

MUDDLE IN NEW YORK POLITICS

SACRIFICE MAY BE MADE FOR HARMONY

Politicians Predict Roosevelt Will Yet Be Temporary Chairman of Convention

(Times Leased Wire.)

New York, Aug. 23.—Leaving behind him one of the most muddled situations in the history of New York politics, Col. Theo. Roosevelt, on a special train, left here at 10.30 a. m. for Utica, N. Y., the first stopping place in his long speaking tour. Forgetting politics this afternoon, the colonel is scheduled to address the Kerkimer, County Grange.

Before starting west Roosevelt hastily conferred with Grignon, Loeb and Longworth. The colonel publicly declared his intention of fighting at the Saratoga convention.

"I am much pleased with President Taft's statement," he said. "If Nassau county wishes to send me to the convention, I shall go, as I heard the issues now clear out. So far as I am concerned there will not be a particle of compromise."

In New York politicians predict that Hughes and Roosevelt, backed by Taft himself, will control the Republican situation, and that Roosevelt may yet be named temporary chairman of the Saratoga state convention, and Vice-President Sherman asked to retire.

It is believed Sherman will have a conference in the next few days with the leaders of the New York Republican committee. Politicians here say they would not be surprised if he should voluntarily retire for the "sake of harmony."

Lloyd C. Grignon, who presented Roosevelt's name, openly predicts that Roosevelt will be the temporary chairman of the convention unless Roosevelt forbids any such action. Grignon says it is probable the state committee will meet on the night before the convention and attempt to oust Sherman and name the colonel.

On the other hand Sherman's followers believe that Roosevelt will stop any fight against the vice-president, believing that it has gone far enough now, and that in the interest of harmony it must be ended.

Some politicians are guessing that a third man will be named for the chairmanship, Sherman refusing and Roosevelt being unwilling to accept the honor after having once been voted down by the committee. It is thought, however, if this is the case, the third man will be an ardent follower.

Taft's Letter.

Beverly, Mass., Aug. 23.—As a result of President Taft's repudiation of the political methods of Vice-President James S. Sherman it is predicted here to-day that Sherman may not only resign as temporary chairman of the New York Republican convention, but may resign as vice-president of the United States.

Taft's letter, though couched in gentle terms, is regarded as labelling Sherman as a "political trickster." The administration followers believe firmly that the letter will heal the breach between the president and Col. Roosevelt, but they can see no possible means by which the difference between Taft and the vice-president may be adjusted.

(Concluded on page 1a.)

MAY PROPERTY OWNER SPEND HIS OWN MONEY?

Man Who Owns Land Valued at \$100,000 Wants to Know

James Lawson, of the legal firm of Bodwell & Lawson, appeared before the city council last evening to present the somewhat unique request that a client be permitted to spend a large amount of money in doing a large amount of local improvement work entirely at his own expense. Mr. Lawson appeared on behalf of James Codd, the owner of a large tract of land in the north end of the city bounded by Asquith, Cecil, Forbes and Victor streets. In all there is some 25 acres, which has been sub-divided into 300 lots. The property is assessed at \$100,000.

On numerous occasions for the past several years the owner has applied to the council to have the street improved on the local improvement plan, and on one occasion the council agreed to do the work the city paying one-fifth of the cost. The matter was postponed from time to time, however, and a recent renewal of the application of the owner in which he expressed a willingness to pay the entire cost was turned down by the streets committee on the ground that inasmuch as no sewerage facilities were provided for the district they could not sanction the permanent improvement of the streets at this time.

Mr. Lawson took the position last evening that at the proper time the sewerage system could be extended to the district, just as has been the case in other works of local improvement in other sections of the city.

The mayor's opinion that the matter should come before the streets committee, and it was decided that Mr. Lawson shall be heard at the next meeting of that body.

ALL WILL GET COMPENSATION

FORT STREET TANGLE IS FINALLY ADJUSTED

City Solicitor Explains Method by Which Delinquent Claimants May Be Dealt With

(Times Leased Wire.)

