

## WEATHER FORECAST

For 24 hours ending 5 p.m. Wednesday:  
Victoria and vicinity—Light to moderate winds, generally fair and cold at night.

VOL. 63 NO. 83

VICTORIA, B.C., TUESDAY, OCTOBER 9, 1923

## BELGIAN OFFICIALS SAY RUHR SITUATION STEADILY IMPROVING

### Resumption of Work on Daily Increasing Scale Reported; 170,000 Ready to Go Back to Jobs Soon As Assurances Given By Berlin

Brussels, Oct. 9.—Belgian official circles are optimistic over the situation in the Ruhr. Advice reaching the Government show the resumption of work on a daily increasing scale. The Belgian officials in the valley declare 170,000 workmen and other railroad employees in the occupied territory are ready to go back to their jobs, as soon as assurances are given that the Berlin Government will guarantee the payment of their wages and authorize them to take the oath of "professional allegiance" to the Franco-Belgian railroad management.

Washington, Oct. 9.—The United States Government, having presented to the nations of Europe the proposal that an international commission be formed to ascertain Germany's ability to pay reparations, will rest on that proposition and no further steps to bring it to the attention of European nations will be made.

## CONSIDER HIGHER DUTY ON WHEAT

### U.S. Tariff Commission Investigates, as Ordered by Coolidge

### Ottawa Officials Watching; no Comments Yet

Ottawa, Oct. 9 (Canadian Press)—The action of President Coolidge, of the United States, in ordering an inquiry into the proposal to increase the duty on wheat from Canada is being closely watched here, but no official comment on the matter is forthcoming. The attitude in official circles is that the United States is free to alter its own tariff to suit its own interests and that the Canadian Government will consider itself similarly free to frame its tariff to conserve the interests of Canada.

The Dominion Bureau of Statistics periodically a survey of Canadian trade in farm products with the United States and the latest of these indicates a heavy falling off in wheat exports to the United States in the last two years, since the adoption of the United States Emergency Tariff in May, 1921. During the eleven months ended August 31, 1921, the exports fell to 15,000,000 bushels, while during the eleven months ended with August this year the exports were only a little over 2,000,000 bushels.

### Forty-five Cents Proposed

Prior to May, 1921, wheat entered the United States duty free. From that date until September 27, 1922, there was a duty of thirty-five cents a bushel. From the latter date up to the present the duty has been thirty cents a bushel. The proposal now being investigated by the United States Tariff Commission at the instance of President Coolidge is to increase the present rate to forty-five cents a bushel. The President has authority to make an increase up to fifty per cent. of the existing duty on wheat and a few other articles under the terms of the present United States tariff without submitting it to Congress.

## OIL REFINERY SUGGESTED HERE

### Plans For Establishment Are Now Being Considered

Negotiations are in progress for the establishment of a small oil refinery in Victoria. Inquiries have been made of certain city officials as to the regulations imposed by the building, fire prevention, and similar measures for an industry of that nature.

It is probable if the scheme reaches fruition that the application would be made for a site on the old Reserve, where the Government is ready to grant leases for industries. In view of the early opening of the highway through to Victoria West, it is believed the unleased properties on the Reserve will be more readily in demand with improved access. It was expected that formal application would be made to the Council for approval of the plans last evening, but it appears that the scheme has not yet reached the stage indicated. While it is not planned to begin in a large way, it is hoped to make a beginning with an industry of great potential value to the community.

## R. PETERS DIED IN NEW YORK

New York, Oct. 9.—Ralph Peters, seventy, president of the Long Island Railroad, died suddenly to-day.

## LLOYD GEORGE GOES TO OTTAWA

### Visits Capital After Stay in Montreal

### Addressed Thousands in Canada's Biggest City

Montreal, Oct. 9.—Right Hon. David Lloyd George enjoyed a round of golf this forenoon at the Royal Montreal Club at Dixie. The weather was ideal, splendid Fall conditions prevailing.

This afternoon the former Premier will leave for Ottawa with his party. For his entertainment on the trip the Canadian National has arranged a radio concert of Welsh songs.

Addressing an audience of 10,000 in Montreal yesterday afternoon, Mr. Lloyd George expressed gratitude for (Continued on page 2.)

## LOOKS FOR GOOD RESULTS FROM TOUR

### Manchester Guardian Says Lloyd George Can Inform U.S. People

London, Oct. 9 (Canadian Press Cable)—Mr. Lloyd George's tour continues to be the subject of editorial comment in the papers in the United Kingdom.

The Manchester Guardian says there is already a good deal of surprise that the subject of editorial comment in the papers in the United Kingdom.

The Manchester Guardian says there is already a good deal of surprise that the subject of editorial comment in the papers in the United Kingdom.

## CAMPAIGN FOR FUNDS FOR G.W.V.A.

### Appeals Made at Points Throughout Canada For Dominion Headquarters

### B.C. Provincial Executive Wishes MacNeil to Continue Work

Ottawa, Oct. 9.—"Carry on," is the purport of more than 125 telegrams and letters received at Dominion Headquarters of the Great War Veterans' Association as a result of the announcement Saturday that legislative and adjustment work would have to cease owing to lack of funds. There is a strong urge from several far-removed sources for a campaign for voluntary subscriptions should be launched. Branches of the G.W.V.A. in all parts of Canada are offering to utilize their assets or sponsor a drive in order that the Dominion offices may continue in full operation.

## FINDS NORTH FAVORABLE TO THE LIBERAL PARTY

### Premier Back For Work of Session, Well Satisfied With Political Outlook

Well satisfied with his trip through the north of the Province and with the political outlook there, Premier Hon. John Oliver returned to his office here yesterday afternoon and this morning plunged into the work of getting ready for the approaching session of the Legislature.

## LADY CAVENDISH TO BE MARRIED TO HON. G. BAILLIE

London, Oct. 9 (Canadian Press Cable)—The engagement is announced of Lady Maude Cavendish, eldest daughter of the Duke of Devonshire, to Captain the Hon. George Baillie, son and heir of James Baillie and Baroness Burton of Inverness. The wedding will be held early in January.

## FIGURES IN HOME BANK CASE

From left to right: H. J. Daly, who was president of the Home Bank; and R. P. Gough and S. Casey, Wood, who were directors and against whom charges are to be heard following the failure of the bank. Mr. Daly is ill at present and unable to appear in court.

## WATERFRONT FIRE IN PROVIDENCE, R.I., SPREADS RAPIDLY

Providence, R.I., Oct. 3.—Fire breaking out and spreading with terrific speed through the mass of buildings along and near the waterfront shortly before noon had developed by one o'clock into what promised to be the most disastrous conflagration in the city's history. At that hour the blaze was still beyond control and spreading.

## PAYMENT MADE BY RUMANIA

### \$479,000. Interest on Loan Forwarded to Canada

Ottawa, Oct. 9.—The Department of Finance to-day confirmed cable reports from London to the effect that Rumania has made a payment of interest on her loan from Canada. The amount paid is \$479,000, being the interest on the loan up to October 1.

## DEPOSITORS OF HOME BANK URGE PROVINCIAL BANK

### Scheme Not Yet Given Full Consideration, Premier Replies

The Provincial Government has not yet reached a decision on the advisability of establishing a Provincial Bank. Definite announcement on this point was made by Premier Oliver to-day when he was told of the demand of Vancouver depositors of the Home Bank of Canada that the Province establish a banking system of its own.

## FLOOD CONDITION IN FLORIDA CITY

### Dike Before Moorehaven Broke During Heavy Wind and Sea

Moorehaven, Fla., Oct. 9.—The dike in front of the city of Moorehaven broke at 7 o'clock this morning, due to heavy pressure of a northeast wind. The break is reported under control, but water is rapidly rising over the city. Flood waters have entered several stores and merchants are removing their stocks.

## DEATH OF BOY WAS ACCIDENTAL

### Unexpected Discharge of Gun in Hands of Chum Was Cause

Verdict at Teeter Inquest at Quathiaski Cove

Special to The Times

Courtesy, Oct. 9.—At the inquest held yesterday by Coroner Ziegler at Quathiaski Cove into the manner of death of Warren Teeter, Jr., of Heriot Bay, who was found by his father in his own home with a bullet through his chest, Henry Flak, a fifteen-year-old boy friend, confessed that he was responsible for the tragedy. According to his evidence, the boys, who were great chums, both had guns in their hands and were playing and joking together with the two sisters of Henry Flak when the gun in Flak's hands went off and the Teeter boy fell to the floor and died immediately.

## EARTHQUAKE FUND

Subscriptions received to date by the Red Cross Society, 318 Belmont House, for relief of earthquake sufferers, are as follows:

Previously acknowledged	\$4,440.41
K.M.C.	2.00
St. John's, Colwood, Junior W.A.	5.00
Anonymous	2.50
The Law Students' Society	5.00
Mary and Mother, additional subscription	2.50
Tiffin Settlers' Association	25.90
Miss E. Kribb	5.00
Total	\$4,499.21

## PRINCE TO LEAVE CANADA SATURDAY

### Lord Renfrew Will be Passenger on Liner Empress of France

### Ship Will be Decorated For the Departure

Quebec, Oct. 9.—When the liner Empress of France sails from here on Saturday she will carry as passengers His Royal Highness the Prince of Wales, now on his way east, and his three companions with whom he has been spending a vacation in Canada.

In deference to a desire of the crew of the steamship to be allowed to show their loyalty and devotion to him, the incognito of Lord Renfrew will be dropped for a time and the ship will be dressed for the occasion.

After boarding the ship, however, His Royal Highness will resume his incognito and will be Lord Renfrew again.

## STOMACH OPERATION, BUT NO GENERAL ANAESTHETIC USED

Chicago, Oct. 9.—Fully conscious, a fifty-year-old patient yesterday watched Professor Hans Ministerer, of Vienna, perform an operation on his stomach. No general anaesthetic was used and at the conclusion the patient said he felt no pain.

## LUMBER INDUSTRY SHOWS GROWTH

### Total of 1,489,892,000 Feet Scaled in Eight Months

Production Figures Show Increase of 460,000,000 Feet

Enormous growth in British Columbia's lumber industry during this year is shown by lumber scale figures made public to-day by Hon. T. D. Pattullo, Minister of Lands.

Lumber scaled in British Columbia from January 1 to the end of August, these figures show, totaled 1,489,892,000 feet an increase of almost fifty per cent. over the figure for a corresponding period last year when 1,029,892,000 feet were scaled. The increase is approximately 460,000,000 feet.

This increase in lumber production is due to the speeding up of British Columbia mills this year to fill huge orders for the Atlantic seaboard and other markets, officials of the forest branch of the Lands Department explained to-day. New lumber camps and mills have been opened at points all over the Province to take care of increasing orders. An increase in lumber production as a result of this expansion, of course, was expected, and the huge increase reported to-day bears out the optimistic forecasts made by Mr. Pattullo earlier in the year.

Big demands for lumber for Japan are expected to keep British Columbia mills busy for some time to come so that no drop in the present production rate is in sight yet.

## TWO KILLED IN AUTO SMASH IN SAN FRANCISCO

San Francisco, Oct. 9.—Two men were killed, one woman was severely injured and two other persons were less seriously injured, when an automobile in which they were riding crashed head-on into a street car here to-day. The dead: William F. Gunderman, Big Creek, Cal.; Fred Zuhler, San Francisco.

The injured woman, it is believed, is Violet Nelson, about twenty-one years old. She has a fractured skull, severe internal injuries and her right eye was torn out.

Polk, Oct. 9.—The famous cathedral here was damaged yesterday by fire which burned the organ and spread upward, causing the roof to collapse. Several valuable works in the structure were damaged.

## Fire Prevention Week

### Act To-day

Mr. Citizen, this is fire prevention week, October 7 to 13, inclusive. Please do your share to prevent fire before it happens. The records show that fire destroys in the Dominion of Canada approximately \$30,000,000 yearly, and it is estimated that sixty per cent. of these fires are through carelessness. The public is requested to do all in its power to prevent this sacrifice by removing the cause of fire in their homes.

Common causes of fire are: Defective furnaces and flues, defective electric wiring, careless use of coal oil and gasoline, carelessness with cigarettes and matches, carelessness with cigars, allowing an accumulation of rubbish and trash in attic, closets or yards. Then we will have better and safer buildings, cleaner and more sanitary premises, less fires, and reduce the loss of valuable lives.

Will you volunteer to help and ask your neighbor to aid in the prevention of fires?

The announcement in the Times yesterday that progress had been made with the plans for the first unit of the Amusement Centre scheme brings out the statement that when the subject was under negotiation with representatives of the Canadian Pacific Railway Company late last month, the attitude of the civic representatives was for an early submission of the by-law to the ratepayers.

It was felt that the necessary authority to lease the Stadium land, and to give tax exemption and water privileges, which would of course entail a by-law to be voted upon by the property owners of the city, should be given at a special election, so that a start could be made with construction in time for the building to be used in the 1924 season.

If the submission of the by-law is left over to the annual election in December, or to a special plebiscite in February, it is feared that the delay would prevent early construction which is regarded as vitally important.

The committee hopes to hear something definite from the company, in order to decide whether the Council will be asked for a special poll independent of the usual personal considerations which apply at the annual election.

## TURKISH SIGNS IN CONSTANTINOPLE

### All Foreign Language Street Plates to be Changed

Constantinople, Oct. 9.—All changes necessary to make Constantinople once more a real Turkish city are to go forward as rapidly as possible, and the authorities assert that Turkish will soon be the dominant language, even in the European quarter. It is apparently intended to replace all foreign language street signs with Turkish, and to have all titles on motion picture films printed in the native alphabet.

## WORLD ECONOMIC CONFERENCE WOULD FAIL, SAYS COOLIDGE

Washington, Oct. 9.—With the present condition of mind existing in Europe, President Coolidge sees little or nothing to be gained from an endeavor to hold a world economic conference.

## PREFERENTIAL TRADE SYSTEM FOR EMPIRE DEBATED IN LONDON

### Discussion of Subject Was Started by Delegates to Economic Conference To-day; Support Given Plan By Prime Minister of Australia; Committee to Deal With Settlement Scheme

London, Oct. 9. (Canadian Press Special Cable by George Hambleton, Staff Correspondent)—The Economic Conference to-day, advancing its own programme, opened with a discussion of Imperial Preference which was not expected until later in the week. Premier Bruce of Australia urged a preferential tariff system as a means of developing markets within the Empire.

The subject of overseas settlement, after some further discussion to-day, was referred to a special committee to work out the details in connection with the settlement scheme and the suggestions made in reference thereto. The committee has not yet been named officially, but it is expected that F. C. Blair, secretary of the Department of Immigration and Colonization at Ottawa, will be the Canadian representative on it.

## PREFERENCE PLAN FOR EMPIRE FRUIT IS ADVANCED

London, Oct. 9 (Canadian Press)—At the Economic Conference in connection with the Imperial Conference, the British Government to-day advanced a definite offer of a preference under which dried fruit would be admitted free from all parts of the Empire and preserved and canned fruits admitted on the same terms as sugar.

While it is admitted that the delegates could speak more freely knowing that their remarks could not be reported, even by way of the Colonial Office communiqué, regret is expressed that the curtain should have been drawn on the day the Dominion Premiers stated their views.

"In the Dark"

In heavy black type on its front page, Lord Beaverbrook's Daily Express this morning declared that the "delegates are muzzled; the British people are kept in the dark."

The Express added this remarkable statement: "The people of the Dominions expect their Premiers to do their work in the open. If for instance, Mackenzie King were to propose to the Conference that Canada should be changed from a Dominion to a commonwealth, the people of Canada would want to know why he was making such a suggestion."

The Daily Mail more mildly observed: "The decision to enforce secrecy, which was not made until last evening, was the outcome of extremely plain speaking by the Dominion Premiers and other imperial representatives on matters of vital foreign policy."

Spoke of Difficulties

According to report, it was Lord Curzon who yesterday raised the point that the whole five hours' debate should be regarded as strictly confidential.

## CANADIAN PREMIER TALKED WITH KING

### Dominion Affairs Subject of Conversation at Buckingham Palace

### His Majesty Displayed Keen Interest in Country

London, Oct. 9 (Canadian Press Cable)—King George to-day received Right Hon. William L. Mackenzie King, Prime Minister of Canada, at Buckingham Palace. His Majesty displayed the keenest interest in matters pertaining to Canada and the Dominion's position in world affairs. The conversation, it is understood, was carried on in a frank manner and covered a wide range of public affairs.

The invitation to Buckingham Palace was received by Premier King almost immediately after the King's arrival from Scotland, where he paid his annual visit to the Highlands and Balmoral.

## UNION OFFERINGS IN THE METHODIST CHURCHES OCT. 21

Toronto, Oct. 9.—On October 21 an offering will be taken in all the Methodist churches in Canada with the object of raising \$75,000 to cover the Methodist share of the cost of completing church union.

