  
By.....  
Date..... Address.....

Such certification shall constitute a representation to the War Production Board and the seller or supplier of the facts stated therein. The seller or supplier shall be entitled to rely on such representation unless he knows or has reason to believe it to be false.

(c) *Applicability of restrictions*. The restrictions contained in paragraph (b) of this order shall not apply to:

(1) Any stock of nutgalls consisting of less than five pounds physically located at any one place on August 8, 1942; but any stock weighing five pounds or more physically located at any one place on said date shall, in its entirety, be subject to said restrictions.

(2) Any transaction affecting, or any use of, any nutgalls or tannic acid U. S. P. which on August 8, 1942, had been combined or compounded with other materials; but any transaction affecting, or any use of, any nutgalls or tannic acid U. S. P. which has been combined or compounded with other materials after said date shall be subject to said restrictions.

(3) Any person who uses tannic acid U. S. P. or a product containing tannic acid U. S. P. for a medicinal purpose and does not resell such material in any form; but this exemption shall not relieve any person who sells or delivers

such material to an exempted person from liability for violation of the provisions of paragraph (b) (2) of this order.

(d) *Reports*. (1) Every person having in his possession or control at any one place on August 8, 1942, any stock of nutgalls consisting of five pounds or more, or any stock of tannic acid U. S. P. consisting of two pounds or more shall make a report on Form PD-623, which shall be filed with the War Production Board (Reference M-204) before August 31, 1942. (In calculating the weight of a stock of tannic acid U. S. P., any tannic acid U. S. P. which has been combined or compounded with other materials on August 8, 1942, shall not be included.)

(2) All persons affected by this order shall file such other reports as may be required from time to time by the War Production Board.

(e) *Records*. All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production, and sales, and shall also preserve any certificates received in accordance with the terms of this order.

(f) *Appeals*. Any person affected by this order who considers that compliance herewith would work an exceptional and unreasonable hardship upon him may appeal to the War Production Board, setting forth the pertinent facts and the reasons such person considers that he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(g) *Communications to War Production Board*. All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Health Supplies Branch, Washington, D. C. Ref: M-204.

(h) *Violations*. Any person who willfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 8th day of August 1942.

Subchapter B—Director General for Operations

PART 997—PRODUCTION AND DELIVERY OF MACHINE TOOLS

[Interpretation 4 of General Preference Order E-1-b]

The following official Interpretation is hereby issued by the Director General for Operations with respect to § 997.2 *General Preference Order No. E-1-b*:

An urgency standing should not be used in connection with a Preference Rating Certificate PD-1A. General Preference Order E-1-b defines as service purchasers those whose preference rating certificates or whose endorsed purchase orders show that the preference rating was assigned by an original Preference Rating Certificate PD-3, PD-3A, or PD-4, or by Preference Rating Order P-19-h.<sup>1</sup> Hence, the holder of a PD-1A Certificate cannot be a service purchaser as he is excluded from the definition.

Urgency standings govern the sequence of deliveries of machine tools as between service purchasers of the same group within their respective percentage quotas. If a person seeking to procure a machine tool is not a service purchaser he cannot be a member of one of the service purchasers groups, and the urgency standing therefore has no effect upon the delivery of the tool to him. The tool must come out of the 25 percent quota assigned to foreign and other purchasers, and the sequence of its delivery will be determined solely by its required delivery date and its preference rating, in the absence of a specific direction of the Director General for Operations. (P.D. Reg.

PART 1002—IRON AND STEEL PRODUCTION MAINTENANCE, REPAIR AND SUPPLIES

[Amendment 4 to Preference Rating Order P-68]

Preference Rating Order P-68 (§ 1002.1) is hereby amended as follows:

1. Paragraph (a) is amended to read as follows:

§ 1002.1 *Preference Rating Order P-68*—(a) *Definitions*. (1) "Producer" means any person operating a plant physically situated within the limits of the United States, its territories, or its possessions, or the Dominion of Canada, and actually engaged in the production of any one or more of the materials or products listed in Schedule A hereto.

(2) "Operating material" means material required by a producer for repair, maintenance, or operating supplies used in the production of any one or more of the materials and products listed in Schedule A hereto.

2. Paragraphs (b), (c), (d), and (e) are hereby revoked.

3. The following new paragraphs are hereby adopted:

(b) *Assignment of preference ratings*. Subject to the terms of this order, the following preference ratings are hereby assigned to deliveries to producers, but nothing herein contained shall prevent the use of any other or higher rating to which any person may be entitled by reason of any other preference rating certificate or order.

(1) AA-3 to deliveries of operating material consisting of iron or steel in any form appearing on Materials List No. 1, Revised, of form PD-25A.

(2) A-1-a to deliveries of operating material consisting of nonferrous materials in any form appearing on said materials list, or of fabricated metal parts.

(3) A-1-c to deliveries of all other operating material.

(c) *Other preference ratings assignable*. The Director General may also upon written or telegraphic request assign such ratings as may be required to obtain deliveries of operating material to a producer when and only when there has been an actual breakdown or suspension of operations because of damage, wear and tear, destruction or failure of parts, or the like, and the essential material is not otherwise available. Re-

<sup>1</sup> 7 F.R. 1592, 2783.

quests for this rating must describe the material needed and the nature of the emergency.

(d) *Application and extension of preference ratings*. (1) No producer shall apply any preference rating assigned by or pursuant to this order until it has filed with the Iron and Steel Branch, War Production Board, a statement on form PD-148 and has received a serial number hereunder.

(2) Preference ratings assigned by or pursuant to this order shall be applied by a producer and extended by his suppliers in accordance with the terms of Priorities Regulation No. 3, as from time to time amended. A producer in applying such a preference rating shall also endorse on his contract or purchase order his serial number hereunder.

4. Paragraph (j) is amended to read as follows:

(j) *Records, audits and reports*. Each producer and each supplier shall keep and preserve for a period of not less than two years accurate and complete records of all transactions affected by this order, and shall submit from time to time to audit and inspection by duly authorized representatives of the War Production Board. Each producer and each supplier shall execute and file with the War Production Board, or other designated agency, such reports in such form as the War Production Board shall from time to time require. Until further direction, each producer shall file a quarterly report on form PD-228.

## PART 3001—CHLORINATED PARAFFIN

[General Preference Order M-189]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of chlorinated paraffin for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3001.1 *General Preference Order M-189—(a) Definitions.* For the purposes of this order:

(1) "Chlorinated paraffin" means those chlorine derivatives of paraffin wax containing twenty percent or more of chlorine.

(2) "Producer" means any person engaged in the production of chlorinated paraffin and includes any person who has chlorinated paraffin produced for him pursuant to toll agreement.

(b) *Restrictions on deliveries.* (1) No producer shall make delivery of chlorinated paraffin to any person unless and until he shall have been authorized or directed to do so by the Director General for Operations; and no person shall accept delivery of chlorinated paraffin if such delivery would be in violation hereof. Prior to the beginning of each calendar month beginning with September, 1942, the Director General for Operations will issue to producers specific authorizations or directions covering deliveries of chlorinated paraffin which may or must be made by such producers during such month, and he may also during any month (including August, 1942) issue such other authorizations or directions as he may deem appropriate or necessary either with respect to deliveries to be made or the use or uses to which the material delivered is to be put.

(2) If prior to the first day of any month beginning with September, 1942 any producer shall not directly or indirectly have received from the Director General for Operations authorizations or directions covering deliveries of chlorinated paraffin to be made by him during such month, such producer may make deliveries of chlorinated paraffin during such month in accordance with, and only in accordance with, the schedule of deliveries for such month filed with the War Production Board pursuant to paragraph (c) (2): *Provided, however,* That any time during such month the Director General for Operations may issue authorizations or directions with respect to future deliveries to be made in such month.

(3) In the event that any producer, after receiving notice from the Director General for Operations with respect to a delivery of chlorinated paraffin which he has been authorized or directed to make during any month, shall be unable to make such delivery either because of receipt of notice of cancellation from his customer or otherwise, such producer shall forthwith give notice of such fact to the Chemicals Branch of the War Production Board, and shall not in the absence of specific authorizations or direc-

tions from the Director General for Operations resell or otherwise dispose of the chlorinated paraffin which he is unable to deliver as aforesaid.

(c) *Placing of orders and scheduling of deliveries.* (1) Every person who seeks delivery of chlorinated paraffin shall place his order with a producer for his monthly requirements on or before the 10th day of the month preceding the month in which delivery is sought and shall file with such order with such producer Form PD-619, in quadruplicate.

(2) Each producer of chlorinated paraffin shall on or before the 15th day of each month beginning with August, 1942, file with the Chemicals Branch, War Production Board, Washington, D. C., Form PD-618, in triplicate, properly executed, which shall list among other things a schedule of deliveries of chlorinated paraffin which such producer proposes to make in the succeeding month and the amount estimated to be available for delivery by him during such month. The original and two copies of Form PD-618 shall be accompanied by the original and two copies of each Form PD-619 submitted to the producer by a customer of his. After such forms have been filed with the Chemicals Branch any material change of circumstances pertaining to said Form PD-618, shall forthwith be reported to such Chemicals Branch.

(d) *Inventories restrictions.* No producer shall knowingly make and no person shall accept delivery of chlorinated paraffin if the inventory thereof of the person accepting delivery is or will by virtue of such acceptance become in excess of a 30 days' supply in terms of orders received by such person for his finished products, on the basis of his current method and rate of operations, but this paragraph shall not be construed to prevent a person's accepting delivery thereof in the smallest practicable delivery unit as evidenced by his past experience.

(e) *Miscellaneous provisions—(1) Reports.* All persons affected by this order shall file such reports as may from time to time be directed by the Director General for Operations.

(2) *Notification of customers.* Producers shall, as soon as practicable, notify each of their regular customers of the requirements of this order, but failure to give such notice shall not excuse any person from the obligation of complying with the terms of this order.

(3) *Applicability of priorities regulations.* This order and all transactions affected hereby are subject to all applicable provisions of the Priorities Regulations of the War Production Board, as amended from time to time.

(4) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Branch, Washington, D. C., Ref: M-189.

(5) *Violations or false statements.* Any person who wilfully violates any provisions of this order or who in connection with this order wilfully con-

ceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 10th day of August 1942.

## PART 3038—DRIED FRUIT

[Conservation Order M-205]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of dried fruit for defense, for private account, and for export, and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3038.1 *Conservation Order M-205—(a) Definitions.* For the purpose of this order:

(1) "Dried fruit" shall mean the whole or fleshy portions of apples, apricots, peaches, pears, prunes, or grapes (raisins) preserved by the removal therefrom of part of the natural moisture, and, unless otherwise indicated, shall include such fruit in natural or processed condition.

(2) "Packer" shall mean any person engaged in the business of processing and packaging dried fruit.

(3) "Processing" shall mean grading, sizing, stemming, seeding, or treating dried fruit by the use of hot water, steam, chemicals or compressed air.

(4) "Government Agency" shall mean any officer, board, agency, commission, or government-owned or government-controlled corporation of the United States specifically designated by the Director General for Operations.

(b) *Restrictions on packers.* (1) Each packer shall, without regard to previously existing contracts, set aside to be delivered for the requirements of government agencies, any dried fruit, and any fresh fruit acquired for use in the production of dried fruit, which were in his possession, under his control or under contract on August 10, 1942, or were acquired by him within one year thereafter. All such fruit so set aside shall, unless and until released, be held for allocation to any government agency by the Director General for Operations. Such fruit shall not be processed and packed without instructions from the Director General for Operations, or any government agency to which he shall have allocated such fruit. The Director General for

Operations may issue specifications at any time as to processing, packing, labeling, boxing and strapping. Dried fruit required to be set aside by this order shall not be delivered to any government agency when not specifically allocated to such agency by the Director General for Operations.

(2) On or before September 1, 1942, each packer shall mail to or file with the War Production Board a report on Form PD-624, Series, and twice monthly thereafter he shall mail to or file with the War Production Board reports on Form PD-625, Series.

(3) If any dried fruits set aside for the requirements of government agencies has not been purchased within 30 days after it has been first reported in his possession by the mailing or filing of the report prescribed in paragraph (b) (2), the packer may notify the War Production Board in writing that if such dried fruit is not purchased within 30 days he will no longer hold it set aside. If any of such dried fruit is not purchased within 30 days after the mailing or filing of such notice, or if no further order is issued with respect to it, it shall be deemed released and shall be available for unrestricted sale and distribution.

(4) If he determines that any dried fruit set aside pursuant to this order is not required for government agencies, the Director General for Operations may release such dried fruit at any time by notice directed to the packer. So far as consistent with the defense requirements of the United States, such releases shall be of such a character as to allow to all packers, for sale to purchasers other than government agencies, substantially equal proportions of their packs of each fruit: *Provided, however,* That the Director General for Operations may, in determining any amounts to be so released to any packer, take into account any quantities of dried fruit produced from the 1942 crop and sold and actually shipped by him before August 10, 1942.

(5) Any quantities of dried fruit allocated or released shall unless otherwise specified, be withdrawn by the packer from the earliest reported stocks of such dried fruit.

(c) *Reports.* In addition to the report prescribed in paragraph (b) (2) packers shall file such additional reports as the War Production Board may prescribe for the purpose of effective administration of this order.

