To His Excellency  
Governor James G. Martin  
Raleigh, North Carolina

Dear Sir:

In compliance with Article 4, Section 90-57 of the General Statutes of North Carolina, we are pleased to submit to you and to the North Carolina Pharmaceutical Association the One-Hundred-Tenth Annual Report of the North Carolina Board of Pharmacy. This report contains the proceedings of the Board of the fiscal year ending September 30, 1991.

Respectfully yours,

NORTH CAROLINA BOARD OF PHARMACY

For the first time in many years the Board adopted a multitude of rules on several different subjects which affect pharmacy practice. A substantial change in Board policy was affected when Rule .1317 was amended to allow licensure of foreign graduates. Candidates must have completed a program of at least five years in length and have passed the Foreign Pharmacy Graduates Equivalency Examination administered by the National Association of Boards of Pharmacy as well as the Test of English as A Foreign Language. In addition, all experience necessary to meet eligibility for admission to the examination must be obtained within the United States.

Specific rules were adopted providing for permits for dispensing physicians as well as the issuance of device dispensing permits to non-pharmacists. The Board also approved a procedure to merge the issuance of device dispensing permits into the procedure for issuing pharmacy permits.

The Board's rules on election of members was also amended to conform to procedures recently instituted by the State Board of Elections. The rules which became effective this fiscal year are reprinted below.

**.1912 APPLICATION FOR REGISTRATION AS A DISPENSING PHYSICIAN**

The form for application for registration as a dispensing physician is entitled "Application for Registration with the Pharmacy Board as a Dispensing Physician", and appears in G.S. 90-85.21(b). All applicants for registration as a dispensing physician shall complete this form for original and renewal applications. Information requested includes name and address of dispensing physician, physician's North Carolina license number, whether the physician is currently practicing in a professional association registered with the North Carolina Board of Medical Examiners, the name and registration number of the professional corporation, if applicable, and a certification that the information given is correct and complete.

*History Note: Statutory Authority G.S. 90-85.6; 90-85.21;  
Eff. February 1, 1991.*

**.1913 APPLICATION FOR DEVICE DISPENSING PERMIT**

The form for application for a permit to dispense devices is entitled "Application for Permit to Dispense Devices". All applicants for a "Device Dispensing Permit" shall complete this form for original and renewal applications. Information requested includes name and address of place dispensing devices, name and address of person in charge of permit, history of person in charge of permit, examples of prescription devices dispensed from location during the last year, and two attestations by persons not employed or supervised by device dispenser.

*History Note: Statutory Authority G.S. 90-85.6; 90-85.22;  
Eff. February 1, 1991.*

**.2108 DETERMINATION OF ELECTION RESULTS**

The determination of election results shall be in accordance with G.S. 163-111, which is adopted herein by reference. This adoption is in accordance with the provisions of G.S. 150B-14(c).

*History Note: Statutory Authority G.S. 90-85.7; 150B-14;  
Eff. March 1, 1991.*

Early in 1991 brought international developments which affected pharmacists who were called into the Gulf War. As the result of this unforeseen circumstance some individuals were unable to obtain their continuing education for license renewal. The Board acted to waive the c.e. requirements for those individuals who served in Desert Shield/Desert Storm who might be adversely affected by that activity.

Recognizing that pharmacists dispense drugs everyday for use by school age children the members addressed the issue of prescription drug use in schools. After discussing the matter at length, and with the help of Board Member Jack Watts who has served over 20 years on the Burlington School Board, a policy was adopted for prescription drug use in schools which follows this narrative and is a part of the Annual Report.

Much discussion continues in professional circles about the move to the Doctor of Pharmacy Degree as the entry level requirement for pharmacy. The North Carolina Board was an early participant in this debate and adopted a position which follows below.

POSITION STATEMENT  
NORTH CAROLINA BOARD OF PHARMACY

The North Carolina Board of Pharmacy recognizes the vital importance of the accreditation process and the activities of the American Council on Pharmaceutical Education. Their proposal leading to the Doctor of Pharmacy degree as the standard by the year 2000 therefore deserves close scrutiny. Current educational models for the Pharm.D. vary with an experiential component comprising a substantial portion of the additional time required beyond the B.S. degree.

With this in mind and noting that over 90% of pharmacists are holders of B.S. degrees and are apprehensive of a proposal that could unjustifiably relegate them to a second class status, the Board makes the following statement which is intended in its entirety and is not to be taken out of context.

