The members of the Foothill Club are being entertained today at the hospitable home of Mrs. W. C. Cutler, 1327 North Louise.

Mrs. Homer D. Lockwood and family, of 229 North Louise street, have taken a cottage at Ocean Beach and will leave Glendale on Saturday to be away until August 1.

Mr. and Mrs. Paul M. Zabel, who have been in Arizona for about a year, have returned to Glendale and will be at home at 1437 Ivy street on and after July 1st.

Don't forget the farewell Senior Dance tonight at the Masonic Temple, the last function of the school year. Profits will be invested in Thrift Stamps and the tickets are only one dollar for two.

Mrs. E. S. Hoopes, a former resident of Glendale, at 1664 West Colorado street, has moved to Los Angeles, where she will spend the summer and perhaps remain permanently. The Angel city is a more convenient place of residence for her son.

Mrs. Sophia Porter of 821 West Fifth street has been spending the week in Riverside, Cal., where she attended the High School commencement at which her granddaughter, Frances Porter, was graduated. Frances has visited in Glendale many times and has a big circle of friends here. Mrs. Porter will return to Los Angeles Sunday and visit for a day or two there before coming out to Glendale.

The Knights Templar of Glendale Commandery No. 53 have gotten into the War Savings Campaign in a fine, patriotic way. At their monthly dinner and entertainment which will take place Monday evening, June 24th, at the Masonic Temple, admission to the entertainment will be the purchase of two Thrift Stamps, the patrons to keep the stamps. This is announced as the opening gun in the Knights' campaign.

W. S. S. workers in Precinct 5 met at the home of the captain, Mrs. Ella W. Richardson, Thursday evening. Solicitors in this district are Mrs. H. Rogers, A. W. Colby, Mrs. A. W. Colby, Mrs. O. E. Von Oven, Mrs. Charles H. Kelso, Mrs. Stephen Packer, William Halstead, Mrs. William Halstead, Mrs. A. S. Chase, Mrs. Landry, Mrs. G. D. Roach, Mrs. Minnette Sherman. Mrs. Richardson states she was very much gratified that such busy people are taking such an active interest in this campaign.

Mr. Rowley, Chairman of Salvage for the Junior Red Cross, has received an interesting letter from Private Dudley Newcomb, a nephew of Mrs. Rowley, who is now with the 123d Infantry in France. He speaks of the beauty of the country at this time and deprecates the damage which is being done to such beautiful territory by the Huns in this war, but says it will be only a short time until they will be very sorry they ever started anything. He has the utmost confidence in victory for the Allies. He also says that no one who does not come into actual contact with the activities of the Red Cross and the Y. M. C. A. can realize the part they have in the war.

LAND ARMY AND CLUB TEA

Number seven in the series of patriotic teas given by the Tea Committee of the Glendale British Ambulance Society is to be held next Wednesday, June 26th, in the Jewel City Cafe at 3:30 p. m. It is to be a banner occasion in every way, as the management has been most fortunate in securing an unusually interesting and attractive program. Mrs. Alma Whitaker, the well-known writer, is to be present and will give a short and pithy address on the "Land Army" in Elsinore, where she has recently been. She will be in her picturesque and serviceable farm uniform and will be supported by a number of prominent club women in Los Angeles, also in uniform. Special invitations have been sent to Land Army contingent of the Occidental College and to every club in Glendale, and representatives are expected from the Tuesday Afternoon Club, the P. T. A. and the P. E. O., the Reading Circle, the Glendale Red Cross, the Twentieth Century Club of Eagle Rock, the Foothill Club and the Garden Society.

Besides the speeches, musical numbers will be given by Miss Ruth Robinson of Los Angeles, pianist, and Julius Kranz, violinist, accompanied by Miss Gertrude Champlain.

The presentation of the two handsome flags for the B. A. headquarters will also take place.

The hostesses for the afternoon are Mrs. Charles Toll, Mrs. J. L. Whitaker, Mrs. Nathaniel Greene and Miss Ellen Williams. They will be assisted by the Tea Committee, viz.: Mrs. Alex Mitchell, Mrs. Helen Campbell, Mrs. Alexander Begg, Mrs. John Hornsey and Miss Ina Whitaker. The president of the Glendale British Ambulance Society, Mrs. E. W. Pack, will assist in receiving, also Mrs. W. Ramsay and Mrs. Herman Nelson.

WILLISFORDS RETURN

Mrs. E. H. Willisford has returned from Claremont and with her two daughters Carol and Joy and her father, J. D. Ashbaugh, will spend the summer in Glendale. For a few days they will be guests of Miss Calla Porter of 821 West Fifth street, but they have leased the home of Mrs. Lockwood at 229 North Louise street and will very soon be established there, where their telephone number will be 671-W.

Mrs. Willisford says Mr. Willisford has written that he was three weeks in a dugout in the trenches and made the trip through the trenches twice a day in water two or three feet deep carrying supplies to the men. He was out for two days, one of which he devoted to cleaning up and the other he spent in Nancy. He was then sent back to another point very near the front, where ten or fifteen minutes' walk would take him "over." At this last point men are served at five o'clock in the morning and at ten o'clock at night. No fires are built during the day on account of the smoke showing. Occasionally they are given something to eat between meals. The Y. M. C. A. canteen is open from 9 in the morning to 11 at night and the hungry men can buy some things there. She says Mr. Willisford is well and very enthusiastic.

