CANADA HAS BIG BILL FOR GERMANY

England-to-Ireland Cargo Steamers Are Taken Off the Run

Outcome of Refusal of Irish Workers to Unload Munitions; Men Quit Work Following Dispute With Company; Passenger Boats Maintain Service.

London, May 27.—The executive of the National Union of Railwaymen discussed in London yesterday the refusal of the Dublin railwaymen and dockers to handle munitions for English troops in Ireland. The Transport Workers' Federation also considered the matter, although the interest of this organization is only indirect, as all the men up to the present involved are members of the Union of Railwaymen.

It is uncertain how the discussions will affect the situation. In the meantime the determination of the workers in Dublin and some other Irish centres not to handle munitions is absolute. An instance occurred at Harcourt Station, Dublin, when a consignment of munitions taken in an ordinary train for transit to Arklow was

held up by the railwaymen refusing to make the trip if the munitions were not aboard. The consignment was then taken back to the depot and the train proceeded. The only concession the railwaymen will make is to allow food supplies to be sent to the troops.

The munitions tangle has led to a complete stoppage of the cargo service of the London & North Western Railway between England and Ireland. The company's dockers refused to unload two of the company's steamers because the cargo of one steamer contained a small consignment of revolvers for the Dublin police. The resultant dispute with the company ended by the men quitting work.

None of the company's cargo steamers crossed the Channel Wednesday.

Passenger Boats. The passenger boats ran as usual, although when the steamers arrived at Dublin, the passengers were obliged to carry their own baggage ashore, the baggage being left on the boats.

The stoppage of the cargo boats will seriously affect Irish industry, large quantities of produce, fish and cattle being held up at Dublin. (Continued on page 4.)

TWO MORE MAY LEAVE UNIONISTS

Additional Prairie Members May Vote With Opposition Against Budget

Ottawa, May 27.—(Canadian Press)—Interest in the budget debate has been renewed by the events of last evening, when H. O. Wright, of Balfour, and W. A. Buchanan, of Leithbridge, spoke from the ranks of Government supporters and announced that they would support the Fielding amendment, since, under the rules of the House, no further amendment could be introduced.

There was talk of the debate closing to-night, but among the speakers at present lined up are Hon. R. Lemieux, Hon. T. A. Crerar, Ernest LaPointe, Major G. W. Andrews and others. Therefore, it is felt at present that a division on the Fielding amendment will not be reached before Tuesday.

There is a feeling that two or three more Westerners are likely to bolt according to talk about the corridors this morning. One or more additional defections are said to be almost certain.

WANTS DIFFERENCES SETTLED AT HOME

Premier of Queensland Says Disputes Not For Argument in Britain

London, May 27.—(Canadian Associated Press)—The Premier of Queensland, Hon. E. G. Theodore, a Laborite, speaking here, said there was a tendency in Australia to take politics too seriously and to be drawn into controversies which would have far-reaching effects. He had found, since his arrival here, that some of Queensland's controversies were known here and they were having a regrettable influence. Queensland's fights should be carried on in Queensland and interference with Australian affairs from outside would not be tolerated.

Not unnaturally, the foregoing remarks are associated with the arrival here of Sir Robert Philip, former Premier of Queensland, with certain Queensland political complications, who have made no public declaration of the objects of their mission but indicate that the visit is concerned with the internal differences in Queensland.

NEW SOUTH WALES HAS SMALL CROP OF WHEAT; DROUGHT

Washington, May 27.—The wheat crop of New South Wales has been so disastrously affected by drought that the yield probably will not be sufficient to meet domestic consumption in Australia. A report to-day from the American consulate at Sydney. The crop is estimated at only 4,260,000 bushels, the smallest yield in twenty years.

FRENCH PEASANTS WANT GOVERNMENT TO END STRIKES

Paris, May 27.—Parliament and the Government will be asked by the Union of French Peasants to pass legislation intended to assure freedom of works and put an end to strikes. Resolutions to this effect were passed here yesterday at a general meeting of the union, delegates representing a membership of 43,330 farmers being in attendance.

Supporters of Project Confident Voters Will Endorse Golf Links Plan

After a thorough canvass of Victoria ratepayers, backers of the project are confident that the plan to establish a municipal golf links near the Uplands will receive emphatic endorsement at the polls to-morrow.

"Everything is in readiness for 'putting over' the golf links scheme," Gordon Jameson, on behalf of the Rotary Club Golf Links Committee, declared to-day. "We have arranged to carry the voters to the polls in any numbers and are confident of a big turnout. Many automobiles are in readiness for this purpose. We believe that the people of Victoria understand the necessity for the links in view of the crowded condition of the links already in operation and the fact that tourists are actually staying away from the city because there is insufficient golf accommodation here. The organization formed to support the project is complete and is running smoothly. We have no doubt of the result."

Only property owners will vote on the referendum to-morrow, but, as special permission in this regard was granted by the Provincial Legislature, a bare majority is required to carry the scheme through. The question to be asked the voters to-morrow is as follows: "Are you in favor of the corporation paying from its current revenue any amount up to the sum of \$6,566.66 in each of the years 1920, 1921 and 1922, toward the construction, development and equipment of a municipal golf course, such golf course to be situated on the Hudson's Bay Company's property in the vicinity of Uplands, subject to agreements that may be entered into by the corporation with another municipality, or other municipalities, and with a duly incorporated Municipal Golf Links Association?"

All Arrangements Complete. Immediately following the endorsement of the golf links scheme by the electors, work will commence on the establishment of the links itself. All details in connection with the lease of the Hudson's Bay Company's property, near the Uplands, have been arranged satisfactorily, a few minor points being finally decided during the recent visit of Sir Robert Kindersley, Governor of the Company, to Victoria. The Hudson's Bay Municipality, too, regarding taxes on the golf links land have been completed and were finally ratified by the Oak Bay Council this morning. (Continued on page 4.)

OLD VELVET MINE BEING REOPENED

Crew Now Working West of Rosland; Other Mining News

Rosland, B. C., May 27.—The old Velvet Mine, a few miles west of this camp, is being reopened by H. E. Innis, of Sandon. Mr. Innis went up with a crew of men this week.

The mine was taken over some months ago by the Granby Consolidated Mining and Smelting Company and the property was freed from water and worked for a time but the company later decided to quit the place.

It is fully equipped with expensive machinery and has everything necessary to carry on active operations. Rosland would be benefited considerably should the mine develop to the point where operations would be carried on extensively, which it is hoped will be the outcome of the new-turn in its history.

EUREKA MINE TO USE ARROWS TO KILL BEARS

Vancouver, May 27.—Tele. Welch & Stewart, are to make another effort to develop the Eureka Mine on Silver Creek near Hope. Machinery and supplies are now at Hope ready to be sent up to the mine as soon as snow conditions on the road permit.

At Allenby. Princeton, B. C., May 27.—Trains are again running between Princeton and Allenby on the Copper Mountain branch of the Kettle Valley Railway. The sawmill of the Summerland Lumber Company at the latter place is again running after a close-down of a month or two and the shipping of lumber will be resumed. The output of the mill is about a carload a day.

H. R. Van Wageningen, general manager of the Canada Copper Corporation, has returned from Denver, where he spent the winter, and is again on the job directing the big work planned this season. The mill is practically completed and is now only awaiting the power to run it. A large brick power station has been built near the mine and everything is in readiness for connecting up when the high power line now being built on the boundary is completed. It all goes as expected and the mill will be in operation by September or October.

WIRELESS OPERATOR WAS DROWNED OFF NOVA SCOTIA SHORE

Yarmouth, N. S., May 27.—(Canadian Press)—The body of L. P. Adendorff, a wireless operator, was found on the shore at Hawk Inlet yesterday. He was stationed at Cape Sable, and a week ago left in a skiff at 8 o'clock at night to go to the mainland for his mail. The boat was found the next day, but there was no trace of Adendorff until his body was found yesterday. He was thirty-four years old, and a native of Flourisburg, South Africa.

COTTON DROPS IN PRICE IN FRANCE

Coffee and Wool Also Come Down; Some Concern Is Felt

Bulgaria Exporting Wheat and Maize to Belgium and Poland

Paris, May 27.—Concern is felt in commercial markets throughout France because of a rapid decline in prices of staple commodities. The price of cotton has declined 244 francs per fifty kilograms from the Havre market, while coffee has fallen 76 and wool 35 points in the same time.

MAY RE-ESTABLISH FRUIT INSPECTION

Board of Trade to Enquire Into Need Here; Claimed Service Protects Public

The re-appointment of a resident fruit inspector in Victoria was referred by the Board of Trade Council this morning to the Agricultural Committee for report.

R. H. Brenchley, of the Victoria Wholesale Fruit & Produce Association, brought the matter up. He claimed the grading of locally-grown fruit would be improved. There has been no inspection service on Vancouver Island for the past three years, although an extensive staff operates at Vancouver, he stated.

Joshua Kingham and Beaumont Bogg favored uniformity of grading. George McGregor thought better result would accrue if the Government would insist that spraying of fruit trees is properly done. "The small grower fills the local market with lower grade fruit and to that extent interferes with market conditions," he said when voicing small growers' views.

J. O. Cameron thought the Fruit-growers Association should be heard from before action was taken, and on his motion the question was referred to the Agriculture Committee for a report.

WESTMINSTER CLEARINGS.

New Westminster, May 27.—The bank clearings here during the past week were \$600,051.

MUSTAPHA STILL OPPOSES ALLIES

Turkish Nationalist Says Terms of Treaty Are Not Acceptable

Angora, Asia Minor, May 27.—(Associated Press)—Unalterable opposition to the treaty of peace the Allies have submitted to Turkey was expressed here to-day by Mustafa Kemal Paasha, leader of Turkish Nationalist forces.

ARMENIANS SEND AGENTS TO MOSCOW

Apparently Wish to Arrange For Peace on Northern Border

Paris, May 27.—The Armenians have accepted an invitation from the Russian Bolsheviks to send delegates to Moscow, according to information received by the French Foreign Office.

A Tiflis dispatch to the Foreign Office says the Georgians have already reached an agreement with Moscow under which the Tiflis Government undertakes to prevent Georgian territory being used as a base for attacks against the Bolsheviks.

The reported willingness of the Armenians to negotiate with the Bolsheviks is explained in official circles here by the fact that they are exposed to attacks by the Turkish Nationalists on the one side and by the Bolsheviks on the other, and probably have in view an arrangement assuring them tranquility on their northern border.

ITALY ABOUT TO ENTER RELATIONS WITH JUGO-SLAVIA

Rome, May 27.—The Council of Ministers has decided to enter into relations immediately with Jugo-Slavia, according to The Epoca and The Messenger.

WILSON AND HIS CONGRESS CONTINUE TO SEE-SAW

Washington, May 27.—President Wilson's proposal for an American mandate over Armenia was disproved to-day by the Senate Foreign Relations Committee. Only four Democrats opposed adverse action on the President's request.

By a vote of 11 to 4 the Committee reported a resolution declaring that Congress respectfully declined to grant to the Executive the power to accept a mandate over Armenia.

Washington, May 27.—The Republican peace resolution was vetoed to-day by President Wilson.

Such a method of making peace with Germany, the President said, "would place an ineffaceable stain on the gallantry and honor of the United States."

Without announcing his intention regarding the Treaty of Versailles, the President declared that the treaty embodied the important things omitted by the resolution, and said that by rejecting the treaty the United States had declared in effect that it

TALKING MACHINES ARE RULED OUT BY SECT IN INDIANA

Logansport, Ind., May 27.—Ruling against the use or presence in the homes of their members of talking machines, phonographs and gramophones, the annual conference of the Old Order Branch of the Brethren Church came to a close last night after a five-day session on a farm twelve miles east of here. Some members sought to obtain from the Council action forbidding use of the automobile, calling it "a devil" machine, but they failed.

Canada and Citizens Want \$1,871,000,000 From German State

Reparation Claim For Losses Sustained By Dominion and Individuals During the War is Sent Forward For Consideration at an Empire Conference.

Ottawa, May 27.—Canada's reparation claim against Germany for losses sustained by the country and by individual citizens during the war has been forwarded to London, for presentation at a conference of representatives of all parts of the British Empire soon to be held in that city and subsequently at an inter-Allied conference at Spa. The bill rendered by the Dominion is for a total of \$1,871,000,000.

NO ARMY CAMPS DURING SUMMER

Ottawa Understood to Have Abandoned Plan; City Units to Train

Ottawa, May 27.—(Canadian Press)—Although no definite announcement has yet been made, it seems likely that there will be no summer military camps this year. At the Militia Department to-day it was stated that orders had been issued with a view to holding up any preparations which might be made for the camps, tentative details of which had been given out. It is understood that the reason for not holding the camps is that it is difficult to get men to attend them this year. Returned men are busy re-establishing themselves, and old militia units, disbanded during the war, have not, in many cases, yet reorganized. Training of city units will proceed, even though the camps should not be held, and the work of organizing in rural centres will be carried on.

DELEGATES TO BE GUESTS OF CANADA

Autos Put at Disposal of Delegates to West Indies Conference

Ottawa, May 27.—(Canadian Press)—During their stay in Canada the delegates to the West Indies conference will be the guests of the Dominion Government. Automobiles have been placed at the disposal of those who have already arrived in Ottawa. A state dinner will be tendered, probably next week.

Hon. C. C. Balfantyne, Minister of Marine and Fisheries, will attend the conference, in connection with problems of transportation. The Canadian delegates, therefore, will be: Sir George Foster, Sir Henry Drayton, Hon. Martin Burrell and Hon. C. C. Balfantyne.

The formal Order-in-Council appointing the Canadian delegates will be tabled in the House this afternoon.

ADAMIRAL SIMS AGAIN BEFORE COMMITTEE

States at Washington Witnesses Pictured Navy Worse Than He Did

Washington, May 27.—Rear-Admiral Sims, appearing before the Senate naval investigating committee to-day, in rebuttal testimony declared that "the Navy Department's witnesses" had revealed a condition in the navy "even more distressing than I could have imagined, contemplating a much more severe criticism of the deplorable conditions referred to than I myself have submitted."

"I wish to state very clearly and once for all, that in all the comments I shall have to make," Admiral Sims said, "I do not desire in the slightest degree to imply they were intentional or that the Secretary was not sincerely convinced of the fairness and correctness of his conclusions."

Admiral Sims said he would make no attempt to answer the "personal reflections and aspersions contained in the testimony of the Secretary."

"I wish to state very clearly and once for all, that in all the comments I shall have to make," Admiral Sims said, "I do not desire in the slightest degree to imply they were intentional or that the Secretary was not sincerely convinced of the fairness and correctness of his conclusions."

CANDIDATES BUSY LINING UP VOTES

Presidential Race in United States; Republican Convention Next Week

Chicago, May 27.—Candidates for the Republican nomination for the Presidency of the United States to-day opened their final drive to capture the 493 votes that spell victory in the presidential election which opens here one week from next Tuesday.

The last of the 984 delegates who will sit in the convention were selected yesterday when Republicans chose eight delegates.

Major-General Leonard Wood, present returns show, will enter the convention with more instructed delegates than any other candidate, but his total of 153 is less than one-third of the number necessary to win the nomination.

Several Ballots. The division of strength among the large field of favorite sons practically precludes any possibility of a nomination on the first ballot. Even the most optimistic campaign managers here are not claiming victory before the third ballot, and the more conservative party leaders predict the break will not come before the fifth or sixth at the earliest.

Figures compiled here show the following division of the convention vote: Major-General Wood, 153; Senator Johnson, 109; Governor Lowden, 74; favorite sons and uninstructed, 648.

J. W. ALLISON NOW SUES FOR \$300,000

Takes Action Against Head of New York Munitions Firm

New York, May 27.—(Canadian Press).—J. Wesley Allison, of Morrisburg, Ont., who figured in the famous fuse inquiry at Ottawa in 1916, is now appearing as plaintiff in a suit here that is also based on a munition contract. Suit for \$300,000 based upon a British munitions contract was filed in the United States District Court here yesterday afternoon by Colonel Allison against H. M. Dodge, of Madison, N. J., director of the Remington Arms Union Metallic Cartridge Company. Allison claims the amount as commission due him on an contract for more than 2,000,000 shells.

In the petition filed with the Supreme Court, Allison says that in 1914 Dodge was securing contracts for munitions and made a contract with Allison to aid in obtaining one with the British Government for the brass cases for the shells. Allison alleged that he obtained plans and specifications for the cases, furnished them to Dodge and gained from him \$25,000. Allison also alleges that he later visited Great Britain in the interest of Dodge and obtained a contract. He asserts that Dodge has refused to pay his claim or to divulge the number of shells the firm manufactured for the Allies.

Allison also alleges that he later visited Great Britain in the interest of Dodge and obtained a contract. He asserts that Dodge has refused to pay his claim or to divulge the number of shells the firm manufactured for the Allies.

BANK OF ENGLAND'S WEEKLY STATEMENT

London, May 27.—The weekly statement of the Bank of England shows the following changes:
Total reserves, decreased £600,000.
Circulation increased £583,000.
Bullion decreased £17,150.
Other securities decreased £916,000.
Other deposits decreased £209,000.
Notes reserve decreased £583,000.
Government securities decreased £2,159,900.
The proportion of the bank's reserve to liabilities is 16.50 per cent.; last week it was 16.49 per cent. Rate of discount 7 per cent.

PIERRE BLANCHETTE PAYS TRIBUTE TO DODD'S KIDNEY PILLS.

He Suffered From Dyspepsia For Twenty Years and Now Loses No Opportunity to Sing the Praises of Dodd's Kidney Pills.

St. Anne des Monts, Tourelle, Gaspe Co., Que., May 27.—(Special).—"I always keep Dodd's Kidney Pills in the house." That is the tribute Mr. Pierre Blanchette, a well-known resident here, pays to the old, reliable kidney remedy.

"I had dyspepsia for twenty years," Mr. Blanchette continues. "I got some Dodd's Kidney Pills and took them. I am well now. I eat all I desire and have no bad effects. I recommend Dodd's Kidney Pills to all the world."

The satisfaction Dodd's Kidney Pills are giving as a remedy for kidney troubles is shown by the large number of people who keep them always at hand. They have learned that the proper way to avoid serious forms of kidney disease, such as rheumatism, diabetes, dropsy, and heart disease, is to correct the early symptoms of kidney trouble.

Dodd's Kidney Pills have built their reputation on the good work they have done. Ask your neighbors if Dodd's Kidney Pills are not the sovereign remedy for kidney trouble.

SAVINGS DEPOSITS IN CANADA GROW

Ottawa, May 27.—The bank statement for April, just issued by the Finance Department, shows a continuous increase in savings bank deposits, which now stand at the new high level of \$1,209,000,000, as compared with \$1,070,000,000 a year ago and \$833,000,000 at the end of April two years ago.

Note circulation by the banks shows a decrease during the month which was a slight increase in deposits in the central gold reserve. Call loans in Canada were rather lower than shown in the statement for March. Current loans in Canada were about \$25,000,000 higher.

CZECHS AND POLES HAVING DISPUTE

Paris, May 27.—A rupture of diplomatic relations between Czechoslovakia and Poland is feared in official circles here as a result of the crisis over the situation in the Teschen plebiscite area.

