

Message From the Postmaster General

FIRE PREVENTION WEEK

This year, Fire Prevention Week will be observed October 8-14. The 1989 theme of the National Fire Protection Association (NFPA) is *Big fires start small: Keep matches and lighters in the right hands*. The theme focuses on the need for improved fire safety education for children, particularly match and lighter safety.

About 75 percent of all residential fires in the United States are started with a match or lighter, and matches and lighters are what children most frequently use when playing with fire. Very young children cannot understand the consequences of playing with matches and lighters, and many older children, who do understand, have no idea how quickly a fire can grow out of control.

Keeping matches, lighters, and other heat sources where children can't obtain them is a good way to start making your home more firesafe. Teach your children and babysitters that matches and lighters are tools for adults only, and reward them for bringing matches and lighters they find to an adult.

- The facts about children playing with matches and lighters are:
- More than 300 people die in residential fires each year as a result of child fireplay.
- Three-quarters of all fatal victims of child-playing fires are 5 years old or younger.
- One-third of preschool fatalities occur between 8 a.m. and 4 p.m.
- Curiosity is the most common reason children play with fire.

In the Postal Service, our goal is to prevent fires altogether. We can achieve this through good housekeeping, proper storage of flammable and combustible materials, control of welding and cutting operations, control of other sources of ignition such as smoking products and matches, proper use and maintenance of electrical equipment to prevent overloads, and damaged electrical systems.

I encourage each of you to participate in Fire Prevention Week this year and hope that you will spend just a few minutes teaching a young person the consequences of playing with fire. It is also important to be observant of fire-causing conditions in your workplace. Through our combined efforts, we can prevent the tragic losses fires cause.

Second Generation Address Change Service

The US Postal Service is expanding Address Change Service (ACS). ACS is a national program primarily designed to provide second- and thirdclass ACS mailers with address correction information electronically, rather than by hardcopy Forms 3547, Notice to Mailer of Correction in Address, and 3579, Undeliverable 2nd, 3rd, 4th Class Matter.

ACS is available through Computerized Forwarding System (CFS) units. It was first introduced to mailing customers during the mid-1980s and has since proven successful in reducing undeliverableas-addressed (UAA) mail. As a result, the service offers financial and service benefits to ACS mailers, as well as to the Postal Service.

ACS is about to enter its second generation. In the past, the Postal Service supplied ACS participants with address correction information only for customers who moved. The service will now cover mail undeliverable for other reasons, including return endorsements such as Attempted Not Known, No Such Number, No Such Street, etc.

The Postal Service will be able to provide ACS participants with an electronic reason code to identify why the mailpiece was undeliverable. This new process eliminates the costly, labor-intensive manual process of returning address correction information. It enables mailers to purge addresses from their mailing lists, thus reducing both mailer and Postal Service costs.

Pilot testing of Second Generation ACS is presently underway at CFS I units located in Buffalo, NY, and Bloomington, IL, and at CFS II units at Long Beach, CA; Orlando, FL; and Richmond, VA. All pilot test sites are reporting positive results. Second Generation ACS will be made available to all CFS I and II sites by the close of Quarter I, Fiscal Year 1990.

Insured Mail

The article, Insured Mail, in POSTAL BULLETIN 21733, 7-13-89 (page 1), was intended to discuss domestic insured mail only. The limitations in that article do not apply to insured mail for Canada.

Many post offices are applying Form 3813-P, Receipt for Insured Mail—Domestic-International, to insured articles on which the 70-cent or unnumbered fee is paid. Under no circumstances should personnel affix Form 3813-P to an article addressed for delivery in the United States unless a fee of at least \$1.50 has been paid and the article is insured for more than \$50. The 70-cent fee insures domestically addressed articles for \$50 or less.

All insured mail to Canada and other foreign countries must be numbered and bear Form 3813-P or an approved facsimile.

Effective with DOMESTIC MAIL MANUAL (DMM) Issue 33, 12-17-89, Exhibit 911.21 is revised to add a note clarifying that \$25,000 is the maximum amount of postal insurance available. Fees for articles valued over that amount are for handling only. —Rates and Classification Dept., 9-28-89.

DMM Notice

PLUS ISSUES

Effective October 1, 1989, the DOMESTIC MAIL MANUAL (DMM) will be revised to implement a change in the Domestic Mail Classification Schedule (DMCS) adopted by the Governors of the Postal Service on September 11, 1989.

