MR. BOWSER MAKES A NEW RULE.

Attorney-General Bowers the All-Powerful has issued another trade order after the manner of his kind the Czar of All the Russias or the Sultan of All the Turkeys.

The new rule, we learn, is absolute up to a certain point. After it reaches that point it may be varied, in the interests of a great corporation.

AN ALL-CANADIAN NEWS SERVICE.

Canadian national affairs have frequently pointed out that while physically, geographically and politically the Dominion is one, to some extent the people of the east, the centre and the west are not sympathetically united.

Hitherto, an adequate interchange of news between the Canadian east and the Canadian west has been impossible because of the almost prohibitory telegraph rates in force.

order to avoid the long haul charges from the east, the newspapers of Manitoba, Alberta and Saskatchewan were bringing in their dispatches from Minneapolis, and the British Columbia papers were finding their source of supply in Seattle, Wash.

When, some months ago, the telegraphs came under the jurisdiction of the Railway Commission and it became necessary for the companies to file tariffs, the western publishers seized the opportunity to urge that the obstacle to the east-west traffic be removed.

The companies strenuously opposed the demands of the newspapers on the ground that their revenues would be so lowered as to make the business a losing one.

The matter came before the Railway Commission on three different occasions, but little progress was made until the last few days.

The result was that both parties were able to go before the Commission yesterday afternoon to say that they had reached an agreement which was perfectly satisfactory to both sides.

The credit for this victory lies largely, in addition to those already mentioned, with Messrs. Duffie and Mackinnon of the Winnipeg Free Press.

BEARING FRUIT ALREADY.

One result of the naval policy of the Dominion government is that the great shipbuilding firm of Vickers, Sons & Maxim is already making arrangements for the construction of a dry dock at Montreal.

The Admiralty has adopted a policy of concentration. Does any one believe that policy would be varied for the sake of one contribution, or even an annual contribution, of twenty million dollars?

RUMBLINGS AND PREDICTIONS.

Mr. Borden's political tour of Ontario is not proving an unequalled success. According to the Colonist, which might be expected, to exaggerate just a trifle the number of persons attending the various meetings, three thousand five hundred were at the "picnic" in Toronto and only two hundred and fifty listened to the address of the Conservative leader in the banner agricultural county of Oxford.

The political circuit with a second in command of his own choosing, ex-Judge Doherty of Montreal, does any one suppose that Mr. G. E. Foster and others upon whom obloquy has been cast by Mr. Borden's action are not taking notes of the proceedings of the present week and getting ready for action at the next session of Parliament?

Under that agreement, based on a system of circuits, there is room, as has been said, for the development of a very free interchange of news between all parts of Canada—a step which will be of far-reaching importance.

Toronto University has fallen heir to a library of twelve thousand volumes under the will of Dr. Goldwin Smith.

In reference to an article published in the Times last evening, under the heading "Related Sequel to the Police Investigations," it may be necessary to explain that the story therein narrated is purely a figment of the imagination of the writer.

The governor of California has shown down on the prize fighters—that is to say, the boxers. Technically a forty-five round "go" is not a prize fight.

The Colonist feels impelled to outline, unauthoritatively, the plans of the Canadian Northern Railway Company with reference to its island lines.

FIRST RACE TO START AT 2.30

SIX EVENTS ON THE CARD OPENING DAY

J. J. Holtman is Starter—Open Book Will Be Used Here To-morrow

Robert F. Leighton, racing secretary and handicapper for the Victoria Country Club race meet, which starts to-morrow at the Willows, announced this morning that the track had held up extremely well through the winter and would be in good order for to-morrow. He announces a full six-race card for each racing day and over a hundred horses to fill the entries for the first day's racing.

The regular four-furlong event has, on Mr. Leighton's advice, been eliminated from the programme, and four-and-a-half furlongs substituted, because at the longer distance the horses will have a better opportunity of rounding the north-end turn without interference from one another. The card will be made up of events from this distance up to a mile and seventy yards.

