Dr. Tolmie Opens Fair With High Praise For Entries and Organizers

Draws Comparison With Early Days to Show Tremendous Progress; Livestock Quality Not Excelled at Any Similar Exhibition; Wonderful Floral Display is Testimony to Victoria as Ideal Home City.

OPENED FAIR AT WILLOWS TO-DAY; DR. S. F. TOLMIE

"This exhibition is wonderful," was the emphatic endorsement accorded the display at the Willows, this afternoon, by Dr. S. F. Tolmie, M.P., when officially opening the annual exhibition of the British Columbia Agricultural Association.

The ceremony took place at 2.30 o'clock, Dr. Tolmie speaking from the steps of the main building to a great audience. Ideal Victoria weather with bright sunshine graced the occasion.

Introduced by President W. H. Musnie of the B. C. Agricultural Association, Dr. Tolmie said, "This exhibition is wonderful; how pleasing it must be to those who are familiar with previous displays of the past two generations to note the tremendous growth."

"I first came in touch with this exhibition forty-three years ago. At that time the one building had a saloon in front and the exhibits were shown in the back room. Accommodation for stock was done in closed box stalls and an open shed about a hundred and fifty feet long."

CONSTRUCTIVE ADVICE

It is very pleasing to note the great growth of the exhibition, until to-day we have a fine lot of buildings and splendid accommodation for livestock. I am glad to note the interest that has grown up to-day in this wide accommodation. It is not sufficient coming from other exhibitions in other cities I have had opportunity to make comparisons, and would suggest that further developments of these fine grounds, a plan of the whole property be made first, showing the roadways and other features. Subsequent building operations should accord with that plan, and in the event of a modern grandstand being constructed I would suggest the removal of the racetrack northward to give more room for the buildings in front. At present the newcomer is impressed with the fact that the buildings are crowded to the front, while the rear of this sixty acres is unoccupied," he commented.

MACMILLAN ARCTIC AIRMEN MAY DELAY FLIGHTS FOR A YEAR

Washington Officials Ask Opinion of Commander Byrd on Conditions

Purpose is to Explore Vast Unknown Regions of Arctic; Flights Already Made

Washington, Aug. 18.—A possibility developed to-day that the Macmillan Arctic expedition might abandon for this year its effort to fly over the unknown regions of the Polar Sea.

A message asking for an opinion on that subject from Lieut. Commander Byrd, commanding the navy section of the expedition, was dispatched by the naval officials to a conference between officials of the navy and of the National Geographic Society, sponsors of the expedition.

ICE CONDITIONS—An earlier radio message received here said the success of the Macmillan expedition would depend largely on weather and ice conditions encountered this week.

"The aeroplane No. 2 is not yet ready for flight," said the message. "The No. 1 and No. 2 are preparing for another attempt to reach Bay Florida, and possibly Eureka Sound. If the Florida is clear of low possibility to-morrow work can be done. If no landing places can be found on water or land, success is doubtful. The men are flying over long stretches, where if the Liberty motors should fail results would be serious. The snow yesterday was a hard blow."

J. T. CUTHBERT IS LEADER AT GOLF

Calgary, Aug. 18.—J. T. Cuthbert, Winnipeg amateur, walked over the Country Club course here in par to-day in the second qualifying round of the western amateur championship and the final for the open title. He shot a 72, paired with Tom Wilson, Country Club pro, who took 80 to make the course.

Cuthbert's net for the thirty-six holes of the open is 152, which will probably win him the title.

NEW LOAN IN NEW YORK PROVES CANADA'S CREDIT RISING HIGHER

New York, Aug. 18.—Canada is likely to get "an extraordinarily good price," in New York for the forthcoming Dominion loan, The New York Sun states. "Two syndicates now are planning to compete for the forthcoming Canadian loan, it was learned to-day, and other groups may enter the contest a little later. The amount of the issue may be \$150,000,000. If so it will be the largest foreign loan of the year."

"Canadian bonds rank in a class by themselves, and since the bulk of the loan is for the purpose of refunding maturing bonds owned in the United States, competition on part of the bankers here will be particularly keen. They will not let anything but a major obstacle prevent the flotation of the loan here. It is likely Canada will get an extraordinarily good price for her loan."

STATEMENT BY ROBB

Ottawa, Aug. 18.—"Canada will be in funds to reduce her New York obligation by not less than \$29,000,000," said Hon. J. A. Robb, Acting Minister of Finance, this morning when asked what steps had been taken toward floating a loan to take care of maturing obligations. Mr. Robb had nothing further to say at present.

He pointed out that the first obligation of Canada will not fall due September 1, as stated in news dispatches, but on September 15. On that date \$90,000,000 will come due in New York. One month later another \$30,000,000 will be payable here and in New York. On December 1 the sum of \$42,000,000 of the war loan of 1915, payable in ten years, will fall due.

It is understood there has been some consultation with financial interests in regard to refunding, but no decision has been reached, as to when Canada paid off a loan of £2,000,000, payable in London August 12.

LIGHTS PLANS MADE AT PRAIRIE POINT

Federal Deputy Minister of Mines Visits Saskatchewan For Discussion

Regina, Aug. 18.—Important developments in regard to the lignite situation in Southern Saskatchewan, centering about the receipt of reports from prospecting experts in Germany and Czechoslovakia, are expected at a conference of Mr. Charles Cammel, Federal Deputy Minister of Mines, and Thomas Molloy, commissioner of the Saskatchewan Bureau of Labor and Industries.

Dr. Cammel's present visit here is for the express purpose of conferring with Molloy who, with himself, constitutes the reconstructed Lignite Utilization Board.

Not inquiring as to the substance of the reports from Germany and Czechoslovakia was given by Mr. Molloy, who has just returned from Ottawa. It was intimated, however, that an important announcement was likely.

GERTRUDE EDERLE FAILS IN CHANNEL

Swims Two-thirds of Distance Between French and English Coasts

Dover, Eng., Aug. 18.—Gertrude Ederle of New York was compelled to abandon her attempt to swim the English Channel this afternoon owing to adverse weather conditions. The end of her gallant effort came at 5.58 p.m. when she was two-thirds of the way across the Channel. She was forced to quit because of nausea and seasickness brought on by swallowing salt water.

WATER CAUSED PAIN

Miss Ederle had been in trouble for an hour, but took courage from the cheerfulness of her attendants and kept doggedly at her task, until she suddenly turned in the water with a look of pain on her face. "Gather 'em up," James Wolfe shouted to the English swimmer, who was accompanying her at the time.

Robbing as she was taken aboard the tug, Miss Ederle said she had swallowed too much salt water during the previous two miles, when the sea was rough, and that her stomach was causing her a great deal of pain. STARTED AT 7.09 A.M.

The seventeen-year-old New York mermaid began her attempt at Cape Gris Nez, France, this morning, entering the water at 7.09 o'clock. Awakened from a sound sleep at 4 a.m., she seemed the only person among the hundreds gathered at her training camp to be unaffected by the hustle of preparations.

She sat down to a breakfast of well-done apple fritters and weak tea and as she arose from the table she said: "I'm all ready for it. Bring on your old channel."

LEGISLATURE TO START WORK HERE OCTOBER 26; MEMBERS ANTICIPATE LIGHT SESSION

The British Columbia Legislature will assemble here for its annual session on October 26, Premier Oliver announced to-day after this date had been fixed by the Cabinet. A Fall session, it is understood, is favored not only by the Cabinet but by a majority of members of the House as it will insure the transaction of all business before Christmas.

Nothing has developed since last year to make the next session notable. So far no big issues like beer-by-the-glass have appeared for settlement and the Government and the Opposition are in no mood to plan any drastic legislation. The legislative program, it is expected, will consist largely of amendments to existing laws.

At the moment the most important question to be settled appears to be the proposed extension of the Pacific Great Eastern Railway to Prince George and North Vancouver. Many leading members are determined to force a decision on this matter before the session adjourns. In preparation for such action the Government is now assembling complete data on the cost of the project.

ESCAPED CONVICTS FORCED PEOPLE TO AID MOVEMENTS

Men Who Got Away in Oregon Believed Sighted in Seattle

Seattle, Aug. 18.—A policeman reported that he had seen in Seattle to-day three roughly dressed men answering the description of a trio that escaped Wednesday night from the Salem penitentiary after killing an Oregon Penitentiary guard while they were traveling in automobile with an Oregon license. The car sped south on one of the principal streets.

People to Decide Tax Issue on \$1,000,000 Grain Structure

Mayor and Aldermen Conferred on Project This Morning

The people of Victoria will decide whether the million dollar elevator to be erected by the Panama Pacific Grain Terminals Limited at the Ogden Point docks shall be made tax exempt for thirty-three years, the duration of the lease on the Government property, Mayor J. Carl Pendray, announced this morning following an informal conference of aldermen and representative business men.

FUR AUCTION IN WINNIPEG

Winnipeg, Aug. 18.—Weasle and lynx brought good prices at the fur auction here to-day. The demand for fox has not been very keen. The offerings of silver fox were said not to be of the best quality. Better grades of skins were in fair demand. Sales this morning included 2,061 weasels and 2,350 lynx. Wolf and rabbit are being sold this afternoon. About seventy-five buyers, including a number from the United States, are present.

LEOPARD ROAMS IN PARK OF PARIS

Paris, Aug. 18.—The leopard which Saturday night escaped from the zoological garden and fled into the Bois de Boulogne is still at large. So far the animal has escaped the guns, dogs and even the eyes of the hunters, who are seeking it. None of the thousands of the Sunday throngs which visited the great park of Paris saw any trace of the leopard, and although the woods contain a herd of deer and some sheep, no victims of the leopard's appetite have been found.

Failure of Radio Keeping Arctic Vessel in Silence

Ottawa, Aug. 18.—No word has been received as yet from the Canadian Government steamer Arctic, which is supposed to be somewhere in the Arctic sea with Capt. Bernard and department officials on board.

DEATH SENTENCE OF BAKER AND SOWASH MAY BE REVIEWED

ANNOUNCES DATE OF FALL SESSION; HON. JOHN OLIVER

Fifteen Days Remain Before Date of Execution; Motion for Stay so That Appeal May be Heard Considered Likely; Baker's Appeal is Based on Sixty-one Grounds.

