5. Outline of the session

7, March

Steering Committee meeting

Opened at 2.05 p.m. and decided on the schedule of the extraordinary session

9, March

Plenary session

Opened at 4.20 p.m.

First of all, Bill No. 9 : " Supplementary budget for annual revenue and expenditure of Kumamoto City for 1950-51 fiscal year " was brought up for discussion and Mayor was asked to explain the reason for introduction of the bill. Mayor stated that the bill was introduced because ¥ 9,500,000 was required as the cost of the construction of main stand of Suizenji ground.

As no particular question was asked, no discussion was made and as a result of voting, the bill was unanimously passed.

Subsequently, Emergency Bill No. 1 : On the approval of the appointment of Kumamoto City Public Safety Committee members was brought up for discussion. After Mayor explained the reason for the introduction of the bill, it was put to voting and was unanimously approved.

The session was closed at 4.30 p.m.

The 1st Day

I. Date of session :

2.30 p.m., Feb. 20, 1951

II. No. of attendants and absentees : attendants : 17
absentees : 10

III. Bills referred to :

A. Bills

1. Yatsushiro city bill No. 1

Construction of water-works

2. City bill No. 2

Nomination of members of the public safety committee

B. Reasons for presenting bills

1. The quality of water in the city is not only very inferior and unwhalesome but also checks the development of various industries. For this reason we have planned to construct water-works in order to make the city prosperous as a cultured city and further for the replation of fire prevention facilities

2. One member's term of office expires on March 6, 1951

IV. Progress of proceedings

Bill No. 2 : Passed with no objection

Bill No. 1 : The Mayor emphatically explained the importance of water-supply from the view point of health and fire prevention, and added that he had only applied for the decision upon whether or not the construction of the water-works scheduled by the city was proper, asking for the cooperation of the city assembly. After that the chief of the construction section explained in detail on the planned works based on materials

Members of Nishimura, Mishima and Hama opposed to the bill from the standpoint of extent of utilization by the citizens, misgivings given to agrarian areas, and the injudicious estimates of the work viewed from the rise in prices of materials, while members of Muraoka, Yamasaki, Okita and Yoshioka argned for the bill on the ground of the necessity of water-supply and possible financial resourses in the future. Owing to these arguments for and against, the proceedings made no progress.

The meeting adjourned at 6 p.m.

The 2nd Day

I. Date : 3-30 p.m., Feb. 21, 1951

II. No. of attendants & absentees : attendants : 20
absentees : 7

III. Progress of proceedings

Concerning the bill No. 1, Member Mishima proposed that the following 4 items be decided to be collateral conditions :

(1) Investigation of the total number of those who desire to use prospective city water (2) comparative study of circumstances between this work and other works, (3) re-examination of the planning and estimates of the work, and (4) a survey of public opinion shall be conducted. To this, member Muraoka proposed to adjourn the session for a time to study the collateral conditions, and it was adjourned at 3.50

The plenary session was opened again at 4, and item (4) " A survey of public opinion shall be conducted " was changed into " a public hearing shall be opened "

Thus the said items being taken as collateral conditions, the bill No. 1 was passed and the session came to a close at 4.05 p.m.

6. Political Activities

For the period from 21 Feb. to 20 March

Kumamoto Prefecture

Each political party's movements prepared for the coming election of the Prefectural Assembly-members

Now that the election of the prefectural assembly-members and that of the Governor are inseparably united as one body, it is natural that each political party is concentrating its efforts on the election of the prefectural assembly-members and they are deliberately studying how to cope with the situation. Liberal, Democratic, and Socialist Parties have not yet nominated their respective candidates, as the difficulty lies in the choice of suitable men owing to party relation with each other. However, the candidates of each party will probably announced before long.

As to the two major parties, Liberals and Democrats, each aims to hold the majority of the seats in the floor.

Such being the situation, it is presupposed that 35 or 36 candidates will be adopted officially by Liberal Party, approximately 40 by Democratic Party, and 16 or 17 by Socialist Party.

Success or not by the two rival parties, Liberals or Democrats, in holding the majority, entirely depends on the ballots to be got in two counties of Amakusa and Tamana and Kumamoto City, as 8 members are to be elected in Amakusa gun, and 5 in Tamana gun, while 8 in Kumamoto City. Naturally, most forcible campaign will be developed by the two parties in the said areas.

The number of the contemplated successful candidates of each party runs as follows according to the responsible persons of these parties :

Liberal :	30 or 31
Democratic :	31 or 32; at least 27 of the present member of the seats
Socialist :	10

Prepared for the severest campaign, each party is reportedly starting movements in secret before their candidatures are announced. It is said some are going so far as driving campaign openly.

