

**BRILLIANT MUSICALE**

WELL-KNOWN ARTISTS PRESENTED BY MUSIC SECTION AT COLONIAL TEA

The Music Section of the Tuesday Afternoon club and Mrs. E. W. Kinney, their curator, are to be congratulated on giving one of the most brilliant affairs in Glendale club annals on Friday afternoon at the home of Mrs. Kinney, 1223 West Seventh street. The Colonial Tea was a great success in every way.

Long before you reached the house you saw "Old Glory" flinging its folds proudly to the breeze. With a thrill in your heart you passed on through paths bordered with "Your Flag and My Flag" to the beautiful home of the hostess.

The decorations in the spacious rooms carried out the central idea of the day. The "Red, White and Blue" developed in red and white roses bordered with blue iris occupied the place of honor near the grand piano. The mantel was banked with Cecil Bruners and pink coquets were used in profusion in reception and music room. American Beauty roses were very effectively used in the dining room.

The guests were received by Mrs. E. W. Kinney, Mrs. Calvin Whiting, Mrs. T. C. Rochester, Mrs. A. L. Weaver, Mrs. Jesse Joseph, Mrs. R. Hagood and Mrs. William Herman West, who was accompanied by her "All American" colored mammy, who was suspected to be Mrs. R. W. Meeker. These ladies were in Colonial costume, looking most charming in powder and patches, rich brocades and gleaming jewels. Over one hundred and fifty guests were present to do honor to the distinguished guests who contributed the program of the afternoon to the enjoyment of all present.

A trio consisting of Isaiah Sinclair, violin, a pupil of Mr. Julius Kranz, Hollis Moyses, cello, and Elizabeth Mottern, piano, who have been under the direction of Mrs. Dora L. Gibson, presented the first number of the program in a most acceptable manner, giving the love song from a "Day in Venice," Nevin, and "To a Wild Rose," McDowell.

Miss Margaret Goetz, superintendent of the Music Settlement House, was introduced by Mrs. Kinney and gave much of interest regarding their work in providing musical instruction for all children at small fee or none at all if unable to pay.

Mrs. H. E. Bartlett followed with a few words appropriate to the occasion.

The well-known prima donna, Gloria Mayne, delighted her hearers with a group of Indian songs by Troyer, given in Indian costume. Later, arrayed in a most charming Colonial costume, she gave two songs of American composers and closed her program with "The Magic Flute," with flute obligato by Miss Inez Bushnell. Miss Mildred Pray at the piano.

Constantino, the world-famous tenor, presented two of his proteges and took occasion to express himself along the line of musical education in the most patriotic manner, saying every good thing you give to the boy and girl you give to the nation. You build for the future.

Miss Lucy Merz, coloratura soprano, a fifteen year old young lady who is being coached for grand opera under the direction of Florencio Constantino, sang "Musetta's Waltz" from Puccini's "La Boheme," "Il Bacio (The Kiss)," Arditi, in a voice of great sweetness and flexibility, showing much promise.

Mr. J. Rodriguez, a young pianist, also under the direction of Constantino, rendered Impromptu Fantaisie, Chopin, in a very delightful manner. Mr. Rodriguez was also at the piano for Miss Merz' songs.

Mr. Julius Kranz delighted all with his two numbers, given in his usual masterly way, one of his own compositions, "Visions," and Caprice Viennois by Kreisler. Miss Gertrude Champlain at the piano.

Mr. Kranz also presented one of his pupils, Walter Jordan, who gave the Swing Song, Barnes, and The Rosary, Nevin, with great credit.

The program closed with singing of the "Star-Spangled Banner" by all present, led by Gloria Mayne.

Mr. Anton Dahl, the well-known Russian pianist, who has a studio in Blanchard Hall, was also an honored guest. Charles Wakefield Cadman was unable to be present on account of illness.

Mrs. Whiting and Mrs. Rochester presided at the tea table and Mrs. Scott Johnson, assisted by Mesdames Ida V. Whitcomb, Turck, Campbell, Bertelson and Bosserman of the Music Section, served tea and punch. Delicious cake, mints and punch

**AT THE HIGH SCHOOL**

GRADUATION PLANS MATURING TENNIS TEAM WINS NEW LAURELS

Now that their class play is a thing of the past, the seniors are all settling down for the last lap of their high school career (at least they hope so), and they are at last beginning to realize that, after all, school life is not such a "drag" as they have been wont to believe. As usual, each one of them is regretting the amount of time lost, a feeling which every year comes with the spring. Some of our dearly beloved classmates have even gone so far as to "admit" that they would each have been the valedictorian if they had wanted to. However, we can't remedy the past, so let's not cry over spilt milk.

Several matters of importance will take place this week in regard to graduation plans. Mr. Moyses announced Monday morning the ordering of the graduation announcements will take place to-day, and all those who wish more than the regular allowance of twenty, have been requested to deposit five cents with Mr. Moyses for each announcement in excess of that number not later than Tuesday morning at 9 o'clock.