Fifteen days of life remain to Owen Benjamin Baker and Harry Sowash unless official action is taken to stay their execution, set for September 4. Baker and Sowash were convicted by a Victoria Assize jury of the murder of Capt. W. J. Gillis on board the gas boat Beryl G. on September 15, 1924, when that craft lay off Sidney Island. The death sentence was passed on them by Mr. Justice Morrison at the Victoria Assizes this year.

In view of the fact that Baker has served notice of his appeal to the B. C. Court of Appeal a stay of execution is considered likely in legal circles. An application will be made this week to the Supreme Court at Vancouver, asking for a postponement of the execution until the middle or end of October, it is understood.

BASIS OF APPEAL—The Appeal Court convenes at Vancouver on October 6. The Supreme Court has the power to grant a stay of execution, if sufficient grounds are shown. Baker appeals on sixty-one grounds. Chief of these is the allegation that he was delirious from producing Charles Morris as his trial as an alibi witness, it is asserted.

Rebuttal evidence, by Edgar Starbuck a man named in the indictment by Baker on other occasions is also attacked in the appeal. Another point raised by the appellants in the judge's charge to the jury the fact that Sowash's statement was evidence only against himself was not pressed to the jury. It is contended, Baker seeks a new trial on these and fifty-eight other grounds.

Though official confirmation is lacking, it is understood here that the Crown will oppose no objection to a motion by Baker in the courts for a stay of execution until his appeal be heard. The position of Sowash is not clear, though it is understood that he, too, appeals from his conviction and sentence. At the trial R. C. Lowe acted for Baker, and R. D. Harvey of Duncan, for Sowash.

MORRIS AWAIT TRIAL—Charles Morris, a third accused held in the same affair, has been committed for trial by higher court and will come before the Victoria Assize in October. Though no decision has yet been made it is understood that Frank Higgins, K.C., has been approached by Morris to represent him.

It is regarded as certain here that Baker will move for a stay of execution so that his appeal may be heard. Independent of any move by Baker, the likelihood of Cabinet resignation and a general election, there is a large list of vacancies to be filled, including a vacant seat on the Railway Commission, nine senatorships and a number of judgeships. In addition there are four vacancies in the House of Commons. It is the estimate of so many vacancies, coupled with the likelihood of Cabinet resignation, which has given strength to the rumors of dissolution. If there is no general election, four by-elections will have to be held to fill the present vacancies in the House. In addition to the appointment of any members of the Cabinet either to the Senate or to judgeships would necessitate further by-elections.

VISITORS IN OTTAWA—Meanwhile, despite the surface calm, there has been during the last few weeks a drifting in and out of the city of prominent party men, in itself an indication that developments are at hand. Premier Dunning of Saskatchewan spent several days here last week visiting Premier King and his cabinet. Common report was that Premier Dunning had offered a portfolio, but neither Premier King nor Mr. Dunning would make any statement on the conversation. Others have come and gone but without any announcement one way or another.

Premier King and Colleagues Exchange Views; Country Awaits Election News

Activities of Branches in London Reported by Commissioner Larkin

Ottawa, Aug. 18.—The Cabinet met this afternoon. As the members assemble, it was expected the discussion would be a lengthy one.

There was not much likelihood, it was intimated, of a decision on whether or not Parliament is to be dissolved this Fall. According to reports, there is favored opinion, although the chances favor dissolution and a general election. There is a large list of vacancies to be filled, including a vacant seat on the Railway Commission, nine senatorships and a number of judgeships. In addition there are four vacancies in the House of Commons. It is the estimate of so many vacancies, coupled with the likelihood of Cabinet resignation, which has given strength to the rumors of dissolution. COUSIN OF ITALIAN QUEEN IS LABORER

N. Mattanovitch Formerly Fixed Nations' Boundaries; Now Hustles in Montreal

Montreal, Aug. 18.—A tall, swarthy man in khaki trousers and a striped shirt this morning was engaged in directing excavation work on Mount Royal Avenue. He was Novak Mattanovitch, second cousin of the Queen of Italy, Balkan War and World War veteran, a member of the international appointees by the International Peace Conference to decide the Balkan boundary questions.

"A different job from those I used to do," he said, as he handed out a receipt to a car man, "but it is all the same to me."

He said he had walked the streets of Montreal for some time before he landed his job as foreman. His knowledge of seven languages and possession of a royal relationship not counting as much as practical experience. He explained he had come to Canada because he was "bored with life in Belgrade." He thinks there are worse jobs than foreman of a road gang, even for the cousin of a queen.

TENNIS CLUB DANCE HELD AT STRATHCONA

Victoria People Attend Enjoyable Function at Shawnigan

Special to The Times

Shawnigan Lake, Aug. 18.—The Strathcona Tennis Club held its second annual flannel dance at the Strathcona Lodge Saturday evening and upwards of 100 attended. In addition to the individual attendance several dinner parties were arranged. Mr. Wineste Whyte had a party of nine, and the Victoria Tennis Club made up another, all of which joined the merry throng of dancers. The beautiful ballroom of the lodge was prettily decorated and the scene presented by the dancers in their Summer attire was very pleasing.

Orzard's orchestra provided the music and was generously applauded for their excellent music. The supper provided by the lodge and presided over by Mrs. M. A. Wyldie was worthy of special mention. The whole affair was pure delight and the Strathcona Tennis Club were voted delightful hosts and hostesses. Amongst those present were noticed Mr. and Mrs. C. E. Wilson, Mr. and Mrs. Verley, Mrs. and Miss Appleby, Miss Brownie Angus and party, Miss Dorothy Hicks, Mr. Tommy Lampman, Mr. H. G. Dalby, Mr. Norman Whittaker, Miss R. Whittaker, all of Victoria; Miss Reid of Vancouver, Parties from the Chemainus club, Cowichan Station club and a very good attendance of residents of the lake. The lodge grounds and the spacious verandas were brilliantly illuminated for the occasion.

The members of the visiting clubs and the Strathcona Club played several friendly matches on Sunday.

Mr. Arthur H. Plows of Victoria has been appointed principal of the Shawnigan Lake Public School and will assume his duties when the school opens on September 8.

TWO WERE KILLED IN VIENNA RIOTS

More Than Fifty Persons Injured During Anti-Semitic Outburst in Austria

Police Struggled With Mobs; World Zionist Organization Meets

Vienna, Aug. 18.—Two men lost their lives and between fifty and sixty persons are suffering from injuries received during anti-Semitic riots attending upon the assembling here of delegates to the fourteenth congress of the World Zionist Organization.

The trouble broke out last night and fierce fighting followed in the Prater, a public park between the city and the Hakenkreuzer or Swastika organization.

An anti-Semitic protest meeting called as a demonstration against the holding of the Zionist congress here had been forbidden by the police, but the organizers placarded the city urging resistance. Processions moved through the streets headed by men carrying crosses and including bands of girls in white with banners proclaiming Vienna a Christian city.

Rioters clashed with the police guarding the meeting place of the congress. Numbers of policemen were dragged from their horses and trampled under foot. The police in turn slashed at the rioters with their swords, driving their horses and men beseeching them. Many women were knocked down and trampled.

Thus far no injuries of Jews have been reported.

The rioters are threatening to start fresh trouble tonight with reinforcements from the provinces.

Perjury Hearing In Los Angeles

Los Angeles, Aug. 18.—Evidence in the Mary Pickford perjury case was laid before the county grand jury here to-day, half a dozen witnesses having been subpoenaed to appear.

The district attorney's office announced last week that perjury indictments would be sought against two witnesses who had testified for Claude Holcomb and Charles Stephens during their trial on charges of conspiring to kidnap Miss Pickford and yesterday the grand jury inquiry was officially ordered. Holcomb and Stephens were convicted and sentenced to terms of from ten years to life.

San Francisco Waiters on Strike

San Francisco, Aug. 18.—Union waiters at the Palace and St. Francis Hotels are on strike, having refused an increase of 50 cents a day. Between 250 and 350 are idle.

Waitresses remained at their posts, but as only waiters are employed at the Palace, that hotel is without service. Guests of four luncheon clubs asked themselves yesterday at the St. Francis luncheon guests, flocked to the grill and were served by waitresses.

RAIL OPERATION COSTS DISCUSSED

Edmonton, Aug. 18.—The question of a joint agreement between the C.N.R. and C.P.R. to operate the northern railway lines in Alberta is still unsettled. Sir Henry Thornton, president of the Canadian National Railways, Grant Hall, vice-president of the Canadian Pacific Railway, and Premier Greenfield met yesterday afternoon in a conference which lasted only half an hour. Several different proposals were discussed, but nothing definite was decided upon. It was eventually decided to meet again in a few days, when figures in regard to operation costs will be submitted by the Canadian Pacific Railway.

No definite date was set for the adjourned meeting, but it is expected it will be before the end of the week.

PAUSE IN SHIPMENT OF COAL TO ONTARIO

Edmonton, Aug. 18.—Asked about the shipment of Alberta coal to the Ontario market, Sir Henry Thornton, in Edmonton yesterday, said the activity had been suspended for the time being in order to give the right of way to the grain movement. The time limit was last Saturday and the \$7 freight rate was now off.

After the harvest, however, the shipments would be resumed, said Sir Henry, until the full quota of 25,000 tons had been reached. It was his understanding that several thousand tons were still lacking of that amount, and the balance would be taken at the special rate some time in the late fall or winter.

\$4,000 FIRE SEEN IN ALBERTA TOWN

Medicine Hat, Alta., Aug. 18.—A vacant store belonging to L. Lippert and the A. S. Alton Building, occupied by the government telephones and post office, were destroyed by fire yesterday morning at Hilda, seventy miles northeast of Medicine Hat. The loss is \$4,000.

Sooke News

Special to The Times

Sooke, Aug. 18.—A very successful masquerade ball was given by the Sooke orchestra at Sooke Hall on Friday evening, nearly a hundred people taking part. Mrs. Mackintosh and Mrs. Jackson were chosen as judges and the prizes were awarded as follows: 1. Mrs. Dods as White Swan Soap; 2. Miss Bertha Muir as Good Luck. Prizes were also awarded to Miss Poirer and Miss Campbell, whose dresses were prettily garlanded with ivy leaves and berries. As no gentlemen appeared in costume, prizes were withheld in this section.

