Officials in Britain Preparing to Fight An Extended Strike

Railwaymen and Transport Workers Called to Join Striking Coal Miners Friday Night; Lloyd George Hopes For Peaceful Arrangement.

London, April 13.—Speaking of the announcement of the "Triple Alliance" of labor, that it would call away from their posts at 10 o'clock Friday night the railwaymen and the transport workers, in sympathy with the striking coal miners, Premier Lloyd George stated in the House of Commons to-day that the situation was of great and increasing gravity, but he still hoped that wiser counsels might prevail.

Meanwhile, added the Prime Minister, the Government was taking all possible steps to meet the emergency.

London, April 13.—The striking coal miners, according to The Evening Standard to-day, have decided there can be no renewal of the negotiations for a strike, settlement even if the invitation emanates from the Government.

The Government to-day issued the following statement bearing upon the labor situation: "In the event of the threatened extension of the stoppage of work, the Government wishes to make it clear that it will use the fullest powers of the state to protect the workers who remain at work in the industry essential to the life of the community."

"In any settlement which may be reached, the Government will give its support in securing that the position of such workers shall not be prejudiced in comparison with their position before the stoppage."

Strike Call. London, April 13.—Great Britain's "Triple Alliance" of labor will call its members from their posts at 10 o'clock Friday night, it was announced here this afternoon at 11 o'clock. This decision follows the inability of the National Miners' Federation to reach an agreement with the mine owners and the Government for the settlement of the miners' strike which began April 1.

The "Triple Alliance" is made up of the National Miners' Federation, having a membership of 800,000; the National Union of Railwaymen, with 200,000 members; and the National Federation of Transport Workers, which numbers as its members a large number of unions which have a membership of 1,000,000.

"The walkout," it was declared, "will take place at 10 o'clock Friday night. Many other unions have sent applications to join the strike and these are being considered."

The reaffirmation of the "Triple Alliance" in its pledge to support the miners through the announcement that its members would cease work Friday night keeps the industrial sky still dark. Many observers, however, found reassurance to-day in the fact that the days to intervene before the strike becomes active was opportunities for several available agencies to tender their good offices in an effort to bring the opposing forces to the conference table again.

Negotiations. One of the many uncertainties of the situation is whether the three-cornered negotiations to which the owners, the miners and the Government have been parties are really at an end.

The "Triple Alliance" ultimatum of last week stated that no offer acceptable to the miners was made, the railwaymen and transport workers (Concluded on page 4.)

NO DATE YET FOR BY-ELECTIONS, SAYS MEIGHEN

Ottawa, April 13.—(Canadian Press)—"No date has yet been fixed," said the Prime Minister this morning referring to reports that writs are to be issued calling for elections in Yukon, St. Antoine and York-Sunbury on May 23.

POSTHUMOUS HONOR FOR GEN. GALLIENI

Paris, April 13.—General J. S. Gallieni, former Minister of War and Military Governor of Paris, who died in Versailles in May, 1916, was yesterday granted the posthumous dignity of a Marshal of France by unanimous vote of the Senate.

SAYS AMERICANS HELD IN RUSSIA

Constantinople, April 13.—The Russian Bolsheviks are bitter toward Americans and are not permitting them to leave Russia, according to a Kelsor, of Philadelphia, upon arriving here yesterday. She came to this city on the steamship "Reich" which landed at Odessa a number of officers and soldiers who had formerly served in South Russia under General Wrangel, anti-Bolshevik leader.

ALLIED LEADERS TO DECIDE COURSE

To Determine Steps Against Germany in May

Supreme Council Will Meet in Paris

Paris, April 13.—Decisions of the utmost importance regarding Germany will be sought by the Allied Supreme Council at a conference to be held probably in Paris early in May. This conference is regarded by France as decisive, it is declared here.

There is speculation in this city whether President Harding's policies as outlined before Congress yesterday do not overshadow the presence of a United States representative.

Marsh, looking General Weygand and other military authorities have been holding a series of conferences at which they have discussed action which the Supreme Council may eventually decide upon.

FOUR WERE KILLED. Covington, Ky., April 13.—Four persons were killed, four seriously injured and two hurt in a collision between an automobile and a Chesapeake & Ohio Railroad engine at a grade crossing here early to-day.

RAIDERS ATTACKED PRISON IN CORK

Soldiers Used Machine Guns Against Them

London, April 13.—Armed men attacked the eastern wing of the prison in Cork last night and were repulsed only after bitter fighting, says a Central News dispatch from that city.

When the attack was made the military guard sent up flames to light the vicinity and soldiers on the ramparts used machine guns on the assailants of the prison. The firing lasted for ten minutes, after which the attacking party disappeared.

One of the civilians was believed to have been wounded, but there were no casualties among the prison guards.

No Letting. Cork, April 13.—A proclamation against loitering in the streets was strictly enforced yesterday. Sixty persons were arrested, forty being fined from 10 shillings to five pounds. Any one looking into the shop windows was liable to arrest.

READING SUCCEEDED BY LAWRENCE

New Chief Justice of England Named

London, April 13.—(Canadian Associated Press) The appointment of Mr. Justice Lawrence as Lord Chief Justice of England to succeed Lord Reading, appointed Viceroy of India, came as a complete surprise.

The position had been vacant an unusually long time. Gordon Hewart, the Attorney-General, was known to be anxious to secure the appointment, and moreover, by virtue of his present office, had a recognized right to the position, for which also he is admirably fitted by general ability.

Premier Lloyd George, however, is anxious to keep him in the Cabinet because of his debating ability and the professional skill he has displayed in handling post-war problems.

Restlessness. For some weeks there had been much restlessness among newspapers (Concluded on page 4.)

Police Estimates Are Passed By Commission

A "full house" awaited the meeting of the third session of the Board of Police Commissioners in the City Police Court last night. When Mayor Porter arrived with Dr. Ernest Hall and Commissioner North there was nothing but standing space to be had in the City Police Courtroom, even the prisoners' dock being filled beyond its ordinary capacity.

Dummy Policemen. The session opened quietly with the reading and passage of the minutes of the two previous meetings. A letter in the minutes from C. L. Harris, secretary of the Island Automobile Association, suggesting safety zones for traffic in the downtown streets, brought Mr. North to his feet with the suggestion that "dummy policemen" be placed in the middle of each intersection of the downtown streets, together with a proposition for all motorists who do not make the necessary tour of the "dummy policeman" in turning or reversing direction.

Mr. North would have elaborated upon his ideas for the traffic "carecrows" but was not given the opportunity at the moment. Mayor Porter suggesting that the

Sidney Rubber Roofing Plant at Sidney is Destroyed by Fire

The plant of the Sidney Roofing and Paper Company at Sidney went up in a great burst of flames at 8 o'clock this morning, fire starting in the saturating plant and spreading quickly to the factory and warehouse, which were also destroyed. The office, oil and asphalt tanks and stills were saved, the most effective work in fighting the fire being through the pumping plant of the Sidney Lumber Mill.

R. W. Mayhew, manager of the company, rushed to Sidney as soon as the news of the fire was conveyed to him. It is a difficult matter to estimate the loss as it will take some time to find out how much machinery has suffered from the blaze. Fifteen men are thrown out of employment as a result of the fire, and it may be some time before the plant is again put in operation if new machinery should be obtained from the States.

A Spectacular Fire. Fortunately only a light wind was blowing at the time the fire broke out and in a favorable direction, otherwise Sidney would have been seriously threatened. The Sidney Volunteer Fire Brigade responded quickly to the alarm, and put up a valiant fight, but owing to the fact that the buildings were full of inflammable matter the flames seized such a hold that efforts had to be confined to preventing a serious spread of the fire.

Masses of smoke and flame belched from the buildings, which were soon left a mass of ruins, and people from all directions flocked to the scene. A company manufacturing tale is also a sufferer through the fire, having used a portion of the roofing compound in the plant. Two C. N. R. freight cars on the spur into the plant had a narrow escape from burning.

Eight Years Old. The Sidney Roofing & Paper Company's plant is the only one of its kind north of San Francisco and west of Quebec, and included in its system a large plant at Victoria, where paper and felt is manufactured, that required to be finished for roofing purposes being shipped to Sidney for the purpose.

The Sidney Rubber Roofing Company, as it was first known, was established at Sidney about eight years ago. It manufactured roofing, using felt from Quebec as a base and saturated this with California crude oil, refined at the plant. Two years ago the company was reorganized, and steps taken to extend operations, arrangements being made for the construction of the big mill at Victoria for the manufacture of the felt needed for roofing and also the making of building paper. The Victoria and Sidney plants represent an expenditure of \$350,000. A number of by-products were also turned out by the Sidney plant.

It is pointed out that the railways have been operating since December 1, 1919, under an agreement between the Canadian Railway War Board and the men, and in virtue of this agreement, when a reduction in expenses was found necessary, the men were offered their choice between a reduction of working hours or a reduction of staff. When this was put up to the Canadian Pacific Railway locomotive and car departments, the men chose a reduction in hours, but the C. N. R. men chose a reduction in staff.

The agreement was made with all the railways on the collective bargaining system, but each road was free to carry out the terms as it saw fit.

TWO COMETS ARE SEEN BY OBSERVERS

Winecke's Comet Is One; Reid's the Other

Cambridge, Mass., April 13.—Winecke's comet, which approaches the earth every five years and eight months and will come "very near" the earth in June, according to the prediction of Dr. Crommelin, the English astronomer, has been sighted by Professor E. E. Barnard, of the Yerkes Observatory at Williams Bay, Wis., according to word received at the Harvard College Observatory.

Reid's comet, which was discovered at Cape Town, South Africa, March 13, and is increasing in brightness, will make its nearest approach to the sun May 10, according to word from Dr. Leuschner, of the University of California.

The orbit of Reid's comet has been computed by Messrs. Einarsson and Meyer, of the students' observatory at the University of California, says Dr. Leuschner. On April 16 it will be four and one-quarter times brighter than when it was discovered, and on April 25 about seven and one-half times brighter. If Reid's comet keeps on increasing in brightness the Harvard astronomers predict that it will soon be visible to the naked eye.

LOSS BY FIRE IN SASKATCHEWAN

Saskatoon, April 13.—Fire of unknown cause completely destroyed the Campbell and Vance Automobile Garage, seventeen motor cars and an implement shed owned by the International Harvester Company at Har-Flu, Sask., near here, this morning. Absence of wind and hard work on the part of the village fire brigade kept the flames from spreading.

A.M. Johnson Heads New Liquor Board: Head Office Here

Business Represented By J. H. Falconer and Returned Men By Lt. Col. Winsby In New Commission.

Appointment of the three Commissioners of the Liquor Board under the Government Control Act was decided on to-day at the meeting of the Provincial Executive. The appointments were announced by Attorney-General Faxrus shortly after noon as follows: Archibald Mainwaring Johnson, K.C., Victoria, chairman.

J. H. Falconer, Vancouver. Mr. Johnson as chairman will receive \$6,500 a year. The other members of the Board will receive \$5,500 each. The headquarters of the Board will be in Victoria.

The Board will start work at once, as the Government has been given power to appoint the officials before the act comes into operation. Actual operation of Government liquor stores under the Board will not be started until the middle of May or perhaps until June 1.

Mr. Johnson to-day resigned his office of Deputy Attorney-General. Col. Winsby, who is Inspector of civil capacity of a few weeks until the Victoria School Board takes steps to appoint a successor, Mr. Falconer is ready to step into the office at once.

Board All-Powerful. The Board will be almost all-powerful as regards the handling of the liquor traffic in B. C. It will decide on the location of stores, prices, the number of licenses within certain limits, the hours of sale. It can fix the limits of the amounts that can be bought by any person at any one time.

It is estimated that the Board will control a business of \$20,000,000 a year in this Province. The Government has estimated that the profit from liquor from the first year's operations will be at least \$2,000,000. Half of the profits will go to municipalities. The Board will control the enforcement of the liquor laws in every part of the Province. The municipalities are not enforcing the law. The Board may step in, take control itself and charge up the cost to the municipality.

Chairman Energetic. Mr. Johnson is a son of the late E. M. Johnson, a few weeks ago, as Deputy Attorney-General he has been known as the energetic personality in the Government's service. His appointment as chairman of the Liquor Board was practically a recognition of nearly a month ago. He was put forward for the office because of his experience in administering the liquor laws of the Province, the interest he took in framing the new Liquor Control Act and the probability that he will dominate the Board.

Has Remarkable Memory. Mr. Johnson was educated in Victoria, he was a student at Bath College, England, and received his B.A. from Cambridge. He read law under eminent counsel in London. It is there that he is said to have developed his remarkable memory. He returned to Victoria and took up law in the office of Drake, Jackson and Helmsken. Later he went to Nelson, B. C., with J. H. Howes, where he practiced law for nearly a year.

After the Liberal Government under the late Hon. H. C. Brewster was elected to power in 1916, Mr. Johnson was appointed Deputy Attorney-General of British Columbia. Mr. Johnson has made a name for himself as a criminal lawyer.

Long Military Career. Col. Winsby is the son of William P. Winsby, Appraiser of Customs here, and was born in Yorkshire, England. He came to Victoria thirty-four years ago. Before the war broke out he was awarded the long service medal for the Victoria Rifles of the Fifth Regiment of Victoria. He went to France at the head of the 47th Battalion. He was overseas for three and one-half years, the last three years of which he spent in France.

Last August Col. Winsby was appointed Inspector of Schools for Victoria. He was born in Yorkshire, England, and was a school inspector of the Victoria G. W. V. A. The Colonel started his school teaching in Victoria schools. He was in turn principal of the Victoria West School Park and then the Boys' Central School. He was appointed Provincial School Inspector, and held that office for five years before he went overseas.

Col. Winsby is known in Kamloops and Vancouver, where he was stationed for a while as school inspector. He is known intimately throughout Vancouver Island as he personally covered this district. (Concluded on page 4.)

