### Motor Lights New Law Is Now Being Enforced

(Continued from page 7)

mobile Club of Southern California, 248 South Brand boulevard.

Lights operating from the magnets are banned and must be replaced with electric or acetylene lights, according to a bulletin issued from Chief Marsh's office. Stoplights and spotlights are permissible, provided they are of the approved types. Blue bulbs are allowed, if they are of twenty-one candlepower and are so marked on the metal base.

Home made signaling devices are allowed, provided they indicate clearly the direction of the turn, and provided they are not

### Auto Builders Speed Up For New Business

CLEVELAND, Jan. 8.—Operations are being speeded up at several local automobile factories in expectation of increased business resulting from the New York and Chicago auto shows.

Plans for construction of underground railways in Japan have been abandoned and the company organized for that purpose will construct electric surface lines.

Offered for sale, the bulletin sets forth.

Mr. Towman advises those who are in doubt to stop in at an official headlight adjusting station and have their lights made to comply with the law.

### More Highways Now Is National Problem

(Continued from page 7)

amount of its paid-in taxes has decreased about 33 1-3 per cent. There is every indication, if the promises of the present administration are fulfilled, that federal taxes will continue to decrease. But there is also evidence that state, county and municipality taxes must increase to meet new demands.

This increase has grown continuously since 1919 in which year state and local governing bodies borrowed \$691,000,000. In the first eleven months of 1924 this sum had increased to \$1,289,000,000 with corresponding advances in tax payments. The question in 1925 will be not how much the traffic will bear but how much traffic will demand. Each section must determine on the basis of its own financial standing just what additional sums may be borrowed.

### Tax on Farmer

There is a small doubt that this borrowing and consequent expenditure on roads will yield a profit. Good roads have been proved to yield a return equal to that of the best and most conservative industrial investments. About one-fifth of the entire state and local bonded debt of the country has been incurred for road building but this has yielded a direct return to shippers of merchandise, the opening of new areas to cultivation and the lessening cost of transporting crops to market.

Nevertheless the farmer has carried a heavy tax burden. Taxes on the average farm in the last year absorbed nearly 17 per cent of the net farm returns, according to the Sears Roebuck agricultural foundation, which bases this statement on reports from 16,182 farmers in various sections. Taking Indiana as a criterion, 47.5 cents of the average tax dollar was spent for the support of education, 27.8 cents for highway construction and maintenance and the remainder for general costs of government, benevolent institutions and miscellaneous expenditures.

### Auto License Privilege Given To Club Members

(Continued from page 7)

man states. These slips will be forwarded by the club to Sacramento, where they will be held until February 1, when 1925 licenses will be issued.

Mr. Towman has received word from headquarters in Los Angeles that 5,900 sets of new plates for pleasure cars will be available for the Glendale office. There will also be about 2,000 sets of commercial plates available, he states.

Automobiles registered before February 1 will be charged the full 1925 fee, according to a bulletin received from W. H. Marsh, chief of the Division of Motor Vehicles, Sacramento.

Requirements

Another bulletin from Mr. Marsh's department, issued through C. K. Harden, chief inspector, and dated January 2, states in part: "It is necessary that we have the pink certificate with the fee . . . and it will be necessary for the registered owner to forward his fee to the legal owner, who will in turn forward the same to this department, with the pink certificate."

It will not be necessary for motorists to follow this ruling, if they will apply for their 1925 licenses through the Automobile Club of Southern California, Mr. Towman states. Arrangements have been completed to handle

### CAR DEALERS TO HOLD SHOW HERE

First Event Is Planned for March; Committees to Meet January 14

Glendale will have its first automobile show under the auspices of Glendale Auto Dealers' association about March 1, according to an announcement made by Lyman P. Clark, president of the organization, and preliminary plans indicate this will be one of the big events in automotive circles in Southern California.

Committees will be appointed this week and these committees will assemble at a meeting called for Wednesday, January 14, when details will be worked out, location for the show selected, sub-committees and workers appointed and plans completed. Glendale had an auto show a few years ago, but this was held by local dealers individually and not under the direction of the association.

The Glendale Auto Dealers' association was formed May 1, 1922, with a membership of seven dealers and has since grown to over twenty members and has become one of the most important organizations in the city. Their efforts in the contemplated show are expected to eclipse anything of its kind in Southern California cities. Lyman P. Clark is president; Don Paeker, vice-president, and Millard B. Towman, secretary and treasurer.

John Cate to Speak On School Matters

John Cate, business manager of Glendale city schools, is to speak on school matters tomorrow night at the "Fathers' Night" to be held at Colorado school, under the auspices of the Parent-Teacher association. The meeting will begin at 7:30 o'clock and in addition to Mr. Cate's talk, there will be entertainment by pupils of "Miss Wilson's" and Miss Fambrough's classes. Later there will be an informal social hour.

Louise Dresser Will Appear In New Film

Glendale friends of Mrs. Jack Gardner of 125 West Mountain street, known professionally as Louise Dresser, are sharing in her happiness in her selection to portray the title role of "The Goose Woman," by Rex Beach, which will be Clarence Brown's next production for Universal.

