

GERMANY PLANS AERIAL WARFARE

EXPLOSIVES TO BE DROPPED FROM BALLOONS

Kaiser William Will Have
Fleet of Thirty Armed
Airships.

Berlin, July 30.—While Count Zeppelin is preparing for his great trial with his aluminum airship, other experiments with semi-rigid and entirely flexible balloons are proceeding in various parts of the country under the supervision of government officials.

It is understood that by the end of the month the military will possess eight balloons suitable for war purposes. Two of these will be of the Zeppelin model, with a gas capacity of about half a million cubic feet. The taking over of these depends upon the result of the endurance flight and the ability to descend on dry land. Others of the semi-rigid class are now in the possession of the army balloon corps and have a capacity of 53,000 and 159,000 cubic feet respectively. Three of the balloons are of the Paravel class. These are flexible envelopes of 29,000, 113,000 and 174,000 capacity. The eighth is an enormous flexible balloon now under construction at the Zeppelin works at Muelheim, with a capacity of 424,000 cubic feet.

The acceptance of the flexible balloons is conditioned on ability to pack and transport the entire balloon on wagons, so that after unpacking, it can be filled from portable gas tanks wherever desired, while following in the train of the army. The acquisitions will form a base of further tests in order to decide which system is most useful for army purposes. At the conclusion of experiments, a fleet of at least 30 will be constructed. Tests will shortly be carried out in the vicinity of Berlin, which will include the dropping of explosives from altitudes on designated positions, but the results of these tests will be kept secret.

PENSACOLA EMBEZZLEMENT.

Pensacola, Fla., July 30.—The hearing of testimony presented in the criminal court in the case of George C. Scudamore, accused of embezzling \$75,000 from the Pensacola Bank & Trust Company, has been ended. The court decided Scudamore to be mentally incapable of conducting his defence. The defendant was adjudged insane some months ago and sent to the asylum, where the physicians after watching him for a number of weeks, declared him to be feigning, and dismissed him from the asylum.

OPEN PRINT PAPER MARKET.

New York, July 30.—It is proposed to establish an open market for newsprint paper in this city. An auction sale of one hundred tons of newsprint in carload lots is announced for August 5th by John Norris, of the American Newspaper Publishers' Association. Frequent similar auction sales are to follow. It is believed that this will have the effect of making a fixed price and stopping the business of selling at secret prices.

SMOKESTACK TRAGEDY.

Hamilton, Ont., July 30.—Fred, Easton, a painter, was instantly killed yesterday by falling from a high smokestack at the Hamilton and Iron Company's Works, a distance of 100 feet.

DELIGHTFUL EXPERIENCE.

Quebec, July 30.—The Duke of Norfolk and the Earl of Ranfurly, the latter of whom is the New Zealand representative to the Quebec tercentenary, sail for England on Friday. Both are delighted with their experience here.

BURNING OF OTTAWA PLANT.

Ottawa, July 30.—The municipal plant, which has been in operation only a month, was destroyed by fire yesterday. The loss is several thousand dollars.

KILLS HIS LANDLADY AND HER SISTER

Boarder Who is Upbraided
Commits Horrible Crimes
With Hammer.

(Special to the Times).
Winnipeg, July 30.—Because Mrs. Richard Humphreys last evening upbraided a boarder named Herbert Johnson for being behind in his board he went out returning later with a hammer and attacking Mrs. Humphreys and her sister, Mrs. Ackerman, on the head with the weapon, both receiving such injuries that they died last evening in the hospital.

Mr. Humphreys, who went to their rescue, was severely injured. Johnson was arrested.

WINNIPEG MAIL THEFTS.

(Special to the Times).
Winnipeg, July 30.—Arthur Friddy, a young post office clerk, has been sentenced to three years for the systematic theft of letters containing money from the general delivery.

EXHIBITION SCANDAL.

Toronto Treasurer Is Arrested Charged
With Embezzling \$2,000.

Toronto, July 30.—J. Knox Leslie, treasurer of the Toronto exhibition, was served this morning with a warrant charging him with the embezzlement of \$2,000. A big scandal is being disclosed over the whole finances of the exhibition and the way in which it has been manipulated by politicians.

LUMBER CUT CAUSES JOY IN NORTHWEST

(Special to the Times).
Winnipeg, July 30.—The price of all British Columbia lumber dropped by \$2.50 to \$3.50 a thousand, causing great joy to mill-ers.

The above dispatch confirms the big cut in lumber rates announced in the Times yesterday.

MINTO CUP ON ITS WAY WEST

Cordial Send-off
to New Westminsters

Formal Transfer of Silverware
is Marked With Good
Fellowship.

Montreal, July 30.—The Minto cup started on its long journey to the Pacific coast last night, both the losing Shamrocks and the victorious Westminsters cheering each other as the train pulled out. It had been arranged to have a little gathering at the Windsor hotel for the formal transfer, and the proceedings were marked by the best goodfellowship. President Slattery, of the Shamrocks, presided, and in the course of a few remarks wished success to the new cup holders. They had come East, he said, several times with challenges and were finally successful and deserved the Minto cup.

Replying for New Westminister, C. A. Welsh said he desired first to thank the Shamrocks for the way they had treated the visiting team since its arrival here. They were going away satisfied that the cup had been fairly defended and fairly won. It was a square deal all through. Then discussing lacrosse in general Mr. Welsh said he thought the press of the country was giving too much attention to baseball. He had no objection to baseball, but said it was not the national game of Canada.

He hoped the Minto cup would be a success. He felt sure the bringing of the Minto cup beyond the Rockies would have that effect. He hoped some day to see a good league in Manitoba to balance the leagues from the far west and east.

TORONTO BOY WHO BARKS LIKE DOG

Symptoms of Hydrophobia Develop
Six Months After
Bite By Canine.

Toronto, Ont., July 30.—Robt. McGill, 13 years old, was taken to the hospital yesterday suffering from hydrophobia. The disease developed suddenly on Tuesday night when without warning the boy suddenly started to bark like a dog and tried to bite his mother and little sister.

About six months ago the boy was bitten by a dog apparently with no serious results until the first symptoms showed on Tuesday night. The doctor at the hospital declares there are some symptoms of hydrophobia.

BANK OF ENGLAND.

Weekly Statement Shows Changes of
Minor Importance.

London, July 30.—The rate of discount of the Bank of England remained unchanged to-day at 2 1/2 per cent.

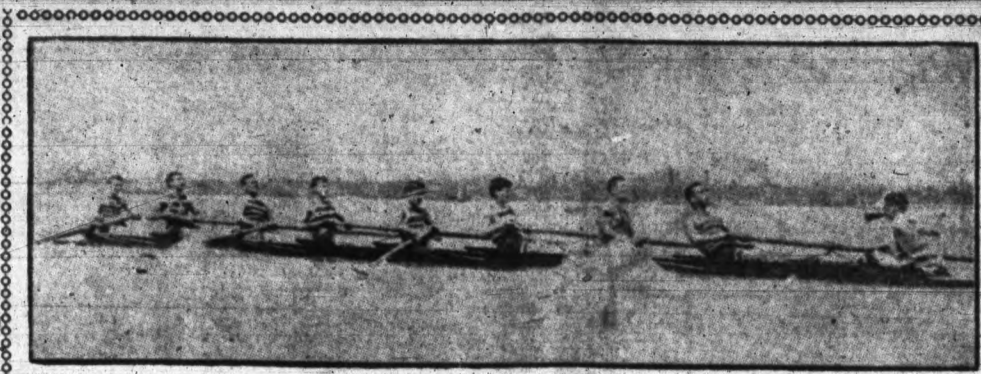

The weekly statement of the Bank of England shows the following changes compared with last week: Total reserve, decrease £715,000; circulation, increase £64,000; bullion, decrease £651,700; other securities, decrease £487,000; other deposits, decrease £277,000; notes reserve, decrease £150,000; public deposits, decrease £531,000; Government securities, decrease £180,000.

The proportion of the Bank of England's reserve to its liabilities is 50.12 per cent, against 50.15 per cent last week.

KILLED FOR ONE CENT.

Quarrel Over Postage Stamp Leads to
Murder.

Wharton, Tex., July 29.—R. B. Pointner shot and killed G. W. Jackson at Pierce, Texas, to-day, following a quarrel over a one cent postage stamp. Jackson had mailed a letter with only a one cent stamp on it, and Pointner, who had charge of the post office, called his attention to the matter.

THE ARGONAUTS' RIGGS.
Canadian Rowers Who were Defeated To-day in the Olympic Regatta after a Hard Race with Leander.

ARGONAUTS ARE BEATEN BY LEANDER

Canadian Oarsmen Give Eng-
land's Crack Crew a Hard
Struggle.

