7. Deliberation:

(1) Re allowance

School Superintendent explained about the data given to every member as follows;

According to the decision of February session of the Board, new pay roll is being studied, in which uneven or unfair pays are sought for correction and all pays are adjusted within the 1951 budget. The final draft is desired to be written by the end of April, so that the new pay roll may be used by the end of May.

The suggestion given by the Board on April 5 that pays should not go below the level of the provisionary pay noticed last November, is followed in the draft.

Chairman asked the members to give their opinion,

Member Nishigawa's opinion was as follows:
Primary and middle school teachers who possess the old certificate for higher schools should be given two grade sallery up, including those who are qualified to appointment, and those of the special class of high school be given one degree up. Fund left over after the above upping will be used to adjust all individual unequitabilities to uplift the lower salery to the limit of higher one, while the latter remains as before. If there is yet left any amount, the standard pay level should be raised to spend all budget. We must do our best to increase teachers' sallery as much as the poor fund allows.

Member Nishimura said;
Primary and middle school teachers with higher certificate will be given pay-up. Those qualified to appointment will be the same, if they have served a certain period. Then all those teachers will be checked with the standard of five lines and all will be upped one degree within the possible limit except the top remains the same and the bottom is given additional one degree up. The present pay is to be respected, so that no pay cut will be done.

Member Sakamoto desired:
All will be upped one degree. If it is done after Nishimura's suggestion, there will be got some margin of fund, which will be used for the pay-up of those teachers with higher certificate. Fund for the raise of sallery for those qualified to appointment will be asked in the supplementary budget.

Nis himura remarked:
Two degree up for teachers with higher certificate will be given from last January. People enduring under ill luck should be sympathised.

Then the chairman proposed two alternative plans.

(1) Primary and middle school teachers with higher certificate are upped one degree at the end of last December and those qualified to appointment are upped one degree at the end of last December and March, if their service passed six months.
After the above upping all teachers are checked withthe five line standard prepared by the School Affairs Section. (Data No. 2) If the pay is above the central standard line by more than two degrees, it will remain as before. If it is above by less than one degree above the line, it will be upped one degree without exception. Again those within three degrees below the line will be all upped one degree additionally, but those whose upping is not justified will be upped only one degree. When there is left fund after the above upping, those under the standard line will be upped to begin with the lowest one.

(2) Those who are below the central standard line by more than two degrees will be all upped one degree. Those who are above the standard line by less than one degree will be also upped one degree. No other pay-up will be done.

Chairman Iwago, Vice-Chairman Nishigawa, Member Nishiuchi and Sakamoto were for the first plan. Member Yamahara and Nishimura were for the second. So the first plan was adopted.

Time for deliberation was five hours

(2) Personnel Affairs

School Superintendent proposed to appoint Uga a "shuji" clerk as a person in charge of supplies and to promote him to 2nd category work from 3rd category as Kitashiro Deputy chief of Administration Section was transferred to other post.

Tanaka a "shuji" of "Hata-gun" education office is desired to be promoted to 2nd category work.

Re vice school superintendent, as no competent person at present, Yasuoka chief of Miscellaneous Affairs Section is desired to hold an additional post as vice superintendent for some time.

This proposal was discussed in a closed door meeting and approved as proposed.

Time discussed 40 minutes.

(3) Re part time detached school establishment.

As I was authorized by President of Board of Education to negotiate with prefectural authorities in above connection in February basic budget.

Non establishment of a part time detached school of senior high school grade and its curricula was desired to be discussed.

Yamahara Member seconded this proposal and all other members followed him unanimously.

Time discussed 15 minutes.

(4) Re travelling expenses of teachers despatched to attend workshop and lecture courses held outside Kochi-ken. As the superintendent distributed the relevant data from guidance and administration sections, the guidance section needs ¥ 880,000 for workshop use and ¥ 770,000 for other purposes.
The workshop appropriation will be urged to be approved in the supplementary budget and the other ¥ 770,000 should be economized as much as possible, for which ¥ 400,000 is proposed to be defrayed feom ordinary travelling expenses.

The travelling expenses of attendants of workshop in Hiroshima are required in May.

So I want the payment of same is approved from above ¥ 400,000. For administration Section related quarters a sum of ¥ 200,000 is asked to be approved as travelling expenses to attend principals and Clerical Members meetings. This item a was so far accommodated from the expenses allocated to each school but the d defect of this system was the big schools got ample money while the small schools allocated scanty sums.

To above Yamahara member saif "How about to approve the expenses limited tc the urgently required sum and preferred 15 attendants to Hiroshima to be approved."

Sakamoto member said "As this is very useful matter, it is better to increase to 25 attendants."

Nishimura member said "it is desired to be very fair at appropriating the budgetary expenditure."

President said "Hiroshima workshop attendants to be 15 and ¥ 200,000 to be approved as subsidy to administration related personnel travelling expense."

Above 2 proposals were unanimously passed.

time used 1 hour.

(5) Bills to be introduced to Shikoku Block Education Administration and Finance Research Society.

Nishimura member said "A meeting of above society will be convend to-morrow with 2 subjects for discussion.

One is an apposition to establishment of Local Board of Education.

Along the decided line in Takamatsu meeting the opposing reasons researched in small committee will be introduced.

Other is that the Education Board should be authorized in Education Board Law to be able to introduce a bill to a prefectural Assembly in case the Governor's bill is disagreeable.

This latter will also be researched in tomorrow's meeting to arrive at a definite conclusion. He wished above to be thoroughly discussed. This proposal was approved unanimously

7. Conference

(1) Re personnel reshuffle (in closed door meeting)

Decisions:

a. To take every effort to research into putting the right man in right place by interchanging the local education office chiefs among city, and "gun".

b. The future interchanging of teachers among city and "gun" along the line of educational democratization is to be considered.

Above two desires attached to the introduced bills which were approved.

Discussed for 4 hours

Recd
15 April '51

(2) Re what to do after expiracy of T. B. Recuperation term.

Chairman said this bill had better decide in May when a law is expected to be enacted in this connection, to which all agreed to postpone to May.

Discussed for 4 hours

(3) Re draft regulation of Oath taking on the part of employees under the jurisdiction of Kochi Ken Education Board.

School superintendent said "in February Prefectural Assembly session a prefectural regulation based on the local public service law was voted to be effective on and after Mar. 20. According to Article 3 of above regulation, all the matters concerning the Oath administering is to be decided by the appointers that is in this case this education board." Hence this bill which was voted unanimously.

Discussed for 10 minutes

(4) Re draft regulation concerning the negotiation of the employees union.

School superintendent said " As the Governor told me that he is going to introduce the above draft to the Apr. 2 Prefectural Assembly session and asked me to refer it to this board session. Hence this bill," to which Yamahara member proposed that this negotiation should be carried out between the union and competent authorities with sincerity and responsibility and to be enacted to that effect.
After discussion in Article 3rd next to "the negotiation should be carried out between employee union and competent authorities" "with sincerity and responsibility" was desired to be inserted.
With above desire to be considered this bill was voted unanimously.

Discussed for 20 minutes

(5) Re citation of excellent teachers

School Superintendent gave explanation on the proposed draft for citation of excellent teachers as follows:-
Selection of teachers for citation has been studied since last November. It was difficult to pick up particular teachers only on the ground that one was excellent as a teacher, because there were too many excellent teachers. Therefore a certain standard was introduced to select the teachers recommended now. The citation is desired to be made as early as possible in view of its being a problem for a long time and on the budgetary necessity.

Teachers recommended in the propositionare Kamei Oishi, Principal of Tsubakiyama Primary School, Ikegawa-machi, Agawa-gun, Yoshi Ikuno, Teacher at Miyagi Primary School, Higashitsuno-mura, Takaoka-gun, Fukushige Ito, Principal of Hongawa Junior High School, Hongawa-mura, Tosa-gun, and Seiichi Yamamoto, Assistant teacher at Tanoura Primary School, Kotsukushi-machi, Hata-gun.

Principal Oishi devoted her long carrier in education at out-of-the-way places and only lady principal in the prefecture. Teacher Ono has not served long at out-of-the-way place, but her family life is worth for praise.

principal Ito has served for seventeen years for education at out-of-the-way place. Assistant teacher Yamamoto is chosen for his recommendable behabior. His deep love to his pupil moved him to be sympathised with three little brothers who were left behind their parents' death to be put in the care of their old grand mother. He has chosen to enter their family to live and take care with them in place of their parents.

Chairman asked opinion of the Board Members. The proposition was approved and decided unanimously.

7. Conference

(1) Concerning teachers' pay bill

Chairman said in last conference re above all opinion was exhausted and now it was to be voted.
It was approved unanimously

Time used 5 minutes

(2) Re teachers Reshuffle Policy Bill

Chairman said above should be voted at once.
Hatakenaka asked "Are those who are attending the clerical work in educational institutes included therein? Was not there some understanding that the above personnel reshuffle should follow the recommendation of teachers union?"

