

CIS-A2K Strategic Plan

2018-2020

CHALLENGES

- Profligacy of Fake Information and News
- Challenges of content and knowledge production in local languages
- Policy impediments towards developing local language curricula
- Connecting global knowledge movements with local knowledge advocates
- Building sustainable practices of peer review and competent local archives

STRATEGIES

VISION

- Wikimedians who are well-versed with policies of Wikimedia projects
- Volunteers who are aware and alert towards the politics of access
- Citizens who contribute to production of knowledge in local languages and
- Institutional partners who are willing to partner in building Free and Open platforms of Knowledge
