

BORDEN RETIRES AND PARTY RE-NAMED

U.S. Democrats Make No Declaration On Prohibition Question

Draft of Platform Put Before Convention at San Francisco Contains No Reference to Issue; Sympathy With the Armenian People Expressed.

San Francisco, July 2.—The platform committee of the Democratic National Convention completed its labors at 12.15 this morning with the decisive defeat of both the wet and dry planks. The committee draft of the platform, which will be submitted to the convention to-day, contains no mention of the prohibition enforcement issue.

The repeated efforts to insert wet or dry planks were all defeated by the same vote, 30 to 12. W. J. Bryan was said to have abandoned his efforts to insert a dry plank before the committee and to carry his fight before the convention itself.

The sub-committee's plank on Armenia also was rejected by the full committee. The plank is understood to have declared that the United States should consider it a duty to see that complete independence and order were guaranteed to the new Armenian republic.

The committee adopted, however, by an overwhelming vote, a substitute plank expressing sympathy for the Armenian people and promising assistance in so far as it shall be considered possible and proper.

RIFLEMEN WILL COMPETE HERE

Meeting of B. C. Rifle Association Last Week in July

Vancouver, July 2.—At a meeting of the Council of the British Columbia Rifle Association, held in Vancouver, it was decided that the annual prize meeting of the Association would be held at Victoria during the last week of July. Matches will be open to all comers and it is expected that there will be a record attendance.

CURFEW PLAN NOW LIVE ISSUE AGAIN

Mayor Expected to Lead Fight Against Scheme When It Is Revived

Developments that have taken place during the last forty-eight hours appear to have made the proposed enforcement of the Curfew by-law in Victoria a live issue once more. The Council virtually rejected the idea last Monday, but with an infinitesimal group of adherents pressing it is probable now that a reconsideration would result in a reversal of decision.

Mayor Parkes is expected to lead the anti-curfew forces of the Council when the question is laid before it again. "I do not think," His Worship stated this morning, "that there is a wide demand for the curfew as at all. If I did I should support it. If a delegation of young girls, for whom the curfew is supposed to be such benefit, would come before the Council and urge that the curfew be hung, saying that it would be to their advantage, why, then I should think more of the plan. As it is, however, I don't consider the public wants the curfew."

Since the Council met Monday and defeated an amendment to the Curfew by-law, presented by Alderman Patrick, the father of the curfew project, some aldermen, it is understood, have changed their minds on the subject. Thus Alderman Sangster, whose vote Monday night was the deciding factor in killing the Curfew by-law amendment, would not state to-day which way he would vote on the question again.

The whole proposal, however, cannot be dealt with in quite the same way as before. The amendment introduced by Alderman Patrick and killed Monday night could not be introduced again. This amendment provided that the curfew by-law could be enforced in any way the Council sees fit, the by-law as it stands providing that enforcement shall be by a certain whistle non-existent at present. A new amendment providing that enforcement shall be by a certain method, to be determined beforehand, or that of course, be introduced if the curfew forces see fit.

The Mayor, who is Chairman of the Police Commission, was asked to-day whether the Commission would see that the Curfew by-law was strictly enforced should it be endorsed by the Council. He replied, "The Council must first provide us with some alarm, bell, whistle, or other arrangement which has official sanction."

265,000,000 MARKS IS TOTAL OF GERMANY'S DEBT

Berlin, July 1.—Via London, July 2.—Germany's total debt is 265,000,000 marks, Minister of Finance Wirth announced before the budget committee of the Reichstag to-day.

RIFLES SEIZED BY POLICE IN DONEGAL

Large Quantity of Ammunition Taken; Duplin Without Newspapers

Dublin, July 2.—The police yesterday seized 500 rifles and a large quantity of ammunition in the Strainadar district of Donegal.

Soldiers Called Out. London, July 2.—A dispatch from Dublin said soldiers were hurriedly called out of their barracks at 1.10 yesterday morning by the discharge of firearms in the neighborhood of the Kingsbridge terminus of the Great Southern Railway line. There was no explanation of the disorder.

Another Dublin dispatch said the Typographers' Union had called out its members last night in consequence of the newspapers refusing to accept a union advertisement. No newspapers would be able to publish to-day it was said.

BREAD PRICE IS UP AGAIN TO-DAY

Bakers' Strike Over at Last; Open Shop Principle Wins

Bread is up one cent a loaf in Victoria to-day. This is for an eighteen-ounce loaf.

The Victoria price is now the same as the Vancouver price. In Vancouver the revision upwards was brought into effect a week ago.

Bakers here explain that the present advance is due solely to the last rise in the price of flour authorized by the Canada Wheat Board. The new bread price was not brought in when the wheat price change came in about a month ago because bakers had stocks of flour on hand bought up at the old prices.

Along with the increased price of bread it was announced to-day that the bakers' strike which tied up all bakeries here for a couple of days in the Spring was over.

All bakeries have been now placed on the open shop. Some of the union strikers who went out have been taken back. The others are still out of jobs, as when they went out their places were filled by others.

TURKS CLAIM TO BE MOVING AHEAD

The Nationalists Say They Worsteds Greeks and Continue to Gain

Constantinople, July 1.—Via London, July 2.—There is great exultation among the Turks in Constantinople because of the alleged victory of the Nationalists over the Greeks in the vicinity of Pergama, where Mustafa Kemal Pasha's forces are reported to have outflanked the Greeks and to be moving northwards toward Panderma (sixty miles south-west of Constantinople on the Sea of Marmora), having taken several thousand prisoners.

Germany Must Deliver Bonds Under the Treaty

Paris, July 1.—It is officially announced that the Reparations Commission has determined upon the form of bonds Germany must deliver pursuant to the Treaty of Versailles. The announcement does not disclose, however, what form this is.

The Commission also has decided favorably upon the Belgian request for the delivery of breed stallions and mares in addition to the restoration of the animals removed by Germany during the war.

PREMIER FINDS NO FAULT WITH RESULT

Says Jury's Findings a Satisfactory Vindication of His Character

Declines to Discuss Famous Action Beyond That Point

Apart from a short statement dealing with the essential factors in the libel suit which concluded on Wednesday Premier Oliver was not inclined to enter into any detailed account of his general impressions, his satisfaction or disappointment, when asked to do so by The Times representative this morning.

The Premier contented himself with the following, in which he described the verdict of the jury as a vindication of his character eminently satisfactory to himself.

"His Lordship, Mr. Justice Macdonald, put the case to the jury in the clearest possible manner. He advised the jury that if the allegations of Mr. Elliott in the Petley and Keith matter were true, then they must find a verdict for the plaintiff. The Premier stated that he was satisfied that the statements made by the defendant in the Petley and Keith matter were not true, yet it is evident that those statements Mr. Elliott acted without malice, he had a good defence.

"The jury found that Mr. Elliott's statements were not true, and that he made those statements maliciously—hence, a verdict for the plaintiff was the inevitable result. As a vindication of my character the verdict of the jury is eminently satisfactory."

Liner Empress of Asia Refused All Mail Matter for Shipment to Orient

For the first time within the recollection of port officials in thirty years a subsidized mail liner left this port to-day for the Orient without a sack of mail matter in her holds.

The steamship in question was the Empress of Asia, 16,850-ton carrier of the Canadian Pacific Ocean Services fleet, bound from Vancouver to Hongkong via Victoria and Yokohama.

Just what intervened to prevent the Empress of Asia from carrying mails this voyage is not clearly apparent, but from statements made by postal officials it is evident that some hitch has developed in the mail contract between the transportation corporation and the Government.

AGENT-GENERAL HAS WRITTEN TO PREMIER

Mr. Wade Complains of His Treatment at Hands of Mr. Oliver

In a lengthy letter which reached the Parliament Buildings this morning F. C. Wade, K.C., Agent-General for British Columbia in London, complains bitterly of the strictures passed upon him by the Premier of the Province and published in the daily press of this country.

Mr. Wade takes the stand that he is not a civil servant or an employee of the Government in the sense that the Premier uses the term. And while Mr. Oliver was not agreeable to the letter to be made public, it is presumed that the tenor of Mr. Wade's communication follows very closely the lines of his interview recently given to the Cross-Atlantic Newspaper Service in London and published a few days ago in these columns.

The Premier stated, however, that he was not accepting the argument advanced by the Agent-General; nor did he intend to take anything back which would in any way alter his opinion of the matter which led to the Agent-General's admonition through the medium of the press. Further than that, Mr. Oliver was not prepared to offer any additional opinion one way or the other.

JAPANESE SHIP IS ASHORE OFF CENTRAL AMERICA

San Francisco, July 1.—Cabled advices that the Japanese freight steamship Koye Maru is ashore, and in a leaking condition off Seranna Bar, on the Central American coast, were received by the marine department of the Chamber of Commerce here to-day. Assistance has been sent to the stranded vessel, and her crew of 100 are believed to be safe.

The Koye Maru left New Orleans June 14 with a general cargo bound for San Francisco and Far Eastern ports. She is on the San Francisco and Central American route of the Toyo Kisen Kaisha.

NEW LOAN BEING FLOATED IN SPAIN

Madrid, July 2.—Subscriptions for treasury bonds of 300,000,000 pesetas at 3 1/2 per cent. have opened with 45,000,000 subscribed in Madrid alone. The whole amount is expected to be covered in two days.

The Government has decided to put up for public tender the manufacture of matches, heretofore a Government monopoly.

RIOTS LEAD TO MARTIAL LAW AT LUBECK, GERMANY

Berlin, July 1.—Via London, July 2.—Martial law has been proclaimed at Lubeck owing to the serious disturbances there. In the food riots the police used rifles and three persons were killed yesterday. The citizens' guard was called out and calm was restored by midnight.

Platform of New National Party Has Many Planks

Ottawa, July 2.—The platform of the National Liberal and Conservative Party, founded at the Government caucus yesterday, is as follows:

Constitutional: Firm adherence to British connection, in full confidence that Canada will find its amplest scope for development, usefulness and influence as a member of the Britannic Commonwealth with the status of a self-governing nation equal to that of the other members. Maintenance of the autonomy of Canada and its existing rights and powers of self-government. Approval of the principle that no treaty, understanding or commitment which may involve the Empire ought to be undertaken except after consultation and by common consent in the common interest.

Approval of Canada's membership in the League of Nations and a firm determination to maintain our recognized status as a member of the League.

The upholding by every means within the Federal power of constituted authority throughout the Dominion.

Maintenance of Parliamentary control over all legislation. Respect for the rights and powers of the provinces.

Citizenship: The adoption of such measures as are necessary to maintain and protect the ideal of Canadian citizenship and co-operation with the provinces in their efforts to Canadianize alien immigrants, the fostering of a Canadian as opposed to any class or sectional spirit, and the elimination of all prejudices that tend to weaken the unity and national unity and development.

LAWS FOR ALL PEOPLE OF CANADA

National policies: Practical application of the principle that Parliament and the Government exist to make and administer laws for all the people and not for any particular class or section to the detriment of the nation as a whole; the carrying out of policies that are nation-wide in their application or effect, and that look toward the growth and development of the whole of Canada and the prosperity and happiness of all of its people.

Revision of Tariff. The tariff: A thorough revision of the tariff with a view to the adoption of such reasonable measures as are necessary to assist in providing adequate revenues; (b) to stabilize legitimate industries; (c) to encourage the establishment of new industries essential to the economic development of the country; (d) to develop to the fullest extent our natural resources; (e) to prevent the abuse of the tariff for the exploitation of the consumer; (f) to safeguard the interests of the Canadian people in the existing world struggle for commercial and industrial supremacy.

Heavy Taxes on Articles of Luxury. As a means of raising revenue, the tariff should be so adjusted as to place the chief burden upon those best able to bear it. Articles of luxury should be heavily taxed through the imposition of customs and excise duties on commodities and other necessities of life not produced or manufactured in Canada should, if taxed at all, bear only such imposts as are necessary for revenue purposes. Those produced in Canada should be subjected to such customs duties only as may be necessary to determine after strict investigation from time to time.

HEAVY TAXES ON ARTICLES OF LUXURY

Stability and Prosperity. Apart from the question of revenue, the tariff should have regard to the maintenance, stability and prosperity of Canadian enterprise in the development of all our natural resources in lands, forests, mines and fisheries, as well as our agricultural and manufacturing industries. Consideration must also be given to the importance of industrial workers' opportunities for steady and remunerative employment, and the maintenance of proper and decent standards of living among our laboring people. It is undoubtedly in the true interests of Canada as a whole that Canadian workers should not be forced to seek in foreign countries employment and opportunities denied them at home by reason of the export of the natural resources, with which the Dominion is so amply endowed.

NO COMBINES ARE WANTED UNDER TARIFF

For the purpose of encouraging the fullest development of our natural resources, the tariff should be so adjusted as to permit machinery and the implements of production to be purchased at prices that will compare equitably with prices in other countries for similar articles. The revised tariff laws should be so framed and administered as to effectively prevent

BOMB OUTRAGES IN CITY OF TOKIO

Bomb Set Off Outside Diet Building; Bomb Thrown at Car

Tokyo, July 1.—The bomb outrages which occurred outside the House of Representatives yesterday, is attributed by newspapers to agitators opposed to the present Ministry.

No casualties resulted. A Division. Two hours previous to the explosion at the Diet Building a man hurled a bomb at a moving electric car in one of the main thoroughfares of Tokyo and two passengers were injured. The police believe this was an attempt to distract the attention of the authorities and pave the way for the bombing of the Diet.

Two persons have been arrested in connection with the outrage. There has been considerable criticism of the Ministry's alleged responsibility for the financial depression, the high cost of living and the Nikolalevsk massacre.

COUNTING BALLOTS IN WINNIPEG CITY

Two Laborites and Johnson, Liberal, Declared Elected to Legislature

Winnipeg, July 2.—An official report on the counting of the City of Winnipeg vote in the provincial election shows Dixon, Labor, and Johnson, Liberal, elected on the first count, Ivens, Labor, was elected on the second count, making three certainties. No candidate was elected on the third, fourth, fifth or sixth counts, but there were defeated: Gislason, Independent Liberal; Lyon, Independent Liberal; Turnbull, Conservative, and Helling, Independent.

On the seventh count, Lawrence, Conservative, was eliminated, and on the eighth, Johnson, Socialist.

To Negotiate Further About Transportation

Though the Mayor and members of the City Council have thought, during the last few days, that further negotiations with the B. C. Electric Railway Company on the transportation question were unlikely, the company, it was learned to-day, has no intention of appealing to the Board of Railway Commissioners on the subject until it has consulted further with the civic authorities.

About two weeks ago the City Council was much surprised by the demand of the company for permission to charge a seven-cent fare instead of a six-cent fare. For many months previous the civic authorities had understood that a six-cent fare would satisfy the company and, indeed, such a fare was provided for in a tentative agreement which met the company's wishes in 1918. However, since that time, officials of the company told the Mayor and aldermen, the street car system has lost so much money that a seven-cent fare has become a necessity.

New National Party Will Choose Leader to Succeed Borden

Prime Minister Announced Retirement at Caucus Yesterday; Unionist Party Given Name of National Liberal and Conservative Party.

Ottawa, July 2.—(Canadian Press)—With announcement of the retirement of Sir Robert Borden definitely from the leadership of the Unionist Party and the post of Prime Minister, and with the consequent necessity of naming a new chief, together with the all-important future policy of the party, the caucus of Government followers following prorogation here yesterday will go down to posterity as one of the most momentous and significant in the Federal political history of Canada.

Standing out with the retirement of Sir Robert was the choice of a new name for the Unionist Party. There were many suggested but the honor of being the sponsor for the successful one went to Hon. J. A. Calder, Minister of Immigration and Colonization, whose choice was "The National Liberal and Conservative Party," to be commonly known as "The National Party."

There was no successor to Sir Robert named. Sir Robert promised to retain his seat in the House and to support his successor to the best of his ability. Among the Cabinet members there is also an agreement to stand firmly by the man who is ultimately named as the whole of the Government supporters. Each member of the caucus is to submit the name of his nominee in writing to Sir Robert.

The talk around the corridors after the caucus indicated that the two most generally favored are Sir Thomas White and Hon. Arthur Meighen. Stand Pat.

A significant fact also is that prior to the general caucus the Liberal Unionists held a gathering in camera and decided to stand by any man chosen by the larger gathering and to agree to the fusion of the Liberal and Conservative identities. Some members believe that it will be easily possible to maintain the identity of both sides or parties.

The resignation of the Prime Minister, which is shortly to be placed in the hands of the Governor-General, will necessarily be accompanied by that of all members of his Cabinet.

Decision to Retire. The Prime Minister expressed to the caucus his deep regret at long absences forced by ill-health, and he explained the circumstances under which he was compelled to resign at the beginning of the year, to test the effects of a prolonged respite from work. In the end, he announced his inability to sustain longer the very heavy burden which, in addition to the duties imposed upon him as Prime Minister and he asked the members of the caucus to give him the honorable discharge to which he felt he was entitled.

A full summary of the Prime Minister's address will be given to the press to-morrow. Deeply Moved. "Sir Robert's address was very deeply moved by the tributes and affectionately moved by the tributes and esteem which was given to him in overflowing measure by the great gathering of Senators and Members, and he acknowledged with deep feeling the unanimous resolution of appreciation of his service and regret at his approaching retirement.

MR. ROWELL WILL CONSULT FRIENDS

Hon. N. W. Rowell, President of the Privy Council, had already intimated that he did not feel that his mandate extended to the extension of the formation of a new party. On being urged to reconsider his resignation, however, Mr. Rowell promised to consult with his friends and to communicate his decision to the Prime Minister as soon as possible. The suggestion is made that should Mr. Rowell retire, he may go to Washington as the first Canadian Minister to the United States.