(d) *Inspection and grading.* Any dried fruit required to be set aside under this order shall be subject to inspection and grading at any time by the Director General for Operations, or by any person or Government agency thereto authorized by him.

(e) *Appeals.* Any person affected by this order who considers that compliance herewith would work an exceptional or unreasonable hardship upon him, may appeal to the Director General for Operations by letter, setting forth the pertinent facts and reasons such person considers that he is entitled to relief.

The Director General may thereupon take such action as he deems appropriate.

(f) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, purchases, production and sales.

(g) *Audit and inspection.* All records required to be kept by this order or by any rule, regulation or order of the Director General for Operations shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(h) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Food Branch, Washington, D. C. Ref.: M-205.

(i) *Violations.* Any person who willfully violates any provision of this order or who willfully furnishes false information to the Director General for Operations in connection with this order, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance by the Director General for Operations.

(j) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 10th day of August 1942.

#### PART 3038—DRIED FRUIT

[Conservation Order M-205-a]

##### RAISIN VARIETY GRAPES

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of raisins for defense, for private account, and for export, and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3038.2 *Conservation Order M-205-a—(a) Definitions.* For the purposes of this order:

(1) "Raisin variety grapes" shall mean Thompson Seedless, Muscat and Sultana grapes grown in the State of California.

(2) "Grower" shall mean any person who grows raisin variety grapes for commercial sale.

(3) "Receiver" shall mean any person who purchases or accepts delivery of raisin variety grapes from a grower.

(b) *Restrictions.* (1) No person shall purchase, accept delivery of, or use more than 100 pounds of raisin variety grapes harvested or picked after August 24, 1942 for any purpose other than for conversion into raisins, unless such grapes have been released, in accordance with paragraph (b) (2), because of unsuitability for such conversion or because of any other reason specified in paragraph (b) (2). No person shall sell or deliver raisin variety grapes with knowledge or reason to believe that they are to be used in violation of this order.

(2) Raisin variety grapes may, notwithstanding the provisions of paragraph (b) (1) of this order, be delivered, sold and used for purposes other than conversion into raisins if a grower or receiver having such raisin variety grapes in his possession or control shall have made application on Form PD-626 to a duly authorized representative of the Secretary of Agriculture in the county where such grapes are grown and such representative shall have determined and certified in writing on Form PD-627 that such raisin variety grapes:

(i) Cannot, because of quality or condition, be converted into raisins,

(ii) Are produced in areas where, or under growing conditions in which, the necessary drying facilities are not available.

(iii) Are produced on vines which have been girdled, or

(iv) Are to be used for packing or preserving in metal or glass containers.

(c) *Reports.* Every grower and every receiver of raisin variety grapes shall execute and file with the War Production Board such reports and questionnaires as such Board may from time to time request.

(d) *Appeals.* Any person affected by this order who considers that compliance herewith would work an exceptional or unreasonable hardship upon him, may appeal to the Director General for Operations by letter, setting forth the pertinent facts and reasons such person considers that he is entitled to relief. The Director General may thereupon take such action as he deems appropriate.

(e) *Records.* All growers and receivers affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, purchases, production and sales.

(f) *Audit and inspection.* All records required to be kept by this order or by any rule, regulation or order of the Director General for Operations shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(g) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: "War Production Board, Food Branch, Washington, D. C. Ref.: M-205-a."

(h) *Violations.* Any person who willfully violates any provision of this order or who willfully furnishes false information to the Director General for Operations in connection with this order, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance by the Director General for Operations.

(i) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. PART 1304—IRON AND STEEL SCRAP

[Amendment 7 to Revised Price Schedule 4<sup>1</sup>]

IRON AND STEEL SCRAP

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.\*

In § 1304.13, footnote 1 to (a) (2), (a) (4), (a) (4) (ii), (a) (5), (c) (3) (ii), two basing points in (c) (5), Exceptions 3 and 6 in (d) (4), (e), (f) (2), are amended; new grade (29a) is added to (a) (3), new (29a) is added to (f); in (d) (4) Exception 9, text preceding (i) is designated (i), (i) is redesignated (a), (ii) is redesignated (b) and amended, and a new (ii) is added; item 17 in (a) (2) is revoked: In § 1304.14 the text preceding (i) in (a) (2) and the text preceding (1) in (b) are amended; the last paragraph in (a) (2) is designated (a) and a new (b) is added and two new paragraphs are added to (b): In § 1304.15 paragraph (b) (4) is added; as set forth below:

§ 1304.13 Appendix A: Maximum prices for iron and steel scrap other than railroad scrap. (a) Basing point prices from which shipping point prices and consumers' delivered prices are to be computed.

(2) Basing point prices of standard grades.

Standard Grades	Adjustments (plus or minus)
Electric Furnace, Acid Open Hearth and Foundry Grades—For Electric Furnace, Acid Open Hearth and Foundry Use Only: <sup>2</sup>	

(3) Basing point prices of special grades.

Special grades	Adjustments (plus or minus)
29a. Briquetted alloy free turnings—	\$2.00
For Electric Furnace, Acid Open Hearth and Foundry Use Only.	

(4) Premiums for alloy content. With the exception of the premiums specifically authorized below or in any other price schedule or regulation issued by the Office of Price Administration, no premium may be charged for contained alloys. In order to command the premiums authorized below, the scrap need not come direct from the industrial producer; nor with the exception of subdivisions (ii) (d) and (iii) are the premiums confined to a particular use.

(i) Where, apart from alloy content, any grade of scrap meets the specifications contained in paragraph (f), the following premiums above the maximum prices for such items shall be the maximum applicable for the contained alloys:

(5) Special preparation charges. Except where turnings are crushed, no charge may be made for special preparation without prior approval by the Office of Price Administration. A \$2.00 per gross ton charge may be made by scrap dealers for crushing turnings. An industrial producer may charge \$1.00 per gross ton for crushing turnings.

(c) Maximum shipping point prices.

(3) Established charges. (ii) No vessel charge shall be deemed an established charge within the meaning of this Revised Price Schedule No. 4 unless it has been the basis of actual movement of scrap to the most favorable basing point during the calendar years 1940 to 1941.

(5) Switching charge deductions for shipping points within basing points.

Basing point:	(Switching charge deduction), cents per gross ton
Conshohocken, Pennsylvania	11
Pittsburg, California	42

(d) Maximum prices delivered to the plant of a consumer.

(4) Exception 3. "Remote scrap" means all the kinds and grades of iron and steel scrap referred to in § 1304.13, Appendix A, and having a shipping point and a point of origin within the states of Montana, Idaho, Wyoming, Nevada, Arizona, New Mexico, Texas, Oklahoma, Florida, Oregon, Utah, Washington, North Dakota, South Dakota and Louisiana. Nebraska and Kansas shall be remote for shipping points having a

maximum shipping point price of \$13.00 per gross ton. Colorado scrap shall be remote scrap for Colorado consumers only.

Exception 6. The delivered price of Item 14, Bar Crops and Plate Scrap, Item 16, Punchings and Plate Scrap, Item 25, Alloy Free Turnings, and Item 26, Heavy Turnings, produced in industrial plants in the State of Michigan and shipped directly to consumers located in or nearest, in terms of established transportation charges, to the Buffalo, N. Y., Pittsburgh, Brackenridge or Midland, Pennsylvania, basing point, shall not exceed by more than \$3.00 plus any increase in transportation charges mentioned in paragraph (d) (3), the price at the basing point nearest the consumer's plant.

Exception 9 (i) (a) (b) Where the most economical method available involves rail movement, the rail transportation charges must be computed on the basis of the rates for the highest minimum carload weight available.

(ii) Where scrap shipped pursuant to an allocation order issued by the War Production Board is stored, in transit, with a warehousing company, and the warehousing certificates for such scrap are pledged by the consumer as security for a loan to meet the consumer's indebtedness for the shipment, if the consumer defaults on the loan, and the scrap is resold to a consumer by the pledgee, the maximum delivered price upon the resale shall be the maximum shipping point price at the original shipping point, plus the established charges incurred in the movement from the shipping point to the point of storage, plus the established transportation charges incurred in the movement from the point of storage to the point of delivery.

(e) Unprepared scrap. (1) The maximum prices established hereinabove are maximum prices for prepared scrap. The term "unprepared scrap" shall have its customary trade meaning and shall not include such demolition projects as bridges, box cars or graveyard automobiles, which must be so priced that the prepared scrap will deliver to the consumer within the maximum delivered price established hereinabove.

(2) For unprepared scrap, maximum prices shall be \$2.50 (and in the case of the material from which No. 1, No. 2 and No. 3 bundles are made, \$4.00) less than the maximum prices for the corresponding grade or grades of prepared scrap. In no case, however, shall Electric Furnace and Foundry grades, listed in paragraph (a) of this section, be used as the "corresponding grade or grades of prepared scrap".

(3) Except as otherwise provided hereunder, where scrap is to undergo preparation prior to its arrival at the point of delivery, such scrap is not at its shipping point, as that phrase is defined in paragraph (c) of this section, until after such preparation has been completed. Where a consumer purchases un-

<sup>2</sup> No Basic Open Hearth or Blast Furnace consumer may purchase any Electric Furnace, Acid Open Hearth or Foundry Grade at a price in excess of the price listed in this paragraph for the corresponding Basic Open Hearth or Blast Furnace Grade: *Provided, however,* That this limitation shall not apply where the scrap has been shipped pursuant to an allocation order issued by the War Production Board. The prices of Items 13, 25, and 26 shall not exceed the prices of Basic Open Hearth and Blast Furnace Grades respectively, unless delivered to the consumer direct from the industrial producer thereof.

prepared *remote* scrap in rail carload lots, if no adequate facilities for preparation exist at or near the shipping point, the consumer may designate a dealer or dealers to prepare such scrap for its use at a maximum preparation fee of \$2.50 per gross ton (\$4.00 where No. 1, No. 2 and No. 3 bundles are prepared). In such cases the maximum delivered price shall be the shipping point price for unprepared scrap at the remote shipping point plus all-rail transportation charges to the point of delivery at the dealer's yard, plus a \$2.50 per gross ton preparation fee (\$4.00 where No. 1, No. 2 and No. 3 bundles are prepared), plus transportation charges from the dealer's yard to the point of delivery after the scrap has been loaded on the delivering carrier. Interim loading, unloading and similar charges may not be absorbed by the consumer. The maximum delivered price of such scrap shall not exceed by more than \$5.00 the price at the basing point nearest the consumer's plant except upon prior approval of the Office of Price Administration as provided in Exception 3 in paragraph (d) of this section. Every purchase of scrap on this preparation fee basis shall likewise be subject to all the filing and other requirements in Exception 3 of paragraph (d) of this section.

At no time shall ownership of such scrap reside in the dealer to whom the preparation fee is paid.

(f) *Definitions of grades referred to in paragraph (a).* \* \* \*

(2) No. 2 heavy melting steel. Wrought iron or steel scrap  $\frac{1}{8}$  inch and over in thickness, not over 18 inches in width and not over 5 feet in length. (Uncut rear ends of passenger automobiles may be included for Pacific Coast consumers only, even though over 5 feet in length.) Individual pieces must be free from attachments and so cut as to lie flat in the charging box. May include mashed or unmashed pipe ends under 4 inches in diameter. May include heavy oil field or similar cable not less than 1 inch in diameter and cut to lengths of 3 feet or less. May include car sides and light plate cut 15 inches by 15 inches or under. May not include auto body and fender stock.

(29a) *Briquetted alloy free turnings.* Alloy free turnings, Item 25, compressed into a cohesive non-friable solid reasonably free from oil, each briquette to weigh not more than 20 pounds and to have a density of not less than 60%.

§ 1304.14 *Appendix B: Maximum prices for iron and steel scrap originating from railroads*—(a) *Scrap originating from railroads operating in a basing point named below* (all prices given below are per gross ton). \* \* \*

(2) *Delivered to a consumer's plant located off the line of the railroad from which the scrap originated.* Except in the case of allocation orders issued by the War Production Board and of shipments of scrap by vessel from Duluth, Minnesota, or Superior, Wisconsin, to

consumers located in Buffalo, N. Y., Cleveland, Ohio, Elyria, Ohio, Detroit and Saginaw, Michigan, and Chicago, Illinois, the maximum price is either of the following, whichever is greater:

(ii) \* \* \*

(a) Where scrap is shipped by vessel from Duluth, Minnesota, or Superior, Wisconsin, to consumers located in Buffalo, New York, Elyria, Ohio, Cleveland, Ohio, Detroit and Saginaw, Michigan, and Chicago, Illinois, the maximum delivered price shall be the maximum price established in paragraph (1) above, for scrap delivered to a consumer on the line of the railroad from which the scrap originated, plus transportation charges from the railroad's line to the point of delivery.

(b) Where scrap is shipped pursuant to an allocation order issued by the War Production Board, the maximum delivered price shall be the maximum price established in subparagraph (1), for scrap delivered to a consumer on the line of the railroad from which the scrap originated, plus transportation charges from the railroad's line to the point of delivery.