A forest fire broke out in the Sooke Hills behind the sub-division of Sassex. Fire fighters were called out and after strenuous efforts the fire was brought under control.

Mrs. Phillip Snape and her two children have left for the mainland on a short visit to relatives.

Chemainus News

Special to The Times

Chemainus, Aug. 18.—Mr. and Mrs. Burnett and Miss Margie Burnett recently spent a few days in the Capital.

AMUNDSEN PLANS NORTH POLE FLIGHT

Oso, Aug. 18.—The Aften Posten states Capt. Roald Amundsen, since his arrival home from his recent expedition for the North Pole, has been preparing a new aeroplane expedition for next Summer from Spitzbergen over the Pole and unknown Arctic regions to Alaska.

The newspaper says financial backing has been assured and the expedition will include Lincoln Ellsworth, the United States citizen who was with Amundsen's party this Summer.

It is stated the Dornier Company will build an aeroplane larger than the N-25, which Amundsen's party saved from the Arctic this year, and the new machine will be equipped with many improvements resulting from experience gained during the two expeditions.

Amundsen considers his flight this Summer as a reconnoitering expedition for one to explore the Arctic region between the North Pole and Alaska.

BULLET KILLED SEATTLE YOUTH

Port Angeles, Aug. 18.—Kenneth McFarlane, Seattle, killed Robert Irving, ten, of the same city, yesterday by accidentally discharging a pistol in a tent at Piedmont, twenty miles west of here.

McFarlane and Irving had been toying with an automatic and McFarlane took it away from him and removed the magazine. But when McFarlane pointed the pistol at Irving it discharged, sending a bullet through Irving's mouth and eye, the back of his head.

McFarlane explained that one cartridge must have been left in the weapon.

22,000 HARVESTERS GO TO PRAIRIES

Winnipeg, Aug. 18.—Twenty-two thousand harvesters have reached Winnipeg for distribution to prairie farms which the influx started, according to railway officials. This makes up nearly half the quota asked for and to-day saw a pause in the rush at the depot.

League Support Urged by Foster

Winnipeg, Aug. 18.—Senator Sir George Foster, former Federal Minister of Trade and Commerce and the foremost Canadian advocate of the League of Nations, delivered an address before the Winnipeg Canadian Club yesterday in which he charged that Canada was "drifting." "We must develop a national consciousness that will be preserved and made permanent," he said. "We must not allow ourselves to become

the victims of drift, but we must make a distinct and continued effort to keep the Canadian ideal constantly before our people."

BRAVERY REWARDED

Toronto, Aug. 18.—W. G. Moore, secretary of the Imperial Bank of Canada, announced to-day that a "handsome" reward had been paid by the bank to W. R. Rodgers, who with his wife defended the property of the bank in St. David's, Ont., on July 15 against a robber whom Mrs. Rodgers shot and killed. The amount of the reward was not stated.

AND RECEPTION
FOR TEACHERSPublic to Meet Overseas
Educationists at Empress
Hotel To-night

The members of the Overseas Education League party which arrived in the city this afternoon, in the course of a tour of Canada, will be the guests at an official dinner at the Empress Hotel this evening at 8 o'clock, when the Provincial Government and the Victoria Teachers' Association will be the hosts. The dinner will be followed at 8:30 by a public reception in the ballroom, when the Women's Canadian Club and other organizations, and driven in cars kindly loaned by citizens around the marine drive. Later they were entertained at the delightful home of Mr. and Mrs. Curtis Sampson at Oak Bay.

To-morrow morning will be left for Seattle where the party will start on a drive which will take them through the Saanich Peninsula, first visiting the Experimental Farm at Sidney, then the home of Mr. and Mrs. R. P. Butchart at Tod Inlet and Brentwood College. At the college the visitors will be welcomed by Mr. Hope, the headmaster, and after inspecting the school the teachers will be his guests at dinner. It is probable that a big proportion of the visiting teachers will wish to drive to the top of Observatory Mountain on their way back to the city, and the route will be arranged so that this will be possible. The party is due to leave by the night boat for Vancouver the same day, so no evening programme has been arranged.

TO-MORROW'S
HOROSCOPE

By Genevieve Kemble

WEDNESDAY, AUGUST 19

According to the lunar aspects for this day a moderately active and successful state of affairs should be expected. Those in the employment of others are under a fairly propitious rule for recognition or advancement if qualified. It is, on the whole, a good time for seeking favor or preferment from those in places of authority. It is enjoined that speculation and money risk be avoided, and there is read in the stars a definite menace of fraud or treachery. A friendly place of Venus promises pleasant social and domestic conditions. Those whose birthday it is are under a fairly good prospect for a successful and happy year if they will shun speculation and guard against fraud and deception. Those in employment should fit themselves for advancement and recognition. A child born on this day may be clever and agreeable, but disposed to be extravagant and reckless in the use of money. It may find itself subject to subtle enemies in life.

KEATING

The monthly meeting of the S. S. Farmers' Institute will be held as usual at the Temperance Hall on Thursday evening, August 20.

A jolly time was held at the Temperance Hall on Saturday evening when the South Saanich Women's Institute entertained with a card party, the committee in charge being Mrs. F. Young, Mrs. J. Young and Mrs. Randle. There were ten tables in play, and first prize was awarded to Mrs. Amey, Miss Jola and Mrs. Hickling and Mr. Morley Bickford, with consolation going to Mrs. Randle, Miss Janet Sherrington and Messrs. Sivan and Chisholm. After refreshments were served the remainder of the evening was pleasantly spent in dancing, with Mr. and Mrs. Hickling of Victoria kindly supplying the music on the drum and piano, for which a hearty vote of thanks was accorded them.

The South Saanich Women's Institute will meet at the Temperance Hall on Thursday evening when the programme will include a paper on "Industries" by Mr. H. Tanner. Mrs. J. N. Wood, East Saanich Road, is holidaying with friends at Patricia Bay.

Messrs. W. McKay and R. Nott left on Saturday for the prairie provinces. Miss Hazel Lamont of Telegraph Road, is visiting relatives in Abbotsford, Sumas. Mr. James Nimmo, accompanied by Mr. Wells of Vanderhoof, B.C., is visiting his parents, Mr. and Mrs. R. Nimmo, Prosser Road.

Messrs. R. Anderson, G. Stokes Jr., C. Butler and D. Hamilton are among the district boys who have left to join the harvesters on the prairies. Mr. and Mrs. A. Gale, Stelly's Cross Road, have as their guests for a few days Mrs. Gale's sister, Mrs. Collier, and her friend, Mrs. Kosen of Portland, Oregon.

L. Lord, R.E.A. of H.M.S. Capetown, is a guest at the home of Mr. and Mrs. W. Bickford. The committee in charge and others interested have been busy at the Temperance Hall for several days past preparing the exhibit to be taken to represent Saanich at the Victoria Fair this week, and the committee are now in Victoria setting up the exhibit.

DUNCAN PERSONALS

Mr. and Mrs. F. Parker have rented their farm at Somesno, and taken an apartment in Victoria for the winter. Mr. and Mrs. H. C. Mann and family have leased Mr. and Mrs. Stanley Lamb's property at Quamichan Lake.

Mr. and Mrs. H. M. Ancell have moved into the house owned by the late C. C. Ward, on Wharfedale Road.

Mrs. John Hirsch, of Vancouver, has been visiting in Duncan, the guest of Mrs. A. H. Lomas and of Dr. and Mrs. J. M. Adams. Messrs. A. Matthews, F. Saxton-White and S. Crossland have returned to Duncan, after taking part in the inter-city cricket match between Victoria and Vancouver, which was played on Saturday in Victoria.

The Nanooos Mission Sunday School held its annual picnic at Nanooos Bay Beach, where a very enjoyable time was spent by all who attended.

Mr. and Mrs. R. Cribb of Wellington were the guests of Mrs. A. McKenzie, Powder Point, during the week. "James" said the parson, "haven't I told you to count a hundred before you lose your temper? Yet here I find you sitting on Tommy's head."

"Sir," was the solemn reply, "I am counting a hundred, but I'm sitting on his head so that he'll be here when I've finished counting."

VANCOUVER BOY
WINS VALUABLE
L.O.D.E. BURSARY

Alan J. McDonald Awarded
\$1,200 Scholarship by Victoria
Committee.

Alan James McDonald of the Lord Byng High School, Vancouver, is the winner of the L.O.D.E. War Memorial bursary for 1925. Announcement to this effect was made this morning by the committee of selection whose members include Mrs. A. F. Griffiths, Provincial President of the I. O. D. E., Mrs. Andrew Wright, Miss A. B. Cooke, Provincial Educational Secretary, the order; S. J. Willis, B.A., Superintendent of Education; Professor Howard Russell, the Bishop of Columbia and Judge Lampron.

The bursary is of the total value of \$1,200, paid in four yearly instalments of \$300, and is tenable at the University of British Columbia. It is awarded annually under the L.O.D.E. War Memorial scheme, which was designed for the education of the sons and daughters of men who paid the supreme sacrifice or were totally disabled overseas. FATHER KILLED OVERSEAS

Alan James McDonald is the son of the late Lieut. James McDonald, M.C., who went overseas with the 72nd Seaforth Highlanders and lost his life at the battle of Drocourt in 1918. The boy is one of three brothers, all of whom have applied for the bursary. One applied last year, but failed in his application. He headed the Lord Byng High School in the recent matriculation examination, with over eighty per cent of the marks secured. It is out of the possible 900. Throughout the year he averaged nearly eighty-one per cent in his school work. His personal character is strongly vouched for and his popularity among his fellow-students is reflected in his election as president of the Lord Byng School Council this year. He is in his seventeenth year and intends to take a science course at the University of British Columbia with a view to becoming an engineer.

AWARDS JUSTIFIED
This bursary is the tenth to be awarded in British Columbia under the L.O.D.E. scheme. The selection made by the judges in previous years has been justified in shown by the excellent progress being made by the holders. Young Brand, who won the first bursary awarded in this Province, in 1920, has made splendid progress in his studies and is at present taking a post-graduate course in the University of Washington on a scholarship which he won recently. Kathleen Doodie, another holder, recently won a scholarship in a California University and had the distinction of being the first girl ever to win this particular honor.

