FLYERS ARRIVE AT OMAHA!

VALLEY GROWTH JUMPS 33 PER CENT

HUGE GAIN IN POPULATION, ESTIMATES INDICATE

Gas Company Puts Total Of Glendale's Residents At More Than 57,000

A gain of 33 per cent in population throughout the San Fernando valley during the first eight months of 1924 is indicated by the fact that the new meters installed by the Southern California Gas Co. have shown that increase over the previous year, according to S. C. Singer, division manager, in charge of the office at 126 North Maryland avenue.

An increase of 41 per cent was registered in 1923, over 1922, Mr. Singer states, adding that he agrees with Peter Diederich, superintendent of plant and production, that average increases of 35 per cent per year in public utilities have been registered in this city for the past three years.

At the end of August, 1924, there were a total of 12,739 gas meters in operation within the city limits, Mr. Singer's records show. At the end of 1923 there were 11,020 meters in operation, and at the end of 1922, which is as far back as his records go, the number of meters in operation was 8,587.

Glendale's Population
Using a ratio of 4 1/2 persons to a gas meter, which is a commonly accepted ratio, the population of Glendale at the first of September, 1924, is estimated to be 57,326.

This is an even higher estimate than that made by Mr. Diederich yesterday, of 54,004 population, based on 13,501 electric meters, multiplied by a ratio of 4 persons to the meter.

Taking the two estimates, adding them together and dividing by two, a fair and conservative estimate of 55,665 present population is obtained.

DEMAND RANSOM

LOS ANGELES, Sept. 17.—Ransom of \$2000 for the return of Nina and May Mather, missing since August 23, was demanded in a message written with chalk on the sidewalk next door to the residence of the girls' mother, Mrs. Paul Buus. The writing was discovered by Mrs. Phyllis Spinney, a neighbor.

MUSSOLINI ANSWERS

NAPLES, Sept. 17.—In a speech delivered here today, Premier Benito Mussolini declared he recognized the existence of a party in opposition to the Fascists, but that he was unable to support their "calumnies."

ESCAPE WITH \$5000

DETROIT, Sept. 17.—Two bandits held up Joe Gill, a collector, and escaped with \$5,000.

Salt Lake Railroad Gains Right To Build New Line

SAN FRANCISCO, Sept. 17.—Reducing the number of proposed grade crossings from 40 to 4 and providing for seven separated grade crossings, two of which are separated crossings with railroads, and the installation of interlocking plants for the protection of two crossings with highways, the State Railroad commission today authorized Los Angeles & Salt Lake railroad to proceed with construction of its new line into the Los Angeles harbor.

Glendale Man Hurt Fighting Fire

Prisoner Doesn't Wait for Lawyer To Get Him Free
Attorney W. Claire Anspach of 111 East Broadway has a real grievance against the city jail for its failure to hold his client, sometimes known as Richard Allen and at other times known as Walsh, the daring burglar who last night flew the local coop.

DARING DASH TO LIBERTY AS SHOTS GO WILD
Prisoner Believed to Have Long Record Bends Bars On City Hall Cell

Secures Permits To Build Seven Houses, Plans Seven Others
Howard R. Bowers of 2040 Chilton drive, today swelled the September building total to \$388,615, and the year's total to \$7,459,834, by bringing in \$28,000 worth of permits, representing seven \$4000 homes he will build at once in Glendale. He has built 111 houses in the past twelve months, most of them in Burbank, and declares that henceforth all his building will be done here.

CRUSHED ON ROCK WALL, PAINFULLY INJURED
J. E. Shuck Is Brought to Glendale for Treatment; Flames Being Checked

Offer Up Prayer For Aid In Fight Against Big Fire
LOS ANGELES, Sept. 17.—Prayers for Divine assistance in combatting the forest fire which has been raging for more than two weeks in Angeles forest were offered today throughout the fire-threatened district.

Legion Votes Convention To Omaha
ST. PAUL, Sept. 17.—Omaha, Neb., will entertain the American Legion convention of 1925. By a vote of 512 to 441, the Nebraska city won the honor over Fort Worth, Texas, after several hours of oratory indulged in by proponents of the contesting cities.

PLANES BEAT SCHEDULED TIME BY ALMOST 1 HOUR
Ten Thousand Persons on Field to Greet Aviators As They Make Stop

OMAHA, Neb., Sept. 17.—Swooping down on Jarvis flying field among the deafening cheers of 10,000 spectators, Lieutenant Lowell H. Smith and his army around-the-world flyers arrived in Omaha at 12:50 p. m. this afternoon from Chicago.

Excellent flying weather which the flyers encountered twenty minutes out of Chicago enabled them to get into Omaha nearly an hour ahead of time.

Easy Landing
When his plane had made contact, it was so light that hardly a dust cloud was stirred.

Eleven planes from Omaha, three accompanying the flyers from Chicago and four of their own landed in the same manner.

After that they were taken on an inspection trip of the field and then to their hotel where they asked to be allowed to take a good rest. They will return to the flying field late this afternoon to inspect their machines and be ready to hop off for St. Joseph, Mo., at 7 a. m. Thursday.

Sewer Bonds Awaiting Delivery to Purchaser

The \$652,000 block of 1924 sewer bonds purchased by the Bank of Italy, Los Angeles, are now ready for delivery, states J. C. Sherer, city treasurer, but have not yet been called for by officials of the bank. A letter reached the City Council this morning from O'Melveny, Millikin, Tuller & MacNeill, sewer bond attorneys, stating that the proceedings awarding the bonds to the bank of Italy as successful bidders were without fault and when delivered will constitute legal and binding obligations of the city of Glendale.

CRUDE OIL LOWER

TULSA, Sept. 17.—Mid-Continent crude prices were lowered 25 cents a barrel today by the Prairie Oil & Gas Co., making its top price \$1.25 for 33 and above gravity; \$1 for 30 to 32.0 gravity, and 85 cents for below 30 gravity.

Chekiang Defenses Holding, With Fighting Less Severe

SHANGHAI, Sept. 17.—Repulsing the determined Kiangsu attack at Liuhou, the Chekiang defenses today were intact along the battle line surrounding Shanghai. Fighting is reported less severe all along the line, both sides apparently resting while awaiting troops with Marshal Wu Pei Fu and General Chang Tso-Lin rushing thousands of soldiers to the region of the great wall. Peking reports the seizure of 2,000 railway cars.

MINE BLAST DEATH TOLL 36, BELIEF

Check Up Shows 48 Men Working Under Ground As Explosion Occurs

KEMMERER, Wyo., Sept. 17.—The probable toll in the explosion in mine No. 5 of the Kemmerer Coal company at Sublet, near here, was reduced to thirty-six today when P. J. Quealy, president of the company, announced at 9 o'clock that a checkup of the company's lists showed that only forty-eight men were in the mine when the blast occurred.

REACHES PEAK LOAD

CLEVELAND, Sept. 17.—The Cleveland Electric Illumination Co. load line which is regarded as an accurate barometer of business and news here reached the peak of its season last week.

Chess Champion

FULLERTON, Sept. 17.—E. P. Elliott, recently recruited to the rank of real estate brokers in this city, is a chess champion of no mean ability. He comes from Minneapolis. At the convention of the California Real Estate association in Pasadena next month Elliott will meet the best chess playing brokers, it is reported, in a tournament which should prove of equal interest to the golf and horseshoe play.

LOST WEDDING RING

BALBOA, Sept. 17.—Somewhere there is a woman who on June 24, 1913, promised to "love, honor and obey," and who is doing without a most precious token commemorating that solemn occasion. For a wedding band bearing the inscription, "June 24, 1913," was found underneath a board in the pavilion here.

FLOOD CLAIMS MANY

TOKIO, Sept. 17.—Although the number of deaths has not yet been estimated, it is believed to be large as a result of floods following in the wake of torrential rains which inundated many villages near Tokio and also flooded sections of the capital. In Tokio alone 40,000 houses were flooded.

CONSTABLE SHOT

LOS ANGELES, Sept. 17.—According to word reaching the sheriff's office, Constable A. Larson of Cucamonga was shot early today in a gun duel with a Mexican who also was wounded but made good his escape on the foothill boulevard, driving toward Pasadena.

KILLED BY EXPLOSION

BEACON, N. Y., Sept. 17.—Two tremendous explosions today wrecked the fireworks factory of Joseph Chiarella and a number of homes, killed Louis Fabiano, an employe, and made scores homeless in Beacon and vicinity.

DAVIS CONFIDENT

DES MOINES, Iowa, Sept. 17.—John W. Davis returned to the corn belt today openly predicting his election to the presidency.

\$50,500 ON FIRST DAY OF DRIVE

Great Cheer Goes Up When Hands of Huge Clock Indicates Result

The first day's drive for the \$275,000 building and equipment fund for the Y. M. C. A. brought in pledges totaling \$50,500, according to the figures compiled.

SIX-DAY SCHEDULE

PITTSBURGH, Pa., Sept. 17.—Orders are out to begin a six-day week schedule at the Nemacolin works of the Buckeye Coal Co., at Uniontown.

CHARGE OF FRAUD

WASHINGTON, Sept. 17.—Charges that fraudulent duplication of government bonds had taken place in the bureau of engraving and printing were made today before the house banking and currency committee by Charles B. Brewer, who was appointed by the committee to investigate Secretary of the Treasury Mellon's formal denial that bonds had been duplicated.

U. S. MARINES LEAVE

WASHINGTON, Sept. 17.—The American marines who landed at Ceiba, Honduras, have been withdrawn, said a dispatch to the navy department today from the destroyer Rochester, which has sailed from Ceiba to Cela. The destroyer Galveston is remaining at Ceiba.

INDICT FORMER OFFICIALS OF BANK

ST. JOSEPH, Mo., Sept. 17.—L. C. Smith and G. M. Smith, former officials of the defunct Commonwealth National bank of Kansas City, were indicted here this afternoon by a federal grand jury of misappropriating \$4,000,000 of the bank's funds. Several others were indicted in connection with the bank's failure, but their names will not be made public until arrests are made.

COOLIDGE EXPLAINS WILBUR RECALL

WASHINGTON, Sept. 17.—Secretary of the Navy Wilbur has been recalled to Washington from the Pacific coast to consult with President Coolidge on naval problems, and not because of any public statements he has made on international relations or politics, it was announced officially at the White House today.

WASHING TON, Sept. 17.—

Charges that fraudulent duplication of government bonds had taken place in the bureau of engraving and printing were made today before the house banking and currency committee by Charles B. Brewer, who was appointed by the committee to investigate Secretary of the Treasury Mellon's formal denial that bonds had been duplicated.

CRUSHED ON ROCK WALL, PAINFULLY INJURED

J. E. Shuck Is Brought to Glendale for Treatment; Flames Being Checked

Suffering from three broken ribs and with the ligaments of his right side badly torn when a pack mule, carrying provisions and supplies to the men battling the San Gabriel canyon fire, crushed him against a rock, J. E. Shuck was brought to his home in Glendale after he had been given emergency treatment at the hospital that is being maintained inside the fire zone.

A check of the men sent out to the fire zone by the Glendale unit of the Angeles Forest Protective Association fails to show the name of J. E. Shuck, says Chief P. J. Hayselden, who is of the opinion that the injured man was either a volunteer fire fighter or one who had been drafted to cope with the flames.

DARROW TO DEFEND

CHICAGO, Sept. 17.—Clarence Darrow, chief of the defense counsel in the Leopold-Loeb trial, who planned retirement from active practice with the crowning achievement of his career—life sentences for the slayers of Robert Franks—today was preparing to enter the lists again, this time to fight for the life of Bernard Grant, 19, awaiting execution for the murder of Patrolman Ralph Souders.

RECORD GROWTH

LOS ANGELES, Sept. 17.—With the most phenomenal growth ever recorded by any port in the entire world, Los Angeles harbor commerce has increased 1700 per cent in the past five years, according to port statistics revealed here today.

GREAT OIL FIRES

MOSCOW, Sept. 17.—The entire male population of Baku, in trans-Caucasia, has been mobilized to fight immense oil fires. Thirty-seven wells already have caught fire, together with many reservoirs for storing oil.

RESCUES SHIPWRECKED

VALENTIA, Ireland, Sept. 17.—The British destroyer Sea Wolf reported by wireless today it had picked up the crew of the wrecked British steamship Asian, en route from New Orleans. The Asian went ashore near here.

CRUDE OIL LOWER

TULSA, Sept. 17.—Mid-Continent crude prices were lowered 25 cents a barrel today by the Prairie Oil & Gas Co., making its top price \$1.25 for 33 and above gravity; \$1 for 30 to 32.0 gravity, and 85 cents for below 30 gravity.

Thursday, Friday and Saturday — Sept. 18, 19, 20 New One Cent Sale

"Idea" Everyone is acquainted with the old One Cent Sale idea—you buy one item at the regular price and get a second one for one penny more. We are improving upon it. Instead of having to buy two articles of identical kinds, you can buy two articles of different kinds. They must be even prices. You buy one article and add 1c and get the second article. Read through the wonderful list below.

Not an lota of Quality is sacrificed in making the marvelous offers which are practically Half-Price. Everything of standard high grade and freshness.

How Can We As an advertising stunt, the one cent sale idea has no equal. Manufacturers realize this fact and co-operate with us by furnishing these goods at a reduced cost to us on condition that we also share our profit with the consumer. Thus once a year you get a chance to buy and try at practically half price. The items must please you if either we or the manufacturers are to profit later on.

FASHION CENTER BIRTHDAY PARTY

Store Starts on Its Third Successful Year With Big Reduction Sale

A money-saving birthday party starting 8:30 o'clock Thursday morning, September 18, and continuing into the middle of next week, will mark the second anniversary of The Fashion Center, Inc., 202 South Brand boulevard, announce M. J. McKinnon and R. L. Dines, proprietors.

In anticipation of the great throngs that will start off this well-known women's store on its third successful year, Messrs. McKinnon and Dines state that arrangements have been made for extra sales people and alteration women, so that patrons will experience no delay in obtaining their selection of the hundreds of attractive new articles offered, at reductions as great as 50 per cent.

Offer Big Values

Eastern buyers of the firm have been searching the New York market for weeks, seeking values that would be worthy of such a birthday party as The Fashion Center, Inc., now offers, the proprietors state. These values have been found and quantities of select garments shipped to the store, where they will be offered in four great groups, at prices of \$9.95, \$14.95, \$19.75 and \$23.95, including dresses, coats, furs and sports wear, all of which have been marked at very small margins, as an expression of thanks on the part of the management to the women of Glendale for their consistent patronage over a period of two years.

The entire stock of fur-trimmed coats has been marked one-third off, according to the proprietors, while furs have been reduced 50 per cent. Over 300 chic fall hats will be for sale at the most surprising prices, while stunning suits and coats for the stouter figure will be offered as well as lovely things for the slender models.

Double Business

"Last year we doubled our business, and we aim to double it again this year," says McKinnon. "The women of Glendale have been quick to recognize the values we have offered at The Fashion Center, Inc., and in this second anniversary sale it is our desire to express our appreciation of their patronage by giving them the greatest values in our history. No trouble or expense has been spared to comb the markets of the east for the superior goods we will sell at bargain prices during this sale, and we are satisfied the women of Glendale will be quick to recognize that this is indeed a money-saving birthday party to which we are inviting them, starting Thursday morning."

Oratorio Department Holds First Meeting

John Smallman, vocalist and director, greeted the oratorio department of the Glendale Music Club last night at the Harvard High school in the first meeting of the fall season. Meetings are to be held every Tuesday and Saturday night at the same place. A large and enthusiastic group was present for the rehearsal of Russian folk songs. Later work will be begun on Handel's "The Messiah." Mrs. F. H. Wallace, chairman, and Mrs. Robert T. Young, secretary, are endeavoring to enroll all song lovers in Glendale. The dues are only 50 cents a month and, according to the members, the training under Mr. Smallman is a real privilege.

Wakefield's Blackberry Balsam

DELEGATION FROM MARS IS COMING

Eagle Rock Players Prepare For Event; Chamber of Commerce Election

EAGLE ROCK, Sept. 17.—A delegation from Mars will alight here on September 25 and entertain the Earthlings of this vicinity. It is learned from Mrs. Elgie Lowry Fischer, who is known to be one of the intimates of the Martians.

All who wish to learn how the inhabitants of the neighbor planet hold their spoons when they eat, and whether divorce is prevalent up there, are invited to be present at the Women's Twentieth Century clubhouse at 8 o'clock the night of September 25, when the Eagle Rock Community Players will stage their next production.

C. of C. Election

Considerable interest is evident in the Chamber of Commerce election now pending. Following the organization of a "Citizens' Committee," of which J. B. Brown is president and Sidney Smith secretary, the Chamber of Commerce members have been urged by that group to vote for twelve men recommended as an efficient body to serve on the board of directors for the coming term. These are J. C. Clausen, B. S. Cotner, O. F. Kroehle, K. L. LaFollette, H. W. Maxson, Page Noll, C. W. Preston, Charles Lindsley, Emil Swanson, W. T. Ward, Walter S. Mann and C. W. Young.