Information received here indicates that recriminations between the two countries regarding the situation of their nationals in the plebiscite region have reached an acute stage. The Poles are accusing the Czechs and the Czechs are accusing the Poles of responsibility for the repeated riots and crimes in the Teschen district, as well as discriminations against their respective nationals.

UNIONISTS LOSE TWO PRAIRIE MEN

Wright, Battleford, and Buchanan, Lethbridge; Oppose Budget Proposals

Convictions Lead Them to Support the Opposition Amendment

Ottawa, May 27.—The first break in the ranks of the Government supporters on the budget came last night. For several hours the debate had proceeded along wonted lines; members on the Government and Opposition sides voicing support and criticism of the proposals mentioned in the speech of the Minister of Finance. At last H. O. Wright, member for Battleford, and a farmer by occupation, rose and in a concise and positive speech announced that he would have to break with the Government and support the Opposition amendment. This announcement was met with loud applause from the Liberal Opposition as well as the farmers, but the former was somewhat dampened when Mr. Wright announced that he did not think there was anything material in the amendment, but the rules of the House precluded the moving of any other.

Buchanan Also

Mr. Wright, however, was not the only prairie Unionist who found that he must break with his party. He had not long concluded his speech when W. A. Buchanan, member for the prairie, rose and came to the conclusion that the promised tariff revision meant only protection, and he also would support the amendment. Again the Opposition benches broke into applause. He could not agree with anything which meant taxing implements of production, thus making the cost of living higher, said Mr. Buchanan. He had been elected as a low tariff man, and it was to be consistent that he was taking no unexpected stand.

Recruit for Progressives.

The decision of Mr. Wright to vote against the Government meant that the new Progressive or Farmers' Party had won another recruit. He declared that the four-square for the tariff principles contained in the platform, that he was a subscriber to the Farmers' political campaign fund and heartily commended the present Government for the period of the war and demobilization, and felt that he had amply done his duty along these lines.

A Free Lance.

Early in the present session, and at the time when Major Andrews, member for Centre Winnipeg, during the debate on the address in reply to the Speech from the Throne, broke with the Government and joined the cross-benchers, Mr. Buchanan announced that he would regard himself in the future as a free lance, supporting or opposing the Government as he saw fit. He announced then that he was a low tariff man, so his defection from the Government ranks was not unexpected. Whether he will join the ranks of the cross-benchers or not is not yet known. It was noticeable that in spite of the importance of the two who stepped into the arena, there was not a large attendance in the House, and but a small gathering in the galleries.

Edwards Spoke.

The debate was opened by Dr. Edwards, of Frontenac, who outlined the recent fiscal history of the Dominion, declaring the Conservatives had done more than the Liberals to reduce the tariff on agricultural implements to its present level. He characterized the free trade party of Dr. Clark's recent speech as nothing but a series of quotations from the "Earl of This and the Duke of That." He found fault with the Grain Growers' Grain Company of the most colossal profiteering concern in Canada.

The president of this organization was Hon. T. A. Crerar, leader of the Farmers' Party in the House. As far as he could see, said Dr. Edwards, the new Farmers' Party was not trying to help the farmers, but was trying to get what it could out of it.

"While the farmers farm the farms, they farm the farmers," declared Dr. Edwards. Mr. Crerar was doing it to the extent of \$15,000 a year, he said.

Into Canada Free.

Dr. Edwards drew attention to what he regarded as the utter lack of consideration shown for the farmers by the Liberal Opposition. He stated that Canada was at present exporting to some forty countries. If the amendment should carry, every country in the world would be given the opportunity to send its surplus foodstuffs into Canada free of duty. Canada, on the other hand, would be unable to export to protectionist countries without paying their duty.

Wrong Direction.

F. F. Pardee, of Lambton, said that the Minister of Finance was reaching in the wrong direction for money. The proposed taxes added to the consumers' cost, and would not give the desired results. He favored the abolition of the duties on food, clothing, and implements of farm production.

Checked by Inspectors.

Mr. Reid said that the charge made by the member for Vancouver (H. H. Stevens) that the farmers' organization systematically stole wheat from the farmers by a system of overages

From a Child Was Constipated

According to the best medical authorities, fully three-fourths of the people of the civilized world suffer in some form from constiveness or irregular action of the bowels. There is no doubt that many distressing diseases are caused by constipation. It gives rise to sick and bilious headaches, jaundice, heartburn, floating specks before the eyes, catarrh of the stomach, biliousness and the painful, troublesome piles. Therefore, it is of supreme importance to health that the bowels be kept regular. Simple food, fruit, etc., should be used, and rich food and stimulants of all kinds avoided. This, with the use of Milburn's Laxa-Liver Pills to regulate and establish healthy action of the bowels cannot fail to give permanent relief in the most obstinate cases.

Mrs. Lettie Wainman, Orillia, Ont., writes: "From a child I was always very badly constipated, and I can well remember when quite young, my mother giving me senna tea nearly every morning, and I got to dread it. After taking Milburn's Laxa-Liver Pills for a while I am not troubled with constipation any more."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

In the elevators, was not true. Government inspectors alone were responsible for the checking and weighing out of grain through all its processes.

At the request of Mr. Speaker Rhodes, Mr. Reid withdrew the statement as unparliamentary in so far as it suggested that Mr. Stevens had spoken falsely.

Condemned Proposals.

Fernand Rinfret, of St. James, Montreal, condemned the budget as merely adding to the burden of the people. The Government, he said, had met hard times and great difficulties with a weak mind, an empty heart and a false purpose. The Canadian people were longing for an opportunity to change the present administration for a better one.

\$20,000,000,000 AS OUTLAY ON LUXURIES

That Is Estimate For American People For This Year

New York, May 27.—The American people are eating candy at the rate of \$1,000,000,000 a year, yet they complain of a sugar shortage. Secretary of the Treasury Houston declared in an address here yesterday. He said the volume of the national confectionary feast was estimated on tax receipts for this year. "Experts tell me that the expenditure this year on what the Treasury reckons as luxuries will exceed \$20,000,000,000," he said.

ANAEMIA ROBS ITS VICTIMS BY STEALTH

Conditions of Thin Blood That Could Be Corrected Easily Are Stealing the Health and Energy of Many Men and Women, and Boys and Girls.

Anæmia, which literally means bloodlessness, is one of the most prevalent troubles of the present day. If neglected it is apt to develop into pernicious anaemia, one of the most hopeless diseases. While anaemia attacks men and boys, it is more prevalent among young girls and women and for this reason every woman, particularly every mother, should know how to recognize the signs of this trouble which makes its appearance so gradually and so stealthily that it is often far advanced before the nature of the trouble is noticed. One general symptom of anaemia is pallor. The cheeks gradually lose their color, and the lips become pale or white. With this loss of color there comes a tendency to fatigue, a palpitation of the heart, and breathlessness after slight exertion, with occasional headaches. In the more severe cases fainting spells frequently occur.

In ordinary anæmic conditions, including the anaemia that affects young girls in their teens, Dr. Williams' Pink Pills are all the medicine required. Fresh air, sunlight, and nourishing food will do the rest. Any woman or girl taking Dr. Williams' Pink Pills can tell by the growing redness of her lips that the pills are making her blood rich and red.

Miss Mabel Feener, Liverpool, N.S., says: "Before I began the use of Dr. Williams' Pink Pills I felt like a complete wreck of my former self. My blood was thin and watery; I suffered from faint and dizzy spells, and had headaches almost every day. I was taking doctor's medicine, but it was not helping me and at this time I was learning my trade as a tailor, and was forced through my nervousness to give up work. After reading an advertisement of Dr. Williams' Pink Pills one day I decided to give the pills a trial. After taking two boxes I felt that I was being benefited, and continued their use until I was fully restored to health. The pills certainly did wonders for me, and I cannot recommend them 'too highly.'"

The purpose of Dr. Williams' Pink Pills is to build up the blood. They do this one thing, they do it well. They are for this reason an invaluable remedy in diseases arising from bad or deficient blood, as rheumatism, neuralgia, and every other ailment of the kind. The pills are guaranteed to be free from opiates or any harmful drug, and cannot injure the most delicate system. You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

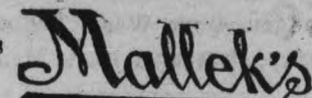

Wool Cheviot Suits HALF PRICE

It is seldom that the women of Victoria have the opportunity to purchase a good, practical Suit at half price—especially at this time of the year—a fact which makes this offering the more remarkable.

Each Suit is beautifully made of a splendid quality material, and a choice of five colorings is here for your selection—black, navy, brown, plum and heather.

The regular price of these Suits is \$38.50. This has been cut in half, and you can purchase one.

TREATY RATIFIED.

Paris, May 27.—The Chamber of Deputies yesterday afternoon ratified the treaty of St. Germain with Austria.

THRACIAN DELEGATES MADE DECLARATION

Constantinople, May 26.—Via London, May 27.—Thrace's declaration of independence, which was adopted at Adrianople on May 13, was passed by a congress of 217 delegates, representing all parties, Adrianople advised state.

"Thrace, being Moslem in the true sense, with an overwhelming Turkish majority," says the proclamation, "rejects the proposal for separation from the Ottoman Empire and annexation to Greece, and, arms in hand, will resist any attempt by Greeks to occupy it, or any internal revolutionary movement tending to facilitate such an operation."

JERSEY BREEDERS

HOLD ISLAND SESSION

Cowichan District Entertains Stock Men From Mainland

Duncan, May 26. — The Jersey Breeders' Association opened their semi-annual convention of B. C. organizations in Duncan to-day, many prominent breeders of the Island and Mainland being in attendance. The farms of some of the Island breeders were visited during the day, and over forty-five guests sat down to luncheon at the home of Mr. W. A. Willett. Other Jersey herds visited during the day were those of Mr. Doering, W. Paterson, F. J. Bishop, and G. T. Corfield, where tea was served in the orchard by Mrs. Corfield.

Opening in the Tzouhalem Hotel for the evening session, H. E. Barton, of Chilliwack, president of the B. C. Jersey Association, occupied the chair. G. S. Harris, of Moresby Island, secretary, also being present. The president eulogized the Jersey herds seen in the Cowichan district and referred in glowing terms to the keenness of the breeders in the district. The meeting passed a message of sympathy for Mr. G. T. Corfield, in his recent loss, and appreciation of the latter's efforts on behalf of the Association.

Professor Macdonald, Provincial Livestock Commissioner, in an able address outlined the project of a boys' and girls' club as practiced in other communities. Professor Maclean, of the University of British Columbia, added his support to the former speaker and the keenness of the breeders in the district. The meeting passed a message of sympathy for Mr. G. T. Corfield, in his recent loss, and appreciation of the latter's efforts on behalf of the Association at this present convention.

Stock Breeders' Activities.
The control and eradication of tuberculosis from dairy herds formed the subject of an address by Dr. Warnock, Deputy Minister of Agriculture, who advocated a Dominion-wide series of tests. The advisability of entering cattle in district exhibitions was dealt with by H. S. Rolston, secretary of the Vancouver Exhibition. Mr. Harris delivered a report on his activities at the annual meeting of the Canadian Jersey Cattle Club, where he was instrumental in securing a grant of \$300 to be devoted to donations of prizes in this Province. Ruscombe Poole rendered several solos that were fully appreciated during the evening. To-morrow the farms of H. W. Bevan, Davenport Chapman, L. F. Solly, and F. Lloyd are to be visited.

VON BERNSTORFF'S LETTERS PUBLISHED BY GERMAN CABINET

Berlin, May 26.—Via London, May 27.—Official documents were published to-day covering letters written by Count von Bernstorff, the German Ambassador to the United States, written from Washington to the Berlin Foreign Office between March, 1918, and January, 1917. A large portion of the correspondence dealt with President Wilson's pre-war attitude toward Germany and Great Britain, and his re-election to the presidency.

Regarding Col. Theodore Roosevelt, Count von Bernstorff declared in a letter written in March that "influential American circles will not countenance 'wild Theodore,' and proceeded: 'So much is certain—Wilson does not want to be drawn into the European war. This has been stated by Colonel House both in London and Paris.'"

In June Bernstorff wrote: "Colonel House continually asks me to impress upon you that we should not show a great desire for peace, as our enemies would take this up as a declining attitude."

In November, in an extensive report on President Wilson's re-election, Bernstorff wrote: "I regard the issue as favorable to us, or, pessimistically speaking, I regard Wilson as the lesser evil. If Hughes had been elected we would have stood a bad chance, with people like Root, Bacon and Wickersham in the Cabinet."

MANY LABORERS NEEDED IN B.C.

Vancouver, May 27.—British Columbia industries can absorb 1,000 laborers a week at the present time, according to Lieut. Colonel Bruce Powley, Superintendent of the Provincial Employment Service. The call for rough labor by the lumber and railway construction camps and farms of the Province is insistent and the department is unable to meet the pressing demands, Col. Powley states.

Whip it This Way

Mrs. Leshear asks how to whip Pacific Milk. We do it this way: Put a small tin in water and heat to the boiling point. Then put on ice and chill thoroughly. Have a bowl on the ice getting cold. When the tin is chilled open it and pour milk into the cold bowl, placed in another bowl of cracked ice. Heat in the ordinary way and in less than five minutes you'll have delicious whipped cream. If it is not too much trouble we would be glad to know how you like it.

We will furnish any other recipes upon request.

MUST KEEP THE PLEDGE.

Reports that the Dominion Government has adopted a hesitant attitude regarding the dry-dock project have caused a number of stiff messages to be sent to Ottawa reminding the Prime Minister that the Government is bound in honor to proceed with the work. It is pledged through the Hon. S. F. Tolmie to build the dock and its repudiation of that pledge would involve another vacancy in the Cabinet, for the Minister of Agriculture would not be a party to such a dishonorable course for a minute. Considering the circumstances under which the Government formally committed itself to this undertaking, it is surprising that there should be even a whisper that it is not going ahead with the work, and the sooner it removes all ground of uncertainty by authoritative announcement the better it will be for its own prestige and reputation as well as the peace of mind of the people of Victoria.

TWO CAN PLAY IT.

The report of the Foreign Relations Committee of the United States Senate in favor of a resolution authorizing the appointment of a commission to deal with the Canadian Government regarding newsprint and pulp imports from Canada contains suggestions of retaliatory measures if the Dominion does not abandon her policy of imposing embargoes upon the export of articles of this character in order to protect her domestic consumers. It hints at similar embargoes by Washington upon the export to Canada of coal, sulphur and dyes.

The Foreign Relations Committee appears to have overlooked a few possibilities in its contemplation of retaliatory measures. For example, Canada need only put an embargo on nickel, of which she controls four-fifths of the world's supply, to cripple the steel industry of the United States. We are heavy exporters of other important materials urgently required for industrial purposes south of the international boundary line, an embargo upon which would be very embarrassing.

On the other hand, an embargo on American coal exports would have a serious effect upon central Canada until Canadian coal producers could meet the new demand. Retaliation would be bad business for both sides, so bad, in fact, that we are fairly certain it will not be started. In other words, the Senate Committee is bluffing—a rather stale and futile proceeding to adopt towards a neighbor as familiar with that game as Canada is, particularly one who is as capable of "calling" that kind of a bluff as she is.

WORKERS WANTED?

In a statement to the press in Vancouver the superintendent of the Provincial Employment Service intimates to the general public, and to the man requiring work in particular, that British Columbia's industries are capable at the present time of absorbing one thousand laborers a week. Indeed, it is declared that the Department is unable to meet the insistent and pressing demand for workers in the lumber and railway construction camps. There is a good deal of satisfaction to be derived from the announcement inasmuch as it suggests a healthy state of affairs throughout the Province, and those men who have expected to find employment in or near the cities of the Coast would do well to get into touch with the Provincial Employment Service and fill in the summer months. In the meantime, as far as Victoria is concerned at any rate, the various contemplated local projects may reach a stage by the fall of the present year in which a good deal of rough labor will be required.

SUGAR FOR EXPORT?

According to a telegraphic dispatch from Halifax yesterday hundreds of thousands of bags of sugar are being piled up at that port presumably for exportation abroad. If this information be correct an immediate investigation should be conducted by the Dominion authorities with a view to imposing an embargo upon sugar exports until this country's domestic needs and her dependent industries have been provided for. Representations already have been made to Ottawa by the British Columbia Government in which the requirements of the fruit industry of the Province were duly emphasized. Until the present time, however, nothing beyond a general instruction from the Canadian Trade Commission urging the people of the country to "stock up" has resulted from the recommendations of the Oliver Cabinet. In any event the truth of the Halifax report should be established or denied at once. The Canadian people will not tolerate prices which owe their inflation to an alleged shortage if large quantities are allowed to be exported by eastern refineries desirous of adding to their profits.

resulted from the recommendations of the Oliver Cabinet. In any event the truth of the Halifax report should be established or denied at once. The Canadian people will not tolerate prices which owe their inflation to an alleged shortage if large quantities are allowed to be exported by eastern refineries desirous of adding to their profits.

RAPID EXPANSION.

Appropos of commercial expansion it is interesting to observe that Vancouver's "Industrial Island" is now full up. Despite the fact that it is little more than two years since this particular area was set apart for industrial enterprises, no fewer than thirty-four establishments already have commenced to do business and their joint contribution to the city's payroll now exceeds \$2,750,000 annually. It may be claimed, perhaps, that Vancouver's geographical and other natural advantages exceed in some particulars those of Victoria. We do not admit the claim, but in any case it cannot be disputed that the former Songhees Reserve is the logical spot for Victoria's ultimate industrial extension. To bring about the desired end, however, it will be necessary for the exponents of the tourist development and commercial expansion theories to meet on common ground, co-relate their estimate of joint possibilities, and formulate a plan by which Victoria may come into her own by way of a double track appeal.

AUSTRALIA'S WAY.

Australia has been quick to detect the benefit to be derived from good advertising. One of the features of the new building which houses the Commonwealth offices in London is a large "movie" hall in which exhibitions are given practically every day of the week. At the present time more than three hundred children from the London County Council Schools attend each morning for the purpose of hearing lectures on Australia.

There is here an idea which Canada might very well emulate. Unfortunately, however, the Governmental offices of the various Canadian Provinces are somewhat scattered, and the High Commissioner's office possesses no more pretension than that which houses the average mercantile agency. Nevertheless, it should be possible for the Dominion Government to utilize some part of British Columbia House for propaganda work such as that adopted by the sister Dominion.

NOTE AND COMMENT

When Sir Henry Drayton was formulating his budget proposals for new taxation he overlooked a very important source of revenue. It could be applied equally to each Province in the Dominion and the general public would welcome the innovation much more warmly, for instance, than the tax on the ten-dollar shoe or the fifty-dollar suit. Our suggestion is that political speeches of members of Parliament, inside and outside the Legislatures of the country, should be limited to fifteen minutes within the twelve waking hours, and that an unfinished theme at the end of the quarter of an hour could be completed only upon the payment of ten dollars for every five minutes of speech. We hazard the guess that many sessional indemnities could be collected holus bolus by the introduction of such an impost.

