LANDMARK GONE.

East Weymouth Illuminated by the Burning of the Congregational Church.

Brave Firemen and Thousands of Sympathizing People were Powerless to Save the Structure.

CAPT. URBAN RICE. A Prime Mover in Establishing the Church.

Little did we think last week when writing a brief history of the clock on the "White Church," East Weymouth, that another week would be called upon to write an obituary, not only of the clock but of the structure which it adorned so many years, but such is fate, and where once stood the landmark to which so many looked, and the beautiful spire pointing to heaven, is now a pile of charred timber, warped iron and ashes.

On Sunday morning, instead of the usual service by the pastor, the pulpit was given up to Rev. David N. Beach, D. D., who is laboring in the interest of the Massachusetts Anti-Saloon League, and while Dr. Beach was warm and eloquent, his address was not of the nature to burn the building. The morning service was followed by the usual Sunday School session and at a little after one o'clock the building was closed. The fire started at about half-past five the families of M. P. Garey and James H. Vining, who live opposite the church, discovered it on fire, and an alarm was rung in from Box 23.

People soon gathered, and Fred V. Garey with others were the first to enter the building and found the fire raging in the upper part of it with no prospect of saving much of anything. They worked hard what little time was allotted them and succeeded in getting the piano and some furniture from the vestry as well as

down perfectly erect and went to pieces as it struck the ground.

A more fortunate time for a fire could not have been selected as the rain and sleet contributed largely as a factor in saving other property, notably so the home of Mrs. Martha Pratt and Mrs. Bess, daughter of Josiah and Sarah C. Fogg Reed of South Weymouth, who with two sons and a daughter survive him.

Since making his home in South Weymouth Mr. Ellwell has been identified with the best interests of the community and the Wednesday Night Club, Norfolk Club, Improvement Association and Union Church, have all been served by him.

Mr. Ellwell was a great lover of children and among his large circle of friends none will miss him more than the boys and girls to whom he was always a kind and loving friend.

Funeral services will be held at his late home this (Friday) afternoon at two o'clock.

where the recent fire occurred; this building was dedicated in 1829 and the society continued to grow until 1848 when the old Calvinistic doctrine which had been brought from the Old North Church and the Wesleyan element concluded to separate, the former buying the property and building the new church, the Evangelical Methodist Church and the latter as the Methodist Episcopal, erecting a new church building near what is now School street. Previous to this present structure a white, has been wrecked by lightning, the Methodist Episcopal lost two buildings by fire.

The newly organized Evangelical Methodist Society remodeled and enlarged the building. As we said last week, the clock was placed in the tower, and it became the "White Church," continuing under its original name until 1869 when the church and society joined with the conference and assumed the new name of the East Weymouth Congregational Church.

In 1867 and 1868 the building was entirely remodeled and rebuilt and completed its front and spire, as it ever has been, and was admired as one of the finest pieces of church architecture for miles around. Rev. Dr. Waldron, now city missionary of Boston, began his pastorate in this building when it was rededicated and the society had a phenomenal growth under his ministry.

In 1890 and 1891 the spirit of improvement again pervaded the society and the pastor made rapid progress toward another renovation. New and modern seats took the place of the old "box pews," a beautiful mosaic ceiling took the place of the wooden gallery, a new organ and choir, and the altar rearranged and equipped with up-to-date conveniences, all as is now gone.

There was an insurance of \$16,500 on the property, but the loss has exceeded that by some \$9,000 or \$10,000. As yet no definite action has been taken in regard to rebuilding, but work in that direction will be pushed at an early date and before the falling snow, the building will be in a new home as the pastor, Rev. Emery L. Bradford, as well as every man, woman and child connected with it, are of one heart and mind.

There are many rumors and conjectures as to the future of the society, but they are all guesses as no action has been taken. The general sentiment is building again as quickly as we can, but it is hardly probable that the new edifice will stand on the same spot as the residential part of the village has materially changed in the last seventy-five years.

A pleasing feature of the fire is, that the masonry built came down beautifully with the tower and is apparently uninjured and will bring out again in the future.

Severe Nervous Trouble and Dyspepsia. No Sleep for Weeks Because of Pain.

Dr. Miles' Nervine Gave Back My Health.

Dyspepsia nearly always arises from a derangement of the liver. When the stomach is not well the entire system suffers. Constipation, indigestion, sour stomach, nervous headaches, biliousness, etc., will lead to terrible consequences if not treated in time. Dr. Miles' Nervine is a specific for nervous dyspepsia and all nervous diseases.

"My health was miserable for years, due to severe nervous trouble and dyspepsia. I had not been able to sleep for weeks at a time without being awakened with pains in my chest and stomach. My limbs felt stiff and I was unable to do my house work without feeling completely worn out. My stomach failed to relieve me, and after taking an endless amount of medicine I began taking Dr. Miles' Nervine and Liver Pills. I obtained relief from the first bottle of Nervine, and I felt better in many ways. I have taken twelve bottles in the past three years but have not taken any of it since I have not felt the need of it. I go about my work as an ordinary person and have recommended them to ever so many people. I am a great believer in Dr. Miles' Nervine and Liver Pills. I have them on hand all the time. I feel very grateful for Dr. Miles' Remedies.—Mrs. J. W. WHITE, Mechanics Falls, Me.

"I don't regret to say that I have taken Dr. Miles' Nervine and Liver Pills. I have them on hand all the time. I feel very grateful for Dr. Miles' Remedies.—Mrs. J. W. WHITE, Mechanics Falls, Me.

"And now, Jack, what can I do? He follows me everywhere, and he stands on my feet, and he looks at me as if he were a baby's sister of his, and—
"You're laughing, Jack? You are as mean as you can be to laugh when I come crying to you for help."
"Either stamped her foot, Jack Ormsby leaning against the veranda railing and watching him with his eyes."
"I can't help smiling, Esther, but I can appreciate the irritation poor Hollowell must cause you."

ONION CULTURE.

A Popular Crop of the Present and Future.

There is every year much interest in onions as a ready money crop. The following from Rural New Yorker by a practical farmer should interest you.

The ideal soil for onions would be rich, well drained muck land, well supplied with humus or vegetable matter. Lacking this, select the best available soil and in so far as possible supply the necessary and other elements. Select clay or sandy loam, avoiding either heavy clay or light sand.

It is a fact that Johnson's Liniment is used by Physicians and by families for more than 50 years is proof of its medicinal value. No single remedy known is of more frequent use in a home than Johnson's Liniment.

THE FARM-FIELD AND GARDEN.

GOOD GARDEN LETTUCES.

A Few Stars That are Generally Well Liked.

Varieties of lettuce exist in numbers calculated to bewildering the experienced gardener. Special claims are made for many of the new sorts, and many of the old are stamped with the seal of approval. It is hard to find any variety likely to succeed.

White Star lettuce shown in the upper figure is of a pale rather lustrous green, with a very fine texture, and slightly wavy along the margins and slightly wrinkled toward the whorl. The heads are firm, slightly conical, with white cores, and average about eight ounces. This is an American variety of comparatively recent introduction, and has been extensively grown in this country for some years. It has been pronounced excellent for forcing and early outdoor planting.

Hanson, shown in the second figure, is a handsome variety of head lettuce, with slightly frilled and puckered and coarse growth.