Explosion Victim

That Walter DuBois, aged 7, who was badly burned in a dynamite explosion recently, will recover, and that it will probably not be necessary to remove his eyes, which were injured by a piece of steel, is the report from the Glendale sanitarium, where the child was taken following the accident.

The accident is said to have occurred after Walter found a dynamite cap left at a grading camp in Eagle Rock. The child became curious to know what his new plaything might be, so took it home, and laying it on the sidewalk, pounded it with a hammer. A terrific explosion resulted.

Legion Meeting

The American Legion will meet in the basement of the public library at 8 o'clock tonight, September 17. Many important matters are to be brought up for discussion. All ex-service men, whether members or not, are urged to attend. Refreshments will be served. Strangers are especially invited to come and get acquainted.

EXPOSITION GETS GREAT PUBLICITY

San Fernando Valley Gains Through Industry Show Given at Burbank

BURBANK, Sept. 17.—It is estimated by Manager J. W. Charleville of the Burbank Chamber of Commerce that fully 20,000 people passed through the gates of the San Fernando Valley Industrial exposition that closed Saturday, September 13.

According to Mr. Charleville, because of the success of the first effort in giving an exposition worth while, it is definitely decided to make the affair an annual event. With the experience of this year it is believed that it will be much easier to make next year's exposition bigger and better than the one which has just come to a close.

Financial Estimate

The financial end of the exposition had not been brought up to date sufficiently for a detailed statement as to the receipts and expenditures, but, from a general sizing up of the situation, it appears it will about break even. If this proves to be the case, Mr. Charleville feels that the exposition was well worth the effort.

That the valley received a great deal of publicity is evident from the thousands of columns accorded the exposition by the papers of the district, including the big Los Angeles dailies. There were twenty-six newspapers which reported publicity matter regarding the exposition throughout the period leading up to the opening and throughout the week of the show.

Plenty of Publicity As a result, hundreds of columns, illustrated more or less with pictures, were given, all of which would have cost thousands of dollars if paid for, declares Mr. Charleville and much of which could not have been purchased at any price.

Mr. and Mrs. E. E. Squires were over from Los Angeles the first of the week calling on their friends, Mr. and Mrs. J. M. O'Hill, on Orange Grove avenue. The two families were former neighbors back in Colorado.

O. B. Staples Buyer Of 2-Story Building

O. B. Staples of Hollywood yesterday bought from L. H. Wison, realtor, 1034 South San Fernando road, the two one-story concrete buildings at 518 to 524 West Garfield street, the consideration being \$30,000. The buildings measure 50 feet by 90 feet, and one of them is now occupied on a five-year lease by the Pacific Lighthouse corporation. Mr. Staples has bought other property in Glendale and is planning still further investments here in business buildings.

Rev. Cole to Lecture On His Trip Abroad

Rev. Clifford A. Cole, pastor of the Central Christian church, who returned recently from a foreign journey, will take Glendaleans with him tonight about the city of London in a travelogue, illustrated with pictures, many of which he secured while abroad. In addition to describing the city itself, Mr. Cole will give as feasts trips to Oxford, to Windsor castle and to Stoke Pogis church, which served as a model for the Little Church of the Flowers in Forest Lawn. The lecture will begin at 8 o'clock, following the "Church Night" dinner at 6:30 o'clock. The public is invited to attend.

ODD FELLOWS' LODGE

Further organization of the new Odd Fellows' lodge of Crescenta valley will take place tomorrow night at a meeting held in the new building at the corner of Los Angeles street and Honolulu avenue, Verdugo city. The meeting is to be held at 8 o'clock and new members are solicited.

GASOLINE PRICE WAR

Haverhill, Mass., Sept. 17.—A gasoline price war here has driven the prices down from 20 cents a gallon three weeks ago to 12 cents.

City Teachers' Choral Club In 'Home Coming'

"Home coming" was celebrated by the City Teachers' Choral club Tuesday night, when they entertained for Glendale teachers at the Glendale Intermediate school. Mrs. G. H. Harn, Miss Helen Reynolds, Miss Ethel Land and Miss Elsa Brenneman and the officers of the organization acted as hostesses to the 100 guests who enjoyed the informal gathering. An impromptu program, when the members from each school presented a number, proved very entertaining. The teachers from the Wilson Intermediate acted as judges. The Columbus avenue group served light refreshments at the close of the evening.

SERVE 'Y' WORKERS

Members of the aid society of the Presbyterian church are preparing the meals for the Y. M. C. A. drive which started Tuesday night and the women of all the other churches in Glendale are taking their turn in serving. Tuesday night the Methodist women did the serving.

CANNED SALMON LEADS

JUNEAU, Alaska, Sept. 17.—Canned salmon led the Alaska exports in August with a valuation of \$6,500,000.

Boy Scouts Prepare For All Day Outing

The first annual gathering of Troop 11, Boy Scouts of America, and their parents will be held Sunday, September 21, the place of meeting to be announced in Saturday's issue of the Evening News. Parents and other members of the families of Scout members are extended an invitation to attend this picnic and all-day gathering, and a large crowd is anticipated. A big basket lunch will be served at the noon hour. A program is being arranged and many interesting events will be included.

Scoutmaster Lowry has a number of prizes, donated by a few of the Scouts, who are anxious to make the meeting a success. Among the prizes offered are: Glo Ben watch, telescope, pair of roller skates, three flashlights, cap, three boxes of candy and one Boy Scout canteen. Mr. Lowry expects by the end of this week to have a complete list of the prizes and donors to be published, also final instructions to the boys regarding the event.

All members of Troop 11 are requested to be in attendance at the meeting to be held Friday night at the Broadway Intermediate school and give a report of the number expecting to attend the picnic and also report means of transportation.

AT LA CRESCENTA

LA CRESCENTA, Sept. 17.—Mr. and Mrs. Thomas S. Brown of West Montrose avenue have gone to Catalina Island, where they will spend the week at the Elks convention. Mr. and Mrs. William Singleton of West Honolulu are also on the island this week with the Elks.

Mr. and Mrs. George Foote have leased the Gould property on East Montrose avenue. Mrs. M. Arnold of East Prospect avenue is at home again after visiting in Riverside where she was called by the illness of one of her family.

A complete list of the birds having their habitat in Griffith Park is posted in the La Crescenta branch of the Los Angeles Free

Library. This list, which was sent at the request of Mrs. Mary B. Darrow from the Audubon Society of Los Angeles, contains a grouped list of the birds that are permanent residents of the park, the summer visitors and the winter tourists.

The last of the famous Busch chicken ranch is being razed to make room for neat modern bungalows.

Capital invested in the coal business of the United States totals \$2,330,000,000.

PLAN TO HALT PROMOTERS' ASSAULTS

C. of C. Directors Move to Stop Bogus Operators Visiting Merchants

Plans for the protection of Glendale merchants from the illegitimate solicitations of "fly-by-night" advertising promoters were launched at last night's board meeting of the Chamber of Commerce when Secretary Howard I. Wood was authorized to investigate the possibility of establishing a system of reports between the local organization and other similar bodies in this section, with a view to halting the systematic raids that are constantly being made on the Glendale business men.

It was suggested that regulations be adopted whereby only those solicitors who can submit convincing proof of the merit of their proposals shall be authorized to seek business from the local business community, and those who fail to pass this preliminary test will not only be barred from operating here but the details of their schemes will be communicated to other commercial bodies. The assistance of the Glendale Advertising club will be sought in carrying out the plan.

University Branch
 A special committee consisting of W. E. Evans, John Robert White, Jr., and E. P. Hayward was appointed to investigate the possibility of the location of a southern branch of the University of California in Glendale, following the appearance of Mr. Hayward before the board and his statement that he has been informed that the establishment of such a branch is being contemplated.

The possibility of the establishment of a branch of Mooseheart, the home of the Loyal Order of Moose, in Glendale, was also discussed following the visit of an organizer for the order who is said to have stated that such a move is being considered. Secretary Wood was instructed to communicate with Secretary of Labor Davis, the head of the Moose, to secure details regarding the proposed founding of the branch in this state.

Municipal Auto Camp
 Reporting on the proposal to establish a municipal auto camp ground, L. H. Wilson told of the statement made at a conference with the City Council, that there is no money available with which to finance such a project at this time and that there is no site that could be used for it, and he stated

The Evening News Given Praise for Journalistic Worth

The Glendale Evening News is in receipt of the following self-explanatory communication from the office of the General Assembly of the Presbyterian church, located at Philadelphia, signed by Walter I. Clarke, head of the publicity department:

"A. T. Cowan,
 "The Glendale Evening News,
 "139 South Brand Blvd.,
 "Glendale, Calif.
 "Dear Mr. Cowan—I want to express my personal and official thanks to the enterprise of the Glendale Evening News in its conspicuous and comprehensive reports of the Presbyterian Synods of Arizona and California. I would have expressed myself sooner, but this matter has just come to my attention.
 "My professional pride as an old newspaperman is deeply stirred by the general typographical appearance and sterling journalistic worth of your paper, and my denominational pride is aroused by the marked recognition which you have given to our church as a matter of front page news.
 "I congratulate also the merchants of Glendale on the great layout of display ads under the heading 'Glendale Welcomes Visitors to Presbyterian Synod.' I am going to call the attention of all our 10,000 Presbyterian pastors to this enterprise and emphasize the possibilities latent in other communities.
 "Sincerely yours,
 "WALTER I. CLARKE,
 "Manager Publicity."

Western Rangers Seek Additional Members

Meetings of the Western Rangers, Glendale council, a boys' organization, are held at the Wilson Intermediate school each Monday night at 7:30 o'clock. Boys ranging from the ages of 11 to 16 are eligible to membership and are urged to attend the meeting. After the beginning of the fall vacation the members are planning to take a hike to Portuguese Bend and are looking forward with much interest to this event. The organization has a membership of fifteen but it is expected that this number will increase. During the summer the Rangers went to Camp Seelye, Camp Radford, Catalina Island and through Hopi Land.

Harry C. James is the chief of the organization and Charles Perlee is the guide.

Right to operate 300 rolling chairs at Coney Island this summer was sold for \$40,000, and the concession for operation of beach chairs with large umbrellas brought \$42,200.

MRS. TOLL IS HONORED AT LUNCHEON

Officials of Tuesday Club Give Pleasing Affair to Beloved Member

Mrs. Charles H. Toll, beloved member of the Tuesday Afternoon club, had a rather belated, but very happy birthday party yesterday, when officers of the Tuesday Afternoon club arranged a surprise luncheon in her honor, inviting Mrs. John C. Urquhart, president of the California Federation of Women's clubs, other state and district club leaders, chairmen and curators of the Tuesday Afternoon club and club editors.

It was a most happy surprise for Mrs. Toll for she came to the clubhouse thinking she was to meet the Tuesday Afternoon club board members. Added surprise for her, as well as for the majority of those present, was to learn after the luncheon hour that the affair was to celebrate Mrs. Toll's birthday, which occurred August 16.

Guests Walk Backward
 Mrs. Daniel Campbell, junior past president of the club, directed the company into the Italian tea room for luncheon. She asked each one to walk backward through the doorway. This was explained later by Mrs. Montgomery, club president, who said the club members are looking back on a wonderful year. In leaving she asked them to walk directly out the door, for they were facing a promising year ahead.

The luncheon tables were arranged most artistically. Mrs. Fred Abbey and her committee of hospitality had charge of the luncheon. Mrs. J. H. Toal, chairman of decoration, arranged the table decorations in blue and yellow.

Estelle Brain, curator of the Arts and Crafts department, made the clever little placecards, white cards bearing a Browne head in yellow, and the name and greeting.

At Table of Honor
 Seated at the table of honor were Mrs. John C. Urquhart, Mrs. Charles H. Toll; Mrs. D. G. Stephens, president emerita of the Santa Monica Bay Woman's club; Mrs. Harry S. McCormack, corresponding secretary of the Los Angeles district; Mrs. Harry Greenwalt, president of the Woman's Parliamentary Law club of Glendale; Mrs. R. W. Meeker, chairman of Redwood fund for the Los Angeles district; Mrs. Mabel Franklin Ocker, chairman of Indian Welfare for the Los Angeles district; Mrs. Florence Dobinson. Others present were Mesdames Daniel Campbell, C. E. Hutchinson, past presidents of the club; Mesdames A. H. Montgomery, John Robert White, Homer D. Lockwood, C. O. Kling, A. R.

(Turn to page 6, cols. 5-6)

Mrs. Daniel Campbell Federation Secretary

"Some federation secretaries are good, some better and some best," was the thought-stirring declaration sent out in her president's letter by Mrs. Charles H. Toll, president of the Los Angeles district, California Federation of Women's clubs, to the 192 clubs in her district.

This declaration from the district president was happily received by Tuesday Afternoon club officers and members, for they feel that they have in Mrs. Daniel Campbell, junior past president and federation secretary, a federation secretary who is one of the best.

At the luncheon for Mrs. Toll yesterday, Mrs. Campbell spoke enthusiastically of her work for the year, making a plea for cooperation from the club members, and stating that it would be her endeavor to have the Tuesday Afternoon club represented at every district meeting held during the year.

Young Matrons Plan To Aid Girl Scouts

Sponsoring a troop of Girl Scouts will be one of the interesting activities during the coming year of the matrons' and young matrons' department of the Tuesday Afternoon club. Mrs. C. G. Putnam is to again serve as curator, and she is delighted that her department is heartily in favor of adopting a group of the Girl Scouts.

John Cotton Speaker At Art Association

John Cotton, Glendale artist, is to conduct a round table on "Present Day English Artists" at the meeting Friday night of the Glendale Art association at the Public Library. Mrs. Roy Ballagh, club president, is anticipating an interesting meeting, and urges all artists and art lovers to attend.

A universal language is likely to result from the radio, according to scientists.

Prepare for Opening Of Dobinson Players

Rehearsals are being held regularly in the Tuesday Afternoon club theatre by the Dobinson Players, who open an engagement there October 1. Hearty co-operation is being offered Mrs. Florence Dobinson on every hand, and she is greatly gratified over the spirit in which Glendaleans are receiving her company.

In order that the scenery of the company can be handled satisfactorily and to provide additional dressing rooms, Mrs. Dobinson had a large prop building built on the club property directly back of the auditorium. This building will be covered with vines and will in no way detract from the appearance of the club grounds.

Congratulations are coming to Mrs. Dobinson from all parts of Glendale and neighboring cities. One man in Torjunga sent her a check for several season tickets, and added: "We have been looking for this for a long time."

Executives Outline Tuesday Club Budget

Financial finesse of Tuesday Afternoon club executives is seen in the splendid management of club affairs last year and a preview of the coming year as outlined in the budget of \$20,915.51, submitted at the executive board meeting yesterday morning at the clubhouse.

The budget last year was \$26,500, which was complied with in detail and, in addition, \$5000 was paid off the principal and interest on the \$50,000 debt to L. C. Brand. It will be seen that the budget for 1924-25 is about \$6000 less than last year.

Particularly gratifying to the club officers is the splendid beginning made by Mrs. Homer D. Lockwood, second vice president and chairman of ways and means, who has raised \$800 since assuming her chairmanship in June.

A traveling ironing board, with compartment for a flat electric iron, was invented by a woman who now manufactures them.

Remove Power Poles From Glendale Streets

The disappearance of the power poles from Maryland avenue, between Broadway and Harvard street, marks a continuation of the city's policy of removing poles from streets with ornamental lighting standards, wherever possible, according to Peter Diederich, superintendent of plant and production.

On Broadway from Everett street east the conduit is all in place for the Union Metal standards soon to go in. Mr. Diederich reports, and the foundations are now being set up. This job should be finished in six weeks, he states, while the Union Metal standards should be complete on Glendale avenue from San Fernando road on the south to Monterey road on the north, within ten weeks.

Grass seed was sown by airplane over 640 acres of land in Florida in twenty minutes. Had the work been done by hand, it would have required the efforts of two men for thirty days.

The Folly of Fighting Disease

By C. H. Woodward

"**A** BOUT a year ago I was very much run down. Was habitually constipated, suffered with acidity of the stomach and was a nervous wreck. Seeing your advertisement, I sent for one dozen tins of Whole Grain Wheat. After using it, found great improvement in my condition. My trouble has entirely left. I have used Whole Grain Wheat continuously for a year now, and I find I have no need for medicine any longer, as the food keeps my system in good condition."

Thus wrote a Mr. Nicholson, whose address will be furnished upon request.

Mr. Nicholson gave up fighting constipation when he began using Whole Grain Wheat. He did not have to fight it any longer.

The Red Flag

He came to realize that constipation is merely the red flag which nature puts up to warn the sufferer of a breaking down of the functions of nutrition, and that if this breaking down is not corrected, disease and death sooner or later will inevitably follow.

Results

You cannot be well if you are constipated, because you are not taking into your body as food what the body requires to carry on the life processes, and the absorption of poisons undermines the health. You are slowly starving to death, though you may be gaining weight and putting on fat. You are surrendering your body to attacks of infection and all the enemies of life, which you are defenseless against.

Cause and Correction

But Mr. Nicholson did not correct his condition by correcting constipation. He did exactly the reverse. When he corrected his eating habits he automatically corrected constipation and also restored his nerves and re-

moved the acid condition of his stomach. The man who fights constipation is merely pulling down the red flag periodically, only to find later that nature has raised it again. The things commonly done to relieve that specific condition damage the functions of the body and add to the potency of the forces of dissolution and death, which are set at work when one neglects the nutrition of the body.