COL. GRANT MORDEN
NOW HAS AN HEIR

London, Aug. 18 (Canadian Press Cable).—A son was born to Lieut. Colonel and Mrs. W. Grant Morden last night. They have three daughters, but this is the first son. Lieut. Colonel Morden, who is a native of Prince Edward County, Ontario, and is a well-known financier, is a Conservative member of the British House of Commons for Brentford and Chiswick, which he has represented since 1913. He was born in 1880. Mrs. Morden is the daughter of Charles G. Hensley of Vancouver. Her marriage to Col. Morden took place in 1909.

REHEARSING FOR SATURDAY'S "FETE GALANTE"

Mrs. Sanderson-Monaghan and Mrs. George C. Johnston are shown above rehearsing the minut which they are to give on Saturday at the "fete galante" to be held in the gardens of Sefton College, St. Charles Street, under the auspices of the Kumpiks Club and by kind permission of Miss Roberts. This incident occurs in the eighteenth century costume plays which Mrs. Sanderson-Monaghan has written specially for the occasion, "The Story That Has No Ending," and "The Ballet Surprise." In addition to the minut there will be a dance by Mrs. Valda and one of her pupils. The fete will open at 2:30 and in addition to the programme which commences at 3:15, there will be clock golf and lawn croquet, various amusing contests, fortune-telling and other side shows. Afternoon tea and ice-cream will be obtainable.

A quiet wedding took place on Friday evening at the residence of the officiating minister, Rev. L. Best, when he united in marriage Annie Victoria Wynne (Winnie) Davies, third daughter of the late Mr. H. W. Davies, and Mrs. Davies, 45 Boyd Street, to Sidney R. Saunders, second son of Mr. and Mrs. E. Saunders, 1311 Lyall Street. Owing to the recent death of the bride's father, only a few intimate relatives were present. After their honeymoon up-Island, the happy couple will take up their residence at 149 Berwick Street. Among the numerous presents received was a silver tea set from the staff of the long distance telephone exchange, of which the bride was formerly a member; and a set of silver from the staff of the C.P.R. Telegraphs, where the groom has been an employe for a number of years.

"LITTLE FRENCH GIRL" AT DOMINION FILM OF SPECIAL APPEAL

It would be hard to find a more appealing or vitally interesting story than "The Little French Girl," produced for Paramount by Herbert Brenon, and which is the feature at the Dominion Theatre all this week.

Featured in the leading roles are Alice Joyce, Neil Hamilton, Mary Brian and Esther Ralston. In the title role of the picture, Mary Brian, as Alice Vervier, finds that her mother's reputation sort of puts a kink in her chances for a suitable marriage in France, so she intrudes a fashionable English home, where it

is the mother's hope she will land for herself a good provider.

Here she falls in love with the younger brother of her mother's latest favorite, only to learn that he cares for another and that the other girl has eyes only for the older brother. So, you see, the love interest in the production travels in a circle—and it never does let up for a single moment.

The older boy is killed in the war and his fiancée decides that she will go into a convent to be happy in the memory of their love—all this despite all the pleadings of the little French girl who does not want to see the girl waste her life away for a no-account. Alice even goes so far as to tell of his affair with her mother. There's a never-to-be-forgotten scene between the two girls—Topple (Esther Ralston) condemning Madame Vervier, played by Alice Joyce, and Alice stands up stoutly in defense of her beloved Maman, who "cannot help it if she is loved."

There's an unusual element of surprise in the closing scenes. Anthony Jowitt, a new screen "find" playing Owen Bradley, is the older brother. Neil Hamilton has the role of Giles Bradley. Others in the supporting cast include Mario Majeroni, Maurice Cannon, Maude Turner Gordon and Jane Jennings.

GLORIA CARUSO AND HER NEW SISTER—Mrs. Dorothy Benjamin Caruso Ingram, widow of the famous tenor, with her two daughters, Jacqueline Ingram, 2nd, and Gloria Caruso, sunning themselves at the Lido, near Venice, Italy.

SWEET AND COLMAN ARE CO-FEATURED IN 'HIS SUPREME MOMENT'

An unusual platonic trial marriage furnishes the chief dramatic situation in "His Supreme Moment," which is the attraction at the Capitol Theatre all this week.

A beautiful and luxury-loving New York actress falls in love with a young mining engineer and proposes that they spend a year in South America as brother and sister before making their final decision. Faced with the hardships of the primitive life, the girl loses beauty, and her love for the man is submerged. Yet when he is attacked by rebellious native miners who save his life in a spectacular fight which ends in the burning of the mine buildings.

Back in New York, the man yields to the blandishments of a young heiress who was instrumental in financing his mining venture, and who aided in making the trial marriage a failure. The actress returns with her mother, also a successful actress. An unnatural maternal jealousy is overcome and the mother succeeds in uniting the girl and the young mining engineer.

Blanche Sweet and Ronald Colman are featured in the two principal roles in a picturization of the novel by Edna Ferber, which includes Jane Winton, Belle Bennett, Cyril Chadwick, Ned Sparks and Nick De Ruiz.

To emphasize a play-within-a-play effect, George Fitzmaurice, the producer, has photographed two gorgeous stage productions in full natural color by the improved Technicolor process in "His Supreme Moment."

The picture is an adaptation from a new novel by May Edgington and is a Samuel Goldwyn offering through First National.

As an added attraction for this week the management are presenting a Prologue De Luxe to the feature attraction entitled, "The Love of All Nations" with Theo Pennington and a big cast of principals.

appealing Doris Kenyon and Harrison Ford. Others who are especially entitled to "honorary mention" are Edmund Breese, Tyrone Power and Effie Shannon. Miss Kenyon does what is without question the greatest work of her brilliant acting, and holding throughout, the sympathy of the spectator and, in the closing scenes, scaling the uttermost heights of dramatic emotion. Lowell Sherman, too, does what this reviewer considers his finest work and, after watching his suave, polished villainy in "Bright Lights of Broadway," we heartily agree with the New York dramatic critic who gave him the title of "the second Mansfield," which title, by the way, we predict will cling to him for it fits like the proverbial glove. Playing opposite Miss Kenyon is Harrison Ford, borrowed especially for this production by producer E. J. Zeldman from Cosmopolitan Pictures, for whom he had just completed a role opposite Marion Davies in "Little Old New York."

DANTE'S 'INFERNO' OFFERS THRILLS AT THE COLUMBIA

A curse written by a man on the verge of suicide, across the title page of "Dante's Inferno," is fulfilled to the last degree in the William Fox motion picture version of the poem, which is the attraction at the Columbia Theatre. The picture has been acclaimed one of the most fantastic and entertaining ever made and has attracted widespread attention wherever shown.

STAR MODELS REAL HOME AFTER REEL ONE AT HOLLYWOOD

"I'd love to have a home like that, Milt, but one of these days," said Just like that—and Corinne Griffith gets a new home. Corinne was captivated by a set designed by Milton S. Eisenhower, National art director, for her film drama, "Love's Wilderness," now at the Coliseum Theatre. It was a Southern set—spacious Colonial house under sprawling mansard roof, hemmed in by hedge bordered lawns.

To the star it was a realization of a long-cherished dream. First planned to build a home in Beverly Hills, adjoining Hollywood, Eisenhower promised to embody a film plan in a complete and finished plan. Work on the new home is to begin shortly.

LIBERTY A THING ONLY OF IMAGINATION, DECLARES MUSSOLINI

LONDON, Aug. 18.—"I maintain there can be no such thing as liberty," Benito Mussolini, the Italian Premier, is asserted to have said to a correspondent of The London Daily Express in Rome. "Liberty exists only in the imagination of philosophers who seek their impractical philosophy from the sky. My philosophy is drawn from very near the earth, for those of the earth."

"Asked whether he was content with the fruits of his philosophy as materialized in Fascism, Mussolini replied: "Fully content. Fully content with Fascism—with its results, with its promises."

Following out his idea that liberty is impossible, the Premier went on: "Civilization is the inversion of personal liberty. In the long run it resolves itself into a matter of space, more space, more liberty, more information available from the advances of civilization must necessarily pay in the coin of personal freedom."

Archbishop Emard May be Cardinal

Montreal, Aug. 18.—The Montreal Gazette prints a special dispatch from Quebec stating that "if reliable information available here in religious circles is confirmed, Mgr. Emard, Archbishop of Ottawa, will be called to the Sacred College in December next, succeeding the late Cardinal Binin."

"Associated with this report," the dispatch adds, "is the fact that two cardinals might even be chosen in Canada, and that if such is the case, Mgr. Mathieu, Archbishop of Regina, would be appointed for Quebec."

CUTICURA HEALS ECZEMA ON FACE

In Rash, Spread to Scalp, Itched and Burned, Face Very Sore.

"Eczema broke out in a rash on my face and later spread to my scalp. The rash scaled over and sore eruptions formed. It caused a great deal of itching and burning and my face was very sore. The trouble lasted three or four weeks.

"I was treated without any benefit. I began using Cuticura Soap and Ointment and could see a great change after the first night. I continued the treatment and in four weeks I was completely healed."

(Signed) Miss Margaret Danoy, Ferrisburg, Vermont.

Daily use of Cuticura Soap, with touches of Cuticura Ointment now and then, keeps the skin fresh, smooth and clean. Cuticura Talcum is also ideal for the skin.

BRITISH KNOW CLUSEY STUDY EXPORT TRADE

Investigation by Commission Reported by Sir A. Balfour, Now in Vancouver

Country More Than Holding Its Own in Competitive Sense, He Declares

Vancouver, Aug. 18.—Evidence of the stock-taking to which British industry is submitting itself in the desire to revive its former prestige in export trade was given by Sir Arthur Balfour...

He produced a 740-page volume containing the first interim report of a royal commission on trade and commerce of which he has been chairman since its appointment in July, 1924.

COMPREHENSIVE ANALYSIS The book contains the first authoritative and exhaustive analysis of the export and import trade of the country in all conditions responsible for the facts revealed in tabulations.

Notwithstanding the current talk of industrial depression in Great Britain, Sir Arthur pointed to a tabulation which revealed that Britain is actually holding a greater proportion of the world's export trade than she enjoyed in 1913.

Three Factors Decline of purchasing power, increase of home manufactures and purchasing of goods from competitors are the three reasons for the decline of British trade, according to the report.