Communist party announced that the party adopted officially 4 candidates, i.e. Kiyoo Shima (Tamana-gun), Eiji Inoue (Kamimashiki-gun), Tetsu Nakada (Kumamoto City), and Nobuyuki Matsumura (Hotaku-gun). It is considered, however, that influence of the announcement by the said party will be little over the situation.

Chief of Forestry Affairs Department replied that the damage done by flying squirrels is under investigation. The counter measures shall be taken promptly.

Superintendent of Education desired the cooperation for the existing system.

Mr. Gamo (Liberal Party) :

(1) Was the better treatment of teachers taken into consideration ?
(2) How about complete equipment of school-houses?
(3) How about the measures for promoting professional education ?

(4) How about the policy for deaf and blind child special eduction ?

(5) How about the plan for scholarship fund system.

(6) How about the financial measures for the establishment of the Miyazaki University.

Governor :

(1) The better treatment of teachers could not be realized.

(2) On this matter, the financial plan should be established so that the school-buildings may be made as permanent ones.

(6) The expenditure for the establishment of the Engineering Department has been decided to be disbursed from the national treasury. As a result of this, the prefectural fund which had been appropriated for this purpose will be allotted for the establishment of the Miyazaki University.

(8) The appropriation of the necessary expenditure in the budget shall be made if only the prosperous outlook for the completion of the work is obtained.

Superintendent of education :

(3) A fundamental examination is being done, but the present system will be carried out for a while.

(4) Compulsory education system will be enforced for a portion of children, but the authorities are considering to carry out perfect compulsory education with the increase in the number of teachers and by some other means.

(5) One million yen for the new fiscal year has been appriopriated for the scholarship fund system, but in three years the fund is scheduled to reach three million yen.

Welfare Department Chief :

With respect to the security of employment, it is more difficult for men to develop the new field of employment than for women. The best way is to find large demand for employment outside the prefecture.

Mr. Nishikita (Liberal Party)

(1) In presenting the prefectural regulation bills in accordance with the National Public Service Law, I want to ask the Governor's view.

(2) Isn't there any fear to create cliques in the office as a result of the simultaneous declanation of candidacy for the Prefectural Governor by the Vice-Governor and the Chief Treasurer ?

(4) How about the policy for deaf and blind child special eduction ?

(5) How about the plan for scholarship fund system.

(6) How about the financial measures for the establishment of the Miyazaki University.

Governor :

(1) The better treatment of teachers could not be realized.

(2) On this matter, the financial plan should be established so that the school-buildings may be made as permanent ones.

(6) The expenditure for the establishment of the Engineering Department has been decided to be disbursed from the national treasury. As a result of this, the prefectural fund which had been appropriated for this purpose will be allotted for the establishment of the Miyazaki University.

(8) The appropriation of the necessary expenditure in the budget shall be made if only the prosperous outlook for the completion of the work is obtained.

Superintendent of education :

(3) A fundamental examination is being done, but the present system will be carried out for a while.

(4) Compulsory education system will be enforced for a portion of children, but the authorities are considering to carry out perfect compulsory education with the increase in the number of teachers and by some other means.

(5) One million yen for the new fiscal year has been appriopriated for the scholarship fund system, but in three years the fund is scheduled to reach three million yen.

Mr. Nishikita (Liberal Party)

(1) In presenting the prefectural regulation bills in accordance with the National Public Service Law, I want to ask the Governor's view.

(2) Isn't there any fear to create cliques in the office as a result of the simultaneous declanation of candidacy for the Prefectural Governor by the Vice-Governor and the Chief Treasurer ?

Governor :

(1) The bills were submitted with the intention of observing the enacted law.

(2) It is expected that there will be no fear about it.

Mr. Shitomoto (Democrat) :

(1) I ask of the principles of the budget compilation.

(2) I ask the reason why the management of the general cultivation is delayed ?

Governor :

(1) The budget was compiled for what were fully discussed in the past.

(2) It was because of the thoroughgoing study which was made aiming at the best conclusion. The necessary estimates have sufficiently been appropriated in the budget.

Mr. Shii (Liberal Party):

(1) Isn't the prefectural cultivation administration poor ?

(2) How do the Ken authorities think to establish a disaster prevention section ?

Governor :

(1) Leaders for farming and agriculture extention agents are leading the cultivation and other things.
The Ken Authorities are doing their best.