LONDON DIVORCES CALL RETIRED JUDGE BACK TO BENCH

London, April 13.—(Canadian Associated Press) Owing to congestion in the divorce court, Lord Mersey, at the age of seventy-one, has returned to the bench. He was proceeding east along Georgia Street when he was presumably set upon by two bandits who had been lurking beneath one of the numerous large trees in the vicinity of Burrard Street. Multiple evidence of the fact that Mr. Salisbury at once offered resistance when called upon to throw up his hands is found in the fact that an umbrella, badly bent, was picked up subsequently at the scene of the murder.

The bullet, which was fired from a revolver of small calibre, pierced a vital spot and Mr. Salisbury passed away without regaining consciousness. He made no statement before sinking into a state of unconsciousness. (Concluded on page 4.)

Activities of League Narrower, Says Report

Paris, April 13.—Officials of the League of Nations have received instructions, says The Echo, de Paris, to reduce their undertakings in order that the "misunderstanding existing with the United States" may not be widened.

The same newspaper declares that Premier Briand has telegraphed Rene Viviani, former French Premier, who is at present in the United States, that France "believes the United States must participate in all the advantages of the common victory."

Washington, April 13.—Senator Knox of Pennsylvania introduced to-day his resolution to end the state of war between the United States and Germany. The measure is similar to that which the last Congress passed and President Wilson vetoed.

Harding's Speech. "We have no reproaches to offer for that abstention," it says, "but the United States can not have matters both ways. She can not abstain and then complain that the victors have made of the League something other than the United States would have had it."

Helpfulness. The Pall Mall Gazette says President Harding's conception of the future seems to be expressed in his reference to "nations associated for world helpfulness without world government," and it adds: (Concluded on page 4.)

WILLIAM STRANG DIED IN ENGLAND

Painter and Engraver; Born in Canada

Bournemouth, Eng., April 13.—William Strang, aged sixty-two, the noted painter and engraver, died here last night. Mr. Strang was a Canadian by birth but had spent the greater part of his life in England.

His latest work was in the field of etching, in which he achieved distinction, notably by his etchings in this form of art of several distinguished men. He was one of the original members of the Royal Society of Painter Engravers, displaying his work at the first exhibition of the society in 1881, and was elected an associate engraver of the Royal Academy, when that distinction was revived in 1891.

RAILWAY PROBLEM MUST BE SETTLED

Carvell Says People Should Know Facts

Vancouver, April 12.—Determination to continue his campaign of "telling the people the truth about the railway problem" was expressed by Hon. F. B. Carvell, K. C., when he addressed a gathering of the members of the Vancouver Board of Trade last night. About 250 men were present. He acknowledged that his action in discussing the railway problem in public was open to possible criticism, but repeated his belief that his plain duty lay in informing the public fully on the matter. The public would have to face the problem.

"We can't go on as we are today," said Mr. Carvell. "Don't tell yourselves that we are on a solid foundation now and that we may as well go on paying higher freight rates and deficits on the national railways. The people of Canada have got to have lower rates, and these rates cannot come down unless there is a comedown in the cost of operation of railways, in wages and everything else that affects the running of the roads.

Public Ownership.
Mr. Carvell said he was not going to discuss the merits of public ownership of railways. He was pretty plainly on record as disapproving of it. It was, however, a fact, and must be accepted as such. He knew that there were a lot of intelligent people who favored public ownership. "They will get that knocked out of them," he said. "They are finding out that it is going to cost this year at least \$70,000,000 to support this toy." He remarked that if the people as a whole wanted to go on paying the maintenance of the Government roads out of the taxes he was willing to pay his share.

Figures.
He read some figures supplied by the Canadian National Railway of actual sums to station agents on its Lake Superior Division for wages. He remarked that some statements he made in Vancouver last Thursday had been challenged. He had names of stations and of agents to whom, in the first two weeks of January last, the C. N. R. had paid sums ranging as high as \$214, on a wage basis of \$150 and \$125 per month. The wage he thought reasonable. He could not understand, however, when the agent put in hours enough to make the higher sums. Supplementing his remarks with a discussion of the business outlook of the Pacific coast and the shipping question, he closed with an expression of the optimistic hope that a solution of all these problems of the reconstruction period would be found in the near future.

OTTAWA HOUSE HAD LONG SESSION

Interim Supply and Shipping Estimates Causes Government Resorted to Use of Closure

Ottawa, April 12.—The House of Commons adjourned at midnight after having been in continuous session, with the exception of a dinner recess, during the long day on Monday afternoon. The long session, during which the Opposition fought against the shipping estimates, ended in a vote of closure both on an interim supply resolution and on a resolution to complete the Government's shipbuilding programme.

The House will meet again at 3 o'clock this afternoon, when the supply resolution and the shipbuilding vote will be taken. Under the closure rule, a motion to suspend the rule, and for not more than twenty minutes, at 3 o'clock Thursday morning the debate will automatically end and the vote will be taken.

Clearing of the decks for closure began yesterday afternoon. The shipbuilding vote was still under discussion, and the Prime Minister stepped into the struggle. Highly declining the thought it times "performance" should cease, Mr. Meighen moved that further discussion of the item be postponed. It was an obvious first step in the direction of closure. The Opposition members were called and passed. In these cases there was no need for postponement. Then the Government reintroduced its interim supply resolution, and the ground of debate was changed.

The resolution is for \$71,499,703, and covers one-sixth of the total estimates tabled in the House. When first introduced last week the Liberals strenuously opposed it and the resolution was withdrawn. On Monday they were willing to "perform" and the Liberals, declared Hon. W. Mackenzie King, leader of the Opposition, had no desire to hold up necessary supply and the payment of salaries. The Opposition was willing to "perform" and the Government in conference to determine what, in the public interest, should be passed, but would not vote \$70,000,000 en bloc.

The Government argued that it was not the duty of the Opposition to vote against the interim supply. "There must be interim supply," exclaimed the Prime Minister, "or there will be paralysis of the public service." "The Government," he added, "is open to every reasonable suggestion, but when that is done we intend that the majority shall rule."

"Why," Mr. Meighen asked, "should conditions be put on voting money to pay the interest on our war debt? Should we pay for the soldiers, to pay for soldier land settlement, or pensions?"
Closure.
The end came after a keen struggle and the citing of much procedure. The Minister of Justice declared there was an attempt to defeat interim supply, and the Minister of Finance, in a stern consideration of the resolution he postponed.

Opposition members received the announcement with an upsurge. "The Government will gain nothing by the vote," shouted up Members of the Opposition. "The Germans are here—on the other side of the House," another Opposition member cried out. Then came the formal notice of closure—that, consideration of the shipbuilding vote and interim supply should be the first business in committee to-day, and "shall not be further postponed."

So closed the longest sitting of the House in eight years. Factions had been keenly fought every phase of its later stages. Civil servants particularly were interested spectators, for without supply, their pay cheques, due on Friday, would be unpaid.
Meighen Spoke.
It was nearly 4 o'clock yesterday afternoon when Premier Meighen stood up to speak. He had been considering the shipbuilding item upwards of eighteen hours.

The history of the item, briefly, was that during the war, and, indeed, before the war, the Government had undertaken a shipbuilding programme, toward which it was urged by the House and by pressing requests from the entire Dominion. The support for the establishment of a Canadian Government Merchant Marine was unanimous. That was in the Spring of 1918. In the Spring of 1919, and after the armistice had been signed, the policy was continued and the House unanimously granted another \$30,000,000 for the purpose.

The shipbuilding policy on that occasion again received the endorsement of the House. It was only six months or more after the armistice had been signed. Following this mandate from Parliament, the Government let certain contracts for ships. The shipbuilding programme was completed in 1919, more than a year and a half ago.

For unseaworthy vessels, as also was a vote of \$30,000 for life-saving service. The next item, that of \$25,000 for the maintenance and operation of a dredging fleet on the St. Lawrence River, was carried with little discussion.

Lighthouses.
Consideration of the lighthouse and coast service was next proceeded with. Agencies, rents and contingencies were voted \$215,000, an increase of \$17,000 over last year. This increase, the Minister said, was solely due to increased pay allowed by the Civil Service Commission re-classification. Salaries and allowances to light-house-keepers, a vote of \$50,000, were passed, as was a vote of \$80,000 for the maintenance and repair of light-houses.

SERG. M'RAY WAS KILLED IN ACTION

Was Wrongly Reported Living Without Memory

Ottawa, April 12.—(Canadian Press)—Official announcements made here that after most careful inquiry it has been established that Sergeant Alfred McRay, of the 54th Battalion, was killed in action in France on April 11, 1917, near Ginchy-en-Gohelle, four miles southwest of Lens.

He was the man about whom a special article was written in a Vancouver paper some time ago in which it was said that McRay had lost his memory and was a patient in the famous institution for the mentally affected at Montrose, Scotland.

ABOUT 1,000 TO NEW OIL FIELDS

Movement to Fort Norman Is Expected

Edmonton, April 12.—There will be ample accommodation for all persons seeking transportation to the northern oil fields, according to local officials of the three northern transportation companies who are now completing arrangements for the carrying of passengers and freight north. Reports to the contrary are incorrect and the transportation companies declare there will be no trouble in the way of moving all the men and supplies requiring transportation. It is estimated that 3,000 passengers, or even more, can be carried by the three companies. The Hudson's Bay Company, the Northern Trading Company and the Alberta and Arctic Transportation Company, which operate on the Mackenzie and Peace River routes.

About 1,000.
Just what proportions the trek into the north will assume cannot yet be determined, but the date there are no signs, according to information from the steamboat offices, of a stampede. That there will be a larger travel list on the Mackenzie route than ever before is certain, but the stories of "thousands of brave men feverishly preparing for the northward dash" are being taken here at a fairly heavy discount. Opinions among those interested in the northern development differ as to the number of men who will probably be going North this summer, but a fair estimate, based on reports and on bookings now being received, puts the season's total at about 1,000.

Return Tickets.
Some eighteen or twenty round trips to the Fort Norman oil fields can be made by the combined services of the three companies, it is stated, if there is sufficient business offering. Few or many trips will be made, according to the number of passengers wanting to go. In all cases, it is understood, the Mounted Police will insist upon return tickets being purchased, and the estimated capacity of the three lines is based upon their ability to move the passengers back before the close of navigation.

Government Men.
The Federal Government's geologists and field workers in the North will be taken North by the river route, and not by aeroplane, the Air Board having, it is stated, in the interest of economy, abandoned its plans of transporting five Government geologists and other men on the Peace River. It has now been decided to build barges and to move the men and their supplies in that slower but much more economical way.

Unemployment.
Toward the end of 1919, the unemployment situation in Canada, while not as great as in other countries, became very serious. In December, 1919, and during the early months of 1920, there was very considerable distress and the Government was impeded, as only Government can be impeded, to relieve this distress.

Manitoba Cabinet NOT TO BE REBUILT
Winnipeg, April 12.—By the casting vote of the Speaker, the Labor resolution calling for a reconstruction of the Cabinet in a way that would make it reflect the group character of the House, has been defeated in the Legislature after midnight. When the House divided on the resolution, it was 23 to 25 against it. The Conservative Party lined up with the Labor group, as did a number of the former members, but five of the latter group voted for the rescue of the Government.

IMPROVEMENTS AT ST. JOHN, N. B.

Immigration Building There Has Been Enlarged

Ottawa, April 12.—(Canadian Press)—Twenty years ago the immigration building that was erected at St. John, N. B., by the Dominion Department of Immigration was believed to be large enough to meet the demands that would be made on it for forty or fifty years. A few years later it became evident that the optimistic belief of twenty years ago was not based on a correct estimate of the rapid development of Canada, partly due to the growth in the number of settlers from across the seas.

The new extensions, with the improvements made to the old building, provide everything for the comfort and convenience of settlers arriving in Canada from overseas. Many of the handicaps and difficulties that were evident in the old quarters, due to lack of space, etc., have now been overcome. The new building provides a covered, heated baggage shed, so planned that baggage can be assembled in divisions arranged alphabetically, an assembly hall, rest room, dormitories for men and women, a nursery equipped with every essential appliance for children, incidentally the first in the world to be established in an immigration building; modern inventory, railway ticket departments, customs and other conveniences. It is now arranged that from the time of leaving the ship to the time of their departure on the train for their ultimate destination, settlers are under shelter. The Canadian Pacific Railway trains run alongside the baggage shed and the passengers pass from the rest room

Read the Advertisements

THE publishers of this paper draw your attention to the advertising columns, and particularly to the advertisements of local merchants. These merchants have invested their money in goods to satisfy the needs and desires of us all.

Their enterprise is a distinct service to our community. For this reason we should buy from them to the best of our ability and in so far as our needs and judgment of value dictates.

Then, too, the general commodities advertised in our columns are worthy of consideration. It is desirable that readers should ask merchants to supply advertised goods wherever possible. By doing so the cycle of trade is kept alive and inter-community commerce stimulated. We repeat—read the advertisements.

RURAL CREDIT PLAN IN ONTARIO

Legislature Considers Details of Scheme

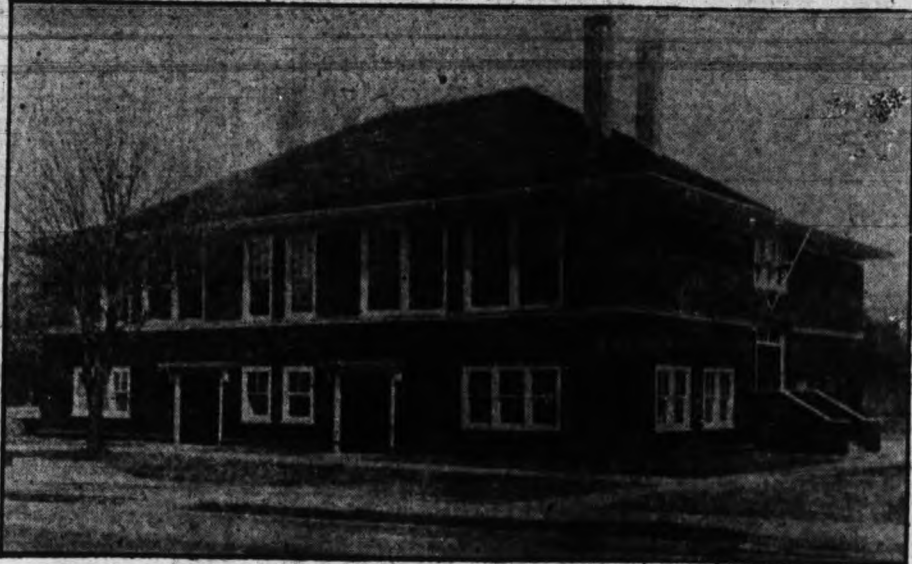

Toronto, April 12.—Ontario is now well on the way toward establishing a system of rural credits. In the Legislature yesterday, Hon. Manning Doherty, Minister of Agriculture, was successful in piloting through the

committee stage the bill providing for short term loans for the promotion of agricultural development. The House in committee accepted the amendments suggested by a sub-committee so that the maximum period for a loan to a person holding less than fifty acres shall be five years. The maximum term for any loan is to be twenty years instead of thirty years as originally proposed.