Saturday our far-famed tennis team once more kept up their excellent reputation by defeating the city championship team representing Polytechnic High School of Los Angeles by the score of 4-3. Although the score would naturally indicate that it was a very close match, it was in reality a one-sided affair, Glendale leading all the time. The reason for the close score is that Crandall, our third man, forfeited his singles match because he was scheduled to pitch for the baseball team in the afternoon. Excluding this, Glendale only lost one match, that being for first doubles. Felix Puffer, Glendale's plucky Swede, was the individual star of the day, his brilliant playing continually baffling the puzzled city boys. Playing as fourth man, he easily defeated his singles opponent, and followed this up by aiding materially in winning the second doubles with Crandall. The results are as follows: Balthis beat Burdick, 6-3, 6-3; West beat Koatz, 9-7, 6-4; Crandall defaulted to Patterson; Puffer beat White, 5-7, 61, 60; Burdick and Koatz beat Balthis and West, 46, 6-3, 9-7; Crandall and Puffer beat White and Patterson, 6-1, 6-2.

Plans are well under way for the annual state convention of the P. E. O. Sisterhood to be held in Hollywood in the Woman's Club House, May 9, 10, 11, when Chapters R of Santa Monica, AG of East Hollywood and Q of Hollywood will be hostesses. Among the prominent workers in the sisterhood who will be present are Mrs. Helen Drake of Nebraska, Supreme President; Mrs. Laura Joyce, State President, and delegates from all over the state.

**DEATH OF THOMAS S. BROCKENBROW**

Mr. Thomas S. Brockenbrow, aged 79 years, passed away at his home, 457 Pacific avenue, Sunday, May 6. Mr. Brockenbrow was born in England. He is survived by a widow and one daughter, Mrs. Lyon, 1422 Ivy street. Although a resident of California for twelve years, Mr. Brockenbrow spent a great part of his time on his ranch in Mexico and had been back to his home in Glendale but a month at the time of his death. Funeral services are to be held Tuesday, May 8, at 4:30 from the Scovern-Letton-Frey undertaking parlors.

carried out in the patriotic color scheme, were also served.

The decorations were in charge of Mrs. J. F. Hearnshaw, Mrs. Frank Balthis and Mrs. A. L. Ferguson. Considering that it was a postponed affair, the Music Section feel much gratified over the success of the afternoon.

**WILL ENTER FINALS**

FRANK BALTHIS TO COMPETE FOR CHAMPIONSHIP IN LOS ANGELES

Frank Balthis, who won last Friday night the gold medal of the Suburban Oratorical League, will go into Los Angeles June 1 to represent Glendale High School in the championship contest. Since six years ago, when Glendale became a member of the League, this will make the fourth time our local school has had the honor of entering the final contest. Harold Story, Purman Bennett and Ethyl West each in turn made fine showing, the first winning the gold medal by the unanimous decision of the six judges.

In the contest Friday night the marks for the written orations were awarded by the English departments of Pomona College, Whittier College, and Redlands University. The judges of delivery were from U. S. C., Cumnock, and Alhambra. In thought and composition Frank was given two firsts and a fourth; in delivery one first, one second, and a tie for third. His total was 12½ points, while Santa Ana, Pasadena, and Huntington Beach stood respectively 15, 15½ and 17. Each of the other schools received one first place. Glendale may well be proud of Frank in winning against two young men so fine as the Santa Ana and the Pasadena representatives.

Next Friday night at Manual Arts the City League will award its medals to the metropolitan orators. Hollywood, L. A. High, Polytechnic and Manual contend, each school having an enrollment of about 2000. As the two best of these will meet Glendale and Santa Ana in the final clash a most exciting time will be enjoyed June 1, at whatever neutral school is selected for the event.

Here's to Frank, hoping he may win!

**TEACHERS ENTERTAIN**

One of the most pleasant affairs of the season was the reception given by the teachers of the Cerritos avenue school before the regular meeting of the Parent-Teacher association on Friday. The library was beautiful with its airy trimmings of asparagus fern and Cecil Bruner roses, festooned and in hanging baskets which gave a very pleasing effect. Delicious fruitade and cake were served to the accompaniment of friendly chatter. About fifty were present to enjoy the hospitality of the teachers. The hostesses were: Miss Edna Brown, Mrs. Ida Belle Ludden, Mrs. Florence Crane, Miss Hazel Small, Miss Gertrude Loftus, Miss Adalene Mintner, Mrs. Anna Curtis, Miss Jessie Atwood, Miss Ruth Mitchell, Miss Sheek.

**DINNER PARTY**

Mr. and Mrs. H. P. Goodwin were the hosts at a charming dinner party on Friday evening to friends from out of town. A cut-glass bowl filled with the beautiful yellow William Allen Richardson roses adorned the hospitable table around which were gathered the following guests: Mrs. G. H. A. Goodwin, Mr. Donald Goodwin, Mr. and Mrs. David Phinney, all of Hollywood, Mr. and Mrs. Meredith Goodwin of Chatsworth Park, and Mrs. C. Linkenbach of Los Angeles. Mr. Donald Goodwin has joined the officers reserve corps and will leave in a few days for the training camp at the Presidio, San Francisco.