Why Not Be Free?

Constipation is one result of the lack of certain elements in the food. There is not enough bulk element in it or mineral substances, or a presence of the three vitamins.

Of course, many other conditions result from the lack of these substances, but none is so universal as constipation.

Your one problem is how to obtain these three essentials in your daily food. Whole Grain Wheat is the only single substance known to man which can supply them.

Whole Grain Wheat is wholly and distinctly different from any other food in the world today. It is different from

wheat in any other form except the natural, raw, ripe grain as it grows in the harvest fields. It is identical with raw wheat in its constituent elements, though it is cooked ready to eat.

Constipation and most of the other physical ills of modern civilization can be traced to the use of denatured foods.

More than 74 human ailments, ranging from constipation to cancer, have responded to the use of Whole Grain Wheat, tending to prove that disease—any disease—is merely altered function due to lack of replenishment of the blood stream.

Why continue day after day in suffering when permanent relief may be had so easily?

The Guarantee

Skeptical humanity looks for the complex and overlooks the simple, obvious things too often.

Because of this skeptical attitude, Whole Grain Wheat is sold under the definite and literal guarantee that it will benefit the user markedly, both mentally and physically, if eaten merely twice a day for 24 days. If after so eating it, the user does not know that such benefits have been received, markedly, mind you, the purchase price will be returned without argument, the user to be the sole judge.

Where Obtainable

Whole Grain Wheat is available in Glendale only through the Glendale Food & Health Clinic, 121 South Orange street. In cases of one dozen tins, (sufficient for twenty-four days for one person) at \$2.25, or in cases of four dozen tins at \$8.30. Delivered. Glendale readers telephone orders to Glendale 2266-M or call at our office between 8:30 and 5:30 any day.

Warning

Do not confuse home cooked wheat with Whole Grain Wheat. Mrs. Bradley of Montrose, after using two dozen cans of Whole Grain Wheat and being cured of chronic constipation and neuritis, tells us she tried cooking some of the whole grains of wheat herself and her neuritis and constipation returned, but as soon as she returned to eating Whole Grain Wheat she was completely relieved; showing that the preparation of the whole grain of wheat by cooking in a fireless cooker, pressure cooker or in any open or closed vessel changes the chemical elements and their relationship to such an extent that the wheat is no longer a perfect food.

An Open Letter

LONG BEACH, CALIF.
 August 2, 1924.

California Food and Health Clinic,
 Los Angeles, California.
 Dear Sirs:

For the sake of the many thousands who are suffering from the same conditions I was cured of, the many more who are below par and suffering from the other forms of disease which can be cured exactly as my trouble was, I wish to state my case that others may profit by my experience.

For twenty-five years stomach trouble and constipation had been the rule in my life. I had poor physical endurance, restless sleep, frequent headaches, and customarily a bad breath.

Whole Grain Wheat and your recommendations have done for me within the past two months what physicians' prescriptions and treatment in this country and Europe had not been able to accomplish over those many years. The best medical skill seemed unequal to the problem of how to keep me well.

Had my physicians known clearly the intimate relation between natural food and health, and realized the vital part to be played by natural food in the building and maintenance of health, undoubtedly my experience would have been very different.

I instinctively knew that my health could not depend upon any form of treatment, and clung to the belief that it was a matter of food. But I thought my trouble resulted from something I was eating. I now know it was something I was not eating. I was not making it possible to keep my blood stream at normal, and hence could not be well, because I was not eating food that contained all of the elements constantly required by the blood.

Recognizing the relationship of food to health, a physician friend referred me to you, and when you explained why denatured or "refined" foods were dangerously altered and unbalanced foods and must inevitably cause altered function in the body organism, and that natural food, undenatured and unrefined, more than all else besides, would build and maintain health by maintaining the blood stream at normal. I began to feel that at last I had found the information for which I had been seeking for so many years.

Suffice it to say that, while you told me that I might expect good results in a week or two, Whole Grain Wheat, to my relief and surprise, began to show me in three short days the magic power of natural, undenatured food to restore normality to the body. I now enjoy not only a degree of vitality and clearness of brain that I had not known for years, but relief from stomach trouble and poor elimination and bad breath as well.

Sincerely,
 Walter W. Strong.

Daily Greeting To News Readers

It was out of the cloud that the deluge came, yet it is upon it that the bow is set. The cloud is a thing of darkness, yet God chooses it for the place where He bends the arch of light! Such is the way of our God.—Anonymous.

FOR GOOD OF HUMANITY

Jimmie Murphy in New York and Norbert Wiley in Chicago were the human sacrifices offered up to Speed and Thrill in one day this week. Those who risk their lives in this way usually lose them sooner or later in the pursuit of their death-defying stunts. Jimmie Murphy was a Southern California favorite, many times a winner of big prizes and often the recipient of the plaudits of the crowd, but neither will avail him now, and in a few years race fans, if they hear his name, will ask: "Who was Jimmie Murphy?" The kind of fame that racers and stunt performers win is dearly bought and short-lived.

We shudder with horror at the picture of the dying gladiator in the arena at Rome and the cheering thousands who have come for a thrill. Two thousand years have passed since that gladiator gave the Roman populace an exciting half hour, but human nature has not changed a whit since that day.

In contrast to these tragedies of the race track how cheering it is to remember that the world fliers are nearing their starting point without casualties. Their journey was one of stunts and thrills unequalled by airmen, but it was undertaken for a purpose—for the good of humanity. It might well have been expected that one of these daring aviators should have lost his life in such a long, grilling, hazardous flight through airplanes previously untraveled and uncharted. But had this been so, his death would not have been in vain, for the world must go forward, and men always have and always will give their lives in the interest of progress. Nor would his fame have been ephemeral, for it would have gone down in history as one of America's greatest—one who gave his life for humanity.

EGYPT'S RETROGRESSION

Egypt, under the native regime, is not only not progressing, according to reports, but is declining into Oriental sloth and neglect. One big landowner states that in thirty years under British rule he had never suffered for want of water. Within a month after the Egyptian engineer replaced the English he could get no water to irrigate his cotton fields. When he did secure relief, it was because two villages on the same canal had raised a fund to bribe the engineer. Formerly trains ran on time and the service was good. In the two years under Egyptian management, locomotive breakdowns have been frequent, roadbeds are not kept in repair, the speed of trains has been reduced, and the equipment of cars has deteriorated.

Alexandria is keeping up appearances because the local government is in the hands of the leading merchants, but Cairo is sinking backward. Its streets are littered and workmen have set up their shops on the public footpaths.

While this picture of Egypt under Egyptian rule comes from England, and is possibly somewhat colored by prejudice, reports from other sources lead to the belief that Egypt is not progressing under her own government.

ROUGH WORK

"What the public wants eternally—at least the American public—is rough work," is the charge of H. L. Mencken, writer and critic. "It delights in vituperation," he continues. "It revels in scandal. It is always on the side of the man or the journal making the charges, no matter how slight the probability that the accused is guilty."

Mr. Mencken has a fine scorn for everything American, and some of his criticisms of Americans, American customs and American literature are hard to swallow, but it must be admitted that there is some truth in the above. The American public does not wait for proof of guilt. The man who makes an accusation against another always gets a hearing. A newspaper or journal is assured of a following of sorts by a campaign of criticism or vituperation of some one.

If we are innocent ourselves it gives us such a virtuous feeling to believe that some one else is guilty, and so we jump to the conclusion that he is guilty. If we, ourselves, are scoundrels, we are glad to believe ill of others, for misery loves company.

ARGUMENT FOR BIG VOTE

A citizen advances a strong argument in favor of getting out a large vote. He says he has observed that in presidential years a poor or mediocre congressman does not stand so good a chance of election as he does in off years. And the reason for this is, that there is a much larger vote polled presidential year, and hence a greater interest in the election. Bosses may entrench themselves easily between times but they have to fight every four years.

It is logical to believe that the larger the vote polled the greater interest there is in the election. And, while it has been contended that the result of the vote will be about the same whether few or many use the ballot in any given election, it has been proved that good men and good measures stand a better show when there is a greater interest in the election.

PROTECTING THE LION

The wild life that once held title to the North American continent has been killed off and crowded out until laws have been made to protect what remains from total extinction. And now naturalists are becoming concerned about the lions and the other animals in Africa.

Colonel Stevenson Hamilton, a South African naturalist, has been carefully guarding a hunting veldt of seven million acres, but private owners who were co-operating with him, have recently withdrawn more than a million acres. The lions are so numerous that stock has to be kept in lion-proof kraals in this section that is being opened to settlement.

If Colonel Hamilton has his way, the lion, the zebra, the wart hog, the hartbeeste and the antelope will not meet the fate of other wild life that has become extinct.

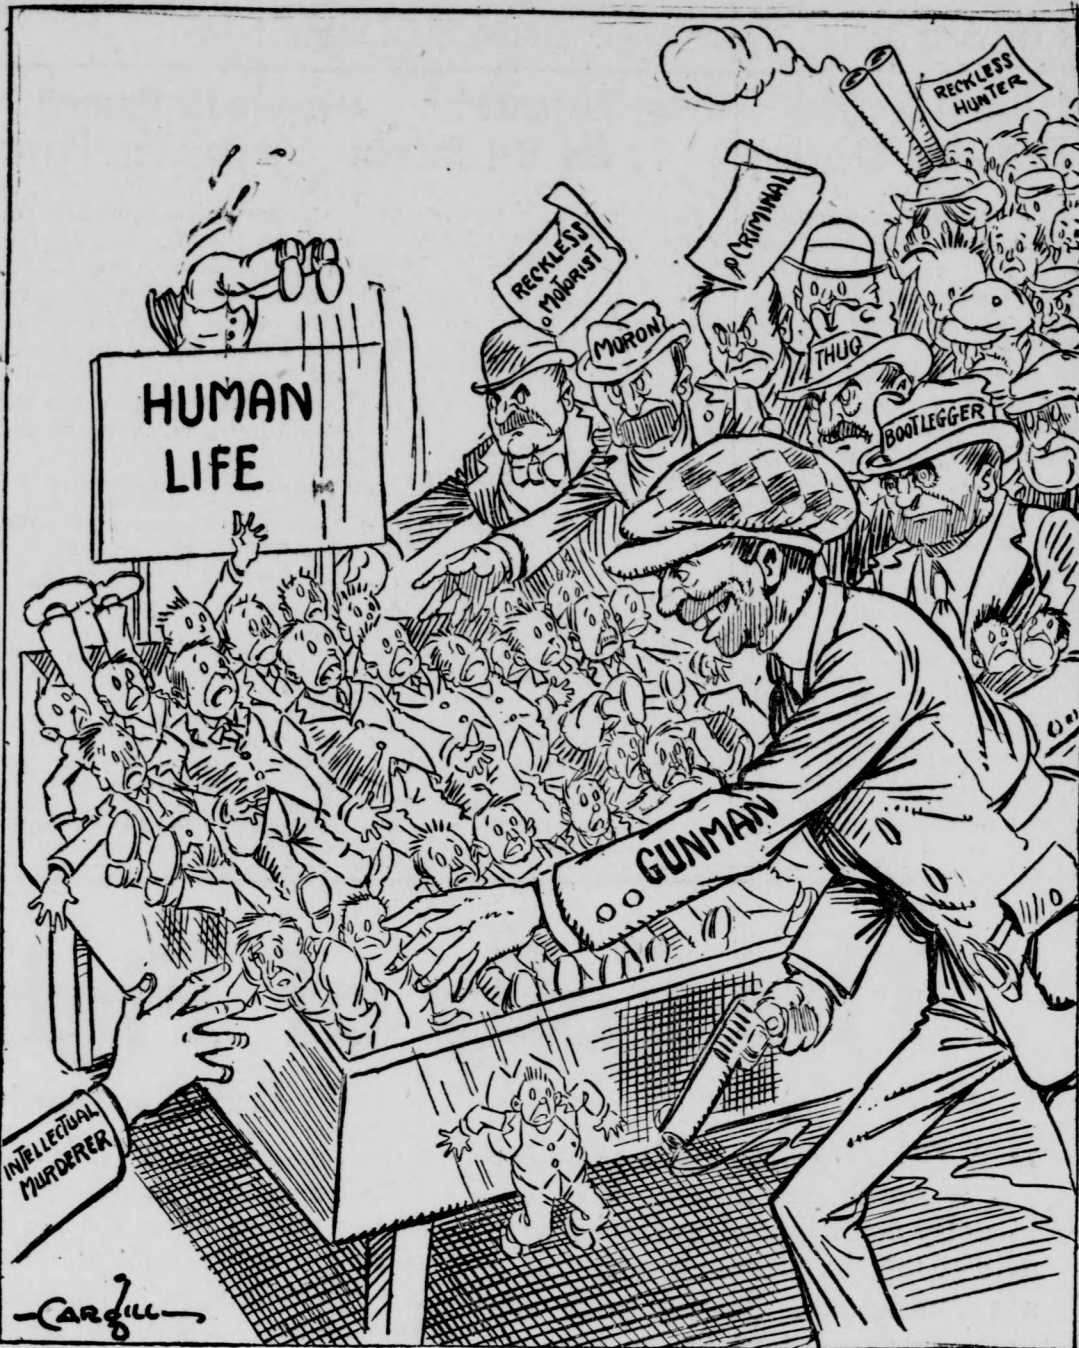

The environment of school buildings should be free of those things which might endanger the health of school children. We are thinking of candy shops and "hot dog" stands—places where "trash" gets the dimes and quarters intended for more wholesome lunches.

The fellow who can keep his pulse and his golf score around seventy-two should be proud of both.

Dad, who used to burn midnight oil, now has a son who burns midnight gas.

Count that day lost whose low descending sun finds no new murder trial begun.

BARGAIN DAYS!

Sanity

By DR. FRANK CRANE

What is sanity?

The question is not one of merely an amusing nature, but often is serious enough to turn a convict from execution to life imprisonment.

Bernard Shaw says: "Am I mad? I really do not know. Doubtless I am clever in certain directions; my talent has enabled me to cut a figure in my profession in London."

"But a man may, like Don Quixote, be clever enough to cut a figure and yet be stark mad. A critic has described me, with deadly acuteness, as having 'a kindly dislike of my fellow creatures.' Perhaps dread would have been nearer the mark than dislike; for man is the only animal of which I am thoroughly and cravenly afraid. I have never thought much of the courage of a lion-tamer."

"Inside the cage he is at least safe from other men. There is not much harm in a lion. He has no ideals, no religion, no politics, no chivalry, no gentility, in short, no reason for destroying anything that he does not want to eat."

"At least, if I am sane, the rest of the world ought not to be at large. We cannot both see things as they really are."

The question must have occurred to every man whether he is wholly sane or not. Doubtless if the acts and opinions of any one of us were set down accurately he would have hard work to explain his sanity.

"This is because no man is ever wholly consistent. In the first place, growth and advancement are fatal to consistency. Just where the line is to be drawn renders every man anti-social in his tendency, if so dangerous that he should be locked up it is hard to say."

It will be a question that it will be impossible for statutes to define, but must always remain for the jury to determine.

Perhaps in the formation of its opinion the jury should not be allowed to receive the testimony of a man's intimates, particularly his wife. No man is sane to his valet; at least he is always peculiar.

Horoscope

Mercury and Uranus in benefic aspect govern this day, according to astrology.

It is especially favorable to financial affairs and should benefit foreign countries.

This is held to be a most auspicious rule under which to sign treaties or agreements, especially those between bankers and government officials.

Uranus is in a place supposed to foreshadow much concern regarding aviation and aviators.

For many weeks astrologers have advised Americans to set their houses in order and, unless all signs fall, there will be cause for wise use and conservation of government resources.

The stars appear to prearrange unusual drains on public funds and increased expenses in directions that will be opposed by many groups of citizens.

Under this rule the public mind should be clarified and opinions crystallized, especially regarding presidential aspirants.

The direction of the stars is held as most beneficial to education, which will undergo many changes following the bitterest sort of criticism.

Special attention should be given to the health at this time, which may be especially trying to the stomach and whole digestive apparatus.

It is well to be careful about the use of money at this time, when there will be temptations to buy bargains in real estate.

Pessimism regarding business and those who conduct it may be prevalent at this time. It is well to be optimistic, but to be wise in avoiding speculation.

Cyclones, earthquakes and unusual samples of weather will mark the remainder of the month, if the seers are to be trusted in their prognostications.

Persons whose birthdate it is probably will travel or remove in the coming year, which promises many benefits.

Children born on this day are likely to be exceedingly energetic and fond of travel. These subjects of Virgo usually marry well and permanently.

Highest price known to have been paid for an elephant at public sale is \$7400, which was bid for "Bolivar" by Adam Forepaugh, and the cheapest is \$6500 for five bought by Cooper & Bailey.

