12. THE EAST ASIA WEIGHTS AND MEASUREMENTS MANUFACTING CO., LTD, CONSISTS OF THE WEIGHTS AND MEASUREMENTS MANUFACTURERS (EXCEPT THOSE WHO CHANGED THEIR BUSINESSES TO ANOTHER LINES) IN THE TOKYO-YOKOHAMA AREA WHO WERE AMALGAMATED IN COMPLIANCE WITH THE ENTERPRISE ADJUSTMENT ORDER WHICH WAS ISSUED BY THE MINISTRY OF COMMERCE AND INDUSTRY ON THE 29TH OF DECEMBER IN 1943. JUST AT THAT TIME, THE APPROPRIATION OF THE FOREGOING AMALGAMATED COMPANY'S LIQUID FUNDS FOR THE COMPANY'S CAPITAL FUNDS WAS NOT PERMITTED BY THE ORDER OF THE MINISTRY OF COMMERCE AND INDUSTRY AND THEREFORE, IN ORDER TO RAISE MONEY FOR PURCHASING THOSE STOCKS OF RAW MATERIALS THE COMPANY'S CONSTITUENT MEMBERS POSSESSED, THE COMPANY REQUESTED MR. RYOZO ASANO, WHO WAS THE PRESIDENT OF THREE COMPANIES (THE TAISHO WORKS CO., LTD., THE YOKOHAMA WEIGHTS AND MEASUREMENTS MFG CO., LTD, AND THE ASANO TRADING CO., LTD), TO CAUSE THE JAPAN STEEL TUBE CO., LTD AND THE ASANO TRADEING CO., LTD TO MAKE CASH-INVESTMENT OF ¥180,000.00 TO THE COMPANY RESPECTIVELY AND, WITH THE CAPITAL THUS OBTAINED THROUGH MR. ASANO'S EFFORTS, THE COMPANY WAS ESTABLISHED. ALL THE OFFICERS EXCEPT MR. MORIO HASHIMOTO, MR. TAKEJIRO TAGUCHI, AND MR. MASAIKU HOTTA, AT THE TIME OF THE COMPANY'S ESTABLISHMENT, WERE INVESTORS IN KIND OR IN CASH WHO REPRESENTED THE INTERESTS OF EACH CONSTITUENT OF THE COMPANY. THE PERSON IN QUESTION, MASAIKU HOTTA, WHO, BEING ENTRUSTED WITH THE BUSINESS OF AMALGAMATING MANUFACTURES OF SAME LINES, DID HIS BEST TO UNITE THEM INTO ONE COMPANY AND FINISHED IT, FOR THE MERIT OF WHICH HE WAS ELECTED ONE OF THE COMPANY'S DIRECTORS WITH THE UNANIMITY OF ALL OTHER CONSTITUENT MEMBERS OF THE COMPANY. HE WAS NOT ELECTED SUCH A DIRECTOR

THE PERSON IN QUESTION, MASAIKU HOTTA, WHO, BEING ENTRUSTED WITH THE BUSINESS OF AMALGAMATING MANUFACTURES OF SAME LINES, DID HIS BEST TO UNITE THEM INTO ONE COMPANY AND FINISHED IT, FOR THE MERIT OF WHICH HE WAS ELECTED ONE OF THE COMPANY'S DIRECTORS WITH THE UNANIMITY OF ALL OTHER CONSTITUENT MEMBERS OF THE COMPANY. HE WAS NOT ELECTED SUCH A DIRECTOR THAT REPRESENTED THE INTERESTS OF THE JAPAN STEEL TUBE CO., LTD. MR. RYOZO ASANO, CHAIRMAN OF THE BOARD OF DIRECTORS, WAS THE REPRESENTATIVE OF THE JAPAN STEEL TUBE CO., LTD (SEE THE ATTACHED TESTIMONIAL BY MR. SHIGERU KAWADA, PRESENT CHAIRMAN OF THE BOARD OF DIRECTORS OF THE JAPAN STEEL TUBE CO., LTD). SINCE THE ESTABLISHMENT OF THE EAST ASIA WEIGHTS AND MEASUREMENTS MANUFACTURING CO., LTD, THE COMPANY HAS NO BUSINESS TRANSACTION WITH THE JAPAN STEEL TUBE CO., LTD. AND WITH THE ASANO TRADING CO., LTD AND HAS GIVEN NO BENEFITS TO THEM UNTIL NOW. BOTH COMPANIES HAVE BEEN NOT MORE THAN SHAREHOLDERS OF THE COMPANY.

T E S T I M O N I A L
(FEB. 3, 1948)
BY SHIGERU KAWADA
CHAIRMAN OF THE BOARD OF DIRECTORS
THE JAPAN STEEL TUBE CO., LTD.

.....

THIS IS TO CERTIFY THAT MR. MASAIKU HOTTA WAS ELECTED ONE OF DIRECTORS OF THE EAST ASIA WEIGHTS AND MEASUREMENTS MANUFACTURING CO., LTD AT THE TIME OF ITS ESTABLISHMENT, WHEN THE FUNCTION OF HIS POSITION AT THE JAPAN STEEL TUBE CO., LTD WAS THAT OF DAILY ATTENDANT AUDITOR. HE WAS NOT ELECTED SUCH A DIRECTOR OF THE EAST ASIA WEIGHTS AND MEASUREMENTS MANUFACTURING CO., LTD AS TO REPRESENT THE INTERESTS OF THE JAPAN STEEL TUBE CO., LTD.

THE PETITION ON THE 5TH OF FEBRUARY IN 1948 FOR OBTAINING THE COMPETENT AUTHORITIES' APPROVAL FOR THE FACT THAT I WAS NOT SUCH AN OFFICER, THAT HAD AN INSEPARABLE INTIMATE RELATIONSHIP WITH "ZAIBATUS" AND THAT REPRESENTED THE INTERESTS OF "ZAIBATSU"

.....

TO PREMIER TETSU KATAYAMA
FROM MASAIKU HOTTA,
AUDITOR OF THE EAST ASIA WEIGHTS AND MEASUREMENTS MFG. CO.,LTD.
NO. 626, KUGAHARA-MACHI, OTA-KU, TOKYO-TO

IN ANSWER TO PARAGRAPH 1 OF ARTICLE 7 AND ITEM 2 OF PARAGRAPH 1 OF ARTICLE 6, OF "THE LAW RELATING TO THE ELIMINATION OF ECONOMIC CONCENTRATION BY THE ZAIBATSU FAMILY," I SUBMIT HEREWITH THE PETITION IN ORDER TO OBTAIN THE COMPETENT AUTHORITIES' APPROVAL FOR THE FACT THAT I WAS NOT SUCH AN OFFICER THAT HAD AN INSEPARABLE INTIMATE RELATIONSHIP WITH SO-CALLED "ZAIBATSU" AND THAT REPRESENTED THE INTERESTS OF "ZAIBATSU".

I. CAUSES AND REASONS OF MY PETITION

1) PETITION IN ACCORDANCE WITH PARAGRAPAH 1 OF ARTICLE 7 OF THE SAID LAW.

A) PLEASE REFER TO PARAGRAPH 9 OF THE AFORESAID STATEMENT. I HAVE NO KINSHIP WITH ANY "ZAIBATSU" DESIGNATED BY THE GOVERNMENT AND THE PUBLIC.

B) IT IS CLEAR, BY FOLLOWING THREE REASONS, THAT MY DAILY ATTENDANT AUDITORSHIP WAS NOT RECOGNIZED BY THE ASANO ZAIBATSU.

