Measure No. 1

SALARIES OF STATE LEGISLATORS

Proposed by the Fiftieth Legislative Assembly by Senate Joint Resolution No. 25, filed in the office of the Secretary of State May 18, 1959, and referred to the people as provided by section 1, Article XVII of the Constitution.

CONSTITUTIONAL AMENDMENT

Be It Resolved by the Senate of the State of Oregon, the House of Representatives jointly concurring:

That section 29, Article IV of the Constitution of the State of Oregon, be amended to read as follows:

Sec. 29. The members of the Legislative Assembly shall receive for their services ~~in salary of six hundred dollars (\$600) per annum, payable as provided by law. For each session of the legislature, they shall also receive the sum of 10 cents for every mile they shall travel in going to and returning from their place of meeting; on the most usual route; salaries of \$175 per month each, payable as provided by law, and no other personal expenses. Each of the presiding officers of the assembly shall, in, by virtue of their his office, shall receive for his service as such an additional compensation salary in an amount equal to one-third of their his annual allowance as members salary as a member of the assembly.~~

NOTE: Matter in italics in an amended section is new; matter ~~lined out and bracketed~~ is existing law to be omitted.

BALLOT TITLE

SALARIES OF STATE LEGISLATORS—Purpose: To amend Constitution by increasing salaries of state legislators from \$600 per year, plus mileage, to \$2100 per year.
(ESTIMATE OF COST—Under this amendment, the total salaried bill of the ninety members of the Legislature would be \$189,000, plus \$1400 additional for the presiding officers or a total of \$190,400 per annum, as opposed to the present \$54,400 per annum.)

NO

Measure No. 1 Salaries of State Legislators**EXPLANATION****By Committee Designated Pursuant to ORS 254.210**

The present pay of state legislators is governed by Article IV, Sec. 29, of the Oregon Constitution. It reads as follows:

"The members of the Legislative Assembly shall receive for their services a salary of Six Hundred Dollars (\$600.00) per annum, payable as provided by law. For each session of the legislature, they shall also receive the sum of 10 cents for every mile they shall travel in going to and returning from their place of meeting on the most usual route. The presiding officers of the assembly shall, in virtue (sic) of their office, receive an additional compensation equal to one-third of their annual allowance as members."

The proposed amendment would increase the compensation now paid to the members and the presiding officers of each house of the legislative assembly. It would also eliminate reimbursement for personal expense.

The present annual cost of legislative salaries is \$54,400; the proposed amendment would increase this amount to \$189,000.00. The amendment would eliminate any payment for personal expenses and therefore, while the increase in salaries would be \$136,000.00 per year, this increase would be reduced by the amount of the expenses paid to legislators heretofore. In 1959, this amounted to \$2,057.60

There is a wide variation in the compensation of legislators in other states, ranging from \$200.00 in New Hampshire to \$15,000.00 per biennium in New York. Of the states immediately adjoining Oregon, California pays \$600.00 per year with \$18.00 expenses per day during the session; Idaho pays \$10.00 per day, plus \$5.00 expenses during the session; Nevada pays \$15.00 per day and \$60.00 per session for expenses; Washington pays \$1,200 annually and expenses of \$15.00 per day.

Although Oregon ranks high among the states in per capita income, it has remained among the group paying legislators only nominal compensation. This amendment, although not lifting Oregon into the category of a state paying highest salaries to its legislators, would provide a more adequate compensation for the time devoted to legislative service.

GEORGE P. HALEY, Milwaukie
ROBERT W. KUPFER, Portland

Measure No. 1 Salaries of State Legislators**ARGUMENT IN FAVOR****Submitted by the Legislative Committee Provided by Senate Joint Resolution No. 25 of the Fiftieth Legislative Assembly (1959)**

The people of Oregon should be represented in the state legislature by men and women elected from the ranks of all those who are to be represented. Under the present pay schedule, this is virtually impossible:

1. Unless members serve at a great financial loss to themselves and their families;
2. Unless members are independently wealthy; or
3. Unless members are subsidized by special interest groups.

PRESENT SALARY OF A MEMBER OF THE LEGISLATURE IS \$50.00 PER MONTH.

At the present time, members of the Oregon legislature receive \$600.00 per year, or \$50.00 per month AND NO OTHER EXPENSES EXCEPT reimbursement for ONE ROUND TRIP from their homes to the State Capitol at Salem.

OUT-OF-POCKET LOSS FOR A MEMBER OF THE LEGISLATURE EXCEEDS \$2,500.00.

A poll was taken this year of present and past members of the legislature to determine the average actual expenditures incurred in legislative service. The average time that a member spends in Salem during a legislative session is 120 to 140 days. Reports from 75 present members indicate that the average out-of-pocket expenditures during a session exceed \$1,400.00. Members on fixed salaries can readily determine their loss of income; members who operate small businesses, farms, or are engaged in business or the professions have a more difficult time. All estimates were on the conservative side—but at that the average loss of wages, or business income, was \$2,300.00 during the legislative session.

To recapitulate—for the legislative session:	
Average expenses	\$1,400.00
Average loss of wages or business income	2,300.00
	Total expenses
	\$3,700.00
Total legislative salary for two years	
@ \$50.00 per month	1,200.00
Average out-of-pocket loss	\$2,500.00

In addition to the out-of-pocket loss during the legislative session, members spend in excess of 60 days after the session and in the off year between sessions attending meetings of interim committees for which they receive no compensation. Interim committees provide for mileage and meals away from home, but no per diem allowance of any kind is provided. In addition, a member is expected to, and should, spend additional time in research, preparation, and consultation with constituents.

OREGON PAYS ITS LEGISLATIVE MEMBERS LESS THAN 45 OTHER STATES.

The salary or pay schedule for members of the legislatures of the 50 states range up to \$15,000.00 during a biennium. Many states, in addition to the salary, provide allowances up to \$50.00 per day for personal expenses during the legislative session.

THE PROPOSED PAY SCHEDULE OF \$175.00 PER MONTH IS REASONABLE.

During consideration of the proposed constitutional amendment at the last legislative session, the members of the legislature were fully cognizant of the

pay scales in other states. There was no intent or desire to try to match any other state. There was a desire, however, to provide an amount sufficient to reimburse members for their actual out-of-pocket expenditures during the legislative session and a modest allowance for the days, weeks and months spent in legislative service between sessions. The total salary at \$175.00 per month during a full two-year legislative term would be \$4,200.00. With out-of-pocket expenditures on an average during the session of \$3,700.00 only a modest amount would be provided for the additional expenses between sessions.

THE PROPOSED AMENDMENT PROVIDES NO PERSONAL EXPENSES.

When the people were asked to consider a proposed legislative pay increase in 1958, some fear was expressed that in addition to the salary provided, at some future date additional other compensation might be provided. To avoid such a possibility, the proposed amendment makes it clear that no personal expenses will be allowed. Attention is directed to the present amendment which provides:

"* * * members shall receive for their services salaries of \$175.00 per month each, payable as provided by law, and no other personal expenses * * *"

OREGON HAS LOST CAPABLE AND EXPERIENCED LEGISLATORS.

Many able leaders in the legislature have not sought reelection because of the pay schedule. Here is what some of them have said in response to our poll:

"The financial loss is one of the deciding factors in not running for re-election."

"My absence meant a loss to the firm; I paid my law partners extra for their additional time and work."

"Until I recoup some of my losses I can't even think of running for public office again."

"The legislature nearly broke me."

"We had good crops and I can run again, but is it not ironical that the working knowledge I have gained and the usefulness of this to the state must depend on the success of the harvest?"

LEADING CITIZEN GROUPS SUPPORT THE PAY INCREASE.

The League of Women Voters, The Oregon State Grange, Oregon Farm Bureau Federation, Associated Oregon Industries, Organized Labor (including the AFL-CIO and independent labor groups), both major political parties, Chambers of Commerce, Junior Chambers, and many others support the proposed pay increase.

We ask you to bear in mind when you vote the thoughts expressed by Ralph T. Moore in a recent Oregon publication, in which he said:

"Certainly no moderate increase in legislative pay would constitute much of an inducement to the kind of people our legislature should have. Yet, in the name of common decency, the pay should at least cover out-of-pocket expenses."

The choice is yours. If you want to maintain an independent legislature, made up of citizens of all walks of life, free to act in the interests of all of the people, then you must provide a salary schedule which will enable our legislators at least to break even and not suffer extensive out-of-pocket losses. The proposed salary does just that—no more.

Thank you for your interest in reading this argument in support of the proposed legislative pay increase.

JEAN L. LEWIS, State Senator, Multnomah County

VERNON COOK, State Representative, Multnomah County

STAFFORD HANSELL, State Representative, Umatilla County

Measure No. 1 Salaries of State Legislators**ARGUMENT IN FAVOR****By the Bi-Partisan Committee for Fair Legislative Pay****HOW MUCH DO WE PAY
OUR STATE SENATORS AND REPRESENTATIVES?**

Oregon legislators now receive \$600 per year, or \$1,200 per biennium. They get 10¢ per mile for JUST ONE ROUND TRIP between home and Salem. They get stationery and postage.

This adds up to the shocking fact that OREGON LEGISLATORS are just about the MOST POORLY PAID IN THE NATION!

**HOW MUCH DO OTHER STATES, INCLUDING OUR NEIGHBORS,
PAY THEIR LEGISLATORS?**

New York	\$7,500 Per Year	New Jersey	\$5,000 Per Year
Illinois	6,000 " "	Ohio	5,000 " "

And . . . Here in the Western States . . .

California	\$6,000 A Year		
Alaska	3,000 " "	—Plus \$40 a day expenses	
Washington	1,200 " "	—Plus \$15 a day	
Arizona	1,800 " "	—Plus 8¢ a mile on all trips home	
Oregon	600 " "	No expenses	

WHAT SHOULD STATE LEGISLATORS BE PAID?