School Superintendent answered

"Yes the clerical work attendants are also included in this reshuffle program. As to the recommendation of teachers union we listen to their opinion but it is our option whether we put it into effect or not. In this connection I want to be concretely defined here to what extent we have to treat teachers' union opinion or recommendation"

Member Nishimura said "Above should be discussed at a later date as there will arise some problem."

Member Yamahara said "It is better to stick to what has been done. To be faithful to the basic policy there is no need to consider anything contrary to it."

Thus it was unanimously voted.

(3) Re bylaw of operating the library law.
School Superintendent said "Establishment and abolition of poblic and private libraries are required to file application according to the library law. As there is no formula decided it is preferred to enact the bylaw in this connection."
Member Sakamoto asked "When does it come into force?"
Chief of Social Education Sect. answered "It comes into force on and after the date promulgated in the Prefectural Gazette".
It was unanimously voted.
Time used 10 minutes.

(4) "Judo" at school

School superintendent gave the following informations.

According to Mr. Ono and other several officials of the Educational Ministry, the provision of Article 59 of Board of Education Law, which says "matters concerning contents of school cariculum," will give no prohibition. The Educational Ministry is to make control under that provision to allow respective school to prepare its own cariculum, so the problem should be considered by the school master. It may not be proper to rule out by legislation in view of the present educational conception. Officials of the Ministry had a opinion that a committee for the problem may be composed as a means to get proper advice. The superintendent hoped that "Judo" was to be adopted as a sport and it might be taught as one of the free caricula in the same level as of foot-ball during the school hour for gymuastics.

Chief of the Guidance Section gave the following explanation.
"Judo" may well be taught, when instructors are given full understanding of "Judo" in new start. Facilities and equipment, however, requiring a considerable expenditure, it will be almost impossible to open "Judo training when the school has no old facilities to make avail of. At first trial practice may be introduced in free caricula of gymnastics and then when it will prove satisfactory Judo may be made a required subject. Instruction of "Judo" will be donc by teachers for the present.
Chairman of the Board asked the opinion of members.
Member Nishimura advised that training of Judo might be put off for a certain period of preparation and the attitude of other prefectures on Judo must be studied before giving decision. While member Yamahara also hoped not to give early decision of the problem, Chairman advised it might be introduced soon as one type of sports under the responsible management of the school. Member Hatanaka agreed with the chairman. Member Sakamoto opined to give careful study. Member Nishiuchi's opinion was that in view of financial burden both for school and family it would be too early to open Judo training at present.
Chairman asked the Board whether Judo training will be opened in April or after a certain period of investigation. Members Hatanaka and Iwago were for April opening. Members Nishimura, Yamahara, Nishiuchi and Sakamoto were for the postponement. Then it was asked what period for investigation might be given. Hatanaka, Nishiuchi, Iwago and Sakamoto claimed the period would be one school term, while Yamahara and Nishimura desired it to be one year. The period of investigation was decided to be one school term. It was also decided to hold training course during that period.
Time for deliberation: 1 hour & 40 minutes.

(5) Re decision of the attitude towards cycle-race and horse-race.

Social Education Section chief proposed:
In regard to the above, the data from other prefectures were handed over to the members. The data says, each prefecture draws the school authorities' attention to this matter. Article 9 of the Horse Race Law prescribes that school pupils or students and minors shall not buy parimutual tickets, and it also provides for the penal regulation. The Cycle Race Law has not such regulation, but Kochi City By-law prohibits the minor's buying the ticket. In my opinion, it is desired to request the cooperation of prefectural and city authorities in banning the admission to the race by pupils, students and minors, while to encourage school principals and others to pay attention into it. P. T. A. or Board of Education should conduct a national scale campaign for abolition of the race.

Chairman referred the above proposal to the meeting.

Member Yamahara stated;

> The cycle race is undesirable to exist from the social point of view because it depress the working desire. However , it is not proper to totally abolish it, but suitable to pave the way for revision of the law on nation-wide scale.

Member Nishimura expressed his opinion that request would be made to precture and city, while instructions be given to schools, so that a tendency to revise the law might arise in a long run.

Member Sakamoto suggested the prohibition of the youth's buying the admission ticket.

Chairman said that a vote would be put after the Board's desire was reduced in writing.

Member Yamahara drew up the desire, which was voted on and decided in its original form.

time requred for deliberation:
1 hour and a half.

(6) Re independence or establishment of branch school.

School Superintendent proposed:

> In regard to the above, there are 7 primary branch schools to be independent, the same one to be established, 6 junior high to be independent and the same 4 to be established. Besides this, I received an application requesting that Kawaguchi Branch of None Primary would be changed to a branch of Narugawa Primary.
>
> I want to negotiate with the prefecture on establishment of the branch of part-time senior high, if approved by the Board of Education.

Member Yamahara said:

> I agree to school superintendent's proposal, but if possible, it is desired to distribute more teachers to such branch schllos.

Member Nishimura said:

> I stand by the proposal on condition that the teachers for branch schools will be increased when any surplus is found in no of teachers.

Decision was made as proposed, on independence or establishment of branch schools (primary and junior high).

Establishing the branch of part-time senior high school was approved as a draft, on the basis of which negotiation would be made with the prefecture.

Time required: 30 minutes.

(7) Selection of teachers to be admitted into training institutions or to be sent for study.

Chief of Teachers Training Institution proposed as follows:

> There are 41 applicants (3 women included) for admission into the training institution, 53 for study at universities in the prefecture including 3 women and 53 to be sent to other prefectures for study including 3 women. Last year special consideration was paid for women's applicants as one of the basic policies, but this year it was not done. Moreover two courses "vocational training" and "educational basic theory" were excluded from the research subjects.

In reply to member Sakamoto's question why such two courses were stricken out, chief answered, the reason was that no suitable candidates for these courses had been found.

Member Nishimura opined that partial stress should not put on the recommendation by Kyoiku Jimusho (Local Educational Office).

Member Yamahara wanted, the standard plan for selection would be referred to the Board when it was made out.

Chairman put to a vote, requesting the supporters to raise hands. All the members raised hands and the proposal was approved as proposed.

(1) Change of Pay.

Reference materials concerning the change of pay was handed in to the meeting by the School Superintendent, but the budget is closely connected with it so that until the next year budget is decided it is difficult to draft, so it would better be reserved once again. Chairman advised to wait a little longer until the budget is understood better. Member Nishimura agreed to reserve but questioned whether the March pay would be paid through new base which was approved at the previous meeting. School Superintendent answered that it would be paid from March. All members agreed and reserve was decided.

Time for discussion: 15 minutes.

(2) Plan of teachers' shift

School superintendent gave explanation of the draft plan. The draft was worked out on the principle of the board which put stress on betterment of compulsory education and achievement of the aim of reorganization of high schools. The most difficul point, to which energetic effort should be given, is the fifth item, which aims to anhialate sectionalism and make no discrimanation between types of school, city, country and the business office service of Board of Education.

School superintendent added that because of the poorest budgetary appropriation the university would be unable to open the course of "Hei-rui" (C type) for the coming school year. In response to chairman's asking opinious of the matter, member Yamahara stated that seeing it was difficult to give fundamental amendment and make substantial change in the shift plan, wishes of Board members might well be admitted.

Mmeber Nishimura remarked to wished points should well be made clear.

Member Sakamoto stressed that the personnel administration must be executed on the whole responsibility of the Board, so that the Board might never spoil its own independence. He added the data for reference would be collected, if necessary, from outsider bodies, associations, P.T.A. etc.

Chairman asked the plan would be given further study and be decided at the next session, to which all members agreed.

Time for discurrion: One hour and twenty minites.

(3) Personnel Affairs of the teachers.

School Superintendent said:

Hajime Tamura, teacher of Yasu Middle School went shooting sparrow last year and shot down two prohibited hunting birds and was fined 1,000 yen, so it is necessary to give him administrative punishment, and would like to give him disciplinary instruction. Another thing is to promote Shigehiro Mizobuchi to regular principal of Shigeto Junior High School. He, the actimg principal of the school has a cordial confidence of the parents, so the Board would like to appoint him principal. Chairman stated to omit the question and opinion concerning these matters and go straight on to a vote. Requested to raise hand if agree to the original bill. All members raised hard. Approved as proposed.

Time for discussion: 10 minutes.

(4) Aid mutual loan fund

School Superintendent said he handed in the gist concerning the aid mutual loan fund, ~~and~~ it was discussed fully at the study meeting and it was planned to begin loan at the latter part of this month. He stated that at present the capital would be 100,000 yen. Chairman asked if it's alright to omit the question and opinion and go on with the scoring. All members agreed, so the score was proceeded. All members agreed and approved as proposed.

Time for discussion: 15 minutes.

(5) 1951 Grammar School, Junior High School construction subsidy.

