

GLENDALE H. & T. CLUB

IN BIG CONTEST AT LONG BEACH
—SEARCHING FOR NEW
—GROUNDS

The Glendale Horseshoe and Tourist Club with three teams and the South Park Club of Los Angeles with two teams went to Long Beach today to play selected teams from the club there. Fifty games will be played, with ten mer. on each side. The Glendale boys will have a hard nut to crack, as Long Beach has some crack hurlers, but they hope to bring home the bacon. The Glendale Club has an even harder nut than this to crack, according to Walt H. Nicoles, the secretary, and that is the securing of new grounds for horseshoe pitching and croquet playing. The present grounds have been leased to Mr. Kelly, the florist, and the boys have to move. It is hoped to secure a central location, for in the estimation of the members, this club is quite an attraction to the winter tourists. There are on its rolls now the names of more than twenty new members of this class and they certainly enjoy the games, both the horseshoe pitching and croquet playing, rain or shine. The club greatly appreciates the favors shown it in the past by the owners of the grounds used and hope some others with vacant lots may come to their rescue with the offer of new grounds. They agree to clean them up thoroughly and keep them in good shape. W. N. Holman, 635 North Louise Street, is the president of the club and Walt H. Nicoles, 123 East Elk Avenue, is the secretary.

INCREASING DEMAND FOR VACANT LOTS

Now since a large number of the desirable residence properties in Glendale have changed hands and come into the possession of permanent owners there is an increasing demand for vacant lots. If people desiring to live in Glendale can not purchase improved residence property they must have some place to go, so the next best thing is to buy lots and build their own homes.

This state of affairs is bound to raise the price of lots and those who are in a position to know predict that it will be but a few months until lots will have increased in price from 50 to 100 per cent. The individual who is intending to build in Glendale and who is not now the owner of a vacant lot should get busy and make his selection while there is a large number to select from and the price is probably one-half what it will be in the near future. Those who purchased a residence property prior to the marked raise in price are not sorry for investing their money as they did. The certain increase in the price of vacant lots is no imaginary speculation, but will prove a business reality.

CITY SCHOOLS

BOARD RECEIVES PROPOSALS
FROM TEACHERS FOR AMERICANIZATION WORK

Matters of considerable interest were considered at the meeting of the Board of Trustees of City Schools Thursday evening.

Miss Midcalf, representing the Teachers' Club, came before the trustees with a proposition for grammar schools. She told the Board that six teachers had offered to give an evening a week each to this work without remuneration if the Board would provide for the other items of expense, such as heating, lighting, janitor service and supplies. The Board expressed itself as appreciating highly the offer of the teachers and instructed Superintendent White to prepare and present in the near future definite plans for the carrying out of the work.

Miss Midcalf stated that opportunity had not been given to the teachers in general to volunteer for this work, but to just those present at the committee meeting where the matter was discussed. She had no doubt, she said, but that there were many others who would want to take part. The work contemplated would be with adults, not only the foreign-born but the American-born, who felt the need of elementary school work. She said there would probably be classes in naturalization for the instruction of those who are candidates for citizenship which would cover what they have to know to be admitted as citizens.

There will be a meeting of the Teachers' Club with Mr. White very soon to formulate the plans requested by the Board.

A number of changes in the teaching staff will be made.

ANIMAL FRIENDS

GEORGE WHARTON JAMES GIVES
ENTERTAINING ACCOUNT OF
PERSONAL EXPERIENCES

Pupils of the Intermediate School, their parents and friends gave evidence of great pleasure in the illustrated lecture entitled "Love's Power Over Wild Animals," by George Wharton James, which was put on Friday evening in the auditorium of that school under the auspices of the "Nature Club."

The point made by Mr. James was that if one has a love for animals in his heart and shows confidence in them, it is easy to establish friendly relations with them. A good part of his lecture concerned his own interesting experiences with animals.

He spoke of the children in the school at Loma Linda who are not only allowed to have animal pets, but expected to have them, and who are encouraged in every way to love these little brothers in feathers and fur. He described the new viewpoint these children had given him and mentioned the boy who asked him to come and see his pet gopher, which he found living in its natural wild state but which came at the boy's whistle and seemed to enjoy his handling and petting as much as a kitten would.

Mr. James came from England to (Continued on Page 6)

PILGRIM MEMORIAL FUND

In pursuance of the obligations undertaken by Dr. H. E. Willisford when he was asked to be one of the workers in the drive to complete the "Pilgrim Memorial Fund" for which the First Congregational Church of this city released him for a period of two weeks, the doctor will speak Sunday morning at the Los Angeles Mesa Congregational Church and in the evening at the Graham Congregational Church.

The effort is to raise \$5,000,000 for this fund, the interest of which will be used to provide retiring pensions for all Congregational ministers reaching the age of sixty-five years. Already \$4,500,000 has been pledged. Those in charge of the drive expect the fund will aggregate not less than \$7,000,000.

MORE NEW RESIDENCES

A. L. Burson, the plastering contractor, who lives on South Louise, has just bought two lots on Milford, a short distance west of Central Avenue and will build on them. Another purchase of a lot for the same purpose is that of Mrs. Geo. C. Hastings of Salem Street, she buying a lot on Lexington Drive, just west of Central Avenue.

EMBRYO CONSTITUTIONAL LAWYERS

Prof. Harry Howe reports that his history classes are having "the time of their young lives" studying the constitution of the United States, which they devote upon as much as do most high school students. He has been putting them through some stiff quizzes and thinks he has discovered some splendid material for constitutional lawyers among girls as well as boys. Indeed the girls, especially shine. The only three marked one hundred on the test were girls, their names being Dorothy Woods, Dorothy Shaw and Madeline Love. Tuesday all the different history classes of the school are to meet in an assembly for a joint examination on questions prepared by their teachers. Prof. Howe, Miss Soper and Miss Dargie. It will be a sort of competition between the classes and promises to be lively.