The above picture shows the new King's Road School which was formally opened last week, and in which classes are being carried on now. Major K. B. Sprigin was the architect who drew the plans for the structure.

POLICE ESTIMATES ARE PASSED BY COMMISSION

(Continued from page 1.)

At this stage the Commission passed on to consider the estimates of the current year, in order to speed that document for the City Council, now awaiting upon its passage by the police board.

The report was considered serially, the first point being dealt with being that of salaries of the police, detective force and officers. Last year \$24,601 had been voted for this purpose, but in view of the raise suggested, the board added a further ten thousand dollars to supplement the total appropriation asked for the police estimates, the total now standing at \$111,250. The sum of \$10,000 was added to the salaries on a motion to that effect from Mr. North, who made the motion a straight vote of ten thousand over and above the salaries paid last year—the increase to be absorbed in the raise in salaries on a plan not yet determined, beyond the suggestion that police constables be raised five per cent, and officers and detectives ten per cent over the last year's scale.

On a query from Dr. Hall Miss Wark was rated as a detective for this purpose.

Clothing and Upkeep.
On the question of an appropriation for clothing, Chief Fry stated that the force would want new overcoats this Fall, and the sum of \$5,000 was passed for the clothing requirements. The upkeep of prisoners' sum was passed at \$2,000, while \$250 was voted for interpreters fees, \$700 was passed for inkstands, \$2,000 for light and fuel. The question of a grant of \$1,000 for the motor patrol maintenance raised some discussion, it being stated that the motor patrol was an expensive car to run. However \$1,000 was finally allocated to that purpose.

The sum of \$500 was voted for the secret service was cut to \$300 by the board, who wanted to know what constituted "secret service." Chief Fry explained that the secret service was that of detective and police forces used in outside districts, similar to the hunt for the Stoddard assassin.

Small Sums.
The transference of prisoners to the Okalla and gasols was provided for in the usual sum of \$1,000. Printing was set down at \$400, witness fees increased from \$25 to \$100 when Chief Fry explained that one witness alone from Vancouver this year cost the court \$25 at one session. Furniture renewal was allotted the sum of \$100, while the sum of \$600 was passed for alterations or repairs to building. An appropriation of \$600 for two police motorcycles, one new and the other with sidcar was passed after some discussion. Automobile insurance was set at \$200. Sundries were provided for in the sum of \$2,000, concluding the estimates considered. The entire passage of the estimate took but fifteen minutes of the commission's time.

Mr. North asked here on motion that in future all applications for position on either force must be confined to residents within the city limits, the motion passing.

Efficient First Aid Men.
In answer to a query from Dr. Hall Chief Fry stated that all the force but the two last recruited were capable of instruction in first aid work, and that these two were now being taught.

Narcotics.
Dr. Hall questioned the practice of destroying opium and other drugs taken in police raids, and queried if it would not be possible to turn these valuable drugs over to retailers for sale. The cost of opium as a legitimate drug had risen tremendously, he stated. Chief Fry explained that if the seizure was in sealed packets (laughing) this might be of use to the druggist, if the requisite authority could be obtained for such a procedure, but the greater part of all illicit drugs seized by the police were in a very unclean condition as actually in use by opium smokers, and of such a nature as not likely to appeal to any purchaser of the legitimate drug.

Mr. North suggested at this point that it would be a good idea for the Commission, all or in part, to be invited to the scene when these drug seizures were to be destroyed, not "that I don't think they are destroyed all right," he hastened to assure the Chief, "but just to have the satisfaction of seeing it done for ourselves."

The motion and passed, requesting that the Commission be given notice when the destruction was to take place.

Dr. Hall suggested that the attention of the School Trustees and public generally be called to the fact that at the North Quad and South Park Schools school children were using play-grounds across the street from the buildings, and that constituted a danger to themselves from motorists. Mr. North wanted signs of "four miles an hour" posted at these points, but was told that all that was provided for in the Motor Act and that the Commission would not have the power to make any change to that Act as it stood. The Mayor at this point endorsed a motion to ask the City Prosecutor to make a report to

McMaster Opposed Vote For Esquimalt Structure

Ottawa, April 13.—(Canadian Press)—During the discussion of interim supply in the Commons last night, A. R. McMaster said some of the votes for which the Opposition did not want to share responsibility, even to the extent of one-sixth, included \$1,300,000 for the Esquimalt drydock and \$1,000,000 for improvements to the harbor of Toronto. This latter was not proper expenditure and was not warranted by the amount of tonnage going into and out of the harbor in question. The Toronto harbor improvement was a civic project and to make a driveway for the people of that city.

Another proposed vote opposed by Mr. McMaster was that of \$20,000 for the Canadian National Art Gallery. The civil aviation vote of \$700,000 and the vote of \$825,000 for the Canadian Air Force also were unnecessary, he thought.

The vote of \$50,000 to the Canadian Press, Limited, was a great mistake, both for the sake of the Government and the press, that one should be under obligation to the other, he said.

After The "Flu" Four Children Had Whooping Cough

Whooping Cough, although specially a disease of childhood, is by no means confined to that period, but may occur at any time of life. It is one of the most dangerous diseases of infancy, and yearly causes more deaths than scarlet fever, typhoid or diphtheria, and is more common in females than male children.

Whooping Cough starts with sneezing, watering of the eyes, irritation of the throat, feverishness and cough.

Dr. Wood's Norway Pine Syrup is highly recommended by everywhere for the relief of this trouble as it helps to clear the clogged-up air passages of the mucous and phlegm that has collected, and in this way bring on the "whoop" which brings the so-much-sought-for relief and heals and soothes the lungs.

Mrs. J. M. Rouse, Imperial, Sask., writes:—"After the 'flu, last fall, my four children took whooping cough and one of them developed bronchitis. After using two or three bottles of Dr. Wood's Norway Pine Syrup they were greatly relieved of their nasty coughs. It is an especially good remedy for children, and is so nice they take it readily, and ask for more."

Dr. Wood's Norway Pine Syrup is 50c and 95c a bottle at all dealers. Put up only by The T. Millburn Co., Limited, Toronto, Ont.

The press should stand on its own feet without regard to the political color of the Government. Mr. McMaster expressed himself as utterly opposed to "subsidizing the press."

Hon. Hugh Guthrie, Minister of Militia, replied to criticisms of increases in the staff of the Militia Department. This was not the case, he declared. A tremendous decrease had been effected. In 1914 the strength of the staff was 538. In 1919 it had been increased to 8,105, and at the present time was 1,349 and further reductions were contemplated.

Do You Just Brush Your Teeth—
Or do you Clean Them Safely?

"Brush your teeth the way they grow." If you merely brush across your teeth, particles of food are left in between them, which decays and soon a good tooth is gone.

With your Colgate's Ribbon Dental Cream sweep up and down—from the gums. Get between the teeth. Then, with a brushing of the tongue, gums and inside your cheeks your mouth will be clean and wholesome.

Dentists recommend this Canadian product as a safe, wholesome dentifrice for every man, woman and child.

THE PRESIDENT'S MESSAGE

United States membership in the League of Nations as it stands at present is out of the question. President Harding has disposed of any hope that may have existed. At the same time there is nothing in his message to Congress which may be taken to suggest that American participation in an international organization for the prevention of war may not be looked for at some future date.

This fairly reasonable deduction of the hidden meaning in the President's somewhat ambiguous message to Congress is supported by the obvious political exigencies to which he was forced to conform. Throughout his election campaign the League of Nations was the fashionable target.

Whether it is wise or unwise to import the American propagandist into this country it will have to be admitted that "Pussyfoot" Johnson is a prohibition worker of the type that means to do things at the cost of personal discomfort and injury. At the same time when it is known that a missioner of this type is unwelcome to a large section of public thought in Canada it would appear to be the part of wisdom to rely upon the local product.

In his references to the army and navy President Harding makes the definite declaration that the United States Government is in accord with the wish to eliminate the burdens of heavy armament. But he does not propose that his country shall discard her agencies for defence until the need to defend is removed.

NO AGREEMENT.

Great Britain's industrial history provides plenty of evidence that crises as grave as that through which the country is passing at the present time have been overcome and the full weight of calamity averted. It is true that the existing relations between the Triple Alliance of workers and its opponents in the most recent controversy are not exactly rosy.

What is the force of an argument which contends that the Government of this Province should not stock German wines in its stores when British Columbia merchants are giving orders to representatives of German firms for various lines of merchandise?

There is no question of objection to daylight saving in Victoria and the preparation of a by-law is a mere matter of form. Surely there is no intention of holding a discussion at the City Hall upon a question in whose favor the people voted two to one.

Premier Lloyd George announced to the House of Commons this afternoon that the Government had taken the necessary steps to meet the emergency that is expected by the strike of the Triple Alliance on Friday. This means that John Bull is about to put his back to the wall.

SUNNY VICTORIA.

It is quite possible that a number of Prairie visitors who came to Victoria for the first time this winter were a little disappointed with the behavior of the weatherman. And it is true that he was a defaulter for a longer period and at more frequent intervals than is his wont during the shorter days of the year.

The miners, it is learned, threw in the faces of the alliance leaders an argument in the controversy issued by those same leaders last week, charging the Government and the owners with conspiracy to break up the trade union.

All the London newspapers to-day dwell on the serious injury done the country by the continued uncertainty over the industrial situation. The Times and The Morning Post pointed out it was not the amount of the wages at present in dispute, but the question of national control of the profits of industries which was at stake.

The Daily Herald, organ of labor, said the Government had "fiercely attacked Premier Lloyd George for 'tricking the miners into delay and 'filibustering' his lot in with the 'Triple Alliance' to stand pat."

Liverpool Post, April 13.—Commenting on the message of President Harding to the United States Congress, The Liverpool Post declares its belief that the programme of the American President "looks simpler than it really is."

Social Personal

On Sunday morning a very interesting episode occurred at the close of the sermon in the First Baptist Church, it being the 60th anniversary of the marriage of Mr. and Mrs. James Porter, of Graham Street. The Rev. P. Clifton Parker had the marriage hymn sung "O Love Divine and Golden;" then he had the aged people come to the platform and congratulated them on the diamond anniversary of their marriage.

The Sir Matthew Baillie Begbie Chapter, I. O. E., gave a very successful silver tea at the home of Mrs. E. E. Woodcock, of Penticton, and Mr. and Mrs. M. J. Quigley, of Vancouver, are guests at the Strathcona Hotel.

Rev. Dr. Sipprell, pastor of Metropolitan Church and Mr. George Bell will leave on Monday next for Toronto to attend a special meeting of the Mission Board of the Methodist Church of Canada which Board has to do with all the mission work of the church in Canada, Japan and China.

Yesterday afternoon at Broad-bane, 1185 Fort Street, the Rev. Dr. Campbell officiated at the marriage of Roderic Harry, Reginald, of Winnipeg, and Miss Ida Louise Bloomfield, of Saskatoon. The bridegroom is a native of Montreal, Quebec, and they left by the night boat for Vancouver on their way East.

Mrs. Lotta Madden, of New York, soloist for the Arion Club's concert to-morrow night, has arrived, and is staying at the Empress Hotel. She is accompanied by Miss Louise Koppel, her accompanist and Mrs. Katherine N. Rice, the Director of Mrs. Madden's Northwestern tour.

Rev. J. W. Miller, B. A., of Enderby, and Rev. R. G. Scott, of Campbell River, are in the city attending the wedding of Miss Myrtle Eleanor Patrick and Rev. W. M. Scott, of White Rock, which took place Tuesday evening in Metropolitan Church.

On Sunday afternoon, April 11, a quiet wedding took place at the Bishop's Palace, View Street, when the Rev. Magr. Leternia celebrated the marriage of Ernest A. Hunt and Miss Rena H. Keefe, of Victoria. Mr. and Mrs. Hunt intend to make their home in this city.

Rev. W. J. Haggith, B. A., and Mrs. Haggith, of Banff, Alta., left to-day for Vancouver on a day of song weeks in Victoria. Notwithstanding all the glories of Banff, Mr. Haggith would like to live in Victoria.

MISS PATRICK WEDDED TO FORMER VICTORIA PASTOR

Charming simplicity of arrangement appropriate to an Easter-tide wedding marked the nuptials last evening of Rev. William McTaggart Scott, of White Rock, B. C., son of the late Mr. Robert Scott, of Paisley, Ontario, and Mrs. Scott, of Vancouver, and Miss Myrtle Eleanor Patrick, youngest daughter of Ex-Alderman and Mrs. Joseph Patrick, of 425 Michigan Street, Victoria. The bridegroom was formerly pastor of the James Bay Methodist Church, Victoria.