The Board would look favorably on the proposal with the following conditions:

- I. That the Standards of Practice adopted in 1978 be revised.
- II. That the Competencies used in the NABPLEX examination be reviewed and modified to reflect the new standards.
- III. That current holders of B.S. degrees be eligible to obtain Pharm.D. degrees from each accredited school in a reasonable process such as:
  - A. A degree exchange program, similar to what occurred in the legal profession, where a bachelor's degree can be traded for a more contemporary professional doctorate. Please note that this is not a "grandfathering" but a quid pro quo in an updating procedure.

Or

B. A reasonable add-on Pharm.D. that would not interrupt the pharmacist's current employment and recognize experience through passing competency exams or crediting years of practice to satisfy some requirements.

- IV. That no fixed length of time be set, direct or indirect, to complete the degree for undergraduate students. In other words, let the education market operate to find its own optimum level with a goal of decreasing rather than increasing the time required.

In an effort to maintain their professional competence, and better understand pharmaceutical manufacturing issues, the members toured a pharmaceutical manufacturing plant in April of 1991. The members of the Board and staff were the guests of Abbott Laboratories in Rocky Mount on April 17th for a tour of the plant which manufacturers fluids. The entire event was very educational.

The members considered at length an application from the Wake County Health Department for a mobile pharmacy. Members expressed concern about drug security as well as security issues generally for this location. After being assured that the unit would not leave its stated location to dispense drugs the members eventually approved the mobile pharmacy at the Salvation Army location in Raleigh.

In August of 1991 the North Carolina Board of Pharmacy, jointly with Campbell University, was the host for the District III Meeting of NABP/AACP held in Asheville. The Grove Park Inn served as a superior site for one of the most successful district meetings in years.

In September of 1991 the Board began the practice of meeting at the Carolina Inn for it's September, October, November sessions in order to expose students at the UNC School of Pharmacy to it's activities. This change in meeting location was instigated by Professor June McDermont from the UNC School of Pharmacy who felt that students would benefit from observing Board activities. Comments from students after the meeting were universally favorable to this procedure and the Board plans to continue this practice for the foreseeable future.

#### Information Required by 93B

The North Carolina Board of Pharmacy had its offices at 602H Jones Ferry Road in the Willow Creek Shopping Center in Carrboro for the period of October 1, 1990 through September 30, 1991. During the 1990-91 fiscal year there were 271 applicants for examination, not any candidates were refused admission to the exam while 6 withdrew or did not qualify and the remainder took the examination for licensure. A total of 251 persons were licensed as pharmacists by examination during this year while 162 individuals applied for licensure by reciprocity and were licensed. The Board suspended 15 licenses during this year and revoked 4 licenses. No other licenses were terminated for any reason other than failure to pay the required fee.

## INDEPENDENT AUDITOR'S REPORT

To the Members of the Board  
North Carolina Board of Pharmacy  
Carrboro, North Carolina

We have audited the accompanying balance sheet of the North Carolina Board of Pharmacy as of September 30, 1991, and the related statements of revenues, expenditures and changes in fund balances for the year then ended. These financial statements are the responsibility of the Board's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the North Carolina Board of Pharmacy as of September 30, 1991, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

NORTH CAROLINA BOARD OF PHARMACY

NOTES TO FINANCIAL STATEMENTS

Note 1. Nature of Operations and Significant Accounting Policies

Nature of operations:

The Board was created by the North Carolina General Assembly for the purpose of establishing and maintaining the minimum standards for the practice of pharmacy within the State of North Carolina.

A summary of the Board's significant accounting policies follows:

Basis of accounting:

The accounting policies and practices of the Board's Operating Fund conform to generally accepted accounting principles for Special Revenue Funds.

The modified accrual basis of accounting is used by the Board. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. Expenditures are recorded when the liability is incurred.

Cash and cash equivalents:

Cash and cash equivalents consist of checking accounts, savings accounts and money market accounts.

Short-term investments:

Short-term investments consist entirely of certificates of deposits purchased with maturities greater than three months but less than one year.

Property and equipment:

Property and equipment is stated at cost and is accounted for in a separate fund. Depreciation is provided using the straight-line method over estimated useful lives of five to ten years.

