PRICE FIVE CENTS

SECOND GAME CALLED IN TENTH WITH SCORE TIE, ACCOUNT DARKNESS

Giants Got Three-Run Lead in First, But Yankees Scored One Run in the First, Fourth and Eighth Innings; Emil Meusel and Ward Hit Homers.

Polo Grounds, New York, Oct. 5.—The second game of the world's series resulted in a tie, 3-3. The game was called in the tenth on account of darkness. The Giants, who got off to a three-run lead in the first, were overhauled by the Yankees in the eighth and from then on until the game was called the teams went scoreless.

Bob Shawkey and Jess Barnes were the opposing pitchers and both twirled splendid ball.

Two home runs were hit, one by Emil Meusel, of the Giants, with two men on bases, and the other by Ward, of the Yankees.

Giants Got Rugs At Start

The Giants started out to-day as if they had made up their minds to take no chances. Yesterday they waited until the eighth inning before delivering the three runs that won the game. To-day they got them at the outset and to big Emil Meusel, the Giants' outfielder, goes the honor for putting the Giants out in front. After Groh had singled for the fourth consecutive time in the series and Frisch followed with another, Emil caught one of Shawkey's slant and gave it a ride to the bleachers.

The Yankees made an effort to catch the Giants in their half of the first and tallied one run, due largely to Bancroft's error. The Giants' captain made a wild throw on Dugan's roller and Dugan went to second, taking third on Ruth's out and scoring on Pipp's single past Kelly.

In the fourth Ward added another one for the Yankees, getting a terrific drive which cleared the fence. It was the first homer for the Yankees and the second of the series.

Nearly Another for Emil
Emil Meusel came within inches of getting his second homer in the fifth. It reached the grandstand just outside the foul line.

The Yankees got in another drive in the eighth, and the heads of Ruth and Bob Meusel tied the count. With one out Ruth hit a double left field and went to third on Pipp's sacrifice fly. Frisch, who had been standing in the outfield as he tried to steal home, but Meusel fouled the pitch. Ruth then scored on Meusel's two-base hit.

Nationals—Bancroft, ss.; Groh, 3b.; Frisch, 2b.; Stengel, lf.; Young, rf.; Kelly, 1b.; Meusel, c.; Barnes, p.; Snyder, c.
Americans—Witt, cf.; Dugan, 3b.; Pipp, 1b.; R. Meusel, lf.; Schang, c.; Ward, 2b.; Scott, ss.; Shawkey, p.

Umpires—Hildebrand, American, at plate; McCormick, National, first base; Gwenta, American, second base; Klem, National, third base.

First Inning.
Giants—Sam Jones and Carl Mays went down into the bullpen to get into condition in case they should be called upon. Bancroft up. Ward tossed out Bancroft, going far to his left to get a mean bounce. Groh up. Groh singled over second. Frisch up. Frisch got a Texas Leaguer into left field which Scott could not quite catch. Groh went to second. Meusel up. Meusel fouled the pitch. Frisch up. Frisch fielded and scored. Young up. Young fouled out to Schang. Three runs, three hits, no errors.

Yankees—Witt bunted but the ball rolled foul. Groh made a nice play on Witt's roller and got into first. Bancroft up. Bancroft fouled and threw to the grandstand. Dugan going to second. Ruth went out to first. Kelly unassisted. Dugan going to third. Pipp up. Pipp got a single off Kelly's glove. Meusel fouled out to Young. One run, one hit, one error.

Second Inning.
Giants—Stengel beat out an infield hit. Snyder got a single over Frisch's head. Stengel going to second. Stengel hurt his leg in going to second and Cunningham ran for him. Barnes up. Barnes hit into a double play. Scott to Ward to Frisch. Frisch fouled out to Ruth who took the ball near the right field stands. No runs, two hits, no errors.

Yankees—Cunningham went into center field for the Giants. Frisch tossed out Schang, who hit at a slow curve. Groh got Ward at first. Frisch robbed Scott by making a diving catch of his grounder and getting his man at first. No runs, no hits, no errors.

Third Inning.
Giants—Groh walked. Frisch lined out to Ruth. Meusel fouled out to Ruth. The Giants were trying to hit and run. Young walked. Kelly churned the air for the third out. No runs, no hits, no errors.

Yankees—Groh threw out Shawkey. Witt fouled out to Groh. Dugan got a two-base hit to left. Barnes pitched nothing but slow balls to Ruth. Ruth fouled out. Frisch threw out Pipp at first. No runs, one hit, no errors.

Fourth Inning.
Giants—Cunningham struck out. Snyder fouled out to Dugan. The crowd booed Barnes because he had yanked Babe Ruth. Barnes struck out. No runs, no hits, no errors.

Yankees—Meusel fouled out to Snyder. Schang struck out. Snyder dropping the third strike and throwing him out at first. Ward got a home run over the left field fence. Frisch went into center field for Scott's Texas Leaguer, robbing the Yankee shortstop of a hit for the second time in the game. One run, one hit, no errors.

MONOPLANE TEST

San Diego, Cal., Oct. 5.—Because of heavy fogs prevailing in the mountain districts beyond Temecula early to-day, Lieut. John A. Macready and Lieut. Oakley Kelly abandoned their proposed non-stop San Diego to New York City flight in the big army monoplane T-2 and, returning to this city, announced that they would try for a new endurance record.

INVITE PROPOSALS FOR CONSTRUCTION OF MOTOR FERRY

Presaging an early start in the construction of a modern steel ferry to provide the most direct connection between the mainland of Washington and Vancouver Island for the accommodation of the rapidly increasing summer motor traffic, Capt. J. W. Troup, manager of the British Columbia Coast Steamship Service, has invited proposals from leading British Columbia shipbuilders upon which will rest the final decision as to the type of automobile ferry which will be built for the proposed service.

The route of the new ferry system, it has virtually been decided, will be between Bellingham, on the Washington side, to Sidney on Saanichton, Vancouver Island.

Officials Investigate.
Capt. J. W. Troup, accompanied by other Canadian Pacific officials, yesterday went to Bellingham in response to a pressing invitation from the mayor and leading organizations of the American city to investigate the possibilities of the route and facilities offered for the berthing of the ferry.

While no definite decision has been reached regarding the terminals of the motor ferry, it is generally accepted that Bellingham will be selected as the American terminus of the route.

The party which traveled from Sidney to Bellingham yesterday was composed of Capt. J. W. Troup, manager of the Canadian Pacific coast steamship services; Capt. C. D. Neponsont, marine superintendent; W. H. Sinclair, general passenger agent, Vancouver, and J. G. McNamee, divisional freight agent, Vancouver. The run from Sidney to Bellingham was made on the steamer Island Princess.

Bellingham's Invitation
The trip was taken by the C.P.R. officials in response to a cordial invitation received in Sidney from the Mayor of Bellingham, president of the Chamber of Commerce, chairman of the port commission and prominent business men of Bellingham, pressing very strongly that the claims of Bellingham be given consideration in the matter of the establishment of an automobile ferry service with Vancouver Island.

Strong for Ferry
"We were given a very cordial reception and came away greatly impressed that the entire community of Bellingham and contiguous territory were eager for the establishment of the motor ferry with the port and American terminal," declared Capt. Troup in discussing to-day the features incident to the cruise of investigation.

Facilities Offered
"We were offered exceptional facilities in the matter of berthing arrangements, and the claims of Bellingham for the ferry were pressed very strongly indeed," added Capt. Troup. The citizens of Bellingham, through their representatives, expressed the view that they wanted to meet better acquainted with Victoria and the establishment of a ferry was (Continued on page 4.)

CITIZENS' MUIR FUND
The committee elected at a meeting called by the majority of the city fathers in the Victoria district for the purpose of creating a fund for the benefit of Wm. (Billy) Muir, report that all details are complete, and that the Royal Trust Company, Belmont Building, are the trustees, and will accept and give receipts for all subscriptions.

A copy of the trust deed is open for inspection at the office of the trustee.

The committee is composed as follows: R. F. Taylor, R. W. Hibberson, A. F. Wright, W. S. Maguire, Jas. W. Maynard and Archibald Baker.

RESPONSIBLE FOR SUCCESSFUL FAIR

Photo by Goodenough
F. A. Pauline, M. P. P., yesterday afternoon opened the annual Saanichton Exhibition of the North and South Saanichton Agricultural Society. Brilliant sunshine attracted a large attendance, the grounds being crowded with closely parked automobiles, many from Victoria.

With Mr. Pauline on the steps of the main building, where the opening address was given, are to be noted President H. E. Tanner, Secretary Colin Chisholm, and Directors J. Brydon, F. Turgoose, Miss Jeanne, A. McDonald, A. Jeanne, Mrs. Harrison, Mrs. Deacon, Mrs. F. Verdier and W. Mitchell.

ULTIMATUM TO PARENTS OF CHINESE PUPILS

School Board Says Pupils Must Return by Monday

Otherwise Schools for Chinese to Close Until January

Following the conference between the City School Board and the Chinese this week about the deadlock that has kept Chinese pupils out of school for some weeks, the Board issued an ultimatum to-day.

Unless the striking Chinese pupils return to school by Monday next the board will close all schools for Chinese in the public school system, and opportunities for re-registration will not be afforded until January, after the Christmas vacation.

The board regrets that any action of this kind is necessary, and wishes to state that it has no intention of segregating pupils on purely racial grounds.

The Special Schools
1. The Rock Bay, King's Road and Railway Street school houses are situated within the North Ward school district, where he has been general manager of the Great Eastern Railway, a position he resigned by cable yesterday.

Statement by Premier
The objections which had been raised to the Government going out of Canada to secure an executive head of the National system were answered by Premier King in the course of a statement to the Canadian Press following the appointment of Sir Henry Thornton and the other members of the board.

As Umpire.
"What the system really needs," declared Mr. King, "is a big, capable man from the outside to act as an umpire and to see that the whole thing is properly administered. I think we have found that man in Sir Henry Thornton, who has an excellent record as a railwayman and whose integrity is highly praised everywhere."

SEAPLANE FLIES TO DETROIT FROM HAMPTON ROADS

Waterloo, N.Y., Oct. 5.—The N.C.2, an ex-boat from Hampton Roads to Detroit, left Alexandria Bay for Detroit at 8 a.m. to-day on a non-stop flight. The seaplane, in command of Lieut. Commander Cecil and a crew of eight officers and men, stopped at Alexandria Bay yesterday for gasoline and oil.

AGREEMENT WILL BE SIGNED AT MUDANIA TO-DAY, SAY REPORTS

Paris, Oct. 5.—A special dispatch from Ankara says orders have been issued to the Turkish military commands to evacuate the neutral zones in Asia Minor immediately. The Turkish cavalry already has begun to withdraw from the Dardanelles section.

Paris, Oct. 5.—An agreement has been reached by the conference of Allied and Turkish military leaders at Mudania and will be signed some time to-day, according to private dispatches received here.

The main lines of the agreement, says The Figaro, are:
First—The British and Turks both to withdraw from the neutral zone on the southern shore of the Dardanelles, the British to Gallipoli and the Turks behind the line formed by the rivers Granicus and Salamander.

Second, the Turks agree that the Allies shall remain in Constantinople during the peace negotiations on condition that Kemalist civil authorities are also installed there.

Third, the Greek army to evacuate Thrace within ten days. If the Greek Government refuses to give the necessary orders, the Allied fleets are to blockade the Greek ports and the Kemalist forces to cross the Dardanelles and drive the Greek troops out of Thrace.

The dispatches do not say whether the Greek representatives accepted these conditions.

Constantinople dispatches late last night said the Mudania conference was on the verge of an agreement on points of principle of 5,000 people. The Greek Government refuses to give the necessary orders, the Allied fleets are to blockade the Greek ports and the Kemalist forces to cross the Dardanelles and drive the Greek troops out of Thrace.

So extensive are his plans, that his work in China will take him several months.
News received from China since the early days of the World War has been for the most part of a doubtful character. This has been particularly true when matters of government were being outlined. Not only has the Associated Press found it difficult to get at the real facts underlying much that has taken place in that country, but in metropolitan centres daily newspapers also have been unable to do so. A good many of them, from time to time, have sent their own representatives to China, at enormous expense, and in that way have been able to keep a part of the United States and Canada reliably informed. The Associated Press, also at great expense, has had its special agents in that field, with equally satisfactory results.

Must Know China Better.
It is now desired to build up in that country a permanent local staff that will supply the people of United States and Canada with information that will be reliable and not lean toward any one of the hostile factions into which China is divided.

In order that such a result may be attained, it is necessary for Mr. Noyes to make the present trip. The Chinese people know he is coming and will give him all possible assistance, for they realize that the future of their country depends largely upon the attitude the people of the two countries on this side of the Pacific assume toward it.

MEN IN GREECE ARE CALLED TO THE COLORS

Constantinople, Oct. 5.—A message from Athens says the Greek Government has ordered general mobilization of the classes of 1917 and 1918. It also has cancelled all leaves.

U. S. OFFICIALS AWAIT REPORT ON TURKISH ATTACK

Washington, Oct. 5.—The report that an American destroyer was bombed by the Turks while taking off refugees at Alvali, a town north of Smyrna, first carried in a Reuter dispatch from Athens, is repeated in a dispatch from Athens received to-day by the Greek Legation here.

GEN. NIDER IS NEW LEADER OF GREEK ARMY

Athens, Oct. 5.—General Nider has been appointed commander-in-chief of the Greek army. The Government hopes further to reinforce the army through the popular call for volunteers.

TOLL OF LIFE TAKEN BY ONTARIO FIRES AND MANY HOMELESS

Deaths in Lake Temiskaming Region Estimated Between Fifty and 100; Thousands Have Lost Homes in Forest Conflagrations.

North Bay, Ont., Oct. 5.—(Canadian Press Staff Correspondent)—There are many reports of great loss of life at a dock at Haileybury, on Lake Temiskaming. The story is that in fighting for places on the boat to get away from the big forest fire, many were crowded into the water when the boat pulled away.

Michael Burns, of Mount St. Patrick, Renfrew County, who with his wife and five children were rescued from their blazing home in Haileybury, thought there would be considerable loss of life, while A. P. Whitter, of Toronto, a traveler for Swift & Company, believed the death list would be fifty to 100. Mr. Whitter was badly burned about the arms and hands in North Cobalt in rescuing people from burning houses.