SUDDEN DEATH OF NEW RESIDENT

Benjamin F. Haroff, who came to Glendale with his wife and son but two days ago, or January 21st, from Angora, Neb., and who has been a guest in the home of Henry C. Jaacks at 204 South Glendale Avenue, expired this morning, January 24, 1920, at 1:30 o'clock. He was a retired farmer. His passing is a shock to his wife, Mary Haroff, his five-year-old son, Henry Haroff, and a group of relatives, including two brothers and two sisters, viz., G. W. Haroff of Holdredge, Neb., Milton E. Haroff of Morris Park, N. Y., Mrs. Lida E. Krauser of Colon, Mich., Mrs. P. Richards of Rover, Mo., and the father of deceased, John H. Haroff. It is expected that funeral services will be held Monday afternoon at the Little Church of the Flowers in Forest Lawn Memorial Park, with Pulliam & Kiefer in charge.

INFLUENZA SITUATION

SURGEON GENERAL BLUE WARNS PUBLIC NOT TO GET
PANICKY DESPITE INCREASE

(Special Service to Glendale Evening News)

WASHINGTON, Jan. 24.—Surgeon General Blue, head of the Public Health Service, issued a warning to the country today against becoming panicky over the influenza situation despite the apparent increase in the number of cases. He said reports show there is no place where the disease has passed beyond control of the local health authorities.

Reports to health service showed the influenza situation in leading cities was: In New York, 1133 cases; San Francisco, 69 cases; the State of Connecticut, 243 cases, mostly in Hartford; in Kansas the disease is prevalent; in Oklahoma influenza is spreading but in a mild form. The reports show that everywhere the death rate is low.

POWHATAN NOW ADRIFT

LINE BY WHICH IT WAS BEING TOWED PARTS; PASSENGERS
REMOVED TO NORTHERN PACIFIC

(Special Service to Glendale Evening News)

NEW YORK, Jan. 24.—The transport Northern Pacific landed here today with 271 passengers removed at sea from the disabled transport Powhatan.

HALIFAX, Jan. 24.—A wireless from the disabled transport Powhatan today said that the tow-line by which the steamer Lady Laurier was towing her into port had parted and the Powhatan is now adrift.

TREATY COMPROMISE AGAIN DELAYED

SENATOR LODGE ANNOUNCES POSTPONEMENT TO GIVE
HIM CHANCE TO CONFER WITH COLLEAGUES

(Special Service to Glendale Evening News)

WASHINGTON, Jan. 24.—The Bipartisan conference on the peace treaty compromise was postponed again this morning. Senator Lodge, in announcing the postponement, said he desired to confer again with his Republican colleagues.

The postponement is the direct result of the action of the Johnson-Borah group in giving notice to Lodge that they would not accept the compromise as planned and would carry the fight against him into the primaries and the Republican National Convention.

MEXICAN OIL SCRAMBLE

APPLICATIONS BY AMERICANS FOR PERMITS UNDER
NEW AGREEMENT EXPECTED TO BE MANY

(Special Service to Glendale Evening News)

MEXICO CITY, Jan. 24.—When the American oil companies begin filing applications for permits to drill new wells under the recent agreement with Carranza whereby the oil dispute was settled, a wild scramble to resume development is expected.

Applications will be filed beginning next week. Many factors will contribute to the expected rush. The demand for oil is heavy. International competition will be keen because British companies have been drilling while American companies were idle. It is expected there will be much wildcat development in the states of Vera Cruz, Coahuila, Tamaulipas, Nuevo Leon, and near the Texas border, because many of the existing wells have been ruined by water during long idleness.

CYRUS TOWNSEND BRADY DEAD

CELEBRATED AUTHOR AND CLERGYMAN EXPIRES OF
PNEUMONIA AT YONKERS, N. Y.

NEW YORK, Jan. 24.—Rev. Cyrus Townsend Brady died of pneumonia at his home at Yonkers today. He had been ill since Thursday. He was aged fifty-nine years.

Rev. Brady served as an Episcopal minister in Mexico, Colorado, Kansas, Philadelphia, Toledo and in New York and was chaplain of the First Pennsylvania Volunteers in the Spanish war. He wrote among other works: "For Love of Country," "American Fights and Fighters," and "The Island of Regeneration."

CHICAGO'S COLD WEATHER

END OF ARCTIC WAVE WHICH HAS BEEN SWEEPING LAKE
REGIONS TO COME TOMORROW

CHICAGO, Jan. 24.—The Weather Bureau today predicted the end of the cold wave, which has been sweeping the lake region, would come tomorrow. All trains are from one to four hours late. This is due to heavy snowfalls.

EXTRADITION OF THE KAISER

GERMAN NEWSPAPER DECLARES GERMANY WILL NOT
URGE IT UPON HOLLAND

BERLIN, Jan. 24.—"The Borsen Gazette," a newspaper, declared today that Germany will refuse any allied request that she urge Holland to grant the extradition of the Kaiser.

GO TO CHINA

MR. AND MRS. A. C. HANSON
MAKE FAREWELL
VISIT HERE

Mr. and Mrs. Albert C. Hanson, under appointment to China as missionaries of the Seventh-day Adventist denomination, are making a farewell visit at the home of C. W. Hanson, 340 Vine Street, father of Mr. Hanson, before leaving on the Nanking in February.

Mr. Hanson is to be treasurer of the Kiangsu Mission, with headquarters at Shanghai, answering a call so urgent that he leaves college in his senior year. He was to have received his degree in June from Pacific Union College, a Seventh-day Adventist college at St. Helena, Calif., of which Mrs. Hanson is an alumna and instructor.

Mr. C. W. Hanson already has a daughter in China, Mrs. S. A. Nagel, but the brother and sister will be more than a thousand miles apart, as Mrs. Nagel is in the South China Union Conference and Kiangsu is in the North China Union. The Seventh-day Adventists supported forty foreign workers in China last year, besides many native colporteurs and evangelists. They have a publishing house, a training school, and a sanitarium in Shanghai, which is also the headquarters for the Asiatic Division Conference.