## \$1,000,000 LOSS IN OREGON FIRE

### Pulp and Paper Mill Destroyed; Other Plants Are Damaged

Oregon City, Ore., Oct. 9.—Willard P. Hawley, Sr., of the Hawley Pulp & Paper Mills, destroyed by fire last night with an estimated loss of \$1,000,000, ninety per cent. of which is covered by insurance, has announced that the plant will be rebuilt immediately.

Damage to adjacent plants of the Crown Willamette Paper Company and Oregon City Woolen Mills may bring the total loss to \$1,000,000.

## WOMAN PIONEER OF METCHOSIN PASSES IN VANCOUVER

There passed away Sunday morning at the home of her daughter, Mrs. F. H. Armstrong, West Burnaby, Vancouver, B. C., Mrs. Ellen Argyle, aged eighty-seven years, a native of Halifax, Nova Scotia, and a resident of this city for the past sixty-one years. She was for many years a resident of Metchosin, B. C. She leaves to mourn her loss two sons, Albert and Fred Argyle, of this city, and three daughters, Mrs. Thompson, of Trail, B. C.; Mrs. F. H. Armstrong, of West Burnaby, Vancouver, B. C.; and Mrs. Arthur Morrissey, of Seattle, Wash., also twenty-one grandchildren and seven great-grandchildren and relatives in Nova Scotia. The remains arrived in this city this morning and conveyed to the Thomson Funeral Home, 1625 Quadra Street, from where the funeral took place this afternoon at 2.15 o'clock. Rev. E. A. P. Chadwick conducts the service.

## TWO TORONTO POLICEMEN HURT IN EXPLOSION

Toronto, Oct. 9.—An acetylene tank or "silent policeman" that was obstructing traffic at Gerrard and Jarvis Streets exploded yesterday when being removed by police. Police Sgt. Charles Greenwood and Constable William Pearson were seriously burned about their heads. Their eyesight may be affected. The "silent policeman" had been smashed from its base when a motor car ran into and hurled it twenty feet.

## ENDED HIS LIFE

Kansas City, Oct. 9.—The Rev. William Jones, forty-seven, recently archdeacon of the Southwestern Kansas Episcopal area, with headquarters at Hutchinson, formerly superintendent of missions at Omaha and pastor of churches in Chicago, Council Bluffs, Denver and San Antonio, committed suicide in a hotel here yesterday.

## CO-OPERATION IS TSAO KUN'S REQUEST

### Chinese President-Elect Asks Provincial Officials For Their Help

Peking, Oct. 8.—President-elect Tsao Kun, as his first official act, today issued a proclamation calling on the various provincial officials for their co-operation in carrying on the affairs of the Chinese Republic. He stated that he appreciated the magnitude of the burden he had undertaken as the President of the nation. The assistance of the provincial authorities was solicited, he explained, because of their knowledge of administrative matters. He admitted he had only a political and military training.

The new President commented on the crisis facing the country and pointed out that he was confronted with many grave problems, among the most important being that of founding a new constitution and the solving of the great questions which have arisen as an aftermath of the World War and the Washington Conference.

"In facing all of these matters," he declared, "even the wisest might fail."

## KILLING OF MAN ON RUM CRAFT IS INVESTIGATED

Toronto, Oct. 9.—There will be a thorough investigation of the killing of John Gogo, twenty-four, Port Dalhousie, who met death Friday night when the police fired upon the gas-line schooner Hattie C as it attempted to escape from the foot of Leslie Street here.

## SAW RUSSIAN ECONOMIC RECOVERY

### U.S. Congressmen Visited Soviet Country; Now on Way Home From England

London, Oct. 9.—The congressional party consisting of United States Senators Ladd of North Dakota and King of Utah, Representative Fear of Wisconsin, A. A. Johnson and Frank Connes, which spent two months in Russia, will sail for home today on the liner Leviathan.

## \$300,000 FIRE IN LOS ANGELES

Los Angeles, Oct. 9.—A fire which started shortly before midnight in a three-story building located at 640 San Pedro Street, completely wrecked the building and damaged adjoining buildings with an estimated loss of \$300,000. The building was occupied by a tent and awning company.

## TO CONVENTION

New Orleans, Oct. 9.—Howard Divinity, ninety-two, undisputed champion chicken thief of the Confederate Army, was on his way today to San Francisco as mascot of the Mississippi State Delegation to the American Legion convention. The negro was virtually kidnapped from his country home near Hazlehurst and taken to Jackson, where the legionnaires equipped him with a new uniform of Confederate grey before starting for the Pacific Coast. Divinity served through the Civil War as body servant and cook for his old master and it is a tradition in Mississippi that a chicken was on the fire every time he prepared a meal.

## WITNESSES TELL OF KILLING OF PRIEST IN CHURCH

Chicago, Oct. 9.—Mrs. Emily Strutynsky, wife of a Greek Catholic priest of Ramey, Pa., who on Sunday shot and killed the Rev. Basil Stetsuk, pastor of St. Nicholas Greek Catholic Church, after she had been admitted to confessional at St. Michael, the Archangel Church, where Rev. Stetsuk was conducting mass, was recommended held to the grand jury on a charge of murder by the coroner's jury, which investigated the slaying yesterday.

An angry crowd milled about the little undertaking room where the inquest was to have been held, and Mrs. Strutynsky, frightened, appealed to the officers who had her in charge for protection when the crowd became threatening. A hurried order for police reserves brought several patrol wagons to the scene.

Mrs. Strutynsky took the witness stand at the inquest, but was asked nothing except her name and place of residence. Other witnesses told of how the woman, heavily veiled, had entered the church, expressed a desire to make a confession, had waited for some time until the Rev. Stetsuk arrived, and then walked down the main aisle to the confessional box. She shot the priest through the head as she knelt before him, she said, and fired other shots at him as he staggered down the aisle and collapsed.

The police are still undetermined as to the motive for the slaying. Mrs. Strutynsky's original story that the Rev. Stetsuk, who succeeded her husband in the pastorate of St. Nicholas, had accused her husband of misappropriating church funds, and driven him from Chicago, was followed by other statements in which she said the Rev. Stetsuk was an enemy to the Ukrainians, she having come from there. According to the police, they have learned that Mrs. Strutynsky's husband is under indictment for embezzlement of \$50,000, which it is said he put into church building funds. Parishioners denied her statement that Rev. Stetsuk had misappropriated church moneys.

Italian Prunes from the famous Okanagan Valley. Require very little sugar for preserving. Your grocer has them. Get yours at once. \*\*\*

### Restored to Health By Taking "Fruit-a-lives"

Made of Fruit Juices and Tonics  
The most convincing proof of the true worth of "Fruit-a-lives" as a medicine for women is found in the letters written by them to "Fruit-a-lives." For instance:  
"I suffered with all the symptoms of female trouble, pains low down in the back and sides, constipation and complete headache. A doctor advised an operation. I started taking 'Fruit-a-lives' and this fruit medicine completely relieved me of all my misery."

## NEW ZEALAND PLANS TO INVITE NORDIC SETTLERS

Special to The Times  
Wellington, New Zealand, Oct. 8.—The New Zealand Government, while it wants only British settlers to populate its empty lands, is considering schemes for attracting Scandinavians with capital.  
The leader of the Liberal Party, T. M. Wilford, points out that Great Britain, in spite of her exportable surplus of emigrants, cannot hope to supply the needs of Canada, Australia and New Zealand and therefore, New Zealand should do as Canada does and get what she can from the Nordic races of Europe, all of whom make excellent settlers. Nordic settlers had peopled the north of Scotland in olden times and until the Great War many took up land in New Zealand, he says.

## TWO-BREAKFAST IDEA SCORED BY GERMAN DOCTORS

Berlin, Oct. 9.—The German "two-breakfast" idea—a cup of coffee the first thing in the morning and more coffee with a sandwich at 4 or 11 o'clock—is scored by the physicians, who have started a campaign in favor of a more substantial meal upon arising.

The human system requires something to work on the first thing after a night's sleep, the doctors assert, and there is absolutely no nourishment in the malt or grain coffee which is very generally used in Germany and was used even prior to the war. Manufacturers of breakfast foods have taken advantage of the campaign to advertise their products extensively and these are being sold in fancy cartons.

## SAMUEL D. STEWART, VANCOUVER CITIZEN, DIED IN TORONTO

Toronto, Oct. 9.—Samuel Dinamore Stewart, a manufacturer's agent of Vancouver, died yesterday at the residence of his sister, Mrs. E. McGill. He was born in Toronto fifty-three years ago. He came East about a month ago on a business trip, and was taken ill here. He took a great interest in athletic affairs, and was one of the most enthusiastic supporters of lacrosse in British Columbia. The remains will be taken to Vancouver for interment.

## SENATOR FORETOLD DATE OF HIS DEATH

Melbourne, Australia, Oct. 9.—In a letter written to the president of the Australian Senate, Senator Bakhap, who had the distinction of being the only Australian politician who spoke Chinese fluently, said he would be dead when it was received.

"If I go, I wish it to be known that I go uncomplainingly and unrepiningly," he wrote to his colleagues. He died a few hours before the letter was read. He had lived in China many years, and was noted as a mining man.

## NEWS AND NOTES OF THE MINES

**Cork-Province Mine**  
A carload of concentrates recently shipped from the Cork-Province to the smelter at Trail is declared by W. H. Burgess, secretary-treasurer of the company, to have produced first-class results. Best results have been made by the Consolidated Company of seventy ounces silver and seventy per cent lead to the ton. This is stated to be the highest silver content yet obtained from the property. The ore was taken from the 400-foot level, which has been under development for the past few months. The last smelter settlement was made on the basis of sixty ounces of silver. The Cork-Province has now shipped its eighth car to the smelter and will have another on the way in a few days.

**Trail Shipments**  
Dropping from an average of 9,000 or so tons of ore a week, the smelter of the Consolidated Mining and Smelting Company of Canada has for the past six weeks averaged about 4,500 tons in receipts, due, of course, to the fact that the Sullivan ore is now reaching Trail smelter as concentrates. For the six weeks, which include two "long" weeks at the end of the month, the exact average has been 4,410 tons.

With receipts of 4,579 tons for the closing nine days of September the year's receipts, to date total 312,414 tons, representing nine months. In this total custom ore amounts to 27,910 tons.

In detail the 4,547 tons is made up as follows: Alamo mill, Alamo, 55; Ehoit Mining Company, Ehoit, 2; Granite, Taghum, 5; Knob Hill, Republic, Wash., 174; Lone Pine-Surprise, Last Chance, Republic, 214; Philp, Republic, 194; Silver-Smith, Sandon, lead 33, zinc 47; Sally, Beaverdell, 24; Van Roj, Sandon, 28; company mines, 4,623.

**Cobalt Production**  
For almost two decades the major

## SCIENCE MAY FORETELL EARTHQUAKES

Sydney, Australia, Oct. 8.—Forecasting of earthquakes was discussed as a scientific possibility at the Pan-Pacific Science Congress here arising out of a paper on the subject by Dr. E. A. Hodgson of Canada, who argued that close study of the "faults" in the earth's crust would enable an observer at the spot to tell when earthquakes were due.

Rev. Father Pigott, of the Philippines, said he thought earthquake forecasting was still remote but it was, nevertheless, well worth trying for.

## LANDMARK DISAPPEARS

Toronto, Oct. 9.—The Blue Dragon Inn, for half a century a landmark at Clarkson, Ontario, on the Toronto-Hamilton Highway, is no more, having been destroyed in a spectacular fire.

## Eczema Covered Arms of This Healthy Child

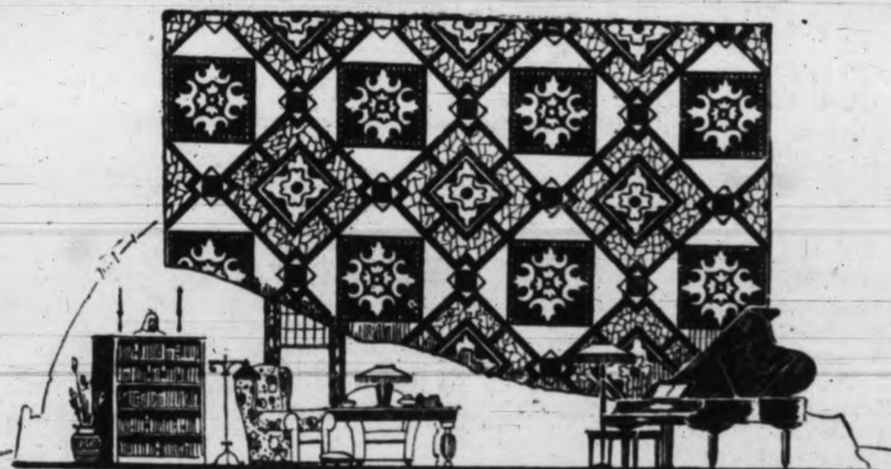

Mrs. Alex. Marshall, Sprucedale, Ont., writes—

"When my little son was three months old he broke out in sores on his chest and arms. We did all we could to heal those terrible sores, but nothing did him much good. Finally I ventured on a box of Dr. Chase's Ointment and kept on using it. At last we were rewarded by the steady healing of the sores, and finally he was completely relieved of them. He is now three years old, and has had no return of the trouble since."

Baby Marshall.

### DR. CHASE'S OINTMENT

60 cents a box, all dealers or Edmondson, Bales & Co., Ltd., Toronto.

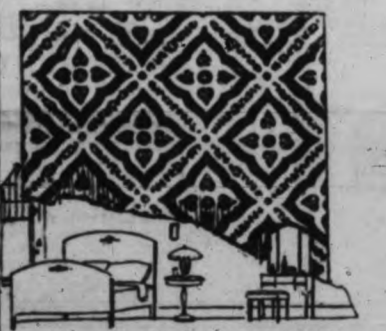

A nice pattern for the Living Room; one of the many attractive designs available in tasteful colorings

# Dominion LINOLEUM is Appropriate for Every Room

An attractive block pattern that looks well in any kitchen.

This pattern lends just that touch of brightness the Bedroom needs.

**DISCRIMINATING** women everywhere, adopt Dominion Linoleum and Dominion Linoleum Rugs for all their floors as part of the permanent furnishing scheme for their homes. They try it first in one room, where it proves durable and attractive and it becomes such a time and labor saver that other rooms are soon covered with it.

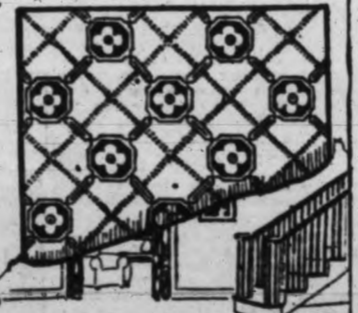

Whether living room, dining room, bedroom, hall, kitchen or bathroom, there is a Dominion pattern to suit it and blend with hangings and furniture. A few such patterns are illustrated, but without the aid of color it is difficult to do them justice. You must see them to realize their beauty.

Every floor covered with Dominion Linoleum or a Dominion Linoleum Rug means less housework, more time for rest and recreation, and long years of satisfactory wear. Dominion products are highly sanitary. Their smooth, bright surface is stain-proof and non-absorbent and they cannot harbour dust or germs, neither can spilled liquids hurt them. They are warm, cosy and comfortable to walk on.

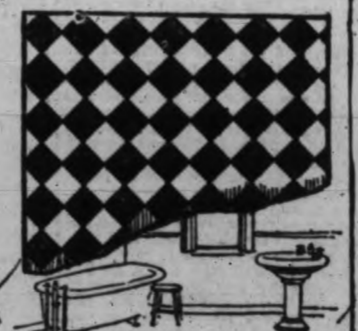

### Let Your Dealer Assist You

His advice will be helpful for he has long experience. Tell him the room you have in mind; give him an idea of the style of furniture it contains and the color of wall paper and draperies. His recommendations will greatly aid your choice. Let him show you, too, the genuine quality that is built into Dominion Linoleum and Dominion Linoleum Rugs, and above all, note the moderate prices.

Send us your name and address and we will mail you an attractive rug folder in four colors. Address Dominion Oilcloth and Linoleum Co., Limited, Montreal.

This refined design is particularly appropriate for Hall or Dining Room.

For the Bathroom, there is nothing quite so suitable as a simple tile design.

Each piece of genuine Dominion Linoleum and each genuine Dominion Linoleum Rug has a strong canvas back. This and the Dominion trade mark on its face assure you of satisfactory service.

### CANADA AND SOVIET TRADE

Whether or not it was good business for Canada to drop the negotiations that were directed towards the re-establishment of trade relations with Soviet Russia may not be definitely known for some time to come. Meanwhile nothing has been done in an official way in spite of the fact that Great Britain made her agreement with Krassin and is presumably developing her commercial relationship with the Soviet Republic through the same trade mission which now has for its executive head a Mr. Rakovsky—objected to by Downing Street in the first place and afterwards approved.