There is another story that refugees crowded the Roman Catholic church in Haileybury and that when the flames hit it, a panic followed and a number were hurt, and one man insisted that some were killed.

The T. & N.O. Railway is selling transportation, with the understanding that it will carry the people only as far as the rails are possible. Thus burning freight cars twisted the tracks so that the motor scooters sent out to explore the devastated district are unable to make much progress.

T. J. Meagher, clerk of the court at Haileybury, which was in session with Mr. Justice Orde presiding when the fire broke out, stated that P. A. Cobalt and his wife were trapped in a burning building in that town and lost their lives. The judge and all those in court escaped.

These fires are not contiguous to the sweep of flames which destroyed other property.

Cattle Burned.
It is taken for granted that many hundreds of cattle have been burned. No definite reports have been received of the loss to the mines although thousands of acres dangerously near several of them. Miners and villagers are fighting to keep the flames away from Beaver and Temiskaming mines in Colwan Township, while the Buffalo and Hudson properties are also said to be in danger.

Relief Measures Without Delay
Toronto, Oct. 5.—The Northern Ontario Fire Relief Commission, which functioned in the fire of 1918 and which still has funds, held a session last night and, as a result of co-operation with the Ontario and Federal Governments, has arranged to send from Toronto this morning carrying tents, 10,000 blankets and a good supply of food for the fire sufferers seeking refuge in North Bay.

Thirty special provincial policemen have been sent to assist in taking care of the situation.

Assistance is Given by Army
Ottawa, Oct. 5.—Hon. G. P. Greenham, Minister of Defence, has wired instructions to the officer commanding the Toronto military district to send all available assistance to the sufferers from forest fires.

Thousands are Now Homeless
North Bay, Ont., Oct. 5.—(Canadian Press Staff Correspondent)—The fire which yesterday afternoon laid waste the towns of Haileybury, North Cobalt, Thornloe, Heaslip and Charlton and partly destroyed New Liskeard and Englehart, has left homeless approximately 5,000 people. Haileybury had a population of 3,500, North Cobalt 1,000, Thornloe 500, Heaslip 100 and Charlton 500, while it is estimated 200 people lost their homes in New Liskeard and another 200 in Englehart.

For Fifty Miles.
The fire extends over a distance of approximately fifty miles. Any estimate of the property loss would be a guess of vague proportions. The first relief train arrived here from Cobalt at 7 o'clock this morning carrying 500 refugees. They were immediately taken by autos provided by people of the town to the various churches and public buildings, and from there to private homes thrown open to them. In any case no one is suffering except that two women lost their lives in Haileybury, as well as a little girl.

Two Women and Girl Lost Lives
There are various rumors as to loss of life, but as far as the T. & N. O. Offices have been informed there is no definite word of actual casualties except that two women lost their lives in Haileybury, as well as a little girl.

Cobalt Safe.
This morning the wind is from the northwest and it is believed here the town of Cobalt, after a night of continual danger, is for the moment safe. All night the outskirts of that town were guarded by citizens against the advance of the onrushing flames.

What made the fire all the more disastrous was the speed with which it covered the territory. Haileybury was hit at four o'clock and by six o'clock only ten or twelve scattered buildings were left, most of these being on the northern outskirts.

Hospital Patients Were Taken Away
The big new courthouse, the pride of the mining district, was completely destroyed, as was also the Roman Catholic bishop's palace, the Roman Catholic Cathedral and the Anglican, Methodist, Presbyterian and Baptist churches. The Sisters of Providence Hospital was destroyed, but it is understood all the patients were removed by autos to Cobalt.

Railway's Loss.
George Lee, chairman of the T. & N. O. Railroad, announced this morning that his railroad lost fifty loaded freight cars and five stations, including those at North Cobalt and Haileybury.

British Steadiness Saved Situation
Fate Similar to Smyrna's Threatened Constantinople
British Expenditure Only for Movement of Troops
(Dominion News Bureau.)
London, Oct. 5.—High authority sponsors the statement that the recent situation at Constantinople was much more critical than was generally supposed. The neutral zone had been marked out with British, French and Italian flags, when suddenly Paris and Rome ordered the withdrawal of their troops by cable, with the result that the British troops found themselves alone and most of the boundary flags gone.

It was the British resolution to fight alone if necessary that saved the situation. The British Cabinet feared Constantinople would meet the fate of Smyrna, the danger of which was greatly increased by the existence there of petrol in large quantities. It formerly took time to fire a city, but now with a touch of a button a whole city ablaze in a very short time.

With Britain steadily working for peace, not on a single British soldier, sailor or airman has been called up, and the costs incurred have been solely for the maintenance and removal of troops.

CROWN PRESSES

OUTSTANDING CASE

The hearing of Rex versus Cook commenced in the County Court to-day before His Honor Judge Lammiman, George J. Cook, a resident of Esquimalt, in the appellant, seeking a release from a prison sentence of six months upon conviction in the Esquimalt Police Court on a charge of selling beer on April 15, C. L. Harrison acts for the Crown, and the accused appears for himself in person.

The opening of the proceedings to-day Cook asked for an adjournment, stating he was not ready to go on. The applicant further said he had "been advised to stay away" from the proceedings. C. L. Harrison pressed for the continuance of the hearing, saying the Crown wished to dispose of the appeal which had been dragging for several months without progress.

Cook submitted certificates from two doctors to the effect that his wife was pregnant and that he had been advised to stay away from the proceedings. The Crown urged that the appellant had been imposed, and could not be a material witness to the issue. The same excuse had been raised in the lower court, continued Mr. Harrison.

At this stage the respondent submitted evidence upon which the convicted appellant was released from a prison sentence of six months upon conviction in the Esquimalt Police Court on a charge of selling beer on April 15, C. L. Harrison acts for the Crown, and the accused appears for himself in person.

POLITICAL BROADCASTINGS

'Flu germs were among the host of visitors who called on Premier Oliver in his office yesterday.

The result is that the Premier to-day had a voice that would scarcely work, and a general feeling of discomfort. Partly wrapped up in shawls, he appeared at his office in

MANSON BILL PROVIDES EASY AND QUICK WAY TO END CAR FARE DISPUTES

Attorney-General Manson to-day completed the draft of the bill which he will introduce in the Legislature next month for the regulation of passenger rates charged on the street cars of the B. C. Electric Railway Co. in Victoria, Greater Vancouver and New Westminster.

Action by the B. C. Government has been made necessary through the B. C. Electric being removed from control of the Dominion Railway Board and put under the Province, as urged at Ottawa recently by Premier Oliver.

Under the bill no permanent Public Utilities Commission will be appointed to govern fare disputes with municipalities, but the Government will appoint a commission or a sole commissioner under the Public Inquiries Act for services into all matters relating to the nature and quality of the passenger service of the company or to the performance of the service and the rates charged.

The Government will appoint such a commission upon application in writing of a municipal council affected or from not less than 100 provincial voters residing in a district affected, but without municipal organization, or from the company.

Fair Return for Company.
The commission will have complete jurisdiction over the fares for passenger service.

In considering rates, the commission, the bill says, is to "have due regard to giving the company a fair and reasonable return on the capital invested in the property of the company and to the protection of the public from rates that are excessive as being more than a fair and reasonable charge for services of the nature and quality furnished by the company" and the "circumstances existing at the time any former rate was made or fixed as well as the circumstances existing at the time of the inquiry."

The company is not to be allowed to give transportation at rates less than the rates established by the commission. Reduced rates for mileage, commutation tickets or excursions and for special cars, per hour, may be arranged.

Freed From Precedent.
"The commission shall make its decision upon the real merits and justice of the case and shall not be bound to follow strict legal precedent," is one clause in the Attorney-General's bill.

The commission is not to be bound by the finding or judgment of any other commission or court, it is provided.

Another provision in the Attorney-General's bill is to do away with any possibility of quibbling over technicalities and delays says: "A substantial compliance with the requirements of this act shall be sufficient to give effect to the order of the commission, and no order shall be declared inoperative, illegal, or void for want of form or for any error or omission of a technical or clerical nature."

Persons who solicit, accept or receive, directly or indirectly, any rebate, concession or discrimination in respect to passenger service of the company in violation of any provision of the act will be liable to fine of from \$20 to \$500.

Provision is made for free carriage or reduced fares for company's officers and employees, policemen, firemen and posties.

MUNICIPALITIES FAVOR ONE BODY TO COLLECT TAXES

Union Opposes Gasoline Tax Suggested by Victoria

Rev. H. T. Archbold Speaks on Social Hygiene

Kamloops, B. C., Oct. 5.—With the hope of concluding its labors by to-night the annual convention of Union of B. C. Municipalities to-day gave its earnest attention to disposing of the large number of resolutions still on the agenda. If the convention should be successful in that regard the coast delegates will leave for home by special car over the C. P. R. to-night. Among the resolutions approved this morning was one from North Vancouver requesting the Union to call a conference of representatives of the province, cities and municipalities, with the object of dividing the field of taxation so that there will be no overlapping between the Federal, Provincial and Municipal Governments.

The resolution called for the collection of all taxes through the one set of offices in each municipality. The resolution was adopted on a close vote.

Gasoline Tax.
A proposal from Victoria urging the Provincial Government to impose a tax of three cents a gallon on gasoline, at least two-thirds of this tax to be returned to the municipalities, aroused considerable discussion. The resolution committee ruled against the proposal, but the Victoria delegates forced the fight on the convention floor, strenuously contending that such a tax would be an equitable way of caring for road building. After spending some time on the matter the convention endorsed the view of the resolutions committee, and voted against the proposal.

To Adjust Grievance.
A resolution tendered by Mayor McHardy of Nelson calling upon the provincial government to care for prisoners discharged in one municipality and haling from another, was unanimously endorsed. It was pointed by Mayor McHardy that Nelson was the only city in that part of the Province possessing a gaol, and that when prisoners were discharged they became a charge on the community. B. C. invitation week was endorsed by the convention on a resolution tendered by Alderman Gibbons, Vancouver.

The Parliament Buildings for a while to put through business that urgently required his attention. Then he went home.

Mr. Bowser has made a public statement explaining away his "private and confidential" letter to the late Premier Brewster in which he offered to agree not to attack or criticize the P. G. E. settlement with Foley, Welch and Stewart, and which has brought him many attacks from Premier Oliver during the last few years.

Mr. Bowser is making public the text of his letter, pointing out that he had merely agreed to take a private position, but was relieved from his promise through the act of Premier Oliver in divulging the contents of the private letter to the deceased Premier.

Conservatives of Wards Three and Four will meet to-night in the Conservative Club, Campbell Street, to organize under the new Liberal-Conservative party formed here since the re-election of Mr. Bowser as leader.

To-morrow night Conservatives of Ward One and members of the Women's Conservative Association will meet to organize and name representatives on the central executive. After this meeting there will be a concert, supper and dance. Major Gus Lyons will attend.

Meeting announced for Oct. 8 of the Women's Conservative Social and Educational Club has been cancelled and will take place on the usual meeting night, Oct. 13, when annual elections will be held and two representatives chosen for the central executive.

Proceeds from alien property sold are to go into a trust fund created for that purpose, stated Hon. A. B. Copp, who is a trustee for alien property in Canada. The Secretary of State expressed his delight in the attractions climatic and otherwise of Victoria. Mrs. Copp accompanied him, the visit being purely a personal one on this occasion.

SECRETARY OF STATE VISITS VICTORIA

Hon. A. B. Copp is Pleased With City

In this city on a brief visit the Hon. A. B. Copp, Secretary of State for Canada, registered yesterday afternoon at the Empress Hotel with Mrs. Copp. The Secretary of State had an audience with Premier Oliver. The party arrived from Seattle and planned to leave to-day for Vancouver.

Interviewed, the Secretary of State expressed his opinion that the Redistribution Bill, to re-allocate the percentage of representation in the Federal House would be brought down at the next session of that Legislature. It would, he said, in that case be one of the outstanding issues.

Proceeds from alien property sold are to go into a trust fund created for that purpose, stated Hon. A. B. Copp, who is a trustee for alien property in Canada. The Secretary of State expressed his delight in the attractions climatic and otherwise of Victoria. Mrs. Copp accompanied him, the visit being purely a personal one on this occasion.

DAWSON SEES MANY CARIBOU

Dawson, Oct. 5.—Tens of thousands of wild caribou are now swarming over the hills, and even through the suburbs of Dawson for a radius of fifty miles. The great herd, which annually treks through this district, is now moving northward. Large herds swimming the Yukon have interfered with the passage of steamers.

The herd is so vast that the hunting of men, women and children, who have provided nearly every home with deer meat for the winter, has made no noticeable effect upon it.

ROTARY AIMS AT HIGHEST IDEALS

District Governor Frank Lamb Addresses Local Club

In an inspiring address, in which he emphasized the fact that every true Rotarian was committed to the highest ideals of citizenship and that he should always remember to apply his thought and energy to this purpose, Frank Lamb, District Governor of Rotary, whose home is in Hoquiam, Washington, was greeted with spontaneous applause at to-day's Rotary luncheon at the Empress Hotel.

Mr. Lamb said that he was glad to be among Victoria Rotarians once again. It was in this city that he received his first inspiration in Rotary. He referred to the high standing of the Victoria Club in Pacific Coast organizations.

Spirit of Pioneer.
"If there is any place where Rotary should be strong and efficient it is in this great Northwest, where there is a big field for the propagation of its ideals. The spirit of the pioneer is still with us, and we can feel its influence. From Prince Rupert to the border of California—we have clubs established and there is no reason why they should not be every Rotary organization, both in numbers and accomplishment of its aims," said Mr. Lamb.

"The speaker referred to the value of punctuality in all things, and the importance of local co-operation on meetings. He spoke also of the evolution of Rotary. The Rotary of to-day was not the Rotary of yesterday, and he urged the organization to keep abreast of the times in thought and action. Greater interest was displayed in the speaker's address than in any of his previous meetings. He spoke of the value of the Rotary system and a feeling of pride on the part of all those connected with it."

It was at a meeting of the Cabinet yesterday that the order-in-Council appointing Sir Henry Worth Thornton, K.B.E., president of the new Board of the Canadian National Railways, and naming the other members of the Board, was announced. It was approved by the Acting-Governor-General last evening.

The Order-in-Council also formally created the Canadian Northern and Grand Trunk lines into the Canadian National system.

