SPOTLIGHTING THE VALUE IN OUR CULTURE

Indigenous people have a lot of knowledge, culture and native intelligence to share with the world. But often, knowledge about them are underrepresented on the internet and Wikimedia projects.

WHY WE IMPLEMENTED THE AID PROJECT

- To bring in the unique knowledge and dance culture of the igbo people in the form of free licensed audiovisuals, audio recordings and images in the digital space through Wikimedia projects.
- To showcase the beautiful culture of the indigenous igbo people.
- To preserve these dances and the stories behind them.
- To ensure history is told by the rightful people who are indigenous to it.
