## PREFACE.

Ms 4-1-47

**M**Y friend, Zachary Clark, of Downham, in the county of Norfolk, and one of the respectable Society of the Quakers, having compiled the following Work, applied to me some time ago to introduce it for him into the world ; and believing as I did then and do now, that the publication of it may be made productive of good, I was unwilling not to accede to his request.

It appears that Mr. Clark, having heard some years back, and having also reason to believe, that Charities left by benevolent individuals for the use of the Poor were often mismanaged and misapplied, was then much concerned on that account, and that in course of time he began to take an interest in those cases of abuse which had been reported to him. This feeling, so proper and laudable, arose from that best and most equitable of all motives, namely, a wish

that others should be done unto, as he, in their situations, would desire to be done unto himself: for unquestionably if he had been a poor man, and had found in his native parish any donation left to him as such, he would not have liked to be defrauded of his legal due, or to see that bequest, which had been intended for himself by the will of a benevolent donor, pass into the hands of others, for whom it had never been designed.

As time stole on this feeling increased, till at length he found in himself a growing disposition to be more than a mere hearer of such reports; in fact a disposition, which impelled him to become an actor in the cause of the Poor. The great question, however, was, where was he to obtain information, so as to know, in any case which might be pointed out to him of abuse in the application of monies belonging to the Poor, what the rights of the Poor really were in that particular case? Where was he to learn that such an application of monies was a real violation of such rights? To this a friend, whom he consulted, replied, that for his own particular

county, viz. Norfolk, he might come at all the information he wished for at the Bishop of Norwich's Office, where all the ancient Terriers, that is, where all the registers of land or money ever bequeathed to the Poor were to be found. These Terriers, he observed, would contain the names of the donors, the dates of the donations, and the various uses to which the latter were to be applied. This intelligence was peculiarly acceptable to Mr. Clark, and in a short time he procured from the Office just mentioned copies of two or three of these Terriers for places where abuses of the Poor's money were said to have taken place, with a view of comparing the then uses of these Charities, with those for which the donors, as related in the Terriers, designed them.

Having found, in one or two instances, that the application of the Poor's money was different from that which the Terriers pointed out to be the true one, he was encouraged to seek for information in other cases. This, however, he did gradually. Thus, in one year he added the copies of two or three Terriers to those which

composed his stock. In another he added others. In another he was obliged to have recourse to the Petty Bag Office in London, for copies of decrees relating to cases in question. In another he obtained copies of ancient Wills for the same purpose. Thus he went on, though but slowly, increasing his knowledge in this department.

In process of time, having obtained a number of copies of Wills, Decrees, and Terriers, he began to feel his ground on this subject, or, in other words, he began to feel the strength of the foundation on which he stood ; and finding from the knowledge he had acquired, that some town lands belonging to the Poor were, in two several parishes, improperly disposed of, he interfered publicly, and succeeded. The result of his interference was, that the Poor in each parish received a considerable augmentation to their income from the lands in question.

Cheered by this success, he was still more inclined to persevere ; but, in doing this, he was persuaded that it became him for the future

to adopt some regular and fixed plan. Living, as I observed before, in Norfolk, he thought no better plan could be devised than that of endeavouring, expensive and laborious as the task would be, to procure copies of all the Terriers which might be in existence for that county. He believed that, if such copies were procured and printed, many advantages would result.— First, every person living in the county would have an opportunity of seeing whether any, and what Charities, had been left to the Poor of his own particular parish, and what were the intended uses of these. Secondly, by comparing their intended with their existing uses, he would see how far they were abused. And, thirdly, in the event of such abuse, he would be enabled, by producing such Terriers before his fellow-parishioners, to restore them to the end for which they had been originally designed. He had a hope, in fact, that individuals, seeing these Terriers in print for their respective parishes, would actually step forward in behalf of the Poor, and secure to them their just rights wherever they appeared to have been invaded. He had also another hope, viz. that as he him-

self had endeavoured to collect in one book the Charities belonging to his own county, others might be induced to make similar collections for those to which they respectively belonged; so that, one following the example of another, the Rights of the Poor might, in time, be ascertained, and put upon record through the whole kingdom.

But while he was contemplating this plan, and the means of executing it, he received information from a friend of a rich mine of materials, of which he had been wholly ignorant, and which on that account he had wholly overlooked. His friend informed him, that Mr. Gilbert, a worthy Member of Parliament, had brought in a Bill, only a few years before, which had been carried through both Houses of Parliament, the object of which was to bring to light every species of donation belonging to the Poor, throughout the realm. By this Bill all Justices of the Peace were ordered to appoint a day in every parish, on which the Minister and Churchwardens were to attend, in order to receive instructions how to make out Returns

under their own hands, and this upon oath, of all the Charities of which they had any knowledge, within their respective parishes. Heavy penalties were attached to those who should withhold a proper discovery. The names of the donors, and the dates of the donations, were to be given. It was to be specified also in these Returns whether the latter were by deed or by gift. It was to be stated also in whom they were then vested, and if they were applied or not to their proper use. Other circumstances also were to be noticed, as they elucidated the history in question. His friend then informed him that this Bill, containing so many clauses to his purpose, had been carried into execution; that the inquiry had commenced in May 1784, and that it went on till January 1786, when it was considered to be completed; and that about this time the different Returns were presented in papers, making together many reams, to the House of Commons, and containing of course a well founded and important history of all the Charities in the kingdom.

Mr. Clark, on receiving this intelligence, saw great occasion to rejoice. He conceived now, that all the information he wanted had, by means of the benevolent Bill of Mr. Gilbert, been prepared for him, and that, if the original Returns were but in being, it was ready for his use. He inquired therefore at the proper office of the House of Commons, whether these had been preserved, and, if so, whether copies of them could be procured. Receiving, in process of time, an answer to both questions in the affirmative, he gave an order, regardless of the expense, for the copying of every Return under the Act of Gilbert, which was forthcoming, for the County of Norfolk.

These copies having been made and sent to him, to the amount of some hundreds, he began to inspect them. But here he perceived, on comparing some of these with the copies of some of the Terriers which he had before obtained for the same places, that there were Charities in Gilbert's Returns not noticed in the Terriers, and, *vicé versá*, Charities in the Terriers not noticed in Gilbert's Returns, for the same pa-

rish. He found also that both the Returns and the Terriers frequently threw light, where there was some obscurity, upon the contents of each other. This being the case, he considered that the Returns for places under the Act of Gilbert would be often imperfect without accompanying Terriers for the same, and therefore he resolved, whatever expense he might incur, to realize his first resolution, that is, to collect also the Terriers for the whole county. By the union of two such bodies of evidence as these, he conceived his work would be more complete. The latter, however, he found he could not obtain, that is, copies of all the Terriers of the county, without the permission of Dr. Bathurst, then and now Lord Bishop of the diocese. He was constrained, therefore, to apply to the latter. This amiable Prelate, whose love of doing good is not impeded by the narrow notions of Intolerance, but who considers every good man, though divided from him by religious opinion, as a Christian Brother, received Mr. Clark, though a Quaker, both with respect and friendship, expressed his approbation of the undertaking, and acceded to his request.

It is then from the copies of the Returns under Gilbert's Act, and from those of the Terriers in the Office of the Bishop of the Diocese, that the present Book, comprising an account of Norfolk Charities, has been compiled. There are no less, it appears, than between five and six hundred, out of between seven and eight hundred parishes in this county, which have some Charity or Charities belonging to them, and of which accounts have been collected from either the one or the other of these sources.—The history, therefore, of a very great proportion of the parishes in this county, as it relates to donations to the Poor, has been obtained. With respect to those parishes, concerning which no information has been procured on this subject, we are perhaps warranted in saying, either that no Returns were made for them to the House of Commons, or, if there were, either that they, whom Mr. Clark employed to copy them, could not find them in the Office, or that, having found them, they could discover in them no donations to copy.

Of the Returns under the Act of Gilbert, and of the Terriers in question, I may observe here, that in both cases the contents of them will be found in the present History to have been greatly abridged. Mr. Clark aimed at giving the substance of them, and nothing more. It was useless, in his opinion, to put the reader to a double expence, by making the Work contain twice more words than were necessary. I may observe also, concerning them, that though generally speaking, they are correct in substance as he has now given them, it is impossible that some inaccuracies should not have crept into the text. It must be remembered, that the Compositor did not print from the originals, but only from copies of these; and that, even if he had printed from the originals, he himself, on account of the variety of the handwriting, but more particularly on account of the obscurity of it in many instances, would have been often puzzled to make out either the names of men or places.

It may require perhaps some apology, for printing at full length the names of certain per-

sons, as mentioned in the Returns ; I mean, where they appear to have been implicated in the abuse of some of the Charities in question. But I do not see how Mr. Clark could have done otherwise. The names had already been made public to every Member of the House of Commons. His account, therefore, is but the repetition of the public one, and of this as delivered, by national authority, upon oath. It may be observed also, that his account does not make those more conspicuous than they then were, or than they now are, if living ; all such persons being, at the time of the Returns, known as implicated in their own parishes ; and out of their own parishes this account cannot injure them. It may be observed, however, that most, if not all of those in question, are now dead ; that many of them were more negligent than intentionally vicious in the trusts committed to them ; and that in the most flagrant cases, that is, where persons are actually in possession of property belonging to the Poor, I know it to be Mr. Clark's opinion, that some of these have no knowledge whatever, that their ancestors obtained it by means that were either objectionable or unjust.

That these pages will discover abuses must be expected, when they embrace the history of not less than three or four centuries in point of time. Of these the reader will judge for himself when he sees them. It is, however, a more pleasing part of the subject to reflect, that he, who by reading becomes acquainted with them, may learn, if he have any thing to bequeath to the Poor, how he may, in some instances, steer clear of them in future. Thus, for example, if the property to be disposed of be a landed estate, no Trustee, nor intimate friend, nor relation of a Trustee, should be allowed to farm it. The greatest rent should be had for it in all cases, as far as this is compatible with good and proper security, and the character of the tenant or tenants. If it consist of money, it should never be placed out but on undeniable security. By a neglect of only two of these provisions the Poor, it appears, have been great sufferers.—

- Lands belonging to them have been scanda-
- lously underlet, and money of the same de-
- scription has been totally lost.

I have now only to observe, that the letter G. denotes that, whatever paragraphs follow it, they are abridged extracts from GILBERT'S RETURNS; that the letter T. denotes that every paragraph following it, in like manner, is an abridged extract from some TERRIER, to which is usually affixed it's date; and that, where G. and T. stand together, the paragraphs following are the combined substance both of the RETURN and of the TERRIER on the same subject, in which case the sense is sometimes more apparent than it would have been, had it been to be collected from either of these documents by itself.

THOMAS CLARKSON.

AN ACCOUNT  
OF  
*NORFOLK CHARITIES.*

---

ACLE.  
(WALSHAM HUNDRED.)

G.—**T**EN shillings a year to the Minister, for a Sermon on Good Friday; 9s. worth of Bread, to be distributed among the Poor of the parish at the same time, and 1s. to the Parish Clerk. This is paid out of 1A. and 24P. of Land, now vested in General Wigg, the annual produce of which is said to be 1l. By whom, or when, or how this was given, is unknown.

Also 12s. annually, to be distributed by the Minister and Churchwardens. This is the produce of 12l. in money vested in General Wigg, but by whom, when, and how given, is unknown.

ALDBURGH.  
(EARSHAM HUNDRED.)

G.—A Farm and Lands in Wissett and Spexhall, in Suffolk, were bought by Trustees, in pursuance of the Will of Richard Wright, who died in or before the reign of Henry the VIIIth, and by decree under a commission for charitable uses issued under James the Ist, (the inhabitants of Aldburgh adding to the purchase money) the

rents and profits were to be applied to the ease and aid of the parish of Aldburgh. This estate is vested in John Dogget, Peter Spark, John Crow, and others, as Trustees; and the annual produce of it stated to be worth 55*l.* subject to land-tax and other deductions.

**OBSERVATION.**—This return is objectionable, for who can tell whether the Farm be let at a proper rent for the Poor, unless the number of acres be specified. There have been instances of Trustees themselves holding lands in their trust, and also letting them to their friends at an under rent.

Also an Estate, consisting of about 16*A.* in the parishes of St. Nicholas and St. James, in Southelmham, Suffolk, purchased in the year 1640 of John Sutton, by the inhabitants of Aldburgh, and conveyed by them by deed to Feoffees, to the intent that they the said Feoffees, their heirs, &c. should at all times employ the rents and profits yearly arising from the premises to the only benefit and behalf of the inhabitants within the said parish; the time for distribution to be left to the discretion of the said Feoffees. Annual produce stated to amount to 15*l.* subject to land-tax and other deductions. The estate is vested in the same Trustees as the former.

Also 1*A.* of Land let at 20*s.* and about  $\frac{1}{4}$ *A.* let at 10*s.* and about 20*R.* let at 5*s.* a year. These are vested in Trustees for the ease and benefit of the said parish, but by whom, and when they were given, is unknown.

## ALDBOROUGH.

(NORTH ERPINGHAM HUNDRED.)

**T.**—In a Terrier delivered into the office of the Bishop of Norwich in 1806, it appears the following Town-lands are inserted, viz. Little Field, being 1*A.* occupied by John Cubitt; 1*A.*

in the South Field, occupied by John Gay, Esq. 1R. by Mary Clark, and a messuage standing against the common land called Fairstead, with two small gardens, and containing three small tenements, called the Town House.

## ALPINGTON.

(LODDON HUNDRED.)

G.—Certain Lands, left by Will in 1698 by Mrs. Ann Rant, of Yelverton, for the Poor of Yelverton and Alington, at the discretion solely of the Minister, Churchwarden, and Owner of the chief house of her family, invested in Mr. Abbot, of Kirby Cane. Annual value reported to be 4l. 10s.

OBSERVATION.—This return is liable to the same objection as in Observation, p. 2.

## ANTINGHAM.

(NORTH ERPINGHAM HUNDRED.)

G.—1A. by estimation, left in 1630 by Thos. Kirby, for the Poor of Antingham, since exchanged with Lord Suffield for another Acre; the reported value 8s.

2l. also is laid out for Wheat, and given annually to the said Poor, called pond-money, by Lord Suffield, but there is no record of its origin.

## ARMINGHALL.

(HENSTEAD HUNDRED.)

G.—A Messuage, left by — Herne, but unknown when, for the benefit of the Poor of Arminghall, now vested in Lord Roseberry, reported to be worth 2l. annually.

## ASHILL.

(WAYLAND HUNDRED.)

G.—3A. 10P. of Land in Ashill, the rents to be given, first to the necessary repairs of the church, and the remainder, at the discretion of the Minister and Churchwardens, to such Poor as do not take relief from the parish, and attend the service of the church. The objects of the charity, as now stated, are conjectural only, as the writings are lost. The value of the land, which is invested in the Lord of the Manor, Rector, Churchwardens, &c. for the time being, is stated to be 2l. 17s. annually.

Also 30A. of Land, vested as the former, of the annual value of 29l. 14s. given by Act of Parliament in 1785, by the consent of the Lord of the Manor and other proprietors of land in the parish, for the purchase of fuel, to be distributed among the owners of messuages in the said parish, not occupying lands or tenements of more than the annual value of 5l. in such proportion as the majority of the Trustees shall from time to time direct.

## ASHMANHAUGH.

(TUNSTEAD HUNDRED.)

G.—2A. 20P. of Land, let for 10s. annually, to be applied to the use of necessitous persons; —also 38P. let annually for 6s.—also 1R. 9P. let annually for 1s. 8d. The two latter have been applied time out of mind to the repairs of the church. Also a Messuage, divided into two tenements, of which a part of the rent, viz. 15s. is applied to the repairs of the church, and the remaining 10s. is distributed among the Poor.

When, or how, or by whom this property was given, is unknown.

OBSERVATION.—It may be observed here, not only that 10s. appears to be too low an annual rent for 2A. 20P. but that property for public uses appears to have been lost, on inspecting the preceding return to the House of Commons: for a Terrier dated 1760 mentions two Town-houses in this parish, the rents of which belonged to poor widows, and two pieces of Land in the use of William Beales: also Legacies, one of 15l. by Clement Warnes, and another of 10l. by a person unknown, to be laid out in building a house on the common, rented by Robert Newton at 2l. per annum: also 1R. of Land in Grout's Close, and half an Acre rented at 10s. by William Beales; and a small Cottage inhabited by the Poor.

## ASLACTON.

(DEPWADE HUNDRED.)

G.—A Rent Charge, amounting to 1l. from Lands late of Mr. Lawrence Lenure, now in possession of Mrs. Mary Bodham, widow; to be given to the Poor of Aslacton, who do not receive collection, at the discretion of the Minister and Churchwarden, every Candlemas-day. This donation was left by Will, but by whom is unknown.

T.—It appears by a Terrier dated 1806, that there were formerly three Cottages belonging to the above parish, all of which are dilapidated, and the lands on which they stood have been allotted to different persons by the Commissioners under the Aslacton Inclosure Act; but compensation has been made to the parish by the Commissioners in two allotments from the low common of Aslacton, one of which measures 6A. 2R. 36P. and the other 11A. 1R. These allotments are now vested in the Lords or Ladies of the Manor, the Curate, Churchwarden, and Over

seers of the parish for the time being, and their successors for ever. The poor inhabitants have a right to cut peat or turf on such of the land as produces the same. The herbage arising from the said land is to be let, and the money to be laid out in the purchase of fuel, to be distributed to the Poor.

There was also another piece of Land containing 2A. late part of the low common, set aside for firing for the Poor; but it has since been allotted by the Commissioners to the Surveyors, as a public gravel pit for repairing the highways, &c. as will be found by the award, one copy of which is deposited in the town chest, and another with the Clerk of the Peace for the county.

## ATTLEBURGH.

(SHROPHAM HUNDRED.)

G.—Andrew Reeder gave by Will, on the 30th of November 1655, 2A. 2R. of Land and Meadow in Attleburgh, that the rents and profits arising therefrom should be distributed amongst eight of the most aged, impotent poor people, every first Lord's Day in Lent, for ever. The annual produce is said to be only 11. 1s. It is not known in whom this charity is vested.

On the 28th of June 1670, Sir Francis Bickley left by Will 4A. of Pasture Land in Attleburgh, that the rents thereof (all taxes being first deducted) should be given every Christmas Day to the poor people of the said parish; the annual produce is stated at 3l. 16s. The charity is vested in the Churchwardens and Overseers.