The first of these causes is tending to disappear. The second is a permanent condition which has come to stay, but which has compensating advantages of which the British manufacturer, by applying himself to the problem, can reap the benefit.

Characteristic of the viewpoint of the commissioners is the following statement: "The future of development of British trade and industry is intimately bound up with the general restoration of the economic health and prosperity of the countries with which we trade."

DISCUSSING THE NATURAL TENDENCY to increase home manufactures, which the report says is especially marked in the Dominions of the Empire, the commissioners comment that to direct and obvious result is to restrict British exports.

These manufacturers, generally speaking, are of simpler and coarser classes of goods and are immediately bound up with the general prosperity of the countries where these industries prosper, and they create the demand for the higher grades and the luxurious articles to meet this demand for higher quality goods.

BRITISH FIRMS READY TO ADD ISLAND FISHING DEVELOPMENTS

Favorable Response to Inquiries Made by B. C. Importers; West of England Market Ready for Fish Oil and Fish Meal Plants Springing up on Coast.

A market in the West of England is offering for the Canadian fish oil and fish meal plants opening up on Vancouver Island, Trade Commissioner Douglas S. Cole says in a report received by the Victoria Chamber of Commerce.

The present scheme, which it is hoped will prove successful, is to develop the British Columbia coast water fisheries and utilize chiefly the perchard owing to its high oil and protein content. It should be noted, however, that the West of England market for fish oil is small compared with Liverpool and London.

The chief West of England trade with fish oil is with soap manufacturers, tanners, margarine manufacturers, and the paint trade. Certain quantities are hydrogenated into solid fat, which is used in the manufacture of soap and margarine.

In the soap industry, the largest soap works in the Bristol Channel form a part of the Leverhouse combine, and although certain minor oil and tallow purchases are made through oil houses or brokers, the bulk of the requirements are handled from London.

As to the paint trade, only the cheap brands of market paint contain fish oil. Linseed oil is exclusively used in the better-quality paints owing to its quick drying value, particularly when boiled in combination with oil.

DISCUSSING THE NATURAL TENDENCY to increase home manufactures, which the report says is especially marked in the Dominions of the Empire, the commissioners comment that to direct and obvious result is to restrict British exports.

These manufacturers, generally speaking, are of simpler and coarser classes of goods and are immediately bound up with the general prosperity of the countries where these industries prosper, and they create the demand for the higher grades and the luxurious articles to meet this demand for higher quality goods.

A. J. Dickinson, passenger traffic manager of the Great Northern Railway, and C. W. Meldrum, assistant general passenger agent at Seattle, arrived in the city this afternoon on a brief business tour. They went into a conference with A. H. Hebb, local agent of the line. Mr. Hebb returned yesterday from the fifth annual gathering of agents of the Canadian division at the Olympic Hotel, Seattle, and had a general discussion on passenger problems and other matters for fifty-one delegates attended the gathering.

Capt. George McGregor of the Victoria Tug Boat Company is a pleased man these days. Watching his new tug rise at the yards of the Turpin & Rennie, Capt. McGregor is delighted with the progress and workmanship going into his boat and is puzzled now to find a name that will suit him. He wants a name beginning with "S" and containing five letters, meaning something seafaring in its definition. He was advised to consult the choice of names that will do for a solution of his problems. Four "Shells" three "Swifts," and a round "Burt" have left him despondent. He wants a name that will do the bill and yet not be a duplication of anyone else's idea. The frames are rising now on the tug, which will be one of the most up-to-date craft of her type on the coast when completed.

ADVERTISING MEN IN CONVENTION AT JASPER PARK

Representatives of Western Newspapers Gather For Annual Discussion Jasper Lodge, Aug. 18.—Advertising and circulation managers representing nearly every daily newspaper in Western Canada are holding their annual meeting here to-day and to-morrow. In attendance at the meetings also are publishers' representatives and representatives of advertising agencies in the larger Canadian and American cities.

The 1925 convention of the Western Daily Newspaper Advertising Managers' Association sits in session today at Jasper. Advertising representatives of the Western daily papers attending the convention include the following: W. A. B. Desautels, Free Press, Winnipeg; A. W. Moscarello, Tribune, Winnipeg; W. Anderson, The Sun, Brandon; Harry Smith, Leader-Post, Regina; F. D. Galbraith, Star-Phoenix, Saskatchewan; John Torrance, president, The Herald, Lethbridge; O. L. Spence, The News, Calgary; A. W. P. Humer, The Alberta, Calgary; Geo. B. Cooper, The Journal, Edmonton; W. C. Russell, The Province, Vancouver; R. Griffin, The Sun, Vancouver; and Sidney Webb, The News, Prince Rupert.

At yesterday's session addresses were given on business topics of interest to the association and routine matters dealt with. Members of the convention, accompanied by their wives, were the guests of the C.N.R. at scenic motor drives to Maligne Canyon. Major Hon. G. Bell, vice-president of the Canadian National Railway, addressed the gathering and W. C. Russell replied.

MOTOR PRINCESS TO BE HAULED OUT

Change of Propellers to be Made by Yarrows Limited To-day The Ferry Motor Princess made Esquimalt shortly after noon and will be hauled out by Yarrows Limited today. She will be completed and let down again by night. Her propeller is to be changed, following the striking of some obstruction in the channel on her last run.

THE PRINCESS BEATRICE, also of the B.C. Coast Service, was let down yesterday after considerable repairs to her shaft and keel. She will lie alongside the wharf at Esquimalt for a few days yet, while deck work and finishing touches are put to the job.

SEATTLE, AUG. 18.—Roger D. Lapham, president of the American-Italian Steamship Company, declared here today that there was a steadily increasing demand on the Atlantic Coast for Pacific Coast lumber, and that his company would put several more ships into this trade in the near future.

FOURTY-FIVE MILLION FEET of lumber, railway ties, and shipments of other freight had been booked for export from the North Pacific to Japan, India and South Africa, John J. Gorman, vice-president of the Yamashita Company Inc., said here today. Fourteen Japanese vessels will be used to carry the huge consignments.

M.P.P. OF VANCOUVER VOICES DISCONTENT Woodward Publishes Letter He Sent to Premier; Discusses Watershed

Mr. Woodward's letter is as follows: The Honorable John Oliver, Premier of British Columbia, Parliament Buildings, Victoria, B.C.

Dear Sir: I regret very much there should be any difference of opinion between you and myself. These things might not occur so frequently if you had carried out your promise, made last January when we were discussing Cabinet representation for the city of Vancouver.

What about your own Government, composed of seven Cabinet Ministers? Are you not playing the same game by withholding Cabinet representation for Greater Vancouver?

NEWS IN BRIEF

The City Council last night put through its first readings a by-law establishing the Stevenson, Robert J. Porter and Redfern Parks.

The City Council last night decided that no concessions as to license fees can be granted white men apply for desirable peddling wagons in the city.

Delinquent tenants will be the subject for discussion at the semi-monthly luncheon of the Real Estate Board of Victoria to be held tomorrow at the Chamber of Commerce hall.

The City Council yesterday instructed Mayor Penney to appoint a committee to take up with the Saanich Council the question of better water terms. A recommendation from City Engineer Preston, that if better terms are agreed upon they shall apply as from June 1 last, was endorsed by the council.

A total of 225 automobiles were carried on ferry craft plying in and out of Victoria Sunday last. The ferries, however, will take a total of 570 cars a day if each ferry ran two weeks days. Local agents are hopeful that even this high figure will be attained before the end of the season.

On Wednesday, August 19, which has been proclaimed a civic holiday, post office arrangements and other public services will be no afternoon deliveries by letter carrier. All post office windows will close at 12 noon. The post office lobby will be open to the public as an ordinary work day. All mails due to be dispatched will be made up as usual.

A meeting of workers for the World Service Exhibition will be held in the guild room of the Memorial Hall on Wednesday evening at 8 o'clock. A large number of help will be required in the various courts of service, and any who would like to receive information about the exhibition are invited to tomorrow night's meeting. The Dean of Columbia will preside.

To increase water pressure to Oak Bay and Eastern portions of the city, an increase in the water level in Smith's Hill reservoir was last night laid before the City Council by City Engineer Preston. The cost was estimated at \$6,500, and as no money is available this year, Mr. Preston advised the Council to recommend the work to next year's Council.

The Esquimalt Municipal Council last night decided to pay its annual fee to the Good Roads League of B.C. It was left to the Mayor to appoint a delegate to the convention of this body, which is to be held in conjunction with that of the Union of B.C. Municipalities. The members of the League are also voted to consider other important business a special meeting of the council has been called for Friday.

Protesting against the inadequacy of the fire protection accorded, the Oak Bay Municipal Council last night passed a resolution, presented by Chief Vernon Stewart, denying charges that the Duchess Street equipment had, in June, been used to extinguish a fire in an empty chemical tank. Oak Bay criticisms of undermanning of the Duchess Street hall were met by the city's fire chief, who said that the full staff is on duty every night when one man is called in to Victoria for instructional purposes.

VETERAN BARRISTER DIED LAST NIGHT Late John P. Walls Was Oldest Lawyer Practicing Here

John Patmore Walls, head of the law firm of Walls, Walls and Sedger, and the oldest practicing barrister from point of age and service in Victoria, passed away last evening at 10:30, in the Provincial Jubilee Hospital. Mr. Walls had been seriously ill for the past two weeks, and as he was in his eighty-fourth year, the cause of his death was not unexpected.

There passed away at St. Joseph's hospital on Tuesday morning, Percy J. Raven, aged fifty-four years, of 1622 Begbie Street. He was born in the County Devon, England, the second son of Colonel N. R. and Rosa Margaret Raven, late of Brighton, England, and came to Canada at the age of eighteen years. He was a member of the Royal Northwest Mounted Police on the prairies, before coming to Rossland, B.C., where he was employed as messenger for the Bank of B.N.A., and was transferred to Victoria in 1913. He is mourned by his widow and one daughter, Miss Vera Raven, also by two brothers and two sisters in England. The remains are resting at the McCall Bros. Funeral Home, and announcement of funeral will be made later.

The funeral of the late Nick Christoph took place this morning, the cortege leaving the Sands Funeral Chapel at 8:45 o'clock. Ten minutes later mass was celebrated at St. Andrew's Cathedral by the Rev. Father Deely, and the service at the graveside was conducted by the Rev. Father J. F. Silver. Interment was made in Ross Bay Cemetery.