The classification change makes clear that an issue of a second-class publication that has excessive nonsubscriber or nonrequester copy distribution must separately qualify for second-class rates. This rule applies to all issues published at a regular frequency more often than once a month, whether or not the issue is published on the same day as another issue of the publication.

To implement this change, DMM section 428.225 is amended to incorporate the "more than once a month" frequency criteria. Section 428.226 is also amended to incorporate the frequency criteria and to adopt the classification change language that specifies the period of time that is considered in determining whether the issue in question is distributed to more than twice as many nonsubscribers or nonrequesters as any other issue of the publication.

Related regulations are also revised to clarify that the Postal Service may require publishers, at the time of application for original entry, additional entry, or reentry, or at other times, to demonstrate and document that their publications meet the requirements of sections 428.225 and 428.226.

Postal employees who are responsible for administering mailing requirements, particularly for second-class mail, must become familiar with the revised regulations. These regulations require application of simple mathematical tests to determine whether an issue of a second-class publication must independently qualify for second-class mail privileges. Forms 3541-CX, now renumbered as Form 3541-C, Second-Class Certification for Multiple Issues (On the Same Day), and 3541-EX, now renumbered as Form 3541-E, Second-Class Certification for Multiple Issues (Not on the Same Day), also have been revised and are included with this notice as exhibits to sections 428.225 and 428.226, respectively. (See pages 18 and 19.)

The revised DMM sections follow:

423.141 Original Entry Application. An applica-tion for a publication which seeks authorization under 423.1 must be filed on Form 3501, Application for Second-Class Mail Privileges (pink form), at the post office servicing the known office of publica-

tion. (See Exhibit 423.141, pages 1 and 2). The location indicated on the application as the original entry post office must be a post office. Other postal installations (such as branches, stations, nonpostal contract offices, processing hubs, etc.) will not be authorized as points for original entry. Refer to Publication 65, National Five-Digit ZIP Code and Post Office Directory, to determine the classification of a particular postal facility. The publisher must complete all applicable items on Form 3501, unless the publisher has completed the application by furnishing all information called for by questions 31 and 32. Form 3501 must be accompanied by either (1) Form 3541-C, Second-Class Certification for Multiple Issues (On the Same Day), if the publication's frequency includes more than one regular issue on any day, or (2) Form 3541-E, Second-Class Certification for Multiple Issues (Not on the Same Day), if the publication's frequency includes more than one regular issue per month, but not on the same day.

See Exhibit 423.431. The publisher must complete all applicable items on Form 3511. When one-half or more of the total copies distributed are purchased by news agents for resale or are consigned to news agents for sale, postmasters will not accept an application on Form 3511 unless the publisher has completed the application by furnishing all of the information called for by questions 33 and 34. Form 3511 must be accompanied by either (1) Form 3541-C, Second-Class Certification for Multiple Issues (On the Same Day), if the publication's frequency includes more than one regular issue on any day, or (2) Form 3541-E, Second-Class Certification for Multiple Issues (Not on the Same Day), if the publication's frequency includes more than one regular issue per month, but not on the same day.

Form 3541-C will be used by the Postal Service to determine whether either issue is a separate publication under 428.225 that must independently establish eligibility for second-class mail privileges. When requested, publishers must complete Form 3541-C and attach this form to the mailing statements submitted to the entry post office with the corresponding mailings.

425.92 Publications with More than One Regular Issue in a Month but not on the Same Day. The Postal Service may require the publisher to submit Form 3541-E, Second-Class Certification for Multiple Issues (Not on the Same Day) (see Exhibit 428.226), whenever an issue is regularly published during the same month as another issue of the same publication under the second-class authorization of the parent publication. Form 3541-E will be used by the Postal Service to determine if the issue is a separate publication under 428.226 that must independently establish eligibility for second-class mail privileges. When requested, publishers must complete Form 3541-E and attach this form to the mailing statements submitted to the entry post office with the corresponding mailings.

