Memorandum of Conversation

DATE: March 27, 1946

SUBJECT: Soviet request for military permits for three members of staff of Economic Adviser to USSR (member in AC for Japan) to enter Japan.

PARTICIPANTS: Mr. Fedor A. Garanin, Second Secretary, Soviet Embassy
Mr. Elbridge Durbrow, Division of Eastern European Affairs

COPIES TO: ~~FEA~~ FE

Mr. Garanin, Second Secretary of the Soviet Embassy, called and left the attached letter requesting authorization to send the three persons named therein to Japan as members of the Allied Council for Japan.

He explained that this request supersedes the request made previously which contained the names of 29 people, including families. He added that the Soviet Government had decided not to send families and had reduced the number to the three persons named in the attached letter.

I explained to Mr. Garanin that unfortunately the rules and regulations for the entry of persons into Japan had not yet been worked out but assured him that as soon as they were, I would try to expedite the issuance of permits to these men.

MEMORANDUM FOR: IMPERIAL JAPANESE GOVERNMENT

THROUGH : Central Liaison Office, Tokyo

SUBJECT : Entry and Registration of Non-Japanese Nationals in Japan

1. From time to time non-Japanese nationals, not part of the Occupation Forces, will be granted permission to enter Japan. These persons will reside in Japan on a semi-permanent basis. Absence of Japanese consuls abroad and consequent impossibility of obtaining visas, necessitates the establishment of a procedure for legal entry and residence.

2. It is desired that the Imperial Japanese Government take action to implement its part in the following procedure.

a. This Headquarters will notify persons approved for entry of such approval, informing them that visa requirements are waived, but that they will report for registration to the Japanese Ministry of Home Affairs upon arrival in Japan.

b. The Imperial Japanese Government will be furnished the names of persons approved as described in a above.

c. When such persons report to the Ministry of Home Affairs the Imperial Japanese Government will register them and furnish them with identification and such documents as are necessary to legalize their residence in Japan.

Sir:

At the request of the Ministry for Foreign Affairs I have the honor to transmit herewith a copy of a Note dated May 7, 1946, from that Ministry with respect to its desire to facilitate the return to Mexico of Mrs. Josefina Portillo de Inagaki, a citizen of Mexico presently residing in Japan. It will be noted that the Ministry requests that United States Occupation Authorities in Japan provide Mrs. Inagaki with the documents she needs in order to leave that country and to return to Mexico.

The Embassy would appreciate being informed as to any action which the Department might find it possible to take in this matter.

A translation of the Ministry's Note is also attached.

from the American Embassy, Mexico, D. F.

COPY OF NOTE

734

La Secretaría de Relaciones Exteriores saluda atentamente a la Embajada de los Estados Unidos de América y tiene la honra de dirigirle la presente para distraer su atención respecto del caso de la señora Josefina Portillo de Inagaki - que actualmente se encuentra residiendo en Japón.

VII/

La citada señora nació en Tacubaya, D. F., el día 13 de junio de 1909 siendo sus padres Luis Gonzaga Portillo y Ana María Jurado de Portillo, el primero originario de esta capital y la segunda de Morelia, Mich. La interesada contrajo matrimonio el 2 de agosto de 1930. en esta ciudad con el señor Luis Juez Inagaki originario de Tokio, Japón.

Sin embargo, habiendo solicitado la interesada la recuperación de la nacionalidad mexicana por nacimiento, esta Secretaría le expidió certificado de recuperación número 1479 de fecha 7 de enero de 1936 y actualmente surte todos sus efectos.

Existe además un certificado de la Secretaría de Gobernación en el que se hace constar que la señora Josefina Portillo de Inagaki salió de territorio mexicano con fecha 6 de agosto de 1937 con destino final en Tokio, Japón, salida que se verificó por el Puerto de Manzanillo, Colima, bajo el número 11 de orden y con tarjeta número 108313.

Ahora bien, como la señora Inagaki desea regresar a territorio mexicano, y no existiendo actualmente en Japón representación Diplomática o Consular de México, la Secretaría de Relaciones Exteriores solicita atentamente de esa Embajada su mediación, si para ello no tiene inconveniente alguno, a fin de que las autoridades americanas en el Japón, proporcionen a la señora Josefina Portillo de Inagaki los documentos que fueren necesarios para que pueda salir de dicho País y regresar a territorio mexicano.

Se agradecerá a esa Embajada que oportunamente informe a esta Secretaría las gestiones que se hagan sobre el particular, para hacerlas del conocimiento de los parientes de la señora Inagaki en esta capital.

La Secretaría de Relaciones Exteriores aprovecha la oportunidad para renovar a la Embajada de los Estados Unidos de América las seguridades de su más alta consideración.

TRANSLATION OF NOTE

734

The Ministry of Foreign Relations presents its compliments to the Embassy of the United States of America and has the honor to invite its attention to the case of Mrs. Josefina Portillo de Inagaki, who is presently residing in Japan.

Mrs. Inagaki was born in Tacubaya, D. F. on June 13, 1909, her parents being Luis Gonzaga Portillo and Ana María Jurado de Portillo, her father being from this capital and her mother being from Morelia, Mich. Mrs. Inagaki married Luis Juez Inagaki, who was born in Tokyo, Japan, on August 2, 1930, in this city.

Nevertheless, Mrs. Inagaki having requested the retention of her Mexican nationality by birth, the Ministry issued a Certificate of Recuperation (of Nationality) No. 1479, dated January 7, 1936, and it is presently in effect.

There is also a certificate of the Ministry of Gobernacion which clearly shows that Mrs. Josefina Portillo de Inagaki left Mexico on August 6, 1937, for Tokyo, Japan, which has been verified by the Port of Manzanillo, Colima, under Order No. 11, card No. 108313.

Since Mrs. Inagaki now wishes to return to Mexico, and there is no actual Mexican diplomatic or consular representation in Japan, the Ministry for Foreign Relations ventures to ask the Embassy for its help, if it is not inconvenient, to the end that the American authorities in Japan might provide Mrs. Josefina Portillo de Inagaki with the documents necessary in order to leave that country and return to Mexico.

It is hoped that the Embassy will be good enough to inform the Ministry of the action it may be able to take in this matter so that the parents of Mrs. Inagaki may be informed thereof.

The Ministry of Foreign Relations avails itself of this opportunity to renew to the Embassy of the United States of America the assurances of its highest consideration.

His Excellency Mr. Charles Malik,
Minister of the Lebanese Republic,
Wardman Park Hotel
Washington, U.S.A.

Beirut, June 8th, 1946.

Excellency,

I take the pleasure to write to you from our country. I am glad to inform you that my trip home was very pleasant, as the T.W.A. service was excellent. After an absence of eight years in Japan, I have noticed that my country Lebanon is progressing remarkably and I have seen so many times your honorable name and articles in our papers, doing your utmost to raise up the name of this country Lebanon in the World's progress and success. Indeed, our country and myself are more than proud to have a man like your Excellency representing us in Washington, in the most important seat of the World's Capital.

Before I left New York, I have submitted to your Excellency, my letter in which I, kindly, have requested you to secure from the State Department a re-entry visa to Japan. I hope you have succeeded in getting this permission from the American Authority to allow me to go back to Japan (Kobe), as I must liquidate my properties and settle my business.