Political scientists and students of government who have been analyzing this situation for a good many years have about come to agree that the pay should be enough so that anyone can afford to serve, and yet not so much that it will attract people who may not be successful or qualified, and may seek election solely for financial reward.

At the last session of the legislature a new compensation plan was adopted and referred to the electorate for action. Voting will take place at the primary election May 20. If approved the new salary plan would become effective on the date of its passage.

It provides for a monthly salary at the rate of \$175 per month.

WHAT ARE THE RESULTS OF INADEQUATE LEGISLATIVE PAY?

Inadequate legislative pay leads inevitably to two things: first, it eliminates many young people who would like to serve, because they cannot afford to; and, it gradually leads to legislatures composed in the main of only the wealthier people in the state.

Here in Oregon, where sessions biennially are averaging about 120 days, legislators work a good 1,200 hours at the session, and during the remainder of the biennium are called upon for at least another 300 hours of service. This actually means that they now receive about 80 cents an hour.

Oregon has been extremely fortunate that it has been able to have its laws manufactured at bargain prices due solely to the fact that a great many people have been willing to pay out of their own pockets for the sometimes dubious privilege of wrestling with our mountainous problems of government.

We've been getting far more than we've been paying for—and it's time that we abandon this archaic pay structure and take positive steps toward a realistic compensation plan for legislators by voting in favor of the pay increase measure on the May primary ballot.

Among those organizations supporting S.JR 25 are the following: Associated Oregon Industries, Oregon AFL-CIO, Oregon Assn. of Insurance Agents, Oregon Automobile Dealers Assn., Oregon Cattlemen's Association, Oregon Education Association, Oregon Railroad Association, Oregon State Bar, Oregon State Grange, Oregon State Medical Society, Oregon State Pharmaceutical Assn., Oregon Trucking Associations, and Railroad Brotherhoods Legislative League of Oregon.

MRS. COLLIS MOORE
For National Committeewoman

I submit for consideration by the Republican voters of Oregon my candidacy for re-election to the office of Republican National Committeewoman.

I was born in Portland—attended schools there and in Beaverton, Oregon—married in 1925 to Collis Moore, of Moro, Oregon. We have resided there 35 years and have one son, who with his wife and two children are partners in our farming operation.

For the last four years it has been my privilege to serve the Republicans of Oregon as one of their representatives on the Republican National Committee. The many trips to Washington, Chicago attending National Committee meetings and Women's Conferences have been challenging and instructive. They have made it possible for me to better serve the interests of the Republican Party both in Oregon and nationally.

I welcome suggestions, criticisms and ideas from the Republican voters of Oregon. I know that my past four years of service as National Committeewoman have made me better qualified to represent the thinking of Oregon Republicans in the next four years.

I will dedicate my time and efforts if elected to the interests of the Republicans in Oregon. I will present their views at the national level and I will promote the interests of the Republican Party in the State of Oregon.

Republican**HOWELL APPLING, JR.****For Delegate to the National Party Convention, State at Large**

Secretary of State Howell Appling, Jr., the first public official in Oregon to endorse Richard Nixon for the Presidency, will take to the National Convention the same conviction he applies to his own office—the need for experienced, proven, trained leadership.

He believes that to allow government to slip into the hands of the big spenders, the irresponsible, the irrepressible, and the reckless would result in the destruction of the very principles on which our democratic, constitutional government is founded.

Sincerity, frankness, honesty in thought and action have earned Howell Appling, Jr. the respect of people throughout Oregon. His record in office, his firm belief in fundamental principles, and his dynamic leadership make him exceptionally well qualified to represent Oregon Republicans at the National Convention.

RON BAYES

For Delegate to the National Party Convention, State at Large

Ron Bayes will represent you as you would wish to be represented at the Republican National Convention. EXPERIENCED in convention matters, he attended the 1952 convention as winner of the Bill Duffy Memorial Fellowship. In 1956 he was a member of the Oregon Delegation, serving as alternate to Senator Rudie Wilhelm, Jr., of Portland.

An Eastern Oregonian by birth, Ron Bayes served as a faculty member at Eastern Oregon College prior to discharging his military obligation with the Army, overseas. Ron spent additional time abroad teaching as a faculty member of the University of Maryland— instructing men in America's Armed Forces. He has integrated ALL his experiences toward the ideals of A BETTER AMERICA and A FINER OREGON. Here's what he says about 1960:

"This is a critical year for the Republican Party all over America—and especially in Oregon. We are confronted with what appears to be huge Democrat registration-odds, pressure group dollars, and an insidious something-for-nothingism, ALL hard to fight. We must be ready to state strongly the issues on which we ask return to the control of Congress and the White House. We are going to have to take our case to the PEOPLE as never before, and we must have strong candidates at every level in this vital campaign. Our candidates must stand on the record of Ike's Administration: a proud record of STRONG PEACE, economic stability and social advance. We must have faith in the people and in our forefathers and promise SOMETHING FOR SOMETHING, rather than something for nothing: something for WORK AND PLANNING! To be sure, the future will be difficult—socially, internationally, economically, and politically. But we can and must furnish leaders worthy of the American People and the American Dream in this hour of quiet crisis."

Here are more facts about Ron— • Native Oregonian of Pioneer stock. • Leader in Oregon Young Republican Affairs 1951-1955. • Active in Coon, Hatfield, Unander, McKay, Hitchcock, Cordon, Baum and Binger campaigns. • Mason, Elk, Granger, veteran, churchman, member AAUP. • Will support Oregon's choice for President. All reasons to Vote for Ron Bayes and keep a working Republican working for YOU.

For Delegate to the National Party Convention, State at Large

Governor Mark O. Hatfield has been a delegate to two previous national Republican conventions and on both occasions the delegation placed him on the platform committee where he served with distinction.

The Governor has long-time association with the Republican party—as precinct committeeman, as alternate county chairman, as a Young Republican federation officer and ardent committee worker, as its nominee on two occasions for the House of Representatives, as its nominee for the State Senate, for Secretary of State and for Governor.

In national circles, the Governor has established a reputation and contacts which are of great significance for the State of Oregon during nominating procedures.

He will work for the choice of Oregon at the convention.

J. O. JOHNSON

For Delegate to the National Party Convention, State at Large

THE ONLY WAY TO CONVINCING PARTY OFFICIALS THAT REPUBLICANS FAVOR A CONSERVATIVE GOVERNMENT IS TO SEND ENOUGH DELEGATES TO THE CONVENTION WHO WILL SUPPORT A CONSERVATIVE PLATFORM.

As a practicing lawyer, a former State Representative and State Senator, I am concerned with the liberal trend of government. We must adopt a platform that provides for limit on imposition by Congress of excessive and confiscatory taxes if we are to preserve our American way of life.

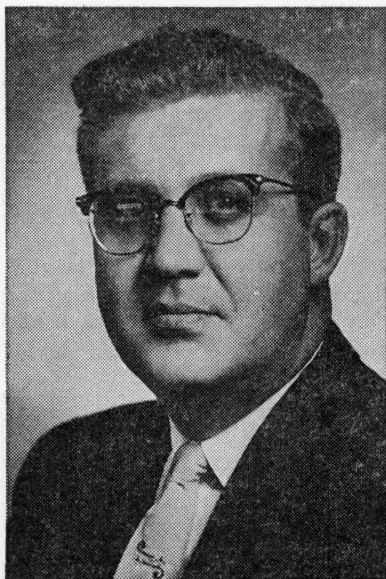

LET'S CURTAIL THE CONTINUED EXPANSION OF BIG GOVERNMENT IN WASHINGTON AND RETURN GOVERNMENT TO THE STATES WHERE IT BELONGS. LET'S STOP INFLATION. IT CAN BE DONE.

A vote for JOHNSON is a vote for a CONSERVATIVE PLATFORM.

A record of service and experience qualifies me to represent you at the convention. Six terms as State Representative and State Senator; Government service as attorney for eleven years in Washington, D.C. and Pacific Coast; delegate to Republican (Eisenhower) Convention in 1952. Active in Washington and Multnomah Counties past 30 years serving as officer and member of American Legion Posts, Lions Club, Chamber of Commerce, and numerous civic, fraternal, religious and charitable organizations.

ROBERT S. LOVELL

For Delegate to the National Party Convention, State at Large

To keep our country prosperous more businessmen must participate in political affairs. For this reason, Bob Lovell is seeking election as one of the ten delegates at large to the Republican Convention in Chicago. He believes the thinking of Oregon's businessmen must be reflected in our party's platform.

Bob Lovell was born in Astoria in 1920 and has been a life-long resident. He holds degrees from the University of Oregon and Harvard Business School. He is married to the former Mary Robinson of Portland and they have four children.

Bob Lovell is continuing in the automobile business started by his father fifty years ago, and is now Secretary-Treasurer

and Manager. He has been active in community affairs, having served as President of the Chamber of Commerce, the Kiwanis Club, and the Library Board, and in 1955 was chosen "Outstanding Young Man of the Year." Long active as a scoutmaster he holds the Silver Beaver award and led a group of boys to the International Jamboree in England. Bob is now a school board member and an instructor in business at the Clatsop County Community College.

Bob Lovell is a lifelong Republican and was one of the original supporters of Mark Hatfield when he first sought state-wide office. He will strongly support the sound principles of the Republican Party and urges the election of Richard M. Nixon.

Fellow Republicans, 43-year old Dan Mosee is a distinguished citizen who has proved his leadership ability in civic affairs in Portland, where he attended Buckman, Arleta, and Franklin High Schools, graduating with honors, and earning a scholarship to Willamette University in Salem, where he was an outstanding student and excelled in sports and activities, edited the college Annual, the Wallulah, and received his A.B. degree in 1941.