Today's Poem

TO THE GRASSHOPPER AND THE CRICKET

Green little vaulter in the sunny grass,
Catching your heart up at the feel of June;
Sole voice that's heard amidst the lazy noon,
When even the bees lag at the summoning brass;

And you, warm little housekeeper,
Who class
With those who think the candles come too soon,
Loving the fire, and with your tricksome tune
Nick the glad silent moments as they pass;

O sweet and tiny cousins, that belong
One to the fields, the other to the hearth,
Both have your sunshine; both, though small, are strong
At your clear hearts; and both seem given to earth

To sing in thoughtful ears their natural song—
In-door and out, summer and winter—
—Leigh Hunt.

Smiles

WHICH?

Bob—How old would you say Peggy is?
Bill—To her face or behind her back?

LET GEORGE DO IT

Little Jane had just received a bright new dime and was starting out to invest it in candy, when the minister, who chanced to be calling at the time, asked:

"Why don't you give your money to the missionaries, Jane?"
"I thought about that," replied the child, "but I think I will buy the candy and let the candy man give the money to the missionaries."

PUNISHMENT

Probably no one has ever called John Milton a wit, yet the great poet could, on occasion, make a stinging retort, as an old letter, recently discovered, shows. Charles II desired to meet Milton, then blind, and when he did he remarked bitterly:

"God hath punished you for your malice toward my father by taking away your eyesight."
"Aye," said Milton, "but before I lost my eyes he lost his head."

Who's Who

The man who is chief aide to Hubert Work, secretary of the Interior in President Coolidge's cabinet, holds the distinction of being the only man in such a responsible post who has risen from the lowest ranks of the civil service employes to such a responsible position. He is Edward C. Finney.

It was just thirty years ago that Finney, through competitive civil service examination, was appointed a clerk, then the lowest civil service grade in the general land office, at \$75 a month. Since July 1, under the new classification act, he has been receiving \$7,500 a year.

His work for the government was in filling papers in 1894. He has been promoted successively through every grade of the service. He has written land patents, done typewriting, examined land claims, acted as law clerk and attorney, acted as commissioner of the general land office, and acted as chief law officer of the reclamation service in the time big project like the Roosevelt Dam were being built. He was appointed to the board of appeals of the interior department by Secretary Lane under the Wilson administration.

Finney was made first assistant secretary because of his all-round efficiency, his wide knowledge of the law and of the work of the department.

Do You Know

Wild ginseng is preferred to the cultivated product and commands a higher price.

Plated silverware and cutlery is now popular among wealthy Mexicans, while common steelware satisfies the middle and lower classes.

Pending completion of land readjustments in Japan, general reconstruction in the area devastated by earthquakes will be delayed about two years.

Of 181 automobiles received by dealers at Shanghai, China, last May, 126 were from the United States, thirty-five from England and three from France.

Canton, China, has six moving picture theatres with a combined seating capacity of 4200, with shows twice a day and admissions ranging from 10 to 50 cents, and the places usually are crowded.

If You Came From Idaho THE YOU KNOW THAT:

This state is located on the western slope of the Rocky mountains. It owes its rise and importance to its rich gold fields.

Subsequent to the discovery of gold in 1860 the state was mainly inhabited by the Indians. The state is largely mountainous, some of the summits rising to a height of 12,000 to 13,000 feet.

The chief rivers are the Lewis (or Snake) and the Salmon, the latter a tributary of the former, which again joins the Columbia. The state contains a desert tract 400 miles long and forty to sixty miles wide.

There is a small area of valuable forests, and the scenery along the Salmon river is grand, the stream flowing in some places through rock walls 500 to 2000 feet high. The Snake river has three fine cataracts, one of which, Shoshone falls, rivals Niagara. Idaho is rich in mineral deposits, especially gold, silver, lead and copper.

Marble and opal are found in the state. Mineral springs are numerous. The climate varies from severe in the mountains to mild in the river valleys.

The high mountains are barren, the lower hills wooded. The soil of the valleys is productive.

The state is adapted for grazing rather than farming.

Two million acres are under irrigation. The territory of Idaho was formed in 1862, then including Montana and part of Wyoming.

It was admitted as a state in 1890. Boise City is the capital.

Radioland

Exceptional programs are promised over KFI tonight, starting at 7:30 with Mammy Simmons and the Marika trio, followed by dance music and at 9 o'clock the Wampas stars, after which there will be more dance music. Harry James of Glendale has charge of the Brunswick program over KJH at 8:30, the programs for the evening following:

12:30 to 1 p. m.—Program presenting the Oaks Tavern orchestra.

1 p. m.—Commercial Board of Los Angeles, Constitution Day luncheon meeting, to be broadcast from the Biltmore.

2:30 to 3:30 p. m.—Program presenting the Filipino String Orchestra.

6 to 6:30 p. m.—Art Hickman's Concert Orchestra from the Biltmore.

6:30 to 7:30 p. m.—Children's program.

HITS LA FOLLETTE PLATFORM PLANKS

Richard J. McCarty Declares Candidate's Principles Dangerous to U. S.

Editor The Evening News—The writer is amazed at the editorial in last Saturday's issue of The Evening News. The article referred to is a brief commentary on the uncertainties of the indifferent voter and his dissatisfaction with our political system because we do not have various political groups such as are common in European countries, instead of the two great parties, i. e., Republican and Democratic.

The editorial then proceeds to direct the dissatisfied voter to a way out of his dilemma by reminding him that notwithstanding the evils of our government and the methods of our elections, there is yet a candidate whose qualifications may meet his requirements, namely, Robert M. La Follette.

This particular paragraph of the editorial to which the writer takes exceptions is as follows: "The citizen quoted above ought to be able to vote this year, although there are only four or five parties in the race, for does not La Follette represent nearly everything that the other parties do not, and some of the things that they do?"

Seeks Information From this expression it would seem that The Evening News is a supporter of La Follette. It is not an open and avowed declaration, however, and there are doubtless many of his readers who would like to be informed definitely on that point. It is hard to believe that one having an intelligent understanding of what La Folletteism means and its menace to our established form of government, can consistently advise a "citizen" to vote the ticket. It will not do to assume that the editor of The News is lacking in intelligence, so there is due to its many subscribers an explanation as to just what the attitude of the paper is on the forthcoming presidential election.

Identical election. It is properly considered the most important one since the election of Abraham Lincoln that preceded the Civil war, considering the radical forces that are behind La Follette, the demoralized condition of the Democratic party, and the possibility of the baneful influence in the settlement of the election in the event the election should happen to be close between the two major parties, and the decision be left to Congress.

Subordinate Power The writer is loath to believe that any well-informed citizen, or any one who cherishes the blessings of our constitutional form of government can support a man of La Follette's type. Any citizen who appreciates fully what it would mean to subordinate the power of the supreme court of the United States to the acts of Congress as proposed by La Follette certainly will not. It is not at all likely that the great minds that framed that memorable instrument and provided therein the three great co-ordinate branches of government, to-wit, the executive, legislative, and the judicial, and the checks and balances upon each other provided thereby, can be improved upon by La Follette; a man who owes his political station to the radical foreign and un-American element that has been accumulating in Wisconsin for years under our too lax immigration laws. Picture, if you will, what will be the result if Congress should have the power to override our supreme court, the mark of our liberties: Our last Congress gave us an illustration, under the unfortunate direct primary laws, of the inferior character of brains we may expect displayed in the future Congress-articles which function in the place of our supreme court judges, if the La Follette idea of making Congress the final judge of whether a given act of that body is constitutional or not.

Dangerous Planks There are other dangerous planks in the radical platform of La Follette. I will not mention them all, but will refer briefly to those which advocate the election of federal judges, and government ownership of railroads. The one thing that has safeguarded and made our federal judiciary so far as our state courts in many instances, is its freedom from political influences. Under our present system federal judges are appointed by the executive on account of their pre-eminent ability and qualification. Under the La Follette idea the direct primary would nominate them with an eye single to their ability to get votes. Under the government ownership of railroads scheme, the material would be provided for the creation of one of the biggest political machines in the history of our nation. The writer has examined the La Follette platform and fails to find anything therein which an American might safely indorse. The La Follette party is a combination of Socialists, Communists and ignoramuses who do not like our form of government or do not understand its benefits.

No Right to Name They have no legitimate right to appropriate the name "Progressive." They are simply etching the livid of that illustrious American, Theodore Roosevelt. The party was conceived in hatred of the other fellow who might possess more of worldly goods, and it continues to exist through dislike of the wage system and law and order. Besides the above briefly mentioned economic and political reasons why no American citizen who wishes well of his country can indorse La Follette radicalism, there are other good and sufficient reasons. He was loyal to his country during the world war as every one knows. When our boys were fighting in foreign trenches, risking their lives, suffering wounds, attacked by poisonous gas and every death-dealing instrument that German

ESCAPE INJURY

Mr. and Mrs. A. B. Bonham, of 1219 Orange Grove avenue, had a narrow escape from serious injury Sunday while returning from a week-end outing at Lake Arrowhead. Mr. Bonham drove his automobile a little too close to the edge of the road, the car striking soft dirt and hanging sideways, over a steep hill. Occupants of the car got out until the car was pulled back onto the road, then proceeded homeward.

Glendale Evening News Will Publish Glendale Booster Directory

A Classified Business Directory and Glendale Booster Book is now being compiled by The Glendale Evening News. It is a co-operative work undertaken with the object of providing a convenient reference to the business, professional people and institutions of Glendale and vicinity.

The first publication will be made in the columns of The Evening News. The entire work will then be issued in book form, classified and alphabetically arranged so that the information can be had at a glance. The Booster Directory books will be given a general FREE distribution. Then a supply will be left at the various information bureaus to be given out FREE.

The Glendale Chamber of Commerce has furnished The Evening News with valuable data in regard to Glendale, its industries and possibilities, which, with other facts relative to points of interest, will be included in the Booster Directory.

A nominal listing charge is made for including your card in this representative work. No personal solicitation will be attempted, but an invitation will be extended by telephone to cooperate with The Evening News in getting out this work. If interested, call Classified Directory Department—Phone Glendale 4000 Station 1.

LOCAL ELKS OFF FOR STATE MEET

More Than 200 Leave City For Lodge Convention On Catalina Island

Members of the Glendale Lodge of Elks, No. 1289, to the number of more than 200, started this morning aboard a three-car special Pacific Electric train for Wilmington, where they boarded a specially chartered steamer for Catalina Island where the annual state convention of the antlered herd opens today for a four-day session at which it is estimated that some 15,000 Elks, as well as the wives of many of the members, will be present.

The train was in charge of Murray Durham, esteemed loyal knight, with Earl S. Patterson, exalted ruler, leading the delegation to Catalina, and advance preparations for the reception of the Glendale Elks had already been made by Secretary Walter W. Jones, who, with Mrs. Jones, went on ahead to secure accommodations for them. Earl Meredith is in charge of the clubhouse on East Colorado street in the absence of Secretary Jones.

Band Contest The principal item of interest to the Glendale Elks is the band contest that takes place Friday, September 19, and in which bands from many of the lodges of the state will compete for the Montgomery Moulton trophy. Band Manager Morris Burke is confident that his men, who have been practicing steadily for the past two months, will repeat their triumph of last year at Eureka, when they took first place, and a victory this year will give the Glendale band a stronger hold on the silver cup which becomes the property of a three-times winner. Three selections of different kinds must be played by each contestant.

Program of Sports Sessions of the convention will be held each day at 10 a. m., but the greater part of the time will be devoted to sports of various kinds, golf, baseball, bowling and trap shooting, with the Hi-Jinks scheduled for Friday night, and a

ORGANIZING FOR BOND CAMPAIGN

Leaders Naming Committee Members to Boost for All Civic Issues

The appointment of a campaign committee to supervise the work of organizing the nineteen precincts of the city in preparation for the special bond election on September 30 featured the meeting of the publicity committee of the Citizens' Bond committee at the headquarters at 102 East Harvard street this morning. The committee consists of Judge F. H. Lowe, Alexander Mitchell, Mrs. C. E. Hutchinson, H. M. Butts, O. M. Newby, P. J. Hayselden, Lyman P. Clark, M. C. Patton, F. C. Thomas, G. O. Russell, Mrs. O. H. Spradling and Dr. Joseph Marple, and a meeting will be held tonight at headquarters to plan for the campaign.

Campaign literature prepared by R. Ernest Tucker and R. D. Greene was submitted to the committee this morning, and as soon as it has been approved it will be distributed to all voters. J. M. Boland was appointed chairman of the parade committee to prepare for the mammoth demonstration that is planned for September 29, the day before the election.

In 1910 there were 57,272 cases of blindness reported in the United States census. grand ball to wind up the convention on Saturday night. A parade in which all the competing bands and drill teams at the convention will participate, as well as the delegations from all over the state, will be held Saturday, and the committee in charge plans to make this year's parade the outstanding achievement in the history of California Elksdom.

The delegations will be welcomed to Catalina by Mayor Ray R. Clark of Long Beach; William Wrigley, jr., of Avalon; and Clovis W. Cadieux, exalted ruler of Long Beach Lodge No. 888, to which a response will be made by Dr. Howard B. Kirkland, president of the California Elks' association.

1908 Glendale Boys

MAKE APPEAL TO THE Business Men of Glendale

To See That the \$275,000 Y. M. C. A. Building Campaign Is a Sure Success

READ THIS:

We, the boys of Glendale, have long wanted a Y. M. C. A. building and at last it looks like we sure are going to get it as there is a campaign being put on now for that purpose. The "Y" is the finest place in a city for boys to have clean fun and develop their bodies, and we boys believe a Y. M. C. A. is the most needed thing in Glendale as there is no place for boys to meet for recreation.

We, the undersigned boys are going to boost and work in this campaign and we hope the business men and others will do the same. If we all do our best we will surely get the "Y" building.

This Petition Has Attached To It the Signatures of 1908 Boys Who Live in Glendale

Mr. Business Man—Does This Mean Anything to You?

Your Answer Is Being Recorded Sept. 16, 1923 Give For the Boys of Glendale

Organization Takes Action to Guard Against Numerous Bogus Solicitors

(Continued from page 3)

that those property owners of San Fernando Road who are protesting against the granting of permission for an auto camp at Riverdale Drive and San Fernando Road would appear with counsel before the City Council tomorrow morning and continue their fight to prevent the establishment of the continuation of an institution which, he claims, is a detriment to all adjoining property. The granting of a franchise to the promoters of the Santa Barbara-Pasadena motor stage line was indorsed by the directors, following the presentation of a report from the Glendale Motor Car Dealers association.

Ministers' to Aid A letter from Rev. Clifford Cole, in which he urged that the Glendale Ministerial association be listed as among those associations willing and ready to co-operate in fostering the plans of the Chamber of Commerce, was read, and the association will be included in the list of such organizations, as will also the Parent-Teacher Association and the Glendale Teachers association, and such others as may be added from time to time.

George J. Lyons, who was one of the men in charge of the Glendale booth at the San Fernando Valley Industrial Exposition at Burbank, was appointed chairman of a special committee to collect a truck load of flowers to be presented to the world flyers on their arrival at Santa Monica. Each community in Southern California has been asked to send flowers that will be banked on the field as a background for the world planes during their stay at Clover Field. The Chamber of Commerce will also accept and acknowledge contributions to the Southern California appreciation fund that is being raised for division among the flyers.

Directors' Conference Directors George B. Karr, Frank L. Fox, Earle C. Pendroy, P. J. Hayselden and George H. Bentley announce their intention of attending the conference of Chamber of Commerce directors to be held in Los Angeles September 24 under the auspices of the Los Angeles Chamber of Commerce, at which time plans will be made to standardize the procedure of boards of directors of organizations all over the southland.

David J. Hanna, Charles N. Elder and H. L. Finlay were appointed a special committee to investigate industrial tracts and properties in the city, and L. H. Wilson and George H. Bentley were added to the special industrial survey committee that is already in existence, headed by Frank L. Fox.

The Glendale Realty Board has signified its willingness to provide the program for the open forum meeting of the Chamber of Commerce for November.

Letters of Appreciation Letters of appreciation will be sent to A. L. Ferguson for his work as chairman of the open forum meeting that was held September 11 at Oakmont Country club; to the Southern Pacific for its publicity giving the advantages of the Glendale depot; to the publishers of the Homecraft magazine, for the space devoted to Glendale in its October issue, and to George J. Lyons for his care of the booth at the Burbank exposition.

An invitation will be extended to the publisher of the California

MRS. C. H. TOLL IS GUEST OF HONOR

Club's Officials Entertain At Luncheon Party for Prominent Member

(Continued from page 3)

Chappell, S. C. Packer, B. O. Holbrook, E. B. Sutton of the executive board; Mesdames Estelle Brain, C. H. Temple, H. C. Vandewater, Roy Ballagh, R. W. Bolton, C. G. Putnam, R. T. Young, C. H. Verity, H. W. Ralston, C. W. Houston, H. R. Boyer, Bert Woodard, C. E. Norton, Arthur Pomeroy, C. C. Cooper, W. F. Macpherson, J. H. Toal, Ernest Carr, Harry Lockwood, C. J. Newcomb, G. H. Rowe, Fred Abbey, F. L. Hollingsworth, A. L. Ferguson, Ray Morrow, F. C. Ayars, E. S. McKee, W. L. Jencks, F. H. Wallace, William Hunter, E. S. Dods, C. J. Higgins, A. A. Barton, Dr. Margaret York, Misses Eva Daniels, Gertrude Gibbs, Corinne Orff, Katherine V. Sinks.