MUSIC SECTION

"STUDENTS' DAY" PROGRAM AT
HOME OF MRS. COLIN CABLE
MUCH ENJOYED

The Music Section of the Tuesday Afternoon Club met at the home of Mrs. Colin Cable, at 505 South Columbus Ave. Friday afternoon, with the curator, Mrs. Charles A. Parker in the chair.

A fine paper on the study of music was read by Mrs. Eva Cunningham, and a program which was designated as "Students' Day" was given by pupils of Madame Shank, Miss Gertrude Champlain and Mesdames Roy W. Masters, C. L. Marlenee, A. H. Montgomery, and Pearl Keller Brattain. It included the following numbers:

Piano solos by William McRae, aged 7; Waltz (Chopin) and Etudes (Ravina).

Quintette—"Winkin', Blinkin' and Nod," by Mesdames Shank, Yost and Rossiter, Miss Miriam McIntyre of Gardena and Miss Shaw, accompanied upon the piano by Mesdames Warren and Yates.

Piano solos—"Arpeggio Waltz," by Caroline Crawford; and "Minuette" (Mozart) by Gertrude Phillips. Recitation—"The Shadow March" (Robert Louis Stevenson) Evelyn Hunt, accompanied upon the piano by Leone Hunt.

Piano solos—"Barcarole" (Tschalchowsky) Winifred Parker. Recitations—"Money Musk" and "Pa Did It," Dorothy van Dyke.

Vocal solos—"Winds in the South" and "Now Sleeps the Crimson Petal," Mrs. S. P. Rossiter.

Piano solo—"Witch's Dance," and "Curious Story," by Beryl Goodale. Vocal solos—"Oh, Radiant Hour!" and "Sylvia," by Miss Shaw.

By request Mrs. Le Roy Bosserman gave Paderewski's "Minuet" on the piano, which was enthusiastically received.

In response to roll call, members gave quotations from the writings of musicians or relating to music.

Mrs. Dora Gibson, head of the music department of the High School, placed before the section in a concise manner the need to vote bonds for a site and new buildings for that school, and urged the co-operation of those present.

Delicious refreshments were served by the hostess, who was assisted by Mrs. Le Roy Bosserman. About fifty ladies were present.

HAD TO LEAVE GLENDALE

An usual case of where affairs failed to dovetail was that of James L. Donnelly who came to Glendale a short time ago and bought from Mr. Farmer property at 604 North Glendale Avenue, which he proposed to occupy as a home. For about a year he had been negotiating for a position with the new railroad running east from San Diego, but had given up all hope of securing it before he came to Glendale. Just as he had gotten nicely settled with his family in the newly purchased home he was notified by the San Diego Railroad that it wanted him, so he promptly vacated and went back to San Diego where his home now is.

KNIGHTS TEMPLAR BALL

BEAUTIFUL SETTING AND COS-
TUMING MARK BRIL-
Liant FUNCTION

The Knights Templar ball, which came off Friday evening, in numbers and in brilliance of setting and costuming easily eclipsed anything of its kind that has taken place in Glendale since the new year calendar began, and set a new pace in the social functions of the lodge.

To Mesdames C. O. Pulliam and C. L. Peckham was given credit for the decoration of the main hall, and the skill with which they utilized the Templar colors, black, white and red, and the symbols of the order, commanded the admiration of all beholders. Across the central platform was a screen of small trees, on the right of the platform the lodge flag and on the left the Stars and Stripes in standard. In the center of the wall, behind, was a large disk framed in gold leaves, lettered with the name of the lodge, and on either side were shields embossed with the cross and crown of the order. On the right and left of the stage, marking the exits, were diagonal bars of white lattice-work twined with ivy, backed with a festooning of ivy. Along the side walls at regular intervals were hung disks framed in gilded wreaths similar to the one upon the stage, but lettered with the motto of the order: "In hoc signo vinces," and centered with the Maltese cross in red with crossed swords indicated. These shields, it was explained, were the work of students in the art department of the High School and a dignified, highly effective and appropriate decoration they made.

At similar intervals between windows large white cornucopias were filled with asparagus fern and scarlet carnations, repeating the color scheme. On either side of the entrance (Continued on Page 6)

GOODWINS ENTERTAIN HOUSE
GUESTS

During the past week Mr. and Mrs. H. P. Goodwin of 212 Garfield Avenue have had the pleasure of entertaining Mr. and Mrs. Willard Kirby and son, Frederick, from Imperial Valley. Mrs. Kirby is a sister of Mrs. Goodwin. The Goodwins have also entertained Mr. and Mrs. William H. Garratt of Omaha, Nebr. Mr. Garratt is the general freight agent of the Union Pacific Railroad and he and Mrs. Garratt usually visit California several times a year. The Goodwins have been entertaining these house guests with sightseeing trips and other diversions.

CINCINNATI FAMILY LOCATES IN
GLENDALE

J. W. Hartman, who came to Glendale recently with his wife and son from Cincinnati, O., and located temporarily on South Maryland Avenue, has just bought one of the new houses on Howard Street, just above Doran, that J. H. Flower has recently built. It is a five-room house. The Hartmans chose Glendale as their permanent home after considerable looking about and are glad to be located at last. Kerker & McMillan made the sale to them.

WOMEN'S RELIEF CORPS

ENTERTAINS VETERANS WITH
PIE AND OTHER GOOD
THINGS TO EAT

At the all-day meeting of the Women's Relief Corps on Friday, covers were laid at the midday luncheon for between seventy-five and eighty guests. A special treat on the menu was pie, the pumpkin variety being most in evidence and greatly enjoyed by the veterans who always come out to these pleasant social gatherings.

The program for the afternoon following the luncheon was quite informal and impromptu. Samuel Parker gave one of his characteristic five-minute talks, Mrs. Eustace B. Moore recited a juvenile selection, and there was general discussion of business and patriotic affairs and then the corps initiated five new members.