Quebec. Representation of Quebec in the new Government is being widely discussed. The names of Sir Lomer Gouin and of G. H. Boulvin, Deputy Speaker of the House, are suggested. By those present at yesterday's historic caucus, insistence was afterwards laid on the spirit of harmony which dominated the proceedings. "The two groups have become one," it was stated.

It is proposed in the formation of the new Government, to make a reduction in the number of portfolios. The following statement was issued last night by Sir Robert Borden: "The supporters of the Government in caucus continued in session until one o'clock. They met again this afternoon at 4.30 and continued in session until 7 o'clock.

From first to last the spirit of the caucus was magnificent and inspiring. With practical unanimity the decision was reached to stand together and, by united effort, to maintain a stable government. There was a very frank and full discussion of all the subjects considered and every member who spoke expressed

Organization. "The question of organization was also taken into consideration and important steps with regard thereto were discussed with a view to having them carried into effect with the least possible delay.

"The Government and its supporters did not fail to remember that their gathering was held on our great national anniversary, the day which more than fifty years ago witnessed the birth of the nation. It is a happy omen that on this day the two groups which united three years ago in solemn determination to serve a supreme national purpose have associated themselves in renewed and united effort for a like purpose.

Ovation for Rowell. "When Mr. Rowell rose to address the caucus he was greeted with a remarkable demonstration of enthusiasm. He stated that he did not feel that his mandate from the Liberal Unionists of Ontario who gave him their support when he entered the Union Government extended to joining in the formation of a new party. He had therefore intimated to the Prime Minister that he desired to retire from the Government at the close of the present session. At the urgent and insistent request of the Liberal Unionists in the House, and subsequently of the caucus, that he should reconsider his decision, Mr. Rowell promised to consult with his Liberal Unionist friends in Ontario and to communicate his decision to the Prime Minister as soon as possible.

Apparently the company's demand for a seven-cent fare almost disrupted the negotiations with the city. Even as late as this morning Mayor Porter said he understood that the company proposed to appeal the whole question to the Railway Commission instead of consulting further with the civic authorities.

NOW DECLINE TO UNLOAD LIQUORS

Port Workers at Punta Arenas, on Straits of Magellan, Refuse

New York, July 2.—A dispatch from Buenos Ayres says that from Punta Arenas, which is at the bottom of the world, where ships call in weathering the Straits of Magellan to leave supplies for the 25,000 inhabitants, has come a dispatch saying that the maritime workers of the port have resolved that in the future they will not unload any liquors containing alcohol. The antecedents of this prohibition movement are not disclosed, but the dispatch says: "This resolution has caused serious damage on account of having been taken without warning to the liquor merchants."

SIR ERIC GEDDES WAS CRITICIZED

But British Commons—Passed Transport Minister's Total Expenditure Vote

London, July 2.—(Canadian Associated Press)—In the House of Commons yesterday, Sir Eric Geddes, Minister of Transport, had to face many critics of his Department in discussion on the vote for expenditure. Mr. Asquith was one of the leaders in the attack. He described the Minister of Transport "a state aided dreamer, assisted by ten or eleven directors engaged in furiously thinking."
Sir Eric put up an effective defence and had comparatively an easy victory over those supporting the motion for a reduction of the vote.

"DANDERINE"

Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you cannot find a fallen hair or any dandruff, besides every hair shows new life, vigour, brightness, more color and thickness.

SHE OVERLOOKED THAT.

"Gracious! Forty cents a box for those strawberries? Why, they're such miserable little, half-ripe things they'd be sure to give one colic."
"But look at the size of those boxes, lady," returned the huckster. "You don't get enough of 'em to do youse any harm."

POLISH TROOPS

SHORTENED FRONT

Abandoned Moxir and Kanokowitz to Bolsheviks; Reds Unable to Cross Beresina

London, July 2.—A Polish official statement received here yesterday from Warsaw, dealing with the Polish-Bolshevik front, said the Polish forces had evacuated Moxir and Kanokowitz in Polesia. This step was taken, it was said, for the purpose of shortening the front. Soviet troops in the Bobruisk sector were regrouping under cover of artillery fire, the statement said, but in the Kiazyn region the Poles had defeated a strong detachment of enemy, capturing four cannon and a number of machine guns.

Paris, July 2.—Attempts by Russian Bolshevik troops to cross the Beresina River between Bobruisk and Borisov were repelled with heavy losses, according to an official Polish statement received here yesterday. The statement recorded the successful retirement of the Poles from Moxir and Kanokowitz, and said the Poles in counter-attacking the Bolsheviks captured prisoners and machine guns.

In the neighborhood of Szepistowka, the enemy had occupied territory evacuated by Polish troops.

A Constipation Cure Sold on Guarantee

Dr. Hamilton Says His Remedy Never Fails to Cure Quickly.

Mine is a marvellous remedy. There are others, but not one possesses the peculiar merit so prominent in mine.
With my remedy I guarantee to cure constipation.
I also guarantee to prevent it. My preparation, which is in pill form gives tone and regularity to the bowels that quickly rid the system of effete matter, accumulations of bile and other injurious results of costiveness.
I call my pills Dr. Hamilton's. I am sure they are safe because composed of such health-giving vegetable extracts as Mandrake, Butternut, Hyocyanus and Dandelion. My pills are not harsh or drastic. They cause no pain, no distress; they are prescribed by physicians because of their mildness and certainty to cure.
For women and children I know of no better medicine for keeping the system healthy. For men they are perfect.
I have proved their merit in biliousness, constipation and headache, and can strongly recommend them in these troubles.
My personal guarantee stands behind every box of Dr. Hamilton's Pills; and this means much to you in selecting your remedy.
Every dealer sells Dr. Hamilton's Pills of Mandrake and Butternut, 25c. per box.

TOOK EVERYTHING.

"Burglars broke into our house the other day."
"That so? Did they get much?"
"I'll say so. They took a quart of whiskey and all the sugar we had."

WIDE STOPPAGE OF BUSINESS IN INDIA

Voluntary Closing Carried Out As Protest Against Government's Policy

London, July 2.—Advices from many parts of India tell of the impressive observance of the "hartal," or cessation of business, as a protest against the Government policy toward India. At a gathering in Bombay it was declared in resolutions that this was the most serious situation in the history of India. At meetings held at different centers, Hindus, Moslems, Parsees, Sunnis and Shiias all joined in prayers and resolutions. In Bombay all Hindu, Moslem and Parsee shops were closed.
The loss from this voluntary closing is estimated at millions of pounds sterling. The Bombay Chronicle stated: "Never before in the history of Bombay has such a complete cessation of work been recorded." The Advocate of India said: "It cannot be denied that the Khilafat question has been made a national one in India and the Moslems are receiving almost unanimous support from all sister communities."
At a conference held at Fyzabad a resolution was passed proposing that the visit of the Prince of Wales be postponed until Moslem religious demands regarding the Khilafat were satisfied.

DECLARES EMPIRE NEEDS GREAT NAVY

Prime Minister of New Zealand Says League Big Disappointment

Wellington, New Zealand, July 1.—(Associated Press)—Premier William F. Massey declared in a speech at an entertainment given by the Savage Club that the British navy "must be supreme at all costs."
"I was one of those who at Paris thought the League of Nations would in a few years be strong enough to exercise a profound influence in preventing war," he continued. "I must admit now that the League of Nations is a great disappointment. We look around and see two great powers, Japan and the United States, building bigger and more powerful ships than ever. Those powers clearly do not believe that the League of Nations can end war, whose Empire depends on her sea power."

PLANE USED IN REAL ESTATE DEAL

Winnipeg, July 2.—A novel method of selling farm lands has been introduced here. A local real estate agent conducted his prospective purchaser by a twenty-five-minute air trip to a farm thirty-six miles from this city and closed the deal over the wings of an "Avro" aeroplane.
"This is claimed to be the first time in America that a real estate company has purchased a piece of real 'bird's eye' view of its property,"

NO POTATOES AS OIL CAN STOPPERS

Columbus, Ind., July 2.—(Associated Press)—The gum drop has replaced the potato as a stopper on the oil can in Columbus. Grocers no longer can afford to let even the smallest spud go for that use when they are selling for 12½ cents per pound.

A local grocer introduced the gum drop as a stopper here recently when he prevented a customer from helping himself to a potato for that purpose. The candy was much cheaper, he said.

PILES

Do not suffer another day with itching, burning, or bleeding PILES. No surgical operation required. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. It is sold by all dealers in Medicines. Bates & Co., Limited, Toronto. Sample free. Do not mention this name and address to stamp to say postcard.

KILLING OFF PRAIRIE DOGS IN DAKOTA
Pierre, S. D., July 2.—A rigid campaign for the extermination of the destructive prairie dog in many western South Dakota counties is being carried on with a view to turning thousands of acres which in past years have shown little growth of green, into fertile pastures and cultivated land.
Crews of men with regular camping outfits take the field and work half a township thoroughly in search of these rodents. Poisoned bait is spread and after passing on to the other half of the township, a rear guard again surveys the ground—first covered. If there is need this territory is gone over a second time. Many such crews are now at work.

MENTAL SURVEY IN SASKATCHEWAN

Being Made Under Direction of National Committee on Mental Hygiene

Regina, July 2.—A mental survey of the Province of Saskatchewan under the direction of the Canadian National Committee on mental hygiene is now in progress, and it is hoped that many valuable suggestions may be received as a result of which the conditions and environment under which mental conditions generally are bred may be greatly improved under the direction of Dr. C. K. Clarke, medical director of the Committee. The survey first covered the schools and from there has passed on to mental asylums, jails, penitentiaries—everywhere, in fact, where mental conditions are made or influenced. Immigrants—the new Canadians—at the port of landing also fall under the care of the Committee, and as a result of its findings in this Province, recommendations will be made to the Government for the improvement of the conditions of those concerned.

NEW COAL FIELD IN SASKATCHEWAN

Regina, July 2.—Coal mining operations will be commenced at the new coal field near Lampman, Sask. within the next forty days. This field is being developed by the Farmers' Coal Mining Company, Ltd., which is incorporated with a capitalization of \$500,000.

VANCOUVER ISLAND NEWS

Taxes on Traders.
Nanaimo: The Revenue Consolidation By-law was before the last meeting of the Nanaimo Council and given the first and second readings. It proposes a number of increases in licenses, the largest proposed increase being the tax on banks which has been raised to \$400 a year. The license fees as proposed in the by-law but which may be amended when the Council goes into committee to consider the by-law, include the following license fees for one year: Billiard and pool tables, \$8 each; rifle gallery, \$10; wholesale merchant and trader, \$50; retail trader employing two or less, \$15; employing three to five hands, \$20; six to eight employees, \$25; nine to twelve employees, \$30; over twelve employees, \$40; hawker or peddler, \$100; agent or solicitor who takes orders for goods to be supplied by a person outside the municipality, \$100; broker, \$250; cabs, buggies, autos and other vehicles kept for hire, \$5 for each vehicle; auctioneer, \$20; transient trader, a sum not exceeding \$1,000; circus, menagerie or hippodrome, \$75 a day; dog or pony show, \$15 a day; theatres with a seating capacity of 75 or more, \$300 a year; theatres seating less than 75 persons, \$50 for one year; \$75 for three months; \$45 for one month or \$5 a day; gas, telephone, electric light and water-works companies, \$100; express company, loan company, \$100; transient real estate agent, \$150.

SHAWNIGAN LAKE NEWS.

The Malahat garage which was opened recently by Messrs. E. D. Sberingham and N. G. Alexander on the Island Highway at Mill Bay should prove a great boon to motorists.

Great preparations are already underway for the N.P.A.A.O. regatta which is to be held here on July 16 and 17. The N.P.A.A.O. crews, under the able coaching of George Kingsley, are showing splendid form.

Two of the most interesting events of the week were closing exercises and the annual picnic of the Shawnigan Lake school. There was a good attendance of trustees, parents and friends at the closing exercises, which were held on Friday morning. E. M. Walbank officiated as chairman for a splendid programme by the school of readings, recitations and choruses. The following prizes were then awarded: Douglas Roney, for literature and drawing; Jessie Coull, for deportment and reading; Grace Eilford, for general application; Molly Hawkins, deportment; Maude Whitbread, first prize for greatest progress; Herb Coull, good conduct and spelling; Theo. Eilford, grammar and arithmetic; Teddy Roney and Leonard Neff, for leading the second class; Harold Neff, British history and reading; Jack Yates, drawing and composition; Bobby Woods, writing; Walter Eilford, arithmetic; Jessie Yates, Chas. Lewington, Bert Luckvitch, Lyle Penham and Dorothy Lamm, for general work. A great deal of praise is due Miss Clark for the excellent progress the school has made during the short time she has been with them.

The annual picnic was held on Saturday when a great gathering of children, parents and friends spent the day at Stratheona Point. Foot races, swimming races and jumping contests were the order of the day, and a lot of valuable prizes were given. The picnic was a pronounced success, and made a fitting wind-up for the school year.

Quite a large increase in the number of Sunday visitors has been noticed since the change in the Sunday timetable went into effect. The extra two hours gives quite a nice long day at the lake.

Messrs. Harry Kingsley and Ernie Clark spent the week-end in Victoria. Mrs. R. E. Rudock and Miss Emmeline Rudock, of Seattle, are spending the next two months at Stratheona Lodge, having benefited so much from their visit there last Summer.

Miss Munsie and Miss Ann Brown, who have been making a lengthy stay at the Lodge returned to Victoria last Saturday.

Dr. and Mrs. C. F. Hurst, Seattle; E. B. Cawley and wife, Chilliwack; Dr. and Mrs. Clark, New Westminster, and Mr. and Mrs. D. W. MacKay, Edmonton, are some of the honeymoon couples spending last week at the Lodge.

The motor traffic has commenced in earnest during the last week, a great number registering at Stratheona Lodge. Amongst those were: W. E. Boering and party, J. A. Schmidt, E. Boering and party, Dr. and Mrs. R. W. Perry, Master Harry Perry, Dr. and Mrs. O. F. Lorson, Miss Davis and Miss Brown Seattle; Frances D. Collins, San Francisco; R. Wilson, Australia; G. E. Thorn, England; the tralla; G. E. Thorn, England; the Misses Gilmore, New York; Mrs. L. A. Mills, Boston; Miss A. Phillips, Boston; K. M. Bell and party, Rothsay, N.B.; W. J. Samuelson, Duncan; Mr. and Mrs. M. A. La France and G. E. Clarke, M. G. Edwards, W. E. Wilson and wife, Vancouver; Mrs. Frank Copeland, the Misses Copeland, C. B. Whitney, Mr. and Mrs. L. M. C. Sweeney, Mr. and Mrs. J. Neary, Miss E. Maloney, J. Fitzgerald, W. H. Hotam, M. J. Appleby, M. Bennington, wife and children, Victoria.

Pen-y-Wern Lodge also had quite a busy week, the following having registered there: Geo. P. Grant, Nanaimo; Mr. Beach and party, Victoria; W. Champion, Seattle; D. Burriett and party, Seattle; Mrs. Diplock, Langford; Mrs. Merritt and children, Mrs. Lewis Hall, Mr. and Mrs. Godfrey Smith, Mrs. Champion and children, of Victoria, and Mr. and Mrs. E. M. Walbank, Seattle; Mrs. E. M. Alfred Dyson (nee Cecily Twist) are receiving congratulations on the birth of a son.

PASSED EXAMINATIONS.

Ottawa, July 2.—(Canadian Press)—Out of a total of 102 candidates writing on the recent Royal Military College entrance examinations, 61 College entrance examinations, 61 were successful, according to information received at Militia Headquarters.

Among the successful candidates are: Lawrence W. H. Randall, Saverly Island, B. C.; William Norman Bostock, Duck, B. C.; Johnson S. Harbraves, Victoria, Vancouver Island, B. C.; Edward G. Hart, Victoria, B. C.; H. G. Harpel, Vancouver; Thomas E. Lampman, Victoria; Burley N. George Beresford, Vancouver; Arthur Richard, Ladner, B. C.; John E. Thiele Nelson, Calgary; T. D. C. Macdonald, Calgary; George A. Homer Kirkpatrick, Vernon, B. C.; Bidwell Lane Bole, Vancouver.

"THE NATIONAL PARTY"

The decision of the Unionists at Ottawa to form themselves into a permanent party obviously was dictated by grim political necessity. Without taking such a step they could not appeal to the country as a separate and distinct political entity; they would become, merely so much flotsam and jetsam, to be absorbed into the several other political groups. Without a permanent party organization their position would remind us of von Hindenburg's description of the situation in which the German army found itself in one of the crises of the war—magnificent but without prospects. The prospects which have arisen out of their formation into a definite unit are exceedingly slim and precarious, but they at least are prospects, whereas complete disappearance is the only alternative.

The caucus christened the new party "The National Liberal and Conservative Party of Canada," to be called "The National Party" for short. This, we are informed, was the suggestion of the sagacious Mr. Calder. We suppose the god-parents can see some political virtue or expediency in giving both a long and a short title to the new-born organization, but we would think one good, plain name which meant something would be more effective. The National Party is easier to say and lends itself to glowing platform orations, but it might be objected to by Bourassa and Lavergne as an unwarranted infringement of the titular dignity of The Nationalist Party.

The platform constructed by the promoters of The National Party is probably the most nebulous thing of its kind ever revealed to the Canadian public. It can be interpreted to meet every current and wave of political thought. Upon its spacious surface can be accommodated the reactionary and radical, the profiteer and the consumer, the high tariff advocate and the free trader. It is intended to be all things to all men; it promises something to all but not too much to anybody. Its tariff plank, for example, can be construed to mean anything or everything. Nor was much else to be expected in the circumstances. The Unionists have dwelt together politically for three years, but only in a temporary structure. The construction of a permanent abiding-place in which they will have to live together permanently is another and much more delicate operation. It is necessary to make the establishment sufficiently attractive to keep everybody at home. There are Liberal Unionists who do not wish to live with their present associates much longer, and there are Conservatives of the type of J. A. Currie, Robert Rogers and Sir Sam Hughes who for some time have been endeavoring to resuscitate the old Conservative Party. If they come into the new organization we may be sure that they are satisfied that despite its name it is merely their old party in a new cloak.