Gathering Informal Special guests were Mesdames Enona Hopkins, Frank Arnold, Max Green, who presented the program. Informality marked the entire affair, Mrs. Montgomery announcing the program numbers, and introducing chairmen and curators during the luncheon.

Accompanied on the harp by Mrs. Hopkins, Mrs. Arnold sang "When Song is Sweet" (San Souci); "Thank God for a Garden" (del Riego) and "All For You." Mrs. Hopkins gave several delightful harp numbers. Readings given by Mrs. Green were "The New Patriotism" and "Da Blue Devil" by Thomas Daly; "By Her" by Ben King; and two sketches by Edmund Vance Cook.

Most timely was the plea made by Mrs. C. E. Hutchinson for the club women to register and go to the polls and exercise their right as American citizens. She spoke particularly of the coming bond election in Glendale, urging the women with these words, "Better the bonds be defeated by a right thinking people than to carry because of lack of interest. I hope you are registered. You may not agree with me but I want to see every club woman voting."

Suggests Mass Meeting Emphasizing Mrs. Hutchinson's plea was Mrs. McCormack, who suggested that the Tuesday Afternoon club women sponsor a mass meeting of club women to hear the plea and con of the bonds before the voting date. She also suggested that a group of the club women call club members on the telephone urging them to register and then urging them to go to the polls and cast their ballots.

Mrs. Campbell told of her happiness in serving as president of the club, and pledged her loyalty to the present board, to the state and to the district. Mrs. Meeker spoke of her work for the Redwood grove fund for the district, and Mrs. Ocker of the Indian Welfare program for the district.

Many smiles were occasioned by Mrs. Greenwalt's clever response to introduction. She paid high tribute to Mrs. Toll and Mrs. Poultry Journal to establish his plant in Glendale and to issue his magazine from here.

Dr. T. C. Young will be invited to appear before the next directors' meeting and to discuss the removal of the overhead power wires from the airport on San Fernando Road. Commercial secretaries from all over the country, who may be visiting California, will be invited to visit the Glendale Chamber of Commerce and to study local conditions, and letters to this effect will be sent to all Chambers of Commerce throughout the country.

Vice President George B. Karr presided in the absence of first vice president D. H. Smith.

The Rancher, too, prefers ZEROLENE

Not just because it is an economically priced oil, but because it lubricates better every type of farm equipment, from a tractor to an automobile.

Big users, who can afford to test out the merits of different oils experimentally, refuse to pay tribute to the superstition that "eastern" oils are in some mysterious way "better" — why should you?

The Natomas Company of California, which operates 10 automobiles, 3 five-ton trucks, 9 Ford trucks, 3 Best Tracklayer Caterpillars, 1 Holt Caterpillar, and 2 stationary gas engines, and also uses Zerolene on the bearings of 9 irrigation pumps, writes as follows:

"We have used your products for several years with exceptionally good results, and your prompt service has been valuable to us."

The use of Zerolene will not only cut down your oil bill, but enable you to secure greater gasoline mileage, with less carbon, lower upkeep costs, and a longer working life for all your power equipment.

Insist on Zerolene—a better oil—even if it does cost less.

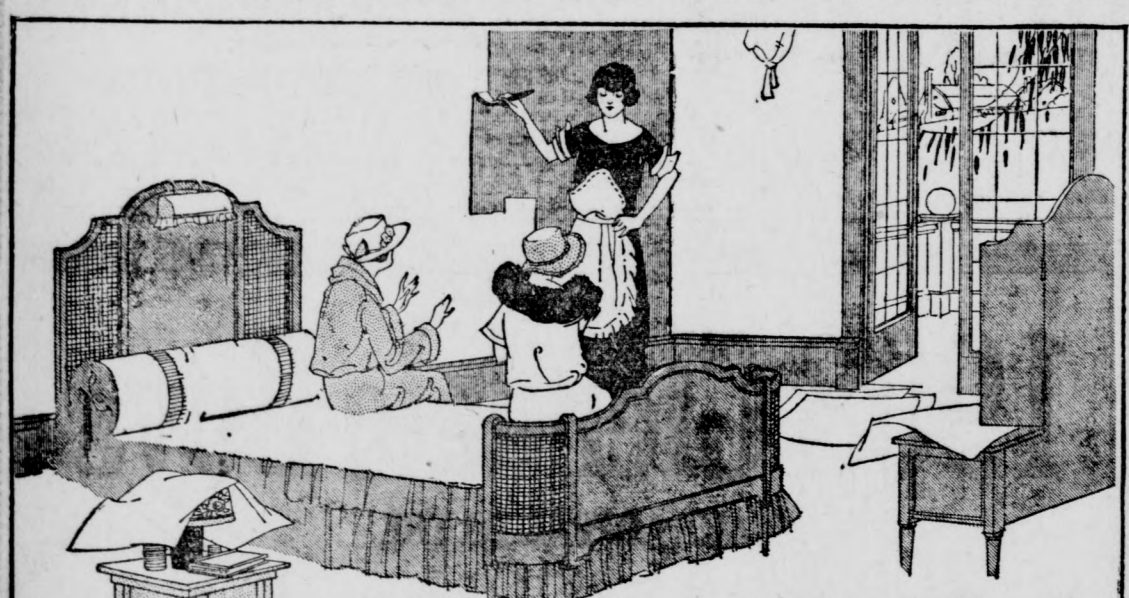

ZEROLENE F for FORDS

—the Standard Oil Company's new improved oil for Ford cars, "Feeds Those Oil-Starved Fords."

A series of independent and impartial reports showing the experience of large users with Zerolene motor oil have been collected in our booklet, "Why Pay Tribute to a Superstition?" Ask any Standard Oil Company sales or Service Station representative or Zerolene dealer for a copy.

STANDARD OIL COMPANY (CALIFORNIA)

for your Walls use Washable Wall Finish, Silkenwhite Enamel

DELICATE tints and soft mellow colors—how they do transform dingy and disfigured walls! Harmoniously blending, they are restful to the eye and add to the comfort and cheeriness of the family's hours at home.

Just the effects you want can be had by using Washable Wall Finish and at very little cost. It comes in white and twenty subdued colors, and dries without lustre.

You can apply Washable Wall Finish yourself. It's a varnish paint, and is far superior to kalsomine in wearing qualities and appearance. Also, because of the varnish it contains, it can be easily cleaned with a damp cloth. Can be applied on rough or smooth plaster.

On surfaces where you want a full gloss finish, use Silkenwhite Enamel. There are White, Ivory and other delicate tints to select from. And because of its easy-flowing properties it can be successfully applied by anyone.

Put your painting questions up to the nearest Fuller Dealer. He will be glad to advise you.

Food Clinic Occupies New Suite of Offices

The Glendale Food and Health Clinic has opened new offices at 121 South Orange street, at the corner of Hawthorne street under a three-year lease, and is now in still better position to render its service of aiding the citizens of Glendale in building and maintaining health.

It is announced that the clinic is putting effective effort and ability back of this splendid work, and reports that a great number of persons have come to see the tremendous value of natural, wholesome, unadorned food.

The announcement says there are now in Glendale more than 2,000 enthusiastic users of whole grain wheat, the Clinic's principal food product, and the results obtained are most extraordinary and gratifying. Many undernourished children have been normalized; cases of chronic constipation corrected, and neuritis, asthma, tuberculosis and other diseases, including cancer and goiter, have been cured. Truth, verily, is stranger than fiction, and the days of miracles are not passed, says the announcement.

Dr. Hillings Now at Webb's Beauty Shop

Dr. Harriett Hillings, beauty specialist, announces her disassociation with the Cosmopolitan Beauty Parlor on South Brand boulevard and that she is now concentrating all of her attention upon her shop on the mezzanine floor of Webb's Department store on North Brand boulevard.

An enlargement of the beauty shop at Webb's has just been completed which now gives Dr. Hillings one of the best equipped beauty parlors in Southern California. Only the best operators obtainable are employed, which is ample assurance that every woman, no matter how critical, will find perfect satisfaction in every line of beauty culture.

Dr. Hillings has spent several years in studying methods of promoting and retaining the natural charm of womanhood and is now giving to the women of Glendale and vicinity the benefit of her research work.

Teams Get \$50,500 In First Day's Campaign for Y.M.C.A.

CAPTAIN WRIGHT'S SQUAD TURNS IN BEST REPORT

W. H. Barnes' Men Come Second and Aids of George Bentley Finish Third; Hold Dinner At Presbyterian Church

The total of \$50,500 was the first day's report in the Y. M. C. A. building campaign for \$275,000. This announcement was made last night when the members of the twenty teams and the executive committee came together in a dinner report rally, at the Glendale Presbyterian church, which was largely attended. This leaves \$224,500 to raise in the remaining six days of the intensive effort which started yesterday morning.

The "Bear Cats" division led by C. W. Ingledue and W. F. Tower captured the stellar honors for the day having both the high team and the largest divisional total. The "Bear Cats" reported \$16,845; the "Live Y-ers" commanded by James Newton and Ernest Tucker gathered \$12,390; the "Go-Getters" directed by Park Arnold and Preston L. Hatch delivered \$11,400 and the "T N T Gang" added \$9,865.

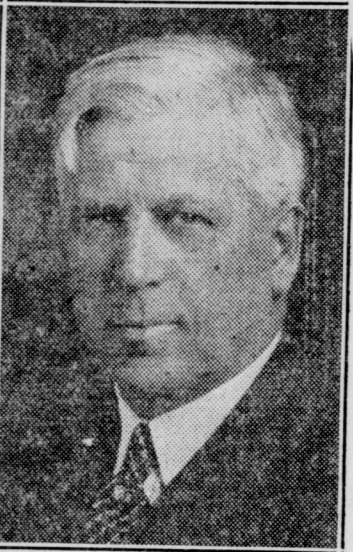

Best Team Report
Team 4 of the "Bear Cats," T. A. Wright, captain, was awarded the "spizzerinkum" cup for the best team report for the day. Captain Wright's salesmen secured a total of \$4220.

Team No. 3, also of the "Bear Cats," captained by W. H. Barnes had the second best report with \$3475. The third high team was the high team of the "Live Y-ers," team 12, George Bentley, captain, with \$3370. The leading team of the "Go-Getters" was team 10, O. M. Newby, captain, with report of \$3010. In the "T N T Gang" team 17, Sid Brown, captain, led with \$2455.

Clock Makes Move

At the close of the dinner the men paraded to the big campaign clock on the Bullinger building at Brand and Broadway and Captain Wright climbed a tall, thin, trembling ladder and pulled the long hand around to register the \$50,500 mark amid the cheers of the crowd. Captain Wright's associates on the victorious first-day team were Ed M. Lee, lieutenant; J. N. McGillis, Arthur G. Lindley, S. A. Trowbridge, Dr. C. R. Lushy, George E. Jeffries, W. N. Bott, W. J. Clendenin and Glen R. Dolberg. The second official reports will be rendered at 6:15 o'clock this evening when the workers meet again for dinner at the Presby-

R. F. KITTERMAN, vice-president and manager of the Glendale branch of the Security Trust & Savings bank, who has been appointed treasurer of the Glendale Y. M. C. A. building fund.

terian church. There was marked enthusiasm manifest in last night's meeting. General Chairman George D. McDill, presided, and kept things moving so that the men were out on the parade to the clock before 7:30 o'clock. This will be the program each evening.

Women Serve Dinner
Dr. Jack Anderson led the singing last night and Everitt Anderson served as pianist. Ernest Tucker acted as official black-board artist. Rex C. Kelley said grace. The dinner was prepared by the women of the Presbyterian church.

Here's Official Box Score Of First Day In 'Y' Drive

Following will be found the division and team reports for the first day in the campaign for Glendale's Y. M. C. A. building:

"BEAR CATS"

church and served by the following women representing the First Methodist church: Mrs. Alba Starkey, Mrs. Nellie Wheeler, Mrs. Ollie Lucas, Mrs. Onah Caldwell, Mrs. Mamie Haines, Mrs. Mary Wagon, Mrs. Emma Reed, Mrs. Ada St. Clair, Mrs. Lillian Sherman, Mrs. Martha Warren, Mrs. Pauline Osgood, Mrs. Inez Hanning, Mrs. Ethel Saylor, Marie Warren, Mrs. Nellie Whitney, Mrs. Anna Starkey, Mrs. Ingrid Wolber, Mrs. Edna Theisen, Mrs. Bess Dunlop, Miss Alma Smith, Mrs. Nellie Case, Mrs. Mary Peebles, Mrs. Winnifred Taggart, Mrs. Pitner and Mrs. May Knox.

Leaders Contribute
General Chairman McDill announces that there was included in the first report \$33,860 of which \$15,000 was contributed by division leaders and some of the team captains. These subscriptions were enlisted by the special gifts committee under David Black previous to last night's meeting.

All results obtained by the campaign executive committee are being allocated to the twenty teams either as bonuses for attendance or in equal allocations.

Glendale Man Injured While Fighting Flames

(Continued From Page 1)

ful backfire, it was declared by forestry officials, who began concentrating their forces along the northern wing of the conflagration above the west fork of the San Gabriel river, where the fire is raging out of control.

Appeal for Clothing
The appeal for shoes, shirts and clothing for the men who have lost their apparel fighting the fire, either through hard wear or from the flames, that was broadcast by the Sierra Madre Chamber of Commerce last night, has met with instant response in Glendale. City Manager V. B. Stone and Chief P. J. Hayselden have arranged that all gifts of clothing, shoes or shirts may be left at the fire station on East Broadway and the members of the Glendale unit of the Angeles Forest Protective association will make a special trip to deliver the clothing to the Sierra Madre organization tonight.

C. W. Ingledue Has Honor of Wearing Decorated Crown

A stovepipe hat, trimmed with a bright blue feather, was the crown of honor worn last night by C. W. Ingledue, chairman of the "Bear Cat" division of the Y. M. C. A. drive organization, because Team 4 of his division, with T. A. Wright as captain, secured the most contributions on the first day of the drive. The honor was conferred on Mr. Ingledue at the dinner at the Glendale Presbyterian church. Later, wearing his crown with dignity and pride, he led the procession to the huge clock at Brand boulevard and Broadway. Following him were the teams with lower scores, carrying a big ladder.

Grand Chancellor of K. P. Is Special Guest

Harry Broughton, grand chancellor of the Knights of Pythias, was honored guest and speaker last night at the meeting of Glendale lodge, No. 331, in the lodge hall on South Brand boulevard at Park avenue. He also installed Cal S. Nicholson as the new master of finance to succeed James A. Spence.

Chancellor Commander S. E. Wright was in charge of the meeting. Details were completed for the prize contest Thursday night in Pasadena lodge hall, between Glendale and Alhambra lodge degree teams. The lodge with the winning team will be honored at a banquet given by the lodge whose team is defeated. It is reported that the winning team will be immediately challenged to a similar contest by both Central avenue and Belvedere lodges.

NEW YORK CLOSING

By W. S. COUSINS
For International News Service.

NEW YORK, Sept. 17.—Wall Street bulls turned the tables on the bears today and traders on the short side of the market scampared to cover up their shorts as prices were marked higher in every department of the market, with the possible exception of the oil stocks. Sales today, \$864,100; bonds, \$17,759,000.

CHICAGO WHEAT

By International News Service

CHICAGO, Sept. 17.—The grain market broke sharply into new lows today and closed with prices dropping. Wheat finished 2 1/4 to 2 3/4 lower. Corn closed 3 7/8 to 5 1/2 off. Oats finished 1 3/4 to 1 1/2 lower.

LONG HIKE TIRES LEGION MEMBERS

Glendale Post's Colors Wave In Mammoth Parade at Veterans' Meeting

By A. S. HALL
Of The Evening News Staff.
AMERICAN LEGION CONVENTION HALL, ST. PAUL, Minn., Sept. 17.—Members of the California delegation to the sixth annual convention of the American Legion, now in session in this city, today realize that five or six years out of the army makes a lot of difference when it comes to marching.

This awakening came early this morning, when they sought to walk from their headquarters, the Hotel Van Dyke, to the municipal auditorium, where the convention business sessions are being held. It was all brought about by the Legion parade held yesterday afternoon, when convention delegates and visitors from all Legion posts in the world, "hiked" over St. Paul's principal streets.

California in Line
There were five divisions in the parade. In the second division were units made up from the six-to-two departments of the American Legion, headed by the California delegation, with National Commander John R. Quinn of Delano at the front of the column.

Glendale's Colors
Phil C. Katz, supervisor of San Francisco, who is a congressional medal of honor man, acted as mascot to a live, frisky California bear. The bear was secured by Henry Perry of Golden Gate Post No. 40. S. "Snapper" Ingram of Los Angeles had his hands full keeping "Rudy," the pet ostrich sent to the convention by the Pasadena Legionnaires, in line and away from the bear.

E. W. Gilliland, second vice-commander of Glendale Post No. 127, and W. H. Richards, also a member of the Glendale post, were cheered all along the line inasmuch as the two men had a section of the parade to themselves, and proclaimed the importance of Glendale by carrying the colors of the post. The Glendale post will receive a citation for having its flag in the parade.

