Dynamic_antinomy, *cuadro on canvas*

This is a piece-object of narratives of cyberspace, *landscape* of the *semiosphere* between the *rethinker* of the thing transformable of the *city of thought* over its insularity. It provides from the *cybercities* where appears the *tableau vivants*, digital forms on the periphery of the city of film, in urban imaginaries contexts.

Dynamic antinomy as stratum rhizome (archaeology) of the incorporal automaton to cyberspace has a singular one`s *cuadre-canvas*, and apart within other 4 plaques of the 4 inner different views of this *cyberspace piece*.
