

New York Dec 30<sup>th</sup> 1829

Dear Friend

Your favor of 26<sup>th</sup>

inst was rec<sup>d</sup> yesterday. The draft on us for five hundred Dollars we have charged to your acct and passed the same to credit of Quincy & Knickerbocker acct annexed.

The proposal you make of drawing on us we accede too with pleasure.

It will be perfectly convenient for us to advance whatever amt you may want. I equally consent to you we would prefer drafts at our very sight where the amt exceeds say 250 Dollars.

Since writing you we have rec<sup>d</sup> 35 Hds Flour making in all 127 Hds now on hand which since stony we have not offered for sale but will dispose of it whenever we may think it most to your advantage. Owing to the unusually mild weather we still have which leaves every navigable communication with the City open. Flour is very dull though western maintains about the same price as when