All the property owners on Fort street will be compensated for damage done to their property by the widening scheme, regardless of the fact that in a large number of instances they refrained from putting in their claims to such compensation at the proper time. This was made clear at last evening's meeting of the city council by City Solicitor McDiarmid.

The question arose over the receipt of letter from Dr. Proudfoot, who explained that he had not put in a claim because of the reason that he had been satisfied with the amount fixed as compensation by the assessor—\$40. He had observed from accounts in the press, however, that his failure to make a claim might result in his getting no compensation at all. He thought this would be a most unfair procedure, and expressed the hope that the council would see fit to grant the amount fixed by the assessor.

Several of the aldermen were of the opinion that Dr. Proudfoot should be informed that the claim would be paid in due course, but on the advice of the city solicitor no motion was passed.

Mr. McDiarmid said in explanation of the situation that the city council has had no jurisdiction in the matter at all. The money which was to be expended in satisfying claims was not the city's money at all, but the money of the property owner. Dr. Proudfoot's remedy and that also of the large number of others who find themselves in a similar position owing to their failure to put in their claims at the proper time, was to get the advice of a solicitor and then apply to a county court judge to fix the amount of the compensation.

This explanation seemed satisfactory to the board and the matter dropped.

The secretary of the Esquimalt Waterworks Company informed the board that it was the intention of the board to lay a main on Russell street, south of Esquimalt road in order to connect with a hydrant. The letter was received and filed.

The secretary of the Inner Harbor Association forwarded a framed photo of the barque Elginshire loading a cargo of lumber in the upper harbor. In the accompanying letter the secretary said it was felt that the money of the property owners. Dr. Proudfoot's remedy and that also of the large number of others who find themselves in a similar position owing to their failure to put in their claims at the proper time, was to get the advice of a solicitor and then apply to a county court judge to fix the amount of the compensation.

The manager of the Victoria Terminal Railway & Ferry Company asked that the board instruct the building inspector to approve of plans for a wooden freight shed to erect on Blanchard street. The plans for the same had been submitted to the inspector in the ordinary course, but he had refused to grant the permit owing to the fact that the building was a wooden one. The company felt that as all the surrounding buildings in the neighborhood were also of wood there should be no opposition to their plans for a freight shed.

Several of the aldermen were favorable to granting the request of the company immediately, but the mayor advised caution, inasmuch as the building inspector has not yet been heard from on the matter. The advice of his worship was taken, and a motion passed to grant the permit provided that the plans are approved by the inspector and the city solicitor.

The Victoria Laborers' Protective Union again asked for an increase in wages, suggesting the following scale: Responsible, \$2.50; blacksmiths, \$3.50; rock drillers, \$3, and laborers, \$2.75. It was decided to refer the matter to the city engineer for report.

A committee, composed of Ald. Bennerman, Ald. Bishop and the city solicitor, was appointed to meet the representatives of the other sections of territory served by the Victoria & Sitka railway and attend a meeting of the executive of the government at a date to be fixed and press for an improved service.

Ald. Bennerman, who has just returned from a tour through Comox district, expressed regret that the council should have in his absence given both the daily papers of the city the large number of by-laws to print. In his opinion they ought to have been only published in one paper, and the city thus saved a considerable expense.

The mayor and several of the members of the board took the position that in view of the importance of the by-laws it was vital that all the ratepayers should be given an opportunity of reading them. Many people only took one paper. The matter was allowed to drop.

Robert Reford, the owner of two lots on Deane road protested against the amount assessed against him under the proposed improvement work on that thoroughfare. As he failed to put in his objection while the work was being advertised, he has now no remedy. The resolution submitted by the mayor that the \$200,000 worth of debentures issued for local improvement works already completed be taken up from the long-term sinking fund now lying to the credit of the city, was adopted.

THE DEBUTANTE.
(Extract from interview in Colonist: "After Laurier, the DeLage; after the DeLage, McBride.")