The death took place this morning of Joseph Ford, aged eighty-two years. He was born in England and had been a resident of this city for many years. The remains are resting at the Sands Funeral Chapel. The funeral will be announced later.

COMMUNITY SPIRIT Just as man in his small community is leaning towards a closer neighborhood spirit, so it was between the nations of the world, and especially those nations of the New World, America. The church, Dr. Brewster said, played its part in the encouragement of this spirit of brotherhood and had been aiming at this state for years.

CHURCH MISJUDGED The Church often suffered from misrepresentation, said the speaker, as in the case of the Scopes trial. This is a sensational affair, but the church in an untrue light, it was purely a question of theology, he said.

The funeral of the late Harriet Pugh of Cadboro Bay took place on Monday afternoon from McCall Bros. Funeral Home to St. Luke's Church, Cedar Hill, where services were conducted by Rev. W. Carroll. A large number of friends attended the service after which the remains were laid to rest in St. Luke's cemetery. The following friends acted as pallbearers: Messrs F. Hobbs, L. Sturges, A. Peters, J. McGuire, W. Holmes and F. Robbins.

Giants Show True Form Scoring Fine Win Over Phillies

Gained Half a Game on Pittsburgh as Result; American League Leaders Idle

Pirates and Athletics Start Off To-day on Important Tours

New York, Aug. 18.—The leading Pittsburgh Pirates to-day were knocking at the gates of Eastern ball parks on their last swing through the East in the drive for the National League pennant.

Their raps were long and loud in spite of the fact that their margin of advantage over the champion New York Giants had been trimmed yesterday to three games by the pursuing Giants.

After a three-game series with Brooklyn, opening to-day, the Pirates will carry the fight to the grounds in a crucial four-game series with the Giants who to-day had hopes of repeating their uphill struggle of 1921, when they pushed Pittsburgh into second place in the closing stages of the race.

Meanwhile, Philadelphia Athletics begin a swing through the west with a fight on their hands to preserve a two-game lead over Washington in the American League. Both league leaders were among the twelve idle teams in the two circuits yesterday.

The Giants took advantage of Pittsburgh's loss to edge a half-game nearer the top by a 3-2 victory over the Phillies.

Chicago and Detroit put on the only American League game, Blankenship registering his seventh consecutive pitching victory for the White Sox, 3-2, by holding the Tigers to six hits.

Should Kearns Persist To Represent Him, Dempsey May Quit

Los Angeles, Aug. 18.—If Jack Kearns persists in his efforts to represent Jack Dempsey in negotiations for a bout with Harry Wills, negro contender, the heavy-weight champion will cast aside his gloves and forget about fighting until his present contract with Kearns expires. Dempsey made this clear in a statement to the Associated Press.

Kearns Signs Jack For a Match With Wills Next July

Has Posted Forfeit of \$25,000; in Commission's Good Graces Again

New York, Aug. 18.—Jack Kearns, manager of Jack Dempsey, who has been in the bad books of the State Athletic Commission here for several months to-day made, official peace with the commission and was granted audience in New York State.

Tex Rickard, fight promoter, and Jack Kearns, manager of Dempsey, each posted a \$25,000 forfeit this afternoon for a Dempsey-Wills match. This action was taken immediately after the New York State Athletic Commission had reinstated Kearns and granted him a license to do business within this state.

The commission ruled that in case Dempsey refused to live up to the terms signed by Kearns that Mullan could claim the \$25,000 forfeit posted by Kearns.

It was made known that Kearns signed "definitely" for a Dempsey-Wills fight with Rickard yesterday. The agreement for the fight stated the match would be held sometime before July 4, 1926. It has been frequently stated that should the fight take place it would be held July 4.

Fine Matches Seen In Burnside Lawn Bowling Handicap

Excellent play was witnessed last evening in the Burnside bowling handicap by a single point. Following is the record of the four surviving players: Brydon (2) defeated Johnson, Kidd and Renwick. Moulas (4) defeated Peterson, Tappan and Stewart. Tutthill (2) defeated Handley, Cobbe and Goodwin. Renfrew (scratch) defeated McColl, Vallance and Boyd. Tutthill and Renfrew are scheduled to play Friday afternoon at 5 o'clock. The final will follow immediately.

Stetcher Gains Fall From Costana in Two Hours of Wrestling

San Francisco, Aug. 18.—Joe Stetcher, Nebraska wrestler, last night defeated Andrea Costana of Spain with one fall, by a body scissor hold and two outfalls. The final came at the end of an hour and 23 minutes. Renato Gardal took a fall from Reginald Siki in 22 minutes and 15 seconds and Hans Steiner threw Farmer McLeod in 14 minutes and 13 seconds.

Mrs. Hutchings May Not Defend Closed Championship Title

Toronto, Aug. 18.—According to information received locally, Mrs. Harold Hutchings of Winnipeg, who won the Canadian ladies' closed championship at Missaga last September, will not defend her title at the closed championship which will commence at the Rivermead Club, Ottawa, on Labor Day. While it is expected that Miss Glenn Collett will try to make it three in a row in the open, no definite word has been received from her as yet.

Good Prices Paid At Second Day Of Willows Race Meet

Neg Best Long-shot Rewarding Her Backers With \$28.90 For Nose Bet

Col. Snider Paid \$24.75 For Straight Ticket in Sixth Race

Long shots came through at the Willows track yesterday. Neg, L. O. Cassidy's black gelding pumped home to a fine victory in the fourth race to pay \$28.90 for a nose bet. This is the best price paid at the Willows so far. Col. Snider rewarding his backers with \$24.75 for a straight ticket in the sixth event. Peace Flag was the next best bet, Miss Ruth Parton's mare, paying \$19.30 for a win postboard. Bittern and Mazie Barber both paid nice prices for place tickets, the former \$10.80 and the latter \$4.45. A "Form followers" found that all their doping went for nothing yesterday, as only three favorites were successful in beating their field. Southern Gentleman, who repeated his victory of Saturday, General Petain and Pat Mabrey carried the majority of the money in their races, and they lived up to their reputations by breezing across the line in the lead.

In the opening race Southern Gentleman duplicated his feat of Saturday by winning a close race with Lucky Cat. The winner broke into the lead from a standing start, and hugging the rail all the way he just managed to "beat Lucky Cat" by a jump. This was another fine win for Jockey Rowe, who rode two winners yesterday. The winner paid \$4.75 to win \$3.55 for place and \$3.20 for show.

Helen Wills Has no Trouble Winning Her Second-round Match

Forest Hills, N.Y., Aug. 18.—Miss Wills cleared the second obstacle in the way of her defence of the national women's tennis title when she beat a visiting player to-day over Mrs. Anna Fuller Hubbard, 6-1, 6-0, in a second-round match that required only 26 minutes.

Five Out of Twelve Foreign Net Stars Drop From Tourney

Canada, Mexico and Oxford-Cambridge Men Lose at Newport

Newport, R.I., Aug. 18.—Five of twelve foreign stars entered in the ninth international tennis tournament on the grass courts of the Newport Casino were eliminated today. The national champions of Canada and Mexico and three of the Oxford-Cambridge-English stars were defeated, but in only one match did an upset occur. Willard Crocker, singles champion of Canada, was the victim of the upset.

Newport, R.I., Aug. 18.—In the most startling upset of the tourney to date, James H. Van Allen, English Oxford-Cambridge tennis star, eliminated George M. Lott Jr. of Chicago, 6-3, 6-4, in their second match in the Newport invitation tournament to-day.

Sons and Eagles Play To Draw In Rithet Cup Game

Score is 6-All in Six-inning Battle; Both Pitchers Hit Hard

In a six-inning game the Sons of Canada and Eagles played to a six-all draw in their Rithet Cup ball game at the Royal Athletic Park last night. Only a small crowd attended and plenty of heavy hitting and numerous errors were seen. Jack Curtis on the mound for the Sons and Roy Baker, hurler for the lodgemens, were both pounded freely, nine hits being gathered off the former, while Baker allowed six. In the first two innings the Sons crossed the plate for six runs, getting three each time. The Eagles came back in the third and fourth innings to score a like number, tying up the score.

Greatest High Jumper Is Here To Work at Fair

Included in Peter Welsh's String of Horses From the Prairies

Barra Lad's Record of 7ft. 4 1/2 in. Stood Unchallenged

Topping the timbers in easy style at an even seven feet, Barra Lad, Canada's greatest high jumper, owned by Welsh Bros., formerly of Calgary, walked off with first money in the open high jump contest, which was the feature of the Vancouver horse show on Saturday evening. Barra Lad is here with sixty others of Welsh's famous horses which take part in the great rodeo nightly in the horse show building. A crowd which packed every roof and cranny of the big arena cheered loudly when the big bay, ably ridden by sixteen-year-old Lewis Welsh, cleared the bars at seven feet, and when Lady Madeline, owned by T. E. Sheobham, ham of Calgary, failed twice on three successive occasions at the seven-foot jump, Barra Lad was declared the winner. Sheobham declined to see his mare at Barra, Lad's record of seven feet four and a half inches, and as a result the horse from the Welsh stable was not required to defend it further.

Barra Lad, accompanied by his equally famous stable mates, Mademoiselle, Calgary Lass, Calgary Lad, Whitgate, Queen Mary, and others were shipped to Victoria Sunday evening, where they will take part in the horse show and miniature rodeo which is being held in the horse show arena this week.

Star English Sprinter Finished With Track; Candidate For House

London, Aug. 18.—Having finished with the cinder track, H. M. Abrhams, winner of the 1924 Olympic sprinting championship, is said to be a candidate for parliament. He was adopted as Liberal candidate for East Walthamstow. Athletics are at present represented in the House of Commons by R. G. Bone, an Oxford stroke; Viscount Elveden, winner of the Diamond Sculls in 1905; Hon. F. R. Jackson, one time captain of Yorkshire cricket team and England's cricketer captain, and V. A. Caslett, crickets and lawn tennis expert.

Wall Street TO-DAY

Last Minute News on Stocks and Financial Affairs

New York, Aug. 18 (By R. P. Clark & Co.)—The bright spots in today's stock market were chiefly among the specialty group, various groups of foreign bonds, and the tone was quite irregular.

