

**It appears whomever tried to "brand" their mark, missed. The bottom is the incomplete right side of the top. It fits, anyway. Sorry its blurry, I'll hand draw for better reference....**

**poor tracing, but my best effort; looks like a Chinese character or letter maybe?**

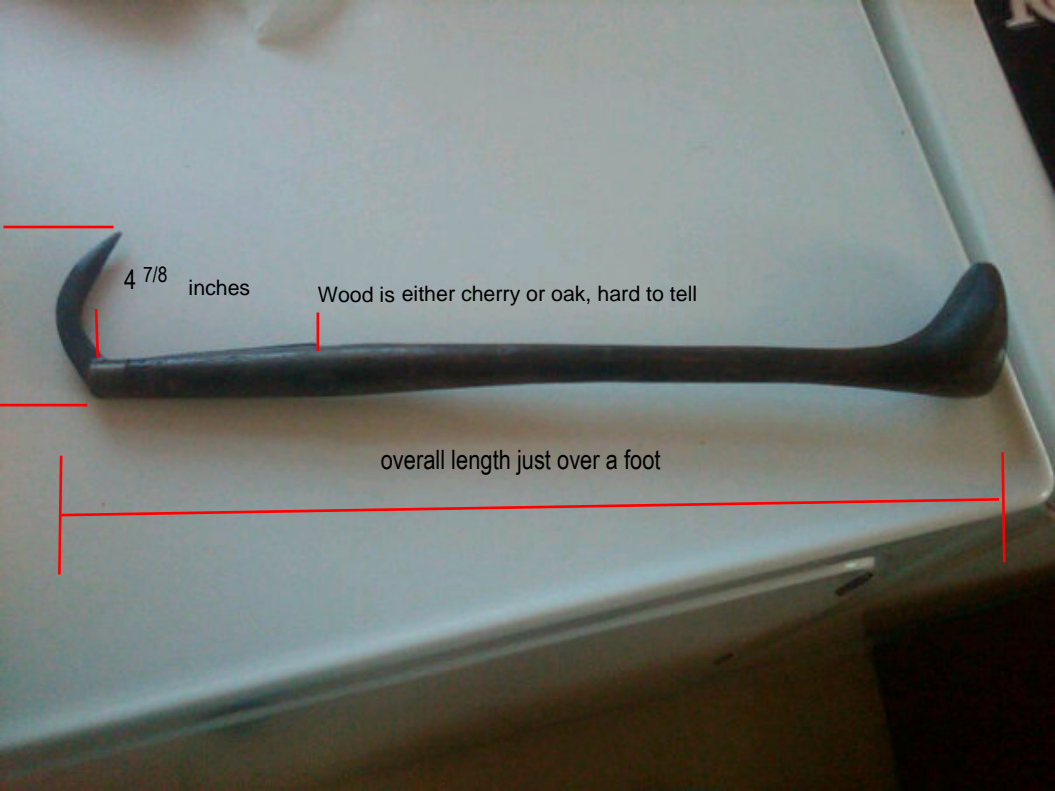

5.75", iron appears to be hand shaped

rivet type post secures hook into  
hand carved /shaped groove

Brass band has no seam; one piece securing  
iron hook to the wood handle.

4 <sup>7</sup>/<sub>8</sub> inches

Wood is either cherry or oak, hard to tell

overall length just over a foot