I am sure that your interference with the State or War Department will be very successful and I, sincerely, hope to receive your favorable reply by return airmail. My intention is to go back to Japan as soon as possible, please, do your best for me as I will never forget your kindness.

Awaiting your favourable reply, with my best wishes and respect,

I remain, Excellency,

Very truly yours,

MEMORANDUM

The Department of State acknowledges the receipt of a letter from Mr. Maurice J. Tabet, Attaché to the Legation of Lebanon, together with a copy of a letter from Mr. Sherif A. Soubra, Beirut, Lebanon, in which the latter asks permission to enter Japan in order to take care of certain personal business matters.

The critical shortage of food and housing in Japan at the present time has made it necessary to limit the granting of military permits for entry into Japan to officials representing their countries at the Headquarters of the Supreme Commander for the Allied Powers, military personnel, civilian personnel attached to the occupation forces, a few missionaries, and a limited number of families of the foregoing. Thus far, it has not been possible to permit the entry into Japan of individuals proceeding there for the purpose of engaging in business or for taking care of private business affairs.

The Department has received numerous requests from businessmen and other individuals who desire to return to Japan, but in no case has permission been granted by the Supreme Commander for them to enter the country. When the critical conditions existing there have sufficiently improved, it is expected that these restrictions will be lifted. Therefore, it is regretted that it will be necessary for Mr. Soubra to delay his trip to Tokyo until such time as conditions have become more favorable.

The Secretary of State presents his compliments to His Excellency the Italian Ambassador and has the honor to refer to his note of July 19, 1946, in which permission is asked for Mr. Alfredo Taraboccchia, a representative of the Italian shipping company "Lloyd Triestino", to proceed to Japan for the purpose of looking after the interests of this company.

The critical shortage of food and housing in Japan at the present time has made it necessary to limit the granting of military permits for entry into Japan to officials representing their countries at the Headquarters of the Supreme Commander for the Allied Powers, military personnel, civilian personnel attached to the occupation forces, a few missionaries, and a limited number of families of the foregoing. Thus far it has not been possible to permit the entry into Japan of individuals desiring to engage in business or to take care of private business affairs.

The Department

The Department has received numerous requests from businessmen and other individuals who desire to return to Japan, but in no case has permission been granted by the Supreme Commander for them to enter the country. When the critical conditions existing there have sufficiently improved, it is expected that these restrictions will be lifted. Therefore, it is regretted that it will be necessary for Mr. Tarabocchia to delay his trip to Tokyo until such time as conditions have become more favorable.

CIRCULAR AIRGRAM Aug. 2, 1946 12:00 Noon

TO AMERICAN DIPLOMATIC AND CONSULAR OFFICERS

As of possible use for guidance in replying to requests by businessmen for permission to proceed to Japan, DEPT transmits the following statement of policy which has been received from the Supreme Commander for the Allied Powers:

"It is the general policy of this headquarters to permit the travel of businessmen to Japan just as soon as the economic structure of Japan is decided and as soon as they can be accommodated.

"Until basic decisions are made in Washington as to reparations, prescribed levels of production, rates of exchange and other economic features of Japan's future industry, commerce and economy, it is not only useless but confusing to permit the introduction of businessmen. The state of rehabilitation has not yet reached such a level as to generally warrant this step. There may be exceptions to this rule which might well be considered on their special merit.

"Almost invariably such personnel of necessity must be domiciled and supported in Tokyo. The facilities here are not only inadequate even for those essentially now here, but if further increased might threaten a serious collapse of Governmental processes.

"There is little or no relationship between visitors of this type and the dependents of families of the Military Garrison. The latter are cared for by the Military in a way which is not only incompatible with the handling of the type of visiting personnel under discussion, but under a process of distribution and local centralization which is not possible in the case of those not connected with the military establishment.

"I believe it will be particularly unwise to extend any privilege because of special nationality and that when facilities are available a uniform policy should apply to the businessmen of all countries."

WASHINGTON

A-957 - A Japanese subject, Kikue KATO, unmarried, fourth daughter of Mr. Teijiro Kato and Yoshiko Takassi, born at Tokyo, 30 March 1911, bearer of Japanese passport No. 0341146 granted 22 September 1937 by Japanese Ministry of Foreign Affairs at Tokyo, desires documentation to permit her to return to live with her father and mother. Father is retired professor of Chinese and Japanese literature at the University of Nippon (Nihon Dai Gaku), residence 87 Shimizutcho Suguimani, Tokyo.

Miss Kato left Japan October 1937 on the French Messageries Maritimes SS ANDRE LEBON, which sailed from Kobe and arrived at Marseilles, France, in November 1937. She proceeded to Paris where she lived at the Cité Universitaire (Maison Anglo-Francaise) for two months. She studied privately but being offered a position she did not register as a regular student. From February 1938 to June 1940 she worked as secretary-interpreter with the Paris office of the Japanese commercial house Mitsubishi. She was registered as a student at the University of Paris, November 1940 to May 1941. Since 1940 she has earned her living as a hat modiste working by herself at home for clients placing private orders. During 1945/1946 school year she has attended Ecole Nationale des Langues Orientales Vivantes at Paris, having status of a free auditor.

Case has been informally brought to the Embassy's attention by the French Foreign Office as being worthy of interest. Procedure to be followed by Japanese nationals wishing to remain their homes in Japan is unknown to Embassy.

Miss Kato's address is 114 rue de Courcelles, Paris, 17, where she has resided since June 1939. Previously (February 1938-June, 1939) she resided at a pension at 34 rue de Bruxelles, Paris, which is now non-existent. If arrangements are made for her re-admission into Japan, Miss Kato would endeavor to find transportation by boat from Marseille via Near East to Japan.

Mr. Graves, British Embassy, called on me today regarding Mr. Heseltine's appointment to SCAP's staff. Mr. Graves asked if we had received a reply to our last telegram and then stated that the British are anxious to have Heseltine's appointment approved as they are running into some difficulty regarding property matters in Tokyo. Mr. Graves also said that since the Foreign Office was anxious for a decision he may present another memorandum on the subject or instructions to General Hilldring. I told Mr. Graves that I would inquire if an answer had been received and if none had been received I would draft a follow-up cable that would include the following additional information: (1) the British are anxious to have the Heseltine appointment made in order that they may look after urgent property matters; (2) the British do not intend to press for the appointment of any other experts to be attached to SCAP's staff.

Paragraph 5 of the circular exempts from its provisions persons being repatriated to or from Japan under the supervision of the Supreme Commander.

Paragraph 6c provides that all persons who are not members of the Occupation Forces or required for service therewith as defined in the preceding sections of the same paragraph shall obtain authorization for entry from the Supreme Commander.

Paragraph 7a provides that applications for such authorization will be made by the representative in Japan of the country of the person's nationality, but that where there is no such representative applications will be made through diplomatic channels to the Department for reference to the Supreme Commander.

Paragraph 7b sets forth the information required in applications for entry.

Paragraph 8 provides that the notification of the action taken on applications for entry will be transmitted through the same channels as the application was received; and that a person whose application is approved must arrive in Japan within sixty days of such approval or submit a new application.

Paragraph 9 provides for the presentation of passports and evidence that authorization to enter Japan has been granted; customs inspection of baggage; and immunization requirements.