Mrs. J. B. Hayes referred to the organization of the first Women's Relief Corps in Denver in 1883, and of the organization of a corps in the Illinois town in which she was then living a few months afterward. She mentioned as a singular and pleasant coincidence that during the thirty-six years she had never failed to attend a meeting of a relief corps during the week in which she celebrated her birthday. Several times the meeting had fallen on her natal day.

PROFIT SHARING

FORD EMPLOYEES OF LOS ANGELES BRANCH RECEIVING BONUSES TO AMOUNT OF \$115,000

News that Henry Ford has obtained entire control of the big Ford interests has been hailed with delight by nearly 100,000 employes throughout the country, since the buying out of all minor stockholders gives Mr. Ford and his son, Edsel, entire con-

trol of every branch of the big Ford interests and allows them to install their own methods of dealing with employes.

Immediately upon acquiring entire interest in the plant, Mr. Ford announced as an extension of the profit-sharing plan of the company, the giving of bonuses for the year of 1919. The amount of bonuses will be divided among employes at the home plant and every branch in the United States as well as in all foreign branches.

According to the schedule of the

new bonus plan every man who has been with the Ford Company for five years will receive a bonus of one month's pay. For those who have been with the company four years they will receive one month's pay, minus twenty dollars. The scale is graduated in that method down to the man who was employed before October 1, 1919.

The new bonus means the distribution of about \$15,000 in cash in the local branch, according to B. L. Graves, in addition to the usual profit-sharing distribution of the company. The distribution will take place immediately.

THE CLEVELAND SIX

BARTLETT & FRENCH ARE TRYING TO HAVE ALLOTMENT DOUBLED

An excellent idea of the tremendous growth of the automobile and how it has become a part of our daily life can be seen from the fact that since 1914 there has been an increase of 258 per cent in the number of automobiles purchased in the United States. And still the public clamors for many—a very great many—more cars.

Take the Cleveland Six, for instance. In view of the insistent demand for more and yet more of these remarkably successful valve-in-head light sixes, the Cleveland Automobile Company last week broke ground for yet another enlargement of its factory, which will increase its manufacturing facilities by one-third. The new addition will cost \$250,000, and comprises a four-story steel and concrete building 200x80 feet. With the completion of the new unit the Cleveland factory will contain 256,000 square feet of floor space.

Plans are in preparation for additional expansion which will eventually cover the entire nineteen-acre tract surrounding the present buildings.

"Keep your eye on the Cleveland Six," is the word passed by Bartlett & French, the local distributors, who are at present making every effort to have their allotment of Cleverlands for this territory doubled, because of the lively way in which orders have already piled up since the first of the year.

YOUR CAR GUARANTEE

WARRANTY DOES NOT EXTEND TO UPKEEP—EXPLANATION NEEDED

An important factor in buying a motor car which the average owner frequently misunderstands is the guarantee which covers a car.

The same sales contracts are used by all motor car manufacturers, and in every instance this contract covers the guarantee of workmanship and materials for from 30 to 90 days. For instance, the following is a copy of a contract which is used by almost every automobile manufacturer in the United States:

"We fully guarantee new motor carriages and trucks to be free from defective materials and workmanship for ninety days from date of delivery to purchaser.

"We will replace, free of charge, any part claimed to be defective, within ninety days from delivery of vehicle to purchaser, which shall be returned to us for credit or replacement, and which, upon examination we shall find to be defective. The free replacement of a part or parts does not include transportation

charges to and from the factory, nor the cost of installing the new part.

"Tires, fims, batteries, speed instruments or other accessories are not covered by this warranty, they being subject to warranties from their respective manufacturers."

As you will notice, this contract says nothing, whatever, about upkeep, and on this point hinges the chief misunderstanding on the part of the purchaser. He seems to feel that once he has bought the car from the local agency, he is fully protected for from thirty to ninety days on the upkeep and does not need to make any effort to keep the car in the proper running condition.

The service policy of most agencies is to make all necessary adjustments for one month after the de-

(Continued on Page 6)

The Cleveland Makes Good Because it IS so Good

"The Cleveland is in a class by itself." That's the answer from owners of the new Cleveland Six all over America.

The Cleveland has made good with the public in such a big way, because it *is* so good.

Men of engineering and manufacturing skill, and of high ideals, devoted three years to the development and perfection of the Cleveland Six before they offered it to the public. Experimentation was worked out in the Cleveland Company's laboratories and shops and in constant tests on the road; not in the hands of owners. So the Cleveland has made good.

The thousands of Cleveland Sixes that have gone out to owners since last July are performing as few cars, indeed, can perform. The power and life of its motor, its remarkable comfort in riding, the ease of handling, the beauty and graceful style of its body designs, the excellence of its finish and upholstery, truly place the Cleveland Six in a class by itself.

We cannot tell you *how good* the Cleveland Six is. You must drive it and ride in it to know.

TIRES

Remarkable But TRUE

—During the past year we have sold over 500 Barney Oldfield Tires, but

—We have never had an Oldfield Tire in our shop for repair,

—We have never seen, nor even heard of a blown out Oldfield Tire,

—We have never seen an Oldfield Tire with a defective carcass, and

—We know it to be a fact that in localities where Oldfield Tires are subjected to the most severe usage on stages running over mountains and deserts, that these tires have been retreaded two and three times successfully and have piled up remarkable mileage

—in fact, Mr. Oldfield Dares to Advertise

OAKLAND SENSIBLE SIX

Cars are Human

That is—they respond to kind treatment in a most surprising manner. You can't expect a man to do efficient work without the proper food and nourishment and under pleasant living conditions. Likewise your car won't be efficient either if you fail to give it the treatment it requires—that is plenty of oil and grease and water and gasoline.

So bring your car in today—have it oiled and greased and properly equipped to work for you. Don't expect the impossible!

A VETERAN

A rear tonneau door, two cylinder touring car, with a 78-inch wheel base, eight horsepower motor and five gallon gas tank, a bulb horn, kerosene lights, cranking on the side, are some of the specifications of a car operated by A. C. McCarthy of Portland, Ore. The car was manufactured by the Ford Motor Company in 1903, the first year of its existence.