In World War II, he soldiered overseas for nearly four years and won three battle stars in France and Germany with the US Army Engineers and also served as a newspaper correspondent and as a member of Military Government. Mr. Mosee has lived

and traveled in some 38 countries in Africa, Asia, Australia, Europe, and North America, both during and after the war.

Past President and recipient of the "Distinguished Service Award" from three leading civic organizations (Federated Veterans Council, SE Portland Chamber of Commerce, and Foster Boosters), Dan Mosee is presently Vice-President of the Portland President's Council. He is also a member of the American Legion, VFW, Toastmasters, YMCA (Board Member), and ALSAC (Aiding Leukemia Stricken American Children) of which he is 1960 City Drive Chairman.

Married, Dan Mosee has been successfully engaged as a retail merchant in Southeast Portland, for the past 10 years. Constantly active in community welfare, he has demonstrated his reliability and aggressive leadership.

Through his intensive studies of History, Political Science, and Public Administration, plus his business ability and experiences from abroad, Dan Mosee has shown the outstanding desirable qualifications for a delegate to represent us at the 1960 Republican Convention in Chicago.

I am a Conservative Republican. I believe in the Constitution of the United States of America, our Free Enterprise system and a government that protects it.

I believe it is unconstitutional to tax citizens of the United States for the support of decadent governments, and for the disabilities of Europe and Asia, through Federal aid programs.

I believe it is now time to pass legislation removing the power of the federal government to withhold taxes from paychecks of the wage earner, and that all compulsory insurance should be abolished by law.

Since 82 member nations comprise the United Nations organization and since citizens of the United States are now taxed to pay 90 percent of the entire cost of the United Nations, I believe that we should be taxed only our part, or one eighty second part of the expenses, and law passed to this effect.

I believe that the unlimited power of government to tax should be curbed and placed within reasonable boundaries. This would effectively restrict government spending to legitimate expenses.

I believe in the right of the individual to make his own decisions whether to join or not to join any organization, and that the government should protect this constitutional right.

I am not running against anyone . . . I am running For America.
Motto: Charity begins at home.

JAMES ROSSMAN**For Delegate to the National Party Convention, State at Large**

James Rossman is well qualified by experience and education to represent the people of Oregon as delegate to the Republican National Convention.

James Rossman is a successful business administrator and civic leader. He is a native Oregonian and a descendant of a pioneer Oregon family.

As Mr. Rossman has kept himself free from obligations to selfish interests, he has been able to say what he thinks and fight for the things he believes in. He will take a sincere and honest stand that many others will seek to avoid.

James Rossman has attended Portland State College and has done special studies at Drake University.

Mr. Rossman has shown his administrative ability in the fields of business as president of Rossman and Company, an Oregon insurance firm, as manager of a large Oregon accounting firm, and in the field of public relations. He has been liked, admired and respected by all persons with whom he has had contact.

James Rossman also feels that we should encourage new business to enter Oregon in order to stimulate the economy of Oregon and increase the prosperity of the people of Oregon.

Mr. Rossman has been active in community affairs. He is past president of the Oregon Association of Business Services, a member of the Elks, a member of the City Club of Portland, and an active member of Republican Party organizations.

James Rossman is a strong supporter of Richard M. Nixon for President of the United States.

James Rossman's goals are for the expansion of Oregon's economy, a sensible farm program, labor management peace, efficiency in government and a sound tax program.

James Rossman's statesmanlike approach toward matters of public interest, his friendliness and understanding in dealing with the public and his insistence for fairness in all matters, have earned him the respect of his hundreds of friends and associates. There can be no doubt of Mr. Rossman's capabilities and qualities for the office of Delegate to the 1960 Republican National Convention.

Nixon is my choice. Economy in government is consistent with efficiency in government. It is imprudent to spend our future in advance. It is my belief that adequate emphasis at the national level upon confinement of expenditures to income will save the future for our children. It is also my belief that a national administration under the leadership of Richard M. Nixon will go far toward re-establishing those principles which have brought this nation to the position it today enjoys in the world. It is also my belief that the government, in the same manner as an individual family, should gear its expenditures to the income which will be produced by reasonable levels of taxation. Our security as a nation in the future depends upon the exercise of prudence today. The adage that the power to tax is the power to destroy is as true today as it was in the past. I believe that a Republican administration under Richard M. Nixon will endeavor to accomplish this result and at the same time provide assurance of the retention of our security against foreign aggression and our position as a respected leader of world affairs.

Nixon is my choice for president. Nevertheless, I will consider myself bound by the choice expressed by the Republican voters of the state of Oregon.

RICHARD M. NIXON
For President of the United States

Richard M. Nixon has the experience to meet the challenges of international conflict and deal with our most serious problems. Through government service as both legislator and executive he has acquired the understanding and the ability which qualify him to be president of the United States.

PREPARATION FOR LEADERSHIP

His personal experience has been that of one who has learned through hard work. In obtaining advanced education, Richard Nixon found he had to work his way. Extra hours combined with his scholastic abilities enabled him to graduate with high standing from Whittier College, in California, and the School of Law at Duke University.

(Concluded on following page)

(This information furnished by Wendell Wyatt)

At Whittier, he began the practice of law. There in 1940, he married Thelma Patricia Ryan. They have two children.

In 1941 the Nixons moved to Washington where he started his national government service as a lawyer in the office of Emergency Management. This service was cut short in 1942 by volunteering for the Navy and by active duty that took Lieutenant Nixon into combat areas of the South Pacific.

Leaving the military service at war's end, Richard Nixon returned to government service, but of a new type. He began his duties as a legislator, and his rise to national leadership.

WINNING FIVE SUCCESSIVE ELECTIONS

In 1946, as a candidate in California's Twelfth Congressional District, Richard Nixon won the Republican primary, and was then elected to the House of Representatives in Washington. In 1948 he won the approval of electors from both parties and received both the Republican and the Democratic nominations for a second term in Congress.

As a member of the House of Representatives, Nixon searched out and came to grips with the hard national issues created by World War II. His early, measured, and always consistent stands against employing communists in government—the enemy at home, and for aiding the recovery of free Europe—our friends and allies abroad, are accepted and credited policies today.

In 1950, Richard Nixon was elected to the United States Senate. He received enough Democratic and Independent support so that he won by a margin of over 680,000 votes. Two years later, he became his party's nominee for the office of Vice-President. With President Eisenhower, Richard Nixon won in 1952 and again in 1956.

EXPERIENCE AS A NATIONAL LEADER

Richard Nixon's service as Vice-President has been without precedent. During seven years in office he has restored the position of the constitutional importance that it lacked when the Vice-President was merely presiding officer of the Senate.

As a member of the National Security Council, presiding over many of its meetings, the Vice-President played an important part in developing our strong defenses and our international policy of peace with justice.

As Chairman of the President's Committee on Government Contracts, he has worked consistently to assure equal occupational treatment for negro workers, and thus take another step in the direction of solving one of our great social problems.

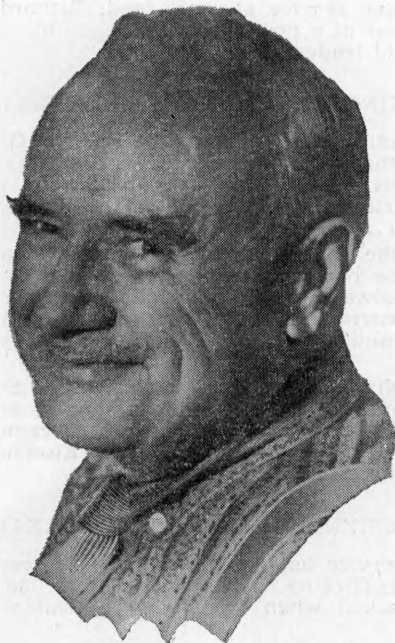

In line of duty, the Vice-President has gone to 56 different foreign countries, including the Soviet Union, and there represented and explained the United States and its democratic way of life. He stood against a number of opponents and met the challenges of international dangers and competitions with an understanding and mastery that furthered world peace and America's security. In meeting the leaders of other nations he has learned of their ways, and they have come to respect the Vice-President as a strong international figure. At all levels of public service, Richard Nixon has undertaken new responsibilities with a firm initiative and with a sympathetic understanding that have brought credit to our country.

GEORGE ALTVATER
For United States Senator
(For the term beginning January 3, 1961)

Dear Voter:—

I would persuade you to vote for me; but I will compel you to think. Let us face realities.

WAR (where most of our taxes go). Each past war followed a hostile action, which followed public antagonism, which followed hard times, etc. Reversing that sequence we get this **COUNT DOWN OF WAR**: 25—Trade advantages and different beliefs of nations. 24—Money reservoirs (such as allegedly, Cooke, Morgan, Borgia-Dupont, Kuhn-Loeb, Guggenheim, Maharajahs) inherited from, or expanded in past wars. 23—A dynasty in each country, or administration, allegedly which attained power by support of such reservoirs. 22—A weak or ambitious head of dynasty or administration. 21—The accepted conclusion that no amount of pacifism will protect us. 20—Credit faith and business expansion. 19—Prosperity. 18—Requests to share profits. 17—Strikes and stoppages of production. 16—Shrinkage of purchasing volume. 15—Drop of prices. 14—Transfer of venture investments to safer securities. 13—Shrinkage of credit structure. 12—Loss of faith by bankers that loans can be repaid. 11—Stock market panic. 10—Business depression, unemployment, and suffering. 9—Discovery that vital statistics (births, marriages, deaths) of depression are worse than those of war. 8—Financial squeeze of churches. 7—Finding, by the clergy, of a moral reason for war. 6—News and picture propaganda of hate. 5—Pressure to end depression. 4—Fear, by public officials, that dynasty or administration will lose control of government. 3—Breakdown of diplomacy. 2—A major overt act (sinking of the "Maine"). 1—Public indignation and war.

