Our Respectful Founder Sir M.Vishveshwarayya
And
His Highness Sri Raja Jayachamarajendra Wodeyar
(Rajpramukh of Mysore Wodeyar Dynasty)

Sri Jayachamarajendra (Govt) Polytechnic, Bangalore

Institute:-

It's not what we did..... But how we did", it is the point which has a influence on the society at the large. Sri Jayachamarajendra Polytechnic Is the premier technical institute, the biggest in the South East Asia imparting technical training producing the 'Elements of Technical Fort' to be built safely by our technical elements.

The Institute started by great visionary and statesman Sir M vishveshwarayya for providing the value based technical education. It is situated on sprawling campus of 14 acres .SJP Offers 14 courses in various conventional and diversified areas of technology.

The Polytechnic is administered by the Govt Of Karnataka. and affiliated to the Board Of Technical Examinations , Karnataka. The institute provides high quality competence based formal, Non formal and Continuing Educational cell to meet the current needs of Industry, Business and community.

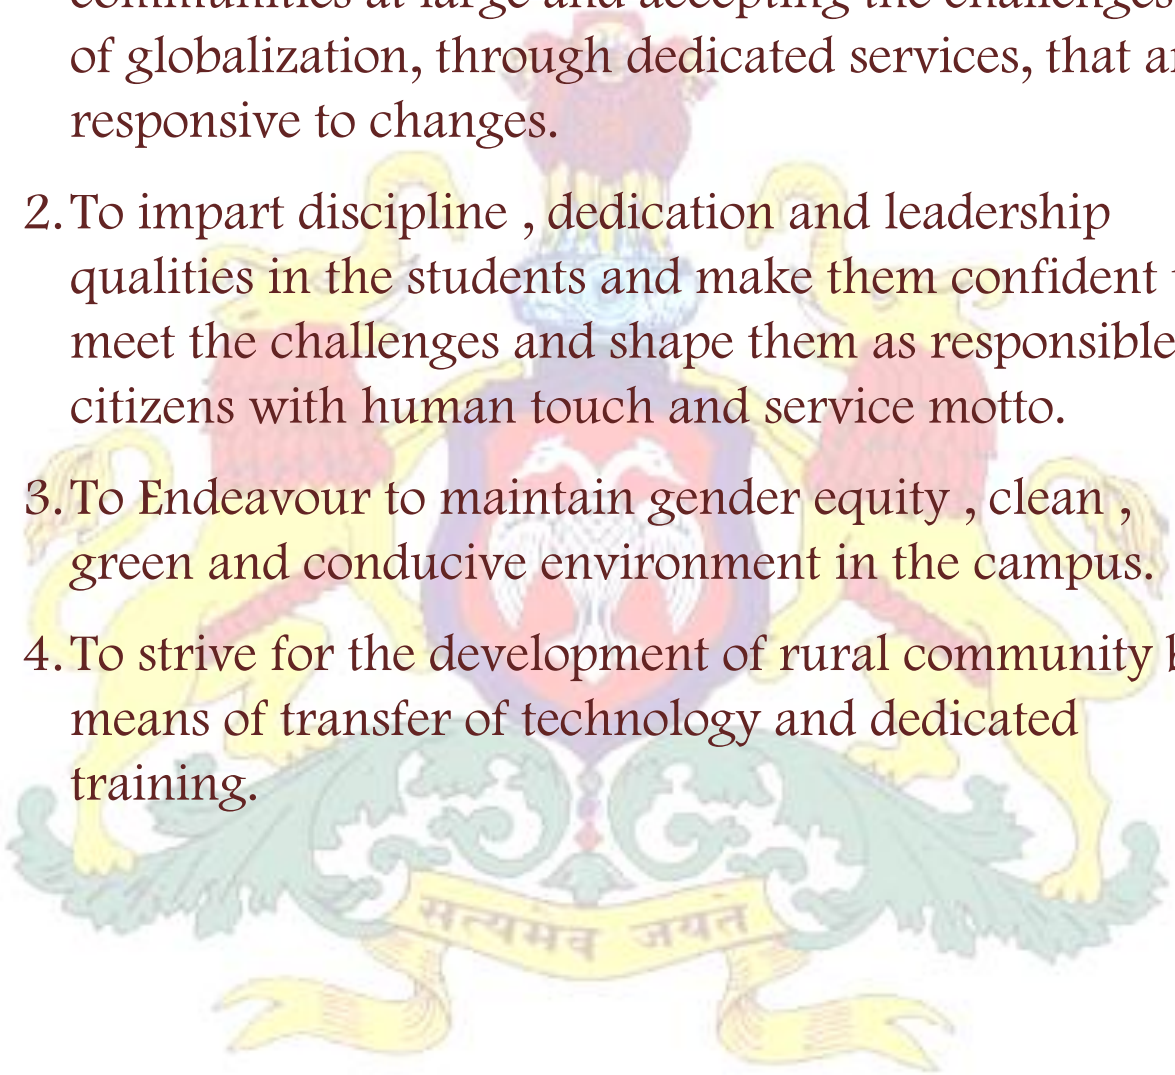

Our Vision:-

1. To become the best polytechnic in the country imparting a value added and need based responsive technical education to meet the challenges of liberalization , privatization and globalization.
2. To attend the self sustainability and overall development through consultancy research and development.
3. To Contribute for the positive and productive socio-economic development of INDIA.
4. To uplift the rural folk through community services.
5. To maintain open organization climate and strategic planning to meet the expectation of the stake holders.

“Academic Excellence Is Our Motto”

Our Mission:-

1. We are committed to impart quality training through both normal and informal modes of catering to the needs of the industries , business and communities at large and accepting the challenges of globalization, through dedicated services, that are responsive to changes.
2. To impart discipline , dedication and leadership qualities in the students and make them confident to meet the challenges and shape them as responsible citizens with human touch and service motto.
3. To Endeavour to maintain gender equity , clean , green and conducive environment in the campus.
4. To strive for the development of rural community by means of transfer of technology and dedicated training.

Placement And Training Cell

Placement cell of the institute is largely responsible and committed to the identification and catering to the need of training of students so that they are able to develop a good personality; and assist them to find right job and help them place in right companies before they pass out. We realize that in order to convert a raw student in to employable graduate, several behavioral attributes need to be addressed in addition to the development of technical skills. Some of the behavioral attributes are good communication skills, developing positive attitude towards work, understanding of moral and ethical values; to ensuring that students are aware of local and global economic scenario, local and global cause for concerns like global warming, food and agriculture, population explosion, Health and safety issues to industrial and R&D trends, prediction of future technologies etc . A blend of such interpersonal skills, awareness and the essential technical training they get in their course of study makes them an ideal candidate suitable for employment and service to the nation.