The ceremony was performed at the Metropolitan Methodist Church at 8 o'clock in the presence of a large congregation. The church was simply but beautifully decorated for the occasion; Easter lilies, white spruce, flowering currant and tall palms were used in the chancel, while the guests of cherry-blossoms and bridal wreath, tied with white ribbons. The officiating ministers were the Rev. J. Wesley Miller, of Armstrong, B.C., brother-in-law of the bride, assisted by the Rev. R. Scott, brother of the bridegroom, and the Rev. Dr. Sipprell. Mr. Ira Dilworth presided at the organ.

The bride, who was given in marriage by her father, looked strikingly pretty and girlish in her lovely gown of ivory satin charmeuse and white georgette. The jupe of satin was veiled with a gracefully-draped overdress of white georgette embroidered in silk and seed-pearls, with each effect of the satin. The square-cut train of satin was embroidered at neck and hem in a bold design working in silver, blue and pearls, and lined with shell-pink georgette and lined to the shoulders with true lovers' knots of the georgette edged with pearls. Her veil of silk embroidered tulle was arranged in becoming fashion being made on panels. Her hat of peach georgette was trimmed with palest mauve ribbon caught to either side of the brim with pearls and tied in a soft choux at the back. Silver shoes and stockings completed her toilette, her bouquet being of Ophelia roses and carnations.

Little Barbara Grant, daughter of Mr. and Mrs. Frank W. Grant, made a dainty flower-girl. Her short-sleeved, be-rufted frock of mauve organdie over yellow taffeta, with a wreath of pale pink daisies in her hair and carrying a gilt basket filled with pink and white petals and ferns. She wore the gift of the bridegroom, a handsome gold bracelet inscribed with her name. The bridegroom's gift to the bridesmaid was a lovely handbag of velvet calf.

Mrs. Wesley Miller, sister of the bride, sang Lohr's "Silver Moon" very sweetly during the ceremony. She was gowned in royal blue brocaded crepe de chine with silver lace, with becoming hat of black Huguette straw and georgette, and ermine scarf. Mrs. Patrick, mother of the bride, wore a beautiful gown of black charmeuse with overdress and sleeves of sequin—trimmed net, smart black hat of net and straw trimmed with pendant black cherries, and wrap of ermine. She carried a bouquet of orchids.

Mrs. Scott, mother of the bridegroom, wore a black and white dress of satin, and with hat en suite, Dr. Badgero, of Smithers, B. C., was the best man, while Mr. Guy Patrick, brother of the bride, and Mr. Brook Stevenson officiated as ushers. The bridegroom's gift to best man and ushers was a pearl tie-pin.

After the ceremony the bridal party repaired to the home of the bride's parents at Michigan Street, where a largely attended reception was held. The out-of-town guests included Mr. and Mrs. Lewis Patrick, Dr. and Mrs. G. A. B. Hall, Mr. and Mrs. T. F. Patrick, General and Mrs. V. W. Odium, Mrs. R. Scott, Mr. and Mrs. Frank A. Patrick and Miss Ethel Richardson, all of Vancouver, Rev. and Mrs. R. C. Scott, of Campbell River, Mrs. R. Orchard, Miss Frances Orchard and Miss Sidney Richardson, of Toronto, and Miss J. B. Lester, of Seattle, Wash.

The bride and bridegroom, assisted by the bride's parents, received the

CHAPTER WORKS FOR MEMORIAL IN NEW Y. W. C. A. BUILDING

The members of the Agnes Deans Cameron Chapter, I. O. D. E., are busy with plans for the booth which they are to conduct at the "Fair of Nations" in aid of the Y. W. C. A. to be held on Tuesday and Wednesday, April 19 and 20 in the Drill Hall.

At the time of the Chapter's organization, the Y. W. C. A. was its special work, the present library having been furnished by the members. During the period of the war, this had to be set aside and all their energies put to war work. The Chapter is now taking up the work for which primarily organized, that of placing a fitting memorial to the late Miss Agnes Deans Cameron in the new Y. W. C. A. building. It is felt that this will be of interest to many former pupils and fellow teachers of Miss Cameron, who will be only too willing to assist the

Nature knows best

If malt, flour, or starch were necessary for your Baby's proper growth, they would be in Nature's proper food for Baby—his mother's milk. But such things are not in mother's milk—therefore we do not put them in Glaxo.

Glaxo is all milk—pure, full-cream milk, by the Glaxo Process made safe and suitable for Baby, and as readily digestible as his mother's milk. Glaxo contains nothing whatever foreign to milk.

Nature knows best—and Nature's food for a young Baby is milk and milk only. Therefore, if Baby cannot have his mother's milk, let him have Glaxo, the milk which, like his mother's milk, contains everything necessary to build strong bones, firm flesh, sound teeth, steady nerves and brain, and also that reserve of vitality which enables Baby to resist successfully the ailments common to childhood.

With Glaxo you know you are giving your Baby "the best possible chance," whether you take it yourself to improve your own milk—or give it to Baby, either in turn with the breast, or as the sole food for him.

Send 50 cents for the 136-page Glaxo Baby Book

For 50 cents we will send you the 136-page Glaxo Baby Book and a Glaxo Weight Chart. In addition we will send you a "Before Baby Comes" and a "Special Recipe Book." If you do not think the Glaxo Baby Book alone worth more than 50 cents we will bill you for your money. Write today to our Agents below.

OLD COUNTRY NEWS

Mrs. Sarah White was crushed to death at Leicester by a motor lorry which ran on to the footway.

The Bournemouth Town Council has refused permission to play golf on Sundays on the municipal golf links.

The death has taken place at Heywood, of John Smith, head of the great firm of William Smith and Brothers, Sun Iron Works.

Caroline Bearfoot, a parlor maid to the Rev. Dr. Rosedale, of Pimlico, fainted while taking a bath and was drowned.

The dedication festival of St. Paul's Cathedral was kept on January 25, when part of Mendelssohn's "St. Paul" was sung.

FORMER MISSIONARY TO SPEAK HERE
 Rev. Charles Thomson Will Speak on China Inland Mission

REV. CHARLES THOMSON
 Rev. Charles Thomson, Pacific Coast representative of the China Inland Mission with his son, Arthur, is in the city, and will give an illustrated lecture entitled "An Inland China Mission Station" in St. Paul's Presbyterian Church, Victoria, West, this evening at 7.30 o'clock. Mr. Thomson lectured in Nanaimo last Monday evening to an appreciative gathering.

The China Inland Mission being strictly un denominational and inter-denominational, to-night's lecture, like all others under these auspices, is free and presented to all denominations alike.

Ministers and congregations have no better friend nor the cause of Christian missions a more devoted and consistent advocate than Mr. Charles Thomson, who with his wife spent twenty years in China, both looking upon their absence from the active work in China, as a matter of self-denial.

QUEEN OF CARNIVAL CONTEST RULES
 Some Changes Have Been Introduced to Add to Popularity

At the request of a number of interested persons, the committee in charge of the Queen of the Carnival Contest has decided to change the rules of the contest considerably.

Under the new rules ballots may be purchased and marked for unmarried lady residents of Greater Victoria. These ballots will be placed in boxes in various stores in the city upon any lady receiving 100 votes she will be notified and will be given the opportunity of carrying on a campaign similar to those candidates already nominated. Ballots will be counted throughout the contest, but no announcement will be made as to the number received by any candidate until the close of the contest on May 20. Candidates who have not received 100 votes by May 1 will automatically drop out of the contest.

In place of the Queen being crowned at the Ball at the Empress Hotel she will be crowned on the morning of May 24. This has been altered to meet the request of a large number of persons, who point out that it will be impossible for all those who might wish to see the crowning to attend the Ball.

The six candidates already nominated will remain in the contest. Their names will be announced at the close of the week. With all Ball tickets will go 100 votes. Tickets for the Ball will be placed on sale early next week.

These changes have been made as it was pointed out to the committee that all classes of people are entitled to take part in this contest, and not only the picked candidates of a few organizations.

The new system will entail a great deal of work as it will be necessary to keep a record of every person for whom ballots may be cast until May 1, when the matter will be simplified by then having only candidates who have a good chance of winning. These changes will, it is expected, considerably increase the sum that is to be raised for the Memorial Avenue scheme. It is for this purpose that the contest is being held.

DR. SIPPRELL'S PLANS REGARDING OFFER FROM MISSION BOARD

At a recent meeting of the Quarterly Official Board of Metropolitan Church, a unanimous invitation was extended to the pastor, Rev. Dr. Sipprell, to continue in charge of this important work. It was known to the Board and congregation that the Mission Board of the Canadian Methodist Church had chosen Dr. Sipprell as their superintendent of mission work in British Columbia at their last meeting in Toronto in October, 1920.

Dr. Sipprell was given time to consider, and at the meeting of his Church Board he intimated that he had decided to decline the offer of the Mission Board and to remain with Metropolitan Church until it appeared clear to the Church Board here and to him that his work in this city was completed.

While it is the custom to extend invitations from year to year, it is possible for ministers in the Methodist Church to remain for an indefinite term of years in one pastorate.

Ride a C. C. M. Bicycle
 The man who owns a bicycle is freed from long, tiresome walks and rides in stuffy, packed street cars. He is saved long waits for delayed cars. He can choose the streets he likes to ride on. He never has to worry about being late for work or for an appointment. His Bicycle is always on the job. For emergency deliveries where speed counts—for quick deliveries of light parcels—for economical messenger service, there's nothing equal to the bicycle. But, of course, there are many kinds of bicycles. And it certainly pays to buy a good one.

The Easy Riding Bicycles
 C. C. M. Bicycles are the ones with the C.C.M. Triplex Hanger. Easy riding—every ounce of effort counts for greater speed! C. C. M. Bicycles have the snappy lines—the sparkling nickel—the glistening enamel. Every single one of the 1,761 parts in the C. C. M. is made with the greatest care. The finished bicycle is perfection. And 90 per cent. of the parts of every C. C. M. Bicycle are made in Canada—the great proportion in the big, modern C.C.M. plant. Slip in and see the new models. ROTARIANS HOSTS AT ENJOYABLE DANCE

Three Hundred at Successful Affair at Alexandra Ballroom Last Night

The real spirit, of joie de vivre which characterizes all Rotary functions was much in evidence at the Alexandra ballroom last evening when about three hundred Rotarians and their friends thoroughly enjoyed the dance held under these popular auspices. Perfect arrangements designed to enhance the enjoyment of every guest reflected the work of the energetic committee whose personnel included H. P. Johnson (chairman), P. B. Scurrell, Dr. Foynt, Herbert Kent, R. A. Playfair and P. J. Schi. President Clifford Denham, and P. B. Scurrell received the guests on arrival. Among those at the function were E. C. Nicholas, President of the Canadian Club, and H. A. Beckwith, President of the Gyro Club, also the

members of the soccer team of the Vancouver Rotary Club.

Professor Heaton and his six-piece orchestra were in the best of form, giving a musical programme which kept the floor filled with dancing enthusiasts until an early hour this morning. An especially elaborate supper was served in the downstairs cafe, the smoothness of the arrangements and the excellence of the catering and service earning much praise for Rotarian Schmeckel of the White Lunch, who was in charge of this feature.

CABARET AND DANCE AT SOOKE HARBOR FOR NAVY LEAGUE

The twenty-four boys of the Sooke sub-division of the Boys' Naval Brigade have planned to hold a big cabaret and dance as their initial effort at raising funds for the Navy League. The affair will be held at the Sooke Harbor Hotel, by kind permission of Major George Nicholson, on Friday evening, April 22. The Lieutenant-Governor and Mrs. Nichol have kindly extended their patronage, while a number of the influential residents of the city have signified their intention of attending the affair.

Mrs. R. H. Pooley is arranging the programme with the assistance of Commander S. B. Graves, W. H. Langley, President of the Navy League (Victoria branch) and W. Miller Higgs, of Sooke. The rotaries are now in excellent condition, and it is hoped that many Victorians will motor out for what promises to be an unusually attractive and interesting event.

LESSON THAT WAS LOST

Smith took a personal friend's liberty and said to Jones: "You mustn't take offence if I speak to you about something I have had on my mind for some time—just a little habit of yours."

"Certainly not," responded Jones. "Nobody has had the nerve to tell you before," Smith continued, in a hesitating sort of voice, "and you are such a splendid, noble fellow."

"Yes, yes," answered Jones. Smith cleared his throat; then, with great determination, launched out: "You're one of those fellows who never really know what is being said to them; you're always pursuing some train of thought. Anyone can tell half the time you are not listening by the far-away look in your eyes. You've offended a lot of people. Of course, it's terribly rude, only you don't know it. You mustn't any more, old chap"—putting his hands on Jones's shoulders. "Promise me you'll not."

Jones was then obliged to face his friend. "Just what were you saying?" Jones inquired, in a far-away voice. "Fit-Bits."

Fire caused by an overheated stove nearly destroyed the home of J. Fero, Port Arthur.

Equiquit Women's Institute—The monthly meeting of the Equiquit Women's Institute will be held this afternoon at 2:30 in the Sailors' Club, Equiquit. Much business will be discussed, and H. E. Hallwright will give an interesting talk on gardening.

Nazarine Shrine No. 1, White Shrine of Jerusalem, are holding a social dance at the R. of F. Hall, Friday, April 15, 8 o'clock. Admission \$1. Refreshments.

BRIEF LOCALS

Missionary Heroes.—This evening in St. Andrew's Church, Rev. David McLaren will give an illustrated lecture on "Missionary Heroes and Heroines of Canada." The public is cordially invited.

Primrose Tea at St. Columba.—The Ladies' Aid of St. Columba Church will hold a sale of work and home cooking at a primrose tea to be held at the church hall on April 22 at 6 o'clock.

Whist Drive.—At the usual weekly whist drive, given last Friday night at 1414 Douglas Street, the following were winners of prizes: First gentlemen's, E. Oddy; second, Sam Levy; third, P. E. Hale. Ladies' winner, Mrs. Patch, second, Mrs. Berryman; third, Hannah Wall.

Armored Car Shipped.—In response to a call from Vancouver military authorities, an armored motor lorry ready for the mounting of a machine gun was taken from the military stores here and shipped to the Mainland yesterday. The military authorities at Vancouver state that the gun is for training purposes.

