Two NEW Bush Lima Beans

*Both Bronze-Medal Winners
in the 1945 All America Selections*

106 Early Market

Early Market is a splendid large flat-seeded variety producing a heavier set of pods than Burpee's Bush in addition to being 4 to 10 days earlier. The plants are slightly shorter than Burpee Bush and of rather compact growth. Early Market is a very prolific variety with smooth, almost straight, dark green pods bearing 3 or 4 light green beans each. The pods average over 4 inches in length and are of very attractive appearance. Market growers everywhere should give this outstanding Bronze-Medal Winner a thorough trial this season to convince themselves of its money making opportunities. Lb. 40c; 5 lbs. \$1.85; 30 to 99 lbs., 33c per lb.; 100 lbs. or more, 30c per lb.

108 Fordhook 242

Tall, somewhat spreading plants with more foliage than the regular Fordhook which it resembles in general appearance. Produces attractive rich green pods containing 3 or 4 large, thick beans of choicest flavor. The pods are very uniform and hold their size on late sets. Its most outstanding feature is that it will set pods in hot, dry weather and therefore should easily supplant the regular Fordhook in sections where such conditions prevail during the summer time. Lb. 40c; 5 lbs. \$1.95; 30 to 99 lbs., 33c per lb.; 100 lbs. or more, 30c per lb.

Two Other 1945 All America Selections

Improved Commodore Bush Bean will be welcomed by many who know Commodore. The latter had to be withdrawn because of the tendency of its seedcoat splitting. It is listed under Bush Bean. Goldengrain Sweet Corn, an outstanding new 20-row Hybrid variety, is available in 2-ounce packages only at 25c per packet.

VEGETABLE SEEDS

Dreer Quality for Market Gardeners

Every successful market grower realizes the tremendous importance quality seeds play in the production of profitable crops. The market gardener who makes his livelihood from the sale of the produce grown cannot afford to sow seeds of doubtful value. He must have highly bred strains carefully selected from vigorous parent plants that show all the typical characteristics of the true variety. They must be full of vigor and vitality to make a sturdy growth from the start. More than three generations of market growers have realized that they can depend on Dreer's to supply them with the finest in Vegetable Seeds. The prices quoted are subject to change without notice.

All Vegetable Seeds except where otherwise specified are Sent Prepaid

Bulky items such as Beans, Peas, Sweet Corn, Grass Seeds, etc., are not prepaid.

The Two Winners in the All-America Selections for 1945 of Flower Seeds

2951 Marigold Flash

Silver Medal Winner. Admirers of single Marigolds and even those who heretofore have given preference to the double flowered varieties are bound to be delightfully impressed with Flash. The uniform compact plants grow about 18 inches tall and are splendid for beds or borders, yet have stems plenty long for cutting. The 1¾-inch flowers range from brilliant red to chrome-yellow depending on age and weather conditions. Trade pkt. 50c; ¼ oz. \$1.00; oz. \$3.00.

2924 Marigold Real Gold

Bronze Medal Winner. The gorgeous, fully double, Carnation-flowered blooms are 4½ inches or more across. They are borne profusely on plants 20 to 25 inches tall which makes them ideal for beds and borders. Of course, the stems are long enough for cutting. The blooms are not only large and fully double but they also are very deep representing as brilliant a color as only the name Real Gold can convey. Trade pkt. 50c; ⅛ oz. \$1.00; ¼ oz. \$1.50; oz. \$5.00.

All America Selections of 1944

3334 Petunia Cheerful

2912 Marigold Mammoth Mum

Glorious, fluffy, light sulphur yellow blooms which measure 3½ inches in diameter and have a depth of about 2 inches. The plants grow approximately 30 inches tall and come into flower within 2½ months after sowing. Mammoth Mum belongs to the highly artistic and popular Chrysanthemum-flowered type of Marigold. Tr. pkt. 50c; ¼ oz. \$1.25; oz. \$4.00.