(b) *Scrap originating from railroads not operating in any of the basing points named above.* Except in the case of allocation orders issued by the War Production Board and of Rails for Rerolling, the maximum price of any grade of such scrap delivered to consumers located on and off the line of the railroad shall not exceed:

(2) *For the grades not listed above, either of the following, which ever is less.* \* \* \*

Where, pursuant to an allocation order issued by the War Production Board, any grade of scrap other than rails for rerolling is shipped to an off-line consumer, and the foreign line proportion of the through haul to such consumer exceeds the foreign line proportion of the through haul, if any, to the consumer whom the railroad supplied with the largest tonnage of the specific grade during the period from September 1, 1940 to January 31, 1941, then such excess may be added to the maximum price for such grade established in this paragraph.

Where any grade of scrap is shipped to an off-line consumer, there may be added to the maximum delivered price established under this paragraph, any increase in the foreign line proportion of the through haul resulting from a rise in rates which became effective after March 14, 1942: *Provided, however,* That such increase shall be shown as a separate item on the invoice.

§ 1304.15 *Appendix C: Maximum price for cast iron scrap other than railroad scrap*—(a) *Maximum price at shipping point*—(1) *Listed grades.* \* \* \*

(b) *Maximum price delivered to a consumer.* \* \* \*

(4) Where scrap shipped pursuant to an allocation order issued by the War Production Board is stored, in-transit,

with a warehousing company, and the warehousing certificates for such scrap are pledged by the consumer as security for a loan to meet the consumer's indebtedness for the shipment, if the consumer defaults on the loan, and the scrap is resold by the pledgee, maximum delivered price upon the resale shall be the maximum shipping point price at the original shipping point, plus the established transportation charges incurred in the movement from the original shipping point to the point of storage, plus the established transportation charges incurred in the movement from the point of storage to the point of delivery.

§ 1304.12a *Effective dates of amendments.* \* \* \*

PART 1341—CANNED AND PRESERVED FOODS  
[Amendment 4 to Maximum Price Regulation  
152<sup>1</sup>]

CANNED VEGETABLES

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.\*

In § 1341.22 a new paragraph (k) is added and two new sentences are added to § 1341.30 (a) (3).

§ 1341.22 *Canner's maximum prices for canned vegetables.* \* \* \*

(k) If a canner cannot compute the maximum prices for No. 10 containers of each grade of the following canned vegetables under paragraphs (a), (b) and (c) of this section, he shall determine such maximum prices for that grade of No. 10 containers of canned vegetables as follows:

(1) The canner shall multiply the maximum price computed under paragraphs (a), (b) and (c) of this section for No. 2 containers of beets, and spinach by 4.25. The resulting figure shall be the maximum price for No. 10 containers.

(2) The canner shall multiply the maximum price computed under paragraphs (a), (b) and (c) of this section for No. 2 containers of carrots, okra, tomatoes, vegetable greens and okra and tomatoes by 4.50. The resulting figure shall be the maximum price for No. 10 containers.

(3) The canner shall multiply the maximum price computed under paragraphs (a), (b) and (c) of this section for No. 2 containers of artichokes, asparagus, beans (snap) and carrots and peas by 4.75. The resulting figure shall be the maximum price for No. 10 containers.

(4) The canner shall multiply the maximum price computed under paragraphs (a), (b) and (c) of this section for No. 2 containers of lima beans, celery, corn, peas, pickles, rhubarb, succotash, turnips, vegetables (mixed), vegetable juice, vegetable juices (mixed) and parsnips by 5.00. The resulting figure shall be the maximum price for No. 10 containers.

(5) The canner shall multiply the maximum price computed under paragraphs (a), (b) and (c) of this section for 12-ounce containers of chili sauce and tomato sauce by 6.40. The result-

ing figure shall be the maximum price for No. 10 containers.

(6) The canner shall multiply the maximum price computed under paragraphs (a), (b) and (c) of this section for 14 ounce containers of tomato catsup by 5.25. The resulting figure shall be the maximum price for No. 10 containers.

(7) The canner shall multiply the maximum price computed under paragraphs (a), (b) and (c) of this section for 6 ounce containers of tomato paste by 14.25. The resulting figure shall be the maximum price for No. 10 containers.

(8) The canner shall multiply the maximum price computed under paragraphs (a), (b) and (c) of this section for No. 1 containers of tomato puree by 7.75. The resulting figure shall be the maximum price for No. 10 containers.

(9) The canner shall multiply the maximum price computed under paragraphs (a), (b) and (c) of this section for No. 3 cylinder containers of tomato juice by 2.00. The resulting figure shall be the maximum price for No. 10 containers.

(10) The canner shall multiply the maximum price computed under paragraphs (a), (b) and (c) of this section for 7 ounce containers of peppers by 12.00. The resulting figure shall be the maximum price for No. 10 containers.

§ 1341.30 *Definitions.* (a) When used in this Maximum Price Regulation No. 152 the term:

(3) \* \* \* Sales and deliveries of bamboo sprouts and hominy are excluded from the operation of this Maximum Price Regulation No. 152. Sales and deliveries of pimientos, pumpkin and squash shall be governed by the provisions of this regulation.

§ 1341.32. *Effective dates of amendment.* \* \* \*

(d) Amendment No. 4 (§§ 1341.22 (k), 1341.30 (a) (3)) shall become effective August 14, 1942.

PART 1355—LEAD  
[Maximum Price Regulation 199]  
LEAD BULLET ROD

In the judgment of the Price Administrator it is necessary and proper to establish by a separate maximum price regulation the prices at which lead bullet rod may be sold. The Price Administrator has ascertained and given due consideration to the prices of lead bullet rod prevailing between October 1 and October 15, 1941, and during the month of March 1942, and has made adjustments for such relevant factors as he has determined and deemed to be of general applicability. So far as practicable the Price Administrator has ad-

vised and consulted with representative members of the industry which will be affected by this regulation.

In the judgment of the Price Administrator the maximum prices established by this regulation are, and will be, generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942. A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and filed with the Division of the Federal Register.\*

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1<sup>1</sup> issued by the Office of Price Administration, Maximum Price Regulation No. 199 is hereby issued.

AUTHORITY: §§ 1355.101 to 1355.114, inclusive, issued under Pub. Law 421, 77th Cong.

§ 1355.101 *Maximum prices for lead bullet rod.* On and after August 13, 1942, regardless of any contract, agreement, lease, or other obligation, no person shall sell or deliver lead bullet rod, and no person shall buy or receive lead bullet rod in the course of trade or business, at prices higher than the prices set forth in Appendix A hereof, incorporated herein as § 1355.114; and no person shall agree, offer, solicit or attempt to do any of the foregoing.

§ 1355.102 *Less than maximum prices.* Lower prices than those set forth in Appendix A, § 1355.114, may be charged, demanded, paid or offered.

§ 1355.103 *Export sales.* The maximum prices at which a person may export lead bullet rod shall be determined in accordance with the provisions of Maximum Export Price Regulation<sup>2</sup> issued by the Office of Price Administration.

§ 1355.104 *Applicability of General Maximum Price Regulation.*<sup>3</sup> The provisions of this Maximum Price Regulation No. 199 supersede the provisions of the General Maximum Price Regulation with respect to sales and deliveries for which maximum prices are established by this Maximum Price Regulation No. 199.

§ 1355.105 *Adjustable pricing.* Any person may offer or agree to adjust or fix prices to or at prices not in excess of the maximum prices in effect at the time of delivery. However, in an appropriate situation, where a petition for amendment or for adjustment or exception has been filed and requires extended consideration, the Administrator may, upon application, grant permission to agree to adjust prices upon deliveries made during the pendency of the petition in accordance with the disposition of the petition.

§ 1355.106 *Evasion.* The price limitations set forth in this Maximum Price Regulation No. 199 shall not be evaded

whether by direct or indirect methods in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of, or relating to, lead bullet rod, alone or in conjunction with any other material, or by way of any commission, service, transportation, or other charge, or discount, premium or other privilege, or by tying-agreement or other trade understanding, or otherwise.

§ 1355.107 *Records.* (a) Every sale of lead bullet rod after the effective date of this Maximum Price Regulation No. 199 shall be invoiced by the seller. The original invoice shall be signed by the seller or by a duly-authorized partner, officer or employee of the seller, shall be delivered to the buyer substantially contemporaneously with the lead bullet rod, and shall state: (1) the date of purchase, (2) the date of delivery, (3) the name and address of the buyer and seller, (4) the quantity and description of each type of lead bullet rod sold, (5) the price in cents per pound and in total, with the transportation and packaging charges, if any, itemized separately, and (6) the original cost of the required metal ingredients used in the production of the lead bullet rod sold to the buyer.

(b) After the effective date of this Maximum Price Regulation No. 199, every buyer of lead bullet rod shall preserve for inspection by the Office of Price Administration for a period of at least two years, the original, and every seller of lead bullet rod shall so preserve a copy of each invoice required to be furnished by paragraph (a) of this section.

(c) After the effective date of this Maximum Price Regulation No. 199, every producer of lead bullet rod shall maintain complete and accurate records of the original cost of the required metal ingredients by preserving for inspection by the Office of Price Administration records with respect to every lot purchased showing: (1) the date of such purchase, (2) the name and address of the seller of the metal ingredients, (3) the quantity and description of the metal ingredients, (4) the price per pound, and in total, of the metal ingredients, and (5) the transportation costs paid, if any, itemized separately.

§ 1355.108 *Reports.* (a) Every person making a sale of lead bullet rod shall, within ten days after the date of such sale, submit to the Office of Price Administration with respect to each such sale an exact copy of the invoice required to be kept by the seller under paragraph (b) of § 1355.107 hereof.

(b) Every producer who, within the eighteen months period immediately preceding the effective date of this Maximum Price Regulation No. 199, has sold and delivered 200 tons of lead bullet rod shall, within ten days after the effective date of this Maximum Price Regulation No. 199, so notify the Office of Price

Administration by submitting a written statement to that effect. Every producer who, within the eighteen months period immediately preceding the effective date of this Maximum Price Regulation No. 199, has not sold and delivered 200 tons of lead bullet rod, shall, within ten days after having produced this tonnage, so notify the Office of Price Administration by submitting a written statement to that effect.

(c) Every person subject to this Maximum Price Regulation No. 199 shall submit such other reports and keep such other records as the Office of Price Administration may, from time to time, require, either in addition to, or in substitution for, records and reports herein required.

§ 1355.109 *Enforcement.* (a) Persons violating any provisions of this Maximum Price Regulation No. 199 are subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Maximum Price Regulation No. 199 or any price schedule, regulation or order issued by the Office of Price Administration, or of any acts or practices which constitute such a violation, are urged to communicate with the nearest district, state, field or regional office of the Office of Price Administration or its principal office in Washington, D. C.

§ 1355.110 *Applications for adjustment.* Any person seeking relief from a maximum price established under this Maximum Price Regulation No. 199 may present the special circumstances of his case in an application for an order of adjustment. Such an application shall be filed in accordance with Procedural Regulation No. 1 and shall set forth the facts relating to the hardship to which such maximum price subjects the applicant, together with a statement of the reasons why he believes that the granting of relief in his case and in all like cases will not defeat or impair the policy of the Emergency Price Control Act of 1942 and of this Maximum Price Regulation No. 199 to keep prices at a reasonable level and thereby assure that defense appropriations are not dissipated by excessive prices.

§ 1355.111 *Petitions for amendment.* Persons seeking any modification of any provision of this Maximum Price Regulation No. 199 or an adjustment or exception not provided for in § 1355.110 of this Maximum Price Regulation No. 199 may file a petition for amendment in accordance with the provisions of Procedural Regulation No. 1 issued by the Office of Price Administration.

§ 1355.112 *Definitions.* (a) When used in this Maximum Price Regulation No. 199, the term:

(1) "Person" includes an individual, corporation, partnership, association, or any organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

(2) "Lead bullet rod" includes all bullet or ammunition rod or wire produced from lead, from antimonial lead, or from any other kind or grade of lead by extrusion from a hydraulic press.

(3) "The original cost of the required metal ingredients" means the delivered cost to the producer per pound of the metal used in the production of the lead bullet rod. Such original cost per pound of the required metal ingredients shall be limited to the price per pound charged to or paid by the producer at the time of the delivery to him of the required metal ingredients; such original cost per pound, however, shall not be increased as a result of any poundage loss that may occur due to the conversion of the metal.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.

§ 1355.113 *Effective date.* This Maximum Price Regulation No. 199 (§§ 1355.101 to 1355.114, incl.) shall become effective August 13, 1942.

§ 1355.114 *Appendix A: Maximum prices for lead bullet rod, f. o. b. producer's plant.* (a) The maximum price, f. o. b. producer's plant, for all lead bullet rod shall be the original cost of the required metal ingredients plus 1.10 cents per pound: *Provided, however,* That in the case of a producer who has not, within the period of eighteen months immediately preceding the effective date of this Maximum Price Regulation No. 199, sold and delivered 200 tons of lead bullet rod, the maximum price shall be the original cost of the required metal ingredients plus 1.25 cents per pound until such time as the producer has sold and delivered 200 tons of lead bullet rod, after which time the maximum price of such a producer shall be the original cost of the required metal ingredients plus 1.10 cents per pound.