The members of the Board are: J. H. Sinclair, ex-M.P., New Glasgow, N.S.; Richard J. Gough, president of the Board, Toronto; James Stewart, general manager of the Maple Leaf Milling Co., Winnipeg; E. R. Decary, Montreal; Frederick P. Dawson, Prince Rupert; Tom Moore, president of the Dominion Trades and Labor Congress, Ottawa; G. A. Bell, Deputy Minister of Railways; and G. G. Ruel, general counsel.

Salary of \$50,000.
A contract was signed yesterday afternoon extending over three years under which Sir Henry Thornton is to be paid \$50,000 a year. Clauses in the contract, it is stated, give protection to both the Government and the new president and general manager of the railways in the event of either side wishing to terminate the agreement before the end of three years.

With British Railway.
Sir Henry Thornton, who is a naturalized Britisher, and a member of the Institute of Civil Engineers, has been general manager of the Great Eastern Railway (England) since 1914, and also engineer-in-chief since 1917. He has been Deputy-Director of Inland Waterways and Docks in England since 1917. During the war he was in charge of the transportation of troops, ammunition and army supplies. He held the title of Assistant Director-General of Movements in connection with the transportation of British and American troops.

He is an American by birth, having been born in Logansport, Indiana. Before going to England, he was in the service of the Pennsylvania Railroad and was division superintendent of various divisions. He was afterwards General Superintendent of the Long Island Railroad, a part of the same system.

He is a railway executive of wide experience. The Pennsylvania Railway system is probably the busiest line in respect to passenger service in the United States.

THORNTON ASKS LOYAL ASSISTANCE

Says Canadian National Railways Can Be Made Successful

Ottawa, Oct. 5.—"In the nationalization of railways the Canadian Government has embarked on an experiment and there is no reason why, with the right kind of administration, the experiment should not be successful," declared Sir Henry Thornton, new head of the Canadian National Railways, discussing his appointment with a Canadian Press representative to-day.

"The National Railways," he added, "can not be made a success as the sole result of one man's work. There must be local co-operation on the part of all those on the National Railways, from the highest to the lowest. We want to excite a feeling of loyalty to the Canadian National system and a feeling of pride on the part of all those connected with it."

It was at a meeting of the Cabinet yesterday that the order-in-Council appointing Sir Henry Worth Thornton, K.B.E., president of the new Board of the Canadian National Railways, and naming the other members of the Board, was announced. It was approved by the Acting-Governor-General last evening.

The Order-in-Council also formally created the Canadian Northern and Grand Trunk lines into the Canadian National system.

The members of the Board are: J. H. Sinclair, ex-M.P., New Glasgow, N.S.; Richard J. Gough, president of the Board, Toronto; James Stewart, general manager of the Maple Leaf Milling Co., Winnipeg; E. R. Decary, Montreal; Frederick P. Dawson, Prince Rupert; Tom Moore, president of the Dominion Trades and Labor Congress, Ottawa; G. A. Bell, Deputy Minister of Railways; and G. G. Ruel, general counsel.

OBITUARY RECORD

Mrs. Adelaide C. Hollins died in the city yesterday at the age of 72 years. She was born in the State of Maine, United States, and was married to the late Mr. Alfred Hollins was Mrs. John Gough, a resident of this city, from whose funeral will be held to-morrow at 2 o'clock, interment will be made in Ross Bay Cemetery.

The remains of the late Mr. S. D. Hines, who passed away at Rose Harbor, Queen Charlotte Islands, on September 29, are resting at the B. C. Federal Chapel, and due notice of the funeral will be given.

The funeral of the late Olofor Simundson, who died at the residence of his daughter, Mrs. E. Grotzke, 1418 Pembroke Street, took place this morning. Rev. P. E. Balsler conducted the impressive service at the Sands Funeral Chapel, the hymns being "Nearer, My God, to Thee" and "Rock of Ages." The pallbearers were: J. Hall, T. K. Anderson, G. Crowther and J. Scalling. Interment was made in the family plot in Ross Bay Cemetery.

NEW SITUATION DECLARED SERIOUS

Near Eastern Conference Causes British Cabinet to Meet

London, Oct. 5.—So serious a new situation has arisen in the Near East that the British Cabinet, after a session of two hours this evening, will meet again to-morrow morning, it was stated in official quarters. It was not at all clear, it was declared, that the Mudania conference had reached anything like a satisfactory conclusion.

Constantinople, Oct. 5.—General headquarters reports the appearance of Turkish Nationalist cavalry at Kandra, in the Constantinople neutral zone.

Kandra is approximately sixty-five miles east of Constantinople, near the Black Sea coast of the Ismid Peninsula.

This is the first reported violation by the Kemalists of the Constantinople neutral zone, although Turkish cavalry has repeatedly violated the neutral zone around Chanak, on the southern shore of the Dardanelles. The Ismid Peninsula offers the only direct approach to Constantinople for land forces.

Conference October 20.
London, Oct. 5.—The Turkish Nationalist Government at Ankara has replied to the Allied note agreeing to send representatives to negotiate peace between Turkey, Greece and the Allies, and suggesting that the peace conference meet October 20 in Smyrna.

The British Cabinet sat for hours this evening discussing the Near East, after which the Government spokesman stated many serious difficulties were being encountered in connection with the Mudania conference and that under these circumstances the Cabinet had not yet taken the Ankara plea under consideration.

Amsterdam, Oct. 4.—The International Federation of Trade Unions, with which are affiliated the central trade unions of various countries aggregating 20,000,000 members, has called a world peace conference for December 15, having the character of an international peace demonstration.

No place for the conference has yet been named.

AGITATION IN PUNJAB GROWS

Allahabad Paper Says It Is Revolutionary

London, Oct. 5.—(Canadian Press Cable)—The Daily News of Allahabad, India, says a Reuter dispatch, states that the daily reports from the Punjab show that the Akali agitation is rapidly developing into a formidable revolutionary movement. The gravity of the situation was recently increased by secret broadcast propaganda throughout India including the Indian regiments. Although heretofore no call has been openly made on the Sikh soldiers, a most undesirable impression has been made on them and this is the cause of much anxiety to the authorities. The implacable attitude of the Indian Moslems, led on by Hindu extremists, is adding to the seriousness of the situation.

Conference.
The paper says it understands that the All-India Central Committee is inviting the Government of Ankara and Constantinople, Iraq, Egypt, Persia and Afghanistan and other Moslem countries to send delegates to a conference at Gaya, Bengal, in December.

CONFERENCE RAISES HOPES IN LONDON

Favorable Final Report From Mudania Awaited

London, Oct. 5.—The reports of the first two days' proceedings of the Allied generals' conference of the Turkish Nationalists at Mudania have produced a sanguine feeling here some believing that an armistice clearing the way for a peace conference is already assured.

It was even reported yesterday that a protocol establishing an armistice had been signed, but authentic confirmation of this is lacking. The latest information to the Associated Press, contained in a dispatch which left Constantinople shortly before midnight, was to the effect that the question of Thrace was still barring the way to a settlement.

Maritza River Line.
While the Allies have agreed to turn over Thrace to the Turkish army in thirty days, they have not acceded to the Turkish request that the western line of the Maritza river be occupied by Allied troops as a protection against a Greek tank attack on the Turkish occupying army.

The determined attitude of the Greek army and the new Athens Government is also to be reckoned with. Colonel Papadimitriou, chief Greek delegate, made it plain to the other conferees that the Greek military leaders were determined to resist every attempt to restore Turkish sovereignty over Oriental Thrace.

Unity of Purpose.
The Times, commenting with satisfaction on the early proceedings of the conference, emphasizes the view that the only foundation upon which stable government can be erected and preserved is the unity of purpose and action which inspired the Allied joint note to the Ankara Government.

CORRESPONDENTS SEND PROTEST TO HARRINGTON

Paris, Oct. 5.—The joint committee of the Anglo-American Press Association of Paris and the International Association of Journalists accredited to the League of Nations has cabled General Harrington at Constantinople protesting against discrimination against the British and American journalists. These newspapermen were forbidden to go to the conference at Mudania, it was pointed out, while it was understood the correspondents of other nationalities were allowed to proceed there to report the conference.

HERBERT HOOVER ILL

New York, Oct. 5.—Herbert Hoover, Secretary of Commerce, who was to have addressed the annual convention of the American Bankers' Association to-day, was unable to do so on account of illness, it was announced by President B. McAdams.

Why eat Tasteless Food?

The ordinary hash or stew has lost its savour in its first cooking. Put a little Bovril in. Bovril is the most tasty food in the world. Its rich savouriness is the gourmet's delight. Have a better dinner—it's so easy with Bovril.

Put a little **BOVRIL** in

VIRGINIA VALLI,
MATT MOORE and
JOSEF SWICKARD

A tough log cabin hidden away in
the Canadian mountains, almost
buried under a sea of snow that
stretched for miles and miles, for
two men, not a chance in the world
for their escape for four months. Sur-
prisingly, a situation bordering on the
primitive, and one replete with inter-
esting possibilities. On this plot was
written the greatest stage success
of history—"The Storm"—which
shattered all records in New York
City, and is now duplicating that
success on the screen. It is one of
the most powerful and human pic-
tures that we have shown.

MIX STARRING
IN NEW ROLE

Appears at Columbia in Stir-
ring Story

The title of a William Fox photo-
play is generally a good guide to the
sort of entertainment in store for one.
This is especially true of the photo-
plays in which Tom Mix, the popular
star, is featured. Therefore, with the
announcement from the management
of the Columbia Theatre that the lat-
est Mix picture, to open at that the-
atre to-day, is titled "The Fighting
Streak," local photoplay fans can look
forward to plenty of action and ad-
venture. According to reports from
points where it has already been
shown, this play is even better than
"Sky High," a recent Mix release
that created a sensation.

"The Fighting Streak" is a title
that can be interpreted in several dif-
ferent ways. But every one of them
connotes abundant action and enter-
tainment—especially in conjunction
with the name of Tom Mix. In this
instance it is a story of a brawny
young blacksmith in a small western
town who is forced by taunts and cir-
cumstances to show the fighting
streak within him, after vainly trying
to avoid trouble because of his prom-
ise to a dying mother. When he
finally does "see red" and open upon
his bullying tormentors, the result is
disastrous for them and sends him
off into the hills as an outlaw with a
price on his head.

But there comes the saving por-
tion of a beautiful girl and another stir-
ring twist to the story which is
declared will delight every photoplay
fan.

ROYAL VICTORIA

Volumes could be written about
plays which have, for some reason or
other, remained in their writers' trunks
for years, before coming to the
light and scoring real successes.
"Tribly," "Peter Ibbetson" and "The
Storm" are conspicuous examples.
The last named has been filmed and
the pictured version is being pre-
sented with great success at the Royal
Victoria Theatre. "The Storm" version
was first presented in Atlantic City
twelve years ago—and was promptly
taken off to be rewritten.

Langdon McCormick, the author,
being engaged with other things,
principally experiments in scenic and
electrical stage effects, the manu-
script was laid away in his trunk

De Mille shows you in this picture—the greatest he ever made. With Lorraine Jay the
society beauty who sets the fastest pace and Tom Meighan the man who loves her.

SEE WHO'S HERE,
OUR OLD FRIENDS

"THE BING BOYS"

Joymakers of London's Early
War Days Return Under
Hincks

And They Bring All the Favor-
ite Revue Songs With
Them

It was like Einsteining back to
the hectic days of the early part of
the war in London to see and hear
the Bing boys at the Playhouse last
night opening their double-week run.
Reginald Hincks himself and Ernie
Petch with big bow ties and out-
grown trousers played the parts of
the two favorite musical comedy
characters of hundreds of thousands
troops and others who crowded a
prominent West End theatre in those
days.

Eva Hart, dainty little Lorna
Greenhills and sweet Marie Mc-
Laughlin, as well as Hincks, Petch,
Archie M. D. Fairbairn, Frank Al-
wood and Dave Dumbleton, bring
back the songs of this revue which,
everybody was humming through-
out the English-speaking world in
the times between departures of con-
tingents for the big fight—such as
"If I Were the Only Girl in the
World," "Another Little Drink," "Let
the Great Big World Keep On Turn-
ing," "Come and Dance With Me,"
and the "Kiss Trot."

Bob Webb is in the show, but for
once he is not allowed to say a word.
The only thing they will do is to let
him light match after match in an
effort to get his pipe going. He is
only an old Trafalgar Square sand-
wich board man, plastered fore and
aft with pictures of revue favorites
which are mostly legs and little dresses.

The feature divertissement of the
Playhouse production are the dance
turns of pretty and fairy-like Roberta
Balcon in the revue role of Topsy
Pavlova. She, of course, as all Vic-
toria shows, is delightful in her
dancing.

Under the direction of Regie
Hincks and Stewart Clark some
snappy and appropriate comedy and
stage business was arranged.
[As a curtain raiser to the main
show there is presented "The Burg-
lar and the Girl" in one act. "Cecelia
Martin" known as the "hysterical
the footlights as Mrs. D'Arcy Martin,
is the girl and tu-u-u-r-r-r-ible,
booming-voiced Bob Webb the bur-
glar. It is quite thrilling and en-
tertaining.]

To ease the nerves between that
and the Hincks-Petch fun, Drury
Pryce gives some high class and
much-applauded violin solos.

"KINDRED OF THE
DUST" COMING TO
ROYAL NEXT WEEK

The manner in which motion pic-
ture actors cheerfully risk the
lives in the interest of art is graphi-
cally portrayed in "Kindred of the
Dust," which is coming to the Royal
Victoria Theatre on Monday next for
a six-day run.

Raoul A. Walsh is the producer
of this Associated First National at-
traction, which is based on the novel
by Peter B. Kyne. The story first
appeared in the Saturday Evening
Post, and gained instant popularity.
Miriam Cooper plays the leading role
of "Nan of the Sawdust Pile."

Many of the scenes were "shot"
in the Northwest, where the locale of
the story is laid, and during one of
them Ralph Gray, the leading man,
was called upon to rescue W. J.
Ferguson from the midst of a log
jam, which was headed straight for
a waterfall.

Those on shore held their breath
in constant fear lest the men should
fall between the massive logs and be
drowned. So terrific was the scene
that when it was over and the two
actors reached shore in safety some
of the spectators were weak from
fright.

The thrills, faithfully registered by
the camera, have created wide-spread
comment among motion picture the-
atregoists.