Sections III and IV provide detailed provisions for the entry of aircraft and surface vessels not assigned to or serving the Occupation Forces.

The purpose of this circular is only to provide a uniform and orderly procedure for the entry and exit of persons, aircraft and surface vessels into and from Japan, and does not signify any

Commander Millett, Military Permit Secretariat, Joint Chiefs of Staff, called today in reference to SCAP Circular No. 8 which was enclosed with despatch no. 600 of September 10, 1946, copy of which is attached. He referred in particular to paragraph 7a which provides, in the case of a national whose country does not have a representative in Japan and who wishes to request authorization to enter Japan, the request may be made through diplomatic channels to the Department of State which will refer it to SCAP for consideration. Commander Millett said that the Military Permit Secretariat would be glad to handle any such requests which the Department may receive. I suggested that he inform Mr. Meyer, VD, in this sense as Mr. Meyer would presumably handle most requests of this nature coming in from abroad. I also told Commander Millett that I would see to it that the interested officers of SPD were informed in the premises.

(rather than have the Dept. send the request to SCAP.)

Dear Colonel Wood:

I have just had a cable from General Edgerton advising that Mr. and Mrs. J. Franklin Ray have now left Shanghai for Hankow and Hongkong enroute to Manila, Korea, and Washington, presumably via Tokyo, and Korea.

In the foregoing connection, we have just received an urgent cable from General Edgerton advising that Mr. Ray's military permit for Tokyo, as well as that of Mrs. Ray (formerly Miss Hilda Austern), has expired. Formal application is being made to Mrs. Shipley of the Passport Division for a renewal of these permits. It is, however, feared that if handled through the normal channels, they will not reach them in time, since it is anticipated Mr. Ray will wish to enter Tokyo before the end of this month. Under the circumstances and in view of the great importance the Administration attaches to Mr. Ray's mission, it would be greatly appreciated if you would do anything in your power to accelerate the issuance of these permits.

Miss Wolberg of SPD had already discussed the matter with Mr. Weymueller and after giving him a brief statement of the background Mr. Hibbard suggested that in view of circumstances of the case the American President Lines might find it possible to accept from such travelers at the time they purchased tickets a small sum which could be deposited with the purser of the vessel and against which the repatriate might be able to draw to satisfy incidental needs, including tips. Upon arrival of the vessel in Japan the unspent proceeds of these accounts would be delivered to the appropriate military authorities. Mr. Hibbard emphasized the aspect of these persons being able to tip to some degree and Mr. Weymueller replied, possibly facetiously, "no tipping, no eating".

Mr. Weymueller appeared to understand the situation thoroughly but said categorically that he could not make a statement without reference to the Line's offices at San Francisco. He gave as his own guess that he did not think that the Lines would agree stating that the practice is entirely without precedent. He said he would raise the question with San Francisco immediately and would telephone Mr. Hibbard when a reply came in.

My dear Mr. Manning:

I am forwarding to you the enclosure for Mr. Rolf Erzinger, who is in this country in transit to Japan.

As stated to you this morning, it would be greatly appreciated if you could see your way clear to grant an air priority to Mr. Erzinger. We are supporting his application because it is felt that inasmuch as Mr. Brunner, who was the previous representative of Sandoz in Japan, contracted a grave illness in the performance of his duties as Delegate of the International Committee of the Red Cross, this firm should have an opportunity to replace him at the present time. We are told that otherwise a resumption of the operation of the Sandoz plant in Osaka would be impossible.

In accordance with your suggestion, Mr. Erzinger has contacted the American President Lines, but on account of the shipping strike, no sailings are envisaged for the time being.

Any assistance that you can give us in this case will be greatly appreciated.

Very truly yours,

For the Minister of Switzerland:

Mr. Williams - see note at end of paper -

Mr. Hibbard

Reference the question of funds, and baggage regulations to be applied to Japanese nationals, not in an internee or deportee category, who wish to travel to Japan.

I have some language on funds which has been cleared with Mr. Castle and which I would like to discuss with you before talking to JK (MacDonald) and possibly FN, CAD (Captain Archer), APC and Treasury.

With regard to the matter of baggage regulations I feel that, as in the case of the Germans, the provisions of the General License for Personal Baggage and Effects set forth in the Department of Commerce Export Bulletin no. 297 and revised in Export Bulletin no. 338, should be applied with such restrictions as may be required by the military authorities in Japan. (There is attached the rough draft of a telegram to the military in this regard).

When we receive an answer from the military in Japan it is understood that we will recommend to the Office of the International Trade by letter that the regulations referred to above be applied. However, there is a problem in connection with the practical application of these provisions. You will recall that in the case of the Germans the Department arranged for their passage and was able to inform the OIT to warn the customs collector at New York that a group of them would be leaving on such and such a date aboard such and such a ship. The Japanese, however, will be arranging their own passage and although the Visa Division will know exactly when each is to leave, it will be quite a problem if we must communicate with the OIT each time and ask the OIT to instruct the customs officials at the port.

I discussed this matter with Mr. Thomas in the OIT and he suggested that the simpliest procedure would be for the OIT to make up a form letter addressed to all collectors of customs based upon the recommendations set forth in the letter, we shall send to the OIT, and to forward a number of these letters to the State Department (Visa Division). One of these form letters can then be

attached to the travel documents by the Visa Division at the same time as the military permit is attached to that document. When the immigration officer at the port asks to see the travel document of the Japanese, he will also see the letter to the customs inspectors and will refer the Japanese to the customs inspector. If the Japanese does not make use of the letter to the customs collector he runs the risk of having more stringent baggage regulations applied in his case (i.e. those set forth in OIT's letter of November 20, 1945 to collectors of customs regarding examination of effects of alien enemies). It may be argued that if he does not present the letter the more lenient provisions of the above-mentioned General License for personal baggage and effects might be applied without the ~~instructions~~ LIMITATIONS required by the military authorities. To me this appears doubtful and even if it should happen the military in Japan, would confiscate anything they did not want him to bring in.

I talked this suggested arrangement over with Mr. Meyer (VD) and he said that he thought it was a good idea and that VD will be willing to attach the above-mentioned letter to the travel document of each interested Japanese national along with the military permit. Mr. Meyer suggested that IN ~~a~~ VD's letter informing interested Japanese that their entry into Japan has been authorized and requesting that they send their travel documents to VD in order that the military permit might be affixed, VD would also tell them that the letter to the customs inspectors would be attached TO THEIR TRAVEL DOCUMENT and explain that their baggage would be subject to examination and that they should show this letter to the customs inspector.

HOW DO THE ABOVE ARRANGEMENTS STRIKE YOU?

How about the telegram to Tokyo?

Whole scheme seems to follow policy line + to be practical enough — I do think tel to SCAP might be a little more specific. is "Request info re any Mil. Govt Regulations which would limit amount or types personal effects such persons desire to take with them to Japan".

GENERAL LICENSE FOR THE EXPORTATION OF PERSONAL BAGGAGE AND EFFECTS

1. Scope of License

a. A general license for personal baggage and effects, designated BAGGAGE, authorizes the exportation of the following classes of commodities by a person leaving the United States:

Personal baggage.--Boxes, trunks, and other luggage containing items of a personal nature, such as clothing, books, toilet articles, electric razors, electric irons, articles of personal adornment, foodstuffs, soap, medicinals, unexposed photographic film, cameras, firearms and ammunition, souvenirs, etc.