On the 6th of December 1678, Henry Norford, Clerk, ordered by Will, that the profits arising from a Messuage and 8A. of Land, in

Attleburgh, should be paid half-yearly to the Schoolmaster in the said parish, to teach six poor children, born of parents inhabiting the said town, to read, write, and cast accounts; also he charged a house and 4A. of land in the same parish with the payment of 12d. on every Sunday, for ever, after his decease, to be laid out in good wheaten bread, at 2d. per loaf, to be given to six of the poorest widows in the parish; and also of a sum of — yearly to the Clerk of the parish, supposed to be 2s. now vested in the Churchwardens and Overseers. The annual produce of the above messuage and 8A. is stated to be 17l. and the charity to be vested in Edmund Lock, William Thorold, John Driver, and Robert Payne, of Attleburgh.

It was agreed in a deed of release, dated 25th of April 1772, by the then principal inhabitants of Attleburgh, that the yearly revenues arising from 29A. 1R. 20P. of Land, (meadow and pasture) belonging to and lying in Attleburgh and Beesthorpe, should be applied to the discharge of all such common town charges wherewith the inhabitants of Attleburgh should be yearly burthened. The annual produce is stated at 13l. 1s. 8d. and the charity is vested in Edmund Lock, of Attleburgh, and several other Trustees. The rents and profits of the above premises have been usually appropriated to the repairing and ornamenting the church of Attleburgh.

### ATTLEBRIDGE.

(TAVERHAM HUNDRED.)

G.—Land, supposed to be vested in the Wife of George Copland Graver, and Ann Knights

Lombe, collectively ; given (but by whom, or when, or how, is not known) to repair a house, containing three dwellings for the use of three persons not taking collection, which persons were to be either widowers, widows, bachelors, or spinsters. The house is returned as having been pulled down about 12 years since.

OBSERVATION.—What is now done, the house being down, with the money arising from this Land ?

## AYLSHAM.

(SOUTH ERPINGHAM HUNDRED.)

G.—On the 2d of March, in the 13th of James Ist, Thomas Cressey left by Will two Messuages and 2A. of Land, the rents of which were to be received by the Churchwardens, and to be applied in repairing the buildings ; and the overplus, if any, to be distributed to the Poor. These messuages are occupied by paupers rent free. The inhabitants, however, have erected a workhouse on part of the land, and the remainder, being about 1A. is occupied by a person who pays no rent. The premises are copyhold of the Manor of Aylsham, on the part of Lancaster. On June the 21st, 1774, Thomas Curtis, John Clarke, and Thomas Clover, were admitted Trustees.

On the 28th of September 1730, Simon Porter surrendered to Trustees, for the Poor, a Tenement copyhold of the Manor of Aylsham Wood, which produces one guinea per annum.—The Trustees' names are not inserted in the report.

On the 10th of April 1738, the Lord of the Manor of Aylsham Wood, late Sexton's, granted a Tenement and 10P. of Land, of the annual value of one guinea, for the use of the Poor.

On the 19th of April 1774, Samuel Soame was admitted in trust for the same.

A Piece of Meadow, containing 2R. let at 5s. and paid by the Churchwardens yearly to five widows. The donor is not known.

A Free School founded, as report goes, by Robert Jannis, and endowed with 10l. payable quarterly to the master, and charged on Pakenham Manor in Shropham. The Treasurer of Norwich Great Hospital pays the same. The master teaches seven boys of Aylsham.

T.—A Free School, founded by one Mr. Norgate, and endowed with 20l. per annum, 10l. whereof to be paid by the Mayor and Aldermen of Norwich, and 10l. out of the Water Mills in Aylsham; but in consequence of a suit with the Earl of Sandwich, and of repairs done to the said Mills, the same is at present lost.

OBSERVATION.—It is likely that both the School and it's revenues have been lost, as no mention is made of them in Mr. Gilbert's Return. But while the Mills exist, some inquiry should be made concerning them.

## AYLMERTON.

(NORTH ERPINGHAM HUNDRED.)

G.—There was formerly, by report, a payment of 3s. per week for the Poor, in consideration of some common land taken into the Park; but the parish have no writings to shew for the exchange, nor has the payment been made in the memory of any one.

T.—A Terrier dated 13th of June 1763, states that there is 1A. of Land in Aylmerton Field, called Bell-ring Acre, for which the great grandfather, grandfather, and father of the present Nicholas Abbs, furnished ropes to the bells be-

longing to Aylmerton Church, which land is in the occupation of Thomas Cable, tenant to the said Nicholas Abbs. There was also a Cottage then in this parish for the use of the Poor.

**OBSERVATION.**—As the Bell-ring Acre and the Cottage were not returned under Mr. Gilbert's Act, some inquiry should be made concerning them.

### BACONSTHORPE.

(SOUTH ERPINGHAM HUNDRED.)

**G.**—Thomas Newman bequeathed in 1698, for the use of the Poor for ever, a Rent Charge of 5l. upon a certain parcel of his estate called the Twenty Acres.

### BACTON.

(TUNSTEAD HUNDRED.)

**G.**—10l. in the hands of Mrs. Atkinson, on note to the parish, the interest of which (10s.) is yearly given to the Poor. The donor, time of donation, and whether by Will or Deed, not known.

### BALE.

(HOLT HUNDRED.)

**G.**—Christopher Ringer left by Will (the time not known) 16l. which has since been laid out in Land at Wells, and let at two guineas per annum, to be laid out in Blankets for the Poor. Also  $\frac{1}{2}$ A. of Land, not known by whom given, in occupation of William Long, vested in the Churchwardens and Overseers for the time being; annual produce 5s. clear.

**T.**—A Terrier dated 22d June 1806, says that there is within the town of Bale one small Piece

of Land belonging to the Poor, now in the use of William Long, at the yearly rent of 3s. 6d.; and a Terrier of 1763 says that there are 2A. 3R. 4P. belonging to the Poor.

### BANHAM.

(GUILTCROSS HUNDRED.)

G.—Land left by one Waffen, the produce now 1l. 15s. annually, to be distributed to the poorest inhabitants on Easter Sunday, at the discretion of the Churchwardens, vested in Feoffees, who are unknown, the Feoffment being lost.

Land of the annual value of 3l. 18s. left by one Mrs. Gaudy, 16s. of which is to be given in two equal portions, at Christmas and Easter-days, to the poor inhabitants, and the remainder to the repairs of the church. The Feoffees are unknown, and the Feoffment lost.

10s. to be given in Bread by the tenant of Land vested in John Bidwell Edwards, Gent. but by whom, how, or when left, unknown.

Land (supposed to be left by the Bidwell family) 5l. of the rent of which was to go to the instruction of six poor children till they could read in the New Testament, and then of others in succession; these to be appointed by the Minister and Churchwardens for the time being; the overplus to be given to the Bidwell family. The charity is vested in John Bidwell Edwards, Gent.

T.—A Terrier of 1806 says that there are 3A. 1R. 24P. of Arable Land, for the benefit of the Poor, adjacent to the Church-yard, of the annual value of 3l. 14s. 6d. in the occupation of James Hewitt. Also a House for the Poor, called the

Pest House, standing on an acre of Land, let to Wm. Sewell and James Bailey, for 4l. per annum.

## BANNINGHAM.

(SOUTH ERPINGHAM HUNDRED.)

✓ G.—Samuel Wanley, late Rector, bequeathed in 1723 Land (vested in William Elden and Wm. Wicks) for the maintenance of 10 poor Widows; the annual produce 4l. 10s.

OBSERVATION.—This return is liable to the same objection as that in Observation p. 2.

G.—11s. arising from 3R. of Land, vested in the parish, to be given to poor labourers; not known when or by whom left.

## BARFORD.

(FOREHOE HUNDRED).

G.—The Rev. 13s. 6d. arising from Land vested in the Churchwardens, given by some person unknown, for the repairs of the church.

T.—Barford Terrier 1784, states that there are belonging to this parish a Town House, inhabited by the Poor; also a Piece of Land,

estimated at 2R. abutting upon the lands of E. Adkins, South, and upon E. Pages, North and West, in the occupation of John Carpenter; also another Rood, abutting upon land of E. Also 40A. set out by Commissioners under an Act passed in 1775 for inclosing the lands in the above parish, for the Poor to cut turves for firing, or to be let by the Trustees, who are the Lord of the Manor, the Rector, and Churchwardens, which land is now occupied by John Godfery and William Whitfield, at 3l. 5s. per annum.

OBSERVATION.—An inquiry is necessary here, as 4l. 9s. appears even at the time of the return to be too small a rent for 43A. of land, the amount of the two parcels now mentioned.

In December 1783, Richard Jones left 200l. the interest of which, at  $3\frac{1}{2}$  per cent. produces 7l. to be given for the education of seven poor children of Barton, at 20s. per annum, which is paid by Mrs. Margaret Jones, widow of the said Richard Jones.

T.—The Terrier for 1729 mentions three small Cottages near the Rectory of All Saints, inhabited by poor people. Also 5A. of Land, given for the use of the Poor, occupied by Samuel Round, at 17s. per annum.

OBSERVATION.—An inquiry should be made here, because this land and the cottages are not in Gilbert's Return. What is now become of them?

T.— $2\frac{1}{2}$ R. in Blake Lands, between the Lord of the Manor East, and Jarvis Kemp West, which belong to the church of St. Andrew. Also belonging to the said church 10l. the interest of which is yearly expended by the Churchwarden in the repairs thereof, and which 10l. in the year 1770, was in the hands of James Adamson, Rector.

## BARTON TURF.

16l. 6s. 6d. arising from Land, vested as before, for the relief of the Poor and Parish Charges ; but it is not known when or by whom given.

OBSERVATION.—The quantity of land in the two last cases is not specified in Gilbert's Returns, as it should have been, but by a Terrier of 1806 there appear to have been 31A. 3R. of land belonging to this parish, let at 25l. 11s. 3d. The affairs of the Poor in this parish seem to have been shamefully neglected in former times, for not less than four pieces of land appear by a Terrier of 1706 to have been then lost, which were to be applied to the sustenance and relief of the Poor, and for discharging them from all taxes and assessments which should at any time be imposed upon them.

This last sum continued in the Terriers till 1670, when but 10l. was stated to be in the hands of the Churchwardens, and in 1770 even the 10l. ceases to be mentioned.

OBSERVATION.—The above 40s. per annum, though mentioned in all the Terriers, was omitted in Gilbert's Return. An inquiry should be made what is become of this, and of the 10l. just mentioned.

G.—Thomas Lynn bequeathed 10l. the interest of which (10s.) now vested in Wm Watts and Thomas Dack, to be given to the Poor of the said parish in the Christmas Holidays. When given is not known.

T.—Bintry Terrier (1806) says, that there are 20A. of Land lying next the lands of Sir Jacob Astley North, and the river West.

These 20A. were, by the Commissioners under the Inclosure Act, assigned as town land in lieu of lands lying in divers pieces, as set forth in former Terriers; the rents whereof are paid yearly to the Churchwardens and chief inhabitants of the said town, and laid out in repairing the church, &c. according to the donor's intention. The quantity of town land, before the Act of Inclosure took place, was 22A. 20P. which lay in 30 pieces. The rent was then yearly laid out in repairing the church and *relieving the Poor*.

OBSERVATION.—The return for this parish under Gilbert's Act is either objectionable, there being no mention of the 21l. contained in the Terrier of 1747; or this money was then lost.

The quantity of land is not mentioned in this return ; but by a Terrier of 1806 it appears to be 5A. 2R. 20P. in three pieces.

In 1715 William Burney, Curate of the said parish, left 100l. to purchase Land towards the support of a Charity School in this place, for the benefit of the poorest Children therein ; but in case a master could not be procured, then the interest or produce was to go to the Poor.

OBSERVATION.—The Terrier of 1806 mentions this gift also, and says that the interest of it was paid by Sir John Berney for a few years, but that it was afterwards discontinued.—Should not this latter circumstance be inquired into ?

### BRANCASTER.

(SMITHDON HUNDRED.)

G.—Land let for 12s. per annum, which is applied to repairing the church, but when, or

by whom given, not known ; it is under the care of the Parish Officers.

Robert Smith, and Elizabeth his sister, gave in 1596 Land for endowing a Free School, at which 25 Boys were to be educated, 13 from this parish, 4 from Thornham, 4 from Titchwell, and 4 from Depdell ; the master to keep in repair the School-house and two Alms-houses, in which are dwellings for 4 old Women belonging to the parish, who have not received collection ; and to each of these they allowed annually 6 yards of Russia cloth, at 1s. 6d. per yard, and half a chaldron of coals. Sir Edward Astley and Nicholas Styleman, Esq. as joint proprietors of the estate, which is at Hunstanton, claim and exercise the right of appointing a master, and managing the whole of the business that respects this charity ; the annual produce 50l.

The rent of the estate a few years ago was 28l. per annum; the annual portion allotted to Bridgham seems to have been of late years about 4l. 6s. subject however to considerable variations, from repairs, &c.

Dorothy Gaudy gave by Deed previous to 1659 several small Pieces of copyhold Land, in the Manor of Bridgham, which are vested in eight Feoffees, and let for 2l. 12s. 6d. a year, for the use of the Poor of said parish.

## BRINTON.

(HOLT HUNDRED).

G.—Nicholas Rogers, in 1693, gave a sum of Money, the interest of which was to be distributed to such Poor as received no constant collection. The principal, with about 15l. col-

lected in the parish, has been expended in buying 2A. of Land, more or less, vested in the Churchwardens and Overseers. Annual rent 28s.

### BRISLEY.

(LAUNDITCH HUNDRED.)

No return for this parish under Gilbert's Act. This omission ought to be inquired into, because it appears by a Terrier of 1735, that there is a House with a Homestall, containing about 2A. lying in Brisley aforesaid, next to land of Thomas Goodwin, East, and let to Henry Johnson for 40s. the Poor of Brisley inhabiting the house. Also Land, containing 2R. called the Town Half Acre, lying inclosed with 2R. belonging to Richard Warren; the said Town Half Acre is next to a lane called the Malt-house Lane, West. Also two separate Half Acres, in an inclosure of Robert King, in Brisley aforesaid, called the Ten Acre Close.

Also a Messuage with 4A. 2R. of Land, given for the same purpose, but by whom, or when, unknown. No statement is made of the annual produce of this property, as it ought to have been, neither how it is applied. The property is said to be let for 16l. per annum (subject to taxes and repairs) which is received by the Churchwardens.

In 1664 Sir William Cooke, Bart. Lord of the Manor, Robert Suckling, Esq. and others, owners of property in Broome, by Deed granted and conveyed a Piece of Marsh Land, containing 12A. 1R. 8P. the rents of which were to be ap-

plied for the repairing the church, town-house, and bridge of Broome, and the relief of the poorest people living in said town; let for 7l. 8s. per annum clear; first vested in Peter Smyth, but it is not certain who are the present Feoffees.

Two Tenements or Cottages, with several Pieces of Land, meadow and pasture, with the appurtenances belonging, in Broome and Ellingham: to be applied to the relief and exoneration of the burthens with which the inhabitants of the parish should happen to be burthened. These, except one messuage, which is supposed to be wasted, are let by the Churchwardens for about 16l. annually, but when, or by whom given, is unknown.

T.—Broome Terrier 1777, mentions 2 Tenements and 9 Pieces of Land, containing together 21A. 2R. 33P: and then let to various persons for 26l. 5s. per annum, one tenement excepted; which is occupied by poor persons rent free:

## BROOKE.

(CLAVERING HUNDRED.)

G.—10l. left by one Mollett, 5l. by Thomas Ward, 5l. by John Ward, and 5l. by Henry Ward; all previous to the year 1694; the interest of which sums to be distributed to the Poor for ever. The two first donations are lost, and the remaining two were employed in repairing the town-barn previously to 1709.

A Dwelling-house for two poor persons, with a pension of 6d. per week for each, secured upon an Estate at Lakenham, left by William Brereton in 1656; which pension was lost about 1730, but how is not reported.

A Rent Charge of 1l. annually, bequeathed by Mr. John Kerrison in 1756, to be given to the Poor in bread for ever; vested in the Minister and Parish Officers.

Another bequest of 2l. annually, by John Fowle, Esq. in 1786, of a Rent Charge on his Estate, to be distributed to the Poor in money and bread.

A Message in Brooke, with a Barn and 69A. 1R. 29P. of Land, in Langhale near Brooke, which have been held by successive Deeds of Trust from the 23d of Henry the 8th to the present time. The rent is applied for the repairs of the church, town bridges, county rates, and other public burthens of the parish; annual value about 67l. subject to Land-tax, repairs of premises, and other deductions; it is not known by whom it was given, nor are the Trustees' names returned; but the charity appears to be applied for the purpose mentioned in the Deeds of Trust.

Also other Parcels of Land, not specified, which have been applied in the same manner.

OBSERVATION.—It is doubtful whether this latter Charity be properly applied, because it was not intended for the relief of the town in general, but only for the *pauperes* and *debiles* inhabitants.

T.—Terrier of 1806 says there is an Allotment of 5A. set out for the Poor by the Commissioners under the Inclosure Act.

The Estate of 69A. 1R. 29P. stood let, according to the same Terrier, to different tenants for 70l. 16s. The above estate has a claim of 8s. 2d. as a quit rent upon an estate belonging to Thomas Cook, Gent. and of 8d. on one belonging to William Stannard.

## NEW BUCKENHAM.

(SHROPHAM HUNDRED.)

G.—In 1692 William Barber bequeathed Land for the maintenance of four poor people ; now vested in William Gibbs, and stated to produce 13l. annually. There is also in this parish other Land, vested in Richard Catermoul, for the use of the Poor, producing 9l. per annum ; but by whom given is unknown.

OBSERVATION.—This return is defective, because the quantity of land not being mentioned, no judgment can be formed whether the Poor receive their full rights.

T.—A Terrier of 1806 mentions one Town-house let to John Meer, at the yearly rent of 40s. which is applied by the Overseers towards the relief of the Poor.

T.—From a Terrier of 1740, a House, known by the name of the George Inn, given by Wm. Jewly, Gent. deceased, now in the occupation of Samuel Alderton, at 20l. per annum, one moiety of the rents to be applied to the maintenance of a preaching Minister, and the other moiety to a Schoolmaster teaching in the said parish.

In the same year, 20l. upon bond was in the hands of Henry Lincoln, Gent. which was given by Mrs. Colman towards firing for the Poor.

OBSERVATION.—This 20l. is also mentioned in the old Terriers, but the one for 1740 is the last in which it appears. This return made under Gilbert's Act is defective, because none of the two last mentioned charities are mentioned in it. What is become of them ?

## OLD BUCKENHAM.

(SHROPHAM HUNDRED.)

A House for the Poor, built with 50l. given by Hugh Harvey. The money was originally left with the intent that the interest thereof should be yearly distributed among the Poor.