With but few repairs the car has been operated by Mr. McCarthy for the last seventeen years. He still uses it on business trips through Ore-

gon and Washington. Although the car hasn't the latest lines, Mr. McCarthy will keep it in service until he finds a new car is necessary. At present, he told a salesman for the Ford Motor Company in Portland, he isn't in the market for a car.

Congressman Reavis has introduced a resolution which provides for the transfer of 22,000 motor trucks and other vehicles from the War Department to the Bureau of Public Roads and for the immediate public auction of all other surplus army motor vehicles.—Motor Age.

THE UNIVERSAL CAR

One Hundred Per Cent "Pep"

When your Ford car or your Ford truck doesn't display its usual quantity or quality of "pep" and dash, it's time to have a repairman who understands the Ford mechanism give it the "once over"—then make the necessary adjustments or repairs. And return it to you full of its old time power "pep," energy, pull and service. You'll notice the difference.

We employ only skilled Ford mechanics—men who know how Ford cars are made, and how they should be kept, in order to give the most efficient and economical service. And our shop equipment boasts a great many specially designed Ford tools and time-saving devices and machinery. In our stockrooms are complete assortments of repair parts—genuine Ford parts—that are exactly the same as their tough, sinewy originals in the Ford car. For prompt repair work or adjustment, phone or drive in to any of the following named garages. Don't risk chances, play fair with your Ford car. Keep it in the hands of its friends, the authorized Ford dealers.

Insist on Genuine Ford Parts

TOURING ACTIVITY

TWO AND HALF MILLION MAPS USED TO SEARCH OUT ROUTES

With 2,491,570 road maps used by motorists in one year this section of the state has completed the greatest twelve months of touring activity in history, and one that is greater than three previous years combined, according to a report made yesterday by the touring bureau of the Automobile Club of Southern California for 1919.

These two million and a half maps have been used by Eastern and local motorists in searching out new routes to every corner of the southern part of the state and in bringing transcontinental tourists to Southern California, establishing the 70,000 square miles of the southern counties as the most "toured" area in the world during 1919!

To back up this assertion, the Auto Club announced yesterday that its information bureaus answered a total of 299,719 calls for data on Southern California and transcontinental routes during the year. This is an average of 812 calls a day, or more than one call a minute for every day in the year.

From Eastern motorists who plan visits to Southern California by automobile, the club received 10,841 inquiries by letter as to the best route to select in their transcontinental "mechanical voyage."

The increase in touring activity during the past year, as over 1918, is shown in the tremendous increase in maps used by the motorists. In 1918, the club distributed less than one million maps, or exactly 892,767, while in 1919 more than two million were supplied members, visitors and purchasers.

An interesting feature of automobile travel in the west during 1919 was the sudden development of the trans-state highway leading south to this part of California from Vancouver, B. C., known as the Pacific Highway. According to an accurate check kept by the Auto Club, thousands of motoring parties used this route in 1919 where only hundreds

came before. This drains into Southern California the immense territories of Washington, Oregon and western Canada.

That 1920 will be the greatest year of all in touring activity is the prediction made yesterday by club officials.

MOTOR LICENSES

Don't worry because you have not received your 1920 automobile license.

Under the present law the 1919 license is in force until February 1, 1920, and a person buying a new car and wishing to run it during January, 1920, must apply for and secure a 1919 license and pay the fee for one-quarter of the year.

Because of this the department did not begin mailing the licenses for 1920 until Jan. 20. After that date they will go out rapidly and the only delay will be the time required to handle them.

No one should have any trouble for the law provides that all cars registered in 1919 can be operated dur-

ing February with the 1919 plates and the license section of the 1919 certificate.

The department is now receiving an immense quantity of mail and it will only cause delay if you write asking why you have not received your license, but if you do not hear from your application or receive your 1920 plates and certificate by February 15th, notify the Motor Vehicle Department, Sacramento, Cal.

STATE FINANCES HIGHWAY BONDS

More than one hundred million dollars passed through the state treasury during 1919, \$52,124,082.89 being received, and \$54,206,741.09 being paid out, according to a report made today by State Treasurer Friend W. Richardson.

"These figures, while showing the large volume of business transacted by the state and the prosperous condition of state affairs, also point the need for economy," says Richardson. "The fact that the balance on hand at the close of the year was less than

at the beginning of the year is due to the necessity for financing state highway construction owing to inability to market state highway bonds at par. The balance at the beginning of 1919 was \$12,529,363.40, and at the close, \$10,446,705.20. Franchise taxes are beginning to come in and from now on the balance in the treasury will be rapidly increased."

The distribution of some of the profits of the concern among the employees this year, according to a statement of the Fords themselves, is not as large as it will be next year, owing to the expense of returning to a peace basis, and the cost of taking over the minority stock. The profit-sharing and bonuses will increase as the company's finances permit.

Mrs. Exe: Your new maid seems very discreet.

Mrs. Wye: Indeed she is. She even knocks on the closet doors before opening them.—Boston Transcript.

DYE WORKS None Better

Cleaners and Dyers 110 East Broadway Phone Glendale 155, Main 5

A small modern bungalow at 337 Burchett belong to Mr. and Mrs. A. R. Ireland, has just been sold to M. E. Young of Shreveport, La., through the instrumentality of James W. Pearson of 128 North Brand. Mr. and Mrs. Young expect to take immediate possession. They are new comers and have been in Glendale only about a month. They have been living at 128 South Maryland.

Personals

Mrs. Eva B. Banker is having built at 615 Howard Street a four-room bungalow to cost \$3000.

E. L. Osborne is commencing a 5-room house at 412 West Wilson Avenue on the tract he recently subdivided.

Among the recent building permits issued is one to Dr. Henry Harrower for a six-room house at 315 North Cedar to cost \$4000.

Patterson Avenue, west of Columbus, still keeps up its remarkable building record. A five-room house for C. B. Stanford at No. 449 is the latest, construction on it having just begun.