General Affairs Section Chief states that he would like to distribute a print concerning the 1951 Grammar School, Junior High School construction subsidy. Chairman consulted ~~the matter~~ to the meeting and Member Yamahara expresses that at present the said allocation of the Grammar School & Junior High School subsidy distribution is all provisionary. In the future there might be some change, so after the National treasury is understood clearly it will be proposed again and they will use it for report to-day and have a good understanding. All members agreed to have it as a report.

Time for discussion: 15 minutes.

7. Contents of meeting:

(1) How to Manage the Applications to Senior High School in 1951:-

School Superintendent gave explanation on the printed paper which was given to the members. He told that the plan was almost the same as that of last year and it was made through the consultation of six representatives of Junior High Schools and six representatives of Senior High Schools aided by the Business Office authorities.

Member Nishimura inquired what the relation was between the investigation card and the achievement test.
Clerk Kitadai answered that the result of achievement test was n not entered in the investigation card.

Member Yamahara hoped that for the full-time system schools the proposed plan might be acknowledged and that consideration might be given to find means to admit all applicants for part-time system schools, as in the case of full-time system.

Member Nishigawa stated that he would agree with Yamahara's opinion except he should like to limit the number of those coming outside of the basic principle to the least as possible.

Chairman asked the proposed plan might be acknowledged on the conditions that for full-time system the principle shown by No. 1 of Guide to Handling ("All applicants are admitted as a rule.") would be observed and there would be none left off, and that for the part-time system all applicants might be admitted as far as it would allow. Passed unanimously.
(Discussed for thirty minutes)

(2) Re alteration of the school jurisdiction over pupils' attendance.

School Superintendent proposed that Notsu-mura, Sakihama-machi, None-machi and Kannoura-machi asked for the change re above.

However he thought it better to keep status quo due to the reason mentioned on the printed document.

Member Nishiuchi asked if Sakihama pupils were attending school to which School Superintendent answered,
"Girl pupils may find it difficult to attend on foot.
But they can utilize the bus service."
Thus it was unanimously passed.
time for discussion 15 minutes.

(3) Re creation of courses in Senior High Schools.

School Superintendent said,

"Kochi Agricultural High School a live-stock course, Suzaki Technical High School, an electric course, Nakamura High School, a night general course, Hewa Branch School, a night general course, and Birafu branch school a night general course, were respectively requested to be created."

To above, school superintendent opined "Kochi Agricultural High School is desired to be as it is, being concluded from the whole Prefectural School course arrangement.

Suzaki Technical School is not needed an electric course in-view of consideration of an amalgamation of this school and Suzaki High School.

Nakamura High School is desired to be without the night general course.

Hewa branch school will have a night general course instead of receiving application for admission to the next school year's agricultural course. Birafu branch school is desired to be as it is."

Hewa branch school agricultural course is left as it is and all others were unaminously passed.

Time used 40 minutes

(4) Re teacher discharge

(3) Policy for 1951

Chairman wanted the draft made so far as to the policy for 1951 would be affirmed.
Committee member Nishimura proposed that a preamble should be added as the fundamental policy. All present agreeing, the preamble was drafted at the meeting by Preamble Draft Committee. All unanimously approved the preamble.
Thus the draft policy for 1951 was passed with its partial amendment.

(Time spent: 2 hrs.)

(4) Protest against horse-race and cycle-race in view of educational environment of the juvenile.

Mr. Yamahara, member of the Board, expressed the opinion that the Board might take some, positive measure against horse-race and cycle-race, to follow the determination of the National Conference of School Boards which emphasized the importance of healthy environment for education of the Juvenile. He told that as the program of the Board for the next year was written up, The Board should go farther to announce its attitude against the continuation of horse-race and cycle-race and to appeal to the public in the drive to expel movies and journals of doubtful morale. Mr. Nishimura, member of the Board, advised that the opinion of the Social Education Committee which just sat would be asked in connexion of Mr. Yamahara's proposition. Chairman asked the Board whether The Social Education Committee would be consulted and the decision of the Board would be made on the consideration of the advice of the committee.

All The Board agreed to Chairman's advice to the above effect.

   (1) Concerning the supplementary budget to be imtroduced to the Prefectural Assembly December Session.
   School superintendent said

   "As he has received ¥108,000 from Education Ministry as clerical expense of damaged primary and high schools subsidies, he will ask prefectural authorities to mention in the supplementary budget", to which Member Yamahara said "Instead of asking to memtion such expenses little by little, is it not better to get mentioned in it by one sum?"
   School superintendent answered.
   "In the allocation of expenses from National Government, there is an expense to be given so much per authorized number of person. But this money is rather political. Hence I think it better to have it put in the budget as we get it."
   Member Nishikawa seconded his propôsal to be approved unanimously.

   Time spent 20 minutes

   (2) Enterprise Planning for 1951 fiscal year.
   Chairman said
   "This bill was undecided in 20th regular meeting. We will resume today its deliberation, As this is a very important bill, we will have a recess to talk freely on this matter with secretariate authorities".
   It was approved and entered into free and informal discussion.
   Concerning the promotion of compulsory education.
   (1) Fulfillment of authorized number of teachers to be secured (2) emphasis to be put on the allocation of teachers concerning the 2nd year plan completion of the 3 year program following the reorganization of high school.

(1) allocation of right teacher in right place (2) Emphasis to be put on completion of school equipment.

All above was informably agreed but had no time to discuss formally. Hence adjourned.

(2) Re Travelling expense for primary or secondary school teachers who attend the assemblage for study.

School Superintendent said:

As for the travelling expense for those who attend the above assemblage, it is included in the additional budget draft prepared to be presented to the Pref. Assembly. I want your approval to pay it out of the ordinary travelling fund, already appropriated in the budget, if the additional budget does not pass the October Session of the Assembly.

Guidance Section chief explained about the situation of all other prefectures (including tree of Shikoku), where the above assemblage is held.

Member Yamahara expressed his opinion that the said travelling expense should be paid, though a stop-gap measure be also taken for the expenditures which were also covered as the ordinary travelling expense for teachers' attendance at their traing course for qualification.

All members decided to entrust this matter to chairman according to Nishigawa's opinion.

Time required: 40 minutes

(3) Budgetary bill to be presented to the October Session of the Prefectural Assembly:

School Superintendent stated:

The additional bills to be presented to the August Session were deliberated and passed by the regular Committee Meeting in August, but they were not presented to the Session as the amount of Equalization Grant had not been decided. Therefore they are to be brought forward to the October Session. In addition, the supplementary bills are to be presented, for which your deliberation is requested. The details of the bills will be explained by the sections concerned.

Following the above statement by the School Superintendent, explanation about the bills to be presented was made as follows:

Travel expenses for attendants of the Educational Leaders Course ----- by Guidance Section chief.

Budget for Local Travelling Exhibition of Japan Modern Arts.---------by Social Education Section chief.

Expenses of Executive office personnel, fixed no. of teachers of primary and Secondary schools and their salaries, School Nurses expenses and Remote Area Allowances for Senior High Schools teachers.-------School Affairs Section chief.

General Affairs Section chief explained:
The additional budget other than claimed in August is to emergently be presented based on date concerning damages by the Jane Typhoon.
After the explanation by the Section chiefs as above the chairman requested that each member's opinion or questions would be presented in connection with the budgetary bills.

Coming to the order after question and answer all members unanimously decided that further deliberation would lately be given to the budget when the budgetary figures have been adjusted.

5. Acknowledgment of the bills passed at the last meeting was made.

6. Content of the meeting

(1) Selection of teachers to be despatched for study for the latter term of 1950:

School Superintendent explained:

The Selection Committee member is seven (7) in number as shown on the printed paper, of which Yamasaki, of Kochi University, Nakamura, of Women College and Tamura, Teachers' Union have newly replaced those resigned.

The applicants were 99, of which 7 were decided as the students to study within this prefecture and 5 outside of the prefecture.

The general standards for Selection and method of selection are as shown on the papers.

After the above explanation the chairman asked for members' opinions.
Hatakenaka asked why those from Agawa-gun were not selected.
School Superintendent, Sugimura, answered to him that there were only two applicants in the gun.
As the result of vote asked by the chairman, the proposal was passed in its original form.
(Time required: 60 minutes)

(2) Transfer of School Principals at the end of August.

School Superintendent proposed:
The transfer of principals is to be made only in the area of Tosa-gun and Nagaoka-gun.
The vacant position of principal at the Korei Junior High School will be filled by Mr. Sasaki of Tachikawa J.H.S., and Mr. Nakanishi of Amatsubo J.H.S. fill the vacancy of the latter and the principal of Amatsubo J.H.S. be replaced by Mr. Sakamoto of the same school as acting principal.

Then he explained about the transfer of general teachers, giving figures.
The chairman asked for the members' opinion.
Nishikawa stated that he agreed to the transfer of the principals, and that of general teachers would be entrusted with the Executive Office.
The Chairman agreeding to the original proposal, wished the transfer of general teachers be reported to the Board of Education as soon as it was decided.
The proposal was unanimously passed in its original form.
(Time required: 40 minutes)

(3) Despatch of education personnel to the Course for Educational Leaders.