An effort, which will become quite desperate as time goes by, will be made to enlist representation from Quebec in the Cabinet, so as to ensure some measure of support from the ancient Province. Quebec is now almost solidly against the Government and behind Mr. Mackenzie King, which means that the present regular Opposition in the Commons will compete with the farmers for the largest single delegation in the next House. Plainly the new party begins its career as a permanent organization under inauspicious circumstances, for with the certainty that there will be four or five party groups in the House after the election, it is clear that the next Government will have to be a coalition, and so far there is little to justify the expectation that in that combination The National Party will have any representations.

SIR ROBERT RESIGNS.

Sir Robert Borden's resignation has long been anticipated, as it was common knowledge that he withheld it when he was about to submit it some months ago, in order that the Unionists might not be wrecked over the question of a successor during the session of Parliament. At that time appreciative references to his career, particularly during the last few years of it, appeared in the Canadian press, which without exception paid tributes to the many excellent qualities shown by him in the troublous times through which the world has been passing. In that period he never spared himself and according to his lights gave the best that was in him to the country's service. The Canadian people, without regard to political distinction, will sincerely hope that his relief from the strain of office will ensure his complete restoration to health.

It is reported that the Unionist caucus favored the Hon. Arthur Meighen, Minister of the Interior, as Sir Robert's successor. Mr. Meighen entered the House in 1908 and early showed himself to possess unusual talent as a Parliamentarian. He has not altogether fulfilled the expectations of his friends in his development since then, for when his party obtained office he allowed himself to become a technical apologist for the Government whenever it had blundered into a difficult or compromising position or whenever it had an unpopular transaction to run through Parliament. Whether Mr. Meighen has outgrown

his tendencies in this regard or not remains to be seen but certainly nobody actuated by narrow partisanship can hope to lead The National Party anywhere but to defeat. Another serious disability he labors under is the general impression that he is too staunch a friend of special privilege, a champion of selfish interests whose influence at Ottawa has been manifested in a good many ways during the last few years.

MANY MORE COMPANIES.

As a means of gauging British Columbia's present commercial and industrial outlook no better barometer is needed than the number of companies registered during the first six months of this year. From the tabulated statistics published in our news columns on Wednesday it will have been gathered that the first six months' business for 1920 has eclipsed that of the boom year of 1912. No less than four hundred and ninety-nine new incorporations are recorded in the office of the Registrar of Joint Stock Companies for the present year to date as against four hundred and thirty for the corresponding period eight years ago, and two hundred and eighty-three during the first half of 1919.

These figures need no emphasis. In themselves they should constitute an eloquent advertisement for the outside investor. Nor can this industrial and commercial revival be regarded as a temporary one. From the early part of last year practically every month has shown an increased number of new entrants into the incorporated field. The deduction for the outside investor, therefore, should be obvious. It should intimate to him that if the people of this Province are willing to contribute to its general development in the manner suggested by the figures we have quoted, his own enterprise need not be hindered through lack of confidence in British Columbia's future.

ONLY HALF THE TALE.

To a Kamloops audience a few days ago Mr. Tom Richardson, a British Laborite and formerly a member of the House of Commons, explained in detail the One Big Union doctrine and endeavored to solicit interest and support for the movement. He declared that the idea behind this newly consolidated organism could not be held in check, and as testimony of its power of propulsion he referred his auditors to the Triple Alliance of Great Britain.

But the local newspaper report of his address suggests at once that Mr. Richardson failed to take his audience very far into his confidence. For example, there is no mention of the overwhelming defeat by the Trades Union Congress of Great Britain of the principle of "direct action," a significant verdict from the great Unions whose membership supports the main pillars of Britain's industrial fabric.

Nor as a result of the industrial convulsion through which the Motherland has passed—and passed more or less peacefully—has the Triple Alliance found it advisable to exert its undoubted influence. The reason is not far to seek. That large section of the unorganized public, to whom the majority of the workers of every country belong and by whom the same principles of trades unionism are heartily endorsed, would not tolerate any form of dictation from the minority no matter how effective and unassailable its forces appeared to be. The railway strike was an example of the manner in which public sentiment will place itself behind all the resources of the state in an emergency which has been fomented to a dangerous degree by visionaries in the ranks of radicalism. Mr. Richardson hesitated, however, in his support of the principle which lies behind the Triple Alliance and One Big Union movements by the suggestion that he would support direct action by Labor only "when Parliament should take some important action which was a positive insult to society."

But Mr. Richardson knows that when any Parliament in these days offers a "positive insult to society" there is no reason for "direct action" by any special "class." The people, the great majority, are watching present day Legislatures more keenly than ever before. When the bounds are overstepped the voice of the people as a whole, not an industrial tie-up, will do all that is necessary.

NOTE AND COMMENT

Mr. Churchill, Secretary for War, wants to spend \$50,000,000 on scarlet uniforms for the British army. Lord Haig and other eminent chieftains prefer to see this money spent for the welfare of the many war veterans in need of help.

OTHER NEWSPAPERS' VIEWS

NEWSPAPERS AND THE PUBLIC.

That the newspaper performs an essential function in the business life of the community was convincingly shown in connection with the announcement of the new taxes contained in the Federal budget. These taxes came into effect on the morning following the budget, but particulars regarding them were not telegraphed by the Government to various parts of the country. It was simply left to the newspaper press to spread to every corner of the Dominion accurate information regarding the budget announcements.

The news service provided by the papers is now taken for granted and the press is relied upon to disseminate all important news. Some business men thought that they were not affected by the new taxes while their knowledge of them came only from reports in the newspapers. They expected to be officially notified by proclamation or otherwise that the new taxes had been imposed. But they soon learned that the notice which they received through the newspapers was all that would be given. The Government considered further notice unnecessary.

This just shows how the newspaper press has become a necessary part of the life of a country. The people could no more do without newspapers than they could do without railways or the postal service. The business community constantly depends on the news service of the public press. Frequently the information obtained is of vital importance. And social life is almost equally dependent.

PLATFORM OF NEW NATIONAL PARTY HAS MANY PLANKS

(Continued from page 1.)
 any customs duty being used to facilitate the formation or maintenance of any combine, trust, association or agreement among manufacturers dealers or producers for the purpose, at the expense of the general public, of restraining or hindering competition or unduly enhancing the selling price of any article of commerce.

Preferential Trade.
 The principle of trade preference between the different members of the British Commonwealth should be maintained and extended from time to time to such degree as may be found practicable and consistent with Canadian interests.

While a general revision of the Canadian tariff based upon the foregoing considerations is due, it must be recognized that, owing to the war economic and commercial conditions the world round have been profoundly disturbed and that as a consequence it is neither practicable nor possible in the national or public interest to undertake such revision until a thorough inquiry is made to ascertain the causes thereof and which tariff provisions must necessarily be based.

Direct Taxation.
 The maintenance and continued application of the principle of direct taxation with a view to increasing the national revenue derived from this source should be so adjusted that the burden may be borne by those most capable of sustaining it. In finding methods of taxation and in fixing rates, consideration must be given to the revenue necessities of provinces and municipalities and care must be exercised to avoid the creation of conditions that would discourage immigration or the investment in Canada of essential to our economic development.

Expenditures.
 National expenditures: Owing to the heavy financial burdens entailed by the war and resulting from railway policies adopted in pre-war days, the general national interest demands the utmost economy in every Department of the Government and effectual provision for the gradual reduction of the war debt. All expenditures, including even those of a productive character, should be strictly limited to essentials.

More comprehensive and effective methods of providing for the control of expenditure by Parliament must be devised and adopted.

Railways.
 National Railways: Recognition of the necessity under existing conditions of amalgamating and unifying the various railway lines owned by the Dominion with a view to eliminating duplication and effecting economies in construction and administration. Efficient, expert management and operation of the entire National Railway system unfettered by partisan political interference.

The fixing of a proper capitalization for the National Railway system.

Defence.
 National defence and air service: The reorganization, upon a moderate scale, of the Canadian militia system and the restriction of the permanent force to such establishments as will constitute a nucleus for defence maintain respect for constituted authority and ensure the public safety.

The establishment and maintenance of an efficient nucleus of Canadian air service so constituted and administered as to be available for either military or civil duties.

Returned Men.
 Ex-members of the forces: Continuation of the policy of aiding ex-members of the forces to become self-supporting in the civil life of the community.

Should experience show the necessity, further special consideration of claims made upon behalf of the disabled or dependent of those who have fallen, in order that they may discharge its full obligations to those who have thus suffered.

Labor.
 The enactment of such laws as will carry into effect the ideal principles embodied in the treaty of peace, and of those who are contemplated by the treaty, to the time and character of similar legislation enacted by other nations.

The encouragement of confidence and co-operation between employers and employees.

Agriculture.
 Agriculture: The inauguration of policies conceived with a view of increasing the agricultural production of Canada, and of improving marketing methods and facilities in order to obtain the best net return to the producers.

With this object in view, and for the purpose of eliminating duplication of services and expenditure, the reaching of an agreement with the provinces respecting the future activities of the Federal and Provincial Departments of Agriculture.

Rural Credits.
 Co-operation with the provinces in the direction of providing better rural credit and improved social conditions in rural communities.

Regulation and control of cold storage and refrigerating facilities as to provide for the satisfactory marketing of perishable products in the interests of both producers and consumers.

Co-operation with the Provincial Departments of Agriculture in a united effort having for its object the improvement of the livestock and dairy industries to the end that production may be increased and quality improved.

Further to facilitate and encourage all phases of agricultural production by investigation and experimentation.

Trade.
 Foreign trade: Continued thorough study by competent experts of foreign markets and the opportunities therein for the development and extension of Canadian trade and the collection and distribution of pertinent and up-to-date information in relation thereto to the business of Canada. Efficient publicity agencies for making known abroad the commercial resources and products of Canada and the maintenance of continuous communication by correspondents and personal visits between our agencies abroad and our producers at home.

A system of accurate and comprehensive statistical representation of our commercial and productive output and distribution.

Good Citizens Wanted.
 Immigration: A firm adherence of the principle that Canada, as a self-governing nation, has the absolute

right to determine its own immigration policy.

The energetic promotion of immigration of desirable classes of persons who wish to establish homes in Canada and then become loyal Canadian citizens. As in the past, encouragement will be confined to prospective land seekers, agricultural labor and household workers.

The continuation and extension of the policy adopted to prevent the landing in Canada of mental or physical defectives or all such persons as are likely to become public charges and of those whose ideals, customs and modes of living are such as to render them incapable of assimilation within a reasonable time.

Natural Resources.
 Natural resources and conservation: The transfer under fair terms and conditions of the remainder of the public domain held by the Dominion to any province of Canada in which such domain is situated, subject to such reserves as may be deemed advisable in the public interest.

As regards the public domain and all other natural resources outside the province, and owned by the Dominion, the adoption of such policies as will result in their use and development to the advantage of Canada as a whole.

Canals and Highways.
 Inland waterways and highways: Such further development of the existing canal systems of Canada as is necessary to improve navigation and cheaper transportation, with the additional object in view of developing the production and use of electrical energy for domestic, agricultural, municipal, industrial and railway purposes and under such prudent regulations as will thoroughly safeguard the interests of the people. The carrying to completion of the provisions made by Parliament for co-operation with the provinces in the matter of highway construction.

TO NEGOTIATE FURTHER ABOUT TRANSPORTATION

(Continued from page 1.)

A. T. Goward, Victoria manager of the company, however, stated to The Times to-day that he proposed to meet with the City Council Legislative Committee in the immediate future to negotiate further. His company, he said, had no intention of taking any definite action such as appealing to the Railway Commission without first consulting with the city. Asked whether he hoped that an agreement with the city would be achieved without an appeal to the Railway Commission, Mr. Goward said that he did not know. He was quite non-committal.

At the present time the whole transportation problem, in fact, as far as

Weiler Bros.' Carpet Values Are Exceptionally Good

Compare the carpets at this store with offerings elsewhere and the economy of our values will be emphasized. In a stock such as this—numbering hundreds of the daintiest patterns—scope for selection is splendid.

SCOTCH WOOL RUGS

All-wool, reversible Scotch Rugs, in many pleasing patterns and desirable colorings. Sizes range from 76 x 9 to 10.6 x 12.5. Prices—**\$27.00 to \$58.50**

the city is concerned, is very much "in the air." The aldermen have not had an opportunity yet of giving formal consideration to the seven-cent fare demand, and are very divided in their opinions on the subject. The City Council, of course, cannot agree to a seven-cent fare until it can secure permission to do so from the Provincial Legislature at its next session. The city's private bill this year provided only for a six-cent fare.

SAYS SOCIALISTS ARE ADVENTURERS

Madrid Paper Comments on Spanish Socialists and Third Internationale

Madrid, July 1. — Commenting editorially on the recent Socialist congress, where the question of conditional entry into the Third Internationale was voted, the newspaper *Imparcial* says: "The intellectual branch of the Socialist Party has completely discounted the leadership of Pablo Iglesias. It has declined to take the leap into the void."

SILVER TEA.

The silver tea given recently at the home of Mrs. F. W. Laing for the benefit of Queen Alexandra Review proved a decided success, socially and financially. The hostess was assisted in receiving by Mrs. Galbraith. An excellent programme, arranged by Mrs. Watson and Mrs. Ball, consisted of instrumental selections by Miss Ball, Mrs. E. Bloor and Miss Muriel Laing; vocal selections by Mrs. Muir and a reading by Mrs. Bly. Delicious refreshments were served. Mrs. Ricketts presiding at the tea table, assisted by Mrs. Ball and Miss Dorothy Laing.

There is nothing so necessary as

SAYS GERMANY NOT PRODUCING ENOUGH

Greater Output Needed, Says Siemens, Head of Electrical Company

NEW PREMIER IS CHOSEN IN JAPAN

Chow Shumua Personal Friend of President Hsuh Shih Chang

Berlin, July 1.—Via London, July 1.—"Germany's greatest trouble at the present time is her decline in production," said Carl Friedrich von Siemens at the annual shareholders meeting of the Siemens & Halske electrical concern. "Nowhere in Germany is the imperative need for increasing productive labor sufficiently appraised," he continued. "Far too many people are engaged in non-productive work; the number of officials in state and private enterprises is excessive. All statistics based on the mark standard show large increases, but that standard is a false one. Expressed in tons, production has declined largely."

Von Siemens said that the recent improvement in the German exchange, however gratifying in itself, had had the effect of restricting exports. In many ranges of articles manufactured by the company, the domestic prices had already exceeded the world market prices. Even countries with a bad exchange like Germany were already almost completely barred to them.

There was a world-wide demand for all classes of goods, said Von Siemens, but the high cost of production was killing business, and to a great extent these high prices were caused by under-production.

TROPHY IS GIVEN FOR RIFLE SHOOTING

Handsome Shield Presented By W. C. Macdonald Co. For Competition

A challenge trophy was presented yesterday by W. C. Macdonald, Registered, Incorporated, for rifle competitions in Canada, the prize being accompanied by permanent cash additions to be paid by the company. The challenge trophy is the "Brier" shield, which will be presented to the Dominion Rifle Association, and which is now in course of making here.

This is a sterling silver shield, mounted on a mahogany base, the shield being about two feet high and eighteen inches wide, of decidedly beautiful design, and embossed with rifle competition scenes in heavy relief. It will be a permanent challenge trophy for the Dominion Rifle Association, with a suitable inscription bearing the name of the donors and the date 1920, the whole being surrounded by a wreath along the edges, one side maple leaves and the other laurels, while at the base two rifles crossed behind a target, while at the top is a scroll, "Macdonald's Brier Shield."

The shield, which is valued at \$500, will be competition as an annual challenge trophy, to be competed for at the Dominion of Canada Rifle Association annual prize meetings at Ottawa, open to all members of the D.C.R.A. and will be held each year in charge of the officer commanding the winning team.

Provision has been made by the D.C.R.A. that each team competing for the trophy shall consist of eight men from any rifle association, to be competed for, ten shots at 300 and 10 shots at 400 yards. In addition to the shield to the winning team, the Macdonald Reg. Inc. will each year donate \$1,000, to be divided in prizes among the 152 best competitors, with five team prizes. The team prizes will run from \$36 down, while the individual prizes will run from \$25 for the best scorers down to \$4 for the lower prize winners.

\$500 Yearly. Besides this challenge trophy and series of cash prizes for the D.C.R.A., the W. C. Macdonald, Registered, Inc. have donated to the Province of Quebec Rifle Association an annual subscription of \$500, to be shot for annually at their prize meetings to be known as "Macdonald's Brier Match." To this the P.Q.R.A. has decided to add \$75 annually as team prizes.

The "Macdonald's Brier Match" will be shot for annually, with ten shots each at 300 and ten shots at 400 yards, these matches to be open to all members of the P.Q.R.A. In recognition of these handsome donations from W. C. Macdonald Registered, Incorporated, the council of the Dominion and Province of Quebec Rifle Associations have sent letters expressing their warm gratitude to the company.

MRS. J. M. CRAIG, of Los Angeles, Calif., who says no one can feel more grateful for what Tanlac has done than she does. Declares she has gained twelve pounds and her health is now better than in years.