The program for the regular meeting of the Tuesday Afternoon club to-morrow at 2:30 in Masonic Temple, will be given by Mrs. Lola Kilfoil, who conducts the Paris Studio of expression in Los Angeles, assisted by Miss Adelaide Munn, in charge of the descriptive dancing department of the school. Mrs. Kilfoil is well and favorably known as a reader, having recently appeared before Glendale audiences. Pupils of both Mrs. Kilfoil and Miss Munn will also appear on the program. Reports from the state convention at Pasadena will be given by delegates from the Tuesday Afternoon club.

## 2000 SOUTHERN CALIFORNIA MOTORISTS OWN MOUNTAIN CABINS

By Albert Marple

It takes not more than a half dozen balmy spring days to make the motorist, who knows anything about the silent yet irresistible call of the hills, to wonder how soon he can get away from the office in order that he may wend his way back into the great and glorious hills that are so appealingly extending their arms to him. The steady tumbling of the stream comes distinctly to his memory, while the purring of the breezes among the leaves overhead and the awesome stillness at the dead of night are wafted back to him from the good times in the hills in the days that are passed. From these he turns his face to the future and begins laying plans for this outing or that tour—always with the idea of getting to the hills for a few breaths of "tree breeze."

The Automobile Club of Southern California is recommending to the motorists of this section that they provide for themselves homes in the hills—places where they may go for an outing of a day or for a week-end rest after a tiresome week—where the cares of the office may be forgotten and where the physical man may be refreshed. Upwards of two thousand motorists of our section have provided for themselves mountain homes. They have taken advantage of the offer made by the U. S. Government in the form of cabin sites. Sections of these sites are located in many of our canyons; some close in, others farther out, the idea being to meet the likes and wishes of campers with regard to distance, altitude, etc. These sites average about a half acre in size and rent for \$15 per year. The Government does not stipulate the amount that shall be spent in the construction of a cabin, but it does require that some kind of a permanent abode be erected. This may be of boulders or other material found on the ground or from lumber, etc., that is hauled in.

Southern California is divided into three national forests—the Santa Barbara National Forest, which takes in the mountainous sections of Santa Barbara and Ventura counties and the northern part of Los Angeles county, the Angelus National Forest, which takes in the main portion of Los Angeles county, not in Santa Barbara forest), the southern portion of San Bernardino county, and the northern part of Riverside county; and the Cleveland National Forest, which includes the portion of Riverside county not in the Angelus Forest, and portions of Orange and San Diego counties. Information with regard to untaken sites, sections that are about to be opened, leases, etc., may be secured from the supervisors of the various forests. These are as follows: Santa Barbara National Forest, J. R. Hall, Santa Barbara, Cal.; Angelus National Forest, R. P. Charlton, Los Angeles, Cal.; Cleveland National Forest, S. N. Sloane, Escondido, Calif.

SAN FRANCISCO, May 7.—Here is what Lieut. Col. Fred W. Sladen, commandant of the coming Presidio training camp, says the successful applicant for admission to the camp should bring with him:

Uniform: 1 hat, 1 hat cord, 2 O. D. coats, 2 O. D. breeches, 2 O. D. shirts, 1 waist belt, 2 pairs marching shoes, 2 pairs leggins, any other articles of uniform already on hand.

Underclothes: 6 undershirts, 2 suits pajamas, 6 pairs stockings, light wool preferred, 6 pairs drawers.

Toilet Articles: 1 shaving outfit, 1 piece soap, 1 brush, talcum powder, 1 tooth brush, 1 soap box, tooth paste, 1 nail brush, 1 hand mirror, 6 towels, 1 comb.

Miscellaneous: 1 pair slippers or soft shoes, writing material.

Applicants should report in uniform if available. If articles of uniform are not on hand and cannot be secured before reporting, applicant should report in civilian clothes suitable for outdoor drill, and heavy walking shoes. Beds, mattresses, pillows, blankets, sheets, pillow cases, as well as mess outfits will be supplied at the camp.

### IMPORTANT FOREST NEWS

Balsa wood, found in Central America, is said to be the lightest known wood. It is lighter than cork and has an average specific gravity of only .104.

A wood specimen found in glacial drift and estimated by the Wisconsin State geologist to be approximately half a million years old has been identified by the Forest Products Laboratory of the Forest Service as spruce.

State Forests with a total of over 3,600,000 acres have been established in thirteen States. Of these New York has the largest forests, which comprise 1,826,000 acres; Pennsylvania is second with 1,008,000 acres, and Wisconsin third with 400,000 acres.

The largest number of sheep grazed on any single National Forest is 315,740, finding pasturage on the Humboldt in Nevada, while the largest number of cattle—75,818 head—is found on the Tonto in Arizona. The value of the average annual meat product of these two National Forests is estimated at \$2,000,000.

On parts of the Angeles National Forest in California the packrats are so abundant that many of the young pines planted by the Forest Service have been killed or injured by the rodents. The damage seems to take place chiefly in the late summer and fall and is more extensive in dry than in wet seasons. It is thought that the rats tear off the tender bark of the trees to obtain moisture at times when water is scarce.