It was rumored that Miss Dresser had intended to open the new season in New York as the star of a forthcoming stage production, but with such an auspicious beginning for 1925 it is extremely likely that she will make Glendale her permanent home. Rumors are to the effect that Miss Dresser has been decided upon for two of the biggest character star roles planned for the ensuing picture season, though these have not yet been announced.

"The Goose Woman" is considered one of Rex Beach's most popular stories and contains more gripping dramatic interest and mystery than any of his recent works.

Twenty-eight thousand people are employed in making jewelry at Wurttemberg and Baden, Germany, the industry having a boom.

### CHRYSLER MAKES RECORD IN TEST

Ralph DePalma Drives 1000 Miles In 786 Minutes At Culver City

The supremacy of the stock Chrysler over the 1000-mile distance is still supreme, according to the following telegram received by Lyman P. Clark, local dealer, at 124 West Colorado street, following Ralph DePalma's record-breaking spin in an absolutely stock car that had been geared up to a 3.75-to-1 ratio. The wire was filed after DePalma had covered the 1000 miles on the Culver City speedway at an average speed of 76.32 miles an hour. The telegram follows:

"Our birthday gift to the Chrysler. Today Culver City speedway, Ralph DePalma driving absolutely stock Chrysler touring, except with special gear ration 3.75-to-1, made 1000 miles in 786 minutes 6 1-5 seconds total elapsed time, averaging 76.32 miles per hour with absolutely no mechanical adjustment, tire changes or even addition of water. Tired, but not certified as to stock by A. A. A. Car given committee of Dealers' association for stock verification. This non-trophy event beating previous record of 848 minutes 31 4-5 seconds with average of 70.71 miles per hour made by competing car with similar gear ratio. Chrysler still holds Los Angeles Times' trophy for fastest 1000 miles made by absolutely stock touring with standard gear ratio."

## The COACH

as Buick builds it

is available on either of two fine Buick chassis. The quality is identical in both Master Coach and Standard Coach. Both bodies are by Fisher. The only difference is in wheelbase and price.

In addition to Buick's two coach models, there are twenty-three other Buick styles to choose from. Ask about the G. M. A. C. Purchase Plan, which provides for Deferred Payments.

The Master Six Coach \$1775 The Standard Six Coach \$1545  
Prices f. o. b. Buick factories; government tax to be added

Used By Millions Of Mothers

**For Croup and Colds**

Over 98 million jars of Vicks have been used in the past five years. This means the unbroken confidence of a vast army of mothers. They like Vicks because it solves a great problem—how to treat croup and colds without that continual dosing, which is so harmful to delicate little stomachs. Being applied externally Vicks does not disturb the digestion. It can be freely used without the slightest harmful effect.

Vicks brings prompt relief from croup and often checks even the worst cold overnight. There is nothing to swallow. You just rub it on.

**VICKS VAPORUB**  
OVER 17 MILLION JARS USED YEARLY

**FIERY, ITCHY SKIN QUICKLY SOOTHED WITH SULPHUR**

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing subdues fiery skin eruptions so quickly, says a noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone, and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up.

A small jar of Rowles Mentho-Sulphur may be had at any good drug store.—Advertisement.

**GALVIN EXPLAINS MECHANICAL TERM**

'Horsepower' Dates Back To 1765; Was Originated By James Watt

Many people have often wondered what is meant by the term "horsepower" and how it is applied to the power developed by an engine, according to Ray L. Galvin, salesmanager for Tanner & Hall, Glendale Buick distributors, 622 South Brand boulevard. Mr. Galvin says to get a clear idea of the term "horsepower," as it applies to power producing mechanisms, we must go back to the year 1765. At that time James Watt had perfected his steam engine to a degree that made it practical and was trying to market it. Like all inventors, Watt found a great deal of opposition and in order to stimulate sales he found it necessary to educate people to the value of his invention.

**Explains Meaning**  
Watt knew he would have to find some way of accurately contrasting the power of his steam engine against the power of the horse. His first task, therefore, was to find just how much power the average horse possessed. He conducted a long series of tests and ascertained that the average work horse could lift 150 pounds two and one-half miles per hour for ten hours a day or the equivalent to lifting 33,000 pounds one foot in one minute. The term "horsepower" therefore means the amount of power required to lift 33,000 pounds one foot in one minute. It has exactly the same meaning whether applied to a steam engine, a gasoline engine or an electric motor.

The device most commonly used in determining actual horsepower of a motor is called the dynamometer. In testing an automobile for actual horsepower the gasoline engine and the electric dynamo are hitched together. The gasoline engine is started and its capacity for work is determined by suitable resistance and measuring instruments, and in this way the actual horsepower determined.

Little mirrors were used as periscopes in a crowd at a celebration in England.