"Of all the people who have taken Tanlac, I don't believe there is anyone who feels any more grateful to it than I do," was the statement made recently by Mrs. J. M. Craig, of 674 1/2 East Fortieth Street, Los Angeles. "Like so many other families during the influenza epidemic last year we all had it, and my own illness, together with the worry over the rest of our family, brought on a case of genuine nervous prostration. "I was so weak I could sit even sweep the floor, and during the day I would have to lie down four or five times. I tried to walk but found out half a block was all I could stand before I gave out. Nervous spells came on me often. "Every medicine I tried failed to reach my case until finally my husband urged me to try Tanlac, and I am indeed thankful that he did, for it proved to be just what I needed. "The first two bottles didn't seem to help me. I guess that was because I was so extremely bad off, but on the third bottle I could tell I was improving, and that gave me more hope than ever of getting well. "My improvement from then on was rapid and by the time I had taken five bottles of Tanlac I was better and stronger than I had been in years. I was sleeping soundly at night and had gained twelve pounds in weight. "That was several months ago and from then until now I have been in as good health as I ever was in my life and have been doing all the housework by myself. "It is simply remarkable how Tanlac has built me up and I have told everyone of my friends and relatives what a wonderful medicine it is." Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esplanade Road.

Women

At "Breadalbane," the officiating minister's residence, yesterday forenoon, the Rev. Dr. Campbell celebrated the marriage of Martin R. Woodburn, a member of the First Department, and Miss Irene Annie Marsh, eldest daughter of Mr. and Mrs. Marsh, of this city.

At Mount Pleasant Presbyterian Church, Vancouver, on Wednesday afternoon the wedding was solemnized by the Rev. A. E. Mitchell, of Miss Muriel Isabel Lewis, daughter of Mrs. Grace Lewis, of Vancouver, and J. Willie Kenning, son of Mr. and Mrs. J. Kenning, of 972 Heywood Avenue, Victoria.

Announcement has been received in the city of the marriage of Miss Jeanette McPhee, daughter of D. L. McPhee, formerly a well-known barrister of Victoria, and Mrs. McPhee, to Elinor Tracy Hacking, at Grande Prairie, Alta. on June 15.

Master Colin MacDonald has returned home from college in Spokane, Wash., U. S. A., having spent the preceding week with his aunt, Mrs. E. J. McPeely, of Vancouver.

Miss Dorothy Turner, who recently arrived from England, and has been visiting friends in Chilliwack and Vancouver, is now the guest of her brother and sister-in-law, Mr. and Mrs. W. Dundas Turner, Maple Coombe, Cobble Hill.

W. A. Ackland, editor of the weekly edition of The London Times, who arrived here on Tuesday, left again on Wednesday, his intention being to return next Spring while on a world tour which will take him to the Orient by way of India.

Mr. and Mrs. Francis Hartley are spending a few days in Vancouver. On Wednesday Mrs. Hartley was the guest of honor at a luncheon party given by Mrs. A. D. McRae at her residence, "Hycroft," Shaughnessy Heights.

H. C. Cooke, who as an assistant Geologist in the Dominion Department of Mines, conducted the copper investigation at East Sooke some years ago, has been promoted to the position of Geologist.

Miss Eva Loewen came over from Vancouver yesterday and will spend the next ten days in the city as the guest of her uncle and aunt, Sir Frank and Lady Barnard.

Mr. and Mrs. Chas. E. Wilson, of York Road, Uplands, left on Wednesday for a week's motor tour of Vancouver Island, and expect to return home on Tuesday next.

Miss Mary McBride, daughter of Laz McBride, went over to Vancouver yesterday for a visit of several days with Mrs. A. E. Beck, Shaughnessy Heights.

Mr. and Mrs. J. P. Armstrong, from Nanton, Alberta, and Mr. and Mrs. Covey, from Edmonton, are visiting the island, and are registered at the Strathcona Hotel.

Mr. and Mrs. John E. Gourlay, from San Francisco, and Mrs. E. L. Lavigne and Miss Blanche Burgan, from Los Angeles, are guests at the Strathcona Hotel.

Mr. and Mrs. J. Muller and Mr. C. H. Whitty and family, from Nanaimo, and Mrs. J. Jones, Cobble Hill, are guests at the Strathcona Hotel.

Mrs. James Twohy, James Twohy, Jr., Miss Margaret Maset, and Miss Margaret Kilroy, are registered at the Empress Hotel from Seattle.

Mrs. Arthur H. Fitzgerald, of Runnymede Avenue, has as her guest for a few weeks Miss Lilo Cuthbertson, of Vancouver.

Mr. and Mrs. C. F. Thompson and Mr. and Mrs. G. A. Robin, of Winnipeg, are staying at the Empress Hotel.

Mrs. E. H. Hope, of Port Washington, and B. Andrew, Thetis Island, are registered at the Strathcona Hotel.

"The Gift Centre."

When the Bride and Groom Have Gone

the interest of the guests turn to the Wedding Gifts. Then comes the remarks of approval and exclamations of delight.

"I never saw such an exquisite selection of Silverware—and just what is needed, too."

ART GOVERNS CHOICE OF FURNITURE NOW

Better Judgment Has Developed From Training of Modern Taste

As a result of the arts and crafts movement and of the manual arts in the schools, buying furniture is now more than ever before, governed by taste and appreciation of good design and of construction.

Buying chairs and tables for the living rooms of an ordinary size house that are large enough for the reception room of a mansion, and furnish one of the most common errors in choosing furniture.

Simple Designs.—The quality of the upholstery is especially careful to examine the best types before you buy.

If you know little about furniture, be especially careful to examine the best types before you buy.

A moderate amount of tasteful carving in the wood—not glued on the surface—may often add much to the beauty of a piece of furniture.

A piece of furniture covered with machine carving, which is not evidently glued on, is always in bad taste, and even hand carving, good in itself may be so used as to be objectionable.

Stains and Veneer.—A piece of alleged mahogany furniture that is stained inside and out so thoroughly that the natural wood is completely hidden should be regarded with suspicion.

Veneer can usually be detected by examining the edges of the corners. It is usually not more than a sixteenth of an inch in thickness.

In buying a bookcase, a music cabinet or a magazine case you should examine it carefully to see that it is well braced; if it has a back, no other brace is necessary.

Study Construction.—In buying a bookcase, a music cabinet or a magazine case you should examine it carefully to see that it is well braced.

The coverings of the upholstery of Mission furniture should never be anything but leather. Grain leather is the term used to describe the outside of the skin, which is the toughest part of the hide.

is the term used to describe the outside of the skin, which is the toughest part of the hide.

The surface of grain leather contains pores through which the hair grew, but its close, firm texture and its flexibility are the only trustworthy evidences upon which to base judgment.

A large part of the leather used on furniture is horsehide: goatskin, sheepskin and dogskin are also used extensively, and skins of the coyote find a good market for that purpose.

The quality of the upholstery under the covering may be tested by its flexibility. A fine piece of curled hairwork responds to a gentle pressure with a yielding but still firm resistance.

Simple Designs.—The quality of the upholstery is especially careful to examine the best types before you buy.

TO OPEN FETE

MRS. CURTIS SAMPSON regent of the Municipal Chapter, I. O. D. E., will formally open the garden fete to be held at the Jubilee Hospital to-morrow afternoon under the auspices of the Dr. O. M. Jones Chapter, I. O. D. E.

King's Daughters.—At the meeting of the King's Daughters held in the rest room on Wednesday afternoon final plans were made for the garden party to be held at the residence of Mr. and Mrs. F. M. Hattenbury, 170 Beach Drive, on July 12.

ABANDONMENT OF CONTRACTS URGED

Some School Trustees Favor
the Proposals of
Teachers

Abolition of the present system of signing yearly teaching contracts was advocated before the School Board Wednesday night by a deputa-tion from the Victoria and District Teachers' Association. While the idea met with considerable support from a section of the Trustees, action on the matter was deferred until the next regular meeting of the Board.

A. T. Hunkin, chairman of the teachers' salary committee, declared that all through the preceding negotiations with the Board, the teachers had made it clear that they were opposed to signing the yearly contracts, a system which he characterized as a "new thing." He felt that a contract which bound the teachers during the regimes of two successive boards ought to bind the two boards as well. Mr. Hunkin said that the teachers' desire was to continue their friendly and harmonious relations with the Board, but he did not think that the contract system would tend to produce this result.

Harry Charlesworth, general secretary of the British Columbia Teachers' Federation, asserted that it was only fair that the teachers should be given an opportunity to appear before the new School Board

-elected in January to put their con-tentions before it. Under the con-ditions proposed by the Trustees, however, this would be impossible, as the teachers would have agreed to serve until the end of the following June. He thought that no objection would be raised to a contract covering the period during which one board held office. The trouble resulted from the fact that the Board's financial year did not coincide with the teaching year.

Trustee Mrs. Spofford was surprised at the statements of the teachers who, she said, had given no intimation during the preceding negotiations that they did not wish to sign the contracts. The agreement suggested, she declared, was proposed by the teachers themselves. The Board, she pointed out, was a continuous organization which carried out the contracts entered into by preceding trustees. If salaries were to be tampered with con-tinually, she affirmed the Trustees would have to be paid to look after the resulting work.

Trustee J. L. Beckwith felt that the contracts worked both ways in that

they assured the teachers a certain salary for a whole teaching year in spite of the fact that the personnel of the Board changed in the mean-time. If a Board of Trustees op-posed to high salaries for teachers were elected, he said, and the teachers had a contract for the whole of the teaching year, they would consider themselves lucky.

Trustee Dr. Raynor favored the abolition of the contracts. "I think the whole thing is getting us all mixed up and is causing waste of a lot of time," he said. "If we are to keep this up the sooner we get a commissioner in here to handle things the better."

Dr. Raynor, seconded by Trustee Capt. Atken, proposed a resolution doing away with the contracts, but action, as stated, was deferred.

CHANGE CLOTHING LUXURY TAX AGAIN

Exemption Raised for Tailored Suits; Pipes Worth \$2.50 to Pay Tax

Tailor made men's and boys' suits are exempt from luxury tax up to \$60, according to an order issued to-day by Richard Jones, local Inland Revenue Collector.

"Clothing consisting of coat, vest and pants, or coats and pants, men's and boys', is subject to a tax of fifteen per cent, on the amount in excess of \$45, provided that on clothing covered by this item made to the order and measured of each individual customer by a merchant tailor or journeyman tailor in his employ, the tax be payable on the amount in excess of \$60.

"This amendment takes effect in respect of clothing delivered on or after June 17. But the tax already paid on such clothing is not subject to adjustment by refund if such clothing has been fully paid for.

"The tax on pipes sold in excess of \$50 each by jewelers operating under special jewellers' license is 20 per cent.

"Local officials have been ordered to notify all banks, trust companies and stock brokers at once.

AN EARLY DAY PROFITEER.

Midas had just seen another ham sandwich turn to gold as his fingers touched it.

"This profiteering," he remarked, sadly, "is something that can be carried entirely too far."

EXTRAORDINARY MONSTER CAUGHT

Fishermen Land Fierce Six-foot Animal on Saanich Arm

The perennial sea-serpent yarn is being revived among local fishermen by the adventure which Isaac Byers, Secretary of the Civic Employees Protective Association, and H. Mitchell went through while fishing on Saanich Arm.

The creature is six feet in length, and so far no one has been able to identify it as any known member of any breed of fish.

On examining their prize the fishermen found that it was a creature six feet in length with a large dog-like head.

The animal was placed in the boat and taken to the shore.

It weighed about fifty pounds.

Impossible.

It's hard to love your neighbor. And hope he'll go to Heaven if he mows his dratted lawn At morn from five to seven.

FLEET FOOT

For Summer Holidays

ON the beaches and the lake shore—on the hotel porches and in the ball rooms—wherever well dressed men and women gather—you will see Fleet Foot Shoes.

They are the most popular of summer styles, just as they are the most attractive in appearance and the most restful on the feet.

The fact that you can have several pairs of Fleet Foot for the price of one pair of leather shoes is an additional reason for wearing Fleet Foot all summer.

There are styles for business and holiday wear, for every sport and recreation, for men, women and children.

CALENDAR SENT ON APPLICATION

Admission Term Commences Sept. 14.

REV. D. BRUCE MACDONALD, M.A., LL.D.
 Headmaster

Civil Service Examinations.—The half-yearly Dominion Civil Service Examinations will be held in the post office building, beginning on Tuesday next. Captain the Rev. Dr. Campbell will be the supervising examiner.

BRIEF LOCALS

Congos Play To-morrow.—The members of the Congos cricket team, who will play against the Cowichan team at Duncan to-morrow, are asked to be at the Campbell Building to-morrow morning at 10 o'clock.

Musical Success.—As a student in the highest grade of advanced piano, Form and Analysis in connection with the London Royal Academy of Music, Miss Ethel M. Johns successfully passed the official tests under the tuition of G. Jennings Burnett.

Won Brentwood Cup.—The Brentwood Hotel cup for first place in the international power boat race was won by Capt. John Graham, of Seattle, whose yacht, The Sovereign, crossed the finishing line at Brentwood first in the race from Seattle. The Pacific International Power Boat Association cup for the fastest time was won by Capt. James Griffiths, also of Seattle.

To Become Canadian.—Auguste Borne, of the Empire Hotel, who was born in April, 1881, in St. Etienne, Loire, France, now famous as a water-torn city, has decided to become a Canadian. He came to Canada in 1908 from Butte, Montana. From 1914 to 1918 he lived in Vancouver. Since last December he has been living here. Monsieur Borne has already made formal application to Judge Lampman for naturalization. The hearing of this has been set for October 4.

Married Yesterday.—A very quiet wedding was solemnized at Breadalbane yesterday morning, when Jean McConnell, eldest daughter of Mr. and Mrs. James McConnell, was united in marriage to Frank King, son of Mr. and Mrs. J. H. King, of Esquimalt Road. Mr. and Mrs. B. H. Woolston acted as best man and matron of honor, respectively. A wedding party will be held to-morrow night when Mr. and Mrs. King will leave on their honeymoon trip to the Malindi.

June Weather Report.—Victoria was favored with less sunshine than usual during the month just ended, according to the report issued by Supt. F. Napier Denison, of the Gonzales Heights Observatory. The total amount of sunshine for June was 256 hours and 24 minutes, or a daily average of about 8 hours and 30 minutes. This represents a drop of 23 hours below the average for the month. The mean temperature was 55.7, or 1.5 degrees below the average. Mr. Denison states that the present spell of warm weather is general in the West, temperatures of over ninety degrees being reported from Kamloops to the Kootenays.

Excercised Seizable Choice.—Nevin Mee, charged with theft of a cultivator in the Esquimalt Police Court Wednesday last, was proven guilty and was fined \$25, with the option of serving one month in jail, though no advantage was taken of the option.

Wins Penmanship Diploma.—La Verne Le Haquet, of the Shaw Business Institute has received word that he has been successful in his examinations for the Spott penmanship diploma, given at Toronto, Mr. Le Haquet also holds the American penmanship award. These are the highest certificates obtainable.

Police Stage "Shut-out."—Little spoken of, but always quietly at work, the detective department managed to keep the town clear of pickpockets for the holiday, no mean feat when the number of suspects turned back over the border is announced. No less than four of these questionable characters were spotted on arrival on Wednesday for the pickings among the holiday makers yesterday—and they were immediately put back on the boat with a hint that their company could be dispensed with by the local force. Although thousands of the citizens were away from the city, nearly all day yesterday there had not been a single case of theft reported to date.

Army and Navy Veterans.—A smoking concert is to be held in the rooms of the Army and Navy Veterans, Hamley Building, on Saturday night, which will inaugurate the newly formed Army and Navy Athletic Club, an organization which its supporters claim will prove a big factor in Victoria athletic circles. The "Ernie Down Concert Party" will be in charge of the musical entertainment and the House Committee will be in charge of refreshments. D. J. Clark, president of the newly formed club, will preside. Invitations have been issued to the prominent sportsmen of the city to attend and it is confidently expected that Saturday night's concert will mark one more record for the A. and N.

To Secure Expropriation.—Expropriation of the Munn property needed for the installation of the new Johnson Street bridge will be started immediately, following the posting of a formal notice of motion on the subject by Alderman W. J. Sargent today. Alderman Sargent's motion provides for the introduction of a by-law covering the expropriation. It was expected at the City Hall this morning that the by-law would be put through its first and second readings at the City Council meeting this afternoon and would receive final passage next week. A survey of the Munn property has been completed now. It is expected that as soon as the expropriation by-law is passed, the Federal authorities will put their final approval on the project.

Zip!

A Valve-Grinding Compound Guaranteed to Satisfy or Your Money Refunded

MEN who do their own motor repairs, mechanics and others, will be glad to know about "Zip." It is a valve grinding compound without an equal. It will cost you nothing to try "Zip," for if you are not entirely satisfied return what you do not use and we will refund your money. Eight-ounce tins

E. McDUGALL WINS TOMBSTONE CONTEST

Interesting Competition at Colwood Brings Out Many Players

Colwood golfers had a most enjoyable time yesterday in the Tombstone competition. This was the first contest of its kind held at the Colwood links, and it proved so successful that the officials are considering holding others in the near future.

E. McDougall won the singles in the morning, carrying his flag to the second stroke on the nineteenth hole. In the foursomes in the afternoon Mrs. Abell and Mrs. Edwards, and Mr. Simpson and E. Schwelgers were given, officials planting their flag at the cup on the eighteenth hole. Arrangements are to be made for these two teams to play off immediately.

The competition revealed the excellent judgment which was used in arranging the handicaps. Most of the players planted their flags between the seventeenth and eighteenth holes. This part of the links presented a unique appearance, for in some instances the flags were planted in the fairway, many were tucked away in the corner of the green and others were fluttering around the eighteenth hole.

Fifty players participated in the competition, including a number of ladies. The playing of the ladies was a feature of the contest. They showed splendid form. Miss Sayward reached the eighteenth hole and her flag was flying from the cup, while Mrs. Abell was within three feet of the same destination.

L. W. Shade was the winner of the June eclectic competition held at the Colwood links. The July eclectic competition is now open.

COMMISSIONS LISTED

Extract from military orders under yesterday's date give the following appointments to commissions: Lieut.-Col. W. H. K. Anderson, D. S. O., to be major in the R. A. M. C.; Majors (W. O.) F. R. Wright, and R. V. C. Bessonet—to be lieutenants.