To quote a war trials judge, "Wars do not happen." Movie propaganda for war should be taxed.

COLD WAR. We are revolving in this whirlpool of causation like the crank shaft of a car, before the engine has started. Instead of high pressure depression and a Pearl Harbor hot spark, we have had expanding prosperity and cool statesmanship. Americans do not want a snowball of military expenditures; nor Louis XIV foreign wars to preserve an administration or dynasty.

Can we rely on push-button robots? Under martial law would we be more resourceful than the 50,000 communist soldiers of the Inca army when confronted with Pizarro's 2" cannon? Their retaliation power, plainly over-

whelming, vanished in panic. Will our spirit be strong in quantity times intensity if already we are at loggerheads concerning profits?

POLITICS (and the deals behind it). Is not this country handicapped by "practical" tin box deals, "practical" under-the-table deals, and "practical" overhead monopoly deals? Will a tree grow when infested with insects and fungus? Rackets result from unwise laws. Punitive measures merely cut the top off a dandelion. Unsupported laws can be subtracted by the roots, as the Volstead Act was. Moslems ruled the world while their elite army corps was free from inheritance rackets. Does your own occupation receive a government handout?

AUTHORITANISM. Sheep-minded opinions spread by news and picture syndicates, even when dictated by authorities, can be as wrong as the Maginot Line. Authorities have no right to smear a scientist. Without the promise of freedom of thought and action, with which America once inspired hope in all the peoples of the world, we have no advantage. Freedom means equal rights and opportunities. If you deny food to your cow you can not expect milk. An omnipotent Deity does not abolish war because there must be something worse—injustice possibly. To be shackled to authoritarianism and its superstitions invites defeat in future wars.

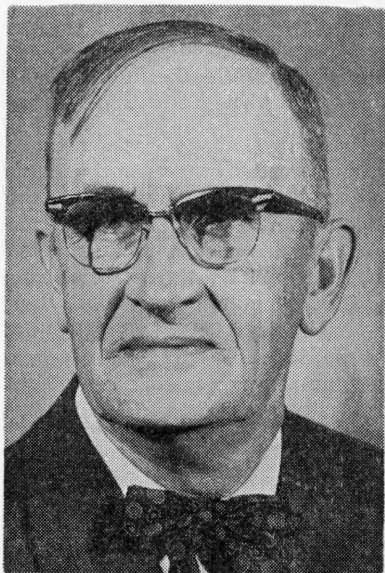

INDEPENDENCE AND COMPETITION. Monopoly sells socialism—a door opener for communism. With no other way to cure unjust practises of monopolies, resort to socialism is thought to be the answer. Could not a yes man's wife take greater pride in her husband as head of a smaller company? Can she, and will you, choose the rugged path of competitive effort which developed this country? Or will complacency steer all down the wide avenue of royal monopolies, which has led mighty nations into decline? Cannibalism of corporations reduces services. Competition between private and socialistic enterprises is required.

R. F. COOK

**For United States Senator
(For the term beginning January 3, 1961)**

Above and beyond the normal motivation for seeking office, I present my candidacy for definite reasons. I am not in harmony with the present trend in Washington to tax and to spend and to regulate. Believing that a majority of citizens feel the same way, I entered the race for U. S. Senator to provide the voters of Oregon with a distinct choice between ultra-liberalism and constitutional conservatism.

I believe that we should maintain what sound progress we have made in responsible government, but feel that we must further progress upon the proven values of the past. We should not compromise our system and freedoms with expensive socialistic experiments. I reject the theory that all blessings flow from a powerful central government, and the more we are taxed the richer we will be.

It should be noted that no government can give anything it has not previously taken away, less handling charges. For this reason I generally disapprove of the federal government assuming local

responsibilities. It also leads to the loss of control over our own affairs.

The unlimited power of the government to tax has been abused by some politicians lacking a sense of fiscal responsibility, and intent upon retaining office by promising many things for nothing. I do not believe the majority of Americans are spineless mendicants clamoring for federal subsidies. I believe most people would rather provide for themselves through free enterprise, if the government will but let them alone and not tax them into submission.

We live in a time of peace, yet war-time taxes remain. We have permitted to accumulate a national debt greater than all the other governments in the world put together. The value of the dollar has eroded, and the consequent inflation has threatened our foreign trade. These things should not be.

I could not with conscience support such things as our present farm program or the foreign aid give-away. Both of these should be withdrawn in an orderly manner.

I feel that there should be a candidate who wants to see less, and not more, tax deductions from paychecks. Our dearest persuasions and concepts of American freedoms are at stake. With inattention, they can be meanly lost. With attention, they can be nobly preserved.

HOWELL APPLING, JR.

For Secretary of State

EXPERIENCED, PROVEN, TRAINED ADMINISTRATOR

Secretary of State Howell Appling, Jr. seeks to retain the office to which he was appointed by Governor Mark Hatfield in January, 1959.

(Concluded on following page)

(This information furnished by Keep Appling Secretary of State Committee)

Prior to his appointment, athletic Howell Appling, at the age of 39, was a recognized success as the managing head of a wholesale logging and farm equipment firm he founded on \$700 Navy mustering-out pay and guided to a position of leadership in the industry.

He gave up the relative security and comfortable obscurity of private life to accept appointment because he felt that "if we as citizens have any right to complain or criticize our government, we must be equally prepared to assume some of the responsibilities."

PROVEN PERFORMANCE

With strengthening administrative competency in government as his major objective, Howell Appling has vigorously applied to the department he administers the conviction that government, to be effective, doesn't have to cost the individual taxpayer as much as it does. The result so far: A SAVING OF ALMOST A QUARTER OF A MILLION DOLLARS in his department's overhead costs—out of a total budget of approximately three million dollars.

Howell Appling has combined his thorough education for the job and his extensive experience in industrial management to compile a solid record of accomplishment in the office. The record includes:

- Appointment of skilled, administrative professionals to his staff on the basis of their ability, rather than their political activity or party registration.
- Emphasis on intensive treatment in state institutions with a view toward rehabilitation and establishing a higher degree of self-sufficiency in the individual and in the operation of the institution itself.
- Adoption of modern administrative techniques and standards with resultant substantial cost savings and improvement in service.
- Installation of electronic accounting equipment and methods with resultant great improvement in service and reduction in overhead costs.

FRESH APPROACH

THOROUGH EDUCATION • ADMINISTRATIVE EXPERIENCE

Howell Appling's background does not reveal the stereotyped image of the politician.

He has been supporting himself since he was 15 years old. He earned an engineering degree from Rice Institute, working his way through school as a dishwasher, welder, construction gang laborer, boiler maker's helper, and undergraduate manager of athletics. After graduate work in industrial management, he volunteered and served 3½ years in the U. S. Navy during World War II.

His administrative education and experience were then put to work during 13 years of building his own equipment business from a 'shoestring' start into a nationally recognized firm.

His accomplishments in the field of administration have been widely acclaimed by national associations, clinics, and professional groups before whom he has appeared.

HOWARD C. BELTON
For State Treasurer

It has often been said—by Republicans and Democrats alike—that Howard Belton, our State Treasurer, is one of the most sincere and capable men ever to serve the State of Oregon.

As a legislator and as a businessman, Howard Belton has earned universal respect for his personal and political integrity, his forthright opinions and his mature and shrewd judgment in financial matters.

When he appointed Belton as State Treasurer, Governor Hatfield said, "In choosing a State Treasurer, it seemed to me taxpayers most want a man who is extensively experienced in financial matters and who is basically conservative with tax funds; tough, yet fair-minded, when it comes to public money. Howard Belton was the bulwark against runaway budgets in the state legislature for 20 years. He is of an age and background that will lend wisdom to our deliberations in the Board of Control."

A former banker, Belton's interest in sound banking laws that would adequately protect the public was a strong influence in his first decision to

run for the legislature. He was elected to the House in 1933. First elected to the State Senate in 1938, he served five terms, became a leader in tax and money matters and in 1945 was elected President of the Senate. For more than 90 days, during the absence of Governor Snell, he served as Oregon's governor.

A board member of the Canby Telephone Association for twenty years, Belton is President of the Butteville Insurance Company and a Trustee of Lewis and Clark College. He is a past president of the State Association of Mutual Insurance Companies and a former director of the Canby Union Bank.

Born on an Iowa farm, he came to Oregon when he was nineteen, and was graduated from Oregon State College with honors. He and Mrs. Belton, parents of four children, have lived on their farm near Canby for the past 42 years.

He is a member of the Presbyterian Church, Masons, Order of Eastern Star, Grange and Farm Bureau.

Howard Belton brings to the office of State Treasurer the maturity, experience and capability of a trained executive with an understanding deeply rooted in the welfare of the people he so long represented in the legislature.

SHIRLEY FIELD
For State Treasurer

**SHIRLEY FIELD WILL WIN IN
NOVEMBER**

Most outstanding, able woman in Oregon politics since Dorothy McCullough Lee.

Shirley Field possesses rare knowledge and understanding of public issues, backed by thoroughgoing integrity and devotion to service.

Many such comments about Shirley Field are heard in Oregon today—from all sides, from all walks of life. Indeed, her past electoral victories indicate strong support by thinking voters of every type.

Because of this widespread recognition, Oregon now has a great opportunity to benefit by the services of a remarkable lawyer and legislator in the office of State Treasurer.

Oregon Republicans—forward-looking, energetic, younger members of the party—many persons interested in education, and numerous women's groups are prominent among those who prevailed upon Shirley Field to become a candidate.