HISTORIC FEATURE
POINTS TO ROME IN
NEXT DOMINION FILM

"The most lavish scene since "Joan
the Woman."
That is what is said of the Roman
bath scene recently staged by Cecil
B. DeMille for his latest Paramount
production of "Man-Slaughter."

Several years ago, the same produc-
er gave to the screen his classic tale
of the Maid of Orleans. At that time
thousands of "extras," clad in the
picturesque costumes of the period,
were to be seen daily around the
studio, and on the massive sets
created for that picture.

Since that date there have been
many huge scenes filmed at the West
Coast home of Paramount Pictures.
Hundreds and even thousands of peo-
ple have worked simultaneously be-
fore the cameras. But it remained
for Cecil B. DeMille to again set a
new mark for sheer, spectacular
splendor. And he did it with the Ro-
man scenes in "Man-Slaughter."

The episode, which is used to point
a powerful moral, shows Rome just
before the Fall—pagan Rome with all
of its licentiousness and debauched
beauty. At the height of the revel-
while the guests, the dancers and the
guards slumber in drunken stupor—

FREE AT LAST OF
KIDNEY TROUBLE

"Fruit-a-lives" Brought Her
Health and Strength

624 Champlain St., Montreal.
"For 3 years, I suffered constantly
from Kidney Disease and Liver Trou-
ble. My health was miserable and
nothing in the way of ordinary medi-
cine did me any good.

"Then I started to use 'Fruit-a-
lives' and the effect was remark-
able. All the pains, Headaches, Indiges-
tion and Constipation were relieved,
and once more I was well.

"All who suffer from such troubles
should take 'Fruit-a-lives.'"
—Madam HORMIDAS FOISY.
—50c a box, 5 for \$2.50, trial size 25c.
At dealers or sent postpaid by Fruit-
a-lives Limited, Ottawa.

the barbarian hordes storm the gates
and pillage, burn and destroy every-
thing in the path.

Leatrice Joy, in the role of the pa-
trian hostess of this bacchanal and
Thomas Meighan as the leader of the
barbarians have the principal roles in
this as with Lois Wilson, they have
in the major portion of the actual
story of "Man-Slaughter."

Credit for the stately settings goes
to Paul Irlbe, art director for Cecil B.
DeMille production, who also con-
tributed to the designing of the hun-
dreds of colorful costumes. An elab-
orate ballet trained by Theodore Kos-
loff especially for this occasion fig-
ured prominently in the action of this
portion of the picture.

Jeanie Macpherson, who adapted
Alice Duer Miller's story for the
screen, spent many weeks in research
work preparing for the actual filming
of these scenes. Several famous
paintings, including the "Thumbs
Down" depicting the end of
gladiatorial combats were literally re-
produced by the producer and scenar-
ist. "Man-Slaughter," which is Cecil
B. DeMille's most masterful and
ambitious work, is the Dominion's at-
traction next week.

COMMISSION ON
DEBTS IS AT WORK

British Papers and U. S.
Treasury Officials
Comment

McKenna's Statement
Smooths Way for Horne

Washington, Oct. 5.—The sugges-
tion of Rt. Hon. Reginald McKenna,
former Chancellor of the British Ex-
chequer, before the American Bankers'
Association in New York of the
desirability of definite postponement
of any payments to this country on
war debts by foreign nations—except
Great Britain until the amount such
nations could ultimately pay could be
determined—was regarded at the
Treasury to-day as merely stating the
status quo of negotiations by the
Debt Funding Commission so far as
interest is concerned.

With respect to the possibility of a
reduction of the principal of foreign
debts as suggested by the British
financier, high Treasury officials de-
clared the Debt Commission was en-
tirely governed by the wishes of Con-
gress, which in the present law only
authorized the Commission to arrange
for the payment of the war-time ob-
ligations upon suitable terms.

British Comments.
London, Oct. 5.—Rt. Hon. Reginald
McKenna's address before the
American Bankers' Association yester-
day in New York yesterday in
given prominence to the subject of
this morning's London newspapers, and
is the subject of much editorial com-
ment, mostly appreciative.

The Daily Telegraph thinks the
former Chancellor's statement will
smooth the path for Sir Robert
Horne, present Chancellor of the Ex-
chequer, when he arrives in the
United States to discuss the question
of inter-Ally debts.

Treasury officials and the Debt
Funding Commission.
It regrets, however, that Sir Robert
McKenna's visit was not timed to precede
the adoption of the Fordney tariff
bill, "when the British point of view
might have been urged with a rather
better chance of its influencing
American opinion."

POSTAL AREA
PLAN DISCUSSED

Mapping of Cities Debated at
Ottawa Postal Conference

Ottawa, Oct. 5.—Plans for the
division of the large Canadian cities
into postal areas, following the
system in vogue in the large
European cities, were submitted yester-
day at the closing session of the
conference of Dominion postal of-
ficials.

E. J. Underwood, Chief of the
Post Office Division, Postal Service
Branch, Ottawa, who submitted the
scheme, argued that by the adoption
of postal area, delivery of mail
would be expedited.

Postal officials from Calgary, Van-
couver, Winnipeg, London and
Hamilton did not think division of
their cities into postal areas could be
undertaken with advantage at the
present time. In the western cities
particularly, where development was
rapid, it was argued, maps would
quickly be out of date and have to
be revised.

2,215,000 BOXES
OF APPLES 1922
OKANAGAN CROP

Vancouver, Oct. 5.—The apple
crop in the Okanagan district will
amount to 2,215,000 boxes, according
to a survey by Government officials.
The total fruit output of the district
is expected to reach 4,900 carloads.

RAILROAD STRIKE
SETTLEMENT IN U. S.

Eighty-three Systems Have
Agreed With Shopmen

Chicago, Oct. 5.—Eighty-three
railroads of the United States,
operating approximately 65,000 miles
of line and employing between 125,-
000 and 130,000 members of the
federated shop crafts, have settled
the shop craft strike with their
system federations, according to a
special bulletin sent to-day to all
members of the organization over
the signature of B. M. Jewell, presi-
dent. The latest addition to the
settling roads were the Fort Smith
& Western, the Georgia, Florida and
Alabama and the Chicago Great
Western.

FAVORS NEW PLAN
OF DISTRIBUTION

Vancouver Hospital Board
Recommends Change in
Liquor Profits Allocation

Kamloops, B.C., Oct. 5.—In the re-
solutions committee of the Union of
B.C. Municipalities last night, J. J.
Banfield, of the Vancouver General
Hospital Board, conferred with the
delegates, and a sharp division of
opinion developed. The hospital peo-
ple asked for their full 25 per cent of
the liquor profits and payment by the
outlying municipalities of the usual
\$2.50 a day for non-paying patients.
To this the municipal people objected,
claiming that the 25 per cent would
probably give the hospitals a profit
and encourage extravagance. They
argued that as the money was origi-
nally granted for relief to municipali-
ties, that the councils should have
the liberty of disposing of the whole
liquor profits apportionment as they
saw fit, providing the hospitals in-
sisted upon the \$2.50 per patient per
day.

The proposal of the afternoon ses-
sion was also rejected, and the resolu-
tion which will come before the
convention in the morning will throw
the whole issue into the discretionary
powers of the executive, who are di-
rected to guard the interests of the
municipalities closely at the coming
session of the Legislature, while al-
lowing the hospitals just treatment.
The public utilities resolution has not
yet made its appearance before the
convention, on account of the differ-
ences of opinion and the fact that the
Government has announced its policy
in favor of independent arbitration of
each dispute.

NEW CABINET IN
CZECHO-SLOVAKIA

Antonin Svehla Becomes Pre-
mier of Country

Prague, Oct. 5.—A new cabinet
made up of the heads of all the im-
portant political parties has virtually
been formed, with Antonin Svehla,
leader of the Agrarian Party and
Minister of the Interior in the first
Czecho-Slovak Government, as Pre-
mier.

Dr. Eduard Benes, former Premier,
remains in the new Cabinet as Min-
ister of Foreign Affairs. The new
ministry is regarded as the strongest
since the creation of the republic.

TEN MEN HURT
IN EXPLOSIONS

Film Exchange Fire in San
Francisco

San Francisco, Oct. 5.—Ten peo-
ple were injured in a double ex-
plosion and fire here last night.
Several film exchanges were wiped
out and property loss running into
thousands of dollars was suffered.
The explosions, caused by chemicals
in the basement of a film exchange,
shook buildings for several blocks.
In the Granada Theatre, across from
where the explosion occurred, the
audience was thrown into a near
panic but no one was hurt. Two
firemen were reported seriously in-
jured.

ICING
Recipe for
Mrs. S.

A woman in Grandview has
asked us for an uncooked icing
recipe. Thinking that perhaps
several others might like to have
it, we give it here. It is a home
recipe:
To 1½ cups icing sugar add 2½
tablespoons of Pacific Milk,
tablespoons of melted butter and
about a teaspoon of vanilla.
Work until perfectly smooth and
spread on cake or anywhere
icing is desired.
If this does not meet your need,
Mrs. S., please write again.

THE NEW RAILWAY HEAD.

The announcement of the appointment of Sir Henry Thornton to the presidency of the new Canadian National Railways Board will come as a pleasing surprise to the Canadian people.

FIRES IN ONTARIO.

How forest fires which have been burning in Northern Ontario for weeks past could have made sufficient progress to attack and burn out a number of communities of several thousand inhabitants will strike the average individual in this Province as nothing short of inexplicable.

NOTE AND COMMENT

It is reported that Greece has called up recruits of the 1917 and 1918 class. She had much better leave herself to the Allies and do nothing to make her own economic and political condition worse than it is.

LOOKS HOPEFUL.

Although there is no official confirmation of an armistice agreement having been reached at Mudania all indications point towards an amicable preliminary to the subsequent peace conference.

Athens will strengthen the attitude of the Allied representatives at Mudania. France's purpose is obviously served by unstable conditions in the country which has had to take defeat at the hands of the French.

H. G. WELLS' FAMOUS OUTLINE OF HISTORY The Romance of Mother Earth

TO-DAY'S INSTALMENT—22 Remains of a Forgotten People

It will be of interest here to give a brief account of the life of the Neolithic people before the appearance of metal. We get our light upon this life from various sources. They scattered their refuse about, and in some places (e.g., on the Danish coast) it accumulated in great heaps, known as the kitchen-middens.

They buried some of their people, but not the common herd, with great care and distinction, and made huge heaps of earth over their sepulchres; these heaps are the barrows or dolmens which contribute a feature to the European, Indian and American scenery in many districts to this day. In connection with these mounds, or independently of them, they set up great stones (megaliths), either singly or in groups of which Stonehenge in Wiltshire, and Carnac in Brittany are among the best-known examples. In various places their villages are still traceable.

The "Lake Dwellers."

One fruitful source of knowledge about Neolithic life comes from by the very dry winter of 1854, when the water level of one of the lakes, sinking to an unheard of lowness, revealed the foundations of prehistoric dwellings of the Neolithic and early Bronze ages, built out over the water after the fashion of similar homes that exist to-day in Celebes and elsewhere.

Not only were the timbers of these ancient platforms preserved, but a great multitude of wooden, bone, stone and earthenware utensils and ornaments, remains of food and the like, were found in the peaty accumulations below them. Even pieces of net and garments have been recovered.

Similar lake dwellings existed in Scotland, Ireland and elsewhere—Glastonbury in Somersetshire and Ireland lake dwellings were inhabited from prehistoric times up to a few days when O'Neill, of Tyrone, was fighting against the English, before the plantation of Scottish colonists to replace the Irish in Ulster in the reign of James I. of England. These lake villages had considerable defensive value, and there was a

sanitary advantage in living over flowing water.

Strange Monuments.

Probably these Neolithic Swiss pile dwellings did not shelter the largest communities that existed, at least in days. They were the homes of small patriarchal groups. Elsewhere upon fertile plains and in more open country there were probably already much larger assemblies of homes than in those mountain valleys.

There are traces of such a large community of families in Wiltshire in England; for example, the remains of the stone circle of Avebury near Silbury mound were once the "finest megalithic ruin in Europe." It consisted of two circles of stones surrounding a larger circle and a ditch, and covering altogether twenty-eight and a half acres. From it two avenues of stones, each a mile and a half long, ran west and south on either side of Silbury Hill. Silbury Hill is the largest prehistoric artificial mound in England.

The dimensions of this centre of a faith and a social life now forgotten altogether by men indicates the concerted efforts and interests of a very large number of people, widely scattered though they may have been over the west and south and centre of England. Possibly they assembled at some particular season of the year in a primitive sort of fair. The whole community "lent a hand" in building the mounds and hauling the stones. The Swiss pile dwellers, on the contrary, seem to have lived in practically self-contained villages.

These lake-village people were considerably more advanced in methods and knowledge, and probably much later in time than the early Neolithic people who accumulated the shell mounds, known as kitchen-middens, on the Danish coast. These have been as early as 10,000 B.C. or earlier; the lake dwellings were probably occupied continuously from 5,000 or 6,000 B.C. down almost to historical times. Those early kitchen-midden people were among the most barbaric of Neolithic peoples; their stone axes were rough and unpolished, and domesticated animal except the dog.

The lake-dwellers, on the other hand, had, in addition to the dog, which was of a medium sized breed,

Walls were erected to fill vacancies in the executive.

The unemployment committee reported that thirteen members had been found work, and the membership committee reported that eleven members had been signed on since the last meeting.

Colonel Robertson and Colonel Ross explained to the meeting the Committee's scheme, and the Legion unanimously agreed that it should become affiliated with the movement.

The matter of pensioners being called up to attend before the board without receiving compensation for the time lost was discussed. Formerly an award scheme was made for this but now ex-service men attending before the board lose time and money by so doing and receive no allowance whatever.

Comrade A. E. Kidner presided at the meeting. It was announced that there would be another smoker on Saturday night next commencing at eight o'clock, when there will be a good programme of music, and some of the most popular artists in the city will assist.

CHRISTIANITY NEED WILL CELEBRATE OF BRITISH INDIA ARMISTICE DAY

Scourges and Ignorance Need Religious Cure, Says Mission Worker

That out of over 300,000,000 British subjects in India only 6,000,000 were Christians was the statement made by Miss Dorothy Kilpatrick, B.A., daughter of the Rev. T. B. Kilpatrick, Toronto, in an instructive address before a large audience at the First Presbyterian Church last night. Rev. Dr. W. G. Wilson presided.

