Council Holds Important Meeting

On Monday evening, the 13th of January, Council of Narberth held a well-attended meeting, the main interest centering about the ordinance for defraying expenses in the Borough and for levying taxes.

In addition to the regular members of Council there were present our Burgess and citizens numbering about thirty. Mr. Roy reported that the foot bridge in front of the Post Office had been completed and that good progress was being made in the collection of ashes. He urged that home owners and tenants do everything possible to place the ashes in proper looking receptacles and place them near the street in the least prominent place possible.

Mr. Maddox reported that the contract for collecting garbage for the current year had been awarded to Mr. Wilfong for \$100.00 per month.

The Civic Association was requested to ask the Pennsylvania Railroad authorities to have the train which leaves Radnor and gets to Narberth about 7.48 A. M., and which is an express from that point, stop at Narberth. President Nash, of the Civic Association, said that this would be attended to in view of the refusal of the railroad to re-instate the 7.43.

A report was made regarding the proper removal of snow, and Mr. Wentz stated that this would be attended to promptly after each storm.

Bills were presented from the Springfield Water Company, as well as a letter from this company which asked what stand the Borough would take toward the use of fire hydrants. They intimated that this would have a direct bearing on the fire insurance rates and the entire matter was referred to the Borough Solicitor. Mr. Stites volunteered the information that a fight was now on in the State Supreme Court and that if it was lost it would probably be taken to the United States Supreme Court.

First and second readings were made of an ordinance providing for the taking over of the Fire Company.

The ordinance (No. 188) making an appropriation to defray the expenses of the Borough of Narberth for the year 1919, and which follows, was passed without a dissenting voice. Also ordinance No. 189, which is entitled "An Ordinance to Levy and Fix Taxes in the Borough of Narberth for the Year 1919," was unanimously passed.

A special meeting was called on the 22nd of January, at which time the ordinance regarding the taking over of the Fire Company will come up for discussion.

It is to be regretted that Councils saw fit to strike from Ordinance No. 188 item for \$25.00 for expenses of the Burgess. High costs of entertaining and traveling made such a sum appear very modest, but then you know we must "economize." Bill Cummer also requests that Council provide easy chairs so that his sleep will be more enjoyable.

SECRETARY GOES TO CONFERENCE.

On Monday, January 27th, Mr. Bowen will attend a conference of the Boys' Work Secretaries of Eastern Pennsylvania. The sessions of this conference will be held at Harrisburg. Up-to-date plans for the improvement of work for boys in the local Associations will be discussed and many new methods will be suggested.

A MEETING OF NARBERTH MINISTERS

will be held in Secretary Bowen's office on Tuesday afternoon to meet Prof. Samuel B. Fares, of the Philadelphia County Sunday School Association, and Mr. Engle, of the Kansas Sunday School Association. Mr. Melchior, our Principal of Schools, is also expected to attend this conference, as the topic of discussion will be "Religious Education in the Community."

COMMUNITY BIBLE CLASS ON TUESDAY

This regular activity in our Association building is entirely self-regulating and the leaders of the class deserve credit for their faithful work. The class meets every Tuesday at 8 P. M. and combines singing with Bible study. Everyone is invited.

BOY SCOUTS MAKING HEADWAY IN THEIR TESTS.

When a visitor from Scout Headquarters addressed our Narberth Scouts at their regular meeting in the Y. M. C. A. on Friday evening, January 17th, he impressed them with the fact that only those troops whose members are progressing from one class to the next highest are REAL SCOUT TROOPS. Mr. Patton, our local Scoutmaster, showed his records to prove that our Scouts are making great strides in the winning of higher class badges.

The troop meets every Friday evening in the Y. M. C. A. Visitors having an interest in successful work for boys are welcome at any of the meetings.

BASKETBALL AND DANCE.