(b) (1) The maximum prices specified in paragraph (a) of this section include the costs of all accessory packing. Where the drums, reels or other main packages are the property of the seller, rather than the buyer, the charge for the package shall be separately listed on the invoice as required by subparagraph (5) of paragraph (a) of § 1355.107 hereof and shall, unless disapproved by the Office of Price Administration within sixty days after a copy of the invoice has been submitted to the Office of Price Administration as required by the provisions of § 1355.108 (a) hereof, be the

maximum charge for such packages applicable to all subsequent sales and delivered by such producer.

(2) In the event that empty drums, reels or other main packages are returned to the producer by the buyer of the lead bullet rod originally contained therein, the freight costs on such shipment may be charged to and paid by the buyer of the lead bullet rod in addition to the maximum prices established by paragraph (a) of this section.

(c) The producer of lead bullet rod may add to the maximum prices specified in paragraph (a) of this section actual freight costs incurred in the transportation of lead bullet rod from his plant to the buyer's plant.

(d) No cost, charge, or any other addition, except those expressly permitted by paragraphs (b) and (c) of this section, may be added to the maximum prices established by paragraph (a) of this section.

Issued this 8th day of August 1942.

**PART 10—GRANTS TO STATES FOR VENEREAL DISEASE CONTROL**

**SUBPART E—FISCAL YEAR 1943 AND EACH YEAR THEREAFTER**

**ALLOTMENTS AND PAYMENTS TO THE STATES FOR VENEREAL DISEASE CONTROL ACTIVITIES**

Whereas, pursuant to section 4d of Chap. XV of the Act of July 9, 1918, as added by the Act of May 24, 1938, 52 Stat. 439 (U.S. Code, title 42, sec. 25d) hereinafter referred to as the Act, the following regulations are hereby prescribed:

- Sec.
- 10.401 Compliance with law and regulations.
  - 10.402 Effective period.
  - 10.403 Definitions.
  - 10.404 Allotments.
  - 10.405 Balances from allotments.
  - 10.406 Matching requirements.
  - 10.407 Training and administration.
  - 10.408 Submission of plans and budgets.
  - 10.409 Payments to States.
  - 10.410 Custody and disbursement of funds.
  - 10.411 Existing appropriations not to be replaced.
  - 10.412 Financial reports.
  - 10.413 Progress reports of activities.
  - 10.414 Withholding payments.
  - 10.415 Required minimal services.

AUTHORITY: §§ 10.401 to 10.415, inclusive, issued under sec. 4d of Chap. XV of the Act of July 9, 1918, as added by the Act of May 24, 1938, 52 Stat. 439; 42 U.S.C. 25d.

§ 10.401 *Compliance with law and regulations.* In order that funds allotted to the States may be of maximum use in assisting States, municipalities, counties, health districts, and other political subdivisions of the States in establishing and maintaining adequate measures for the control of the venereal diseases, payments made to a State under authority of the act will be certified by the Surgeon General only after such State has complied with the provisions of the act and regulations authorized thereunder;

§ 10.402 *Effective period.* The rules and regulations in this subpart and any amendments thereto shall be in full force and effect during each fiscal year for which funds are available and allotments are made under the act;

§ 10.403 *Definitions.* As used in this subpart:

"State" includes the District of Columbia, Alaska, Puerto Rico, the Virgin Islands, and Hawaii;

"Local" means pertaining to counties, health districts, municipalities, and other political subdivisions of the States;

"Federal funds" means funds appropriated by the Federal Government under the authority of sec. 4d of Chap. XV of the Act of July 9, 1918, as added by the Act of May 24, 1938, 52 Stat. 439; 42 U.S.C. 25d;

"State health authority" means the highest State official whose principal duties are the administration of State health activities;

"State venereal disease control officer" means the highest State official to whom is assigned the administration of the venereal disease control program;

§ 10.404 *Allotments.* The Surgeon General, pursuant to the authority contained in section 4b of the act, has determined that \$10,170,000 (or 80.26%) of the total amount available for the fiscal year 1943 shall be allotted to the States. Allotments have been made in accordance with the following bases, and then have been adjusted for the unexpended balances in the States from previous allotments under the act:

(a) *Population.* Allotments amounting to 18.76 percent of the available appropriations will be made to the several States in the ratio which the population of each State bears to the population of the United States, as shown by the census of 1940.

(b) *Extent of the venereal disease problem.* Allotments amounting to 42.64 percent of the available appropriations will be made to the several States on the bases of (1) the varying composite and racial prevalence rates for syphilis; (2) the extent to which treatment facilities have been provided as evidenced by the population under treatment for syphilis; (3) the varying costs of providing equal services as determined by the inverse function of the density and the direct function of the size of the population of each State; (4) the need for training centers and demonstrations in selected areas; (5) the need for facilities for the prevention and control of the venereal diseases in localities where armed forces or civilian employees engaged in war activities are concentrated; (6) the scope of the programs necessitated by the war.

(c) *Financial needs.* Allotments amounting to 18.86 percent of the available appropriations will be made to the several States on the basis of their financial needs, as determined by the ability of the States to raise revenue, expressed in terms of per capita income differences obtained from data supplied by the Bureau of Foreign and Domestic Commerce for the five-year period 1936-1940;

§ 10.405 *Balances from allotments.* Unpaid balances from allotments at the end of the fiscal year shall not be paid but shall remain in the appropriation for reallocation to the States in the succeeding fiscal year in accordance with the provisions of the act;

§ 10.406 *Matching requirements.* Allotments to the several States will be available for payment when matched by State or local public funds which are to be expended for venereal disease control work in an amount equal to the allotment to each State on the bases of the population and the general extent of the venereal disease problem.

Funds employed for matching purposes shall be identified on Budget Form 8930-A and may be derived either from new or old appropriations, State, or local, and from donations by private individuals or nongovernmental agencies when such nonpublic funds are certified as being available and will be expended for the control of the venereal diseases under the direction of the State health authority;

§ 10.407 *Training and administration.* When Federal funds paid hereunder are

utilized for the training of venereal disease control personnel, each State shall conform to "Training Policies of the United States Public Health Service" as amended to June 15, 1942. Each State shall establish and maintain (a) acceptable administrative and fiscal procedures; and (b) a system of personnel administration on a merit basis in accordance with "Merit System Policies of the United States Public Health Service" as amended to May 15, 1942;

§ 10.408 *Submission of plans and budgets.* Prior to the beginning of the fiscal year each State health authority shall submit for the approval of the Surgeon General a plan for improving and extending State and local venereal disease control services. The plan shall also include (a) a comprehensive statement of any changes in the State venereal disease control organization (including personnel administration on a merit basis), programs, and appropriations since the last statement was submitted; and (b) budgets on forms prescribed by the Public Health Service itemizing the proposed uses and showing the sources of all funds to be spent under the plan. Plans may be amended only with the approval of the Surgeon General;

§ 10.409 *Payments to states.* Prior to the beginning of each quarter the State health authority shall submit an application for funds, allotted under the act, upon forms prescribed by the Public Health Service. The Surgeon General may certify quarterly to the Secretary of the Treasury for payment to the State an amount which, together with any balance on hand in the State, shall not exceed, except in an extraordinary emergency, thirty-five percent of the total amount available, provided that the total payments shall not exceed the total annual allotment, or the total amount budgeted whichever is less;

§ 10.410 *Custody and disbursement of funds.* Payments shall be made quarterly to the State treasurer or other officer authorized by State law to receive the funds, and the principal accounting officer of the State government shall account for the funds separately from any other funds, State or Federal. State laws and regulations governing the custody and disbursement of State funds shall govern the custody and disbursement of Federal funds paid hereunder, subject to such amplification or modification as the Surgeon General may find necessary;

§ 10.411 *Existing appropriations not to be replaced.* Federal funds paid to a State shall be expended solely for venereal disease control activities as specified in plans and budgets approved by the Surgeon General, and shall not be used in such manner as to result in a reduction of State or local appropriations or expenditures for venereal disease control services;

§ 10.412 *Financial reports.* The State health authority shall submit to the Surgeon General quarterly financial reports on forms prescribed by the Public Health Service;

§ 10.413 *Progress reports of activities.* The State health authority shall submit to the Surgeon General the reports listed below and such other information as the Surgeon General may require:

(a) A semi-annual report on the status of venereal disease control activities (Form VM-1002, Section I—Statistical, Section II—Narrative). For the period July 1 to December 31 this report should be forwarded in duplicate through the district office of the Public Health Service not later than January 31; for the period January 1 to June 30 not later than July 31.

(b) A monthly clinic report (Form 8954-A Rev. March 1940) for each clinic in the State treating venereal diseases, by the fifteenth day of each succeeding month. Clinics employing the mechanical system for reporting are exempt from the use of this form if the designated machine-tabulated reports are submitted by the State.

(c) A monthly morbidity report (Form 8958-B Rev. March 1940) by the twenty-fifth day of each succeeding month.

(d) A monthly city morbidity report (Form VM-820 Rev. 1940) by the fifteenth day of each succeeding month, for each city in which the population is 200,000 or over;

§ 10.414 *Withholding payments.* If expenditures are made by any State contrary to the act, or of rules and regulations prescribed thereunder, the Surgeon General may withhold future payments. The Surgeon General may withhold his certification of quarterly payments in whole or in part from any State which violates the act, or rules and regulations prescribed thereunder, or plans approved by the Surgeon General pursuant thereto;

§ 10.415 *Required minimal services.* Generally accepted minimal services for the control of the venereal diseases shall be made available in each State, Territory, municipality, county, health district, or other political subdivision receiving funds under this act substantially in accordance with the following standards:

(a) The State laboratory, and any local serological laboratory receiving funds under this act shall demonstrate by a suitable method that the tests for syphilis performed therein have a satisfactory sensitivity and specificity rating. Such rating shall be determined in the case of the State laboratory by the Public Health Service.

(b) The State laboratory and any local laboratory receiving funds under this act shall provide laboratory services for the venereal diseases on the same basis as such service is provided for other communicable diseases. No State department of health shall be entitled to receive payments under this act unless such laboratory services are provided within that state.

(c) Free diagnostic and treatment facilities for both syphilis and gonorrhea shall be provided by all health departments receiving funds under this act. In order to provide complete clinical service, funds may be reallocated in the discre-

tion of the State health authority independently to the gonorrhea or syphilis departments of polyclinics. All health departments or clinics receiving funds shall provide facilities for (1) diagnosis and emergency treatment of all patients who apply; (2) continued treatment, consultative advice or opinion for all patients referred by private physicians; and (3) continued treatment for all patients unable to afford private medical care. The determination of the ability of patients to pay for private medical care shall be the responsibility of the State or local health department or constituted welfare agencies within these areas. Clinics collecting fees from semi-indigent patients shall not receive assistance under this act unless such fees are used solely by the venereal disease clinic for improvement of diagnostic and therapeutic services rendered therein.

(d) Free distribution of antisyphilitic drugs shall be made on the request of any physician authorized by the Law of his State to administer such drugs for the treatment of his patients: *Provided*, That where health departments have established the policy of furnishing drugs to the physician conditional upon receiving a morbidity report on the case of syphilis to be treated, that such policy will not in any way be altered by this regulation.

(e) To receive funds under this act, diagnostic and treatment services shall be as freely available to infected residents of other States and counties as to people who reside in the governmental unit providing the services. Clinics shall be so located as to be easy of access and of maximum convenience to the population, and shall be held in well-lighted and well-ventilated rooms. The number of clinic sessions shall be adequate to meet local needs, and shall be held at such times as to avoid economic loss to employed patients; the physical arrangements shall be such as to insure privacy for the patients when receiving medical attention, and the minimum equipment shall include all apparatus and reagents necessary for the proper examination and treatments of patients infected with syphilis and gonorrhea. Such equipment will also include apparatus for dark-field examination, ophthalmologic examination, and for lumbar punctures, unless there is immediate access to such examinations by some other means. The minimal data included on morbidity, clinical, and epidemiologic records shall be those presented in the reprint of the United States Public Health Service on "A Mechanical System for Reporting Morbidity, Treatment-Progress, and Control of Venereal Diseases," or such minimal data as may be later approved by the members of the Conference of State and Territorial Health Officers. Efficient case-finding and case-holding work shall be conducted in all clinics by qualified personnel.

(f) The services of a properly qualified full-time venereal disease control officer shall be provided in each State, and in any municipality receiving funds under

this act, if the population of either exceeds 500,000 on the basis of the 1940 census: *Provided further*, That the State health officer, after consultation and agreement with the Surgeon General, may require that the above regulations will apply in cities of populations of less than 500,000 on the basis of the 1940 census.

(g) In reallocating funds under this act for local venereal disease control services, the State health authority shall give due consideration to the relatively higher prevalence of syphilis and gonorrhea in urban areas: *Provided*, That Federal funds shall be withheld from counties, health districts, municipalities, or other political subdivisions where the laws, ordinances, and regulations pertaining to prostitution are not being enforced.

(h) The State health authority shall give due consideration to keeping the total administrative costs for venereal disease control work, including both State and Federal funds, at the lowest possible level consistent with the prosecution of an effective venereal disease control program. The total cost of administration of the venereal disease control program shall not exceed 5 percent of all funds expended for this phase of public health work in States with a population greater than one million and 10 percent in States with a population of one million or less in terms of the following personnel and services:

(1) The State venereal disease control officer. The travel allowance of such officer should not be included as an administrative item because, in most States, this officer performs some duties connected with field work.