Henley, July 30.—The international Olympic regatta was continued here to-day and the Leander crew beat the Canadian Argonauts after a fine and hard race, by a length, in the third heat of the championship eights.

McCulloch (United Kingdom), defeated Tevliksky (Hungary), in his heat of the single sculls, by six lengths. The Cambridge eight was defeated this afternoon in the fourth heat of the eights by the Belgian crew belonging to the Club Nautique de Gand. This crew holds the Henley challenge cup which it won two years ago and which it was not allowed to defend in this year's regatta. The light breeze was the same crew stroked by Stuart, that defeated Oxford in the spring. The Belgians won by a length and a half over a course of a mile and a half long. Their time was 8 minutes and 22 seconds. They led nearly all the way. The Belgians will now have to fight out the final with Leander.

DECORATORS IN CONVENTION.

Call, Ont., July 29.—The fifth annual convention of the Master Painters and Decorators Association of Canada, opened here yesterday. About 200 delegates were in attendance from all over the Dominion. In his address to the convention President Booth, of London, launched the tendency to disparity in contracts and expressed the opinion that the standard of excellence of workmen was deteriorating.

VANDERBILT AUTO IN 'RIGHTFUL ACCIDENT'

M. Sands, Stepson of Million-
aire, Meets Horrible
Fate.

Paris, July 30.—M. Sands, a stepson of W. K. Vanderbilt, was killed in a frightful automobile accident which occurred at 7 o'clock yesterday morning just outside the grounds of St. Louis de Poissy, the chateau of St. Louis de Poissy, twenty miles from Paris.

Mr. Sands was riding alone with the chauffeur when the automobile, which was spinning along at a fairly high rate of speed, left the road and struck a tree with terrible force. The car was overturned, and Mr. Sands and the chauffeur were pinned under the wreckage. The gasoline tank exploded and the wreck caught fire. As soon as help arrived Mr. Sands and the chauffeur were extricated, but they had been horribly burned and mangled. They were carried into the chateau, where Sands died at 9 o'clock. The chauffeur is still alive, but his injuries will probably prove fatal. Mr. Sands, Mr. and Mrs. Vanderbilt, and his stepfather and brother were at the chateau when the accident occurred.

POLICE SLAUGHTER DOGS IN NEW YORK

Every Canine at Large Without
Muzzle is Being Shot
Down.

New York, July 30.—Acting under orders from the board of health, sixty policemen have been busy for a few days killing every dog at large without a muzzle, according to a statement to-day by Walter Bense, sanitary superintendent. Mr. Bense said the orders to the police were to make no exceptions, but they were instructed to take every precaution to avoid wounding pedestrians by stray shots. The fact that the dog was licensed affords no protection under this order, which is the result of several cases of rabies in June. At that time an order was issued to kill all unlicensed and un-leashed dogs, but its operation was suspended owing to the protest of the Society for the Prevention of Cruelty to Animals.

A legal opinion sustained the action of the health officials and the order was put into effect without the knowledge of the S. P. C. A. The officers of the society claim the owners of dogs have a right to redeem them when they are found running at large and they are taking measures to prevent the slaughter.

'HOME RULE' FOR INDIA.

Toronto, July 30.—H. Korgarkar, of Bombay, is visiting Toronto for the purpose of studying engineering works. In an interview he said India was thoroughly in earnest in her demand for home rule.

HARVESTERS GALORE WANTED IN WEST

(Special to the Times).
Winnipeg, July 30.—The government announces that thirty-five thousand men are wanted to harvest the wheat crop in Western Canada. Recommendations have been made to government officials to employ a large number of early next month, all prisoners in for vagrancy or minor offenses on condition they work in the harvest field.

BLOW TO TRADE WITH ORIENT

Railways May Cease
to Act as Carriers

Washington, D. C., July 30.—The report that the transcontinental railroads controlled by Jas. J. Hill, Edward H. Harriman, the Berwynd Syndicate, and the Canadian government have determined to surrender their export trade to China, Japan, New Zealand and Australia on November 1st, has created a great deal of interest at the Interstate commission in this city. If this action is taken it will merely fulfill the threat that has been made by railroad officials who have resisted the enforcement of the rule of the commission by which they are obliged to publish the portion of their export rates which goes to the railroads for hauling shipments to seaports and to give notice of any increase or decrease in the rates.

The purpose of the transcontinental roads to take this action has not been brought to the attention of the commission which has full power to modify its ruling in order to meet the objections of the carriers, should they care to do so, but it is not regarded as likely that they shall be changed. The railroads have claimed ever since this rule became effective that they could not comply with it and conduct their export trade, constantly changing ocean rates. The demands of trade, the carriers have represented, make it necessary that they should be free to quote a rate on export business without a moment's delay.

SHOT CAME NEAR HITTING JUDGE TAFT

Steamer With Nominee Aboard
is Fired on From
Ashore.

Cincinnati, O., July 30.—The steamer Island Queen was fired on during the trip up the Ohio river with Judge William H. Taft and the notifying committee and guests aboard. Mrs. C. B. Russell, of this city, standing on the hurricane deck, directly under the seat occupied by the presidential candidate, was struck in the face and breast by a number of small shot. She was not seriously injured. One of the shots had penetrated the skin over her left eye, and another had struck her on the chin. The distance from the shore was so great that the charge had almost spent its force when it reached the boat. The officers of the boat stated that they would make an investigation in order to learn the identity of the man who had fired the shot.

C. B. Russell said: "I was standing by my wife's side, but none of the shot struck me. I saw the man plainly, and at first thought him only an enthusiastic celebrator. I do not like to believe that the shot was fired with malicious intent, and it may have been only chance that it struck my wife's neck where Judge Taft was sitting."

MIDDLEWEIGHTS TO FIGHT FOR TITLE

Keen Interest in Championship
Contest Between Ketchell
and Kelly.

San Francisco, July 30.—Stanley Ketchell and Hugo Kelly, who will meet in a 20-round boxing contest, at the Coliseum to-morrow night, have finished their period of training and are now in condition. The battle carries with it the middleweight championship of the world, the holder, having won by his recent defeat of Papke in Milwaukee. The men will weigh in at 6 p. m. and must not exceed 153 pounds.

Interest in the contest is keen and there was a tremendous rush to purchase seats when they were placed on sale yesterday. Betting favors Ketchell at 7 to 5.

TENDENCY TOWARDS UNIVERSAL PEACE

Lambeth Conference Records
Its Appreciation of a Growing
Movement.

London, July 30.—The seventeenth universal peace conference, which is in session in this city to-day received a deputation consisting of the Bishop of Ripon, the Bishop of Massachusetts and the Bishop of Perth, Australia, who submitted a resolution passed at the Lambeth conference as follows:

"That the Lambeth conference, while frankly acknowledging the moral gains sometimes won by war, rejoices in the growth of the higher ethical principles evidenced by the increasing willingness to settle difficulties among nations by peaceful methods.

Continuing the resolution records the appreciation of the conference of the services rendered by the Peace Conference at the Hague.

CRIES WHEN ARRESTED.

Shaw yesterday assaulted Mrs. L. L. Han-Davis, a highly respected lady, living in Little Italy on Sunday night and later escaped, was arrested in Brimley, Mich., and brought to Soo. Searching the man whom it is alleged, beat Pachio's brains out with a club. When arrested he broke down and cried like a child.

LAILOW BY STROKE.

(Special to the Times).
Winnipeg, July 30.—Colonel Evans, son-in-law of Gov. McMillan, D. C. C. for Western Canada, has been prostrated by a stroke and will spend some months in the Yukon to recover.

WOMAN IS VICTIM OF ATROCIOUS CRIME

Murderer's Guesome Effort to
Incinerate Body on Va-
cant Lot.

New York, July 30.—The finding of the half charred body of a young woman yesterday in a vacant lot in an isolated section of Williamsburg, Brooklyn, revealed an atrocious and cunningly planned murder. Death was caused by a cut across the throat, and then in an endeavor to utterly destroy evidences of the crime, the murderer wrapped the body in an oil-soaked mattress, pushed it over the victim's clothing and set fire to the bundle. A powerful acid had previously been poured over the face to obliterate the woman's features and make identification impossible.

Although two arrests have been made the police do not believe they have in custody any one who can shed any light upon the mystery. The prisoners are Jas. Ruddleck, an old man, who lived in a stable not far from where the body was found, and his son, Joseph, a peddler, who discovered the body. It was Jas. Ruddleck who notified the police of the finding of the body. He told conflicting stories as to the discovery of the body, but the police seem to believe that under stress of excitement Ruddleck, who is a very old man, may have been confused.