Women who are golf enthusiasts are gathered at the San Francisco Golf and Country Club links to-day for the opening of the Women's Championship Tournament. Lively interest in golf has been shown by the women of northern California this year, with the result that the tournament entries include a long list of well-known players. The tournament will close Friday.

Prof. H. M. Snell, supervisor of manual training in the Sacramento elementary schools, has mobilized a "farming army" of 1500 boys from the sixth, seventh and eighth grades. They are cultivating several ten-acre farms on the outskirts of the city.

### EMPLOYING MARRIED WOMEN FOR TEACHERS

The rule followed by many school districts in California prohibiting the employment of a married woman as a school teacher or removing a woman teacher because she marries, was scored by E. R. Snyder, state school commissioner.

"It has been stated," said Snyder, "that the employment of married women in the teaching service is destructive to the best interests of the home. It would be difficult to prove this assertion. The dismissal of the woman teacher when she contracts marriage has hindered the establishment of more good homes than it has saved from destruction."

### OBERLIN CO-EDS TO BE GARDENERS

(Special Service to Glendale Evening News)  
OBERLIN, Ohio, May 7.—Co-eds of Oberlin college have leased several acres of land and will raise their own potatoes this season.

### SIGNIFICANT COMBINE

This is not a railroad combine nor is it a combine against the railroads or by or for the railroads, though it is a combine "concerning and appertaining to" a railroad—one of those great common carriers that will advertise Glendale all over this continent, if not all over the railroad world.

The combine itself promises much for the future-greater Glendale. It is the first formal meeting between the Board of Trustees of the City of Glendale and the Glendale Chamber of Commerce.

This significant meeting was appointed by the City Trustees to confer and co-operate with the Chamber of Commerce concerning the coming National Preparedness Train over the Salt Lake Route, which will arrive Saturday, May 26, and spend the day in Glendale, giving oral and printed instruction, illustrated by magnificent government and three states exhibits promotive of food-supply increase to the thousands of people from Glendale and surrounding country who will be present to welcome that great University of Agriculture on wheels.

While all citizens and members of the Chamber of Commerce have the right to attend that meeting this evening, those for whom it was particularly called are:

The Board of Trustees, J. S. Thompson, Mayor, R. M. Jackson, Charles Grist, F. L. Muhleman, George B. Woodberry, and the Executive Board of Glendale's Chamber of Commerce: W. J. Clendenin, President, A. T. Cowan, Vice-President, G. B. Woodberry, M. B. Hartmann, J. W. Usilton, George Bentley, Harry P. Coker, Dr. Henry R. Harrower, John Hyde Braly, J. Herbert Smith, F. J. Kuntzner, F. H. Vesper, Treasurer, Walt. Le Noir Church, Secretary and General Manager.

This very important meeting promises a closer and continuous co-operation between the Glendale Board of City Trustees and the Glendale Chamber of Commerce, which will in many practical ways promote the growth, general improvement and well-being of the whole City of Glendale.

The meeting is called for 6:45

sharp, in the new Chamber of Commerce, No. 1010 West Broadway. WALT. LE NOIR CHURCH, Secy. G. C. C.

NOTE: That early hour was selected by the Board of City Trustees because of other important meetings for this evening previously arranged, not the least important of which is the Red Cross concert at Glendale Union High School, 8:15 this, Monday, evening.

The gifts, which included a beautiful blue-bird tea set, the gift of the "Lucky Thirteen" girls, were presented to the bride-to-be by little Mary Pauline Craig, each gift cunningly smuggled out of sight in a huge May basket, carried by little Miss Craig.

**PINK PARTY FOR JUNE BRIDES**

Cupid, the sly little rat, how generous he is with his many motifs for lovey parties in honor of his fair, happy victims, "the brides." This was wonderfully proven Saturday afternoon of last week when, in honor of two June brides-elect, Mrs. Earl Johnson received at cards in her home, 1010 Lomita avenue, friends of the Misses Mattie Belle and Clara Provolt, fiancées respectively of Norman N. Badger of Glendale and Kent McCoy King of Alpha, Idaho.

Roses in abundance bloomed everywhere. Roses of pink and white, from the tiniest Cecil Bruner to the mammoth Cochet, nodded from baskets, vases and jars and together with greenery, fluffy tulle bows and myriads of pink and white hearts concealed fireplace, mantel and butress in a solid embankment of delicate color.

Dainty cards, artistically decorated with pink buds and golden hearts, served as scores for Five Hundred, the prizes for which were won by Mrs. Ernest Gregg and Mrs. Howard H. Faries, who in turn presented their handsome cut-glass trophies to the fair honorees. Special guests' prizes were carving-knives of stag-horn and silver.

Elaborate refreshments concluded a most delightful afternoon, each table having been centered with baskets of small buds and dainty individual floral bon-bon cups mounted on heart-shaped mats embossed in pink and gold. The ices especially were one of many attractive features planned for the occasion, having been pink and white hearts surrounded by glowing confectioned strawberries and guarded on top by the tiny archer, Cupid.