OBSERVATION.—In 1806 the above was stated to produce 1l. annually.

James Harvey bequeathed in 1720 the Interest of 100l. for 99 years, charged on an Estate of Mrs. Ann Manning, towards the maintenance of five poor widows.

T.—There appears from the Terrier of 1806 to belong to this parish (beside the above from Gilbert's Returns) a House, adjoining the church-gate, occupied by the Poor; 2 Pightles, containing 3A. now let to Lydia Fulcher, at 4l. per annum; and 40A. allotted from the commons, of which 12A. are said to be in lieu of a House and Land provided for a Schoolmaster in this place, and the rest in lieu of other Pieces formerly belonging to the Church and Poor.

(DISS HUNDRED.)

OBSERVATION.—Besides Chapman's Benefaction, the Terrier of 1709 mentions three small Cottages belonging to the said parish, inhabited by the Poor rent free. How came these to be omitted in Gilbert's Report?

T. & G.—By a Terrier of 1716, there appear to be five Pieces of Land, containing together 5A. more or less, given by Thomas Wymer in 1505, with a House, containing two rooms inhabited by poor people; and the sum of 10l. commonly called Mr. Norriss's gift, which in 1806 was in the hands of Thomas Lewells, upon bond. This land, and this interest, producing 5l. 10s. annually, are applied in relieving the Poor.

OBSERVATION.—It is said this Town Stock was formerly 20l.

Beside the above land, the Terrier of 1806 mentions half an Acre, called the Plough Light, abutting on the High Road; and a Piece of Land, called the Poor Marsh, containing 4A.

## CARLETON RODE.

## CAISTER NEXT GREAT YARMOUTH.

(EAST FLEGG HUNDRED.)

G.—Land in this parish, vested in William Everitt, jun. Robert Fielding, William Nuthall, William Mayes, and Samuel Gilham. It produces 2l. 14s. per annum, which is laid out in

The above Testatrix also bequeathed 20l. the interest to be given to the Poor in money or bread. This sum, together with 55l. (given by Mrs. Cobb and others) of which the interest was to be laid out in coals, was taken in April 1735 by Robert Peake (one of the Trustees) into his own hands upon bond. The said R. Peake paid

interest for the same till Michaelmas 1737 ; but in the November following dying insolvent, his administrator paid his bond creditors 5s. 8d. in the pound. The then Trustees, after deducting expences, received of this money but 20l. In 1739, however, they raised this sum of 20l. to 30l. and put it out to interest, but afterward, in 1742, applied it towards building a house on the waste for a Poor House, which was used as such till 1777, when a House of Industry for the Hundreds of East and West Flegg being built, this was rendered useless, and in 1786, being in a ruinous state, it was sold for 18l.

T.—By the Terrier of 1806 there appear to be, beside the fore-mentioned land, six other Pieces, containing together 3A. 1R. 24P. the rent of which is applied for the relief of the Poor.

The interest is directed to be disposed of amongst 12 indigent widows and widowers, resident in the said parish, annually.

The Terrier of 1794 states, that 20l. was left by John Beddingfield, Esq. to the Minister and Churchwardens, to be expended in the purchase of coals, corn, or clothes, which articles were to be given to the most deserving objects according to their estimation.

other year on Easter Tuesday, and shall have the 6s. 8d. to defray their expences.

**OBSERVATION.**—It appears by the return from Oxburgh, that these 13A. were let on lease dated the 1st of November 1724, for 999 years, to Sir Henry Bedingfield, at 3l. per annum; and that Sir Richard his successor occupied them at the same low rate in 1787, when these returns were made. What right had the then Feoffees to let this land for nearly a thousand years to come?

A Rent Charge of 1l. given by John Bagge by Will in 1742, and another of 2l. given by a person of the same name, but unknown when; both which are vested in William Bagge, and are to be given to the Poor of this place on Christmas Day.

OBSERVATION.—The above money, it is feared, is now lost.

G.—40*l.* given by John Wells by Will, the interest to be laid out in bread for the Poor.

OBSERVATION.—The return states that this charity has been discontinued for 27 years. Should not some reason have been given for it's discontinuance?

## COLTON.

(FOREHOE HUNDRED.)

G.—The Rev. Henry Rix in November 1726 bequeathed 60*l.* to purchase Land, the rent thereof to be applied for teaching four poor children; for a sermon to be preached every year on the day of his death; and the remainder to be laid out in bread, to be then given to the Poor. Mrs. Ellen Spelman, spinster, of Leverington, in the Isle of Ely, by Will proved in 1720, gave a Tenement with 3R. and also 2R. of Land adjoining; and a close called Chapel Close; all situated in Congham; and the impropriate Rectory of Congham All Saints, consisting of one undivided third part of all rectorial tythes in said parish, to the Rector of Congham St. Andrew's, and his successors for ever, as augmentation of the revenue of said Rectory, so long as they shall read or cause to be read, in the church of Congham St. Andrew's, divine service as by law established; but should Presbytery prevail, and the present form of service be laid aside, her Will expressly directs, that the Poor of Congham are to have the income arising from her bequest so long as Presbytery continues, and if Episcopacy be re-established, then to be applied as before directed. Annual produce of the above 53l. 18s. 6d.

## COSTESSEY.

(FOREHOE HUNDRED.)

G.—3A. of Land, vested in William Vitty and James Fisher, producing 2l. 10s. 6d. per annum, which is distributed among poor widows and others, who do not receive collection from the parish; but no account can be found by whom or when given.

T. 1806 states 1l. 10s. per year paid out of a meadow called Poor Meadow.—Also 1A. 1R. of Land, given for the use of the Poor.

## CRANWORTH.

(MITFORD HUNDRED.)

G.—William Mountain left a Rent Charge of 5s. on Land in East Dereham, vested in John Barrett; to be given to poor people not receiving constant relief.

## CREAK NORTH and SOUTH.

(BROTHERCROSS HUNDRED.)

G.—Certain Alms-houses, viz. 4 rooms under one roof, given by the ancestors of R. Manseur.

R. Manseur, Esq. in 1572, left 9A. of Land, the rent thereof, 2l. 10s. to be applied to repairing the above premises, vested in Earl Spencer; 6A. left at the same time, and vested as before, and let for 1l. 13s. a year, for cloathing the Poor therein.

H. and R. Manseur provided in 1572, each, for half a barrel of white herrings, to be given to the Poor in Lent yearly.

In 1680 Samuel Bank, Rector, bequeathed to the Poor of North Creak, yearly, a Rent Charge of 10s. upon 3A. of Land, vested in the Rector of North Creak for the time being.

In 1715 John Ward, of South Creak, bequeathed to the Poor of North Creak, yearly, 10s. vested in Samuel Coulsey, Gent. of South Creak.

Isaac Lane, of Little Walsingham, gave by Will, in 1668, 100l. for the purchase of Land, the rent of which was to provide 16 pennyworth of bread every Sunday, to 16 of the poorest people who should be at church all the time of service; and 2 chaldron of coals, to be divided among 40 of the poorest people of the parish of South Creak, every year for ever. 14A. of Land were accordingly purchased for this purpose, supposed to be vested in the Minister, Churchwarden, and Overseers for the time being, the clear rent of which is 6l. 10s. per ann.

Elizabeth Pell, of Cranworth, by Will dated in 1730, gave 100l. to be applied in like manner. About 8A. were therefore purchased in Terrington St. John's, supposed to be vested as above, the clear produce of which is 5l. 9s. 3d. per ann.

In 1640 Dorothy Woodhouse gave about 9A. of Land, for the payment of 20s. a year to the Vicar, for ever, who is to preach two charity sermons for the same; and 30s. a year to the poorest people of South Creak, for ever. The land is let by the Overseers for 50s. and the rent applied as by Will directed.

John Ward, of South Creak, about the year 1700, bequeathed 40s. per annum to the poorest people of South Creak, for ever, payable by his executor. This payment has been discontinued

near 20 years, and the Overseers know not now to whom to apply for it.

**OBSERVATION.**—The Terrier of 1700, which is the last wherein this legacy is mentioned, says that Samuel Coulsey was then owner of an Estate in South Creak, which was tied for the payment of it. Perhaps some light may be thrown upon this by consulting (T.) 1806, in the next paragraph but two, and the year 1715, (G.) in the fifth paragraph preceding the present.

**T.**—Terrier for 1770 states 10A. 3R. of Land, lying in 8 several pieces, in the fields of South Creak, occupied by Mr. Davy Turner at 3l. per annum; and also 5A. 2R. in 5 several pieces, in the parish of East Rudham, occupied by Mrs. Holland at 3l. a year; both these for charitable purposes.

**OBSERVATION.**—It is remarkable that these lands are mentioned as above in different Terriers to 1794, in which year the 5A. 2R. last mentioned are wholly omitted, nor have they been since inserted in any Terrier.

The Terrier for 1806 says, Samuel Coulsey gave by Will 50l. to be put out at interest by his executors, and 40s. part of such interest money, to be paid yearly to the parish of South Creak; and 10s. another part thereof, to be paid yearly to the parish of North Creak, in such manner as his executors shall think proper; this said 50l. is now out upon good security at 5l. per cent. and the interest is paid and applied according to the directions of the said Will.

The Terriers mention one Dwelling-house, called the Town-house, inhabited by poor people.

## CRESSINGHAM GREAT.

(SOUTH GREENHOE HUNDRED.)

**G.**—In 1575 Richard Newman bequeathed 10s. payable out of the Estate of Wm. Burch, Esq.

John Reeve in 1626 bequeathed 2s. per annum, payable out of the Tenement of William Hey.

William Robinson in 1581 gave by Will 6s. 8d. and Robert Heighhoe in 1577 the sum of 4s. both these payable out of the Estate of Thomas Lobb Chute, Esq. for the use of the Poor.

### CRESSINGHAM LITTLE.

(SOUTH GREENHOE HUNDRED.)

G.—14 Pecks of Rye, given every year by the proprietor of a certain piece of land in this parish, for the use of 14 poor labourers not taking collection; but by whom or when given is unknown.

In 1777, 35A. were allotted by the Commissioners for enclosing the commons, &c. in this parish, for fuel for the Poor; vested in the Rector and others named in the award, part of which, viz. 17A. 19P. has been exchanged for some other land, of which the quantity is not mentioned. The rent arising from said lands is 7l. 10s. paid by the Trustees to the Poor of this parish.

OBSERVATION.—Could this have been an adequate rent for the lands in question at the time of Gilbert's Return?

### CRIMPLESHAM.

(CLACKCLOSE HUNDRED.)

The Commissioners for enclosing this parish allotted 12A. 2R. 24P. (now let at 20l. per annum) to the Poor, for the purchase of fuel for the same for ever; vested in the Minister, Lord of the Manor, Churchwardens and Overseers for the time being. This took place since Gilbert's Act.

## CROMER.

(NORTH ERPINGHAM HUNDRED.)

G.—Land producing 9l. 7s. 7d. clear, to be given to such poor persons as are not collectors; but when or by whom bequeathed is unknown.

By Terrier 1725, it appears that there were then 6 Pieces of Land, containing together 10A. 20P. and 4 other Pieces, the contents not mentioned, for the use of the Poor.—Also one little Cottage (containing two dwellings) at the West end of the town.—Also in said town a Free School, founded by Sir Bartholomew Read, Knt. about the year 1505, and endowed with 10l. per annum stipend to the master.

OBSERVATION.—This School has not been mentioned in the Terriers since 1740.

## CROSTWIGHT.

(TAVERHAM HUNDRED.)

## DALLINGFIELD.

(NORTH GREENHOE HUNDRED.)

G.—Fieldawling Ringall (the time unknown) bequeathed money, now Land, vested in the Churchwardens and Overseers, which produces 18s. annually, to be laid out in blankets for the Poor.

## DALLINGWOOD.

(EYNSFORD HUNDRED.)

G.—A Rent Charge of 6l. 10s. per annum, on land called Blooms, vested in the heirs of the late Thomas Dewing, of Westacre, given by the Will of Edward Bulwer in 1658, to be paid 10s. per month upon the Sunday after sermon in the afternoon, to the Poor who do not receive relief of the parish.

Formerly was paid for the relief of poor widows in this parish 20s. per annum, by the family of the Fountains, in Sall, in Norfolk, and supposed to have been given by them; but Edward Hare, Esq. since he enjoyed the Sall Estate from the said Fountains, which is near 30 years, has refused payment of the same.

OBSERVATION.—The Terrier of 1806 remarks that the payment is still refused.

## DEEPHAM.

(FOREHOE HUNDRED.)

G.—4A. of Land, purchased with 60l. by the Rev. Henry Rix in 1728, vested in the Minister and Churchwardens, the produce of which, 2l. 19s. per annum, is directed to be applied for teaching 4 poor children of this parish to read and say the church catechism; (8s. each) and 10s. for a sermon, to be preached there yearly on the day of his death, or the Sunday next following; and 4s. for the Clerk; and the rest to be given in bread to the Poor of the said parish.

A Rent Charge of 5s. per annum, given by William Draper, from land now the property of Mrs. Mary Stevenson, widow, of Wymondham,

distributed once in four years among the Poor of the parish.

T. 1806 mentions 5s. per annum left to the Poor of this place by Robert Seaman, who died at Hackford, 1680, to be paid, as long as the world endureth, out of his estate in Deepham, now the property of John Buckel, Esq. of Hethersett; but the above charity has neither been claimed nor paid for some years past, nor has any reason been assigned for the discontinuance of the payment.

## DENVER.

(CLACKCLOSE HUNDRED.)

G.—One clear Annuity of 4l. issuing out of a Piece of Land called Pitch Brigs, purchased with 100l. left by Mrs. Stafford, widow, to be distributed on Christmas Day to the widows who are poor and want relief.

OBSERVATION.—About 1675 Nathaniel Knivett, Esq. bequeathed the sum of 20l. to remain as a stock for the use and benefit of the Poor of this place for ever, which legacy was paid to the Churchwardens and Overseers, and a few years afterwards was by their successors employed for the repairing and ornamenting the parish church, contrary to the meaning and intent of the testator. This misapplication being ascertained upon an inquisition held at Downham in 1695, Commissioners directed the Churchwardens to repay the said 20l. to the Overseers, to be secured upon land, or placed out at interest, and the profits thereof to be applied according to the Will of the said Nathaniel Knivett; which order does not yet appear to have been complied with. The original legacy, with the interest for near 130 years, is therefore due from the Church Estate to the Parish Officers, for the benefit of the Poor.

52A. 2R. of Land, let for 10l. 2s. a year; by whom they were given is not known, except 1A. 2R. supposed to have been given by Alex.

Dillingham ; the whole said to be vested in the Churchwardens and Overseers.

**OBSERVATION.**—The above includes the land belonging to the Church and Poor, without separately distinguishing them ; but by a Terrier dated 1716, it appears that 28A. 2R. in 4 pieces, are assigned for the Church, and 28A. in 2 pieces, for the Poor ; in the whole 56A. 2R. The Terrier for 1784 contains the same, with the addition of Alex. Dillingham's gift, making together 58A. which being considerably more than what is stated in Gilbert's Returns, shows those returns in this case to have been incorrect. It is very strange that in 1786 this land should have produced no more than 10l. 2s. per annum.

## DENTON.

(EARSHAM HUNDRED.)

G.—1A. 2R. of Land, given by John Porter, formerly Rector, the rent whereof (1l. 10s.) is received by the Churchwardens for the Poor of the parish.

The Rev. Thos. Rogerson in 1722 bequeathed Land, vested in the Rector of the parish, the annual produce of which (2l. 11s.) to be distributed among the Poor at his discretion, either in money, bread, or bibles.

T.—Terrier 1806 mentions a Rent Charge of 8s. yearly out of the rent of Stone Pightle, occupied by Miles Lane ; given by Sarah Bidbank, who died in 1692, for purchasing bibles to be disposed of at Easter annually by the Churchwardens.

**OBSERVATION.**—Why was not this mentioned in Gilbert's Returns ?

Aaron Williamson, in 1710, by Will, gave a House, Barn, and Pightle, containing 3R. copyhold, in East Dereham, called Rooms, to the Minister, Churchwardens, and Overseers, in trust, every 3 years to bind out 2 poor boys to trade, whose parents take collection, now occupied by John Shillings, at 5l. 5s. per annum (quit-rent 8d. deducted).—Thomas Watts, Matthew Starling, and John Ward, were admitted to this trust in April 1722.

mon on St. Thomas's Day, Lady Day, and Midsummer Day, in each year, 40s. for every sermon, and the residue of the said rent to be distributed among the Poor on those days. This estate was afterwards purchased and vested in six Feoffees, the produce of which is 40l. per annum.

## DUNTON.

(GALLOW HUNDRED.)

No charitable donations, either by Deed or Will, in this parish. Two poor women received a private voluntary stipend of 1s. per week each, at the time of Gilbert's Returns, but they are now probably dead.

## EAST RUSTON.

(HAPPING HUNDRED.)

G.—10s. a year was formerly paid for the benefit of poor widows or others in this parish, by the family of the Norris's, of Wilton, out of some Lands, as is supposed, which they possessed in this place, and still possess; but when, by whom, or how given, is unknown. The

payment, however, of this sum has not been made for about 77 years.

### EARSHAM.

G.—2l. per annum, arising from Land given by the Will of Simon Woodrow in 1639, for 5

poor widows who shall duly and orderly attend the parish church ; vested in the Rector.

OBSERVATION.—Is this a Rent Charge? If not, the quantity of land ought to have been specified in the return.

## ELLINGHAM.

(CLAVERING HUNDRED.)

G.—In 1565 Richard Chamberlain gave by Will a Messuage and Land, vested in certain Feoffees, which produce 4l. 8s. per annum, for the Poor, after paying an annual fee called the West Leet Fee, of 8s. 4d. and deducting taxes, &c.

John Ireland gave by Deed, in 1584, an Estate, vested in Feoffees, producing 10l. 1s. per annum. After the taxes and other necessary disbursements are deducted, 40s. are to be given annually to the Poor ; the church, certain bridges, &c. are next to be repaired ; and if any sum should remain after such repairs, it is to be given to the Poor.

Land, vested in Feoffees, given by Henry Bunfellow, by Will, in 1668, the rent whereof to be equally divided between the adjoining parishes of Kirby Cane and Ellingham, and distributed to the Poor of each place ; present rent 17l. per annum.

OBSERVATION.—The quantity of land here ought to have been specified in this return.

## ELLINGHAM LITTLE.

(WAYLAND HUNDRED.)