A woman has been found who says that she heard a wagon drive to the spot where the body was found about 2:30 o'clock yesterday morning. A few minutes later she heard the wagon departing. It went toward the Green Point ferry. As it was only half an hour later when young Ruddleck saw the blazing mattress, the police feel sure that the wagon carried the body to the lot.

The murdered woman was apparently a woman of gentle breeding. She was about 30 years old and had been a mother.

DEMOCRATIC NOMINATION.

W. J. Bryan Will Be Formally Notified
on August 12th.

Montgomery, Ala., July 30.—Congressman Henry D. Clayton, who was chairman of the Democratic national convention at Denver, yesterday announced that the committee on notification of Mr. Bryan would meet at Lincoln, Neb., at noon on August 12th and that Mr. Bryan would be formally notified of his nomination during the afternoon of that day.

BRAZIL WARSHIPS ARE NOT FOR SALE

Rio Janeiro, July 30.—Instructions have been forwarded to the Brazilian Legation at London to declare again that none of the three battleships of the Dreadnought type, now being constructed for Brazil in England, are for sale.

RIDDLED BY TWO THOUSAND BULLETS

Desperate Lynching
Affair in Florida

Two Killed and Nine Wounded
Before Mob Overpowers
Authorities.

Pensacola, Fla., July 30.—Two men killed and nine wounded, several fatally, is the record of the clash last night between a mob bent upon lynching Leander Shaw, a negro, and the sheriff and his force, in which the mob finally overpowered the authorities. The lynching was carried out in the most prominent park of the city.

Shaw yesterday assaulted Mrs. L. L. Han-Davis, a highly respected lady, living in Little Italy on Sunday night and later escaped, was arrested in Brimley, Mich., and brought to Soo. Searching the man whom it is alleged, beat Pachio's brains out with a club. When arrested he broke down and cried like a child.

During the afternoon when it became known that the mob had been arrested, a crowd began forming upon the streets and early in the night they were reinforced by large numbers of men from the country. The men then attacked the county jail where the negro was confined, breaking down the jail gate. The sheriff and his deputies opened fire with Winchester and shot Leander Shaw, a negro, and the sheriff and his force, in which the mob finally overpowered the authorities. The lynching was carried out in the most prominent park of the city.

TYRANNY ENDS IN SULTAN'S REALM

'YOUNG TURKS' HOLD KEY TO SITUATION

Flight of Ministers From Sub-
lime Porte—Wild Scenes
Enacted.

Constantinople, July 30.—Although the demonstrations in the streets of Constantinople over the granting of a constitution have practically ceased, nevertheless there are signs of much dissatisfaction in the public over the delay in the re-constitution of the ministry by the introduction of liberal elements. Scenes of a wild description continue in the cafes, where officers and civilians embrace each other and express their delight at the ending of the tyrannical regime.

The situation still lacks clearness and it is impossible to forecast the next development. The "Young Turks" are masters of Constantinople and the European provinces, and except in the capital the feeling is anything but favorable to the Sultan. But even in Constantinople loyal cries were heard during the recent street demonstrations.

At a banquet in Zeric to celebrate the establishment of the constitution the name of the Sultan was hooted, while the Christians at this place are beginning to distrust the professions of the "Young Turks." Everyone has been greatly impressed with the perfect organization of the Italian "Turks" movement and the absolute discipline in all ranks. The directing hand is still unknown.

The only incident of to-day has been a noisy demonstration of artillery officers and soldiers at the Porte, where the men gathered together, apparently clamoring for promotion. The object was really hostility towards Zekki Pasha, grand master of the artillery, whose withdrawal was demanded. It has become known that Zaim Hamed Pasha, minister of mines and forests, was assisted in getting out of the country by the good offices of the Italian embassy, and that fact has produced a bad impression among the liberal Turks.

Investigation Growing.
Constantinople, July 30.—Street demonstrations have now practically ceased but public indignation is growing at the delay in removing the obnoxious ministers and other government officials. Many reports are current of the dismissal and the flight of various officials, but it is impossible to ascertain the details.

It is confirmed, however, that the minister of marine, Hani Pasha, has been forced out of office and replaced by Ramif Pasha. An irade, issued yesterday, appoints Izzet Pasha president of the commission for the inauguration of the Hejaz railway. He will leave Constantinople for that region at once. It is stated that Keeklie Pasha, minister of mines and forests, has fled with his family to Brindisi. The former reformers demand the dismissal of Tahsin Pasha, one of the chief advisers in the palace, and Abdul Houde, the Sultan's astrologer.

Izzet Pasha's appointment is equivalent to exile. Three hundred officers of the Third army corps in Macedonia have been ordered to replace an equal number of officers of the Imperial Guard. Manager Ormanian, the Armenian patriarch of Constantinople, has resigned.

The report originating in Vienna that the "Young Turks" have called upon the foreign agents to quit Macedonia is unfounded. Despatches from Monastir state that all the mutinous troops have returned to duty.

Plot Against Sultan's Life.
Vienna, July 30.—A dispatch to Die Welt from Constantinople gives details of an alleged plot against the Sultan's life which it says finally determined the Sultan to grant a constitution.

Amnesty Proclaimed.
New York, July 30.—The Sultan of Turkey, through the Turkish consul general in this city, Munif Bey, to-day proclaimed a general amnesty to all political fugitives, regardless of race, in this country. This relates to 200,000 Armenians and others in the United States.

DEATH AND DISASTER
IN TORNADO'S WAKE

Boy Killed When Building is
Blown Down in Fillmore,
Sask.

Fillmore, Sask., July 30.—A tornado visited this district yesterday afternoon doing considerable damage in the town and country south of here. The ideal school pupils had just come out and several schoolboys entered the house of Mr. Johnson for shelter, but just at that moment the building was demolished. Alfred Johnson, aged 11, being instantly killed. Mrs. Johnson had her hip dislocated and received other injuries.

A large barn, full of horses and several men, was blown down. E. Laidlaw was killed and trampled on and had his hip broken by the horses when the barn started to move. Two commercial travelers named Fisher and Barry sought refuge in a barn which was demolished, and they were imprisoned in the debris for several hours.

CANADIANS ROWED PLUCKY RACE

Belgian Crew to Meet Leander in Final of Eight-oared Event.

Henley, July 26.—The Leanders beat the Dutch crew in the eight-oared race of the Olympic regatta here to-day, while in the last heat of the single sculls Blackstaffe (United Kingdom) defeated Von Gaza (Germany). The Belgian eight is the only foreign crew left in the four-oared races, the pairs and the sculls will all be fought out by representatives of the United Kingdom.

The Argonauts in their race against Leander got well away at the start, rowing 41 strokes to the minute, and a little part of the half course was rowed at it. It was the finest race of the regatta. The Argonauts were rowing splendidly and spurred a couple of times at the end but not sufficient to push the Leanders much. Both crews received a grand reception. The Leanders finished a length ahead of the Argonauts. The time was 8:12 and for the half course 3:37.

"It is quite evident," said a well-known oarsman, "that if Canada hopes to win at Henley, the English style of rowing must be adopted." Some few people competent to express an opinion say that the Argonaut-Leander race to-day was the finest race they had seen for some time. They specially complimented Wright, the Canadian coach, for the excellent training of the Canadians. It was a great race. At the halfway the Argonauts spurred and reduced the head of the Leanders by a length, but the Argonauts' spirits near the finish, although very fine, were unable to win them the race.

PHILADELPHIA VS. SURREY.
London, July 26.—The cricket team made up of the gentlemen of Philadelphia met the Surrey eleven at the Oval to-day. The home team went to the wicket and at the lunch interval the score was 118 runs for three wickets.

DEMOCRATIC NOMINEE.
Charlestown, W. Va., July 26.—The Democratic state convention, early to-day nominated Louis Bennett, of Lewis county, for Governor on the first ballot.

The annual picnic of the employees of the B. C. electric railway is being held at Sidney to-day. The first train having gone out about 8 o'clock this morning and was followed by others at 10:45 and 1:30, while two more will go, one at 4 o'clock and the other at 7:15. Returning the trains will leave Sidney at 4 and 8:30 this evening. Altogether about a thousand people went out on the first three trains.

CANADA'S PLACE IN EMPIRE
DAILY BECOMING A GREATER FACTOR

Lord Strathcona Speaks Glowingly of Dominion's Great Destiny.

Montreal, July 26.—Lord Strathcona is greatly delighted with the results of the Quebec celebration. Asked as to Canada's financial relations in Britain, he said: "Canada is forcing herself on the attention of the social, political and financial worlds of England. The more we are known of and the better our great resources are understood, the deeper does the feeling become in London, and in fact in all sections of the British islands, that the Dominion of Canada becomes daily a greater factor in the working out of the empire's mission and the imperial destiny."