Beside the Misses Provolt and their mother, Mrs. T. S. Provolt, those bidden were: Mesdames A. Badger, George Herald, Joseph L. Stagner, George Bannock, James Luther Flint, Harold H. Faries, Edwin Stauffacher, Raymond Poss, of Glendale, Mesdames Gus H. Heiman, Mary King, Ernest Gregg, Raymond Dick of Los Angeles, Mrs. Hurlburt Harrison of Tropic and the Misses Winnie Reynolds, Miriam Reynolds, Ruth Huntington, Gertrude Champlain, Amy Bowerfind, Bessie Provolt, Ethel Land, Ella Wall, Athena Purt, Olga Purt, Ethel Read, Clara Hare and Christine Schenck of Los Angeles and Glendale.

This is one of many delightful affairs which have been planned for these popular young ladies before their wedding day.

**HIKE TO TUJUNGA**

Four young men suspected of being deserting soldiers were seen on the streets of Glendale Friday evening, equipped with blankets and knapsacks and attired in khaki. They caused no little excitement until they were rounded up by the officers and discovered to be four husky sophomores preparing to leave for a hike to the head of Tujunga canyon. They arrived at the canyon at 12:30 and after enjoying an hour in the moonlight, prepared and ate supper, then slept until 3 a. m., when they were again up and on their way. At 9 they stopped for breakfast, arriving at the falls at noon, 23 miles from home. They enjoyed a splash and a swim, accompanied by a large school of trout. The return trip was a very jolly one. They visited the Mitchell camp, finding Mr. Alexander Mitchell and his son Gilbert entertaining a number of friends. The boys arrived home at 6 p. m. after a most active outing. The boys in the party were: Ralph Taylor, Allen McPherson, Wendell Beldin and Paul Richardson.

**WHY RED CROSS CONCERTS?**

First, the Red Cross Society needs the ticket money to help do its necessary work for your country and other nations suffering from the World War.

Second, for your own sake you need to contribute to such necessity, and you part with your money more cheerfully, at the same time satisfying your conscience, when you get also immediate full value—as you certainly will—at either or both of the Red Cross concerts to be given this (Monday) evening and next Monday evening at the Glendale High School.

Those concerts will be far above the ordinary in artistic, satisfying merit, for they are given under the management of Dr. Henry R. Harrower, an accomplished musician in close touch with most of the best musical talent in Los Angeles county, upon which he has drawn generously for your entertainment.

If you attend the first concert to-night, you will wish to hear the second one next Monday night. While if you attend the second concert first, you will be regretting that you can't hear the first one at all. There are unavoidable regrets enough in life without adding that needless one.

If "The Man of Sorrows" were on earth to-day, grieving over the war-cruelty and hate-carnage, would He not go straight to the relief of the sick, wounded and suffering? Also, would He not be likely to say to you: "Take up your Red Cross and follow me"?

You may not be able to go but you can help send.

Why not do at least part of "your bit" by giving your two bits or four bits for a Red Cross concert ticket to-night?

WALT. LE NOIR CHURCH, Publicity Committee Glendale Red Cross.

**DISH-WASHING MADE EASY**

One of the new inventions for the comfort and pleasure of the housekeeper is a small, compact dish-washing machine which may be tucked away in one corner of her kitchen. It is a cylindrical affair, with racks and baskets for dishes and silverware which are easily removed. All that the housekeeper has to do is to scrape the used dishes and place them in here with the hot water, and set the machine to work. It is run by electricity and can be attached anywhere, it is said. It may also be connected with the hot water system of the house and with the waste pipe. This machine is much like those used in hotels, but now comes in a small enough size to be of use in the average home. Moreover, it is not a costly time saver, being inexpensive to operate.

RAISE CHICKENS

The following lecture was delivered recently in the Sherman House, Chicago, and a copy of it was forwarded to J. Walter Elliott of 1005 North Central avenue, Casa Verdugo:

Before another hatching season, the great United States will, no doubt, be in the deepest throes of the world's most cruel war and no one can foretell the countless thousands that may be crying for bread. It is up to the United States, the world's greatest, richest, and most resourceful nation, to not only look after the welfare of her own citizens, but to give aid and assistance in supplying food to countless thousands of suffering humanity in the torn and stricken war zone. The great agricultural resources of America must prepare to assume this burden. Every one of us must do our bit. Every acre, every nook and corner must bear its share. It is lucky that in poultry we can produce the cheapest and most quickly produced meat of all the various sources of our meat supply. Here, we have an opportunity of producing an extra one hundred million pounds if the American farmers, the fanciers and breeders will give their attention to hatching during the months of May and June.

It is a well-known fact that the available supply of meat products is to-day the lowest in our country, per capita, in the history of the United States. In order to meet the extremely dangerous condition, we have within ourselves a wonderful opportunity of aiding what may prove to be a world-wide cry for food. Let us all join enthusiastically in the propaganda of helping in the probable time of need, by putting forth now every effort to meet, in a measure, the demand that is sure to come for untold quantities of food stuffs. Never in the history of the world will there be a greater demand than in the next twenty-four months that are to follow.