Sir Donald Mann has recently returned to Canada from Russia and he is persuaded that we should be able to do business with that country. His personal observations lead him to the conclusion that the Soviet form of government has come to stay and what he saw in various parts of the country similarly convinced him that a general recovery has set in in the manifold departments of public and private effort. He contends that contracts entered into by Canadian traders and Russian purchasers will be faithfully observed by the latter.

It may be that Canada would prefer to do without the business which Russia could obviously give her. But it is pointed out by The Ottawa Citizen that it should be considered quite a respectable for this Dominion to resume a trade relationship involving the sale of agricultural and other machinery to the Soviet authorities, as to try to sell Canadian beer and gin to the Chinese by following the instructions contained in a bulletin from the Department of Trade and Commerce.

This country requires more foreign markets. She did not swallow the former Russian bait because an inquiry in London brought a frown upon the trade mission which the Soviet proposed to send here. Might it not be, however, that the authorities in the Old Country were just as mistaken about the antecedents of the personnel of that delegation as they apparently were about the bona fides of Mr. Rakovsky—the successor to Mr. Krassin?

In any event if Russia should continue to progress under her present system of government—and that is her own business entirely—the private trader will not wait for political recognition by this or any other country before he offers his wares for sale. But if there is a market in the Soviet domain for Canadian goods Canadian business might be stimulated, and her manufacturers offered just that much moral support, if the authorities at Ottawa were to follow the example of Britain and permit a trade mission to come to Canada.

### NO DETAIL TOO SMALL

In another column we print a communication that refers to the usefulness of the Agent-General for this Province in London to the individual as apart from his service to British Columbia in a general way. The writer of the letter in question expresses his appreciation of the trouble taken and the courteous treatment extended by Mr. Wade in respect of obtaining information as to the quality of the fur from the first fox pelted on Vancouver Island.

Exceedingly complimentary references were made to the thoroughly efficient conduct of the Province's agency in London by the members of the Vancouver Board of Trade who recently visited the Old Country. Their business with the Agent-General, of course, was somewhat official in character as the delegation itself represented important British Columbia commercial interests. As such the responsibility falling upon Mr. Wade and his staff would be clearly defined at the outset.

Nor is there, of course, anything to suggest that the Agent-General should distinguish between the influential commercial delegation and the private individual seeking information when it comes to the rendering of service; but the point is well taken by our correspondent when he urges the people of the Province generally to look upon Mr. Wade as thoroughly capable of assisting and always ready to assist them in any way that may be possible.

### EDUCATION'S DIVIDENDS

Proof of the practical value of education has been carried so far that statisticians and research bureaus have worked out the return in dollars and cents to be expected from one's investment in money and time at school. The results have been obtained by following up the careers of individuals and groups of graduates and striking averages.

Accepting fifty-eight, fixed by actuaries as the age when the average man's earning power vanishes, a boy leaving school at the age of fourteen may expect to earn money during a period of forty-four years. The collected results show that the ordinary boy leaving school at fourteen will average \$500 a year during those forty-four years, or \$22,000 during his lifetime. But the boy who spends four more years in school and goes out from high school at the age of eighteen will earn an average of \$1,000 a year for his forty years remaining, or \$40,000 during his lifetime. This means that the four years of additional schooling, or 720 more school days altogether, increase the earnings of the high school graduate

by \$18,000. Each day spent in high school adds \$25 to his life's earnings.

The advantage of a high school education is even more convincingly shown in the rate of advancement during the first few years out of school. The average boy leaving school at fourteen is found to be earning \$688 by the time he is twenty-five, while the high school graduate, although he has been working for four years less, is found to be earning \$1,550 a year when he reaches the same age. In other words the aggregate earnings of the graded school boy for his first eleven years are \$5,112.50, compared with \$7,337.50 during seven years for the high school boy.

When modern efficiency experts come forward with results in dollars and cents like these, which no one can misunderstand, there is apparently no room left anywhere for the once common argument that "education doesn't pay."

### VANCOUVER'S NEW PIER

Victorians will take a natural pride in the fact that Vancouver is doing her share to establish the importance of Pacific Coast ports. The new pier which Mr. Lapointe formally opened and dedicated to service yesterday is a striking commentary upon the growth of the maritime business of this part of the Dominion.

There is no occasion for anything but the friendliest of rivalry between the various Western outlets for this Dominion's ever growing volume of commerce. Circumstances may dictate expansion at some points before natural and inevitable development occasion similar preparations elsewhere. Sectional movements in a new country are a recognized sequence of events; but natural laws will play a much greater part in determining the future of the ports of Western Canada than a scamp for special consideration.

The port of Victoria occupies a unique position in relation to Canada's trade with the Orient and with the Old World. Its future is assured and the time is not far distant when it and the ports of Vancouver and Prince Rupert will have firmly established themselves as three of the greatest commerce clearing houses of the world.

### Note and Comment

We are now informed that the leak of Victorians to California is considerably less than it was. Why on earth people want to leave this community passes our understanding.

Electrical voltage bolts are now foreshadowed for the "next great war." It is said that these can be made to leap great distances and outdo the longest range guns ever conceived. Meanwhile the League of Nations is the best agency to keep the current turned off.

Before this week is out the German Reichstag will ask for a credit of half a quintillion marks. This is what that sum looks like when it is reduced to plain figures: 500,000,000,000,000,000. Now the days are getting shorter it might be an interesting evening's entertainment to work out the value of the amount in question in dollars and cents.

Chancellor Stresemann seems to have settled down to business with his new Cabinet. He will now be able to go ahead with the knowledge that he has a solid backing against the German Nationalists, the Bavarian People's Party and the Communists. Under such circumstances the hopes of the Rhineland republicans and the Bavarian monarchists may be considered as gone aglimmering.

### Some Thoughts for To-day

One of the few, the immortal names,  
That were not born to die,  
Fitz-Greene Halleck.

Who dares think one thing, and another tell,  
My heart detests him as the gates of hell,  
Homer.

But when I tell him he hates flatters,  
He says he does, being then most flattered,  
Julius Caesar.

The best-concerted schemes men lay for fame  
Die fast away; only themselves die faster.  
The far-fam'd sculptor, and the laurel'd bard,  
Those bold insurers of deathless fame,  
Supply their little feeble aids in vain,  
Blair.

If faith produce no works, I see  
That faith is not a living tree;  
Thus faith and works together grow;  
No separate life they e'er can know;  
They're soul and body, hand and heart;  
What God hath joined, let no man part,  
Hannah More.

### Our Contemporaries

**PEDDLING HIS PIQUE**  
Regina Leader—That is why it is such hopeless folly for Mr. Meighen to peddle his pique about the West to-day. The country may be simmering in a frying-pan warmed by world-wide adverse economic conditions; but it has not yet been driven to any such desperation as will induce it to jump again into the fire of Conservative rule from which it so recently escaped. The pot never carried an election by calling the kettle black.

**NO PLACE FOR GLOOM**  
Halifax Chronicle—Canadians cannot overcome in a day the burdensome effects of the great war, which paralyzed the trade and business of the world, but when they look ahead they may well congratulate themselves that they live in a favored land. Canada is sound in wind and limb. With a wheat crop of 450,000,000 bushels ready to come out of the Prairies, the Dominion is no place for pessimism and gloom. Let us face our difficulties like men. Canada is worthy of our faith and confidence.

### Other People's Views

Letters addressed to the Editor and intended for publication must be short and clearly written. They should be sent to the Editor's office, not to the printer. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

### B. C. HOUSE SERVICE

To the Editor:—Much has been said and written regarding the work carried on by the Agent-General at British Columbia House, in London. I therefore wish to express my appreciation of the trouble taken and the courteous treatment received from Mr. Wade and the prompt manner in which the desired information asked for was communicated to me regarding the quality of the fur from the first fox pelted on Vancouver Island, which was sent to the B.C. House in London.

It seems to me that the office of our Agent-General might be of even greater use to the Province if our people only knew how valuable it could be made to them and they took advantage of its good offices.

Yours truly,  
"MONTY" BOGGS,  
Victoria, B. C., October 8, 1923.

### RECEIVERSHIP IS ASKED BY DEBENTURE HOLDERS OF THEATRE

Victoria Opera House Company Subject of Motion in Supreme Court

Before Mr. Justice Murphy in Supreme Court Chambers to-day Harold B. Robertson, K.C., acting on behalf of the debenture holders of the Victoria Opera House Company applied for the appointment of a receiver and receiver for that concern. The name of Clifford Evenden was put forward to fill the post.

The motion was opposed by C. W. Bradshaw on behalf of the United Theatres, Ltd., the present lessees of the theatre. The lease was signed about a month ago, said Mr. Bradshaw, and he understood that the debenture holders and the Bank of Montreal, the holders of a mortgage on the property, agreed to rent the premises for \$1,900 a month, or \$22,800 a year. The granting of this application might upset the terms of the lease, stated Mr. Bradshaw, asking for time to produce material in support of his protest. John R. Green appeared for Andrew Wright, a trustee.

Mr. Justice Murphy adjourned the proceedings until to-morrow. The appointment of a receiver and manager did not of itself affect the interests of the lessees, remarked the court, and the adjournment would give time for the lessees to enter such material as they had in support of their stand. This course was taken because the application meanwhile being held in abeyance.

### HOUSEHOLD LIST SEEMS HOPELESS

Many Complications Are Stated to City Council by Solicitor

The problem of preparing a valid household list seems unconquerable without fresh legislation, and this situation is reflected in the failure to secure adequate registrations at the City Hall this morning. The opportunity has been available for several days, and only a few persons have taken advantage of the opening.

A perusal of a long letter from the City Solicitor, which was read to the council last evening in support of a policy of enforcing personal re-registration, shows the complicated situation which has arisen owing to conflicts of general provincial legislation with city special laws.

**The Problems**  
"My attention has been called," said City Solicitor Pringle in a long letter on the subject, "to a special cause of confusion due to the fact that any person who has paid taxes on real property to an amount of not less than \$5 in any other municipality of the Province, is exempted from the payment of the poll tax in the city.

"Such a person may have his residence in Victoria, but without owning real estate property here, and so far as Victoria is concerned is therefore a householder, and were it not for the poll tax by-law, would be entitled to have his name inserted in the voters' list on payment of the road tax of \$2, unless otherwise exempted, and in the absence of poll tax, after the name of such person had once been placed on the voters' list, it might appear comparatively simple to allow his name to remain on future voters' lists without declaration each year, so long as he paid his road tax of \$2, but under the provisions of the Victoria City Act, 1921, before any householder can have his name placed on the voters' list he must not only pay his \$2 road tax, but also the poll tax if it is due and payable by him, and here is where the difficulty immediately arises, as it is impossible for any city collector to know whether a poll tax is due and payable from a householder or not, unless he sees each one personally, and even then he cannot be assured of the facts unless every such person is required to make a declaration stating the reasons why he is exempted from the payment of poll tax in the city.

**Payment by Employers**  
"Mr. Gower informs me that in some instances hundreds of dollars are paid in a lump sum by employers in respect of their employees, in connection with both road tax and poll tax, and the difficulty referred to was not realized until within the last day or two. The result will be that a great many people who have paid their \$2 road tax should be struck off the list, because a poll tax is due and payable, and has not been paid,

whereas if they have paid taxes amounting to not less than \$5 in another municipality, their names should be on the list.

**Elderly Men Exempt**  
"Another difficulty arises from the fact that a man of fifty-nine years of age may have paid his \$2 road tax last year, quite properly, and his name appears on last year's list. This year, in the absence of information as to his being over sixty years of age, and therefore exempted from the \$2 road tax, it is impossible for an official to say that such a person's name should be left on the voters' list without payment of the road tax, and as a matter of fact the name is most likely to be struck off the list because the road tax has not been paid.

**"Endless Confusion"**  
"There are also two or three other classes of people who come in for exemption, which it is impossible for the officials to know unless declarations are taken, and I can see cause for endless confusion under present conditions."

Is there a perfect food?

Nature has answered this age-old question with whole wheat and milk, the most perfect of all food combinations—and the best form in which to eat the whole wheat is Shredded Wheat Biscuit. It is 100 per cent whole wheat, nothing added, nothing taken away. Two of these tasty little loaves of baked whole wheat make a perfect meal, supplying all the strength-giving nutriment you need for a half day's work, and all the bran you need to promote bowel movement. It is an all-day food, delicious for breakfast, for lunch or for dinner.

### C.P.R. SOCIAL CLUB'S OPENING BALL AT THE EMPRESS TO-MORROW

Everything is in readiness for the opening ball of the C.P.R. Social and Athletic Club on Wednesday evening at the Empress Hotel. The club has won an enviable reputation for holding really enjoyable dances, and the committee in charge are making every endeavor to make Wednesday night's affair the best yet. Prof. Chard will lead the orchestra of seven pieces with the very latest dance music. The dancing commences at 8 o'clock and will continue until 2 a.m. A buffet supper has been arranged for, while lemonade and other soft drinks will be provided throughout the evening. In order to ensure the comfort and pleasure of patrons the committee have put on sale only a limited number of tickets. These are finding a ready sale and only a few are left.

The committee have the invitations for the fortnightly dances, which were a great success last season, ready for mailing, but are waiting until after the ball on Wednesday evening to make certain that none of their patrons have been overlooked.

## GIRL GUIDE CHIEF TO SPEAK THURSDAY

Mrs. H. D. Warren of Toronto Inspected 300 Guides in Vancouver

Vancouver, Oct. 9.—Three hundred Girl Guides and Brownies from Vancouver, Burnaby, Point Grey, New Westminster and South Vancouver "marched past" Chief Commissioner for Canada Mrs. H. D. Warren, on the grounds of King George High School Sunday afternoon.

The occasion was a grand rally of all the Girl Guides and Brownies of the Lower Mainland. To meet, the commissioner and to attend church service in St. Paul's Anglican Church. Every troop in Greater Vancouver and New Westminster was well represented, and there were twenty officers in charge of the girls. The whole company looked very smart as they marched past the commissioner with "eyes right" and their leaders saluting.

At the close of the march the guides gathered around Mrs. Warren and in a few words she congratulated them upon their splendid showing, and then called Mrs. Don Munday forward, and pinned on her breast the "Medal of Merit," the highest award given by the Girl Guides. Mrs. Munday has recently resigned her position as Guide leader in her removal from the city. Fifteen years ago she organized the first troop of Girl Guides in Vancouver, and was appointed patrol leader. Later she became captain of the company and then staff captain for Vancouver. Led by Mrs. Warren, the girls gave three hearty cheers for Mrs. Munday.

The procession then formed and marched to St. Paul's Church, where a congregation that filled the building awaited them. Rev. Harold G. King, the rector, gave an address on "The Whole Armor of God," which was listened to with strict attention throughout.

Coming Here  
 Mrs. Warren will arrive in Victoria to-morrow in the course of her tour. She is to address a public meeting called under the auspices of the I. O. D. E. at the Empress Hotel on Thursday afternoon, at 3 o'clock. Mrs. Warren will also visit the Girl Guide headquarters in the old Board of Trade building and will give a talk to the girls and their officers.

## SHRINE CHARITY DANCE POPULAR

Big Demand For Tickets For Friday's Affair at Armories

All arrangements for the Shrine Band's dance for the Japanese relief fund, for Friday evening next are completed, and a very enjoyable time is promised.

Bandmaster Miller has arranged a programme which will be played in a manner to suit the keenest critic. The dance is being under the patronage of the following: His Honor, the Lieutenant-Governor, the members of the cabinet and their wives, His Worship Mayor Hayward and Mrs. Hayward and Brig-Gen. Ross and Mrs. Ross.

Tickets can be bought at the following places: J. E. Casson, 601 Esquimalt Road; Messrs. Scott & Peden, 1601 Store Street; W. J. Clubb, Fort and Government Streets; F. R. Stewart, 541 Yates Street; White Lunch, 140 Yates Street and Government Street; Owl Drug Store, 701 Fort Street; Merryfield & Daek, 757 Yates Street; Campbell's Drug Store, Fort and Douglas; Hawkins & Hayward, Douglas Street (two stores); Sprout Shaw School, 1012 Douglas Street; Messrs. Little & Taylor, Government Street; Sixes Garage, United Typewriter Co. Melrose Company, Masonic Temple, H. F. Johnson, C. B. Deaville, Stuart Manual.

The harvest Thanksgiving services will be on Thursday evening, October 11, at 8 o'clock, preacher, Very Rev. Dean Quainton. On Sunday next Thanksgiving services will be continued, the preacher at 11 a.m. will be the Rev. N. E. Smith. Evening 7 p.m., the Rev. C. Reed, rector. Special music will be rendered by the choir. Collection for church expenses.

Mr. and Mrs. A. S. Lock have taken up residence in the new home they have bought on Hollywood Crescent.

Mr. Richard Wyatt, of Marigold Garden City, will leave next week for Shanghai, and expects to be away about eighteen months.