- 427.1 Changing Title, Frequency, or Office of Publication

427.11 Application for Reentry-Required. An application for reentry must be filed on Form 3510, Application for Additional Entry, Reentry, or Special Rate Request for Second-Class Publication, whenever the name, frequency of issuance, location of the known office of publication (see 422.3), or qualification category (see 421) is changed. When the name or frequency of issuance is changed, a Form 3510 must be filed at the post office of original entry with. two copies of the publication showing the new name or frequency. (See Exhibit 427.11.) When the frequency is being changed to one that includes more than one regular issue per month, but not on the same day, Form \$541-E, Second-Class Certification for Multiple Issues (Not on the Same Day) (see Exhibit 428.226), must be completed by the publisher and submitted with Form 3510. When the frequency is being changed to include more than one regular issue on any day, Form 3541-C, Second-Class Certification for Multiple Issues (On the Same Day) (see Exhibit 428.225), must be completed by the publisher and submitted with Form 3510. When the location of the known office of publication is changed, Form 3510 must be filed at the new mailing office with

two copies of the publication showing the name of the new office as the known office of publication. A reentry application need not be filed if the known office of publication is moved to a location served by the same post office.

Supplements and Related Issues

Effective with Issue 33 (12-17-89), DOMESTIC MAIL MANUAL (DMM) section 429 will be amended to incorporate clarifications developed since publication of the revised supplement regulations in 1988. The amendments are based on administrative interpretations of existing regulations that have been issued in recent months and concern matters raised by both postal personnel and customers.

The revisions: (1) clarify that the "external dimensions" of the supplement referred to in DMM 429.112e and 429.182c are the length and height; (2) amend DMM 429.114 to clearly provide mailers of supplements to unbound publications with the option of complying with the requirements for supplements to bound publications; (3) amend DMM 429.31g to clarify the definition of label carrier to provide that it is a single unfolded and uncreased sheet of paper or card stock; and (4) amend DMM 429.31g(4) to extend the alternatives for placement of addresses and address labels to include addresses on subscription, renewal, gift, and request forms and receipts.

National Stamp Collecting Month—Update

The National Stamp Collecting Month booklet announced that the field would receive dinosaur footprints as part of the Prehistoric Animals stamps promotion. However, the dinosaur footprint distribution is canceled because of unexpected production problems.

Marketing and communications directors are encouraged to develop another promotional strategy to stimulate customer participation in the contest and to create awareness of the value of the \$3.95 Discovery Kit. The kit contains the four new Prehistoric Animals stamps, a deluxe stamp mount, an Album Page with text about the stamps, and a colorful 1990 Dinosaurs Calendar printed by the American Museum of Natural History.

The popularity of dinosaurs and the beauty of these stamps provide an ideal opportunity to interest casual collectors and noncollectors in stamp collecting.

Pay Changes—Postal Police Officers

The new salary schedules for postal police officers appear on page 13.

Application. These instructions apply to employees covered by the 1987-1991 USPS-Federation of Postal Police Officers (FPPO) National Agreement.

General Increase. In accordance with article 9, section 9.01 of the subject agreement, effective October 7, 1989, Pay Period (PP) 22-89, employees covered by the Postal Police Officers' (PPO) Schedule will receive a \$300 per year general increase, applied to all grades and steps.

Implementation. The increase discussed in this Bulletin will be implemented on October 7, 1989 (PP 22-89), and will appear in paychecks distributed on October 27, 1989.

Postal Service Guide to U.S. Stamps: 15th Edition

The article, Postal Service Guide to U.S. Stamps, in POSTAL BULLETIN 21741, 9-7-89 (page 3), announced the availability of the 16th edition of *The Postal Service Guide to U.S. Stamps*, Item 8864. The article inadvertently omitted information about disposing of the 15th edition of the Guide, Item 8863.

Because, beginning October 1, offices should sell only the 16th edition, they must withhold all remaining copies of the 15th edition from sale immediately after receiving the 16th edition and take the following actions:

1. Retail Outlets. Collect all copies of the 15th edition of the Guide from stamp credits. Immediately return them to the main stock using Form 17, Stamp Requisition.

2. Post Offices. Consolidate all remaining copies of the 15th edition of the Guide in the main stock. Hold them for return to the stamp distribution office (SDO) during the week of October 9-14. List the quantity and value of the returned stock on Form 17, record the value in AIC 501, Postage Stock Shipped, and reduce stamp accountability accordingly. The name and finance number of the SDO, as well as that of the shipping office, must be on Form 17.

3. Stamp Distribution Offices. Record the value of all copies of the 15th edition of the Guide received in AIC 005, Postage Stock Received, and increase stamp accountability accordingly.