A small office building of brick and tile construction is going up on Brand, just north of the Palace Grand auto park, to be used as a real estate office by the Edwards & Wilsey Co.

Frank Webster and Mike Merke, two workmen on the Thom ranch, have lost money by theft, the former \$25 and the latter \$5. In both cases the money was left in the bunk house, which was unlocked all day.

The Women's Missionary Society of the Tropic Presbyterian Church was entertained Thursday afternoon at the home of Mrs. Brown, where a very profitable and interesting program was given. The meeting was quite largely attended.

Rev. C. A. Cole and family drove over to Boyle Heights Friday afternoon for a short visit with his parents, B. O. Cole and wife. Accompanying them was Rev. Cole's sister, Miss Jewel, who attends the Glendale High School by her own and of her parents' preference.

James R. Thompson and wife, who came to Glendale from the East two years ago and have been renting since, finally decided to own their house, so bought through Kerker & McMillan, the Frances Sackville place at 315 North Louise. They expect to spend close to \$1000 in repairs and alterations to the place.

Fred N. Biren, formerly of Glendale, has bought a home at 132 East Palmer Avenue, and expects to continue his activity in various things, such as Scout Master of the Boy Scouts of America, and is very glad to be home again among his many friends. He is an appraiser connected with the Union Bank and Trust Company of Los Angeles.

Vernon Putnam, who recently bought the S. L. Borthick property at 208 West Elk Avenue and made many interior improvements, now has workmen engaged on exterior changes. A back porch has been built, the garage moved and a solid concrete driveway put in all the way back. Division fences are now being put up on both sides of the lot.

R. G. Rees, wife and four children, who lived for a number of years at 126 South Kenwood Street, are now in Portland, Ore., where Mr. Rees is employed in a department store. In a recent letter to Mrs. C. A. Cole, a former neighbor, Mrs. Rees stated that there are more than 1000 cases of smallpox in Portland, but that none of her family have taken the disease so far, though there are cases all around them.

SPECULATION

In some forms and to some extent, it is natural and right for men in young and middle life to take reasonable chances with part of their savings, and I do not try to tie up such a man with insurance prem's., so tight that he cannot do a certain amount of other investing.

To adjust the volume of insurance protection a man should carry, in proportion to his income and investments, is frequently a difficult matter and requires the utmost confidence and frankness on the part of both the insurer and the agent.

I have been striving to gain that confidence. Have I succeeded?

W. B. Kirk

Endowment and Income Insurance Specialist

Are You The Head Of Your House ?

If so, why? Can you answer that? The study that began in the Men's Bible Class

Glendale Presbyterian Church

last Sunday will answer this question the coming Sunday.

The Men's Bible Class is studying the Christian's "Walk" as set forth in Ephesians. At present they are in the fifth division of the study. The subject is: "Walk in Love." Eph. 5:2.

You should visit this, the liveliest Bible Class in Glendale. You are at liberty to leave whenever you like.

MAIL CARRIER TO BUILD NICE HOME

R. C. Hansen, mail carrier on R. F. D. No. 11 out of Glendale, recently moved to this city from Long Beach with his wife and son. His wife is staying with her mother, Mrs. J. T. Chorenge, on San Fernando Road, but Mr. Hansen and the son are living in a tent on a lot they bought some time ago on Opeeche Way, Glendale Heights, just west of the concrete bridge over the Wash, getting ready to build a nice house. Mr. Hansen took out the permit yesterday. It is for a six-room house, to cost \$3000. He will do most of the work on it himself after work hours.

FUNERAL OF THOMAS HENRY CLEMENTS

Funeral services will be held this afternoon at the Little Church of the Flowers in Forest Lawn Memorial Park to consign to its last resting place the body of Thomas Henry Clements who died at the age of 35 years January 22, 1920, at a Los Angeles hospital. He was a native of England, but had been a resident of Eagle Rock at 424 Stanley Avenue, for the past eleven years. He leaves a wife, Mrs. Lillian Clements, and a ten-year-old son. He was a machinist by trade and had a large circle of friends. The services will be in charge of Pulliam & Kiefer.

THE "G" CLUB

Athletes of the High School who are letter men have formed an organization known as "The G. Club." It recently elected officers as follows: Sloan Freeman, president; Kenneth Wilde, vice-president; Clair Morrow, secretary; Lee Wise, treasurer. At the meeting at which the election took place several interesting announcements were made, one of which was the decision of the club to give a dance for the students of the school the last of next week in the High School gym. The committee having the matter in charge stated that alumni and other friends of the club will be admitted if invited by club members.

WEATHER FORECAST. Cloudy, probable rain tonight and Sunday. No important change in temperature.

COLUMBUS AVE. P. T. A. MEETS

The Columbus Avenue P. T. A. held a most enthusiastic meeting Thursday, January 22, the president, Mrs. H. V. Henry, presiding.

Much interest was shown in the report on the school lunches which have been in force for the last three weeks. Mrs. Yarrick reported that they have paid all expenses up to date and that it has now become necessary to have a paid worker. To meet this extra expense it was agreed to charge five cents for the hot drinks and two cents for the roll.

The association empowered the committee to engage Mrs. Bert Bramble to take charge of the lunches with a volunteer P. T. A. worker for assistant each day.

The association is very much indebted to Mrs. Frank Ayars, who donated a gas range which she was replacing with a new one. This solves many problems, and is a most generous gift.

Many expressions of appreciation have come from the mothers and the committee feel that they have undertaken something worth while. Almost ninety children are served each day.

Mrs. Brown reported a recent visit to El Retiro, a school for girls in San Fernando, and the association voted five dollars toward a fund being raised for the purpose of furnishing extras for the institution.

Mrs. Barton reported on the work of the advisory committee relative to a site for the new High School buildings, and urged all to register before the bond election.

A most delightful musical program was furnished by the chairman of education, Mrs. W. R. Heustis, through Mrs. Pendleton, who rendered two instrumental numbers with much feeling and expression and Miss Viola Yorba, who sang Tosti's "Good Bye to Summer," following with a delightful number called "Baby."