G.—22A. vested in Trustees, but by whom given is unknown, the rent thereof to be distributed by the Overseers amongst the poorest in-

Inhabitants not taking collection, now producing 11l. per annum.

## FAKENHAM.

(GALLOW HUNDRED.)

G.—A House and Land at Stibbard, vested in Thomas Railton, Thomas Jones, and Daniel Jones, the gross rent 9l. 9s. per annum, subject to taxes and repairs. This was purchased with 100l. left for that purpose by Lady Mary Townsend in 1672. The rent was to be employed in placing out poor orphans apprentices to good trades; (a boy or girl every year alternately) but if there should be no such orphan, then one-half of the income to be given by the Overseers to the Poor, and the other to be reserved as a continuing fund for the aforesaid purpose.

4A. of Land, let for 3l. per annum, which is received by the Overseers, and disposed of for the use of the Poor; but when, how, or for what purpose it was given, is not known.

3 small Tenements used for the Poor, but how originally obtained is unknown.

An annual sum of 20s. given by a Mr. Wortley, and paid to the Churchwardens, for keeping his tomb in repair, and when not wanted for that purpose, to be given to the Poor of the parish.

T. 1806.—Ann Harrison, late of Fakenham, spinster, who died in 1803, by her Will gave all her personal Estate to her executors upon

trust, out of which she directed that a perpetual Annuity of 50*l.* should be secured for the following purposes, viz. part thereof for instructing 8 poor girls, daughters of inferior tradesmen, handicraftsmen, or labourers, in reading, writing, useful arithmetic, knitting, and sewing; one other part for teaching the same number of poor boys of a similar description reading, writing, useful arithmetic, and navigation; and the other part to be annually applied in the purchase of blankets, bedding, wearing apparel, and coals, to be distributed amongst the inferior tradesmen, handicraftsmen, labourers, and poor widows residing in the said parish; in pursuance of which Will the said executors purchased 1666*l.* 13*s.* 4*d.* stock in the 3 per cent. consolidated Bank Annuities, transferable at the Bank of England, and transferred and vested the same in the joint names of themselves, Jos. Peckover, and William Stokes, with Hammond Gwyn, Thomas Edgar, and the Rev. Charles Norris, Rector of Fakenham, to answer the said annuity of 50*l.* A deed, declaring such trust, is deposited in the town chest in the parish church, by the above-named executors and trustees; and a board stating the same is fixed up in the church.

**OBSERVATION.**—There was formerly an Alms or Townhouse on the East side of the street leading from the church towards Fakenham Mill, and nearly opposite to the three tenements before mentioned; but this house has been dilapidated for some years, and the ground on which it stood has been taken possession of by a person who has built thereon.

## FELBRIDGE.

(NORTH ERPINGHAM HUNDRED.)

G.—Mrs. Mary Windham, in 1742, gave 100*l.* vested in the old South Sea Annuities (the

Minister and Churchwardens being Trustees), which produces 3l. a year, to buy cloaths for one poor man and woman, who do not take alms, and 10s. to the Minister for a sermon on Good Friday.

2l. per annum, arising from Land vested in William Windham; given by Will by Richard Locksmith in 1740, to buy bread for the Poor, and to pay the Minister for preaching.

T.—An ancient Terrier mentions a Cottage or Town-house belonging to this parish, situate next the common; but this cottage is not mentioned in the two last Terriers.

### FELMINGHAM.

(TUNSTEAD HUNDRED.)

G.—10s. a year, secured on 1A. of Land, occupied by John Dennis; given by William Garrard by Will in 1615, for the use of aged Poor.

### FELTHORPE.

(TAVERHAM HUNDRED.)

G.—William Brereton, Gent. in 1691, gave by Will two Messuages and Land, for 2 of the most ancient widows, not able to live without the charity of others. These widows were to live in one messuage, rent free, and to have the sole benefit arising from the land thereto annexed, with 6d. per week each of them out of the other messuage and land. The residue of this last house and land was to be disposed of in repairing the parish church, and maintenance of other poor people of Felthorpe. The charity is vested in John Springall and William Morris, and produces 10l. 9s. 2d. per annum clear.

## FELTWELL.

(GRIMSHOE HUNDRED.)

G.—Land purchased with 60*l.* left by Edm. Atmeare in 1579, now let to Nevill Katling, at 7*l.* 19*s.* 6*d.* per annum, to be given to the Poor of the 5 following parishes in rotation: Foulden, Northwold, Feltwell, Weeting, and Brandon.

Land occupied by Thomas West, purchased with 50*l.* left for that use in 1729, by the Rev. Mr. Rawlings; let at 2*l.* 10*s.* for the use of the Poor.

62*l.* 10*s.* out at interest, part at 4 and part at 5 per cent. producing 2*l.* 17*s.* 6*d.* per annum, for the use of the Poor, but when or by whom given there is no account. In addition to this was formerly the sum of 12*l.* 10*s.* 6*d.* but the person with whom it was placed dying insolvent in 1765, it is now lost.

6A. of Land for the use of as many poor families (1A. each), given by Deed 1737, by Robert Clough, and now under the care of his heirs.

A quantity of Fen Land, given by Sir Edmund Mundeford by Deed in 1643, and vested in Trustees. This is not let, the draining taxes being more than it would let for. It was given for two-thirds of the rent to be applied for a school, and one-third for the Poor. The Trustees are, Henry Wilson, Esq. of Didlington; John Waddington, of Ely; Cyrill Clough, of Feltwell, and others.

OBSERVATION.—Most land in the fen pays taxes and rent also. Perhaps this land has been made useful to the intended charity since Gilbert's Return.

## FERSFIELD.

(DISS HUNDRED.)

G.—A Rent Charge of 11. per annum upon an Estate at Blyford, in Suffolk, now the property of John Aldridge, of Wenhaston, bequeathed by Matthew Walter, in 1589, for the Poor of this place, which was regularly paid up to 1780, since which time it has been repeatedly demanded by the Parish Officers, but refused.

OBSERVATION.—It is remarkable that this payment, made for 190 years, should now be refused. Should not some inquiry take place concerning it? 311. is now due to the Poor from this Estate.

## FINCHAM.

(CLACKCLOSE HUNDRED.)

G.—An Estate at Swaffham, late the Rev. Thomas Bodham's, now Edward Bodham's, Esq. stands charged with 9s. 4d. per annum, for the benefit of poor widows of this parish who do not receive collection.

11. 3s. to be applied in the same manner, being the interest of 231. lent on mortgage of the Town-house at Fincham, but when given is not known.

51A. 3R. 17P. allotted by the commissioners appointed for the inclosure of the parish, vested in Trustees, and let at 361. per annum, for the purpose of purchasing fuel for the use of poor persons residing in the parish not receiving alms.

T.—By a Terrier for 1716, it appears there is a house with a yard, containing 1R.—also 9A. in the 4 fields of Fincham, the Rent of which house and land is received by the Churchwar-

dens, and applied to the repairing and use of the church, and to no other purpose whatever.

### FLORDON.

### FORNCET ST. MARY.

(DEPWADE HUNDRED.)

G.—3A. 3R. of Land in 5 pieces, let at 2l. 2s. per annum, which is applied to the use of the Poor; but it is unknown by whom, when, how, or for what purpose it was given.

### FORNCET ST. PETER.

(DEPWADE HUNDRED.)

G.—2A. 2R. of Land, let for 1l. 16s. per annum; but it is not known by whom they were given. Also a Rent Charge of 40s. a year out of a Farm in the possession of Sir Abraham Hume. Both these are applied for the use of the Poor.

OBSERVATION.—The Terrier of 1806 mentions that 8s. are deducted from the Rent Charge just mentioned for taxes. The donation was always paid in full previous to 1784.

G.—Mrs. Mary Harcourt, widow of Thomas Ringer, a former husband, in 1745 bequeathed, by Codicil, 100l. to be laid out, and the annual produce of what was purchased with it to be distributed every Christmas-day for ever to the Poor. This Will had not been complied with

when the returns were made, nor has any notice been taken thereof in any Terrier since. The executrix (Mrs. Mary Ringer, her daughter) has been applied to at various times, but without effect, *neither principal nor interest having been paid.*

T. 1806 mentions two Town-houses, inhabited by poor people, one of which was lately built by the parish.

## FOULDEN.

(SOUTH GREENHOE HUNDRED.)

G.—About 7A. of Land, vested in Benjamin Baker and John Manning, Churchwardens, and let for 4l. a year, which is distributed by the Overseers and Churchwardens to the Poor not receiving collection; said to be given by the Wills of Elizabeth Long in 1662, and Anthony Fuller in 1645.

G.—9l. being the rent of some Land in Old Buckenham, vested in Anthony Horrex, paid for the Poor of this parish once in 5 years; but by whom given is not known, the deeds being now lost.

OBSERVATION.—How much land is not mentioned, as it should have been, in this return.

By the Will of Burham Raymond, in 1728, an Estate here is charged with the annual payment of 5l. to teach 6 boys and 6 girls to read.

5l. in the hands of Thomas Barker, the interest of which, with 4l. the rent of 7A. of land, in Wretton, vested in the Churchwardens and Overseers, is annually distributed by them to the Poor not taking relief. It is not known who gave these charities, the deeds being lost.

## FOULSHAM.

(EYNSFORD HUNDRED.)

G.—Richard Fenn, about 1565, bequeathed about 9A. of Land in Guestwick, vested in James Athill, Clerk, and let at 5l. 19s. 4d.

Henry Semicroft, about 1693, left 6A. in Foulsham, called Harrison's Close, vested in Thomas Manning, William Manning, Thomas Back, jun. and Thomas Parrant, and let for 5l. 12s.—the rents of both for the Poor of this place.

13A. left by the Will of John Chapman, in 1661, and vested in the same Trustees as Henry Semicroft's legacy; the rent, 8l. 15s. 6d. for gowns of one colour, to be given yearly to poor widows.

A Poor or Town-house, with 8A. of Land adjoining, taken off the waste, according to an Act passed in the 22d year of his present Majesty's reign, vested in the Churchwardens and Overseers.

T. 1801.—The Town Lands lie in 8 pieces, and contain 30A. the rents whereof are duly paid, and are applied to the purposes for which they were left by the donors.

OBSERVATION.—There appears to be an omission in this terrier, the return under Gilbert's Act stating, as we have now seen, 36 Acres.

## FOXLEY.

(EYNSFORD HUNDRED.)

No other charitable donation in this parish, except that of Mr. John Leeds, for which see Bawdeswell.

## FRANSHAM GREAT.

(LAUNDITCH HUNDRED.)

G.—10l. given by the Will of John Baily, the interest to be distributed for bread to the Poor on Easter Day annually.

10l. given by the Will of Thomas Case, in 1760, the interest to be distributed in the same manner on Christmas Day.

1R. of Land, let at 5s. a year, and given to the Poor, but how the parish became possessed thereof is unknown.

T. 1801 mentions a Piece of Land, on which a house formerly stood, containing by estimation 3R. for the benefit of the Poor. This terrier also states that the before-mentioned legacies of 10l. each were then in the hands of Thos. Henry Case.

## FRANSHAM LITTLE.

(LAUNDITCH HUNDRED.)

G.—Mr. Henry Wright, by Will in 1748, bequeathed for 3 of the poorest widows 3s. per annum, payable from land now Mr. Buscal's.

## FRITTON.

(DEPWADE HUNDRED.)

G.—Lands and Tenements, vested in Feoffees, for the use of the parish, but by whom, or for what purpose given, is not known. The produce, after deducting taxes and repairs, has from time immemorial been expended in repairing the church, and the overplus applied to the benefit of the Poor. Rent 16l. 4s. per annum;

land-tax deducted 1l. 16s. ; quit-rent 3s. 4d. ; neat produce 14l. 4s. 8d.

T.—By the Terrier of 1806, there appears to be 17A. of Land, with 2 cottages, barn, and stable. The profits of 3A. of the said land is applied by the Churchwardens and Overseers for purchasing tools for the Poor.

### FULMONDESTON.

(GALLOW HUNDRED.)

G.—Mrs. Rebecca Wright, in 1753, bequeathed 30l. the interest of which was to be paid to a poor widow, to teach two poor children to read, as the Minister and Churchwardens should appoint ; which money being lent upon bond to a person who failed, and paid only 10s. in the pound, one moiety of it was lost, and the other, being paid to the then Overseer, is said to have been added to the town stock.

OBSERVATION.—Surely the remaining sum ought at any rate to be applied towards the purpose intended.

### FRAMLINGHAM PIGOT.

(HENSTEAD HUNDRED.)

T. 1740.—There are in this parish, by estimation, 4A. of ploughed Land, lying between the lands of Mr. Mark Merrell towards the East and North ; against Trumpery-lane on the West ; and the common on the South ; let at the yearly rent of 3l. and applied to the use of the Poor.

The above 4A. are mentioned in most of the ancient Terriers, some of which say it is called by the name of the Town Close. The Terrier for 1729 states that it belongs to the repairs of the church and the use of the Poor. The Ter-

rier for 1723 says that it belongs to the Poor ; the oldest Terrier calls it only town-land. The last in which it is noticed is the one for 1747.

### GARBOLDISHAM.

(GUILTCROSS HUNDRED.)

G.—1l. arising from Land, vested in John Bote, given by the Will of Mrs. Dorothy Gawdy, in 1660, for the Poor of this place.

All the above charities are for the Poor of this place.

### GATESTHORPE.

(GUILTCROSS HUNDRED.)

G.—Mrs. Dorothy Gawdy gave by Will, the 10th of August 1660, for the Poor of this place, 1l. per annum from Land in Garboldisham, vested in John Bote.

### GATELY.

(LAUNDITCH HUNDRED.)

G.—1A. of Copyhold Land, given by Robert King, in 1697, vested in Robert Shannock, Esq. and the Rev. Charles Dix; let for 8s. per ann. (quit-rent 1s. 1 $\frac{3}{4}$ d. deducted.)

One other Acre of Land, let for 8s. a year, not known by whom, or for what purpose given; but the rent is applied as the above.

### GAYTON.

(FREEBRIDGE LYNN HUNDRED.)

G.—3l. 8s. 4d. subject to land-tax at 4s. in the pound, payable by the Rector of North Runcton, out of tythes called Notley Tythes, in the parish of Middleton; given by Will by Thomas Hopes, towards the end of the last century, to be distributed to 4 poor widows or householders in turn, at 4d. a piece each Sunday

till the whole is expended, beginning on Easter Sunday.

A Rent Charge of 10s. upon Land belonging to and vested in Richard Jackson, Esq. and another of 1l. upon the Estate of Mr. Francis Nash, which are given to the Poor in bread or money, at the discretion of the Parish Officers; but when given is unknown.

### GAYWOOD.

(FREEBRIDGE LYNN HUNDRED.)

G.—The Rev. Thomas Thurston, D. D. in 1714, by his Will, left 40s. yearly for ever toward cloathing three of the poorest inhabitants of Gaywood, which money is disposed of according to the Will of the donor, payable by the Mayor of Lynn Regis.

### GILLINGHAM ALL SAINTS & ST. MARY.

(CLAVERING HUNDRED.)

G.—About 8A. of Land and a House, called the Leeth House, vested in the Churchwardens; annual produce 8l. 3s.; but when, by whom, or for what intent given, is not known.

13A. of Land, vested in the Churchwardens, let for 12l. 10s. The donors, &c. unknown as before.

T. 1806.—An Enclosure, containing 10A. with a house thereon, occupied by Thos. Chaplin,

at the yearly rent of 19l. 2s. Also another Messuage, with a barn and other outbuildings, and 16A. of Land, occupied by Benjamin Utton Dowson, at 54l. per annum, given by Will by John Everard, Gent. to Trustees, for the use of the parish of Gillingham St. Mary; the rents to be applied as follows: 40s. thereof towards repairing the church of Gillingham St. Mary aforesaid; also 40s. to be laid out every year towards repairing a certain foot-path or causeway leading from Gillingham-hall to Beccles Bridges; and the residue of the rents of the above said premises to be employed yearly towards the relief and support of the poorest sort of people inhabiting within the said parish, or otherwise at the discretion of the major part of the inhabitants thereof.

T. 1706.—10l. now in the hands of Charles Castleton, Clerk, upon mortgage, for the use of which he pays 12s. per annum to the Overseers.

OBSERVATION.—This money is noticed in terrier 1716, but not in any since; so that it is to be feared that it has been lost. The returns for this parish are very objectionable, as the lands in the terrier of 1806 were all noticed in the terrier of 1706. Of course they ought to have been included in Gilbert's Returns.

## GIMINGHAM.

(NORTH ERPINGHAM HUNDRED.)

T. 1806.—Two Poor Houses under one roof, belonging to this parish.

## GISSING.

(DISS HUNDRED.)

G.—3 Houses and 2A. 2R. of Land, for the use of the inhabitants in general, given by Edw.

Smith and Thomas Ringer, but the time when unknown; vested in seven Feoffees. They produce 2l. 0s. 11d. per annum.

The Terrier for 1806 mentions but 1A. 2R. of Land, which is occupied by the tenants of Lord Walpole, exclusive of the three tenements just mentioned, which were left for the Poor, and used accordingly.

OBSERVATION.—What is become of the other acre?

### TITTISHALL CUM GODWICK.

(LAUNDITCH HUNDRED.)

G.—About 8A. of Underwood, supposed to be vested in the Minister, Churchwardens, and Overseers, producing 2l. 2s. per annum, for the use of the Poor; not known when or by whom they were given.

Likewise for the same use the interest of 10l. thought to be a legacy of William Haylett, and supposed to be vested as the above.

### GOODERSTONE.

(SOUTH GREENHOE HUNDRED.)

G.—Edmund Briston, in 1710, gave by Will a Rent Charge of 5s. per annum upon an acre of Land there, to be paid equally to poor people of said town yearly upon the 6th day of January, so long as the world endureth.

A Rent Charge of 3s. 4d. to be given yearly in bread on St. Thomas's Day to the Poor who do not receive constant relief. The deed being lost, it cannot be now said who made this donation.

## GRESSENHALL.

(LAUNDITCH HUNDRED.)

G.—4A. of Land, let for 4l. which has usually been given to those persons who do not take collection of the parish; but the purpose for which they were left, and by whom, is unknown.

6l. given by Will by Mr. Edward Davy, in 1742, in the hands of the Rev. Mr. Cross; the interest thereof (5s.) for the Poor.

## GRIMSTONE.

(FREEBRIDGE LYNN HUNDRED.)