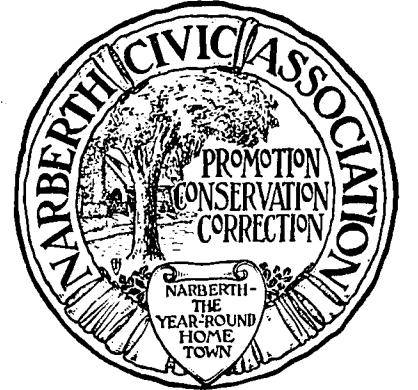

Unexpectedly, we regret to say, the Philadelphia Dental College has been forced to cancel the basketball game arranged with the Narberth High School team for Saturday evening, February 1. We have, however, been able to secure a group of Narberth boys, all former High School and Prep. School players, to substitute for the P. D. C. team. They will be known as "Narberth All-Stars," and will have on their team such boys as Colwyn Humphries, Charles McCarter and Frank Winne.

The game will be followed by a dance, as announced heretofore. We have obtained good music for the evening. The admission to the game and dance will be but 50 cents per couple. The game will start at 8 P. M. sharp.

Spring Flower Show

Isn't it early to talk about a Flower Show?

No! Not too early to start to plan a real Flower Show, and get everyone interested and prepared.

A committee will shortly be appointed, but meanwhile let us have some suggestions as to the proper date.

When can the Show be held to display the greatest array of blooms, from both the garden and the greenhouse?

Narbrook Park has been suggested as the place, using booths with a background for the display, and May 31st has been mentioned for the time.

Send your suggestions to P. O. Box No. 926, addressed to the Civic Association.

EDITORIAL

The extremely mild weather this winter has confused some of our goose-bone weather prophets. There is a growing suspicion that all weather prophets prophesy by virtue of their bone heads.

The amount of the collection from the Thank Boxes, which reached nearly \$1,000.00, is gratifying, in view of the fact that the form of the Memorial is still unknown. When it is definitely known just what will be done with the money, the contributions will doubtless be greatly increased, if the selection is a judicious one.

NEATNESS.

Speaking of the desirability of having our town look neat, especially in the business section, where visitors receive their first impressions, may I suggest that Our Town request the business men, including our worthy Banker and Postmaster, to keep the sidewalks swept. There are times when the sidewalks are a disgrace, and when in a dirty condition the displays in the windows, in fact, even the people passing look more shabby than usual. In short, dirty sidewalks make a shabby looking town, and neat people won't stand for that sort of thing. Have you noticed how nice the display in the butcher's window looks when the sidewalk is clean? On the other hand, let the sidewalk be strewn with paper, straw, sawdust, real dirt, rags, bits of wood and leaves, etc., and the effect is quite different.

To the Editor of Our Town:

When the scarcity of labor was first felt by the war industries, the wages were raised, so as to draw labor from other fields, and the miners were ready to go to better paid work. We had to have coal, so the miners' wages went up, too. Nearly all wages advanced, and the cost of all essentials went right up, registering an advance of 60% to 200% or more. For very good reasons, the public did not expect these people to work for less than market price of labor, and did not urge them to stay

on the job for the benefit of others without proper remuneration.

On the other hand, a few public servants have been expected and requested to stick to their post as a patriotic duty, but the country is under no obligation to them. I shall mention public school teachers. This class of skilled labor was underpaid four years ago, and since the war started has had an advance of only 10%. As the matter now stands, I dare say that the janitor in the Narberth School is an efficient official—a man must have some executive ability to fill that position. I believe he gets twenty-five to thirty dollars more per month than one of the oldest teachers in the school, one recognized outside the village as one of the leaders in her profession, out-of-town residents even making an effort to have their children come under her care for at least one year. This skilled laborer and teacher just referred to probably gets as high as seventy-five or eighty dollars per month, while girls who have been out of her school one year can get, as stenographers, one hundred dollars or better. Laborers employed at digging ditches receive one hundred to one hundred and ten dollars per month.