REALTY BOARD IN FAVOR OF BONDS

Ingledue Opposes Blanket Endorsement of All Proposed Issues

The Glendale Realty board, meeting in the Alley Inn, at noon, endorsed the bond issues to be presented to the people at the September 20 election, with C. W. Ingledue voting against the proposal for a blanket endorsement of all the projects. O. M. Newby is representative of the Citizens' Bond committee.

President Per Hanson announced that the Los Angeles Realty board will call a meeting, at a date yet to be fixed, to organize a county association of realty boards, that shall have for its object the formation of plans for unanimity of action, especially in the fixing of commission rates.

A special invitation was issued by W. S. Kirk, chairman of the Home Town contest that is to be held tomorrow night at the Harvard Street High school, to all newcomers in Glendale, as well as to all other residents, to attend the competition.

In view of recent court action, and also because of the questions to be raised in cases that are set for trial in the immediate future, the board decided to have an attorney pass upon a number of the contracts that are at present in use by the board members.

In Southland

By Southland News Service.

INSTALLS HUGE CRANE
SAN PEDRO, Sept. 17.—A huge steel crane with a seven and one-half ton capacity, moving on a track through the entire yard, is the latest feature of the Hammond Lumber Terminal island plant. The giant device has a span of 110 feet and is capable of lifting seven tons of lumber and placing it anywhere in the yard. The entire structure travels along a track, 1200 feet long at the rate of 400 feet per minute.

FIND HUMAN ARM
RIVERSIDE, Sept. 17.—Agitation over the finding of a human foot near here a few weeks ago was renewed recently upon the discovery of a lone arm in front of a residence in Redlands. Both fragments of a human body had apparently lain in the sun for many months, according to the police. The arm found in Redlands proved to be the right arm of a man, while the foot, which was later buried, was that of a woman.

DISCOVER OLD WEAPONS
SANTA BARBARA, Sept. 17.—A unique collection of weapons, ornaments, pestles and other implements of Indian manufacture were uncovered here recently by workmen doing excavating work. One of the unusual objects unearthed was a stone sword broken at both ends but apparently had been sharply pointed and edged.

A whetstone, made of a whetstone, unlike any that have been found here before was also among the collection.

COMMENT That's All

Some More Ford Humor Traffic Problem Increases Real Paper Costs Money Glendale Needs Y. M. C. A.

By Gil A. Cowan

Julius Tannen, comedian, comes to the coast with important news. Packards and Cadillacs next year will have Ford swatters. We applaud.

Traffic is becoming so much of a problem that officials give up solving it. Every motorcar for itself in Los Angeles. And little is left of the best of them.

Traffic cops have evacuated the middle of the streets. Soon they will hang on electroliers and use umbrellas, like the Chinese army, for parachutes.

All of which diverts us from traffic and brings China into the conversation. Great idea to equip armies with umbrellas. Wonder how Americans at Brest got along without them?

That reminds one of Legionnaires in convention at St. Paul. The Glendale Evening News has A. S. Hall of its reportorial staff "covering" that and other eastern subject matter.

What The Evening News staff of reporters does not get in the way of news, International News Service leased wire. Consolidated Press correspondents, Central Press association and Southland News Service do obtain. Gathering of news is real work, costs much money, but it distinguishes real newspapers from imitations.

America's polo team yesterday won the international championship from Great Britain. Prince Charming was there to see the downfall of the blighters, socially prominent as they were. Much rather would we have seen the Tigers defeat the Seals in Los Angeles yesterday than witness the polo match.

Baseball, as America's national pastime, has its hold on every community, large and small. Glendale is promised some big league performances this winter. More power to the White Sox.

All sports go well in these United States. But, after school days, where has the youth to go to keep in training? There's only one answer we know. The Y. M. C. A.

Glendale is starting an intensive campaign for \$275,000 with which to build a Y. M. C. A. It is no beggarly business. Nothing more or less than a wise investment. We relinquish the floor to others for arguments.

Burglar Makes Escape From Cell In City Hall

(Continued From Page 1)

how he could make good his escape. The glass in the window through which he got out, moreover, was broken. Had this not been the case, Walsh would have had to break it before being able to reach the balcony, and could not have done so without attracting the attention of Sergeant Forsythe.

Long Police Record
Walsh had been taken to Hollywood police headquarters yesterday afternoon by Detective Sergeant C. P. Blake, on a clew that he had been connected with a number of burglaries there. It was learned that he had a long police record and was wanted in Los Angeles, San Francisco and elsewhere, and had spent years of his life in jail.

On the strength of this information he was returned to Glendale and again taken before Judge Frank H. Lowe of the police court, where his charge was changed from petty larceny to second degree burglary and his bail raised from \$100 to \$1000.

An automobile that is in the possession of Walsh at the time he was arrested Monday for stealing white lead from the rear of the Wilson-Bell Hardware Co., is now being held at a local garage. The license number is 464,132 and the engine number is 2,094,861, according to Chief Frasier.

Detectives from Los Angeles and other cities of Southern California are co-operating with the local police department in an effort to return Walsh to jail, and an extensive drag-net has been thrown out.

Calls Jail 'Disgrace'
Expressing no surprise over the escape, Chief Frasier stated that the police facilities of the city are little better today, with a population of over 50,000, than they were fifteen years ago, when Glendale was a mere hamlet.

"Our jail is not meant to hold real criminals," he said. "There isn't a city in Southern California of one-fourth our population that hasn't double the jail facilities we have. When a prisoner is brought in, he must either be guarded like a murderer or sent to the county jail and brought back to stand trial. And we have absolutely no facilities for caring for women prisoners, one of whom recently escaped from a local hotel where we had to take her for the night. Our jail is a public disgrace."

"The Vivacious and Talented" VIOLET NEITZ of Murphy's Comedians

"Manto Man"

"They sure do get the crowds at that Tent Show!"
"I'll say they do."

"I was there last night three-quarters of an hour before the show started and the place was more than half full, then."

"Yes and it has been like that since they started."

"You must be sure to go this week, you will crack your sides laughing."

"I'm going, depend on that. I haven't missed a week from their first night on Brand Blvd."

"It's too bad one cannot reserve seats."

"It is, but I understand one will be able to do that in the NEW THEATRE."

"They are going to build then?"
"No question from what I can gather. They are going to sell RESERVED SEATS in advance as part of their financing plan for the building of the new place."

"Nobby. Mighty good idea. They'll SELL by the tens of thousands, you mark what I say."

"And the most remarkable feature about the proposition is that they intend to keep the same old admission charge in the New Theatre as they now have in the Tent. THREE TICKETS FOR A DOLLAR, and RESERVED SEATS in the bargain."

"It's a mystery to me how they do it, for they put on as good a SHOW AS I HAVE EVER SEEN. Every last one of them are highly talented, and where they got that slander that there was vulgarity of any kind I don't know. It is clean and refreshing, and darned if I don't look forward for every new play to roll around. Have you any idea when they will start selling these RESERVED SEATS FOR THE NEW THEATRE?"

"I'm not positive, but I think it will be within the next week. I intend to make inquiries because there will be an awful rush, and both my wife and I would be devilishly disappointed if we couldn't get in for several weeks."

"Do that, will you, and phone me? I would be willing to pay five dollars for a seat on the FIRST NIGHT."

"I'll do that, for I am anxious to know myself."

"How's the wife and kiddies?"
"Fine!"
"That's good. Give her my regards. Well, so long, Old Man!"
"So long!"

BUTTERFLY

By KATHLEEN NORRIS. Copyright, 1924.

CHAPTER LIV.

Following a weary line of thought, she had forgotten the letter. Now she carried the soft-edged little handful of particles to which she had reduced it to the fire, and burned them. She had been engaged to lunch with some women at the Colony Club; she telephoned to her hostess presently, pleading a heavy cold and headache. Then she went walking in a world of pain.

Konrad's pictures; his dark head with the wave of black-tossed hair, his wide, serious mouth and dark eyes, his violin's thin neck in his big fingers, were on fences everywhere. There was to be a special Thanksgiving French group, and the "Zigeunerweisen," she remembered, with a homesick longing for just one more of their happy mornings in the studio, quarrelling over his programmes.

Hilary was at home again, taking off wet shoes, chilled and surprised to see that the endless winter day was working toward dark at last, when Dora came into her room.

"Why weren't you at Elise's luncheon?" asked Dora, who was in street dress, and who flung aside her furs to sit down beside the fire, stretch, yawn, and light a cigarette.

"I felt perfectly horrid."

"Oh, all right, thank you, Butterfly. I walked, and I got some books downtown, and I went in to see the La Farge windows, since I was down that way. And I had my hair washed."

Dora was silent, watching the fire, and smoking quietly. Hilary came in turn to stretch her feet to the blaze, her too-high color somewhat faded, and her eyes showing fatigue. She had put on her thin silk kimono; her coil of hair was loosened on her shoulders.

"Any one coming in, Butterfly?"

Dora roused herself from deep study.

"I—no, not that I know of!"

"Could we have tea here?"

"Love it!"

When Alice had departed with directions, the two still sat silently watching the fire. Dora sighed once or twice, and Hilary's thoughts said over and over: "How could I know that your heart had been given? I am sorry my first thought was of Butterfly—your—is a hard cup to drink." "I don't know why I should feel so utterly exhausted!" Dora re-

Theatres

MURPHY'S COMEDIANS
"A Mad Honeymoon," now being presented nightly at the tent theatre of Mahurin's Players (Murphy's Comedians), corner of Central avenue and Stocker street, Casa Verdugo, is a hilarious matrimonial farce from the Playhouse, New York, a William A. Brady production built on laughing principles, and of intense appeal to all whose sense of humor is not atrophied.

It depends for its fundamental situation on a most ingenious piece of business. A large sum of money is placed in the pocket of a coat, which disappears and later bobs up at intervals, furnishing, alternately, laughter and thrills in large doses.

"A Mad Honeymoon" is what the matrimonial mishaps that newlyweds are heir to have evidently been catalogued by the author and a selection made of the best. Those who have "taken the plunge" will enjoy this play and those who contemplate a leap into "honeymoon lake" would do well to see it and learn what they are up against.

THE GATEWAY
Betty Compton is supported by a unique cast in "The Female," her new Paramount starring picture directed by Sam Wood. The story is an adaptation of Cynthia Stockley's "Dalla, the Lion Cub." All of the scenes are laid in South Africa.

Heading the strong supporting cast are Warner Baxter and Noah Beery. Dorothy Cumming, Helen Butler, Pauline French, Edgar Norton and Florence Wix also have important parts.

There are other featured players who get no credit in the advertising, but they don't care. They are an assortment of lions, fourteen in number, ranging in size from tiny cubs to grown-ups. All the zoos in Southern California were scoured by Director Wood and his assistants to find African lions of just the right size and temperament.

"The Female," which will be shown Thursday, Friday and Saturday at the Gateway theatre is a story of a beautiful young Boer girl who knows no life outside the African veldt. She meets and falls in love with a handsome young Englishman far above her station in life. Men before her always flocked to her, but this one is different. He is strangely cold and ignores her, and his people, the Englishers, insult Dalla (Miss Compton). The rest of the picture is a gripping and unusual, yet entertaining story of the carrying-out of this girl's plans for revenge—against all the ultrasmart of the English colony in general. The picture closes with her completely winning over the young Englishman.

Warner Baxter has the leading man's role in the production. Noah Beery plays the part of Dalla's guardian. Others in the supporting cast include Dorothy Cumming, Freeman Wood and Helen Butler.

THE GLENDALE

Uncle Wiggily

By HOWARD R. GARIS

UNCLE WIGGILY'S HORSE CHESTNUTS

"Ouchie! Ouchie Ow!" sounded a howl in Uncle Wiggily's room at the hollow stump bungalow one morning.

"Bless my pancakes! What's that?" cried Nurse Jane Fuzzy Wuzzy, who was getting breakfast. Hello, up there, Uncle Wiggily, she called. "Has the Fuzzy Fox got you?"

"No—not yet—ouchie! ouchie!" was the answer.

"Well, it sounds so," went on the muskrat lady housekeeper.

"And it almost feels so," said the rabbit gentleman. "It's my rheumatism! Oh, how it pains me—it pains nearly as much as if the Fox were nibbling my ears."

"You must go see Dr. Possom and get something to cure your rheumatism," advised Nurse Jane, when Mr. Longears came down to his breakfast.

"I shall," he said, and as soon as he had eaten some lettuce pancakes with turnip gravy sprinkled over the fields, he hopped slowly over the fields and through the woods.

"Where are you going?" beated Uncle Butter, the goat, as he met the rabbit gentleman.

"I am going to Dr. Possom's to get something with which to stop my rheumatism pain," said Mr. Longears.

"No need to go to Dr. Possom," beated Uncle Butter. "Get some of these and carry them in your pocket. They will cure rheumatism," and he held out a hoof filled with brown, shining horse chestnuts.

"I have heard it said that horse chestnuts cure rheumatism," said Uncle Wiggily, as he limped along with the gentleman goat. "I might try it instead of taking some medicine."

So the rabbit gentleman hopped to a horse chestnut tree and filled his left coat pocket with the brown, shiny nuts. Now whether the bunny just imagined it, or whether the sun grew warmer and hotter and stopped his pain, doesn't really matter much. At any rate, Uncle Wiggily's rheumatism was much better, so that he hopped along, singing a song and twinkling his pink nose.

"I shall go look for an adventure," he said. So he hopped and he hopped and he hopped some more, but no adventure could he find. Then, feeling tired and sleepy, and with his rheumatism pain hardly hurting him at all, Uncle Wiggily stretched out on a green, mossy log and went fast asleep.

10 Years Ago
From Evening News Files

While hunting yesterday in the Monte Vista district, Robert Goudie, Jr., shot a seventy-pound coyote. The young hunter is going to have the skin made into a rug.

A unique organization was effected Monday night at the home of J. F. Lilly on Louise street by the residents of Block 2 of the Livingston tract. This particular block is bounded by First and Second streets and by Louise and Kenwood streets. Many improvement associations have been formed from time to time to look after large sections of the city, but this is the first one locally that has been started to cover only a city block.

A large congregation greeted Rev. W. E. Edmonds at the first Sabbath after his return from his vacation. Special musical numbers were rendered among them being a solo by Spencer Robinson, whose full voice brought out the grand old song, "Rock of Ages."

Book-Nook Is Moving Into Larger Quarters

The Book-Nook, formerly located at 102 South Maryland, is today removing to 204 East Broadway where it will have more spacious quarters, better lighting facilities and also an opportunity to give better service to its many patrons.

The firm of Turner & Dewey will also occupy a space in this location and will engage in a general real estate business.

Diet And Health

By LULU HUNT PETERS, M. D.

ANSWERS TO CORRESPONDENTS

"Dear Doctor Lulu—Three weeks ago today, I weighed 217 pounds. Disgraceful, isn't it, for I'm only 19 years old and am five feet, seven inches tall. Today I weigh just 194, so you see I will be getting there by degrees. How can I thank you?"

Now, doctor, I have a very high and quite fat (awful word—I hate it) stomach, and no matter what I do it doesn't seem to go down any. Whenever I get something new to wear, I could cry for there it is projecting, so I have come to you crying: "Help." I'm sure you can tell me how to get rid of it.—Bobbie."

Bobbie, you are still around 45 pounds overweight, if you are five feet seven inches in height. By the time you get off that excess 45 pounds, you probably won't have any tummy to speak of. Meanwhile, take exercises, especially those bringing into action the muscles of the abdominal wall, bending the body without bending the knees and touching the floor; twisting the trunk; lying on the floor and lifting yourself upward without the aid of your hands; and lying on the floor and rolling from one side to another. We have an article on the Atomic Abdominal Wall, which will help you. Send for it.

"Peter, Peter, calorie beater. With many friends that sorely need her; Puts them on a diet spell And then she keeps them very well."

—Mrs. L. D.

Can any of the followers answer this in rhyme? I can't. PIMPLES

Kip—I am puzzled about the pimples. I think, perhaps, that it may be due, as you surmise, to your constipation. Kellogg lays great emphasis upon taking bran or agar or mineral oil with the meals and in sufficient amounts to cause two or three evacuations a day. You have to take one-half cup bran about 35 to 50 calories.

Are you sure you are following my advice about getting sufficient protein? I have found several times that the impression is gained that it doesn't matter what the calories consist of, so long as there are the proper numbers;

and of course, that's bad business. I would try to get at least two glasses of skim milk a day and some cottage cheese or eggs or meat, and so forth, each day. You say you are taking liberal amounts of fruits and green vegetables.

About the fees, I reckon them by thinking how much sugar it takes to make them as sweet as they are. These cubes of sugar register 100 calories. You ask what is the calorie value of oil. One scant tablespoonful is 100 C.—any kind. Butter, one level tablespoonful, is also 100 C.

Did you send a stamped, self-addressed envelope with your request? Otherwise, I'm afraid the pamphlet was not sent. Will you write me again soon? I will be interested to know if you do get through with the breaking out on your face.

HE HAS TO BE CONSIDERED. The office forwarded the four reducing pamphlets which you sent for or not. The ruling only allows one to a letter. I am glad you had such good results that you want your friends to participate.