DOMINION RIFLE MEETING OPENS

THIRTY-THREE BRITISH COLUMBIANS COMPETE

High Scoring on First Day of the Annual Competitions at Rockcliffe Range

(Special to the Times.)
Ottawa, Aug. 23.—Perfect weather conditions prevailed for the opening of the Dominion Rifle Association meeting at Rockcliffe range yesterday, and as a result shooting was high. British Columbia has 33 men here and all in fine shape.

E. S. Millbank with possible tie in the 170 shots at 500 yards, with three others, winning 311. Other British Columbian winners were Sergt. Hunter, 6th D. C. O. R., and Private Humphries \$5 each.

In the Bankers' match, 7 shots at 600 yards, the leaders were: Private Clements, 91st, \$5, \$20; Corporal Roberts, Sergt. Spinks, 10th R. Q., \$4, each.

T. Bayles, 16th Regiment, and G. M. S. Davidson, 48th, 24; Sergt. Taylor, 6th D. C. O. R., 33; Lieut. Clark, 90th, 32; Corp. Fothergill, 6th D. C. O. R., 32; Corp. Regan, 141st, 32; Sergt. Martin, 103rd, 32; Captain Forest, 8th D. C. O. R., 32; Lieut.-Col. Armstrong, 163rd, 32; and Mr. Simmons, Medicine Hat, \$4 each.

SEEKING TO REGAIN CONTROL OF MANCHURIA

China Hopes to Force Out All Competitors by Weight of Numbers

(Times Leased Wire.)
Tokyo, Aug. 23.—Japan to-day is preparing plans to counteract a recent move of China to which the latter hopes to regain control of Manchuria.

China has been pouring colonists into Manchuria from south China recently, with a view of eventually forcing out all competitors by weight of numbers. China has followed this plan successfully many times in the past and it is probable that the Tokio government will take steps to counterbalance the scheme.

It is likely that the Japanese and Russian governments will attempt to exclude a majority of the colonists from Manchuria, thereby preventing China from exercising her rights in one of her richest provinces.

The Prince Regent of China has issued a strict order for the increase of colonists in Manchuria and Japan is devising ways to meet China's move without arousing the Pekin government and disturbing the somewhat delicate status quo in Manchuria.

FORT STREET CLAIM BEFORE COUNTY COURT

First Application for Compensation Made to His Honor Judge Lampman This Morning

That there are about twenty-five applications to be made in the county court for leave to file claims in connection with the widening of Fort street was the statement made by City Solicitor McDiarmid in chambers before Judge Lampman this morning when an order was applied for under the Municipal Clauses Act to allow of a claim being put in by a property owner named Reid. Counsel for the applicant stated that a number of property owners were under the impression that they would receive the amount of compensation offered by the city without making formal application and that, in the multiplicity of questions arising in connection with the proposed work, the necessity for the latter had escaped them.

City Solicitor McDiarmid made it clear that the city was not opposing the applications for leave to file claims, although the time limit for so doing had expired. He asked His Honor, in view of the fact that the claimants had evidently been satisfied with the compensation fixed by the city to make an order directing that such amounts be paid. In the case of larger claims he made it clear that arbitration would probably be made necessary. The city was anxious to go ahead with the improvement of the street.

His Honor said that he did not consider that those who had not made claims because they were satisfied with the amount fixed by the city and expected to receive the same without application, should now be allowed to enlarge their claims.

Counsel for the applicant stated that he had no instruction from his client as to whether the latter would accept the amount the city offered, although he had no doubt that this would be done.

His Honor allowed leave to file a claim and reserved his decision as to whether the claimants should accept the compensation fixed by the city until next week, when the remaining applications will be heard.

Cress and Cress appeared for the applicant.

TRAIN ROBBERS SENTENCED

Plead Guilty to Holding Up Fast Mail and Are Given Forty-Five Years.

Fairfield, Cal., Aug. 23.—A penitentiary term of 45 years to-day faces Charles Dunbar Bishop and Joseph C. Brown, who confessed that they held up the China-Japanese fast mail near Suisun last April. The men pleaded guilty in the Solano county superior court and were at once sentenced.