For the past twenty-four months we have been killing the golden egg, and with the hue and cry of costly feed, poultry and all meat products have been soaring far above all the usual estimates as to the relative cost of production, and the selling price. The margin of profit on the production of eggs and poultry for meat is far in excess of the percentage of profit in normal times. But aside from the question of profit, we Americans must look at the situation from a philanthropic and humanitarian standpoint and each and every one "do his bit" to meet an exigency that seems inevitable. Let us all try to be a factor in the production of an extra hundred million pounds of poultry meat which is less than one pound additional for each man, woman and child in the United States.

The United States Department of Agriculture has just issued an estimate that upwards of seven hundred millions of dollars is the annual tribute paid by Americans to the garbage can. Why not convert this into feed to produce poultry and eggs?

Every home can have a self-supporting and profitable flock in the back yard by converting the offal from the table and kitchen into the very choicest of poultry feed. Why such an astounding waste, an utter extravagance that costs us nearly seven dollars for every man, woman and child in the United States? Let every home have a neat poultry house and a few well kept, profitable fowls. The editor of this publication will be only too pleased to cooperate with every reader desiring any information.

It is not unusual for the fanciers to quit hatching with April. Let me urge that hatching be continued during the months of May and June and also during July in a large part of our country. Let the old hen do her part—fill up the incubators—keep them going through May and June—the results will be worth while. Let us be prepared to consume every bit of table and kitchen scraps and make them a source of profit.

"MORE TRIALS OF THE TWENTY-FOURTH," POEM

In view of the local unrest regarding staying at home when all the other companies are being called out, the following effluence was found necessary by ye Poet Laureate: The Glendale boys who are members of the Coast Artillery will appreciate the verses.

"WAITING"

Well, we got our long lost uniforms, And part of the rifles, too, Which ain't 'arf so bad for old h'Uncle Sam, But now wot's 'e goin' to do?

Six months h'it was for them uniforms, Six months for them blinkin' guns, And now that the dashed h'equipment's 'ere 'E don't let us fight no 'Uns.

"Pack h'up your grips, you leave h'at once," The Old Boy says, says 'e, "Pack h'up your grips"—three months h'ago— "W'en h'I calls 'h'Artillery!"

We strains our h'ears for the fatal word, We 'olds h'our breath for a time; We keeps h'expecting h'every day To 'ear that name sublime.

But 'e's called out h'all the h'infan-

INSTALLATION OF MRS. JONES

The State Federation Convention closed Saturday evening at Pasadena after a very interesting week. The closing program witnessed the installation of the state and district officers. After a delightful program of music and a stereopticon lecture on Birds and Flowers by Mrs. Harriette Myers, Vice-President of the Audubon Society, which was one of the finest programs of the convention, Mrs. Helen A. Cable and her vice-presidents were installed, followed by the installation of the district presidents. Mrs. Mattison B. Jones of Glendale was duly made president of the Los Angeles District. This district comprises five counties, Los Angeles, Ventura, Inyo, Santa Barbara and San Luis Obispo, and Mrs. Jones was introduced as the little woman with the big job. Mrs. Mattison B. Jones was for two years the efficient president of the Tuesday Afternoon club and also was state chairman of Political Science two years ago. This department has been changed in name and is now known as the "Science of Government," as the term Political Science was misleading and savored too much of politics, a thing taboo by all well-regulated clubs. It was while engaged in this work that Mrs. Jones established a reputation as a clear thinker and one who was able to present her subject in a most intelligent manner and made many friends in the district. Mrs. Jones is looking forward with pleasure to the year's work and especially is pleased that she will have the assistance of two members from Glendale on the district board. Mrs. McNutt will succeed herself as chairman of the Parliamentary Section. Mr. Mattison B. Jones, Miss Winifred Jones, Mrs. C. E. Harlan, Mrs. R. A. Puffer and Mrs. Von Ovan were Glendale visitors at the closing session.

FAREWELL TO HISTORIC HALL

BERKELEY, May 7.—University of California Alumni, gathering here for the commencement exercises May 16, will say farewell to historic old North Hall. For forty years it has been the center of University student life. On its wooden steps countless thousands of bags of fragrant tobacco have been burned, yawns by the millions have been told and Freshmen, possibly by the thousands, have tested their lungs by making their maiden speeches or singing their maiden songs from its steps, to the delight of the tyrannical upperclassmen.

But on commencement day the University will gather there for the last time and in its place Benjamin Ide Wheeler Hall, a wonderful three quarter million dollar structure, will become the center of student life.

The farewell to North Hall will be but one of the features marking commencement week. Thursday evening, May 10, the graduating class will banquet at the Hotel Whitcomb in San Francisco. C. J. Carey of Sacramento will act as toastmaster, while President Wheeler, Prof. Matthew O. Lynch, '06, Jay Dwiggin, '11, famous football hero, Milton Schwartz, '01, Highway Commissioner C. F. Stern, '03, and Harry B. Seymour, '17, will be the speakers. The Senior Women will banquet the same evening at the Key Route Inn, Oakland.