AUTHORITY ON STATE INSTITUTIONS

Shirley Field's wide knowledge of Oregon's institutions stems from service on Gov. Hatfield's and Gov. McKay's Committee on Children and Youth and Gov. Patterson's Committee on Prisons and Parole. Such first-hand knowledge will be highly valuable to her service on the State Board of Control, with its responsibility for state institutions.

As a state legislator, her further dealings with institutional problems and visits to all institutions eminently qualify Shirley Field for the State Treasurer's duties on the Board of Control.

THOROUGHLY QUALIFIED IN FINANCIAL MATTERS

Her 13 years of experience handling estate and tax matters as a practicing Oregon attorney gives her unparalleled ability to administer the inheritance tax laws.

Shirley Field's responsibilities for state finances as a member of the Oregon Legislature—plus her other studies of the subject—thoroughly qualify her to handle the financial obligations of the office of State Treasurer.

PROPOSES AGGRESSIVE PLANS

Based on this exceptional background, the following is Shirley Field's sound and progressive program:

(Concluded on following page)

(This information furnished by Shirley Field for State Treasurer Committee)

1. An experienced woman on the Board of Control who will initiate an adequate rehabilitation program for people in state institutions, return them to society as useful, constructive fellow tax-payers. This, instead of spending more taxes to build more institutions.
2. Employ idle state funds to help hold down costs of state, county, and city governments.
3. Keep state buildings and services near the people who need them.
4. Place an able attorney—experienced in the law—on the Board of Control.

EXCELLENT PREPARATION FOR THE JOB

Shirley Field attended Stephens College and is a graduate of the University of Michigan and Yale School of Law. She is a former board member of the League of Women Voters of Portland, Oregon Prison Association, National Young Republican Federation and the Guild of Oregon Rehabilitation Institute.

She was co-chairman of the Resolutions Committee at the National Young Republican Convention in 1953.

Membership in the Oregon Cattlemen's Association as a livestock owner, Izaak Walton League, Urban League, American Association of University Women, Oregon Federation of Republican Women, and the Portland Chamber of Commerce are among her activities.

SERVICE RECORD OUTSTANDING

At the invitation of President Eisenhower, Shirley Field attended the White House Conference on Refugees in Washington, D. C., May, 1959.

In the 49th Legislative Assembly, Representative Field served, with widely acknowledged distinction, as vice chairman of the Interim Education Committee and on the Education, Labor and Industries, and Public Health and Welfare Committees. She is on the Interim Committee on Criminal Law in the 50th Legislative Assembly and was a member of the Education, Judiciary and Alcoholic Control Committees during the general session of the past Legislature.

At Republican conventions, Miss Field was alternate and secretary of the Oregon delegation in 1952 and an official in 1956. She is also a Republican precinct committeewoman and is one of only three whose services have been recognized by life membership in Oregon Young Republicans.

A WINNER

Shirley Field has led the ticket against well-known candidates, both Republican and Democratic, in the last two primary and general elections. This is strong indication of Republican, Democratic and Independent support.

MERLIN ESTEP
For Attorney General

BEST QUALIFIED THROUGH TRAINING AND EXPERIENCE
"FAIRER LAW NEEDED"

"The 1955 Legislature should take one further step in amending Oregon's habitual criminal law. — Some legislator or committee should consult with Mr. Estep, who has made a study of this situation, and introduce legislation—. We think Mr. Estep, — should be called into legislative consultation on these matters and the laws made more equitable."—Quoted from editorial in **THE OREGONIAN**, January 28, 1955.

(Concluded on following page)

(This information furnished by Merlin Estep for Attorney General Committee)

MERLIN ESTEP'S wide range of EXPERIENCE, including his successful work on many important and complex Constitutional Law cases, involving the laws of states in every section of the Nation, qualifies him especially well for the office of ATTORNEY GENERAL.

ESTEP, 38, has been SUCCESSFULLY engaged in the practice of law since 1950, and has handled litigation in almost all major fields of law for clients from all walks of life, with extensive experience before the Supreme Court of Oregon. His work in the field of Constitutional Law has attracted nationwide attention. He often is consulted by attorneys from other states, as well as Oregon, and has worked in close cooperation with Erle Stanley Gardner, of "Perry Mason" fame.

ESTEP maintains that: "The ATTORNEY GENERAL, in close cooperation with other state officials, should take a leading part in MODERNIZING and CLARIFYING our COMPLICATED and CONFUSED LAWS pertaining to criminal practice and procedure in our courts." He will do that.

ESTEP has been ACTIVE in Oregon State Bar work and is experienced in the preparation of legislation, often having been called to the assistance of the Legislative Assembly. He is chairman of the Oregon State Bar Committee on Civil Rights, and a member of the Board of Directors of the Marion County Bar Association.

MERLIN ESTEP was born on a ranch in Montana. At age 13, after completing the 7th grade, he left school to aid his family, hard hit by the depression. He worked as a ranch hand and as baker's apprentice for six years, with long hours and poor pay. He studied diligently at night, and determined that one day he would study law and dedicate himself to the protection of our Constitutional rights.

At the age of 19, ESTEP came to Salem to live, and resumed his formal education, being admitted to Willamette University as a full-time special student. Upon "proved ability to do excellent college work", he was "considered regularly enrolled student pursuing a liberal arts degree", and thereafter was awarded an A. B. degree by Willamette, in the meantime also having earned a like degree from the University of Washington.

In World War II, ESTEP enlisted in the U. S. MARINE CORPS, was on active duty three years (one year in the Pacific), and was graduated from the Marine Corps Officers' Training School, Quantico, Virginia, and commissioned.

After returning from the Service, Estep earned and was awarded his law degree by Willamette University.

ESTEP has been wholly SELF-SUPPORTED since age 13. Verily, he has come up "the hard way".

In March, 1945, ESTEP married Helen Olson. They have two children: daughter Lynne, 8, and son Mark, 6. The FAMILY attends the First Methodist Church, in Salem. The Esteps also are Salem residents and taxpayers of many years, and lifelong Republicans.

CARL H. FRANCIS
For Attorney General

TO THE REPUBLICAN VOTERS OF OREGON:

I respectfully submit my candidacy for the nomination of our Party as Attorney General of Oregon.

It has been my privilege for almost 18 consecutive years as an elected official of our Party to participate in the making of the laws of this State. This service, I feel uniquely qualifies me for the office of Attorney General. No other candidate of either Party can match this background so vital to the understanding of that office.

WILL RESTORE DIGNITY AND EFFICIENCY TO THE OFFICE OF ATTORNEY GENERAL

Republican predecessors to the present Democrat incumbent gave dignity to the office of Attorney General. Their opinions were respected by the courts and the relationship of the office to the executive and the legislative branches of government was cordial. The office was not marked by flaring sensationalism but only by conscientious service. I pledge

that I will follow the example set by the Republican predecessors in this office.

Further, I understand the proper role of the Attorney General, for I helped enact the present law which governs that office. We must always bear in mind that unlike many other offices in our State government, the office of Attorney General is not a constitutional office, but is one which was created by the legislature. I, therefore, fully understand both the duties and the important responsibilities of that office.

IMPORTANT TASKS PERFORMED

In my long service to the State of Oregon many important tasks have been assigned me for performance. I am presently chairman of the Interim Committee on Criminal Law. This committee is composed of members of the House and Senate of the Oregon legislature, members of the judiciary, district attorneys and members of the public at large. It is engaged in the challenging matter of submitting to the next legislature proper needed amendments to our criminal code. For many years I have been a member of the Oregon Commission on Interstate Cooperation, working with other states in solving interstate problems, and in that connection now represent Oregon on the legal committee of the Columbia Basin Compact Commission.

Since my entrance in the legislature in 1943 I have always been a member of a law committee in the legislature. This, I submit, is extremely valuable in being able to interpret the laws of this State, for not only have I written many of the laws, but also as a member of the law committees have studied

(Concluded on following page)

(This information furnished by Carl H. Francis)

the effect of much of the present statute law. From 1945 to 1953 I was a member of the important Judiciary Committee of the House of Representatives; in 1951 I was chairman of the House Judiciary Committee, and in 1953, when a revision and simplification of the Oregon Laws was effected, I was named chairman of both law committees in the House of Representatives charged with that responsibility.

Upon my election to the Oregon Senate I have continued to be a member of the Judiciary Committee and in the last session was chairman of that committee which made many needed changes in Oregon Law.

CRACK DOWN ON LAW OFFENDERS

In addition to the work of the Interim Committee on Criminal Law, of which I am presently chairman, I was, pursuant to authority of the 1955 Legislature, made chairman of the Committee on Sex Crime Prevention. This committee made many recommendations which have strengthened the law in this important regard. I have taken the lead in calling for closer liaison by law enforcement agencies, for improved techniques in crime detection and for more cooperative effort in adopting and employing preventative steps essential in combating vice and crime. As an example of this, I cite my long support for the establishment of a department of criminal identification and investigation for the State of Oregon, and the need for a Police Academy available to personnel of sheriffs and municipal police departments within this State.

DESIRES TO SERVE THE PEOPLE

In my opinion, one of the most important qualities of an effective Attorney General is that of cooperation with the various branches of government. I pledge you that my purpose in seeking this office is only that of being able to further serve the people of my State. My aspirations are not political, but stem only from a desire to serve.

PERSONAL HISTORY TYPICAL OF AMERICANA

I come from humble origin. I am a native Oregonian, born of Swedish emigrant parents in Portland March 20, 1915. I was reared on a Marion County farm. I worked my way through college, graduating in 1937. I married a former social worker and have two daughters. I am a member of the American Bar Association, the American Judicature Society, the Oregon State Bar Association and Sigma Nu Phi Law Fraternity, and am President of the Twelfth Judicial District Bar Association. I am a member of the Presbyterian Church, the American Legion, the Grange and numerous other civic and fraternal organizations.