School Superintendent explained:
The Courses for School Superintendents and Teachers Consultants have been held for the past two years. The Course of this time however, is a little different from them. It aims at development of Education Departments of Universities and fostering lecturers of the Course for Teachers' Requalification Program.
The Course with some American professors cooperating will be available for the total of 1,450 students in two terms in Tokyo, and those students consist of universities and Boards of Education personnel will attend the Course involving 26 subjects.
As the letter requesting the list of applicants for the Course to be due by the end of August reached here on August 23, we had no time to select those students from among applicants to be raised by us.

So we had a conference consist of those from Kochi University, Prefectural Government and Board of Education on Aug. 25 to make the first selection.
As the result, 9 of Kochi University, 3 of the women college and 11 of Board of Education were preliminarily selected.
Contacting with those selected by telegram or other communication means and entrusting the formal Selection Committee members, we deliberated on the final selection this morning to obtain the result as shown on the papers.
The expenses for attending the course will be issued from Education Ministry as much as 150 yen per capita a day.
Also the prefectural authority is provide them with some amount of expenses, it is expected.
The chairman consulted with the meeting on the bill explained by the School Superintendent.
Yamahara stated that the number of students from Executive office are too many to agree with, considering the present important problem and the stutus at the time of the Course for Teachers' Requalification, and he wished that prominent persons among the general teachers will be selected to be the lecturers in the future and the same amount of expenses as Teachers consultans will be paid to them.
Then the meeting was put behind closed doors.
The bill was passed in its original form.

(Time: 2 hrs. and 10 m.)

(4) Lending a part of Nakamura Senior High School Dormitory to the Blind and Deaf Welfare Association.
School Superintendent explained on the above:
The branch of Pref. Blind and Deaf School is established within the Nakamura Senior High School, Nakamura-machi, Hata-gun.
If the part of the dormitory thereof is lent to The Blind and Deaf School as Home for the physically handicapped, the 80% of the total expenses for the facility are to be delibered by the state and the dormitory is to be completely managed by the state money to the great benefit of the handicapped children and the students of the school.
The main Blind and Deaf School of Kochi City lent a part of its building as the Home. I wish the Nakamura will follow suit. The conditioned of lending is as shown on the draft contract in the attached paper.

The chairman consulted with the meeting on the bill.
Yamahara asked: whether the Welfare Association is nation-wide organization or not.
School Affair Section chief made an explanation of the character of the Association.
The principal of the Blind and Deaf School further explained: the Association is not a legal person at present, but we wish to make it a corporate juridical person. It is very benefical to receive about 3,000 yen monthly per child as subsidy.

Nishikawa stated: I agree to the idea, but it is not a time to conclude contract with the representative of the Association, as it is not a legal person at present.

Sakamoto suggested that the original bill would be passed according to precedent on condition that the Association would be made of a legal person as early as possible.

The chairman proposed that the word of "Contract" would be amended as "memorundum" and alteration of the wording of the"memorundum" and alteration of the wording of the memorundum trusted with the Executive Office.

The bill was unanimously passed.

6. Subjects discussed.

(1) Teachers' training course for qualification.

School Superintendent requested the members to approve the following which came to unanimous agreement at the conference on July 15.

(a) As for teachers in service who take the above training course, travelling expenses required to attend the course will be paid to not only the teachers falling under the Article 7 but also to the ones not falling under the said article. The amount of the expense will be same in rate for the boths. The details such as the method and rate of payment, etc. will be entrusted to School Superintendent.

Rec'd 22 August 1950

(b) The total amount of the above travelling expenses will be limited to ¥ 11,000,000 for 5 periods from the 1st to the 5th.

(c) The travelling expense will be supplied from the budget of "Travelling Expense for teachers of Primary, Junior high and Senior High Schools" before the expense is appropriated in the additional budget.

(d) Other matters concerning the teachers training course for qualification will be conducted according to the established policy. The details will be entrusted to school Superintendent.

The Chairman called for a division without interpellation and discussion about the above, which was decided in its original form by 5 votes (Chairman Iwago, Vice-chairman Nishigawa, Nishiuchi, Hatakenaka and Sakamoto) to 1. (Yamahara).

Time required: 20 minutes.

(2) Additional Budget Draft to be presented to August Session of Prefectural Assembly.

School Superintendent stated:
August Session of Pref. Assembly is scheduled to be held for 2 days - Aug. 30 and 31. I hear, the coming session will discuss only the urgent and important matter such as recovery from disasters. So, the greater part of the above additional budget draft may be brought over to Nov. Session. I want you to decide how to handle this draft after deliberating on its contents.

General Affairs Section Chief Yasuoka explained about the figures of the additional budget, and then supplementary explanation was given by School Superintendent and School Administration Section Chief. The draft was unanimously approved in its original form, and negotiation business for presenting it to the Assembly was entrusted to Secretariat of the Education Board.

Time required: 1 hour and 20 minutes.

(3) Re reinvestigation of the course for certification in consequence of an amendment of law.

School superintendent said that the course for certification originally planned for 3 years, was amended to extend further 3 years being 6 years in all and that PTA prefectural liaison conference produced a request to end this years course by the end of Aug.

Chief of School Administration Section said that for those who fall under Article 7 it was too short to finish in 3 years.

It is desired to be fully discussed concerning lecturers and budgetary matters resulting from this amendment.

Yamahara member said that the attitude of Ministry of Education is altered and that we would examine the points radically unsuitable and then take steps toward amending law as Education Board getting cooperated by teacher union and clerical office.
Hatakenaka member said that since the law was amended we should re-examine our situation Nishiuchi member seconded Hatakenaka's opinion.
All members approved unanimously the alteration of the course for certification plan.
Nishikawa member said that the reexamination of the situation had better be discussed in a conferende, to which all agreed.

Time used 110 minutes

(4) Re increase of pay to faculty and teachers.
School superintendent said that he was informed by prefectural Office of the universal increase of pay to its employees as of 30th Jun. and that he wants to increase universally all the pay of employees keeping in pace with prefectural office as interchanging of personnel between Education Board clerical office and prefectural office. Hatakenake member asked how about budgetary affair in meeting universal pay increase, to which chief of miscellaneous section answered "We can realize it without resorting to supplementary budget."

(5) Re discretionary authority to be given to sectional chiefs.
School superintendent said that in the Kochi prefectural office the departmental and sectionals chiefs are authorized to decide such matters as minor affairs and petty payments according to the discretionary authority delegated to sectional and departmental chiefs regulation.
It is desired in our clerical office a similar regulation to be enacted to which Sakamoto member querried "Is such authority delegation limited to what the school superintendent is authorized discretionarily"
School superintendent answered to above and further details were left to Tsuchi clerk in charge for explanation.
Sakamoto member approved this bill on the ground that it improves efficiency and also it is encouraging for chiefs to carry out their work responsibly.
This bill was unanimously passed.

Time use 30 minutes

(6) Partial amendment of the rule concerning application for educational public official:
The School Superintendent said:-
The said rule has so far provided that the Identification Card of the applicant should be submitted with the application. However, it was suspended that town or village hall would issue the card to the individual applicant. Therefore, the Secretariat itself will hereafter contact with town authorities to obtain the card, when necessary.
So the paragraph in the rule providing the presentation of the identification will be cancelled.

The chairman consulted with those present.
Committeeman Nishikawa opined that the proposal would be admitted.
The proposal was unanimously passed.

Time: 10 minutes.

(7) Transfer of teachers at the end of August:

The School Superintendent said:-
Transfer of teachers at the end of August will be minimized. The reasons are that wide transfer is planned to be made at the end of this School year, the short course are being given at present, there are retired teachers and vacancies to some extent and the present personnel quota by city and gun is somewhat unreasonable.

The chairman consulted with those present.
Chairman Nishikawa supported the proposal.
All members also unanimously supported it.

Time: 25 minutes.

(8) Commission of committee members of Public School Teachers Mutual Aid Association Management Council:

The School Superintendent said:-

The Board of Education is to entrust the members of the said council from among both the Management and the Association members, 5 persons each. As to the 5 members to be sent from among the association members, the Teachers Union recommended 5 candidates and has asked that the 5 candidates will be entrusted as council member, although the School Superintendent requested that more than 5 candidates would be listed.

So saying, he proposed that the request of the union would be deliberated.

The chairman consulted with those present about the matter.
Committeeman Nishikawa stated that he would support the request of the union if there was no improper person among the recommended 5 persons.

Committeeman Yamahara said more opinions should be presented from the rest of the committee members.

Committeeman Sakamoto:-
More study about the problem must be made to deliberate it after withdrawing the proposal.

Committeeman, Takemura and Nishiuchi supported the above opinion.

Yamahara again stated the matter would be concluded on that day upon having complete understanding of the character of the Council.

Nishikawa proposed:

This matter would be retained to deliberate till next.

So all committeemen unanimously decided to suspend the deliberation.