Friday evening the Senior Ball will be given at the Hotel Oakland, while Saturday evening the Greek Theater will be the scene of the presentation of "Youth Comes Up," the extravaganza written by John R. Bruce of San Francisco and Marshall Maslin of Watsonville. Sunday the Most Rev. E. J. Hanna, D. D., Archbishop of San Francisco, will deliver the Baccalaureate Sermon at the Greek Theater.

Monday, May 14, is Class Day, beginning with the Senior Pilgrimage to the many spots on the campus, intertwined in college tradition. Miss Margaret Marchant of Ione, Miss Alberta McNeely of Sacramento, Prof. Henry Morse Stephens, Henry R. Hagaboom of Nordhoff, Lella Baldwin Berry of Berkeley, Eugene Mitchell Prince of Tuolumne, Floyd Wayne Stewart of San Jose and George Washington Cohen of Los Angeles will be the Pilgrimage speakers. The afternoon will be given over to a reception to the graduates by President and Mrs. Wheeler.

Wednesday, May 16, at 9:30 o'clock in the morning the Commencement procession will leave the Sather Campanile for the Greek Theater and there after addresses by Albert Lloyd Barows, Garry M. Creech, Harold Hyde of Watsonville, Harold A. Black of San Francisco and Doris Elizabeth McEntyre of Berkeley, Governor Stephens will deliver the military commissions and President Wheeler confer degrees and honors on the graduating class. The Alumni luncheon and annual meeting and the Alumni Pilgrimage, when the University's Lares and Penates will be carried from North Hall to Wheeler Hall, will close the commencement week.

MISS NOLAN ENTERTAINS DELEGATES TO W. C. T. U. COUNTY CONVENTION

The W. C. T. U. was delightfully entertained by Miss Nolan at her home, 239 S. Isabel street, Friday afternoon. A large number of members and friends were present. Very excellent reports of the recent county convention were given by the delegates. Mrs. Chandler spoke of the excellent work her department, the Mothers' Meetings, had done. The mothers who need the help of the Union most are the hardest to reach. Mrs. Moore talked from the legislative standpoint.

The convention sent to President Wilson a telegram, requesting his influence on Congress for immediate enacting into law, Congressman Randall's bill on National Constitutional Prohibition. Resolutions asking the president's action and effort toward Prohibition as a war measure, on the conservation of food, also protesting against the continuance of smoking in the halls of our state legislature.

Mrs. Mortern gave the business side of the convention. From the county corresponding secretary's report was shown a gain of 311 members, this number being enlarged by late reports, a total membership of about 2700. 330,149 pages of temperance literature were distributed during the year. Glendale is one of the seven highest in membership, having 85 members.

Much joy was experienced by all present when it was made known that Redondo Beach had gone dry after 35 years of wet policy.

The county treasurer reported a total of \$3041.65 for the year, with a balance March 1, 1917, of \$743.45. Much praise was given the corresponding secretary and treasurer for their faithful work.

Mrs. Morton, the faithful and capable local recording secretary, read an interesting and instructive report touching every phase of the convention. If space would permit we would have it all in this press item. The enthusiastic slogan of the convention was, "Every White Ribboner a Prohibition Patriot." We were not unmindful of our Nation's present crisis and needs in this worldwide clash of arms, and many fervent prayers were offered for our beloved President Wilson and for Congress.

Much effort is being put forth in the National Campaign of Anti-Cigarettes. Our state president, Mrs. Irvine of Riverside, spoke on Ideals. She said: "Some have ideals so high and hard to reach, while others have lower ideals, easily reached, but we should hitch our wagon to the stars, even though we could not reach them."

Our county president, Mrs. Phelps, used the same motto as the one first flashed across the wires, "What hath God wrought." To-day we have 25 states dry. The best sign of victory for temperance is the panic among the wine men and brewers.

\$145,900,000 worth of grain is spent in liquor annually. We must demand freedom from King Alcohol; then we can raise our eyes to the stainless flag, over a stainless nation."

Mrs. Irvine spoke of the mammoth "children's petition" for National Constitutional Prohibition being launched and circulated by herself; 100,000 children have signed it so far, and it is being sent by her to President Wilson.

Mrs. Root gave a brief report. She urged all delegates and friends who would attend the state convention to memorize the songs, "America" and "The Star-Spangled Banner."

Our president, Mrs. Smart, gave the finishing touches to the reports by telling us of the social side of the convention, of the shower of members and of the gift of roses and greenbacks, and the reception given the county president, Mrs. Phelps. Also of the strenuous work of the resolution committee, of which she was chairman.

The State W. C. T. U. Convention will be held in the First M. E. church, Sixth and Hill Streets, Los Angeles, May 22-25. Mrs. Ruby J. Smart will be present as local president and Mrs. Hattie E. Gaylord as county organizer, and the following delegates were elected: Mrs. Kara Smart Root, delegate-at-large, Mrs. Mary L. Moore, Miss Olive Marsh, Mrs. Nannie Palmer. Alternates: Mrs. M. E. Brown, Mrs. E. D. Potter, Mrs. Chandler and Mrs. Louise Morton. The afternoon closed with the serving of delicious refreshments by the hostess. The next meeting will be held May 18 with Mrs. R. W. Mortern, 1109 W. Fifth street. It will be a Better Babies afternoon.