HELPFUL INFORMATION. J. C.—We have articles on acne, auto-intoxication, and acidosis. Be sure to send a good-sized, double stamped, self-addressed envelope if you want all three. Tomorrow—Answers to Correspondents

My Dear Followers—When sending for material which we offer you please remember to enclose a stamped envelope bearing your full name and address. This pamphlet on reducing and gaining is the only one for which you must enclose four cents in stamps extra. Address your letters to me in care of this paper. Make them as brief as possible, not over 200 words, and type clearly. Write them legibly with ink. Please sign your name as evidence of good faith—we will not use it if you do not wish. Remember it is impossible for me to diagnose for you or write for you. I can only appreciate very much the beautiful letters I receive and regret it is impossible to give you individual advice. The questions you ask will be answered in the column as soon as possible if they are of general interest. Don't forget the s.a.s.e. if you expect me to send you the information I have offered.

Copyright, 1924, George Matthew Adams.

Social Clubs

Edited by KATHERINE V. SINKS

Rebekah Lodge

The name of Glendale is to be given added mention by the local Rebekah lodge, for the Carnation lodge is in the act of changing the organization name to the Glendale Rebekah lodge. The first reading of the resolution on this change was made last night at the lodge meeting in the I. O. O. F. hall on West Broadway. There will need to be two more readings before the change is in effect.

Announcement was made that Mrs. Della House of Los Angeles, district deputy president, will pay her official visit to the Glendale lodge October 27. On that occasion the twenty-third anniversary of the lodge will be celebrated. There will also be initiation.

Following the meeting last night there was a program and informal social time celebrating the seventy-third anniversary of the founding of the Rebekah order. It was in the nature of a benefit for the Odd Fellows Orphans' home at Gilroy and \$122 was realized. Pupils of the Emerson School of Self-Expression appeared with other local artists. Those presenting the program were Mrs. Kaiser, Mrs. Rose Pritchard, Mrs. J. B. Rhodes, Mrs. Swindell, Neal Thomas Curtis, Charles Sawhill, Mrs. Martha Hunter, Mrs. R. W. Cleghorn.

Mr. Passage of Los Angeles was the winner of the gold watch donated by the Walker Jewelry Co., 116 East Broadway.

A unique feature was the measuring of all present and the paying of a penny for every inch in height. Willis Ertel, assisted by Misses Guila Darling and Goldie Hardy, measured. The prize for the tallest person went to E. B. Virell, 5 feet, 3 inches; and the prize for the shortest person to Mrs. Nona Springer, five feet, one-half inch.

Mrs. Viola Ertel was general chairman, and she expresses thanks to Mrs. Evelyn Labadie of the Emerson School, to her pupils, and to Mrs. Evelyn Hall and Mrs. Bertie Smith.

The Rebekah afternoon club is to spend all day Friday at the hall, sewing for the orphan adopted by the lodge at Gilroy.

There will be drill practice of the lodge next Tuesday night.

Wed in Pasadena

A company of Glendale people were among the wedding guests last night, Tuesday, September 16, 1924, at the marriage at the Pasadena Presbyterian church of Miss Ellen Adair Godber of North El Molino avenue, Pasadena, to Raymond Irving Brahmans, son of Mr. and Mrs. A. R. Brahmans of Los Angeles.

The wedding is of interest in Glendale for Mrs. Brahmans has served during the past few months as pastor of the community church, meeting in the Grand View schoolhouse.

After October 1 Mr. and Mrs. Brahmans are to make their home in Princeton, N. J., where Mr. Brahmans will attend the theological seminary, expecting to graduate next spring.

Birthday Party

Berean class members of the First Baptist church enjoyed the fourth birthday party of a series, given yesterday at the home of the teacher, Mrs. Arthur Sisley, at 713 West Maple street. Mrs. M. J. Pierce, president of the class, was assisting hostess.

Honored specially were those whose birthdays occur in July, August or September. They were Mesdames Amy Gilbert, E. C. McKee, Louise Pollard, Richard A. Siple, J. B. Allahach, and Miss Elizabeth Bohannon. Mrs. Jennie B. Doherty was also a special guest. Lovely autumn flowers were used in decoration. With the serving of refreshments each one present received an individual birthday cake bearing a candle.

The class members are to meet for sewing at 2 o'clock tomorrow afternoon at the home of Mrs. Marsh, 241 North Maryland avenue.

Meeting Friday

Glendale women who are desirous of participating in parliamentary law study and drill are taking advantage of the splendid work offered by the Women's Parliamentary Law club. At the club meeting Friday morning at 10 o'clock at the Public Library, Mrs. P. S. McNutt, well-known parliamentarian, is to direct a lesson on "Amendments by Substitution."

Name Chairmen

Chairmen of committees of the Central Avenue Parent-Teacher association, were named yesterday afternoon at a special meeting of the executive board at the home of the president, Mrs. E. R. Ripley, at 1310 North Maryland avenue. It was announced that the first meeting of the association will be held Thursday afternoon, October 9.

Chairmen announced yesterday are Mrs. R. L. Young, parliamentarian and program; James Floyd McMaster, membership; Miss Janet Perkins, patriotism; Miss Alice Livsey, kindergarten; Mrs. Wright, magazines and emblems; Mrs. J. T. Edwards, education; Mrs. J. Dobbins, thrift; Mrs. Al Bartley, hygiene; Mrs. Sidney B. Reeve, juvenile protection; Mrs. F. E. Colson, legislation; Mrs. O. M. Newby, courtesy; Mrs. J. S. Dickerson, publicity and visiting.

Wed at Parsonage

Miss Wilma Alice Roberts of Burbank became the bride of Roy Silas Bacon of 1333 West Ninety-Eighth street, Los Angeles, at a wedding solemnized at the home of Rev. C. M. Calderwood, pastor of the First Congregational church, at 307 Salem street, Tuesday, September 16, 1924, at 8 o'clock. The ring ceremony was performed in the presence of only the immediate family of the bride. Mrs. Bacon is the daughter of Mr. and Mrs. R. E. Roberts of Burbank, and the groom is the son of William Bacon of Los Angeles.

Elect Officers

Election of officers was held yesterday afternoon by the aid society of the Central Avenue Methodist church, as a feature of the all-day meeting at the church. Officers chosen are Mrs. C. E. Evans, president; Miss Julia Goodsell, first vice-president; Mrs. George Martin, second vice-president; Miss Josephine Cooke, third vice-president; Mrs. Leo C. Kline, fourth vice-president; Mrs. C. H. Muhman, treasurer; Mrs. Gertrude Tisdale, secretary.

Missionary Meet

The northwest group of the Women's Home Missionary society will hold a meeting at the home of Mrs. Ed. Lee, 345 North Belmont street, corner of Lexington drive, tomorrow. The meeting will be an all-day affair, the members assembling at 10 o'clock to tie comforters for the orphans' home. A luncheon will be served at the noon hour.

Hear Mrs. Schulte

Mrs. J. H. Schulte, president of the missionary society of the Congregational church, is to speak tomorrow afternoon at the meeting at the church, on the missionary conference she attended at Silomar. There will be a devotional service beginning at 2:30 o'clock. Important business matters will be considered and all church women are urged to attend.

Royal Neighbors

Mrs. Maude Rucker of 1013 South Adams street will be hostess all day tomorrow to members of the Royal Neighbors. The women will meet at 10 o'clock in the morning. Luncheon is to be served at noon.

Recital Tonight

A piano recital will be given by Noel Culhane, assisted by Miss Mary Kirby, on the violin at the

Personal Notes

Phone Personals to Social Department, Glendale 4000.

Mrs. Georgia Pond of Atwater is enjoying an outing at Catalina Island this week.

Mr. and Mrs. A. G. Ollsher of 411 West Milford street returned home yesterday morning from a five weeks' visit in Illinois.

N. C. Flackenstein and family of Philadelphia, Pa., have arrived in Glendale and will make their home at 1463 East California avenue.

Mr. and Mrs. Harry Greenwalt of 408 West Oak street left this morning with the Elks' delegation for the Elks' gathering on Catalina Island.

Mrs. Warren Z. Newton of 106 East Locust avenue and her mother, Mrs. E. E. Egan, are enjoying a motor trip north to San Francisco.

Dale Stoddard, son of Mr. and Mrs. F. Stoddard of 829 East Acacia has re-entered the University of Southern California for the fall term.

Mrs. Thelma Webb of Los Angeles and D. McDermitt of Sawtelle were entertained over the weekend by Mrs. Stella Goodman, of 645 North Central avenue.

Mr. and Mrs. B. H. Hulsebur and family of Peoria, Ill., will make their home in Glendale this winter, having taken a house at 1148 San Rafael street.

Mrs. Tom Furst has been quite ill at her home, 400 North Glendale avenue, but her many friends will be pleased to learn that she is now able to be out.

Mr. and Mrs. A. B. Bonham and family of 1219 Orange Grove avenue, and Mrs. Bonham's mother, Mrs. Charles Thompson, and family, spent the week-end at Lake Arrowhead.

Mr. and Mrs. Allen B. Coon and son, Allen, Jr., of 220 North Orange street, returned Monday night from a most enjoyable vacation of five weeks, which was spent at Hermosa Beach.

Dr. Theodore P. Noehle, children's dentist of 206 South Broad boulevard, who resides at 215 West Oak street, has returned with his family from a visit to their former home in Wisconsin.

Mr. and Mrs. E. A. Bartlett of 333 West Broadway, Mrs. Lila Boarder and Mrs. Norman Hunt went to Pomona yesterday to attend the funeral of a cousin, W. E. Bartlett, whose death occurred Sunday morning at the age of 87 years, after an illness of about two months' duration.

Mr. and Mrs. F. W. Pigg, of 405 North Maryland avenue, are planning to leave Saturday for an extended motor trip through California. They will motor north, visiting in San Francisco, other big cities and Sacramento. Their home will be occupied by Mr. and Mrs. W. Pigg during their absence.

Mrs. Charles W. Spreng of Topoka, Kan., who has been visiting with relatives in Glendale for the past month, left this morning for her home, Mrs. Spreng visiting her niece, Mrs. C. H. Whitney of 364 Oak street, her sister, Mrs. W. F. Stahl of 424 West Wilson avenue, and her brother, J. N. Humbert, 1729 Gardena avenue.

parlor of the Glendale Sanitarium, 1509 East Wilson avenue, tonight at 6:40 o'clock. Noel Culhane is a pupil of Alberta M. Greene and the numbers on the program will no doubt prove enjoyable.

Club Card Party. Mrs. John Robert White of 347 North Orange street, first vice president of the Tuesday Afternoon club, is to be hostess Tuesday, September 30, at a card party sponsored by the club to complete the fund for the purchase of John Cotton's picture "San Jacinto Mountains." Score cards are to be 50 cents each.

Canadian Dance. Plans are nearing completion for the dance which will be given by the Glendale Canadian club at the Knights of Pythias hall, corner of South Brand boulevard and Park avenue, Thursday night, September 18. Dancing will begin at 8:30 o'clock and music for the affair will be furnished by the Kelly Shrine Club orchestra.

William Stewart and family of Hollywood have moved to Glendale and will make their home at 711 North Maryland street.

Mr. and Mrs. Peter Eyerick, of North Avenue 60, Los Angeles, spent Thursday visiting at the home of their son, J. M. Eyerick of 116 South Louise street.

Mr. and Mrs. W. T. Nichols of 314 West Doran street and Mr. and Mrs. E. Warther of 2856 Cassitas street, Atwater, motored to Los Angeles Sunday to visit the art exhibit at the Biltmore.

Harry Woodward of San Francisco has been a visitor in Glendale this week. He has many personal and business friends in Glendale and this vicinity who were glad to welcome him.

Mrs. Florence Foster of 435 West Wilson avenue was one of a number of Glendaleans who spent Saturday at the Kansas picnic at Sycamore grove. She enjoyed a reunion with many old-time friends.

Otis Goodman of 645 North Central avenue left this week for a ten-day business sojourn in the north in the interest of the Southern California Fruit association, with which he is connected.

Mr. and Mrs. J. T. Allen of 1349 San Luis Rey drive, Verdugo Woodlands, just returned from a month's motor trip north, where they visited San Francisco, Tacoma and other northern cities. Today the Allens left for Catalina for the Elks' convale.

Robert and Howard Heck, prominent in school circles of Glendale, left recently with their father, Maurice R. Heck, on a motor trip to Iowa, where they will spend the winter. Their plans are indefinite but they hope to return to Glendale in the spring.

BUILDING PERMITS. Total for year 1921—\$ 5,099,201 Total for year 1922— 6,305,971 Total for year 1923— 10,047,694 Total for 1924 to date 7,459,834

Building permits for September reached \$388,615 at noon today, bringing the total for the year to \$7,459,834, according to figures in the office of H. C. Vandewater, building superintendent. Following is the list of permits issued since noon yesterday:

- N. C. Moreland, 6 rooms and garage, 1226 Andrews drive 5,500
Hockensmith Engineering & Construction company, 5 rooms and garage, 1004 Ethel street 5,000

DEATHS - FUNERALS. MRS. LAURA J. HOLLISTER. The body of Mrs. Laura Johns Hollister, who died Monday, September 15, 1924, at Tujunga, was shipped today by the Jewel City Undertaking company to Niles, Ohio, for funeral and burial. Mrs. Hollister came to California three weeks ago to regain her health. She is survived by her husband, Ralph Hollister, and her father, Richard R. Johns of Cleveland, Ohio; four sisters in the east, and another sister, Mrs. May B. Hill of 424 West Colorado street, Glendale.

ALLAN YOUNG. Funeral services for Allan Young, son of Mr. and Mrs. Frederick A. Young of 1615 West Vernon street, who was killed recently in an automobile accident, were held yesterday afternoon in the Little Church of the Flowers, Forest Lawn Memorial park. Rev. Cooper officiated. The deceased, who was 20 years of age, was a student at the University of Southern California.

MRS. LUNIE L. LORD. Funeral services for Mrs. Lunie L. Lord, who died Monday, will be held at 2 o'clock Thursday afternoon in the Little Church of the Flowers in Forest Lawn Memorial park. Kiefer & Eyerick, directors.

INFANT'S FUNERAL. Funeral services for the infant daughter of Mr. and Mrs. J. O. Ward of 740 East Twentieth street, Los Angeles, formerly residents of Glendale, were held this afternoon in the L. G. Scovena chapel.

Wash Satin and Charmeuse. 36-inch, pure silk, fine finish, and exceptional values. Open Forum Meeting To Be Held October 20. The date for the second open forum meeting of the Chamber of Commerce, at which the Tuesday Afternoon club will furnish the program, has been set for Monday, October 20, according to an arrangement perfected today between Howard I. Wood, secretary of the Chamber of Commerce, and Mrs. A. H. Montgomery, president of the club. Mrs. Daniel Campbell, former president of the club, has been appointed chairman of the entertainment committee, and plans for the meeting are already well advanced. OPERATED UPON. Dr. E. T. Undergraff of the Glendale Sanitarium underwent major surgery this morning at the Glendale Hospital. Neil MacDiarmid of 400 South Adams street underwent minor surgery at the same institution, and Marie Lucks of 123-D West Laurel street had her tonsils removed. PLAN FISHING TRIP. Mr. and Mrs. J. M. Boland, 229 South Central avenue, and Mr. and Mrs. Theodore M. Newman, 321 North Isabel street, will motor to Oceanside and Curamaca on Friday for a fishing trip, returning to Glendale Monday next. J. KORN Never Misrepresents Anything. New Fall Fabrics Now On Display. J. KORN Tailor 121 So. Brand Blvd. Glendale

At Sanitarium

Special Correspondence

The regular fortnightly staff luncheon was held last night in the sanitarium dining room. Those present were the staff physicians, superintendent of nurses, hospital supervisor, pharmacist, medical dietitian, treatment room supervisors, training school instructor and medical matron. After an appetizing meal an interesting hour and a half was spent in discussing various items of interest. Dr. Llewellyn Jones, who was to have had charge of the program following the luncheon, was unavoidably detained from attending, so the proceedings took the form of a round table. Just before the general discussion a representative from the Cook Laboratories of Chicago gave a most interesting talk and demonstration of the Cook carpus system of hypodermic medication.

Later, Dr. Truman brought before the staff the agenda that is to be considered at the four days' medical council which is to be held in October in Des Moines, Ia., in connection with the biennial session of the general conference of Seventh Day Adventists. This is to be an important meeting, attended by general conference officers, union conference presidents, general workers, and a large representation of medical men from this conference and abroad.

In Need of Workers. One of the most interesting items on the agenda is that reference to medical extension work in foreign countries. Dr. Landis, who is on the sanitarium surgical staff for five years connected with the Red Cross hospital in Shanghai, gave an earnest talk upon the dire need of hospitals and medical workers in China and other eastern countries. It is hoped that \$100,000 may be raised in the next two years to establish small hospitals, moderately equipped, in some of these needy fields beyond where Christian doctors and nurses may work for the millions of the East, who so sadly need the assistance that we of the West can give.