Through their attorneys the men stated that they would not appeal, but wished to begin serving their sentences at once. Bishop will be taken to Folsom, and Brown to San Quentin.

Brown and Bishop sagged the overland train at a lonely point in the Suisun marshes. They robbed the train and then unsuccessfully attempted to make away with the treasure. In the express car, escaping when frustrated, into the marshes by means of a swift gasoline launch.

RAINBOW'S TRIP TO THE PACIFIC

CRUISER DUE AT ESQUIMALT NOV. 7

Will Spend Several Days at Las Palmas, St. Vincent and Rio de Janeiro

(Special to the Times.)
Ottawa, Aug. 23.—The cruiser Rainbow, which sailed from Portsmouth on Thursday last, is due at Las Palmas on Wednesday, August 24, and after two days' stay will reach St. Vincent August 29, leaving two days later for trip across the Atlantic to Rio de Janeiro, arriving September 10. Departing four days later the cruiser will go around Cape Horn, calling at Montevideo September 18, San Pedro de Macoris, Puerto Bueno September 29, Port Graham September 30, Coquimbo October 5, Callao October 14, Acapulco October 25 and arriving at Esquimalt November 7.

STRUCK BY TORNADO

San Bernardino, Cal., Aug. 23.—The clearing away of the debris shows that the hurricane which struck in the vicinity of Hall's ranch on the Colorado river, late yesterday, was one of the most severe within the recollection of old residents. Trees many feet in circumference were blown down, windows smashed, roofs unroofed and other general damage done.

STRUGGLE FOR TRADE OF THE ORIENT

Germany May Reach Agreement With Japan—Merchants Will Tour Far East

(Times Leased Wire.)
Hongkong, Aug. 23.—Substantiating the rumor that Germany and Japan were about to conclude an agreement whereby Germany gains a close grip on Oriental trade, Director Heinkeken of the North German Lloyd Steamship Company, to-day is on route from Hongkong to Nagasaki. He arrived in Hongkong unexpectedly and after a brief conference with his company's manager, proceeded toward Japan. The sudden visit has caused the keenest interest among commercial and shipping men.

It is believed that special significance attaches to the Japanese trip of the steamship official in view of the departure from San Francisco yesterday of the representatives of the Associated Chambers of Commerce of the Pacific coast. These men are going to China and Japan to study trade conditions and to establish more amicable relations with the Orient. It is believed that the German official is journeying to the Orient in order to forestall the Americans.

Appeals for Troops

Butte, Mont., Aug. 23.—The fire in the Gallatin forest near Bozeman and the conflagration in northwestern Montana are considered as among the worst fires burning within the state to-day and work was begun on the burned bridges.

At Wallace the known dead early to-day numbered 23.

An appeal has been sent to Governor Norris to call out the Butte company

VICTIMS OF FIRES MAY NUMBER HUNDRED

Large Forces of Men Engaged Fighting Flames Have Not Been Accounted For—Several Mining Settlements Wiped Out

(Times Leased Wire.)

Wallace, Idaho, Aug. 23.—Three hundred government fire fighters in the Coeur d'Alene are believed to be dead. This most appalling information was given out this morning by Supervisor Weigle, who declares that out of his force of 600 men in the district, 200 are still missing.

"I had 600 men working on the north of the head waters of the Coeur d'Alene, 60 miles from Wallace," said Supervisor Weigle. "Up to 8 o'clock this morning 300 of them, working in the worst section, where the fires raged the fiercest, have not been accounted for."

"Never in my life have I seen conditions so appalling. The flames have defied all resistance, and rushing at the rate of from 20 to 70 miles per hour, have swept everything before it. Up and down gulches, across mountains and over deep ravines, it has rushed, leaving only death in its path."