OTHER NEWSPAPERS' VIEWS

A LIBELOUS STATEMENT.
(The Mexico, Mo., Ledger.)
About all the modern girl knows about a needle is that you can use it only once on a Victoria.

SHE IS JOY.
(The Haverhill Gazette.)
Corpulent women are truly the "fat of the land." Macklyn Arbuckle, an actor, made the famous "nobody loves everybody love a fat woman." She is Joy, and Laughter, and Cheerfulness, and Optimism, all rolled up into a mountainous mass of happily undulating flesh. One of them had recently attended a movie comic in which "Fatty" Arbuckle portrayed the part of a fireman. No doubt she enjoyed the show. And it was better than a movie treat to hear her describe the fun after she reached home. She boo-hoed and ha-hahed, and bent and twisted and shook with unconfirmed mirth, her chair the meanwhile creaking as if ready to give up the ghost because of the weight thrust upon it. Perspiration rolled down her face. Her joy and her laughter was contagious. Why, the first thing that was known the whole audience at her house was visualizing what the fat woman saw at the picture show, and with her laughing until it was holding its sides. A fat woman is always the life of the party. As good as gold, as solid as Gibraltar, as joyous as Peter Pan, she sure enjoys life.

ONE OF THE PEOPLE.
(The Toronto Globe.)
Edward, Prince of Wales, and heir to the British Throne, is winning his way into the hearts of the people over whom he will one day reign. The fair-haired, smiling boy who captivated Canada by the charm of his personality and his concern for the common people is carrying to other parts of the Empire the same spirit of real democracy which made him loved here. Cables from New Zealand record a significant incident. Railwaysmen there were on strike, but officials assured the young Prince that they would run the Royal train. Edward at once asked if they would likewise run trains for the people. On being told that at present they would not, he replied that he was unable to avail himself of any special offer, for, he added, "I am one of the people." At a time when so much of the world is in turmoil, when Thrones have crumbled and Soviets are shedding blood, the sceptre of the British Empire is secure—secure in the esteem and affection of the citizenhood. And the King's son gave the reason—because "I am one of the people."

ENGLAND-TO-IRELAND CARGO STEAMERS ARE TAKEN OFF THE RUN

(Continued from page 1.)
Three More Regiments.

London, May 27.—Following the departure of the Cameron Highlanders for Ireland, three additional regiments have received orders to embark for Queenstown. These regiments are expected to reach Queenstown on Monday under sealed orders as to their further movements.

Northern Parliament.
Belfast, May 27.—The Ulster Unionist Council by a large majority to-day reaffirmed the decision of March 10 in favor of six counties for the northern Parliament should the new Home Rule Bill be enacted. This would exclude the counties of Donegal, Cavan and Monaghan.

Fires.
London, May 27.—The destruction of property in Ireland by fire is continuing, according to a Dublin dispatch. Kilbrittain Castle, near Easton, County Cork, one of Ireland's ancient landmarks, was destroyed Tuesday night. It is estimated the damage was \$100,000. The castle was unoccupied. The reports do not state the cause of the fire.

Damage estimated at \$40,000 was caused by fire on the farm of Major Pollock, at Gaveen, Ballinacree. The members of the family escaped with difficulty. Several valuable horses were burned. The police and military helped to extinguish the flames. Reports allege the villagers who watched the fire would not render assistance in putting it out.

Records Destroyed.
Other reports of fires include news of an attempt to burn the courthouse at Waterville, County Kerry. The police saved the building, but valuable records were destroyed. The courthouse at Cloyne, County Cork, was burned.

One hundred men attacked the police barracks at Long's Gorge, Galway, but were beaten off.

Coroner's courts have been receiving attention from the campaigners. The members of a jury who sat at an inquest on two policemen who were killed, received a notice informing them that they had been "tried and found guilty of treason," and must bear the consequences.

Building Burned.
The Balthague coastguard station was attacked by armed men Tuesday evening. The six coastguards resisted, but were forced to surrender. Their arms and ammunition were taken, and their wives and children turned out, after which the building was burned.

SUPPORTERS OF PROJECT CONFIDENT VOTERS WILL ENDORSE GOLF LINKS

(Continued from page 1.)

As the date of the referendum has approached numerous prominent men and different organizations have recorded themselves as favorable to the project, and for this reason its supporters are optimistic. Alfred Carmichael, President of the Real Estate Exchange, came out strongly in favor of the scheme to-day in a striking statement, publication of which he has authorized.

A Good Investment.
"Any expenditure which will attract visitors to our city and which will keep them here is a good investment," Mr. Carmichael asserts.

"For every dollar a visitor spends creates business which provides work for one kind or another for all citizens of the city."
"First, the transportation companies and further every employee of these companies benefit. If it was not for the visitor it is extremely doubtful if the C. P. R. could operate the splendid ferry service we enjoy, and certainly the Empress Hotel would never have been built. These services alone, from the day the first keel of brick was laid, created prosperity for many and are now employing large staffs and consuming quantities of supplies. The same can be said for every other hotel in town. Fill these hotels with visitors and all branches of business and all visitors, be they tax-payers or not, reap direct and positive benefits."

"Every satisfied visitor is a potential property owner, and those over-burdened owners of lots on consideration must see how he is directly interested in making it worth while for our visitors to turn into permanent residents. When a visitor becomes a resident he either buys a house, in which case the vendor is likely to build again, or the visitor buys a vacant lot and builds. Building material and skilled labor in the erection of the house is required. The following are the chief industries benefited by each house built:

Cement, sand and gravel, brick, lime, lumber, shingles, hardware, plumbing, electric fittings, plumbing fixtures, furniture, paint and paper.
Most of which is of local production in the work of erection; carpenters, lathers, plasterers, shingle layers, plumbers, teamsters, gardeners, etc., interests of every man and woman directly or indirectly concerned in the above trades to work and vote for any scheme which will help to attract visitors to Victoria and keep them here when we get them and influence them to become householders or home-builders.
"So do not make any mistake about your vote on Friday. The dollar you as a property owner will invest in the Municipal Golf Links will bring you in ten."

Alderman Patrick Confident.
"I feel confident that the voters will give their approval to a project of such vital importance to the city," Alderman Joseph Patrick, father of

On account of the great shortage of FUEL OIL the majority of Steamships, Factories and Buildings, etc., are changing over to the burning of coal.

This in turn will create a heavy shortage of Coal next Winter.

Therefore KIRK'S advice is to

How to Combine Comfort and Charm in Furnishing the Home

The very acme of good taste in home furnishings is expressed in the proper selection of over-stuffed furniture for the living room. No other type of furniture permits the same coziness of "atmosphere," the same pleasant blending of tints, the same expression of solid comfort and refinement.

If you will visit the third floor showroom of this store, you will find a collection of easy chairs and chesterfields, providing a scope for selection unsurpassed in British Columbia. You will find effects and values, too, of unusual appeal.

Chairs are priced from \$24.75 to \$157
Chesterfields from \$112 to \$350

the golf links plan, who has fought for it tirelessly in the City Council and before the Provincial Privates Bills Committee for months stated to-day.

"There can be no doubt in anyone's mind surely that the links is needed and that it will be a success, both in attracting people to the city and affording recreation to citizens and in a financial way. The only question, it seems to me, is whether the city can afford it. The city certainly can afford it. Provision for the first expenditure has been made in the estimates for the year and yet last year. The amount which each taxpayer will have to pay for the links is trifling. The links, there is no doubt, will be one of the best investments the citizens of this city could make."

"In considering the prospects of the financial success of the links it is interesting to note," Alderman Patrick observed, "that 56,462 people last year played on the Municipal Golf Links in Seattle where there are six other links."

"I note that some people think we should use the Elk Lake land for a links. That idea is not practicable for the simple reason that the land is too far from town. We want a links where everyone can play—a links particularly for the poor man and the working man. How could the poor man get away out to Elk Lake for an afternoon's golf?"

Rotary Club officers who have worked hard in support of the golf links plan are particularly anxious to see that the citizens should understand clearly that the Rotary Club or its members will not benefit particularly from the establishment of the links as practically all of them are members of existing clubs. The efforts of the club in the matter, they observe, have been made purely for the sake of the city.

Voting to-morrow will commence at nine o'clock in the morning and continue until seven o'clock in the evening. The polling booths have been established in the Public Market Building, Cormorant Street. Returning Officer W. W. Northcott will have charge of all arrangements. It is expected that the result of the referendum will be known early in the evening.

DELEGATES TO BE GUESTS OF CANADA

(Continued from page 1.)
ars, Grenada, Barbadoes and the Leeward Islands will attend the West Indies-Canada conference, which is to open in Ottawa on Monday. The delegation from Demerara, Grenada, Barbadoes and the Leeward Islands are already in Ottawa and the remainder are expected in the course of the next two or three days. The official list of the delegates to the conference was made public yesterday afternoon. It is as follows: Bermuda—Hon. W. E. Jackson, member of the Legislative Council, with Hon. S. S. Spurling, chairman of the Trade Department and member of the House Assembly. Bahamas—Hon. J. Malcolm, Speaker of the House of Assembly. Jamaica—The Attorney-General, with Messrs. Johnson, Commercial Agent, and J. H. Phillips, member of the Legislative Council, as advisers. Demerara—Captain J. M. Reid. Grenada—H. Ferguson. Barbadoes—W. L. Phillips. Leeward Islands—Donald McDonald. Great Britain—Lieut.-Colonel Amery, Parliamentary Secretary of State for the Colonies, and Captain E. J. Edwards, British Trade Commissioner to Canada. Canada—Sir George Foster, Minister of Trade and Commerce; Sir Henry Drayton, Minister of Finance; Hon. Martin Burrell, Minister of Customs. C. E. Payne, private secretary to

SUGGESTS AIRCRAFT FOR RE-FORESTRATION

C. C. Pemberton Deals With B. C. Growth of Merchantable Timber

In addressing a meeting of the Victoria branch of the Aerial League of Canada last night, Mr. C. C. Pemberton emphasized the desirability of aiding nature in the re-seeding of certain portions of former forest areas that had been subsequently destroyed by fire.

The speaker, in an able address on the subject of re-seeding, told of the processes of nature to reclothe her forest areas, and stated that where fire had destroyed the vegetation it was several generations before that land would get back its original type of stand.

Tree life, like many of the works of nature, was essentially self-supporting and migratory, he continued, but that where the work of man had made too vast inroads in the forests, or the repeated fires had destroyed the seeds, the aid of man would hasten the time when the forests stood up to the wear and tear of life.

Distribution of Timber.
Of some 355,000 square miles of timber land in the Province, approximately 200,000 were incapable of producing merchantable timber, Mr. Pemberton said. Most of the timber was found below the 5,000 foot level. Some 145,000 square miles of forest areas stood above the merchantable timber belt. Of the lands that had formerly been forests below the altitude limit, and that had lost that growth through fire, he thought that there might be a field for the aeroplane in re-seeding. Some 55,000 square miles in the Province came under that head, and although knowing nothing of the aeronautical questions involved, Mr. Pemberton stated that it was desirable to aid nature to re-seed that portion of her forests which in the course of time necessary to reclothe in the natural way would be a matter of hundreds of years.

Mr. Pemberton suggested to his audience the project of re-seeding from the air, with reference to the badly burnt areas as stated, and asked their attention to the matter from the viewpoint of a commercial practicability.

On the conclusion of his address Mr. Pemberton was warmly thanked by members of the League for his interesting address.

Aerodrome Suggested.
Stating that the march of events had brought aviation to the doors of all, and that western Canada was going to take a very large share in the commercial development of the aeronautical sciences, the League appointed Messrs. W. Kelly and Thompson on a committee to enlist public support for the project of a Victoria owned aerodrome and sea base for aircraft.

HOW INCOME TAX IS BOOSTED BY BUDGET

This Year's Bill Will Be Larger Than Last Year's

How the Canadian income tax has been scaled up by the new announcements of the Finance Minister, adding 5 per cent. to the tax for incomes of \$5,000 and upwards, may be seen from a table compiled by W. L. McKinnon & Co. According to this table, a man with an income of \$5,000 will pay \$125, instead of \$120, the man with \$10,000 income will pay \$619.50, instead of \$590. On the \$50,000 income the tax will be \$9,649.50, instead of \$9,190, and so forth. In this connection it might be pointed out that the next income tax bill from Ottawa for Canadians will contain a jolt unexpected by most of the recipients. Most people will have forgotten that the tax paid towards the end of 1919 was based on the legislation of 1918, and that the tax bill to be rendered towards the end of 1920 will contain the additions imposed in 1919, as well as the increase announced this week.

For married persons and widows and widowers having dependent children, there is an exemption on \$2,000 income. The normal tax provides for a levy of 4 per cent. on income exceeding \$2,000, but not exceeding \$5,000, and 8 per cent. on income exceeding \$5,000. The super-tax, which is added to the normal tax, provides for 1 per cent. on income between \$5,000 and \$6,000, 2 per cent. on income between \$6,000 and \$8,000 and 3 per cent. between \$8,000 and \$10,000, with 1 per cent. additional thereafter for each additional \$2,000 of income. The surtax, which is imposed by the recent Budget announcement, provides for a levy of an additional 5 per cent. above the normal and super-taxes, where the income is \$5,000 or more. A few examples of this tax for married persons and widows and widowers having dependent children are as follows:

Income	Amount tax levied	Per cent. of income
\$ 3,000	\$ 40.00	1.33
4,000	80.00	2.00
5,000	120.00	2.40
6,000	178.50	2.98
8,000	338.50	4.23
10,000	619.50	6.19
20,000	2,085.50	10.43
30,000	4,084.50	13.62
40,000	6,084.50	15.21
50,000	9,649.50	19.30
60,000	13,219.50	22.03
70,000	16,789.50	24.13
80,000	21,354.50	26.68
90,000	25,919.50	28.91
100,000	30,484.50	30.49
150,000	61,249.50	40.83
200,000	92,014.50	46.01
300,000	183,249.50	61.08
500,000	318,249.50	63.65
1,000,000	606,249.50	60.62

RED CROSS WORKER WILL VISIT CITY

A prominent woman Red Cross worker coming to the city in the course of the next few days is Mrs. Grace-Hutchinson of the Red Cross Society in London, England. Mrs. Grace-Hutchinson has made an extended tour, speaking before meet-

ings of Red Cross workers in Jamaica and in the larger cities of Canada. From Victoria she will return to London to report to headquarters of the society the results of her tour.

"You play the phonograph during meals." "Yes," replied Farmer Cornet. "Taint that we care for the music, but we want to do everything possible to keep the Summer boarders from talkin' about the League of Nations."

Social Personal

A wedding of interest to many Victoria people took place yesterday morning at St. John's Church in Vancouver when, at 10:45 o'clock, Miss Vida Latimer, daughter of Mr. and Mrs. L. Bruce Latimer, was united in marriage to Mr. George Ernest Smith, son of the late Charles Smith, Esq., and Mrs. M. D. Wilk, the Rev. Mr. McKenzie, pastor of St. John's Church, officiating. The bride is a member of the church and the ceremony was held in the church. Mr. and Mrs. Smith left immediately for Victoria, where they will spend a few days as guests at the Empress Hotel, going subsequently on a tour of Vancouver Island. They will return to reside in Vancouver.

The marriage was solemnized last week at Montreal of Percival Alexander, son of Mr. and Mrs. A. Moir, 534 Hillside Avenue, and Mary, daughter of Mr. and Mrs. D. T. Wilk, of Kirkland House, Arbroath, Scotland. The ceremony was performed by the Rev. F. S. Newison. Mr. and Mrs. Moir are now en route for Victoria, where they will make their home. Mr. Moir served overseas for two years with the Canadian Field Artillery. Prior to his enlistment and since his return he has been in the employ of the C. P. R. His many friends will extend their congratulations and best wishes to the couple on their return.

"J" Unit Chapter, I. O. E. E. was responsible for a most successful cabaret dance at the Criterion on Wednesday night, when there was a large attendance contributing to the pleasure of the event. Attractive vocal selections were rendered by Mrs. M. Brown, Lieut. R. R. Webb, and the Misses Lily Dooleys, Elsie Dumberton and Mr. Bert Ward, the latter three regular entertainers at the Criterion.

Miss Margaret Smith and Miss Edna McKiel, of the Oriental Home, left yesterday afternoon on a three months' trip to the East. They will attend the graduation of Miss Smith's niece at Wellesley College, Mass., at which they will visit other relatives in the New England States.

Information has been received that the examiner for the associated board of the Royal Academy of Music and Royal College of Music in Vancouver this year is to be Mr. Arthur Hinton, formerly of Victoria.

Under the auspices of the Women's Institutes a social evening will be held in the Gordon Head Hall, on May 28 at 8 p. m. There will be cards, music and refreshments.

Mr. and Mrs. D. M. Smith and family have returned to their home in New Westminster after spending the holiday week-end with Mrs. Peter Malloy, Esquimalt.

Mrs. Martinson and Miss Martinson are in from Jordan River, and are making the Dominion Hotel their headquarters.

Miss Marion Jardine has returned from a visit to the home of her parents, Mr. and Mrs. Graham Jardine in Vancouver.

There will be no meeting of the Agnes Deans Cameron Chapter, I. O. E. E., to-night, as previously announced.

W. Gibbs and Mrs. Gibbs came down from Shawnigan Lake yesterday, and are guests of the Dominion Hotel.

Dr. J. F. Irving and Mrs. Irving, of Yorkton, Sask., are registered at the Empress Hotel.

Mrs. B. H. Wilson, of Vancouver, is the guest of Mrs. H. G. Hall, 3038 Douglas Street.

J. J. White is gazetted as Immigration Inspector at Sidney, to date from January 1.

Mrs. Fisher, of Foster Fur Co., Ltd., has returned after an extended trip east.

Mr. and Mrs. James H. Goudie, of Oswego, is staying at the Empress Hotel.

W. E. Willows, of Prince Rupert, is registered at the Empress Hotel.

Mrs. Fred Foster has returned from an extended trip to eastern cities.

Miss Metzge, of Salt Spring Island, is registered at the Dominion.

Dr. R. H. Barker, of Happy Valley, is at the Dominion Hotel.

MANY ENROLL IN AUXILIARY ON HOSPITAL

New members filled out the forms of membership in the Women's Auxiliary to the Jubilee Hospital in the course of the first day of campaign which opened on Wednesday. Members were in attendance all day at Spencer's store, and eighteen enrollments were made. Yesterday Mrs. Rhodes and Mrs. Scott-Moncrieff took charge in the morning, and Mrs. Walker in the afternoon. In addition to the newly-signed members the following subscriptions were received with thanks yesterday, amounting to nearly \$100.