FIRST REASON:-MR. RYOZO ASANO WAS THE PRESIDENT OF THE COMPANY WHEN I WAS ELECTED THE AUDITOR OF IT, BUT THE MAIN CAUSE OF MY BEING ELECTED THE AUDITOR WAS THAT, AFTER THE BOARD OF DIRECTOR' FULL CONSIDERATION AND FAIR JUDGEMENT ON MY PERSONALITY AND EXPERIENCES, NAMELY, THE AGE, THE LENGTH OF MY SERVICE, THE ACTUAL KNOWLEDGE AND EXPERIENCES ON BUSINESS &C. THEY, RECOGNIZING ME A QUALIFIED PERSON AMONG THE REST,

DECIDED TO ELECT ME THE AUDITOR FROM AMONG THE STAFF OF THE OLD JAPAN STEEL TUBE CO.,LTD.

SECOND REASON:-THE CHANGE OF MY POSITION FROM THE THEN CHIEF OF RESEARCH DEPARTMENT OF THE JAPAN STEEL TUBE CO.,LTD. TO THE AUDITORSHIP OF THE SAID SAME COMPANY, MEANT PRACTICALLY A SORT OF REDUCTION OF MY STATUS AS A STAFF. IN OTHER WORDS, I WAS NEVER GIVEN THE AUDITORSHIP BY MR. RYOZO ASANO'S FAVOUR ON ME. THE FUNCTION OF THE DAILY ATTENDANT AUDITORSHIP WAS ONLY TO AUDIT THE DAILY ACCOUNT OF THE COMPANY, RATHER A FUNCTION OF LEISURE, BUT HAD NOT ANY RIGHT TO BE ABLE TO ATTEND THE REGULAR MEETINGS OF THE BOARD OF DIRECTOR OR OTHER IMPORTANT MEETINGS. AS A MATTER OF FACT, I NEVER ATTENDED SUCH MEETINGS.

THIRD REASON:-AS THE ATTACHED TESTIMONIAL OF THE ASANO HEAD CO.,LTD. SHOWS, AS TO THE ELECTION OF MY DAILY ATTENDANT AUDITORSHIP, THERE WAS NO AGREEMENT OR BY-LAW THAT SUCH ELECTION SHOULD ALWAYS NECESSITATE THE ASANO HEAD COMPANY'S OR THE ASANO ZAIBATSU'S CONSENT. I, MYSELF, DID NOT GET SUCH CONSENT FROM EITHER OF THEM.

C) AS MENTIONED IN THE PARAGRAPH B) OF I, WHERE ACTUAL CONDITIONS CONCERNING THE DUTIES AND THE EXECUTIVE POWERS OF OFFICERS, WERE EXPOSED, THE AUDITORSHIP OF THE COMPANY THEN HAD NOT ANY SUPERIOR OR SAME RIGHT OR GOVERNING POWER TO THAT OF THE MANAGING DIRECTOR.

D) TO MENTION AS TO MY POSTS OF ANOTHER "ZAIBATSU" COMPANIES, I SERVED TEMPORALLY AS THE AUDITOR OF THE JAPAN STEEL TUBE MFG AND MINING CO., LTD, AND THEREFORE, IT IS CLEAR THAT THE EXEMPTION-CLAUSE OF THE PARAGRAPH 4 SHOULD NATURALLY BE APPLIED TO MY CASE.

2) PETITION IN ACCORDANCE WITH ITEM 2 OF PARAGRAPH 1 of ARTICLE 6.

A) CAUSE AND REASON OF MY ELECTION AS ONE OF OFFICERS, IS SAME TO THAT OF B) UNDER 1)-PETITION IN ACCORDANCE WITH PARAGRAPH 1 OF ARTICLE 7 OF THE SAID LAW.

B) SCOPE OF MY FUNCTION AT THE TIME WHEN I TOOK THE POST OF AUDITORSHIP. IN DECEMBER OF 1942, I WAS ELECTED AUDITORSHIP WHEN I WAS CHIEF OF RESEARCH DEPARTMENT. MY ELECTION TO THE POST MEANT PRACTICALLY A SORT OF REDUCTION OF MY STATUS OF POSITION, BUT WAS NEVER CARRIED OUT BY MR. RYOZO ASANO'S FAVOUR ON ME. WHEN I WAS CHIEF OF RESEARCH DEPARTMENT, RESEARCH SECTION, AUDIT SECTION AND SUPERVISION SECTION WERE UNDER MY MANAGEMENT AND CONTROL BUT WHEN I BECAME AUDITOR, ONLY THE AUDIT SECTION WHOSE NAME WAS THEN CHANGED TO AUDIT ROOM, WAS LEFT UNDER MY DIRECT CONTROL, THE OTHER TWO SECTIONS (REASEARCH AND SUPERVISION SECTIONS) BEING AMALGAMATED INTO ONE INDEPENDENT DEPARTMENT CALLED PLANNING DEPARTMENT, AND CONSEQUENTLY MY FUNCTION OF AUDITORSHIP WAS THEORETICALLY AND PRACTICALLY LIMITTED TO THE AUDITING OF ACCOUNT. THE SCOPE OF MY FUNCTION MAY BE SAID TO HAVE BEEN MUCH LIMITTED, COMPARED WITH THAT OF CHIEF OF RESEARCH DEPARTMENT. I, WHO WAS AUDITOR, HAD NOT ANY RIGHT TO BE ABLE TO ATTEND THE REGULAR MEETINGS OF THE BOARD OF DIRECTORS OR OTHER IMPORTANT MEETINGS. THE DAILY ATTENDANT AUDITORSHIP WAS REALLY A POSITION OF LEISURE, OR AN HONOURARY OFFICE AND THEREFORE, IT IS UNJUST OR UNREASONABLE THAT I WAS LOOKED UPON AS ONE OF OFFICERS WHO HAD INSERARBLE INTIMATE RELATIONSHIPS WITH THE "ZAIBATSU" COMPANIES.

AUDITOR

TOA KEIKI KOGYO KABUSHIKI KAISHA

Apr. 1948

TO : THE PRIME MINISTER, MR. HITOSHI ASHIDA

SUBJECT : Supplementary Application for Recognition as Non Official of ZAIBATSU Lineage.

I hereby submit this application, supplementing the circumstances under which I assumed the position of official as Auditor of the Nippon Kokan Mining Co., Ltd. ASANO ZAIBATSU associate company (term of office 31 March 1944 --20 Dec. 1946), on form hereunder stated in accordance with the provisions of Article 7, Item I and Article 6, Item I of "the Law for Termination of the ZAIBATSU Family Control" for recognition that I am not an official of ZAIBATSU Lineage.

In the former application, submitted on 4 February of this year, above mentioned circumstances were omitted because the company have applied in accordance with the provision of Article 10 of the Law for the cancellation of designation as ZAIBATSU companies, To make my application complete, I file this supplementary application.

REASON WHY THE APPLICATION IS MADE:

1. Reason for applying in accordance with Art. 7, Item 1 of the Law:

a) I have never had a family relationship with the persons designated as ZAIBATSU as stated in Item 9 of the Questionnaire.

b) There was no arrangement to require approval of the Ltd. Co., ASANO HONSHA or ASANO ZAIBATSU on assumtion of office as Auditor of the Nippon Kokan Mining Co., Ltd. and the fact is, no such approval was ever obtained.

I assumed the office as Auditor of the Nippon Kokan Mining Co. on 31 March 1944.