7. Subject discussed

(1) On execution of teachers training course for qualification.
School-superintendent asked that as the teachers' union had made a proposal concerning the training course on June 30 and July 4, they should decide whether the training course was to be continued as schedule, or the meeting-place to which only a few teachers attended was to be changed, or how much unit were to be recognized to those who received re-education course hitherto.
Chairman Iwago consulted to the members. Board member, Yamahara said that the training course was to be carried out as planned, and he hoped to launch the campaign to amend. Teachers Licence Law and to obtain national subsidies, opening a liaison meeting of school-superintendents or members of Education Boards.

REC'D C.E.
DATE 27 JULY 1950

Mr. Hatakenaka said that he thought change of meeting place was the result of a few numbers of attendants, if so, why further study had not been made previously, and whether, the units to be granted to those teachers who received re-education beforehand was to be decided by Education Board.

School-superintendent answered that 19 places was selected for training course, but the number to attend had been surveyed by June 30, so that the number of attendants was not yet known. Number of units to be given to teachers who received re-education was decided by the Board, but the decision could not be unrational because the Ministry of Education make investigation.

Chairman asked whether the training course for teachers qualification was to be carried out as schedule.

Mr. Yamahara said it was heard that teachers union had an intention not to participate in the training course, so that it was guessed the number of teachers to be present would be very small. And whether the training course was to carried out as planned was to be decided after talks with teachers union.

Mr. Hatakenaka asked whether these was any room to have talk with the union.

A rest was taken and then the session went into recess. During the recess a talk was held with teachers union. The session was re-opened.

Good procedure →

Whether the training course was to be carried out as schedule or not was decided, and all members stood for to carry it as plan.

Chairman said number of units to be granted to teachers who received re-education would be increased as much as the regulations permits, and all the practical steps should be taken by the business office.

Mr. Yamahara said the business office should build a plan to launch a national campain opening Shikoku Conference.

Hours used: 4 and a half hours.

(2) Personnel Affairs of teachers

Secret meeting was held. to discuss about the personnel affairs of teachers. The original plan for this affairs was revised and decided.

Time required: 25 minutes

(3) Re Increase in pay for teachers at the end of May and June.

School Superintendent stated his proposal as follows:
Teachers, whose salaries are to be increased at the end of May reach 505 in number at Primary schools, 318 at junior high school, 37 at full time senior high schools, 7 at part time senior high schools and 2 at the blind & deaf school: and for this, 104,095 yen is required for primary schools, 61,781 yen for junior high, 9,820 yen for senior high and 418 yen for the blind & deaf, respectively per month.
As for increase in pay at the end of June, number of teachers favored with this treatment are 494 of primary schools, 242 of junior high, 76 of full time senior high, 18 of part-time senior high and 3 of the blind and deaf school. Money to be required for this increase in pay is 82,596 yen a month for primary, 43,417 yen for junior high, 18,710 yen for senior high and 456 yen for the blind and deaf school.

The chairman referred this proposal to the meeting.
Member Hatakenaka supported it saying that, he wants, this treatment will be realized as soon as possible. All members agreed to it in its original form.

Time required: 30 minutes

(4) Evactment of regulation in connection with certification of teachers and faculties.

Above regulation draft was decided on 10th Jan. to be passed as a joint regulation of Education Board and Prefectural authorities, to which we were notified by Local Autonomy Agency on 17th Mar. to the negative.
Hence this was introduced as an Education Board regulation and was passed unanimously.

Time for discussion: 20 minutes

(5) Re an additional authorization to be bestowed on school superintendent.

It is the authority of the education board to deliver the new certificates to teachers but actually such a matter is simply a clerical work. So it is preperred for school superintendent to be authorized to do so.
Hatakenaka member approved this proposal and all others followed him.

Discussion time: 20 minutes

(6) Partial change in distribution of National Subsidy for 6-3 system School Buildings:

School Superintendent proposed that the distribution of the National Subsidy for the latter half of the year would be deliberated to amend the amount of distribution, and General Affairs Section Chief explained about the original program about it.

Then the chairman consulted the meeting on the matter.

All members of the committee unanimously passed the proposal in its original form.

Time required for deliberation: 30 minutes

6. The resolutions of the previous meeting were approved.

7. Subjects for discussion referred to.

(1) re authorization of establishment of primary schools and application for the authorization of independence of junior high schools.

School superintendent expressed his desires as follows.

"An application for independence of primary schools was presented by a minor branch school of Betchaku, Higashikawa-mura. The distance between the main school and the branch school beeing quite long and the liaison between them being difficult together with some danger on the way, its authorization is desirable.

As for the application for independence of a branch school of a senior high school, the distance between the branch school of Oka-no-uchi, Makiyama-mura and its main school is quite long and the liaison between them is very difficult, together with a broad school district and a large number of pupils amounting to 153. Its authorization is desirable.

Then School superintendent expressed his opinions as follows.

"In the Tokonabe Branch School, Shimo-Hayama-mura, the Hatsuse Nishi (West) Branch School, Yasuhara-mura and the Kohiura Branch School, Ogawa-mura, both a primary school and a junior high school are in the same school-building and the principal is being considered to become principal of both the primary, and the junior high school.

As for Izumikawa Branch School, Choja-mura, Shigeto Branch School,and Kusunoki Branch School, Amatsubo-mura and Namekawa Branch School, Kochi City, the distance between the main school and the branch school is not so long and the liaison is not so difficult. Therefore, the authorization is not to be granted.

As for the establishment of junior high schools, Kawaguchi Junior High School is not authorized.

As for Betchaku Branch School of Higashikawa-mura Junior High School, its authorization will be suitable, because it is located out-of-the-way.

As for Tsuga-no-kawa Branch School of Tanoura Primary School, Kotsukushi-mura, it is desired to be authorized.

Those subjects were referred to the meeting by Chairman Iwago.

A question was made by Member Yamahara of how the decisions were made before their original bills were introduced.

A reply was made by School Superintendent that inquiry was made between Chief of School Administration Section and those concerned with schools."

Then Member Nishikawa expressed his opinion as follows.

"As for the authorization of establishment of schools and for the authorization of independent schools, the reasonable conclusion should be made after deliberation. I think that there may be such circumstances in bills except the proposal introduced to-day, and so, after investigation, the bills are desired to be inquired en bloc. Such bills are desired to be withdrawn today to be decided in the near future."

All agreed with him. The bills were withdrawn by School Superintendent.

(Deliberated on for 50 minutes'

(2) re establishment of a branch school where a part-time curriculum is established, and re change of curriculum.

School superintendent expressed his opinions as follows.

"It is earnestly desired by local people that Kusaka Branch School, Sakawa Senior High School, will be established, and one class of general course is desired to be authorized.

A general course is desired to be established in Mori Branch School and Mogoyama Branch School, Kochi Agricultural High School, but, Mori Branch School having now a special course of clothing course, the increased establishment of general course is desired to be authorized. On the other hand, Motoyama Branch School having now both a special course of clothing course, and an agricultural course, the number of applicants for the agricultural course will decrease, I think, if a general course is increasingly established. Therefore, a general course will be established for the next year, but the receiving of application for the agricultural course is desired to be stopped."

The subjects were referred to the meeting by Chairman Iwago.

Member Yamahara expressed his opinions as follows.

"As Motoyama Branch School is the highest educational institute in Reihoku District, the agricultural curriculum is desired not to be stopped, but to be kept. As for Mori Branch School and Kusaka Branch School, I agree to the bills in their original form."

Member Nishikawa expressed his regret of the agricultural course of Motoyama Branch School being stopped, but, the number of applicants for it being small, he agreed to the original bill.

Member Takemura expressed his opinion that he agreed to Member Nishikawa's opinion.

Chairman referred the bills to the meeting separately. As for Kusaka Branch School and Mori Branch School, all approved of the bills in their original form.

Member Yamahara repeatedly expressed his desire that the agricultural curriculum of Motoyama Branch School were desired to be kept with deep consideration given to the real situation in this circle.

Chairman took a vote on whether a general course would be increasingly established to the present curriculum, or the bill should be approved in its original form.

Agreed to the original form: Member Nishikawa and Takemura

Agreed to the increased establishment of
a general course to the present curriculum:

Member Iwego, Hatakenaka and
Yamahara.

As for Motoyama Branch School, a greater majority of members agreeing to the increased establishment of a general course to the present curriculum, the increased establishment of a general course was decided.

(Deliberated on for one hour and ten minutes.)

(3) re policy of personnel change of teachers to be made at the end of March.

School Superintendent read aloud the plan of personnel change policy, and Chairman Iwago referred it to the meeting.

Member Nishikawa remarked, "the revision of School district is left into the hands of Business Office, and the bill is approved in its original form."

All agreed with him, the bill being approved in its original form.

(Deliberated on for twenty minutes)

(4) re decision of research workers and teachers sent for study.

School Superintendent remarked, "The candidates were decided by 7 members of the deliberation committee, whose print was handed rounded to you to be decided."