- Mrs. and Miss Parfit, \$4; Mrs. "R.", \$2; Mrs. J. A. Macdonald, \$2; Mrs. H. J. Wood, \$2; Mrs. F. D. Little, \$2; Mrs. J. Freeman, \$2; Mrs. W. H. Hargrave, \$2; Mrs. N. Rant, \$2; Mrs. Humble, \$2; Mrs. Rhodes, \$2; Mrs. Cleveland, \$2; Mrs. Sampson, (2 years), \$4; Mrs. and Miss Sayward, \$4; Mrs. W. H. Forbes, \$2; Anonim, 25c; Mrs. F. E. Winslow, \$2; Mrs. A. E. Cross, \$2; Mrs. H. E. Beasley, \$2; Mrs. A. C. Flumerfelt, \$4; Mrs. J. Nibbelk, \$2; Miss K. Hall, \$2; Mrs. John Hope, \$2; Mrs. F. M. Coburn, \$2; Mrs. R. Richards, \$2; Mrs. C. W. Bradshaw, \$2; Mrs. R. Hincks, \$2; Mrs. M. Meredith, \$2; Mrs. Potter, \$5; Mrs. C. E. Wilson, \$2; Mrs. A. H.

Mrs. Douglass Will Appear Here To-night

TALENTED PIANISTE IS DEVOTED MOTHER

An interesting musical personality is Gladys Bazeau Phillips of Vancouver who is a guest at the Empress Hotel to-day, having crossed this morning to appear with Mrs. Eliza-beth Douglass in recital to-night in the Empress ballroom. Mrs. Phillips has made a reputation that is quite unusual for one of her years, especially when it is remembered that added to her musical studies has been the care of two beautiful children. She has played the piano from as far back as she can remember, she said to an interviewer to-day. In fact the first letters of the alphabet she learned, and the only ones for a long time were those employed in musical notation. She has studied with many eminent masters including Eugene Benstein and Maurice Dusmell and with Godowsky for a brief period. But it is to her mother that she accords the greatest measure of praise for her attainments, which by the way she is most modest of. It is recorded of Mrs. Phillips that at the age of twelve she played a full recital in Spokane, the programme including the works of Chopin, Beethoven, Mendelssohn, Liszt and Rubinstein. Mrs. Phillips has but recently returned from New York and her recitals in Vancouver have brought from the critics praise which may justly be called lavish.

COUNTESS KERRY IS ADMIRER OF WOMAN MEMBER

Friend of Lady Astor Thinks Women Needed in Parliament

Interesting visitors to Victoria are Earl and Countess Kerry, who arrived here yesterday afternoon from a sojourn in Southern California. Countess Kerry is the sister of Major John Hope, 1312 Beach Drive. The Earl is Lieut.-Col. Henry William Edmund Petty-Fitzmaurice, D. S. O., M. V. D., heir of the Marquis of Lansdowne, and brother of the Duchess of Devonshire. The Earl and Countess will spend a few days on the Island motoring and fishing. The Countess was an indefatigable war worker, and takes a keen interest in the affairs of the day, especially in connection with the progress of women. She is an intimate friend of Lady Astor, and an admirer of the British lady member of Parliament's success. "But one woman is not enough, we shall need more in Parliament," said Countess Kerry this morning when asked by The Times to express her views on the subject of women in the Imperial Parliament. "Lady Astor conducted her campaign in an extraordinarily courageous way," the Countess continued, "and she is undoubtedly very quick and clever, and above all extremely conscientious." The distinguished visitors motored to Brentwood this morning, and tonight will be the guest of Mrs. John Hope at dinner. The Earl of Kerry has a distinguished military career. As a Major of the Guards in South Africa, he gave distinguished service in 1899 and 1900, and was a colonel in the Irish Guards in the late war. He also assumed important administrative duties in London. He was formerly a member of Parliament for West Derbyshire, being first elected in 1908, and was the previous year a member of the London County Council. The Earl has considerable interests in this Province. After spending a few days up the Island Earl and Countess Kerry expect to return to the Empress Hotel on Monday night.

LADY MAGISTRATE ADDRESSES CLUB

Juvenile Court Judge Speaks at University Women's Meeting

Addressing an interested meeting of the Women's University Club, of Victoria, at the residence of Mrs. F. C. Green, Fowl Bay Road, on Tuesday, Mrs. J. H. MacGill, judge of the Juvenile Court in Vancouver, told of the splendid work done there in dealing with juvenile offenders. Mrs. MacGill is an advocate of the indeterminate sentence in connection with prison reform, especially as it affects young women and girls. In the course of her experience Mrs. MacGill has observed the bad effects of the system which permits young women to be incarcerated for a certain period only to be set at large without friends, means of support or character. Another interesting guest was Mrs. Gillies, of Toronto, a member of the Women's University Club of that city, and convener of the national committee on scholarship. Mrs. Adam Beck was the third speaker of the afternoon when the three ladies were heard with great attention. Miss Bertha Winn expressed the thanks of those present to the speakers. Mrs. Green served refreshments at the close of a pleasant and profitable afternoon.

OBITUARY RECORD

The remains of the late Jacob Rouché were forwarded yesterday afternoon by the B. C. Funeral Co. to Kaysville, Utah, for interment. The widow and family accompanied the remains.

The funeral of Joyce Mary Harris, little daughter of Mr. and Mrs. E. S. Harris, of 1072 Davie Street, took place yesterday afternoon at 2:30 from the above residence. Rev. H. P. Hitchcock officiating. As the funeral was private, only the family and intimate friends were present. The littleasket was covered with many floral tributes, among them being a beautiful floral harp from the commercial staff of the B. C. Telephone Co., wreaths from the L. O. O. F. Lodge No. 1 and Britannia Lodge No. 73, A. F. & A. M. Interment took place in the family plot at Ross Bay Cemetery.

MR. WORDEN HERE.

Herbert R. Worden, of the publicity staff of Allen Theatre Enterprises, is here from Toronto on business. Mr. Worden states that his firm now operates over fifty theatres in Canada. The latest addition to the chain is being built in Vancouver. He is in Victoria in connection with the publicity for "The End of the Road," a problem picture dealing with an unusual subject, which will be at the Royal Victoria the first four days of next week.

A DANGEROUS WARNING

BLEEDING GUMS

Are your gums tender? Do they bleed when brushed? If so—watch out for Pyorrhoea.

This disease of the gums, which afflicts four out of five people over forty, not only destroys the teeth, but often wrecks the health.

In Pyorrhoea, the gums become spongy, then recede; the teeth decay, loosen, and fall out—or must be extracted to rid the system of the infecting Pyorrhoea germs which breed in pockets about them. These germs lower the body's vitality and cause many diseases.

You can keep Pyorrhoea away. Visit your dentist often for tooth and gum inspection, and use Forhan's For the Gums.

Forhan's For the Gums prevents Pyorrhoea—or checks its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums firm and healthy—the teeth white and clean.

Start using it today. If your gums have receded, use Forhan's according to directions, and consult a dentist immediately for special treatment.

35c and 60c tubes in Canada and U. S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

FORHAN'S, LTD., Montreal

Forhan's FOR THE GUMS

PART OF DEFENCE IN OLIVER-ELLIOTT SUIT AMENDED

Proceedings in Chambers To-day Preliminary to Trial

JUDGE ON EXTENT OF ABSOLUTE PRIVILEGE

The defence that R. T. Elliott, K.C., makes in the \$50,000 libel suit brought against him by Premier Oliver for the statements he made in telegrams sent to the Premier just before the Legislature closed, will have to be amended. Mr. Justice Macdonald in the Supreme Court Chambers ruled to-day.

It was also decided that Mr. Elliott's attack on the Premier could in no way come under the head of absolute privilege, although parts of it might come under one head of qualified privilege.

"I never thought that absolute privilege applied to someone outside of Parliament or the courts," said Mr. Justice Macdonald.

"A defence of this kind, if tenable, should be raised in a different form than that adopted. Violation of the rules of pleading may be such as to embarrass the trial and the mode adopted might confuse the issue."

Elliott to Pay Costs.

The court ruled that the Elliott defence should be amended to exclude all the outside defamatory material which does not bear directly on the main points at issue.

The court also ruled that all the costs of to-day's action were to be paid by the Elliott side, no matter which way the libel trial turns out when it comes up.

Defence Irrelevant.

After calling the Elliott outburst "a purely personal tirade of malignancy against John Oliver personally," M. B. Jackson, K. C., M. P., P., acting for the Premier along with Joseph Oliver, declared that a party to an action must not introduce matter that prejudices the rules of pleading.

"He must plead facts and material facts only," said Mr. Jackson. "Irrelevant matter should be struck out of this defence, as it might prejudice a fair trial."

This defence puts forward matters which are in aggravation of the libel. It is hard to comprehend how the defendant could do that. My friend takes the position that he might as well be hanged for stealing a sheep as a lamb. Their whole defence is vexatious.

All Frivolous and Vexatious.

"The defendant's defence is one only of absolute privilege. But Elliott is not a member of the Legislature, and was not a witness before the Legislature. He addressed this telegram not as a petition to an officer of the Legislature, either the Lieutenant-Governor or the Speaker of the House. It would not even then be privileged until it had come before the House."

"The fact that he says he was late, and did not have any time, and that his only way of getting the matter before the Legislature before it adjourned, was by sending the telegram does not excuse him. If this were possible anyone could in this way send out slander and Billingsgate with impunity."

"On the face of it he was addressing his message to the general public, and to every reader."

Mr. Jackson declared that the whole defence was "frivolous and vexatious, violating the fundamental principles of pleading."

Claims Privilege.

"I would say that this is absolutely privileged," began H. A. Maclean, K.C., appearing for Mr. Elliott.

"Well, I am against you," replied Mr. Justice Macdonald, asking whether he really meant that anyone could send an official in a public office a defamatory telegram with impunity.

Mr. Maclean replied that the means adopted was the only way open to Mr. Elliott at the time.

"It seems to me that the whole frame of your defence is wrong," said the Justice.

"There is nothing wrong in the first telegram," said Mr. Maclean.

"It's a political manifesto, that first one," replied the court.

Premier's Action "Mischievous."

"This action of the Premier is the most mischievous form of robbery

that could be conceived," Mr. Maclean said, dealing with the Dolly Varden legislation, claiming that it provoked his clients. "The Government in the final hours of the session brought in legislation which swept away our right of access to the courts after the Premier had promised that such legislation would not be introduced."

"One of our defences is provocation and all this material in our defence to the Premier just before the courts in order to go on."

Provoked by Premier.

Mr. Maclean declared that the Elliott telegraphic rally was provoked by the Premier calling Elliott a "freebooter."

"The Premier provoked the war," said Mr. Maclean. "Now let him take what he got and be quiet about it."

"You mean to say that a public man attacked in that way has no defence?" asked Mr. Justice Macdonald.

Mr. Maclean declared that the present tendency in the interpretation of libel laws is to widen the scope of privilege.

"The Premier has no right to come here to complain, as he took the matter in his own hands," Mr. Maclean went on. "Every fact we allege is necessary for our defence. The occasion made it necessary for us to get to the Legislature in that way."

As to the relation of spiritism to the communion of saints, Rev. Mr. Bliss asked, "need spiritism be considered particularly as a religious development?" It was, he believed, something that belonged to the realm of science and psychology rather than to religion, and was not a new revelation to be erected on the ruins of the old Christian structure.

"Spiritism will prove to be a psychological rather than a religious development, and one that will of its very nature be considered as the possession of those religious beliefs which have to do with death and the unseen world."

The paper concluded with numerous scriptural references to what appear to be instances of clairaudience.

In the discussion which followed Dean Quainton said that were he asked if in his opinion people should spend time and energy in seeking communication with their departed, he would emphatically say "no."

Canon Hilton, Minister of Finance, was among those who supported many of the premises of Sir Oliver Lodge.

Other opinions also were expressed on the questions ventilated in the paper, all of which were heard with interest.

This afternoon was occupied with a trip to the Dominion Observatory, and to-night there will be a public meeting at which Bishop Herman Page, of Spokane, will give an address on "The Church and Psychic Healing."

The Church's Opportunity.

"It is the duty and opportunity of the Church to sympathize with the democratic longings of these workers in industry. Unless the Church takes up the industrial cross and gives herself to Christianizing the social order the strife between capital and labor will be more acrimonious as have been Christianized."

In these words Rev. F. K. Howard, of Portland, Oregon, in a paper on "The Church and Capitalism," read in his absence by Rev. J. C. H. Hutton, at the afternoon session, epitomized his premises on the subject.

Dealing in a broadest manner with the relation of the Church to capitalism and industry, Rev. Mr. Howard proceeded to show the close interrelation of the two, and the organization with the workers in industry.

"The relation of the Church to capitalism is a deep and abiding one. It must take account of the economic basis on which society stands," said Mr. Howard. "The struggle for daily bread is the largest single fact in the life of the vast majority of men in any community, and the Christian problem is largely to introduce into the economic struggle the principle of individualism and groups the principles and spirit of the Gospel of Christ."

BANK OF MONTREAL ISSUES STATEMENT

Gives Opportunity of Determining Financial Condition of Country

Montreal, May 27.—The Bank of Montreal statement for the six months to April 30, is a particularly reassuring document. During the past year the banks, along with the rest of the country, have been readjusting their business from war to peace conditions. On account of the strong position it has maintained, the Bank of Montreal has been able to take care of a very large proportion of the expanding business of the Dominion, and as a result it reports an increase for the year of \$70,000,000 in current loans to Canadian manufacturers and municipalities.

The statement of the leading bank of the country will attract special attention under present conditions, as it will afford an opportunity of determining the financial position of the Dominion and the ability of the banks to meet any conditions which may arise in the country.

As compared with a year ago there is a marked expansion in all departments and as a result total assets now stand at \$71,150,138, against \$489,271,197 a year ago. Of the total assets liquid assets amount to \$302,821,820, against \$293,980,708 last year, while total current loans and loans to cities, have gained to \$253,672,828, compared with \$183,958,838, an increase of \$69,765,421.

Growth of Deposits.

Both classes of deposits have shown steady advance during the year, and deposits not bearing interest now stand at \$157,790,000, against \$124,736,000 a year ago, while deposits bearing interest have now reached a total of \$312,317,174, up from \$268,167,111. This represents a gain in total deposits for the year of approximately \$77,000,000.

The Profit and Loss Account shows a slight gain as compared with the corresponding period in the previous year. This is probably due to the very much larger business the Bank is now handling. Net profits for the six months to April 30 amounted to \$1,802,585, as compared with \$1,751,237 in the corresponding period last year. After the payment of dividends and making reservations for bank premises and war tax, the balance carried forward totalled \$2,090,440, against \$1,661,614 at the end of April a year ago.

Throughout the unprecedented conditions of the war period the Bank of Montreal was reported to be following a very conservative policy, in order to prepare for any conditions which might arise during the period of readjustment. The country is enjoying the advantage of this policy, and at the same time the Bank is in a position to keep pace with the expanding business of the country.

DIED IN PORTLAND.

Vancouver, May 27.—Angus Fraser, aged eighty-five, has died at the home of his daughter in Portland, Ore. Deceased was born in Pictou County, Nova Scotia, and lived in Vancouver for a number of years.

SPRITISM GIVES VARIED PROOF OF THOUGH TRANSFER

Suspension of Judgment Only Scientific Attitude To-day

Church Must Christianize Industrial Relations of Universe

"That spiritism has established sufficient evidence to prove the fact that such communication between the living and the dead is possible, and that such communication are far wider than they have yet appeared, and that suspension of judgment is the only scientific attitude," was claimed by Rev. W. H. Bliss, of Olympia, Wash., in a paper on "Spiritism and the Communion of Saints," before this morning's meeting of the United Clerics held in Christ Church schoolroom. The paper aroused considerable discussion, and the Premier present testifying to his experience of a sense at least, of the presence of the departed.

"For most of us," said Rev. W. H. Bliss, "it is a subject of the sort of which can only be known as it is approached in a scientific frame of mind which is best done according to the judgment of its best exponent, Sir Oliver Lodge, by leaving the whole matter in the hands of those best equipped for experimentation until they shall have produced such evidence as shall be conclusive."

Though the great mass of evidence varies enormously, the objections to spiritism were often as ill-considered as the arguments of its disciples. Rev. Mr. Bliss claimed while speaking of the trivialities with which the subject of psychic communication seemed often to be associated, that the progress of some deceptions, he argued, in support of his statement that the question should be considered, was an open matter. The great gains which its exponents claim for spiritism lie in the more definite assurances of the continuance of the departed, and the banishing the old idea of death as the door which forever shuts upon those who have departed, and assume the certainty that the departed are in no sense lost, but have merely passed from sight.

Its True Realm.

As to the relation of spiritism to the communion of saints, Rev. Mr. Bliss asked, "need spiritism be considered particularly as a religious development?" It was, he believed, something that belonged to the realm of science and psychology rather than to religion, and was not a new revelation to be erected on the ruins of the old Christian structure.

SCIATICA

Would you be rid of that sickening, stabbing, sciatic nerve-scourge at every movement? These hands have found lasting relief in

Templeton's Rheumatic Capsules

Many doctors prescribe them. Write Templeton's, 142 King St. W., Toronto, for particulars. Sold by reliable druggists everywhere for \$1.04.

Vancouver, The Owl Drug Store; Victoria, E. B. Campbell; Seattle, W. J. Tucker; Port Moody, Graham Knight; Nanaimo, C. Van Hooten.

ous scriptural references to what appear to be instances of clairaudience. In the discussion which followed Dean Quainton said that were he asked if in his opinion people should spend time and energy in seeking communication with their departed, he would emphatically say "no."

Canon Hilton, Minister of Finance, was among those who supported many of the premises of Sir Oliver Lodge. Other opinions also were expressed on the questions ventilated in the paper, all of which were heard with interest.

This afternoon was occupied with a trip to the Dominion Observatory, and to-night there will be a public meeting at which Bishop Herman Page, of Spokane, will give an address on "The Church and Psychic Healing."

The Church's Opportunity.

"It is the duty and opportunity of the Church to sympathize with the democratic longings of these workers in industry. Unless the Church takes up the industrial cross and gives herself to Christianizing the social order the strife between capital and labor will be more acrimonious as have been Christianized."

In these words Rev. F. K. Howard, of Portland, Oregon, in a paper on "The Church and Capitalism," read in his absence by Rev. J. C. H. Hutton, at the afternoon session, epitomized his premises on the subject.

Dealing in a broadest manner with the relation of the Church to capitalism and industry, Rev. Mr. Howard proceeded to show the close interrelation of the two, and the organization with the workers in industry.

"The relation of the Church to capitalism is a deep and abiding one. It must take account of the economic basis on which society stands," said Mr. Howard. "The struggle for daily bread is the largest single fact in the life of the vast majority of men in any community, and the Christian problem is largely to introduce into the economic struggle the principle of individualism and groups the principles and spirit of the Gospel of Christ."

Competitive Individualism.

The competitive individualism was a failure on its own showing was claimed by Rev. Mr. Howard, who stated in the course of his paper that statistics showed that a large percentage of business ventures in the United States were failures, and that the U. S. army authorities while looking for recruits disclosed the fact that 85 out of every 100 persons reach the age of 25 years, and of these no less than 55 become dependent upon private or public relief at the end of life. The Church's part in view of these facts was to preach the Gospel of Christian democracy against class rule, the rule of individuals and groups the principles and spirit of the Gospel of Christ.

Some of the outstanding remarks of Mr. Howard's paper are here quoted.

"The Church need not expect individual perfection until she helps create social perfection, because each is dependent upon the other and her good will be done until the social order is Christianized."