The only reward in possession of the teacher is the feeling and consciousness that she has done more than her duty to a niggardly public.

A. E. WOHLERT.

We, the Sophomores, N. H. S., thank our many friends who so kindly contributed to make our play of January 4th a success. We are grateful to Mrs. John A. Mather, Jr., whose talk on Junior Red Cross work was very interesting and helpful. We also thank Our Town for so generously publishing our notices.

JEANETTE WALTON,
Chairman Play Committee.

SPECIAL RED CROSS NOTICE.

Those ladies of the Narberth Red Cross Section who are working on knitted articles are requested to finish them, if possible, by or before the last day of January, which is Friday of next week, and deliver them to Mrs. A. P. Redifer, who is in charge of that department.

BASKETBALL.

Narberth High School continued its winning streak by winning its fourth straight game last Friday, against Abington, the final score being 44-22.

Abington put up a game fight, but could not overcome the big lead which skill and speed gave the Narberth boys. Scherbaum starred for Abington. His cleverness and speed were seen every time he had his hands on the ball. John Dickie was Narberth's chief scorer, making 32 out of the 42 points of his team and also making more points than the entire Abington quintette.

The line-up:

COMMISSIONERS HOLD ANNUAL MEETING

Board Reorganizes—Committees Are Named and Appointments Made. Annual Report Read.

The reorganization meeting of the Lower Merion Township Commissioners was held on Wednesday evening with all members present excepting Supplee, Francis, Sherwood and Evans.

Owing to a long session of the Finance Committee the regular meeting did not start until after 10.30 o'clock, and it was midnight when the Board adjourned.

Vice-President Horace W. Smedley was re-elected and the committees will remain the same as last year.

John S. G. Dunne was reappointed Superintendent of Highways; George C. Anderson was reappointed Secretary; Captain James I. Donaghy will continue to direct the Police Department and

Parker S. Williams, Esq., will look after the legal matters of the township as he has in the past.

Robley A. Warner resigned as Superintendent of Health and Drainage and Hartman K. Calvert, of Bryn Mawr, was appointed to take his place.

The chairmen of the various committees presented their annual reports telling of the work done during the past year.

Mr. James N. Knipe, of the Ardmore Civic Association, and Mr. J. Heron Crosman, of the Main Line Citizens' Association, appeared before the Board and spoke of the urgent necessity of providing for the removal of ashes, etc., by the township. They presented plans for the start of this work and the Board promised to give the matter careful consideration.

Mr. I. Warner Arthur was spokesman for the committee from the township fire companies and made a request for an additional appropriation of \$500 for the maintenance of each of the fire companies. Mr. Arthur explained the big expense the fire companies had to

An Open Letter to the Pennsylvania Railroad Company

United States Railroad Administration,
Pennsylvania Railroad,
Philadelphia Division.

We, the people of Narberth, through the Civic Association, request that the train passing at 7.48 P. M. stop to take on passengers. We have noticed that this train, consisting of three coaches, is not usually filled, and if it were permitted to stop at Narberth, it would be a great benefit to your Narberth patrons, who, when they miss the 7.28 P. M., have no train until one hour later.

We would like to know, further, if the Pennsylvania Railroad ever considered what a convenience it would be to the patrons of the entire Main Line if the last train at night left Broad Street Station at about 12.30? It would be well patronized, as the people who attend lodge meetings, social functions, opera, etc., have to stay in town over night, or leave early in order to get the 11.55.

The Pennsylvania Railroad is, indeed, a wonderful organization, but your patrons need a few more trains. What can you do for us?

Church Notes.

The annual supper and business meet-
ing last week was very largely attend-
ed. The reports showed the year's work
to be one of the best the church has had
and plans were made for a much larger
work the coming year.

The address by Mr. Chalker in the B.
Y. P. U. Sunday was one of the very
best to be had on that line. The room
was crowded for the service. These
meetings continue to increase in inter-
est and attendance each week.