The company has been organized with mining division of the Nippon Steel Tube Co. as its nucleus and has played very important role in supplying iron ore, lime stone and other raw materials to the Company.

Therefore, the purpose of my assumption of office as Auditor of the company was only to make smooth the connection with the Nippon Steel Tube Co.

c) As above stated, I assumed office of official of the Nippon Kokan Mining Co., but it was Auditorship and in addition non-regular attending office.

Therefore, it is clear that I had never exercised the authority or influence commensurate with or surpassing that of Managing Director or the highest responsible officials before 2 September 1945.

d) In regards to my being a member of officials of other ZAIBATSU companies I only held temporary Auditorship of the Nippon Kokan Mining Co. Therefore, it is obvious that I am applicable to Article 7, Item 1, No.4 of the Law.

2. <u>Reason for applying in accordance with Article 6, Item 1 of the Law</u>:

a) Circumstances under which I assumed the position of official:

Re. Paragraph 1, Item b.

b) Actual duties handled:

I was merely non-regular attending Auditor of the Nippon Kokan Mining Co. and terms while I have been in the offices were very short, i.e., 2 years 9 months.
Therefore, it is apparently fallacy to regard me as an official of ASANO ZAIBATSU lineage by that fact that I had been official of the Nippon Kokan Mining Co.

I implore that due and careful consideration be given.

4 February 1948

TO : THE PRIME MINISTER, MR. TETSU KATAYAMA

SUBJECT : Application for Recognition as Non Official of ZAIBATSU Lineage.

I hereby submit this application on form hereunder stated in accordance with the provision of Article 7, Item 1 and Article 6, Item 1 of the Law for Termination of the ZAIBATSU Family Control for recognition that I am not official of ZAIBATSU lineage.

REASON WHY THE APPLICATION IS MADE:

1. Reason for applying in accordance with Article 7, Item 1 of the Law:

a) I have never had a family relationship with the persons designated as ZAIBATSU as stated in Item (8) of the Questionnaire.

b) There was no arrangement to require approval of the Ltd. Co., Asano Honsha or Asano ZAIBATSU on assumption of office as official of the Nippon Steel Tube Co. and actually the fact is, no such approval was ever given. (Re. Attached Sheet 1. Certification of the Ltd. Co., Asano Honsha)

When I assumed the office as official of the Company ~~(Auditor)~~ in June 1948, the President was late Mr. Motojiro Shiraishi. Although Mr. Shiraishi was a son-in-law of Mr. Soichiro Asano Sr., he has never asked for financial or other support of Mr. Soichiro Asano Sr. in organizing and managing the Nippon Steel Tube Co., Ltd. Moreover, he has consistently held independent or even competitive or contrary standpoint against Asano ZAIBATSU. The complication between Messrs. Shiraishi and Soichiro Asano Sr. concerning delivery of ingot to the Asano Iron Mfg. Works in 1919 will certify above fact. It is conclusive that Mr. Shiraishi has never acted as a member of Asano ZAIBATSU. Such being the case, approval of Mr. Shiraishi on the assumption of office as official does not mean that approval was made by Asano ZAIBATSU. (Re. Attached Sheet II. "Relations Between

Mr. Motojiro Shiraishi and Mr. Soichiro Asano Sr.")

c) Since my assumption of office of Director (December 1942) to termination of the war, I had been in position of Chief of General Affairs and Labor Division and Sub-Chief of General Affairs Dept., and as shown in Attached Sheet III "Table of Organization of the Company". I had carried out my duty under Mr. Takashi Komatsu, Managing Director and Chief of General Affairs Department, during the period when I served in this position. (Re. Item (10) of the questionnaire).

Therefore, it is clear that I had never exercised the authority or influence commensurate with or surpassing that of Managing Director, before 2 November, 1945.

d) As a member of officials of other ZAIBATSU company, I only held temporary Directorship (non-reguar attending) or Nippon Koken Kogyo K.K. Therefore, it is obvious that I am applicable to Article 7, Item 1, No.4 of the Law.

2. Reason for applying in accordance with Article 6, Item 1 of the Law:

a) Circumstances under which I assumed the position of official:

My assumption of office as official of the Nippon Steel Tube Co. (June 1942) was not due to approval of the Asanos as already stated. Moreover, the reason why I was brought into the office as official of the Company was that I have earned the qualification as official, after impartial deliberation, was given from viewpoints of age, years of service, knowledge and experience. and as its result, and in accordance with the custom of the Company I was simply selected from the employees of the former Nippon Steel Tube Co.

b) Actual duties handled:

I entered so-called "Old Nippon Koken" in 1918 seven years after its establishment and was placed in charge of mainly general affairs and especially with matters concerning labor. After fifteen years at the Kawasaki Works, I was promoted to the post of Sub-Chief of said plant, but this position was to supervise only the businesses of the plant and therefore, I have never touched the administrative policy of the entire

company directly during my term of above post.

While I was a Director and Auditor, Mr. Ryozo Asano had assumed the Presidency. But nevertheless, Mr. Shiraishi, the Chairman of the Company, attended the Company regularly and held leadership in deciding important matters of the Company until his death in Dec. of 1945. He not only attended the Meetings of Board of Directors as its Chairmen (which was held regularly once a month) but gave the decision of the Company on important subject matters, and also attended the regular weekly Meeting of the Board of Managing Directors (which was held once a week) and directed the procedures of the Meeting.

All action request sheet (RINGISHO), excluding those for trivial matters, were decided by the Chairman. In addition to the above, both from his personal character and spirit of independence, Mr. Shiraishi did not tolerate any intervention of the Asanos. A study of confronting relations with the Asanos, and also from the fact that the all executives of the Company at that time, were not inclined to the colour of the Asanos, makes it evident that President Asano could not have acted in behalf of the Asanos.

Judging from these peculiar relations of Mr. Shiraishi to the Asanos (Attached Sheet III "Relations between Mr. Motojiro Shiraishi and Mr. Soichiro Asano Sr.) it is unreasonable and unjust to conclude that all the executive of the Company was of official of the Asano ZAIBATSU lineage merely because they were under the directorship of President Asano.

Next, I should like to explain my duties which have been authorized. In Dec., 1942 I became a director and assumed the office of the Chief of the General Affairs Division and in following Jan., 1943, I became the Chief of Labor Dept. concurrently. In performing my duties, as shown in the Attached "Table of Organization" (as of 1 June & 1 May, 1943) I always acted in accordance with the orders given by Mr. Takeshi Komatsu, the Chief of General Affairs Dept. at that time.

Even after promotion to the Sub-Chief, of the Dept., I continued to hold the positions as Chief of both Labor and General Affairs Divisions concurrently. I, as the Sub-Chief of Dept., assisted the Chief on the matters concerning to the Defence Division(discontinued June 1945), and Division for Studying Business Efficiency which were part of the General Affairs Dept.

After the close of the War, although both Mr. Ko-

matsu and I were promoted to Vice-President and Managing Director respectively in Dec. of 1945, we continued to remain in the former posts and handled the same duties.

This relation between Mr. Komatsu and I, continued until Mr. Komatsu retired from the Company in April 1946. I remained in the post of the Sub-Chief of General Affairs Dept. till June of the same year when I assumed the office of the Head of Tsurumi Shipbuilding Works of the Company.

During my term of Director, I attended the regular Board of Directors to report on matters pertaining to labor and never attended any other important conference of the Company.