**HEAVY DEMANDS FOR NEW MODELS**

Hupmobile Eight-In-Row Is Meeting With Popular Favor Everywhere

"If you don't think the new 'Hupp 8' is proving the most popular car ever on the market, you should see our order books," said H. V. White, manager of the Glendale branch, H. W. Swanson Co., 228 South Brand boulevard, Hupmobile distributors, "about fifteen orders having been taken at the main store in Hollywood and four here in Glendale. The Hupp factory did not anticipate the unprecedented demand for the new car and production is being speeded up day and night to take care of the advance orders."

The new car is an addition to the Hupmobile line of four-cylinder cars that the company has produced for 16 years. Realizing the advantages of the eight-in-line principle in its smooth power, flexibility and inherent freedom from vibration, Hupp engineers studied every multi-cylindered car in this country and Europe and after developing the new Hupp, road tests aggregating 55,000 miles were made during the past year which, they say, proved that the features that they desired have been incorporated in the car. A score of more fundamental and revolutionary features have been built into the new car. The major ones include:

The shortest, most compact eight-in-line engine ever built; more power per cubic inch of piston displacement than any previous multi-cylindered automobile engine; no "roughness" anywhere in the engine's entire speed range; compactness for handling and parking with unusual roominess and riding comfort; balanced combination of speed, luging power and rapid acceleration; unusual gasoline economy, both in continuous high speed operation and at a steady 20-mile-an-hour pace; ease of starting, operating and stopping; a combustion chamber particularly designed to produce the highest degree of power efficiency which can be combined with utmost smoothness; design of crankshaft, connecting rods and pistons new in American engineering, resulting in inherent smoothness and eliminating crankshaft whip and distortion; tremendous flexibility in engine and entire car.

**CONTRASTS EARLY MODELS AND NEW**

Twenty Miles Per Hour Was Maximum Speed Of First Car, Says Dealer

This is the silver jubilee of automobile shows, says C. H. Hunter, 208 West Broadway, Glendale Oldsmobile distributor, as it is just 25 years since the first automotive exhibit was held in this country. Achievements made during these years have been remarkable, and even the most forward-looking engineers hesitate to hazard a guess to what the product will be like in 1950, he said.

"Memory faintly recalls the early product of the infant automobile industry as little contraptions that made a lot of noise when they would run," he added.

The first company to manufacture automobiles commercially was the Olds Motor works, Lansing, Mich., which for a period of 28 years has been making and selling Oldsmobiles. In the 'horseless age,' which was the first name of automotive industries, the first automobile trade publication of February 12, 1902, gave a description of the Oldsmobile from which the following extracts were taken: "The Oldsmobile runabout must be termed a 'medium weight' since it belongs to that class of automobiles to which carriages of 800 to 1,100 pounds belong. The body of the vehicle has the lines of a runabout and a curved dash. The wheels are shod with 28x3 1/2 single tube tires. All the machinery, tanks, battery, etc., are in the rear part of the body. A centrally located steering lever is provided to guide the machine and all control levers operated by hand are on the right side of the seat. The engine is of the single cylinder variety with a bore of 4 1/2 inches and a stroke of 6 inches and runs at a speed of about 600 revolutions per minute. The speed of the Oldsmobile on a good road is said to be about 20 miles per hour at a maximum."

Mr. Hunter compares this to the present day Oldsmobile with six cylinders capable of all speeds from one to 65 miles per hour in high gear and bodies more luxurious than the average home of 1900. The basic principle of mixing air and gasoline vapor, compressing it in a cylinder and firing the mixture with a spark is about the only thing the present day automobile has in common with its predecessor of 25 years ago, he said.

**COMPARES PRICES OF CARS AND FOOD**

Studebaker Dealer Shows Cost Of Duplex Less Than Commodities

"Costs less per pound than butter," said Don Packer, of Packer Motor Co., Brand and Colorado boulevards, local Studebaker distributors, speaking of the Studebaker standard six duplex phenomenon.

"Compare the price of the new Studebaker with the other necessities of life and you will find that the standard six is sold at much less per pound," added Mr. Packer. He gave a list of the market price of ordinary household commodities, the price of the automobile heading the list at 40 cents per pound. Here are the prices:

Studebaker, per pound, 40 cents; butter, 57 cents; eggs, per dozen, 75 cents; tea, per pound, 90 cents; coffee, 50 cents. These figures are an average of the entire country. Mr. Packer directed the list particularly toward women, inasmuch as it put the purchase of a car in a new light. Tea, butter and coffee are used up in a short time while the Studebaker's enduring value was like a brand of her kitchen ware, "wear-ever."

Highway Chief In Report On Activities

(Continued from page 7)

existing system in less than a ten year period. Perhaps the period should be twenty years. In considering the amount of annual funds which should be provided for this purpose, the important point is not how much can the present highway organization spend efficiently, for the organization can be framed to fit the finances.

"The important question is how soon do the people of the state desire the highway system to be completed.

"With a method established for raising construction funds annually, in proportion to the increasing use of the highways, an initial provision of \$12,000,000 probably would mount each year sufficiently to accomplish the task in a reasonable time.

"Road building has become so much a part of the life of every community and the demands for highways continues to be so great that to properly meet these conditions, the highway organization should be placed on a permanent revenue basis.

