

Ask for

5 gallons of greater protection

5 gallons of lower repair bills

5 gallons of better compression

5 gallons of higher gasoline mileage

WHEN YOU BUY OIL the chief question is: Are you getting a *specialized lubricating oil*—or oil which is merely an incidental by-product of some gasoline refinery?

Price per gallon, or "looks," or "feel," or chemical tests cannot answer that question. Then how can you be sure? Ask for a 5-gallon can of Gargoyle Mobiloil—the grade recommended for your car.

Gargoyle Mobiloil is a *specialized lubricating oil*, carefully refined from crude oil specially chosen for its lubricating value.

Sheer superiority of results accounts for the fact that throughout the country there are more *specific requests* for Gargoyle Mobiloil than for any 3 other oils combined.