The officials appointed are as follows: Presiding judge—J. A. Fullerton, Vancouver. Associate judges—J. E. Miller and R. F. Leighton.

Handicapper and racing secretary—Robert F. Leighton. Starter—J. J. Holtman. Clerk of scales—Phil Riley. Timer and paddock judge—F. J. Ratner.

The new starter, J. J. Holtman, is in place of J. Webber, who has been unable to get here on such short notice from California. The starter appointed has affiliated with the California Jockey Club at Oakland this winter, and is reported by Mr. Leighton as being one of the best, and as having had experience at most of the big United States racing centres.

At the race track yesterday a force of men were put on to brighten and paint those portions of the stand that needed attention. The work has had to be rushed owing to the short space of time at the command of the club, but the officials announce that the arrangements will be as completed and perfect as for the opening day last year.

It is probable that the totalizator will not be used at this meeting, but that the regular open book will be made. Mr. Leighton is not able, however, this morning to give the number of books

who will operate, but is informed that several of the dozen who were operating at Vancouver last week will come over for this meet.

Another batch of horses is expected this afternoon, from which the final entries will be made. Entries will be kept open to-day until the last moment, so as to offer a good field for the patrons of the sport in each event to-morrow. The first race will start at 2:30 p. m.

NANAIMO PLAYS GARRISON TO-DAY

Victoria Meets Coal City Team To-morrow—Albions Have Two Matches

This afternoon the Nanaimo Cricket Club commences the first of two engagements in Victoria for the week-end, commencing at 1 o'clock the Coal City team played the Garrison eleven at the Work Point barracks and will play the Victoria eleven at the hospital to-morrow.

The Garrison team, which is engaged with the Nanaimo team this afternoon, is composed of Col. Sergt. Robertson, Macdonald, Q. M. S. Askey, Bombs, Stevens, Croft and Gale, Grs. Carter, Doyle, Needham, Ingle and Wyndham.

To-night the Albion team will leave for Seattle on the midnight boat, where the local club has a game against Seattle to-morrow. The Albions make their first away trip for this match and will be represented on the field by G. W. Scott (Capt.), E. Busley,

The cricket game between the Esquimalt team and the University eleven, which was scheduled to be played to-morrow afternoon at the latter's grounds, has been cancelled owing to the death of Frederick McGowen, one of the Esquimalt bowlers.

BASEBALL. Joins State League. Chelatis, Wash., June 17.—Fletcher Jones, former star in the outer garden of the Chicago White Sox, and for years the idol of the South Side fans, will this summer play center field for the Chelatis team in the Washington State League. The most insignificant baseball circuit in the Pacific states.

This tremendous drop from the highest heights of baseball fame to the lowest of the league leagues is not due to any retrogression in Jones' playing ability. He retired from baseball recently to go into business in Portland. By playing in the Washington State League, he will have to don his uniform only three times a week, thus leaving only three days for business, which is ample, he says.

ANNUAL MEETING OF EMPRESS CLUB

Officers Elected—Organization is Now in Shape and Free of Debt

The Empress Athletic Club last night held its annual meeting and elected the following officers for the year: Board of management, Messrs. Sharp, Smith, Massey, Hall and Jackson. Several sub-committees were also formed to look after the various branches of sport. Football, Messrs. Massey and Matthews; track, Messrs. Cliff, Carroll, "Pincher" Martin and Clarence McConnell; boxing, Messrs. "Pincher" Martin and Lewis. Mr. Fox, the general secretary of the club, will serve again in that capacity for the coming year.

The financial statement was presented by the secretary and found to be satisfactory. The club is in good standing and completely out of debt. Votes of thanks were accorded W. J. Anderson for a donation and to the Western Motor Company for a donation in kind.

The secretary's report read that the membership is daily increasing, and that the membership is open to the general athletic public of the city; and not confined to the hotel staff. There are at present over seventy-five outside members.

