MEMORANDUM FOR: JAPANESE GOVERNMENT

SUBJECT: Dried Skim Milk for School Lunch Program

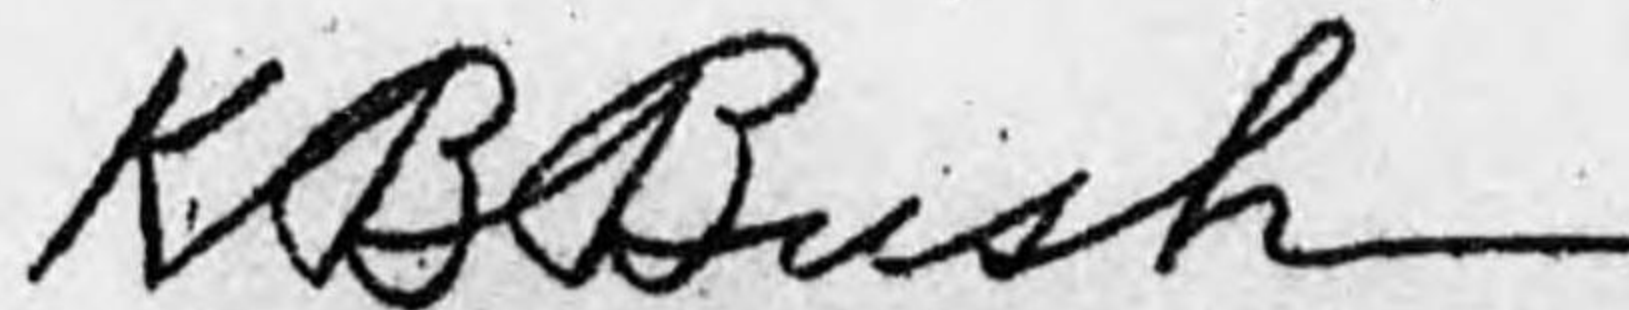

1. Reference SCAPIN 1988, dated 1 April 1949, subject: Yen Counterpart of GARIOA and EROA Imports.

2. In addition to purposes provided in the SCAPIN referenced above and Japanese Government laws, ordinances and regulations enacted in relation thereto, in order to effect offset against the use of foreign exchange, held in the accounts of the FECB of the Japanese Government, for the purchase of dried skim milk for the school lunch program, the Japanese Government will cause sufficient Counterpart Funds to be made available to buy the necessary foreign exchange to cover both purchase and shipment so that the milk will be landed in Japan free to the school lunch program.

3. Procedure for accomplishing action required above necessitates (1) purchase of Foreign Exchange from the Foreign Exchange Special Account by the Foreign Trade Special Account of the Ministry of International Trade and Industry at the time a letter of credit is issued covering a specific contract for the shipment of dried skimmed milk to be used for the school lunch program; (2) billing of the Counterpart Fund by the Foreign Trade S/A upon release of import at time of arrival to agency designated by the Ministry of Education for all yen expenditures made in purchasing foreign exchange for the dried skim milk imports; (3) payment of yen amount billed from the Counterpart Fund to the Foreign Trade Special Account.

4. Total funds to be made available from the Counterpart Fund will not exceed one billion three hundred fifty million yen (¥ 1,350,000,000) and will be applicable to the Japanese Fiscal Year 1950-51 only.