(2) As to the establishment of a disaster prevention section, a thorough study will be considered.
On the above general interpellations, Mr. Yamaguchi (Democrat) made questions and answers were given by the Governor.

March 3rd 1951. The plenary Session.

General interpellations.

Mr. Inoue (Liberal Party)

I ask of the guiding principles of the Ken authorities in connection with the amalgamation plan of the towns and villages with the cities.

Governor :

The Ken Government will give aid or mediate for those tendencies that rose in the localities, but the Ken Government will not move for the sake of amalganation.

Question asked by Yoshida (member of Socialist Party)

(1) The measure for rehabilitation from natural disasters, one of the matters pledged by Governor Annaka, was unsatisfactory ?

(2) Is there a tendency of bringing about bureaucratic administration in the regulation to be enacted in accordance with the Local Public Service Personnel Law ?

(3) I want to ask about the management of Credit Guarantee Association.

(4) I want to ask about the circumstances of the matter that the purchase of forests owned by the "Kyushu Norin" could not be materialized.

(5) About the base-up of salaries of teachers and the time of it.

Governor's answer.

(1) It is regrettable that the amount of state subsidy disbursed by the national government was unsufficient. But we are striving to attain the purpose within the scope of budget depending upon the national treasury.

(2) In accordance with the spirit of Law, we brought it forward. This is by no means the pressure.

(3) It is developing smoothly. We have appropriated additional 4 million yen in the budget.

Deputy governor's answer.

(4) It could not be done for reasons of seasonal funds,etc.

Education Superintendent's answer.

(5) The time of change of salary base will be around Mar. 14 and 15. The adjustment of discriminatory treatment between male and female teachers will be started from April and at the same time measure to even the irregularity on salary will be started to be taken. Regarding the regular personnel change of teachers at the end of school year, we will do it in small scale.

As to Bill No. 39 re. agreement to the selection of public safety committee members, the agreement has been reached in its original form.

Reports were given by each chairman of standing committees of General Affairs, Education & Welfare, Agriculture & Forestry, Civil Engineering and Electricity and moreover results of review were reported by chairman of special committee for settlement of accounts.

Mar. 7 Plenary session.

Questions to the reports given by each chairman of standing committees.

Member Yamaguchi.

How is the building formerly used by the Prefectural H. Q. of National Rural Police.

Member Kusumoto.

Prefectural authorities are considering the proper measure.

Member Kaieda.

I want to ask the meaning of the word "Moppara" (full-time) in the regulation on service of prefectural government workers.

Member Kusumoto.

I consider that the word includes the meaning of "full-time" in case of regulation on the exemption from duty and the word means "full-time" only in case of the clause on personnel engaging in the work of union.

Member Tajiri.

Can the welfare funds for needy persons be lend to organizations?

Member Kuroki.

I consider that there is a way to accomodate.

Member Ebihara.

Regarding the expenses borne by towns and villages.

Regarding the expenses of branch school of high school's part-time courses which are borne by towns and villages, measures to give budget can be taken by Prefecture (measures by the State may not be expected)?

Education Superintendent.

I am thinking to take the measures as early as possible during 1951, if possible.

Otabara member :

When will the training institute for the tobacco raising experts be put into force ?

Director of Economic Department :

It will be put into force from 1951 year.

Kusumoto member :

I think that the expense for the damage of road imposed upon the people of the locality is too high, but what do you think ?

Tazaki member :

It is the policy to lower in due course of time.

Yamaguchi member :

What will become of the Annaka Memorandum with the reorganization of electric power ?

Governor :

It will naturally be taken over by a new company, I believe.

Nagata member :

When are vice-governor and accountant-general going to resign ?

Vice-governor :

I should like to make the vacuum of the prefectural administration produced by the resignation of the governor as short as possible. But I can not tell when I resign.

Accountant-general :

I have submitted my resignation yesterday.

The bills No.s 1-37 (excluding No.s 9,10,11,13) and the petitions (excluding one) have passed in their original forms as reported by the Chairmen.

Plenary session on March 8.

The bills No.s 9,10,11, and 13 and one petition have passed in their original forms supported by the Liberal party, Democratic party and Independents and opposed by the Socialist party.

The bill No.41 regarding the incorporation of a Tomitaka city was put on the agenda. The reason for the overture was explained by the Governor. The bill was referred to the standing committee of general affairs and decided to be discussed continually.

The Governor proposed to resign on March 9 and the Diet agreed to the proposal.

A resolution of thanks to Governor Annaka was moved and passed.