Personal effects.--(1) Household articles: furniture, refrigerators, radios, decorations, and other household furnishings. (2) Professional instruments and tools of trade: all instruments, tools, and apparatus which are used by the person in his profession or trade. (3) Vehicles: passenger cars, station wagons, trucks, and trailers, and motorcycles.

b. Commodities may be exported under the general license for personal baggage and effects only when they are for the exclusive use of the individual leaving the United States or his immediate family. Articles intended for use by other persons, or for resale, may not be exported under this general license. The provisions of this general license are applicable to accompanied and unaccompanied personal baggage, which are defined as follows:

Accompanied.--All commodities exported under this general license on the same carrier on which the passenger departs.

Unaccompanied.--All other shipments of commodities under this general license. Unaccompanied shipments under this category should be clearly marked "Baggage."

c. Enforcement of the limitations imposed by this general license will be by the Customs officials at the various ports of exits. They may limit or prevent altogether the export of any commodity under this general license whenever, in their judgment, the amount is excessive or whenever they have reason to believe that the exportation is made for the purpose of circumventing the export regulations of the Office of International Trade, Department of Commerce.

2. Provisions for Specific Commodities.

a. Foods and Soaps.--The combined total domestic retail value of all soap, butter, and other edible fats and oils must not exceed $5.00. The combined total domestic retail value of all meat and meat products, soap, butter, and other edible fats and oils, must not exceed $50.00.

(over)

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 760050.

b. Firearms and ammunition.--Exportations under this general license are limited to three firearms and 500 rounds of ammunition per person.

SPECIAL PROVISIONS FOR MISSIONARIES

1.
1. The limitations on foods, soaps, butter and other edible fats and oils which individuals may take out of the United States under the general license for personal baggage and effects do not apply to missionaries with proper credentials, provided they are to be out of the United States for more than one year.

2. Collectors of Customs are authorized to release all food, soap, butter and other edible fats and oils under general license as personal baggage for missionaries subject to the following limitations:

a. The total domestic retail value of butter must not exceed $5.00;

b. The combined total domestic retail value of all soap, butter and other edible fats and oils must not exceed $35.00; and

c. The combined total domestic retail value of meat products, soap, butter, and other edible fats and oils must not exceed $150.00.

With regard to his first inquiry, Miss Wolberg informed Mr. Weymueller that the question of funds and baggage is still under consideration and that we are waiting for replies from our inquiries to the military authorities and other interested agencies of this Government. After consultation with Mr. Meyer regarding Mr. Weymueller's second inquiry, Miss Wolberg informed Mr. Weymueller that according to present policy Exit Permits are not granted to Japanese nationals legally resident in this country who desire to visit Japan. There is only one exception to this rule at the present time and that is for persons who are dependents of American military or civilian personnel in Japan and who are proceeding ~~aboard~~ Ashore under War Department orders; there is a blanket waiver of the Exit Permit requirements in such cases. It appears that the latter persons might do well to purchase their round-trip ticket before leaving this country, she said, in view of the probability that the APL would not accept Yen currency in Japan and that the military there would not permit persons entering Japan to keep dollar currency. In view of the general policy stated above it was agreed that the problem of round-trip tickets would be a comparatively unimportant one.

DEC 181946

Excellency:

I have the honor to refer to Your Excellency's note No. DE 364 of November 6, 1946 requesting an exit permit to depart from Japan for Guillermo Yayun Nakamatsu, an Argentine national, presently residing in the Province of Okinawa, and No. DE 379 of November 15, 1946 indicating that Mr. Nakamatsu will bear the cost of his own repatriation. The latter note also requests that the departure of Mr. Nakamatsu's mother, Mrs. Maria del Valle Idiarte de Nakamatsu, likewise be facilitated. It is noted that Mrs. Nakamatsu will pay her own expenses.

The Department's representative in Japan has been appropriately instructed in the above connection. When pertinent information is received, you will be informed.

Accept, Excellency, the renewed assurances of my highest consideration.

For the Secretary of State:

SPRUILLE BRADEN

His Excellency

Oscar Ivanissevich,

Argentine Ambassador.

FOREIGN QUARANTINE REGULATIONS FOR JAPAN

	Section
General Provisions.....	I
Incoming Traffic.....	II
Outgoing Traffic.....	III
Special Provisions.....	IV

I. GENERAL PROVISIONS. 1. Reference. Circular 8, General Headquarters, Supreme Commander for the Allied Powers, 30 August 1946, Control of Entry and Exit of Individuals, Aircraft and Surface Vessels Into and From Japan.

2. Purpose. To set forth those quarantine procedures to be followed in the control of individuals, aircraft and surface vessels entering and leaving Japan, i.e., the four main islands of Hokkaido, Honshu, Shikoku, and Kyushu, and outlying islands under the control of the Occupation Forces.

3. Definitions. The following terms are defined according to their application in these regulations:

a. Cargo - Personal effects, baggage, express, freight, mail, and ships' stores.

b. Communicable Disease - Any disease, the etiologic agent of which may pass or be carried, directly or indirectly, from one person to another.

c. Contact - Any person known to have been in such association with an infected person, animal or vector as to have been exposed to infection.

d. Disinfection - The act of rendering anything free from the casual agents of disease.

e. Disinfestation - The act of destroying the insect or rodent vectors of a communicable disease.

f. Disinsectization - The act of destroying insect vectors of disease.

g. Fumigation - The process by which the destruction of vermin and rodents is accomplished by the use of gaseous agents.

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 760050

(Cir 10)

h. Immunity - The condition of being protected against a particular disease either as a result of artificial immunization or through a previous attack of the disease.

i. Incubation Period - The period between the implanting of disease organisms in a susceptible person and the appearance of clinical manifestations of the disease.

j. Infected Vessel or Aircraft - A vessel or aircraft upon which a case of quarantinable disease exists or develops among persons or rodents aboard or upon which infected vectors of a quarantinable disease are present.

k. Infestation - The condition of harboring insects or rodents capable of transmitting disease.

l. Isolation - The separation of human beings or animals from other human beings, animals and vectors of disease in such a manner as to prevent the transmission of disease.

m. Observation - Detention of a person under medical supervision.

n. Pratique - A license to proceed out of quarantine. Pratique may be free or provisional. There is nothing further incumbent upon the recipient of free pratique. The recipient of provisional pratique is required to carry out the provisions thereof in order to ensure the continuation of pratique.

o. Quarantine - The detention of any person or thing as a measure against the spread of communicable disease.

p. Quarantine Officer - A medical officer assigned to quarantine duty.

q. Quarantinable Disease - The specific communicable diseases: cholera, plague, smallpox, louse-borne typhus and yellow fever.

r. Sanitary Log - A record of events and conditions of sanitary significance.

s. Surveillance - The provisional release of a person from quarantine, whereby conditions are set forth for the continued medical supervision of that person.

t. Suspected Vessel or Aircraft - A vessel or aircraft arriving from a port or area infected or suspected of being infected with a quarantinable disease.

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 760050.