The speaker, who is returning to mission work in India after a year on tour in Canada, emphasized the need for Christianity in India to weld together the peoples of that land.

Over half the rate of 10,000 a month applied for baptism, but had to be turned away as the missionary staff was not large enough to cope with the training of these, she said.

India was a land of ignorance, with terrible disease scourges sweeping millions of the population into an early grave, continued the speaker. Some 7,000,000 people died in the last great plague there, while 100,000,000 were in need of proper medical care and treatment.

Paganism vied with disease to unseat the hopes of the Empire on India, urged the speaker, who saw in Christianity the safety valve of that Empire position. The speaker spoke interestingly upon the customs of the land, and the many religions embodied in the huge population.

Miss Elliott, secretary of the Y. W. C. A. in a Kindergarten School, China, spoke entertainingly on mission work in China. The Rev. W. L. McKee, the Rev. David McLaren, and the Rev. Dr. Leslie Clay spoke briefly during the course of the evening.

LOCAL MAN SELECT HEAD OF UNION OFFICIALS

Municipal Officers Also Meet at Kamloops; Preliminary Work of Convention

Kamloops, Oct. 4.—The resolutions committee of the Union of British Columbia Municipalities to-day agreed to submit a motion which proposes that the Government deal directly with the various School Boards, and relieve municipal councils of all responsibility in connection with school financing. An alternative is offered in a proposal that the incidence of taxation for education be removed from land and placed upon income.

The system of distributing liquor profits to hospitals was declared by Reeve Lockie, of Esquimalt, to be unsatisfactory, and he was supported by several delegates.

Victoria's Resolutions

Of twenty-two resolutions emanating from Victoria, only four were adopted, and two referred to the executive for further consideration. One of the latter asks legislation providing for creating of boards to administer police, water, sewerage, etc., in groups of adjacent municipalities.

At the instance of Cumberland the Provincial Government was asked to consider the advisability of establishing a home for the blind. It was decided to ask for a reduction in drunkenness from \$50 to \$10, with an alternative ten-day imprisonment.

Resolutions from municipalities indicated were adopted without comment asking:

That subdivision of municipal lands may not be registered without the approval of the municipal council.

Clarification of the rights of municipalities in reference to taxation of church property, in the light of the Privy Council decision in the case of the Bishop of Vancouver Island vs. the City of Victoria.

Municipal Officers.

The annual meeting of the Municipal Officers' Association was held to-day, and various administrative problems were discussed.

The following officers were elected: President, R. F. Blantly, of Oak Bay;

TRADE COUNCIL MEETS

Union Organizations Growing in Strength, It is Reported.

The campaign for new members instituted by the Trades and Labor Council to increase the strength of the various local unions is showing good results. It was reported at last night's meeting of the council. A number of additional locals will send representatives to the council.

A complaint was received to the effect that some of the wharves in the local harbor were unsafe and the matter will be investigated.

Last night's meeting was held in camera for the most part, during a discussion relative to an increase in the secretary's salary.

It was decided to assist in every way to further the Gyro's "Get-a-Vote" campaign. Facilities will be asked for workers to vote in the evening in the various municipal contests.

The statement appearing in the press to the effect that the organization was trying to promote a One Big Union was denied at the meeting. A special meeting will be held a week from to-morrow for the purpose of discussing organization and the welfare of the trade movement.

HIS CONDITION

"It seems to me, Brother Johnson," commented the presiding elder, "that little boy looks a trifle delicate."

"That's what you feel yourself," returned Gap Johnson of Rumpus Ridge. "He seems to be sorter puny. To be shore, but as a matter of fact the little-cuts is the most indelicate kid we ever raised."

GREAT CORSET SALE

London Typo Sale LIMITED

SALE OF SUITS

Store hours 9 a.m. to 6 p.m.—Wednesdays, 1 p.m.

A Special Disposal of Women's Fur-Trimmed Suits \$39.50 and \$59.50 Each

Included are models worthy of your special attention, many of which were priced much higher. Fashionable tailoring features, quality fabrics and fur trimmings characterize these suits.

FALL FAIR REPORT INDICATED SUCCESS

Directors of Metchosin Farmers' Institute Met

(Times correspondence)

Metchosin—The directors of the Metchosin Farmers' Institute met at the home of the vice-president, A. Wale, Tuesday night.

A report was received from the delegates who attended the Game Board Conference, and in connection with the same the secretary was instructed to write to the Sooke Development League and to the press explaining that the Metchosin Farmers' Institute was in no way responsible for the closing down of the shooting of certain game in this area.

A report of the Fall Fair showed a splendid success, both financially and from every other point of view, and it was decided on motion to give \$10 each to the Local Girl Guides and Boy Scouts; the balance to be banked as a surplus for future fairs.

FAT THAT SHOWS SOON DISAPPEARS

Prominent fat that comes and stays where it is not needed is a burden, a hindrance to activity, a curb upon pleasure. You can take it off the fat where it shows by taking after each meal and at bedtime one Metchosin Prescription Tablet. These little tablets are so effective and harmless as the famous prescription from which they take their name. Buy and try a case for day. All druggists the world over sell them at one dollar for a case or you can order them direct from the Metchosin Co., 4411 Woodward Ave., Detroit, Mich. You can then say good-bye to sticking, aching and fat.

The World's Greatest Tonic—Wincarnis

Invaluable in cases of

- Anaemia
- Sleeplessness
- Nervousness
- Lowered Vitality
- Material weakness
- and Convalescence from any illness

WINCARNIS contains Calcium, Iron, Manganese, Phosphorus, Potassium, Sodium. These are mineral salts that make up the body's strength and its vitality. Therefore, WINCARNIS will supply you with the very elements necessary to enable you to reconstruct exhausted energy, replace your lost vitality, enrich your impoverished blood, strengthen your nerves, rebuild the wasted tissues of body and brain.

You try it. Buy a bottle to-day. At all druggists. Price \$1.50 for 16-cs. bottle.

DECLARES TOURS BENEFIT CANADA

C.P.R. Head Commends Such
Trips as That of Montreal
Board of Trade

Calgary, Oct. 5.—"It has always seemed to me that travel from the West to the East and from the East to the West, particularly from the East to the West, is essential," remarked E. W. Beatty, president of the Canadian Pacific Railway, in the course of an interview during his stay in Calgary. His views were sought on the value of such international visits as that of the recent Montreal Board of Trade party from the standpoint of destroying sectionalism and establishing unity in Canada.

"The average Westerner," said Mr. Beatty, "has an opportunity to know the East which is not to the same extent shared by his Eastern relatives. To begin with, many people in the West came from the East and had a knowledge of the country, the attitude of its people and its problems before taking up residence in Western Canada. In addition, the Westerner is prone to travel more than the Easterner, and probably what is more important than all, Western Canada sends its Parliamentary representatives to the East, where they sojourn for six months or more and spend their time not only in the capital—but in the principal Eastern cities and so obtain first-hand accurate impressions of the attitude of the East.

Easterners' Duty

"To make up for this handicap," continued the president, "it is incumbent upon the Easterners to travel West as frequently as possible and in as large numbers as possible. The recent trip of the Montreal Board of Trade, numbering in the party, I think, approximately 115 people, was not one of discovery but one of education, and I sincerely hope that it will be followed year in and year out by other public bodies whose members have a sincere desire to understand Canada—the whole of Canada.

"These men traveling in groups are in a better position to get first-hand information than the individual traveler," he said, "because they are taken charge of by representatives of the public and are therefore able to get an accurate impression of Western sentiment and Western problems which the individual traveler might easily miss. The well-known and warm-hearted hospitality of Western Canadians is not in the slightest degree prejudiced by scolders, who insist on welcoming the opportunity not only to instruct but to chasten those who come to learn."

Grain and Coal

Mr. Beatty, when asked if the Canadian Pacific would be able to handle the big Western crop and coal movement without congestion, replied that the company was in a position to handle the grain and coal movements with the same efficiency as in former years, and while, with the

Robey's EFFERESCENT SALT Drives Away Headache

enormous volume marketed daily there was bound to be a temporary shortage at local points, no general congestion need be feared providing the shipping was available on the Great Lakes and at the Atlantic seaboard to keep the terminal elevators clear.

"Is it not a fact that the prairie grain crop is exceeding early estimates, and to what extent?" he was asked.

"The thrashing returns in the prairie provinces up to date have exceeded expectations," Mr. Beatty replied. "An estimate made in August that the wheat crop would go to 321,000,000 bushels was regarded as liberal, but the estimates made in two weeks later ran as high as 374,000,000 bushels."

By Way of This Coast

"Will much grain be carried westward for shipment via the Pacific?" was a further question put by the newspaper men.

"Well informed people in the grain trade inform us that a larger tonnage of the 1922 crop will move via the Pacific than was handled via that route last year," he said. "No positive statement can be made on that point, but we have had estimates ranging from 10,000,000 to 15,000,000 bushels."

Turning to the coal industry, Mr. Beatty was asked, providing Alberta could supply a grade of hard coal that would compare favorably with the Welsh, if it would be possible to develop a market in Ontario for the Alberta product through favorable freight rates.

In reply to this the president said it had not been found profitable anywhere in the world to ship coal such a great distance by railway. So far as commercial coal was concerned, there had not been a shortage on any Western line on the Canadian Pacific for a number of years, and there was no reason why there should be any this year.

SEEK SEVEN SEAMEN.

Local police have been asked to look for seven seafaring men who formed part of the crew of the S. S. Rondalshorne, now lying in port at Vancouver. The seamen in question deserted the ship as soon as they went ashore and have not been seen since. All are Norwegians.

Canadian National Railways—Old Country passengers who are particular as to the kind of treatment they receive are using the "Continental Limited" electric-lighted, all-steel train across Canada, carrying drawing room, compartment, observation cars and standard tourist sleeping cars. Reservations and all details arranged. Tourist and Travel Bureau, 911 Government Street.

News from the Ocean Lanes

RESTORER GETS ORDERS TO PROCEED TO MIDWAY ISLAND

Cables Ship Posted to Sail from This Port To-morrow for Pacific Cable Station

After lying for seven months in Esquimalt Harbor the cable ship Restorer, Capt. B. C. Combe, of the Commercial Cable Company, is again to make the long trip to Midway Island. The cable ship is now taking on supplies here and is expected to get away to-morrow night for Midway.

There is no break or interruption in the cable service at Midway, but it is understood that the company plans some alterations to the cable and instructions have accordingly been received by the commander of the ship to proceed to the mid-Pacific, coral-bound island. The cable ship will be away several months, it is expected, as the vessel is taking fuel and supplies for a lengthy period.

Here Since March

It was on March 2 that the Restorer returned to Victoria from Midway Island, where she had been dispatched to repair cable damage caused early in the year. Prior to that voyage the vessel had been stationed for the war and post-war period at Charleston, Puget Sound, to which base she was transferred after being crowded out of Esquimalt Harbor, her original station, by the outbreak of war. Under a special act of Congress the Restorer was placed temporarily under the United States flag, and with its expiration the question of her status was again raised following her return here in March from the South Pacific. Since that time the Restorer has made Esquimalt her base, despite the circulation of periodical reports that she would return to Charleston. It is now said, although there is no confirmation of the report, that the cable company has arrived at an agreement with the American Government in which the duty on the British-built ship will be waived and that the vessel will be placed permanently under the American flag. In that case the Restorer would be in line to return to Charleston when she comes back from Midway Island.

Ordered to Proceed to Midway Island

COMMERCIAL CABLE COMPANY'S CABLESHIP RESTORER

LINER MADISON NOW IN DRYDOCK

Largest Ship Yet Drydocked
by Todd Plant at Seattle

Seattle, Oct. 5.—The Shipping Board steamer Madison, operated by the Orient by the Admiral line, which went on drydock yesterday at the Todd plant, is the largest vessel ever drydocked here. She is 14,187 gross tons. The largest vessel previously lifted here was the H. F. Alexander, 8,252 gross tons.

Following news last week that the Moore & McCormick Steamship Co. of New York would enter the inter-coastal service as an independent line, Walker-Ross, Inc. of this city, announced that they will be agents in the Northwest by arrangement with Struthers & Barry, California representatives of the company. The Moore & McCormick company has been operating with the service of Swain & Hoyt, which runs largely to the Gulf of Mexico and the Caribbean Sea. The new service will be entirely inter-coastal at the start, it is said, but may include the Gulf later. The Commercial Pacific liner is to make its first sailing in the new service, leaving Philadelphia to-day.

The Hawaiian Molasses Company, for whose use the Seattle Port Commission built two big concrete tanks, is seeking to lease from the Commission ground adjoining the tanks in which to erect a warehouse. The company offers \$300 a month for the site.

The steamship Lydia of the Swayne & Hoyt service, which arrived here yesterday with 1,500 tons for freight from Mobile and New Orleans, was formerly in Austrian ownership as the Steil Kaiman.

The Seattle-built motorship Apex, in the service of the Wilson Fisheries Company, arrived here yesterday at Port Walter, having touched at Anacortes and partially discharging. She has been in fisheries service three years without an accident.

SHIPPING NEWS IN SAN FRANCISCO BAY

San Francisco, Oct. 5.—The bureau of animal industry of the United States Department of Agriculture has notified Collector of Customs Hamilton that no shipments of imported uncertified animal by-products will be allowed to go forward on coastwise vessels unless suitable compartments are set aside by the shipping officials for the exclusive storage of such shipments. Facilities must also be provided for applying Federal department seals in an efficient manner.

With a full cargo and a good passenger list, the Manoa, of the Matson Line, arrived yesterday from Honolulu. The cargo included 2424 cases of canned pineapples, 22 cases of fresh pineapples, 3072 bunches of bananas, 500 tons of molasses, 58 boxes of tarco, 689 cases of honey, 50 sacks of rice, 176 empty drums and 544 packages of general merchandise. The new ferry boat Shasta will be launched at noon to-day for the James Rolph Company. The

Shasta is a sister ship of the San Mateo, chartered by the Southern Pacific Company.