(2) The clerical assistant to the venereal disease control officer. The clerical assistant should perform those duties pertaining to the venereal disease control officer's correspondence, filing, or other general office work in this section of the health department.

(3) Any other clerical or stenographic personnel at the State level, provided the major portion of their activities is concerned with general office work under the immediate supervision of the State venereal disease control officer. This item includes personnel concerned with the accounting of funds, but excludes personnel concerned with statistical activities since the latter are included in the category of personnel performing duties connected with consultation and dissemination of technical information.

(4) All activities concerned with the administration of the merit system on the State level.

## TITLE 43—PUBLIC LANDS: INTERIOR

### Chapter I—General Land Office

[Circular No. 1514]

#### PART 259—SPECIAL CONTRACTS

#### REGULATIONS GOVERNING CONTRACTS FOR THE CUTTING AND REMOVAL OF YUCCA FROM THE PUBLIC LANDS

JULY 28, 1942.

Sec.	
259.1	Authority.
259.2	Policy.
259.3	Lands subject to yucca contracts.
259.4	Form of contract; procedure.
259.5	Application.
259.6	Citizenship.
259.7	Fee.
259.8	Charges.
259.9	Execution of contract; bond and advance payment.
259.10	Use of land.
259.11	Assignment of contract.
259.12	Cancellation of contract.

AUTHORITY: §§ 259.1 to 259.12, inclusive, issued under R.S. 543, 2478; 43 U.S.C. 2, 1201; E.O. 9180, 7 F.R. 4317.

§ 259.1 *Authority*. Executive Order 9180 of June 5, 1942, issued to facilitate the prosecution of the war, authorizes the Secretary of the Interior

\* \* \* to enter into contracts, through the Commissioner of the General Land Office, for the disposal of yucca growing on the public domain, under such terms and conditions as he may deem proper whenever he finds that the materials or products to be made from such yucca are substitutes, in whole or in part, for any material which has been or hereafter may be designated as strategic or critical, or both, or is otherwise essential to the prosecution of the war.

§ 259.2 *Policy*. In keeping with the Department's policy of making resources available for their highest use in facilitating the prosecution of the war, while at the same time giving every attention to the principles of conservation, it is the purpose of §§ 259.1-259.12 to provide for the cutting of yucca on the public lands for use as fiber and other products needed particularly as substitutes for products which cannot be imported from the usual sources and other products of the class designated in the executive order. Further in keeping with this policy of wise use and avoidance of waste of natural resources, the harvesting and removal of yucca from the public lands shall be carried on in such a manner that it does not initiate or increase soil erosion, fire hazards, unnecessary reduction in the usefulness of the land for other purposes or unnecessary damage to other useful resources. No cutting of yucca will be permitted which unnecessarily impairs scenic values or recreational uses. The harvesting shall be done on a sustained yield basis, thereby assuring a permanent supply, unless otherwise authorized in order to promote the maximum utilization of the lands and the resources thereof. When desirable to cut yucca in grazing areas, or in conjunction with the harvesting or removal of other products for raw material purposes, due regard shall be given to attaining the highest multiple use.

§ 259.3 *Lands subject to yucca contracts.* The authority granted by the Executive order extends to all public lands, including such lands withdrawn by Executive Orders Nos. 6910 and 6964 of November 26, 1934, and February 5, 1935, public lands in grazing districts, and public lands withdrawn or reserved for special administration, where the cutting of the yucca is found not to be inconsistent with the purpose for which the lands were reserved.

Where application is made for lands administered by the Grazing Service or other agency, the application will be referred to such agency for consideration and no contract will be entered into without its concurrence. Yucca contracts for such lands will contain special provisions and stipulations as the agency involved may suggest.

§ 259.4 *Form of contract; procedure.* Each yucca contract will contain the provisions of the attached form, which is made a part of this section. The contract will be made for such term as is requested by the applicant, not exceeding 5 years, or for a period extending until 6 months after the national emergency has been officially declared to be terminated, whichever expires sooner.

A yucca contract will not prevent the subsequent filing of applications or the initiation of rights to the lands under the public-land laws by others or prevent anyone having the right to graze livestock on the lands from using so much of the yucca as may be necessary for forage or fodder for livestock. Subsequent to the date of the contract, any of the lands which the Commissioner of the General Land Office may find are needed for a higher use inconsistent with the cutting of yucca from the lands may be excluded from the contract after 30 days written notice.

A contract may be renewed on its expiration, prior to the official termination of the national emergency, in the discretion of the Commissioner of the General Land Office, subject to the rules and regulations then in force and to such provisions and conditions as the Commissioner may prescribe.

All actions of the Commissioner will be subject to review or appeal, in accordance with the Rules of Practice (43 CFR, Part 221).

§ 259.5 *Application.* An application to cut yucca must be submitted in affidavit form, in triplicate, and should be filed in the land office for the district in which the lands containing the yucca are situated. The application should show:

- (a) The name and address of applicant.
- (b) The facts as to the age and citizenship of the applicant, if an individual, or as to its incorporation and the citizenship of each stockholder, if a corporation. A corporation will be required to furnish a certified copy of its articles of incorporation, together with a copy attested by the proper official of the minutes of the meeting authorizing the filing of the application.
- (c) The period for which the contract is desired.

(d) A description of the land desired. The land, if surveyed, should be described with reference to the public land surveys. If unsurveyed, it should be described in such a manner that it may be identified with certainty.

(e) The species, quantity and parts of the yucca plant desired, the species and estimated quantity of each on the land covered by the application, and the product or products for which the yucca is to be used.

(f) The proposed method of cutting and its effect upon the yucca plants, also the proposed method of collection of the yucca and of the disposal of the waste.

(g) Whether the applicant has theretofore cut yucca or has a contract or right to cut it from any lands. If so, the application should show the location and ownership of the lands, the date of the contract and the period for which the right was given, the species and quantities involved, and the amounts paid or the contract prices.

(h) Whether the yucca is desired to supply an existing or a proposed processing plant. If to supply an existing plant, the application should show the location, ownership and capacity of the plant to use yucca. If to supply a proposed plant, in addition to the foregoing information, the application should state the manner in which capital to finance the project will be secured and the approximate amount of capital which will be required.

(i) Whether the application is made for the exclusive use and benefit of the applicant.

(j) Whether any of the lands are occupied or improved. If so, the application should describe such lands and give the name and address of each occupant.

(k) When the lands were last examined by the applicant.

§ 259.6 *Citizenship.* Each purchaser of yucca must be a citizen of the United States, or one who has declared his intention to become such citizen, or a corporation owned by such persons organized under the laws of the United States or of a State or Territory thereof, and authorized to transact business in the State or States in which the lands involved are situated.

§ 259.7 *Fee.* Each applicant must pay a fee of \$5.00, if the application is for 1,000 acres or less, and an additional \$5.00 for each 1,000 acres or fraction thereof. The fee will be carried as unearned pending action on the application. If the application is rejected, the fee will be returned. If a lease based on the application is offered to the applicant, and refused, the fee will be retained and earned as a service charge.

§ 259.8 *Charges.* A contract charge of 5 cents per acre per year payable in advance will be made for the privilege of cutting the yucca. Payment also will be required for all yucca cut at the rate to be specified in the contract. The Commissioner of the General Land Office will determine the just and proper rate. All yucca cut during each 6 months' period of the contract must be

paid for within 30 days after the expiration of such period. The Commissioner, in his discretion, may include in any contract a provision that there shall be set off against the amount due for the yucca cut, any part of the advance acreage payments made during the preceding 3 years under that contract, or any extension thereof, for which credit has not previously been given.

All payments must be made to the Register of the land office for the district in which the lands are situated, who will deposit and account for the moneys as miscellaneous receipts, rent of land.

§ 259.9 *Execution of contract; bond and advance payment.* Upon the approval of an application, a proposed contract will be prepared and forwarded to the register for transmittal by him to the applicant. The contract must be executed by the applicant in quadruplicate and returned by him to the register. The applicant must furnish with the proposed contract, when returned, a corporate surety bond in an amount to be determined by the Commissioner of the General Land Office, but not less than \$1,000, conditioned upon performance by the applicant of all the terms of the contract. The applicant must submit with the proposed contract payment of the acreage charge for the first year of the contract.

§ 259.10 *Use of land.* A yucca contract will not entitle the purchaser to any right or interest in the lands described therein other than for the purpose of searching for, cutting and removing yucca. It will not give the purchaser the right to construct improvements of any kind upon the premises and will not prevent the use of the land by the United States, or under its authority, for any purpose not inconsistent with the rights granted by the contract.

§ 259.11 *Assignment of contract.* A purchaser may not assign his contract or any interest therein without the approval of the Commissioner of the General Land Office. A proposed assignment must be executed in triplicate and forwarded, within 30 days from the date of its execution, to the register of the proper district land office, for transmittal to the Commissioner, and it must be supported by a statement signed by the assignee agreeing to be bound by the provisions of the contract if the assignment is approved, and a showing that the assignee possesses the qualifications required of a purchaser.

§ 259.12 *Cancellation of contract.* A contract may be canceled by the Commissioner of the General Land Office if the purchaser shall fail to make any payment required thereunder or shall fail to comply with any provisions thereof and such default shall continue for 30 days after written notice thereof to the purchaser.

FRED W. JOHNSON,  
Commissioner.

Approved: July 28, 1942.

HAROLD L. ICKES,  
Secretary of the Interior.

DEPARTMENT OF THE INTERIOR  
GENERAL LAND OFFICE

Yucca Contract<sup>1</sup>

This contract made this ----- day of -----, 19--, between the United States of America, acting in this behalf by the -----, and -----, of -----, hereinafter called the purchaser, under authority of Executive Order No. 9180 of June 5, 1942.

Witnesseth, That the parties hereto for the considerations hereinafter expressed covenant and agree as follows:

SEC. 1. *Rights granted.* The purchaser shall have the right, for the period of this contract, to search for, cut and remove the species of yucca designated below from the following-described lands: -----

SEC. 2. *Term of contract.* This contract is made for a term of ----- years, or for a period extending until 6 months after the national emergency has been officially declared to be terminated, whichever expires sooner. It may be renewed on its expiration prior to the official termination of the national emergency, in the discretion of the Commissioner of the General Land Office, subject to such provisions and conditions as the Commissioner may prescribe.

SEC. 3. *Special rules.* The following rules will be observed in the cutting: -----

SEC. 4. In consideration of the rights and privileges granted by this contract, the purchaser agrees:

(a) *Charges.* To pay the United States each year in advance a charge of 5 cents per acre for the privilege of cutting yucca from the lands covered by this contract and to make payment to the United States for all such yucca at the following rate: -----

All yucca cut during each 6 months' period of the contract must be paid for within 30 days after the expiration of such period.

(b) *Regulations.* To abide by and conform to any and all reasonable regulations of the Secretary of the Interior now or hereafter in force relating to the cutting and removal of yucca from the public lands, all of which regulations are made a part and condition of this contract: *Provided*, That such future regulations shall not effect any change in the annual acreage charge, or in the charge for the yucca provided for herein, without the consent of the parties hereto.

(c) *Monthly statements.* To furnish monthly statements at such time and in such form as may be required by the Commissioner of the General Land Office, showing the facts as to the yucca cutting operations both from the lands covered by this contract and from lands adjacent thereto, if the purchaser has the right to cut and remove yucca from such adjacent lands.

(d) *Inspection of records.* To keep open at all reasonable times for inspection by any duly authorized officer of the Department of the Interior all books, accounts and other records pertaining to the yucca cutting operations, both from the lands covered by this contract and from lands adjacent thereto, if the purchaser has the right to cut and remove yucca from such adjacent lands.

(e) *Assignments.* Not to assign this contract or any interest therein without the consent of the Commissioner of the General Land Office; that any such assignment, if made, will contain all the terms and conditions agreed upon by the parties thereto; and that the proposed assignment will be forwarded, in triplicate, within 30 days from the date of its execution to the register of the proper district land office for transmittal to the Commissioner.

(f) *Labor policy.* To accord all workmen and employees complete freedom of collective bargaining and of purchase, to pay

<sup>1</sup>To be executed in quadruplicate.

them at least twice each month in lawful money of the United States, and to carry on all operations hereunder with due regard to their health and safety.

SEC. 5. *Use of land.* This contract will not entitle the purchaser to any right or interest in the land described herein other than for the purpose of searching for, cutting and removing yucca. It will not give the purchaser the right to construct improvements of any kind upon the premises and will not prevent the use of the land by the United States, or under its authority, for any purpose not inconsistent with the rights herein granted. The right is hereby reserved to cut and remove from the land as much yucca as may be necessary for the purposes of research, experimentation or other investigation conducted by the United States, or under its authority.

SEC. 6. *Cancellation of contract.* This contract may be canceled by the Commissioner of the General Land Office if the purchaser shall fail to make any payment required thereunder, or shall fail to comply with any provisions thereof, and such default shall continue for 30 days after service of written notice thereof on the purchaser.

SEC. 7. *Termination of contract.* The purchaser, with the consent of the Commissioner of the General Land Office first had and obtained in writing, may surrender and terminate this contract upon payment of all charges due hereunder, upon payment of all wages and moneys due and payable to workmen employed by him, and upon a satisfactory showing to the Commissioner that the public interests will not be impaired.