EXERCISED SEIZABLE CHOICE

Nevin Mee, charged with theft of a cultivator in the Esquimalt Police Court Wednesday last, was proven guilty and was fined \$25, with the option of serving one month in jail, though no advantage was taken of the option.

WINS PENMANSHIP DIPLOMA

La Verne Le Haquet, of the Shaw Business Institute has received word that he has been successful in his examinations for the Spott penmanship diploma, given at Toronto, Mr. Le Haquet also holds the American penmanship award. These are the highest certificates obtainable.

A MIDNIGHT PARTY

The result of a midnight party in room 12 of the Commercial Hotel recently in which Mrs. E. Tucker, Andrew Lindstrom and Gus Anderson were taken in a raid by Sgt. Fry and his liquor squad, found a sequel in a city police court to-day, when Mrs. Tucker was fined \$75 and given a severe lecture, and a fine of \$50 was imposed upon Andrew Lindstrom. Gus Anderson not appearing. The police officers found the party drinking from a bottle of rye whiskey, which was produced as evidence. William Baker, on retainer, was stated as being under medical observation still, and did not appear. He is charged with vagrancy.

TO PLAY ROYAL CITY

We will have just about as strong a team as can be gathered together in the city when we meet Westminster to-morrow. I think we will be able to make a good showing. If we win to-morrow's game and the rest of our home games we will get in the play-off. This is the statement of Lester Patrick, manager of the Victoria lacrosse team, which will leave to-night to meet the Royals in the Queen City to-morrow. This will be a crucial game. The Victoria team will be chosen from the following: Boss Johnson, Joe Dakers, Ernie Munro, Bob McKay, Kroeger, John Johnson, Boots Plump, J. Painter, A. McInnes, Bert Johnson, A. McGregor, Cyril Baker, Sugar McDougall, Joe Mitchell and Sid Humber.

ST. MARGARET'S SCHOOL

Dean of Columbia Presented Prizes at Summer Closing on Wednesday.

An enthusiastic gathering of parents, friends and students witnessed the annual sports programme and prize distribution at St. Margaret's School on Wednesday evening. The sports programme, the first part of the programme, Dr. Coran, Dr. Hudson and Major Spurgeon officiating as judges.

The senior champion this year is Evelyn Gray (who created a new school record for the long jump last evening), with a total of 21 points; runner-up, Marie Bullock, with 19 points; Junior champion, Lucy Bryden, 13 points; runner-up, Maude Crease, 8 points.

Warm applause greeted the winners as they received their prizes later from the Dean of Columbia, the enthusiasm culminating in ringing cheers for the Dean, Miss Barton and Miss Cotsworth, the popular sports mistress, and for the "girls who are leaving." During the interval between the sports programme and the prize distribution refreshments were served in the boarders' residence.

DIED SUDDENLY

AT PACIFIC CLUB

Tragic Death of George Elliott, of Saanich, Yesterday Morning

A gloom was cast over the holiday festivities at the Pacific Club yesterday by the tragic death of George Elliott, a clerk in the employ of the club. Mr. Elliott was seated at his desk in the morning about 10.30 when his stertorous breathing attracted the attention of J. D. Virtue, who went over to the man to ascertain if he felt ill. He proved to be unconscious and Mr. Virtue, quickly realizing the seriousness of the man's condition, called Dr. Bryant, who happened to be in the club, but the unfortunate man was beyond human aid, succumbing to heart failure.

The late Mr. Elliott, whose home was at 3155 Donald Street, Saanich, was sixty-four years of age and had resided in Victoria for the past eight years. Prior to coming to this city he had been for some years employed as a journalist on one of the Eastern papers. He was a member of St. John's Lodge, No. 20, A. F. and A. M., and also a member of the Foresters Order. He leaves a widow and one daughter, residing at Saanich, and one son at London, Ontario.

The remains are reposing at the B. C. Funeral Chapel and the funeral arrangements will be announced later.

RECEIVE RESIGNATION

School Board to Present E. B. Paul With Testimonial.

The School Board Thursday night received the resignation of E. B. Paul, Municipal Inspector of Schools, who is discontinuing his former duties in order to become principal of the new arts college at the High School. Mr. Paul formally accepted the principalship when handing in his resignation.

The Board ordered Secretary W. F. C. Pope to prepare a testimonial expressing the Trustees' appreciation of Mr. Paul's splendid service during his many years as Municipal Inspector of Schools. A new Municipal Inspector will be appointed by the Board in the near future.

Board of Trade Luncheon.—The quarterly general meeting of the Board of Trade will be held as a luncheon in the Dominion Hotel 12.15 Friday.

TWO MONTHS OLD BABY HAD ECZEMA

On Face, Very Sore and Itched, Did Not Sleep, Cuticura Heals.

"When my little niece was two months old she had eczema very badly on her face. It was of a moist kind, and took a blister form, and was very sore. It itched, making her face feel hot, and she would scratch badly. She did not sleep well nights. A neighbor recommended Cuticura so we got them, and one cake of Soap and two boxes of Ointment healed her." (Signed) Miss Zilla G. Stoddard, R. F. D. 3, Randolph Centre, Vt., March 10, 1919.

Make Cuticura Soap, Ointment and Talcum your daily toilet preparations.

Keep 25c, Ointment 25 and 50c. Sold throughout the Dominion, Canadian Depot: Lyons, Limited, St. Paul St., Montreal.

The Finest Tea—Perfectly Blended

Nature alone cannot produce the supreme quality of Lanka. Skill in blending achieves the exquisite flavor and the aroma which rivals the bouquet of rare wine.

A single cup will win you—after enjoying Lanka you will never be satisfied with less perfect tea.

Lanka is Ceylon tea, the finest that grows in the hill gardens of Nuwara-Eliya, 6,000 feet above sea level. It is imported direct through Vancouver, Keystone Canadian Port for the Orient, saving import duties and freight charges.

This allows us to offer you Lanka at a popular price. This supreme tea quality is yours for only 75 cents a pound.

Lanka Tea comes in the handsome striking package illustrated in this advertisement. You will see it on your grocer's shelf—every dealer has welcomed this opportunity to offer their customers such wonderful tea as Lanka.

It is imported and packed by WM. BRAID & COMPANY, Vancouver, Canada

Baseball Boxing Soccer Fishing

Brilliant Catch Robbed Capitals of Second Win

Grantham's Spear of Cunningham's Drive In Thirteenth Cut Down Victoria; Morton Won Morning Encounter and Lasted Most of Afternoon Game; Finest Playing Seen Here.

Morning Game—Victoria, 2; Tacoma, 1. Afternoon Game—Tacoma, 10; Victoria, 9.

Harry Morton and Tom Cunningham tried to fill the shoes of heroes in both games at the Stadium yesterday. In the morning they achieved their object in a most sensational manner, but in the afternoon fate stacked the cards against them and they failed.

Cunningham's sacrifice fly in the first game sent Carman across the plate with the winning run in the ninth. In the thirteenth inning of the afternoon clash, with two men on bases and two out, Cunningham sent a smashing drive over short which looked good for two bases and would have scored two runs and won the game.

The Iron Man. In the afternoon Morton did the Iron Man stunt, and came back at the Tigers. He lasted for eleven and one-third innings, when he gave way to Kelly. This made Morton's work for the day 20 1-3 innings, one of the finest performances made by a pitcher here since the days of Joe McGinnity.

Victoria scored first in the morning game. Morton started the trouble when he put a long hit in deep centre.

Edwards No Puzzle. Edwards' slow ball was no puzzle to the Capitals in the afternoon battle. In the second Carman, Dempsey and Zienke each singled, the latter's drive scoring Carman. Church got a life in the fifth, stole second and scored on Carman's single. Three runners trotted across the plate in the seventh. Elliott, Church and Leard each singled. Elliott was cut off at the plate trying to score on Leard's drive. Carman walloped the pill to the fence, chasing in Church and Leard and then Dempsey delivered a double which sent Carman home.

Morton Weakens. When Elliott doubled in the eighth and scored on Church's single it seemed as though the Capitals had the game sewed up, but Morton failed to mystify the Tigers in the ninth and their six singles gave them three runs and put them one to the good. The old fighting spirit in the Capitals was not dead and they tied up the score in their half of the ninth. Brown and Carman each singled and the former scored on Dempsey's single to the fence.

Killeen, who replaced Edwards in the eighth, and Morton were invincible in the tenth and eleventh. In the twelfth the Tigers scored once. Anfinson doubled and scored on Graham's single. Bourg singled and it was then that Morton threw his glove out of the diamond after one of the game displays of pitching.

TREMENDOUS CROWD SEES VANCOUVER WIN LACROSSE STRUGGLE

Newsy Lalonde Helps Terminusals Defeat Old Rivals, New Westminster

Vancouver, July 2.—Vancouver stickhandlers climbed into the running for the 1920 championship, and with it the famous Minto Cup, when they defeated New Westminster's smooth-working lacrosse machine, 6 goals to 5, yesterday, before a crowd which crammed every nook and corner of Athletic Park. It was one of the greatest turnouts for a cup battle in many years, the S. R. O. sign being displayed half an hour before the teams went on the field. Thousands stood throughout the sixty minutes of play, and several times the immense overflow crowd fell through the fence on the east side of the field.

With the score 3-1 against them at one stage of the first period, the Vancouverers, their every movement cheered to the echo by their admirers, staged a come-back, tied the count again, and left the field in the first period on even terms with the "Newys" Lalonde, making his first appearance, put the score his first up in the second period. New Westminster tied the count shortly after the start of the third period, but the Vancouverers came through with two capture goals, making the score 6-5. Ten minutes before the finish Cliff Spring got through for New Westminster's fifth and the last marker of one of the finest games ever best played games witnessed in years.

The Lalonde-Patchell duels aroused tremendous enthusiasm among the supporters of the teams. Both teams played in brilliant form. Then those who had been backing Turenga looked for a change. They had seen her worsted on the beat to windward. Might it not be that she would be better to windward, which was the case when the wind was aft? But such hopes led only to disappointment. Sir Tom rounded the buoy at the starting line, but the second beat to windward at 10:50.30 a. m. and Turenga rounded the buoy at 10:51.42 a. m. The Seattle craft thus having a lead of one minute and nine seconds after the crew in Turenga was absolutely correct, more than four miles, as the boats covered much more than two miles to windward of the starting line.

Turenga at Her Best. Skipper Ronald Maitland and his crew made a splendid start in the work of the race on the second round of the course. Steadily up to windward after Sir Tom, the Vancouver craft went. Sapping almost the same relative position at the rounding of the far buoy as at the first turn. Once again the crew of Sir Tom lost not a moment in setting the spinnaker and the crew of the Turenga was just as speedy. Down the wind the craft came bowling along, each with a-bone in her teeth and each displaying excellent helming on the part of her skipper.

Reaching the starting and finishing line, Sir Tom rounded the buoy at 11:02.40 a. m. and started on her third beat to windward. Turenga rounded the buoy at 11:40 a. m. Thus the gap between the two was one minute and fifty-seven seconds.

The Finish. As one minute and nine seconds of that time was what Turenga lost on the first round, it plain that on the second round she lost but forty-eight seconds. And forty-eight seconds spread over more than four miles of sailing means that two yachts are pretty evenly matched.

It was on the third round of the course that Turenga made her greatest failure, however. Leaving the starting line for the final beat to windward, Sir Tom, commanded by Ted Geary, went off on the starboard tack and held it until in position to clear a point of land on the succeeding port tack. This point of land was not much but it was enough to break up the wind so that to give it a good berth was a good reason for the skipper of Turenga to decide on different tactics. He did not follow Sir Tom's lead but about half way along the board tack, but about half way along Sir Tom's starboard tack he put his helm down and Turenga went off on the port tack. She did not clear the point of land that led and, though it was hard for the spectators to judge, her speed fell off. At the far buoy a greater gap separated the two craft and it was obvious to Sir Tom that he would win unless accident should intervene.

There was a big stretch of blue water before the boats started when the former crossed the finish line at 12:23.08 p. m. Turenga crossed at 12:28.13 p. m. five minutes and fifteen seconds later than the Seattle boat.

Throughout the race the work of both crews was excellent. The spinnaker was set without delay and was taken in without a hitch in each case just a moment or two before the craft rounded the buoy and took to beating up to windward, and the helming was equally good.

The skipper and crew of Sir Tom naturally were enthusiastic about the showing their craft made. The Turenga men, on the other hand, are confident their boat will cause a different story to be written after the second race, which will be held off Esquimaux harbor to-morrow afternoon.

Sir Tom is thirty-nine feet in length over all and twenty-eight feet over the water line. There is but little difference between the Seattle craft's dimensions and those of Turenga. The hull of Sir Tom is painted white and the hull of Turenga black and there is quite a difference in the shape of the hulls, which will be ab-

Sir Tom Took First of Series for Lipton Cup

Challenger Is Beaten at Cowichan Bay Regatta; Second Heat To-morrow at Royal Roads; Great Enthusiasm Yesterday; Dinghy Races at Cadboro Bay To-day.

Sir Tom, Seattle sloop, won the first of the series of races for the Sir Thomas Lipton challenge cup from Turenga, Vancouver sloop, at Cowichan Bay yesterday. Five minutes and fifteen seconds separated the yachts at the finish of the twelve mile contest.

The next race will take place to-morrow afternoon around a triangular course in the Royal Roads, off Esquimaux Harbor, and the result yesterday undoubtedly will increase local interest in the event. A win by Turenga to-morrow would mean another race, a finish struggle, whereas a win by Sir Tom would mean that the Sir Thomas Lipton challenge cup would be carried back to three-time another year in Seattle, where it has been since won by Sir Tom from Turenga in the first race for the trophy sailed in 1914.

Under Ideal Conditions. The race yesterday was called under ideal conditions. In brilliant sunshine, with a breeze brisk to fresh, the yachts encountered only a ruffled surface on the water, making a perfect racing area.

The course was a beat two miles to windward and a run back to the starting line, the yachts being made the distance of the race twelve miles. Thus the contest consisted of a beat and a run, a beat and a run and a beat and a run in that order.

Sent away promptly at 10 a. m., the two craft got across the line practically even, but a few seconds separating them. With such a fine beginning, the interest of the spectators mounted as the boats both went off on the starboard tack. Up the wind they ate their way, each under main-sail and jib. Gradually Sir Tom edged ahead of the Turenga in the vicinity of the line could see the Seattle craft round the far buoy first and a moment later the crew broke through the spinnaker and the boat started to run before the wind. Close behind her came Turenga, and as speedily as she rounded the far buoy her spinnaker was set.

Both teams played in brilliant form. Then those who had been backing Turenga looked for a change. They had seen her worsted on the beat to windward. Might it not be that she would be better to windward, which was the case when the wind was aft? But such hopes led only to disappointment. Sir Tom rounded the buoy at the starting line, but the second beat to windward at 10:50.30 a. m. and Turenga rounded the buoy at 10:51.42 a. m. The Seattle craft thus having a lead of one minute and nine seconds after the crew in Turenga was absolutely correct, more than four miles, as the boats covered much more than two miles to windward of the starting line.

Reaching the starting and finishing line, Sir Tom rounded the buoy at 11:02.40 a. m. and started on her third beat to windward. Turenga rounded the buoy at 11:40 a. m. Thus the gap between the two was one minute and fifty-seven seconds.

The Finish. As one minute and nine seconds of that time was what Turenga lost on the first round, it plain that on the second round she lost but forty-eight seconds. And forty-eight seconds spread over more than four miles of sailing means that two yachts are pretty evenly matched.

It was on the third round of the course that Turenga made her greatest failure, however. Leaving the starting line for the final beat to windward, Sir Tom, commanded by Ted Geary, went off on the starboard tack and held it until in position to clear a point of land on the succeeding port tack. This point of land was not much but it was enough to break up the wind so that to give it a good berth was a good reason for the skipper of Turenga to decide on different tactics. He did not follow Sir Tom's lead but about half way along the board tack, but about half way along Sir Tom's starboard tack he put his helm down and Turenga went off on the port tack. She did not clear the point of land that led and, though it was hard for the spectators to judge, her speed fell off. At the far buoy a greater gap separated the two craft and it was obvious to Sir Tom that he would win unless accident should intervene.

There was a big stretch of blue water before the boats started when the former crossed the finish line at 12:23.08 p. m. Turenga crossed at 12:28.13 p. m. five minutes and fifteen seconds later than the Seattle boat.

Throughout the race the work of both crews was excellent. The spinnaker was set without delay and was taken in without a hitch in each case just a moment or two before the craft rounded the buoy and took to beating up to windward, and the helming was equally good.

SCOTTISH NEWS

Victoria Cricketers in Brilliant Form and Win

Defeated Vancouver By an Innings and 52 Runs; Jack Matson, Chosen as a Reserve, Got Into Game and Was Chief Scorer With 79; Huge Crowd Attended Game, Which Was One-Sided.

Yesterday Capt. "Giddy" Goward fulfilled his boast that Victoria would defeat Vancouver in the second inter-city cricket match. A lot of cricket followers were a little dubious about the claim of the Victoria skipper in view of the defeat which the team received on its visit to Vancouver, but when the two elevens met at the Royal Jubilee Hospital yesterday there was no question as to which was the superior. Victoria greatly outclassed the Mainlanders and won by an innings and 52 runs.

One of the largest crowds that has witnessed a cricket game in this city in years gathered at the grounds and took keen delight in the progress of the match. The spectators were greatly pleased with the showing of young Jack Matson. He was picked as a reserve and got a place on the team through the inability of George Wells to appear. Matson was in brilliant form and batted 79, being chief scorer.

Won the Toss.
Goward won the toss and sent Vancouver to bat. Vancouver captain, Eatonshire, the Vancouver captain, sent in Bullen and Hudson to face the bowling of Goward (at the maiden over to Hudson. Wilkinson opened the bowling at the Hospital end, and emulated his partner, great caution being observed by the batsmen. Hudson opened the scoring with a lucky strike off Goward. Bullen made a fine hit for four off Wilkinson, sending 10 up. However, Wilkinson shortly afterwards had Bullen very smartly caught out by Quinton at short slip.