Property and equipment purchases are made in the Operating Fund. These assets are subsequently transferred and depreciated in the Property and Equipment Fund.

NOTES TO FINANCIAL STATEMENTS

Income taxes:

No provision is made for income taxes because the Board is exempt from state and federal income taxes.

Note 2. Leased Office Space

The Board entered into a three-year agreement on February 11, 1989, for the lease of office space. The lease, which runs from March 1, 1989 to February 28, 1992, requires a monthly expenditure of \$2,100 for the duration of the agreement. The Board renewed the lease for an additional two years on September 27, 1991. The monthly payment for the period March 1, 1992 to February 28, 1994 is \$2,740.

The Board leased additional square footage at the same location in 1991 and entered into a three-year agreement on September 27, 1991 for additional office space. The lease, which runs from November 1, 1991 to February 28, 1994, requires a monthly expenditure of \$473 for the duration of the agreement.

Future minimum lease payments:

Year Ending <u>September 30,</u>	
1992	\$ 31,570
1993	32,880
1994	<u>13,700</u>
	<u>\$ 78,150</u>

Note 3. Retirement Plans

Teachers' and State Employees' Retirement System of North Carolina

All permanent full-time employees of the Board employed prior to July 1, 1983 participate in the statewide Teachers' and State Employees' Retirement System (System), a cost-sharing multiple-employer public employee defined benefit pension plan. The Board's payroll for employees covered by the System for the year ended September 30, 1991 was \$232,179; the Board's total payroll was \$348,766.

After five years of creditable service, employees qualify for a vested deferred benefit. Employees may retire with unreduced retirement benefits under the following conditions:

- 1) complete 30 years of creditable service, or
- 2) reach age 65 and complete five years of creditable service, or
- 3) reach age 60 and complete 25 years of creditable service.

## NOTES TO FINANCIAL STATEMENTS

Employees retiring under any of these conditions are entitled to annual retirement benefits equal to 1.63% of their average final compensation times their years of creditable service. Average final compensation is the average of an employee's salary during the employee's four highest paid years in a row. Also, the system provides death and disability benefits to its participants.

Employees may retire with reduced retirement benefits under the following conditions:

- 1) reach age 50 and complete 20 years of creditable service, or
- 2) reach age 60 and complete 5 years of creditable service.

Covered employees are required by State statute to contribute 6 percent of their salary to the System. The Board is required by the same statute to contribute the remaining amounts necessary to pay benefits when due. The contribution requirement actuarially determined for the year ended September 30, 1991 was \$39,951, which consisted of \$26,020 from the Board and \$13,931 from employees; these contributions represented 11.2% and 6.0% of covered payroll, respectively. All required contributions have been made by the Board.

The "pension benefit obligation" is a standardized disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases and step-rate benefits, estimated to be payable in the future as a result of employee service to date. The measure, which is the actuarial present value of credited projected benefits, is intended to help users assess the System's funding status on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among public employee retirement systems and employers. The System does not make separate measurements of assets and pension benefits obligations for individual employers. The pension benefit obligation for the System as a whole at December 31, 1990, the date of the latest available actuarial valuation, was \$2,927,177,000. The System's net assets available for benefits on that date (at cost value) were \$3,185,753,000, leaving net assets in excess of pension benefit obligation of \$258,576,000. The Board's 1991 contribution represented less than one-tenth of one percent of total contributions required of all participating entities.

Ten-year historical trend information showing the System's revenues by source and expenses by types will be presented in the State of North Carolina's June 30, 1992 Comprehensive Annual Financial Report (CAFR). The State's CAFR will also begin to present prospective trend information showing the System's progress in accumulating sufficient assets to pay benefits when due.

NOTES TO FINANCIAL STATEMENTS

North Carolina Licensing Boards Retirement Savings Plan:

All permanent full-time employees of the Board employed after July 1, 1983 participate in the North Carolina licensing Boards Retirement Savings Plan, a defined contribution plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate from the date of employment. The Board will match an employee's contribution up to 6% of an employee's gross pay. The Board's contributions for each employee (and interest allocated to the employee's account) are fully vested after five years of service. Board contributions for, and interest forfeited by employees who leave employment before five years of service are used to reduce the Board's current-period contribution requirement.

The Board's contributions were calculated using covered payroll of \$78,934. Both the Board and the employees made the 6% contribution, amounting to \$4,736 from each source or \$9,472 in total.