Mrs. E. L. Young announced that Fathers' night, which is to be a federation affair, will be held February 16th and that Mrs. Charles Parker had been chosen by Columbus Avenue as their representative on the program.

Mrs. J. P. Alexander of 824 East Acacia Avenue, who has been very ill of pneumonia for several weeks, her condition having been rendered much worse by the death of her husband from the same disease two weeks ago, showed such marked improvement this morning that she is considered out of danger. Her sister, who came from Dallas, Texas, to help care for her, was forced to go to a hospital early in the week to prepare for an operation for appendicitis.

Quick Service

is one of the first requisites of a business man's lunch room. His time is money. He doesn't expect to spend fifteen or twenty minutes waiting for service in a restaurant.

That is why the Broadway Lunch Room has become so popular with the business men of Glendale as well as with others whose time is valuable.

Of course, we have to deliver the goods,—service alone wouldn't hold trade very long. Our patrons demand good food, they want it well cooked and served appetizingly.

"Men's clothes are so expensive, Prices are soaring high. I think I'll get a cheap suit, A better one bye and bye."

So spoke my Uncle Silas To aunt a week ago; And the look she gave him Was—well, you men all know.

Said she, "Why Silas Johnson, I want you to look well; Your suits must all be Berman-made To wear, and fit you well."

So Uncle said he'd follow, His dear good wife's advice; He went at once to Berman And ordered something nice.

Uncle Silas sure looks classy, No reason why YOU can't. He is so very grateful; Says he owes it all to aunt.

SENIOR PARTY

A Yamma Yamma party given by Seniors of Glendale Union High in the gym Friday night was much enjoyed by about fifty young people who put in a jolly evening playing volley ball, indoor baseball, and dancing with refreshments furnishing an interruption at the proper time. Kenneth Wilde is president of the class which includes the following members: Misses Elsa M. Anderson, Evelyn Ashman, Harriet Barnes, Esther E. Besant, Emily Blackman, Erma Bradshaw, Virgin Chappius, Catherine Clements, Margaret Crawford, Fern Curtis, Elizabeth Edmonds, Edna M. Farner, Ruth E. French, Frances A. Gauntlet, Eltha F. Harding, Gertrude Hawkins, Helen L. Hesse, Lillie Marie Hohnholz, Elaine H. Hudson, Helen L. Ingledue, Marian Jones, Mae Belle Kirschman, Veda Eunice Knapp, Josephine Laughlin, Edith S. Learned, Mary Logan, Katherine McKee, Florence Marleau, Frances Musser, Ruth Nicholson, Marie Oliver, Ethel Olmstead, Lova Peet, Mabel Prendeville, Mary E. Rich, Marian Richardson, Dorothy Rowley, Helen M. Searle, Dorothy Shaw, Dorothy Sherman, Henrietta Sommer, Alberta Stoddard, Pauline Streit, Faith Tarling, Marguerite Thompson, Agnes Louise Tupper, Gertrude Van Benthusen, Isabelle Van Epps, Thelma Walker, Elizabeth Webb, Leola Webster, Evalyn Williams, Hazen Wilson, Delia Young, Helen de Voy, Sarah Conlin, Madeline Love, Helen Woods. The young men of the class are: Guy Bennett, Phillip Biggs, Herbert Brandstetner, Dan Campbell, Clayton Card, Roger Dennison, Harold Ducey, Henry Dunlop, Ralph Farmer, Victor Francis, Lauren Gillies, William Goodéker, Loys Griswold, William Holcombe, Ralph Hutchinson, Fred Jenkins, John Jeakins, Paul Jenkins, David Johnston, Forest Lee Jordan, Clifford Kenworthy, Harry McClusky, Stuart McMillan, Leslie McReynolds, Raymond Mondon, Clair Morrow, Dudley Pigg, Harold Pomeroy, Erwin E. Potts, Clarence Ralston, Harold Russell, Roy Sanders, Robert Sergeant, Isaiah Sinclair, Edwin Smith, James Smith, Chester Weaver, Arthur Whipple, Ray Whitehead, Kenneth Wilde, Leland Wise, John Worley, Wesley Bright, Herbert Besant, John McEchnie, Rolland Brown and Robert White.

CITY SCHOOLS

(Continued from Page 1)

ing forces were ratified by the Board. Mrs. Cora S. Taylor, who has been principal of the Columbus Avenue School, requested and was granted leave of absence for the rest of the school year. She has been away on account of ill health.

Miss Leila Smith, kindergarten teacher at Columbus Avenue School, also requested and was granted an extension of her leave of absence for the rest of the year. She was given permission at the beginning of the year to go to Washington and take up departmental work under the government. She wanted the experience and the Board thought it would be good for her so granted the request then and the extension now.

Mrs. Lottie Norberg, third grade teacher in Central Avenue School, resigned, her resignation to take effect at the close of the term, February 6th.

Miss Edith Tyler, ungraded teacher at Columbus Avenue, is to be transferred to the Intermediate School.

Miss Bertha Berry, fifth grade teacher at Columbus Avenue, is to have the ungraded room resigned by Miss Tyler.

Mrs. Hunt, substitute teacher at Columbus Avenue, will take Miss Berry's room there.

The Board had secured bids on furnishings for the Central Avenue kindergarten which will be put to use when the new term starts February 9th. The furniture has been purchased from the Glendale House Furnishing Company at 117 South Brand.

KNIGHTS TEMPLAR BALL

(Continued from Page 1)

trance hung large banners striped in black and white, with the red Maltese cross superimposed, and light globes were draped with streamers, of black, white and red. A large, scarlet Maltese cross formed the centerpiece of the punch table in the entrance hall.

At about nine fifteen o'clock guests descended the stairs from the lodge hall in the order assigned them for the grand march. First came Commander Crofton, (in plumed hat and full regalia), and his lady, then Eminent Sir C. L. Peckham, and lady, then Sir Clem Moore and Mrs. Moore, followed by fellow knights and ladies with due regard for their rank.