Peers followed in, but was almost immediately dismissed by Wilkinson's fast one, the ball keeping very low. Two wickets were down for 12 runs. Killick came in to bat, and Hudson scored at single, and Killick was promptly bowled by Goward, 13-3.

Captain Applauded.
Eatonshire appeared next, and the popular Vancouver skipper was applauded as he walked to the wicket. Hudson elicited applause by a fine square leg hit for 5 off Wilkinson. Goward then bowled Hudson with a fine ball, 20 runs for four wickets. The next batsman was Leigh, the first left-handed batsman of the innings. Wilkinson clean bowled Eatonshire with a beautiful length ball, 22 runs for 5 wickets.

Neil was next man in, and then Leigh's brilliant and the game with magnificent shots for four. Immediately afterwards, Wilkinson took his revenge with a ball that completely beat Leigh, and the score stood 33 runs for 8 wickets. Neil was then immediately taken very finely by Quinton off Goward, the catch being an excellent piece of fielding and deservedly applauded.

Reid came in, but was almost immediately taken by Edwards off Goward.

Peters made a fine shot for four off Wilkinson, bringing 40 on the board. The batsmen then began to hit freely, and the score mounted rapidly, the ball appreciably rising higher than at the beginning of the game.

Sparks Relieves Goward.
Sparks relieved Goward, but the scoring progressed until with 80 up. The new bowler dismissed Peel with a beauty. Quinton replaced Wilkinson at the pavilion end, but the finish came from Sparks, who as bowler dismissing Peters with a fine delivery, and the Vancouver total stood at 68. Edwards kept wicket for Victoria remarkably well and received almost perfect support in the field. Goward, Wilkinson and Sparks all bowled well. Quinton having little opportunity.

Victoria Opens.
Sparks and Allen opened the Victoria innings to the bowling of Ivamy and Leigh. When only ten runs had been scored Neil relieved Leigh. Soon afterwards, Bullen took Allen at forward point, off Ivamy, 15 runs for 1 wicket. Collett came in, but did not stay long being beaten and clean bowled by Neil, 22 runs for 2 wickets. Gillespie following in, kept his wicket intact until the lunch interval. On resuming, Ivamy was bowling to Sparks, who at once played him to the on, for a couple, but on the last ball of the over Sparks was dismissed with a splendid ball, 26 runs for 3 wickets.

Matson came in and gained applause by turning Neil to leg for four. He also cut the next ball for four. This sent the score up to 40. Ivamy missed a hard return from Gillespie, which would have gone for four. Eatonshire relieved Neil at the gate-end, and Matson showed his appreciation with a fine drive for four, and so the match went on. Gillespie scored 54 before being caught off Leigh, while Matson had the satisfaction of being chief scorer with 79 to his credit, before being bowled by Leigh.

Eden Quinton scored 16, and then was caught by Reed off Leigh. One of the features of the game was the fine display of batting given by Gillespie and Matson. The Victoria innings totalled 201 runs.

Started Badly.
Vancouver's second innings started badly. Peel being badly run out. Goward and Quinton brought off two fine catches. Leigh alone rose to the occasion, hitting with determination, and was at last run back by a beauty from Goward. Special mention should be made of the stumping of Eatonshire. No better piece of "keeping" has been seen for years. During the afternoon the Ladies' Auxiliary of the Army Veterans served tea. The Vancouver players were well entertained while in the city. They were met at the hotel yesterday morning by the Victoria team, and after breakfast at the Douglas Hotel were

VICTORIA BOWLERS ARE AGAIN VICTORS

Cedar Cottage Team From Vancouver-Defeated by 18 Shots; Fine Play

Once again the Victoria lawn bowlers proved too strong for a Vancouver team. Yesterday afternoon the Cedar Cottage players from the Mainland tried to avenge the defeat administered on Empire Day to the Vancouver Bowling Club, but in the end they were forced to bow humbly before the Capital team.

The Cedar Cottage bowlers went on to the Beacon Hill green confident and were a very likely looking lot. Victoria, however, had six exceptionally strong rinks and they triumphed by 18 shots, the final scores being: Victoria, 127; Cedar Cottage, 109.

Yesterday's visitors made a better showing than their predecessors from Vancouver. The Vancouver lawn bowlers finished 24 shots to the bad.

The Results.
The results of yesterday's match were as follows:
Victoria vs. Cedar Cottage

ELKS HAD BIG TIME ON LAND AND WATER

Successful Holiday Spent at Club-house at the Gorge

Over 150 people attended the basket picnic and dance of the Elks' Swimming Club at the Gorge yesterday, and every member of the happy throng was thoroughly satisfied. It was one of the most enjoyable and entertaining affairs ever held in this city in connection with aquatic sports. The weather conditions were most ideal for the outing, which commenced at 3 o'clock with water sports.

The fifty-yard handicap was won by C. Deane; Pursler being a close second and Ross third. The 50 yards race, open, for boys under 16 years, was won by D. Barkley, with J. Muir second.

The plunge for distance was not very successful owing to the contestants having to plunge against the tide. The results were: 1, Pursler, 31 feet 2 in.; 2, Ross, 29 feet 11 in.; 3, Warne, 29 feet 10 in.

The open diving was won by "Buck" Calder, G. Young coming second. The club diving was won by Crompton, and Crampton second.

The swimming races were followed by a polo match. The teams were as follows: Warne (capt.), Dudge, Ross, Weight, Pursler, and Crompton (capt.), Stewart, Carne, Griffen, Stocks. The game was very exciting and was won by Crompton's team, 5-2.

Land Sports.
The polo match was followed by a few land sports. The winners were: 50 yards, single men—1, Cummings; 2, Potts. 50 yards, single ladies—1, E. Warburton; 2, N. Warburton. Hammer and nail race, ladies—1, Mrs. Gosse; 2, Mrs. O. A. Macdonald. Hammer and nail race, men, blindfolded—1, Stewart; 2, Stock. Owing to the heavy strain put on the rope in the tug-of-war the rope broke and scattered the two teams over the ground.

As soon as the land races were over the tables were laid very invitingly under the supervision of Mrs. O. A. Macdonald. The supper was followed by a dance, which was a great success. Ozard's orchestra was in attendance. The following were responsible for the success of the outing: Swimming—Messrs. Warne, Pursler, Crompton. Sports—Messrs. Rylands, Macdonald, Stock, Shewell. Dance—Messrs. Brown, Cooper, Brooks, Carlow, Woods and Macdonald.

Sidney Won Victory in Lacrosse Match Yesterday

Successful Celebration of Dominion Day at Peninsula Town; D. M. Peden Won Bicycle Race From Victoria, But Protest Will Follow.

Sidney's Dominion Day celebration was expected to be a success, and events demonstrated that the prediction was fully warranted. A breeze from the Gulf tempered the heat of the day. Hundreds of visitors attended from Victoria.

Sidney won the lacrosse match with a picked Victoria team, including some of the Mann Cup men, by a score of 12-3. In the baseball game between Sidney and Roche Harbor the home team won by five runs to three. While the lacrosse and ball honors thus went to the home men, Royal Oak by a goal margin defeated the Sidney eleven 1-0.

Tennis Tournament.
In the tennis tournament, Sidney again scored a victory, the James Island representatives putting up a splendid fight.
Men's Doubles.
Field and Prince won from Wallcott and Ayres, 3-5, 6-3, 6-4, and from Williams and McKinnon, 6-3, 6-4; White and Taylor lost to Williams and McKinnon, 1-6, 1-6, and won from Wallcott and Ayres, 6-0, 6-4.

Men's Singles.
White won from McKinnon, 6-3, 6-2. Field lost to Williams, 2-6, 4-6. As a result of the tennis tournament Sidney retains the cup.

NO-HIT, NO-RUN GAME FOR WALT JOHNSON
Washington Twirler Trimmed Boston Yesterday; Yankees Get Slight Lead

American League.
Boston, July 2.—Walter Johnson, crack pitcher of the Washington Americans, for the past decade yesterday pitched his first no-hit, no-run game, shutting out the Red Sox without hit or run. Washington scored a single tally.

Yanks Go in Lead.
Philadelphia, July 2.—By defeating Philadelphia yesterday, 9 to 5, New York assumed the American League lead with a percentage of .817 to Cleveland's .815.

Set Even Break.
Chicago, July 2.—Chicago and St. Louis divided a double-header yesterday. Chicago winning the first game, 2 to 1, in eleven innings and St. Louis taking the second 4 to 1. In "Shalk Day" and the catcher was presented with a chest of silverware.

Brooklyn Beat Giants.
New York, July 2.—Brooklyn defeated the great crowd that gathered at the game on their new home grounds, St. Louis was defeated, 6 to 2 in ten innings by Pittsburgh yesterday.

National League.
Cincinnati, July 2.—Chicago won a fast and well-played pitchers' battle from Cincinnati yesterday, 1 to 0.

French Girl Keeps Her Tennis Title
Mlle. Suzanne Lenglen Wins Finals at Wimbledon; Americans in Great Game

Wimbledon, Eng., July 2.—(Associated Press).—Mlle. Suzanne Lenglen, France, the British titleholder defeated Mrs. Lambert Chambers, of England, winner of the finals in the ladies' singles, in the challenge round for the British lawn tennis championship in ladies' singles, played here to-day. Mlle. Lenglen won in straight sets, 6-3, 6-0.

A real surprise was furnished the great crowd that gathered at the tennis courts yesterday, for William M. Johnston, American champion, and William T. Tilden, the finalist in the British singles championships, were beaten in the doubles by Charles S. Garland and N. Norris Williams. The most noteworthy feature of the play was Garland's fine exhibition. He had never before approached such a fine, all-around game, and many of the English experts declared they did not dream he had such wonderful stuff in him.

The final set was brilliant. Williams and Garland took the score to 2-1 by generally superior net work. Johnston then failed to win with his service and he and Tilden followed this up by dropping the sixth game through Johnston's missing three

successive returns. This gave Garland and Williams the lead, 6-1. Tilden held his own service game but Williams ran out his own service in the seventh game, giving Williams and Garland the set 6-2 and the match.

AMATEUR BALL GAME IS SET FOR MONDAY

The amateur baseball game between the Knights of Columbus and Colliers will be played at the Stadium on Monday evening at 6.30 o'clock, instead of Saturday, as announced previously. Paritt will pitch for the Knights and Straith for Colliers, which insures another pitcher's battle.

THOUGHTFUL CHILD.
"Have you said your prayers?" asked Willie's mother. "Of course!" replied the child. "And did you ask to be made a better little boy?" "Yes and I put in a word for you and father, too,"—London Tit-Bits.

IN PORT TO-DAY FROM FAR EAST

C. P. O. S. LINER MONTEAGLE One hundred first-class passengers and 600 Chinese steerage are aboard the Monteagle, Captain A. J. Hosken, R. N. R., which is posted to reach William Head Quarantine Station at 4 o'clock this afternoon from Yokohama. The Chinese steerage passengers are routed to Havana, Cuba. The liner has a big cargo of Oriental freight, including 600 tons of raw silk. It is expected that the Monteagle will berth at the Outer Docks about 5 p. m. to-day.

EMPRESS OF ASIA SAILS FOR ORIENT

Cleared Port To-day With 700 Passengers; Chinese Educationalist on Board

Taking out seven hundred passengers, the Canadian Pacific liner Empress of Asia, Captain A. J. Halley, R.N.R., cleared from the Outer Docks at 9 o'clock this morning for Yokohama and Hongkong.

The big liner carried 325 passengers in the saloon accommodations, 45 second class, 30 third class and 200 Orientals in the steerage.

Dr. Yu Tinn Hugh of Clark University, Worcester, Mass., was an outboard passenger. He has specialized in sociological research work at Clark University, and has been requested by the chancellor of the Peking Government University to inaugurate a sociological department at that institution.

While women students have been admitted to Peking University since last year, he did not think that the suffragette movement had as yet assumed any definite proportions.

Freight Terminal. The Cunard Line recently started construction on a \$30,000,000 freight terminal on the Westhavan waterfront of the Hudson River.

Cunard Tonnage. The Cunard and associated lines despite the losses sustained during the war, now have a total of over 600,000 tons of shipping and expect to have one million tons by next year.

Every dreamer expects to accomplish something when he wakes up.

DRYDOCK ESTIMATES PASSED, THE MESSAGE FROM MINISTER SAYS

A message from Dr. S. F. Tolmie, Minister of Agriculture, to J. L. Beckwith, President of the Victoria Board of Trade, to-day states that the preliminary estimates for the construction of the Esquimalt drydock were passed in the House of Commons at Ottawa yesterday.

AQUITANIA ABOUT TO RESUME SERVICE

Crack Cunard Liner, Reconditioned and Burning Oil, to Sail on July 17

Cable advices have been received by C. A. Whitelock, British Columbia manager of the Cunard Line, to the effect that the Cunard Aquitania, queen of the Atlantic, left Newcastle-on-Tyne, where she has been equipped with oil burners at the plant of Armstrong & Co., on June 26, and arrived at Liverpool June 28.

Mr. Whitelock informs The Times that the Cunard Line recently started construction on a \$30,000,000 freight terminal on the Westhavan waterfront of the Hudson River.

Mr. Whitelock reports good business, all steamships being booked to capacity.

Gasoline Famine. A hundred automobiles had been offered by the people of Port Angeles to take the Presbyterian excursionists around Clallam County, but joy-riding had to be abandoned because of the gasoline shortage.

Women Help Excursionists. Twenty ex-service men from the Craigdarroch Military Hospital were taken over with the Sunday School excursionists. The hospital sent a large hamper with them.

Note City's Growth. There was a baseball game in the afternoon, along with sports.

There is not a house vacant in the district. The cause of the rise in the

NIAGARA COMING ON FROM AUSTRALASIA

Dr. J. M. Shaw, Surgeon of Makura, Will Return Home by Liner

The Canadian-Australasian liner Niagara, Captain J. T. Rolla, left Auckland June 20, according to advices received by the agents on this coast.

She is expected to reach this port about July 16.

In response to a cable, Mrs. Shaw has been advised that Dr. Shaw is much better and proposes to leave Honolulu by the liner Niagara for his home in Victoria.

"GAS" FAMINE ON, PICKNICKERS FIND MOTORS USE ETHER

DOMINION

The wife who always insists that her husband wear rubbers when the weather looks the least bit stormy and who showers upon him a thousand other little attentions "for his own good" comes in for her share of lacings in the latest Cecil B. DeMille picture, "Why Change Your Wife" which is the attraction of the Dominion. The production is described as a satire on married life done on an elaborate scale and also with the idea of telling the newly wedded and the about-to-be-wedded something for their own good.

Thomas Meighan and Gloria Swanson head the excellent cast, which also includes Bebe Daniels, Theodore Kosloff, Sylvia Ashton, Clarence Geldart and others.

COLUMBIA

One of the best opportunities yet afforded Constance Talmadge for the display of her talents, is the role of Geraldine Barker in "The Veiled Adventure," a Selenet comedy plus drama in which she is presented by Lewis J. Selznick and which appears on the bill this week at the Columbia Theatre. A beautiful thread of romance runs through the picture, and romance, it might be said, is Constance Talmadge's "long suit." Her many admirers can be assured of a rare treat when they view her work.

GOOD VAUDEVILLE

AT THE PANTAGES

"Heart of Annie Wood" and "The Footlight Review," Musical Acts.

Pantages show this week provides a wealth of vaudeville talent. There are five acts brimful of interest, and embracing a variety of high-class features.

"The Heart of Annie Wood," programmed as one of the most acceptable numbers of the current bill. There are a number of musical and dance numbers, and the various acts are well delineated. Marion Lee sings pleasingly, and the dance numbers are excellently interpreted. The chief numbers include "The Right Road," "Till Build a Little House For You," "Trivolity," and "The Vision Waltz." Other members assisting in the production are Townsend Abern, Mortimer Weldon, Lila French and Edith Chris.

The book and lyrics are by Francis Nordstrom and the music by Jack Morris. "The Footlight Review" is given the premier place on the programme. This act features Charles Jordan and George Offerman and a beauteous chorus. The creations introduced in this production are elaborate. Jordan and Offerman do their best to make the act amusing, and the chorus dances with abandon and grace. The act carries the necessary punch to make it a winner.

Diana Bonnar, formerly of the Chicago Grand Opera Company, charms with her wonderful voice. She has a varied repertoire of grand opera selections, and wears some wonderful costumes.

Sensational gymnastic work is presented by the Three Melvin Brothers. These clever serial performers put on an exhibition that is conspicuous for its thrilling features. It is a graceful offering, and the difficult feats are performed without any apparent excess of effort.

Harry Van Fossen, blackace comedian, is being accorded a big reception by Pantages audiences. He possesses the ability to keep his audience in a good frame of mind. He has a comical line of patter, and his dancing is most eccentric. When Harry Van Fossen is occupying the stage his audience is with him. Everybody has to laugh.

The tenth episode of "The Adventures of Ruth," is shown on the screen this week, and thrills galore are the order.

COMEDY AGGREGATION

ON ORPHEUM BILL

"Rubeville" Will Be Headliner This Week-end; Other Stellar Features

"Rubeville," the title of the headline act appearing at the Orpheum to-night, Saturday matinee and night will afford much comedy as well as a high-class musical entertainment. With characters that represent the urbane, gathered around the stove at the general store, they tell much to commend in the way of a novelty situation. The chair warmers of this aggregation of ten comprise the clarinet band, without which no country village is bereft, as well as a quartette which is at once the pride of foot-gladdener—the world has ever known.

Get a box of "Tiz" at any drug store and end foot torture for a whole year. Never have tired, aching, sweaty, smelly feet; your shoes will fit fine and you'll only wish you had tried "Tiz" sooner. Accept no substitute.