It was referred to the meeting by Chairman Iwago.

Member Takemura expressed his opinion of agreeing to the bill in its original form. Then, Member Nishikawa expressed his opinion of agreeing to the bill in its original form though there can be found some unevenness in allotment according to different districts. Other members agreed to it.

Teachers sent for study outside the Prefecture.

VII. Discussion subjects referred to this meeting.

1. On allocation of national subsidy for construction of 6-3 system school buildings.

School Superintendent stated

As for the national subsidy to this prefecture for construction of 6-3 system school buildings, 1,500 millions yen was additionaly granted for last year and 4,500 millions yen approved this time.
Many errors were found in the investigation made last July, so we adjusted them to submit proper documents to the Education Ministry after making re-investigation in a thorough-going way. They passed through the authorities at the end of March this year with the aid of the Board members who went up to Tokyo to negotiate with the Education Ministry to get its approval. May 24 the ministry's intension was unofficially announced as shown on the paper handed over to you.
In distributing this subsidy to towns and villages we made out a draft of the allocation standard for this prefecture on the basis of the Education Ministry's plan. With regard to this, explanation will be given by the section concerned.

REC'D C.E.
DATE 20 June 1950

General Affairs Section Chief Yasuoka explained about the above standard and member Nishigawa stated as follows:

The gov't subsidy for last fiscal year was very small in amount contray to our expectation, so we petitioned to the central authorities to aquire more amount for 1950. It did not reach our expected aim, but I will express my hearty thanks for your efforts made until now. And, I will give my solid support to the said draft of the subsidy allocation standard, because I believe it has been made out after proper and thorough inquiry from all angles.

Other members agreed to Nishigawa's opinion and the draft was approved in its original form.

Time needed: 2 hours

2. Question to Social Education Committee

School Superintendent proposed to put question about principal plan for social education and holding of Social Education Study Meeting to the Social Education Committee meeting to be held during June.
The chairman, Iwago, then presented the proposal to the meeting. All members admitted it unanimously.

Time required: 40 minutes

3. 1950 Activity Plan of Investigation Section

School Superint.asked the meeting that the 1950 activity plan of Investigation Section described in the "Statistics Circular" No. 9 would be admitted, and explained that especially in this year the survey on local education administration and finance would be made from September to December. Then the chairman, Iwago asked opinion of the members.
This proposal was also unaminously passed with the condition that the activities would be carried out in democratic way on the basis of the original plan.

Time required: 30 minutes

4. Designation of "out-of-the-way" place

With the variation of transportation cicumstances, the classification of out-of-the-way places designated last year was to be changed. So that he despatched the personnel of School Affairs Section during April and May to survey those places in order to pay the out-of-the-way place allowance from the new fiscal year, the School

Superintendent so explained. And he asked the meeting to deliberate the payment program which had been made with intention of making the unit amount of each class near to the standard amount within the limit of established budget.

The Chairman, Iwago, then consulted with the meeting about it All members passed the payment plan unanimously.

Time required: one hour)

5. Concerning the partial amendment of No. 2 regulation of Education Board.

School superintendent proposed the 3rd paragraph of No. 2 regulations of Education Board to be amended as follows:-

The physical Examination Certificate Should be issued upon being examined by the prefectural health center accompanied by a roentgen picture. The chairman asked for its decision which was unanimously passed.

Time for discussion 20 minutes.

6. Concerning the enactment of a regulation in connection with the using of prefectural school facilities.

School superintendent introduced a bill to enact a regulation as above though such is not enacted in other prefectures.

Mr. Yamahara said;

It is unnecessary to enact such a regulation as it is better to leave such matter to the discretion of the school authorities.

Mr. Takemura said;

It is better to enact such a regulation from the view point of management.

Mrs.Nishiuchi said;

It is desirable to have such a regulation to some extent.

Mr. Nishikawa opined;

If such a regulation to be enacted, it is advisable to make it a draft regulation which will be referred to Senior High School principals conference and then decide the enact-ment The enactment of such a regulation was voted and passed.

Mr. Nishikawa said;

This regulation bill is preferred to be amended by the clerical office in its Article 5 stipulating the using of the school facilities for a long term and to ask every school to enact a regulation by themselves reflecting the desire of Board Education. If all the school authorities desire to have a uniform regulation enacted, then let us consider, to which all the member agreed.

Time used 1.30 hours.

VII. Discussion subjects referred to this meeting

1. Re appointment of school principals
School superintendent proposed on the above as follows:
As the Chuki Branch of Aki Senior High School has become an independent school, its principal should be decided. I think, Mr. Hidemasa Inuzuka, who was once the chief of part-time school of the Branch, is suitable for the post, when his character and ability considered.
Next, I want to make Mr. Taromaro Miyaji the principal of Betchaku Primary School, Higashigawa-mura, Aki-gun.

This proposal was referred to the meeting by chairman Member Takemura stated his opinion to support it, which was then approved by the meeting.

Time required: 15 minutes

REC'D C.E.
DATE 31 MAY 1950

2. Re Discontinuance of Kanan Branch of Yamada Senior High School.

School Superintendent stated his proposal as follows:

> Application was made by the village heads concered through the principal of Yamada High School to discontinue its Kanan Branch established by the association of Iwa-mura and 2 others. I want to discontinue it, because it has now no pupils.

Chairman Iwago referred this proposal to the meeting, and member Nishigawa stated that he does not oppose the discontinuance, but he desires, approval will be given after prudential investigation when its re-establishment is required in future.

All other members agreed to this and the proposal was approved in its original form.

Time required: 15 minutes

3. Re Increase in Pay for School Teachers at the end of March.

School Superintendent stated his proposal on the above as follows:

> "Business procedures are now being conducted for periodical advancement in salaries of school teachers. The amount to be increased and the number of teachers concerned are shown on the prints delivered to you".

Chairman Iwago referred this subject to the meeting, and Member Nishigawa said, he will agree to the superintendent's proposal according to the basic policy drawn from the conclusion at the former conference. Other members supported Nishigawa's opinion and then it was decided to enforce the pay increase in compliance with the said policy.

Time required: 1 hour

4. Re Standard of Allocation to "Gun" (counties) and City of Travelling Expense for Primary and High School Teachers.

> School Superintendent stated, one-third of the travelling expense will be indiscriminately divided among all districts and the remaining amount be apportioned by such rate as 7 for Hata-gun, Takaoka-gun, Aki-gun and Kami-gun, 5 for Tosa-gun, Nagaoka-gun and Agawa-gun, and 2 for Kochi City.

All members agreed to this.

Time used: 30 minutes.

5. Re In-Service Training.

School Superintendent stated:
In-service training will be conducted at 19 places. Steps will be taken to give as small burden as possible to those, who want to undergo the training, by shortening the days of their lodgings. The training will be held during Jan. 10 - Aug. 31, taking advantage of summer vacation. The vacation begins at the middle of July for university. I wish, primary and high schools have it earlier (July 5 - Sept. 5), because they will have to prepare for taking the In-Service Training. Among the teachers expected to participate in it, 3,033 persons fall under the Art. 7 of the Teachers' License Law. They should master the designated subjects in 3 years. I wish, steps will be taken for them to generally finish their training during this year - next, and thus to study the special subjects or the remaining ones in the 3rd year.

The training subjects for high school teacher were a little changed, so the lectures should be increased by 10 persons in number for such training place of Kochi, Nakamura and Aki.

Chairman Iwago said, he wish, this Training will be conducted generally according to the basic line mentioned in the above.

All member agreed with him.

Time required: 20 minutes.

6. Re Decision of School in charge and Establishment of Steering Committee for Training Gathering of Kindergartens and Primary Schools.

School Superintendent said:
This gathering is planned to be held at the begining of Dec. Showa Primary School was unofficially decided as the school in charge. I want this Board meeting to officially conclude it, and I wish to establish a steering committee for the training.

Chairman Iwago asked a question:
Are the steering committee-men appointed by the School Board?

Superintendent answered:
I want you to trust it with me.

Member Yamahara stated:
I agree to this proposal on condition that no burdens will be given to teachers and P.T.A., taking into consideration the essential of work shop.

Time used for discussion: 30 minutes.

7. Business Schedule of Guidance Section for 1950 fiscal year.

School Superintendent stated his proposal:

The business schedules of Guidance Section for 1950 fiscal year was generally understood at the conference held April 25. Last year there were 50 schools designated for teachers' training. This year, however, I wish to decrease these schools in number, because In-service training will be given during summer vation.

All members agreed to this proposal.

Time required: 15 minutes

8. Exhibition of text books for 1951. School Superintendent said that:

A Text Books Exhibition, which held last year, will be held this year, too. The Ministry of Education decided to held it during the time from June 5 to June 10, but in this prefecture it will be held from June 1 to 20, and at 24 places for the purpose to give teachers facilities.

Text books to be adopted in 1946 will be desided at the Text Book Adoptation Committee and then the Education Board will take the final decision, so that I wish the Text Book Adoptation Committee to make a proposal at the June cession of the Board.