As outlined above, I concentrated my whole efforts to inter-company matters concerning general affairs and labor. Matters pertaining to sales, accounting, purchase or planning which are apt to be deemed as having some connection with ZAIBATSU were entirely out of my hand. The basic policy of the Company was decided by the Chief of General Affairs Dept. even on the matters concerning general affairs and labor and I have merely transacted the established policy under the direction and supervision of the Chief, as is clear in Attached Sheet III, "Table of Organization of the Company". So it is quite unjust to judge me mechanically as an official of ZAIBATSU lineage merely by the fact that I was a Director or a Managing Director.

In June 1946, I was relieved from the office of Sub-Chief of General Affairs Dept. and was appointed Chief of Shipbuilding Dept. At the same time, I was concurrently appointed the Head of Tsurumi Shipyard, and also, the supervision of the Heads of Asano Dockyard, Shimizu Shipyard and Kommoku Machine Works were placed in my charge. But this was the time when the last of the Asano lineage personnel, which may lead to misconception as ZAIBATSU, has totally vanished by the resignation of President Asano in April 1946. After only a half month period, I came to devote myself to the duty of Head of Tsurumi Shipyard alone because the organization of the Company was revised and the Departments were abolished.

In Dec. of the year, I assumed again the office as Chief of Shipbuilding Dept. with revival of the Department system. (Re. Attached Sheet III) This was only two months before the voting right of shares held by Asano ZAIBATSU was transferred to the Holding Company Liquidation Committee. Therefore, it is utterly unreasonable

to conclude that I am an official of ZAIBATSU lineage beeauae of fact that I was the Head of Shipbuilding Dept. although for such short period of time.

I implore that due and careful consideration be given.

Signed: S. Kawata
SHIGE KAWATA, PRESIDENT
NIPPON STEEL TUBE CO., LTD.

Attached Sheet I

CERTIFICATION

1 February 1948

Messrs. NIPPON STEEL TUBE CO., LTD.

We hereby certify that there has never existed an arrangement with the Asano Honsha that their previous approval should be obtained regarding the assumption of office of officials of your Company and in fact, never had or has not given such approval.

Signed: S. Masaki

LTD. CO., ASANO HONSHA

Attached Sheet II

Relations Between Mr. Motojiro Shiraishi and Mr. Soichiro Asano Sr.

Mr. Motojiro Shiraishi, the organizer of Nippon Steel Tube Co., Ltd., graduated from the Law Collage of Tokyo Imperial University in 1892, and joined the Asano Shoten by the introduction of his professor Dr. Nobushige Hozumi and Mr. Eiichi Shibusawa. His business ability and personality were highly appraised by Mr. Soichiro Asano Sr. and was given Miss Man, second daughter of Mr. Asano, in 1895, and was appointed Director and manager of Toyo Kisen K.K. in 1905.

In 1912, he resigned above company and organized the Nippon Steel Tube Co., Ltd. (capital authorized, ¥2,000,000) in order to manufacture steel tube. The cooperation and assistance of Mr. Kaichiro Imaizumi, Mr. Kichiuemon Kishimoto (father of Mr. Kichizaemon Kishimoto), Messrs. Eiichi Shibusawa and Heizaburo Okawa were given him, but he did never ask for support of Asano Zaibatsu.

Above fact is clearly shown in the recollection made by Mr. Shiraishi in the event of the thirtieth anniversary of the foundation of the Nippon Steel Tube Co. (Re. Supplementary Data A)

Mr. Soichiro Sr. was not included in the Directors, and he subscribed willy-nilly only 1,500 shares of total 40,000 shares forced by the feeling of friendship. The ratio of his shares to the total number of shares 3.8% was the maximum at the time of establishment and never did it exceed this maximum. Since 1919, this ratio made rapid decrease, and finally in 1933 it became zero, as shown in Supplemantary Data B. Untill the Company amalgamated Tsurumi Iron Mfg. & Shipbuilding Co., Ltd. (Tsurumi Seitetsu Zosen Kabushiki Kaisha), not one of the Asanos held any executive post in the Company. From just this standpoint, it is obvious that Nippon Steel Tube Co., Ltd. had almost no connection with Asano Zaibatsu.

The Company was formed with general public's subscriptions as its basis. Accordingly, the so-called large shareholders were very few. (Re. Supplementary Data B) For example, each ratio of investment of Messrs. Okawa, Kishimoto, Ohashi, Okura, and Ota and later that of insurance companies which has been made since 1933 was very low. So the Company have had no close connection with any Zaibatsus, not only the Asanos.

As stated above, the Asanos did not participate in the management of Nippon Steel Tube Co., Ltd. Furthermore Asano Zaibatsu have taken rather competitive or even contrary attitude toward the Company and Mr. Shiraishi. For an example, they organized Asano Iron Mfg. Works (Asano Seitetsu-sho) and Asano Dockyard (Asano Zosen-sho) - above two companies are later Tsurumi Iron Mfg. & Shipbuilding Co., Ltd. Here is another example. At the time of depression after the World War I, Asano Iron Mfg. Works broke the purchase contract for ingot supplied by the Company, because demands on the products of Asano Iron Mfg. Works have decreased extremely, under pretext of inferiority of the quality. Mr. Shiraishi put up a strong objection against Mr. Soichiro Asano Sr., and almost brought up suit against him in the court which nearly led to dissolution of marriage relationship. This complication was apparently settled by arbitration of Mr. Shibusawa. (Re. Supplementary Data C. Record of Board of Directors Meeting held on 19 April 1919) But since this event, the relationship between Mr. Asano and Mr. Shiraishi was more and more alienated. Such being the case, it is obvious to those who knew the circumstances at that time that Mr. Shiraishi has held his own standpoint consistently against Asano Families all through his management of the Company.

Before the merger of the Tsurumi Iron Works, no executives from Asano line was represented in the Nippon Steel Tube Co. It was by this merger that Messrs. Soichiro Asano II and Ryozo Asano (President of the former Tsurumi Iron Mfg. & Shipbuilding Co.) joined the Company.

The position of Mr. Soichiro Asano II in the Company has always been nominal all through the time of his office. He was non attending executive and even his attendance to the regular monthly meeting of Directors was irregular, and when present he almost did no proposing nor speaking.

Mr. Ryozo became the Vice-President with the merger, not as a representative of Asano Zaibatsu, but because his personal ability was highly appraised by Mr. Shiraishi.

In June 1942, Mr. Ryozo was promoted to President. As the same time, Mr. Shiraishi became Chairman, but he was always at the Company and took initiative on the important matters of the Company, until his death in Dec. 1945. He decided important bills of the Company as a chairman of monthly meeting of Directors, and attended the weekly meeting of Board of Managing Directors, and directed procedures.

Moreover, all matter to be deliberated was submitted for Mr. Shiraishi's approval, except the trivial matters. His opinion on all policies of the Company was esteemed and respected by President Asano. This is quite natural as human being when one considers that he is the father who have gave birth to and who have bred the Nippon Steel Tube Co. All concerned of the Company know that this fact is true.

In addition, there had been no possibility for and there is no action taken by President Asano for the benefits of the Asanos. This is evitable when one considers bitter aversion of Mr. Shiraishi against interference from the Asanos (because of personal character and spirit of independence and because of former animosity between him and Asano Families) and the fact that there were utterly no officials from the Zaibatsu lineage.

Note:

As above stated, no relation has ever existed between the Asano ZAIBATSU and the Nippon Steel Tube Co. Therefore, Shige Kawata, present President and Miokichi Nakamura, present Managing Director have had no acquaintance with members of Asano families till the merger of the former Tsurumi Seitesu Zosen. Furthermore, even after the merger, there has been no intimate relations with the members of Asano families.