Whenever a woman says she thinks another woman is prettier than she is, it is a sign she thinks she is lying.

PREMIER WINS VERDICT; DAMAGES PUT AT 25 CENTS

Long Oliver-Elliott Libel Case Is Ended; To Argue Costs

Premier Oliver won the verdict and got twenty-five cents damages late Wednesday against R. T. Elliott, K.C., in the big libel suit which took three full days before the court.

The jury which went out at 121 o'clock came back to the court room at 4.53 o'clock.

"Gentlemen of the jury, have you agreed on your verdict," asked Oswald Barton, Registrar.

"We have," replied Charles H. French, foreman.

"What is your verdict?" asked Mr. Barton.

"Just a minute, I had better read it," replied Mr. French, taking a piece of paper from his pocket and smiling broadly.

"We your jury in the case of Oliver versus Elliott find a verdict in favor of the plaintiff with damages assessed at 25 cents," Mr. French read.

There was an immediate stir in the court room as people booted out to telephone and tell their friends.

The judge thanked the jury and dismissed them.

Neither the Premier nor Mr. Elliott were in the court when the verdict was given. Their counsel, M. B. Jackson, K.C., M.P.P., and Joseph Oliver and H. A. Maclean, K.C., however, were at the counsel table.

Premier Silent.

Mr. Jackson moved for judgment according to the verdict, which was immediately given by the judge. Mr. Jackson then moved for the costs of the action. Mr. Maclean, however, opposed this. The judge decided this should be argued next Wednesday.

Twice while the jury was out they knocked on the door. The sheriff went in and took messages to the judge.

The Premier would say nothing at all after the verdict. His counsel, however, were both apparently much pleased at winning the legal decision although they had labored for extensive damages.

Mr. Elliott had this to say: "I am satisfied the court and jury gave impartial consideration to the case, and the verdict arrived at is satisfactory to me. As soon as the court ruled that publication was made on a privileged occasion I knew that it would be impossible for the plaintiff to succeed in his claim."

Still, a man never seems anxious to marry a woman who isn't afraid of a mouse.

Some More Truths.

WOULD you use a steam shovel to move a pebble? Certainly not. Implements are built according to the work they have to do.

Would you use a grown-up's remedy for your baby's ills? Certainly not. Remedies are prepared according to the work THEY have to do.

All this is preliminary to reminding you that Fletcher's Castoria was sought out, found and is prepared solely as a remedy for Infants and Children. And let this be a warning against Substitutes, Counterfeits and the Just-as-good stuff that may be all right for you in all your strength, but dangerous for the little babe.

All the mother-love that lies within your heart cries out to you: Be true to Baby. And being true to Baby you will keep in the house remedies specially prepared for babies as you would a baby's food, hairbrush, toothbrush or sponge.

Children Cry For Fletcher's CASTORIA

Your Friend, the Physician.

The history of all medicines carries with it the story of battles against popular beliefs; fights against prejudice; even differences of opinion among scientists and men devoting their lives to research work; laboring always for the betterment of mankind. This information is at the hand of all physicians. He is with you at a moments call be the trouble trifling or great. He is your friend, your household counselor. He is the one to whom you can always look for advice even though it might not be a case of sickness. He is not just a doctor. He is a student to his last and final call. His patients are his family and to lose one is little less than losing one of his own flesh and blood.

Believe him when he tells you—as he will—that Fletcher's Castoria has never harmed the slightest babe, and that it is a good thing to keep in the house. He knows.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

THE RUFOUS HUMMINGBIRD.

To the Editor.—In the catalogue of Canadian birds by Professor John Macoun it is very interesting to read that this species of hummingbird was discovered at Nootka Sound by Captain Cook. The name of the bird is never, I should think, by the numbers of them around Ucluelet. The male birds arrive here about from the 1st to the 9th of April, just as the first few hoppers of the salmonberry are opening, the females a fortnight or so later. After a number of years of the male birds left very early in the season, and in 1914 a note was kept from the last week in June and it was found that they all had left by the 4th of July, and it has been the same every year since. The adult females may leave about the same time; one cannot tell, as their plumage is similar to that of the young. Whether they go South now or leave for some other part of the North it would be hard to say unless their movements are already known.

THE SUMMERS FUND.

To the Editor.—You will recall that on July 11, 1913, the home of Mr. M. C. Summers, Fourth Street, Victoria, was destroyed by fire and Mr. Summers himself lost his life in attempting to save that of his infant son. Public sympathy with the widow and her family was so pronounced that a public subscription list was opened by local newspapers and by various public and semi-public organizations in the city which resulted in the raising of a sum of over \$5,000, the major portion being subscribed by the readers of The Times and Colonist. Subsequently a public meeting was held in Christ Church schoolroom for the purpose of appointing trustees to administer the fund so raised when the Dear of Columbia, Leonard Tait, Joseph Ley, Mrs. White and Mrs. Galbraith were appointed trustees with power to appoint their own chairman and secretary. In addition to subscribing to the fund the members of the Amalgamated Society of Carpenters undertook to give their work free on the re-building of the Summers home. Of the above trustees, Joseph Ley represents the Amalgamated Society, being the secretary of that organization.

At a recent meeting of this society Mr. Ley reported that so far as he knew there had been no meeting of the trustees of the fund called for the last two or three years, and further, that since the "business sheet" which was published in December, 1916, or January, 1917, no audit has been made of the accounts of the fund. This

JUBILEE HOSPITAL REPORTS INDICATE PRESSURE ON SPACE

Kiwanis Club Is Thanked For Interest in New Hospital

At the annual meeting of the donors and subscribers to the Royal Provincial Jubilee Hospital, held Wednesday afternoon in the Board of Trade rooms the thirtieth financial statement was presented to the assembly by James Forman, honorary treasurer of the Board. President R. S. Day occupied the chair, while some forty subscribers were in attendance.

The election of four directors to take the place of the retiring officials took place as follows: Mrs. Rhodes, Messrs. J. D. Angus, Charles Williams, and Reeve S. J. Drake, Oak Bay. The Directorate will choose its president and other officers at the next meeting of that body. Reports from the different departments for the current term were then presented to the meeting, including the financial statement, and a report from the medical superintendent, Dr. H. B. Rogers.

The report of the Board of Directors set forth:

"The number of patients admitted during the year was 2,462, an increase of 244, and the total number of days made by these patients was 46,114, an increase of 2,676 days over the total for 1919. The out-patients attending the hospital show a considerable increase, 746 attending for

hospital treatment and 3,491 for X-ray examinations and treatments.

Mention of the X-ray department under the supervision of Dr. Poyntz was made in the last year's statement and at that time this department showed very great promise of filling a most important part in the correct diagnosis of diseases. The installation of this plant has fully justified its existence, when we show that for the year 1,491 examinations and treatments have been made. The plant is constantly growing in usefulness and lately we have made several valuable additions to the apparatus.

For two successive years this department was selected for the X-Ray Clinic under Professor Jermy, of Chicago, which demonstrates the superior position it has taken in the Province.

Laboratory Work.

"The Provincial Government having established a clinic for the treatment of venereal diseases have arranged for all laboratory work for the Island to be done at this hospital under the supervision of Dr. Walker.

"Under the agreement made it was necessary to increase the staff in this department, to place more rooms at its disposal and to increase the equipment.

"The hospital has received a subsidy of \$2,000 from the Provincial Government, which, however, is only part of its share for the current year towards the expense. Under this arrangement the laboratory for Vancouver Island and all bacteriological work sent in by physicians for venereal diseases is done for the clinic free of charge.

Still on Increase.

"By the treasurer's statement it will be seen that the cost of maintenance is still on the increase, of which the cost of groceries alone is responsible for over \$4,000. Several times during the past year the situa-

tions has been well nigh acute and more than once we have had to make new arrangements for overdrafts at the bank. At the present moment we are not allowed to overdraw more than \$2,000 and by special arrangement, \$5,000. The accounts payable on April 30 were about \$17,000 mostly owing to the tradesmen of the city who, of course, are the sufferers in the first instance for our inability to promptly meet our monthly accounts. To be a creditor for \$1,000 or more on overdue accounts is a serious matter for firms who require the money not only to pay their own debts, but to purchase supplies which they know are going to advance. This condition tends to higher prices being charged the hospital for goods supplied and eventually the citizens become the sufferers.

Municipal Apathy.

"We have had several conferences with the City Council regarding this matter, but as long as the public is apathetic, municipal bodies will move slowly. Meanwhile we are paying the piper, and life is not made more pleasant for directors by dunning letters which are becoming more frequent. The president, at the request of the City Council, went to North Vancouver and addressed the Union of Municipalities on the financial support of hospitals.

Raised Charge.

"In an effort to keep pace in some measure with the increased cost of operation we have raised the daily charge for our public wards and for private rooms. All our rooms are kept fully occupied, and we could very profitably use many more if we had them. The heavy strain upon our accommodations has been lessened by the removal of military patients to Esquimalt, and this has enabled us to reformat private rooms that had for some time been occupied by public ward patients, with consequent benefit to our funds.

Thanks Kiwanis Club.

"The Board welcomes the formation of a Kiwanis Club in the city and records its grateful appreciation of the clubs having taken as its objective the building of the new hospital. To form an opinion on the urgency of a new building, the club had luncheon in the hospital in January and were shown over the building by the staff. We assure them of our hearty co-operation in all their endeavors on behalf of the hospital.

Veneral Clinic.

"Allusion has been made in this report to the veneral clinic established by the Government. No provision has been made for the care of bed cases, and it is apparently the intention of the Government to force them on the public hospitals, but no provision is made for accommodation for them. If the Government insists that such cases must be taken care of by the public hospitals of the Province, some provision should be made for isolating them in a separate building, and we submit that it is at least assist in finding the cost of such a building.

Reference is next made to the visit of the Prince of Wales on September 25, 1919.

Insurance.

Continuing the report of the directors sets forth the better arrangements made with respect to insurance on buildings and equipment; to the addition of the radiograph department to the operating room, necessitating increased heating capacity; to the additional machinery purchased

MAN'S BEST AGE

for the laundry, and a decrease in the cost of this latter department. Allusion is made to various donations during the year and the furnishing of memorial wards to nurses who died on service.

The Spencer donation of \$10,000 towards a fund of \$50,000 for a tubercular ward was also acknowledged.

Revenue.

The report of the honorary treasurer, James Forman, set forth that the total revenue from all sources for the year ended May 31 last, was \$144,194.75, of which \$52,287 was received from X-ray patients, \$20,212.22 from the Provincial Government; \$14,029.92 from the City of Victoria, and \$41,647.17 from the Dominion for the treatment of soldiers' patients. The hospital also received \$19,588.68 from bequests and \$5,000 for the account of the Maternity Ward Fund, and many other amounts from organizations interested in the work of the institution, none of which will be used for current expenses, all of it being applied to necessary equipment and extension work. The report continues:

Hospital's Difficulties.

"A greatly increased interest in the whole question of hospital financing is manifest and numerous suggestions have been made whereby the necessary funds should be forthcoming for this and other Provincial hospitals, but so far no satisfactory solution has been found. The various municipalities are compelled by law to provide the necessary funds for education, but no such obligation rests on them where the public health is concerned, a matter which is just as important to the community as that of education. Our position would be much worse to-day if it had not been for the numerous benefactions and hand-some sums of money so generously given and raised through the kindly efforts of our many friends. It might not be out of place at this time to remind our public-spirited citizens of the desirability of remembering the Jubilee Hospital when the important matter of making their will is under consideration, or better still, of donating sums of money towards special features of the hospital work during their lifetime. No other investment yields such large returns in the well-being of the community as a modern, well-equipped hospital which provided for every necessity of the sick, no matter what the station of life may be."

Statistics.

The report of the Medical Superintendent, Dr. H. B. Rogers, stated that during the year there were admitted to the hospital 2,462 in-patients, being 244 more than were admitted in the previous year, and the total number of hospital days made by these was 46,114, an increase of 2,676 over the total of the previous year. The average stay in hospital has decreased from 20.5 in 1919 to 18.7 days in 1920, and the daily average number of patients increased from 119 to 126 during the same period. The number of out-patients treated also increased from 632 in 1919 to 746 in 1920. Births numbered 109 and deaths 139.

Lack of Accommodation.

The report dealt with the lack of accommodation in obstetrical, tubercular and children's wards. The applications for private rooms are almost always more than can be met. Dr. Rogers stated that there is a waiting list most of the time, and undoubtedly many patrons are lost who cannot or will not wait, and as it is the revenue derived from the private rooms that goes to offset the inevitable loss in the public wards, it would appear desirable that the number of these revenue-producing elements be increased. He also points out that under the arrangement between the Province and the hospital, whereby the care of veneral cases is placed upon the hospital and that the clinic received established under the act of the Provincial Board of Health treats only ambulatory cases, no provision has yet been made for the handling of patients requiring bed treatment and, in the event of a hospital being required to admit these some place of segregation will have to be prepared as their admission to the public ward is very objectionable and undesirable. An observation ward for the reception of cases of possibly a contagious or infectious nature is also a conspicuous requirement. In this connection Dr. Rogers refers in eulogistic terms to the interest being taken in the cause of a new building by the Kiwanis Club, to the good work being done by the pathological laboratory, to the development of the radiological laboratory, conceded by specialists, to be second to none in Canada, and to the improvements made in cases reporting.

Dr. Rogers states that work towards standardization of hospitals is progressing satisfactorily so far as that institution is concerned.

DR. ROBINSON IS HIGH SCHOOL HEAD

Former Superintendent of
Education Given Import-
ant Post

Dr. Alexander Robinson, former superintendent of Education, was appointed Principal of the Victoria High School by the School Board in private session Wednesday night. The names of several other teachers, among them members of the High School staff, were submitted, but the only name upon which agreement could be reached was that of Dr. Robinson.

Dr. Robinson's appointment will take effect August 1 when the new Principal will succeed A. G. Smith, who resigned recently to take charge of a newly-created department of the Sport-Shaw Business Institute.

Dr. Robinson has been a leading educationalist in British Columbia for many years. He is a native of Scotland and holds several degrees from Old Country Universities. After teaching in various schools in the Province he was appointed in 1909 Superintendent of Education. He continued to fill this position until November of last year, when he was removed from office by an order-in-council.

Margaret Roche Robertson Chapter.

The announcement that the recent garden party at the residence of Mr. and Mrs. W. J. Bowen had netted the sum of \$175 for the Chapter funds was received with enthusiasm at the meeting of the Margaret Roche Robertson Chapter, L.O.D.E., held on Wednesday afternoon. The sum of \$22.50 was voted to the completion of a soldier's grave in Ross Bay Cemetery. Miss Teresa Dorrill and Miss Dorrit Pullen volunteered to undertake the work of decorating the flowers for the month of July. The Chapter decided to hold a concert at the Margaret Jenkins School in aid of the school piano fund. Arrangements were also made for the holding of a cabaret in the near future, the proceeds to be used for the National War Memorial scheme and the Boy Scouts' movement. The Chapter will not meet again until the first Friday in September.

A Corn?

Why, a touch will end it!

A corn today is needless, and millions of people know it. Years ago nearly every woman had them. Now women who know Blue-jay never suffer corns. Ask your own friends. Blue-jay comes in liquid form or plaster. One applies it in a jiffy—by a touch. The pain stops. In a little time the whole corn loosens and comes out.

The proof is everywhere. Tens of millions of corns have been ended in this simple, easy way. This is the scientific method—the modern way of dealing with a corn. It was created by this world-famed laboratory, which every physician respects. One test will solve all your corn problems. Make it tonight. Buy Blue-jay from your druggist.

UNIVERSITY SCHOOL

CLOSES FOR VACATION

Head Master's Report Shows Substantial Progress at Institution

The University School assembled on Wednesday to hear the results of the recent school examinations upon which depend the prizes and promotions.

The warden, the Rev. W. W. Bolton, gave a short address on the course of which he stated that in the very near future the memorial tablets would be erected to the honor and glory of the old boys.

After the headmaster's report, the warden presented the prizes and other trophies.

The proceedings closed with the School Song and the National Anthem. Fourteenth Report.

The headmaster's report for 1920 was as follows:
 Ladies and gentlemen—I beg leave to present to you my report for the year ending June, 1920. This is the fourteenth annual report, and I feel this is an important year, as it marks another change and development in the life of man marks great change and development, and so it seems to be with University School.

When school reopens on September 8 we shall be University Military School. We feel that this is a great development, and we are confident that through this change the success of the school will be greater than ever.

We feel that if possible the boys will be prouder than ever of the school near Toimie's ridge hill. I often ask myself "why is it that the boys should be proud of University School? What has it done, what is it doing?"

I then go to the record book and refresh my memory. I will give you the record, and then you will be able to judge for yourselves whether we are entitled to feel a little proud of the boys' doing. Since the school opened we have sent 37 boys to McGill University, 11 boys to B. C. University, 23 boys to the Royal Military College, 8 boys to the Royal Naval College, 5 boys to the Washington University, 12 boys have passed the B. C. Surveyors' examinations, 2 boys have passed the B. C. Law Preliminary.

Analyzing carefully we find that this is one boy out of every eight that has entered the school.

Other Successes.
 "And during the same period I find that our boys have an enviable record in all outside activities. Here is their record."

The school shooting X has won the first place in Canada three times in the Canadian Rifle League matches.

It has won the R. M. C. officers' shield twice. This competition is open to all Canada.

The Cadet Corps has won the championship of the Province three times.

The cricket XI has held the Gillespie Shield—champions of junior cricket—for the last ten years.

Our Rugby XV has held the championship of the Province, and has several championship cups to their credit.

These are some of the things the boys have done, this is what gives the school its good name to-day.

And these are the things that the present and future boys have to live up to. They must always endeavor to beat the records of their predecessors.