The Teachers' Association will meet
on Thursday evening, January 30th, at
the home of Mr. T. C. Trotter, Jr.

On Friday evening at 8 o'clock in the
church parlors there will be a social for
the members of the B. Y. P. U. and in-
vited guests.

On Saturday, February 1st, at 2.30
P. M. there will also be a social in the
church parlors for the junior members
of the B. Y. P. U.

This church most cordially invites
all who are not attending service else-
where to worship with us.

Letter from Mrs. A. M. Snyder.

Ardmore, January 1, 1919.

Dear Fellow-members:

The war and the epidemic have made
such demands on the time and money
of the women of our county, that it
has not been possible to press the cause
of suffrage as much as we desired. It
has been almost impossible to secure
officers for the County Board or to hold
an annual meeting. Your Chairman sug-
gests that the County Board be dis-
missed, until such time as a return to
normal conditions or a real suffrage is-
sue shall make it advisable to call it
together again. In the meantime it is
hoped that all local organizations shall
continue their work and report to the
State or Congressional Chairman, Mrs.
Ward. This will lessen the expense
and bring the small organizations more
directly into touch with the State
Board. A meeting to discuss these sub-
jects will be held on January 29 in the
headquarters at 17 East Penn street,
Norristown. This time has been chosen
in order that we may hold our meeting
before giving up the room, which we
expect to do on February 1st.

All members of the Suffrage Associa-
tion are requested to attend this meet-
ing and advise with the Board as to our
future policy.

Yours truly,

MARY E. M. SNYDER,

Chairman.

CUB'S WEEKLY LETTER

Our hearts and eyes were gladdened the other night by the sight of our dear old Burgess. Although many weighty affairs demand his presence in various parts of the country, he is true to Narberth, and when matters of great moment to the "Home Town" are being discussed we can always be sure of finding him on the job. The news that the seventeenth reading of the bill to deliver the local Fire Company to the Borough for a consideration of \$1.00 was about to occur reached our Chief Executive at a ranch near Waco, Texas. Just what he was doing there, I can't venture to say, but they shoot a good many bulls on a ranch and—well, anyhow he immediately jumped on the first train for Narberth, arriving in time to help our other local statesmen in their deliberations. His time being limited he was unable to issue any proclamations, but promised to prepare a batch in the near future and spring them on his adoring constituents when they would be least expected. Unlike many other great political leaders, he pays as he goes and asks no favors on account of his high position. As an illustration, we point with pride to the fact that he has a stall for rent in his garage and instead of asking for free advertising he inserted a paid Ad. in Our Town at the regular rate of 15c. per line.

He promised to soon again visit the domain over which he rules with a velvet hand. He will stay long enough to kiss all the new babies and present them each with a ten-dollar gold piece, as has always been his quaint custom.

Officer Hill thinks Narberth should be able to boast of a public jail. His frequent trips to Ardmore with local malefactors are a source of great expense to our taxpayers. A certain public-spirited citizen suggests that one of our several substantial garages be utilized as a lock-up. He mentions specifically Howard Wilson's new stone and iron barred structure. Surely there would be room enough for an automobile and a few prisoners.

Governor Sproul had a twinkle in his eye on Inauguration Day. Being asked what pleased him so much, he replied that he was delighted beyond measure with Narberth's representation at Harrisburg. He had seen Narberth's Big Three in the parade—John, Fred Walzer and Charley Noel. The Governor evidently appreciates the fact that we do things right in this Burg.

What has become of Lynch? His numerous friends seem to be dreadfully worried over his departure. The climate of the Home Town never did agree with him, nor he with it. Let's hope that he finds a climate so salubrious that he'll never again be tempted to expose his precious person to our rigorous atmosphere. Now let's all congratulate the new and pleasant occupant of the coal office and wish her well.

Ever since the Street Commissioner stepped in a puddle of water at Fiedlers' corner he has sworn vengeance. It's an ill wind that blows nobody good. Have you noticed that fine bridge across the gutter?