This proposal was agreed without any objection.

Hours used: 30 minutes

9. Travelling expenses for training of teachers.

School Superintendent said that:

As shown in the print distributed here, expenses for teachers' training held in other prefectures sponsared by the Education Ministry amount to ¥1,080,800. And when the expenses are defrayed from the travelling expenses allocated to each school, only one teacher from a small school could go to receive the training. So that ¥500,000 is asked to be defrayed from the general travelling expenses of teachers. School Administration Section and Guidance Section tolked about it and they agreed to permit the requisition, and deficit will be defrayed from the travelling expenses of Guidance Section.

Number of teachers to attend the study meeting of junior high school's teachers held at Matsuyama is 87, and total expenses needed for them amount to ¥320,000, so that I hope it will be defrayed from the prefectural supplementary budget.

Mr. Hatakenaka, a member of the Board, asked if training meetings mentioned in the print are all sponsored by the Education Ministry, and School Superintendent answered affirmatively and that number of teachers to attend the those meetings from this prefecture is the smallest.

All member approved. Hours needed: 35 minutes.

10. Inquiries to Social Education Committee.

School Superintendent said that:
A meeting of the Social Education Committee will be held on 11th. And so I wish to ask some inquiries, mentioned in the print, concerning the works of Social Education Section.

All members agreed. Hours used: 25 minutes

11. Promotion of personnel of Business Office.

School Superintendent said that:
Salaries of those employees of Business Office who were employed before March 31, 1950 will be promoted by one degree retracing to December 31, 1949. Exceptions are those who are absent for a long time and daily employees.

All members agreed. Hours needed: 25 minutes.

12. Appointment and discharge of members of Administrative Inspection Committee of Business Office

School Superintendent said that:
Term of members of Administrative Inspection Committee has not been fixed, but as the new year began, I want to change the members. So that I ask you to amend the regulations concerned and to trust me with appointment of assistants.

All members agreed. Hours needed: 15 minutes.

above to be established
A sewing school at Kagami-mura to be established.
All above was approved.

30 minutes used for above discussion.

II. Re independence of the detached school of Aki Senior High School.

The superintendent asked for the approval of above as the governor agreed to the decrease of a donation of ¥1,000,000 to ¥300,000, which was passed in the previous session. Member Tamura said when ¥300,000 donation is to be made during 1950-51 fiscal year, and to have a promise in writing tendered in , it had better state the date distinctly.. Member Hatakenaka seconded Tamura's proposal by saying such a step as it leaves no consequence, is preperable.

All agreed to approve.time used 20 minutes.

III. Re transfer of teachers in 1950-51 fiscal year.

The superintendent worked along the fundamental policy decided by Education Board.
For Senior High Schools there was somewhat undesirable matter at reorganization, as number of teachers was unbalanced in curriculum.
This was removed and for increased teachers, not only young teachers but also middle aged teachers were employed.
For primary and junior high schools inter changing of teachers among primary, junior and senior high schools and rural and municipal districts was effected. In schools where assistant teachers were exceeding licensed teachers by far, licensed teachers were increased.
For municipal schools every effort was done to mitigate the discrepancy in school equipments.
In Hata-gun wel- balanced transfer was done.
In Takaoka-gun for sea side school and mountaneous district school, better teachers were transferred.
In Agawa-gun licensed teachers was transferred to mountaneous district schools.
In Tosa-Nagaoka-gun, the discrepancy in school facilities on account of district is removed.
In Kami-gun distribution of licensed teachers among districts was considered to be wel-balanced.
In Aki-gun fresh teachers were sent East of Middle Aki-gun and in mountaneous district licensed teachers were transferred.
That much the superintendent reported. At this time the session was cleared as they are to discuss the personnel matters.
This report was approved unanimously.
time used 3 hours.

IV. Re remote district allowance 1950-51 fiscal year. The superintendent asked for discussion in above connection whether above allowance will be stuck to as hitherto-fore or allow the maximum amount.

Member Tamura questioned why in Yusuhara Senior High School teachers are getting remote district allowance while primary and junior high school teachers are exempted, to which the superintendent replied senior high school is under a standard entirely different from primary & junior high schools.

A new bill will be introduced later considering the last year's precedence upon researching the transportation matters.

This it was decided time used 30 minutes.

V. Re provisional designation as "historic, scenic spot & natural monument.

As the owner of Asakura Old Tomb, which the other day you saw, presented his agreement to be designated as above in writing, the superintendent asked to do so, which was passed.

time used 10 minutes.

VI. Re supplementary bedget to be introduced to April Prefectural Assembly.

The details of above budget were explained by chief of Miscellaneous Affairs Section, which were passed.

time used 15 minutes.

VII. Re commendation of School servant Haru Miki of Kacho primary school.

The above person has been working in Kacho Primary School last 50 years. So on 7th Apr. '50 when this school has an inangural ceremony, this servant, the superintendant wanted to be commended officially there ,above was passed unani monsly.

time used 15 minutes.

VIII. Re Public Hall Nakamura Machi

The superintendent asked to express their attitude, as Education Board ,to supervise the existing Public Hall though unfit until Nakamura Town build a new one to replace, to which member Hatakenaka Questioned:

I am told this public hall was discussed among citizens. If Education Board second this problem, will they settle this matter themselves?
to which the superintendent replied:-
considering from the tone of public hearing, I think they will do so.
This bill was passed unanimously.

5. the minutes of the previous meeting were approved.

6. Subjects referred to the meeting.

(1) Re decision to be made of aspirants taking course for the qualification of prospective school superintendent.

Superintendent reported to the meeting that in last meeting Isamu Yoshiwara, Masutoyo Yanase, Toshio Fukuyoshi as supplementary were decided as course taking aspirants for above, which Yoshiwara and Fukuyoshi declined to accept.

Now Yanase is alone a course taken. So one more is desired to be decided here.

Chief Iwago requested the Board to approve the decline of Yoshiwara, to which Hatakenaka objected by proposing to decide one taken prior to it.

Yamahara proposed it should be picked up from the course attendants by their numerical order.

Superintendent said he is in receipt of documentary view of the Selection Committee.

Tamura proposed to let it be known to us and then let us decide. And they cleared this meeting to be kept on door closed.

Yoshio Fuchida was decided to be a course taken.

The meeting brought to a close. Time used 1.40 hour.

(2) Approval of establishment of primary schools and application for approval of independence of junior high schools.

School Superintendent said "though I presented you data concerning this problem, we have received several applications from schools after that. And it is difficult to discuss those which were presented by now separately, so that I wish you to decide the basic principle."

Chairman took councel with committeemen.
Mr. Hatakenaka, committeemen, said "draft concerning this problem will be presented at the comming committee meeting, and the standard to handle the applications will be made by the business office."

Mr. Tamura, committeemen, said "I wish you to decide whether we should discuss the applications presented by now or decide the basic principle, as change of teachers will occur."

Chairman stated that the decision will be postophoned by next meeting expected to be held on 15 March and all members agreed to it.

Time spent for discussion is 30 minutes.

(3) Independence of Chugei Senior High School,

School Superintendent said "The Chugei Senior High School was decided at the time of school reorganization to be handled as an independent school, and to become independent in fact at a ~~it~~ convenient time.

Construction of its school house is on the way now and will be completed at the end of April, though it was scheduled to be finished by the end of March.

People in Chugei District hoped that the school would be opend from 1st of April..

So, we made a draft of an written promise concerning the independence of the Senior High School and negotiated with people in the district about the promise. They said it was impossible to collect contribution of 1,000,000 yen, but 500,000 yen will be able to be collected. So we consulted with the prefectural General Affairs Section about this problem, and if the draft be approved, independence of the Chugei Senior High School will be realized from 1st of April."

Chairman takes councel with the committee-men and it was decided to make the school independent from 31, March, 1950, if the written promise is handed.

Time spent for discussion is 20 minutes.

(4) Re expost facts recognition for the supplementary budget bill presented to the Pref. Assembly of Feb.:

The School Superintendent told the committee that as the result of contact with the governor on Feb. 25 the proposal, 2,000 Yen of study allowance per teacher and 2,000 yen of overtime allowance per clerical, had not been accepted by the Pref. authorities, so the committee-members who then had been present at the talk with the Governor deliverated afterwards to decide that the bill, 1,000 yen per capita, would be introduced, together with pref. govt bill concerning the budget, asking the ex post facts recognition of the committee for the decision.

Then the speaker consulted with the committee about the matter.

Hatakenaka put a question whether the study allowance and the overtime allowance are involved in the bills or not.

Tamura stated the decision of the other day was made informally at the consultation meeting, so the ex post facts recognition should be formally made at the Committee meeting on that day.

Then the Speaker declared that the vote would be taken on the matter.

The Vote was as follows:

Voted for: Nishikawa, Takemura, Tamura, Nishiuchi, Iwago, Yamahara.

Voted against: Hatakenaka.