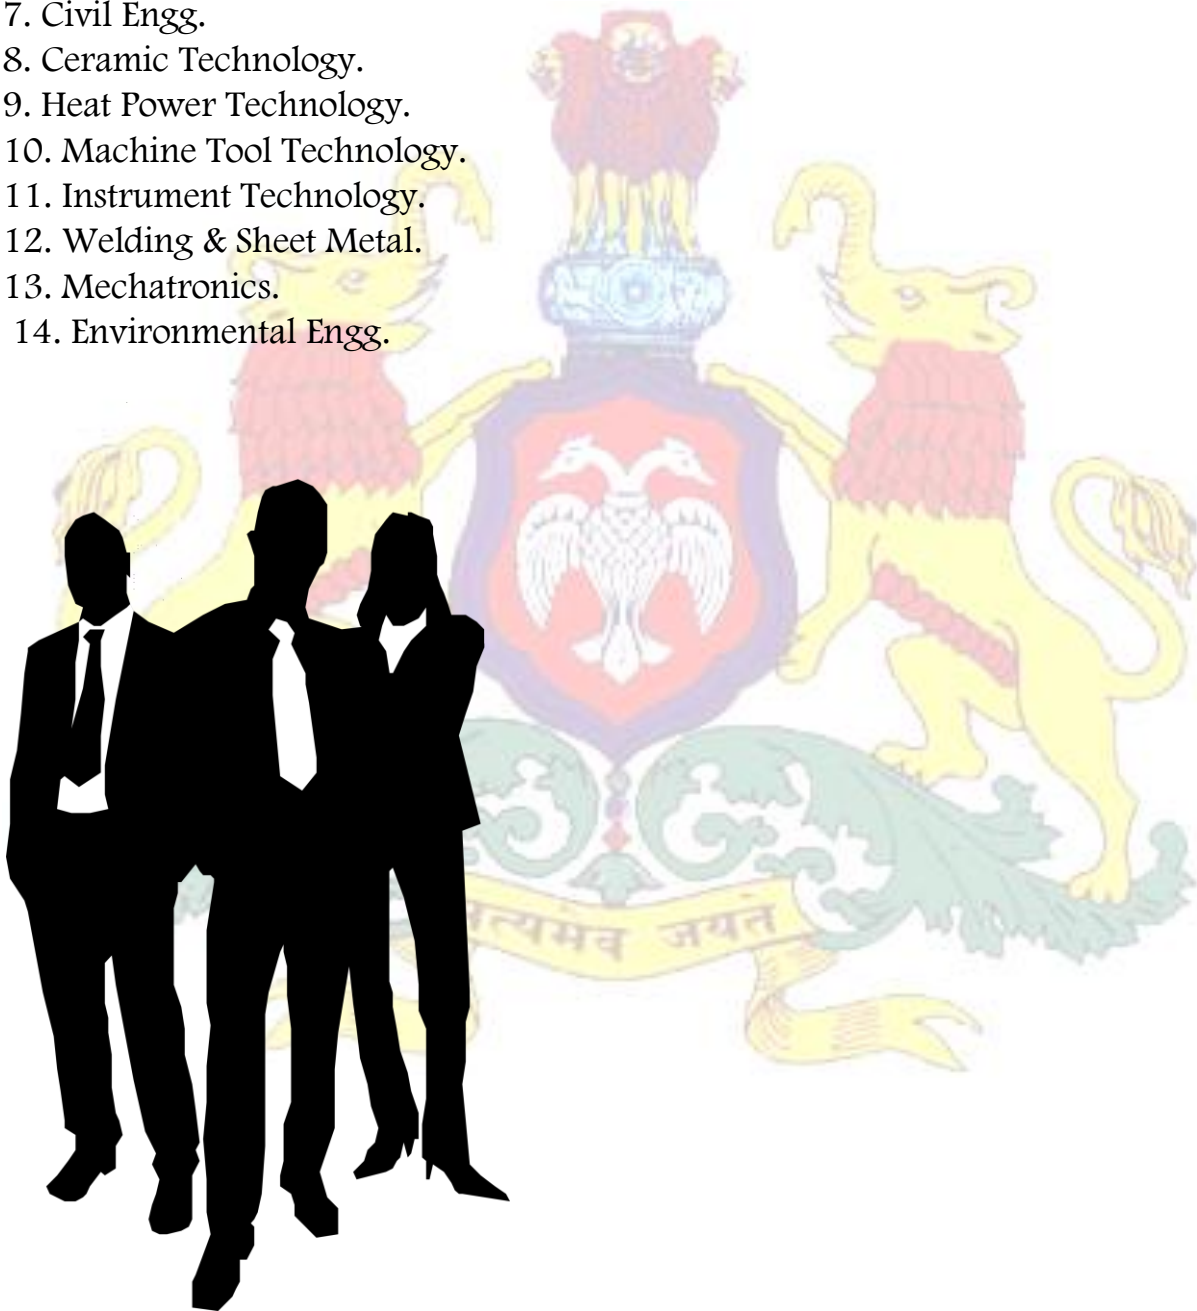

S.J.P has a fully fledged placement cell under working of Placement Officer. The database of all students maintained by the cell is furnished to prospective industries and organizations to meet their specific man power requirement. Training and Placement Cell at S,J Polytechnic is an effective institutional arrangement primarily aimed to train and place SJPians in the best known corporate entities all over India. The academic year 2012-13 has been another eventful and landmark year for the Placement Cell of SJP. The Cell Has a record by collecting more than 2500 industrial contacts with the help of its student co-coordinators, the cell strives for 100% Placements and the Placement season is named as **Job Mela**.