G.—John Talman, in 1394, gave by Deed to Feoffees an Estate, consisting of Land and Messuages, then worth 4l. 14s. 4d. per annum, for the payment of fifteenths and other taxes on the inhabitants of this parish. The yearly value of this charity being much advanced, the surplus is stated to have been applied to various charitable uses. In 1779, the parish being inclosed, this estate was mortgaged for 130l. to bear the expences of inclosing, and of the act for the same; and, when the return was made in 1787, it was likely to be cleared, being then let for 35l. per year, and was then vested in Ann Taylor and Jane Allen, heirs of the last Trustee. It was intended, when cleared, that it should be transferred to new Trustees, for charitable purposes, and applied as formerly.

## GRISTON.

(WAYLAND HUNDRED.)

G.—A Rent Charge of 10s. per annum on Land, now held by Mr. Elmer and Mr. Utting, given by the Will of Edward Goaffe in 1611, for bread to be distributed the first Sunday in the New Year to the Poor not taking collection.

A like Charge of 8s. 2d. for the same purpose, on Land held by John Thompson; but not known by whom given.

## GUESTWICK.

(EYNSFORD HUNDRED.)

G.—William Bulwer, Gent. bequeathed, in 1678, a Rent Charge of 1l. from his Estate, for the Poor of this place, to be given on the 20th of December.

T. 1806.—It appears that this donation has been discontinued since 1804. Some inquiry should be made concerning it.

## GUIST.

(EYNSFORD HUNDRED.)

G.—By an inscription on the grave-stone of Robert Wicks, it appears that he gave by his last Will 20s. annually out of his Lands here for the repairing of the church, and for the Poor of this town, with a power to the Churchwardens to distrain the same if not duly paid. He died the last day of August 1569, and there is no account upon record of the above donation having been ever paid.

OBSERVATION.—There has been apparently great neglect in the Parish Officers, when they had such power of enforcing payment. Is the Will of Robt. Wicks no where to be found?

## GUNTHORPE.

(HOLT HUNDRED.)

G.—25l. in the hands of the Churchwardens and Overseers, left by Christopher Ringer, in 1678, the interest to purchase 18 yds. of blanket yearly.

## HACKFORD with WHITWELL.

(FOREHOE HUNDRED.)

G.—10A. of Land, purchased with 100l. left for that purpose by Thomas Bulwer, in 1693, for the benefit of the Poor in Hackford and Whitwell, to be distributed in the following manner: 10s. at every administration of the Sacrament to the Poor who communicate; 10s. to the Trustees annually, for their care and trouble; and the remainder to the poorest and most aged widows and others, the most impotent and unable to work, on St. Thomas's Day. The land is vested in Stephen Buckle, William Bircham, and others, and produces to each parish 3l. 5s. per annum.

T. 1806 states the then annual rent at 9l.

In 1672 Robert Philipoe gave by Deed, for the benefit of the Poor of Hackford with Whitwell, Land vested in the above-named Trustees; rent 3l. 10s. per annum.

T. 1806 mentions 3 Pieces, containing together 9A. 2R. which produces 11l. 0s. 6d. per year, which is supposed to be the above donation. This terrier also specifies 2R. of Land, let at 6s. 8d. per annum to William and Samuel Bircham, for the Poor of Hackford; but when, or by whom given, is not known. This 6s. 8d.

is in the return, but a clearer account is obtained from the terrier.

Houses inhabited by the Poor of both places, given by Will, by Ralph Walker, in 1642, vested in the Churchwardens and Overseers.

### HACKFORD.

(EYNSFORD HUNDRED.)

G.—5s. given by Robert Seaman, (by Will as has been understood) and which was paid to the Churchwardens by Robert Smith, and distributed to the Poor at Easter. The payment of this donation has been refused from 1785, but for what reason is not known.

### HADDISCOE.

(CLAVERING HUNDRED.)

G.—An Estate called Catfields, consisting of a Messuage, since down, and 12A. of Land, in 20 pieces, given by Will by Thomas Strange, in 1556, for the purpose of paying the taxes, repairs of the church, and highways, and for the relief of the Poor and needy.

An Estate, consisting of lands, tenements, meadows, and marshes, with their appurtenances, lying and being in the towns and fields of Haddiscoe, Toftmonks, Aldeby, Thurlton, Raveningham, and Hales, in Norfolk; given by Deed, in 1614, by Thomas Battely and William Stone, for the repairs of the causeway called Haddiscoe Dam, and for the relief of the Poor. Both these estates are vested in Feoffees, and let together for 13l. per annum, which is applied to the purposes intended.

At the time of Gilbert's Return, the last Deed of Feoffment, which was made about 1747 or 1748, was in the possession of Robert Tiptod, bricklayer, resident at No. 14, New Bond-street, Oxford-road, London, who refused to deliver up the same.

### HALVERGATE.

(WALSHAM HUNDRED.)

G.—5l. given, in 1735, by the Will of Mrs. Judith Lamb, and vested in Isaac Houghton, Esq. of Norwich, the interest to be distributed in bread to the Poor who do not receive collection.

OBSERVATION.—This donation is not mentioned in any terrier since 1763.

### HANWORTH.

(NORTH ERPINGHAM HUNDRED.)

G.—A House and 3R. of Land, given by Richard Walters, of Alby, near 400 years ago, as appears by an old Feoffment still in being, though exactly when, or for what purpose, cannot be ascertained. The Overseers receive the rent, (which is 14s.) and apply it for the benefit of the Poor.

### HAPPISBURG.

(HAPPING HUNDRED.)

G.—A Rent Charge of 5l. 14s. 0d. given by Will by Jonathan Chaloner, Clerk, in 1727, on Land lying in Colby, Banningham, and Suffield, vested in the executors of Samuel Dybal, Gent.

of which 24s. to be distributed quarterly in bread, by the Overseers, amongst the Poor of this place; and 4l. 10s. at Christmas, for cloathing for such of the Poor of Happisburg as attend the ordinance of God, and receive no collection.

13s. 4d. annually, charged upon 2A. of Land, purchased with 20l. left for that purpose by Mrs. Mary Williams, in 1680, vested in Mr. Richard Gage, of Hickling.

13s. 4d. annually, charged upon 3A. of Land, called the Poores' Land, vested in Mr. Wolmer Cubitt, of Calthorpe, given by a person of the name of Allison, the time when unknown.

3s. 4d. per annum, charged upon an Estate in Happisburg, vested in John Gaze, given by Robert Smith, which three donations are all for the Poor of this place.

By a codicil to the Will of James Scambler, Esq. dated in 1687, an uncertain sum, but not to exceed one guinea, is left for the godly Poor of this place, charged upon Land in Hickling, vested in the Rector of Wolterton and the Vjcars of Hickling, Briston, and Happisburg, for which legacy the full sum of 21s. is obtained.

T. 1806 says the Churchwardens and Overseers have sold Mary Williams' Benefaction of 13s. 4d. to the Rev. Mr. Lloyd, and purchased of him the two Benefactions of Smyth and Allison above-mentioned, amounting to the like sum, which were sold for the purpose of exonerating the Vicarage from the land-tax, for the use of the Poor, in lieu thereof.

OBSERVATION.—This account from the terrier seems quite unintelligible, and particularly when compared with the preceding. It shews, however, that some inquiry ought to be made as to the sale and purchase in question. The

return, too, under Gilbert's Act, is incomplete, because it omits to mention a further legacy of the above-named James Scambler.—See Wolterton.

### HARDINGHAM.

(MITFORD HUNDRED.)

G.—A Rent Charge of 1l. per annum, given by Christopher Adcock, in 1705, upon Land in Griston, now purchased by Mr. Franklin, of Attleborough.

G.—7l. 8s. arising from Land, vested in the Minister and Churchwardens of this parish, given by Will, by Mrs. Dorothy Gawdy, in 1660, for cloathing the Poor of West Harling, to which purpose it is faithfully applied.

## HARPLEY.

(FREEBRIDGE LYNN HUNDRED.)

## HEIGHAM.

(TAVERHAM HUNDRED.)

He also gave to his second son, Thos. Seaman, a Close in Heigham, subject to the payment of the clear yearly sum of 5l. at the

Mr. Thomas Powell bequeathed an annual payment of 20s. for ever; from an Estate, late Benjamin Ketts, to be distributed amongst 40 poor widows, equally, on the Feast Day of St. Thomas the Divine.

## HAYNFORD.

(TAVERHAM HUNDRED.)

G.—A Rent Charge of 2l. and another of 1l. given by Will by Thomas Bulwer, in 1694, vested in the Churchwardens for the time being, and to be distributed by them half-yearly on the next Sunday after they receive the money, among the poorest people of said parish.

Also 26A. 3R. of Land, purchased with money left by the aforesaid Thomas Bulwer, vested in Robert Marsham and Robert Marsham, jun. Esqrs. the clear rent whereof is 20l. 14s. 7½d. for the use and benefit of the Poor of this parish. Out of this donation, at every administration of the sacrament at the parish church, 10s. to be distributed to such poor parishioners as shall then communicate; 10s. to be allowed annually to the Trustees for their care; and the remainder, after deducting Lord's rent, taxes, and other charges, to be given on St. Thomas's Day, or about two days before Christmas, amongst the poorest widows and persons most impotent in this parish.

Three Tenements or Messuages, with 9A. of Land, vested in Robert Marsham, jun. Esq. given by Will, by John Sporles, in 1733, for the

use and *extraordinary* relief of the poorest people of said parish. After deducting Lord's rent, fines, repairs, and other incident charges, the clear rent is 13l. 0s. 4d.

Two Tenements, with 2R. 38P. of Land, vested as aforesaid, the clear rent of which, being 6l. 3s. 6d. has been immemorially in the hands of Trustees for the use of the Poor of this parish; supposed to be given by a person named Bolts, but when, or for what purpose, cannot be ascertained.

T. 1806 states the Land belonging to the Poor of this parish to be 75A. 3R. 17P. an inclosure having taken place.

OBSERVATION.—The above Terrier was signed by the Churchwarden and six of the chief inhabitants, but not by the Rector, he intending to deliver in another Terrier.

## HEACHAM.

(SMITHDON HUNDRED.)

G.—6A. 2R. 19P. of Land, vested in Thos. Bradfield and Francis Young, in trust for the Poor of this place; let at 3l. per annum, which is distributed in coals at Christmas.

Three Houses in the possession of the Churchwardens and Overseers; annual rent 7l. 7s. and appropriated to the use of the Poor.

10s. paid out of the Estate of Edmund Rolfe, Esq. and 10s. from Charles Money, Gent. both for the Poor of this place. When or by whom any of these donations were given, the returns do not set forth.

OBSERVATION.—The 3 houses mentioned in the returns are omitted in the Terriers.

## HECKINGHAM.

(CLAVERING HUNDRED.)

G.—James Crow, of this place, about 1663, left 52 Ewes, which were to be kept alternately by the farmers of this parish, who were to have half the lambs for keeping the stock; the other half to be sold for the benefit of the Poor. The sheep were afterwards disposed of, and the produce placed out at interest; but the person with whom it was lodged dying insolvent about 1782, this donation was lost.

## HEDENHAM.

(LODDON HUNDRED.)

G.—Robert Rickman, of Ellow, in Suffolk, and Robert Smith, of this place, granted by Deed, in 1559, for the benefit of the inhabitants of Hedenham, for the special purpose of easing them in the payment of the tenths and fifteenths when imposed on them, Lands in Hempnall, in this county, now vested in Charles Garneys, Esq. and others; let for 30l. per annum, subject to land-tax and repairs. The clear produce is now paid in aid of the Poor's rate. They also at the same time gave two Pieces of Land in Hedenham, for the same purpose. The annual produce 4s. 10d.

A small Piece of Land (upon which stood heretofore sundry cottages called Town-houses) for which a rent of 2s. 6d. is paid to the Town-reeve, and applied as above.

Three Cottages called Town-houses, two of which (by information) were built at the expense of the parish. Of the third *no* account

can be given. The rent of these, *when any can be recovered*, is applied as before.

By an extract from the Will of Elizabeth Rickman, dated in 1583, and copied into the parish register, it appears she left 4l. for the purchase of 20 ewes, to be farmed for the benefit of the Poor of this parish for ever; of which legacy no other account remains.

OBSERVATION.—The quantity of land given by Rickman and Smith is not specified, as it should have been, and it is to be feared that the Will of Elizabeth Rickman has not been complied with.

## HELHOUGHTON.

(GALLOW HUNDRED.)

G.—3l. 6s. 8d. paid annually by Lord Townshend to the Churchwardens, being a gift of Lady Berkeley for the benefit of the Poor of this place.

The said Lord Townshend also pays 6l. 16s. which, with 1l. 4s. makes 8l. every other year to this parish; supposed to arise from land, but not known by whom given. It was formerly applied to the binding out poor children, or distributed to the Poor in bread and cloaths.

## HELLESDON.

(TAVERHAM HUNDRED.)

T. 1706 states that there are 2 or 3A. of Land given for the use of the Poor. The writings are lost.

OBSERVATION.—These are also mentioned in the Terrier for 1716, but in none since. There has been some mismanagement here. If the writings are lost, the *land* must be still remaining.

## HEMSBY.

(WEST FLEGG HUNDRED.)

G.—10A. of Land, more or less, left in 1583, by Edmund Drake; the produce to be distributed to such Poor as do not take collection; now vested in John Drow, J. Church, Roger Harrison, and William Harrison, and let at 4l. 16s. per annum.

G.—3s. 4d. per annum from Land now Mr. Charles Bunn's, and 10s. from Land now Mr. Henry Richards's, which are given in bread to the Poor on the first Sunday in Lent yearly; but when these donations were left is not known.

The parish also possesses Town Lands to the value of 35l. per annum, given in 1615 for tenths, fifteenths, and frank pledge; and if there be any overplus, such overplus to be applied at the discretion of the Town-reeves and Feoffees. The overplus has been usually given for the benefit of the Poor, and for the discharge of county and constables' rates.

OBSERVATION.—The quantity of land should have been mentioned in this return,

## HEMPSTEAD WITH ECCLES.

(HOLT HUNDRED.)

G.—32l. given by several persons whose names are unknown, and 1l. given by William Cannon, in 1757, which are in the hands of William Cannon, of Hempstead, at 5 per cent. interest, which interest is to be distributed to

### HETHERSET.

(HUMBLEYARD HUNDRED.)

G.—A House, with 2R. of Land, given by Will by John Rope, Gent. in 1659, vested in the Rev. B. Edwards, John Buckle, and John Brown, and let at 10l. per annum, for cloathing the poorest widows and people of this parish.

2l. per annum, arising from Land, vested in the Rev. B. Edwards, John Buckle, and John Brown, which is applied for the benefit of the Poor, but uncertain by whom given,

T. 1806 also mentions about 2R. of Land, where the Town-house stands; a Pightle, containing 2A 2R. 2P.—and another, containing 3R. 35P.—these two pightles being part of the late Lynch Green; also that the late John Cordy, Esq. of Acton, in Middlesex, by his Will left to this parish the interest of 100l. 3 per cent. consolidated annuities, for ever, to be distributed among the Poor in bread, every year, at Christmas time.

### HEVINGHAM.

(NORTH ERPINGHAM HUNDRED.)

G.—100l. left by Thomas Bulwer, in 1693, to certain Trustees, for the purchase of Land, the annual produce of which to be distributed as follows, viz. 10s. among such poor persons of this parish as receive the Sacrament every Sunday when it shall be administered; and the remainder to be given among the Poor of said parish, at the discretion of the Trustees, reserving, however, to themselves 10s. per annum for their trouble. It is also provided in the Will, that no abatement whatever in the collections or contributions to the Poor is to be made on the above account: 7A. of Land, in Aylsham, were purchased with the said bequest, and are vested in Robert Marsham, Esq. producing 4l. 11s. yearly.

T. 1806 reports the rent of the above Land to be then 6l.

A House, vested in the Churchwardens, for 2 poor widows to dwell in, who do not take collection, rent free. This long ago given by — Sarjeant.

John Hall, Esq. in 1715, bequeathed 3A. 1R. of Land (let at 3l. 1s. 6d. per annum) and 50l.

put out at 4 per cent. per annum interest, for the purpose of teaching the English tongue to 10 poor children of this parish.

Formerly was paid to this parish a donation of 6s. a year, by the Rev. Mr. Freemantal, of Norwich; and another of 20s. yearly, given by a Mr. Scambler (son of a Bishop of Norwich of that name), to be distributed in bread to the Poor; which two donations none of the present inhabitants remember having been paid; nor do they know of any writings, or by what means these donations came originally to the parish.

T. 1784.—4 small Cottages, built upon the common, for the Poor. These ought to have been mentioned in the return.

T. 1806 mentions no other donation belonging to this parish than the Land in Aylsham, purchased with T. Bulwer's legacy. This is surprising, and deserves inquiry.—*For Scambler's Gift see Wolterton.*

## HEYDON WITH IRMINGLAND.

(SOUTH ERPINGHAM HUNDRED.)

T. 1716.—A Close containing 4A. given by Ann Lady Townshend, for the Poor of this parish for ever; occupied by Henry Lynn, at 1l. 12s. per annum.

1l. 10s. yearly, given by Mrs. Kemp; 1l. for the Poor, and 10s. to the Minister for preaching a charity sermon on Maundy Thursday.

OBSERVATION.—In Gilbert's Return Mrs. Kemp is stated to have given 1l. in money, and 4A. of Land, vested

in W. Bulmer, Esq. for the use of the Poor, which was then at the apparently low rent of 1l. 12s. 6d. per annum. Some inquiry should take place here, to reconcile the return with the Terrier.

## HILGAY.

(CLACKCLOSE HUNDRED.)

G.—Sir John Wray, Lord of the Manor, and other proprietors and owners of land in this parish, allotted at the time of an inclosure, in 1656, by deed, which was confirmed by a Decree in Chancery in 1692, a quantity of Land, the rent whereof to be applied for the relief of the Poor, and to ease the rates and taxes of the parishioners, vested in the Churchwardens and Overseers for the time being; its produce 30l. 4s. per annum. Of this land 13l. 2s. is appropriated to the education of 10 poor children in reading, writing, and arithmetic.

T. 1794 states this land to be 166 Acres, producing 64l. a year, but the rent of one piece thereof, containing 3A. is not included. It mentions also an old Tenement belonging to the parish near the bridge, but this is now dilapidated.

The Rev. Wm. Spencer, in 1701, bequeathed 1l. 10s. to be paid annually out of an Estate left for the repairs of the church bells, among 15 poor people, chosen by the Rector and Churchwardens, half on the 23d of May, and the remainder on the 23d of October, for ever.

T.—By a Terrier of 1716, it appears there are 6 Pieces of Land, containing together 45A. the rents whereof are yearly received by the Churchwardens, and expended about the repairs and ornaments of the church, and other charges belonging to their office. This Terrier also mentions the sum of 12l. in the hands of the Overseers, as a parish stock.