(Cir 10)

u. Typhus - Louse-borne typhus.

v. Vector - An insect, animal, plant or thing which may convey pathogenic organisms from one person or animal to another person or animal.

4. Jurisdiction. All vessels and aircraft, both military and civil, entering and leaving Japan, together with their passengers, crew and cargo, shall be subject to these regulations.

5. Implementation. a. The Commanding General, Eighth Army, will establish quarantine control at ports of entry and exit, both air and surface, utilizing such Japanese agencies as are appropriate. Such control will be exercised through duly designated quarantine officers, who will perform the duties set forth in these regulations.

b. The Commanding General, Eighth Army, the Commander, Naval Activities Japan, and Commanding General, Pacific Air Command, United States Army, shall have power of detention over individuals, aircraft and surface vessels in the event of failure to comply with this circular. Any person who violates or conspires to violate any provision herein is subject to prosecution.

6. Ports of entry will be designated by the Supreme Commander for the Allied Powers.

7. Quarantine Facilities. a. Facilities That Shall Be Provided at All Quarantine Stations:

(1) Adequate staff, equipment, materials and housing to carry out ordinary quarantine procedures.

(2) Clearly demarcated and guarded quarantine areas for aircraft and/or ships. These areas shall be reasonably inaccessible to unauthorized persons.

(3) Indoor facilities where individuals may be examined in privacy.

(4) An emergency isolation facility and equipment for transportation of the sick.

(5) A reliable source of drinking water.

(6) Sanitary refuse and sewage disposal.

b. Facilities That Shall be Locally Available to All Quarantine Stations:

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 760050

(Cir 10)

(1) Suitable isolation, observation and hospital facilities.

(2) A laboratory equipped to perform bacteriological diagnoses.

(3) Materials and equipment for administering vaccines.

c. Fumigation facilities shall be maintained at ports as necessary to conveniently serve those vessels and aircraft requiring gaseous disinfestation.

8. Fees. Charges for quarantine services shall be made only as directed by the Supreme Commander for the Allied Powers.

9. Incubation Periods. The incubation period of the quarantinable diseases shall be considered to be:

Cholera	6 days
Plague	6 days
Yellow fever	6 days
Typhus	12 days
Smallpox	14 days

II. INCOMING TRAFFIC. 10. Vaccination Requirements. Typhus within the preceding sixty (60) days, cholera within the preceding four (4) months, typhoid-paratyphoid within the preceding year and smallpox within the preceding six (6) months. However, persons coming from an epidemic smallpox area shall have been vaccinated against the disease within the preceding sixty (60) days. All persons arriving in Japan shall have in their possession certificates showing that the required vaccinations have been received. Persons arriving without the required certificates will be given the necessary vaccinations and placed under observation or surveillance for a sufficient period to determine their freedom from these diseases.

11. Measures at Foreign Ports. a. Persons.

(1) Passengers and crew shall comply with the vaccination requirements of paragraph 10 above.

(2) No person known or believed to be infected with a quarantinable disease or infested with the vector of a quarantinable disease shall be allowed on board.

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 760050.

(Cir 10)

12. Measures in Transit. a. Vessels and Aircraft.

(1) Good sanitation shall be maintained.

(2) Persons becoming ill with what is believed to be a dangerous communicable disease shall be isolated. Pertinent facts will be reported by radio to the port of destination.

(3) The director of the port of destination shall be notified by radio of expected arrival well in advance of the anticipated time of arrival.

b. Vessels Only. When rats or signs of rats are found on board, trapping shall be undertaken.

c. Aircraft Only. Prior to landing in Japan and subsequent to last take-off, all readily accessible compartments shall be disinsected. A potent insecticide, non-injurious to man, shall be employed in accordance with the manufacturer's recommendations. The aerosol bomb, as supplied to the United States Military Forces, is satisfactory. During the dispersion of the insecticide and for three minutes thereafter, the hatches, ports, exit doors, windows and ventilating apertures shall be kept closed.

13. Preliminary Measures. a. Entry into Japan shall be effected only at designated ports of entry, circumstances permitting.

b. Promptly upon arrival at a port of entry the vessel or aircraft will proceed to the quarantine area.

c. Vessels shall fly a yellow flag (international code Queen flag) from the time they enter Japanese waters until release from quarantine.

d. Except for the taking on of pilots, neither persons nor cargo shall be embarked or disembarked prior to release from quarantine unless authorized by the quarantine officer. All persons encountered aboard a vessel or aircraft in quarantine shall be subject to quarantine measures.

e. In the case of aircraft, should the arrival of the quarantine officer be delayed, passengers and crew may disembark, provided they remain segregated within the quarantine area.

f. If entry into Japan is effected at some place other than a port of entry, the authorities at the nearest port of entry shall be immediately notified. The vessel or aircraft shall proceed to a port of

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 760050.

(Cir 10)

(3) No person in recent contact (refer to paragraphs 3c and 9) with a quarantinable disease shall be allowed on board unless known to be adequately protected by vaccination or a previous attack of the disease in question.

(4) No person known or believed to be infected with a serious communicable disease shall be embarked unless attended by a physician or trained nurse or orderly and then only if adequate arrangements for isolation are made available.

(5) Bodies may be embarked only if properly embalmed and hermetically sealed within a metal container.

b. Vessels and Aircraft.

(1) Only water and food known to be safe for intended use shall be embarked.

(2) Sanitary conditions shall be good at time of departure.

(3) Cargo known or believed to be infected with the agent of, or infested with the vector of, a quarantinable disease shall not be embarked.

(4) Animals shall not be embarked for transport to Japan unless covered by an entry permit issued in accordance with paragraph 15 1 of these regulations.

c. Vessels Only - Rat Control.

(1) Immediately upon docking and during the entire time a vessel lies at a wharf, it shall be fended off at least six feet wherever practicable; all connecting lines shall be properly fitted with rat guards; gangways and other means of access to the vessel shall be well lighted or separated from the shore at night.

(2) Prior to departure the vessel shall be inspected for rats. If any are present, measures (trapping and/or fumigation) shall be taken for their destruction.

d. Aircraft Only. Disinsectization shall be performed just prior to departure for Japan.

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 760050.

entry unless a quarantine officer is dispatched by the Commanding General, Eighth Army, to the vessel or aircraft to effect quarantine processing.

g. Vessels and aircraft shall remain in the quarantine area and under the jurisdiction of the quarantine officer until pratique is granted.

h. Vessels arriving in the quarantine area between the hours of 0600 and 1800 will be promptly boarded upon arrival. Those arriving between 1800 and 0600 will be boarded at 0600 unless otherwise arranged.

i. Aircraft will be boarded promptly upon arrival regardless of the hour.

14. Quarantine Processing. a. Processing shall be performed as expeditiously as is consistent with the protection of the public health.

b. Processing shall be done on board the ship or aircraft, on the quarantine boat, within the confines of the quarantine area or at any other suitable place the quarantine officer may designate.

c. The boarding (quarantine) party shall consist only of the quarantine officer, his assistants, and such other persons as he may agree to include.

d. The captain, or an officer designated by him, shall submit to the quarantine officer the following papers and documents for examination:

(1) Log

(2) Itinerary for preceding two months (vessels only)

(3) Crew manifest

(4) Passenger manifest

(5) Names of passengers and crew desiring to go ashore

(6) Medical records

(7) Deratization certificates

(8) Cargo manifest

(9) An accounting of any animals aboard

(10) Other pertinent papers.

