We are authorized to announce Mr. J. J. MERCER us;

PRIER K. WAGNER, Esq. has been re-appointed by an the the advice and consent of the senate, naval officer for the d arret of Mississippi.

BENJAMIN ROSERT ROGERS, and WILLIAM PATTERSON United in like manner have been re-appointed, the tornic receiver of public monies for the district of lands subject to sale at Opelousas, and the latter surveyor and inspector of the revenue for the pert of Madison.

Miss Perus takes a benefit this evening, and if her nigh exertions to please, and her assiduous labors in a wid range of the drama be considered, we are persuaded tha she will have no cause to complain of the liberality of New-Orleans public It will be seen by an extract which we find in the last

Frenklin (Atturpas) Gazette, and which we have transferred to our columns, that the honorable Mr. White during his actionecring tour in the parishes of the second congressional district, indulged in the most insulting and ungentle resulty reductions upon the descendants of the ancient popun. Applying these reflections to the acts of the friends of Where in this section, in attempting to proscribe Mr. Gayarre from congress, by bringing out Mr. Johnson, only on the score that the former is a Caronz-and there is another and cement for the conviction that if the Porter faction succook no native Louisianian will be suffered to take a part in the government of his state. Words are more commonly than otherwise the index of the feelings, and when they are ne amposited by acts, he must be fool-hardy indeed who rein a then cre lance.

The bank committee have arrived in Philadelphia, and, it s and, will forthwith commonce their investigations.

The : avanuah Georgian, whose zeal and devotion to the cause of democracy we have had frequent opportunities of nothering, forcibly observes and illustrates its observation by an apt reference to history, that there never was a greater described than that practised by the senators of the republic Vonice. The Doge of Venice, was just the pupper that the majority in our senate would make the president, while they their ancient prototypes of that republic, would red th him and the people with a rod of iron.

A hail storm has been experienced in East Feliciona which - done extensive injury to the crops in the northern and outh eastern sections of that parish.

The opening of the May session of the district the . ! district, in the purish of Weste Feliciana, was charac exed by rather a novel incident. It seems that a grand 13 had been emparaelled by a Mr. Parkinson, while holdg the appointment of deputy marshal of the United States violation of that provision of the constitution of this state mich prescribes that "no member of congress, nor person ol ing or exercising any office of trust or profit under the U. te i Sintes, or either of them, or under any foreign power, shall be eligible as a recoiler of the general assembly of this te, or hold or exercise any office of trust or profit under

Several other exceptions were taken as to the manner of misoning the jury, but this one was principally relied on the purpose of having the venire quashed. Social is the estimate placed on Louisianians by a man who stand before them as a candidate soliciting their suffrages for the highest and most responsible office in the State. Both General Dawson and Mr. White are Tennesseeans, (which by the by is no disparagement to either,) but which precludes the possibility of his evaling a positive denial, by saying that he is himself a Creole, and consequently, he never could have been guilty of derogating from the name. I am not prepared to say that the amount in circulation is at the moment greater, or even so great; as the convenience of the country requires. I think it is not. For it has been rapidly and injuriously diminished; and it is to be regretted that the pains taken to destry confidence in the great mass at the circulating medium, has so far succeeded as to bring upon the community, the inconvenience and suffering which a rapid reduction of the circulating medium unavoidably occasions: The great object now in view is to terminate forever the evil of the present system, and to place the currency on a foundation so stable that it cannot be shaken."