MISSED COLLISION BY A FEW YARDS DURING HURRICANE

Scared by Tussle With Mountainous Seas Red Star Liner
Gotland Makes Port

New York, Oct. 5.—Bearing scars of a battle with mountainous seas and a 100-mile-an-hour hurricane, in which collision with the Atlantic Transport liner Menominee was averted only by a few yards, while both were helpless in the storm, the Red Star liner Gotland reached port yesterday, two and a half days late. Captain Rone Bastin, the Gotland's skipper, attributed "the miraculous escape from a sea-tragedy to the use of oil. At the height of the storm, September 25, his ship was drifting and rolling and pitching in the heavy seas at times listing as much as forty-two degrees, he said, when the Menominee was sighted bearing down on the Gotland.

"Both ships were at the mercy of the waves," Captain Bastin related. "I reversed my engines and ordered oil poured overboard. It was a relief when both vessels slid past each other with less than seven yards between them."

The Gotland's passengers were kept in their quarters and all necessary lifesaving precautions were taken in event of a crash. Lifeboats could not save lives in such a sea, however, the ship's officers said. "The anchor of waves," he said, "was that swept the vessel fore and aft at fifty feet.

No injuries.

None of the passengers, many of them women and children, suffered injuries, although tossed about for two days and nights. Lifeboats were smashed in their davits, benches on the promenade deck were washed away, the peak sprung a leak and a winch was ripped from the deck.

"It is no disgrace to feel fear, but whenever you do feel fear, act like a hero," Clemenceau.

MISHAP COSTLY TO SHIP OPERATORS

Australia's Passengers Afforded Best of Accommodation by C.P.R.

The return from sea of the liner Empress of Australia with her port engine disabled will prove a costly business for the Canadian Pacific Steamships, Ltd., her owners.

The company is doing everything within its power for the accommodation of the several hundred passengers brought back to port. The majority of the passengers will have to be accommodated for some days and an expense bill of approximately \$20,000 per day will be incurred by the company during their enforced stopper. The cabin passengers have been given accommodation at the Hotel Vancouver at Vancouver, where they have been at liberty to pick out the accommodation they require, charge their meals and other expenses to their rooms, and have the bills forwarded to the steamship department for settlement.

A number of the passengers expressed a desire to remain at Victoria and these were accorded the privilege of making reservations at the Empress Hotel here. Despite the advantages of a holiday in one of the best hotels of the C. P. R. system at the expense of the big transportation company the majority of the travellers besieged the ticket offices in an effort to get accommodation on the Empress of Asia or one of the other liners running to the Orient. Many of the travellers are people who are returning to China and Japan after a European furlough and they are already overdue, hence the anxiety to get sailings at the earliest possible date.

Businessmen are also among the number, who are anxious to get away as competitors who have come by other lines will land in the Orient ahead of them on this occasion.

All the passengers are being well cared for and well treated by the C. P. R. and it is expected that their enforced stopper will not be of many days' duration. It is expected that the delay will cost the steamship company between \$150,000 and \$200,000 in addition to the liabilities for the passengers there is the expense of maintaining the big ship and heavy penalties for delays to the mail, which, however, will all be sent on the Empress of Asia.

There's Nothing to Compare with Zam-Buk

ZAM-BUK depends on costly herbal oils and extracts for its wonderful healing, soothing, and antiseptic power.

Zam-Buk is not like ordinary ointments made from common or elementary formulae. Zam-Buk is a super-balm, prepared from a secret formula—the result of years of scientific and costly scientific research. It is pure and highly refined, and is guaranteed free from animal fats and the gritty metallic substances usually found in common ointments and salves.

Wonderful Medicinal Activity.

Zam-Buk exerts its wonderful medicinal activity below the surface (where the germs of skin trouble really are) and quickly expels deep-seated and old-standing disease.

For Eczema, Tetter, Salt Rheum, Ulcers, Piles, Ringworm, Poisoned Wounds, etc., Zam-Buk is a marvelously successful. Also for Cuts, Bruises, Burns, Scalds and Sprains. Beware of worthless imitations. Get pure herbal Zam-Buk—The World's Greatest Skin-Remedy. 5c. box 3 for 15. All chemists or Zam-Buk Co., Toronto.

ASIA IS LEAVING WITH FULL CABINS

Some of Australia's Passengers Secured Passage by Ship Clearing To-day

The Canadian Pacific liner Empress of Asia was due to sail from Vancouver at noon to-day and is expected to berth at Pier 2 here about 5 o'clock this evening, en route to sea for the Orient.

The Asia passenger capacity is filled to overflowing, as in addition to the large list of passengers booked for her sailing, she is carrying as many as she could accommodate of the passengers brought back by the disabled liner Empress of Australia.

The Chinese steerage passengers of the Empress of Australia will also be taken out by the Empress of Asia, the transfer of the Asiatics having been effected yesterday to prevent the possibility of delay on the day of departure.

Many of the Australia's saloon passengers are remaining over for the Empress of Canada, which is due to reach this port from the Orient on Monday, and will sail outward October 19.

Apart from her capacity list of passengers the Empress of Asia is taking out a full cargo of general merchandise for Japan and China.

NEWER FORM OF IRON QUICKLY INCREASES PEP STRENGTH AND ENERGY

"You cannot be well and strong, and full of vigor, force, and power unless your blood is rich in iron," says Dr. James Francis Sullivan, formerly physician, Bellevue Hospital (Out-Door Department), New York, and the Westchester County Hospital. "It is your red blood—that enables you to resist and overcome disease and that nourishes every organ in your body. Without iron your blood becomes thin, pale and watery. Poor blood cannot nourish your vital organs and as a result you may have pain in your heart or kidneys, indigestion, headaches, and feel all run-down and tired-out."

When your blood lacks iron it not waste your time taking stimulating medicines or narcotic drugs, but directly enrich your blood with the newer form of iron called Nuxated Iron. This is a form of iron which is like the iron in spinach, lettuce and apples, and is in a form easily assimilated into your blood.

Get a bottle of Nuxated Iron today. Take it for two weeks and you have met like thousands of others, obtained most satisfactory results from this "satisfying" manufacturer will promptly refund your money. The following local druggists will sell you Nuxated Iron with this "satisfying" or money back" guarantee. Vancouver Drug Company.

CHARLOTTE TAKEN OUT OF SERVICE

Withdrawn from Run To-day;
Victoria and Adelaide for
Triangular Route

With her arrival in port this afternoon from Vancouver the steamship Princess Charlotte was withdrawn from the triangular service of the Canadian Pacific Railway between Victoria, Seattle and Vancouver for the winter months. Now that the tourist season is over there is no necessity for the operation of the Princess Charlotte, which is the largest twin-screw boat in the company in the Coast service, and with additional boats available, the company is in a position to dispense with the Charlotte during the slack months of the year.

The Princess Charlotte is now tied up at the Belleville Street wharves, and the work of overhauling the machinery will be started at once. The triangular service of the company will be maintained by the steamships Princess Victoria and Princess Adelaide, while the night service between Victoria and Vancouver will be maintained by the steamships Princess Louise and Princess Alice. As the Princess Louise is a very popular boat it is expected that she will occasionally take her turn in the triangular service.

The Alaska service will be maintained by the steamship Princess Mary throughout the winter.

Repairs and Renewals. We know they come expensive, BUT you can prevent excessive bills by having your car thoroughly greased, oiled and tightened up generally, say once a month, on our special rack.

NEWS IN BRIEF. Victoria Bank Clearings—Victoria's bank clearings for the week ending October 5 totalled \$2,353,190, as compared with \$2,445,240 for the same period last year.

To Attend Convention—Alderman Reginald Hayward left last night for the mainland, where he will attend the Undertakers' Convention in session in Vancouver this week.

Accused is Acquitted—In a short session of the city police court today Yow, charged on remand with being in possession of opium, was acquitted. The court ruled that no evidence connected the accused with the seizure made had been adduced.

British-Israelites Met—At a meeting of the British-Israel Association, held at 1013 Cook Street, officers were elected for the current term. The officials were chosen as follows: E. E. Richards, president; Rev. C. M. Tate, R. B. Price, R. W. Davies, vice-presidents; Thomas Parsons, secretary-treasurer; W. Curtis Sampson, Victoria, and Colonel Eardley-Wilmot—are the patrons.

Inspect Camping Sites—The sites committee of the tourist trade group of the Chamber of Commerce, under the chairmanship of A. E. Humphries, made an inspection of the various proposed locations to-day, including the Beacon Hill site, bordered by Heywood Avenue, the city park site at the Gorge; the site near the Aged Men's Home, and that at Armadale on the old Macdonald estate in bringing in a report on their investigations at the next meeting of the tourist group.

Boy Scout Association Cup—All officers in charge of Wolf Cub packs are notified that the competition for the cup presented by the Messrs. Jeans commences on October 1 in each year. The cup is presented to the pack spending the greatest average number of nights in camp in each year, and the rules are so drawn up as to give a fair chance to the strongest.

Unity Centre Study Classes—The study classes held by Mrs. Ann Smith at the Unity Centre, Campbell Building, are very interesting and profitable. Mrs. Smith understands the art of teaching, and both her afternoon and evening lectures are open. Book classes are being held on Mondays, Thursdays and Saturdays, in the afternoon at three o'clock and in the evening at eight o'clock. Next Sunday Mrs. Smith will again speak.

Ministering Circle—At the meeting of the Ministering Circle, King's Daughters, yesterday afternoon, Mrs. Moore, the new treasurer, assumed her duties and announced that the receipts of the apron tea held on September 2, had reached \$199.20.

Bible Class Meets—The Excelsior Bible Class of the Fairfield Methodist Church held its usual monthly business meeting at the home of Mrs. Dyson, Walton Street, on Wednesday. Reports were received from the different committees showing that the class has been doing much valuable work, it being largely responsible for the construction of the fine tennis court which is now at the disposal of all members of the class and church who join the tennis club.

"PLANS" FOR P. G. E. DENIED BY PREMIER. Finds He Is Being Credited With "Announcements" He Never Made. Says He Made No Declaration About Fort George Extension.

Because of newspaper statements and comments on his announcement of policy at Nelson, Premier Oliver to-day issued a statement making clear his attitude towards the problem of the Pacific Great Eastern Railway. The Premier denies that he made the declaration that the operation of the P. G. E. would be continued by the Government and that the road will be completed to Fort George. "The fact is that I stated I was in favor of continuing the operation of the railway for the present, but I made no declaration whatever in regard to the completion of the line to Fort George," he said.

Two charges again the Davis Liquor Co. charged on Two Counts; Cases Remanded. Davis Liquor Co. charged on Two Counts; Cases Remanded. Two charges again the Davis Liquor Company, 1950 Hamilton Street, Vancouver, were called in the city police court to-day, brought by the Liquor Control Board. The charges respectively are that the company, in possession of unsealed liquor and failure to report and pay the Government tax on liquor here under control of the defendant company.

Events to Come. The ladies of Court Triumph, A.O.F., will hold a business meeting on Friday, at 7.30, to be followed by the first game of the inter-court whist tournament.

Old Country Club—The weekly whist drive held at Leighton House proved a most enjoyable affair, the prize-winners being Mr. Herbert Johnson, Mr. J. Willows and Mr. Levy, the first ladies being won by Miss Horton, second Mrs. Hodgkinson, third Miss Dolie Pollard. Mr. H. W. Dale Johnson announced that the first club debate on Friday would be open to the public at Leighton House, when the following resolution will be moved: "Resolved, that in the interest of child, parent and taxpayer, the time has arrived for a more efficient educational system in Victoria." The chair will be taken at 8.30 p.m. An interesting discussion is looked for.

BRONCHIAL ASTHMA. Asthma can be checked readily. The Hillside Pharmacy sells the most dependable remedy. PROVINCIAL POLICE COURT. Tadashi Nada, a Japanese, who had the misfortune to fire at a pheasant just as a game warden was rounding the bend of the woods, was fined \$10 in the Provincial police court to-day for unlawfully hunting game birds out of season. The man missed his shot. H. A. Gilroy, charged with failure to return to the scene of a motor accident, was fined \$15. W. H. Bullock Webster appeared for both accused.

The first meeting for October of the Queen Alexandra Review, will be held on Thursday evening at the K. of P. Hall.

The first regular meeting of the Liberal Women's Forum will be held at the Liberal Club room to-morrow at 8 o'clock. There will be an interesting programme, including reports by the delegates who attended the recent Provincial Liberal convention at Nelson.

Through the courtesy of Messrs. David Spencer, Ltd., the Ladies' Aid of St. Columba's Presbyterian Church will hold a sale of foodstuffs in the basement of Spencer's store on Saturday morning. The conveners of the affair will be at the St. Columba church parlors from 3 to 5 o'clock on Friday afternoon for the purpose of receiving donations. The regular bi-monthly business meeting of the Amputations Association of the Great War will be held at the clubrooms in the Belmont Building this evening at 8 o'clock. ROTARIANS TO PLAY BALL FOR B. C. CUP

Vancouver Sending Over a Team to Try and Lift Trophy Held by Locals

Vancouver Rotarians who are coming over for the big dance tomorrow night are anxious to take back some kind of visible souvenir of their sojourn across the Gulf, so have challenged the local Rotarians to a game of baseball, and in the challenge added "and grate up the cup so we can take it back with us."

The local club holds the Rotary Club Challenge Cup emblematic of the B. C. Rotary championship, and the Vancouverites are ready to sell their permits to get that trophy back on the Mainland. They figure that now is their chance. They hope to catch the locals a "bit ragged after being off their game for a time, but they'll probably change their opinion after tomorrow's game.

Will Be No Clash.

The Rotarians decided to call the game at 4 o'clock so as not to clash with the "world's serious" in New York. The game will be staged at the Stadium, and all fans who want to see a duplicate of a Giants-Yankees struggle just need to amble down to the park and they'll get an eyeful.

The local team has been primed for the fray and the members of the club who have had direct control of the training of the athletes have told them that the harder they play the better they'll be able to dance at night.

Lester Patrick, the bullet hurler, will be on the mound for the Rotarians and Percy Watson will be his target. Tom McConnel, the Rotary leader, says that Lester and Percy will be enough to tame the visitors, but just to make it look like a ball game will put seven other men in the field. The lineup will be as follows:

George Weller, Howard Gibbon, Johnny Johnson, Bob Peden, Harry Miller, Jimmy Williams and Tom McConnel.

PRIZEWINNERS AT SCHOOL SPORTS AT SAANICHTON

Saanich School Pupils Hold Annual Competition at the Fair

The Saanich school children's annual sports, which have for years been a feature of the Saanichton Exhibition, were probably the most popular single feature of the Fair, the events following one another with speed and smoothness under the supervision of Chief of Police Peter Brogan and an efficient committee. The prize-winners were:

Girls.