Didn't we have a Service Flag around here a short time ago?

THE FIRESIDE

(Continued from Page 1.)

Charles Thomas Conley, Narberth, formerly of Rosemont, died in France December 10, of pneumonia. Before he went overseas he trained at Camp Colt, Gettysburg, and was attached to the 330th Tank Corps, Company C. He was employed by the Greenburg Coal and Coke Company here, and was 23 November 15. His sister, Mrs. Joseph Simpson, resides at 1110 Montgomery avenue, Narberth.

at the Palace Theatre, Ardmore, on Wednesday. The screen version is one of the most thrilling of the English stage and the greatest of typical American melodramas. With an impelling love theme giving heart interest to the most entertaining of photoplays, "The Still Alarm" is an offering superior to many of the modern dramas.

On Saturday evening, February 1, the Narberth High School Basketball Team will play the Philadelphia Dental College Team.

The game will be followed by a dance, the second of this kind to be held by the High School students. It will be remembered by many that the first dance, which was held on December 14, was a wonderful success.

This time better music is expected to be obtained, and everyone who is interested in school activities should at-

tend. Don't forget, February 1 at 8 P. M. sharp. Admission to game and dance, 50 cents per couple; to game only, 15 cents each.

Try a ton of our

Highland Buckwheat Coal at \$7.50

per ton carried in. This low price will only last until our bin is cleaned out. The coal can be mixed with other sizes and thus bring about a reduction of your heating bill.

New Telephone Toll Rates

Effective January 21, 1919

(Announced December 13, 1918, by Postmaster General, Washington, D. C.)

New schedules of rates for telephone toll calls (to points outside the local service area) under which all toll calls throughout the United States are placed on a uniform basis, became effective 12:01 a. m., January 21, 1919.

Under these new schedules the "station to station" rate is the base rate upon which all rates for the various classes of service offered, are computed. This rate is determined by the air line distance between toll points and is computed, for the initial period, on the basis of 5c for each 6 miles up to 24 miles and 5c for each 8 miles beyond that distance. For toll calls where the calling party does not specify a particular person to be reached at the called telephone, "station to station" rates are charged.

For toll calls where the calling party does specify a particular person to be reached at the called telephone and the connection is established and conversation held with that person, "person to person" rates are charged. As this service requires a greater amount of operating effort, the rate for such calls is about one-fourth greater than the "station to station" rate. The minimum "person to person" rate is 20c.

Toll calls involving an appointment to talk at a specified time, or involving the use of messenger service to secure attendance of a designated person at a public telephone at a distant point may be made at rates usually about one-half greater than the "station to station" rate, plus the cost of messenger service. The minimum rate for such calls is 25c.

For all toll calls other than those made on the "station to station" basis, where connection is established but the conversation is not held because the calling or called party is not present or will not talk, a "report charge" is made, equivalent to about one-fourth of the "station to station" rate. The minimum "report charge" is 10c; maximum \$2.00.

Night rates, applying only to calls made on a "station to station" basis, are quoted between 8:30 p. m. and 4:30 a. m. The rate between 8:30 p. m. and 12 midnight is about one-half the "station to station" day rate, and between 12 midnight and 4:30 a. m. about one-fourth the "station to station" day rate. The minimum night rate is 25c.

"Station to station" calls must be made as far as possible by giving the telephone number of the called telephone. When the number is not known and telephone directory information is not available the number should be obtained from "Information," or if the called telephone is at a distant point, the name and address of the called subscriber should be given to the Toll Operator or to the Long Distance Operator, as the case may be, stating that it is a "station to station" call.

The "station to station" rates are substantially lower than the "person to person" rates. In order that patrons may effect the greatest economy in their charges for toll service, and also maximum speed of connections, they are urged to study their toll service requirements and to make the widest possible use of "station to station" calls.