Messrs. J. Rickson and A. Keighley, of Vancouver, are enjoying a hunting trip on the island, and have proceeded to Campbell River.

Mrs. T. E. Pringle, of Prince Rupert, will spend a month's holiday visiting in Vancouver, Victoria, Calgary and Edmonton.

Dr. Stanley Miles has returned to the city after an absence of two months on the island spent on business and pleasure.

Mr. H. E. Winnington Ingram, Miss Marjorie Winnington Ingram and Miss Cicely Neville, who came to Victoria for the Ingram-Kennedy wedding that took place on Friday last are leaving to-morrow night by the Maquina for their homes in Banfield.

## TO ADDRESS WOMEN'S CANADIAN CLUB

Mrs. T. E. Pringle, of Prince Rupert, will spend a month's holiday visiting in Vancouver, Victoria, Calgary and Edmonton.

Dr. Stanley Miles has returned to the city after an absence of two months on the island spent on business and pleasure.

Mr. H. E. Winnington Ingram, Miss Marjorie Winnington Ingram and Miss Cicely Neville, who came to Victoria for the Ingram-Kennedy wedding that took place on Friday last are leaving to-morrow night by the Maquina for their homes in Banfield.

## HAD MIRACULOUS ESCAPE IN JAPAN

Mrs. Edward Rogers Writes Graphic Account of Recent Cataclysm to Niece Here

A special meeting of the Women's Canadian Club will be held at the Empress Hotel on Friday at 3 p.m. when the speaker will be Lillian Burkhardt (Mrs. Goldsmith), president of the Clives and Philanthropy Club, of Los Angeles, who is appearing at Pantages Theatre this week.

One of the most graphic descriptions of the terrible earthquake in Yokohama has been received by Mrs. Stewart Clark, of Oak Bay, from her aunt, Mrs. Edward Rogers, who is well-known in this city. Mr. and Mrs. Rogers were residing in Yokohama where they had large property interests. At the time of the cataclysm Mrs. Rogers was alone in the city, her husband chancing to be away in the mountains, and they were not re-united until they met in Kobe on the Friday following the disaster.

Torrential Rains  
 In her letter Mrs. Rogers states that torrential rains had visited the cities on the Friday preceding the earthquake, and everyone was expecting a typhoon. When the shock came she was at home sitting on the back veranda giving orders to her amah. Both were thrown to the ground, and the servant was pinned beneath a beam until help came. According to Mrs. Rogers there seemed only the one awful shock, and that brought all the tiles off the house, the walls and ceilings down. Curiously enough, three houses at the back were all left standing and did not even lose a tile.

Fire Menace  
 Continuing, the letter says: "We remained clinging to the trees in the garden for some time, with perfectly sickening shocks going on all the time, so we dared not go back near the house. Finally I told the servants we must get out as fires had started, up and were coming nearer."

After much difficulty they made their way to the British Naval Hospital, struggling against a wind of such velocity that they could hardly keep their feet, while the debris and yawning crevices made progress a nightmare. The naval hospital was down and the doctor's wife killed. After staying with the crowd of refugees for some time, the imminence of the fire made departure imperative.

Dropped 100 Feet  
 Mrs. Rogers continued: "We waited there for some time until the fires came nearer, and then we all had to go down over the cliff, a sheer drop of over one hundred feet to the reclaimed ground below. I don't know how ever I did it, but it was that or being burned to death. There was a wire rope on one side and a cable on the other. I got hold of the cable and simply let myself go, and got a pretty bad wrench. The Japanese were crowding down, and sparks were coming, and great pieces of earth tumbling down. It also looked

as if a house hanging over the edge of the cliff were coming too."

"At the bottom, after a time, all the foreigners got together. There we sat all the afternoon, having a little water occasionally. The dried filth on my clothes and in my hair was indescribable. After a long wait the refugees went along the Bund and were rescued by the Empress of Australia. Mrs. Rogers, after describing the terrible plight of many of her fellow-refugees, some of whom had been forced to cover themselves with liquid mud to save themselves from the fire, concludes with "Pray God I never go through another earthquake like it. It was like the end of the world, and proved to be so for so many friends."

## LADY ABERDEEN SENDS GREETINGS

Local Council of Women Hears Interesting Report of National Gathering

Greetings from Lady Aberdeen, the founder of the National Council of Women, were brought to the Local Council yesterday afternoon by Mrs. Whyte-Burch who has recently returned from Great Britain. Lady Aberdeen has always retained the kindest interest in the council and much of its successful work is due to her sympathetic encouragement.

Mrs. S. D. Scott, provincial vice-president, who represented the Victoria body at the National Council meeting in Halifax this year sketched the proceedings of that gathering for the enlightenment of the council, bringing her impressions of the spirit animating the meeting rather than a detailed account of the business accomplished. Among the matters particularly referred to was the scheme for the establishment of maternity nurses in the rural districts, which proposal is to be presented to the Local Councils in the near future.

Mrs. Scott also touched upon the proposed amendments to the constitution, with particular reference to the clauses more closely affecting the western councils. Among the reports presented at yesterday's meeting was that of Dr. Irene Hudson, convener of the health committee, who sought to correct an erroneous impression regarding the high cost of the insulin treatment; Miss Wark, who briefly reported for the committee appointed to look into the administration of the Mothers' Pensions Act; and Mrs. Gordon, who spoke of the progress made in the campaign for a juvenile court.

Mrs. H. H. Smith was appointed convener of the mental hygiene committee in succession to Mrs. Ashley Hall. The resignation of Miss Jessie Brown from the convener's office of the standing committee on professions and occupations for women was received with much regret.

A standing vote of sympathy was passed to Mrs. C. T. Cross in her recent bereavement. A meeting of the provincial executive will be held this evening at 7.45 at the home of Mrs. C. de V. Schofield, 506 Vancouver Street.

## CHILDREN CRY FOR "CASTORIA"

Especially Prepared For Infants and Children of All Ages

Mother! Fletcher's Castoria has been in use for over thirty years to relieve babies and children of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving natural sleep without opiates.

The genuine bears signature of *Chas. A. Fletcher.*

HELLO DADDY!

AT THE THEATRES

ROYAL VICTORIA

The eternal battle of the sexes, raging from the very dawn of the human race, is the theme of Daniel Carson Goodman's powerfully dramatic and prophetic photoplay, "What's Wrong With the Women," which will be the attraction at the Royal again to-day.

Woman, according to the view of Mr. Goodman, long noted as a writer and producer of plays for the stage and screen, has realized that if she is to hold her own in this, one of life's greatest battles—the battle of her own sex—she must borrow from the weapons of experience.

That is why, Mr. Goodman shows in bold and powerful strokes, she does not disdain the rouge pot, the powder puff, the pencil, the art

AT THE THEATRES

Royal—"What's Wrong With the Women." "Snowdrift." "Pantages—Vaudeville." Capitol—"Three Ages." Dominion—"Merry-Go-Round."

of the mannequin and the subtlety of the dressmaker.

Mr. Goodman employs real characters of flesh and blood to tell his amazing story on the screen but he goes far beyond mere individuals. He treats the theme as a massive human canvas—a world problem for the answer to which great men have been vainly groping for centuries.

"What's Wrong With the Women" is not unkind to womanhood. It is in no sense a sermon or propaganda in behalf of mere man. But it reveals the modern woman in all her strength and weaknesses and shows by means of a tremendously dramatic human story how woman, in the present high-powered era of jazz and bootleggers, can best serve society.

In the cast are such noted players as Wilton Lackaye, Rod La Roque, Barbara Castleton, Montague Love, Huntley Gordon, Julia Swayns, Gordon, Constance Bennett, Hedda Hopper and Mrs. Osoars—Hammerstein. R. William Neil was the director and the picture was made for Equity.

COLUMBIA

"Snowdrift," the latest William Fox production, starring Charles Jones, is now being shown at the Columbia Theatre. The story, which deals with the gold fields of the Yukon, gives the popular Western star an unusual opportunity for some lively, interesting action.

The picture was directed by Scott Dunlap from the story by James E. Hendryx, who is well known for his tales of the land beyond the Mackenzie River in Alaska.

A reckless young mining engineer from the States falls in love with a girl known only as "Snowdrift," and believed to be a half-breed. His love for the beautiful daughter of the North changes the life of the engineer who successfully battles with Indian bands, the crew of a whaler, rum runners and Northern bandits for the love of the girl.

Subsequently it is shown that the girl is the daughter of the

His love for the beautiful daughter of the North changes the life of the engineer who successfully battles with Indian bands, the crew of a whaler, rum runners and Northern bandits for the love of the girl.

Subsequently it is shown that the girl is the daughter of the

white parents who lost their lives in the far North and that she was then left in the care of an Indian squaw.

The supporting cast includes: Irene Rich, Dorothy Manners, G. Raymond Nye, Collin Chase, Evelyn Selbie, Lolo Encinas and Lee Shumway.

CAPITOL

Buster Keaton's first big feature comedy, "Three Ages," is now showing at the Capitol Theatre.

In compiling the history of motion picture comedies it is hard to keep from laughing. If we laugh it will spoil our reputation. So, therefore, we will leave it to you.

Chapter 1—Explosion Age The first motion picture comedies used explosions for the base of the comedy. This age was responsible for the formation of the dynamite trust and for the use of doubles to take the place of stars when about to be thrown in the air to flirt with the angels.

Chapter 2—Comedy Cop Age So many men look funny in police uniforms that we can safely say that this idea was taken from life.

Comedies of this age, however, proved of educational value, as the picture house was the only place where the citizens could be sure of finding out what a policeman looked like.

Chapter 3—Flivver Age Outside of the invention of the camera, nothing has done more for the motion picture comedy business than the automobile—we should have said the flivver. At this time the families paid more attention to their flivvers than they did to their children. They knew their flivvers could get them into a picture without any trouble, while a child would have to be educated to it.

Chapter 4—Pie-Throwing Age During the pie-throwing age the slogan of the comedy motion picture director was "Say It With Flour." Blackberry, huckleberry, cranberry, apple, peach and custard, they played no favorites, their only object in life was to hit their object with a pie.

Chapter 5—Bathing Girl Age The bathing girl age found the comedy making business in good things. Things began to take form in different manner. Every little girl got herself a bathing suit and a railroad ticket and started for California where they made these comedies.

Chapter 6—Present Age This is the age of "bigger and finer" things in comedy—out West in the capable hands of the comedy comic. The confidence within the industry has spread from the small-entertainment to the biggest-headed-edition. Humors are getting money under false pretences in every comedy studio. We are all striving to make the world a bigger and finer and funnier place to live in.

"Three Ages" is a Joseph M. Schenck presentation through Metro, directed by Buster Keaton and Eddie Cline, written by Jean Hovey, Joe Mitchell and Clyde Bruckman.

PLAYHOUSE

"She Stoops to Conquer" will be the play of the week at the Playhouse, where Oliver Goldsmith's famous old English comedy comedy will be welcomed by all lovers of the classic drama.

Rated as it is among the foremost plays of its kind, a really enjoyable evening's entertainment may be assured to all who witness this delightful comedy.

Mr. Francis Compton, as Tony Lumpkin will be sure to please, as will Miss Peggy Dundas in the charming role of Kate Hardcastle.

It may be mentioned that the character of Tony was the one successfully played for so many years by Mr. Compton's father, Edward Compton, and by his grandfather, Henry Compton.

Miss Agnes Burton and Mr. Herbert Leslie will have many opportunities for displaying their ability in the two character roles of Mr. and Mrs. Hardcastle, while a welcome addition has been made to the company in the person of Miss Dorothy Clancy, who brings with her a long list of London successes.

MOTHER!

Child's Best Laxative is "California Fig Syrup"

Hurry Mother! A teaspoonful of "California Fig Syrup" now will thoroughly clean the little bowels and in a few hours you have a well, playful child again. Even if cross, feverish, bilious, constipated or full of cold, children love its pleasant taste.

Tell your druggist you want only the genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother you must say "California." Refuse any imitation.

MERRY-GO-ROUNDS ABSORBING PICTURE OF LIFE'S ROMANCE

Capacity House Greeted the Initial Performance Last Night

"The Merry-Go-Round." What better title could have been selected for a picture so cram full of all that life holds for the persons seeking romance and adventure in the present day modern world. That is the question being asked by those who attended the Dominion Theatre last night to see this Universal feature in its initial performance.

The picture, needless to say, has won much comment for the greatest critics of the age, and all speak highly of it.

Life is but a merry-go-round, parting people when they least expect it, and defying them into altogether different channels. This production is a picture of life itself, and is justly called "The Merry-Go-Round." It is a story of life, into this picture the most wonderful of romances and adventures have been woven and constructed.

If the capacity house, which greeted the initial appearance of this great production can be taken as any criterion, the picture is one of the other productions. It is a story of life, into this picture the most wonderful of romances and adventures have been woven and constructed.

If the capacity house, which greeted the initial appearance of this great production can be taken as any criterion, the picture is one of the other productions. It is a story of life, into this picture the most wonderful of romances and adventures have been woven and constructed.

If the capacity house, which greeted the initial appearance of this great production can be taken as any criterion, the picture is one of the other productions. It is a story of life, into this picture the most wonderful of romances and adventures have been woven and constructed.

COMING NEARLY ROAD DANGEROUS

Oak Bay Repudiates Suggestion Advanced in Rider From Coroner's Jury

The rider of the coroner's jury at the Birkenhead inquest, held on Saturday last, to the effect that Beach Drive near Transit Road was in a dangerous condition, was presented to the Oak Bay Council last night by Chief of Police John Syme.

Chief Syme reported that the road at this point, the scene of the motor accident on Friday of last week, was not dangerous. The Council expressed the same opinion when the location had been explained. No action was taken.

The Council filed a suggestion to create a park out of four acres of land at Gonzales Heights, now reverted to the municipality. The municipality has effected an agreement with Reginald Peace, it was stated, to purchase a small strip of land for road-straightening purposes on Beach Drive, between Margate and Orchard Avenues.

The Council filed a suggestion to create a park out of four acres of land at Gonzales Heights, now reverted to the municipality. The municipality has effected an agreement with Reginald Peace, it was stated, to purchase a small strip of land for road-straightening purposes on Beach Drive, between Margate and Orchard Avenues.

# OCEAN AND COASTWISE SHIPPING

## Kennecott Stranded on Frederick Island

### U.S. Revenue Cutter Unalga on Way to Vessel's Assistance; Message Received at Government Wireless States Motorship Is High and Dry on Rocks But Crew All Safe; Northwestern Turns Back

All are safe and the ship high and dry; this was the message received at the Government wireless station this morning from the motorship Kennecott, which went ashore on Frederick Island.

At 4.30 o'clock this morning the message was received that no passengers were on the vessel and that she was high and dry on the rocks. A later message came through stating that the steamer Northwestern had left Wrangell at 1 a.m. and would reach the vessel in about twelve hours.

The Northwestern later reported that she had turned back as she had received radio advice that the United States revenue cutter Unalga was on her way to the scene of the wreck, and would arrive there some time this evening.

The motorship Kennecott is an American vessel and was on her way to Seattle from the Orient by way of Alaska. She went aground on Frederick Island, near Dixon entrance, and on the British Columbia side.

She sent out S.O.S. calls and the Northwestern and Latouche went to her assistance. It has been since ascertained, however, that the cutter Unalga would go to her assistance and reach her sometime this evening.

Not Pounding So Heavily

Seattle, Oct. 9.—A wireless report received by radio at Everett states: "The tide was going out fast at 5 a.m. and did not pound so heavily, which will relieve any danger of the vessel breaking in two. The operator also stated that the steamships Northwestern and Latouche were expected to arrive to the assistance of the distressed vessel about 6.30 o'clock this morning. Later reports stated that the crew of sixteen men was safe."

Seattle, Oct. 9.—The steamship Quene, which was expected to have attempted to go to the aid of the Kennecott, proceeded south instead, messages received to-day stated.

The Queen cracked a cylinder when northbound, and temporary repairs were made at Ketchikan, whence the vessel departed yesterday. The Kennecott was carrying 6,000 tons of copper ore, it is reported.

## YOKOHAMA REPORTED RAPIDLY RECOVERING

### N.Y.K. Advice Gives Details of Reconstruction Work of Waterfront

According to information received at the local office of the Nippon Yusen Kaisha and other principal shipping agencies at Yokohama, buoys, sheds, and launch services are daily recovering at Yokohama. The report says Nos. 1, 2, 6 and 12 piers have become partly available with the repairs of the left side inner berths of B and D quays, steamers of the N.Y.K. Nagasaki-maru type (5,257 tons) being able to find accommodation there. Storing has become possible at Nos. 2, 4, 5, 7 and 10 sheds, while the Yokohama Dockyard and the Kyoritsu godowns have been repaired for use. There are at present eighty lighters available and some 120 more lighters will shortly be employed when local order is restored. The Nippon Yusen Kaisha is now arranging for motor-barges for towing, including the Etaki, Koyasu, Tsurumi, Yama, Wakaba, Hibi, Naruhira, Take, and Mikage-maru, and there is very little lack so far as the present condition of Yokohama harbor is concerned. Longshoremen have begun to appear, and there are now some 150 at work daily. Present business at Yokohama is, of course, mainly in relief goods, which can be landed at the rate of 3,000 tons a day. The Yokohama waterfront is greatly wanting in many of the ordinary facilities for the discharge and handling of cargo, for giving and taking delivery, and so on. The Japanese shipping companies are said to be jointly contriving the creation of arrangements for this purpose, which apparently means that they will go into the stevedoring business and monopolize it.