Glorious War Record.
 And then we have our glorious record of the doings of our old boys in the great war. We hope in the very near future to put up to their honor a proud and lasting memorial. I must now get on with my report for the last year.

The health of the school has been excellent; we have had no epidemic, nothing infectious or contagious. We were fortunate in not having a case of influenza. We are grateful for all this, and put this success down to our matron, who has watched over the health of the boarders.

The School's Activities.
 Public examinations—Royal Military College entrance, E. Smith; B. C. Surveyors' preliminary, C. Cochrane, L. H. Hinton; B. C. Law preliminary, A. J. Helmcken; B. C. University matriculation, D. B. King, H. V. Reid, J. F. Murphy (cond.); E. I. McNeill, (cond.).
 Washington University—(Science) Price, McConnell, Alexander, Walker and Whitney.

This year we have sent in three boys for the McGill science matriculation; two for the B. C. matriculation; three for the R. M. C. entrance; one for the Royal Naval College, and two for University of Washington.

Rugby—We had some good matches, but we were beaten by the Royal Naval College, whose team was really good. There is very good material among the intermediates and juniors, and it is their part to bring back the championship next year.

Cricket—We have had a very good season, and have again won the Gillespie Shield. The under sixteen won their matches. The first eleven lost once to the C's Seniors.

We cannot close our remarks on cricket without congratulating our captain, R. Wenman, not only on his efforts as captain, but for his sterling worth as an all-round cricketer.

The Cadet Corps—The work of the corps has been excellent. The O. C., Cadet Major Bonar has been a success, as was proved on inspection day. General Ross and Colonel Bolton took the inspection, and were much pleased with all the work. We are anxiously awaiting the result of the competition. The efficiency of the corps is, of course, largely due to our good Sergeant-Major Watson.

Shooting—We have been unusually successful in this branch. Last year we won the first place in Canada on the C. P. L. (open range), and seventh in the miniature competition.

This year we were amongst the prize-winners in the miniature camp, being sixth. We have just heard that we have won the R. M. C. officers' shield, open to all Canada. We have still to rear of the C. P. L. (open range), and the Imperial Challenge Shield

WORD OF CAUTION

ABOUT FUR FARMING

Business Still in Experimental Stage; Fur Farmers Must Be Pioneers

The tenor of inquiries received by the Commission of Conservation indicates that some persons imagine that fur farming is an easy business to undertake. This is a serious mistake. Success in fur farming demands a combination of favorable local conditions, moderate capital perseverance in the face of difficulty and discouragement, enthusiasm for the work and a sympathetic understanding of wild animals. Fur farming is not as simple as raising chickens and not even everyone who attempts chicken-raising is successful.

The fox has been kept in captivity for some years and it has been demonstrated that it can be successfully and profitably raised. Its habits have been studied and much is definitely known as to its management. But, with regard to other fur-bearers, comparatively little is known, though the right kind of man can achieve success with mink, skunk, muskrat, beaver, etc. He must, however, expect to depend on his wits and to solve difficulties for himself, without having a store of previous human experience to guide him—"Conservation."

Why Are We Attending to So Many People—?

Because our skill and experience mean high class and safe dentistry—dependable dentistry

It is just as easy for you to have your teeth carefully attended to in the first place as to go through an extra period of suffering and expense and more expense later. In coming to this office you are assured safe and efficient dental service at the hands of men of vast experience and proven skill, and what work you have performed will carry a guarantee for ten years' constant service. And as to fees—you will agree that our charges are modest when you learn the ultimate benefits of our service. To "pay a little at a time" is a privilege you will enjoy.

THIS WEEK ONLY

At the Stores Named Below
 A 10-Day Tube of Pepsodent

They Don't Clean Teeth

In Your Way Now—Not the Men Who Know

All Statements Approved by High Dental Authorities

They Now Combat the Film

Dental science has found a new way to clean teeth—a way that combats the film.

Able authorities have proved it for years in clinical and laboratory tests. The facts are beyond any question. Leading dentists all over America now urge people to adopt it, and a million or more have done so.

This method, for home use, is embodied in a dentifrice called Pepsodent. And this week we offer, to every home in this city, enough for a ten-day test. For your own sake you should make that test.

Why Teeth Discolor and Decay

You can feel on your teeth a slimy film. It is ever-present, ever-forming. It clings to the teeth, gets between the teeth, enters crevices and stays.

The tooth brush does not end it. The ordinary dentifrice does not dissolve it. So, night and day, that film may do ceaseless damage. And most tooth troubles are now traced to it.

That film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Also of many other troubles, local and internal.

You Must End It

Millions of people find that brushed teeth discolor and decay. Tartar forms and pyorrhea starts. Statistics show that, despite the tooth brush, tooth troubles have been constantly increasing.

The reason lies in that film. To prevent the troubles you must end the film. Let this ten-day test show you the way to do it.

Now Millions of Teeth Are Kept Whiter

Pepsodent is now applied to millions of teeth every day. The result is seen everywhere in glistening teeth. Some of your friends can show them.

Those teeth glisten because they are clean. The film is kept removed. Now we ask you to see how your own teeth look after a ten-day use.

Based on Pepsin

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.

Pepsin long seemed forbidden. It must be activated, and the usual method is an acid harmful to the teeth. What science has now found is a harmless activating method. Now pepsin can be applied twice daily—can be left between the teeth. And five years have proved that this discovery opens a new dental era.

Look at Your Teeth in Ten Days

The results are easily shown and we urge you to see them. Read how they come about. Then decide for yourself what is best for your teeth and for your children's teeth.

Present the coupon for a 10-Day Tube. Use like any tooth paste. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears.

Compare the results with your present methods. Remember that those whiter teeth mean cleaner teeth—teeth kept freer from film. Then decide for yourself about going back to former cleaning methods.

Make the test this week, while the 10-Day Tube is free. The result will be of lifetime importance to you. Cut out the coupon so you won't forget.

They Keep Teeth White by keeping them free from film. The old ways failed to do that.

They Teach Children how to really clean teeth, and how to combat the film which is the source of most tooth troubles.

competition. The shooting team of 1920 is one of the best we have had. The athletic sports—Our annual sports were very successful. Eight new records were made. We had a good crowd, and the Lieutenant-Governor kindly presented the prizes. Gymnastic and boxing—Sergeant-Major Watson held his classes throughout the year, and the annual display and competition showed that the boys were efficient and up to standard. Awarded won the gymnasium championship, and Helgesen the boxing championship.

Tennis tournament—Open singles, Shore; open doubles, Schlee and Clarke; under fourteen singles, F. Pollard (4); under fourteen doubles, Watt and Pollard (1).

Swimming—(50 yards) championship and holder of Mathews' Cup, Duff-Stuart. Time, 16 2-3 seconds.

Form VI.—Form prize and head of the school, T. E. Ellis; mathematical prize, F. S. Shore; French prize, H. Schlee; English prize, H. R. Goodrich.

Latin and French prize, E. Silburn; Scripture prize, B. S. H. Tye. Form II.—Form prize, R. H. Tye. Form I.—Form prize, J. P. Bishop. Writing—Seniors, V. H. Loureiro. Writing—Juniors, W. J. Ham. Drawing—Open to Forms III, and IV, F. N. Cabeldu.

Other Prizes Presented.
 Tennis—Singles, open, F. S. Shore. Tennis—Doubles, open, Clarke and Schlee.

Tennis—Singles, under 14, Pollard. Tennis—Doubles, under 14, Watt and Pollard.

Swimming—championship—and holder of the Mathews' Cup for 1920 (50 yards) won by Duff-Stuart. Time, 16 2-3 seconds.

annual migrations, traversed many parts of the United States and Canada, that they were of great value as a source of food and in destroying insects injurious to vegetation, but that they were in danger of extermination through lack of adequate protection. After dealing with the authority vested in Congress to enact the legislation he said: "The case before us must be considered in the light of our whole experience, and not merely in that of what was said a hundred years ago; we must consider what this country has become."

Here a national interest of very nearly the first magnitude is involved. It can be protected only by national action in concert with that of another power. The subject matter is only transiently within the state and has no permanent habitat therein. But for the treaty and the statute there soon might be no birds for any power to deal with. We see nothing in the constitution that compels the Government to sit by while a food supply is cut off and the protectors of our forests and crops are destroyed.

Pemberton & Son

Real Estate, Financial and Insurance Agents.

Port Street, Victoria, B. C.

\$2,100—If you are looking for a real good buy in a 4-room bungalow, something considerably above the ordinary, call and see us about this. It is modern in every detail, large rooms, beautifully finished, built-in features. The kitchen is particularly attractive, having all the necessary built-in features. The dining room is large and tastefully decorated. The bedroom with toilet has the best of fixtures. The walls in all the rooms downstairs are of the best. There are two bedrooms and toilet downstairs. The basement is full size with furnace. We consider this extra good value and will recommend it to anyone wanting a beautiful home at a moderate price.

\$4,100—A beautiful 6-room semi-detached with large veranda at front and rear, situated on paved street in Fairfield district. The lot is large and is improved with cement walks, flowers and shrubbery, beautiful built-in features, also extra fine garage. The down-hall is paneled, large clear room, large living room with large stone fireplace, built-in features and seats, paneled walls. The dining room is splendidly lighted, beamed ceiling, beautiful built-in features. The kitchen is particularly attractive, having all the necessary built-in features. The bedroom is large and tastefully decorated. The bathroom with toilet has the best of fixtures. The walls in all the rooms downstairs are of the best. There are two bedrooms and toilet downstairs. The basement is full size with furnace. We consider this extra good value and will recommend it to anyone wanting a beautiful home at a moderate price.

SWINERTON AND MUSGRAVE

Wichik Bldg., 640 Fort St.

ROCKLAND PARK, \$3,500.

One of the most attractive districts in the city. High and surrounded by oak trees. We have a charming six-room bungalow with paneled walls, built-in features, good woodwork, fine dry basement with furnace, and lot 6x125, with chicken house, lawn and garden. NEWLY PAINTED AND DECORATED. No. 101, Woodberry Street. Low cash payment and the balance monthly. Exclusive sale.

HOLLYWOOD CRESCENT WATERFRONT, \$4,000.

We have two beautiful waterfront lots, with local improvement almost paid up, open view, on the water and an unexcelled view. These lots are away under value, but owner must have money and will sell at \$150 each. Exclusive sale.

WELLINGTON AVENUE, NEAR THE SEA, \$750 EACH.

Your choice of two beautiful lots, clear and level, in the high part of Fairfield. This is the best of our knowledge the cheapest buy in the district. The lots are in a good location, nearly all paid up. Exclusive sale.

BRAND NEW BUNGALOW, \$2,000.

Here is something exceptionally good. A cosy, compact, well-built bungalow, with built-in features, paneled walls, open fireplace, cement floor in the basement and full size with furnace. In a good location. Large lot. This bungalow has just been completed, is nicely painted and ready for occupation. Terms arranged.

NEAR JUNCTION FORT AND YATES, \$3,500.

This house of seven rooms is one of the best bargains in its class that we have had on our list for some time. Well built, well finished and thoroughly modern. Full cement basement with a good furnace. The lot is larger than the average. Terms arranged.

3 1/2 ACRES AND 7-ROOM HOUSE.

This property is open the last twelve months has cost the owner \$2,500. He has instructed us to offer it at \$2,500 and will make a further reduction for quick sale if the purchaser is able to make a cash payment of \$5,000. The point is the property must be sold, and if you are ready to act quickly, this bungalow act quickly. The house is modern and has all the conveniences of a good home, chicken house, open fireplace, cleared and cultivated; good well and never fails to supply water. We will be pleased to take a prospective purchaser by motor to inspect. Exclusive sale.

IT WILL PAY YOU TO LIST YOUR PROPERTY WITH US.

There will be amusements for young and old, including afternoon tea, touch and take, butterfly stall, cutting the string, croquet and clock golf, flower stall, ice cream and candy, also a fund stall with lines of all kinds and useful knitted articles. The W. A. girls will have a stall of children's dresses and novelties.

St. Mary's Oak Bay, Garden Fete, Tuesday, July 6, grounds of Mrs. Shalloo, 935 Fowl Bay Road, 3 p.m.

NEED FOR FURTHER CANVAASERS URGED

Jewish Relief Fund Committee Appeal to Public For Support

There is still a dearth of canvassers for the campaign now being undertaken for the Jewish Relief Fund and George G. Bushy, the local chairman of committee appeals to every man or woman with a few hours to spare to lend their efforts in this work for the aiding of the unfortunate victims of the famine-ridden countries of Central Europe.

Unless more workers are forthcoming the campaign in this district is doomed, and Victoria will have failed.

The remains of the late Katharine Beale were laid to rest in St. Luke's Cemetery, Cedar Hill, Wednesday afternoon. The cortege left the residence, Cadboro Bay, at 2:30 and proceeded to St. Luke's Church, where an impressive service was conducted by Rev. G. A. Wells. There was a large attendance of friends, and the casket was covered with floral tributes. Two hymns were sung: "Now the Laborer's Task is O'er," and "On the Resurrection Morning."

The following acted as pallbearers: John Tolmie, Harry Fuller, F. W. Blankenbach, J. Wenman, A. F. Gibson and T. V. Thurburn.

The remains of the late Chov Hung Shue, who died at the Royal Jubilee Hospital on June 20, were yesterday shipped by the Thomson Funeral Co. on S. S. Empress of Asia to Hong Kong, China, for interment. The dead man had been a resident of Victoria for the past twenty-five years, and is survived by one son residing in Vancouver.

Cor. Fort and Stadacona Phone 1140.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all.

Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nineteen years. Now made in Canada.

Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer, Manufacturers of Monoacetic Acid Salicylic Acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all.

There is only one Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer, Manufacturers of Monoacetic Acid Salicylic Acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all.

Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nineteen years. Now made in Canada.

Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages.

ignominiously to have contributed her quota to this fund, the general secretary stated to The Times today.

Canada's quota for the Jewish Relief Fund is \$1,000,000, which figures out at twelve and one-half cents for each person in Canada.

What the committee is anxious to impress upon the public is the fact that if every one would give a donation, however small, the average would soon make up the aggregate amount necessary.

Unfortunately many are ashamed to step into the headquarters of the campaign and put down a small amount, but that is just where they are mistaken. The committee is anxious to receive these seemingly trivial sums, and will be extremely grateful to the givers, for many small sums soon mount up into big ones.

BERRY SEASON NOW AT PEAK; DEMAND IS KEEN

Strawberry Prices Not Likely to Fall Lower Than at Present

The local strawberry season is now at its peak. The wholesale trade today declared prices would not likely go any lower.

Preserving strawberries were around \$4.50 a crate on the wholesale market today. For shipping berries, \$4.75 a crate is being paid. The out-of-town demand is such that there is not much likelihood of a lower price.

Gordon Head to-day sent to market its first shipment of ox-heart cherries. They are wholesaling 20 to 25 cents a pound. They are very small and the quality has not yet reached its best.

Banana Famine Looms. Good local Bing cherries are still about three weeks away. The imported Bing for table consumption hold sway over the market. They are now at their best. They are wholesaling around 35 cents a pound.

There is a bit of a scare in the local banana market just now as shippers are filling orders close to New Orleans for the holiday season and are cutting out the long distance markets. The shortage locally will last for about ten days, it is thought.

Melon Prices Mixed. Cantaloupes shot up to \$9 for a crate of forty-five to-day. Honey Dew melons are \$8.50 for the large crate and \$3.50 for a small crate.

This is one of the few occasions when Honey Dew melons are cheaper than cantaloupes.

Watermelons for city delivery are seven cents a pound. Crated, they are eight cents a pound.

Tomatoes, Peas, Spuds Fall. Tomatoes tumbled in price to-day. No. 1 quality are now \$5 a crate and No. 2, \$4.75.

Local green peas are dropping fast. In sack lots they are now down to nine cents a pound and ten cents a pound for less than sack lots.

The new potato market is expected to be much lower in a few days. Dealers sold to-day that it is on the eve of a sudden drop. New potatoes, in sack lots, were quoted at twelve cents a pound to-day and fourteen cents for less than sack lots.

Citrus Fruits Going Up. Old apples are nearly off the market. What few are left are cold storage, but are in good eating condition.

Citrus fruits are strong in price. Oranges and lemons have advanced in price in the South again. The advance will go into effect here as soon as the present stock is cleaned out.

Fresh arrivals of apricots at \$3.50 a crate, peaches at \$2.50 to \$2.75, and plums at \$4.25 to \$4.50 are in. This is the second shipment of these fruits this year. The prices are all down 25 to 50 cents a crate.

Meat prices fell, both legs of lamb and shoulders being slightly cheaper. No alterations are to be noticed with regard to feed quotations.

HE'D SEEN THE EFFECTS. Among the little group of luncheoners at a London west end club recently was a well-known judge. Presently, as they chatted, one of the other men turned to him and remarked:

"I see you're drinking coffee, isn't that rather heating drink for such a close day? In weather like this you should choose something sharper and more cooling."

"Yes," agreed another man. "Such as gin and ginger-ale. Have you ever tried it?" he asked, turning to the judge.

"No," replied the dispenser of justice with a smile; "but I've tried several men who have."

Efficient Banking Service

to the community has built up the reputation and prestige of this Bank since its foundation in 1832.

Our constantly increasing number of customers, in all branches of industry, is sufficient endorsement of our methods.

To Make a Tart Salad Jell
 Jiffy-Jell is for salads as well as desserts. Get the lime-fruit flavor and it will make you a tart, green salad jell. Mint flavor makes a mint jell.
 The fruit flavors in Jiffy-Jell are fruit-juice essences in vials—a bottle in each package. They are real fruit, and the flavor is abundant. No artificial flavors—no saccharine.
 Try loganberry or pineapple flavor for a dessert, and learn what delicious dainties Jiffy-Jell brings to your table. A package will serve six people.
 Jiffy-Jell with its natural fruit flavor costs much less than jam or marmalade.