Supplementary Data A.

Extract from Recollection of Mr. Shiraishi at the 30th Anniversary of the Foundation of the Nippon Steel Tube Co., Ltd.

I have calculated it times and again. I came to the conclusion that it can be successfully carried out. I drew up many plans and again called on Messrs. Shibusawa and Asano to express my determination. I said distinctly to them,

"I'm intending to carry out my plan in spite of your words of the other day. I have measures to support my family, and I have no worry that they will be turned into the street even when I fail. Besides, I know that there will be someone who will succeed me. When we observe other examples in this world, we often notice that many enterprises were not managed successfully in one's lifetime. It takes 2 or 3 generations and chenges of managers to have its foundation stabilized, and business made successful. I do not care if I fail. Someone will follow me, if I do not succeed. I am willing to be a sacrifice".

Then both of them finally agreed and said to me,

"You had better try as far as you have such an iron will".

However, Mr. Asano said to me,

"I made this clear to you. Although I'll subscribe little of the shares, I will not help you, because you have always been saying that you would like to do some business independently. If I made large investment or go deeply into you enterprise, the people will misunderstand that your enterprise is being done by the Asanos. I guess, this will be hard on you and you will not like it. Besides, if I give you my help it will not be your own business, so I'll not help you".

Thus, he cleary refused to help me. To tell the truth, my enterprise would have been established immediately if Mr. Asano was related to the planned company through large subscriptions of shares. However, I could not dare say such things, because I had expressed my desire for independent enterprise, and it would be unmanlike.

Such being the circumstances, I decided to establish a company, with capital of ¥ 2,000,000, of 40,000 shares, and commenced the solicitation of the capital stock. There would be various ways of soliciting subscription, but it was not my intention to be regarded as a speculator, making newspaper advertisement and other propagandas. I, therefore, went around asking my friends or seniors to subscribe to shares, whom I had won acquaintance during twenty years (from 1892 to 1912) while I was working with the Asanos, explaining my enterprise with prospectus and estimate.

But, at that time, only very few people knew how useful or how steel pipe is used. Even the business men of high reputation had no profound knowledge about iron and steel.

I zealously asked help of my acquaintances, so they became to be obligded to subscribe to some shares for the sake of friendship, saying,

"Business looks hopeful, it may be a good idea to try".

In Tokyo, 30,000 shares out of 40,000 shares, (capital ¥ 2,000,000) were subscribed. Then, Mr. Okawa exhorted me to go to Nagoya and Shizuoka to solicit subscription of shares, relying for help on patronage of the Daiichi Bank and on his personal acquaintances. At Nagoya, Mr. Okawa was connected with paper manufacturer, and the Daiichi Bank was managed by Mr. Shibusawa. According to his advise, I went to those places with him, but only 2,000 shares at Nagoya and 1,000 shares at Shizuoka were subscribed.

Such being the case, shares subscribed were about 3,500 or 3,600 shares and there were no others to subscribe the remainder. The rest of the shares might have been subscribed by Asanos, if I had asked their assistances. But I could not dare ask because of my aspiration I had expressed--to try my enterprise independently--and because of Mr. Asano's statement that subscription will be limited to 1,500 shares--not a share more. As there were no other means, I subscribed 3,000 shares myself by borrowing money. My plan for establishment of company, with capital of ¥2,000,000 was, thus, finally realized.

Hereupon, the Nippon Steel Tube Co., Ltd. was established in 8 July 1912, holding the First General Meeting at the Nihombashi Club.

Supplementary Data B.

List of Shareholders and Percentage held by the Asanos

List I At the time of Establishment: (30 November 1912)

Record of Board of Directors Meeting Held on 19 April, 1919

The resolution passed at the meeting is as follows:-

1. Matter on steel ingot concerning Asano Iron Works

(Explanation)

The company delivered by the end of December, 1918 to Asano Co. (Limited Parter-ship) total of 10,000 tons of steel ingot out of contracted amount, 16,000 tons, (contract for 10,000 tons November, 1917; 6,000 tons, July, 1918), and balance of 6,000 tons were to be delivered from January.

In January, 1919, 81 more tons were delivered and shipment of the balance, 5,919 tons, were withheld temporarily in compliance with Asano's request.

In the same month, Asano Co. returned aprox. 5,000 tons (unrolled remainder of 10,000 ton lot) by the reason that quality was inferior, moreover, they refused receipt of 6,000 ton lot by reason that the term of contract had expired.

Repeated negotiation was done with officials, but no solution was reached. Mr. H. Okawa, Director of the Company, did his utmost at serveral meetings with Mr. Soichiro Asano, President of Asano Iron Works, to settle this dispute amicably, but Asano's stubborn attitude made Mr. Okawa's every effort futile.

Therefore, the company took this case to lawyer Chuzo Iwata (Ph. D. of commerce) and asked his advise. In response to our request, the lawyer gave his professional advise that the inferiority of quality is just a question of degree, and this cannot constitute the sole reason for cancellation of contract. Moreover, the Asano's claim that the term of contract has expired is unreasonable and out of the question. Therefore, it is advisable that the company demand payment for the balance of 10,000 ton lot delivered and for 6,000 ton lot within a definite period. And in case, Asano does not pay in this set term, the company can cancel the contract and file suit for whatever loss sustained caused by difference in the current market price and the contracted price.

Note: As detailed in the shorthand record of Extraordinary General Shareholders' Meeting held on 10 November, 1919, Mr. Shiraishi Feared that the company would suffer great loss, if it satisfies Asano's desire. Therefore, he asked Mr. Eiichi Shibuzawa, an impartial third party, for arbitration in order to protect the interest of the shareholders.

Fortunately, this dispute was settled amicably by Mr. Shibuzawa's effort without litigation.