The restoration of the Silk Conditioning House at Yokohama must be effected before the restoration of exports can be hoped for. The Department of Agriculture and Commerce has decided to set apart about \$50,000 for temporary arrangements. The rebuilding will be taken up early in October and finished by the end of the month.

## GOVERNMENTS ARE STRAIGHTENING OUT 1918 DEAL

### Differences Arise Over Purchase of Forty Four Ships For £11,225,000

Rome, Oct. 9.—The Italian Government is negotiating with the British Government over differences existing between Italian shipowners and the British Government.

The differences are the outcome of the purchase of fifty-four standard ships of a total tonnage of 328,000. The vessels were purchased in 1918 for £11,225,000. The purchasers already have been paid eighty-eight per cent. of the purchase price, which at the present time, owing to depreciation in the value of the ships and the collapse of freight rates, represents four times the present value of the ships even if they were new. The shipowners, therefore, are asking that they be permitted to pay only one-half of the remainder of the debt.

## NOTICE TO MARINERS

Mariners are hereby notified that the diaphone fog alarm on the Sandheads Lightship is undergoing repairs, and until such time as the same have been completed a hand fog alarm will be operated in answer to steamship whistles.

## VESSEL MOVEMENTS

Table with columns for Date, Time, and Vessel Name. Includes entries for Portland, Seattle, and other ports.

## Damage to Diana Dollar Expected to be \$300,000

San Pedro, Cal., Oct. 9.—Damage to the hull and cargo of the Ss. Diana Dollar, which put in here yesterday after her crew had successfully fought a fire at sea, may reach \$300,000, according to insurance adjusters. The vessel will go into drydock after the adjusters' survey is completed.

## PLANS SUBMITTED FOR REBUILDING OF YOKOHAMA HARBOR

### Two Schemes Are Proposed, One More Expensive Than the Other

#### Harbor Would be Greater One Than First With Latter Scheme

According to information brought in on the Empress of Canada yesterday, there are two plans for the reconstruction of the city at an estimated expenditure of \$150,000,000 and the other at a cost of 500,000,000.

The former would make Kwan-nai the city centre, or a restoration of Yokohama as it was before. The more expensive scheme would make the centre at Kanagawa.

Proposals made in the first plan are as follows: Over one dozen parks each of 50,000 (taubo) should be established with Kwan-nai in their centre; the track of the main railway line should be close to the shore; the boundary between residential and other quarters should be clearly demarcated. Reclamations of the harbor close to Nishinabata and the shore of Negishi—50,000 taubo in all—should be made with the debris of the city, which will amount to 1,500,000 cubic taubo; and so forth.

The other proposal has for its prime essential a scheme of harbor reconstruction on a gigantic scale.

Harbor construction.—It is planned to reclaim the sea as far as the Tsurumigawa, and build jetties to provide for over fifty vessels each of 10,000 tons coming alongside at the same time; expenditure estimated at 25,000,000.

Public buildings.—To obtain 80,000 taubo in Kanagawa-dai, with parks around, and build through the library, a bandstand, a memorial hall, a university, Government offices and others, making the district the centre of the new city and radiating therefrom ten broad roads in all directions.

Central Station.—At a point from the public building zone straight to the new harbor, namely, in the centre between the newly planned harbor and the present Yokohama, a central station should be established.

Commercial and other quarters.—All over the area from the Tsurumigawa to Yamashita-cho along the coast should be made a commercial zone, with an industrial quarter in its rear; residential quarters should be established at Hommoku, Isoko, Toke, Kanagawa, and Higashi-Kanagawa. All the roads be made chequer-wise.

Canals.—The present city district be left alone. But in the Kanagawa district, for a new centre, the present Sakauragawa be extended, and one canal constructed between the pres-

## Sunland Went Ashore To-day

Seattle, Oct. 9.—The British steamship Sunland went ashore at 8.30 this morning at Meadow Point, near Seattle, in a heavy fog. She was not leaking, her master reported and was expected to float to-day at high tide.

## CAPT. S. ROBINSON IS PAID TRIBUTE

### Presented With Silver Headed Cane by Vancouver Harbor Commission

Vancouver, Oct. 9.—Further tribute to the heroism of Commander Robinson and the officers and crew of the C. P. Ss. Empress of Australia, at the time of the Japan earthquake, was paid last night by the Hon. Ernest Lapointe, Federal Minister of Marine and Fisheries.

At the banquet tendered the Minister by the Vancouver Harbor Commission in celebration of the opening of the Ballantyne Pier, Mr. Lapointe was asked by the chairman of the commission to present to Commander Robinson a silver mounted walking stick engraved with the Harbor Commission's tribute of esteem to the gallant skipper.

Commander Robinson, in replying with sailorlike modesty, said he was glad to have had the opportunity to show what the Empress of Australia and her crew were able to do in such a time of distress.

## Opium Seizure Followed by Ship Being Labeled

### San Francisco, Oct. 9.—The T.K.K. liner Shinyo Maru was labeled yesterday by the United States Government for \$20,325, the amount of a fine levied against the vessel for the illegal transportation of narcotics.

The action follows seizure of 813 ounces of opium on the Shinyo Maru October 1. The ship was released pending the outcome of the libel suit when the steamship company filed bonds.

## LONGSHOREMEN OUT ON STRIKE

### Victoria Men Stopped Loading Bessemer City When Vancouver Men Strike

Longshoremen of this Province, including the local organization, went on strike this morning and will not return to work until an agreement has been reached.

Local longshoremen and stevedores quit work on the Ss. Bessemer City this morning when it was heard that the Vancouver men had gone on strike, and it is claimed that the local body's attitude is purely one of sympathy with Vancouver.

Demands are being made for an increased wage and also a bonus for every 1,000 feet of lumber that is loaded by the Vancouver men.

Not only is the strike being felt in Victoria where 1,000,000 feet of lumber was in process of being loaded on the Bessemer City, but also at Chemainus and Genoa Bay. The steamer Robin Hood is reported due at Genoa to-morrow to load 600,000 feet of lumber and this vessel will also be tied up by the strike.

The effect is the same on the mainland, from Vancouver and New Westminster north to Prince Rupert. The demands originated in Vancouver.

The employers refuse to pay more than the present rates of eighty cents and \$1.20, respectively. They refuse to permit the union to control checkers. They offer bonus wages for bulk grain trimming and the handling of sulphur.

An increase in lumber loading rates, employers say, would place Canadian ports at a disadvantage in the trade.

## CONFERENCE WILL DISCUSS RATES

### Westbound Conference Meeting at San Francisco

San Francisco, Oct. 9.—The Trans-Pacific Passenger Conference and the Pacific Westbound Conference will meet here this week. The Westbound Conference composed of general freight agents of the conference lines engaged in the United States-Oriental trade, held its first session yesterday, and the other body will hold its opening session to-day. The subject to be considered at both meetings is passenger and freight rates and some changes in the present tariffs may be made.

The French steamer Montana, which was in collision with the liner Buford of the Alaska-Siberian Navigation Company, near Seattle last Friday, arrived here yesterday and is to go in drydock for repairs.

Bids have been requested for repairs to the steamers Ecuador and San Joaquin, of the Pacific Mail line, both of which arrived here yesterday.

The Norwegian steamer Atna, bound from Shimoneski, Japan, for Grays Harbor to load lumber, was forced to put into Hakodate because of engine trouble, according to advices received from London by the marine department of the local Chamber of Commerce yesterday.

## N.Y.K. to Reopen Office in Tokio

According to a cablegram received by W. R. Dale, local agent for the Nippon Yusen Kaisha, the temporary head office of the line at Kobe will be transferred to Tokio again and will carry on its business in the same building rest occupied before, as it was untouched by the earthquake. The message also states that cargo will be taken for Yokohama.

## WILL RETURN TO CHINA AS BISHOP

### Rt. Rev. J. Holden to be Passenger on Canadian Pacific Empress of Australia

When the Empress of Australia sails on Thursday outward bound for the Orient she will have among her passengers a distinguished visitor to this province, the Right Rev. John Holden, M.A., D.D., the newly consecrated Bishop of Kwangsi-Hunan, China. The Bishop will be accompanied by his wife on his trip to China.

Bishop Holden has resided in China for thirteen years and for the past four years was archdeacon of the diocese to which he returns as bishop. He succeeds Bishop Bannister, who retired on account of advancing age.

Bishop Bannister has, however, after a year's residence in England, returned to China to spend the rest of his life among the people he loves so much.

The new Bishop of this diocese is the son of Mr. Daniel Holden of Bolton, Lancashire, and a graduate of Durham University. He was consecrated at Lambeth, Palace on St. James' Day, July 25, by the Archbishop of Canterbury, assisted by the Bishop of Salisbury, the Bishop of Uganda, Bishop of India, of Victoria, Hongkong, and Bishop Bannister.

Mrs. Holden, who was a missionary in China for some years, was formerly Miss Elsie Maude Roxby, daughter of Rev. Canon Roxby of Cheltenham, England.

## GEODETIC SURVEY IS NOW COMPLETED

### Discoverer Returns With a Favorable Report of Broad Bay

Seattle, Oct. 9.—After completing the first survey of Shelkof Strait, including Broad and Portage Bays, ever made in other than a superficial manner, the United States coast and geodetic survey steamship Discoverer returned to Seattle and reported that both harbors are capable of accommodating ships of the greatest draft known.

Portage Bay, on which is situated the new mining town of Kanatak, was found to have plenty of water, but was not so extensive in area as Broad Bay, situated a few miles away. The latter harbor was reported by the party to be one of the most ideal and protected indentations on the entire Alaskan coast. The survey vessel left Seattle on March 15

and completed the work ten days ago. The coast bordering on Shelkof Strait is the centre of Alaska oil mining exploration and drilling. The coast and geodetic survey steamer Pioneer, which has been engaged in surveying the waters at False Pass and as far as Dutch Harbor, will reach Seattle Wednesday, according to information given out to-day by the headquarters here. The coast and geodetic survey steamer Surveyor and Explorer are engaged in surveying and mapping the southeastern Alaska coast, and will not be withdrawn from that duty until the latter part of November.

The large freighter Manuka, originally scheduled to sail from Seattle October 23, will depart three days earlier, according to an announcement from the steamship company operating the vessel.

After being aground for a few hours the shipping board freighter Bearport was floated last night at high tide. The accident happened while attempting to back out of the harbor at Port Ludlow. It was reported that the vessel was not damaged.

Chartered by the Williams Steamship Company as an additional unit for its intercoastal fleet, the steamship Delecto, formerly the Redondo and built for the shipping board in the plant of the Bethlehem Shipbuilding Corporation in Alameda, Cal., in 1918, is expected here November 14 from the Atlantic, according to reports given out yesterday. The addition of this vessel makes a total of six steamships operated by the company.

### NEWS IN BRIEF

A building permit has been issued to F. G. Sandford for a garage at 1532 Richmond Avenue.

J. B. Clearhue, M.P.P., will be asked to take charge of the city's private bill through the B. C. Legislature.

Ward Four Liberals will hold a meeting in the Liberal headquarters, Government Street, at 8 o'clock to-night.

### Police Tell of Sudden Raid

Officers Swarmed Over the Chinese Building at Given Signal

How Chief Fry entered premises at 549-551 Plagard Street through the second story by a ladder from the street, while Sergeant Botton slid down a fire escape the same premises from the floor above, and Sergeant Heatley marched up Fan Tan Alley at the head of a posse of constables to the same destination, was told in the city police court to-day.

### Veterans Oppose Advocate Choice

Army and Navy Will Discuss Matter at General Meeting

Criticism of the appointment of G. H. Sedger, the Esquimalt Grand Army of United Veterans nominee for soldier advocate to the appeal board, heard last night at an executive meeting of the Army and Navy Veterans in Canada. It was pointed out during the discussion that the name of the successful applicant was not one of those sent forward from a joint meeting of ex-service men called to name candidate to submit to the Department of Soldiers' Civil Re-establishment, from which it was anticipated that the selection would be made.

### Chicago Children Swamp Office of Publicity Bureau

Chicago school children are flooding the Victoria and Island Publicity Bureau with letters calling for literature and information on Victoria and her Island Kingdom. The storm opened last week with three requests all from the Sixty-seventh Street district of Chicago. The requests were complied with. The next mail brought more letters and set the publicity bureau staff wondering at the sudden burst of interest that Victoria held for young Chicagoans. The explanation came after the letters had been pouring in for several days.

### Events to Come

A special meeting of the Dr. O. M. Jones Chapter, I.O.D.E., will be held at eight o'clock for the purpose of discussing the furnishings for the Dr. Jones surgical dressing room in the new Jubilee Hospital.

The monthly meeting of the Estoria branch of the Estoria Club for Sailors will be held in the Sailors' Club on Wednesday evening at eight o'clock.

### Experts Classify B.C. Lands to Find Best Areas

Soil Examination Will Show Districts Most Suited For Settlement

Classification of soil in large areas in northern districts of British Columbia to determine its fitness for agricultural and settlement purposes, has been completed by experts of the Provincial Lands Department, Hon. T. D. Pattullo, Minister of Lands, announced to-day. The Minister added that he planned to press the work of soil classification so that over a period of years the whole Province might be covered.

### Pattullo Plans to Cover Whole Province

"One must know the facts in order to work intelligently," Mr. Pattullo said. "Promiscuous settlement was allowed in this Province without adequate knowledge of conditions. When we have definite and reliable information it is comparatively easy to pass competent judgment as to the best policy to be pursued; hence it is our intention to continue the work of land classification in order that over a period of years the whole Province may be covered."

### Decide Land's Uses

At the present time all reverted timber-licensed land in British Columbia passes into a reserve, Mr. Pattullo explained. It is his intention to determine whether settlement should be allowed on these areas it is necessary to have an examination made to decide whether the area is best suited for agricultural purposes or whether it should be continued for forestry purposes.

### Good Publicity

Articles on Victoria are appearing in the next number of the Seattle Argos and the San Francisco publication, Scenic America.

McLain's magazine is also publishing articles on Victoria. A future issue of the Journal of the Geographical Society will be devoted exclusively to Victoria and Island dealing with the island geologically, geographically, ethnologically, industrially and agriculturally.

### Field Work

The field work carried on this year, which consisted of running strips systematically across the areas taking in from ten per cent to as low as two per cent, is on the island block covered, was in charge of an expert agronomist, who is a graduate of the University of British Columbia. The area covered lies between McBride and Tete Jaune in the Upper Fraser Valley.

### Iron and Steel Committee Have Not Yet Completed Report

The Landahl Coast Range Steel Project will be discussed again Friday morning at the meeting of the Iron and Steel Committee. The report of the committee is still being drafted for presentation to the Chamber of Commerce directors. Under the chairmanship of the Hon. F. A. Pauline, the committee met this morning for the purpose of preparing the report and after two hours' discussion adjourned until Friday.

### Social and Personal

Mr. G. T. Carver, ex-secretary of the Royal Provincial Jubilee Hospital, has been appointed by the Shaw Supply Co., who have houses in Seattle, Portland and Tacoma, as their office and credit manager.

Miss Thelma Ethel Hughes, of Victoria, daughter of Mrs. S. W. Gidley, Commercial Drive, Vancouver, became the bride of Mr. Milton Spratt McKee, of Toronto, in Vancouver on Friday. The ceremony was held at the marriage service in the presence of a few friends at the home of the bride's mother. Miss Hughes wore a lovely evening gown of navy blue with hat on suite and black fox fur. Her corsage bouquet was of Ophelia roses. Mrs. Percy Gerard attended the ceremony. The bride and groom, Mr. and Mrs. McKee will reside at 1147 Hornby Street, Vancouver.

### Taggers Wanted

The Victoria Branch of the Navy League of Canada would appreciate the services of any ladies who will assist them with their tag day on Saturday, October 20. Volunteers are asked to kindly communicate with the secretary at 201 Pemberton Building, telephone 1465.

### "Cascarets" 10c if Sick, Bilious, Constipated

# VICTROLA

ADVERTISED CITY

Railways and Publications Showing Increasing Interest in Island

Growing interest in Victoria and Vancouver Island is evidenced in the applications for literature and information received at the offices of the Victoria and Island Publicity Bureau. With new avenues of exploitation opened during the last few months it is confidently anticipated that the number of visitors and settlers in Victoria will exceed all previous records. Railways are showing a keener interest in Victoria than at any other time. A full page is given the city in a C.P.R. folder, in which it is featured as a winter resort, and illustrations are contained to demonstrate the golfing and motor facilities offered.