Financially Great Britain, he declared, has not been slow to appreciate the magnificent manner in which this country weathered the storm attendant on the recent financial panic in the United States, and all those who understand the situation in any thing like the intelligent fashion cannot but attribute the splendid results to the fact of the country's unsurpassed banking system. The fine crop which we are almost sure to have will mean a very great deal to Canada. He had heard a good deal about it before he left the other side, and the optimistic appreciation had been more than confirmed since his arrival in Canada. In fact, he said, he could not but believe that the splendidly bountiful wheat crop would be vouchsafed to the western portion of the Dominion, but still, he added: "We are not yet quite out of the woods. If anything unforeseen would happen the effect would no doubt be detrimental to the country, but even if this unforeseen thing were to happen it would at its worst only be a check and the set back to the country would only be temporary."

Over 500,000 dollars' business from New Westminster, including some of the best known business men of that city, came over on the Skagway liner Princess May from the Royal City to-day, landing here at 12:15 o'clock. The occasion is the civic holiday, an annual event which is always celebrated by a trip to some point of interest. Last year the excursion went to Nanaimo, and this year Victoria was chosen. A rate of \$1.50 per head return being given by the C. P. R. and the Princess May being utilized to carry the crowd. The May left the Fraser river port at 10 o'clock this morning. She leaves again shortly after 4 o'clock to-day for New Westminster before 9:30 p. m. Mayor Reilly headed the crowd, which disembarked in picnic array and spent its time, and money, in seeing the city.

TRAIN PASSES OVER HUMAN SLEEPERS

Three Farm Hands Resting on Track Are Mangled to Pieces.

Utica, N. Y., July 30.—A freight engine on the Letchawanna railroad in the early dawn of this morning saw three men lying on the track about 300 feet ahead of his locomotive. The heavy freight could not be stopped until the entire train had passed over the sleepers. The bodies were so badly mangled that it was difficult to identify them. The men killed were John Playville, Richard Williams, of Rome, or Gloverville, and Philip Vica, of Campbellton, N. B. They were farmhands and had been spending the night in Cassville, near which place the accident occurred.

LANDSLIDE DESTROYS AUSTRIAN VILLAGE

Innsbruck, Austria, July 29.—The village of Merles-Bains has been destroyed by a landslide. Sixteen persons are reported to have been killed.

WATTS' APPEAL ALLOWED.

London, July 29.—In the case of Watts and the Attorney-General B. C. V. Watts before the Privy Council, the appeal was allowed.

The city yesterday gave formal notice of its appeal against Chief Justice Hunter's decision, quashing the conviction of Estelle Carroll for keeping a disorderly house, following which J. A. Aikman, acting for Estelle Carroll, gave notice of his appeal of the chief justice's decision, upholding a conviction for selling liquor without a license.

You will be sorry after Saturday night if you have not attended Christie's stock-taking sale, which has been postponed to the 31st of this month. British-Canadian Wood Pulp & Paper COMPANY, LIMITED
NOW OFFER FOR SUBSCRIPTION
SUBJECT TO STOCKHOLDERS' PREFERENCE
Up to and Including August 8th, 1908
The Remainder of the Third 100,000 Issue of the Preferred Stock of This Corporation

The stock is offered in blocks of 100 shares, at par value of \$1.00 per share. No bonus stock.
PAYMENTS—10 per cent. on application, 15 per cent. in 30 days, balance in 8 months at the rate of 10 per cent. per month.
DIVIDENDS—This stock is entitled to an annual dividend of 7 per cent., commencing November 1, 1908, but unlimited as to further dividends. That is after 7 per cent. has been paid upon the Preferred and Common Stock both stocks thereafter participate equally. There is no question but that Preferred Stock now offered within a short time will become the Biggest Dividend Paying Stocks in Canada.

Owing to the fact that we are able to secure from 10,000 to 20,000 cubic feet of gas from every cord of resinous wood, used in the manufacture of Wood Pulp as a by-product, with practically no expense, we have, therefore, applied for

THE GAS FRANCHISE OF NORTH VANCOUVER, SOUTH VANCOUVER AND BURNABY

These valuable franchises, when secured, will belong exclusively to the company, and will represent a LARGE DIVIDEND INDEPENDENT OF THAT MADE BY THE COMPANY IN THE MANUFACTURE OF PAPER.

REMEMBER:

There is no watered stock—no inflated values or one-dollar promoters' profits in the enterprise. Unlike most corporations, instead of allowing 15 to 25 per cent. for advertising and sale of stock, the entire commission, brokerage, advertising, literature, etc., is limited to 10 per cent.
No officer or director of the company, with the exception of Secretary, is to receive one dollar for service until the paper mill is established and ready for business.
Not one share of stock has been issued to any director or stockholder otherwise than at the regular authorized price per share. There have been no rebates or favorites; each director has subscribed for a large block of stock and paid for it precisely the same as an outsider.
The books of the company are open to the full inspection of the public at any time.
The Company will be able to make a profit of from \$12.00 to \$20.00 on every ton of pulp or paper manufactured, to say nothing of the additional profit on turpentine and gas.

That influenced the Minister of Justice or the Liberal members of Parliament in their decision. Mr. Smith has made an investigation of the Nainaimo lists since he came home, and he finds that there are the names of five hundred men who are not residents of the district on the roll at the present time.

These names may be names of living men, but they are not the names of men living in the constituency at the present time. The case of Nainaimo is but a sample of the conditions obtaining in every constituency of British Columbia.

The Colistot recklessly asks the question of a Chinaman paying the head tax in the province for which he is destined will be an issue in the Dominion election campaign.

It was bad enough when W. W. Astor shook the dust of Little Old New York from his feet and took up his permanent abode in Great Britain.

After all, the Briton is essentially a water dog. He is hard to beat at sports upon his native element.

The people want decent and honest government, says a contemporary. Just so. And it professes to think the way to obtain decent and honest government is to turn the administration of Sir Wilfrid Laurier out and put an administration emanating from Hon. G. E. Foster in.

The Victoria West Methodist Sunday school will hold its annual picnic on Wednesday, August 5th. This year they will go by the Stern-wheeler Craigflower to the Basin on the upper arm of the Gorge, leaving the Point Ellice bridge at 12:30 noon, returning about 7 p. m. It is expected that there will be a large attendance of scholars and friends.

At a meeting of the fire wardens last night it was decided that the tenders should at once be called for the erection of the two new fire halls for which provision was made in the by-laws passed by the council a few months ago. Owing to press of work in the city engineer's department, it was found necessary to engage an outside architect to draw up the plans for the new halls, and the work was entrusted to Maxwell Muir, who has now completed his plans and will start on the site of the present James Bay fire hall.

This one will contain accommodation for hose wagon, chemical engine and also a steam engine. Its cost will be about \$5,000. The other will be located at the corner of Burnside road and Douglas street, and will cost about \$4,000, the accommodation provided for not being as great.

Phillip J. Lambert, who disappeared from the neighborhood of the San Juan river in April of last year, was yesterday formally adjudged dead by Chief Justice Hunter, and his estate, which is a small one, will be distributed. About three months ago J. F. Waller applied to Mr. Justice Martin to order the distribution of Lambert's estate, but the application was refused until the applicants had advertised for the man. This has since been done, and this morning Mr. Waller renewed his application, and it was granted by Chief Justice. The last seen of Lambert was on April 10th, 1907, when he announced his intention of making a perilous water trip. At the time the Dominion government owed him a month's wages for salary for work on the west coast, but he has not appeared to claim it, nor has any one seen him since, nor has he communicated with his relatives in the Old Country, as he was in the habit of doing.

PERSONAL Sergt. William J. Leach, morality officer of the Winnipeg police force, with Mrs. Leach, is in Victoria at the moment on his annual holiday, being a guest at the Dominion hotel. Sergt. Rev. J. P. Westman, formerly pastor of Centenary Methodist church, but now of Mount Pleasant church, Vancouver, is at present in the city, enjoying a week's holiday.

M. Turner and Mrs. Turner, of Courtenay, North Dakota, are in the city on a short visit. Mrs. Turner before her marriage was Mrs. McBride, of Paisley, Ont.

T. O. McKay will be absent from the city for about four days. He has come on a tour in a motor car to Alberni. Mr. Moore accompanied him.

Mrs. W. D. MacIntosh, Harcourt, Quebec street, will not receive again until the first Friday in November.

TRIVIAL CAUSE FOR MURDER. Montreal, July 30.—Joseph Laurier, who so seriously wounded an Italian on July 15th that he has since died, was arrested at St. Francis de Sales yesterday on the charge of murder. The dispute arose over who should get to the cashier's window first in order to obtain wages at the east end abattoir, where both had been employed.