The much discussed carrier advance was checked by heavy distribution of the effect of distribution was rather noticeable throughout the oil department, while a rather stable short interest has been waiting to develop itself since the appearance of the American Locomotive earnings report was probably responsible for the rally in the equipment shares.

More of the business reports were principally of a nature to discourage bullish enthusiasm, Hudson Motors reporting a price increase of \$100 on Hudson and Essex models, while the oil, both refined and crude, again showed competitive price cutting, a reflecting of heavy stocks and heavy competition in this industry, though copper metal price was firmer, being quoted against its recent high of 14 1/2 cents a pound.

The efforts to advance the rail shares on the theory that they are a good deal out of line as compared with industrial prices only served to encourage profit taking, and it seems quite likely that the distribution that is going on in various sections of the list may shortly bring about the corrective measure in the technical status which is anticipated in many conservative quarters.

CHICAGO GRAIN

Chicago, Aug. 18 (By R. P. Clark & Co. Limited)—Without much leadership on either side, prices swung back and forth in rapid fashion and finished in lower ground. The feature of the day was the relative ease in the September deferred delivery compared with the more deferred. Longs seemed to be getting out of the better demand, while the shorts were reinitiating in the late months. News developments were mostly favorable for the bull adherents. The domestic milling demand continued fairly brisk and the seaboard noted a moderate export trade. Liverpool came stronger than due to the demand for wheat in this country remains brisk is evidenced by reliable reports from Pacific Coast mills to the effect that they are selling wheat in large quantities for shipment southeast, middle west and to the Atlantic coast. Fundamentals loom as strong as ever in wheat and for the present, while we are likely to experience wide swings from time to time, believe that breaks offer the best buying opportunities.

N.Y. CAPITALISTS SEEK CALGARY GAS

New York, Aug. 18.—Negotiations are pending for the acquisition of additional public utility properties in Canada by the International Utilities Corporation, according to The New York Times. While details are withheld, the newspaper discloses that Canada by the International Utilities Corporation is in Banff, Alberta, for that purpose. Gas resources of the International Utilities Corporation in Alberta are being developed in large quantities. It is understood that the International, through its Calgary subsidiary, the Light, Heat and Power Company, recently entered into a contract with the Royalite Oil Ltd., a subsidiary of the Imperial Oil Company of Canada, whereby the latter has agreed to supply the Turner Valley field in Alberta upon unusually favorable terms. Incidentally it has developed in that area over 400 barrels of 73 gravity home gasoline a day from that gas.

Bearish Sentiment Rules Grain Trade

Chicago, Aug. 18.—Chicago Tribune today says in part: "The grain market today was largely to short covering as a majority of traders saw it, and bearish sentiment continued to predominate after the close. Large Eastern operators were said to have done little during the day. Technical position of the market was regarded as having been weakened by late bulge and was in condition to be easily influenced by any increase in pressure. With greater part of the news in their favor, wheat bulls said that while sinking spells were to be witnessed from time to time, there was not a sign of a weakening in the domestic situation, which in regard to corn and likely to result in sharp advances before long. The Spring movement of wheat in the Northwest as they say, is not so strong as it was with 40,000,000 bushels less wheat in that section than last year, mills would hardly let much of the grain get away from them. Corn market is regarded by a majority of the trade as in a rut, and likely to remain there until some new influence develops to start value upward or downward. Leading firms in September were confident of their position.

Foreigners For Import Were Charged \$400 to \$600 a Head by Pair

Laredo, Tex., Aug. 18.—They were smugglers. Human beings made up their contraband cargoes, and they brought them across the International line with their lips sealed by the threat of instant death. But the officials of the United States Immigration Service are sharp-eyed. And so these two traders in human beings have reached the end of their rope at last, and are being held in the Laredo jail. The smugglers are John Gelabert, a native-born citizen, and Jose B. Hernandez-Valdez, a Mexican who was naturalized some years ago. Their method of operation was both clever and simple.

EACH HAD PASSPORT

As American citizens, each could get passports easily. Further, each had three children, all born in the United States. So, armed with the birth certificates that had been issued for those children, they would go to Havana, Cuba, where scores of Europeans were waiting for a chance to slip across the Gulf into this country. In Havana each would get three would-be immigrants, whose ages corresponded with the ages given them on the birth certificates. Then, when each "client" had paid a fee ranging from \$140 to \$160, the two would bring them to America. His audience was so small that the lecturer decided to wind up. To prepare for the finish he said: "I fear, friends, I am detaining you, and so there was a loud laugh from the center of the hall, and a voice yelled: "No, please go on, sir; it's still raining."

BANKERS DISCIPLINE 'HUGO STINNES' SON

Berlin, Aug. 18 (Associated Press).—Pay day to-day at the Agnora Works and of the industrial units owned by the late financier Hugo Stinnes and ceded to the magnate's eldest son, Edmund Stinnes in his settlement with the family, found \$3 million short of the amount needed to pay the thousands of workers. Edmund, who succeeded from the family council bench as preferred to control his own enterprises, still was locking horns with the group of powerful banks which is withholding credit.

WINNIPEG GRAIN

Winnipeg, Aug. 18.—The wheat market was very dull today with trade volume the lightest for several days. October delivery showed a closing decline of 1/4 at 142 1/4. December was down 1/4 at 139 and May 1/4 at 142 1/4. Prices held firm, the local market acting stronger than either Chicago or Minneapolis after mid-session. There was no pressure at any time, offerings being extremely tight. Exporters and millers were doing nothing, and seaboard advices stated that while the majority of exporters complained of poor export business, Trading was again light in the coarse grains. Prices were steady with a firm undertone.

Today's Mining Markets

Winnipeg, Aug. 18 (By R. P. Clark & Co.)—Wheat: The market was a dull featureless affair today with neither buying or selling of prominence in evidence. Prices at one time advanced 1 cent above the previous close but the bulge was hard to hold and the market eased off under its own weight. Just a traders' scalping market and very little wheat came out except on the bulges and for a reason bulge interest were unable to hold the market from sinking spells, and to bid prices up easily from the dips, final figures were 1/2 lower. Exporters and millers were doing nothing and seaboard advices stated that with the exception of some Amber Durums and Manitoba for immediate shipment export business generally was complaining of the poor foreign demand. Broom wheat markets were quiet, with a firming tendency. Offers of early shipment wheat from Ontario are scanty, but importers are expecting good native supplies very soon. The weather throughout Europe has been generally favorable during the past week and the rain damage in Hungary is thought to be exaggerated. With the considerably larger grain crops in Europe this year the situation is rather bearish. The combined indifference of the foreigner to any display of strength on this side from time to time is creating a bearish feeling among many local traders who argue that the impending Spring wheat movement on this side is going to require enlarged buying to offset hedging pressure. Sentiment is much minimized and developments from day to day will bear careful watching.

HUDSON MOTOR SALE TO FORDS DENIED Production of 2,000 Cars a Day Planned by Hudson People as Sales Soar. New York, Aug. 18.—Edsel Ford has given out a statement denying that the Ford interests have bought Hudson Motors in every grade of car. It has been reported that the Ford interests are buying this organization, which produces the Hudson and Essex cars, so as with the Lincoln to form a giant organization to compete with General Motors in every grade of car. Hudson's total sales in July approximated 20,000, and factory advices are that August will make about the same showing. A year ago Hudson was selling less than half this amount per month. The increase would not be available. According to well informed banking circles Hudson has only begun to grow. A production is predicted of 2,000 cars a day by next January. The company has gained the reputation in the trade of "never having made a merchandising mistake" and it is believed if the management plans 2,000 cars a day for next year it can be relied on to gain its objectives. Dodge Bros. Car Prices Are Cut. New York, Aug. 18.—Dodge Bros. today announced a reduction in price on all of their motor car models. The reductions range from \$10 on touring models to \$60 on coaches.

SERIAL STORY

"THE LOVE CYCLE"

BY MILDRED BARBOUR

The peaceful scene affected Jane deeply, after her stormy life in New York. After the crash and roar of elevated and subway and the strain of days that were a mad rush in an effort to crowd forty-eight hours of activity into twenty-four, she found the fragrances and peace and quiet of the little Virginia household as beautiful as a dream from which she never wished to wake.

Her mother was looking happy and almost rosy after a month of good country air and food. Jane did not spoil her pleasure by telling her why she was not at her work in New York.

The Dulaney's were cordial in their welcome; they extended her to Virginia hospitality. She ate a typical southern supper, delightfully prepared and served in the typical Virginia style, which makes no distinction between a formal banquet and the simplest supper. There was delicately broiled chicken and crisp chicken and biscuits with honey and strawberries red and luscious, fresh from the garden, served with thick, yellow cream.

After supper the entire household adjourned to the veranda and sat there in the scented darkness, listening to the sound of the crickets and the call of the whip-poor-will from the willows down by the brook. From a little negro cabin on the hillside drifted the plaintive lullaby of a darky mother who rocked her baby to sleep. Presently the moon rose, a silver disk between the poplars.

Jane left the little group on the veranda and wandered down the garden path; leaning flowers heavy with dew brushed her ankles and the scent of honeysuckles and magnolia enveloped her like a caress.

At the gate, she paused, and resting her elbows on its white pickets, she gave herself up to thoughts of the man she loved.

She had asked her mother casually for news of Mansfield, but Mrs. Marlowe knew nothing. She had no contact with the set which knew of Mansfield's disgrace.

Jane's heart went out to him, there in the Summer night. As all women do, she wondered what he was doing and saying at that particular time and if he thought of her.

She stretched out her arms toward the wide moonlit horizon and murmured, "Hail, Hail, was a message of yearning which she sent across the silent night, but even as she uttered it, her mouth twisted with a grimace of self-reproach.

"What a fool I am," she thought, "haven't I better things to do, more useful things, than to lean mooning over a gate like a sixteen-year-old girl?"

She went back to the house, still smiling at her own folly.

"Do you ride, Jane?" her host asked her.

"A little, but I haven't for years." "We have fairly good horses. You

pipe from which came the aromatic scent Jane had noted.

The young negro woman said: "Mammy Liza, hyar's a young white lady to see you."