The Chicago, Milwaukee and St. Paul railroad feature Victoria as the centre of attraction in British Columbia. The Southern Pacific Railroad is also advertising Victoria extensively. On a recent visit to Victoria, W. Hill, traveling representative of the Southern Pacific predicted that more motor tourists would visit Victoria next summer than at any other time.

The Automobile Association of Southern California, with a membership of \$9,900 and still growing, has applied for fifty pictures of Vancouver Island.

Mapping Out Tours

Seth E. Salisbury of the Outing Bureau of the Club in writing for the information of members that can be made from the photographs and the data supplied will be compiled for the use of members planning trips during the summer. He incidentally mentions that many of the members map out their summer tours as early as January and February and obtain their information from the records compiled by the club. Although many of the members of the club have visited Victoria this is the first time that illustrations and information has been contained in the library of information.

The forty-three Canadian Immigration offices throughout the world which embrace the United States, England, Sweden, Norway and France are well supplied with Vancouver Island literature.

Every Board of Trade in United States cities of over 5,000 population is supplied with literature which leads to an exchange of correspondence with the Victoria office.

Every British Board of Trade throughout the world is on the mailing list. Two hundred and fifty passenger agents offices in Great Britain distribute literature through the secretary of the British passenger agents, who was a recent visitor in Victoria during his tour of the Province in general as well as the unfortunate settler must suffer, Mr. Pattullo said. There is no doubt whatever that settlement should be directed at the present time to those areas from which the most prolific results can be expected.

"All land unsuited for the production of farm crops should be utilized as forest land, which is land exacting no soil requirements and will even build up the humus content and improve areas deficient in plant food," Mr. Pattullo declared.

Nehf and Hoyt May Be Pitching Selections

Rival Managers Will Not Announce Real Line-ups Until After Late Workout To-day When Cripples As Well As Players In Shape Will Report; Opinion on Outcome of Series Evenly Divided; Yankee Stadium Is Sold Out; Good Weather Promised

New York, Oct. 9.—World's series fandom is promised agreeable weather conditions for the first two games of the Yankee-Giant series in a bulletin issued by the local weather bureau to-day.

The bulletin follows: "Fair to-day, Wednesday and Thursday. Little change in temperature. Gentle to moderate north and northeast winds."

New York, Oct. 9.—Official announcement of the batting order for tomorrow's opening game of the third successive all-around New York world series is expected late to-day.

The probable announcement will follow the final "polishing up" practice sessions this afternoon.

To these workouts Managers McGraw and Huggins have summoned both the well and injured or ill members of their squads and those in the latter class will be called upon to go through their paces under the watchful eyes of the manager and the club physicians to establish their fitness or unfitness to engage in tomorrow's game.

Already the Yankee Stadium grandstand has been sold-out. It is announced, and as the three games slated for this park fall respectively on the opening day, on Friday, which is Columbus Day, and on Sunday, Yankee officials are confident the 30,000 rush seats will not lack of occupancy.

Not all the received seats at the Polo Grounds have been sold, however, but applications have been coming in at a rate that seems to assure few vacancies when Thursday's game gets under way.

Baseball officialdom and newspaper representatives from all sections of the country have arrived. Opinion as to the probable outcome of the series among these close followers of the game seems about evenly divided.

The predictions as to the rival pitchers for tomorrow's game generally name Waite Hoyt as the probable Yankee twirler and Art Nehf as the Giant who will oppose him.

It is believed by many that Ruth, the axis about which the Yankee machine revolves will lead his teammates to the first world title since 1919 and 1922 Ruth was a disappointment in the series. Without his battering ram the Yankees could not go on. This year, however, Ruth is fresh from the greatest season of his career, a season in which he was the most valuable player of all those in the American League.

The followers of American League champions have been anxious about Walter Pipp, the first sacker, who injured his ankle in the first week of the series. Should McGraw have to replace Stengel, Jimmy O'Connell, the expensive outfielder from the West, and Cunningham, another youngster, would be used alternately, according to whether the pitching is left-handed or right.

New York, Oct. 9.—"I pick the Yankees to beat the Giants in six games." Thus predicted Clarence Rowlands, manager of the world's champion White Sox, left Monday, a member of the American League umpiring staff upon his arrival to attend the series.

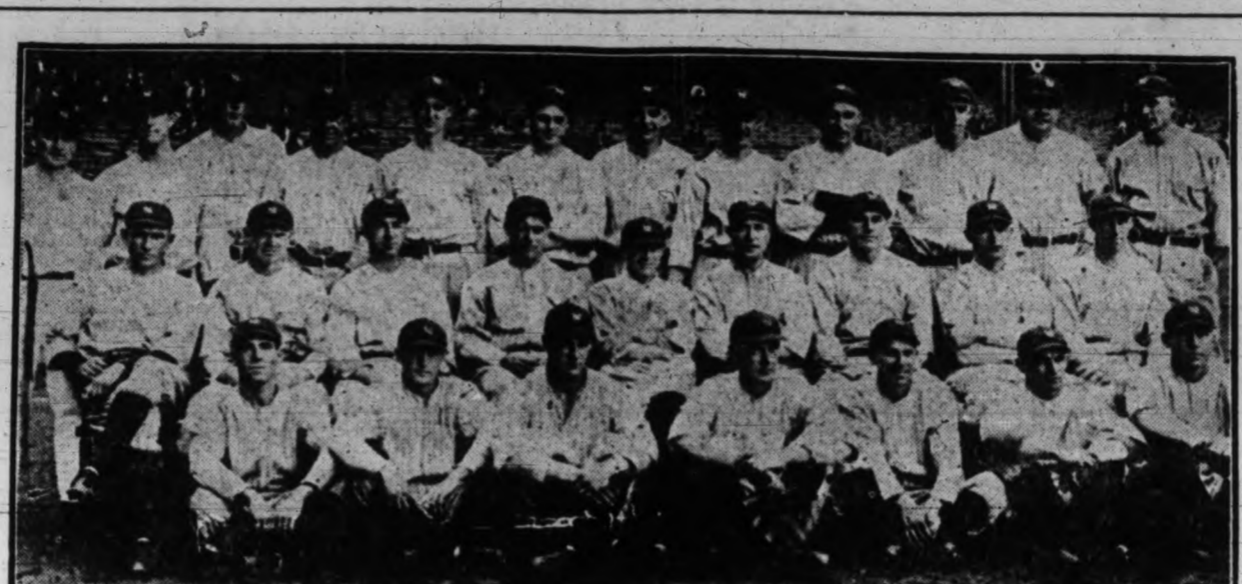

Cleveland, Ohio, Oct. 9.—The Cleveland Indians' share of the world series money will be divided to-day, twenty-eight ways.

Full shares were voted to Coaches Jack MacAllister, and Frank Roth, Business Manager W. McNicholls, Trainer F. Wiseman, and Louis Gusto, former first baseman, in addition to the players who have been with the club all season.

Half shares were given to Miss Edna Jamieson, assistant secretary, and Frank Van Dellen, groundskeeper.

Detroit, Mich., Oct. 9.—Twenty-seven Tigers will divide second place money in the American League, it was announced yesterday at headquarters of the local American League Club, George Cutshaw, although out of the game most of the season through illness, will receive a full share, as will Earl Whitehair, Birmingham, pitcher, who joined the club late in the season, but pitched a two-hit victory over the Cleveland Indians in the last series with the tribe.

WILL THEY BE LUCKY IN THEIR THIRD ATTEMPT TO WIN WORLD'S SERIES?

Speaking of monopolies and other evils, how about these here New York ball clubs that keep on hogging all the baseball glory in the big leagues? Herewith is presented one-half of the victorious corporation, Miller Huggins and his high-priced Yankees, winners of the American League championship for the third time.

Reading from the well-known left to right, seated: Bengough, cf.; Haines, of.; Gehrig, of.; Pigras, p.; Johnson, if.; Gazella, if.; Hendricks, of.; Centre row: Jones, p.; Witt, cf.; Scott, ss.; Schanz, c.; Huggins, manager; O'Leary, coach; McNally, if.; Ward, 2b.; Dugan, 3b.

Rear row: Woods, trainer; Bush, p.; Meusel, rf.; Hoffman, c.; Pennock, p.; Hoyt, p.; Shawkey, p.; Smith, rf.; Mays, p.; Roetger, c.; Babe Ruth (than which there is none "whicheer"), Pipp, lb.

Install Ceylonese as Favorite For the Cesarewitch

London, Oct. 9 (Canadian Press cable)—The betting on the Cesarewitch Stakes, which will be run at Newmarket on October 17, shows Ceylonese to be favorite. The race is a handicap event over two and a quarter miles.

Odds on the leading candidates quoted to-day were: Ceylonese 11-2 against, and 4-1 taken and offered, Miwani 8-1 against, London Cry 100-9 against, Centurion 100-10 against, Teresina 18-1 against and offered, Rosa 20-1 against offered, Perfect 25-1 taken, Light Dragon 25-1 against, Dark Fox and Southampton 33-1 against and taken, Lifford 40-1 against offered, Perfectus 40-1 taken and offered, Sewing Machine 40-1 against and offered, Vilna 40-1 against and offered, Bellman 50-1 against taken and offered.

Supported in States While the bookmakers in the Old Country have little confidence in Papyrus defeating the English, there are many around New York who do not concede defeat for the English speed or ability to negotiate the prepared track at Belmont Park.

The English trainer, Jarvis, who came over to St Papyrus for the International race, has not yet let the colt step along, confining the work to date to slow exercise. Jarvis stated yesterday that he would likely send Papyrus six furlongs to-day or tomorrow at a good rate of speed, working him at a distance later on in the week.

While the bookmakers in the Old Country have little confidence in Papyrus defeating the English, there are many around New York who do not concede defeat for the English speed or ability to negotiate the prepared track at Belmont Park.

Steve Donoghue, who will ride the English colt, will be almost as much an attraction as Papyrus. The English rider is out in a class by himself on the other side of a trial of horsemanship between him and Earl Sande will attract almost all the people as the contest between the two colts.

Amateur Hockey Heads to Decide Future of Game

Senior and Commercial Leagues to Talk Over Plans For Coming Season

It had been arranged to hold a meeting of the amateur hockey officials to-night to decide on what action would be taken in regard to the proposed amalgamation of the Senior and Commercial leagues, but owing to the fact that several of the leaders cannot attend it has been decided to postpone the gathering until the 15th.

Condition Will Mean Much in the Big Series

Schalk Thinks That Yankees Are In Better Shape Physically and Mentally Than Giants Due to the Fact That They Were Able to Take Things Easy During Last Few Weeks of Regular Season While Giants Were Kept On Edge Right Through

Absolute condition, both physical and mental, plays a big part in a team's showing in the world series.

The Yankees have had a comparatively easy season of it. Since the first of August they have been out in front by a comfortable margin, have never really been pressed to hold their lead. The latter part of the season has been a romp for them. As a result, they are fit, physically and mentally.

Two years ago the Yankees had to step almost to the close of the season before being assured of the pennant. Last year the pennant wasn't cinched until the day before the close of the season.

Baseball fans the country over will recall what a tough time the Yankees had winning last year's pennant. Boston with four games to play, three in Boston and one in Washington, the Yanks needed only one game to clinch the pennant.

Started a Panic After the fall-end Boston club had won the first two games there was near panic in the ranks of the Yankees. The veteran Jack Quinn and "Rip" Collins had pitched the two victories over the Yanks. For the final game it was either Ferguson or Pennock for Boston. Both warmed up and Ferguson got the call.

In the first inning the Yankees scored three runs on Ferguson before he was derided in favor of Pennock. During the rest of the game, Pennock, who I figure to star with the Yankees against the Giants this year, held the New Yorkers staggered across the line with just one game to spare.

It is an entirely different story this year, the shoe is on the other foot. The objective is accomplished, while the Giants have been hard pressed from start to finish, and twice seemed to be in danger of losing the lead.

Winning the pennant early has enabled Manager Huggins to give some of his players a much-needed rest. The Yankees have had easy have been forced to go the entire route. It is surprising what a tonic a few days of rest are to a player who has been giving his best every day for six months.

It is not uncommon for a team that has been hard pressed all the way to relax when the objective is accomplished. Often it is a difficult matter to get the players back on their game after having so relaxed. They seem to go stale.

Different This Season I am positive that the grueling season the Yankees were forced to go through in 1921 and 1922 had its effect on their world series play. This year it should be different. The Yankees should go into the series trained to the minute. If they lose, it should be blamed on lack of constitution.

From the hard race of the Giants, illness and injuries have been several of their stars. It is a certain fact that the Giants will enter the series in as good shape as in the two previous clashes.

However, the Giants are best in a pinch, a great money maker, a club possessing a manager who can get the best out of his men when the situation seems worst. These are just a few reasons why the Giants are able to respond more quickly than the average team under unfavorable conditions.

As to condition, physical and mental, in their effort to overcome the supremacy of the Giants. It's quite a bit.

ONE PUNCH PUT AWAY FARMER WHO LED BOUT

Another Long Season Ahead of Hockey Fans

Vancouver, B.C., Oct. 9.—Lloyd Turner, manager of the Calgary Tigers, left here yesterday on his way home to Calgary after two weeks of hard work drafting, in collaboration with Frank Patrick, president of the P.C.H.A., a schedule for a double series of inter-league games. This winter between the Western Canadian and Pacific Hockey Leagues, Turner was appointed by the prairie league to draft the schedule with the Patricks.

Owing to the amount of traveling involved, preparation of the double schedule proved to be a matter of considerable difficulty, but before leaving, Mr. Turner expressed himself as satisfied with the tentative draft which will be submitted to all W.C.H.L. clubs for their approval before adoption. Turner expressed himself as satisfied that, if any, change would be found necessary to make it appeal to each point on the circuit.

President Patrick last night stated that the club loop was prepared to adopt the schedule as it stood.

Each Club Travels Twice Under the proposed plan each coast team would swing round the prairie league twice during the season, and each prairie team would make two trips to the coast. There would be thus twice as many inter-league games as last season, affording a much greater variety to the winter's hockey bill of fare. The total number of games for each city would not be increased.

While no mention is made as to when the season will open, it is expected that the opening games will be staged about the middle of November, and that the fans will sit in on another long schedule.

There will not be the same rush this year for the winding up of the coast schedule as early as in other seasons when the winners have had to go East to play-off for the world's championship. The East is now well equipped with artificial rinks, and the early thaws will not bother many of the clubs.

World's Series in East The world's series this season will be staged in the home town of the National Hockey League champions. The contest will play in the semi-finals, and then the prairie champions will meet the victors in the finals for the Stanley cup. The series next year will be staged on the prairie in accordance with an agreement drawn up at the conference last year between representatives of the three leagues.

Keeping Word Has Cost Criqui Close to Million Francs

Paris, Oct. 9.—Eugene Criqui fractured his left hand in winning a decision over Henri Gore, the Belgian, last Saturday, and will be unable to fight for months.

It is estimated that Criqui has lost five million francs in order that he may keep his word to fight for charity. The bout included three non-decision, eight-round matches in the United States. His exhibition tours in Europe in October and November had been abandoned.

LOCAL LADY GOLFERS TO PLAY AT DUNCAN

Pro Football Team Defeats Amateurs at Stamford Bridge

London, Oct. 9.—Ten thousand spectators saw the professionals defeat the amateurs at Stamford Bridge yesterday by a score of 2 to 0. Armistead, of Wimbledon, and Ewer, of the Casuals, replaced Wissman and Ashton on the amateurs' side. The professionals were unchanged. Play in the first half was fairly even. After the interval Bradford and Chambers scored for the professionals.

Clapton Orient defeated Tottenham 2-1.

London, Oct. 9 (Canadian Press cable)—Results of Rugby Union games played to-day were: Pontypool, 4; Cross Keys, 0. Torquay, 9; Bath, 4. Headingly, 8; Blackheath, 28. Coventry, 3; Llanelli, 15.

PICK ENGLISH TEAM TO OPPOSE IRELAND

London, Oct. 9 (Canadian Press cable)—The English association football team which is to meet the Irish footballers in the international match scheduled for October 29 has been chosen as follows: Wilson, Sheffield Wednesday; Bower, Corinthians; Wadsworth, Huddersfield; Pantling, Sheffield Wednesday; Meekhan, Chelsea; Leonard, Hegan Army; Kelly, Burnley; Bradford, Birmingham; Tansell, Bradford; Williams, Liverpool; reserves, Bishop, West Ham and Jack Bolton.