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 760050.

(Cir 10)

e. The quarantine officer may accept the written and signed statement of a responsible commissioned medical officer of the Allied Forces who may be assigned to, or is travelling aboard, a vessel or aircraft arriving in Japan, concerning the health status, sanitary conditions, illnesses and deaths aboard, in lieu of his own personal inspection and examination, unless there is reason to believe that the ship or aircraft is infected with quarantinable disease.

f. An examination of ill persons aboard shall be made and a tentative diagnosis established.

g. Dead bodies aboard shall be examined unless within a hermetically sealed container.

h. General inspection of all persons aboard shall be made.

i. Special examination of any or all persons aboard shall be made if deemed necessary to detect the presence of a dangerous communicable disease.

j. Inspection shall be made of any animals, birds, pets, or mascots that may be on board.

k. Inspection of the vessel or aircraft and its cargo shall be made to the extent deemed necessary to determine if the agent or vector of any dangerous communicable disease may be harbored.

l. If it is found that an aircraft arriving in quarantine was not disinsected in flight prior to arriving in Japan, it shall be at once disinsected by or under the supervision of the quarantine officer.

m. A general sanitary inspection shall be made.

n. The quarantine officer shall prepare a quarantine declaration for all vessels and aircraft entering quarantine. The declaration shall identify the ship or aircraft in detail, account for all crew, passengers and animals, and describe findings of medical and sanitary significance. Therein shall be recorded the action taken by the quarantine officer as well as those conditions imposed upon the responsible officers, owners and agents of vessels and aircraft.

o. If the ship or aircraft together with its passengers, crew, and cargo are found to be free of dangerous communicable disease and those vectors known to be instrumental in spreading such diseases, if the sanitary condition is satisfactory and, if the other requirements of these regulations are found to be met, then free pratique shall be granted.

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 760050.

(Cir 10)

p. If conditions do not permit the issuance of free pratique, the quarantine officer shall determine what measures are necessary to protect the public health. The vessel or aircraft shall either be held in quarantine or released conditionally under provisional pratique pending accomplishment of the required measures. Free pratique shall be granted when the hazards to the public health have been eliminated.

q. Vessels Only. In order to facilitate both traffic and quarantine processing, the quarantine officer may order a ship to one or more succeeding ports of call under a certificate of provisional pratique.

r. A certificate of provisional pratique shall signify that the vessel or aircraft may enter, but that certain measures, as specified in the certificate, must be accomplished in order to qualify for a certificate of free pratique.

s. Promptly following the issuance of pratique, free or provisional, the quarantine flag shall be lowered.

15. Particular Provisions. a. Upon request of the quarantine officer any passenger, officer or crew member on board an incoming vessel or aircraft may be required to give a deposition on any matter relating to health or sanitary conditions during passage to Japan.

b. Certificates. Certificates of findings or actions taken or ordered by the quarantine officer shall be issued by him to properly interested parties upon request.

c. Observation. Persons may be held under observation when known or suspected to be infected with a dangerous communicable disease or when known or suspected to have recently had contact with a case or suspected case of such disease. Observation shall be accomplished either on board ship or in suitable quarters on shore. Persons may be released from quarantine under surveillance; under this type of supervision persons shall be required to report to such medical authorities at such times within the incubation period of the disease in question as the quarantine officer may direct.

d. Fresh Crew. After a vessel or aircraft has been rendered free of dangerous infection and/or infestation, it may be furnished with a fresh crew and released from quarantine, while all or a part of the original crew and passengers are detained.

e. Dead Bodies Aboard the Vessel or Aircraft.

(1) Bodies may be embarked for Japan, regardless of cause of death, provided they have been properly embalmed and are contained within hermetically sealed metal containers.

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 760050

(2) No restriction is imposed upon the entry of ashes remaining from cremation.

(3) Bodies brought into Japan shall be dealt with in such a manner as to ensure protection of the public health.

f. Yellow Fever.

(1) Vessels only.

(a) The infected vessel shall be moored not less than 400 meters from shore until disinsectization has been completed.

(b) An infected vessel shall be disinsected prior to discharge of cargo.

(2) Aircraft only. Aircraft arriving with yellow fever aboard shall be immediately disinsected under the supervision of the quarantine officer regardless of any and all prior disinsectizations performed.

(3) Persons only.

(a) Persons ill with yellow fever and persons suspected of being infected with yellow fever shall be isolated until non-infectious.

(b) Persons from an infected vessel or aircraft who cannot present satisfactory evidence of immunity to yellow fever shall be vaccinated and placed under observation or surveillance for six days from date of last possible exposure. Persons who can present satisfactory evidence of immunity shall be released.

g. Cholera.

(1) Vessels and aircraft.

(a) A cholera infected vessel or aircraft shall be detained in quarantine until disinfected.

(b) The dejecta of all persons held under observation for cholera shall be disinfected before final disposition.

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 760050.

(c) The personal effects of cholera cases and carriers shall be disinfected. Any other likely contaminated articles aboard shall be disinfected.

(d) Fruits and vegetables aboard infected vessels and aircraft shall either be destroyed or rendered non-infectious by proper cooking.

(e) The water supply of a cholera infected vessel or aircraft shall be disinfected.

(2) Persons.

(a) Persons ill with cholera, those suspected to be ill with cholera, known carriers and all known and suspected contacts shall be isolated and kept under medical observation until known to be free of cholera.

(b) Satisfactory evidence of freedom from infection shall consist of 3 consecutive stool specimens taken not less than 48 hours apart, all of which fail to show the presence of cholera vibrios upon proper bacteriological examination.

h. Plague.

(1) Vessels and aircraft.

(a) A plague infected vessel or aircraft shall be detained in quarantine and immediate measures instituted for the destruction of rodents and vermin aboard.

(b) Disinfection of personal effects, baggage, bedding, quarters, kitchens, store rooms, etc., shall be accomplished as the quarantine officer may direct to ensure that the vessel or aircraft is freed of infection.

(2) Persons.

(a) Persons infected or suspected to be infected with plague shall be isolated and kept under medical observation until known to be non-infectious.

(b) Contacts shall be held under observation or surveillance for a period of 6 days subsequent to last possible exposure.

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 760050

(Cir 10)

i. Typhus.

(1) Vessels and aircraft

(a) Infected vessels and aircraft shall be detained in quarantine until vermin destruction has been completed.

(b) A louse-infested vessel or aircraft shall be disinfested.

(c) The personal effects and baggage of typhus cases, suspect typhus cases, louse-infested persons and suspect louse-infested persons shall be disinfested.

(2) Persons.

(a) Persons ill from and suspected to be ill from typhus shall be isolated and kept under medical observation until known to be non-infectious.

(b) Contacts whose anti-typhus vaccinations are up to date may be released under 12-day surveillance.

(c) Contacts whose anti-typhus vaccinations are not up to date shall be vaccinated and held under surveillance or observation for 12 days from date of last contact.

(d) All persons infested or suspect-infested with vermin shall be disinfested.