59 yards, under 7-1, Margaret Miller; 2, Vera Simpson; 75 yards, under 8-1, May Peden; 2, Marjan Thompson; 75 yards, under 13-1, Alma Gorton; 2, Vera Carter; 75 yards, under 15-1, Dorothy Gilman; 2, Jean Brogan; under 14-1, Edith Hockley; 2, Tomlinson; 50 yards, three-legged, under 10-1, Edith Cumming and Ida Knowles; 2, Corry Gray and Martha Potter; Relay race, 300 yards, three to team—1, Katherine Watta, Annie Miller, Dorothy Gilman; 2, Maude Lewis, Winifred Robbins, Winifred Furthner.

High Jump, under 16-1, Muriel Woods; 2, Katherine Burton; Broad Jump, under 15-1, Vera Carter; 2, Evelyn Brooks; Egg and spoon, under 11, Mura Knowles; 2, Jessie Wilson; Sack race, any age—1, Jessie Lytle; 2, Mura Knowles.

Boys.

59 yards, under 7-1, Victor Heady; 2, Garfield Robbina; 75 yards, under 8-1, Jim Washington; 2, J. Brewster; 75 yards, under 13-1, Jack Dunn; 2, Ernest Jackson; 100 yards, under 15-1, Cyril Conerton; 2, J. Washington; Relay race, two to team, under 15-1, Victor Pohl and W. St. Louis; 2, R. Kersey and Carl Hamilton; Three-legged race, 50 yards, under 10-1, Frank Holdridge and Gordon Homer; 2, Dave Mowat and Don Mowat; High Jump any age—1, C. Conerton; 2, T. Wylie; High Jump, under 14-1, T. Wylie; 2, Alfred Wright; Broad Jump, under 15-1, T. Wylie; 2, A. Grant; Gustaco race, any age—1, Les Styan; 2, Burton McLeod; Wheelbarrow race, any age—1, Teddy Youell and Jack Heady; 2, Charles Finkott and Glen Holbina; Sack race, any age—1, Blair Lytle; 2, Donald Kellow.

FAVOR BALLYHERON IN THE CESAREWICH

London, Oct. 5.—(Canadian Press Cable)—The latest betting for the Cesarewiche Stakes, a handicap run over two miles and a quarter next Wednesday at Newmarket follows:

Ballyheron, 9 to 1 against; Ceylonese, 16 to 1; Arravale, 100 to 7; Flint Jack and Tishy, 25 to 1; Sanhedrin, 25 to 1. All taken and offered.

MEN WHO ARE DOING THE THINKING THAT WILL DECIDE SERIES

JOHN MCGRAW

MILLER HUGGINS

McGraw is leading the Giants and Huggins has the Yankees in tow. The former is recognized as the greatest strategist on the diamond, and it is admitted that he has never made a tactical blunder in an important game. The Yankees are facing more than the Giants hitting and fielding strength—they face a master in McGraw. Huggins, while a determined fighter, is not the baseball genius that McGraw is.

GENE AND WALT TO BATTLE OVER DRESS AS WELL AS LINKS

Pittsburgh, Oct. 5.—Gene Sarazen declined last night to predict the result of his 75-hole golf match with Walter Hazen next Friday and Saturday, but he did take vigorous exception to a statement that the British open champion is the best dressed American golfer.

"I'll spring something at Oakland Friday that will knock Walter dizzy," said the local youngster, who holds the national open and professional titles.

"More Persian rug sweaters?" Gene was asked.

"None—something else," he grinned.

Friends of Sarazen insist that he is more partial to ear-splitting sweaters than any golfer in captivity.

Carries a Supply.

As quickly as one garment becomes soaked with perspiration, it is replaced by a dry one—equally as noisy. Gene's caddy totes golf sticks under one arm and a box of sweaters under the other.

Sarazen, who has been practicing in this district for three days, said he felt fit to participate in a little while. Guess I'm all right now," said King Gene.

GIANTS' SLUGGERS OUTDOING YANKEES

The batting averages in the world's series to date are as follows:

	A.	R.	H.	T.B.	Ave.
Giants:					
Groh	3	1	2	5	1.000
Frisch	4	1	2	5	.500
Pritch	4	1	2	5	.500
Snyder	3	0	1	1	.333

Best Fighters Win Games, Says John

Giants' Manager Says Joe Bush Used Nothing But Speed So He Told His Boys in the Eighth to Stick Out Their Bats; Giants Got Breaks In Opening Game of World's Series; Jennings Says Won By Half an Inch

New York, Oct. 5.—The fighting power of the Giants carried them to victory yesterday over the Yanks in the opening game of the world series, in opinions expressed after the contest by the rival managers.

"The man who has the best fighters wins the most ball games," said John McGraw, manager of the Giants, between chuckles of delight over the victory.

"Joe Bush was working fine, although I don't believe he had much stuff on the ball, so I told the boys, after the Yanks had made two runs, to just try and meet the ball—just to stick out their bats.

"That's what they did in the eighth inning and that proved my belief that Bush was using nothing but speed.

"I'll admit that we had the breaks of the game and that the Yanks might have had five runs but for some lucky, sensational play.

"And say—I'm right proud of my team. They're never beaten until they're unconscious.

Must Get More Runs.

Miller Huggins, the Yank boss, had no excuse for Bush's cranking in the eighth inning.

"The Yanks," he said, "should have had more runs. Young's great somersault catch of Scott's liner in the fifth with two on the bases, won the game for McGraw's men. If it had not been for that catch we would have made at least two more runs. But it happened.

"Last year we learned that the Giants were a team of fighters and we appreciate their power on the offensive. Their defence, however, won for them yesterday, in my opinion.

"It looks like we'll have to get more than two runs a game to beat them.

Just Half an Inch.

Hughie Jennings, the venerable Giant coach, declared the Nationals won the game by half an inch.

"In the eighth," he said, "when our men filled the sacks, Irish Meusel connected. The ball sailed a half inch above Bush's extended arm and went for a hit that scored the tying runs. Half an inch lower and Bush would have had a double play."

Kept On Trying.

The unconquerable spirit to keep on trying when success did not come at first carried the Nationals to victory.

To overcome a two to nothing lead that the Yanks had acquired the Giants, turned back in all their previous assaults upon the American League's defence, crashed out four singles, one right after another, in the eighth inning.

"We've—We've—succeeded where Bush and Art Nehf, the sacrifice fly which scored the deciding run of the game.

The winning machine climbed up the hill in low speed. Early in the game, when Bush and Art Nehf, the Giants' southpaw, were fighting a scoreless duel, the Nationals couldn't score with two successive singles. In the seventh inning they banged out three singles in a row and couldn't score. The Giants simply went back in the eighth inning and kept on pounding out singles until it was impossible for the stubborn Yank defence to prevent them from crossing the plate.

The Reason Why.

The Yankees offered an alibi for the failure of their star pitcher, Joe Bush. Joe has been nursing a stone bruise on his right foot for some months and he had to be careful of it. When Kelly shot a single in the fourth, Bush made a lunge for the ball and turned the ankle of the bad foot. These two injuries caused Joe to lose his "stuff," according to the Yankees, and although he pitched himself out of a bad hole in the seventh, was unable to check the attack in the eighth.

You, Gotta Have Luck.

Minneapolis, Oct. 5.—While a crowd nearby watched a world series bullet ball her over yesterday, Lester Garceau, 35, a window washer, fell from a third-story ledge to the sidewalk. Spectators thought he had been killed but he was unhurt.

"What's the secret?" he asked as he came out of a daze.

OLD COUNTRY FOOTBALL

London, Oct. 5.—Football results yesterday were as follows: Football Association eleven, 7; Rugby Union, 2.

The game was played at Aldershot. The game was eleven, 7; Rugby Union, 2.

In the inter-league soccer game played at Bolton, England defeated Ireland by 5 goals to 1.

The replayed cup final at Glasgow resulted in Rangers defeating Clyde 1 to 0.

Rugby County Championship results: Warwickshire 5, Leicester 6; Derbyshire 3, Yorkshire 16.

WILL FIGURE IN MONEY, BUT NOT IN THE PLAY THIS YEAR

JOHNNY RAWLINGS

VANCOUVER VOTES DOWN COWICHAN

Mainland Rugger Do Not Think Islanders Eligible for Rounsfel Cup

Vancouver, Oct. 5.—The Vancouver Rugby Union held a meeting yesterday and reached conclusion on certain pertinent matters.

The strongest item that the visiting Alberta team on Thanksgiving, November 8, it was decided on the meeting and the local team will meet the visitors in the first game of the series on November 4.

The acceptance of the local union's offer by Alberta Union was read at the meeting. It is possible that the visitors will play against the Cowichan team at Duncan on the Wednesday or Thursday of that week and against Victoria at the Capital on the Saturday. Both these cities have agreed to give the full proceeds of the games to the Edmonton team.

At the request of the B. C. Rugby Union the club representatives thoroughly discussed the request of the Cowichan team to enter the Rounsfel cup series. It was pointed out that the Cowichan field should be closed to the winner of the Millar Cup here being the team to represent Vancouver in the other cities.

TROTTERING CHAMPION BREAKS HIS RECORD

Peter Manning Trots Mile Against Time in 1:55 3/4; Remarkable Time

Lexington, Ky., Oct. 5.—Irving Gleason's Peter Manning, driven by Thomas W. Murphy, lowered the world's record for trotting to 1:55 3/4 here yesterday afternoon in a race against time, beating his own record of 1:57 at the recent Columbus meeting.

A. B. Dickerson's Nedda, driven by Harry Fleming, lowered the record for trotting mares to 1:58 1/4, beating the record of Lou Dillon made at Memphis 19 years ago.

The day and the track were ideal and there was a big crowd, and gave champions a big ovation.

Abded, owned by the Good Times stable, driven by Walter Cox, won the Cumberland stake for 2:07 pacers, the feature of the racing card.

Brook Farm's four-year-old filly Worthy Mary has little difficulty in landing first money in the 2:11 trot with Lorena Watts second. Alta Quest, by the Arden Homestead of Goshen, N.Y., landed the 2:19 trot for W. Dickerson after the first heat had gone to Watts-in-Bond. The flag judge was very busy in this race, four getting the banner in the first and two in the second heat. Bingen Wood, Jr., failed to nip King Bingen in the first heat but had the best of the Canadian horse in the second and third.

CANADIAN SPRINTERS GOING AFTER WORLD RECORD ON SATURDAY

Winnipeg, Oct. 5.—What is claimed to be a new Canadian record for the half-mile relay, was established at the University meet here yesterday when four of Winnipeg's premier sprinters, Heflinger, Armstrong, Miller and Coates, covered the four two hundred yard sprints in a total of thirty seconds flat. The same team will go out after the world's record of 1:27 on Saturday, October 14.

SEATTLE BOY WINS

Portland, Ore., Oct. 5.—Bobby Harper, of Seattle, won a ten-round derby over Barney Adair, of New York here last night. Harper weighed 145 pounds and Adair 147 pounds. The fight was marred by constant clinching, they being few clean blows.

Jim "Tiny" Herman, Portland heavyweight, defeated Willie Keeler, of Denver, in a six-round bout.

Eddie Richards, Portland middleweight, knocked out Jack Davis, of Seattle, in two rounds, while Neil Zimmerman, Portland featherweight, won a four-round decision over Ab Zinger, of Sacramento, Calif.

HUDSON'S BAY BEAT GARRISON

Wednesday Football League Gets Off to Good Start; Newcomers Winning

The Wednesday Football League got off to a flying start yesterday, when the Hudson's Bay team, one of the new entries in the league, defeated the Garrison at Work Point by the score of 4-3. At 2:45 p.m. Lieut.-Col. T. M. Codville kicked off in the absence of Brigadier-General Ross, Colonel Commandant of Military District No. 11, who was to have performed the ceremony.

The game started off with the Tommies on the attack, and they were soon testing the ability of the Bays' goalie, who turned their shots aside. The Bays then took the offensive, and the Tommies' net guardian was given a few hard shots to cut off about fifteen metres.

The Bays scored, Turner shooting the ball into the net from inside the penalty line, giving the Tommies' goalie no chance to save. The Work Point boys were not on the short end of the score long when Coulter shot a bullet drive, Dunn, the Bays' goal tender, saved, but was not fast enough to retrieve the rebound, and the ball was shot into the net by Coulter, who followed up.

Play Fast and Even

From now on the play was of the best calibre, each team trying hard to get in the lead. Turner, the Bays' centre forward, seemed to have a goal cinched when he had only the Tommies' goalie to beat, but the guardian saved, and cleared the ball.

The soldiers then broke away and Coulter again shot, but the Bays' goalkeeper saved. In clearing the ball he left an open goal, and Cummings, the Garrison outside right, rushed in and shot the ball into the net. The Bays evened up the score when Dunlop, a Garrison back, handled the ball in the penalty area, and Allan, taking the penalty kick, shot the ball under the bar for the tying goal. The time whistle was blown with the score two all.

Bays Press

In the second half the Bays had a slight edge in the playing. After about twenty minutes of playing Allan put the Bays in the lead by shooting a fast drive into the net. The Bays then made sure of their victory when Stewart scored a fourth goal for the Bays. With about five minutes to go the Garrison started pressing, and they were at last successful in tallying when Coulter shot the ball into the net for their third tally. The whistle then blew on the Bays' side.

For the winners Jimmie Allan played a stellar game and was easily the pick of the Bays team—Stewart and Turner also played a good game.

For the Garrison, Coulter was the star, setting two of their three goals. Billie Cull acted as referee.

The two teams lined up as follows: Hudson's Bay—Dunn, Haines, Smith, Waude, Allan, Bennett, Alcock, Stewart, Turner, Allan and Richardson.

Garrison—Waggett, Dunlop, Waggett, Davies, Solers, Ward, Cummings, Mitchell, Coulter, Hussleton and Cornwall.

ARGENTINE TEAM LOSES FIRST GAME

Meadowbrook, Westbury, N.Y., Oct. 5.—The Argentine Federation polo team showed up sufficiently yesterday to permit a makeshift line-up in the Meadowbrook colors to win the first game of the international polo series seven to four.