"The essential need of the present highway situation is a sound basis of financing whereby there can be budgeted in advance the various highway projects to be undertaken each year. Under such a plan the highway commission can outline a definite program and follow it with the assurance funds will be on hand to keep the promises made the people."

Red is the most conspicuous color for danger signals, with green second, and blue third, according to recent visibility tests made by the United States Bureau of Standards.

**1000 MILES In 786 Minutes 6 1/5 Seconds**

Here are the high lights of the latest Chrysler record---

Not a single stop for anything but gas and oil.

Not a tire changed on the entire run.

Not a drop of water added to the radiator.

Event timed by A. A. A., but no certification made by A. A. A. as to whether car was stock or not.

Car certified as stock by Harry Miller, except for special gear ratio, removal of top, mudguards, running-boards and top half of windshield, and use of wire wheels in place of wood.

The Chrysler is now one year old. There are 32,000 cars in service. We have hundreds of letters on file from Southern California Chrysler owners. Their experience explains why Chrysler has set new records for endurance.

**Another Chrysler Record**

---an average of 76.32 miles per hour for more than 13 hours

Ralph De Palma Driving--Culver City Track, Monday, Jan. 5, 1925

Car absolutely stock except for special 3.75 to 1 gear ratio

By a margin of more than an hour, Chrysler beat the best previous record for a thousand miles for cars equipped with a similar gear ratio.

A thousand miles wide open—a thousand miles at better than 76 miles an hour—over thirteen hours of utmost speed—and not a hint of mechanical trouble of any sort, nor a tire change or even addition of any water.

This amazing feat of endurance is your assurance that Chrysler Six can do more than you will ever ask of it.

Remember, too, that last September Chrysler won the 1000-mile stock car record with standard gear ratio—and still holds the Los Angeles Times trophy cup offered for this record.

## Diet And Health

By LULU HUNT PETERS, M. D.

### DAILY FOUNDATION REDUCING DIET

In reducing your weight it is highly important to reduce excess fat only, for the excess fat is the only tissue that you can spare. Therefore, in your reducing diet, you must supply the needs for your other tissues. This means vitamins, mineral elements, protein and part of your energy, needs.

I want you to have a certain foundation in those 1200 C.'s every day to supply these needs so that in reducing your weight you will not reduce your strength and health at the same time. After you have this foundation you can make your own choice of foods for the balance of the diet. You should have:

First: At least a half pound, but better a pound, of some water vegetables (the green leaf vegetables are especially good)—lettuce, spinach, celery, asparagus, watercress, cabbage, beet tops, greens, tomatoes, etcetera. A pound of these, cooked or uncooked, without fat, will be approximately 100 C.

Second: One-half pound of other vegetables, such as carrots, beets, onions, etc. That will approximate another 100 C.

Third: 200 C. of fruit. The following approximate 100 C. each: One large apple, orange, banana, pear; one-half large grapefruit; one melon, 4½ inches in diameter; one cup of berries, grapes or cherries; three or four plums, apricots, lemons or peaches; three or four dates, two or three figs; one-fourth cup of raisins or currants. Better make your dessert of fruit.

Your fruit and vegetables will furnish a large share of the vitamins and mineral elements and some carbohydrates or energy foods. It is best to take a large part of them raw. Fruits and vegetables are more or less similar foods, so if you cannot get vegetables, you can take more fruit, and vice versa.

Fourth: Every day you should have at least one pint of skim or buttermilk. That will amount to 160 C. (10 C. to the ounce) of which about 75 C. are complete protein. Milk will also give you a liberal supply of calcium or lime. If you prefer whole milk you will have to count it a total of 320 calories to the pint (20 calories to the ounce).

If you do not care for milk, take

## PERSONAL NOTES

Fred H. C. Flint of 1203 North Central avenue has moved to 209 West Lorraine street.

J. B. Gillett has moved from 714-A East Acacia avenue to 503 South street to reside.

Mrs. W. H. Davis of 8722 Seneca avenue, in the Atwater district, is confined to her home on account of illness.

E. H. Griffith, who has been residing at 379 Patterson avenue moved yesterday to 1515 Ridgeway drive to reside.

Mrs. Josephine Richardson of Omaha, Neb., was a week-end guest of Mr. and Mrs. W. S. Terter of 722 West Fairmont avenue.

L. L. Biggs of 729 Wing street has not removed to 116-A West Elk as was recently stated in these columns. Mr. Biggs still resides at 729 Wing street.

Mrs. M. M. Phillips of Yuma, Arizona, arrived the first of the week to visit her daughter, Mrs. Howard Clewitt of 526 East Windsor road.

L. C. Denman has traded his boulder house at Verdugo City for a cherry orchard in Beaumont and has returned to Glendale to reside. He is now making his home at 449 West Vine street.

Mrs. Daniel Campbell, who has been ill since December 27 until a severe cold, is still confined to her bed at her home, Ard Evine. While her condition is improving, she will not be able to take up her social and club duties until completely recovered.