Miss Barrett of Glendale was elected county secretary of the Young People's Branch.

USEFUL GARDENING

LANDSCAPE GARDENING GIVING WAY TO VEGETABLES AT STATE INSTITUTIONS

SACRAMENTO, May 7, 1917.—At the 15 big farms conducted in connection with the state institutions there is unprecedented activity just now in the way of planting. Every available foot of ground is being utilized, said Freeman H. Bloodgood, member of the state board of control, to-day. Landscape gardening is giving way to vegetable gardening. Lawns are being plowed and planted. Spaces between trees are being converted into small gardens.

"The state is setting the pace," said Bloodgood, "in answering the nation's call to the soil. Not a single square foot of tillable earth is being overlooked."

When one considers that 16,000 persons are housed in these institutions to be fed and clothed by the state, the momentous importance of intensive farming at this time can be readily realized. The more food-stuffs produced on these institution farms, the less drain upon the outside production. The products from the institution farms will amount in value to millions, and this year, it is expected, the yield will be almost 25 per cent. greater than in any previous year.

As an example, on the farm adjoining the Preston school for boys twenty acres are planted to tomatoes, 20 to string beans and 20 in cabbage. From the 20 acres of tomatoes it is expected that a yield sufficient to supply most of the institutions for a year will be secured. Special attention is being given to canning all vegetables possible. Bloodgood predicts that the 15 farms will produce enough vegetables to support the 16,000 inmates for a year.

Likewise, it will not be necessary for the state to purchase eggs, fresh fruit and pork. The dairy products and forage crops are not so plentiful on the state farms, but the bare fact that the state is able, from its own farms, to supply 16,000 persons with vegetables, fruit, eggs and pork, thus relieving to a great extent the pressure on the general supply, is of great importance.

Incidentally, the state will secure a \$4,000 alfalfa crop this year from its Sherman Island property, in addition to a big yield of asparagus, barley and potatoes. This property was purchased by the state for use in the project of uncorking the Sacramento river, but until the uncorking work starts, the land will be used for farming.

S. S. WORKERS TO HOLD CONVENTION

The arrangements for the convention of the Los Angeles County Sunday School Association, to be held May 10 to 12 at the Bible Institute in Los Angeles, have been completed and everything is in readiness for the 3000 delegates expected. The work has been done under the direction of a committee on general arrangements consisting of: Chairman, A. H. Rees; secretary, A. P. Read; treasurer, F. S. Taube, elementary department, Mrs. Leon C. Brockway; secondary, H. H. Godber and Mrs. A. R. Good; adult, Rev. John H. Hunter; administration, Rev. Byron H. Wilson; education, A. A. Macurda; registration, Miss Hattie Mueller; entertainment, A. L. Whiteside; reception and places of meeting, A. Larson; ushers and pages, Evan Jones; music, Prof. J. B. Trowbridge; program, James Edmunds; publicity, C. Mial Dustin; decorations, Mrs. M. O. Haldeman.

This committee is working under the executive offices of the association: W. H. Head, Alhambra, president; W. I. T. Hoover, Lordsburg, first vice-president; James Edmunds, Los Angeles, second vice-president; W. H. Borton, Alhambra, secretary; Fred S. Taube, Los Angeles, treasurer; Edward J. Ruentiz, Los Angeles, general secretary.

This year all delegates will pay a registration fee of 25 cents, which assures each a program, note book, badge and breakfast and lodging.

Aside from the regular program which is of special interest, there will be four events which are unusual: The first annual May festival concert on Thursday evening, May 10, at the Bible Institute, with 500 voices and an orchestra, under the direction of Professors J. B. Trowbridge and Arthur M. Perry; Friday from 5 to 6 o'clock in the lecture room of the institute, at the elementary hour, Miss Edith Brubaker, the story-telling girl, will entertain; on Friday evening at the Temple Baptist church, the second annual banquet will be held and Dr. Frank M. Dowling will act as toastmaster; on Sunday afternoon at the First M. E. church there will be a meeting for men only, addressed by Marion Lawrence, on "The Sunday School Preparing for the Billy Sunday Campaign."

The buying public expect business men to talk to them through the local paper. Have you not something to sell and something to say to the public? Don't whisper down a well; but advertise and get busy. The people like to read what you have to say to them. Do it now. The merchants have it in their power, by advertising, to draw new business to any town.—Rialto Record.

may be invested in various ways, but should not be squandered—lived on or worn away.

A man's credit may outlast a dozen fortunes and enable him to succeed on another attempt.

To use one's credit in business may be wise and profitable, but to live on credit, and thus wear it away, is always dangerous.

A man should live on what he earns, and invest his credit only after careful investigation, and when his best judgment convinces him that it will be safe and likely yield a profit.

Motion pictures are conceded by school authorities to have wonderful potentialities in educational work. As a substitute for traveling, they are said to be unexcelled and many claim that in time the thumb marked illustrations in geography books will give way to the "movie."