The Americans need another victory Saturday to definitely establish their superiority. There was a bad spill in the last period when the south-Americans made a frenzied attempt to tie the score. In a collision with Capt. Lewis Lacey, of Argentine, Capt. Devereaux Milburn, of Meadowbrook, lost a pony. In avoiding trampling on Milburn, who was thrown from his saddle, the horse stopped quickly and was injured in his left foreleg.

A Real Raincoat

The man whose work keeps him constantly out of doors can dispense with style so long as he gets a REAL Raincoat. What he needs is an oilskin—no other coat offers such complete protection.

NO ADMISSION CHARGE

SASKATCHEWAN RUGBY

Saskatoon, Sask., Oct. 5.—In the first game of the rugby football season here, yesterday Saskatoon seniors, 1521 winners of the Provincial championship, defeated the University of Saskatchewan thirty to nothing.

Baseball

Pacific Coast League.

Seattle, Oct. 5.—Shows that interspersed the game, making the ball hard to handle, were taken advantage of by the Indians yesterday to the amusement of the Senators. Seattle made six runs in the first inning off four hits and accumulated ten tallies in eight innings. Sacramento getting four.

Angels Beat Seals

Los Angeles, Oct. 5.—Aided by the effective pitching of "Lefty" Thomas, Los Angeles outslugged San Francisco yesterday and won the second game of the series six to four.

NO HUNTING

Around this winter for something dry to burn if you get in your fuel now.

Featuring To-morrow Notable Values in Furs, Tailored Frocks and Flannelette Nightgowns

Stylish Frocks of Tricotine

\$29.50 to \$49.50

When you see these new Fall Frocks you will at once realize how far removed they are from the commonplace. The styles are so attractively "different" and so graceful that they will prove more becoming than any you've ever worn. We mention here a few of the many beautiful creations which we are showing, all of which are exceptionally good values.

Misses' Tailored Dress of Navy Tricotine

FINE EXHIBIT MERITS APPLAUSE. Saanichton Fair's Popular Day Is Marked by Sunshine

With splendid weather attending the event, the North and South Saanichton Live Stock Shows yesterday welcomed great throngs of visitors to the annual fair at Saanichton.

The main building was at times crowded to the limit, and even the music of Heaton's orchestra was insufficient to speed the movement of the critical, who found something to attract and delay their tour at every yard and on either hand.

The judging of the livestock in the grounds proved an attraction of strength to the farming element of the crowd, the judges explaining the reasons for the awards as an educational measure.

The remainder of the prize awards made since yesterday's Times are: Live Stock. Team horses, 1,800 to 1,600 pounds—1, W. Watt, Jr.; 2, H. C. Oldfield.

Single horse, 1,200 to 1,000 pounds—1, H. C. Oldfield; 2, M. Towars. Mare and foal—1, W. Holmes.

Special, best kept horse—1, J. W. McNamara; 2, H. C. Oldfield. Cattle, Jerseys. Bull, two years and over—1, Geo. Clark; 2, J. Watt & Sons.

Heifer, one year to eighteen months—1, Geo. Clark; 2, F. Tomlinson. Heifer calf—1, G. Clark; 2, Fred. Michell.

Holsteins. Bull, two years and over—1, W. D. Michell. Cow, three years and over—1, 2, W. D. Michell.

Heifer, one year to eighteen months—1, 2, W. H. Michell. Heifer calf—1, Tom Michell—2, D. Nimmo.

Grade Jerseys. Cow, two years and over—1, H. T. Wright; 2, W. D. Michell.

Heifer, first calf—1, J. G. McKay; 2, W. D. Michell. Yearling to eighteen months—1, J. W. Malcolm; 2, C. McCarthy.

Grade Holsteins. Cow, two years and over—1, F. Turgoose; 2, W. D. Michell.

Yearling to eighteen months—1, W. D. Michell. Specials. Best dairy herd, made up of pure bred bull, over one year, and three females any age (donated by the Vancouver Island Milk Producers' Association)—1, Geo. Clark; 2, W. D. Michell.

Herdman's competition. Judging by points as follows: Condition, 60; showing, 40. (Donated by E. Raper) —1, F. Simpson.

Best dairy cow in the show, (Donated by C. H. Oldfield)—1, Geo. Clark. Best dry hand milker, cow to be milked on the grounds—1, T. Michell; 2, J. C. Oldfield.

Judging by boys or girls under 16 the disposal of reverted lands required by Section 2, W. D. Michell, shall not apply to the City of Victoria.

(b) To provide for interest in respect of those lands that were withheld from the annual tax sale for 1922 by extending the payment for a period of fifteen years of the total of arrears due and payable on or before 15th September, 1922, in respect of said lands, and the whole amount of unpaid future instalments of consolidated arrears charged on said lands, that interest on the total of arrears at six per cent. per annum and all taxes accruing due and payable thereon shall be annually in each current year until total of arrears be paid.

(c) Providing that the assessment of any parcel of land previously assessed at over \$1,900 shall not be increased by more than two and one-half per cent. in any one year, or otherwise enabling the Council to take some action designed to encourage home building on close-in residential properties.

(d) Providing that any parcel of land in the city that may be sold at tax sale shall not be subject to the payment of Succession Duties, the same to be retro-active to include all lands sold for taxes on and after May 30, 1919.

(e) Validating Securities Application By-law, 1922, allocating and pledging receipts from sales of reverted lands to the repayment of money borrowed, or to be borrowed, under Extension Securities By-laws, subject to prior payment of existing overdraft at Bank of Montreal.

H. S. PRINGLE. City Solicitor. September 28, 1922.

B. C. LAND & INVESTMENT AGENCY, LIMITED. 922 Government Street. Phone 1253

long ago. She is now grown up and probably does not know her own story.

"One night long ago when the moon was very young it was shaped like a crescent and a stork flying along with a very heavy basket saw it.

"His basket was heavy because in it were two plump babies, a girl and a boy. He had a long journey to make in opposite directions; if he could leave on baby in some nice place he could quickly fly to where he was to leave the other.

"Then he could return and pick up the baby he had left and be off to the home where the people were waiting for it.

"All this the old Stork was thinking when he happened to see the crescent-shaped moon. And he saw at once that it would make a nice cradle for a baby to rest in.

"In a minute more he had placed the baby girl in the curve of the young moon and was flying away with the baby boy.

"That the trouble which the stork did not foresee was that the young moonman fell in love with the pretty baby and decided that he would like to have her for his daughter.

"So he ran away with her and when the stork returned he found no trace of the crescent or the baby girl.

"He thought that the cradle must have been rocked by the wind and the baby had fallen out of it.

"The moon grew bigger and older, but all the time the moonman kept his daughter hidden well and the stork never guessed what had happened.

"Then one night there appeared in the moon the beautiful lady you all see, but no one but the moonman and she knew her story, and if the stork does hear it now it will no matter for he would not know what to do with a grown up lady.

"I think the stork is very careless with babies," said one fairy when the Queen had finished her story and the Queen had finished her story and the Queen had finished her story.

"Yes, that is true," replied the Queen, "though of course they are not really lost; for many a dainty flower or little star started out in the basket of the stork as a pink and white baby and did with the moonman's daughter the stork left, in a tree or tied in a handkerchief, hanging on a bush, and the fairies found a home for it."

"Only we did not know that was the story of the beautiful lady in the moon."

ALL HE COULD FIND. The shadows lay thick beneath the trees, and where they were deepest a figure crouched in the darkness.

"That you, mate?" he whispered hoarsely.

"Yes, I came the answer. "What you doing with that dog?" he muttered, as his burglar partner drew near.

"Why?" answered his confederate, "there was nothing worth taking in the house, and it's bad luck to come away without anything. So I pinched the watchdog and these burglar alarms."

STOMACH TROUBLES ARE DUE TO ACIDITY. Tell's Safe, Certain, Speedy Relief for

So-called stomach troubles, such as indigestion, gas, sourness, stomach ache and inability to retain food are in probability nature's way of showing evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and heartburn.

Cut Your Fuel Bills Third to Half

The introduction of the Caloric Furnace a few years ago proved conclusively that the average home heating plant wasted a tremendous amount of fuel. The

PIPELESS CALORIC FURNACE

which has been installed in more than 90 homes in Victoria—actually reduces fuel bills 1/3 to 1/2.

IMPORTANT DEVELOPMENTS IN OIL IN THE FRASER VALLEY

TESTING OF EMPIRE WELL ABOUT TO COMMENCE

In an interview to-day Mr. William Miller, Geologist, expressed himself very strongly on his certainty of the Empire Well coming in as soon as the pressure is relieved by baling out the water and slimes, which, in a hole of 3,815 feet depth occupies a space of 3,700 feet. The damming back pressure of which is about 1,600 pounds to the square inch. The first clue to the oil occurrence was at 2,990 feet where a plastic mass of inspissated petroleum was pierced by the drill.

In proven oil fields, especially those of California, this occurrence has frequently taken place one thousand feet above the true oil measures and they are regarded by Science as escaped petroleum from below coming in contact with fresh surface water and becoming oxidized.

This occurrence was noted in the London Oil News. Mr. Miller states he has been confidently looking towards this zone which is now so handsomely verifying his expectations. He states: "The oil measures in this district lie between 3,800 feet and 4,000 feet—Corresponding in depth to many fields of the world, notably those of Coalinga, Whittier of California and Galicia."

Mr. Miller has issued the following letter to all oil investors in the Fraser Valley—

Vancouver, B. C., Oct. 3, 1922.

To Oil Shareholders and All Whom It May Concern

Scores of interested investors have besought me (as responsible geological authority) for the true position of the drilling operations at the Empire Well, and in making the following pronouncement I fully realize the responsibility, should by any chance my word be falsified by subsequent events. After several months' absence I visited the well on Saturday last and again on Monday and found crude oil being produced notwithstanding the terrific pressure of 3,700 feet of water and slimes. The oil is a light paraffin. The management are about to stop drilling and remove the water from the hole. When such is completed I unflinchingly affirm that production will ensue in quantities running from anywhere into hundreds and possibly thousands of barrels. Quantities, however, are speculative. This is the only pronouncement of the kind ever appearing over my signature and the public, I trust, will therefore conclude that the importance of the development warrants it.

(Sgd.) WM. MILLER, Geologist.
2770 Cambridge St. Vancouver, B. C.

TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, Oct. 5.—Good export buying and any moderate selling pressure were contributing factors to the higher prices. The volume of trade throughout the day was fair. The transportation situation, which is stated by shippers to be serious in undoubtedly curtailing new business.

The close was firm. Trade was not heavy in the coarse grain markets, but wheat and barley were firm. The market was steady tone, with prices maintained a steady tone.

The cash situation was easy, with prices maintained a steady tone. The market was steady tone, with prices maintained a steady tone.

Winnipeg, Oct. 5.—Foreign bar silver, 62 1/2; Mexican silver, 62 1/2.

New Cloth Dresses

Very Attractive in Both Style and Price

You will enjoy making a selection from the many new Dresses we are showing for the first time. They are made from fine quality wool serge and tricotine in graceful straight line styles. Some are handsomely embroidered, while others are smartly trimmed with braid. In every instance the values will be found most gratifying.

Prices \$16.75 to \$25.00

36-Inch Costume Velvet

\$3.50 Yard

A Chiffon Finished Velvet with a rich lustrous finish and heavy pile, especially suitable for dresses and suits; colors navy, sage, mole, brown, damson, claret, myrtle, wine and black.

Imported English Wool Rugs at Special Prices

These are the genuine "Dursley" Rugs, made with thick heavy pure wool pile and fast dyed. They are reversible which doubles the life of the rug. The patterns are new and the color combinations are delightful. They will harmonize beautifully with almost any color scheme.

Size 2 x 4. Price, \$7.50
Size 4 x 6. Price, \$12.50
Size 6 x 8. Price, \$17.50
Size 8 x 10. Price, \$22.50
Size 10 x 12. Price, \$27.50

Mrs. E. C. Walker, L. F. Solly, A. A. B. Herd, W. T. Corbushley, Joseph Reade, J. J. Dougan and C. E. Bromlow.

The usual classes for utility and exhibition will be on the list. The Vancouver Milling Company has presented two challenge cups for the best light and the best heavy weight pens of utility birds.

An application has been made to the Canadian Kennel Club for permission to hold a dog show on the same dates. A meeting of those interested in a dog show was held last night.

A schedule has been made and a premium list and ways and means discussed, and these will be forwarded with the application to headquarters.

A. C. Stewart, Inspector of schools, is in Duncan.

Messrs. Switzer and Sons have vacated their shop on Station Street and will leave for California shortly. The premises will be occupied by a drygoods shop.

DEANERY MEETING HELD IN SIDNEY

(Times Correspondence)

Sidney.—The meeting of the Anglican clergy of the Southern Deanery of the Diocese of Columbia took place on Wednesday, at 10 o'clock there was corporate communion at St. Andrew's Church. The clergy then went to the house of Mrs. Forner, who had kindly lent her home to discuss the business of the deanery.

At 12.15 they went to Wesley Hall, where a lunch had been provided by a committee of the Women's Guild. The committee was composed of Mrs. J. White, Mrs. C. Ward, Mrs. W. Patchell and Mrs. Philip. After luncheon the Rev. G. H. Andrews gave a vote of thanks to the ladies and Mrs. White replied.

The clergy present were the Very Rev. Dean Quinlan and Revs. R. Connell, G. H. Andrews, H. V. Hitchcock, E. A. P. Chadwick, A. Bastin, L. Carroll, F. Comley, H. Pearson, F. Fat, P. C. Chapman and T. M. Hughes.

Sheriff's Sale

Under and by virtue of a warrant of execution, issued out of the County Court of Victoria holden at Victoria, and to me directed against the goods and chattels of the Canadian North Pacific Towing, Diving and Salvage Co., Ltd., Victoria, B. C. I have seized and taken possession of all the goods and chattels of the above named company, consisting of one "Morris" (Boston, U. S. A.) Light Diving outfit, Chains, Lumber, Life Belts, 2 Iron Tanks, etc. and will offer the same for sale at public auction on Monday, October 9th, at 10.30 a. m. on the Esquimalt & Nanaimo Railway Company's wharf, adjoining Porter's Landing, Victoria Harbor. Terms of sale Cash.

F. G. RICHARDS, Sheriff.
Sheriff's Office, Victoria, B. C., October 5, 1922.