Mr. and Mrs. Edward Wentworth of 1533 Dixon street have been entertaining for the past two days, Rev. and Mrs. John Delmore Mowrey, formerly of Brockton, Massachusetts, who are en route to China, where they will do missionary work. Mr. Mowrey will be remembered as the daughter of Rector David Mathews of St. Paul's church in Brockton, Massachusetts. They left yesterday for China.

## Social : Clubs

Edited by KATHERINE V. SINKS

### Holiday Sojourn

Mr. and Mrs. George Orgibet and son Junior, of North Central avenue have returned to their Glendale home after an enjoyable holiday sojourn at their beach home, "Sun Glow." Redondo Beach. The Orgibet family formerly resided at Redondo so their holiday outing was filled with many delightful social affairs. Mrs. Orgibet was hostess a three affairs, one being a dancing party for her son, at which she entertained twenty-five guests, mostly friends from the University of California, southern branch. Dancing was enjoyed in the patio of the Orgibet home. During their residence in Glendale the Orgibets have made a wide circle of friends. Mr. Orgibet owns the Orgibet Print shop at 106 South Maryland. Mrs. Orgibet, formerly on the staff of the Redondo Breeze, is also a writer of verse. She is a member of the Southern California Women's Press club. The Tuesday Afternoon club of Glendale, also claims her as a member.

### Report on Work

Splendid philanthropic work during the holiday season was reported yesterday afternoon at the meeting of the literature department of the Tuesday Afternoon club at the clubhouse. Mrs. R. W. Babin, curator, was in charge of the meeting. Mrs. H. C. Wilcox told of the Christmas cheer furnished the children's free clinic at White Memorial hospital, Los Angeles. She read a letter of appreciation for the eighty-seven toys, 100 balloons, books and other things sent by the clubwomen. Report was made that eighteen glasses of jelly and jam were given for the ex-service men's Christmas baskets, and twenty pies and cakes and ten pounds of fruits and other things for the Christmas dinner at the Midnight mission in Los Angeles. Mrs. J. A. Bolton was in charge of yesterday's program. Mrs. Cecil Bonham, a pupil of Virginia Freeman, sang "Bower of Roses" (Clark), "Twilight" (Ross), "A Rain of Flowers" (Ferris), "Pale Moon" (Logan). She was accompanied by Mrs. T. R. Yates. Miss Bess Long of the Emerson School of Self-Expression entertained with readings and music. New Year's poems were read by Mesdames G. H. Rowe, R. W. Mottern, Alfred Smith, A. M. Hunt, Harold Curtis and Edwin Cleophas. Mrs. Carlisle, told of the round table held Mondays at the public library, and told of several new books. Mesdames F. L. Hollingsworth and L. E. Bennett were hostesses in charge of the social hour.

### Benefit Success

Mrs. M. C. Barker and Mrs. Harry Levey were hostesses yesterday afternoon at a silver tea, given at the Barker home, 1236 South Glendale avenue, as a benefit for the Acacia Parent-Teacher association. An entertaining program had been arranged for the afternoon and was enjoyed by the large crowd in attendance. Mrs. George Barker sang "Sunbeams," "Fairy Garden" and "Three Little Chestnuts," with Mrs. Frances May Martin as accompanist. Mrs. Raymond Chase gave musical readings entitled "The Old Family Album," "The Little Girl On The Street Car" and "Entertaining Sister's Bean." Refreshments served as a latter feature, concluded a pleasurable afternoon. Announcement was made that a Mother Goose play would be presented at the home of Mrs. M. C. Barker on the evening of January 21.

### Bridge Hostess

Mrs. C. H. Meadows of 721 North Brand boulevard, was hostess yesterday to members of the Auction Science Bridge club, when entertaining with a luncheon at 1 o'clock. Bridge was played during the afternoon and prizes were awarded to Mrs. Christianson of Pasadena, and Mrs. Forrest Rogers. The next meeting of the club will be held January 21 in the home of Mrs. John Moore, 709 North Louise street. Present at the party were: Mrs. Christian-son of Pasadena, Mesdames William McPherson, Heloise Bondeux, Darwin Chesney, Gerald Blue, Hugh Blue, E. E. Best, Forrest Rogers, J. W. Hout, E. P. Hayward, Burton, A. M. Draper, James E. Evangelet, John Moore, Donald Baxter and the hostess.

### With Mrs. Beach

Chapter AH, P. E. O., held a meeting yesterday afternoon in the home of Mrs. Fanny Beach, 1121 North Maryland avenue. Luncheon was served at 12 o'clock, assisting hostesses being Mrs. Bessie Mabry, Mr. Edith Smith and Miss Helen Beach. The business meeting was conducted by Mrs. Edith Smith, president. A book report of works by American authors was presented by Mrs. Abbie Barker and proved very interesting and educational. The next meeting will be held January 21, at 11 o'clock, in the home of Mrs. Greta Lynch, on North Jackson street. Mrs. Mabel Parker of Chapter BA was a guest.