Object to Removal.—At the regular monthly meeting of the Life Underwriters' Association held at the Dominion Hotel Monday a resolution was passed opposing the proposed transfer of the office of Superintendent of Insurance from Victoria to Vancouver. J. B. Clearhue, M. P. P., addressed the meeting.

Cabaret Turns Enjoyed.—An enthusiastic audience of officers and blue-jackets from the visiting naval squadron as well as a sprinkling of the general public received with unmistakable appreciation the concert given at the Theatre Esquimalt last evening. The artists included those who assisted at the cabaret given for the G. W. V. A. last week, they generously repeating the performance for the entertainment of the visiting sailors.

Victoria West P. T. A.—The Victoria West Parent-Teachers' Association, lated with interest last night to an illustrated lecture by R. G. Howell on "The Trip Across Canada." G. Cross, president of Oklandia Parent-Teachers' Association, also addressed the meeting. F. J. Mitchell contributed two solos, and the senior boys and girls sang a number of songs in which the audience joined. Miss Smith was appointed secretary, Mrs. Jobson having resigned.

Wanderer Found.—Little George Grayson, aged ten years, of Vancouver, was found on Broad Street last night by Constable Hutchinson. The boy had run away from his Vancouver home Sunday last, but by this time his only desire in life was to return to his parents. The constable took him to police headquarters and, after getting in touch with the Vancouver police, placed him upon the night boat for Vancouver where he will be met by friends.

Fancy Work Demonstration.—A demonstration of fancy stitches was given before the West Saanich Women's Institute yesterday afternoon by Miss Edith Ravenhill. Some excellent samples of fancy work were exhibited, among them being some from Bulgaria. The members, who were present to the number of about twenty-five, displayed keen interest in the demonstration. Six new members were introduced at the meeting. Refreshments were served. A millitary five hundred tournament will be held by the Institute to-night in the Institute rooms.

Licensed Cats.—In Seattle cats are taxed the same as dogs, a member of the Audubon Society of Seattle, informed the Natural History Society at its meeting Monday night. In giving a talk on birds and their protection the speaker said that for some years the question of compelling people to license cats had been fought, and now the law was in force. A Manitoba inquired if British Columbia had a Provincial flower, Manitoba being the anemone. George Fraser, of Uchuelat, claims to have grown the first natural hybrid Ribes discovered in North America.

St. Andrew's Sunday School.—A good programme is being provided by the senior members of the Sabbath school for their concert and entertainment, to be held in the Sunday School room on Tuesday evening, April 15, at 8 o'clock. One of the outstanding features of the programme is a one act comedy farce entitled, "A Case of Suspicion," which promises to be a "real success." Those taking part in the comedy are: Misses Edith Nutrie, Phyllis Knapman, Jean Burridge, Jean Black and Margaret Martin. Messrs. Ed. Gordon, Harry Macrae, George Murray, Ainslie Worthington and Colby Harris. Other items on the programme include a tableaux entitled, "Illustrated Songs," given by Miss May Simpson. The songs included in this tableaux will be sung by Miss Beth Simpson. Solos by Miss Dorothy Dorrell and F. Francis, and numbers by the Sunday School Orchestra under the leadership of Jess Longfield, round out the programme. A good time is assured all those who attend.

MINISTERS ON TRIPS

The Hon. T. D. Pattullo, Minister of Lands, left Victoria last night for Penticton, where he is to inspect the Government's irrigation landings at Osoyoos. He will be absent from Victoria for about ten days.

The Hon. E. D. Barrow, Minister of Agriculture, is holidaying at his home in Chilliwack after the strain of the session, into which he plunged just after recovering from his serious illness in the latter part of the winter.

Speaking on Lower Mainland.—Rev. T. W. Gladstone has left for Vancouver to deliver his lantern lecture on "Hampshire and the New Forest" to-night in connection with St. Paul's Church, New Westminster, and to-morrow, Thursday, for the newly-founded Reformed Episcopal Church at Vancouver.

St. Paul's Anglican Church.—The concert which was held in the St. Paul's Anglican Church last evening was a great success. The programme, which was a musical one, was well received, and the items which seemed to be popular were the chorus, "The Enemy Saved," and humorous songs given by Alf Adams. Refreshments were served, and the funds collected from the receipts will pay for current expenses. The concert was held under the auspices of the Sunday School.

Sunday School Concert.—The First Presbyterian Sunday School will hold a concert in the schoolroom of the church on Tuesday next, April 13, commencing at 8 o'clock prompt. A most interesting programme has been arranged, and special features will be as follows: Class drills by various scholars; exhibition of pyramids by boys; action songs, humorous sketches by Alf Adams, and many other interesting items. The tickets are selling very well, and a large attendance is expected on this occasion, the proceeds of this concert will be devoted to the Sunday School.

IS GREATLY PLEASED WITH LOCAL SCENERY

J. S. Graham, Prominent Seattle Business Man, on Vacation Here

Greatly pleased with Victoria and its surroundings, J. S. Graham, well-known business man of Seattle, is spending a few days' vacation here and is a guest of the Oak Bay Hotel.

Mr. Graham is a pioneer of Seattle, and is one of those Scotsmen who has risen from the ranks to a position of prominence and affluence in the city.

The sketch in three acts, "Katherine," or "The Bruised Heart," was very amusing. The parts were taken as follows:

Sir Philip, G. Anderson; The Valet, G. Leeming; Katherine, George Allan; Herbert (the Villain), Al Cox; Beatrice, Fred Webster; Victor (the Hero), J. Bourke; Doctor, E. Blair; Herbert's Second, H. C. Eastan; Victor's Second, G. Leeming; Stage Hand, G. Leeming.

Following songs by Geo. Allan, Yorkie and chorus and Eddie Blair, the affair was brought to a close by the singing of the National Anthem.

POLICE COURT CASES.

In the police court to-day the court heard a very much involved suit with a counter charge. The action was one of alleged assault and a counter charge of the same nature, when Mrs. E. M. Smith, and Miss Watters, of 562 Dallas Road, mutually charged each other with assault.

R. C. Lowe appeared for the former and H. W. R. Moore for the latter. The hearing was relative to a family difference. Magistrate Jay dismissed both charges simultaneously, cautioning the disputants.

Jovalla Singh, who trusting followed the example of others and dumped wood upon the street, was fined \$5 for that offence. A. H. Tobin, in his absence, was fined \$5 for parking a car improperly in the business section. B. C. Whitney paid \$10 for turning a car at a place other than the intersection of the street upon which the car was traveling.

Algernon Pease, who operated a trailer behind his car without the necessary and additional license, paid \$10 for that privilege.

SAANICH SHOOTING ACCIDENT RESULTS IN SERIOUS INJURY

Mrs. C. White Shot by Accidental Discharge of Shotgun

Mrs. White, wife of C. White, Saanichton, is lying in a critical condition to-day at St. Joseph's Hospital as the result of an accidental discharge of a shotgun in the hands of her husband.

A state of the injured woman had been shooting blue jays a short time before the accident and had brought the gun back to the house. Apparently she had left one shell in the weapon. Some time later she drew the attention of Mr. White to a blue jay perched on a bush near the house. Mr. White reached for the gun, not knowing that it was loaded. As he caught the gun, and before he had time to aim, it discharged. Mrs. White was standing nearby and the charge struck her in the neck, passing through the fleshy portion and narrowly missing the windpipe.

Dr. Fraser, hastily summoned, arrived on the scene in quick time and the injured woman was rushed to St. Joseph's Hospital where she was attended by Dr. Leeder.

THREE K'S CONCERT PROVED BIG SUCCESS

Series of Fortnightly Affairs in Aid of St. James's Church Are Popular

The biggest crowd that ever attended the Connaught Seamen's Institute was present last night at the second of the series of fortnightly entertainments being staged in aid of St. James's Anglican Church, Quebec Street.

The Three K's Concert Party were responsible for the great success which attended the affair and a most entertaining and varied programme of vaudeville stunts was given by this clever aggregation of local boys.

Every seat in the hall was taken, and people standing packed the back of the hall. For the first time in the history of the institute a police officer attended to look after the crowd. The addition of foot-lights to the stage and the lowering of the hall lights made a wonderful difference and gave the performance a real theatrical appearance. The stage was attractively decorated.

Repeated applause greeted the performers throughout the entertainment. The orchestra consisted of Dave Faithorne, piano; ventriloquist, Yorkie; song, Geo. Anderson; comic song, Eddie Blair; song, Andy Smilie; song, Gordie Leeming; ten minute fun, Yorkie; song, Geo. Anderson; song and dance, Harry Javan.

In the minstrel show Albert Cox was interloper. End men: Eddie Blair, Reggie Graves, Andy Smilie and Harry Javan. Semi-circles: George Leeming, Bob Miller, Jack Bourke, Geo. Anderson, Harold Christian and Geo. Allan.

The sketch in three acts, "Katherine," or "The Bruised Heart," was very amusing. The parts were taken as follows:

Sir Philip, G. Anderson; The Valet, G. Leeming; Katherine, George Allan; Herbert (the Villain), Al Cox; Beatrice, Fred Webster; Victor (the Hero), J. Bourke; Doctor, E. Blair; Herbert's Second, H. C. Eastan; Victor's Second, G. Leeming; Stage Hand, G. Leeming.

Following songs by Geo. Allan, Yorkie and chorus and Eddie Blair, the affair was brought to a close by the singing of the National Anthem.

MAYOR PLANNING TO TAKE LONG HOLIDAY

Will Recover From Illness by Vacation Starting in May

Mayor Porter announced this morning that, as soon as he had attended to the mass of business which accumulated during his recent illness, he would take a long holiday. While the Mayor has been working every day and nearly every night since he left the hospital a short time ago, he has not yet regained his health entirely. A real rest is needed to restore him to normal condition. As a matter of fact, His Worship resumed his duties much against the wish of his friends and relatives, for he is still weak and nervous. Since his return to his desk he has had a very trying time with City Council matters and the Police Commission. As soon as the city annual estimates have been patched up and the business of the Police Commission is well under way the Mayor will leave other members of the Council to run the city for a month or so. Where he will spend his holiday, however, has not been decided yet. He may go to Halifax to represent the city at

Gently, yet surely, it regulates the bowels and puts the entire system in fine condition. It's a purely vegetable laxative tea, and thousands of men and women retain their youthful looks and vigor by the use of this safe old reliable remedy.

"I never thought I would allow my name used in connection with a medicine," said Ernest Prangnel, Elmhurst Road, St. James, Winnipeg, Canada, "but Tanlac has done me so much good I feel it a duty to tell everybody about it."

"In fact, I got the surprise of my life when I saw the way Tanlac was bringing me out of my troubles, and could hardly contain myself for joy. Four years ago my stomach went wrong and I began to have spells of acute indigestion, with the most terrific pains in my stomach. My appetite was so poor I just had to force down what little I ate, but I was actually afraid to eat because of the misery that always followed."

"I had rheumatism in my knees, which became so stiff I couldn't bend them without it hurting me. At times I was so racked with pain I couldn't sleep at night. I fell off in weight and got very weak, and as I tried all kinds of medicine that did me no good, I became completely discouraged."

"A mighty good friend of mine told me about Tanlac and that was the greatest favor anybody ever did me. I began to pick-up right away, and now I am eating like a horse, and my indigestion is all gone. My rheumatism has left me too, and I sleep fine at night. I have gained considerably in weight and actually feel better than I ever did before in my life. I never dreamed any medicine could do half what Tanlac has done for me."

WAS THE BIGGEST SURPRISE OF LIFE

Winnipeg Man Never Dreamed Any Medicine Could Build Him Up Like Tanlac Did.

"I never thought I would allow my name used in connection with a medicine," said Ernest Prangnel, Elmhurst Road, St. James, Winnipeg, Canada, "but Tanlac has done me so much good I feel it a duty to tell everybody about it."

"In fact, I got the surprise of my life when I saw the way Tanlac was bringing me out of my troubles, and could hardly contain myself for joy. Four years ago my stomach went wrong and I began to have spells of acute indigestion, with the most terrific pains in my stomach. My appetite was so poor I just had to force down what little I ate, but I was actually afraid to eat because of the misery that always followed."

PREPARE FOR EXHIBITS AT WILLOWS FALL FAIR

Preparations for garden exhibits at the annual Fall fair were made at a meeting of the executive of the Victoria Gardeners' Association, at the City Hall last night. An extensive prize list for such exhibits was drawn up, and is being printed now. Among new competitions arranged will be one in which exhibits of vegetables may be entered by any gardener's association and the first

City May Be Without Baseball This Year

Club Nearly Blew Up Yesterday Afternoon; Mayor Porter Calls Public Meeting For To-night With Hope of Saving Franchise For Victoria; Jack Rithet Stands to Lose \$4,000 If Club Is Broken Up; Reduce Shares to \$5; Support Is Asked.

Victoria will not have a professional baseball team this year and Jack Rithet will drop four thousand dollars unless some of the fans rally to the support of the club immediately.

These startling facts came out at a special meeting of the temporary board of directors held in Mayor Porter's office in the City Hall yesterday afternoon.

For a few minutes it was touch and go as to whether or not the club blew up right then. There was some talk of letting the thing drop and turning loose the ball players who are at present in town.

One More Effort.

When the directors learned of the extent to which Mr. Rithet had obligated himself in behalf of the club they decided to make one more effort to save the club from being wrecked. As a result the Mayor was instructed to call a public meeting in the City Hall this evening at 8 o'clock and find out whether or not the fans really wanted the club and if they are prepared to help it along financially.

Mr. Rithet is prepared to accept his loss in a sportsmanlike manner. He told the directors yesterday that he had advanced the money for the purpose of keeping a team in the Pacific International Baseball League, and fully expected that the club would have loyal fans in the city who would have backed the enterprise.

Has Done His Share.

"If the people don't want baseball there's no use going ahead," remarked Mr. Rithet. "The best thing we can do is to send the ball players back and say no more about the game. I am sure that I will go no farther. I think I have done my share."