— — — — —

It is my sincere desire to continue my service to my State in the way for which my past duties have so well qualified me. I pledge that if elected I will, with conscientious service, restore effectiveness to the office of Attorney General. Your continued support is respectfully solicited.

**For Representative in the Legislative Assembly
Twelfth District, Marion County**

W. W. "Bill" Chadwick is seeking a return to legislative service which has found him serving on important committees in seven previous sessions. He has always been a hard working legislator and has demonstrated his ability on such important and hard working committees as Ways and Means, Rules, State and Federal Affairs and Local Government, while serving at one time or another on most all house committees.

Existing high taxes and budgetary problems will of necessity be of primary concern to the voters who will do well to send a man of Chadwick's experience and ability to the House of Representatives where all revenue bills must originate. Always a Champion of economy in government he has been realistic in his

approach to the needs of departments of government upon which we all depend for information and service.

Operation of the Chadwick Hotel System qualifies him as a business man and he owns and operates a 75 acre fruit and nut farm. This assures voters of a representative who will pass upon problems affecting the economy of the State with full knowledge of the importance of legislation presented to the lawmaking bodies on all segments of our citizenry.

Chadwick's past public service and experience in government has been demonstrated in two terms as Mayor of Salem, President of the Salem Chamber of Commerce, Vice-President of the league of Oregon Cities, President of the Salem Kiwanis Club as well as offices in various civic groups which he has served with distinction.

With his wealth of legislative experience he can be of great service to the state and to Marion County in these times of industrial expansion and the inevitable expansion of government to serve the needs of the public.

Marion County gained added influence and prestige through Bob Elfstrom's election as Republican (Minority) leader of the House during the 1959 session.

His re-election will insure continuation of his leadership for sound tax legislation and other legislation of particular importance to the development of Marion County. He is opposed to big spending and high taxes.

Veteran of five legislative sessions, his leadership in the House is strengthened by his broad knowledge of state business and the fact that he commands the respect and cooperation of both Republican and Democratic members. Residents and communities of Marion County that went to him with legislative problems found him both interested and effective.

Bob Elfstrom's concern for economy in government and lower taxes is not new. During his two terms as Mayor, Salem's millage tax was reduced by 10% without sacrificing city services. His constructive program for Salem led to his election as President of the League of Oregon Cities and a statewide acquaintance with problems of local government, support of schools and development projects.

He has had a major role in House action—particularly legislation affecting highways, fish and game regulations and liquor control. With a background of membership on the Oregon Liquor Control Commission, he has worked persistently as Chairman of the Committee on Alcoholic Control to preserve the integrity and effectiveness of liquor control.

Named Salem's "First Citizen" (1951), Bob Elfstrom's distinguished public service has included, among others, Director of the Y.M.C.A. and Salem Community Chest, Chairman 1952 Marion County March of Dimes, President of the Rotary Club, President of the Cascade area Boy Scouts, Trustee of Willamette University, Elder and Trustee of the Presbyterian Church. William A. Galbreath is a native Oregon resident. He attended public schools and was graduated from Willamette University. He is also a graduate of Willamette University College of Law and a member of the Oregon State Bar. A veteran and a commissioned officer in the active reserve, he is married and has two children.

He is an advocate of a fair and equitable tax structure and would seek adoption of a state tax deduction schedule paralleling that of the Federal Government.

Vitaly concerned with the education of our youth, he will support legislation to assure that education dollars are spent for education and not for unnecessary frills.

He would work for realistic and progressive labor legislation to fill the gaps created by the Landrum-Griffin

labor bill. At the present time under this bill the states may intervene in some local labor disputes. This right of intervention must be exercised with an awareness of the rights of all parties.

He is for the maximum utilization of our natural resources in our industrial growth, but is also mindful of the need to preserve recreational areas of the state for the use of all citizens.

He is a member of the Oregon Junior Chamber of Commerce, and a life-long Republican.

Republican**THOMAS W. HANSEN****For Representative in the Legislative Assembly
Twelfth District, Marion County**

I am 42 years of age, married and have one child. I have resided and practiced law in Marion County since January, 1955. I have served as Deputy District Attorney for Marion County for over 4½ years and during this time have become familiar with many problems of County Government, such as the Board of Equalization, Real Property Assessments, County Roads, County Courts, Planning and Development, Criminal and Juvenile Matters. This has given me a broad knowledge of tax problems and local problems at the County level.

I am keenly aware of the necessity for a systematic program for revision of our Oregon Laws. This needed legislation requires legal experience and training

to insure a reasonable progress, and I feel that my background will enable me to work effectively to modernize and simplify our laws.

Background:

Native of Oregon, born and raised Portland, Oregon.

Graduate of Willamette University, College of Law.

Member of the Oregon State Bar since September, 1950.

Admitted to practice in the Federal District Court for Oregon.

Admitted to practice before the United States Court of Military Appeals.

Admitted to practice before the Supreme Court of the United States.

Veteran of World War II, Fighter Pilot, South Pacific Theater.

Presently in the Air Force Reserve, Judge Advocate General Department.

Member of Marion County Bar.

As a Republican, I intend to work for sound constructive legislation, and protect the tax dollar.

DOUGLAS HEIDER

**For Representative in the Legislative Assembly
Twelfth District, Marion County**

DOUG HEIDER is a young able Representative with an outstanding record of legislative accomplishments.

As a member of the House of Representatives during the last session he fought against higher taxes both as a member of the important Taxation Committee and on the floor of the House of Representatives where he proved an effective speaker.

DOUG HEIDER, in addition to being a member of the Taxation Committee, served also on the important Planning and Development Committee working to bring new industry to Oregon, and on the Elections and Apportionment Committee.

DOUG HEIDER has earned the reputation for being a hard working able legislator. His outstanding services during the last session were recognized by his appointment to the Interim-Taxation

Committee where he has energetically fought for a more equitable tax structure, and to the Inter-party Committee on Election Laws.

HEIDER is a business man and a native of Marion County. He graduated from Salem schools. He attended the University of Oregon and graduated in Political Science from Willamette University. He is married and has two children, and is a member of the Methodist Church. Heider is a combat veteran of the U. S. Air Force earning the Air Medal during 23 missions. Heider has been Area Governor Toastmasters International. He is a member of Kiwanis, Elks, Veterans of Foreign Wars, Marion-Polk Young Republicans, Board of Directors of Marion County Tuberculosis and Health Association, American Legion, and has been active in the Chamber of Commerce and United Fund Drives.

DOUG HEIDER believes that we need to eliminate the inequalities in our tax structure that are handicapping small business and farmers, and at the same time hold the tax line through economy and through increased industrial growth bringing more tax dollars into Oregon.

We can achieve good government if we but re-elect young, able, enthusiastic men such as DOUG HEIDER.

Republican**WINTON J. HUNT****For Representative in the Legislative Assembly
Twelfth District, Marion County**

Winton J. Hunt, incumbent, is seeking the Republican nomination for his third term in the House of Representatives. He served in both regular and special sessions of 1957 and the regular biennial session of 1959. In 1957, as a freshman Representative, he distinguished himself in committee work as well as in floor debate and parliamentary procedures. During the special session of 1957, Winton Hunt was one of the few legislators who insisted upon and finally accomplished a sensible adjustment of the state tax program to the end that Oregon has so far avoided a deficit spending spree.

In the 1959 session he assisted in the preparation and final drafting of the County Home Rule bill. This law now enables counties to change or modify their form of government through democratic processes without referral to the State Legislature. His able and alert

floor maneuvers maintained the present statutory safeguards of the National Guard and kept that organization from becoming a political football.

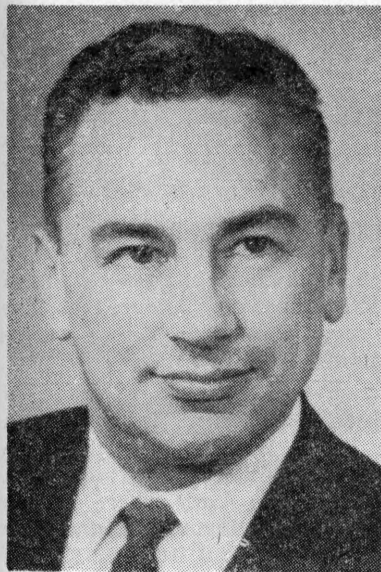

Winton Hunt is a member of Woodburn Rotary, Woodburn Post No. 46 American Legion, Woodburn Chamber of Commerce, Salem Elks, and Salem Chamber of Commerce. He owns and operates an insurance agency in Woodburn with a branch office in Salem. He is a native of Woodburn, attended public schools there, the University of Oregon, and the Army Command and Staff College. He is a veteran of WWII with combat service in Europe. His legislative experience and demonstrated ability merit favorable consideration by the electorate and his return for a third term in the House of Representatives.

JOE LANE**For Representative in the Legislative Assembly
Twelfth District, Marion County**

JOE LANE, native Oregonian, presents to the voters the opportunity to elect a diligent, able, dedicated worker, who has served his party and candidates for 14 years in 4 Oregon counties in duties of precinct work, voter registration, Young Republicans, and campaign chairman. Losing in his first bid for the House, he immediately shouldered the task of a tireless, effective campaign for those nominated. A sincere, warm, friendly person, he is one of those rare people who loves working incessantly on projects benefiting others. Well informed, and with the confidence and respect of leaders in both parties, he has proven himself an ambassador of good will for his party.

JOE LANE, 38, with the zeal of youth combined with mature judgement gained of training and varied business experience, is not associated with any group or clique, believing public issues must be met squarely, honestly, and evaluated on a plane above partisan consideration. His loyalty to Christian and ethical principles is deep and genuine. His interest in public affairs is full time, not partial nor for business or personal advance.