## HOE.

(LAUNDITCH HUNDRED.)

G.—Mrs. Christian Gooch, by Deed of Feoffment, in 1634, gave Land, in the occupation of Mary Fisher; the rent, 1l. 15s. per annum, for poor widows who do not take relief of the parish.

T. 1770 mentions one Cottage, with a small yard belonging thereto, abutting upon the South Field South, at the yearly rent of 20s. for the use of the Poor; perhaps this was dilapidated when the returns were made.

T. 1777 mentions 12A. of arable Land, occupied by Thomas Halcot, Esq. rent 12l. 10s. as belonging to the parish church of Hoe.—Why was not this in the return?

## HOLKHAM.

8A. of Land, occupied by John West, jun. of Runcton, at 1*l.* 15*s.* a year, for the Poor of this parish who do not take collection. By whom this was given is not known.

OBSERVATION.—It appears strange that 3A. of land should have been let, at the time of the return, at 3*l.* and that 8A. should at the same time have produced but 1*l.* 15*s.* See *Runcton South*.

### HOLME HALE.

(SOUTH GREENHOE HUNDRED.)

G.—An Estate in this parish (not known when or by whom given), now vested in Benj.

Ibbott, Esq. of Dartmouth-street, London, and William Young, present Rector of the parish; let at 26l. 4s. per annum. It appears by Deeds of Feoffment, that it was intended for maintaining the Poor, repairing the parish church, a bridge called Ernford Bridge, and the way and causeway called Ernford Dam, with other ways adjoining the said town, and for other casual charges on this parish.—The rents of this estate are said to have been rarely applied to the relief of the Poor, as they are barely sufficient to defray the charges attending the other purposes for which it was given.

### HOLME NEXT THE SEA.

(SMITHDON HUNDRED.)

G.—Land, occupied by several tenants, producing 4l. 0s. 9d. annually, which is received by the Churchwardens and Overseers, who purchase coals therewith for the Poor; but it is unknown when, by whom, or for what purpose it was given.

A Rent Charge of 10s. given by the Will of Stephen Feake, in 1661.

Another of 1l. from Land, now the property of Samuel Davison; not known by whom given.

Also 11. from Lands, now William Hardy's, given by Mr. Fitt, for the Poor of this parish.

T. 1740. mentions the Free School of Holt, founded by Sir John Gresham, late of London, merchant, about 1549, and endowed with a dwelling-house and 40l. a year stipend to the master, which stipend is a rent charge out of the Manor of Holt Perreers.

OBSERVATION.—This School ought to have been noticed in the returns.

### HOLVESTON.

(HENSTEAD HUNDRED.)

G.—50l. is understood to have been left by the Will of the Lady of Colonel Herbert, for the purpose of binding out apprentices, poor children of the said parish; to such trades as they may chuse, between 30 and 40 years ago, and 10l. is said to have been paid and applied for that purpose about 28 years ago, binding out a daughter of Thomas Bensley to the business of a mantua-maker.

OBSERVATION.—This return shows that the above legacy has been lost.

### HONING.

(TUNSTEAD HUNDRED.)

G.—A Messuage occupied by 2 poor families, being long since given by John Gibbes, as appears by a Deed of Feoffment, bearing date 1619; said to be vested in the inhabitants of the parish, the Trustees being all dead.

In the Terrier of 1777, only 3 pieces of Land, containing 4A. are mentioned, producing 1l. 18s. 6d. yearly.

OBSERVATION.—Why was the above land and money omitted in the return? It is to be feared that they have been lost.

Also a House for the Poor to dwell in.

OBSERVATION.—The return under G. is *Igburg*, and that under T. is *Ickburgh*. Now we can only find *Ickburgh* in the Maps, &c. and therefore we have concluded both places to mean the same. Indeed the 27A. 1R. under G. and the 28A. 1R. under T. seem decisive of this point.

OBSERVATION.—The time when any of these donations were given is not mentioned in the returns, but from a Terrier of 1716, it appears they were all given previous to that time. The said Terrier also mentions 7A. 1R. of Townland, of which we see that no account has been given in the returns. Charles Calthorpe was the person who endowed the above School.

## MATTISHALL.

(MITFORD HUNDRED.)

G.—Thomas Harleston, by Will, in 1558, and other persons unknown, gave to this parish 3 Houses, and about 20A. of Land, now vested in 11 Trustees. The purpose for which these were given is not known; but it was ordered June the 28th, 1728, by Commissioners appointed by the Court of Chancery, that the rents thereof, after paying thereout 1l. 8s. 4d. to the parish of Mattishall Bergh, should be disposed of in the repairs of the premises, and other disbursements incident thereto, in the cloathing of poor people who are not burthensome to the parish, and for the relief of the Poor in general, in such manner as the inhabitants shall direct at their Easter Meeting. The said Estate produces an annual rent of 16l. 16s. 6d. exclusive of the above payment to the parish of Bergh, and of

10l. to the Corporation, established for the relief and employment of the Poor in the Hundreds of Mitford and Launditch.

2l. 1s. being a Rent Charge upon 7A. of Land, now in the possession of George Schutz, Esq. vested in the Master and Fellows of Corpus Christi College, Cambridge, given by Deed, by Robert Harleston, in 1570, 35s. whereof for the Poor in general, and the remainder to the Vicar, Curate, or Parish Clerk, if any of them keep a school there; but no school having been kept for many years, the whole is applied to the use of the Poor.

T. 1716 mentions 30s. given by Matthew Parker, formerly Archbishop of Canterbury, to be distributed among 30 of the poorest people every Tuesday in Rogation Week, so long as the world endures.

OBSERVATION.—This donation is not mentioned in any Terrier since, nor, as we see, in the returns. Those of Mountain and Thornton have not been noticed in any lately; and that of Robert Harleston is not in ANY of the Terriers at all.

## MATTISHALL BERGH.

(MITFORD HUNDRED.)

G.—11. 8s. 4d. given by Robert Harleston ; 6s. by Mr. Mountain ; and 10s. by Mr. Barnham ; for the Poor of this place annually, arising from Land ; but no other particulars relating thereto are known. Likewise a bequest of Mary Thornton, for which see Mattishall.

2l. per annum from Land, vested in Sir Roger Kerrison, of Norwich ; and Mr. Friat, of Brooke, in Norfolk ; left by Sarah Johnson, in 1741, for the two most ancient widows in the parish.

(WAYLAND HUNDRED.)

G.—19A. 2R. of Land, let to the late Thos. De Grey, for a term of years, for 5l. 2s. 3d. a year, vested in the Churchwardens and Overseers; but when, or by whom given, is unknown. The rent arising therefrom is applied for the benefit of the Poor not taking collection, and for the reparation of the church.

1A. 2R. of Land, purchased by the Parish Officers, in 1693, with 10l. left in 1661, by Sir William De Grey, and Ann his wife, producing annually 1l. vested in the Churchwardens, and given to the industrious Poor twice a year, in bread and plumbs.

OBSERVATION.—No notice is taken in the Terriers of Sir William and Ann De Grey's donation. It is to be hoped, that the 19A. 2R. will be let to the most advantage for the Poor, when the lease expires, both in point of rent, as well as the duration of the term.

## METHWOLD.

(GRIMSHOE HUNDRED.)

G.—In 1660, Thomas Batchcroft, D. D. left, by Will, money which purchased Land in Foulden, now producing 3l. 14s. per annum.

left, but by whom is unknown, Land in this parish producing 11. per year.

Jeffery Towler, of Methwold, in 1715, left, by Will, Land producing annually 11. 10s.

In 1736, Land was purchased with money supposed to be left by Will, but when, or by whom, is unknown; the annual produce 8l. vested in 5 Trustees, of whom only one, Thos. Young, sen. now remains. These donations, except the last, are all vested in the Minister and Churchwardens, and distributed, as intended, among the industrious Poor, on the Saturday before Whitsunday, and on the 21st of December in every year.

OBSERVATION.—The following is a quotation from the returns. “The Ministers and Churchwardens do hereby declare that these last parcels of land, containing 39A. 2R. are *embezzled* by the only remaining acting Feoffee, Thomas Young, sen. and Jeffery Miller, the present tenant, at the rent of 8l. per annum, when Mr. Joseph Rolfe, jun. a substantial Farmer in the same parish, is willing to take the said lands for a term of years, at the rent of 13l. 10s. a year, clear from all deductions. The lease, or agreement for the embezzlement of this land, between Thomas Young, sen. the Feoffee, and Jeffery Miller, the present tenant, was secretly drawn up by Mr. John Manby, of this parish.”

T. 1709.—Also 3 small Cottages, occupied by 4 poor persons, with 1A. 2R. of Land belonging thereto, lying in a furlong, called Mountford Way Shift. The same Terrier mentions 100l. as a parish stock.

the poorest widows and householders, upon Palm Sunday.

OBSERVATION.—The Terrier of 1729 notices a Town-house belonging to this parish, divided into 4 tenements; but it is not mentioned in any of a later date. The donation of 6s. given by Mr. Hopes, has not been mentioned in many subsequent Terriers.

### MORLEY ST. BOTOLPH.

(FOREHOE HUNDRED.)

G.—5l. per annum, secured upon an Estate in the possession of Thomas Arigson, bequeathed by Elizabeth the wife of John Brown, of Colton, in 1732, to be applied as follows, viz.—3l. yearly for teaching 6 poor children of this parish to read, and 2l. more yearly towards buying books and cloaths for the said children.

William Jackson, by Will, in 1762, gave the annual sum of 1l. for bread, to be distributed amongst the Poor of this parish; which is paid by Nicholas Jackson, the executor.

### MORLEY ST. PETER.

(FOREHOE HUNDRED.)

G.—Elizabeth Brown bequeathed 3l. annually, which is secured upon Land, for the same purpose as her donation of the same sum to the last parish.

### MORSTON.

(HOLT HUNDRED.)

G.—26l. vested in the Churchwardens and Overseers, supposed to have been left by Rich. Ringer, but when is not known. The interest is applied to purchase blankets and coals for the Poor.

John Ringer, in 1608, by Deed, gave an Annuity of 1l. from 6A. of Land, vested in the Overseers. The purpose for which it was given is not mentioned, but it is employed as the former legacy.

T. 1806 mentions 2 small Cottages near the church, belonging to the parishioners, and used for the Poor.

### MORTON.

(EYNSFORD HUNDRED.)

G.—4A. of Land, vested in the Churchwardens, the rent, 2l. 10s. for the use of the Poor and repairs of the church; unknown when or by whom given.

T. 1806 states the yearly rent as then 4l.

### MOULTON.

(WALSHAM HUNDRED.)

G.—Land, vested in the Churchwardens and Overseers, producing 4l. 4s. per annum; but when, by whom, or for what purpose given, is unknown.

OBSERVATION.—Why was the quantity of land omitted in this return?

### MOURNINGTHORPE.

(DEPWADE HUNDRED.)

G.—2 Houses and 14A. of Land, vested in Feoffees, which produce 12l. 4s. 4d. per annum.

How the parish became possessed thereof is not known, but the rent, after deducting taxes and repairs, has been expended in repairs of the church, and the overplus applied to the benefit of the Poor.

From a Terrier, cited in the returns, it appears that Elizabeth Garneys, of London, bequeathed 20l. for binding out poor children to trades, which sum was received by the Churchwardens in 1720, and placed in the hands of John House, Gent. at interest, to be applied for the intended and other charitable purposes.

OBSERVATION.—T. 1725 mentions but 15l. as then left out of the 20l. and no notice is taken of this legacy in any Terrier since. No one, at the time of the returns, had any knowledge of the distribution of it.

## MULBARTON.

(HUMBLEYARD HUNDRED.)

G.—Sir Edwin Rich, late Lord of the Manor, previously to 1677, gave, by Will, 100l. for the use and benefit of the Poor. In 1783, some timber was sold from the above land, for 22l. 10s. which was placed with the said James Turner, at 4 per cent. interest.

T.—The Terrier of 1706, and former ones, say there are 4 Cottages near the church, inhabited by 4 poor persons.

## MUNDESLEY.

(NORTH ERPINGHAM HUNDRED.)

In the last Terrier is mentioned 1A. of Land, called Sermon Acre, in an inclosure belonging to Joshua Bacon, the produce of which, 10s. 6d. used to be given yearly to the Poor in bread, but this gift has been stopped for many years.

## MUNDHAM.

(LODDON HUNDRED.)

G.—1l. payable out of the Manor Lands and Tenements, late Thomas Spooner's, of this place, given by his Will, in 1630, for the Poor, with a power of entry given to the Churchwardens and Overseers, if the same be not duly paid.

10s. charged upon a Piece of Land in Dale Field, but it is uncertain who gave it. These two sums are distributed at Easter, by the Churchwardens and Overseers, amongst poor labourers. This method of bestowing it is believed to be agreeably to the directions of the donors.

## NARBOROUGH.

(SOUTH GREENHOE HUNDRED.)

G.—William Knyvill, in 1577, left 26l.; William Harvey, in 1628, 5l.; William Flowerdew, in 1637, 5l.; Catharine Spellman, in 1663, 10l.; Francis Soane, in 1676, 5l.; Clement Tustin, in 1690, 5l.; Mundeford Spellman, Esq. in 1723, 20l.; Benjamin Ingram, Clk. in 1735, 10l.; likewise some person unknown made a gift of 5l.; and another unknown gave 1A. of Land, all for the benefit of the Poor;

which said Legacies, amounting to 9l. and the Acre of Land, were by an agreement made between the Minister, Churchwardens, and principal inhabitants, and John Spellman, Esq. in 1761, given to the said John Spellman in exchange for a certain piece of land, on which stood a new building, containing 4 tenements, with a corn-chamber over the same, now let at 9l. 7s. per annum. This rent is applied according to the intentions of the donors.

### NEATISHEAD.

(TUNSTEAD HUNDRED.)

G.—1A. of Land, and 19l. in the hands of Mr. Skipp, producing together 1l. 19s. per annum, which is distributed by the Churchwardens, on Trinity Sunday, among the Poor who receive no collection; not known by whom given.

### NECTON.

(SOUTH GREENHOE HUNDRED.)

Elizabeth Tinkler gave, about 40 years ago, (believed by Will) the sum of 10l. the interest to be paid to poor widows, on the 25th of December, for ever.

Various persons gave also, for the use of the Poor, 40*l.* now vested in the Town Estates, which are principally in Great Fransham, and partly in this place; but how the parish became possessed of them is not known, nor the time when, but it was previously to the 2*d* year of Edward the 4*th*, as may be seen by a Deed of Feoffment now remaining.—By the Churchwardens' books it appears that the rent has been constantly applied to the repairs and ornaments of the church, repairs of the drains and fences of the common, and of all public gates, and for the gifts to the Poor for which the above 40*l.* was expressly intended; and the surplus for the occasional relief of the Poor. These estates are all vested in William Mason and others, Feoffees, and produced (according to Terrier 1806) 86*l.* yearly.

## NEEDHAM.

(EARSHAM HUNDRED.)

G.—A Messuage and 1A. 2R. of Land, under the care of Trustees, given by Will, by John Dawson, in the 21*st* of Queen Elizabeth; the rent to be disposed of among 8 or 10 of the discreetest poor inhabitants. In 1786, the rent was 3*l.* 5*s.* but it has been increased since.

John Gawing, in 1547, by Will, gave 6*s.* 8*d.* per annum, to be paid out of his Estate; now the property of Mr. Crespigny.

Cook Freston, Esq. in 1761, gave, by Will, an annual Payment of 10*s.* out of his Estate: both these for the Poor of this place.

OBSERVATION.—Ancient Terriers' also mention 4 small Cottages near the church, occupied by four poor families.

## NEWTON BY CASTLEACRE.

(SOUTH GREENHOE HUNDRED.)

T. 1723 states, that, in 1629, William Lee bequeathed 20s. payable every Christmas, out of an Estate in East Lexham, for the Poor of Newton.

T.—By Terrier 1806, only 18s. a year is paid.

## NEWTON FLOTMAN.

(HUMBLEYARD HUNDRED.)

G.—John Pye, of Swainsthorpe, by Will, dated in 1697, gave a Rent Charge of 4l. a year upon an Estate at this place, now belonging to Snowden White, physician, which is paid to the Churchwardens and Overseers, and by them given to the widows and industrious persons who belong to the parish, and do not receive collection.

## NORTHWOLD.

(GRIMSHOE HUNDRED.)

G.—40A. of Land, given in 1479, by Will, by Richard Powell, Vicar of Foulden; the rent to be applied for the repairing of the church of Northwold, for paying fifteenths to the King, and especially for the relief of the Poor; vested in William Hinton, D. D. Richard Whish, Clk. and 13 other substantial inhabitants of this place, producing 11l. 17s. 7½d. per annum.

OBSERVATION.—A small rent for 40 Acres of land, even at the time of this return.

John Peyrs gave, by Will, in 1501, a quantity of Land, the rent thereof to be employed in ré-

pairing the church and highways, and other good deeds of charity. This said land is vested as the before mentioned gift of Richard Powell's, and the annual income therefrom is 18l. 2s. 4½d.

Edward Atmeare, in 1579, bequeathed 60l. to be expended in Lands, the rent whereof to be received by the Churchwardens of this parish once in 5 years, to purchase black or grey freeze for cloathing the poor inhabitants: Land was accordingly purchased at Old Buckenham, the yearly rent of which is now 8l. 15s. 6d. clear, believed to be vested in Anthony Horrex, Gent. and others. No Trustees alive in Northwold.

- A Close, called Novels, containing 3A. given by Deed, by Henry Partridge, Esq. in 1703, the rent of which is now 3l. to be given to the Poor in bread, in February, yearly. He also gave to this parish Fox's Book of Martyrs, a small water engine, and 5 dozen of buckets.

Mrs. Bridget Holder, in 1736, gave by Deed 4A. 3R. of Land, in Wretton; 4l. out of the rent to be expended in teaching 8 poor children of this place to read the Bible, and the overplus to be employed in purchasing Bibles and Testaments, to be given to such of the children, on leaving school, as the Trustees shall think deserving of them; present rent 6l. 16s. 6d. These two last gifts vested in Henry Partridge, Esq. and others.

50l. bequeathed by Richard Oram, Rector, in 1774, the interest to be given in bread to the Poor, at the discretion of the Minister and Churchwardens for the time being, in whom the legacy is vested.

John Carter, Gent. by Will, in 1782, gave 200l. stock, in the 3 per cents. for the dividend, (6l.) to be paid to a schoolmistress, for teaching

at least 8 poor children to read, knit, and sew; the said stock is transferred to the names of Wm. Hinton, D. D. John Carter, John Beales, and Francis King.