"In her own business dealings as a corporation, the Church might well go the full length and practice what she preaches as well as an unbrotherly system will permit."

"In the relation of nation with nation, the Church should insist upon Christian internationalism, for her message can be living less than her life's relationships."

"The Church must tolerate no double standard of industrial, international law."

"The Church can stand only for a liberal democracy which proves all things and holds fast that which is good in the traditional past and the prophetic future."

"Church leaders in many communions are recognizing the need of a collective bargaining as a first step in the democratization of industry."

"It is the duty of the Church not to place its hand on the sword of the Samaritan, but more especially to punish the industrial robbers."

In the discussion which followed, Principal Vance, of New Westminster, and others took part in a discussion of the points raised in the paper. "New Ideals of Worship," an excellent paper by Rev. H. T. Trumbull, of St. James' Church, Victoria, and an address by Rev. Canon Bywater, of Olympia, occupied the rest of the afternoon.

A banquet at the Dominion Hotel concluded the day.

GREAT ACTIVITY IN MARKET FOR HERBS

Marvelous Healing Power of Wonder Health Restorer Developed Business of Herb Gathering

All over the country to-day many persons are spending their leisure time or spare moments in collecting herbs. They find for these a ready market as a result of the recognition of the value of herb remedies for various forms of disease. One reason for this demand is the marvelous success of Wonder Health Restorer, a remedy which is now sold throughout British Columbia so great as to tax the market for the herbs from which it is made.

Wonder Health Restorer differs from many so-called herb remedies in that it contains absolutely nothing but herbs. The preparation is made according to the formula of a great Scotch herbalist, and is the result of a life study of the effects of herb juices on various forms of disease. Having noted these effects this herbalist combined in one preparation those whose active principles were found to correct human disease in practically every organ and part of the body. This he gave to the world under the name of Wonder Health Restorer.

The remedy does its work by acting on the blood, the source of all life. It removes from it the impurities which are, in a majority of cases, the cause of disease. By the blood flow the healing properties are carried to every part of the system. Where an organ or part is weak it tones it up and establishes it at normal. Where disease exists it sets at work corrective forces which, by mild and soothing methods fight the ailment, rarely failing to overcome it, even though the case be acute and of long standing.

Persons afflicted with Asthma or kindred complaints, Rheumatism in any form, Stomach Troubles, Nervous Disease, Kidney or Bladder Trouble, etc., should ask their druggist for the booklet, "The Guide to Health," which tells about this wonderful herb preparation, and also gives the personal testimonials of many who have found it in relief.

Wonder Health Restorer is sold in Victoria at Ivel's Pharmacy, and is also on hand at most drug stores throughout the province. If it cannot be secured at your local drug store, write direct to the distributors for British Columbia, the McCarter-Burr Co., Ltd., 646 Hillside Avenue, Victoria. Phone 6950.

ASKS WARNINGS BE INSTALLED AT CROSSINGS

The Board of Trade this morning, on motion of G. McGregor, decided to ask the Railway Commission to order improvements and alarms at such railway level crossings as exist on Quadra Street at Lake Hill, Burnside, Colwood and several other localities.

"It's only a question of time before an accident occurs," every motorist feels nervous when coming to such danger points as the one on Quadra Street," said Vice-President Beatty from the chair.

NEW APPOINTMENTS

Additional Notaries Public Are Announced To-day.

Among the list of provincial appointments recommended by the Executive Council and approved by His Honor the Lieutenant-Governor during the week ending at noon to-day are the following:

To be Notaries Public—Frederick

W. Hickleton, Kimsquit; George Alexander MacPherson, Charles Edwin Mahon, Vancouver; and George Linton Buckham, Golden; Frederick Duncan Campbell, district representative of the Soldiers' Civil Re-establishment, Vancouver; at Kamloops: Curtis D. Morris, Glacier; John Hampden Waller, West Vancouver.

BRIEF LOCALS

Firemen to Hold Dance.—City firemen will hold their weekly dance at headquarters Fire Hall to-night.

Roof Fires.—Roof fires at adjoining houses at 714 and 710 King's Road required the attention of the Fire Department shortly after noon to-day.

To Place Disabled Men.—The Board of Trade this morning endorsed a proposal from the Department of Soldiers' Civil Re-establishment, which asks merchants to give preference in employment for all disabled soldiers capable of filling positions.

Returned Business Men Meet.—At its luncheon this morning the returned Professional and Business Men's Association decided to dispatch to Sir Robert Borden, Premier, and Sir Henry Drayton, Minister of Finance, telegrams urging that tenders for the construction of the Esquamit drydock be called immediately. The Association went on record as endorsing the Municipal Golf Links Plan.

Inquest To-Morrow.—The inquest on the body of William Gibson, alias Bruce, who was found dead in his bed at the Gordon Hotel on Tuesday, will be held at 11 o'clock to-morrow morning at the Thomson Funeral Home, Coroner Hart officiating. Gibson was found to be fifty-two years of age, and was employed as a steward on the Princess Royal.

Vancouver Wholesalers Coming.—The Victoria Board of Trade this morning decided officially to welcome the members of the wholesale section of the Vancouver Board of Trade when they make their tour of Vancouver, conducted by the Board, which will be approximately 60 visitors in the party, and they will be met at the C.P.R. dock, and transferred by automobile to the Esquamit and Nanaimo Depot.

Dogs Chasing Birds.—Contrary to subsection 2, section 13 of the Game Act, which says that no dogs shall be allowed to run game birds between the periods of April 15 and August 1, R. Sutherland was fined \$5 in the Provincial police court this morning. Constable R. Gidley of the Provincial police brought the prosecution, which was conducted by Inspector Frank Murray. The charge was that a dog of the defendant was running birds in the Uplands on May 23.

The Drydock Situation.—Joshua Kingham this morning reported to the Board of Trade the result of his trip to Ottawa, as far as the drydock is concerned. The subject matter of the interview already printed in the Times was stated, and Mr. Kingham repeated that the outlook for early construction is none too bright, although he found J. C. McIntosh, M. P., still confident that the Government would redeem its pledge. Action on the report was deferred until the next meeting, when the situation is received from Ottawa.

Favors Automobile Mails.—Representatives of the Victoria and Sidney Boards of Trade met Inspector E. H. Fletcher, of the Post Office, this afternoon on the matter of automobile mails. Mr. Kingham and James Forman from the Victoria Board, and G. H. Walton, president, and W. H. Dawes, secretary of the Sidney Board completed the delegation. The meeting took place at the Board of Trade offices at 8:30. It is understood that the delegation requested that the mail contracts for the carriage of mails to North Saanich be given to the automobile lines making runs from the head of Saanich as at present, entailing earlier dispatch.

Was Misunderstood.—When speaking before the Anglican Clerics, yesterday morning on the subject of Doctrinal Re-statement, Professor Trumpp made reference to the Virgin Birth of Christ, which he intended to be more explicitly quoted, Professor Trumpp first asserted his personal belief in the doctrine in its ordinary acceptance, but says "My own position is that it is longer argued from the Virgin birth to prove Christ's deity, but granted the unique divine personality of our Lord, the mind need not hesitate to accept an unique origin to the human career of our Lord. While this is true, there are those who believe in the incarnation, but not in the Virgin birth. In other words, we have learned that as a matter of thought, God in the incarnation, and Christ is not necessarily limited to the particular method of birth from a Virgin."

Bad Breath? Don't Be Offensive; Remove the Cause

Follow This Advice and Your Breath Will Soon Be Sweet and Pure.

The bad part of Bad Breath is the fact that nearly every case shows considerable discomfort, such as belching gas, bloating, piles or some form of stomach misery. Often there is not a pimply face, a sluggish constitution, or a headache, but the cause of many a man's failure in life.

By aiding digestion and building up the weak muscles of the stomach and bowels, DR. HAMILTON'S PILLS completely overcome constipation and all forms of stomach illness.

"I was terribly run down with stomach trouble, but after taking through neglected constipation, writes Mrs. P. D. Quigley, from Washburn, P. O. I simply couldn't half digest my food. I had dreadful headaches, piles, yellow muddy skin. The effect of DR. HAMILTON'S PILLS was phenomenal. I have gained in weight, have a clear skin, no more headaches, I eat well, sleep well and enjoy my meals. There is no need to be in falling health when cure is so sure, so easy, by taking Dr. Hamilton's Pills of Mandrake and Butterbur, 26c per box, at all dealers. REFUSE A SUBSTITUTE."

There are many other lines of Harriet Hubbard Ayres' preparations to choose from.

LETTERS

Letters addressed to the Editor and intended for publication must be short and legibly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

MUNICIPAL GOLF LINKS.

To the Editor.—It seems to me that people who are writing letters regarding the Municipal Golf Links have never lived in a country where there are any such courses. On account of this, they know very little or nothing of the subject about which they are writing.

I have seen a great many municipal golf courses and have lived in places of a smaller population than Victoria where no fewer than five such golf courses are patronized by the citizens, and three of which are municipally-owned and have been on a paying basis for many years.

These golf links are crowded by all classes of people. This is especially the case in the municipal golf courses which are used most by the working class. Carpenters, engineers, colliers, draymen, office clerks, stenographers and employees of every description look forward to their game of golf every week on these municipal

links. The cost to them is less than a "movie" or to watch any other game being played, and there is no doubt that the benefit derived from a golf game is many times greater.

The municipal golf links in other cities are paying concerns and there is no reason why our links should not only in the making of the links, but labor will be required for their upkeep.

In my estimation this is a great opportunity for Victoria. We'll never feel the cost of building them and thereafter they will be self-supporting.

JOHN N. FINDLAY,
2407 Olympia Avenue, Victoria,
May 26, 1920.

A GREAT NEED.

To the Editor.—You print two letters in yesterday's Times of special interest because they represent the views of two types of our citizenship—one, by Dr. Ernest A. Hall, preaches faith in our city, in its future prosperity and our ability as its custodians to take care of that future; and the other, over the signature of John Dean, promulgates a doctrine the antithesis of the other.

Dr. Hall says in effect: Victorians broaden your vision. You are living too much within yourselves. You forget that Vancouver Island, after all, is but a small part of the American continent and Victoria not much more than a village compared with hundreds of American and some Can-

adian cities, although we are confident that this will not always be so. Thousands of prairie farmers are looking forward to wintering in Victoria, to spending their good, hard-earned money here, and ultimately making their homes among us if we will but do what we can to place within the unparalleled scenic and climatic setting bestowed upon us by Nature some of those attractions and means of entertainment demanded by the gregarious human. And he warns us to shake off our lethargy that we may reap the crop that is ripening before our eyes and within easy reach.

John Dean, with all proper respect, is the type that stalks through the city whispering doleful prophecies into ears sympathetic and unsympathetic; who is forever sounding the trumpet of doom, and who so persistently applies the brakes when the enterprising would touch up the accelerator a trifle that this evidence that the friction has burned out patience perhaps will be pardoned.

Provide entertainment and we will have to double our housing accommodations in a few months, states Dr. Hall, who is just back from the Prairies. Don't vote for a municipal golf links because it means we will have to spend a little money, is Mr. Dean's mournful plaint. The one he believes in his city, wants to see a little healthful life and amusement, and, incidentally, looks to benefiting the community.

True economy is virtue. It often, however, through lack of vision, or perspective, becomes false economy. What of the parable of the bad servant who buried his talent rather than accept responsibility? On the one hand we have a progressive element crying out for a "live" town—not a "wide-open" town in its immoral sense—but a healthfully entertaining town as differentiated from a dead and dreary town, as Victoria may be to many of her visitors. On the other hand is the faction which shies at all forms of civic expenditure, obstinately refuses to see the difference between an investment and an irrecoverable outlay, would the merry world whirl on leaving us staring, like country bumpkins, at the rear of the glad, prancing procession.

As to the municipal golf links, there is no valid reason, in my judgment, why it should not receive the unanimous endorsement of the ratepayers. Here is a game that has obtained a phenomenal grip among the

TAX SHOE SALE SECOND DAY

WE OPEN TO-MORROW AGAIN AT 9 O'CLOCK

THE CASH SHOE HOUSE, faced with the necessity of collecting the 10 per cent. tax outlined in last night's "Times" and to-day's issue of "The Colonist," has decided to immediately dispose by SPECIAL PRIVATE SALE of all shoes over

\$15.00 in value. To do this AT ONCE we have decided to hold a

THREE-DAY SALE

(and one day already gone)

and to sell every pair of \$15.00, \$16.00 and \$18.00 shoes in the house at less than the factory price of

\$10 PER PAIR—PLUS TAX \$10

THREE BUSY DAYS—

Thursday, Friday and Saturday

All shoes are placed on tables under their proper size description, and you can practically help yourself, important alterations having been made in the seating room.

\$10 a Pair

Did You Read This?

Do You Know What It Means?

Next time you call on your shoeman for a pair of \$15 shoes, he will be reluctantly compelled (under severe penalties) to collect \$1.50 extra as a Government tax; or, in other words, you will have to pay \$16.50 instead of \$15.00. This is sure going to slow up the sale of the better-class shoes, as the limit of ability to pay had nearly been reached already by a long-suffering public. We want a speedy and immediate clearance from our shelves of all shoes at \$15, \$16 and \$18, and to effect this without delay we are putting them on sale at a uniform price of \$10.00 a pair for three days, which commenced Thursday morning at 9 o'clock.

We want to impress on you that we are holding no reserve on our stock. You can walk in and fit yourself to the finest shoe in the store for a ten-dollar bill (plus tax). Choose from these good makes:

654 Pairs 540 Pairs

Ladies' Men's

- "Geo. A. Slater's"
- "Invictus"
- "Empress"
- "McPherson's"
- "London Lady"
- "Classic"
- "Ames & Holden's"
- "Walkrite"
- "Ames & Holden's"
- "McPherson's"
- "Barry"
- "Geo. A. Slater's"
- "Ascot"

All sizes. Every shape and style to fit every man and woman in Victoria. Include Scotch Grain Brogues and Boots for men and every new style Oxford for ladies.

WE MUST LIMIT Any one person to but three pairs, in fairness to others. Come and buy your requirements at less than factory prices; but don't be "hoggish."

Stop Wasting Gasoline

SOME persons think that what they do with their money or what they purchase with their money is not any other person's business.

They are mistaken.

A lot of people are buying gasoline to-day and using it wastefully. In so doing they are penalizing all the people.

Those who have studied the subject say that one-half gallon of gasoline per car is wasted a day through carelessness, through over-use of cars and useless mileage. This means 200,000 gallons wasted a day or 7,300,000 gallons per year.

This has to be stopped or the price of gasoline will prevent the use of thousands of cars. Anyone who wastes gasoline is doing an injury to you whether you own a car or do not own one.

There are about 400,000 motor cars and trucks in Canada. The motor car is a great utility. It gives opportunity to many thousands of people—men, women and children—to get out into the country, to have recreation and pleasure that otherwise would be difficult for them to obtain. It is a great agency in the promotion of good roads. It is a great agency, too, in the promotion of good health. Anything that restricts its use is of public concern.

Does the waste of gasoline concern the person who does not own a car, might be asked. Let us see.

THERE are thousands of motor trucks. They do a great work in the transportation of various commodities. If the price of gasoline advances the cost of transporting goods will be increased. You will have to pay it in the higher prices you pay for meat, for vegetables, for milk, for eggs, for moving your household goods, for anything and everything you eat or use. Directly or indirectly it will be in the bill the general public has to pay.

One gallon of gasoline will provide the energy to move a one ton truck 15 miles, or, to put it another way, it will move 15 tons of freight one mile. If the users of automobiles would save the one-half gallon they now waste each day it would equal 109,500,000 ton miles of haulage.

It is estimated that more than 30,000 tractors will be used this year in Canada. All of these require gasoline or other refined oil fuel. Without these tractors, Canada could not plant her crops, let alone harvest and thresh them.

It has been figured that the 7,300,000 gallons of gasoline wasted per year in Canada is sufficient to plant, harvest and thresh 15,500,000 bushels of wheat. Think what it would mean to you, to Canada, and to the world if the production of Canada's food crops were curtailed.

There IS a shortage of gasoline. In the last few years the demand for crude petroleum, practically all of which must be imported for the manufacture of gasoline in Canada, has increased more than 650 per cent. In a like period, production has increased only 150 per cent. A shortage of crude and high prices necessarily follow. Pennsylvania crude is to-day costing \$6.10 and Oklahoma crude \$3.60 per barrel at the wells, and these prices must be paid in American funds which adds another 10 per cent. These things render gasoline scarce and make it very high in cost.

Economy in gasoline means more than the general public appreciates. More gasoline is being used to-day than is being produced. That means that reserve stocks are being drawn upon. Curtailment of waste is imperative. It rests with users of gasoline to do voluntarily what otherwise they inevitably will be forced to do.

Save Gasoline.

IMPERIAL OIL LIMITED

Anglo-Saxon peoples; a game so commonly enjoyed that it has been made available to all at moderate expense in the Old Country, and so widely played in the United States that all large cities are equipped with links to which a modest fee gains admission, and it is a game, which, above all others, offers its health-giving entertainment to rich and poor alike. This is the game, let it be added, that the doctor advises the dyspeptic, the nerve shaken and the other to play. It is one of the things our Prairie friends want, would as a medicine, but as a flavoring to the climate and the scenery that is theirs for the price of a railroad ticket.

Mr. Dean describes golf as "frills," says it is a game "for favorites," and that "it is a leisure class game, not a workingman's," and adds, "let the leisure class pay for it." This is absurdly untrue. There are hundreds of workmen, artisans and laborers, in Scotland and England, who find golf the best kind of an antidote to the tedium of the daily grind, and I know instances of Seattle workmen getting up an hour earlier in the morning to have a round before the past. Golf has been adopted by the masses. The same now, figuratively, holds out a welcoming hand to the proletariat of Victoria, and Mr. Dean is one of those who would dash aside because it may cost something.

Notwithstanding ill-considered statements to the contrary, it will be found that Victoria's golf links, which are going to exist sooner or later, are going to be used proportionately as much by the workmen as by any other class. This is so now at the United Service Golf Links, Esquimalt, the only local club whose membership fees are within reach of the limited means of the masses. In the past, the fees were sufficient, and only recently it was necessary to increase the condition of the nine-hole course. Oak Bay has been forced to close down to a large extent on transient visitors, and Colwood, the distance of which puts it out of reach of many, threatens equally stringent regulations.

I'm a taxpayer. I suppose I pay as much into the civic and provincial coffers, in proportions to my income, as does John Dean. Golf is a game of pretties hard, but I can always get a game, and to me it does not make any difference whether we have a municipal golf links. I should like, however, to see the sport made available to everybody, and also to see Victorians alive to their opportunity to provide some diversion for visitors.

ROBT. DUNN, JR.
May 26, 1920.

THE GOLF COURSE.

To the Editor.—The municipal golf course is to be voted on next Friday. I trust all who know me will think I am quite sincere and in all urgency, to vote in favor of it.