Patent Badly Burned. At the present time many of

Billboard to Cost \$2000; First In City

Foster & Kleiser, Los Angeles billboard advertisers, fired the first gun in their program under the new city ordinance permitting this type of outdoor advertising, when they took out a permit this morning to erect a billboard at the southwest corner of South Brand boulevard and Lomita avenue. Some idea of the elaborate and high-class advertising they contemplate is gained from the fact that the permit was for \$2000—as much for a billboard as many Glendaleans spend on a home.

WINNER OF LOT

Mrs. Harry J. Roberts of 222½ North Central avenue was the fortunate person attending the drawing last night of Murphy's Comedians, for she was awarded the lot at Mono lake, given by the organization to the holder of the lucky ticket.

SPORTS

M'GRAW ALL SET TO RECEIVE CROWN

Giants Look Like Certain Winners as League Race Enters Last Lap

YANKES HAVE CHANCE TO CLIMB BACK AGAIN
The Yanks have a chance today to regain the lost ground by taking both ends of a doubleheader from the Browns. Detroit received an unexpected setback at the hands of the Athletics, dropping to five games behind the league leaders, Washington.

The Giants and Pirates marked time by breaking even in a doubleheader, while Brooklyn slipped back half a game in the race by losing to the Cardinals.

Ready for Wrath
The well-known brow of John McGraw is just about poised to receive the equally well-known laurel wreath as the first manager to pilot four straight pennant winners in the major leagues.

With a game and a half lead over the Dodgers this morning, the local club can do worse than break even on its remaining eleven games and still beat the Dodgers if the latter win only six of their remaining ten games.

Frank Chance Funeral Services on Thursday

LOS ANGELES, Sept. 17.—Benjamin California soil, on which he first showed his ability while a "sand lot" ballplayer, will rest forever Frank LeRoy Chance. Funeral services for the famous "peerless leader," who died here Monday, will be held in Los Angeles tomorrow afternoon, and interment will be made in Rosedale cemetery. The services will be private, although all friends of Chance will be admitted, it was announced.

Earl Cooper to Marry; Result Race Romance

LOS ANGELES, Sept. 17.—Earl Cooper, famous auto racer, and Mrs. Jane R. Bailey of Troy, N. Y., will be married here today. The wedding will be held at the home of Mrs. Bailey following a thrilling race at the Indianapolis speedway.

VERNON WALLOPS LEAGUE LEADERS

Tigers Claw Visitors From Bay City; Los Angeles Loses to Oakland

By THREE STRIKES
For Southern News Service.
LOS ANGELES, Sept. 17.—Just to prove that the Angels are not the only ones who can trim the league-leading Seals, the Vernon Tigers bowled the Bay City boys over yesterday in the first game of the series, 3 to 6.

Bert Ellison figured his losing jinx was off when his crew was leading by a five-run margin up to the seventh inning. Fate would not have it thus, and Mike Menosky's big stick made actual proof that the Seals are not through losing to the Southern California clubs.

Seventh Inning Rally
Three singles and a walk netted two scores in the beginning of the sensational seventh inning rally. June then replaced Mitchell on the mound for Frisco, but Vernon proceeded to fill the bases in quick order. Mike Menosky was the next Tiger to perform with the stick. Picking a fast one, he smacked a mighty blow and lost it over the fence, bringing in three ahead of him and winning the game. Deal and McDowell were other home run men of the day.

The Angels suffered their first defeat in many days at Oakland, losing a closely contested battle, 2 to 1. "Doc" Crandall, Angel twirler, was outpitched by the Oakland hurler, Kunz.

Seattle gained a full game in the race for first place yesterday by defeating Sacramento, 10 to 5.

FIGHT RESULTS

At NEWARK—Jack Zivic, Pittsburgh, knocked out Archie Walker in the first round.

At BOSTON—Young Stribbling, Macon, Ga., received the decision over Tommy Robson of Malden, ten rounds; Tommy Gardner, San Francisco, knocked out Joe Burman, Atlanta, Ga., heavyweight, fourth round.

At DENVER—Izzy Tanner, St. Paul, defeated Willie Hoppe, Denver, in three fast rounds; Harry Bramer, Denver, knocked out Pete McCarthy, Fort Worth, Texas, second round.

At LOS ANGELES—Johnny Adams, Pacific coast lightweight title claimant, defeated Phil Salvador, Race Horse Roberts won from Jimmy Darcy.

Bottomley Hangs Up Record; Bats In Twelve Runs

NEW YORK, Sept. 17.—Local statisticians this morning claimed a new major league record for "Sunny Jim" Bottomley, first baseman of the St. Louis Cardinals, who batted in twelve of his team's seventeen runs against the Dodgers yesterday. The former record is said to have been eleven runs, accounted for by Wilber Robinson, present manager of the Dodgers, on June 10, 1922. Bottomley went to bat six times, hitting two homers in succession, in addition to a double and three singles.

Valley Mortgage Co. Boosts Dividend Rate

An increase in the dividend rate on the common stock of the Valley Mortgage & Finance Co., was authorized at the meeting of the directors that was held this week at the company's offices, 211 East Broadway, when the board decided to pay the stockholders of record as of September 25 at the rate of 10 per cent, in place of the 8 per cent that has been customary since the organization of the firm a year ago. The preferred stock, paying 8 per cent, remains the same, and the dividend checks will be mailed October 1.

TRIO OF COACHES TO DIRECT TIGERS

Sid Nichols, Noted in Grid Work, Chief in Charge of Occidental Squad

By LARRY RAYMOND
Of The Evening News Staff.
Three new coaches have taken over the reins at Occidental and are busy developing the Tiger football material, and training the grid candidates for the varsity and frosh teams. Coach Sid Nichols is chief mentor of the varsity. Nichols played four years of prep football in Missouri valley. In all four years he never lost a contest, running the team from quarter. Sid went to Illinois and was varsity quarter for the Suckers for two years. In addition to playing on one of the Big Ten conference teams he was both an all-conference and an all-eastern selection.

While at Illinois, Sid was under "Bobby" Zuppke, the veteran Illinois coach and the greatest strategist in the big ten, ranking with Alonzo Stag for first honors. Then in professional football, which is an acid test of a player, Nichols went big for two years. He played in France.

Coach Nichols played quarter in France, under Sony, the all-American end from Harvard. He was later coach and scout for Drake university. Last season Nichols was assistant football coach and head varsity basketball coach. Coach Joe Pipal resigned as football mentor of the Occidental team last spring in order to devote his entire time to the physical education department of which he is the head. Pipal is to continue as track and field coach.

Nichols will be assisted by Oak Smith. He also hails from Missouri and played on the Drake university eleven. He also coached at Drake and was on the A. E. F. football teams in France.

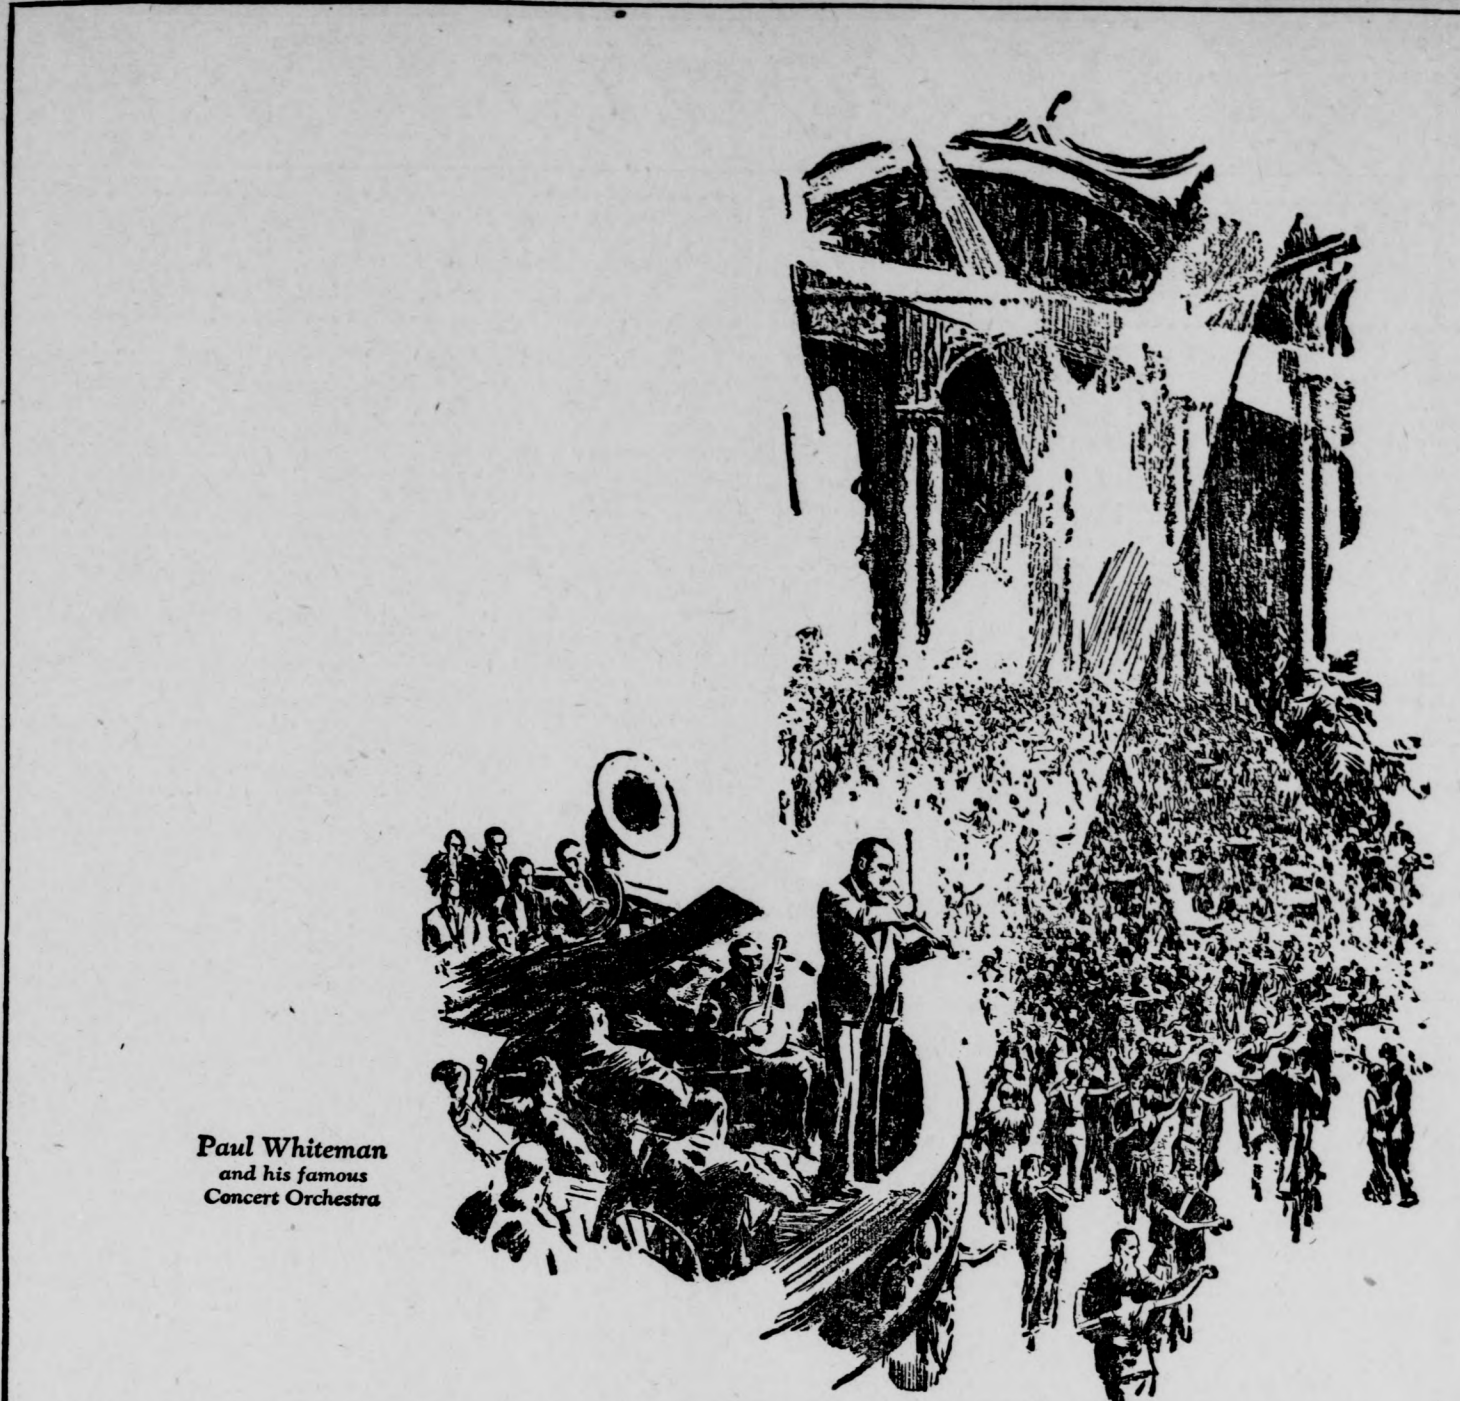

Coach Dewey Lyle, another new face at Oxy but with a long grid record, will handle the freshmen squad. He played tackle three years for St. Thomas' College. He later acted as head line coach for the Green Bay Packers, one of the most prominent professional football teams in the country, made up largely of former Big Ten stars.

Bill Anderson has taken over the training and conditioning work for Coach Nichols. He is another middle western product. Anderson was on the same football team with Nichols back in Illinois and knows the game from start to finish. He was one of the star-halves of the big ten and was an all-western mention. He has made training and conditioning his study since leaving college.

The Occidental football teams will practice behind closed doors until after the Stanford game on October 4. No spectators will be allowed to go on the field. Coach Nichols is not gloomy over the prospects and expressed himself as thoroughly satisfied with the seventy-five candidates already out.

Formal Opening of Alley Inn Tonight

Plans are completed for the opening of the Alley Inn, 210 1/2 South Brand boulevard, which will take place tonight from 6 to 9 o'clock. Mrs. May B. Lavison, proprietor of the Alley Inn, has spared no effort to make the opening tonight a grand success.

Leadership is not luck

Such popularity must be deserved

To convert critics into enthusiasts, whether for a new school of music or for a cigarette, requires something more than luck. There's sound reason for every big swing in popular taste. So, to account for Chesterfield's swift rise, look to the cigarette itself, its tobaccos, its blending—in short, its taste. This one thing alone—its better taste—explains why over 1000 men a day are changing from other cigarettes to Chesterfield.

Chesterfield CIGARETTES

They Satisfy—millions!

LIGGETT & MYERS TOBACCO CO.

TAGGING THE BASES

Ed Rommell hung crepe on the Tigers' pennant hopes by slow-balling Cobb's sluggers to death. Score, Athletics, 14; Detroit, 2.

Bulls Divide Matches With Rats and Foxes

The Rats took two out of three games from the Bulls in last night's match at the Recreation Center alleys, and then the Bulls turned around and made a clean sweep of the series against the Foxes. The scores:

BULLS

Player	B	R	E
Holmes	164	148	202
McCormick	209	165	186
Moore	172	214	209
Totals	545	527	597

RATS

Player	B	R	E
Stanley	169	169	169
Martin	173	236	135
Netze	224	235	191
Totals	566	640	495

FOXES

Player	B	R	E
Holmes	161	193	175
McCormick	214	143	242
Moore	217	190	164
Totals	592	521	582

Arrange Schedule

Occidental college will play seven football games this season. The first and probably the biggest game of the year will be with Stanford University at Palo Alto Saturday, October 4. The Tiger varsity are already talking about beating Stanford's Red Boys and a huge delegation of rooters will also make the long trip north.

The Cardinals got the Dodgers rattled in the first inning and kept up the slaughter, burying the Flatbush crew under a score of 17 to 3. Bottomley got six hits, including two homers, in six times at bat and drove in 12 runs, a new record.

Dr. A. S. Dowler Now Has Office In City

Dr. A. S. Dowler, who, for thirteen years practiced osteopathy, also specializing in foot troubles, in the states of Nebraska and Iowa, has recently located in Glendale with offices in the First National Bank building at Brand boulevard and Cypress street.

Dr. Dowler will continue his practice in Glendale in these lines, and says that too much stress cannot be placed upon correct diagnosis of the human anatomy, as many times some very minor disalignment can work great havoc upon the body. Operations, which, for a time, were thought altogether necessary, have been avoided and the patient restored to perfect health through proper adjustment of the organism.

"Little attention is given to the feet which are among our greatest friends and should not be neglected, but when they cry out with pain there is a warning that something is wrong and should receive attention as quickly as any other part of the anatomy. Science is constantly devising ways and means of promoting and perfecting the body beautiful and to neglect it is almost criminal," says Dr. Dowler.

Mr. and Mrs. Fullen And Daughter Return

Mr. and Mrs. Preston A. Fullen and daughter Evelyn are at their home, 1115 North Central avenue, from a sojourn at Long Beach. Mrs. Fullen has resumed his duties in the commercial department of the Glendale Union High school. Their many friends will be happy to learn that the daughter, who was very ill with heart trouble, is now greatly improved. Her condition was so encouraging through the summer that Mrs. Fullen was able to go to New York to take a special vocal course.