### Y. L. I. Benefit

The benefit card party given by the Y. L. I. at the Knights of Columbus clubhouse, 320 East Lomita avenue, last night, was attended by a large crowd. Approximately \$200 was made for the school fund by the sale of five-hundred, twenty-five tables of bridge and ten tables of "cookies" were in play during the evening. M. J. Brennan won the ham which was given away. Refreshments were served later by the committee in charge of the party, Miss Mary Margaret Chapman was chairman of the committee.

### Plan Installation

Plans for the annual installation of officers were made yesterday afternoon at a special meeting of N. P. Banks post auxiliary of Sons of Veterans, held in the home of Mrs. T. C. Gillett, 212 West Cypress street. Mrs. Mamie Dean, state officer from Los Angeles, will be the installing officer. She will be assisted by the past presidents' club of all auxiliaries of Los Angeles district. Installation ceremonies will be held January 20 at the Sparr Heights Community building at Sparr Heights.

### Rebekah Lodge

The Past Noble Grand's association will meet tomorrow night at 8 o'clock at the home of Mrs. Sadie Bronnenberg at 214 West Howard street. All newly installed officers of Glendale Rebekah lodge will be guests at the meeting and the time will be devoted to study. Mrs. Rosella Strother, president of the association has charge of the meeting and Mrs. Evelyn Hall is arranging for the social part of the meeting.

### Entertainers Club

Mrs. Luella Emerick of 464 West Elk avenue was hostess yesterday to members of Electa Social club. Routine business was transacted at the meeting with Mrs. Cythella Hewitt, president, in charge. Hostesses were Mrs. Ida Curry and Mrs. Blanche Bird. The next meeting will be held January 21 in the home of Mrs. Hermine Hudson, 640 North Central avenue, when the time will be devoted to sewing.

### Card Club Meets

Double Six Bridge club members were entertained Wednesday afternoon in the home of Mrs. Andy Williams at 1006 East Wilson avenue. Luncheon was served at 1 o'clock at a table decorated with flowers to carry out a color scheme of yellow and green. Prizes for bridges were awarded Mrs. J. A. McGowan and Mrs. J. O'Neill Farrell. Mrs. William Schier of Los Angeles and Miss Eva Brehme were guests for the afternoon. Members present were: Mesdames J. O'Neill Farrell, T. H. Ratican, J. C. Campbell, Rose McLaughlin, J. W. Hartman, L. W. Russell, J. Dolph of Hollywood, G. O. Russell, Mrs. F. H. Clark of 606 North Orange street will entertain the club next Wednesday, the club having changed its day of meeting to Wednesday instead of Thursday.

### Gives Luncheon

A prettily appointed holiday luncheon, given Tuesday by Mrs. Estella Irvin of 372 Verdugo street, Burbank, at the I. J. Spafford home, 314 East Chestnut street, entertained members of the directing board of the Women's club of Burbank. Mrs. I. J. Spafford and Miss Ruth Spafford assisted Mrs. Irvin. The three-course luncheon was served on a table artistically arranged in red and white. Carnations and narcissi were the flowers used. Tiny red baskets and red elfin place-cards were at each place. Guests were Mesdames C. H. Wilson, R. H. Cummings, Walter Fischer, E. Davidson, Anderson, Rogers, E. O. Stumbo, Johnson, Gertrude Soule, T. B. Buffington.

### CUT THIS OUT—IT IS WORTH MONEY

You will receive a sample bottle of FOLEY'S HONEY AND TAR COMPOUND (roughs, colds and hoarseness), also sample package of FOLEY'S PILLS, a diuretic stimulant for the kidneys, and FOLEY'S CATHARTIC TABLETS for constipation and biliousness. These dependable remedies are free from opiates and have helped millions of people. Try them. Write to: Foley & Co., Pharmacy, 638 East Broadway; Hub Pharmacy, Glendale and Colorado; Acacia Pharmacy, 922 South Glendale Avenue.—Advertisement.

## DEATHS - FUNERALS

**MRS. ELIZABETH CRUMPTON**  
Mrs. Elizabeth Crumpton, mother of Mrs. J. H. Cunningham of 1026 Florence place, and Mrs. Sarah Skelton of 600 West Broadway, died this morning, Thursday, January 8, 1925, at her home in Turtle Creek, Pa. Mrs. Crumpton had spent several winters with her daughters in California. Besides Mrs. Cunningham and Mrs. Skelton, she leaves another daughter, Mrs. A. B. Lane of Orange, Cal.

### WILLIAM A. SLATER

William A. Slater of 5283 College View avenue, Eagle Rock, died this morning, Thursday, January 8, 1925, at the age of 70 years. He leaves his widow, Mrs. Eliza Slater; a daughter, Blanche and a son, J. William Slater. Funeral services will be held at 2 o'clock Saturday afternoon in the L. G. Scovern chapel on South Brand boulevard. Friends are asked to omit flowers. Internment will be private.

## BIRTHS

A son was born last night, Wednesday, January 7, 1925, at the Glendale Sanitarium and Hospital to Mr. and Mrs. L. S. Holst of Los Angeles.

