MAR 21 1988

Dear Sir:

HEALTH SERVICES LIBRARY

In compliance with Article 4, Section 90-57 of the General Statutes of North Carolina, we are pleased to submit to you and to the North Carolina Pharmaceutical Association the One-Hundred-Fifth Annual Report of the North Carolina Board of Pharmacy. This report contains the proceedings of the Board for the fiscal year ending September 30, 1986.

Respectfully yours,

NORTH CAROLINA BOARD OF PHARMACY  
David R. Work, Executive Director

ONE-HUNDRED-FIFTH ANNUAL REPORT  
OF THE  
NORTH CAROLINA BOARD OF PHARMACY

New Regulations

The 1985-86 fiscal year was busy from a regulatory standpoint with the Board holding two public hearings to consider regulations, one in October of 1985 and one in August of 1986. The October hearing produced new regulations on Examinations, Transfer of Prescription Information, and a thorough section on Prescription Information and Records. The examination section of the Board regulation was changed to be in harmony with the new national examination for licensure. A section was added to the regulations on filling and refilling prescriptions to allow the transfer of prescription information for refill purposes. This section generally follows the federal regulations on controlled substances which does allow the transfer of prescriptions for controlled substances if it is permitted under state law. The section of prescription information and records was developed by a committee consisting of Doug Sprinkle, Crown Drugs; Charles Burkett, Eckerd Drugs; Kenneth A. Burleson, Catawba Memorial Hospital, Hickory; James Clow, Clow Drugs, Smithfield; Jimmy Jackson, Kerr Drugs; Elena Marsh, Presbyterian Hospital, Charlotte; Milton Whaley, NC Mutual Drugs; and William Whitaker Moose, a Board Member from Mt. Pleasant. This can be found in Board Regulations 21 NCAC 46.2300 et.seq.

At the June, 1986 meeting the Members considered the unusual situation which allowed the transfer of prescriptions for non-controlled drugs but did not permit the transfer of prescriptions for controlled substances for refill purposes. After a thorough discussion the Members approved a motion requesting that the Commission on Mental Health, Mental Retardation and Substance Abuse change their regulations to allow the transfer of prescriptions for controlled substances for refill purposes.

In August of 1986 the Board held a hearing to consider regulations on the dispensing of drugs by registered nurses in health departments. The proposal which was considered was developed by a committee consisting of Dr. Thad B. Wester, Health Director, Robeson County Health Department, Lumberton; Ms. Estelle Fulp, Chief Nurse, Division of Health Services, Raleigh; Mr. Hugh Young, Health Director, Edgecombe County Health Department, Tarboro; Ms. Denese Houston, Health Director, Alexander County Health Department, Taylorsville; Ms. Hilda Newton, Nursing Director, Gaston County Health Department, Gastonia; Dr. Ronald Levine, State Health Director, Raleigh; Mr. Charles Reed, Pharmacist, Adult Health Services, Raleigh; Mr. Al Mebane, Executive Director, NC Pharmaceutical Association, Chapel Hill; Mr. W. Whitaker Moose, Member, NC Board of Pharmacy; Ms. Evelyn P. Lloyd, Member, NC Board of Pharmacy; and, Mr. David Work, Executive Director, NC Board of Pharmacy. The Board eventually adopted regulations during the next fiscal year and they will be described in the Annual Report for the Board's 106th year.

### Leaders Forum

The Board again served as the organizing group for the annual Pharmacy Leaders Forum which was held in February at Mid Pines in Southern Pines. Mr. William Whitaker Moose, the President of the Board and the founder of this concept served as Chairman. Approximately 30 leaders in pharmacy met on the weekend of February 7th, 8th and 9th and discussed many issues of concern to pharmacy.

Two committees were formed, one for the study in issues in pharmacy manpower with Chris Rudd as its Chairman and members Bill Adams, Gil Hartis and Betty Dennis and another group was formed to examine the situation of non-pharmacist dispensing of drugs, determine if a problem exists and recommend action. The second group consisted of Steve Caiola, Dan Teat, Harold Day, Steve Dedrick, Bruce Barkus and Shelton Brown. The report of the Committee on issues in pharmacy manpower is included in this report while the group concerning non-pharmacists dispensing did not produce any results.

### Campbell University School of Pharmacy

At the November meeting the Members heard a progress report from Dean Ronald Maddox on the formation of the Campbell University School of Pharmacy. This is a noteworthy event with Campbell opening the first School of Pharmacy in the United States in 35 years. With Mr. William H. Randall, Jr., a Board Member, serving as a clinical faculty member at Campbell they are keeping the Board closely apprised of their progress.

### Board Member Election

The Election held in the Spring of 1986 for two positions, the south central part of the state and the north eastern part of the state yielded the following results. Mr. William Whitaker Moose received 1,353 votes and Mr. Ronald Small received 552 votes and Mr. Moose was declared the winner and elected to a three year term beginning in the Spring of 1987. In an unusual situation in which Mr. William R. Adams, Jr. ran without opposition he received 1,673 votes with a scattered number of write-ins and Mr. Adams was duly elected to a term to begin in the Spring of 1987.

### Information Required by GS93-B

The North Carolina Board of Pharmacy had its offices at 602H Jones Ferry Road in the Willow Creek Shopping Center in Carrboro for the period of October 1st through September 30th. During the 1985-86 fiscal year there were 191 applicants for examination, none were refused admission to the exam and all applicants took the examination for licensure. A total of 174 persons were licensed as pharmacists by examination during this year while 200 individuals applied for licensure by reciprocity, 199 were licensed by reciprocity and 1 failed to meet reciprocity requirements. The Board suspended 14 licenses during this year and revoked 2 licenses. No other licensees were terminated for any reason other than failure to pay the required renewal fee.

