MEMORANDUM FOR: JAPAN'S GOVERNMENT

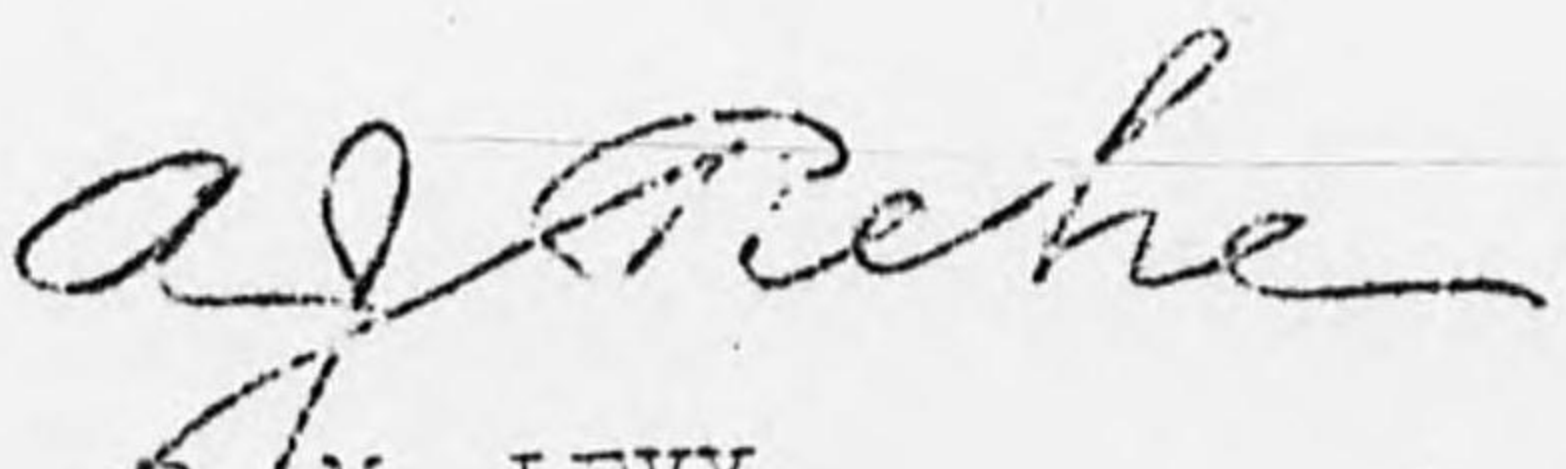

SUBJECT: Price and Distribution Controls Over Vegetables

1. Reference is memorandum for the Japanese Government, file AG 430 (15 Jun 48)ESS/PD, SCAPIN 1910, dated 15 June 1948, subject: Price and Distribution Controls over Fish and Vegetables.

2. That portion of the memorandum referred to in paragraph 1 which pertains to price and distribution controls over vegetables is rescinded as of 31 March 1949. Vegetables, while still essential commodities, are no longer considered to be in short supply. The Japanese Government may, therefore, as of 1 April 1949, take any steps considered advisable toward the relaxation or elimination of distribution and price controls over vegetables.

3. This memorandum will not be construed as a rescission of those portions of the memorandum referred to in paragraph 1 which pertain to the maintenance of price and distribution controls over marine products. Fish production, now and in the foreseeable future, is not large enough to justify any such action. It is expected that a cessation of efforts to control vegetables will be accompanied by an intensification of distribution and price controls over marine products.