SPORT NOTES

North Ward beat the Victoria West lacrosse team in the second division last night. The score was 5 to 1. The Victoria West team included J. Bailey, C. Brown and Semple. Bailey and Martin were sent off for rough play.

The Royal Canadian Golf Association, of which the Victoria club is a member, will hold the sixteenth annual championship meeting next month. The meeting takes place at Lambton Golf and Country Club grounds, Lambton Mills, Ont., from July 1st to 8th.

Ian St. Clair proposes to form a water polo club this summer and is inviting applications from clubs which wish to enter teams.

The Nippon and Capital ball teams will play Sunday morning. The line-up of the teams is as follows: Nippon—K. Kagi, 2b; T. Wagoner, c. f.; M. Mitsui, 2b; Y. Iizumi, 1. l.; S. Yuhara, 2c; T. Nakano, c. r.; K. Kashiwa, p.; K. Shimizu, r. l.; Suzuki, 1b; Capitols—C. James, 1b; White, p.; Pike, s.; Croghan, r. f.; Milne, 2b; Simpson, 1. f.; Irvine, 2b; Harook, c. f.; Ward, c.

The Pride Clear team met the fast Capital nine last night at the Rockland park diamond. The game developed into fast play and the latter team was successful in noosing out winners by the score of ten runs to five. It was the fourth innings when Jones knocked a home run with the bases full, that sent the Capitals well to the front. White pitched fine ball for the winners and Pike caught well behind the bat. Schneider, who was in the box for the losers, was hit hard in the first few innings but steadied down in closing ones. Rickard acted as umpire.

Harry Gardner, Vancouver's leading twirler, has been bid for by Pittsburgh. Dreyfus, owner of the Pittsburgh Pirates, offers \$2,500 and the privilege of Gardner playing out the season with the Beavers.

Lawrence Redington, who was here last year, is now manager of the Elliott Bay Athletic Club, Seattle, which is trying to revive the boxing game in that city. Redington was formerly a local newspaper man, and later was sporting editor of the Seattle Star for a while.

FIGHT TALK

The injunction to stop the Johnson-Jeffries prize fight will probably come before the California courts to-day, according to an announcement made by Attorney-General Webb yesterday afternoon.

Merchants in Reno, Nevada, are anticipating that the law will stop the fight and are preparing to receive the principals and the crowd that will be present to see H. Rickard, anticipating possible trouble two months ago, obtained a permit to stage the fight in the Nevada town.

Rickard and Gleason say that they have consulted with their attorneys, and that they will continue to prepare for the fight. Work on the arena at Eighth and Market is being continued.

Should the court refuse the injunction, the attorney-general says, he will attend at the ringside, and as soon as he is convinced that the fight is a prize fight and not a sparring match, he will secure warrants for the arrest of the principals.

He considers he will be able to put the necessary machinery in motion in time to prevent the fight going more than three rounds. The men then arrested would be prosecuted promptly.

Gleason: "In an interview this morning said: "We are advised by counsel that we are well within our rights, and we are standing pat. It is a rank injustice, as we have our permit from the supervisors."

Attorney-General Webb says also that if it is possible he will stop the Langford-Kaufman fight to-morrow. Failing an injunction he will be on hand with deputies and have the men arrested.

At Rowlandman, everyone is preparing to pack up and go away as soon as the legal matter is settled against them. They will either go to Utah or

NO MONEY IN WRITING BOOKS

CRUISE OF CACHELOT FETCHED ONLY \$500

Frank T. Bullen Gives Interesting Talk on Things in General, Including Canada

Everyone has read "The Cruise of the CacheLOT," Frank T. Bullen's classic story of the adventures of a whaler, but not many people are aware that this interesting story netted the writer

only \$500. Mr. Bullen has been spending a few days in Victoria and yesterday he discussed with a Times reporter the literary life and a good many other questions, including Canada.