I ask this because I am a believer in a lover of and a participator in all kinds of good, clean, healthful recreation. I have never played baseball, hockey, lacrosse and such games, but I love to see fine young men and women playing them. I have played many other things, tennis and ping-pong; bowls, billiards and marbles, curling; I walk a good deal now; I used to run, swim, throw the hammer, wrestle and box, etc. Now the only game I find it convenient to play is golf, and everything considered it is one of, if not the finest. It is the royal and ancient game, and as one who think otherwise know little or nothing about it. They have never missed a put or fuzzed a masher shot.

Golf is not a game to be gazed at, but one to be played, and therein lies one great advantage. In Edinburgh, Aberdeen, Bristol, etc., I have seen thousands exercising themselves at golf all hours, morning, noon and evening, and not one per cent. looking on or gambling. Any game of which this can be said must be a tremendous asset to a city; because, as one who work has said: "Crime is merely or largely the love of fun gone wrong."

I am a member of the Oak Bay Golf Course, so that I am not advocating this for selfish reasons. But I am willing that a share of my taxes should go to providing healthful recreation for the masses of the people.

Further, I believe a golf course will be a good investment. Not only will it save doctor and drug bills, not only will it prevent crime, not only will it help to make the people physically fit: it will be one of the greatest attractions to tourists to come to our fair city. In time we must provide salt water swimming baths for the tourists, and more organized and supervised play grounds for our children, but in the meantime we must provide attractive, pleasurable and healthful recreation for the people and children who are here and coming in increasing numbers every year.

Patrick, for their action in this matter. I am anxious to provide work for the people. I appreciate the sincerity of those who are advocating that in the press. I stand prepared to do all I can to provide work. But I ask these men to believe I also am sincere when, in addition, I advocate a cure when, in addition, I advocate a good amount of work. Several men have approached me already asking me to use my influence to get them a job on the golf course.

In closing this letter, I trust we shall avoid controversy and recrimination. Let us try to think that those on both sides are sincere and unselfish. Further, I would just like to say: I write what I have written as a minister of the Gospel who rejoices in salvation through the blood of Jesus the Christ.

JNO. GIBSON INKSTER,
Vestry First Church, Victoria, B. C., 26, 5, '20.

ANSWERS TO QUERIES AN INTERPRETATION OF NEW DUTIES

The Collector of Inland Revenue here has received the following questions and answers for information and guidance on sales and luxury tax:

Question—We are wholesalers of hardware, but do a large business with loggers, saw mills and other consumers, in which we are in competition with large firms who do this class of trade exclusively. Are we to collect tax on this trade, and will mill and logging supply houses have to collect, or does tax only apply on goods sold for resale?

Answer—Sales tax applies to goods sold for resale.

Question—Newspaper reports indicate a sale tax of one per cent. on all sales, but especially exempts anthracite and bituminous coal as you know practically all coal mined in Alberta for domestic use is lignite, and presume that this coal will not be subject to the tax, although it is not mentioned as being exempt, advice if my assumption is correct?

Answer—Lignite will be exempt.

Question—Advise if the sales tax of one per cent. applies to salt fish sold for consumption in Canada or coarse salt for use of fisheries or West Indian product, such green times, lime juice, sugar, molasses, understand all goods for export are exempt?

Answer—Goods specified in schedule "C" West India agreement exempt. Generally speaking West India products taxable.

IF YOU GET IT AT PLIMLEY'S IT'S ALRIGHT

TWO FINES FOR PROMOTING RAFFLE TO AID VETERAN

Cases Against Daily Papers Are Postponed Until Wednesday

The first of a series of five charges laid under the Criminal Code was called in the City Court to-day before Magistrate Jay, being that of E. A. Morris, Ltd.

The charge read that the accused "did unlawfully assist in the sale of tickets for the giving of property by lot, exposing to the public view the articles, to win a German helmet, to be disposed of by lot, and of exhibiting to the public view a show card stating the prices for the tickets."

After Mr. Murray, manager had elected summary trial of his case, he told the court the raffle had been for a returned soldier who was in needy circumstances, and he held a letter from Mayor Porter to cover the case. This letter, exhibited, read as follows: "Why did they pick on us alone. This authorizes Mr. J. H. C. Murray to continue the sale of tickets for the raffle of a German helmet now on display at Morris' Cigar Store. Signed R. J. Porter, Mayor, 19th March, 1920."

Magistrate Jay—"This letter d's not give authority to hold the raffle. A raffle is illegal unless held for charity purposes in a church. During the war many raffles were held for benevolent purposes and that section of the code came to be disregarded by the authorities, who closed their eyes to raffle for war charities."

"Why did they pick on us alone," asked the accused. "There were others selling tickets also."

Clarence Harris here broke in with, "I would like your Honor to be as lenient as possible."

Magistrate Jay cut off the speech with a curt, "I don't know that it is your place to tell me what my course should be, Mr. Harris."

Fined Five Dollars.

"This section of the code has been generally disregarded owing to the war charities," continued his worship. "I have no doubt whatever that even magistrates would have bought tickets. I think the fine under the circumstances should be a nominal one, and I impose a fine of \$5," he concluded.

The Diggon Printing Company case was next called on a similar charge.

Harold M. Diggon appeared for his firm and elected summary trial. He too stated that he had a covering letter from Mayor Porter. "This seems like persecution, not prosecution to me," he told the court. "We considered the Mayor's authority as sufficient and went ahead, we did not get anything out of it, and why were we the only two prosecuted when others sold tickets? Apparently the Mayor's letter is not worth the scrap of paper it is written upon," he concluded.

In imposing a fine, Magistrate Jay stated that the case was identical with the one in which he had fined the accused only impose a nominal fine of \$5, though the maximum penalty was two years with a very heavy fine.

The Colonist Printing and Publishing Company, The Times Printing and Publishing Company, and the winner of a raffle were then charged with assisting in the advertisement of the car raffle for the Hello Victoria Revue, and of obtaining the car, respectively.

H. B. Robertson appeared for all three accused, and asked for an adjournment until Wednesday next, when they will be given choice of trial before a court of criminal jurisdiction, or summary trial before Magistrate Jay.

Clarence Harris is also the informant in these cases. He claimed in court that he was not harboring any feeling of personal spite against those he laid information, but that he would be satisfied with lenient sentences to satisfy the majesty of the law.

To Welcome Journalists.—A meeting of members of the City Council, Board of Trade, Development Association, and various other public bodies of the city, will be held at 11 o'clock to-morrow morning at the office of the Victoria and Island Development Association. Plans and suggestions for the entertainment of the party of British Empire Journalists who are to visit Vancouver Island in August will be the business.

Gonzales Chapter.—The Gonzales Chapter, I. O. O. F., will meet to-morrow afternoon at 2:30 o'clock at the home of Miss Hall, Uplands.

Parent-Teachers Association.—There will be a meeting of the MacKenzie Avenue Parent-Teachers Association to-morrow at 3:30 o'clock.

Hand Bag Stolen.—With some \$45 and some jewelry in it, a hand bag belonging to Mrs. R. Lourie, of 934 Fisgard Street, was stolen from her under a mattress where she had hidden it, on the afternoon of May 26, when an auction was being held at her home.

Police Cases.—Rupert McMorran was fined \$5 for driving in town without tail lights, as was E. W. White for the same offence, in Police Court to-day. Edward Drew paid \$5 for the privilege of being drunk, and E. Carey, a teamster, paid \$10 for permitting his team of horses to stand without a weight, as a result of which they became frightened and ran away.

Camp Site For Tourists.—Duncan city has allocated a portion of the Agricultural Fair Grounds to the use of automobile tourists. Water service and fireplaces have been installed, the ground is fenced, and the central location has already attracted pleased comment from parties of motorists.

Plan For More Land Settlers.—To stir up interest in getting increased immigration and colonization to the Canadian West, J. H. Haslam, President of the Saskatchewan Farm Settlement Board, is in Victoria from Regina. Plans are being made to hold a convention at Saskatoon in June 8 of officials of all Western Governments interested in securing more population that will settle on the land. After his conference with

officials here, Mr. Haslam said it was likely that British Columbia would have at least one St. John's land settlement experts at the convention.

Pleased With Float.—The Board of Trade this morning expressed its satisfaction with the float representing it in the Hudson's Bay Company's pageant, and passed votes of thanks to all concerned in its production.

Garden Fete.—The work meeting at the Connaught, Seaman's Institute was a great success, many both beautiful and useful articles being now complete for the garden fete to be held at Gonzales, St. Charles Street, on June 2, in aid of the Seaman's Institutes of the city.

Loan Exhibition.—The loan exhibition in the Provincial Library is still attracting so many visitors that it will remain open until Sunday next, when it will close at 5 o'clock in the afternoon. To-morrow night at 8 o'clock Mrs. Paret will speak on miniatures. Those who have seen her work in the exhibition will perceive that she is well qualified to discuss the subject. There is no charge for admission, and all are welcome.

Case For Deportation.—Ray Touseley, convicted of stealing cheques and bills to the value of \$125 from Lawrence Marpole during the week-end holiday festivities, in Police Court was sentenced to four months' hard labor by Magistrate Jay, who pointed out that the attention of the immigration officials ought to be called to cases of this nature. Touseley is an American who came over here four months ago, and apparently has not been at work while here. He conducted his own defence, and put up with a rough cross-examination of the opposing witnesses, only falling before the fires of the cross-examination of himself by Chief Prosecutor Harrison.

Extend Thanks.—George Nicholson, on behalf of the Sooke Athletic Association, thanked the following contributing donors of prizes for the sports held at Sooke on May 24: Mrs. Throp's Store, Sooke Supply Store, Sooke Harbor Fishing and Packing Co., J. H. Todd & Co., Kelly's Johnson Lumber Co., Cathels & Sorenson, Vancouver Island Power Co., Dr. J. F. Grant, Fairbanks-Morse Co., Ormonds, Ltd., Sigon Leiser & Co., Farmers' Co-operative Association, P. Burns & Co., L. Goodacre & Sons, E. B. Marvin & Co., Jameson's Coffee Co., Scott & Peden, E. Bean, H. A. Davie, Ltd., Beggs Motor Co., Silver Spring Brewery, B. R. Ritchie & Co., W. H. Wilkerson, Peden Bros., Sooke Hotel and Jack Marteson.

Supreme Court.—The suit of the Victoria Land Investment Trust Company, Limited, versus White, was continued yesterday afternoon in the Supreme Court before Mr. Justice Macdonald. The plaintiff seeks to recover the sum of \$1,860 from the defendant. The suit of the plaintiff to be monies received by the defendant for the use of the plaintiffs. F. C. Elliott for the plaintiff secured an adjournment of the case until Monday next, to permit distant witnesses to be called. H. C. Hall acted for the defendant. The suit of Jardine versus the Acme Shingle Company was yesterday begun in the Supreme Court. E. L. Tait appeared for the petitioner, and E. A. Lucas, of Vancouver, for the defendants. The suit is one of claiming damages for alleged failure to complete contract.

PREPARE FOR GARDEN FETE.

Miss K. Sehl was hostess last night at her home, Work Street, when members of the Margaret Locke Robertson Chapter, I. O. O. F., assembled to prepare for the booths which the chapter will display at the garden fete to be given in the grounds of Mrs. W. J. Bowser's residence, Terrace Avenue on Saturday, June 19. The evening, in which business was so profitably combined with pleasure, was the third of a series which have been given for the work of making the many attractive novelties which will grace the stalls at the fete. Miss Hattie and Mrs. Gordon Smith were the previous hostesses. The evening was concluded with the serving of refreshments by Mrs. Sehl, and the hostess, Miss K. Sehl.

Night Coughs Prevent Sleep WEAR OUT THE SYSTEM

The dry, hacking cough, cough, day and night is very wearing on the system. The constant coughing disturbs the rest and keeps the lungs and bronchial tubes in such an irritated and inflamed condition they get no chance to heal.

You will find in Dr. Wood's Norway Pine Syrup a remedy without an equal for curing coughs and colds, soothing the lungs, loosening the phlegm, strengthening and healing the breathing organs and fortifying them against serious pulmonary disease.

Mrs. Fred Fairburn, Copper Cliff, Ont., writes:—"I caught a heavy cold, got a sore throat and had a terrible hacking cough that I could not get rid of. I could not sleep at night. I had tried quite a few remedies, but they did not seem to do me much good until I took Dr. Wood's Norway Pine Syrup. By the time I had taken two bottles my cough was all gone. It seemed to loosen the cough right away so that I could spit up the phlegm that gathered in my throat, and also took that hot, raw, burning fever out of my bronchial tubes. I feel that Dr. Wood's has no equal."

Price 25c. and 50c. at all dealers. Put up only by The T. Millburn Co., Limited, Toronto, Ont.

DUNCAN INVITED TO TAKE ACTIVE PART IN CAMPAIGN

A strong deputation from the Victoria and Island Development Association yesterday motored to Duncan to attend a meeting of the Duncan Board of Trade, and representatives of the City of Duncan and North Cowichan municipalities, and request financial support towards publicity work for the Island.

The deputation suggested that Duncan district should have representation on the executive committee of the Association.

President Savage, of the Duncan Board; Mayor Pitt and Reeve Herd, of North Cowichan, praised the work being done, and the proposal to contribute will be referred to the various bodies for decision, the general opinion being that the Development Association is doing work of great value to the Island as a whole.

The delegation from Victoria con-

Why Castoria?

YEARS ago Castor Oil, Paregoric, Drops and Soothing Syrups were the remedies in common use for Infants and Children; Castor Oil so nauseating as to be almost impossible and the others all containing Opium in one form or another, but so disguised as to make them pleasant to the taste, yet really to stupify the child and give the appearance of relief from pain.

It required years of research to find a purely vegetable combination that would take the place of these disagreeable, unpleasant and vicious remedies that from habit had become almost universal. This was the inception of, and the reason for, the introduction of Fletcher's Castoria, and for over 30 years it has proven its worth, received the praise of Physicians everywhere and become a household word among mothers.

A remedy ESPECIALLY prepared for Infants and Children and no mother would think of giving to her baby a remedy that she would use for herself without consulting a physician.

Children Cry For Fletcher's CASTORIA

Have You Tried It?

Everybody has read the above headline; how many believe it? Have you a little-one in the home, and has that dear little mite when its stomach was not just right felt the comforts that come with the use of Fletcher's Castoria? You have heard the cry of pain. Have you heard them cry for Fletcher's Castoria? Try it.

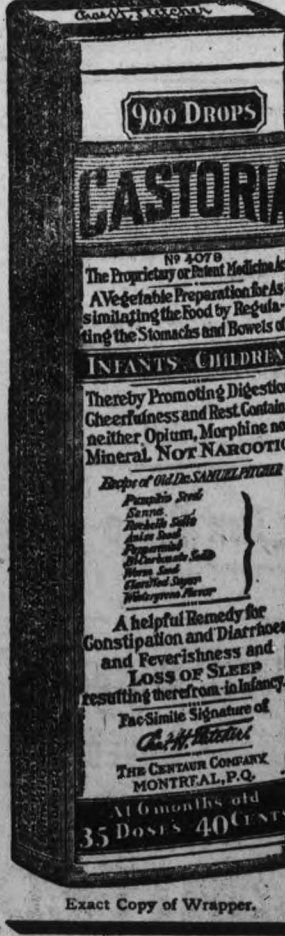

Just help baby out of its trouble tomorrow with a taste of Castoria. Watch the difference in the tone of the cry, the look in the eye, the wiggle in the tiny fingers. The transformation is complete—from pain to pleasure. Try it.

You'll find a wonderful lot of information about Baby in the booklet that is wrapped around every bottle of Fletcher's Castoria.

GENUINE CASTORIA ALWAYS Bears the Signature of

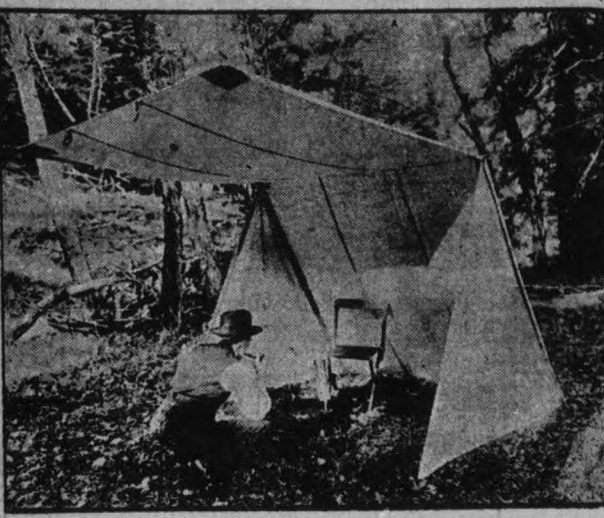

Charles H. Fletcher

RUTH CONTINUES TO POUND OUT HOMERS

Hits His Eighth Against Detroit at New York; Cleveland Loses Lead

AMERICAN LEAGUE.
New York, May 27.—The New York Yankees made it two out of three from Detroit yesterday, winning 4 to 1. Mogridge won his first victory of the season and held Detroit to four hits. In the second inning Ruth drove into the upper right field stand for his eighth home run of the year.
Score—R. H. E.
Detroit..... 1 4 2
New York..... 4 7 0
Batteries—Paus, Ayers and Stanager; Mogridge and Hannah.
Red Sox Win Series.
Boston, May 27.—Boston cleaned up the series by defeating St. Louis, 9 to 5. Penneck pitched effectively until the ninth, while Shocker's wildness contributed largely to the result. Hendryx hit for two doubles and two singles.
Score—R. H. E.
St. Louis..... 5 10 0
Boston..... 9 10 0
Batteries—Shocker and Severid; Penneck and Schapp.
Athletics Hit Hard.
Philadelphia, May 27.—Philadelphia hampered Williams for eleven hits in four innings yesterday, defeating Chicago, 10 to 2. Home runs by Perry and Dugan made the total eighteen in ten playing days at the local park.
Score—R. H. E.
Chicago..... 2 5 2
Philadelphia..... 10 15 0
Batteries—Williams, Payne and Schalk; Lynn; Perry and Perkins.
Lots of Hitting.
Washington, May 27.—Washington defeated Cleveland, 13 to 9, yesterday. As a result of the defeat and Boston's victory, Cleveland lost the leadership in the American League. Judge of Washington made five hits in as many times at bat.
Score—R. H. E.
Cleveland..... 9 12 2
Washington..... 13 17 1
Batteries—Caldwell, Niehaus, Morton, Clark and O'Neill; Zachary, Johnson and Ghartry, Picinich.