ALIENS IN CANADA. Oshawa, July 30.—During eighteen months, from July 1st, 1906, to December 31st, 1907, 17,774 aliens entered Canada. Of these 7,250 were from the United States, 2,127 Russians, 385 Japanese and 33 Chinese. Since the act came into force six years ago 57,491 aliens have been naturalized.

PASSAGE-AT-ARMS IN THE POLICE COURT

Messrs. Aikman and Moore Engage in Argument Over Issuing of Warrants.

The feature of the police court proceedings this morning was a passage-at-arms between H. W. R. Moore, the city prosecutor, and J. A. Aikman, over the manner in which warrants are issued. Mr. Aikman complained that sufficient care was not exercised in this matter, referring particularly to the case of Ah Chung, copk for J. W. Laing, principal of the Collegiate school, charged with stealing \$10.20 from Laing. Hearing something Mr. Moore warmly resented. After hearing the evidence for the prosecution, the magistrate, at Mr. Moore's suggestion, dismissed the case, saying that it was one for the small debts court, and then it was that Mr. Aikman asked the magistrate to ensure the prosecution for lack of care in drawing up informations and issuing warrants of arrest.

Hing was the first witness of the case. He swore that he had left Mr. Laing's employ two weeks ago, after washing there for a month as dish washer, his reason for doing so being that he had been told by Chung to look for another job at the end of that time. Chung had given him an envelope containing \$5.30 in payment of his month's work, enclosing a bill for \$16.20 for dishes broken, thus making up the \$16 which he was to have received for his work. There had been nothing in his agreement with Chung about having the value of broken dishes being deducted from his wages.

In cross-examination Hing said that he had been hired by Chung and not by Mr. Laing. He might have broken two or three saucers and a couple of dinner plates, but not all these which Chung had charged him with. J. W. Laing swore that he gave Chung \$85 per month to do the cooking, out of which he was to provide a dish washer and a waiter. He never deducted anything from Chung's money for breakages. He merely gave him charge over the kitchen, and had never instructed him to deduct anything from the wages of Hing or any one else on account of breakages. He always replaced all dishes at his own expense at the end of the term; as he understood the matter, Hing had left without notice when Chung was busy preparing for the annual closing, when a lot of guests were expected. As a result Chung had had to hire a man at \$1.50 per day to take his place, while Hing was getting only 53 cents per day. He presumed that it was to get even with him on this account that Chung had charged Hing with the breakages. Chung had not paid him the money deducted from Hing, not so far as he knew had replaced the broken dishes. In cross-examination he gave Chung a high character.

At this stage Mr. Moore asked that the case be dismissed. The facts appeared to be that Chung had withdrawn this money from Hing as alleged, but it turned out to be a case for the small debt court. Apparently Hing had not understood the conditions upon which he was engaged as to whether he was engaged by Chung or Mr. Laing.

Mr. Aikman, replying, said he wanted to draw attention to the carelessness shown in the drawing of informations and the issuing of warrants of arrest. His client, who could be classed as a good Chinaman, had been arrested at the instance of an ignorant boy, who had gone to Mr. Moore with an interpreter and told his story, and would have had to spend the night in jail if he had not been lucky enough to find a justice of the peace to grant him bail. He thought his honor should draw the learned friends' attention to this matter.

Magistrate Jay—The issuing of warrants lies with the justices of the peace, Mr. Aikman—but they take the word of the prosecutor. Magistrate Jay—They are supposed to use their discretion, and do so. Mr. Moore said he desired to present Mr. Aikman's criticism of his conduct in this matter. He might say that he had not gone on Hing's word alone but had made other inquiries before having a warrant issued. Now that the matter had been brought up he might say that he did not think that Chung would have been getting any more than his deserts if he had had to spend a night in jail for it was quite apparent that he had tried to beat his ignorant young countryman out of his wages. "In view of the fact that I voluntarily withdrew the case I think that Mr. Aikman's remarks were uncalled for," said Mr. Moore in conclusion.

Mr. Aikman—You only withdrew it after hearing the evidence. The magistrate said he saw no reason whatever for committing upon the action of the prosecution in this matter. He would, however, dismiss the case as well as the one which should come up in the small debts court. The next case called was that of Charles Beards, who recently pleaded guilty to stealing a woman's hand satchel from Bowes' drug store, and who is now up on a charge of being in possession of goods knowing them to have been stolen. In this case Mr. Aikman also appeared for the defence and asked for a further remand. He said that an honest hard-working German woman, a friend of Beards' family, had come over from Seattle to see him yesterday and from what she said he believed there was some important evidence bearing on the case which he would be able to secure if given until Monday.

Mr. Moore opposed any further delay, not on his own account but on that of the business men who were being brought there day after day in connection with the case. It was not fair that their time should be taken up in this way. He would like to see the case proceeded with. As to this honest, hard working German woman, he might just say that she has twice within a few days been deported by the immigration authorities as an undesirable character. Mr. Aikman—Oh no, she is not that kind of a woman. Mr. Moore—The police should know. She escaped the authorities yesterday for a while but was found by the police and sent back to Seattle. The magistrate agreed to the case.

AUTO CAR WENT OVER DALLAS EMBANKMENT Fortunately None of the Occupants Were Very Seriously Injured.

H. F. Bullen, Dr. C. J. Fagan, secretary of the provincial health and anti-tuberculosis society, and Johann Wulffsohn, formerly German consul at Vancouver, and now interested in Queen's terrace mine, had a narrow escape from death at an early hour this morning as a result of an automobile in which they were travelling going over the Dallas road the latter shortly to the north of Lawrence street. All were on their way home from a party at Percy Criddle's.

The party were travelling along the Dallas road about 2 a. m. in Mr. Bullen's car, Mr. Bullen driving. The lights on the machine had gone out and the electric lights were also out, and so Mr. Bullen could not follow the road. At the corner of St. Lawrence street and Dallas road the latter turned sharply to the right. At this point an electric light had been placed to warn travellers of the danger, but this morning it was out, and Mr. Bullen, realizing he had reached the turn drove straight over the bank, the auto turning a complete somersault onto the driftwood beach. Of the three men in the car none received serious injuries, although all were more or less shaken up and bruised. Mr. Bullen was struck in the stomach by the driving wheel of the automobile and also had his hip bruised.

The car was overturned and considerably shaken up. All will be around again as well as ever in the course of a few days. After the accident the injured men were taken to the Dallas hotel, where they still are. Herbert W. Ashton, provincial constable, lives just across the road from where the accident occurred, and was awakened by shouting. He hurriedly dressed and ran in the direction whence it came. He found the car lying on the beach with Mr. Bullen and Dr. Fagan pinned beneath it and Mr. Wulffsohn lying beside it. He immediately aroused Hamilton Smith, who lives close by, who immediately telephoned to the police station for assistance. The constables, two passed by the scene were attracted to the scene by the noise. With their help Messrs. Ashton and Smith lifted the car off Mr. Bullen and Dr. Fagan. By the time the patrol wagon arrived on the scene a crowd of about 20 had gathered. Mr. Wulffsohn was carried to the bank by some of the crowd while Mr. Bullen was taken up to the roadway on the back of Constable McLennan. After Dr. Fagan was carried to the Dallas hotel, Mr. Bullen was taken to the Dallas hotel in the patrol wagon, where their injuries were attended to by Dr. Hermann Robertson, while Mr. Wulffsohn proceeded to his home in Courtenay.

POLLARDS CONTINUE TO PLEASE AUDIENCE

"The Runaway Girl" Given With Signal Success Last Night. Augustin Daly's popular musical comedy, "The Runaway Girl," was presented by the Pollard "Kiddies" at the Victoria theatre last night to a large audience with conspicuous success.

The star of the evening was Master Freddie Heintz, who, as "Flipper," kept the auditors convulsed with laughter, while he was Cockney. His version of the little Cockney jockey transplanted in Corsica and Italy was all that could be desired, and his song, "Follow the Man from Cook's," was rendered to the accompaniment of a few "improvised" notes. Dazzling fireworks were needed to satisfy the laughter-stricken audience.

Miss Ethel Naylor ably supported Master Heintz, making the role of Alice, maid to Lady Coodle, a most attractive one. Miss Eva Pollard was more than successful as "Wintred" in "The Runaway Girl." Miss L. F. Polard, as Carmelita, paired with Master Johnnie Heintz, the professor, in a happy manner, providing a large portion of the evening's fun.

As Lord Coodle, Toddie McNamara was excellent, while Miss Merle Pollard handled the part of Lady Coodle effectively. All the other characters were in competent hands, while the setting of the piece left nothing to be desired. To-night the Pollard Lilliputians close their engagement with the ever-popular "Florodora," for which presentation the box-office receipts indicate a capacity audience.