"That is the annoying thing with me," said Mr. Bullen. "So many people think that I ought to be rich as a result of the sale of my books, but as a matter of fact the reason I am not writing books to-day is because it does not pay to do so. I sold my first book, "The Cruise of the CacheLOT," for one hundred pounds, but after it proved so successful the publishers presented me with two hundred pounds in recognition of its success. Since that I have sold other and better books, but there is not enough money in them to make it worth while writing.

"Just now," continued Mr. Bullen, "I am doing some work for the Canadian Northern Railway Company, and it is on that business that I am here."

"We don't want you to tell us what you think of the country, or anything

about the Canadian Northern. We have heard all that before. We would rather hear about yourself and your work," said the reporter.

"I am quite understand that," replied the writer. "You people have contracted a little of the bad habit they have in the United States. You generally ask people what they think of the country, but it would be made hot for the person who said what he thought. When I was in Vancouver I was interviewed and I said there were a few things about the country I did not like. The reporter, however, made me say there was nothing good I could say about the country. This was so foreign to the real state of affairs that I went to the editor and asked him to make a correction. There are always things one could criticize in any country, but here they are so few and so insignificant that I do not like to be misrepresented in that way."

"In England we are used to having unpleasant things said about us. We

are used to being told that we are no use to anyone except to lend them money. We have been told so often that we are a nation of dolts and idiots and incompetents that in time we may come to believe it ourselves. We expect to hear that we have only three days of sunshine during the whole year, and a great many similar things about us, and in return we fawn upon them and idolize them, no expression being found strong enough to express our appreciation of them."

"I must confess that I have met one American who was not of the type. He was returning home on the Royal Edward with me after having travelled through England. He was enthusiastic about the places he had seen and the people he had met, while I, surprised beyond all measure, could only find breath to gasp. Then you don't really think we are all dolts over there? I am surprised to hear such an expression about my country."

"No, I have heard no derogatory ex-

pressions from Canadians. I must say that I have never heard a word of that sort while I have been here. Canadians have had nothing but the best to say about England. It is only in the United States that we hear that."

"If I may be allowed to say so I should like to remark that Canadians are only just finding themselves. I see nothing but prosperity here on every hand, any sign of squalor is only in those who have newly arrived. I have not had an opportunity to associate to any large extent with the real people who are doing the work of the country, the wage-earners, but in those I do meet I see nothing but prosperity and hear nothing but hopefulness, cheerfulness and progress."

"I am not going to say nice things to you because you may like it. I have been in almost every country in the world and have visited many a number of times, but I must say I have never been so interested in any country as I am in Canada. As I came west and

arrived at Winnipeg I thought, 'This is surely the end of things. There cannot be much beyond this.' Then I crossed the immense stretches of prairie and I wondered what sort of wild place Calgary might be. As I drove through that fine city in a motor car I could hardly believe myself as I saw the fine buildings; and now we have come to the farthest point, we have found the best of all. My secretary was telling me a few minutes ago that of all places we have visited this would be the place in which to live."

THE GREAT SEAL.

A Thing of Which Few Persons Even See the Impression.

The great seal is a thing of which few persons ever see even the impression; but, as we have all heard, it is so necessary a part of our public machinery that King James II. thought it would be a good idea to drop it into

the Thames when he ran away; and that it ties its custodian, the lord chancellor, so fast by the leg that he may not leave the country at all during his term of office. A new seal, of course, is being prepared now, and we note that, according to the Law Times, it is only going to cost £400, which is dirt cheap for a great seal; that made in 1878 cost £512. Reasons for the making of a new seal are the opening of a new reign, or a change of the royal arms or style, or the wearing out of the mechanical parts of the seal and the fillings and ornaments becoming defaced. An order is made by the sovereign in council for a new great seal, the old one is publicly broken, and the fragments become the "fee" of the chancellor. Lord Halsbury, it may be noted, has amassed two great seals.—London Express.