(e) Vermin-free persons who had no contact with either typhus cases or vermin-infested persons may be released under 12 days' surveillance provided their anti-typhus vaccinations are up to date or provided vaccination is given upon arrival.

j. Smallpox.

(1) An infected vessel or aircraft shall be held in quarantine until the personal effects of the sick and the quarters occupied by them, together with furnishings, shall have been disinfected.

(2) Persons.

(a) Persons ill with or suspected of being ill with smallpox shall be isolated and kept under medical

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 760050.

observation until known to be non-infectious.

(b) All contacts shall be vaccinated and held under observation until the results of the vaccination indicate immunity. Persons refusing vaccination shall be held under observation until 14 days have elapsed from the time of their last contact.

k. Disease Agents and Vectors.

(1) The etiological agent or insect (eggs, larvas, pupae, nymphs, etc.), animal or plant vector of human disease or any exotic living insect, animal or plant capable of being a vector of human disease shall not be imported except as specifically authorized by the Supreme Commander for the Allied Powers.

(2) Application for permission to import any item mentioned in paragraph 15 k (1) above shall include a full description of the item including common and scientific names, quantity, origin, destination, intended use, etc.

(3) Items listed in paragraph 15 k (1) which arrive in Japan without authorization as specified in the referred to paragraph shall be held in quarantine aboard the aircraft or vessel of arrival or ashore pending disposition.

(4) Items denied entry shall either be destroyed under the supervision of the quarantine officer or removed from the country by the person or agent responsible for importation.

l. Animals.

(1) The term animal shall include all members of the animal kingdom.

(2) Animals shall not be permitted entry into Japan except in accordance with the stipulations of a special entry permit issued by the Supreme Commander for the Allied Powers.

(3) Requests for permission to import animals shall include common name, scientific name of zoological specimens, number, origin, destination, intended use, state of health, etc.

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 760050.

(Cir 10)

(4) Animals arriving in Japan without an entry permit shall be held in quarantine on board the ship or aircraft of arrival or ashore in quarters approved by the quarantine officer pending disposition.

(5) Animals denied entry shall either be destroyed under the supervision of the quarantine officer or removed from the country by the person or agent responsible for importation.

m. Psittacine Birds.

(1) The term psittacine shall include parrots, amazons, Mexican double heads, African grays, cockatoos, macaws, parakeets, love birds, lories, lorikeets and all others of the psittacine (parrot) family.

(2) Psittacine birds shall not be permitted to enter Japan, notwithstanding the provisions of paragraph 15 1 above.

(3) Psittacine birds arriving in Japan shall either be killed and incinerated or held in quarantine aboard the plane or ship of arrival pending deportation. Such ship or plane shall be held under provisional pratique.

n. Rats - Vessels Only.

(1) Captains will observe the measures against rats described in paragraph 11c.

(2) Rat trapping will be undertaken on board rat-infested vessels. Trapping will be supervised by the captain or a ship's officer designated by the captain.

(3) Vessels shall be fumigated to destroy rats when it is so directed by the quarantine officer.

(4) A "deratization exemption certificate" shall be issued to the captain when a thorough inspection of a ship reveals no rats to be aboard. A "deratization certificate" shall be issued to the captain subsequent to a properly performed fumigation undertaken to kill rats (refer to article 28, International Sanitary Convention, 1926, as amended by International Sanitary Convention, 1944).

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 760050

(Cir 10)

o. Mail. The quarantine officer will refrain from inspection of mail except for quarantine reasons. Where such is necessary, inspection and treatment shall be performed only in the presence of a postal agent.

p. Detention of Cargo. Detention will not be ordered except as necessary to protect the public health. Detention may be either on board the arriving vessel or aircraft or on shore. In any case, proper arrangements will be made with the customs authorities to ensure proper segregation, isolation and protection of such cargo.

q. Disinfection. The presence or suspected presence of the agents of quarantinable disease aboard a vessel or aircraft, including all items of cargo, equipment and stores, shall suffice to require disinfection of those parts and things known or suspected to be infected.

r. Disinfestation. Evidence that rodents or vermin capable of transmitting quarantinable disease are aboard a vessel or aircraft shall suffice for the quarantine officer to order such disinfestation as he deems necessary.

III. OUTGOING TRAFFIC. 16. Persons. a. Individuals shall present certificates showing that all vaccinations required for admission to the countries of transit and destination have been received.

b. Medical examinations shall be made when the presence or suspicion of dangerous communicable disease or the vectors of such disease so warrants.

c. Persons known or believed to be infected with a quarantinable disease or infested with the vector of such disease shall not be embarked.

d. No person in recent contact (refer to paragraphs 3c and 9) with a quarantinable disease shall be embarked unless known to be adequately protected by vaccination or a previous attack of the disease in question.

e. Persons embarked with a dangerous communicable disease must be properly isolated and attended by a physician or trained nurse or orderly.

f. Dead bodies may be embarked if properly embalmed and hermetically sealed within a metal container, regardless of cause of death.

17. Animals.

a. The requirements for entry of the country of destination shall be complied with, insofar as is possible, prior to embarkation of any

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 760050.

(Cir 10)

animal being shipped out of Japan.

b. Animals destined to be shipped out of Japan shall be examined within the week prior to departure by a veterinary officer who shall issue a certificate of state of health. This certificate shall be made available to port authorities.

c. Animals known or suspected to be infected with a serious communicable disease of man or animal shall not be embarked.

18. Vessels and Aircraft.

a. Vessels and aircraft shall be subject to health and sanitation inspection by the quarantine officer.

b. Only pure water and wholesome food shall be embarked.

c. A good sanitary condition shall be maintained.

d. The presence or suspected presence of the agents or vectors of quarantinable disease on board shall suffice for the quarantine officer to order such disinfection and disinfestation as he may deem necessary for the protection of the public health.

e. Aircraft shall be disinsected just prior to departure from Japan.

IV. SPECIAL PROVISIONS. 19. International Conventions. Foreign quarantine problems arising which may not be specifically covered by these regulations shall be resolved in accordance with the provisions of the International Sanitary Convention, 1926, as amended by International Sanitary Convention, 1944.

20. These regulations do not apply to persons being repatriated to and from Japan under the supervision of the Supreme Commander for the Allied Powers, as such persons are provided for by other regulations.

As indicated by legation Bangkok, request for clearance of the Siamese textile mission was received several times by SCAP. The sender of these messages was not identifiable and they contained insufficient information on which to grant clearance. Efforts to obtain clarification failed. Missions for the purpose of purchasing textiles or other products of Japan will be granted clearance upon request under provisions of SCAP Circular number 8 (transmitted to Department by my despatch number 600 September 10th). Such missions should not exceed two in number, will be logistically supported by SCAP on a revenue basis and will be under the operational control of SCAP upon arrival. In cases where necessity indicates SCAP will issue invitations to Governments concerned to send missions to Japan to select and purchase Japanese products. Such missions should be on a Government to Government basis. Their sole purpose should be to select and purchase Japanese commodities. Requirements of SCAP Circular number 8 are waived and the Siamese textile mission is granted clearance. SCAP request adherence to provisions of cited circular in future cases.

Mr. Jesse E. Saugstad,
Chief of Shipping Division,
Department of State,
Washington, D.C.