NATIONAL LEAGUE.
Pittsburgh, May 27.—Brooklyn won yesterday from Pittsburgh, 3 to 2. Wisner was hit hard. Grimes practically gave Pittsburgh its two runs, one on a wild pitch, with a man on second, and the other by hitting a batsman with the bases full. He also drove in two of the Brooklyn runs, one on a sacrifice fly and a triple.
Score—R. H. E.
Brooklyn..... 3 14
Pittsburgh..... 2 5 1
Batteries—Grimes and Miller; Wisner and Schmidt.
Reds Are Trimmed.
St. Louis, May 27.—St. Louis defeated Cincinnati in a wild game yesterday, 10 to 8. The visitors tied the score in the eighth, mixing four hits with two bases on balls off Jacobs for three runs.
St. Louis won in the eighth when stock tripled and scored on Hornsby's single to left. The latter also scored when Duncan, after letting Hornsby's drive get away from him, started for the club house, apparently thinking the game over.
Score—R. H. E.
Cincinnati..... 8 14 1
St. Louis..... 10 17 1
Batteries—Ring, Fisher, Eller and Wingo; Haines, Jacobs, Sherdal and Clemons.
Coast League.
At San Francisco—R. H. E.
Oakland..... 2 5 3
San Francisco..... 7 8 1
Batteries—Kramer, Wever and Mite; Couch and Agnew.
At Los Angeles—R. H. E.
Vernon..... 9 15 1
Los Angeles..... 5 13 1
Batteries—Dell, Smallwood, W. Mitchell and Devorner; Pertica, Keating, Aldridge and Bassler.
At Portland—R. H. E.
Sacramento..... 4 10 2
Portland..... 6 10 1
Batteries—Mails, Kunz and Cady, Cook, Ross and Koehler.
At Seattle—R. H. E.

BASKETBALL PLAYERS WIND UP WITH FEED

24 Teams Will Gather Tomorrow Night; Shield Will Be Presented

The Sunday School Basketball League will celebrate the closing of a successful season with a big social gathering to-morrow evening at 8 o'clock in the schoolroom of the First Presbyterian Church. Twenty-four teams, comprising eight senior, ten intermediate and six ladies, will take part in the event. Shields will be presented during the evening to the three winning teams, a good snappy programme of games and music will likewise be given, and refreshments will be served at the close of the programme.
All teams who took part in the league are asked to turn out in full numbers to make sure of a successful evening. Owing to the small proportion of ladies, each ladies' team is expected to have fifteen ladies present.
Many Players This Year.
The basketball season which has just closed was very successful, no less than twenty-four teams taking part in the competitions. Averaging seven players to each team this would mean that 168 players took active part in the games. Over 130 games were played during the season which ran from January 7 till May 8.
The league was fortunate in getting men of the following calibre to referee many of the best games of the season: Bob Whyte, Tommy Nute, Emsley Yeo, Ted Hopkins and Earl Dickson. These and several others rendered very efficient service.
Friday night's social gathering will bring to a close the work of the Sunday School Basketball League for this season, and the officials are looking forward to a league next season which will be the best in the history of the association.

TETRATEMA IS STRONG FAVORITE FOR DERBY

London, May 27.—Betting on the Derby follows: Tetratema, 11 to 4; Allenby, Archib, Sarchedon, 7 to 1; Poumetis, 100 to 7; He Goes, 20 to 1.

SHAMROCK HAS BEEN GREATLY IMPROVED

Bow and Underbody Changed and Shape of Keel Altered; Launched Last Night

City Island, N.Y., May 27.—Sir Thomas Lipton's challenger for the America's Cup was launched here at high tide last night at the yards of Robert Jacob, where she has been since last November.
The green racer bearing Sir Thomas Lipton's private signal and the burgee of the Royal Ulster Yacht Club, slid down the ways and hit the water at 7.15 p.m. As she took her first plunge since being altered, her crew and the representatives of Sir Thomas sent up a cheer. They all were of the opinion that Shamrock IV. is the most dangerous yacht that ever has come after the America's Cup.
As she slipped down the ways, Shamrock IV. looked an entirely different yacht from the one that arrived from England in August, 1914. The yacht's bow and underbody have been changed so much that she never would be recognized by yachtsmen who saw the craft six years ago. Six tons of lead have been cut out of the forward part of her fin and "lagged" to the bottom of the keel. Her bow has been changed from a scow to lines resembling an extreme racing cutter. All agree that she has been wonderfully improved.

TACOMA WILL HAVE GREAT AUTO RACES

Fastest World's Drivers Will Compete on Speedway on Independence Day

Tacoma, May 27.—The championship of the United States so far as motor car racing is concerned in the list of great national sports may be decided upon the Tacoma Speedway July 5. The ninth annual speed contest on the Tacoma track this year will bring to the Northwest saucer the world's most famous drivers.
W. C. Baldwin, president of the Tacoma Speedway, is in Indianapolis for the Memorial Day events to receive entries for the July 5 contest. The drivers to appear at Tacoma this year will include the best known of American drivers with a strong possibility that several English, French and Italian speed kings will enter for the events at Tacoma.
Offer Big Purse.
The Tacoma Speedway is offering a purse of \$25,000 and the race will be for 225 miles on the two-mile track. Tacoma business men recently financed the building of a new grandstand costing \$100,000, and this stand is now rapidly nearing completion. It will have a seating capacity of 15,000 people with 860 feet out of a total length of 1,760 feet under cover and devoted to boxes and reserved sections. The bleachers at each end of the covered section will be 400 feet in length. Many improvements are being made to the Tacoma track that will enable the management to handle the great crowds. During the last three years the crowds have increased to such an extent that the larger grandstand was necessary. Transportation facilities to the Speedway from Tacoma will be bettered in many ways and the field has been cleared to permit automobiles to park all the way around the track.
Since July 4 falls upon Sunday this year the Speedway will stage the 1920 motor car classic on Monday, July 5, the day to be generally observed as the holiday.

One Hit Robs Young of Pitching Perfect Game

Stevens Got Tacoma's Only Hit; Twenty-eight Batters Face Cy in Nine Innings; No Bases on Balls Given; Beautiful Support in Field.

Victoria, 2; Tacoma, 0.

Stevens' hard drive between centre and short in the second inning of yesterday's game at the Stadium robbed Cy Young of a no-hit-no-run game. Except for this one slip the veteran twirler pitched a perfect game. He allowed but twenty-eight men to face him, only two of whom reached first base, and did not grant a base on balls. It was the finest and most beautiful exhibition of pitching that has ever been given in this city.

Young had perfect control. He used a very slow ball which stood the Tacoma batters on their heads. At times Cy cut the plate in two with his knuckle ball which showed all the seams to the batter and which caused a lot of wonder as to how the ball propelled itself as far as the catcher. Cy mixed up his offerings and had the Tigers baffled all the way through. The best Vaughan's men could do was to pop up easy flies or lay the ball gently along the infield.

CY YOUNG

Saved by Good Fielding. Stevens caught one of Cy's weak ones in the second, and chased it to left field. Anfinson, the next man up, dropped an easy grounder to Young, who made the play at second, and cut off Stevens. Anfinson was the only Tacoma man left on bases. He died at first when Grantham grounded to Leard. In each of the other eight innings only three men faced Young, most of the chances were handled by the infield. Young pitched in big league style, and he was backed up by fielding which was equally as brilliant.

The only other semblance of hits that came in the game occurred in the third, fifth and ninth. Exceptional catches by Brown and Elliott snuffed out the batters. In the third Vaughan lifted a high one to the left foul line. Brown had a very hard run, and called it just before it struck the dirt. In the fifth Brown again saved Young from being credited with a hit. He went far back into left field to spear a healthy wallop from Stevens' bat. Carty Elliott provided a fielding feature in the ninth, which formed a fitting climax to a beautiful game. Davis caught one of Cy's floaters fair on the nose. It travelled fast and seemed destined for the safe ground in short left-

centre. Elliott went back a few paces, made a leap and speared the flying spheroid with his gloved hand. Pitched Well. Edwards was sent to the mound for Tacoma, and he pitched good enough

ball to win an average game. He relied upon much the same sort of delivery as Young, but his control was not as good. He had a faster ball, but could not make a lot of his slow balls cross the plate. Edwards had only himself to blame for allowing Victoria to score. His unsteadiness was responsible for both rallies. In the second inning Zienke drew a pass and stole second, and scored on Kelley's single to centre. In the eighth the Capitals made sure of victory by working Edwards. Leard, the first man up, was hit by a pitched ball, Church sacrificed him along to second, and Brown cracked out a single that sent Leard to third. Carman was hit by a pitched ball filling the base. Edwards could not control the ball, and walked Zienke forcing in Leard.

The Box Score.

LEE MAGEE'S CASE

Cincinnati, Ohio, May 27.—Lee Magee, Cincinnati ballplayer, yesterday filed in United States district court a motion for an order of court requiring the Chicago League baseball club, defendant in his suit for \$9,500 alleged to be due as damages for alleged breach of contract, to make its allegations relative to "dishonest ball playing," on his part definite and certain.

Tom Longboat May Yet Accomplish a Comeback

Is Taking Up Framing But Is Still Younger Than Deerfoot When He Made Twelve-Mile Record; A Review of Brilliant Races Run by Famous Indian.

Toronto, May 27.—Tom Longboat, the big Indian, who was at one time the marathon idol of Canada, has come west to take up a homestead on the soldiers' re-establishment plan. Longboat was a farmer on the Six Nations Indian reserve before Bill Davis, the veteran Indian distance runner, discovered his capabilities and brought him out for the Hamilton Herald road race in 1906. He won. The same year he won the Ward marathon here, in 1907 he captured the famous Boston marathon in record time and from then on he was the Canadian long distance idol.

TOM LONGBOAT

Longboat won the Ward marathon and Montreal Star road races three years in succession, lost the Olympic marathon in 1908, and then turned pro. To run Dorando, Hayes, Shrubbs, Quaal, Marsh, Woods, Homer, Kohlenmaier, Lungstrom, Swanberg and that crowd of long distance gallopers. He saw two years' service in France and, though he had several narrow escapes, came home unscathed.

Tom Won and Lost.
The big Indian is a remarkable "comebacker." After his defeat in 1908 in the English Olympic marathon he came back here, decisively defeated Durando, who beat him in that race and later on beat Johnny Hayes as far as you can shoot a rifle. Then he fell down in the All Star \$10,000 Derby at the Polo Grounds, won by Henri St. Ives. Then Sol Mintz of Hamilton bought his contract from Pat Powers of New York for a thousand dollars. Three weeks later the Indian beat Alf Shrubbs at 20 miles at Toronto before the largest crowd that ever witnessed an outdoor race in Canada. Following this he wiped out his defeat by Percy Smallwood, the English pro, in a 12-mile race at the Expo race in Pittsburg and raced Nebraska into submission in a 10-mile race at Buffalo.

Then he trained off again and after a let up established the world's 15-mile record of 1:20.04 in the famous Powderhall marathon at Edinburgh, Scotland, beating Holmer and Kohlenmaier and leading from wire to wire.

A Wonderful Record.
"Big Chief" ran some sensational races against Ted Woods at Hanlon Island, and was credited with 15 miles in 1:18.16. Sol Mintz says that while training for the Smallwood race he did 10 miles indoors in 52.07, mighty good time for a man running alone and unpaced and without a crowd to cheer him on. The Indian was timed by Fred Vokes and Sol Mintz and ran the first quarter in 1:09 and the last in 1:09.5. The old Indian showed one mile indoors at

Pittsburg over a 5 1/2 lap track in 1:20 flat.

Sensational Race.
The night George V. Bonhag, of New York, beat him a foot at Buffalo at three miles indoors, the record was beaten by five seconds. He did the trip in 14.43. This was Longboat's first attempt indoors. He ran wide on every turn. The track was 8 laps to the mile. Running wide on every turn must have cost the Indian at least 200 yards. If Longboat had been accustomed to running indoors he would have been in possession of the world's indoor 3-mile mark with a figure of close to 14 minutes.

Longboat will be 32 in July, which will be four years and seven months younger than the famous Deerfoot when the latter established his famous world's record for 12 miles. He did it in 1 hour and 2 minutes.

Can Longboat come back?
Sol Mintz says he can.

ESTATE WILL NOT PAY ALIMONY

San Francisco, May 27.—An action which involved a claim for more than \$100,000 in alimony from the estate of Orion Denny, son of A. A. Denny, said to be one of the founders of the city of Seattle, was decided against the claimant, Mrs. Eva F. Richmond, in the state district court of Appeals here yesterday. Both Orion Denny and Mrs. Richmond are dead.

Mrs. Richmond divorced Denny in San Francisco in 1884, subsequently re-marrying. Following the fire which swept the city in 1906 she started action on the ground that \$250 monthly alimony had been awarded her and had never been paid. The alimony order, she said, had been lost in the fire and she asked for its restoration.

Bryant Washburn will make one more film for Paramount. It is called "Burglar Proof" and was written by Tom Geraghty. It will be directed by Major Maurice Campbell, husband of Henrietta Crossman.

FOUL TIPS

So long as Cy Young twirls the kind of ball he did yesterday he need never worry about being sent back to the farm to look after the hoes.

After Graham, the big Tacoma first baseman, had tried several times to get hold of some of Cy's floaters, he remarked that Cy didn't have enough to hit.

"The fans went home raving about the game. That's the kind of ball that will attract the crowds and hold them."

Victoria is now in third place and at the rate they are now going will be soon on the top rung. The Caps have been pitted against the best teams in the league. In two series they have paired with Tacoma, one with Yakima and a fourth with Vancouver. They have not had a chance to fatten their standing on the lowly Giants.

There appears to be only one bad flaw in the Capitals, and that is in the throwing arms of the catchers. Both Kelley and Cunningham have not got their whips into shape yet. They are catching well and hitting hard, however.

"Toots" Brown is a great believer in "swat the fly." Every time a fly comes anywhere near him in left field he kills it.

This week's series has produced a lot of good pitching and the games are a marked improvement on the Vancouver-Victoria exhibitions, which bolstered up batting averages and broke pitchers' hearts.

FOUR FAMOUS SPEED ARTISTS IN FRONT ROW

Indianapolis, Ind., May 27.—Ralph de Palma, Joe Boyer, Louis Chevrolet and Jean Chassagne will be in the front row with the first named at the pole when 32 of the world's greatest auto race drivers line up for the start of the 500-mile grind at the Indianapolis motor speedway next Monday at 10 a. m. De Palma circled the brick saucer for ten miles yesterday afternoon at an average speed of 96.50 miles an hour. Chevrolet's average was 96.3 and that of the French pilot 95.45.

PAT MORAN RE-INSTATED

Cincinnati, Ohio, May 27.—Manager Pat Moran, of the Cincinnati Reds, whose suspension was announced Tuesday, was reinstated upon receipt by John Heydler, president of the National League, on Moran's denial that he had made statements attributed to him regarding language used toward umpires.

Physical Fitness

Glowing health is desired by all—many people try divers methods to attain a high degree of fitness—but few really know that lasting well-being quickly comes from judicious exercise and nature's own rejuvenator

NAPOLEON EXTRA VIRGIN OLIVE OIL

Physical strength is beauty—and beauty depends largely on vigorous health. But most people have a misguided idea of beauty and think the word applies only to the face and outward form, and how often have we seen a person physically perfect whose health may be only good enough to maintain this outward show temporarily and in a short while discover hollows and wrinkles which have come long before their time—if they ever have a "Time." The daily use of Olive Oil brings physical perfection on the inside as well as on the outside.

You will find your mental equipment respond with an alertness that makes a better man or woman of you. "Extra Virgin" Olive Oil is the flow of the first light press of the tree-ripened olives of sunny Italy. On the Riviera, where the best olives in the world grow, this pure oil is placed in the very tin you purchase from your local store.

Tenders to Be Called and Work on Drydock to Start in September

J. C. McIntosh, M.P., Sends Reassuring Message to Reeve Lockley of Esquimalt Regarding Skinner's Cove Project.

Tenders will be called and work will start on the Esquimalt drydock early in September, it is announced by J. C. McIntosh, M.P., in a telegraphic message from Ottawa to Reeve Alex. Lockley, of Esquimalt.

Alarmed by the statement in the press by Joshua Kingham, who recently returned from the East, to the effect that work on the drydock would probably be indefinitely postponed, Reeve Lockley brought the matter before the Esquimalt Council in committee on Tuesday night and the decision was reached to forward a telegram to J. C. McIntosh asking for definite information.

Reeve Lockley's wire and Mr. McIntosh's reply are appended: J. C. McIntosh, M.P., House of Commons, Ottawa. Lockley, Reeve of Esquimalt. Absolutely untrue; tenders will be called and work start first of September. J. C. McINTOSH.

LINER NIAGARA WILL SAIL FOR SOUTH TO-NIGHT

The Canadian-Australasian liner Niagara, Capt. J. T. Rolls, is posted to leave Vancouver at 3 o'clock this afternoon, and will arrive here about 9 o'clock, according to the latest information received by the company agents.

ASUNCION PICKS UP WATERLOGGED VESSEL

The Standard Oil tanker Asuncion, frequent visitor to this port, on Tuesday night picked up the waterlogged schooner Oceania Vance off Point Arguello and towed her to San Pedro. The Oceania Vance is loaded with lumber and left San Francisco May 10 for Sydney, N. S. W.

NOTICE TO MARINERS.

Mariners are hereby notified that the black can buoy marking Tattenham Ledge, Gulf of Georgia, has been dragged from position and is now adrift. This buoy will be replaced as soon as possible. Any mariners sighting the drifting buoy will kindly notify the Agent, Dept. of Marine, Victoria, B. C., as to location of same.

PRESIDENT WILL RETURN ON TIME

Delayed Admiral Ship Will Be Turned Around at San Francisco

Despite the fact that the liner President sailed from this port three days behind schedule because of tail-shaft repairs she will return on schedule next Thursday, according to an announcement made to-day by R. P. Rithet & Co., local agents of the line.

In order to get the vessel back on schedule the Admiral Line has arranged for the elimination of the call at Wilmington, Cal., to permit the return voyage direct from San Francisco. The President is due at San Francisco to-day and will leave the Golden Gate port on Tuesday next, arriving back here June 3.

The liner George of the same fleet, will make port this afternoon with a large list of passengers from California ports.

The Admiral Line steamships are now carrying large lists of passengers both ways and the advanced reservations indicate the commencement of a big season's travel to and from California.

Practically all the accommodation

Appetite Keen and Bowels Relieved

You can relish your meals without fear of upsetting your liver or stomach if you will put your faith in **CARTER'S LITTLE PILLS**. Foul accumulations that poison the blood are expelled from the bowels and headache, dizziness and skin eruptions are relieved. Small Pill—Small Dose—Small Price.

on the Governor has been booked for the Saturday sailing.

GEORGE WAYLAND IN BUSINESS AT SEATTLE

Member of "Gang" of "Kid Shipbuilders" and Later With Foundation Co. Here

George H. Wayland, who up to the termination of the French shipbuilding contract here was superintendent of the Foundation Company's Ogden Point outfitting plant, has become associated with Harold A. Lee and Frederick S. Brinton, of Seattle, incorporated as the firm of Lee, Brinton & Wayland, naval architects.

George Wayland is one of the "kid shipbuilders" who back in 1895 tried to play hookey from school at Seattle to build sail boats, in which they would risk their precious young lives on the waters of Puget Sound. When they built a boat the "kid shipbuilders," as they were called, would sail her about the Sound until she was wrecked or worn out, or until the sold her. The "gang" included the Johnson brothers, now prominent in the shipbuilding world; Ted Geary, now one of the most prominent yacht designers in the United States; N. J. Blanchard and George H. Wayland.