Since the passing of the Vaccination (Scotland) Act, 1907, the percentage of unvaccinated children in that country has increased from 65 to 82.

MUCH BUSINESS AT SOUTH SAANICH BOARD

Councillors Consider and Dispose of Many Important Matters Brought Up

At the fortnightly meeting of the South Saanich council subdivision plans farred better than on previous occasions, as the requirements re area of lots and width of streets are becoming generally known.

Mr. Foreman, of Heisterman & Co., presented a plan of the Ker Estate, sec. 13 and 15. After running the gauntlet four times it has finally been accepted. This subdivision is exactly opposite the B. C. Electric Car Co.'s park at the Gorge and the contemplated improvements to the Craigflower road and the waterfront by this company will greatly

enhance the appearance of this desirable place.

D. H. Forbes, Maywood, wrote asking permission to lay a water pipe along the Carey road, which was granted.

A. Few, on behalf of the Baptist mission, sent an invitation to the council to attend the ceremony of laying the foundation stone of their new church on Saanich road. The invitation was accepted and the reeve delegated to attend in his official capacity.

F. C. Yambie wrote on behalf of the department of public works, confirming the government grant of \$1,200 for improving Sand-hill creek, also that \$2,000 was available to reduce the grade on Tolmie hill and six Boleskin road bridge. It is intended to reduce the grade on Tolmie hill from 12 to 7 per cent. The work will be done by the road superintendent, but will be directed by the engineer from the works department.

B. W. Blanford, Maywood, asked for the official width of Saanich road near his property and to be provided with

street lines. He will be informed that the road is 66 feet wide and the road superintendent will give the lines required.

Swinerton J. Musgrave, representing the Garrow Estate, asked that the fence encroachment on Saanich road be left in abeyance until the return of their client.

Councillor Sewell. This question has been before the council for three years and several attempts have been made to stir the owner to action, but without result. I move that Mr. Garrow's agent be given fourteen days to comply with the last notice.

This motion was carried.

E. P. Johnson, for the Telephone Co., wanted the council to confirm in writing the arrangement verbally made with the road superintendent that their poles be placed twenty feet from the centre of 66 feet roads and 16 feet from centre of 40 feet wide roads. Received and filed.

James Jackman, Strawberry Vale, road foreman, asked that his wages be increased from \$2.75 per day to \$3.

Councillor Freeman: Mr. Jackman is a capable man and I move that the request be granted.

An animated discussion followed, in which the labor situation in the district was fully reviewed. The council agreed that no general advance in wages will be allowed this year as the estimates are prepared on the old basis and any radical change would prove unsatisfactory, as the work contemplated could not be finished.

The road superintendent explained that as far as he was concerned the increase would only apply to competent foremen and the matter was left to his discretion.

Mr. Rogers submitted a plan of a subdivision off Maplewood road. Several minor changes are needed and he was informed that when made the plan would be accepted.

J. J. Wilson, Burnside, road, and 11 others, petitioned for a sidewalk on Burnside and Tillicum roads. They will be informed that no funds are available for work not included in the estimates.

A. Lloyd and 11 others asked that a 6-inch water main be laid along Burn-

INDIANS SURRENDER LANDS

Calgary, June 17.—One hundred and fifteen thousand acres of rich Bow valley lands lying immediately south of Gleichen, and heretofore a portion of the Blackfoot Indian reservation, has been surrendered by the tribe. The land, which is situated in what is probably the most fertile district in the province, is worth between three and four millions. The land will be sold by the government, and a large portion of the proceeds devoted to the erection of buildings and purchasing equipment for Indians desiring to farm on the section of the reserve that they have retained. The department of Indian af-

fairs and chiefs of the tribe have been carrying on negotiations for some time.

INFORMAL RECEPTION.