H. S. COMMENCEMENT

(Continued from Page One)

ceive the applause of the audience.

Dean McCormick, the chief speaker of the evening, made a popular address to which the audience responded with timely applause. His theme was "Opportunity," and after congratulating the class in a variety of ways, he exhorted them to be ready to meet opportunity when it should come to them and to demonstrate that they can put to use the knowledge gained. He called attention to the kinds of opportunity which the world of today offers, and of the opportunities for service. Said he: "I want you to think how it is possible for you to serve the great cause of democracy at the present time. One way in which you and I can serve is to be always cheerful. I will give you a new slang phrase, 'Swat the grouch!' The morale of the great civilian army behind the lines is of infinitely greater consequence than the morale of the men in the trenches. You needn't worry about those men. They are as cheerful as possible. I remember seeing a great long line of marching 'Tomies' who had just crossed the channel from England to France. They came singing: 'Kaiser Bill went up the hill Breathing hell and slaughter; He fell down and broke his crown, And so damned well he orter.' (Applause.)

"I believe one of the important assets in winning the war will be this spirit of cheerfulness on the part of the people.

"You can serve your country by conservation and in that is bound up this Thrift Stamp proposition. Every time you help to lick a Thrift Stamp you help to lick the Kaiser. (Applause.) Have you ever analyzed the development of a glacier? It is only a snowflake multiplied millions and billions and trillions of times. Turn up your nose at two bits? Why, two bits is the vital force that is going to win the war.

"There is another side to this question. The government program last year called for an expenditure of nineteen billions of dollars. As a matter of fact, it has spent only twelve billions. Why? The government has seven billions locked up in its vaults because there isn't anything for the government to buy with those seven billions. Our consumption is just about as great as our production and if we do not save a great deal more than we have ever saved before, there is no use giving the government any more liberty loans or thrift stamps, because the government will be in the position of having plenty of money and little to buy with it. The government says if you want to be 100 per cent patriotic, be economical and saving of needed materials. The government needs wool. Don't buy any more wool clothes than you absolutely have to. It is now a mark of distinction to have a shiny coat.

"People ask me when the war is going to end. I am not thinking about that. The only thing we ought to think about is winning the war if it takes a hundred years. (Applause.) The war can only be won when we are all in it, and in it altogether. Then will come the great, complete and lasting decisive victory for the great cause of democracy." (Applause.)

"SOLDIERS THREE"
 Mr. and Mrs. A. P. Johnson of 1010 Lomita avenue, assisted by Mr. and Mrs. E. D. Gregg and S. J. Willis, father of Mrs. Johnson, entertained Thursday evening at an old-fashioned chicken dinner at the Johnson home, three soldier boys of the Coast Artillery who are here for practice on the rifle range. They saw them at the Palace Grand, where Mr. Gregg, realizing that opportunity knocks but once, introduced himself to them and tendered the invitation which was gratefully received. The soldier guests were Private Ray H. Dressler of Texas, Private Vernon E. Downing of Iowa City, Iowa, and Solon T. Dunlap of Oklahoma City. Little George Johnson, who is only five years of age, gravely saluted them in proper military style and for their entertainment sang a number of patriotic songs, including the "Star-Spangled Banner." The guests fell in love with the little fellow and enjoyed the evening in a real home immensely. They come from Fort Logan, Colorado, and belong to the 55th Ammunition Train, C. A. C., and say they have been more nicely treated on this coast than anywhere they have been. All declared they would write to their home folks about the beautiful hospitality of Californians. The dinner was quite informal and Shasta daisies and American flags were used in decoration.

SAVE---and Release Labor and Materials for the Support of Our Army and Navy!

We all are prayerfully eager to see the war end, to see despotism crushed and peace established for all time to come. Nothing will do more to discourage the Kaiser and convince him of the futility of prolonged conflict than for us to show him that all the loyalty, all the determination, all the patriotism of the American people at home are behind the American soldiers facing him on the fields of battle. When we use our savings to help win the war we are showing the Kaiser that he is facing the task of conquering, not one million, nor five millions, but ONE HUNDRED MILLIONS OF AMERICANS!

SAVE therefore, and invest your money, little or much, in the world's safest securities—Uncle Sam's War Savings Stamps. Every dollar so saved betters your own condition, and is a blow for Liberty and Peace on Earth. You can invest as small as 25 cents at a time in United States Thrift Stamps.

This means that every person, no matter how limited his resources, can have a part in winning the war, and at the same time profit by the investment.

The war against German frightfulness must be won by SAVING—a lesson now made easy for Americans to learn. It is plainly evident that final victory will go to the side which is best equipped and holds out longest in food, weapons, munitions—and money. That does not mean that America must endure privation at this time; but it does mean that we—all of us—must save resolutely where formerly we have been careless or wasteful. Just now it is of the utmost importance that we save our money, every dollar we can spare from actual necessities, that our Government may have the temporary use of it to defray the enormous immediate expenses of the war. In return for the loan of these savings the Government pays us interest, and absolutely guarantees the safety of the principal.