PRISONER DISCHARGED. Conviction Quashed in Vancouver Case Yesterday Afternoon.

Yesterday afternoon Chief Justice Hunter continued his sitting in Chambers when a motion for certiorari in Rex vs. Irwin was made by C. F. Duvic, of this city, on behalf of the prisoner. In this case Irwin had been convicted in Vancouver of stealing, the evidence being somewhat slightly against him. The application of Mr. Davie was successful, and His Lordship, on the conclusion of the argument, made an order quashing the conviction and discharging the prisoner, W. C. Moreaby appeared for the crown.

FATAL TERMINATION TO FIT OF COUGHING

Miss Green of Port Essington Meets Tragic and Mysterious End.

(Special Correspondence).

Port Essington, July 28.—A very sudden death occurred at the Queen's hotel about 5 o'clock this evening. Miss Green, whose mother lives in Vancouver, having settled there recently, coming from Hellingham, was taken with a fit of coughing in the hall of the Queen's hotel, where she was staying. Finding herself choking she called for assistance, and one of the girls employed in the hotel ran to her assistance.

She was grasping for breath and could hardly speak. "Get a doctor," she said. "I am dying."

Some one ran out on the street to call Doctor Wilson, whose office is only a few doors away. Doctor Belta Wilson arrived within five minutes from the time the first alarm was given, but death had come even quicker. She could discover no sign of life in her patient. Dr. W. T. Kergin arrived three minutes later, followed by B. T. A. Wilson. All the medical skill of the town was given by an examination of her personal effects. She had been at the Methodist hospital only a few minutes before, visiting a friend. Dr. Tremhan has been summoned by wire from Prince Rupert, and on his arrival an inquest will be held.

AORANGI ARRIVED FROM SYDNEY

LINER MET U. S. FLEET IN HONOLULU HARBOR

Ex-Governor of Victoria Among Canadian-Australian Liner's Passengers.

After an exceptionally fine passage the R. M. S. Aorangi, Capt. J. D. S. Phillips, arrived last night from Sydney, via Brisbane, Suva and Honolulu. The Canadian-Australian liner brought 169 passengers and a fair amount of cargo, including two deer sent from Melbourne Zoological gardens to Tacoma, and consigned to an animal dealer in the Sound port.

While at Honolulu the Aorangi met the United States fleet of sixteen battleships which left the Hawaiian port just after the liner reached it. The voyage was attended by the best weather. Leaving Sydney on the 6th the Aorangi arrived at Brisbane on the 8th, left the following day and arrived at Suva on the 13th. A day was spent at Suva and the liner proceeded to Honolulu, making a call at Sydney Island en route. On the evening of the 21st the steamship reached Honolulu and left the following evening from Honolulu to this port light northeast to north westerly winds and fine weather was experienced.

Major-General Hon. Sir Reginald Arthur James Talbot, K. C. B., ex-governor of Victoria, Australia, since 1904, was a passenger by the Aorangi en route to London after completing his term of office. Lady Talbot accompanied him.

Among the other passengers was Hamilton Heaton, son of the well-known evangel of postal reforms. Mr. Heaton has been engaged in the civil service at Suva. William Maxwell, B. A., who is a member of the Sydney telegraph staff and is taking a holiday, was also a passenger.

The saloon passengers disembarking here were: L. L. Blackburn, Mrs. E. Dunstan and two children, G. Kristjamer, R. Horton, W. Clegg, Mrs. E. B. D'Arcy and child, Maester G. McCall, Miss A. Maher, J. McQueen, Mr. and Mrs. C. Hughes, C. D. Jumper, Dr. Rouffignac, J. Edgar, Miss A. Devane, E. Unon, Mrs. M. Hughes, Mrs. A. Wyllie, C. Johnson and the children, Mrs. J. L. Cockburn, G. A. Gobenner, Mrs. Jeune, Mrs. A. Alder, Miss L. Horton, Mrs. A. Berry, Mrs. A. McCall and four children, Maester M. Baner, Miss C. Erbeck, Miss A. Hughes, N. Nicol, Mrs. G. Smith, Mr. and Mrs. M. Landar, Miss M. Devane, M. Hughes, Mrs. E. G. Warder, Mr. J. Johnson, Miss McLennan, Mr. and Mrs. Wiedermann, Mr. and Mrs. Newman, Mrs. Horton, Mrs. E. Baker and child, Mrs. M. Ott, Maester J. McCall, Mr. and Mrs. J. A. Butler and four children, G. C. Ellis, J. Colbert, H. Orton, Miss F. Smith, J. J. Cass, M. Unon, W. J. Sullivan, R. Thiel, Mr. and Mrs. J. Johnson, J. J. Kelly, who embarked at Honolulu, where he had been employed in the United States customs department, died suddenly in his bunk on the night of Saturday, July 18th, and was buried the following morning.

The liner's cargo consisted of: Two deer, 32 bags grass seed, 48 packages general, 1,212 pieces lumber, 144 cases meats, 600 packages dried fruit, 4 cases cotton goods, 4 packages skins, 102 barrels oil, 4 cases books, 1 package shells, 2 cases photos, 5 cases arrowroot, 275 cases fruit, 25 bags coffee, 15 barrels sugar cane, 7 packages preserves.

After discharging a quantity of local freight the Aorangi sailed for Vancouver at midnight.

ANUBIS REPORTED TO BE BEYOND SALVAGE

Heavy Gales This Week Have Shattered Kosmos Liner's Hull.

A dispatch received in Los Angeles yesterday from Santa Barbara says: With a great hole in her port side, the steamship Anubis, on the reef off San Miguel Island, is near her final swirl into the waters of the Pacific. Captain Von Salzen has abandoned hope. On Sunday and Monday westward gales kicked up high seas which caused the wrecked Greenwood to withdraw to safety, and all hands deserted the wreck and gathered on Pica Island.

A section of the steel plates on the port side of the Anubis gave way yesterday and sank, leaving an aperture through which breakers dashed in fury. Power craft, on salvage bent, returned here last night with tales of the beginning of the end.

On Pica Island the Chilean and Mexican stevedores, with weapons ready, who have menaced one another for days, have declared a truce. Everything movable has been taken out of the vessel. Hundreds of tons of flour, sugar and grain have been salvaged by local mariners, and the stuff is finding ready sale at local stores.

The Union Steamship Camosun arrived from northern B. C. ports, via Vancouver, yesterday afternoon. On the way south the Camosun carried a large number of passengers, including M. J. Costello and E. J. Burns, of the Great Northern. The steamship sailed for the north at 9 p. m.

SHAWMUT AND TREMONT ARE WITHDRAWN

Two Tramp Steamships Will Replace Big Liners in Oriental Trade.

Practical Confirmation of the Story to the Effect that the Boston S. S. Company's Big Liners Tremont and Shawmut were to be withdrawn from the Oriental trade is offered by the issuance of a new schedule for the service by Waterhouse and Company in which the sailings of the two liners are taken by other cargo steamships.

The Tacoma Ledger says: "In place of the Tremont and Shawmut steamers Craigvar, 3,669 tons, has evidently been substituted. The charter of the Craigvar was made known a day or two ago. Under the new schedule she is to depart from Tacoma August 14th and from Seattle four days later. The Craigvar is at present discharging coal for the government at Honolulu. She has been fixed on time.

"Another steamer, whose name has not yet been made public, will also be fixed on this run. In shipping circles it is surmised to be the Boveric, one of the Waterhouse-Weir line, now en route to San Francisco from Australia. This vessel is to be here during the latter part of August, steaming from here September 5th and from Seattle for the Orient September 9th.

"Following these two, the schedule for the balance of the year is as follows, the date being that of departure from Tacoma, each to put to sea from Seattle four days later.

"Savonic, September 25; Kumeric, October 16; Inveric, November 6; Craigvar, November 20; steamer (name unannounced), December 18.

"This new arrangement provides for a steamer every twenty days on the run to the Philippines. As heretofore, the ports of call will be Yokohama, Kobe, Manilla and Hongkong. Returning, the steamers will make Shanghai when sufficient cargo offers and also call at Japanese ports.

"The Inveric, which loaded most of her cargo here, leaves Seattle for Japan, China and Manila this week, taking the place of the American steamer Shawmut, which is expected to depart a decision of the government regarding her purchase.

"Longshoremen began to discharge the Tremont yesterday and were busy in taking her freight out. By to-morrow night it is expected that the liner will be empty. In the meantime she is being painted and placed in shape for the inspection which she will undergo at the hands of the board of naval experts appointed to examine the two vessels.

"The withdrawal of the Tremont means that in a year and a half five American steamers have been taken this run and replaced by the same number of British steamers. The Tremont and Shawmut formerly ran in conjunction with the Lyra, Hyades and Pleiades. The last three were the first taken out and for months it has been rumored that the passenger liners Shawmut and Tremont were to follow.