So large was the attendance that the line of couples reached more than around the hall. After making the circuit the Knights went down the center and as they returned to the starting point made a union with other couples, going down the center four abreast. The next time around it was eight abreast, massing the marching throng in the center of the room, where it separated as the orchestra struck into the dance music.

The general committee of arrangements appointed by the Commander consisted of Chairman Sir Roy V. Hogue and Eminent Sir Charles L.

VICTIMS RESCUED

Kidney, liver, bladder and uric acid troubles are most dangerous because of their insidious attacks. Heed the first warning they give that they need attention by taking

GOLD MEDAL HAARLEM OIL CAPSULES

The world's standard remedy for these disorders, will often ward off these diseases and strengthen the body against further attacks. Three sizes, all druggists. Look for the name Gold Medal on every box and accept no imitation.

Peckham, Sir Claud O. Pulliam, Sir R. M. Grumbling and Sir W. W. Worley. Eminent Sir Charles L. Peckham was Master of Ceremonies.

Sir Roy V. Hogue was chairman of the reception committee, assisted by Mrs. Hogue and Mesdames Crofton, Jones, Moore, Campbell, Boyer, Peckham, Delos Smith and Moyses.

Sir Claud O. Pulliam was chairman of the floor committee, assisted by Mrs. Pulliam and Mesdames Evans, Worley, Wernette and Chase.

Heading the punch committee were Sir Robert Grumbling and Sir W. W. Worley, assisted by Mesdames Eames, Prialux, Rattray, Thompson, Van Oven, Taylor and Lea.

SAFETY SPEED

ANIMAL FRIENDS

(Continued from Page 1)

Nevada as a Methodist parson many years ago and was a thorough "tenderfoot." He gave an account of a plot on the part of a vicious native to sell him an "outlaw" horse in the expectation that he would be crippled and afford considerable "sport" to the onlookers. His experiences and his dismounting made quite a thrilling tale, but he determined to win out, although the horse had such an evil reputation. He took the animal home, placed him in a stable which he visited daily, petting the horse and handling him for a month until he encountered no resistance in placing a saddle on his back and finally none to the mounting of Mr. James, who had no further trouble with him and rode him for years with great satisfaction, and to the wonder and admiration of the countryside who still tell the story of his wonderful feat of horsemanship in breaking and riding an "outlaw." He declared it was simply the love and confidence of the horse which had been won that made the thing possible.

He also told of his friendship with a bear in a zoological garden established by Prof. Lowe, with whom Mr. James was associated while the building of the Mount Lowe Railway was in progress; he told many stories of their play together, illustrating the sense of humor which bears have and their enjoyment of games. To show that the bear mentioned "Ursa Minor," afterwards christened "Ursa Major," was not different from bears in general; he told of camping in the Yosemite and being awakened to discover two bear cubs not far away. On his giving the love-call of bears, they came to him at once without fear, and he played with them for an hour or more in the moonlight, when they tired of the sport and trotted home.

Practically all the seats in the auditorium were filled and the lecture was well received, particularly by the children. Some of the pictures were rather crude by comparison with those to which we are accustomed on the screens at the theatres, but altogether it was a very satisfactory performance, and will encourage attendance on other programs that may be offered by the Nature Club.

NOTICE OF PUBLIC WORK

Public notice is hereby given that the Board of Trustees of the City of Glendale on the 8th day of January, 1920, did at its meeting on said day adopt a Resolution of Intention No. 1085, to order the following improvement to be made on a portion of that certain alley in Tract No. 618:

Section 1. That the public interest and convenience require, and it is the intention of the Board of Trustees of the City of Glendale to close up, vacate, and abandon for street and alley purposes, all that certain portion of that fifteen (15) foot alley in Tract No. 618 as per map recorded in Book 17, Page 108 of Maps, Records of Los Angeles County, California, more particularly described as follows:

All of that portion of that certain alley in said Tract No. 618 lying southerly of a line drawn from the northwest corner of Lot 17, of said Tract, No. 618, to the northeast corner of Lot 26 of said Tract.

The district to be assessed to pay the damages, costs and expenses for the described improvement is described in and reference is hereby made to Resolution No. 1085 for further particulars of said work.

T. W. WATSON, City Manager and Ex-Officio Street Superintendent of the City of Glendale. 113-110

livery of the motor car, provided it is brought to the service department for that purpose and has not been tampered with or injured through accident or neglect.

The writer had had over twelve years experience with agency work and has found in handling adjustments and repair work in connection with a sales room, that 50 per cent of the "No Charge" work has been due to the absolute neglect on the part of the purchaser. This seems to be directly traceable to the feeling on the part of the owner that the car, no matter how far it has been operated, will develop no trouble within the thirty to ninety days. If the car owner, at the time of the purchase, was properly instructed by the salesman as to what careful, watchful attention should be given his car, there would be fewer of such cases coming to the agency. It should be the duty of the salesman, not only to see that the purchaser is rightfully advised as to the upkeep, but also the kind of service he should seek in order to keep his car in first class condition. It is just as easy to ruin a car through neglect during the first

thirty or ninety days, as it is at any other time, and if the salesman would have a heart-to-heart talk with the purchaser at the time the car is bought, a great deal of this trouble would be eliminated.—Touring Topics.

TRUCKS TO BREAK RAIL STRIKE

The War Department has made an investigation, through the Council of National Defense, of the available motor trucks which could be used in event of a railroad strike. A report was rendered to Secretary Baker showing that there are available some 20,000 army trucks and about 300,000 others which the Government perhaps could obtain from private interests.—Motor Age.

HEADLIGHT LAW UPHELD

Superior Judge Louis H. Ward of San Francisco has upheld the constitutionality of the California "headlight law" for motor propelled vehicles. The court denied writs of habeas corpus sought by John F. Teatson and Lee H. Sinkleman, arrested on charges of violating the law. The case will now be carried to the State Supreme Court.—Motor Land.