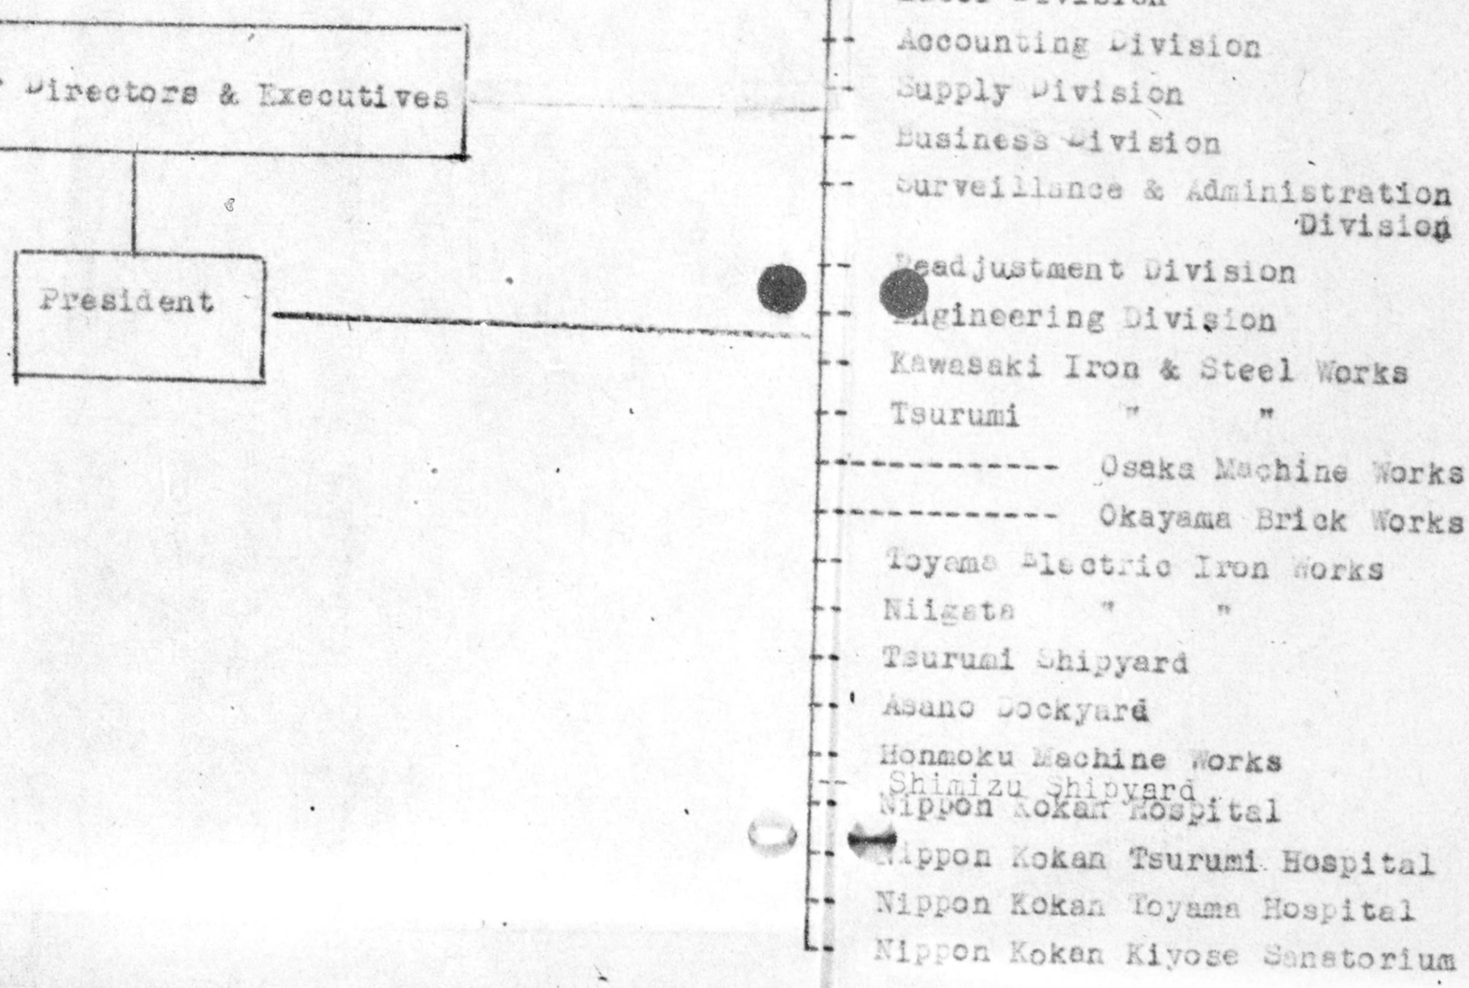
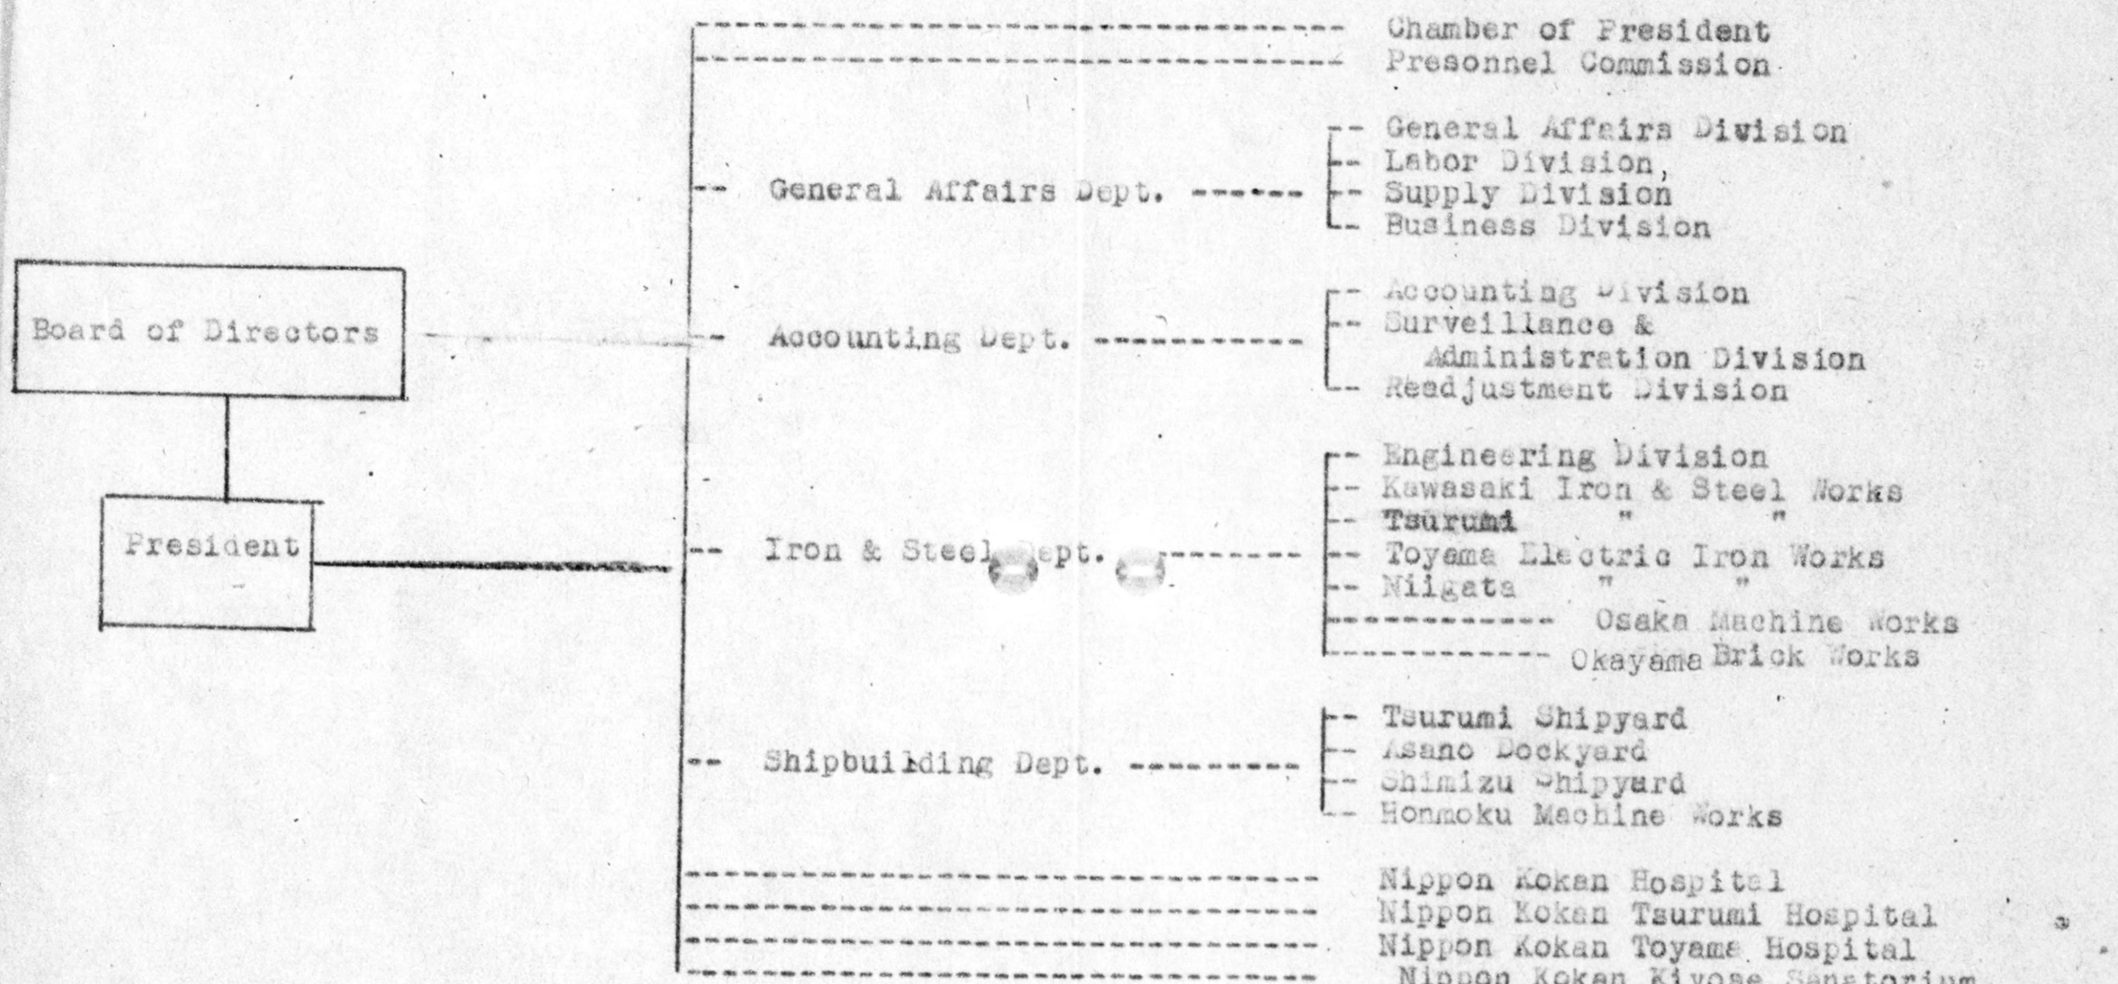
VIII) As of 1 July 1946:



IX) As of 1 December 1946:



Attached Sheet IV

Situation in which the Company merged Tsurumi Seitetsu Zosen.

In 1934, the Japanese Government planned to enforce the unification of iron industry with the large scale amalgamation of twelve main iron manufacturing companies in the country with Yawata Iron Works as its nucleus.

The Company, however, strongly opposed this plan from the view point of maintaining freedom and independence of private enterprises.

Encountering this great opposition, the Government, at length, reluctantly reduced the scale of this plan and established Nippon Seitetsu organized from only six companies which is of same scale as that of the present. Such being the circumstances, the Government had brought blunt pressure upon the Company: for instance, the Government not only purposely delayed the permission to our application for establishment of blast furnace for more than one and half year without reason, but also delayed the granting of permission to renovate plants and the issuance of production order, and reduced the quantity of allocation of raw materials, etc.

This oppression was greatly strengthened from the militalistic needs with the Shino-Japanese Incident and rumores were spread that the Government is again planning to unite iron industry.

Providing for the situation, the Company merged Tsurumi Seitetsu Zosen, which was in the neighbourhood of the Company, in order to secure the freedom and independence of enterprise and to rationalize its management and to become the only outsider who could compete with the Nippon Seitetsu. (At that time, Mr. Soichiro Asano Sr. was dead.) The purpose of this merge was same in nature as that of Showa Kokan.

The relation between the Company and Tsurumi was closely connected not only by their geographic reason. But they were in a position to corporate with each other by the nature of their productive facilities and from point of view of obtaining raw materials. Therefore, there were much rooms left to attain the rationalization of enterprise.

It is needless to mention that the people related to above merge had never dreamed that the Company will be deemed as one of the subsidiaries of the Asanos but on the contrary, they beleived that the Company can control the Asanos.

This merge was done not on equal base to both parties but on the condition that the Company would absorb the Tsurumi: The appraisal ratio of the stock of the Company to that of Tsurumi was decided to be 1 to 0.65 by strong demand of the Company. The number of the executives of the Company after the merge was 17 from the Company and 7 from the Tsurumi and furthermore, all of the executives of Tsurumi who had special relationship with the Asanos were forced to retire from their post.

Such conditions for merge was carried out strongly by Mr. Shiraishi despite the violent opposition of the Asanos.

From the description given above, there is no reason to believe that the Company came under the control of the Asanos but on the contrary, the Company had controlled the Asanos.

List of the large shareholders of
the Yokohama Rubber Co., Ltd. which
is a subsidiary company of the Zaibatsu
at the time of Heitaro Inagaki's
assumption of the post of Director.

As at Nov. 1942

Name	No. of shares.
Furukawa Electric Co., Ltd. Director, President, Suekichi Nakagawa.	167,082
Toyo Spinning Co., Ltd. Director, President, Kenzo Oida	20,000
Total No. of shares.	200,000

Remarks: Among the 167,082 shares owned by the Furukawa Electric, there are included the 18,182 shares originally owned by the B.F. Goodrich Company of America which were transferred to Furukawa when communication between America and Japan was severed in Dec. 1941 and it became impossible to use the shareholders right. This procedure was followed for the sake of convenience on condition that these shares would be resold to Goodrich later.

Application for Approval that
I am not the Official of Zaibatsu.

Misao Ueda

I, Heitaro Inagaki, being the Director and President of Yokohama Rubber Co., Ltd. fall within the purview of Article 3, Clause 2, para 1 of the Law for Termination of the Zaibatsu Family Control, however, I herewith respectfully request your approval, on the basis of Article 6, Item 1, para 2 as well as Article 7, that I am not the appointee as will be seen from the documentary evidence attached.

1. Article 6, Item 1, para 2. That, in view of the circumstances under which the subject persons have been appointed as officials or in view of their activities in executing their duties and powers as officials, they would not be considered as the appointees without causing gross injustice.

   (a) The circumstances surrounding my assumption of the position as Director:

   The Yokohama Rubber Co., Ltd. which was designated as a subsidiary Company of the Zaibatsu, was originally established in 1917 with joint investment of B.F. Goodrich Company, Akron, Ohio, U.S.A. and Furukawa Electric Co., Ltd. At the time of establishment, the company imported and sold Goodrich products but after the construction of the factory the sale of their own products was added. For a time after the factory was burnt owing to the severe earthquake in Kanto area the Company handled only imported goods, but after a part of the factory was reconstructed in 1929 the company kept on handling the sale of imported goods as well as the products manufactured by themselves up to 1933. Later the company started manufacture of Goodrich branded merchandise using Goodrich specification for exportation to East Asia markets under the name of Goodricy representative in Japan. (Ref. Except from "Goodrich Worldwide Service" issued by The B.F.Goodrich Co. in 1938. Attachment #1)

   As witnessed from the above prior to 1941 our relation with Goodrich was closer than that with Furukawa Electric Company, and Goodrich used to call Yokohama Rubber as their Japan Factory, giving us sale agency in Japan for the sale of their products, and in addition to furnishing us with technical data, they gave us instruction regarding the book-keeping method, treating us the same way as their foreign factories (France, Mexico, etc.). As for accounting, they used to let the American Auditors selected by them audit our books and get reports from them. They also had 2 or 3 representatives stationed at our Company all the time since the establishment of the Company until 1941, and the person who undertook the responsibility, representing Furukawa, in this joint enterprise with Goodrich, was Suekichi Nakagawa.