The directors then asked Mr. Rithet how much money he had advanced, and after a little figuring Jack announced that he was in \$4,000, which included his personal note for \$2,000 as forfeit money to the league.

The directors were anxious to protect Mr. Rithet from such a heavy financial loss and talked of various plans, but none seemed very plausible.

Hold Meeting To-night.

After considerable discussion it was decided to hold a public meeting to-night, and if the fans did not want the directors to go any further then the franchise would be turned back to the league.

The business men who backed the club last year to the extent of \$7,500 are very cautious about investing a nickel this season. The collectors, who probably have not been as active as they might have been, have met with very little success except from Mr. Rithet. Last year Mr. Rithet sunk \$1,100 in the ball club, without the return of a cent.

It was admitted at the meeting that the club had probably not done about the organization in the right manner. If the club had elected its officers and then gone to the people for subscription it was thought that better success might have been achieved. The organizers, however, had acted in the best of faith, and figured that they would first collect the money and then call the shareholders to get their share.

Might Have Had Confidence.

The directors thought that had Mr. Rithet and His Worship the Mayor been announced as president and vice-president of the club, that this would have inspired confidence in the club, and that subscriptions would have been forthcoming more readily. When questioned as to whether or not he would accept the presidency of the club, Mr. Rithet said he would if the directors thought it would do any good.

One important amendment which is to be made to the articles of incorporation of the Victoria City Baseball Company, is a reduction in the price of shares. Instead of charging \$25 for one share the price to be reduced to \$5. The directors hope that they had come across many men

Ball Player and Manager Who Is Grabbing Much of the Spotlight

TY COBB

The sensational Detroit outfielder, who has for years stood as one of the greatest ball players in the game, makes his debut this year as a manager. The fans are wondering whether he will make as great a success of it as Trix Speaker, who led the Cleveland Indians to a world's championship last year. Detroit figures that Cobb has the ability to lead the club to a championship. The fans in the auto town look upon Ty as a greater hero than Babe Ruth and in many ways he is. Cobb won his laurels for all-around ability, hitting, base-running and fielding, whereas Ruth's only bid for fame was in his ability to crack-out home runs.

London Banking Its All On Tottenham Hotspurs

London, April 13.—In London at least Tottenham Hotspur has been a name to conjure with ever since their team won the Association Cup in 1901 on the ground of Bolton Wanderers. The glory of that victory has withstood the test of twenty years, no doubt due to the amazing fact that Tottenham Hotspur, what a pleasant surprise, has never been able to equal that feat.

The Old Etonians secured the trophy in 1882, nearly twenty years prior to Tottenham's triumph. Tottenham Hotspur, what a pleasant surprise compared with the everlasting "City" and "United" have won the premier position in every competition that they have entered except the championship of the First Division. Their ambition for the moment is to recapture the Cup. It is a most laudable enterprise. Most followers of football have faith in their ability.

Good in Any Company This has been a season in which the standard of play has not been high. But in any company Tottenham would be given a high place. At their best they should be bracketed with Arsenal and Liverpool as the most scientific bands of the campaign. Science, it is well known from experience, does not always prevail in such win or die games as Cup-ties, but whatever befall the "Spurs" in the last game of all no one can deny that they have manifested the spirit embodied in the maxim: "It is a far greater thing to have an unsullied reputation for sportsmanship than to win the Cup. There were times at Sheffield when some members of the Tottenham team might have been tempted to reprisals, but splendidly they exercised the power to refrain.

The Hotspur have a shrewd, skilful, and manly team. It is worthy of note that the three clubs named as the most successful of the season have a well-founded reputation for clean play. In 1902 it was the same with West Bromwich Albion a year ago. Honesty pays every time—and all the time.

How 'Spurs Went Up F. A. First round (home), Bristol Rovers 6 2 Second round (home), Bradford City 4 0 Third round (home), United 4 1 Fourth round (home), Aston Villa 1 0 Semi-final (Sheffield), Preston North End 2 1 Not one of their ties has had to be replayed, and it is a coincidence that Aston Villa and Preston won both their sets of League matches with the 'Spurs, who have thus flouted form. It is probable that the hardest trial they experienced in those five ties was in the first half against Bradford City. They have removed three clubs which have won the Cup, and when they meet Wolverhampton at Stamford Bridge their fans will realize that they have been playing with the struggle is at an end.

Major League Teams Off After Pennants

Umpires Start Sixteen Big League Teams on Six-Months' Grind; Batteries Announced For All Teams; Fair Weather Promised For Opening Games; President Harding Will Pitch First Ball at Washington.

Chicago, April 13.—Sixteen teams of the National and American baseball leagues to-day begin their annual pennant chase. Favorable weather is predicted.

With the various teams strengthened and the shifting of players to new scenes of activity, officials and followers of the sport are confident that close struggles will feature the season.

Where They Will Play.

To-day's contests are confined to east vs. west and west vs. west games.

VANCOUVER TEAMS COMING FOR GAMES

Mt. Pleasant Senior and Intermediate Basketball Five Play Saturday

Saturday night will be a memorable one in the history of Sunday School basketball in this city. For the first time in the history of the league the winners of both the Senior and Intermediate Sunday School Leagues in Vancouver will come over to the Capital to meet the local champions, Mount Pleasant, Methodists, who have carried everything before them in the Senior Sunday School League of Vancouver, having gone through the whole season without losing a game. Whether Sunday School basketball in Vancouver is as speedy as the brand of ball played here during the season which has just closed will be decided Saturday evening. Belmont Methodists have been playing a splendid game in the Victoria Senior League, winning from many well-known local aggregations, including First Presbyterian, Crusaders and Christ Church. The famous local High School team also went down to defeat before the speedy Belmont five. This is a record of which the Mount Pleasant team will have to step lively to overcome the local champions.

Intermediates Are Good. The Mount Pleasant Intermediates will also come over on Saturday to meet the local intermediate champions. James Bays will be the winners here if they succeed in trimming St. Paul's to-morrow in the final game here.

Girls To Come. St. Mark's girls, winners of the Ladies' League in Vancouver, will be over here on Saturday, April 23, to meet the local First Presbyterian girls for the inter-city ladies' championship.

The three prospects of trophies being presented for the three inter-city games, which should prove an added attraction.

SUNDAY SCHOOLS GET READY FOR NEW SPORT

The Sunday School Athletic Association held a general meeting at the White Sox last night to decide on a summer sports programme, and it was decided to call a meeting of all those interested in tennis at the Y. M. C. A. at 7 o'clock on April 21, to put into operation an inter-Sunday school tennis tourney.

Notices have been sent out by Secretary Hugh Jackson to the members of the White Sox and to the Y. M. C. A. that a large number will turn up from each church, so that a good representative gathering may be assured. The Belmonts, First Presbyterian, St. Andrew's and Centennial have already signified their intention of entering, and it is expected that every Sunday School in the association will be heard from.

Baseball, swimming and track meets will come into prominence in due course, and on the whole the coming summer will see the Sunday schools going in for clean sport, and plenty of it.

V. I. A. BASKETBALL

Two very close basketball games were played at the V. I. A. gymnasium last evening. The game between the James Bay Wolf Cubs and V. I. Dustweights was stubbornly contested and resulted in a win for the V. I. kiddies by a free throw. Both teams played a very good game. The final score was "A" team 17, "B" team 16. The Misses Alma, Mary and Mona Dunn were the point-getters for the losing team. Mrs. Dalziel, Miss E. Kennedy, and Mrs. Wallace were responsible for the points for the winning team.

In the National League Brooklyn faces Boston at Boston, New York opens at Philadelphia, Pittsburgh opposes Cincinnati at the Reds' grounds and St. Louis meets the Cubs at Chicago.

In the American circuit Philadelphia faces the Yankees at New York, Boston plays Washington at Washington. Chicago tackles Detroit at Detroit, while the Cleveland world champions play in the park of the St. Louis Browns.

The visiting clubs in turn will formally open their home season within the next week.

Old-Time Celebrations. The usual festivities, brass bands, parade and flowers inclusive, will precede the calling of play in all these cities. The local Mayor or some other town dignitary will hurl the first ball.

Each April within the memory of the past four generations similar scenes have been enacted without losing any part of their thrill or attractiveness and to-day baseball parks were thronged with the same type of enthusiast. Those who have witnessed the opening games of past years. Following the world war the popularity of baseball appeared to lead forward either player or manager and there is little indication that the national game has reached its zenith of its glory.

Record breaking crowds have witnessed the various exhibition games during the southern training trips for the sale of seats for to-morrow's initial flag contests clearly indicate that the baseball fan has increased in number since that October day when the Cleveland Americans drew the curtain across the scene wherein the Brooklyn Nationals fell before the prowess of Trix Speaker and his brigade of Indian battlers.

Forty-sixth Season. Big league baseball has become an institution in the United States country for the history of the National League dates back to 1876 and to-day's games mark the opening of the forty-sixth consecutive season for the senior major league. Raising its first pennant in 1907, the American League contests will inaugurate the junior association's twenty-second season.

During the period of forty-five years in which the major league has fought for National League pennants those representing eastern cities still identified with the organization have won twenty-three championships while western clubs have captured seventeen. Chicago leads with eleven pennants.

The Batteries. Following is a summary of the probable batteries of the various teams as received from the headquarters of the league clubs this morning.

In New York Carl Mays will do mound duty for the Yankees, and Wallie Schang at the receiving end. Scott Perry probably will be the catcher in the opening game for the hurling duty, with Perkins catching.

In Boston, Southworth, Nicholson and Barbra, accessions to the Braves from the Pittsburgh club in exchange for the doughy little Maranville and several other players, appeared for the first time. Mitchell leads the team as manager, succeeding George Stallings, who coached the Braves and Cadore for Brooklyn were down as the probable pitchers. The weather was clear and warm.

Watching White Sox. In Detroit an almost entirely new White Sox lineup will face the Tigers. Exclusive of the battery, Eddie Collins will be the only veteran in the outfit, the other White Sox stars of past years being dismissed because of 1919 world series scandal. The other men in the infield and outfield, with the exception of Harry Hooper, formerly of the Red Sox are minor leaguers or college baseball graduates. Earl Sheeley, first baseman and slugger of the Coast League, has the cleanup position in the batting order. Leonard probably will face the Sox batters, most of whom are left handed, while Dick Kerr, remnant of the world series trio of Sox pitchers in 1919, will pitch for Chicago. The game marks Ty Cobb's debut as manager.

Big Day in Washington. Dispatches from Washington indicate that interest in the probable batteries was almost completely swamped by the excitement over the fact that President Harding was to lose the first ball. General Pershing of the Vancouver Island Football League was scheduled to lead the parade of players to the flag pole. Apparently

LOCAL ROTARIANS WIN SOCCER GAME

Lester Patrick Scores Only Goal in Game For Relief Fund; Few Fans There

Vancouver Rotarians thought last night's soccer game would be sufficient to defeat the local Rotary eleven and consequently did not bother about a full team for the exhibition game here at the Royal Athletic Park yesterday afternoon in aid of the G. W. V. A. Relief Fund. But after taking one look at the Victorian squad the Mainlanders thought they had better hustle some substitutes and picked up a couple of big league players. Despite all this the visitors went under to a 1-0 victory, the only goal being scored by Lester Patrick.

The Veterans' Relief Fund may have been swollen by a nickle or two as a result of the game. Very few spectators gathered to see these teams play. The weather was not conducive to standing about on the side-lines and as a result the players had the park practically to themselves.

There was some fair football shown. The players gave their best and played hard but sometimes their efforts did not get them very far.

The teams were as follows: Victoria Rotarians—Bob Peden; Kfoeger and A. Peden; Raynor, Dawson and Johnson; W. Peden, Braw, Gibbons, Patrick and Cameron. Vancouver Rotarians—Duker; Bird; Broadfoot and Crawford; March Kent, Bell and Routh.

LEWIS AGAIN TWISTS CADDOCK'S HEAD OFF

Champion Left Challenger Unconscious in Ring After Both Falls in Bout

Des Moines, Ia., April 13.—Ed "Strangler" Lewis successfully defended his heavyweight wrestling title against Earl Caddock last night when he took both falls of his match against Earl Caddock.

The first came in 1 hour, 35 minutes, and the second in 7 minutes and 30 seconds.

Both falls came as the result of headlocks.

In both instances Caddock was left unconscious in the ring.

Qualifying Round For Cup.

Members of the Victoria Golf Club will play the qualifying round in the competition for the Challenger and Mitchell trophy on Saturday next on the Oak Bay links. The limit of handicap allowed in this competition is twenty-four strokes from par. Every competitor must do a complete medal score and from it his handicap will be deducted. The sixteen returning the lowest net score will be drawn against one another and play off in match play for the prize and possession of the trophy for a year.

In order to make the competition interesting for all, the competitors other than the first sixteen will be divided into flights according to the number of players and will be drawn in the same way as the first sixteen to play for the prize in each flight. There will be right-of-way allowed for competitors in the qualifying round played on Saturday afternoon. Competitors must not play on the same day of competition before taking part in it. Post entries will be taken.

OFFERS UNIQUE ACT OF FUNANO MYSTERY
Madame Lulleka, at Pantages, Is Only Woman Hypnotist
Madame Lulleka, the world's only woman hypnotist, will headline this week's vaudeville offering at the Pantages Theatre. Madame Lulleka is fresh from a tour of the European music halls, where she achieved a continuous succession of triumphs with her series of remarkable demonstrations that puzzle and mystify the ablest scientists. Enjoyment is added to this unique act by the rare sense of humor which the hypnotist is fortunate to possess. Her special feature in which she makes use of a mouse is a rare display of skill.
Glorified by music and much comedy are achieved by the Joe Thomas Sax-o-tette, which is one of the features of the bill.
The act is said to be the best of its kind that Alexander Pantages has ever presented. There are five clever musicians in the company, each one of whom is a wizard on the saxophone and cornet. Their playing of popular and ragtime numbers exerts an irresistible appeal to the lovers of syndicated melodies. Jeanne May, a graceful girl and smartly gowned, sings and dances and adds much decorative effect to the act.
The bill's best novelty feature is "Hector," the king of canines. Hector is said to be the smallest performer on the bill but a whale of a hit. He appears with several other Poodles, a fox terrier and his trainer and his intelligence and impudence are a source of interest and amusement.
Fred Sesman and Gladys Sloan in "Just Us" have original chatter and a song or two. Miss Sloan sings well and wears some striking gowns while Sesman is an agreeable light comedian.
The Rosaires are tight and slack wire artists and their act is well staged, possesses novelty and exceptional skill.
Several reels of motion pictures are included in the programme, comedy, topical films and another instalment of "The Double Adventure," featuring Charles Hutchinson.