## Pauline Frederick Is Divorced From Doctor

LOS ANGELES, Jan. 8.—Pauline Frederick, star of the stage and films, was granted a divorce by Judge Harry R. Archbald from Dr. Charles Rutherford, a physician, formerly of Seattle, a man she had known from girlhood and said to be one of her first sweethearts. The actress' true name was Beatrice Rutherford, it was revealed.

## Chats On Beauty

By EDNA KENT FORBES

### EYELASH DARKENING

To many fair girls and women, the problem of what to do with scant, almost invisible eyebrows and eyelashes is a very great one. An eyebrow pencil can be used to shadow the brows. If lightly applied and most of the color rubbed off, it will mark the brows and for a few hours greatly emphasize the beauty and size of the eyes.

There are no permanent eyelash stains; a solution of India ink can be used as a temporary one but this washes off and there is danger of getting it into the eyes and of staining the skin around the forehead. Besides it is more important to darken the lashes than the brows, and nothing can be used here that is in any way harmful, or the sight may be affected.

Try this, it is my solution, and I have found it really wonderful. Hold a candle under glass and smoke it thickly as you would if you wanted to see an eclipse. Keep on until you have a fine collection of soot. Scrape off into a tiny saucer (use a butter pat) with a pen knife. It's messy, but never mind. Now take a white cream lip stick, push out about half of it, and mix it, using the knife blade with the soot. Use your judgment about the blackness of your cream, make it add more soot if you haven't a thick, black cream. I can't give you quantities for you can't measure the soot.

If you haven't a white cream lip stick and cannot buy one, use vaseline. But the cream is thicker and has more body and melts at a higher temperature, therefore is better to use.

Rub a mere speck of this over the eyelashes with your fingers. Take a bit between thumb and first finger and rub in. Rub on

the brows too. It darkens and makes the lashes seem longer and thicker and it is quite harmless. Try it and you'll be delighted as I was.

But! A healthy school girl of 16, height five feet, three inches, should weigh 120 pounds. These are insurance table weights, and I find them from five to ten pounds too much because nowadays we admire the slender type and all try to cultivate it. Ten pounds under, if the weight should be around 130 or more, is a healthy weight.

Mrs. Alice: Wrinkles under the eyes are natural, two or three of them exist from childhood and are called laughing wrinkles. If there are lots you must use cold creams and massage and astrin-gents to make them less noticeable. For wrinkles on the legs shave or use a depilatory powder. You can't pull them all out. They are really very attractive. I think a depilatory powder the best way. They'll come back and have to be removed again, but you can't help that.

Anxious: See your doctor about protruding ears. Sometimes they are cured by wearing a cap at night, sometimes a doctor must cut a little cord behind each ear. The expense isn't much. Your doctor will know.

### Tomorrow: Ugly Nostrils

All inquiries addressed to Miss Forbes in care of the "Beauty Chats" department will be answered in these columns in their turn. However, owing to the great number received, so if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question.—The Editor.

## SOCIAL EVENTS

### Resume Meeting

Mutual Benefit Reading circle members met yesterday at the public library after the holiday recess. Mrs. H. V. Henry, chairman, presided, and was greatly gratified over the renewed interest in the work. She read a short magazine article on "The Child at the Crossroads," which was very timely because of its relation to the child labor legislation now being considered in California. Of interest to the circle members was the new study book, "The Job of Being a Dad," by Frank H. Chely. Mrs. Henry read from the book, which is on the theme, "The average father knows more about baseball, stocks and bonds than he does about his boy. He relies on mother, preacher and teacher to train him." Mesdames Mae Rosenberg, E. B. Moore and C. L. Viereck are to go to Azusa next Wednesday to demonstrate circle work there. Holiday greetings and appreciation for Christmas remembrances were received from Mrs. Henry, Mrs. Charles H. Toll, Mrs. A. A. Barton and Mrs. Alna J. Danford and six of the young women of her staff. Mrs. E. B. Moore announced the First District, Parent-Teacher association conference, January 22, at Alhambra. There were thirty-seven members and two babies present.

### Methodist Women

Mrs. Charles Klamm of 1826 Vassar street was hostess yesterday afternoon to members of the Home and Foreign Missionary society of the Central Avenue Methodist church. Mrs. Elsie Moore, president of the Home Mission-C. Kline is president, held a business meeting, after which the Foreign society, of which Mrs. Leo C. Kline is president, held a business session. The study book, "Ming Kwong," was presented by the Foreign society. Members of the society were interested to hear that ground had been broken for the new building of the David and Margaret Home at La Verne, a report of their work being given at the quarterly missionary meeting held in Hollywood Tuesday, when several local members were present. Refreshments were served later in the afternoon by the hostesses, with the assistance of Mrs. Warren West.

### P. E. O. Chapter

Chapter DJ, P. E. O., met yesterday at the home of Mrs. Charles Erling, 417 North Louise street. Luncheon at 12:30 o'clock was followed by a business meeting in charge of the president, Mrs. O. A. Danielson. Mrs. J. W. Eyerkick was in charge of an interesting parliamentary drill. Most enjoyable were the vocal numbers by Dorothy Schenck, accompanied by her mother.