London, June 17.—His Excellency Earl Grey arrived at Bristol yesterday. National mourning prevented the intended banquet which had been planned in his honor. The Canadian governor-general telegraphed the Lord Mayor of Bristol as follows: "I am gratified by the expression of your kind desire, but am unable, as the representative of the crown in Canada, to take part in any public functions until after the end of June." The civic reception will, therefore, be an informal affair.

Lieutenant-General Sir Roger William Henry Palmer, one of those who charged in the Light Brigade at Balaklava, died at Cote Park, Wickham, North Wales, recently after a short illness, aged 78.

Sir Roger served through the Crimea as a lieutenant in the 11th Hussars, and in the famous charge his life was saved by a sentry whom he had found sleeping the night before and forgotten. P. for Mayo from 1867-75, and he was colonel of the 20th Hussars when he died.

ROMANTIC PAST OF WINDSOR

SAID TO STAND ON SITE OF ARTHUR'S CASTLE

Home of Britain's Kings From Days Far Back in Nation's History

In Edward III's day the story was current that Windsor stood on the site of King Arthur's castle, where the Order of the Round Table was instituted.

Queen Elizabeth spent much time at Royal Windsor, and there is a story that her wealth, a black shadow, in ruff and farthingale, haunts the walks of the castle before any disaster which overtakes the royal house.

Windsor was a dull place under the Georges, if we may judge by Fanny Burney's experience, although George III. was much attached to the place, and carried out many important works.

There are many hoary tales about the foundation of the Order of the Garter, but Edward certainly had in mind King Arthur's Round Table.

Edward IV. began the rebuilding of Edward III's church, which had fallen into ruin, but the major part of the work was executed under Henry VII.

Edward IV., whose rose on a shield adorns the beautiful stone-vaulted roof put up by Henry VII. and Henry VIII., was buried here.

though the entrance is in St. George's Chapel before the altar. Windsor Castle was a place of duration for many captives and semi-captives.

James paid his ransom and took back Joan Beaufort to share his kingdom. At Windsor the poet, Henry Howard, Earl of Surrey, who lost his head for having quartered the arms of Edward III. with his own, met the fair Geraldine.

JUNE WEDDINGS

Mr. Stanley Porter, son of the late James Townley Porter, ticket agent at the C. P. R. dock, and Miss Pauline May Gillespie, daughter of Mrs. Gillespie, 135 Menzies street, were married yesterday afternoon at 1 o'clock, at the residence of the bride's mother, by Rev. Dr. Reid. The ceremony was a very quiet one, only intimate friends of the contracting parties attending.

Both the young people are widely known in this city and many of their friends will be pleasantly surprised to hear of their marriage. All those who witnessed the marriage went to the Vancouver boat to bid Mr. and Mrs. Porter good-bye, as they left on a honeymoon trip to Banff. The many friends who were at the boat were not sparing with the use of rice and gave the newly-married couple a good send-off. The cornet-player on the steamer was asked to play the wedding march, but not knowing it he started off with "I'll Be True to You," from the Belle of New York, and also played "Auld Lang Syne."

Mrs. Porter wore a travelling suit of pale blue with a hat to match. She was attended by Miss Florence Shaw and Mr. H. T. Porter, eldest brother of the groom, acted as best man. MEWAN-SUMMERS. At the manse of St. Andrew's Presbyterian church, on Wednesday evening, the marriage of Mr. Joseph Ernest McEwan, Katselas, B. C., and Miss Olive Regina Standish Summers, Greenwood, B. C., was solemnized by Rev. W. Leslie Clay. The wedding was a quiet one, only immediate friends and relatives attending.

The bride looked exceedingly pretty in an imported silk crepe-de-chine dress with panel and large medallions of Irish crochet lace and bands of Persian trimming. She wore a veil of white tulle with orange blossoms. The maid of honor of this occasion was Mrs. W. H. Dockstader, a sister of the bride, who wore a champagne organdie dress with a picture hat to match, and carried a bouquet of pink roses. Mr. Bruce Johnstone acted as best man. The bridegroom's gift to the bride was a pair of diamond earrings. The young couple were the recipients of many useful presents.