A home owner, married with three children, he was educated in public grade and high schools: attended Capital Business College, Multnomah College, and graduated from Northwestern School of Commerce; combat veteran of World War II, serving in New Guinea, Philippines and Japan; later serving in the Oregon National Guard. He is a member of the American Legion, Lions, PTA, Salem Chamber of Commerce, Salem Cherrians; serves on Advisory Committee of Salem Retail Credit Association, and is public speaking instructor for its Speaker's Bureau. Interested in public health, he has worked in March of Dimes, Marion County Heart Fund, and present chairman of the Marion-Polk County Cancer Crusade. Lane is assistant manager of a Salem finance firm and a life insurance agent. Serving as a public service credit counselor, he is a champion of economy, and will be a bulwark against runaway budgets.

Republicans of Marion County by nominating him will acquire a valuable, eminently qualified representative.

Nadine Orcutt Nunn was born in Ontario, Oregon August 16, 1919, the daughter of Elmer R. and Frances Tinges Orcutt. In September, 1920 the family moved to Salem where Mrs. Nunn has lived ever since except for some time in Wallowa County as public administrator and for three years in Scio, Oregon where she was City Recorder.

Mrs. Nunn was educated in Salem Public Schools and was graduated from Willamette University in June, 1942. She is now serving as editor of the University's alumni magazine.

Married to J. A. (Tony) Nunn in July, 1942, she worked in the Marion County Public Welfare office the three years her husband served overseas with the United States Army where he was decorated for bravery. They now have three children, ages 8, 10, and 12, and live at Rt. 4, Box 139, Salem, in the

Pringle-Pleasant Point area. They are members of Immanuel Baptist Church in Salem.

Mrs. Nunn believes:

That good government can be economically as well as efficiently administered.

That a more equitable tax can be obtained by broadening the tax base and reducing rates.

That Oregon's high standards in education must be maintained but without mortgaging future generations.

That we must conserve our natural resources, preserve wilderness areas and realize our recreational potential. . .

Mrs. Nunn, in seeking this position, realizes the responsibilities involved in being a representative of the people and will apply the same principles of inquiry, integrity, and economy in serving the state as she has used in serving her family and community.

MILDRED QUERY**For Representative in the Legislative Assembly
Twelfth District, Marion County**

I would work toward preserving our constitutional rights, and for government by, for, and of the people. Any issue should stand or fall on its own merits; I would not be influenced to act in behalf of special or pressure groups. My efforts would be dedicated to serving the best interests of all the people.

Following are my beliefs:

Education is of vital and utmost importance. The learning and training our youth receive today will shape their lives and determine our country's destiny tomorrow. Local control of schools is a fundamental facet of American life to be zealously guarded. Education must be sound and realistic—not extravagant or centrally controlled.

Government must be limited to necessary services and expenses. Ways must be found to reduce or eliminate expenditures—not create new ones. Government and its cost must be held to the necessary effective minimum, and be a servant of the people. Adherence to these principles would result, I believe, in lower taxes. Economy is a must and would receive my most diligent efforts.

Agricultural interests and natural resources are of prime importance to Oregon. As such they demand studied, far reaching consideration in behalf of present and future generations.

Appointive officials, or centralized bureaus with power to govern by decree, should be avoided as not in keeping with American ideals. We must protect our right of government by the will of the majority as voted in free elections with secret ballot. We should expect and demand from our officials, honest representation, efficient and economical government.

I was born in Oregon, graduated from Oregon College of Education and Willamette University, and am a certificated teacher with fifteen years of teaching experience. I have also worked at various other occupations. This has given me an understanding of business problems, as well as taught me, first hand, how hard most people must work to earn their money.

I live in a farming area, and have a heartfelt understanding of rural people and their problems. My husband, Henry E. Query, a long-time farmer in the Roberts district, is now a logging operator. We have a son 14, daughters 13 and 11. Our home for the past eighteen years has been on Route 3, Salem.

HATTIE BRATZEL KREMEN
For District Attorney, Marion County

Hattie Bratzel Kremen was born in Hebron, North Dakota, in 1908. In 1909 she came to Oregon with her parents, Frederick and Augusta Bratzel, who are now deceased. She graduated from Salem schools. For more than 33 years she has been working in the field of law; first as legal secretary, then as official court reporter in Polk, Yamhill and Marion Counties, and as attorney. In 1947, she was appointed confidential secretary to Judge James T. Brand at the War Crimes Trials in Nurnberg, Germany, and spent 20 months in that capacity and as an official court reporter. In October, 1948, she returned to Oregon and completed her legal education at Northwestern College of Law in Portland and Willamette College of Law in Salem, receiving her LLB in 1951. From 1951 to 1956 she developed an extensive law practice in Salem, and served as an assistant attorney general for Oregon, as attorney for the State Civil Defense Agency.

In 1959 she married Leonard L. Kremen. She is a member of St. Marks Lutheran Church in Salem.

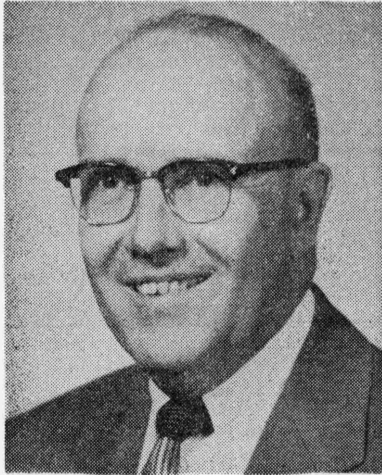

STATEMENT:

I have enjoyed working with and for the people of Marion County. If re-elected, I will continue to give you honest, considerate and industrious service. It will continue to be my policy to investigate charges of crime carefully, so that no innocent person may be wrongfully accused of crime nor public funds spent on improper or unfounded prosecutions. I am convinced that fair and energetic enforcement of the laws will result in a lowered crime rate and in savings to the taxpayer. I feel that all of us, both officials and citizens, must work together to make respect for and compliance with the law popular, thus reducing the cost of law enforcement. It is my policy that no person coming to the district attorney's office for help shall leave without a remedy or suggested remedy for his problem.

Republican**HENRY C. MATTSON****For County Clerk, Marion County**

County Clerk Henry C. Mattson has devoted his full time and considerable experience to the performance of the varied duties of his office. He has instituted procedures that have kept the cost of operation to a minimum. Prior to holding this office, he was in charge of the audit department, served as deputy clerk in the various courts, and in the capacity of Chief Clerk of the Registration and Election Department of the Clerk's office, gaining for him a solid background of the working details involved.

Mr. Mattson attended Marion County public schools and graduated from Salem Senior High School. He holds a law degree from Northwestern College of Law and is admitted to the practice of

law in Oregon. In addition, he holds a considerable amount of higher accounting credits.

Mr. Mattson is married and owns his own home. He is a member of the First Baptist Church, Downtown Lions Club, and is active in Masonic and Eastern Star orders.

Each Legislature passes new laws affecting the business of the Court, and Marion County needs a Clerk with a sound knowledge of the law so he can interpret and put the statutes to practical use. Considering the volume and variety of county business for which the Clerk's office is responsible, it is imperative that the Clerk be an honest and responsible person with the knowledge and ability to follow the laws as made and to keep the records accurately. Mr. Mattson has demonstrated his ability and has faithfully and efficiently performed his duties. His past record and his proven ability recommend him for re-election to this important office.

For County Commissioner, Marion County

H. A. Barnes, Silverton, Republican candidate for Marion County Commissioner. Born June 9, 1899, Minneapolis, Minnesota.

Operated retail lumber and contracting business in Washington and Oregon, 25 years. Active in community affairs including local and Pomona Grange, Silverton Chamber of Commerce, Silver Creek SCS District Supervisor, 10 years, Director of Willamette Production Credit Association, 10 years.

Before deciding to file for Marion County Commissioner it would seem necessary for the aspirant to take inventory of himself to determine if he could qualify on the following points:

Am I aware of the many problems of the immediate future brought about by rapid increase in population and a desire for better living, all of which create the need and want for more services from

our government? To name a few facing Marion county now—county home rule, county mobile library, county parks, subdivisions, planning and zoning, joint city-county sewage disposal, primary and secondary highways, market roads and subdivision access roads.

Am I aware of the constant need and demand for increased taxes because of expanding government services, and have I recognized that business, labor and agriculture all feel the bite of inflation and are extremely sensitive to any increases?

Am I aware that I must expect to deal with both selfless and selfish groups as a county official and that the pressures upon me will test my metal?

And finally, is it not a fact that no business or government can remain strong if it commits itself beyond its ability to pay, and that it is time to put a priority rating on all present and future spending and do "first things first?"

In appraising my qualifications for this office I can sincerely answer the foregoing questions affirmatively. My motives are free of personal interests, therefore my platform and slogan: "For conscientious, responsible government, responsive to the will of our citizens."

RALPH A. GIROD
For County Commissioner, Marion County

As a former Marion County Commissioner, I believe I can bring to the office a wealth of knowledge and experience in the important county affairs of road construction, welfare, management of public funds, and other vital issues that regularly confront the county court.

During my former term of office, starting in 1941, we budgeted and set aside a substantial sum of money annually for a new court house. I was responsible for vacating and discontinuing the "Poor House" on North Front Street, valuable property which was later sold and placed on the tax rolls. I headed the County's road oiling program when that type of surfacing was first introduced to the County.

After serving in the Naval Seabees during World War II, I have followed heavy construction work, and can bring to the office of County Commissioner years of experience in building and maintaining highways, for which Marion County spends more than \$1,500,000 annually. This is one of the primary responsibilities of the County Court—one in which experience really counts.

I strongly favor strict application of Welfare laws governing assistance to the needy, and I am especially interested in the welfare experiments that have been conducted in Polk County.