### At Franklin Home

There were twenty-six women of First Congregational church present yesterday afternoon at the meeting of the Martha section at the home of Mrs. Blake Franklin, 317 West Lexington drive. The time was spent working on articles for the hospital at a negro college in Kentucky.

### Rich Chicagoan Named In Salesman Divorce

CHICAGO, Jan. 8.—Hebert P. Crane, jr., son of the millionaire pipe and plumbing magnate, H. P. Crane, was named in a divorce suit brought into superior court here by E. M. Kramer, traveling salesman, against his wife, Susan Elizabeth Kramer of Chicago. The witnesses testified that young Crane lived with Mrs. Kramer as her husband. Discovery of the "love nest" was made in August, 1923, witnesses stated. The judge indicated he would grant the decree.

### Stables Being Converted Into Homes To Relieve Housing Shortage In England

A vacuum cleaner that may be changed into a washing machine for dishes or clothes, by use of an attachment, has been placed on the market.

### Gray's Goat Ranch

Buck service, big milk strain Honey—Pure Orange—5 gal. \$2.50  
Fortified by national convention of the order in 1926, he said, to permit the largest number of members possible to attend the services.

A vacuum cleaner that may be changed into a washing machine for dishes or clothes, by use of an attachment, has been placed on the market.

Stables are being converted into homes to relieve the housing shortage in England.

**ELKS' RULER GETS HEARTY WELCOME**

Local Lodge Joins With Others In Greeting John G. Price

Glendale Elks lodge joined Pasadena and Los Angeles lodges last night in honoring Grand Exalted Ruler John G. Price with a banquet and reception at the Elks' clubhouse in Los Angeles. Officers and a number of members of Glendale lodge were present at the banquet, attended by more than 300 Elks. They attended the meeting in the club lodge rooms later, when 3000 Southern California Elks paid tribute to the grand exalted ruler.

Earl S. Patterson, exalted ruler; James Apple and Albert D. Pearce, past exalted rulers; Jess Headley and Earl Garren, Gerald Dockery, Murry Durham, James McBride, Gus Pulliam and Dr. Paul J. Holmes were the officers present from Glendale. Following the banquet at 7 o'clock, the antlered herd repaired to the lodge rooms. A report on the year's work in Glendale was made by Exalted Ruler Patterson. Mr. Patterson particularly dwelt on the commendable record made in charity work by the lodge. Presentation of a gold watch, and the gift of Glendale, Pasadena and Los Angeles lodges to Mr. Price, was made during the meeting.

In his address in response to the many honors showered upon him by the lodgemen, Grand Exalted Ruler Price said: "I've traveled 20,000 miles since last July, inspecting Elks' lodges, and expect to lengthen the total to 40,000 within the next few months. This is my second trip to Southern California within a comparatively short time and I can easily stay here why this section has such an appeal to those from other parts of the country."

Mr. Price said that the building for the Elks' grand lodge in Chicago will be completed some time this year. Dedication ceremonies will probably be postponed until the national convention of the order in 1926, he said, to permit the largest number of members possible to attend the services.

**RESOLVE—"I WILL attend TO-DAY to this important duty"**

SECURITY Safe Deposit service means more than merely a locked steel box in a steel safe. We provide for our patrons private rooms and desks so that they may make the place where their business papers are kept, almost their private office.

JOHN B. FOSTER'S VIEWS

GRID SCANDAL AT WYOMING LOOMS

That O'Connell could have been a member also seems to show that he is not in California they do not hold his offense very seriously. But probably it is not because they wish to flout baseball. On the contrary, the baseball men on the coast have been very careful to see that O'Connell's suspension be followed to the letter.

Pursuant to statute and to Resolution No. 2673 of the Council of the City of Glendale, adopted the 4th day of January, 1925, directing the City Engineer to issue the following work proposals or bids offered shall be accompanied by a check payable to the said City, certified by a responsible bank for an amount which shall not be less than ten (10) per cent of the aggregate of the proposed work, and the same shall be disbursed by him, all as provided in the "Improvement Act of 1911."

NOTICE INVITING STREET WORK PROPOSALS

Pursuant to Statute and to Resolution No. 2703 of the Council of the City of Glendale, adopted the 2nd day of January, 1925, and on file in the office of the City Clerk of said City, the undersigned invites and bids for doing the following work according to plans and specifications on file, to-wit:

SPORTDOM ALL OVER

Cal Hubbard Will Return To Centenary College; Three To Remain

LARAMIE, Wyo., Jan. 8.—Cal Hubbard, captain-elect of Centenary college football team of Shreveport, La., has announced that he would leave here for the south to resume his studies at Centenary. Earl Farrell, Paul Rebasen and Phillips, three other former members of the Centenary team, who registered at Wyoming university along with Hubbard will remain here, it was said.

SPORTDOM ALL OVER

By JOSEPH L. KELLEY Of The Evening News Staff. The most glaring, fundamental mistake made by producers today, yesterday and probably tomorrow, is the mutilation with malice aforethought, of literary achievement in order that the so-called 'happy ending' and final clinch may top the climax.