COLUMBIA
No picture in many months has given Tom Mix, the daredevil cowboy star working under the Fox banner a better opportunity to display his daredevilry and horsemanship than "The Untamed," which is now showing at the Columbia Theatre. Had the picture been written especially for Mix it could not have served its purpose better. The story of "The Untamed" is as adapted to the screen by H. P. Keller, from the well-known novel by Max Brand, and was made under direction of Emmett J. Flynn, who wrote the story and directed the picture. A most unusual angle of the picture is the appearance of a horse and dog that were especially trained for the important parts they play. As persons who have read the book remember, the interest centres on a strange, almost supernatural man, who spends his time in the solitary wastes of the Far West; a fiery horse and a wolf dog. The man understands the language of all beasts, and through his nature runs a powerful strain of primitive wildness. His uncanny power gives him mastery over man and beast.

VARIETY
The gay life of Paris has been depicted with unusual realism by Erich von Stroheim in his latest Universal Jewel production, "The Devil's Pass Key," which was shown last night at the Variety Theatre. Mr. von Stroheim has inserted great realism into his new play. The race scenes at the famous Grand Prix are exceptional, showing the horses in a close finish and giving views of the crowds of fashionably-dressed men and women in the grand stands. Same de Grasse, who played the husband in von Stroheim's recent success "Blind Husbands," has a similar part in "The Devil's Pass Key," that of an author living with his extravagant but unsophisticated wife in Paris. She runs up a large bill at the shop at an unscrupulous modiste, who suggests that she get a rich admirer to pay her bills. A young American army officer helps the wife, but not on the basis expected by the modiste. The husband hears the story, but has no idea who the principals are. He makes it the subject of a play which is a great success. Later he learns that it is his own wife whose indiscretions he has put upon the stage. The climax of the photoplay has been remarkably handled by Director von Stroheim.

PRINCESS
To-night the biggest event of the season will take place at the Princess Theatre. The long promised musical comedy offering "The Three Twins" will be presented, with the entire cast appearing in the principal roles. There will be a number of well known Victorians added to the cast in addition to a chorus of charming young ladies chosen carefully because they all sing, they dance and they are pretty without doubt. "The Three Twins" is of the long engagement of the Mildred Page Players which has certainly proven the versatility of the clever company.
At to-night's performance another of the large portraits of Miss Page will be presented to the one guessing spoken the correct number of words spoken by Miss Page in "The Little

FIRST OF HORSE-BREEDING CLUBS IN FRASER VALLEY
One of the first Horse Breeding Clubs to be formed in B. C. under the Federal scheme of assistance to the horse-breeding industry is organized in the Chilliwack-Agassiz Valley. The first officers are: President, E. A. Wells; vice-president, J. A. Evans; secretary-treasurer, W. H. Hicks; directors, W. McIntyre, A. Mercer, W. H. Hawshaw and W. T. Richardson.
Under the scheme the Federal Government will be giving a grant of approximately \$500 to assist and encourage draft-horse breeding in this valley.
The Club has been fortunate in securing the imported Clydesdale horse "Scotland's Cross," born May 21, 1916, and imported to Canada in October, 1917, by A. L. Dolhar, of High River, Alberta. The horse "Scotland's Cross" is sired by Hamlet by Revelette by Baron's Pride. The dam of "Scotland's Cross" is by Hiaswath. This is the very best of Clydesdale breeding. This young horse was second in a class of eighty foals in Lanark, was first and reserve at the Calgary Spring Show as a three year old, and was also first and reserve at the Calgary Spring Show as a four year old.

ROYAL VICTORIA
One of the greatest motion pictures of the year will be the screen attraction at the Royal Victoria Theatre again to-day. It is "The Woman in His House," in which Mildred Harris heads an all-star cast. The production, which was six months in the making, is declared by many who have seen it to be a motion picture masterpiece, ranking with such popular photoplays as "The Miracle Man," "Daddy Long Legs" and others. In the cast with Miss Harris are Ramsey Wallace, Thomas Helwig, George Fisher, Gareth Hughes, Winter Hall and little Richard Hedrick. The photoplay is founded on an original story by the late Mrs. E. A. Mearns, emphasizing the divine power of mother love. It is effectively employed in this powerful and moving screen drama. It is the story of a neglected wife, a too busy and ambitious husband, a philosopher friend, and a baby. The work of Richard Hedrick in portraying the role of a youngster who is stricken with infantile paralysis is one of the outstanding points of this compelling photoplay. How mother love triumphs where science fails and straightens out the crooked limbs of the child is revealed in a fascinating story. In this production Mildred Harris has achieved her greatest success. The photoplay is wonderful. It was done by Pliny Goodfriend. In short, "The Woman in His House" is one of the most remarkable pictures that it has been the good fortune of the Royal Victoria Theatre to offer to its patrons for their entertainment. Nobody should miss this. It's chock full of love, laughter and tears.

DOMINION
Theodore Roberts, veteran character actor and popular with screen fans all over the country, has the role of an old-timer in Cecil B. De Mille's great Paramount picture, "Forbidden Fruit," which is now at the Dominion theatre. His wife in the picture is Kathryn Williams, long famous as a screen star.
"Forbidden Fruit" is one of the strongest and most appealing pictures ever produced by Mr. De Mille. It is dramatic and its powerful story is developed with great skill. Agnes Ayres has the leading feminine role, and in the support are such players as Clarence Burton, Theodore Kosloff, Forrest Stanley, Julia Faye and others; Jeanie Macpherson is the author.

EXCELLENT CONCERT
Young People's Society of Emmanuel Baptist Church Held Fine Entertainment
The Young People's Society of Emmanuel Baptist Church held the first of a series of concerts on Monday evening. All arrangements were in the hands of the Programme Committee, and much credit is due to Miss Osborne Jones, Convener, for the excellent programme provided.
Master Vernon Smith rendered a violin solo in his usual graceful manner, accompanied by his brother, Mr. Harry Smith.
Miss B. Brynjolfson gave a very delightful rendering of "The Carnival" and was heartily appreciated.
Mr. R. Hoare, Mr. Lee and Mrs. Stokes, pupils of Miss Kate McGregor, the well-known vocal teacher, also displayed much talent.
Mr. George Green, cornetist, is well known to Victoria audiences and played in his usual pleasing manner, as also did Messrs. Green in a cornet and trombone duet.
Miss Collingridge, although a newcomer to the city, has already made herself known in musical circles and delighted the audience with two selections from Chopin.
Miss Mason rendered "Happy Days" which displayed her very rich contralto voice.
The Emmanuel Orchestra, under the leadership of Mr. Fred Parfitt, gave two selections which were much appreciated by all present.
Special mention should also be made of Miss Viola Parfitt, who so ably accompanied the artists.

FRANCES MARION DIRECTED "JUST ROUND THE CORNER"
Frances Marion, the well known scenario writer, has just completed for Cosmopolitan Productions the taking of "Just Round the Corner," a story which she adapted for the screen from several of Fannie Hurst's stories. Miss Marion directed the picture herself, and in connection with this work she had the pleasure of directing her own husband, Fred C. Thomson, national all-around athletic champion, who plays an important part.
This story has for its theme the all-compelling power of mother love. It is a story of pluck people who live in tenement houses. Stories of this nature interest Miss Marion more than society dramas with the conventional love affair, and Miss Marion is more absorbed in reproducing the powerful human emotions that influence the actions of every-day people, than she is in reproducing on the screen lavish ball-room scenes and wrecks at sea.
It is just this power to reproduce the human emotions that has made Miss Marion so successful, and she contributed greatly to the success in emotional picture production of Mary Pickford, for whom Miss Marion wrote most of her famous productions.

CHICAGO TO HAVE OPERA-COMIQUE
Ralph Dunbar Will Give Opportunity For Training Vocalists
Ralph Dunbar, the western producer of operas in English, has decided to establish in Chicago an Opera-Comique, and proposes to give American vocalists a chance to cultivate their talents and sing in his many productions. In his venture Mr. Dunbar says he will hew strictly to the line of his well-known slogan, "All American opera for All Americans," and will bend all his energies to bring clean music drama into its proper place.
Last season and during the present tours of his "Robin Hood," "Carmen," "The Chocolate Soldier" and "The Mikado," Mr. Dunbar's musical directors heard and are continuing to hear singers in all cities visited. Young men and women with promising voices have been told that they would be given a chance to develop their talents and secure positions with the opera companies flying the Dunbar banner.
Now these young folks and others who have vocal aspirations and voices of promise will come into their own. Within a few weeks Mr. Dunbar will discontinue his visits to his companies and be in his Chicago offices at 1537 E. 53rd St., for the Summer, to counsel with any who wish to attempt opera.
"For years I have wanted to do something for struggling young singers of the United States, and now I believe I can," said Mr. Dunbar recently. "If they will write me of their qualifications and training, I will read every letter and advise them as wisely as my experience will permit. I hope to give the musical world, before I pass on, some wonderful singers. They are here and I must find them and give them the chance they deserve. There may be a Mary Garden or a Geraldine Farrar in anybody's town."

Larry Semon is giving special attention to his current comedy, "The Bakery," and will finish this picture within the next three weeks. There is said to be a new and subtle vein of comedy in this picture that winks smiles rather than guffaws, but the momentum of the picture picks up as it progresses, and in the latter third of the film it becomes "rougher" than his famed slapstick comedy, "The Grocery Clerk."

DOMINION TIRES
Canada's Favorite
WHY do you find cars of every size and make—from Rolls-Royce and Pierce-Arrow to Ford and Chevrolet—equipped with Dominion Tires?
WHY do experienced motorists put on Dominion Tires and advise their friends to do so?
WHY are the best dealers in every city and town in Canada, from coast to coast, so anxious to carry Dominion Tires?
There are good reasons for this preference. Dominion Tires always wear well. They ride easy. They give the mileage. They are built right, of the right materials. They have satisfied thousands of critical buyers.
It will pay you to see the Dominion Tire Dealer.

VISCOUNT BRYCE ANALYZES AMERICAN GOVERNMENT IN NEW WORK ON DEMOCRACIES

In "Modern Democracies," the latest work from the pen of the Viscount James Bryce, author of "The American Commonwealth," is to be found a comprehensive study of the Democratic governmental system, viewed both with the perspective of the history of its evolution and under the close-up of a minute dissection of its practical application as exemplified in the existent democracies of the world.

Published by the Macmillan Company, the tome has been dedicated to President A. Lawrence Lowell of Harvard University, to whom, the author states, "Englishmen are indebted for an admirably lucid and exact description of their government in its theory and practice."

Perhaps in repayment of that debt Viscount Bryce has devoted a considerable portion of his work to a frank and clear exposition of the government of the United States, which in his words, "supplies the most abundant data for the study of a popular government, having been a democracy for a century and a quarter and being by far the largest of the nations that live under self-governing institutions."

In a prefatory note the reader is warned that within the pages of the volume will not be found an abridgment of the full description of the Constitution and Government of the United States presented in "The American Commonwealth."

principles, and the doctrine of man's natural rights glorified.

Upon the subject of the Government itself, "Modern Democracies" treats fully, tracing the historical evolution of its institutions and the tenets of their limited power.

That the present political situation within the Nation is not without strain is admitted, but in view of the fact that

The political institutions of the United States were created—

For a territory of which only about 100,000 square miles were inhabited.

For a free white population of a little over 2,000,000.

For a population five-sixths of which dwelt in rural tracts or small towns.

For a people almost wholly of British stock.

For a people in which there were practically no rich, and hardly any poor.

For a people mainly engaged in agriculture, in fishing, and in trading on a small scale.

The institutions are now being applied—

To a territory of 2,974,000 square miles, three-fourths of which is pretty thickly inhabited.

To a nation of over 110,000,000.

To a population fully one-third of which dwells in cities with more than 25,000 inhabitants.

To a people less than half of whose blood is of British origin and about one-tenth of whom are African descent.

To a people which include more men of enormous wealth than are to be found in all Europe.

To a people more than half of whom are engaged in manufacturing, mining or commerce, including transportation.

It would not be strange if these institutions should bear signs of the unforeseen strain to which they have been subjected.

Party System Traced

It is in the development of the party system, which, it is stated, has reached a higher and more powerful position within the United States than it has ever known in any other country, that the Nation attracts most forcibly the attention of the European observer.

This party organization, the author explains, "forms another government unknown to the party side with the legal Government established by the Constitution."

With the airing of the party lines and exposition of political party abuse the author proceeds to pay it tribute in these words:

"It may be said that party organization which has done some great services to America, shows also a good side. It has, so far as concerns the lower strata, demoralized politics and made them sordid. But it has also steadied the working of Government over a vast country wherein are many diverse elements, by giving an authoritative solidity to popular majorities. The tendency to abuse power, frequent in small communities, is reduced in this large country, because the party majority is held together by respecting the elements of which it is composed while as the party for the time being in minority has also a certain cohesion through its organization, it can criticize those who hold the reins of power and deter them from extreme measures."

It is in the judiciary system that the most glaring faults are found by Bryce.

Justice Perverted

As the result of low salaries, short terms and election by popular vote controlled by party managers, the writer asserts that justice in the American courts is not only in many instances incompetently rendered, but is oftentimes perverted. Another obstacle in the way of the criminal courts is that of the sentimental weakness which is "indulgent to crime because it pities the individual offender while forgetting the general interests of society."