"The vessels procured for the run are smaller than the big Americans, but will probably be of ample size to handle the business. They will not carry passengers.

SEATTLE COMPANY RAISES RATE

FARE ON CHIPPEWA TO SEATTLE IS A DOLLAR

Joshua Green Takes Advantage of Withdrawal of Princess Royal.

For the first time since the Inland Navigation Company placed the steamer Rosalie on the Victoria and Seattle route at 50 cents each way for February 19th the rate between the two ports has been raised. Joshua Green, president of the American company, announced to-day that advantage will be taken of the steamship Princess Royal's withdrawal from the triangular run by raising the rate on the Chippewa to \$1 single or return fare between here and Seattle.

The local agent of the Inland Navigation Company confirmed the news of this change in the Seattle fare this morning, stating that the \$1 fare would go into force to-morrow on the steamship Chippewa. On Sunday, when the C. P. R. steamship Princess Royal makes her triangular run, the rate on the Chippewa will be 50 cents, or double the fare on the Princess Victoria.

It is evident that the Inland Navigation Company will continue to take advantage of the fact that the C. P. R. needs another passenger boat on the Sound service to force the rate war to a finish. The removal of the Princess Royal to the Vancouver and Seattle at a cut fare of 25 cents will compel Mr. Green to make a like reduction on the steamship Iroquois, but it leaves the C. P. R. with only one boat to make the trip to Seattle daily, the Princess Victoria sailing at 2 a. m. daily. Having no opposition in the afternoon the Inland Navigation Company figures on taking back the crowd that the Chippewa herself brings besides those arriving at noon on the Princess Victoria. Counting on the fact that the ex-

cessionists who are coming over daily will furnish a large return traffic for the Chippewa the Inland Navigation Company has raised the rate to four times the amount which the C. P. R. is charging on the Princess Victoria. On Sunday the Princess Royal will run alongside the Chippewa to Seattle at a 25 cent rate, but the American boat carries 250 more people than its rival, according to the United States passenger certificate, and can therefore pick up the excursionists that the Royal is forced to leave behind.

Another plan suggested by those who are following the rate war closely is that the Princess Victoria will return to her former schedule, leaving Seattle shortly after midnight, arriving here early in the morning and leaving here for Seattle again in the evening. The Chamer would, in case this plan were followed, return to her schedule of some months ago, leaving here at 1.30 p. m. daily and arriving from Vancouver early in the morning.

From present indications it appears that the rate war will last until the fine steamship Princess Charlotte, now being rapidly completed for the C. P. R., arrives from Scotland, when, according to shipping men, the C. P. R. will be able to force it to a conclusion.

The Inland Navigation Company announced to-day that the change in the Seattle fare would not affect the rate to Vancouver by way of the steamships Chippewa and Iroquois. This fare remains at \$1.

CASE OF CHICKENPOX DELAYS GOVERNOR

Pacific Coast Steamship Was in Quarantine All Night.

After being delayed at William Head quarantine during the night an account of a case of chicken-pox among the passengers of the Pacific coast steamship Governor reached the outer wharf this morning.

About seventy tons of general freight was discharged from the steamship, after which she proceeded to Seattle. The passengers numbered 207, of whom six second class and the following first class passengers landed here: Edna J. Beck, C. E. Ralston, Mrs. Ralston, Mrs. J. Winton, Jas. M. Elliott, Mrs. E. Anderson, E. Manman and family, Mrs. S. E. Bailey.

A New York dispatch to-day says: The Curand has announced that the Mauretania will be withdrawn from service during November, and December to make necessary repairs to her propeller. The Lusitania also will be out of service for two weeks in November. When the Lusitania comes on the run again at the beginning of December the triple turbo-propellers will be improved, which is expected to give her a knot an hour more speed.

After replacing the Calla reef buoy the C. G. S. Quadra, Capt. Hackett, returned to Esquimalt this morning and is loading carbide to re-charge buoys on the West Coast.

THORDIS GROUNDED ON REEF AT RUPERT

McKenzie Steamship, Powder Laden, Floated Uninjured After Two Hours.

Prince Rupert, B. C., July 28.—Flying a big red flag, indicating that she was carrying explosives and warning other vessels to give her a wide berth, the steamship Thordis, under charter to Mackenzie Bros., arrived with 65 tons of dynamite for Foley, Welch & Stewart, having made the run up in 45 hours. After discharging the dynamite and 500 tons of railway construction material and sundry supplies for the same firm, she left for Skagway.

While the Thordis was backing away from the powder magazine wharf on the harbor she grounded on a reef near the shore and was being up for two hours, she floated off with the tide and was apparently uninjured.

For the first time this season the four big river steamers were yesterday bunched together at the Prince Rupert wharf. Loaded with the usual camp supplies and towing a scow loaded with dynamite, the residents of the camp near Telegraph Point, and shortly afterwards the G. T. P. steamer Distributor left for Hole-in-the-Wall with a load of construction material and supplies for Foley, Welch & Stewart's camp. She also took up a large gang of men engaged to work for the different sub-contractors.

MARINE NOTES

After sinking on several occasions and finally getting over the bar at Astoria, the wrecked steam-schooner Minnie E. Kelton righted herself while the crew of the tug Tatoosh was endeavoring to tow the capsized vessel to port. The schooner is now lying at a wharf in Astoria and the question of ownership, since she was abandoned by owners and underwriters, will probably have to be settled in court.

The Alley liner Indravell has been delayed at Honolulu unloading a cargo of coal from Newcastle, N. S. W., and will not reach this port for a couple of weeks. She is expected in about the 8th or 10th of August.

Bringing a large party of excursionists from Alaska, the steamship City of Seattle made a call at this port to-day.

The Boscowitz steamship Vado, Capt. Johnson, left port last night for San Francisco.

The Pacific Coast steamship President is scheduled to sail to-night for San Francisco.

VANCOUVER ONLY TWO POINTS BEHIND

New League Record in Match Against Spokane Yesterday.

Spokane, July 29.—Flannigan set a new league record in the heart-breaking contest which Vancouver swiped from Spokane yesterday by a score of 15 to 6, when he hit five smashing safe liners in as many times at bat. The Canucks broke up a game absolutely anybody's until the eighth, when they rallied from under a six even score and scored nine runs in the ninth.

With the score tied, Snyder singled and Holm hit ball. Holm was called in and fanned Donovan and saw the side retired by a neat double.

Eight of Vancouver's ten hits in the ninth were made in succession. Both teams played loose ball in the field and all four pitchers who tried to stop the hitting were roughly treated. The league leaders are now only two points ahead of Vancouver.

TENNIS SEMI-FINALS ARE DRAWING NEAR

Gilliat and Miss Gillespie Win Doubles—Smith Beat C. Schwengers.

Without any great exertion or any necessity to play good tennis, Lou Freeman and Miss Hotchkiss won from H. C. Keefer and Mrs. Genge this morning by a score of two straight sets. The winners at through took liberties and did not attempt their best strokes, never being pressed. In the second set, Keefer and Mrs. Genge won the first two games, which indicates the class of play the champions were putting up. In the third game, however, they considered things non-ferrous and brightened up, winning the next six games in succession.

Gilliat and Miss Gillespie went out in earnest after the doubles championship and put up two sets straight against Captain Macdonald and Miss Pemberton, getting a score of 6-3, 6-4. Both the winners played better tennis than the others and won their games decisively.

The most interesting match of the morning was that between Bruce Smith and C. Schwengers, which resulted in a win for Bruce Smith by two sets out of three, 7-5, 6-6. Schwengers commenced operations against the man from Vancouver with the sun facing him and gained a lead in the early games which he, however, could not maintain till the end. Smith came stronger and faster and eventually won the first three sets which were fought hard and went to the winner from winning strokes. The next game was just as evenly contested and the pair proved to be well matched. Schwengers succeeded in gaining six games, while keeping his opponent down to four each, one of which was well contested and hard fought by both players. For the last set Schwengers again faced the sun but the players changed on Saturday there will be some high class tennis to watch. The semi-finals will probably be put through to-morrow and the finals be left over for Saturday when the crowds that have been present through the week will doubtless be doubled. Special arrangements for the comfort of the visitors have been provided and afternoon tea is dispensed every afternoon. Additional seating accommodation has been provided also. To-morrow's matches will be the tests of skill and endurance and none but the most accomplished players will be on the winning side.

This morning's results were: Freeman and Miss Hotchkiss beat H. C. Keefer and Mrs. Genge, 6-1, 6-2; Gilliat and Miss Gillespie beat Capt. Macdonald and Miss Pemberton, 6-3, 6-4.