SEC. 8. *Unlawful interest.* No Member of, or Delegate to Congress, or Resident Commissioner, after his election or appointment, or either before or after he has qualified, and during his continuance in office, and no officer, agent or employee of the Department of the Interior, shall be admitted to any share or part in this contract, or derive any benefit that may arise therefrom. The provisions of section 3741 of the Revised Statutes and sections 114, 115, and 116 of the Criminal Code, approved March 4, 1909 (35 Stat. 1109), relating to contracts, enter into and form a part hereof, so far as the same may be applicable.

SEC. 9. *Heirs and successors in interest.* Each obligation hereunder shall extend to and be binding upon, and every benefit hereof shall inure to, the heirs, executors, administrators, successors, or assigns of the respective parties hereto.

In witness whereof:

CANADIAN FISHING VESSELS PERMITTED TO LAND HALIBUT CATCH IN ALASKA

AUGUST 7, 1942.

Section 4311 R.S. (46 U.S.C. 251) waived to extent necessary to permit Canadian halibut fishing vessels to land catch of halibut in Alaska.

Upon the written recommendation of the Secretary of State and by virtue of the authority vested in me by section 501 of the Second War Powers Act, 1942 (Public Law 507, 77th Congress), I hereby waive compliance with the provisions of section 4311 R.S. (46 U.S.C. 251) to the extent necessary, for the duration of the calendar year 1942, to permit Canadian fishing vessels engaging in the North Pacific halibut fishery only to land their catch of halibut in ports of entry in Alaska upon compliance with the applicable customs laws. I deem that such action is necessary in the conduct of the war.

## TITLE 50—WILDLIFE

## Chapter I—Fish and Wildlife Service

## PART 21—PACIFIC REGION NATIONAL WILDLIFE REFUGES

## LITTLE PEND OREILLE NATIONAL WILDLIFE REFUGE, WASHINGTON

Under authority of section 84 of the act of March 4, 1909, as amended by the act of April 15, 1924, 43 Stat. 98, the administration of which was transferred to the Secretary of the Interior on July 1, 1939, by Reorganization Plan No. II (53 Stat. 1431), and in extension of § 12.9 of the regulations of December 19, 1940,<sup>1</sup> for the administration of national wildlife refuges, the following regulations permitting and governing the hunting of deer within the Little Pend Oreille National Wildlife Refuge, Washington, are made and prescribed:

§ 21.563a *Little Pend Oreille National Wildlife Refuge, Washington; hunting of deer.* Deer may be taken in the open season prescribed therefor by the State Game Commission of Washington during the calendar year 1942 on lands of the United States within the exterior boundary of the Little Pend Oreille National Wildlife Refuge, Washington, under the following special provisions, conditions, restrictions, and requirements:

(a) *Compliance with State laws and regulations.* Any person who hunts on the refuge shall have in his possession a valid hunting license issued by the State of Washington authorizing him to hunt deer, which said license shall serve as a Federal permit for hunting deer on the refuge. The license must be exhibited upon the request of any representative of the Washington State Game Commission authorized to enforce the State game laws or of any representative of the Department of the Interior. The licensee shall comply in every respect with the State laws and regulations governing the hunting of deer and must also upon request of any of the aforesaid representatives exhibit for inspection all game killed by him or in his possession. Failure of any person hunting upon the refuge to comply with any of the conditions, restrictions, or requirements of the regulations in this part will be sufficient cause for removing such person from the refuge and for refusing him further hunting privileges on the refuge.

(b) *Disorderly conduct, intoxication.* No person who is visibly intoxicated will be permitted to enter upon the refuge for the purpose of hunting hereunder, and any person who indulges in any disorderly conduct on the refuge will be removed therefrom by the officer in charge and dealt with as prescribed by law.

(c) *Entry upon refuge.* Persons entering the refuge for the purpose of hunting, as permitted by the regulations in this part, shall use such established routes of travel as may be designated by suitable posting by the officer in charge

and shall not otherwise enter upon the refuge.

## DEPARTMENT OF THE INTERIOR.

## Bituminous Coal Division.

[Docket No. B-305]

## FLASH COAL CO.

## NOTICE OF AND ORDER FOR HEARING

In the matter of Julius Kauzlarich and Tony Kauzlarich, individually and as co-partners, doing business under the name and style of Flash Coal Company, Code Member.

A complaint, pursuant to the provisions of section 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act"), having been duly filed on July 17, 1942, by the Bituminous Coal Producers Board for District No. 12, complainant, with the Bituminous Coal Division (the "Division"), alleging wilful violation by Julius Kauzlarich and Tony Kauzlarich, individually and as co-partners, doing business under the name and style of Flash Coal Company (the "Code Member"), of the Bituminous Coal Code (the "Code"), or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on September 28, 1942, at 10 a. m. at a hearing room of the Bituminous Coal Division at the District Court Room, Centerville, Iowa.

It is further ordered, That Charles O. Fowler or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, to take evidence, and to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said Code Member and to all other parties herein and to all persons and entities having an interest in this proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Act, may file a petition for intervention not later than five (5) days before

the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the Code Member; and that failure to file an answer within such period, unless otherwise ordered, shall be deemed to be an admission of the allegations of the complaint herein and a consent to the entry of an appropriate order on the basis of the facts alleged.

Notice is also hereby given that if it shall be determined that the Code Member has wilfully committed any one or more of the violations alleged in the complaint, an order may be entered either revoking the membership of the Code Member in the Code and the Code Member's right to an exemption from the taxes imposed by section 3520 (b) (1) of the Internal Revenue Code, or directing the Code Member to cease and desist from violating the Code and regulations made thereunder.

All persons are hereby notified that the hearing in the above entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

Notice is also hereby given that any application, pursuant to § 301.132 of the Rules of Practice and Procedure before the Division for the disposition of this proceeding without formal hearing, must be filed not later than fifteen (15) days after receipt by the Code Member of the complaint herein.

The matter concerned herewith is in regard to the complaint filed by said complainant alleging that said code member, whose address is Mystic, Iowa, whose code membership became effective as of January 30, 1938, and who operates the Flash Mine, Mine Index No. 622, also known as the Kauzlarich Mine, Mine Index No. 360, located in Appanoose County, Iowa, District No. 12, has wilfully violated:

(a) Division Orders Nos. 296 and 297 dated September 23, 1940, and October 22, 1940, respectively, during the period beginning October 1, 1940 through December 31, 1940, Division Order No. 307 dated December 11, 1940, during the period January 1, 1941, through March 31, 1941, and Division Order No. 312 dated February 24, 1941, during the period beginning April 1, 1941, through April 30, 1941, for failing to maintain and keep on file at the mine or at the business office of said code member or by failing to file with the Statistical Bureau for District No. 12 reports during said respective periods of all sales of substantial tonnages of coal produced, sold and shipped from the above-mentioned mine by truck or wagon to various purchasers

<sup>1</sup> 5 F.R. 5284.

and copies of truck tickets, sales slips, invoices and list of said sales as required by said orders resulting in violations of said Orders, the Act, the Code and the Marketing Rules and Regulations of the Division promulgated thereunder;

(b) Rule 3 of section V of the Marketing Rules and Regulations and Order No. 14 of the Division dated July 15, 1937, by failing to file with the Statistical Bureau for District No. 12 within ten (10) days from the date of acceptance during the period October 1, 1940 through March 31, 1942, copies of any and all spot orders entered into for the sale of substantial tonnages of coal produced at the above-mentioned mine, resulting in violations of said Rule and Order, the Act, the Code and rules and regulations promulgated thereunder; and

(c) Rule 8 of section VI of the Marketing Rules and Regulations and Order No. 14 of the Division dated July 15, 1937, by failing to file with the Statistical Bureau for District No. 12 within fifteen (15) days after the date of entry therein during the period October 1, 1940, through March 31, 1942, copies of any and all contracts for the sale of substantial tonnages of coal produced at the above-mentioned mine, resulting in violations of said Rule and Order, the Act, the Code and rules and regulations of the Division promulgated thereunder.

[Docket No. D-22]

STAHMER COAL CO.

NOTICE OF AND ORDER FOR HEARING

In the matter of the application of Stahmer Coal Company for permission to receive sales agents' commissions and distributors' discounts on coal sold to Madison Fuel and Supply Company.

The Stahmer Coal Company, a corporation organized under the laws of Illinois with its principal offices in Chicago, Illinois, acting as a sales agent for certain code member producers, and being registered with the Division as a Distributor, Registration No. 8625, filed its petition, on July 24, 1942, praying:

1. That the Division determine "that the sales relationship between Stahmer and the Madison Fuel and Supply Company is bona fide and will not result in the evasion of the applicable minimum prices and is not within the prohibition of paragraphs 11 and 12 of section 4 II (i) of the Bituminous Coal Act," and

2. That it be granted permission to accept and retain sales agents' commissions and distributors' discounts on all coal sold by it to Madison Fuel and Supply Company.

It is, therefore, ordered, That a hearing on such matter be held on September 15, 1942, at 10 a. m. in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 15th

Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Floyd McGown or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to such petitioner and to any other person who may have an interest in such proceeding. Any person desiring to be heard at such hearing shall file a notice to that effect with the Bituminous Coal Division on or before September 12, 1942, setting forth therein the nature of his interest and a concise statement of the matter or matters which he intends to present.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners, or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

Dated: August 8, 1942.

[Docket No. A-1557]

DISTRICT BOARD NO. 8

NOTICE OF AND ORDER FOR HEARING

In the matter of the petition of District Board No. 8 for a change of price classifications and minimum prices for rail and truck shipment for the coals of certain mines in District No. 8 and to remove all of Leslie County, Kentucky, from Subdistrict No. 6, Southern Appalachian, and add it to Subdistrict No. 3, Hazard, in District No. 8.

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on September 9, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Floyd McGown or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before September 1, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to a petition filed with the Division by District Board No. 8 requesting a change of price classifications and minimum prices for rail and truck shipment for the coals of certain mines in Kanawha and Putnam Counties, West Virginia, and Leslie County, Kentucky, and to remove all of Leslie County, Kentucky, from Subdistrict No. 6, Southern Appalachian, and add it to Subdistrict No. 3, Hazard, in District No. 8.

Dated: August 7, 1942.

J-Z COAL CO.

ORDER RESCHEDULING HEARING

In the matter of the petition of the J-Z Coal Company, a Code Member producer in District No. 4, for the revision of the minimum prices of the coals of Mine Index No. 2950 in size groups Nos. 5, 6 and 8 for truck shipments.

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, a hearing having been scheduled

in this matter on July 7, 1942, at Washington, D. C., at which hearing petitioner failed to appear; and

An order provisionally dismissing the petition having been issued on July 23, 1942; and

Petitioner by letter dated July 30, 1942, having shown good cause why this hearing should be rescheduled;

Now, therefore, it is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division, be rescheduled to August 11, 1942, at 10 o'clock in the forenoon of that day at a hearing room of the Bituminous Coal Division, Common Pleas Court, Steubenville, Ohio.

It is further ordered, That Charles S. Mitchell, or any other officer, or officers, of the Division duly designated for that purpose shall preside at the hearing in such matter.

It is further ordered, That the original Notice of and Order for Hearing in this matter dated June 26, 1942, shall, in all other respects, remain in full force and effect.

Dated: August 5, 1942.

DISTRICT BOARD No. 14

ORDER POSTPONING HEARING

In the matter of the petition of District Board No. 14 for Revision of price classifications and minimum prices for certain mines in District No. 14.

The original petitioner having moved that the hearing in the above-entitled matter heretofore scheduled for August 10, 1942, be postponed, and having shown good cause why such motion should be granted;

Now, therefore, it is ordered, That the hearing in the above-entitled matter be and it hereby is postponed from 10 o'clock in the forenoon of August 10, 1942, until 10 o'clock in the forenoon of September 21, 1942, at the place and before the officer heretofore designated.

Dated: August 6, 1942.

## DEPARTMENT OF AGRICULTURE.

Office of the Secretary.

[EPC Docket No. 1]

CERTAIN DESIGNATED COMMODITIES

NOTICE OF HEARING RELATIVE TO  
COMPARABLE PRICES

Pursuant to the authority contained in subsection (b) of section 3 of the Emergency Price Control Act of 1942 [Public No. 421, 77th Congress, 2d session], notice is hereby given that a public hearing will be held at the Roosevelt Hotel, 4903 Delmar Street, St. Louis, Missouri, during the week beginning August 24, 1942, commencing at 9:30 a. m. on August 24, 1942.

The purpose of such hearing is to receive evidence and to accept briefs or statements likely to be of assistance to the Secretary of Agriculture in finding, pursuant to the provisions of subsection (b) of section 3 of said act, whether the production and consumption of the commodities listed hereinafter have so changed in extent and character since the base period as to result in a price out of line with the parity prices for the basic commodities (corn, wheat, cotton, tobacco, rice, and peanuts for nuts). Although not required by subsection (b) of section 3 of said act, evidence will be received and briefs or statements accepted as to the factors which should be considered in establishing a comparable price for each of the several commodities.

The following commodities will be taken up in the order listed during the three days from August 24 to August 26, 1942:

August 24—citrus fruits for fresh use and for processing; avocados, dates, boysenber-

ries, youngberries, and grapes other than raisins.