I have lived in Oregon most of my life, and now at the age of 59, I sincerely feel that I can fulfill the responsibilities of County Commissioner again. If I am nominated, I pledge to make an earnest and active campaign and, if elected, I pledge cooperation with other members of the court in working toward conservation of county funds and protection of county resources.

I am a member of the American Legion, and former member of our local school board. I am also an Elk, a Mason, and a Shriner.

A. M. VISTICA

For County Commissioner, Marion County

TONY VISTICA: HOME OWNER, LAND OWNER AND TAXPAYER

Today everyone pays taxes one way or another in the form of an indirect tax. But the property tax is assessed against the property and must be paid by the property owner. A few years ago only real property owners had a right to vote an assessment on property. But today, every voter has been given the right to vote a tax on real property, whether he owns any of it or not. This to me does not seem right, and you as a voter and taxpayer should do something to correct this undesirable situation.

The Marion County Court is 'too heavy' with too many departments. Some are not needed, others can be consolidated and tax money saved. Such an arrangement will release the heavy tax load carried by the taxpayer and he then can save his home, farm and small business from confiscation. A power to tax is power to destroy—the county government should not meddle in so many unnecessary affairs nor in any private business.

When the public servants voted into office become our masters, our troubles multiply. Today, practically every organized group is applying pressure to our government for financial aid. This financial aid comes via taxes. The taxpayers, you and I, are not organized; therefore we must pay through the nose. Now is the time for the property taxpayer to organize for his own protection.

I believe that the man or woman that pays the civil bills wants to know, and should know, for what purposes our tax money is apportioned and how much.

I also believe that able-bodied persons should do something for their livelihood, and that the unfortunate needy and the aged should be cared for. We are our brothers' keeper to that extent only. As the saying goes, "God helps those who help themselves."

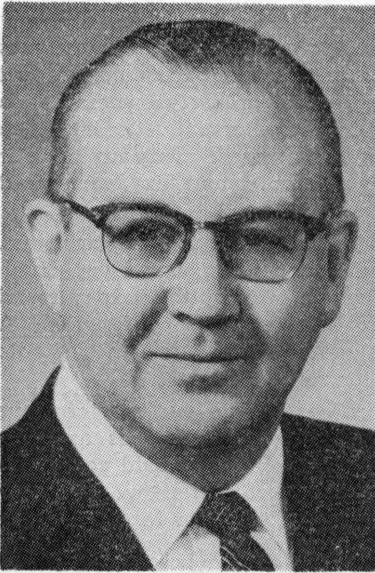

If you think and believe as I do, I know you will vote for me; and we will all benefit.

I am married, have five sons and eleven grandchildren. All five sons have served in the armed forces of the United States, two sons during World War II and three in the Korean ordeal.

I have been a laborer, a farmer and landowner in North Marion County, and a contract U. S. Mail Carrier serving communities of Salem, Silverton, Woodburn, Mt. Angel, St. Benedict, Scotts Mills and Pratum. For the past two years I have been a dealer in Watkins and Mary King quality products in Salem. I also have served as clerk, treasurer, and chairman of a school board (McKee District, No. 46). My experiences are extensive in the lines of leadership and administration.

Republican**DOUGLAS R. YEATER****For County Commissioner, Marion County**

Douglas R. Yeater, through past civic and legislative experience, is well qualified for election as your county Commissioner. He is the only candidate running for this office, with legislative experience—having served two sessions in the House of Representatives and also two sessions as your Senator.

Mr. Yeater works in a quiet and effective manner; is easy to talk with, and will listen to your problems as submitted. He has always worked for good government and believes in administration that will do the most good for the greatest number of people.

Mr. Yeater is a Salem property owner and businessman, owner of Yeater Appliance and TV Co., and feels that business principles should be applied to County government. Living in a County whose economy is principally farming and industrial, he believes that as they prosper, so does the entire community.

He is a zealous civic worker, having worked on and had the chairmanship of numerous civic projects, the outstanding being chairman of the Marion County War Finance Committee. In 1944 he was chosen Junior First Citizen. He is past President of the Downtown Merchants Association, and holds memberships in the following organizations and clubs: Elks, Cherrians, Izaak Walton League, Chamber of Commerce, Oregon Republican Club; and is past regional vice-chairman of the National Appliance and Radio-TV Dealer Association, also President of Willamette Valley Electrical Appliance Dealers Association. Mr. Yeater is a member of the Salem First Presbyterian Church and served as trustee for a period of three years. He is married, and the father of two children: Douglas Jr., World War II Veteran; and Joyce, age 16 attending South Salem High School.

If elected, Mr. Yeater will be a full time commissioner and will apply the same effort as in the past—in serving the people of Marion County in both civic and governmental duties.

Mr. Yeater is a Republican and has worked extensively for their principles.

A professional law enforcement officer for 17 years, Everett Norfleet has worked with federal, state, county and local law enforcement agencies. He is and for nine years has been, chief of the Stayton police force.

A veteran of combat service with the armed forces, Norfleet is married, 43 years old and the father of a son who is now a senior at Stayton Union High School.

If elected he will come to the office of sheriff with no outside interests to divert him from the main task, that of maintaining law and order in the territory under his jurisdiction. During the years of his tenure as Stayton chief he has devoted his full time, unstintingly, to developing and maintaining an efficient and vigilant force. A member of the Disabled War Veterans, American Legion and a variety of state and national law

enforcement agencies, he was acclaimed Stayton's First Citizen in 1956. Possessing a special interest in young people and their problems, he has actively cooperated with youth groups whenever the chance was offered.

IF ELECTED HE PROPOSES:

1. Reorganization of the department to utilize personnel more efficiently.
2. A vigorous program of working with juveniles.
3. Creation of an active and effective sheriff's reserve.
4. Readily available information for the public and press.
5. Increased patrolling of secondary roads and suspected areas.
6. Constant training of personnel through available police schools.
7. Cooperation with all law enforcement agencies.

Mr. Shively has been a resident-property owner of Salem, for 9 years, in business as a professional farrier. He resides with his charming wife, Viola, at 3777 Manor Drive. Mr. Shive'y is interested in the problems of young people.

I present herewith, my platform, for the consideration of the voters of Marion County:

1. Reorganize department to better utilize personnel.
2. Train officers thru available police schools.
3. A vigorous program of preventive enforcement relative to juveniles.
4. Augment forces available for public protection by creation of efficient Sheriff's Reserve.
5. Modernize tax department to conform with accepted standards.
6. Uniforms, equipage, of officers will be of a nature to indicate competence, induce public trust.
7. Patrols of secondary roads, outer communities and outlying school zones will be instituted.
8. If elected, I shall be a working sheriff, meaning that I intend to patrol, investigate, and visit every section of Marion County.

I wish to remind the citizens of Marion County, who are zealous of their traditional American rights, of the importance of the office of sheriff remaining an elective one, responsive to the wishes of the people.

DENVER YOUNG

For County Sheriff, Marion County

In submitting my name for re-election as a Republican candidate for the office of Sheriff of Marion County, I am happy to stand on my record of accomplishment since I have been Sheriff, but for those who may not be familiar with the office, I submit the following:

I was born in Okmulgee, Oklahoma, May 27, 1902. I have lived in Oregon since 1904 and in Marion County since 1935, having come here to enter the tie business.

During World War Two I became interested in Law Enforcement and entered the office as criminal deputy in 1942. I was appointed Chief Criminal Deputy in 1943, and continued in that position until running for the office in 1944, and was elected that year.

I have been Sheriff since January 1945, and serving the people of Marion County has been my desire and my career since that time.

During that time the work in the Civil department has quadrupled, yet the service is recognized by those using it as exceptionally good.

The efficiency of the criminal department is attested to by the fact that we make more than twice as many arrests of those booked in the County Jail for both felonies and misdemeanors as any other department.

Our County Jail is rated by Federal Jail Inspectors as being exceptionally good as to cleanliness and management.

The Marion County Tax Department is one of the most modern and up to date in the State of Oregon and is visited often by others wishing to make improvements in their own departments. The promptness with which we make turnovers of the taxes after collection has resulted in savings of thousands of dollars in interest payments on short time loans which would have otherwise been necessary by the City of Salem, School District and others.

I have devoted full time to the job as Sheriff of Marion County and will continue to do so.

Marion County is a good place to live, I want to do my part to keep it that way.

Republican**BOB COE****For County Treasurer, Marion County**

Bob Coe has demonstrated the young, alert and aggressive leadership we need in county affairs.

Capable, sincere and warmly friendly, Bob has shown the capacity for getting needed things done . . . in business and in civic and church affairs.

During 12 years of practical banking experience, he was elected President of the Lower Columbia Bankers' Assn. Salem businessman and civic leader, he is presently a property appraiser for Marion County. He was "Junior First Citizen" (1950) of Tillamook, his former home, where he was a member of the City Council.

Bob Coe believes that business experience and intelligent planning can save tax dollars, streamline county administration and give better public service. Bob says that "public office is what the office holder makes of it. I would not be satisfied doing merely the minimum required of the County Treasurer. My program includes active participation and hard work on major problems facing our county." Among the major objectives of his program are:

End the huge carry-over budget surpluses that keep Marion County taxes higher than they need to be.

Save tax dollars by centralizing county purchases.

Keep the public fully informed on how their tax money is used.

While in Tillamook, Bob Coe was active in United Fund, Cancer Society, Red Cross, Y.M.C.A., Grange, Chamber of Commerce and was a District Commissioner of the Boy Scouts.

After moving to Salem in 1954, Bob Coe (who is Robert E. Coe, Jr.) has been a Republican Precinct Committeeman, a member of South Salem Lions Club, South Salem Parents Council, Candalaria Mother and Dads Club, and active in such activities as Y.M.C.A. and the Cancer Society. He has been President of the Methodist Men and is a Mason.