Ever since he helped the Johnson brothers and Ted Geary build sail boats in the waters of Puget Sound, Wayland has been mixed up with the water. He spent three years in mechanical engineering in the University of Washington, then he came back from the salt tides as he ever allowed himself to go, and then he returned to the waterfront. For a number of years he was chief draftsman for Lee & Brinton. In 1918 he joined the Foundation Company and became superintendent of the wooden shipbuilding plant at Tacoma. Later on in the same year he came to Victoria as superintendent of machinery installation and outfitting at the Foundation yard here. During that time he also served as the corporation's naval architect and marine engineer.

Dean Johnson, one of the Johnson brothers, formerly superintendent of construction at the local plants of the Cameron Genua Shipbuilders, Ltd., and later with the Foundation Company, is now president of the Johnson-Kelly Lumber & Logging Company, operating a mill at Sooke. With Mr. Johnson associated are Frank M. Kelly and William Elliott, both well known in Foundation circles.

SHIPPING STRIKE CONSIDERED OVER

Longshoremen's Association Recommends That Strikers Return to Work

Vancouver, May 27.—Coastwise shipping companies consider that the I.L.A. has settled the strike of the firemen, sailors and stewards. The strikers' representatives say the strike is not over yet, though they hope it may be soon. The Longshoremen, after hearing the report of their own investigator, committee to-day recommended to the sailors, firemen and stewards to go back to work. The vote of the I.L.A. on the question of whether to strike in sympathy with the local firemen was 514 against a strike and 130 for one.

The I.L.A. committee, which was headed by the business agent and the secretary of the local organization met the representatives of the companies this morning and were informed that no discrimination would be made against strikers who wished to return to work. The longshoremen's committee also suggested that the companies consent to deal with committees of their own employees on which were representative union officials, and the companies are understood to have agreed to this.

With this understanding the committee reports to its members, and the longshoremen then outlined their attitude, and gave their recommendations to the striking unions. The representatives of the marine firemen met representatives of the G.T.P. this afternoon. It is not known whether the sailors and stewards will also be represented at this conference, but it is understood they will. It is expected that from now on the negotiations between the labor organizations and the companies will proceed to a satisfactory settlement, though there still remains a possibility that the unions and the companies may not reach a settlement. This, however, is considered reasonably unlikely. Ships are being manned regularly by the companies, and are putting to sea.

At the I.L.A. headquarters it was pointed out the Cowichan of the Union Line put to sea this week, in face of the strike, with fifty per cent of its old crew back on the vessel.

The Prince Albert sailed last night for the Queen Charlotte Islands. The effects of the strike, still shows in face of the strike, with fifty per cent of its old crew back on the vessel. The Prince Albert sailed last night for the Queen Charlotte Islands. The effects of the strike, still shows in face of the strike, with fifty per cent of its old crew back on the vessel.

NEW BOAT DOES WELL IN ENDURANCE TEST

Demonstrating the remarkable endurance and seaworthiness of the craft, one of the French Motor Boat Company's Disappearing Propeller Boats piloted by Mr. French, the head of the company, made the trip from the Inner Harbor to Brentwood, on Saturday without a stop. The trip was made in order that Major Gilston, who purchased the boat, might see for himself how it would behave in the open sea and whether it was capable of traveling for hours on end without mishap. The distance travelled, was fifty-five miles and the journey took eight hours. An average speed of seven miles an hour was thus maintained. The engine in the boat operated at that speed during the whole trip without a single stop and without giving the passengers any trouble whatever.

YUKON NAVIGATION MAY BE DELAYED

Advices from the North indicate that the Yukon River will not be open for navigation this year until about June 12 as extremely low water and the late thawing of the ice render navigation impossible at present. It is reported that the water has not been at such a low stage at this time of the year in over twenty-five years. The melting of the snows in the mountains has also been depended upon in the past to create freshets which would carry out a greater portion of the ice.

NIAGARA FULL SHIP.

Over 500 passengers and 2,000 tons of cargo will be taken out by the liner Niagara, scheduled to leave this port tonight for Australia.

SUFFERED DAY AND NIGHT

The Tortures of Dyspepsia Relieved By "Fruit-a-tives"

Little Bras D'or, C. B. "I was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches and did not sleep well at night. Finally, a friend told me to try 'Fruit-a-tives.' In a week the Constipation was corrected and I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous. ROBERT NEWTON, 50c. a box, 4 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

DELEGATES EXPLAIN MISSION TO OTTAWA

Workmen at Harbor Marine Yard Informed of Government's Decision

Shortly after noon to-day the men of the Harbor Marine Company, Ltd., were informed of the decision of the Government with respect to more contracts by Captain M. A. Orford and Major Kirkpatrick Crockett, the members of the delegation which went to Ottawa representative of the Harbor Marine Veterans' Association. Captain Orford and Major Crockett returned from the East yesterday afternoon.

The meeting was held in the shipyard during the lunch hour. The delegates held out no hope that more ship contracts would be placed with the yard by the Government as the reply of the Ministers had been definite that no money was available for more ships.

The veterans postponed further action pending the holding of the next general meeting of the Harbor Marine Veterans' Association on June 2.

STILL HAS SIGNS OF FIRE ABOARD

The Osaka Shosen Kaisha liner Manila Maru, which reached here Tuesday night, still shows the effects of the fire which broke out when the liner was at Yokohama on her last outward voyage. The flames, probably due to spontaneous combustion, burst into a headway and before the blaze was under control, cotton worth \$200,000 was damaged.

C. P. CONDUCTOR GAINED 35 POUNDS

Can Eat Anything and Sleeps Like a Boy Since Tanlac Overcame His Troubles

It is doubtful if there is a better known railroad man in Canada than Joseph Drouin, who for the past twenty-six years has been passenger conductor on the Canadian Pacific railway, and is deservedly popular with all who travel along the line of his run between Montreal and Mount Laurier. Mr. Drouin, who lives at 2194 St. Denis Street, Montreal, recently gave one of the strongest endorsements for Tanlac that has ever been published in Canada.

"I could hardly believe my own eyes when I stepped on the scales taking six bottles of Tanlac, and actually found that I had gained thirty-five pounds in weight," said Mr. Drouin. "Before I started on this medicine I was in a bad way. For years I had to take my meals here, there and everywhere, and as the result of this irregular eating my internal machinery got all out of working order. I lost all desire for food, and what little I ate would form gas and bloated me up until I could hardly breathe. I became so nervous that the least jerk of the cars would make me jump. I couldn't sleep at all well at night, and was often so tired in the mornings that I didn't care whether I took my train out or not. I felt off twenty-five pounds in weight, and became alarmed about my condition for I had tried all sorts of medicine without getting any help."

"Then one day I read a statement in the paper which decided me to give Tanlac a thorough trial. Well, I never would have believed that any medicine could do a man so much good in such a short time. It quickly settled my stomach, and gave me such an appetite that I could eat three good square meals a day, and no longer have any trouble with indigestion or gas, and I sleep so well at night, even when on the road, that I think it would take a collision to wake me up. I now turn the scales at two hundred and ten pounds, which is ten pounds more than I ever weighed in my life and feel better in every way than I have for a very long time. Tanlac is the best medicine I ever tried, and I take every chance I get to telling people about it."

Tanlac is sold in Victoria by D. E. Campbell, Corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

G.W.V.A. BRANCH IS FORMED AT LUMBY

Vernon, May 27.—A branch of the G. W. V. A. has been organized at Lumby with about forty members. The following officers have been

Make One of These Big Cash Prizes Yours

GENERALLY, people get what they want if they go after it hard enough. Surely \$3000.00, or \$1000.00, or even \$500.00 is worth trying hard for, especially since it doesn't cost a penny to try. Pick out the prize you want. Then determine to win it in the great Eveready Daylo \$10,000.00 Contest. There are 104 prizes in all—the smallest is \$10.00.

Beginning June 1, Daylo dealers will display the Eveready Daylo \$10,000.00 Contest Picture in their windows. Go to the store, get a good look at the picture, secure contest blanks, write your answer and send it in. Who knows but that your answer will win the First Prize, \$3000.00. If not, there are 103 other worth-while prizes. But, make up your mind now, while this is before you, which prize you want.

CANADIAN NATIONAL CARBON CO. Limited

Contest Conditions

Contest begins June 1, 1920, and ends on midnight, August 1, 1920. The art editors of "Life" will be the judges. If two or more contestants submit the same answer selected by the judges for any prize, the full amount of that prize will be paid to each. Anyone may enter—there is no obligation. Complete rules are printed on Contest Blanks furnished free by dealers displaying the Eveready Daylo \$10,000.00 Contest Picture.

This Sign Identifies Daylo Dealers

Look for this sign on dealers' windows. Wherever you find it you will be able to see the Eveready Daylo \$10,000.00 Contest Picture and get Contest Blanks. If you need new batteries for your Daylo or flashlight, dealers displaying this sign can supply you with the best—the long-lived Tungsten Battery.

at the Theatre

ROYAL VICTORIA

One feels the touch of a great master in the inspired creator of this marvelous character of Sam Gardner by Will Payne, which appeared in the Saturday Evening Post. And one feels the ring of truth. There is something of the simple ruggedness and faith of Lincoln in Sam Gardner; some of the sterling quality of that great leader's kindly

heart which beat in unison with the heart of the simplest and the most lowly. Not that Sam Gardner attempted to be a great leader of men in this picture—far from it! But Sam is confronted with great crises in his humble life; crises which would shatter other men's faith in their fellow men; and he regards them with a tolerance, a gentle forgiveness that cannot fail but stir even the most cynical, the most selfish just as it ultimately stirred the heart of the cold, brutal gambler, "Kittie" Hinch, to whom men were so many sources of illegal gain.

"Faith in your fellow men. Trust in their deep nobility of nature." How much a lesson that is brought forth in a drama which should undoubtedly place Clarence Badger in the very front rank of directors! For in its skill and delicacy of production, "The Strange Boarder" will be classed as one of the finest examples of the screen art of to-day.

"The Strange Boarder," which will be shown at the Royal Victoria Theatre for the last time to-night, will make a strong appeal to the most hardened cynic. "Faith" is the flaming message of this picture and the world is ripe for every message of faith in its fellow men.

DOMINION

As the central figure in the motion picture production of Sir Gilbert Parker's "The Right of Way," shown for the first time at the Dominion Theatre this week, Bert Lytell scored what was easily the most signal

Corner Douglas and Johnson Sts.

drainage of his long and enviable career. An unusual part, that of Charley Steele, the dashing young attorney of Montreal—cynical, dissolute, undeniably winning, yet astoundingly supercilious. That Mr. Lytell should have portrayed it adequately would have been enough; that he did it splendidly means he is to be ranked among the foremost of our real stars of the screen.

In translating to films this remarkable novel, June Mathias has displayed a genuine understanding of both the original viewpoint of the author and the dramatic values; and the finish of the production speaks for the work of Maxwell Karger, as the personal supervising director. Do you know a "copper"? Go to the Dominion Theatre any time this week and see Harold Lloyd get the whole police department rushing to his aid in "From Hand to Mouth," the added attraction for this week.

VARIETY

When William Fox presents his epoch-making film version of "Cleopatra," with Theda Bara as the Siren of the Nile at the Variety Theatre this week-end local amusement-seekers will see the most sensational and magnificent photo-drama, spectacle ever produced. The passions and pageants of Egypt's vampire queen as portrayed by the screen's foremost interpreter of siren roles aroused the entire theatre and picture-going public of New York, where "Cleopatra" enjoyed a phenomenally successful run on Broadway at the Lyric Theatre. No film drama ever offered the American public has achieved greater popularity than this stupendous production.

William Fox, who is never happier than when making cinema productions of huge proportions, is said to have set a new mark with his picturization of the famous loves of Cleopatra, and it will be some time before there will be found a type into which the savage beauty and personality of Miss Bara fits more perfectly.

COLUMBIA

Walters will be waiters. In a cabaret scene in "Uneasy Money," which is on the Columbia screen to-day, a Spoo comedy-drama starring Taylor Holmes, Mr. Holmes bumps into a waiter while dancing, knocking a tray to the floor. The waiter was a professional, brought from a big Chicago cabaret. The rehearsal had informed the waiter Mr. Holmes was to give him a dollar after the unfortunate affair. When the scene was photographed, even though that dollar was only stage money, the waiter couldn't keep his eyes from wandering from the dishes he was picking up to Mr. Holmes' wallet pocket, in anticipation of the tip. Even his fellow-waiters, out of the scene, noticed the incident and laughed.

PANTAGES

It is generally conceded by the Patrons that the all-star bill now appearing at the Pantages Theatre is the best that this season has afforded. Gowns, girls, good music and pleasing originality all contribute towards this verdict. There is no pause in the stream of genuine amusement from the time the picture is thrown on the screen until the big head-liner, "The Follies of 1920," closes the bill.

Mr. Jack Henry is cleverly humorous in his role of a poor composer who runs right into luck. He has the

SOCIAL WORKERS WILL SEE FILM

Hailed throughout England and Canada, where it is being shown simultaneously, as "the most praised and most abused of pictures," "The End of the Road" comes to the Royal Victoria for a four days run commencing Monday.

The production stars Claire Adams, formerly of Winnipeg, with Richard Bennett, whose work on the speaking stage and in silent drama is well known. Miss Adams, who is a native of Canada, is quite a young girl, who has recently achieved phenomenal success in the moving picture world, being acclaimed as the most beautiful woman on the screen to-day.

"The End of the Road" has been the subject of sermons and editorial in many cities in Canada. It deals with its subject in a forceful and realistic way without losing anything in dramatic value. It is the strongest arraignment of certain evils that was ever written or acted, and it does not exploit the evil side of things at the expense of what is wholesome and good. The two elements are contrasted, shown side by side in equal proportions. The result is a very remarkable story, acted by a perfect cast.

"The End of the Road" is shown here under the auspices of the Canadian National Council for Combating Venereal Diseases. A private view for public officials will be given here on Monday.

"Caloric"—The Furnace Without Pipes

EVERY winter there has been a greater demand for the "Caloric" Furnace than we can supply. This winter promises to be no exception for more houses have been built, more house owners want "Caloric" Furnaces.

NOW is the time to place your order for a "Caloric" Furnace in order to ensure installation early in the Fall. Remember it costs less to buy, less to install and it saves one-third fuel expense.

Not Aspirin at All without the "Bayer Cross"

Aspirin, to be genuine, must be marked with the "Bayer Cross," just like your check must have your signature. Look for the "Bayer Cross." Then you are getting the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada.

PLEA FOR RELEASE OF W. C. FINDLAY

Vancouver, May 27.—Application has been made for the release of W. C. Findlay, ex-Prohibition Commissioner, sentenced to two years in the penitentiary a year ago for the theft of seventy-four cases of Government whiskey confided to his care in his official capacity.

The request for executive clemency has gone forward to Ottawa, where it is now under consideration by the Minister of Justice. So far as can be ascertained no largely signed petition accompanied the application. Alex. Henderson, K. C., who acted as Findlay's counsel at the assize court trial last May, declined to make any comment on the circumstances beyond the statement that he understood an application had been made.

LIBERTY LEAGUE WILL ADVOCATE SECOND OPTION

Prepares to Support Package Sales of Liquor Clause of Coming Referendum

A Victoria branch of the Liberty League of British Columbia was last night organized at a meeting held at Belmont House, seventy people being present. A preliminary meeting had already been held. The main objective of the League is to secure the endorsement, by the public, of the second alternative in the referendum to be submitted under the terms of the Temperance Plebiscite Act, passed at the last session of the Legislature. This provides for the sale, by the Government, of liquors in sealed packages.

Major J. H. Gillespie was elected president, C. T. Cross, vice-president, and R. P. McLernan as secretary. The executive committee will eventually number eleven members, those named last night being R. McNicol and T. A. Dark, representing returned soldiers' organization, and James Dakers and E. P. Kay, representing labor interests. President Gillespie will fill the remaining seven vacancies on the committee, being instructed to reserve two seats for ladies.

Steps will be taken immediately in all parts of the Province to aid local bodies in the formation of branches of the league, the basis of organization being the following constitution, drafted by B. J. Perry, E. P. Kay and R. McNicol, and approved last night:

"Object—That as the liberty of the subject is the birthright of Anglo-Saxon inheritance, the league will defend that liberty against every attack direct or indirect:

"The Liberty League of British Columbia as a first objective pledges itself to use every effort to ensure the adoption by the electorate of the Province of British Columbia of Clause Two of the question to be put under the Temperance Plebiscite Act, 1920, that is, the passing of an act providing for Government control and sale in sealed packages of spirituous and malt liquors."

"Reasons—That the present Prohibition Act is an interference with the liberty of the individual."

Victoria, May 27.—5 a. m.—The barometer is rising on the Coast and clearing weather is becoming general. Rain has been general on the Coast and also in Manitoba, and showers will spread to Alberta.

Reports—Victoria—Barometer, 29.98; temperature, maximum yesterday, 57; minimum, 46; wind, 12 miles S. W.; rain, .03; weather, cloudy.

Vancouver—Barometer, 29.96; temperature, maximum yesterday, 62; minimum, 46; wind, 8 miles S. E.; rain, .19; weather, fair.

Kamloops—Barometer, 29.82; temperature, maximum yesterday, 66; minimum, 48; wind, 4 miles W.; weather, cloudy.

Prince Rupert—Barometer, 29.78; temperature, maximum yesterday, 54; minimum, 44; wind, calm; rain, .04; weather, fair.

On Appelle—Temperature, maximum yesterday, 54; minimum, 38; rain, .14.

Winnipeg—Temperature, maximum yesterday, 62; minimum, 38; rain, .02.

FUTURE OF VOCATIONAL SCHOOLS OF S. C. R.

Major Manchester, Head of the Vocational Training Branch, department of Soldier Civil Re-establishment, who has recently returned from Ottawa, was in the city yesterday from Vancouver.

Mr. Manchester said in an interview that, following the decision of the heads of the S. C. R., the policy would be one of retrenchment. A general winding-up of the department would take place, to be completed with the closing of all vocational schools by the end of the year. The Major did not believe that by that time there would be many ex-soldiers requiring vocational training, as the majority of those who were applying were placed while waiting for their courses. The remainder could be turned over to the university schools.

While the Information and Service Branch will pass out of existence by the end of next month, Major Manchester thought it would be necessary to hold open the medical and loans department for an indefinite period, extending over a number of years.

AIR SERVICE NOW IS BEING FORMED

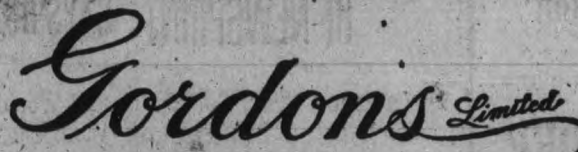

Vancouver, May 27.—Major C. MacLaurin, of Montreal, a representative of the Canadian Air Board, is in Vancouver in connection with Air Board business. He stated that the Air Board is seeking recruits for commissions in the new Canadian Air Service, and in respect to this matter he received the following message from the vice-chairman of the Air Board at Ottawa:

"Applications for commissions in the Canadian Air Force must be posted by the 29th. Applications are now closing in very rapidly, and vacancies for those who do not post their applications by Saturday will probably be difficult or impossible to find."

Major MacLaurin urges that prospective candidates send their applications away at once.
