No. 166

November 9, 1951

Subject: Standard storage rates for cold warehouses

To: YAMAZAKI Takeshi, Minister of Transportation

From: KIMURA Takanori, Chairman of Transportation Council

Report

With regard to the above subject which was referred to the Council by "Ko-So" No. 247 dated Oct. 23, 1951, a hearing was held in Tokyo on Nov. 2 the hear the opinions of officials of the Fisheries Agency, persons engaging in fisheries, dealers of vegetables and fruits and cold warehousing operators and after having made careful deliberations the report is hereby given as follows:

Text

It is judged proper that the standard storage rates for cold warehouse shall be established as Annexed Paper.

Reason omitted.

Annexed Paper

Standard Storage Rates for Cold Warehouses

1. Application of rates:
   (1) Basic storage shall be charged on a term basis; every calendar month is divided into two terms, first being from the 1st to the 15th and the second from the 16th to the end of the month.
   (2) Basic storage for the deposited goods, which may be computed on a measurement basis or on a weight basis, shall be charged on whichever basis that yields the greater amount; provided that it shall be subject to the commercial custom for the goods, if any.
   The number of *sai* of the deposited goods shall be the measurement computed from the outside including the packing. The number of *kan* of the deposited goods shall be gross weight including the packing.
   In case the goods is less than 1 *sai* or 3 *kan*, it shall be reckoned as 1 *sai* or 3 *kan*. However, this is not applicable to the goods in bulk.
   (3) The number of *tsubo* in the case of the storing on the *tsubo* basis shall be computed by multiplying the distance between two opposite walls by the height from the floor to the below end of the pipe; provided that the capacity occupied by pillars is excluded from the computation.
   (4) In the case of the storing for three days or less including days for warehousing and carrying out of warehouses, the storage may be computed by the day. In this case, the storage rates shall be one-fourth of the basic storage rates per day.
   (5) The fee for the carrying of a part of the deposited goods out of warehouses or the taking of a sample from the goods shall be 20 *yen* per once.
   (6) In case where a preliminary cooling, is conducted, 50% of the basic storage for a term shall additionally be charged.
   (7) In case the total amount of storage to be billed contains any fraction less than 50 *sen*, it shall be cut away, and in case a fraction is more than 50 *sen* and less than 1 *yen*, it shall be reckoned as 1 *yen*.
   (8) In case the storage per term per lot of goods computed as above does not amount to 30 *yen*, 30 *yen* shall be charged as the minimum fees.
2. Storage tariff:
   (1) Basic Storage Rates (per term)

Classification	Rates per *sai*	Rates per *kan*
A-class room (10°C. or below)	¥11.10	¥33.30
B-class room (Temperature between A and B)	8.00	24.00
C-class room (2°C. or above)	5.50	16.50

   (2) By-*tsubo* Storage Rates (per *tsubo* per month)

Classification	Rates
A-class room	¥2,290
B-class room	1,620
C-class room	1,160

   Remarks:
   Classification of rooms is subject to the same standard as in (1).
3. Extra rates:
   (1) Small goods which are less than 90 *sai* or 270 *kan* per lot shall be charged 100% extra rates in addition to the basic storage rates.
   (2) Meat of birds or beasts which require storing by hanging shall be charged 200% extra rates in addition to the basic storage rates.
   (3) In case part of a room is needed on the *tsubo* basis, 10% extra rates shall be charged in addition to the by-*tsubo* rates.
   (4) The following goods shall be charged the corresponding extra rates in addition to the basic storage rates:
   a) Bulky goods (more than 15 *sai* per lot), goods in bulk, goods unsuitable for piling, goods badly packed and goods easy to spoil 100% or less
   However, two or more of extra rates stipulated above may not be charged on the same and one deposited goods.
   b) Precious goods and chemicals 100% or less
   (5) In case two or more of the extra rates are to be charged on the same and one deposited goods, the total storage shall be computed by multiplying the basic storage by the total of those extra rates.