Five Elevens Will Play in Mid-Week League

Wednesday Soccer League Will Open on Oct. 17; Two Games Are on Card

Five strong teams will play in the Wednesday Soccer League this year, which is one more than last season. Three new teams have entered, which goes to show the tremendous interest taken in the mid-week league. They had a most successful season last year and, with an extra eleven, the league officials are looking forward to a great time this season.

The league will open on Wednesday, October 17, when two games will be played. The two new teams, Broad Street and the Teamsters, will clash at the Royal Athletic Park, while the other end of the city, Beulah Hill, the other new team, Cranleigh House, will take on the Hudson's Bay eleven. The Garrison has a bye.

The opening date of the league was set at a large and enthusiastic meeting held last night at the Y.M.C.A.

Fitz's Drop Out General regret was expressed by all when Percy Fitzsimons announced that last year's winners, Fitz's, would not enter the league this year as he found it impossible to field an eleven. Weiler's runners-up last year and winners the previous season, have also withdrawn.

The five elevens fighting for the league laurels will be as follows: Broad Street, Local Teamsters, Cranleigh House, Hudson's Bay and Garrison. All teams intend to have strong line-ups, so the competition for the championship should be extremely keen.

The Teamsters and Cranleigh House will be the home teams in the opening games and will be expected to provide nets and flags and also have the grounds marked out with cones. The remainder of the schedule will be drawn up at a meeting to be held at the Y.M.C.A. next Monday night at eight o'clock, when final arrangements will also be made for the opening of the league.

Re-elect Officers The election of officers took place last night and the retiring officers, Billie Cull, president; F. McConnell, vice-president; and Edr. Thomas, secretary-treasurer, were unanimously re-elected, which goes to show how the value of their services was appreciated last year.

An executive committee was appointed last night to arrange all fields of play and referees which in the past have caused some dissension among the different elevens.

Firpo Never Even Dreamed of Being a Cold Deserter

New York, Oct. 9.—The eyes of Luis Angel Firpo were moist yesterday when he pleaded for the return of papers in which he had proclaimed his intention of becoming a citizen of the United States.

Naturalization officials ruled that the paper must stand on record, but agreed to give the pugilist a letter certifying their belief that he had signed his application under misapprehension.

Accompanied by Tex Rickard, boxing promoter, and a lawyer, Firpo appeared before the officials, and told them that he never had dreamed of deserting his beloved native land; that he still was a loyal Argentinean and that he believed that such an application for a certificate as he had said was issued in Venezuela and other countries to foreigners touring a strange land.

LEXINGTON RACING

Lexington, Oct. 9.—Merriman, from the Murphy stable, won the Phoenix Stake for 2.04 pacers, feature of yesterday's Grand Circuit card. The winner paced the second and third heats in 2:01 1/2.

Close finishes, split heat contests and the success of the Murphy stable were the features of yesterday's Grand Circuit card. Mrs. Yerkes won the Ashland and Merriman the Phoenix events, both driven by Murphy, but not until after each had lost a heat.

Morrison made a break in the first heat, which went to Johnny Quirk, but paced the next two in 2:01 1/2 each. Mrs. Yerkes won, the field led. The remainder of the season was the Ashland event after trotting second to Bogalusa, driven by Owner Cantler, in the opening heat. W. N. Reynolds, president of the Reynolds Tobacco Company, owner of Mrs. Yerkes, arrived in time to see his mare win. The 2.05 pace was unfinished, Murphy having a heat with Peter Atawah and Henry Thomas one with Miss Mary. The opening race, a 2:15 trot, was comparatively easy for the Consequance.

CAUSE OF DEATH

Gilting, South Carolina, Oct. 9.—Harry Clyde Brown, right end of the Presbyterian college football team, died here yesterday from injuries received in practice Thursday. His spinal cord was injured and paralysis of his body set in.

SIGN 1924 CONTRACTS

New York, Oct. 9.—Arthur C. P. Vance, star pitcher of the Brooklyn National League Baseball Club, has signed a contract for another year. It was announced yesterday.

Pittsburg, Pa., Oct. 9.—William B. McKeechne signed a contract yesterday to manage the Pittsburg Pirates for another year, Barney Dreyfus, president of the Pittsburg National League Club, announced last night.

COLWOOD GOLF CLUB

The October monthly medal at the Colwood Golf Club was won by H. J. Scott with a score of sixty-five. J. H. Richardson was second with sixty-nine and J. H. Beatty third with seventy.

ARMADALE TENNIS CLUB

PA" STRIBLING OUT TO SHOW WORLD HIS SON IS GREAT BOXER

Macon, Ga., Oct. 9.—"Pa" Stribling, father-manager of W. L. "Young" Stribling, announced last night that Young Stribling will fight Tommy Burns in Detroit on October 16, twelve rounds no decision.

"I'm going to take the boy out of high school," said "Pa" Stribling. "For this fight to show the people of the East and West that he has the goods, and did defeat McTigue in Columbus on October 4."

WELTERWEIGHT CHAMPS PUT ON POOR DISPLAY

Newark, N.J., Oct. 9.—The bout between Jimmy Jones, recognized in New York State as welterweight champion of the world and Mickey Walker, generally conceded that honor in states other than New York, was ordered stopped at the end of the ninth round by Chief Boxing Inspector Adams. No decision was given. The reason for stopping the bout as given by the inspector was that neither of the fighters was making a real effort.

BURKE A WINNER

New Orleans, Oct. 9.—The scheduled fifteen-round bout between Bob Martin, of New York, heavyweight champion of the A.E.F., and Martin Burke, of New Orleans, was stopped in the seventh round here last night, and Burke awarded the decision. The New York fighter apparently was treading on his legs in the seventh round, and the referee stopped the bout. Martin weighed 200 pounds and Burke 174.

VETERANS TO MEET

The Veterans' football club will hold its weekly meeting in the Veterans of France Rooms at 7:45 o'clock to-morrow evening. This is very important meeting and all players, members and officers are requested to attend as this meeting will finally decide on the programme to be carried out in regard to players' insurance. The selection committee also meets to-morrow night.

WON AT BILLIARDS

Cleveland, Oct. 9.—Otto Reisel, Philadelphia, defeated Jess Lean, Cleveland, in two national champion three-cushion billiard games here yesterday. The score in the afternoon game was 59 to 39 in 48 innings. Last night's result was 59 to 39 in 59 innings.

FOOTBALLER DIES

Ames, Iowa, Oct. 8.—Jack Trice, negro tackle on the Iowa State College football team, died to-day of injuries in the game with Minnesota at Minneapolis Saturday.

GOOD, CLEAN MILLWOOD

# SCRATCH

THAT COST HIM 6 MONTHS PAY

—Also a Heavy Doctor's Bill.

"Four years back," writes Mr. R. Howard, of Bracebridge, Ont., "a scratch on my leg turned to an awful ulcer. It took six months of doctor's treatment to cure me, and all the while I was laid up never earning a cent.

"Recently, a similar injury started inflammation and ulceration on the other leg. Knowing about Zam-Buk, however, this time I acted very differently and without delay. I used Zam-Buk alone, and not only was the ulcer speedily and thoroughly healed, but I didn't lose a day's work while the treatment was in progress."

Get a box of this grand herbal healer to-day! For eczema, pimples, boils, abscesses, scalp sores, poisoned wounds, piles, cuts, burns, scalds, etc. Of all druggists and stores, 50c., 3 for \$1.25, or direct from Zam-Buk Co., Toronto.

"The Sure Guard Against Blood-Poison."

# WILSON'S INVALIDS' PORT

a la Quina du Perou

**BAD WEATHER BRINGS BAD HEALTH.**  
Cold or excessively damp weather brings with it epidemics of Grippe, Influenza, Coughs, Colds, etc.

**WILSON'S INVALIDS' PORT** should be taken regularly before the approach of bad weather by those persons subject to diseases which accompany fall, winter and spring seasons. They would then be following the excellent advice contained in the old proverb, "Prevention is better and cheaper than cure."

BIG BOTTLE ASK YOUR DOCTOR ALL DRUGGISTS

## SHEEP KILLING PANTHER SLAIN

### Rocky Point Rancher Ends Life of Destroyer Who Took Twenty-One Sheep

A large male panther killed twenty-one sheep on the Rocky Point ranch at Rocky Point last week.

On Sunday morning Herbert Parker led a party with dogs in search of the killer. The panther was trailed for several hours and then all sight of the dogs disappeared. After a lapse of an hour the avenging party came across the panther crouched in a rock cave with the dogs on guard at his mouth of the exit.

A charge of bird shot ended the life of the panther. The skin was taken to T. Wherry to be made into a rug. Parker places his loss at twenty-one sheep killed or missing, and a badly frightened flock. There is a bounty of \$40 on the panther.

## UNIVERSITY NEWS

Registration figures to date at the University of British Columbia show an increase of some 233 students over those of the 1921-1922 session. Especially noteworthy is the great influx in the first year, where the enrollment has jumped from 334 to 556. The faculty and students are very optimistic, however, and when told at the Hon. J. D. Maclean, M.D., C.M., that he expected the completion of the new university at Point Grey within the next year, they realized that a new era was dawning for the University of British Columbia, and those who took such a splendid part in the student campaign of the last session are proud to know that they have at least lived up to their motto, "Tum Est."

Policies of the students' council were outlined on Wednesday morning at the first mass meeting of the year. Jack Grant, president of the Alma Mater Society, and a Victoria boy, urged the student body to co-operate with the council to make this year as progressive as last. He said, "With University construction at Point Grey well under way, it is unlikely that there will be need of a campaign of an organized effort to place the University on a sure road to existence. Its worth and greatness are now of prime importance to us all." He pointed out that no gambling would be permitted in the University, and that discipline would be well maintained.

Freshmen and freshmen will attend various meetings throughout this week, when President L. S. Kinck and deans of the faculties will address them on the college life upon which they have entered. Three meetings have been arranged for next week, when leaders of the student body will speak to the "Frosh" about the activities of college life. So far all athletics have been organized, and with opening competitions not far away practices are being held regularly. The Players' club will have their first meeting early next week, and will be addressed by Professor Wood, of the English department. Victorians are always very interested in the University Players' Club, and will remember with keen interest the many sterling productions put on in this city.

The "Frosh" reception, which usually excels all social activities, will be held this year, Friday, October 12.

Victorians will be interested to know that the following Victoria College students are continuing their studies at the University of British Columbia: The Misses Marjorie Bell, Doris Pattullo, Edith Lucas, Nora Keay, Elsie Taylor, Marion Bullock-Webster and Messrs. Alan Hemingway, Edward Bassett, and Ralph Mathews.

## BUTTER SUBSTITUTES ARE NOW EXCLUDED

Oleomargarine may no longer be imported into Canada, nor its manufacture in this country permissible. This prohibition came into effect on the first of September, but dealers are given until the end of February, 1924, to dispose of their stock, after which the sale will no longer be legal. The restrictions as to oleomargarine existed in Canada for many years previous to the war. They were removed as a war measure, and their restoration was looked upon by parliament as being in the best interest of the public.

The product known as renovated butter is also excluded by an amendment to the Dairy Product Act passed at the 1922-23 session, which likewise shuts out filled milk, filled cream, or filled butter. These articles, which bulk large in the produce trade in the United States, contain fats other than the fat of milk. They have never occupied an important place in Canadian trade, and their exclusion will not necessitate any marked readjustment of the dairy produce business.

## The WEATHER

Daily Bulletin Furnished by the Meteorological Department.

# THE TIMES DAILY PICTURE PAGE

**SPARED FROM THE INFERNUS MAW.**—These Japanese refugees are fleeing with all their worldly possessions thrown with haste into the cart which stands against a background of volcanic ruin in the business section of Tokio. The tiny tot wearing the kimono is crying from hunger. And his mother, carrying another babe on her back, is doing her best to stop the lad's tears.

**REDUCED CIRCUMSTANCES.**—An Austrian nobleman and his family make a living by selling candy from this traveling sweet shop. The front portion is used as living quarters, while on the rear is attached the store.

**"MOTHER" WILLIAMS.** known to several generations of the New York theatrical world as "The Angel of Times Square," has returned to Toronto after an absence of sixty years, to look after her mother's grave.

**SIR ALFRED MORITZ MOND.** British parliamentarian and businessman, now visiting Canada, predicts Lloyd George's return to political power.

**DR. H. P. WHIDDEN,** Chancellor of McMaster Baptist University, Toronto, has been elected President of the Federation of Canadian Prohibitionists.

**IN NEWS AGAIN.**—Dr. Von Knilling, Bavaria's premier, has again jumped into the limelight, through the Separationist movement there.

**"THAR" SHE BLOWS.**—This harpoon held by Captain Gustav Petterson, in command of an antarctic whaling expedition soon to embark from Seattle, is fired from a deck gun, and when it hits, more corset stays and blubber oil will start homeward.

**WHAT TWO FAMOUS ARTISTS DID AS THEY DREW EACH OTHER OVER THE BOARD.**—Above: Bainsfather by Satterfield. Below: Satterfield as Bainsfather sees him.

**INVESTIGATION IN RICH WOMAN'S DEATH.**—Poisoning is suspected in the death of Mrs. Charles Webb (top), wealthy society woman, who passed away recently at the Westchester-Biltmore Club, Rye, N.Y. Lower left shows her husband coming from their town house in New York, on Madison Avenue (lower right). Here Mrs. Webb was married eleven months ago, and now, less than a year later, the funeral services were conducted from the same place. Circumstances of her death were regarded by her physician as so suspicious that he refused to issue a death certificate. The dead woman was the daughter of S. Jennings Gorman. She was wealthy in her own right and a leader of the ultra-social set.

## SCHOOL DAYS By DWIG

**PAYRUS LANDS AMID ROYAL SPLENDOR.**—Even first-class passengers do not receive quite the attention obtained by Papyrus, great English three-year-old, when the British derby winner came to this continent on the Aquitania. Note the shin guards. Note the carpet. Note the police. Note the reverent attitude of the gentleman leading the horse. Papyrus will on October 12 meet the best American horse at three years in a \$100,000 race at Belmont Park. Incidentally prices to watch the race range from \$1.50 to \$22. Photo taken when Papyrus arrived at New York.

**J. W. BENGOUGH,** internationally known cartoonist, died at his home in Toronto, while working on the above cartoon, designed for use in an anti-tobacco campaign.

DEED
DUCK—On Oct. 8, at his home, Centre Road, Keating, the death occurred at an early hour, after a lingering illness, of Walter Duck, aged 72 years, born in Leeds, Yorkshire, England, and a resident of Keating for the past year, formerly residing in Saskatchewan, deceased by survival of Mrs. E. M. sides his widow, two sons, Reginald and Sidney, at home, and one sister, in England.

COMING EVENTS

MRS. JONES and six of her daughters were pleased with the dinner set purchased from us. The world was pleased. Set consists of 56 pieces and is made John Maddock's Bone, cut-crystal. It is of a very white body with a massive mark-blue band-between-the-lines. It does look so nice and dainty. The price is only \$27. At R. A. Brown & Co., 1-1214 and Johnson.

RAILWAY FIGURES ARE REPORTED

Net Operating Revenue of C.N.R. in Seven Months \$2,984,460

Net Revenue of C.P.R. in the Same Period \$10,141,696

Ottawa, Oct. 8.—A net operating revenue of \$2,984,460 was earned by the Canadian National Railways in the seven months ended July 31 of the present year.

Ottawa, Oct. 8.—A net operating revenue of \$10,141,696 was earned by the Canadian Pacific Railway in the seven months ended July 31 of the present year.

Freight and Passengers Revenue freight traffic increased ten per cent. increasing freight revenues by \$1,041,747. Passenger traffic increased six per cent., resulting in an increase of \$258,438 in revenue.

FOR THE CHILDREN

The Sandman Story For To-night

GRANNY MEADOW MOUSE AND REDDY FOX Granny Meadow Mouse had a hard time of it bringing up a large family. First it was her own children she had to protect from Reddy Fox and then it was her grandchildren—to say nothing of herself.

Reddy Fox had taken to visiting Granny's meadow every day, and her little grandchildren could never safely run about so Granny Meadow Mouse found it hard work to do her housekeeping.

She could not send the little mice out in the meadow to play for fear of Reddy Fox, and there were so many little mice running about that Granny could hardly step in her home without tripping over a grandchild.

A SPLENDID BUNGALOW-BUY To close an estate we are offering a 4-room, modern bungalow on Agnes Street, and situated on two lots, each 60x112.2.

GOOD LITTLE 3-ROOM COTTAGE In good repair and situated on Albion Street. Has a garage, not less than 60 ft. frontage. Price, on very easy terms, \$1,200.

B.C. LAND & INVESTMENT AGENTS, LIMITED 1322 Government Street Phone 137

YOU ARE DREAMING

OF a new, an up-to-date, elegant bungalow, planned for comfort and convenience. The housework, made bright and clean looking. If you can find \$1,800 or more in cash...