The Rector of this parish pays 40s. on St. Andrew's Day, annually, to the Churchwardens, who distribute it among the Poor: this payment is called Hill Pits Dole, but the origin thereof is unknown.

OBSERVATION.—The above sum is paid by the Rector in consideration of a Piece of Land, estimated at 6A. held by him. By Terrier, 1740, the *very same* sum was paid on the like account; but as the land is now worth considerably more, ought not the gift to the Poor to be increased? or is this charity only a Rent Charge upon this land?

A board, fixed in the church of this place, contains most of the above gifts, with the following, which are not inserted in the returns:

Richard Constable, by Will, dated November 20th, 1482, gave a Close in Wretton, containing by estimation 4A. the profits of which are to be applied, for ever, in repairing a causeway leading from Whittington to Stoke Ferry.

Robert Blake, Rector of Oxburgh, gave, in 1503, all his lands in Northwold, to repair the church here for ever.

T. 1740, mentions a neat strong Alms-house, lately built by Mr. Gordon, for the reception of 3 poor families. This is also mentioned in Terrier 1806, and that it is repaired at the expence of the parish.

OBSERVATION.—The Terrier for 1709 states there are belonging to this parish 2 Parcels of Land, each containing 49A. 1R. but it does not appear by whom they were given: Where are these parcels now? If these are to be considered as the two first gifts in the return, *how is it that Powell's Land is reduced to 40 Acres?*

## NORTON SUBCORSE.

(CLAVERING HUNDRED.)

G.—4 Pieces of Land, containing together 1A. 2R. 8P. let at 2l. 9s. 6d. a year, for charitable uses; and several Pieces (quantity unknown) lying intermixed with lands of William Windham, Esq. producing 1l. 13s. 4d. per annum, always applied for the repairs of the church, but nothing more is known relating to them.

OBSERVATION.—The total rent, in 1806, was 5l. 10s.

## NORTH REPPS.

Also, on the 1st of January in every year 12, and sometimes more, poor men are clothed with good warm coats, at the discretion of the Trustees of the said charity. Of this sum 5s. is to be yearly paid to the Churchwardens, towards the reparation of St. Swithin's church, and the rest for the benefit of the Poor.

For the payment of these sums a certain piece of land is tied, commonly called the Crab-tree Close; lying pretty near the walls of this city: the money is at present annually paid by Mr. De Hague, Town Clerk.

Abraham Robinson, late of this city, Gent. left by Will 1000l. the interest of which was to be applied yearly, for ever, in the binding out poor children (not more than one of which to be a girl) residing in Norwich, but not to journey-men weavers, nor was more than 10l. to be given

with each apprentice, of which apprentices one at least was to be chosen yearly out of the parish of St. Swithin.

The said Mr. Robinson gave also to this parish 100l. the interest whereof was to be yearly laid out in the purchase of housewife's clothes, shirts, and shifts, for such poor persons residing in this parish as were of the age of 60 years and upwards; but not more than one was to be given to each person in a year.

T. 1747 gives the following statement:—  
“ 50l. given by the Will of Mr. John Emerson, the principal of which is in the hands of Mr. Wm. Cockman, without security. The interest of the same is paid to the Churchwardens of the parish every other year, which is 5l. to bind out such a poor boy as the said Wm. Cockman, the executor, and the Churchwardens, think a proper object.”

T. 1801 mentions that Mr. Charles Emerson, of St. Margaret's parish, gave by Will 50l. which was left in the hands of Mr. William Cockman, his executor; the interest to be paid every 2 years to the Churchwardens and Overseers of this parish, to bind out a poor boy apprentice, at their discretion.

## NORWICH.

(ST. STEPHEN.)

T. 1806.—Mr. James Aldred, by Will, dated in 1658, gave a Meadow at Thuxton, in Norfolk, containing, by estimation, 6A. to the Churchwardens and Overseers of this parish, for ever,

on condition of distributing weekly 12d. in bread, every Sunday, amongst 12 of such Poor of the said parish as should come to church. If sick or lame, then the same was to be sent to them. This meadow is now rented by Mr. Daniel Newman, at 2l. 12s. per annum.

Alderman John Atkins, by Will, dated in 1558, gave a Close called the Mill Close, containing 3A. without the walls of the city, and in the county of the same, with a new-built Dwelling-house, lately erected; also an old Cottage and a Granary, formerly a stable and a mill-house, to 12 substantial inhabitants of the said parish, towards paying their task. He devised, that when six of these were dead, they were to be renewed to 12. The said close and premises are now leased by the Feoffees to William Wells, attorney, for 40 years, at the yearly rent of 14l. payable half-yearly.

George Mingay, late of this parish, Gent. by Will, dated in 1593, devised, that his brother John should have a Tenement which he purchased of Richard Browne, paying the testator's brother William 20l. for the purpose expressed in his Will. He further willed, that the Poor of this city, with the prisoners of the Castle and Guildhall, should have 10s. in bread yearly distributed out of his said tenements in Needham-street.

Henry Mingay, Esq. by a Codicil to his Will, dated in 1631, reciting the said George Mingay's Will and bequest of the said 20l. which had been paid to the said William Mingay, lest the said 20l. should be lost, willed, in lieu of the said bequest, that his heirs, owners of the said Browne's tenement, should weekly pay out of it 12d. to be distributed in bread amongst the poor

people of this parish for ever. This sum of 52s. and of the above 10s. to the two prisons, are now annually paid every Lady-day by John Patteson, Esq. the present owner of the said Browne's tenement, to the Churchwardens, for the purposes aforesaid.

Mrs. Frances Kemp, by Will, dated in 1632, gave to the Churchwardens of this parish yearly, upon the Feast of St. Thomas the Apostle, for a sermon on the same day in the afternoon, in the said parish, 10s. and 20s. to the Poor of this parish, and charged certain houses, lands, and tenements in Heydon, Norfolk, late belonging to W. E. Bulwer, Esq. with the payment of the said sums. The said 30s. is annually paid by the representatives of the said W. E. Bulwer, to the Churchwardens of this parish, for the purpose above mentioned.

John Bowde, late of this city, Gent. by Will, dated in 1688, ordered 20l. to be paid to the Churchwardens of this parish, to be by them lent to 4 tradesmen of the said parish, for 5 years, without interest, on bond, with sureties for the re-payment of it; and when re-paid, to be re-put out to 4 others, and so on for ever.

**OBSERVATION.**—10l. of this money has been lost by the insolvency of the persons to whom it was lent, and the remaining 10l. was, on the 17th of March 1806, lent to Francis Smith, of this parish, cooper, upon a security from himself and William Webster, his surety, payable upon demand, which security is with the parish writings.

Francis Gillians, late of this city, Gent. gave 100l. for binding out boys apprentices with the interest thereof, to be taken in turn out of 5 parishes in this city, named in his Will, out of which number this parish is one. The said 100l. was paid to the Corporation of this city, for an annuity of 5l. per annum, payable out of the

rent of Butter Hills, which is annually paid by them to the respective Ministers and Churchwardens of the said parishes, for binding out the said boys in their turn annually.

Rosse, Gentleman, and the Mayor, Sheriffs, &c. of the city of Norwich, in 1663, 2 poor boys were to be maintained in the Boys' Hospital; or 2 poor girls in the Girls' Hospital, whereof one of the said poor children was to be always put into the same out of the parish of St. John Timberhill.

In 1763, Benjamin Trappet gave, by Will, 4l. annually, out of the Estate where lived Mr. Walsby, then deceased, and now in the occupation of Mr. Annis, bookbinder, in St. Andrew's, which was to be given away in coals or bread upon every St. Thomas's Day.

**OBY with ASHBY and THIRNE.**

(WEST FLEGG HUNDRED.)

G.—5 Pieces of Land, containing together 3A. 1R. 20P. in the possession of the Rector of the parish, who pays 30s. per annum to the Churchwardens for the relief of the Poor, given according to tradition by Deed, by a person named Green, but not known for certainty, the writings having been lost for time immemorial.

**ORMES BY ST. MICHAEL.**

(EAST FLEGG HUNDRED.)

G.—16A. 20P. of Land, by admeasurement, let to sundry persons at 11l. 4s. per annum, which is applied in aid of the church and poors' rates, after deducting Land-tax 24s. and Lord's rent 6s. 5d. vested in John Ramey, John Ramey, jun. William Manning, and T. Turner. They were given previously to 1627, as in that year there was a commission under the Broad Seal to make enquiry respecting them, but the names of the donors are unknown, as well as the purpose for which they were originally given.

## OVERSTRAND.

(NORTH ERPINGHAM HUNDRED.)

G.—3A. of Land, vested in Henry Chaplin and William Harris, the rent of which has been distributed in coals for 20 years past, by the Parish Officers, though for what purpose, or who gave it, is unknown: present rent 1l. 19s. 8d. per annum.

T.—By a later Terrier, we find that the rent of the above land has been increased to 3l. 10s.

## OULTON.

(SOUTH ERPINGHAM HUNDRED.)

G.—Edmund Bell, in 1694, gave, by Deed, for the benefit of 10 widows of this place, 10s. a year, which is secured upon Land, vested in C. Bell, Esq.

T.—Two Town-houses, inhabited by 4 poor families.

## OUTWELL.

(CLACKCLOSE HUNDRED.)

T.—By a Terrier of 1806, it appears there are belonging to this place a House, Barn, Stable, and 52 Acres of Land, let to various tenants; but by whom given, or what is the annual produce therefrom, is not expressed.

Also 20s. a year, called Mr. Lambard's Dole, payable from 7A. of Land, in Elm Old Field, in the Isle of Ely.

## OXBURGH,

(SOUTH GREENHOE HUNDRED.)

G.—Thomas Hewer, Gent. left, by Will, dated Sept. 13th, 1619, an Estate, consisting of a farm-house, barn, stable, and dove-house, with 4A. of pasture, and 74A. of arable Land, or thereabouts, in 66 pieces, the rent of which then, 20l. per annum, was to be applied (after deducting 40s. yearly for a stock for repairs) two-thirds of it to the Poor on St. Thomas's Day, or near it, and one-third to the repairs and ornaments of the church. In 1723, the then Feoffees granted a lease, dated Sept. the 6th, of this estate, for 999 years, to Sir Henry Bedingfield, at 20l. a year, he paying taxes and doing all repairs. In 1724, the township was, by Act of Parliament, inclosed, and 12A. of arable were added, in lieu of a common right. *These lands, with the above addition, are still held by virtue of the aforesaid lease, at 20l. per annum.*

OBSERVATION.—We find by the Will of Thomas Hewer, that he *expressly* directed that the then tenant, or his wife, might *remain on the Farm during their natural lives, without any advance of rent, which was then 20l. per annum; but afterwards, as the value of land might increase, the rent should alter accordingly, and the gifts to the Poor and Church be advanced* in proportion, always deducting 40s. yearly towards repairs. Under such conditions, and therefore quite contrary to the Will, how could Trustees grant such an immensely long lease at the same rent? It was also directed, that as any two of the Trustees, who were to be six in number, should die, others were to be speedily appointed. No advance of rent, though the Will orders an advance according to the times, from 1619 to the present time!!! Modern Terriers say the house is dilapidated. By a Terrier of 1770 it appears it was burnt.

13A. of Land, in Oxburgh and Caldecot, vested in 4 Trustees in Cley, and two in Oxburgh, given by Mr. Yorker, in 1621, the rent then 3*l.* per annum, to this parish every 6th year: for particulars, see Cockley Cley. These were let on lease, dated 1st November 1724, for 999 years, to Sir Henry Bedingfield, whose successor, Sir Richard, kept them of course at the same low rent.

Mary Hammont gave by Will, dated in 1679, about 2A. of Pasture, with a Messuage, the rent to be annually distributed amongst the Poor on the Feast of St. James. The Feoffees of this Estate also granted *a like lease*, dated the 1st of October, 1723, for 999 years, to the aforesaid Sir Henry Bedingfield, at 2*l.* 10*s.* per annum. 8A. of Land were added to this gift at the time of inclosure, the whole of which is, in consequence of the above lease, occupied at the aforesaid rent.

Sir Henry Bedingfield also pays, at Lady Day, 2*l.* yearly, for Land belonging to the Township of Oxburgh, called the Walk Money. This last account is taken from a board fixed in the church at this place, dated 1735.

OBSERVATION.—By the above accounts it appears that there are in this place 113 Acres of Land, with buildings, let for 25*l.* 10*s.* a year, on leases for 999 years, beginning in 1723 and 1724!!! The present possessor must be surely ignorant of the terms on which he holds the above lands.

## OXWICK.

(LAUNDITCH HUNDRED.)

G.—Nicholas Dunham, in 1602, gave, by Will, an annual Payment of 3*s.* 4*d.* from Lands, vested in Thomas Case, Gent.

An Acre of Land, given by Nicholas Timperley, by Will, in 1672, which, with 4A. 1R. given by four persons whose names are unknown, produce together 4l. 12s. This sum, vested in the Minister and Churchwardens, is distributed yearly to the Poor.

### PAILING.

(HAPPING HUNDRED.)

T. 1806.—11l. in the hands of Sir George Berney Brograve, Bart. of Worstead, upon note at 4 per cent. per annum, the interest of which, for these 5 years past, has not been accounted for.

G.—The return states that the sum first given, though not known by whom, was 30l. but that by various losses it was reduced at that time to 11l.

### PASTON.

(TUNSTEAD HUNDRED.)

G.—Sir William Paston, in 1620, gave, by Deed, 8A. 1R. 20P. of Land, formerly vested in Trustees, who are all dead, occupied by John Sheppard and William Pilgrim, at the yearly rent of 6l. 12s. for the support of the Poor of this parish.

T. 1806 mentions a Town-house in the middle of the parish, occupied by Ann Bensley, Mary Bensley, and others.

## PENTNEY.

(FREEBRIDGE LYNN HUNDRED.)

G.—A Messuage, with 8A. 2R. of Land, vested in Richard Berney, of Lynn; Mr. Money, of Pentney; and Mr. Crisp, of Bilney; producing 13l. 0s. 6d. yearly, for the use of poor widows not collectioners; but by whom given is not known.

5l. left by Dorothy Adams, in 1713, vested in the Minister and Churchwardens, the interest thereof for the benefit of the Poor.

John Sawyer and William Flowerdew, about the year 1630, gave 5l. each, the interest to be given to the Poor of this parish; but in consequence of the person in whose hands it was placed becoming a bankrupt, and no composition paid, these said donations *were quite lost*.

## PICKENHAM NORTH.

(SOUTH GREENHOE HUNDRED.)

G.—A House, consisting of 3 small dwellings, vested in the Overseers, and occupied by poor persons rent free.

There belonged to this parish 20l. the interest whereof was yearly given to the Poor at Christmas, but the persons with whom it was placed dying insolvent, a few years back, the said money is lost.

## PICKENHAM SOUTH.

(SOUTH GREENHOE HUNDRED.)

G.—An Alms-house and Land, containing 2A. applied for the use of the Poor not taking collection; further particulars are unknown.

## PLUMSTEAD LITTLE.

(BLOFIELD HUNDRED.)

T. 1806 mentions an Alms-house for the use of the Poor, and 2A. 0R. 18P. of Land, which appear to have been given, at different times, by the family of the Hobarts.

Also 3 Inclosures, contiguous to each other, allotted under the Inclosure Act in 1800, for the use and benefit of the poor inhabitants, containing, by survey, 34A. 1R. 22P.

OBSERVATION.—The gifts by the Hobarts were noticed in the returns, but not perfectly.

## POSTWICK.

(BLOFIELD HUNDRED.)

T.—2 Half-acres of Meadow Ground; also 4A. of Land, at Surlingham, purchased with 50l. given by different persons; the rents for the Poor. Also 1 Alms-house, inhabited by 4 poor families.

OBSERVATION.—Only the 4A. purchased with the 50l. are noticed in the return.

## POTTER HEIGHAM.

(HAPPING HUNDRED.)

G.—9l. in the hands of William Whiteman, the interest of which is paid yearly at Easter, for the Poor of this place; but not known by whom given.

## PULHAM.

(EARSHAM HUNDRED.)

G.—William Pennyor, Esq. citizen and cloth-worker, by Will, dated in 1670, gave, for the Poor of this place, 4l. yearly, and towards the salary of the schoolmaster 5l. yearly, chargeable on an Estate in this parish, vested in the Governors of Christ's Hospital.

Two Copyhold Farms, one held of Pulham Manor, the other of Winsom Manor, a member thereof; the purposes for which they were given are not known; they are let, one at 14l. the other at 15l. per annum. The rents (repairs deducted) have hitherto been applied in aid of the rates and expences of the parish.

T.—By a Terrier it seems that these farms consist of 39 Acres. There are also 5 Cottages in the street, occupied by paupers. Also, with the consent of the Lord of the Manor, and the principal copyhold tenants, about 10A. of the common pasture, called South Green, have lately been enclosed, and a workhouse erected thereon for the use of the parish.

## PORLAND GREAT.

G.—8s. given by the Will of Ezekiel Skoyles, in 1661. Also 12s. by that of John Skoyles, the 28th of July, 1675, both arising from Land, vested in the Overseers for the time being, to be distributed among the Poor, in bread, yearly.

## PORINGLAND WITH HOWE.

See Howe with Poringland, p. 121.

T. 1729 says there are two Cottages standing on the Waste, well filled with poor people, constantly repaired at the charge of the parish.

### QUIDENHAM.

(GUILTCROSS HUNDRED.)

The Terriers up to 1784 state there are 14A. of Town Land, being in 17 pieces, in the Field of Quidenham, the rent of which, 3l. 3s. 4d. was formerly received by the Churchwarden, and expended in the repairs of the church, repairs of common fences and gates, and the relief of the Poor. The Terrier of 1784 states that these lands were then occupied by Manning Gooch, but says nothing of the rent. There is no account how the parish became possessed of this land.

### RANWORTH with PANXWITH.

(WALSHAM HUNDRED.)

G.—3A. 1R. of Land, vested in Edward Heath, and let at 2l. per annum, which rent is given to such Poor as do not take collection.

OBSERVATION.—These gifts are not in the Terrier for 1806.

### RAINHAM EAST ST. MARY.

(GALLOW HUNDRED.)

G.—A Close, called Down Land, containing 4A. occupied by Charles Money, who gives

yearly, in lieu of money, 2 chaldron of coals, free of expense, which are distributed among the Poor by the Parish Officers. It is not known by whom this piece of land was given.

Lord Townshend pays annually 5*l.* being a gift of Lady Berkeley, for the Poor of this place.