Dear Mr. Saugstad:

I refer to my letter of November 25, 1946, and wish to advise that I have now received my Re-Entry Permit from the Department of Justice in Philadelphia, Pa., which presumably means that my permission from the State Department to depart has been sent direct to Philadelphia, Pa. I have not personally received any reply to my application to the State Department and if this is necessary I would appreciate receiving same.

Thank you very much for the help you have rendered me.

Today I have sent an application to the Joint Chiefs of Staff in Washington, D.C., for a military permit to enter JAPAN and I have taken the liberty to refer to you.

For your guidance, I enclose copy of my application and if the Joint Chiefs of Staff should apply to you for information, I shall be pleased if you would assist me in obtaining the military permit to visit Japan as soon as possible.

Again thanking you for your kindness, I am with kindest regards

Yours sincerely,

December 3, 1946.

The Joint Chiefs of Staff,
Washington, D.C.

Gentlemen:

I hereby make application for a military permit to visit JAPAN.

My name is THORKIL HOST, 50 years of age, born September 4, 1896, in Copenhagen, Denmark. I have Danish passport No. 301/44 issued by the Consulate General of Denmark in New York, N.Y., on September 8, 1944, and valid until September 7, 1949. I have obtained "Permission to Depart" from the Department of State and Re-Entry Permit from the Immigration Authorities in Philadelphia, Pa.

During the war I have been President of Danish Ship Operating Corporation, 15 Moore Street, New York 4, N.Y., which acted as general agents for War Shipping Administration for a number of the Danish ships which were requisitioned by the United States Government. Later on, also vessels of other nationalities requisitioned by the United States were transferred to this corporation which operated them for account of the United States Government.

In July, 1945, I was appointed by the Danish Government as manager of Danish Shipping Board in New York and Danish representative on United Maritime Authority in Washington,D.C.

In 1946 I was delegated as the Danish Government's representative on the United Maritime Consultative Council.

I am now a vice president of Moller Steamship Company, Inc., 30 Broad Street, New York 4, N.Y.

About middle of December, 1946, I am leaving for Shanghai, Hong Kong and the Philippine Islands for which countries I have already received visa.

It is my intention, if permission is granted me, also to visit JAPAN for the purpose of establishing contacts with agents for the MAERSK LINE, visiting shippers and consignees in order to promote trade between the United States and Japan when commercial activities can be resumed.

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 760050.

During my stay in Japan I intend to visit the following firms:

KOBE: Nakamura Steamship Co., Ltd.,
Meikai Building.
Mitsubishi Soko Kabushiki Kaisha,
No. 46, Higashi, Kawasakicho 1 - Chome, Soto-Ku.

NAGOYA: Gomei Kaisha Takahashi Kaisoten,
33 Kobe Kicho 7 Chome.

SHIMIDZU: Suzuyo, Ltd., Kaigan-dori.
Y. Suzuki.

YOKOHAMA: Mitsubishi Soko Kaisha,
No. 4, Kaigandori 2 Chome, Nakaku.
Nakamura Steamship Co., Ltd.,
Mitsubishi Soko Bunkan.

TOKYO: Nakamura Steamship Co., Ltd.,
Yusen Building,

in the itinerary given or vice versa.

The addresses given are the pre-war addresses of the firms which were agents for Maersk Line. Whether they are all still in existence and whether we can employ them again are some of the questions which I would like to investigate.

If necessary, I would appreciate any help in regard to food and transportation from the Army.

I wish to refer to the following gentlemen who will be able to give you any further information you may desire:

Mr. Povl Bang-Jensen, Counsellor,
Royal Danish Legation,
2374 Massachusetts Avenue, N.W.,
Washington 8, D.C.

Mr. Jesse E. Saugstad,
Chief of Shipping Division,
Department of State,
Washington, D.C.

I should appreciate receiving permission to visit Japan as soon as possible.

Very truly yours,

Th. Host

Dear Mr. Saugstad:

I refer to my letter of November 8, 1946, and beg to advise that I have not yet received "permission to depart" from the State Department.

As I am planning to leave about December 10/15 and as it will be necessary after receipt of the "permission to depart" from the State Department to get my re-entry permit, I would be very much obliged if you would kindly expedite the matter or let me know with whom I could get in touch.

I would then, if necessary, go to Washington myself if you should so recommend.

I hate to trouble you with this small matter, but it is of some importance to me to have the matter straightened out in time.

With the kindest personal regards,

Sincerely yours,

Th. Host

Dear Mr. Saugstad:

I refer to telephonic conversation of last night and thank you very much for your promise to forward my application for permission to depart from the United States to the Department dealing with these matters in such manner as to insure quick action.

I enclose herewith the application, in quintuplicate.

For your guidance, I also enclose copy of letter from the Immigration and Naturalization Service, Philadelphia, Pa., dated November 4, 1946.

Permission to depart from my local draft board was sent to Philadelphia together with my application for re-entry permit.

I have now joined the Moller Steamship Company, Inc., for the time being in the capacity of Vice President and it will be for this company I proceed to the Far East - not as Government representative, although I still maintain my government status.

I thank you beforehand for the trouble you so kindly have promised to take on my behalf and remain, with kindest regards,

Sincerely yours,

Memorandum of Conversation

DATE: December 5, 1946

SUBJECT: Military Clearance for Swiss Citizens Going to Japan.

PARTICIPANTS: Mr. Paul R. Jolles, Attaché, Swiss Legation
Mr. Lory, JA

COPIES TO: FE: Mr. Penfield
JA: Mr. Borton
Mr. Emmerson

894.111/12-546

GPO 1—1493

Mr. Paul R. Jolles of the Swiss Legation called on me today regarding the appropriate procedure the Swiss Government should follow in order to obtain permission for Swiss citizens to proceed to Japan. Mr. Jolles referred to SCAP's instructions which state that Governments with diplomatic representation in Japan may receive clearance for additional personnel through their Tokyo representatives' asking SCAP for such clearance.

Mr. Jolles stated that these instructions were ineffective as, under this system, the only method wherein American consuls in Switzerland were informed of this clearance was through cables received by the Swiss Foreign Office from their representative in Tokyo and U.S. consuls would not give transit visas through the U.S. to Japan based on Swiss information alone.

I told Mr. Jolles I would take up the matter with the appropriate authorities and would inform him later of any developments.

To the

American Consular Officer in Charge,

Göteborg, Sweden.

The Secretary of State transmits herewith a copy of a letter addressed to the Department on December 7, 1946 by H. Slettengren, Elof Hansson, Göteborg inquiring whether it is possible for Swedish businessmen to obtain permission to enter Japan.

In this connection reference is made to the Department's circular instruction dated January 17, 1947 enclosing a copy of Circular no. 8 of General Headquarters, Supreme Commander for the Allied Powers dated August 30, 1946 entitled "Control of Entry and Exit of Individuals, Aircraft and Surface Vessels into and from Japan." The Consular Officer in Charge is requested to inform Mr. Slettengren that in accordance with paragraph 7a of the aforementioned circular, his request for permission to enter Japan should be presented to the Supreme Commander for the Allied Powers by the Swedish representative at Tokyo. Mr. Slettengren may also be informed that according to the Department's understanding it is the policy of the Theater Commander at the present time not to give favorable consideration to applications from persons desiring to travel to Japan for business purposes.