ALFRED CARMICHAEL & CO. LTD. 624 Fort Street

LEGISLATIVE ASSEMBLY

Private Bills Notice is hereby given that the time limited by the Rules of the House for presenting petitions for Private Bills will expire on Wednesday, the seventh day of November, 1923.

NOTICE OF APPLICATION FOR PRIVATE BILL

NOTICE is hereby given that an application will be made to the Legislative Assembly of the Province of British Columbia at its next Session by the Corporation of the City of Victoria for an Act (to be known as the "Victoria City Act, 1923") providing for the following matters...

NOBODY'S LOVER

By RUBY M. AYRES

Ursula interrupted. "He makes fun of it, but he was ill—very ill. Her voice was unsteady. I was dreadfully frightened, Mr. Spicer, and so would you have been."

"I am sure I should," said Spicer kindly. "I was anxious to see you resting on his friend's thin face. But don't worry about the old rascal. I'll look after him. He wants taking care of."

"It's raining cats and dogs," Spicer said, lamely. "I've got a cab for Miss Lorrimer. She was just going when you came. Spicer obeyed her to escape, and Jake turned to the girl. She was standing, looking down into the fire, her pretty head drooping, her hands clutching the edge of the mantelshelf. Jake took a little step towards her, speaking her name huskily: "Ursula!"

"Ursula!" she called. "What's the matter?" she asked. "I'm not a kid with the toothache, I'm all right. See you to-morrow." "Right!" Spicer called away feeling decidedly unhappy. He knew Jake well enough to know that he was feeling a great deal more than he chose to admit.

"You look as if you have enjoyed your afternoon," she said with a sigh. "I know you're looking at me, old son, though like the ostrich, in the fable, I'm trying to hide myself by putting my head in the sand. Well, fire away! Curse me—I deserve it—I won't try and defend myself." "He knew that Spicer had seen Ursula in his arms and he did not care. Spicer's voice was very kindly when he answered. "I can't tell you how sorry I am, Jake."

camping grounds, bathing beaches, fishing and other sporting facilities, including trap-shooting, tennis, lawn bowling and any other forms of sport, game or amusement. To acquire necessary equipment to operate or lease the same, to make rules and regulations and to charge fees or rentals in discretion of the Council.

11. Providing that the property known as the Willows Grounds, now on Oak Bay Municipality, shall be deemed to be a part of and within the municipal limits of the City of Victoria for all purposes.

never ill," she said, almost complaining. "I am sure I have often envied people who could go to bed and have a comfortable illness."

"She went to her room and took off her hat. She was so happy that she felt it impossible to settle to anything. Even the sight of her luggage no longer interested or excited her. There were greater things than music in the world, after all. "I think I must really have loved him all the time," she thought as she brushed her hair; and then a little dread shadow filled her eyes again.

"It's an infernal selfish thing to have done," he said, heatedly. "For heaven's sake, Jake, try and look at it from her point of view. The girl probably thinks you're serious, even if you have only been amusing yourself. "Amusing myself!" Jake opened his eyes now. They were like points of steel in his white face as he amusing himself. You underhand! Why, I'd give my immortal soul if I could marry her!"

"I'm not a kid with the toothache, I'm all right. See you to-morrow." "Right!" Spicer called away feeling decidedly unhappy. He knew Jake well enough to know that he was feeling a great deal more than he chose to admit. "The whole thing seemed such a tragedy, all the worse by reason of the contrast with his own happiness. He was sorry for Ursula, too. He had caught a glimpse of her radiant face for a moment in Mrs. Sale's room, and he knew that Jake was not going to be the only one to suffer. But for the moment at least Ursula was quite happy. When she got back home, though Mrs. March was prostrate with a sick headache she commented on her niece's radiant face.

"You look as if you have enjoyed your afternoon," she said with a sigh. "I know you're looking at me, old son, though like the ostrich, in the fable, I'm trying to hide myself by putting my head in the sand. Well, fire away! Curse me—I deserve it—I won't try and defend myself." "He knew that Spicer had seen Ursula in his arms and he did not care. Spicer's voice was very kindly when he answered. "I can't tell you how sorry I am, Jake."

Ursula met his eyes steadily, her own a little contemptuous. "I'm thinking how glad I shall be when to-morrow comes, and I can go," she said. "He looked rather taken back. "Yes, and that's all the gratitude we get, your aunt and I," he complained. "We take you in, and give you a good home, and then... if you've finished dinner, I will go up stairs," she said shortly. For her aunt's sake she did not wish to have another scene to-night. "She walked to the door without waiting for a reply, but he bawled after her. "Don't come back here, that's all, when you've spent quite a money that fool has given you, whoever he is! Don't come back and ask me to keep you when you've found out that I was right, and that there isn't a halfpenny to be made out of music."

Ursula banged the door. She went upstairs with burning cheeks, and a heart beating with anger. "If I had been auntie, I should have killed him years ago," she thought passionately. "However on earth has she stood it, I cannot imagine." She went softly into her aunt's room. The fire had burned low, and as Mrs. March did not speak, she tiptoed across to it and noiselessly put on some fresh coal. She knelt down before its warmth on the rug and looked into its red heart with dreamy eyes. "What was Jake doing this evening? She wished passionately that she could be with him. The bareness of Mrs. Sale's house had struck her with a sense of forlornness. It was no home for a sick man. (To be continued.)

FACE A SIGHT WITH PIMPLES

Large and Red. Itched and Burned. Cuticura Heals.

"My face was itchy and broke out with large, red pimples. They were scattered all over my face and itched and burned so that I scratched which caused them to grow larger. I could hardly sleep at night. They were a real torture and my face was a sight."

"The trouble lasted about three months. I began using Cuticura Soap and Ointment and the first treatment stopped the itching and the using two boxes of Cuticura Soap and one box of Cuticura Ointment I was healed." (Signed) Miss Ora Goulette, R. F. D. 4, Box 56, Brev, Vt., March 24, 1922.

Will call for your cast-off clothing, starchy waste paper, rubbers, etc., if you phone 5248. ENGLISH SUTHERLAND STEWART Res. Phone 5111X.

WRIGLEYS

**MAGNESIA BEST FOR YOUR INDIGESTION**

Warns Against Doping Stomach With Artificial Digestants

Most people who suffer, either occasionally or chronically from gas, nervousness and indigestion, have now discontinued disagreeable diets, patent foods and the use of harmful drugs, stomach tonics, medicines and artificial digestants, and instead, following the advice so often given in these columns, take a teaspoonful or two tablets of Bismarated Magnesia in a little water after meals with the result that their stomachs no longer trouble them, they are able to eat as they please and they enjoy much better health. Those who use Bismarated Magnesia never dread the approach of meal time because they know this wonderful anti-acid and food corrective, which can be obtained from any good drug store, will instantly neutralize the stomach acidity, sweeten the stomach, prevent food fermentation, without the slightest pain or discomfort. Try this plan yourself, but be certain to get Pure Bismarated Magnesia especially prepared for stomach use.

**REGISTRATION OF HOUSEHOLDERS TO BE ANNUAL**

Formal Application Will be Made to Legislature

Registration of householders by declaration each year formed the theme of a suggestion from the City Solicitor to the City Council, and recommended by the Finance Committee to the council last evening, for incorporation in the private bill.

It was argued that so many complications arose from the imposition of the poll as well as the road tax now that a personal application was necessary to clear up the lists.

Alderman Woodward criticized the situation as retrograde, and forcing personal appearance in the month of October when it was often difficult for the householder to appear at the Victoria City Hall.

The alderman, after hearing a letter from City Solicitor Pringle, asked if it was usual to prescribe a man to lose his head because he has a headache.

Alderman Todd believed the situation might be settled by allowing the names to be retained on the list when the poll and road taxes were paid.

The motion then carried, Aldermen Dewar and Woodward voting in the negative.

**WOULD ABOLISH FRONTAGE TAXES**

Suggestion to Remove Water and Sewer Frontage Charges

On the suggestion of Alderman Todd, who based his statement on experience derived from the civic court of revision, the City Council last evening resolved to have by-laws prepared to abolish the water and sewer frontage taxes.

These taxes were both imposed when times were good, and were now declared to be a source of irritation rather than revenue.

Alderman Woodward opposed the alteration on the ground that what-over taxes were remitted, they would have to have compensating revenues from some other source, which would only arouse another agitation.

The present rates are two cents per foot frontage for water, and three cents per foot frontage for sewer.

The council deferred discussion on the merits of the question until the by-laws to repeal the above measures are ready.

**ACTION DELAYED BY ILLNESS**

Indian Parley Questions Now to be Considered at Ottawa

Consideration of the important questions which were presented to Dr. D. C. Scott, Deputy Superintendent-General of Indian Affairs, when he was in Vancouver and Victoria this summer has been held up by the serious illness of the Deputy Minister.

Dr. Scott, after completing the series of conferences with the Indians here, went to California for a holiday. Soon afterwards he was taken ill, and it is only a few days ago that he was able to return to his desk at Ottawa.

The effect will be that the very important questions affecting land titles, game regulations and almost every statute and regulation in fact which affect the lives of the aborigines of British Columbia will be delayed in action by the Department of Indian Affairs.

Some intimation to the allied tribes will be made, it is believed, in the near future, giving them an idea when the government will be ready to give an answer on some of the more pressing matters.

**NO TO-NIGHT Tomorrow Alright**

NO A vegetable laxative, adds tone and vigor to the digestive and eliminative system, relieves Sick Headache and Biliousness, cures Constipation.

Used for over 20 years

An excellent wearing quality, in floral and block designs.

Some improvements were authorized by the City Council last evening at the new Children's Aid Home on Pandora Avenue. Alderman Harvey explained the situation, and said it was found essential to buy new radiators for the heating equipment. The building inspector estimated the requirements at \$200. He asked for the premises to be used for its present purposes rent free for the balance of the year. The council approved the plan of abolishing the rent charges until December 31. This will enable the urgent work to be done at once.

**TRUSTEES ELECT DUNCAN DELEGATES**

Chairman and J. L. Beckwith to Attend Convention; School Costs Less

At a short meeting of the Victoria Board of School Trustees, held last night, George Jay, chairman of the board, and Trustee J. L. Beckwith were chosen delegates to the convention of British Columbia School Trustees to be held at Duncan October 18, 19 and 20. It is probable that other members of the board will attend the convention as all are members of the association and eligible to attend the annual meeting.

**School Costs**

School operating costs showed a reduction, according to a financial statement presented by Trustee Beckwith.

Up to October 1, 1922, expenses, including fixed charges, routine operating charges and salaries for both day and night schools, totaled \$325,523.44. For 1923, from January 1 to October 1, total costs amounted to \$318,366.80, plus accounts for month authorized, an aggregate of \$328,288.26. Of this sum \$22,289.46 is for salaries. The total vote for the year is \$462,365.

**COMPROLLER ISSUE ACTION DEFERRED**

Five to Four Against Immediate Appointment

The City Council last evening delayed action on the appointment of the comptroller until a report from the finance committee has been received. Resolutions had been sent in from various parts of the country, including eleven from Victoria and district.

Some of the aldermen recommended an immediate ballot, but Alderman Sargent urged caution, in justice to the applicants.

Alderman Sargent said he still believed in the principle of promotion from the service, and whatever was done he should vote that way. He had been nominated on that principle throughout, he stated.

How unfair it would be to the other men, if that course was taken, said Alderman Sargent. He remarked that two men at least had asked to receive an answer by wire.

Alderman Dewar stated he favored examination of the applicants, but he also endorsed the principle of promotion.

The Mayor said it would be a peculiar and undesirable way to invite the applications, and then proceed immediately to ballot.

Some of the aldermen expressed surprise that two of the aldermen were already advertising who they intended to vote.

The motion sought an immediate ballot, the amendment asked the council to refer the applications to the finance committee for report. The latter received the support of the Mayor, Aldermen Todd, Gillespie, Sargent and Dewar, and the motion received the support of Aldermen Sargent, Woodward, Harvey and Anderson. The amendment therefore carried.

Of the City Hall staff the candidates are: City Treasurer Smith, Acting Comptroller J. McL. Muirhead, James Fairweather and Alexander Gardiner. The third and fourth names are those of officials on the assessor's staff.

**CHANGE OF LIFE LOSES TERRORS**

For Women who Rely upon Lydia E. Pinkham's Vegetable Compound

Greenville, Pa.—"I took your medicine through the Change of Life and it did wonders for me. I was down in bed when I started, and weighed 55 pounds. I had hot flashes and was so nervous and weak that everything would get black and I could not see. I would sit and cry and did not know what I was doing. Since I have been taking Lydia E. Pinkham's Vegetable Compound I feel younger than I did ten years ago, and my friends all tell me I look younger, and I owe it all to the Vegetable Compound. I do all my housework for a family of seven now. I will be glad to answer any woman who writes me in regard to my case."—Mrs. JOHN MYERS, 55 Union St., Greenville, Pa.

Many letters similar to this have been published testifying to the merit of Lydia E. Pinkham's Vegetable Compound. They are sincere expressions from women who describe as best they can their feelings before and after taking this well-known medicine.

**PURCHASE OF DEBENTURES**

The council adopted the recommendation of the finance committee that the following debentures be purchased from the Royal Financial Corporation: \$100 City of Victoria four per cent debenture due 1923 at \$7.57, yielding approximately 5.62; \$200 City of Victoria four per cent debenture due 1949 at \$2.50, yielding approximately 5.62; \$100 City of Victoria four per cent debenture due 1923 at \$7.57, yielding 5.67.

On recommendation of the finance committee, the council accepted the following tenders: Printing progress certificates, A. E. Greenwood, \$9.75; printing pay-in sheets, A. E. Greenwood, \$12.85; printing statistics sheets, Colonist Printing and Publishing Company, \$39.75.

**GORGE BRIDGE IN DELICATE PASS**

Two Municipalities, With Separate By-Laws, Set Diverse Limits

Diving off the Gorge Bridge, and measures taken to stop it in future were before the Esquimalt Council last night, with Reeve Alexander Lockley in the chair. The subject was broached in a letter from Saanich asking that Esquimalt pass a by-law uniform with that now in force in Saanich. This would prohibit diving off the bridge under pain of a fine and would prevent vehicular traffic at a speed over four miles an hour. It developed that Esquimalt has a by-law now prohibiting traffic over its half of the bridge at a speed greater than three miles an hour. Saanich may be asked to conform to this provision. As to diving, Councilor Mesher recalled that thirty years ago he had made practice of performing the feat. It was not considered dangerous then, he said.

As matters are now if a diver stands on the Esquimalt half of the bridge and dives he is following in Councilor Mesher's footsteps and not committing any breach of the law. If he dived from the other, or Saanich half, however, the swimmer would be liable to a fine for his daring. Similarly, cars on the Saanich end may travel four miles an hour but must slow down to three miles to traverse the Esquimalt end of the same bridge. The by-law was tabled for further discussion.

Formal presentation of an original notice of incorporation as a municipality was presented to the council by George Carter, who donated the document for the archives of the township. The war memorial committee received permission to place a memorial on municipal property on the north side of Esquimalt Road opposite the municipal hall. With the exception of one lot in private hands the municipality owns a block of about 1.5 acres destined for a park and children's playground.

Four by-laws of a routine nature received further consideration. The fire and light committee recommended the installation of six lights sanctioned at the first of the year. The work is to be done if the funds are on hand for it, the council decided.

**TO PROVIDE FOR HEATING CHILDREN'S AID HOME PREMISES**

Some improvements were authorized by the City Council last evening at the new Children's Aid Home on Pandora Avenue. Alderman Harvey explained the situation, and said it was found essential to buy new radiators for the heating equipment. The building inspector estimated the requirements at \$200. He asked for the premises to be used for its present purposes rent free for the balance of the year. The council approved the plan of abolishing the rent charges until December 31. This will enable the urgent work to be done at once.

**GOLD SEAL CONGOLEUM**  
GUARANTEE  
SATISFACTION GUARANTEED OR YOUR MONEY BACK

REDUCE SEAL WITH DAMP CLOTH

In the 9 x 6 foot size, the rug shown costs only \$9.00

You'll find this Gold Seal on the face of every genuine Gold-Seal Congoelum Art-Rug, and on every few yards of Gold-Seal Congoelum Floor-Covering. It says and means "Satisfaction Guaranteed or Your Money Back." Always look for it when you buy.

**Spend Winter Evenings in a Bright Cheerful Home**

Colorful inexpensive Gold-Seal Congoelum Art-Rugs add a world of brightness to any room and save a world of work besides. With a few sweeps of a damp mop every speck of dust and dirt vanishes like magic.

Modern women everywhere are replacing their dust collecting woven carpets and rugs with sanitary, easy-to-clean Congoelum Rugs. They come in artistic patterns and beautiful colors.

Wonderfully durable, Gold-Seal Congoelum Art-Rugs sturdily withstand the wear of busy feet. They are made all in one piece and lie flat on the floor without fastening of any kind—they never curl up at the edges or corners.

**Economical Prices—Popular Room Sizes**