In summing up the situation as he sees it in the United States the author credits the author of "Modern Democracies" with the following observations: "The right of the individual man to lead his own life in his own way, the Viscount states, 'is better recognized now than ninety years ago.' It is in the democratic doctrine, to Australia, the newest of the democracies, where the fullest blown blossom of a government guided by the unlimited will of the multitude is to be found.

isolated, left free to shape its own institutions and steering its own course, protected from foreign interference by the power of Britain with no animosities to forget, no old wrongs to redress and no bad traditions to unlearn."

As in Canada and in New Zealand, institutional governmental functions have been patterned upon the Government of England, but in Australia, it is claimed, has been shown "the high-water mark of collectivist or socialist practice, though with very little of avowed socialist doctrine."

No Moneyed Class

It was in Australia that, in 1914, when the Labor party secured control, the world was shown for the first time a nation governed completely by a majority for in Australia, the author states, there is no leisure moneyed class.

"No British colony has developed a more complete system of local institutions than New Zealand, and in few countries, if any, is the proportion of the public service to the whole nation so large," he makes claim, offering as an explanation the fact that "in few does the Government undertake so many tasks on behalf of the people."

In carrying out the principles of his conception of democracy, New Zealand has advanced far into the realms of Government ownership, but none of the experiments has excited so much attention in other countries as "the application of compulsion to the settlement of disputes between employers and workmen." It is a subject dealt with fully and minutely by the author.

Summing up the detailed discussion, it is pointed out that in the country the people enjoy "honest government, a tolerably efficient administration, an upright and competent judiciary, and an adequate provision of instruction in the public schools."

Hope is Seen

In conclusion the entire situation is expressed by the author in terms of hope.

"No government demands so much from the citizen as democracy and none gives so much back. Any free people that has responded to the call of duty and come out of a terrible ordeal unshaken in courage and undimmed in vision, with its vital force still fresh and strong, need not fear to face the future."

Cause of Early Old Age

The celebrated Dr. Michenhoff, an authority on early old age, says that it is caused by poisons generated in the "intestines". When your stomach digests food properly it is absorbed without forming poisonous matter. Poisons bring on early old age and premature death. 15 to 30 drops of "Seigel's Syrup" after meals makes your digestion sound. 10

NO GOLD IN FRANCE

For the first time in history, not a single gold franc was struck at the French Mint in 1920.
The manufacture of silver coins, which was still being continued at the beginning of the year, was stopped when silver reached the record price of 7a. 5gd. an ounce on February 11. Since that date only nickel and copper have been struck.
The total output of the French Mint in 1920 was: Gold, none; silver, 2,915,877 two-franc pieces and 10,321,705 one-franc pieces; nickel, 14,108,122 twenty-five centime pieces, 38,844,555 ten-centime pieces, and 51,331,892 five-centime pieces; copper, 4,118,521 ten-centime pieces, 6,010,587 five-centime pieces, 598,274 two-centime pieces, and 2,593,599 one-centime pieces.
At the present rate of exchange it takes about twenty-two one-centime pieces to make an English penny—Tit-Bits.

COMMISSIONER NORTH FAILS IN MOVE TO UNSEAT DETECTIVES

Unsupported When Asking for Resignations of Entire Detective Body.

Commissioner Joseph North last night interjected considerable warmth into the third session of the police commission in calling for a flat resignation of the entire detective staff, after an inquisition of the detective inspector.
Mr. North called for Detective Inspector Perdue, and put that officer a list of prepared questions, on all phases of the police work affecting the detective department.
The Questions.
"How many raids have there been in Chinatown in the last four years?" was the first query.
"I don't know," answered Mr. Perdue.
"Don't you think you should know?" asked Mr. North.
"I don't know, I have not kept track," replied the inspector.
"Why was this lottery business suddenly stopped?" asked Mr. North next.
"On account of heavy fines in the police court, acting as a deterrent," was the reply.
"To your knowledge do gambling places pay anyone for protection?" asked Mr. North.
"If you are making charges, say so," answered Mr. Perdue.
"I want to know is protection money paid?" repeated Mr. North.
"I don't know of any answered Mr. Perdue.
"What are your instructions?" asked Mr. North.
"My instructions are not for the public eye as police commissioners are entitled to the knowledge, but not here."
"You remember the Stoddard case," continued Mr. North, "how long after the event was it before the provincial police were notified?"
"About an hour, I think," stated Mr. Perdue.
"They have not been officially notified yet, I am told on good authority," stated Mr. North.
"Well they worked on the case right away," replied the inspector.
"How long was it before Saanich police were notified?" the questioner continued.
"Same day" was the reply.
"I am told it was three days" stated Mr. North.
"Well, if these are charges you are making, why not put them in writing and make them in the regular way?" asked Mr. Perdue.
"Did detectives go out to hunt for the Stoddard case?" was the next question on the list.
"Yes, several went," stated Mr. Perdue, mentioning several by name.
"Is it customary for detectives to take a case of whisky on a man hunt?" went on Mr. North.
"I won't answer that, it's an insinuation," replied Mr. Perdue.
An insinuation.
"That is not a proper question," ruled Mayor Forth.
"I was told Mr. Heather went on that hunt, and took a case of Three Star whisky with him," continued Mr. North.
"Mr. Heather is not here now to answer that question," stated Mr. Perdue quietly.
"You were at my meeting in the Theatre and you heard me say that Mr. Heather had perjured himself—I want to make Mr. Heather come and answer this charge—I want to challenge his letter to the paper," continued Mr. North.
"Mr. Heather has no chance to answer here to-night, he did not know this was to be brought up here," replied Mr. Perdue.
"I ask you if Mr. Heather perjured himself, was he carrying out his oath of office?"
"I don't know anything about that," replied Mr. Perdue quietly.
"The Mr. Heather was given a month's salary too" commented Mr. North.
Invites Formal Charges.
"If these charges are laid in writing I will see that they are dealt with the customary channels" interjected Mr. Fry.
"I will put them in writing and I now make a resolution calling for the resignations of the entire detective force," stated Mr. North.
A complete silence fell over the meeting, but the motion was not seconded.
"There is no seconder" stated the Mayor, "and the motion is out of order."
"Well I want to go on record as having asked for the resignations of the entire detective force, if I cannot get it, it's not my fault," replied Mr. North.
The list of questions prepared was not apparently exhausted, and the commissioner resumed business of a more routine nature.
A preliminary discussion of uniforms was laid over until the meeting this morning for that purpose.
The commission did decide to accept the tender for six Savage 22 calibre automatic revolvers after some discussion and explanations of the revolver actions of several samples exhibited, by Chief Fry.
The meeting adjourned sixty-five minutes after it opened.

BEAUTY WONDERS WITHIN PROVINCE

Well-known Woman Journalist to Lecture on Holiday Trips Near Home

That ancient poet who used to lift up his eyes to the hills beyond Jerusalem in search of straggling about the forerunner of the artist and poet of to-day who sees the silent splendor of the mountains, and father to the tired city worker who finds succor from nerve and brain fag in the Alps, the Rockies, or Adirondacks.
It is a well-known adage that far fields have the greenest, and while everybody knows that British Columbia a wonderful land of mountain and stream within the Province the fact sometimes has to be brought home to them.
Vancouver Island has some of the loveliest spots in the world. But a trip to California seems to have more attraction for many. Why is it? Perhaps it is simply because people are told too little about the attractions that lie within easy reach.
Mrs. E. M. Cuppage, well known B. C. journalist who spends a great deal of time in Victoria, is disseminating more information about holiday resorts and trips for beauty lovers near at home. Mrs. Cuppage has an interesting collection of photographs taken on trips in British Columbia, and is showing them in a lantern lecture at the New Thought Temple, Pandora Avenue next Friday evening.
Garibaldi Park
Among the slides shown will be some rare views of Garibaldi Park, dedicated to the people of British Columbia as provincial park reserve. This wonderful Alpine Park will be a day's journey from Vancouver is destined to be one of the world's greatest playgrounds. The Union Jack was planted on the first little log hut dubbed the "clubhouse" in Garibaldi Park last summer by Miss M. I. Gladstone, of Victoria, who made the trip in with the B. C. Mountaineering Club. The ceremony of hoisting the flag will be shown at Mrs. Cuppage's lecture.
A trip over a trap line in the rugged Kettle Valley will be shown. Women who have no compunction about wearing furs may change their mind, and hearing something about the cruelties of trapping.
Views of Vancouver Island will include some of the loveliest spots comparatively little known.

TO GIVE SESSIONAL ALLOWANCE AWAY

W. J. Bowser, K. C. M. P. P. will give his added sessional indemnity to public institutions, having opposed the increase during the debate in the Legislature.
The amount is \$900, \$400, as a private member and \$500 as Leader of the Opposition. Yesterday forenoon he forwarded a cheque for \$300 to the Vancouver General Hospital and a similar amount to the Royal Jubilee Hospital in Victoria. The Victorian Order and other organization will receive the balance.
Mr. Bowser is the second member to adopt this course. Alex. McDonald, M. P. F. for Lillooet, having divided his increased indemnity.

A TREATMENT FOR STOMACH TROUBLES

Indigestion and Stomach Complaint Can Be Conquered by Use of Herbs

Hundreds of persons who suffer from the intermittent or chronic attacks of indigestion and stomach trouble will be interested in the fact that in simple herb treatment lies a way to relief. This is accomplished by a herb formula prepared by one of the world's greatest herbalists and now offered in either liquid or capsule form under the name of Wonder Health Restorer.
What this remedy will do is shown by the following statement of a resident of Westbridge, C. who writes as follows after taking two bottles of the remedy:
"I could not eat anything heavy like meat or even poached eggs for the past three years. After taking two bottles of your medicine I can eat any kind of meat or vegetables."
Wonder Health Restorer contains nothing but herbs. It acts on the digestive system by purification of the blood, the strengthening of the digestive tract and the general building up of the entire system. Its action is thorough and but little short of marvelous. Ask your druggist about it. If he can't give you information, write the distributors.
Readers can get Wonder Health Restorer in Victoria at Ivel's Pharmacy, Merryfield & Dack (all stores), Riley's Drug Store, Clearing's Drug Store and the Fernwood Pharmacy in Esquimalt at Lang's Drug Store, in Sidney at Lesage's Drug Store, and at most drug stores all over B. C. If you can't get it write to the McCarter-Burr Co., Ltd., 646 Hillside Ave., Victoria. Phone 6950.

That ancient poet who used to lift up his eyes to the hills beyond Jerusalem in search of straggling about the forerunner of the artist and poet of to-day who sees the silent splendor of the mountains, and father to the tired city worker who finds succor from nerve and brain fag in the Alps, the Rockies, or Adirondacks.
It is a well-known adage that far fields have the greenest, and while everybody knows that British Columbia a wonderful land of mountain and stream within the Province the fact sometimes has to be brought home to them.
Vancouver Island has some of the loveliest spots in the world. But a trip to California seems to have more attraction for many. Why is it? Perhaps it is simply because people are told too little about the attractions that lie within easy reach.
Mrs. E. M. Cuppage, well known B. C. journalist who spends a great deal of time in Victoria, is disseminating more information about holiday resorts and trips for beauty lovers near at home. Mrs. Cuppage has an interesting collection of photographs taken on trips in British Columbia, and is showing them in a lantern lecture at the New Thought Temple, Pandora Avenue next Friday evening.
Garibaldi Park
Among the slides shown will be some rare views of Garibaldi Park, dedicated to the people of British Columbia as provincial park reserve. This wonderful Alpine Park will be a day's journey from Vancouver is destined to be one of the world's greatest playgrounds. The Union Jack was planted on the first little log hut dubbed the "clubhouse" in Garibaldi Park last summer by Miss M. I. Gladstone, of Victoria, who made the trip in with the B. C. Mountaineering Club. The ceremony of hoisting the flag will be shown at Mrs. Cuppage's lecture.
A trip over a trap line in the rugged Kettle Valley will be shown. Women who have no compunction about wearing furs may change their mind, and hearing something about the cruelties of trapping.
Views of Vancouver Island will include some of the loveliest spots comparatively little known.

TO GIVE SESSIONAL ALLOWANCE AWAY

W. J. Bowser, K. C. M. P. P. will give his added sessional indemnity to public institutions, having opposed the increase during the debate in the Legislature.
The amount is \$900, \$400, as a private member and \$500 as Leader of the Opposition. Yesterday forenoon he forwarded a cheque for \$300 to the Vancouver General Hospital and a similar amount to the Royal Jubilee Hospital in Victoria. The Victorian Order and other organization will receive the balance.
Mr. Bowser is the second member to adopt this course. Alex. McDonald, M. P. F. for Lillooet, having divided his increased indemnity.

of the Lady Douglas Chapter, I. O. D. E., yesterday afternoon. The treasurer announced that the recent successful tea at the residence of Mrs. Tyrell-Godman had netted for the chapter funds, after all expenses were paid, the splendid sum of \$137.50. A standing vote of thanks was passed to Mrs. Godman for her kindness in lending her house for the occasion; to Mrs. R. H. Pooley and Mrs. A. J. Gibson for musical programme; to Spencers and the G. W. V. A. for the loan of chairs and tables, and to the various conveners and assistants in the arrangements.
Mrs. Tyrell-Godman gave an interesting account of her efforts to introduce folk dancing, which has been so successful in England, into

the curricula of the Girl Guides. Steps have already been taken to this end and a competent teacher engaged, and the girls are showing the keenest interest in this charming old-world pastime. To encourage this commendable object, the chapter voted the sum of \$25 to Mrs. Tyrell-Godman for this work.
The chapter also voted a further donation of \$200 to the I. O. D. E. War Memorial Fund, and \$20 was passed to the G. W. V. A. Relief Fund. Mrs. A. N. Mount gave an interesting report on the educational work of Mrs. Warlock for the Municipal Chapter, and Mrs. Melrose the Local Council of Women. Two new members were received into the chapter.