After the ceremony the friends gathered at the residence of Mrs. Dockstader, where refreshments were served. Mrs. and Mr. McEwan have left on their honeymoon trip, which will include the visiting of cities on the coast. The bride's travelling suit consisted of a dress of champagne serge and a white picture hat with blue velvet trimmings and pale blue plumes. The newly-married couple will make their home in Katselas. MCALIN-BRAIK. One of the prettiest weddings of this month of weddings took place on Wednesday evening at the home of the bride's parents, 1433 Alfred street, when Miss Margaret Braik, the youngest daughter of Mr. and Mrs. Adams Braik, and Mr. Herbert James McAlin, of the shipping department of R. P. Ribbet & Co., were united in the holy bonds of matrimony by Rev. H. A. Carson, pastor of the First Congregational church. The bride, who was given away by her father, was gowned in a beautiful dress of white net point d'esprit over white silk. She carried a shower bouquet of white roses. Her going-away dress was of grey cloth, with tulle to match, trimmed with pink rosebuds.

The friends of the young couple had been looking forward to this event with great interest and gathered at the residence to decorate the house. They succeeded remarkably well. A large wedding bell, made from the flowers common to this season, was placed in the centre of the dining room, and under this the ceremony took place. The room was arranged with white roses and sweet peas and looked very neat. In the parlor a luncheon was served. The wedding march was played by Miss Braik and Miss Nellie Scowcroft sang several selections during the evening with good effect. Many useful gifts were presented to Mr. and Mrs. McAlin. Among them was a beautiful mahogany sideboard, which was presented by the staff of the local branch of R. P. Ribbet. The Sunday school of the Congregational church, where Mrs. McAlin was secretary for several years, made the young couple the present of a silver service, suitably engraved.

The bridal couple left on Wednesday night on a tour of the principal cities in Alberta, and while there they will visit Mr. McAlin's brother at Pincher Creek. They will take up their residence in this city. Some of the gowns worn were: Mrs. Braik was handsomely gowned in black silk trimmed with rich cream lace; Miss Braik, elegant white embroidered muslin gown; Mrs. McAlin, vieux rose pongee silk; Mrs. Riddell, cream flowered muslin, trimmed with lace; Mrs. Boorman, black silk; Miss Andrews, dove, color and chiffon; Mrs. Lorimer, white-muslin dress handsomely embroidered; Mrs. Heard, white and black; Miss Webster, black silk; Miss M. Thompson, black. Miss Harper, pale pink silk; Mrs. Roberts, black silk gown; Mrs. Harold Roberts, white muslin gown; Miss Roberts and Miss Florine Roberts, white muslin, spotted, black and trimmed with lace; Mrs. Howell, black silk trimmed white lace; Miss Howell, cream ecru muslin trimmed with lace; Mrs. R. P. Williams, cream flowered muslin trimmed with lace; Miss Nellie Scowcroft, white embroidered muslin robe; Miss Winnie Scowcroft, cream-erge and silk; Miss T. Reed, white and pink; Mrs. Bowyer, delaine trimmed with lace; Miss M. Cullen, pale blue; Miss Metcalf, very pretty cream gown; Mrs. A. M. Castleton, Paris colored point d'esprit over ivory silk; trimmed lace and pink velvet.

HOLMES-ALLISON. The marriage of Miss Elfrida Allison, niece of ex-Lieut.-Governor Dewdney, and Mr. Graham Holmes, first officer on R. M. S. Empress of India, was celebrated at Christ Church cathedral on Wednesday afternoon. The ceremony was performed by the Bishop of Columbia. The bride, who was charmingly gowned, was given away by her uncle, Hon. Edgar Dewdney, and Miss Kathleen Oliver made a dainty bridesmaid. Mr. E. Dewdney supported Mr. Holmes as best man. After the ceremony a reception was held at 691 Cook