R. G. Hutchinson, of the Pneumatic Cartridge Company of Edinburgh, Scotland, is in Victoria at present on a visit to his brother, Constable Hutchinson, of the city police force. The cartridge which is being tried in the O. C. Co. is its advantage over the ordinary cartridges for shot guns being that there is no recoil from it. This is due to the fact that instead of the ordinary packing a small piece of cork tubing with a cork disc on either end of

APPEARS ON STREETS IN DIRECTOIRE GOWN

Gladys Evelyn Olney, Vaudeville Artist, Goes Shopping in New Garb.

Gladys Evelyn Olney, who is exhibiting a repertoire of vaudeville, was seen yesterday in the streets of Victoria in a new and strikingly different costume.

This was the first time that a vaudeville artist has ever been seen on the streets of Victoria in a dress of this kind.

Yesterday Miss Olney felt a little different about her appearance in the streets of Victoria in her director's gown.

Seen after the trip, Miss Olney said: "It was a beautiful morning for a drive, and you don't know how much I enjoyed myself, and besides I can always say that I had the honor of being the first woman to appear on the streets of Victoria in a director's gown."

At the present time it is not known whether any differences exist. The researches of Mr. Andrews will afford the opportunity for knowing whether sulphur bottoms in the Atlantic and the Pacific are identical or differ in some details, and similarly with respect to other varieties.

He will go north to Admiralty Island to the Tye whaling station in a few days, and make examinations there before going back east. The fund of information will be used in lectures, and the photographs will serve to illustrate them by lantern views.

Next year Mr. Andrews expects he may again visit the coast and get some specimens for his museum, which he represents, which is among the largest in the world.

OAK BAY BYLAW BEFORE COURTS

OWNERS ARE FIGHTING AUTOMOBILE LICENSE

Test Case is Being Heard by Magistrate Jay—Question of Interpretation.

The question of whether the by-law passed by the Oak Bay council imposing a license on automobiles plying for hire in the municipality applies to automobile owners whose headquarters are in Victoria and who merely run through Oak Bay as their patrons require, was argued at some length yesterday afternoon before Magistrate Jay, who will give his decision Monday.

The whole thing hinges on the magistrate's interpretation of the word "ply." The argument occurred in the course of the hearing of a charge brought by the municipality of Oak Bay against William Glover of having plying for hire within the municipality without having taken out a license, the particular ground on which action was taken being that Glover, on July 11th, took Ben

H. Swiler from the Wilson hotel in this city, to the Klondike hotel on Blanchard street, where he was paid for the trip. Three other automobile owners, Jack Hazard, Jack Ferguson and A. Shepherd, were also summoned on similar charges, but the hearing of these was remanded until the Glover case has been decided.

This will likely take some time, for no matter what the decision of the magistrate may be it will be appealed. The municipality is determined to assert its rights in the matter and the automobile owners, who have combined to fight the cases out, are just as determined that they will not pay the license unless the courts decide that they must. Harry Lawson, of Bodwell & Lawson, appeared on behalf of the prosecution, while J. A. Alkman represented the automobile owners.

Mr. Lawson put in a certified copy of the by-law, and also of the proclamation establishing the municipality, and setting forth its boundaries.

Ben H. Swiler was the first witness. He swore that on July 11th he telephoned to the Wilson hotel to have the Victoria garage for an automobile to take him to the Klondike hotel. The garage had not an automobile available at the time, so the man at the office had telephoned to Glover to fill the order. Glover had taken him out to the Willows from the Wilson hotel and had brought him back to the Klondike hotel, where he had paid him \$2 for the trip.

Robert Fowler, C.E., engineer for the municipality of Oak Bay, swore that he kept a register of all automobiles licensed to ply for hire in Oak Bay, and that neither Glover, nor any one else

had taken out a license in compliance with the municipal by-law.

That completed the case for the prosecution, and Mr. Alkman asked for a dismissal, saying the by-law of the municipality of Oak Bay did not apply in this case, but merely to a man who kept a garage in that municipality, or who carried passengers from a point within the municipality. It had not been shown that Glover had plying for hire within the municipality of Oak Bay. According to the best dictionary the word "ply" is to go back and forth between points or to make trips. All that the Oak Bay council could be taken to have said in this by-law could refer only to points within the municipality. It could not legislate regarding points outside the municipal boundaries. Renting an automobile in Victoria and passing through Oak Bay with passengers could not be construed as coming within the by-law.

Magistrate Jay—"In other words, he must be holding himself for engagements within Oak Bay?"

Mr. Alkman replied that was his point exactly. Otherwise the by-law would practically put a toll on automobiles carrying passengers for hire which happened to pass through Oak Bay municipality.

Under the Municipal Clauses Act the municipality was given the right to collect a license from "cabs, hacks and other vehicles" plying for hire within its boundaries, and was also empowered to make regulations regarding stands for vehicles in the streets and public places. Could this be asked, he taken as giving Oak Bay authority to levy a license on the owners of automobiles whose machines plying for hire, merely passed through the municipality? If it could it would mean class legislation for automobiles owners whose machines were not plying for hire but which passed through Oak Bay municipality at will were not taxed, and class legislation was something the law did not tolerate.

Another point he wanted to bring out was that the words "cabs, hacks and other vehicles" did not include automobiles, and did not give the municipality any authority to legislate regarding them. The term "other vehicles" meant those that were drawn by horses as were cabs and hacks, while an automobile was propelled by an engine, entirely ultra vires.

Mr. Lawson in reply said that if Mr. Alkman were correct, the municipality would practically not have power to license any vehicles. If Mr. Alkman's contention were correct it would be necessary for a vehicle to start, make a journey and end if wholly within one municipality before its owners became liable for the license fee. It would mean that a man hired a vehicle from a livery stable in Victoria and made a trip to Esquimalt it would be impossible to enforce a collection under a by-law, because the whole trip had not been made in the city. Plying meant going between points. Surely any part of that trip was part of the plying.

Magistrate Jay—"The question is whether plying is the holding out for hire or the actual service."

Mr. Lawson continued, saying that the municipalities were given the right to collect a license for the purpose of enabling them to raise money to assist in keeping the streets and roads in repair. Automobiles from the city travelled over the streets of Oak Bay and did great damage to them.

Mr. Alkman—"There is no evidence to that effect."

Magistrate Jay—"It is general knowledge."

Mr. Alkman—"I didn't know it until you just said so."

Mr. Lawson proceeded to argue that the term "cabs, hacks or other vehicles" included automobiles, although the act did not specifically say so. Any vehicle with wheels that plying for hire was included.

Magistrate Jay—"Is there not judicial interpretation of the term plying?"

Messrs. Alkman and Lawson both said that they had not been able to find one, although they had both looked for it.

Mr. Alkman, replying to Mr. Lawson, pointed out that according to the by-law, if the latter's interpretation were correct, if an automobile with a passenger went inside the municipality of Oak Bay to turn, its owner would at once become liable for the license.

Magistrate Jay remarked that that was very nearly the case in the short instance. The Willows was only a short distance inside the boundaries of Oak Bay.

Mr. Floyd—"Quarter of a mile."

Mr. Lawson said that the question of license fees was dealt with elsewhere in the Municipal Clauses Act. As to turning around in Oak Bay and becoming liable to the license, the converse would also hold good, that a man could escape the license even though he made the whole of his trip in Oak Bay by merely going into another municipality to turn.

Magistrate Jay concluded the argument, and Magistrate Jay said that he would require time to consider the questions raised. The case was therefore adjourned until Monday, and with it the other three. These cases will be subject to the decision in the Glover case.

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a flower which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. Few young women appreciate the shock of the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. More than a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. It is made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

Do not expect too much from the use of Dr. Pierce's Golden Medical Discovery. It will not cure consumption in its advanced stages. No medicine will. Nor is it a Discovery so good for a sudden attack of acute cough, but for the lingering, obstinate, hang-on-cough, the accompanying fever, throat, larynx, nasal catarrh, throat, larynx, and bronchial affections, attended by lingering or hang-on-coughs that has any such professional endorsement—worth more than any amount of lay or non-professional testimonials.

SEEING ONE'S OWN VOICE.

An ingenious machine has been invented by means of which sound can be visualized. All sound comes from air vibrations, which radiate from the centre of a circle, just as when a stone is thrown into a still pond the water vibrates into little waves. The air waves of sound are, however, invisible, and though they can be measured they cannot be seen. By using a small flame and rapidly rotating mirrors, Mr. Brewer Brown, the inventor, is able to show a continuous picture of the vibrations caused by the human voice, which vary, of course, according to the note sounded. It is very difficult for a person to hear whether his own voice is sounding a correct note, but by means of Mr. Brewer's machine he can see for himself.