August 25—peppermint, spearmint, and similar oils; dry field peas; almonds, filberts, pecans, and walnuts.

August 26—soybeans, peanuts for oil, and tung nuts; snap beans for processing, beets for processing, and other vegetables for processing, such as carrots, squash, pumpkin, okra, parsnips, turnips and rhubarb.

In addition, the hearing will be continued on August 27 and 28 to receive evidence and to accept briefs or statements with respect to whether comparable prices should be established for any commodities not listed herein and with respect to the factors which should be considered in establishing such comparable prices.

The record will be kept open through Monday, September 8, 1942, in order to accept additional or supplementary briefs or written statements which any interested parties may desire to file.

Such hearing, after being called to order at the time and place mentioned above, may, for convenience, be adjourned to such other place in the same city as the presiding officer may designate and may be continued from day to day within the discretion of the presiding officer.

Done at Washington, D. C., this 8th day of August 1942. Witness my hand and the seal of the Department of Agriculture.

Sugar Agency.

NOTICE OF HEARINGS AND DESIGNATION OF  
PRESIDING OFFICERS

Pursuant to the authority contained in subsections (b) and (d) of section 301 and section 511 of the Sugar Act of 1937 (Public, No. 414, 75th Congress), as amended, notice is hereby given that public hearings will be held as follows:

At Baton Rouge, Louisiana, in the Court House, Room 302, on August 19, 1942 at 9:30 a. m.; at New Iberia, Louisiana, in the Court Room of the New Court House, on August 21, 1942 at 9:30 a. m.; at Clewiston, Florida, in the Clewiston High School Auditorium, on August 25, 1942, at 9:00 a. m.

The purpose of such hearings is to receive evidence likely to be of assistance to the Secretary of Agriculture in determining (1), pursuant to the provisions of section 301 (b) of the said act, fair and reasonable wages for persons employed in the mainland cane sugar area in the harvesting of sugarcane during the period from September 1, 1942, to June 30, 1943, and the planting and cultivating of sugarcane during the calendar year 1943 on farms with respect to which applications for payments under the said act are made, and (2), pursuant to the provisions of section 301 (d) of the said act, fair and reasonable prices for the 1942 crop of sugarcane to be paid, under either purchase or toll agreements, by processors who, as producers, apply for

payments under the said act; and to receive evidence likely to be of assistance to the Secretary of Agriculture in making recommendations, pursuant to the provisions of section 511 of the said act, with respect to the terms and conditions of contracts between producers and processors of sugarcane and with respect to the terms and conditions of contracts between laborers and producers of sugarcane.

Joshua Bernhardt, Charles M. Nicholson, Harry H. Simpson, and G. Laguardia are hereby designated as presiding officers to conduct, either jointly or severally, the foregoing hearings.

Done at Washington, D. C., this 8th day of August 1942. Witness my hand and the seal of the Department of Agriculture.

## FEDERAL COMMUNICATIONS COMMISSION

[Docket No. 6395]

### POSTAL TELEGRAPH-CABLE CO. (NEW YORK) ORDER FOR HEARING, ETC.

In the matter of increased rates of Postal Telegraph-Cable Co. (New York) for service to certain points in Kentucky.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 4th day of August 1942,

It appearing that there has been filed with the Commission Supplement No. 31 to Postal Telegraph-Cable Company (New York) Tariff F.C.C. No. 47, effective August 10, 1942, which provides for the discontinuance of certain public telegraph offices at Poplar Plains, Salyersville and West Liberty, Kentucky, and for an increase in the rates and charges applicable to telegraph messages delivered at such points;

It further appearing that said Supplement No. 31 to Postal Telegraph-Cable Company (New York) Tariff F.C.C. No. 47, makes increases in rates and charges and states regulation and practices effecting such increases in rates and charges for the transmission of telegraph messages in interstate and foreign commerce; that the rights and interests of the public may be injuriously affected thereby; and it being the opinion of the Commission that the effective date of the said tariff supplement should be postponed pending hearing and decision thereon;

It further appearing that the Commission, by Order of July 14, 1942, in Docket No. 6374, directed that Supplement No. 30 to Postal Telegraph-Cable Company (New York) Tariff F.C.C. No. 47, which provided for the discontinuance of certain other public telegraph offices at various named points in Kentucky and Ohio, and for an increase in the rates and charges applicable to telegraph messages delivered at such points, be suspended;

It is ordered, That the Commission, upon its own motion, without formal pleading, enter upon a hearing concerning the lawfulness of the rates, charges, regulations and practices contained in said Supplement No. 31 to Postal Telegraph-Cable Company (New York) Tariff F.C.C. No. 47, insofar as they relate

to the discontinuance of public telegraph offices at Poplar Plains, Salyersville and West Liberty, Kentucky;

It is further ordered, That the operation of said tariff supplement, insofar as it provides for an increase in the rates and charges for delivery of interstate or foreign telegraph messages to public telegraph offices at Poplar Plains, Salyersville and West Liberty, Kentucky, be suspended; and that the use of the rates, charges, regulations and practices therein stated as applicable to such points in Poplar Plains, Salyersville and West Liberty, Kentucky, be deferred until November 10, 1942, unless otherwise ordered by the Commission; and during said period of suspension, no change shall be made in such rates, charges, regulations and practices, or in the rates, charges, regulations and practices sought to be altered, unless authorized by special permission of the Commission;

It is further ordered, That an investigation be, and the same is hereby, instituted, into the lawfulness of the rates, charges, classifications, regulations, practices and services of Postal Telegraph-Cable Company (New York) for and in connection with service to and from Poplar Plains, Salyersville and West Liberty, Kentucky, as stated in the provisions of the tariff supplement suspended herein;

It is further ordered, That in the event a decision as to the lawfulness of the charges herein suspended has not been made during the suspension period, and said charges shall go into effect, Postal Telegraph-Cable Company (New York), and all other carriers participating in service provided under the tariff provisions suspended herein, shall, until further order of the Commission, each keep accurate account of all amounts received by each of them by reason of any increase in charges effected thereby; in which accounts each such carrier shall specify by whom and in whose behalf such amounts are paid;

It is further ordered, That Postal Telegraph-Cable Company (New York) and each participating carrier shall file with this Commission a report, under oath, on or before the 10th day of each calendar month, commencing December 10, 1942, showing the amounts received and accounted for as aforesaid, during the previous calendar month;

It is further ordered, That a copy of this Order shall be filed in the office of the Federal Communications Commission with said tariff supplement herein suspended in part; that copies hereof be served upon the carrier parties to such supplement and tariff; and that said carrier parties be, and they are hereby, each made a party respondent to this proceeding;

It is further ordered, That this proceeding be, and the same is hereby, consolidated with the proceeding heretofore commenced in Docket No. 6374 by our Order of July 14, 1942, and the consolidated proceedings are hereby assigned for hearing at 10 a. m. on the 19th day of August 1942, at the offices of the

Federal Communications Commission in Washington, D. C.

By the Commission.

#### FEDERAL POWER COMMISSION.

[Docket Nos. G-257, G-242]

EL PASO NATURAL GAS CO. ET AL.

ORDER CONSOLIDATING PROCEEDINGS FOR  
PURPOSE OF HEARING AND FIXING DATE OF  
HEARING

AUGUST 5, 1942.

In the matter of El Paso Natural Gas Company, Western Gas Company, El Paso Gas Transportation Corporation, and State of Arizona, complainant *v.*

Western Gas Company and El Paso Natural Gas Company, defendants.

It appearing to the Commission that: (a) On March 4, 1942, the State of Arizona filed with the Commission a complaint (Docket No. G-242) alleging, among other things, that Western Gas Company and El Paso Natural Gas Company are engaged in interstate transportation of natural gas, and in the sale of natural gas in interstate commerce for resale for ultimate public consumption for domestic, commercial and industrial uses, and that the rates and charges for such transportation and sale are unjust and unreasonable, and requesting the Commission to institute an investigation of said Western Gas Company and El Paso Natural Gas Company and after hearing to fix just and reasonable rates to be thereafter observed and in force in respect of such transportation and sale;

(b) On April 21, 1942, the Commission, on its own motion, instituted an investigation of El Paso Natural Gas Company, Western Gas Company and El Paso Gas Transportation Corporation (Docket No. G-257), for the purpose of enabling the Commission to determine (1) whether the said companies, or any of them, are natural-gas companies within the meaning of the Natural Gas Act, and (2) whether, in connection with any transportation or sale of natural gas subject to the jurisdiction of the Commission, any rates, charges or classifications demanded, observed, charged or collected, or any rules, regulations, practices or contracts affecting such rates, charges, or classifications are unjust, unreasonable, unduly discriminatory or preferential; and if the Commission, after hearing has been had, shall find that the said companies, or any of them, are natural-gas companies within the meaning of the Natural Gas Act, and that any of their rates, charges, classifications, rules, regulations, practices or contracts subject to the jurisdiction of the Commission are unjust, unreasonable, unduly discriminatory or preferential, to determine and fix by appropriate order or orders just and reasonable rates, charges, classifications, rules, regulations, practices or contracts to be thereafter observed and in force;

(c) The said order instituting an investigation was duly served upon El Paso Natural Gas Company, Western Gas Company and El Paso Gas Transportation Corporation;

The Commission finds that: The above-entitled proceedings are related and the public interest would be served by consolidating them for hearing; and

The Commission orders that: (A) Dockets Nos. G-242 and G-257 be and they are hereby consolidated for purposes of hearing thereon;

(B) A public hearing in these proceedings be held commencing on September 9, 1942, at 9:45 o'clock a. m. in the Hearing Room of the Federal Power Commission, located in the Hurley-Wright Building at 1800 Pennsylvania Avenue, NW., Washington, D. C.;

(C) Interested State Commissions may participate in the said hearing, as pro-

vided for in § 67.4 of the Provisional Rules of Practice and Regulations under the Natural Gas Act.

#### FEDERAL TRADE COMMISSION.

[Docket No. 4796]

MAURICE J. KELLNER

##### COMPLAINT AND NOTICE OF HEARING

In the matter of Maurice J. Kellner, an individual, doing business as M. J. Kellner, broker, M. J. Kellner Brokerage Company, Illinois Brokerage Company, and O-K Sales Company.

##### Complaint

The Federal Trade Commission, having reason to believe that the party respondent named in the caption hereof and hereinafter more particularly designated and described, since June 19, 1936, has violated and is now violating the provisions of subsection (c) of section 2 of the Clayton Act (U.S.C. Title 15, Sec. 13) as amended by the Robinson-Patman Act, approved June 19, 1936, hereby issues its complaint, stating its charges with respect thereto as follows:

PARAGRAPH ONE. Respondent Maurice J. Kellner is an individual doing business under the name and style of M. J. Kellner, broker, M. J. Kellner Brokerage Company, Illinois Brokerage Company and O-K Sales Company, having his principal office and place of business located at 8th and Madison Streets, Springfield, Illinois.

PAR. TWO. The respondent is now and for many years prior hereto has been engaged in business as a broker of general food products and other miscellaneous merchandise and has conducted such business under the name and style of M. J. Kellner, broker, M. J. Kellner Brokerage Company, Illinois Brokerage Company and O-K Sales Company.

PAR. THREE. The respondent is now and for many years prior hereto has also been engaged in business as a jobber of general food products and other miscellaneous merchandise and has also conducted such jobbing enterprises under the name and style of M. J. Kellner, broker, M. J. Kellner Brokerage Company, Illinois Brokerage Company and O-K Sales Company.

PAR. FOUR. The respondent since June 19, 1936, has made many purchases of general food products and other miscellaneous merchandise for his own account, for resale, from numerous sellers located in states other than the State of Illinois, and pursuant to said purchases such general food products and other miscellaneous merchandise have been shipped and transported by the respective sellers thereof from the states in which such sellers are located across state lines

either to the respondent or pursuant to respondent's instructions and directions to respective purchasers to whom such general food products and other miscellaneous merchandise have been sold by said respondent.

PAR. FIVE. In the course and conduct of respondent's business as a jobber, he purchases such general food products and other miscellaneous merchandise for his own account in commerce as aforesaid under the name and style of M. J. Kellner, broker, M. J. Kellner Brokerage Company, Illinois Brokerage Company and O-K Sales Company, and has been and is now receiving and accepting from numerous sellers of said general food products and other miscellaneous merchandise so purchased, brokerage fees or allowances or discounts in lieu thereof on purchases of said general food products and other miscellaneous merchandise for his own account.

PAR. SIX. The aforesaid acts of respondent constitute a violation of subsection (c) of section 2 of the Clayton Act as amended by the Robinson-Patman Act approved June 19, 1936.

Wherefore, the premises considered, the Federal Trade Commission on this 6th day of August, 1942, issues its complaint against said respondent.

#### Notice of Hearing

Notice is hereby given you, Maurice J. Kellner, an individual, doing business as M. J. Kellner broker, M. J. Kellner Brokerage Company, Illinois Brokerage Company and O K Sales Company, respondent herein, that the 11th day of September, A. D., 1942, at 2 o'clock in the afternoon, is hereby fixed as the time, and the offices of the Federal Trade Commission in the City of Washington, D. C., as the place, when and where a hearing will be had on the charges set forth in this complaint, at which time and place you will have the right, under said Act, to appear and show cause why an order should not be entered by said Commission requiring you to cease and desist from the violations of the law charged in the complaint.