.1806 TRANSFER OF PRESCRIPTION INFORMATION 29.2

(a) The transfer of original prescription information for the purpose of refill dispensing is permissible between pharmacies subject to the following requirements: 29.2

The transfer is communicated directly between two pharmacists and not by only one pharmacist gaining access to an information file containing data for several locations, and the transferring pharmacist must record the following information: 29.2

(1) The word "VOID" or its equivalent on the face of the invalidated prescription which invalidates any remaining refills. 29.3

(2) The name and address of the pharmacy to which it was transferred and the name of the pharmacist receiving the prescription information on the reverse of the invalidated prescription. 29.3

.2304 AUTOMATED DATA PROCESSING SYSTEMS 38.3  
 As an alternative to procedures in Rules .2301 and .2302, an automated data processing system may be employed as a recordkeeping system if the following conditions are met: 38.6  
 (1) The system shall have the capability of producing sight-readable documents of all original and refilled prescription information. The term sight-readable means that a regulatory agent shall be able to examine the record and read the information. During the course of an inspection, the record may be read from the cathode ray tube, microfiche, microfilm, printout or other method acceptable to the board. In the case of administrative proceedings before the board, records must be provided in a readable paper printout form. 38.9 38.10 38.11 38.12  
 (2) Such information shall include, but not be limited to the prescription requirements and records of dispensing as indicated in Rules .2301 and .2302 of this Section. 38.14  
 (3) The individual pharmacist responsible for completeness and accuracy of the entries to the system must provide documentation of the fact that prescription information entered into the computer is correct. In documenting this information, the pharmacy shall have the option of either: 38.16 38.17  
 (a) providing a printout of each day's prescription information. That printout shall be dated and the individual pharmacist shall verify that the information indicated is correct and sign the printout in the same manner as a check or legal document (e.g. J.H. Smith, or John H. Smith). Such printout must be maintained three years from the date of last dispensing; or 38.20 38.21 38.22  
 (b) maintaining a log book, or separate file, in which each individual pharmacist involved in such dispensing shall 38.24

sign a statement each day attesting to the fact that the prescription information entered into the computer that day has been reviewed and is correct as shown. Such a book or file must be maintained at the pharmacy employing such a system for a period of three years after the date of last dispensing. 38.

(4) Documentation in (3) of this Rule must be provided in the pharmacy within 72 hours of date of dispensing. 38.

(5) An auxiliary recordkeeping system shall be established for the documentation of refills if the automated data processing system is inoperative for any reason. When the automated data processing system is restored to operation, the information regarding prescriptions filled, refilled or transferred during the inoperative period shall be entered into the automated data processing system within the time equal to the number of inoperative days times three; for example, if the system were inoperative for 5 days then all interim data shall be entered within 15 days of the last inoperative day. However, nothing in this Section shall preclude the pharmacist from using professional judgment for the benefit of a patient's health and safety. The auxiliary record keeping system shall be backed up at least weekly at the discretion of the pharmacist-manager. 38.

(6) Any pharmacy using an automated data processing system must comply with all applicable state and federal laws and regulations. 38.

(7) A pharmacy shall make arrangements with the supplier of data processing services or materials to assure that the pharmacy continues to have adequate and complete prescription and dispensing records if the relationship with such supplier is terminated for any reason. A pharmacy shall assure continuity in the maintenance of records. 38.

(8) Pharmacist-Managers in pharmacies with computers or data systems acquired before January 1, 1986, shall comply with these Regulations by July 1, 1987. Pharmacist-Managers in pharmacies with computers or data systems acquired after January 1, 1986 shall comply with these Regulations immediately. 38.

REPORT OF CERTIFIED PUBLIC ACCOUNTANTS

Governor James G. Martin  
North Carolina Board of Pharmacy  
The General Assembly of North Carolina

We have examined the balance sheet of the North Carolina Board of Pharmacy as of September 30, 1986 and 1985, and the related statements of revenues and expenditures and changes in fund equities for the years then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion the financial statements referred to above present fairly the financial position of the North Carolina Board of Pharmacy at September 30, 1986 and 1985, and the results of its operations and changes in its financial position for the year then ended, in conformity with generally accepted accounting principles.

NORTH CAROLINA BOARD OF PHARMACY

NOTES TO FINANCIAL STATEMENTS

For the Years Ended September 30, 1986 and 1985

1. Summary of Significant Accounting Policies.

The accounting policies and practices of the Board conform to generally accepted accounting principles for Special Revenue Funds. Certain major policies and practices follow:

- A. The Board records the revenues and expenditures of its operation on the modified accrual basis of accounting. Under this basis, expenditures are recorded at the time liabilities are incurred, and revenues are recorded when they become available and measurable.
- B. Property and equipment is recorded as an expenditure of the Operating Fund in the year of acquisition. The proceeds from the sale of property and equipment is recorded as revenue to the Operating Fund. For reporting purposes, the fixed assets are reflected in the Fixed Assets account group with no provision for depreciation.

2. Lease - Office Space.

The Board entered into a five-year agreement on December 14, 1983, for the lease of office space. The lease, which runs from March 1, 1984, to February 28, 1989, requires a monthly expenditure of \$1,900 for the duration of the agreement.

3. Lease - Office Equipment.

The Board entered into a 48-month lease with IBM on December 17, 1983, for an IBM Memory 50. The payments are \$237 per month, and payment was begun in February, 1983.

4. Pension Plans.

All full-time employees employed prior to July 1, 1983, are covered by the Teachers' and State Employees' Retirement System of North Carolina. The Board has developed a contributory pension plan for all full-time employees employed after July 1, 1983. Total pension expenses were \$19,967 for the year ended September 30, 1986, and \$19,647 for the year ended September 30, 1985.