4. Management Sectional Center/Division Benjamin Franklin Stamp Club Coordinators and Project Leaders. Submit Form 17 for the number of 15th editions of the Guide necessary for the Benjamin Franklin Stamp Club program. (Please note that quantities still available may be limited.) The products used in promoting the program must be stamped Not for Resale. The person having custody of accountable paper must attest that each item has been so stamped and prepare Form 3238, Stamps and Stamped Paper Destruction Certificate, endorsed: Philatelic Products Given to Benjamin Franklin Stamp Club. Attach the related Form 17 to the office copy of Form 3238. Project coordinators will acknowledge receipt of Item 8863 and are responsible for its control.

5. Disposition. Dispose of all remaining copies of the 15th edition of the Guide in accordance with Handbook F-1, Post Office Accounting Procedures, 450.

Because disposition instructions have been issued annually for past issues of Stamps and Stories and The Postal Service Guide to U.S. Stamps, offices should have only the 16th edition in inventory after completing the above procedures. If previous issues of any of the above publications are on hand, offices should dispose of them immediately, in accordance with Handbook F-1, 450.

AMERICA Commemorative Stamp

A 25-cent commemorative stamp in the new AMERICA Series, celebrating the 500th anniversary of the discovery of America, will be issued October 12 in San Juan, Puerto Rico.

Joining the U.S. Postal Service in the 4-year celebration are the postal administrations from the 23-member nations of the Postal Union of the Americas and Spain (PUAS). Each nation's first AMERICA Series stamps will honor the customs, images, and traditions of native Americans whose tribes and ancient civilizations existed prior to Columbus' arrival on American shores.

The stamp was designed by Lon Busch of St. Louis, Missouri. Busch also designed the 45-cent airmail stamp that will be issued in conjunction with the commemorative issue and the 1987 Pan American Games stamp.

The 25-cent commemorative stamp features a reproduction of a carved ritual figure of the American Mimbres, a Southwest Indian culture that existed before Columbus.

Since its inception in 1931, the PUAS has worked to enhance communications by mail and promote the common interest of philately among member countries. Originally founded in 1911 as the South American Postal Union, it consisted of only 10 South American states. Today, the PUAS boasts member nations from North America, Central America, South America, and Spain. Procedures for ordering first day cancellations follow.

Customers Affixing Stamps. The Postal Service encourages customers to purchase the AMERICA stamps and affix them to their envelopes. Covers bearing stamps receive preferential service. Customers must address envelopes on the right side at least 5% inch from the bottom and affix stamps approximately 14 inch from the top and right edges. Requests must be postmarked by November 11 and addressed: Customer Affixed Envelopes, AMER-ICA Airmail Stamps, Postmaster, San Juan, Puerto Rico 00936-9991. No remittance is required.

Postal Service Affixing Stamps. The price is 25 cents per stamp. The Postal Service accepts checks in the exact amount up to the limit of 50 envelopes. Customers should not send cash or postage stamps. Orders must be postmarked by November 11 and addressed: AMERICA Airmail Stamps, Postmaster, San Juan, Puerto Rico 00936-9992.

Combination Cancellations. Customers also may choose to have the Postal Service affix both the 25cent and 45-cent AMERICA Series stamps to their covers and apply a single first-day cancellation. The price for combination cancellations is 70 cents each. Orders must be postmarked by November 11 and addressed: Combination Cover, AMERICA Series Stamps, Postmaster, San Juan, Puerto Rico 00936-9996.

After effices deplete local stocks of the Item, it is available from all philatelic centers and by mail order from the Philatelic Sales Division for approximately 1 year after the date of issue. The stamp was designed by Lon Busch of St. Louis, Missouri. Busch also designed the commemorative stamp that will be issued in conjunction with the airmail issue and the 1987 Pan American Games stamp.

The 45-cent airmail stamp features an image of a carved wood figure commonly called the Key Marco Cat. The artifact is a ceremonial figure of the Calusa culture that existed during the Pre-Columbian Mississippian period.

Since its inception in 1931, the PUAS has worked to enhance communications by mail and promote the common interest of philately among member countries. Originally founded in 1911 as the South American Postal Union, it consisted of only 10 South American states. Today, the PUAS boasts 24member nations from North America, Central America, South America, and Spain. Procedures for ordering first day cancellations follow.