THE PREDICTION
 Jane approached Mammy Liza with curiosity. She found her not all the terrifying creature Mr. Dulaney had pictured. Except for her strange eyes, she might have been any aged negro mammy.

"Have a cheer," the soothsayer invited.

Her voice had a slightly guttural quality but her dialect was unmistakably that of a negro.

The younger women drew forward a rocker which Jane occupied.

"Yo' all wants to see the future?" Jane nodded.

"If you can see it for me."

"Ah kin see yo' past and putty soony's future is gwine to be revealed to me."

She bent on Jane her piercing gaze. "Yo' name is Miss Jane."

Jane started and said involuntarily: "How could you know that?"

For the first time the old woman smiled, revealing toothless gums.

"Ah knows . . . yo' pappy is dead; he done died long time ago and left yo' all and yo' mammy mighty poor. Deys been dark times but betteh times is coming."

She paused a moment and then asked suddenly: "Where's yo' all's husband?"

Jane started again but recovered herself to ask quickly: "But why should you have to ask me that?"

"Ah knows," she wagged her head wisely.

After a minute she continued: "When yo' pappy died, some under gemmen done stole his money; yo' mammy cried, but tears don't wash away no trouble."

She bent toward Jane with a suddenness that made her recoil.

"Yo' all loves a man what am related to dat under gemmen."

"If you can see it for me."

"Ah kin see yo' past and putty soony's future is gwine to be revealed to me."

She bent on Jane her piercing gaze. "Yo' name is Miss Jane."

Jane started and said involuntarily: "How could you know that?"

For the first time the old woman smiled, revealing toothless gums.

"Somebody's done to him what dey did to yo' pappy. He is in big trouble."

"Impossible," Jane breathed to herself.

She stared at the black crone before her, telling herself sharply that she was a fool to be disturbed.

"Are you sure?" she asked.

The old head wagged again.

"Mammy Liza knows—yo' all love 'im, yo' all go to 'im. He needs yo' all bad."

"But what kind of trouble is he in?" Jane persisted.

"Big trouble," the old woman persisted, "he ain't got no money no mo', he ain't got no frien'. He needs yo' all, yo' go."

"But," persisted Jane, wondering if she were in her right mind to be discussing this secret love of hers with an unknown black soothsayer, "but he has a wife to help him."

For the second time, Mammy Liza grinned. It was a knowing grin that lifted the wrinkled skin on her gaunt cheeks until she almost seemed to wink.

"He ain't goin' to have one long," she predicted.

Jane was startled and disturbed beyond measure.

To be continued.

NERVOUS BREAK-DOWN

Pains in Back and Legs Relieved by Lydia E. Pinkham's Vegetable Compound

Ford, Ontario.—"I had a nervous break-down, as it is called, with severe pains in my back and legs, and with fainting spells which left me very weak. I was nervous and could not sleep nor eat as I should and spent much time in bed. I was in this state, more or less, for over two years, before Lydia E. Pinkham's Vegetable Compound was recommended to me by my neighbor. Before I had taken five doses I was sitting up in bed, and when the first bottle was taken I was out of bed and able to walk around the house. During my sickness I had been obliged to get some one to look after my home for me, but thanks to the Vegetable Compound I am now able to look after it myself. I have taken Lydia E. Pinkham's Blood Medicine in turn with the Vegetable Compound, and I certainly recommend these medicines to any one who is not enjoying good health. I am quite willing for you to use these facts as a testimonial."—Mrs. J. SHERMAN, 130 Jos. Janisse Avenue, Ford, Ontario.

Nervousness, irritability, painful times, run-down feelings and weakness are symptoms to be noted. Women suffering from these troubles, which they so often have, should give Lydia E. Pinkham's Vegetable Compound a fair trial. All druggists sell this medicine.

MR. JUSTICE MARTIN QUERIES COUNCIL ABOUT ELK LAKE

Asks What Funds Have Been Spent on Golf Course Betterment
Declares Undertaking Never Authorized by Ratepayers

Mr. Justice Archer Martin has asked the City Council for details of recent expenditures upon the Elk Lake golf links, "though that large and expensive undertaking has never been authorized by the ratepayers."

Alderman A. E. Todd and City Controller Macdonald were instructed to supply Mr. Justice Martin with the information sought and also to lay the facts before the Council.

Mayor Carl Pendray remarked "we have had an oats crop put in and taken off."

Alderman Todd described the operations as "ordinary farming," whereupon Alderman Woodward retorted, "a good deal can be done under the name of farming," while Alderman J. Archambault opined "perhaps the city is being farmed."

CONSTRUCTION CONTINUES

Hon. Mr. Justice Martin's letter is as follows: "In common with many other ratepayers I have noticed with surprise that you are still proceeding with the construction of a golf course at Elk Lake, though that large and expensive undertaking has never been authorized by the ratepayers."

On behalf of those who are paying for this project, I write to ask that you be good enough to give me the following information: money has been expended on this undertaking (a) since the inception, (b) during the past year, (c) during the past six months, (d) during the past three months.

How much municipal fund has the money for this expenditure been taken from?

Is it proposed to spend any more money upon this project, and if so, from what source is the money therefor to be taken?"

REGINA CANDIDATE

Regina, Aug. 18.—Frank W. Turnbull, Regina, barrister, was chosen Conservative candidate for the forthcoming Federal election in the Regina constituency at a nominating convention last night.

AUCTION SALES VALIDATION IS PUT FORWARD

Council Gives First Readings to By-law Found Necessary

Alderman Shanks Subject of Heated Comments by Mayor and Alderman Todd

Action to legitimize the coming auction sale of city owned lands last night proceeded smoothly through preliminary stages at the City Council. Despite the protests of Alderman Woodward and Shanks.

First readings of the by-law were accorded, with Alderman Shanks expressing himself as "not voting, but of course counted with those in favor, because of the money already expended."

Alderman Shanks declared the lands committee had "put it over on us. You went ahead, spent this money, and now throw yourselves upon us."

Mayor Pendray declared "Alderman Shanks has done nothing in this council but tear down what others try to build up, as far as constructive come from him, I regret to state."

Alderman Dewar declared that, until Saturday afternoon, he knew nothing of the necessity of another by-law. "I did not, as chairman of the lands committee, attempt to slip anything over on this council," he protested.

Alderman Todd recalled that, on the basis of an eight-hour day, he had last year devoted a year and a half to civic business, "as any it is an insult to men who faithfully serve on this council, when the citizens elect to this body men who will be should not expect to sit with."

Alderman Woodward recalled that when Alderman Todd opposed the Johnson Street Bridge, he fought to the council, "I do not know what I propose to do in this auction matter. If it passes, I shall work my best to assure a success; in fact I do not think the business is one of people regarding the sale. I do not think Alderman Todd has any right to pass reflections upon any other member of this council," he said.

STRESSES NEED OF PROTECTION FOR INSURANCE MONEY

Canada Leads World in Measures to Conserve Funds, H. D. Twigg Declares

Underwriters Told of Great Growth of Insurance in Dominion

Need of stronger measures to protect and conserve life insurance moneys was stressed by H. D. Twigg, M.P.P., prominent Victoria insurance man at a meeting of the Victoria and Island Life Underwriters' Association at the Anchorage, Brentwood Bay last night.

Mr. Twigg declared that everywhere there was a feeling that measures taken so far to conserve life insurance moneys were inadequate. "In 1924," he said, "cheques were issued by the various insurance companies amounting to \$45,000,000. This was a very large sum of money. Out of it you may deduct \$1,000,000 paid in annuities and disabilities, while the balance of \$44,000,000 was retained. The Insurance Act of Canada was passed with the idea of protecting the interests of beneficiaries, particularly widows, but it is found that widows are frequently induced to invest their money at a high rate of interest—eight or ten per cent. There is a most appalling waste accordingly. What has Canada done to meet that condition?"

"Canada has gone further than the Old Country, farther than any country in the world, by adopting a uniform insurance plan which enables every person to see that the investments of the insurer are conserved and used in the way that they intended."

INSURANCE GROWTH

The enormous growth of life insurance in Canada was stressed by Col. Lorne Ross, who presided. "In 1925," he said, "we should have the enormous amount of \$12,600,000,000 business in force in Canada. In 1924, he said, the business in force was \$109,900,000; in 1923, \$1,168,000,000; in 1922, \$3,300,000,000.

The Underwriters' Association had as its guests last night a large number of prominent Victoria bankers and financial men. Those attending the banquet were:

Bankers—A. M. Brody, Dominion Bank; A. R. Hetter, Royal Bank; C. W. Pangman, Bank of Toronto; E. W. McMullen, Bank of Montreal; E. Vibert, Union Bank of Canada; E. Stenham, Bank of Montreal, Oak Bay; A. R. Green, Imperial Bank; F. A. Wylie, Canadian Bank of Commerce; H. J. Ketchen, Royal Bank; Douglas H. Jones, Bank of Montreal; Royal Bank, Victoria West.

Financial men—F. B. Pemberton and A. E. Christie.

COURT SURPRISED

Glouce Bay, N.S., Aug. 18.—A vagrant freighter named George Coosvick arrested at Charlottetown for causing a disturbance, caused a sensation in the police court here yesterday when, after being fined \$7, he produced the amount from a roll containing \$2,970. A towel protruding from his trousers belt contained the money and a bank book showing a balance of \$621.

McNIVEN SETTLES ELEVATOR STRIKE, WORK OPENS AGAIN

Brings Harmony Between Prince Rupert Laborers and Contractors

J. D. McNiven, British Columbia Deputy Minister of Labor, returned to the city yesterday from Prince Rupert after bringing about the settlement of a strike which threatened to stop work on Prince Rupert's large new grain elevator. Mr. McNiven is confident now that the

work will proceed without further labor troubles.

All laborers employed on the elevator project, about 170 in number, had gone on strike for higher wages when Mr. McNiven reached Prince Rupert last week. At that time they were receiving fifty cents an hour with similar rates for overtime work. As a result of the settlement negotiated by Mr. McNiven, the wage was increased to fifty-seven and a half cents an hour with time and half for overtime. Overtime work will be permitted only when the shortage of labor make progress difficult.

About 250 men are employed in building the Prince Rupert elevator, which is now advancing rapidly.

F. E. Harrison, Dominion Government fair wage officer, assisted Mr. McNiven in mediating between elevator contractors and their men.