Nakagawa was the President of Furukawa Electric and also was concurrently either Director or President of Yokohama Rubber Company since the establishment of the latter Company. For the reason that Nakagawa was the person who negotiated all the arrangements with Goodrich at the time of the establishment of Yokohama Rubber Co. Goodrich entrusled the management of business to him. This is entirely due to the personal confidence Goodrich had in him and even though Furukawa Electric was the shareholder, actually it was rather an enterprise launched between Goodrich and Nakagawa, and it is more appropriate to say that Furukawa Electric had nothing to do about it.

As a result until 1941 the Company had to obtain authorization from Goodrich for any changes in the staff, Goodrich having more influence than Furukawa. However, international situation became serious in 1941 and after all the foreign directors resigned from the Company, those vacancies were left unfilled until the General Meeting of Shareholders was held in November 1942 when Inagaki was nominated Director.

I, Heitaro Inagaki, entered Furukawa Gomei Kaisha (present Furukawa Mining Co.) immediately after graduating from the Keio University (Economic Course). I severed relation with Furukawa when I resigned the post of the Accounting Department Manager of Fusi Denki K.K. in 1932, and since then I was in various companies all of which had no connection with Furukawa. In 1942 when it became necessary for Yokohama Rubber to fill the vacancies in their directorate, they appointed me as Director as I was in a position to participate in business administration as an individual entirely free from Furukawa influence, same as those foreign directors.
After the war, Goodrich expressed their appreciation towards the procedure we took during the war to protect Goodrich as one of our shareholders. (Ref. Letter from Goodrich Attachment #2)

(b) Actual situation surrounding business execution:

As explained in the foregoing clause, I was appointed Director at the General Shareholders Meeting held in November 1942 to fill the vacancy arising from the resignation of Goodrich representative, I was entrusted to assist Suekichi Nakagawa, the then Chairman of the Board of Directors and Kenkichi Hagiwara, Director and Representative of the Company (both were Representative Directors) and at the same time to keep contact with the Rubber Control Union which was the organization controlling rubber industry at that time and to render efforts towards development and business conduct of the said Union.
On the other hand, I tried to express my own opinion from the entirely independent stand from those of Directors connected with Furukawa like those foreign Directors did, and by assisting the two Representative Directors endeavored to protect interest of the all shareholders. At the same time I also took a part in administration of the Rubber Control Union for the express purpose of expansion and development of rubber industry.

The fact that I was selected to the positions of Councillor and Director of the Rubber Control Union, Chairman of Kanto District Committee of the Rubber Control Union, Director of Kanto Rubber Manufacturers Co-operative Union, Director of Rubber Manufacturers Co-operative Association, Chairman of Kanto Shinetsu Rubber Industry Rehabilitation Conference, etc. as shown on the record of my profession and employment, will serve to testify the above explanation.

As explained hereunder even though I assumed the position ostensibly as Representative for a time, the actual power was held by Suekichi Nakagawa regardless whether he was the Chairman of the Board of Directors or merely a Director, and he was the one who made final decisions, and particularly on important questions like fundamental policy of the Company, personnel affairs, etc. I only gave my opinions. It was after my assumption of the office as President on March 29, 1946 that I started to execute business as Representative of the Comapny.
(Ref. Testimonial signed by Suekichi Nakagawa, former Chairman of the Board of Directors. Attachment #3.)

2. Article 7, Item 1 para a.
That the subject person is not a spouse, parent, child, brother or sister including a spouse of such person, or persons belonging to the Zaibatsu or their family members.

(Ref: Copy of the census register. Attachment #4)

Item 1 para b. That, with reference to any appointment to the position of official which the subject person occupied, there has never existed an arrangement with the Zaibatsu or the direct Zaibatsu affiliates that their previous approval should be obtained, or that should such an arrangement have never existed, the subject person, on the occasion of his appointment, did not infact, obtain the previous approval of the Zaibatsu or the direct Zaibatsu affiliates.

Up to Nov. 26, 1946, aside from the stipulation made in Article 10 of the Company Contract that "Save to The Furukawa Electric Company, Ltd., shares may not be sold or assigned by any shareholder without the consent of the Directors."
(prior to Feb.24, 1942, in addition to Furukawa, The B.F.Goodrich Company was also included) there have been no special contract or any other arrangements with either Zaibatsu family or Zaibatsu Company, therefore, no such approval as specified in the foregoing clause has been obtained.

Item 1 para c. That the subject person has, in fact never exercised the authority or influence commensurate with or surpassing in the case of his having been an official in the Quasi-direct Zaibatsu affiliates, that of the standing director, and, in the case of his having been an official in the Zaibatsu associate Companies, that of the highest respensible official.

(a) Since the assumption of office on Nov.26, 1942 as Director of Yokohama Rubber Co., Ltd., which is a subsidiary Company of Zaibatsu, until May 4, 1944. I did not have actually any authority or influence as explained in Clause 1 above.

(b) For the period during May 5, 1944 and Aug.14, 1945, the Yokohama Rubber Co. was designated by the Ministers of Munitions, Army and Navy as Munitions Company and it became necessary to select responsible person for production who was to be a Director representing the Company.
Suekichi Nakagawa (then Chairman of the Board of Directors) who he held the actual managing power over the Company was already appointed as responsible person for production of both Furukawa Electric Company and Nihon Light Metal Co.
The principal policy was that a person could assume position as responsible person for production for only one company, the case of Nakagawa representing the above two companies was very exceptional, therefore, it was out of the question to appoint Nakagawa as responsible person for production of the Yokohama Rubber Co. Under the circumstances the Comapny was obliged to appoint me as responsible person for production, however, Nakagawa kept on holding all the power as regards making final decisions, particularly on questions pertaining to principle policy of the Company, personnel affairs and other such important issues, and Inagaki served to keep contact among the three parties, i.e., Government authorities (Army, Navy), the Company and Nakagawa, relaying respective opinions, and thus was not the actual manager of the Company.
(Ref: Testimonial signed by Nakagawa, former Chairman of the Board of Directors. Attachment #5).

(c) During the period from Aug. 15, 1945 to Feb. 11, 1946 after designation as Munitions Company was cancelled, I assumed the position as Managing Director, and although the right to represent the Company was given to me insofar as the Commercial Law was concerned but this was merely for the convenience of disposing of general business and as explained above, Suekichi Nakagawa, the Chairman of the Board of Directors at that time, was the actual manager of the Company.

(d) After March 12, 1946 it became evident that Suekichi Nakagawa would be purged from all public posts, so he resigned the post as Chairman of the Board of Directors, thereupon Directors Meeting was called at which time I was elected by mutual election to be Director and President in recognition of my ability and personality for carrying out business in face of extraordinary economic crisis. At that time questions of restricting possession of stocks by companies and dissolution of Zaibatsu were already being talked about and although Yokohama Rubber Co. was a subsidiary of Furukawa my assumption of the post as Director and President who was to be the actual controller of the Company was decided without support or approval of the Zaibatsu Company, as seen from Clause 1 above.
(Ref. Testimonial signed by Nakagawa, the former Chairman of the Board of Directors attached. Attachment #5).