Thus the bill was recognized.
Time required for the meeting: one hour

(5) Appointment of members of the In-Service Education Council.

Owing to various circumstances, the decision of the candidates for the council member was delayed, though it should have been made earlier. So saying the School Superintendent wanted the committee to formally decide the candidates.

The speaker consulted with the committee about the matter.

Yamahara asked whether those who receive the In-service education can make their own plan for the education as well as the Education Board or the College. To his question the School Superintendent answered that the education plan is, as a rule, made by the Education Board and the College, but the students can also take part in making the plan.

All agreed to recognition of the original proposal.

¥ 1,000 to clerk each.
¥ 700 to Teachers working as clerk each.

Member Tamura agreed to the original bill, to which all members agreed.
This bill was approved in its original form. -
(10 minutes for discussion)

(2) re Universal promotion of salary to the clerks retroactive to the End of December, '49.

Superintendent asked for approval in connection with the universal promotion of pay to be given to the clerks by one "go" (one grade in payment) same as the clerks of prefectural office.

It was also minded that the Kochi-ken clerks are generally less paid than in other prefectural offices.

Member Tamura put a query "as this December universal promotion is an exceptional measure, it should not delay the periodical promotions to them", to which Superintendent replied in negative.

Rec'd 16/4/50

Member Yamahara asked, "Is this promotion just same as prefectural office?", to which superintendent replied in affirmative. Chairman Iwago asked if there was no objection to the approval of the original bill. After all this bill was passed unanimonsly in its original form.

(3) Measures concerning salaries of clerks transferred from teachers.

School Superintendent proposed that, as salaries of ordinary clerks has been promoted at the end of last year, some measures should be taken concerning clerks transferred from teachers, and chairman Iwago, presented the following proposal, which all members approved.

(a) When a teacher is appointed a clerk, basic salary shall be reduced by one for more than 10th grade (kyu) or two classes for less than 9th grade according to his salary classification as of the date of appointment.

(b) Promotion and sundry allowances of the above clerks shall be conducted in the same way as the ordinary clerks.

(c) When a teacher is appointed a teachers' consultant, his salary undertakes no change, and promotion and sundry allowances will be conducted in the same way as ordinary clerks.

(d) Basic salary and sundry allowances of teachers working as clerks are same with that of ordinary teachers, but not with that of ordinary clerks.

Concerning compensation, they will be treated in the same way as ordinary clerks.

(e) Salaries according to this measures will be put in force as of Feb. 1950.

(f) When a clerk is transferred to a teacher, he will be treated in the same way as an ordinary teacher. Literal amendment will be done by the business office.

(Hours needed to discuss this problem were 140 minutes)

(4) re Additional budget to be presented at the February session of the Prefectural Assembly.

School Superintendent said that, as the prefectural governor had asked him to present the draft concerning the additional budget by 31, Jan., he submitted it to the conference held on Jan. 27 and got it approved, and adjusted it unmerically.

Explanations of it by the Section in charge being asked to be made by School Superintendent, its numerical explanations were made by chief of general affairs sect.

Chairman Iwago put it to reference, and member Nishikawa agreed to the original bill.

There was an opinion that it might be convenient to present an additional budget concerning the Business Education Hall, which was indicated in the original bill, at a more suitable chance to be appropriated supplementarily.

All members agreed to the opinion, and the bill was approved in its original form.

(Hours needed to discuss this problem were 40 minutes.)

(5) re Designation of Mt. Akaki as historical site by the prefectural authorities:

School Superintendent expressed his opinion that Mt. Akaki would be designated as historical site now that the-five-person investigation committee had agreed to the designation after its inspection of the site following the request to the effect by Kisaburo Hamada last year.

Chairman Iwago put it to reference.

Member Yamahara asked whether farmland problem was involved in the designation problem as he was told, or not.

To the question, School Superintendent answered that he would immediately investigate about it as he had not been informed of it.

The Chairman Iwago claimed that the matter should be voted.

7. Discussion subjects brought before the meeting.

(1) re Selection of students to be admitted into part-time high school.

School Superintendent expressed his proposal as follows. There are considerably many candidates for admittion into 3 part-time high schools of this city, especially so in regard to the night course of them. We Executive Office of the School Board, want that the new students to be admitted into part-time high schools for 1950 will be limited at the seating capacity of year classes which are same in number as those for 1949, and that the principal will select the entering students by a proper method according to the actual circumstances of each school. In this case the candidates will not havethe examination in scholary attaiments, but be interviewed.

Chairman Iwago referred this proposal to the meeting for deliberation.

In response to the Board member Hatakenaka's question, "Can the selection be properly conducted without holding the scholaship examination and the like?", the School Affairs Section chief stated that the fixed attainments qualification is required for these candidates and, when interviewed, consideration will be seriously taken into whether they have the earnest will to continously attend school or not. Member Nishigawa expressed his opinion, "The admission of all candidates is our ideal, but now impossible owing to the insufficient capacity, so I will agree to the original proposal." After all it passed in original form.

(Time required for deliberation: 1 hour)

(2) re School attendance districts in case the Chugei Senior High School has become independent.

School Superintendent expressed his opinion as follows.

"The Chugei Senior High School is,at present, a branch school of the Aki Senior High School, but, after its re-organization, the Chugei Senior High School is decided to be independent. Its school-buildings are being built and with the new school year near at hand, there is some uneasiness about the students' entering schools of higher grade. Accordingly, the definite school district is desired to be decided which would be convenient to receiving applications for admission to the school.

The Business Office wants, as the school district, Yasuda-machi, Tano-machi, Nahari-machi, Umaji-mura and Kitagawa-Mura, and wants to have Hane-mura as the doubled school district of the Muroto and the Chugei Senior High School."

Chairman put the subject to reference.

Member Hatakenaka, expressed his opinion as follows.

"The bill for school attendance district is desired to be approved in its original form so that the parents and students in the locality may have some prospect for the future."

All agreed to his opinion, the bill being approved in its original form.

(Deliberated on for half an hour)

(3) re establishing a special course and a new course of the Senior High School,

School Superintendent expressed his opinion as follows.

"As for the new establishment of a special course in Hata Agricultural High School, there are many supporters for it, and the establishment is desired to be realized because of a special course in the locality being earnestly desired."

Then the following was expressed.
"It is earnestly desired that the fishing-boat and engine course, and fishing and wireless service course will be established in the Muroto-Misaki Fisheries School, but juding from the present situation, it would be not suitable", and "The new establishment of the live-stock raising course in the Kochi Agricultural School would be not suitable, too, under the present situation."

The explanation was made, then, of the following subjects as shown below, which was put to reference by Speake Iwago.
"The establishment of a domestic course in the Shimizu Senior High School is unsuitable, and the establishment of a general course in the Usa Branch School of Takaoka Senior High School is suitable with the enthusiasm among the local people considered, and, as for the application for the establishment of the part time system in Kusaka-mura is reserved becouse of its budget not yet decided, and the new establishment of a Dress course, one of the lessons concerning the domestic course in Hirooka Senior High School is unsuitable."

Board-member Hatakenaka expressed his opinion that he supported the bill introduced from the Secretariat of the Board of Education. Board-member Nishikawa expressed his opinion saying "I think there are still more opinions that they wish to establish the Special Course, but fully equipment of the Main Course is still more important, and I want to decide the matter after making closer examination. It is too early to decide it today."

Board-member Tamura supported the Nishikawa's opinion, saying that the establishment of Special Course will be good a year or two later.

Board-member Nishiuchi supported the establishing of it in the Hata Agricultural High School because there are many girl applicants and we should consider their ages. Board-member Takemura supported the establishment. Newly establishment of Special Course in the Hata Agricultural High School was decided by votes.

Members supported: Hatakanaka, Iwago, Takemura, and Nishiuchi.
Members disapproved: Nishigawa and Tamura.
Then, it was decided to be established.

Concerning the establishment of Live-stock Course in the Kochi Agricultural High School, Board-member Tamura said that in considering the farm setuation the early preparation and establishment are desired.

For other bills, all the Board-members approved the original ones.

(Time for discussion: One hour 40 minutes)

(4) Concerning the official commendation of the late Toyotaro Kawada as a person who has rendered great services Social Education.

Superintendent of Education explained that the said man lived at Sakawa-cho and did great services to social education at that area. He died in December, 1949, and now we want to consider the official commendation of his services.

Board-member Hatakenaka supported it, and said that the method of delivering the official written commendation would be left to Social Education Section. All the members supported and decided it.

Board-member Nishigawa expressed the necessary of the enactment of Official Commendation Regulations, and all the members supported it.

(Time for discussion; 15 minutes)

(5) Concerning the construction permission of Jizoji Junior High School.

It was introduced by Superintendent of Education as urgent bill, and said that he wants to treat it as the decision made by the Board of Education in some way, and added that we can not agree with the construction permission at present because there is no hope of settling the dispute in that village. Board-member Tamura supported it. Board-member Nishigawa wished the immediate decision of it, and all the members approved the original bill.