You are notified and required, on or before the twentieth day after service upon you of this complaint, to file with the Commission an answer to the complaint. If answer is filed and if your appearance at the place and on the date above stated be not required, due notice to that effect will be given you. The Rules of Practice adopted by the Commission with respect to answers or failure to appear or answer (Rule IX) provide as follows:

In case of desire to contest the proceeding the respondent shall, within twenty (20) days from the service of the complaint, file with the Commission an answer to the complaint. Such answer shall contain a concise statement of the facts which constitute the ground of defense. Respondent shall specifically admit or deny or explain each of the facts alleged in the complaint, unless respondent is without knowledge, in which case respondent shall so state.

Failure of the respondent to file answer within the time above provided and failure to appear at the time and place fixed for hearing shall be deemed to authorize the Commission, without further notice to respond-

ent, to proceed in regular course on the charges set forth in the complaint.

If respondent desires to waive hearing on the allegations of fact set forth in the complaint and not to contest the facts, the answer may consist of a statement that respondent admits all the material allegations of fact charged in the complaint to be true. Respondent by such answer shall be deemed to have waived a hearing on the allegations of fact set forth in said complaint and to have authorized the Commission, without further evidence, or other intervening procedure, to find such facts to be true.

Contemporaneously with the filing of such answer the respondent may give notice in writing that he desires to be heard on the question as to whether the admitted facts constitute the violation of law charged in the complaint. Pursuant to such notice, the respondent may file a brief, directed solely to that question, in accordance with Rule XXIII.

In witness whereof, the Federal Trade Commission has caused this, its complaint, to be signed by its Secretary, and its official seal to be hereto affixed, at Washington, D. C., this 6th day of August, A. D. 1942.

By the Commission.

[File No. 70-465]

PENNSYLVANIA ELECTRIC CO., ET AL.

ORDER POSTPONING DATE OF HEARING; ORDER DESIGNATING NEW TRIAL EXAMINER

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 7th day of August, A. D. 1942.

In the matter of Pennsylvania Electric Company, The Clarion River Power Company, Erie Lighting Company, Solar Electric Company, Youghiogheny Hydro-Electric Corporation, Associated Maryland Electric Power Corporation, and Associated Electric Company.

The Commission having, on July 8, 1942, issued its notice of and order for reconvening hearing and notice of filing plan under section 11 (e) of the Public Utility Holding Company Act of 1935 and order for hearing thereon, in the above entitled matter, and having set the date for hearing on such matter on August 13, 1942; and

In such order the Commission having directed that notice of the hearing be sent by the Clarion River Power Company or

Pennsylvania Electric Company to all holders of the Participating Capital Stock of The Clarion River Power Company, and that such notice must be mailed not later than fifteen days prior to the date of hearing; and

Pennsylvania Electric Company and The Clarion River Power Company having by their counsel requested that the hearing be postponed for a period from fifteen to twenty days because of serious illness of counsel and necessary examination of books and records to be made by auditors, which cannot be completed by August, 13, 1942, and having represented that notices had been mailed on July 27, 1942, pursuant to the Commission's order, to all holders of record of the Participating Capital Stock of The Clarion River Power Company; and that, if the request for postponement is granted, the Pennsylvania Electric Company will immediately mail a notice of the postponement to all such stockholders of record; and

The Commission being of the opinion that, under the circumstances and conditions set forth, the request may appropriately be granted; and

The trial examiner, heretofore designated to preside at such hearing, not being able to preside at the postponed date;

It is ordered, That the date of the hearing in this matter be, and hereby it, postponed to August 28, 1942, at 10 a. m., at the offices of the Securities and Exchange Commission, Eighteenth and Locust Streets, Philadelphia, Pennsylvania, in the room to be designated on said day by the hearing-room clerk in Room 318.

It is further ordered, That Pennsylvania Electric Company shall give notice of the postponement of said hearing by sending a copy of this order to all holders of record of the Participating Capital Stock of The Clarion River Power Company not later than August 11, 1942.

It is further ordered, That notice of this postponement be, and hereby is, given to all security holders of The Clarion River Power Company, such notice to be given by Pennsylvania Electric Company, as hereinbefore provided, and also by publication of this order in FEDERAL REGISTER and by general release of the Commission distributed to the mailing list for releases of the Public Utility Holding Company Act of 1935.

It is further ordered, That Richard Townsend, an officer of the Commission, be, and hereby is, designated to preside at such hearing at the place and stead, and with the same powers and duties as the trial examiner hereinbefore designated to preside at such hearing.

By the Commission.

PLYMOUTH COUNTY ELECTRIC COMPANY AND  
NEW ENGLAND GAS AND ELECTRIC ASSO-  
CIATION

ORDER GRANTING APPLICATIONS

At a regular session of the Securities and Exchange Commission, held at its

office in the City of Philadelphia, Pa., on the 7th day of July, A. D. 1942.

New England Gas and Electric Association, a registered holding company, and its subsidiary, Plymouth County Electric Company, having filed applications pursuant to the Public Utility Holding Company Act of 1935, particularly sections 6 (b) and 10 thereof regarding the following proposed transactions:

Plymouth County Electric Company proposes to issue and sell to New England Gas and Electric Association 6,960 shares of additional common stock, of the par value of \$25 per share, at a price of \$31.25 per share. The proceeds from the sale of this stock are to be used for the purpose of paying floating indebtedness incurred by Plymouth County Electric Company for extensions, additions, and improvements to its plant and property amounting to \$217,500 as of May 31, 1942. Such floating indebtedness is represented by open account advance from New England Gas and Electric Association of \$150,000 together with a four-month note for \$67,500 payable to The First National Bank of Boston with interest at 3% per annum.

Said applications having been filed on July 11, 1942, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said applications within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to the said application under section 6 (b) of said Act that the requirements of said section have been satisfied, and with respect to said application under section 10 of said Act that no adverse findings are necessary under section 10 (b) and section 10 (c) (1) of said Act, and that the transaction involved has the tendency required by section 10 (c) (2) of said Act.

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said Act, and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid applications be, and hereby are, granted forthwith.

By the Commission, Commissioner Healy dissenting for the reasons set forth in his memorandum of April 1, 1940.

AMERICAN UTILITIES SERVICE CORPORATION  
ORDER PERMITTING DECLARATION TO BECOME  
EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 6th day of August 1942.

American Utilities Service Corporation having filed a declaration pursuant to section 12 (d) of the Public Utility Holding Company Act of 1935 and Rule U-44 promulgated thereunder regarding the pledge of 2,000 shares of common stock,

\$100 par value of Northwestern Wisconsin Electric Company (a subsidiary) and 31,598 shares of common stock, no par value, of Southeastern Telephone Company (a subsidiary) to the Continental Illinois National Bank and Trust Company of Chicago (Trustee under the Indenture securing its Collateral Trust 6% Bonds, Series A), in accordance with a provision of the Trust Indenture requiring the pledge of securities existing through the conversion of securities previously pledged to the trustee; and

Said application having been filed on July 16 1942 and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said application within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The declarant having requested that said declaration should become effective at the earliest possible date; and

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers to permit said declaration to become effective, and being satisfied that the effective date of such declaration should be advanced:

*It is hereby ordered,* Pursuant to Rule U-23 and the applicable provisions of said Act and subject to the terms and conditions prescribed in Rule U-24 that the aforesaid declaration be, and the same hereby is, permitted to become effective forthwith

MIDLAND UTILITY CO., ET AL.

ORDER GRANTING APPLICATION AND ALLOWING  
DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 6th day of August, A. D. 1942.

In the matter of Midland United Company, trustee, Traction Light & Power Company, Shirley Realty Company, and Indiana Industrial Land Company.

Hugh M. Morris, as Trustee for the Estate of Midland United Company, a registered holding company, and three direct subsidiaries thereof, namely Traction Light & Power Company, Shirley Realty Company, and Indiana Industrial Land Company, having filed an application and declaration pursuant to sections 10, 12 (c), 12 (d) and 12 (f) of the Public Utility Holding Company Act of 1935 and Rules U-42 and U-43 promulgated thereunder concerned with the following proposed transactions:

Midland United Company proposes to acquire all of the assets of Traction Light & Power Company, consisting of 17,906.19

shares of common stock, no par value, of Public Service Company of Indiana, Inc., a subsidiary of Midland United Company, Trustee, and cash which, as at March 31, 1942, approximated \$64,000 in consideration of the surrender to Traction Light & Power Company of all of its outstanding capital stock, consisting of 500 shares of common stock, par value \$100, and \$288,550 in principal amount of promissory notes. Upon the acquisition by Traction Light & Power Company of said capital stock and promissory notes (which are the entire capitalization of Traction Light & Power Company), said company is to be dissolved. At the present time a portion of the common stock and indebtedness of Traction Light & Power Company is pledged as collateral for certain disputed obligations of Midland United Company with Commonwealth Subsidiary Corporation, The Peoples Gas, Light & Coke Company and Public Service Company of Northern Illinois. It is proposed that the assets of Traction Light & Power Company to be received by Midland United Company are to be pledged to the same extent that the capitalization of Traction Light & Power Company has been heretofore held in pledge;

Midland United Company also proposes to sell 1,012.61 shares of the common stock of Shirley Realty Company and \$1,850 in principal amount of outstanding notes of Shirley Realty Company to Indiana Industrial Land Company, a direct subsidiary of Midland United Company, for a total cash consideration of \$23,677.71. Upon the acquisition of the above described securities, Indiana Industrial Land Company will own the entire capitalization of Shirley Realty Company. Indiana Industrial Land Company thereupon proposes to acquire the assets of Shirley Realty Company, consisting of real estate and mineral rights, and effect the dissolution of Shirley Realty Company;

Said application and declaration having been filed on July 7, 1942, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said filing within the period specified in said notice, or otherwise, and not having ordered a hearing thereon;

The Commission finding that the declaration pursuant to section 12 (c), 12 (d) and 12 (f) of the Act and Rules U-42 and U-43 thereunder meet the standards thereof and deeming that it is appropriate and in the interest of consumers, investors and the public interest to allow the declaration pursuant to sections 12 (c), 12 (d) and 12 (f) of the Public Utility Holding Company Act of 1935 and Rule U-42 and Rule U-43 to become effective, and finding no basis on which to make adverse findings under sections 10 (b) and 10 (c) of said Act, and that the transactions involved have the tendency required by section 10 (c) (2) of said Act;

*It is hereby ordered,* Pursuant to said Rule U-23 and the applicable provisions

of said Act, and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid filing be, and the same hereby is, allowed to become effective and granted forthwith."

By the Commission.

POTOMAC ELECTRIC POWER COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa. on the 6th day of August, A. D. 1942.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named party; and

Notice is further given that any interested person may, not later than August 21, 1942 at 5:30 P. M., E. W. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Potomac Electric Power Company, a subsidiary of Washington Railway and Electric Company, a registered holding company and a subsidiary of The North American Company, a registered holding company, proposes to issue and sell at competitive bidding to the highest bidder \$5,000,000 principal amount of First Mortgage Bonds, 3¼% Series. Due 1977, due August 1, 1977. The bonds are to be issued as a series of the First Mortgage Bonds under the Mortgage and Deed of Trust dated July 1, 1936 between Potomac Electric Power Company and The Riggs National Bank of Washington, D. C., as Trustee as amended by an Indenture supplemental thereto dated December 10, 1939, and as supplemented by an indenture supplemental thereto dated July 15, 1942, conveying additional property to the Trustee and now proposed to be further supplemented

by an indenture supplemental thereto, to be dated August 1, 1942.

It is stated that the proceeds from the proposed issue and sale are initially to become part of the company's general funds and are to be used to meet its normal working capital requirements and for fixed capital expenditures. It is estimated that such expenditures during the remainder of the year will amount to approximately \$4,793,334.

The application or declaration is filed pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935 for exemption from the provisions of section 6 (a) of the Act of the issue and sale of the securities designated herein. The sale of the securities will be subject to the requirements of Rule U-50.

By the Commission.

STANDARD OIL COMPANY (NEW JERSEY)

ORDER EXTENDING EFFECTIVE DATE OF ORDER  
DENYING EXEMPTION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 3d day of August 1942.

The Commission, on February 5, 1942, having denied the application of the above-named company, pursuant to section 3 (a) (3) of the Public Utility Holding Company Act of 1935, for exemption from the provisions of said Act, but having further ordered that the effective date of such order should be August 4, 1942; and

The Company having requested that the effective date of the Order of February 5, 1942 be extended for a further period of six months from August 4, 1942 on the ground that it has proceeded diligently in working out a program for the

disposition of the securities of the gas utility companies owned by it and has filed applications and declarations with respect thereto and that, despite such efforts, it has found it impossible to complete its plans by August 4, 1942; and

It appearing to the Commission that such request is reasonable and is not contrary to the interests of investors or consumers or of the public in general;

*It is hereby ordered,* That the effective date of the Order of the Commission dated February 5, 1942, denying the application of Standard Oil Company (New Jersey), pursuant to section 3 (a) (3) of the Public Utility Holding Company Act of 1935, be and the same hereby is extended to February 4, 1943.