### RAINHAM WEST ST. MARGARET.

(GALLOW HUNDRED.)

G.—Peter Stringer, of Helhoughton, in this county, by Will, dated in 1661, left 200*l.* the interest thereof to be applied to the relief of the Poor of West Rainham, and to placing out town-born children apprentices, under the care of the Minister, Churchwardens, and Overseers, for the time being. This legacy, now in the hands of William Clarke Woodbine, Esq. has been increased to 250*l.* for which he pays interest. There is also in his hands a surplus of 8*l.* 19*s.* 1*d.* for which he pays no interest, being reserved as a stock (if wanted) for present use.

3*l.* 6*s.* 8*d.* paid by Lord Townshend, the gift of Lady Berkeley, for the Poor of this parish.

Certain Lands, the rents of which are 8*l.* but which (the land-tax and quit-rent to the amount of 1*l.* 5*s.* 4*d.* being deducted) bring in only 6*l.* 14*s.* 8*d.* These are paid alternately to the Parish Officers of this place and Helhoughton, and distributed among the Poor in coals; but it is not known by whom given.

OBSERVATION.—The quantity of land from which this last sum arises should have been specified in the return.

## RAINHAM SOUTH ST. MARTIN.

(GALLOW HUNDRED.)

G.—3l. 6s. 8d. annually paid by Lord Townshend, a gift of the aforesaid Lady Berkeley, for the Poor of this place.

inhabitants of the place, the tenants who pay it, or the steward of the owner of the farm : nor can it be made out from the Court Books of the Manor. It is thought that the donation is in land, for the following reason : the church of Snetterton receives 3*l.* yearly, paid partly from the same farm, and partly from another farm in the parish ; and by a memorandum made by a late Rector in an old register, this donation is said to be in land, lying in various pieces about the field of Snetterton, but the lands are not now to be found, the boundaries of them having been ploughed up time out of mind.

## THETFORD.

(ST. MARY, ST. PETER, AND ST. CUTHBERT.)

*As the best account of the Charities belonging to Thetford is to be found in Burrell's History thereof, we have made the following extract from that work. It is to be observed, that St. Mary's parish is partly in Suffolk, yet we could not separate it from the other two, seeing that a much larger portion of the town, which is in Norfolk, partakes of the Charities belonging to it :*

In consequence of the Will of Sir Richard Fulmerston, Knight, dated in 1566, an Act of Parliament was obtained, by which the following institutions took place: first, that of a perpetual Preacher at St. Mary's, to preach once a week, but at four different times in the year to mention the name of the founder, and to give God thanks for his pious and charitable foundation: secondly, that of a Free Grammar School, with a Master and Usher: and, thirdly, that of an Hospital in Black Fryers' Yard. In this Hospital were to be four poor people, two men and two

women. All these were to be a body politic; the preacher to be the master of the said school, and the usher and poor people to be the fellows, with the name of the Master and Fellows of the School and Hospital at Thetford. They were to have the power, under the Corporation, of letting the lands left them, and of applying the savings to building, repairs, &c. To support this charity, certain lands in Croxton were bequeathed by the founder, of which the clear profits are now 500*l.* per annum. Of this sum the clergyman receives 95*l.* annually; the schoolmaster 66*l.* 13*s.* 4*d.*; the usher 52*l.*; and each of the four poor people 5*s.* weekly. The appointment of preacher, usher, and poor applicant, is vested in the Corporation.

Sir Joseph Williamson, Knight, by Will, dated in 1701, bequeathed 200*l.* and the debt due to him from Mr. Heveningham, to the Corporation of Thetford, to be laid out in the purchase of lands and tenements, for such public good of the town of Thetford as his executors should think fit. The Corporation accordingly purchased of Sir Thomas Gage, Bart. a farm and several pieces of meadow ground, called Ox Pastures, situated at Fornham All Saints and Barton Parva, in the county of Suffolk. This sum (the Corporation being assisted by a decree in Chancery) is annually applied in binding out apprentices such boys and girls, inhabitants of the town, as are thought proper and deserving objects of charity; but when there is a want of such boys and girls, then the overplus of the revenue of the estate is laid out in cloth, and distributed among such poor people as have no children, or in putting boys and girls to school previous to their being bound apprentices.

OBSERVATION.—929 boys and 97 girls have been bound apprentices since it's institution.

Henry Smith, Alderman of London, by Will, in 1626, left his Estates at Stoughton, in the county of Leicester, of the then value of 220l. per annum, to be divided among several parishes specified in his Will, for charitable purposes, of which sum 10l. was annually paid, after his death, to the borough of Thetford; but in 1801, a lease of the said estates expiring, they were let for 558l. when the Governors of Christ's Hospital, who are the superintendents of this charity, caused 20l. per annum to be paid to the said borough. This sum is expended in purchasing and giving away to six poor people, in each of the three parishes, six grey coats, with the letter S. on their buttons.

Sir Edwin Rich, by Will, dated in 1675, bequeathed to the Poor of the borough of Thetford 20l. a year, for 500 years, chargeable on his Estate at Beccles, called Rose Hall Farm, to be paid every 18th of December, and to be laid out in bread or cloth for the same, upon every 24th of December, by the Mayor and two of the burgesses of the Corporation. This sum is annually laid out in cloathing for poor people, according to the Will of the donor.

William Barnham, Esq. an Alderman of the city of Norwich, by Will, dated in 1647, bequeathed 4l. annually, to be paid by the Mayor and Sheriffs, &c. of Norwich, out of certain Estates left to them, to the Mayor, Burgesses, and Commonalty of Thetford, for the purpose either of binding out apprentices or of apparelling poor children of the said town. The said charity is annually received from Norwich, and is expended in cloathing for poor people.

**OBSERVATION.**—This charity, although the property of the whole Corporation, is at present under the sole direction of the Mayor and Aldermen.

Sir Charles Harbord, Knight, by a Codicil to his Will, in 1679, bequeathed an annual benefaction to the Poor of Thetford, during the term of a lease granted him by the Crown; but the lease having expired, the charity has become extinct also.

On the dissolution of the Abbey of Thetford, by Henry the 8th (in consequence of which he gave it to the Right Honourable Thomas Howard, Duke of Norfolk) an agreement was made that the new owner, and that all future owners of the said Abbey, should for ever give to the Poor of Thetford 8l. 10s. annually, in lieu of the alms they were accustomed to receive of the Monks. This sum has been since regularly paid by the successive owners of the Abbey to the Mayor and Burgesses of the borough, who distribute it in cloathing, or such charitable purposes as they think proper. The alms given by the Monastery, for which the 8l. was deemed an equivalent, were valued thus:—2l. used to be paid to divers poor people annually, by the Prior; 16s. annually to poor people, by the same, at the celebration of the Lord's Supper; and 1l. 1s. 8d. to poor people, by the same, every Friday, for the repose of the soul of John, Duke of Norfolk, an ancient custom. The provisions and broken victuals daily distributed to the same, by the Prior, were calculated at 4l. 12s. 4d. per annum.

Mrs. Margaret Eden gave, by her Will, in 1616, the sum of 40l. to the Mayor and Corporation of Thetford, to be by them laid out in securing 3l. per annum for ever, to be paid to the Churchwardens and Overseers, for the use and benefit of the Poor of the three parishes. A

House in the Guildhall-yard (now the Red Lion) was purchased for that purpose by the Corporation, with an annual Rent Charge of 3l. to be paid as directed, and to be distributed by the Parish Officers in cloaths or firing to the Poor.

**OBSERVATION.**—The Mayor and Aldermen have, for a considerable time, undertaken the management of this charity, who dispose of it *as they think proper, without the assistance or interference of the Churchwardens.*

Mr. Thomas Gent, an Alderman of Thetford, gave, by Will, dated in 1608, to the Mayor and Corporation, for the use and benefit of the Poor of Thetford; and for the ringing of a bell, morning and night, throughout the year, a certain Messuage and Tenement, &c. but the messuage having been destroyed by fire, the only proceeds of the charity are 5s. 3d. arising annually from the ground of the said premises.

Sir John Wodehouse, Bart. in 1751, presented to the Corporation their securities, given to him for the payment of 200l. which he had advanced for their use, and all interest due thereon, on condition that they bound themselves, and their successors, to pay for ever to the Poor 20s. on every Christmas Day, as a donation from him, which they agreed to do, and for the better securing the payment of it, it was resolved, that all and every the rents and perquisites belonging to the Corporation should for ever remain and stand charged with the payment thereof. The above annuity is also entailed on the Red Lion, and is annually given to the Poor by the Mayor and Aldermen, according to Sir J. Wodehouse's direction.

William Firmage, a shepherd, of Barnham, gave, by Will, in 1599, the sum of 10l. for the use of the Poor of Thetford, to be paid by his

executors to the Mayor and Corporation, within one year next after his decease, which legacy the Mayor and Corporation paid to Robert Haytree, in consideration of his having executed a Deed, dated August 3, 1622, securing to them and their successors, for ever, the yearly sum of 20s. issuing out of the rents and profits of two Houses, with their appurtenances, situate at Thetford, opposite St. Mary's church, called Maiden's Head and Leadenhall; which 20s. was, at the Feast of St. Thomas the Apostle yearly, to be paid at or in the porch of the South door of the parish church of St. Mary. And by the aforesaid Deed, full power was given to the Mayor and Corporation, and their successors, as often as the said sum of 20s. should not be paid at the time and place appointed, to enter in and upon either of the said tenements, and distrain for as much of the annuity as should be in arrear.

**OBSERVATION.**—The above charity has been long discontinued, and the premises are now the property of Stephen Payne Galway, Esq.

Mr. Samuel Snelling, of Thetford, bequeathed to the parish of St. Cuthbert 1A. of Ground, situated at the extremity of the town, near the London turnpike, the rents and profits of which were to be annually divided among the poor inhabitants of that parish, for ever. At what time this bequest was made is uncertain. The land is now in the occupation of Robert Whitrod, at 40s. a year, which the Churchwardens add to the money arising from the poor land, and distribute to the Poor in coals during the winter.

By an Act of Inclosure, in the 44th year of his present Majesty, the following allotments were made to the three parishes of Thetford,\* for the use of such of the Poor as are legally settled there, and who have not received alms or collection

from any of the parishes : viz. to St. Peter's 19A. 3R. 10P.—to St. Cuthbert's 13A. 2R. 20P.—and to St. Mary's 23A. The above land has been let by auction to different occupiers, and the annual rents, amounting to 72*l.* are applied by the Parish Officers to the purchase of coals, which are distributed by them among the Poor, according to the provisions of the Act.

The sum of 150l. arrears of the said annuity, which for many years had been in part withheld, was recovered in 1720 by a decree, which directed the interest of the same to be applied to the same purposes as the annuity. This acre and workhouse cost about 1100l. and are vested in Charles Buck, John Jay, and others, as Trustees for the parish.

4A. of Land, in the field of Narford, rent 12s. a year.

OBSERVATION.—By the Terrier of 1806, this land appears to have been exchanged for 3A. in East Walton Field, let for the same rent, which appears much too little.

3s. 4d. a year, payable to the Churchwardens of East Walton, out of Notley Tithes, given by Mr. Hopes, for the poorest widows, on Palm Sunday.

T. 1709. —3A. of Land, in the North field of East Walton, given by William Friend, the rent for the Poor, at Christmas. T. 1806 states the rent of the land as then 41l. 16s. which Terrier also notices 8A. 2R. of Land, let for 2l. 2s. a year; it also states that there are invested in the 3 per cent. Consolidated Bank Annuities, 753l. 17s. purchased with the residue of the personal estate and effects of Mary, widow of Luke Dale, yielding an interest of 22l. 12s. 2d, applied, according to the direction of the Will, towards the support of a charity school in this place, for instructing such poor children in reading and writing as the Trustees, or major part of them, shall appoint.

T. 1740 mentions a House, Barn, and 63 Acres of Land, in a certain field there, called Inham Field, occupied by John Scott, at the yearly rent of 30l.

OBSERVATION.—This estate has not been mentioned in any subsequent Terriers. Those for 1763 and 1770 have an estate at the fen end of this parish, left and devised by the Will of John Wilcockson, for the use of the Poor, which was

lately under the direction of the Court of Chancery, and is now in the occupation of John Watts, but by what right or means is not known.

An old Terrier mentions a Town-house joining to the North-west corner of the church-yard, inhabited by John Cobb, a poor man.

A Piece of Land, vested in the same Trustees, let for 12s. a year, given in 1605, by Will, by John Pollard, for the relief of persons in illness.

OBSERVATION.—The return gives no account of the quantity of land, as it ought to have done; but it appears that the rent of the first piece is advanced to 11l. The Terrier for 1791 states there is also belonging to the said parish

of St. Lawrence 2R. of Land, now inclosed in the glebes of the Rectory, in Northern Field, which, with a Lot at North Bridge, used to be let by the Overseers of St. Lawrence for 6s. 8d. a year. Two Town-houses are also mentioned in said Terrier.

5s. a year for the Poor of this parish, for ever, payable out of a piece of Land bought of the heirs of George Swaine, of Wisbech St. Peter's, by a gardener named Pitch Eburn. This money has been regularly paid.

The Rev. R. Oswin, who signed the above return for Walsoken, concluded it by the following voluntary declaration:

“ Having been a resident clergyman in this  
 “ isle for upwards of 40 years, to my certain  
 “ knowledge there are two or three parishes  
 “ which have grossly misapplied estates be-  
 “ queathed to them for charitable uses, either  
 “ by the Trustees themselves letting those es-  
 “ tates *to one another*, or by misapplying them  
 “ to the ease of the church rate.”

“ Witness,—RICHARD OSWIN.”

T. 1763 states that there are belonging to this parish 18A. of inclosed pasture Land, lying in Parson Drove, in Leverington and Isle of Ely, in the field there called Bruck Field, otherwise Fen-hall, next Over Dyke on the East, &c. in the occupation of William Moor, at the yearly rent of 7l. 10s. Also 1 Cottage and 2R. of Land, lying in Walsoken, in a field there called Sibly Field, next the lands of Richard Sneath, North, &c. and let at 2l. per annum. This is the last Terrier in which the donations, &c. are; the other Terriers say that the Deeds belonging to the lands given to the Poor are kept under 3 locks and keys in the church trunk, and a table of the several gifts set up in the chancel thereof. The above Terrier also states that 3s. 4d. which is a Rent Charge, is to be given to the clerk and sexton at the same time that — Harvey's 10s. before-mentioned is distributed to the Poor. The cottage and half-acre of land in Sibly Field are by some means lost to the parish.

### WARHAM ALL SAINTS.

(NORTH GREENHOE HUNDRED.)

T.—The Terriers of 1716 and 1735 state, that the sum of 23l. was given by Christopher Ringer, late of Field Dalling, woolcomber, the interest to be laid out in blankets every New Year's Day, by the Minister, Officers, &c. for such poor people as take no collection, and that this said sum was, in 1735, in the hands of the executor of Nathaniel Athill, upon bond, sealed by Framlingham Dorland, Gent. This charity has been since lost. Likewise two small Cottages, situate in the street leading to Binham, on the West side of the river, inhabited by two poor women.

OBSERVATION.—The same property is stated as belonging to Warham St. Mary Magdalen, in a distinct Terrier for that purpose. There is probably some mistake in this statement.

This principal sum of 42l. 10s. is lodged in his hands until proper security can be provided, and the interest, 1l. 14s. 2d. is reserved to be distributed, as usual, on St. Thomas's Day, to such Poor as take no collection.

piece of Poor's Land, called Broad Corners, containing 1A. 12P. which he has inclosed and laid to his own estate.

OBSERVATION.—This last agreement of Plestow is not mentioned in any Terrier. By the Terrier for 1716, it appears that the Poor's money, which was then in the hands of 4 different persons, amounted to 54l. 9s. 9d.

## WATTON.

(WAYLAND HUNDRED.)

Land, which now produces 1l. 7s. a year, vested in the Churchwardens, given by Thomas Scott, in 1727, to be laid out in bread, and distributed to such Poor as take no collection.

OBSERVATION.—Stephen Turner's donation is omitted in the Terriers. The commons of this parish have been inclosed; since which there appear to be 63A. of Land belonging to the Poor.

A right or interest in the rents and profits of certain Lands lying in the parish of Old Buckenham, to be paid to this parish, with 4 other parishes respectively in their annual turn, to buy cloathing for such of their Poor as are most necessitous. This right is 7l. 18s. 6d. which is received by the Parish Officers, and given as above directed. No further account can be given concerning this donation.

Robert Wright, of Santon Downham, in Suffolk, settled a right or interest upon this parish, in the Free School established by him in the parish of Brandon, in the county of Suffolk, for instructing youth in grammar and other literature. The said Free School, however, at Brandon, for want of a proper understanding of the original settlement, has not as yet been any ways beneficial to the purpose intended.

**OBSERVATION.**—This must have been an apparently low rent for the quantity of land, even at the time of this return.

Thomas Hopes, Rector of North Runcion, in 1616 bequeathed 10s. a year, payable by the Rector of North Runcion out of tithes, to be distributed on the Sunday next before Easter, to 20 widows or poor householders, who receive no collection from the parish.

How much land is contained in the above gifts the returns do not state, but by the Terrier of 1801, it appears there are 40A. of Land, in 7 pieces, belonging to the parish, producing 37l. 14s. in addition to the above rent charge, and exclusive of the Town Close, containing 1A. The same Terrier states 40A. allotted from the heath upon an Inclosure Act, for the providing coals for the Poor, and now let upon lease, at the yearly rent of 22l.

This said legacy was expended in the purchase of the great tithes of this parish, and vested in the Churchwardens for the time being, and 16 Trustees. The produce in 1785 was 118l. from which the following payments were made:—Land-tax 8l. 8s.—Repairs of chancel, barn, &c. 25l.—Weekly benefaction 65l.—and Bishop's pension 1l. 1s. Only two of the Trustees are now living. The estate is now indebted to sundry lawyers upwards of 100l. for expences attending the nomination of new Trustees, which is not yet settled; so most likely the weekly benefactions must be stopped till their expences are paid.

T.—Two small Cottages, inhabited by the Poor.

## WOLFERTON.

(FREEBRIDGE LYNN HUNDRED.)

G.—60l. late in the hands of Henry Cornish Henly, Esq. formerly given, though not known

by whom, that the interest might be distributed among the poorest sort of people. This annuity has not been paid for many years.

To a fee-farm rent, paid to the Rt. Hon. Lord Walpole . . . . .	2	8	8

The rent of the above farm is 36l. per annum. Last year there was a residue of 7l. and it has been thought right to keep about 5l. in hand, in case of any extraordinary repairs.