This morning Supervisor Weigle sent Ranger A. E. Holcomb to open up the old Millan road leading to the Bullion mine, where eight bodies are buried. These will be brought to Wallace on Wednesday morning. Ten soldiers from Fort George Wright left at 8 o'clock to aid in clearing the patch.

A crew was also sent out to the Big Fork of the Coeur d'Alene where 12 bodies are buried under the ruins. This will necessitate the clearing of 20 miles of road to Wallace.

Rescues... 12 dead at Big Fork, three men are lying with broken legs and three totally blinded. Dr. Max T. Smith, of Wallace, is heading the rescue expedition.

List of known dead: Lou Holmes, Spokane; Tom Welsh, Spokane; George Ziegler, Newport, 57 years old; Mrs. Ernest Demardt, Newport; George Campbell, Newport; Thos. Curry, Newport; Cady, rancher, Newport; Henry Lierman, Gardiner, Idaho; V. Nicholson, aged 17; Gen. Ida; Larry Ryan, age 36; Wallace; Leslie Sellers, age 15; Gen. Ida; S. D. Adams, age 30; Chicago; A. Renston, Hilldale, Wis.; Ernest Elgin, age 60; Wallace; Wm. McKee, of Taft, dead at Salsice; Joderick Ames, rancher, Big Creek; Joe Beckum, rancher, Big Creek; Jos. C. Boyd, Wallace; Joe Pano, Flacon Creek; William Hornmouth, War Eagle mine; Joe Smith, burned near Mullin; "Frenchy," a familiar Spokane character, killed on Placer Creek.

John Anders, wife and five children, La Tour Creek, near Salsice, reported dead; R. A. Smith, wife and two children, La Tour Creek, reported dead; James Osborne, wife and child, La Tour Creek, reported dead.

Homeless Returnees. Spokane, Wash., Aug. 23.—The forest fire situation in Idaho, has improved within the past 24 hours save in the Wallace and St. Joe River districts. There the flames, which have licked up the timber strip approximately 2 1/2 miles long and 1 1/2 miles wide, continues to rage ferociously.

Although the outlook is discouraging and the army of fire fighters scattered throughout the fire zone are exhausted, it is believed the fires are done up.

At least 100 men from four towns from Idaho, Montana and Washington are in. Although many lives have been lost, and hundreds have been impoverished by the burning of their homes and possessions, plans for rebuilding Wallace, the smaller settlements, mining plants and saw mills destroyed in the holocaust are under way.

Though dazed by the terrible toll taken by the fires, the citizens are preparing to return to the country from which they fled but a few days ago, and start their lives anew.

The fire situation in western Montana has improved considerably also, according to dispatches reaching here to-day. Salsice, which seemed hopeless, was saved. Henderson probably will not burn, and 250 men are fighting to save St. Regis, Montana, which was surrounded by fire and reported burned yesterday.

Settlements in Ruins

Haughon, Deborgia, Bryson, Taft, and a number of small mining settlements are smoking ashes, however. The Milwaukee railroad likewise is a heavy loser. Twenty-four railroad bridges have been burned out of a total of 52. Two thousand homeless refugees are crowded into Missoula from the fire zones. Many of them have nothing but their garments left.

According to dispatches from Missoula, nine men were incinerated on the hills north of Salsice and six were burned in a fire on Cedar Creek.

Bridge crews of the O. R. & N. were rushed into the Coeur d'Alene district to-day and work was begun on the burned bridges.

At Wallace the known dead early to-day numbered 23.

Appeals for Troops. Butte, Mont., Aug. 23.—The fire in the Gallatin forest near Bozeman and the conflagration in northwestern Montana are considered as among the worst fires burning within the state to-day.

An appeal has been sent to Governor Norris to call out the Butte company

(Times Leased Wire.)

of the state militia to assist the fire fighters in the Gallatin district.

In addition to forest mesa comprehensive areas of grazing land in the southern portion of the state and in northern Wyoming is being devastated. An immense loss to sheep men is threatened on account of grass fire.

Another appeal for state troops has reached the governor from Ferguson county.

Forest fires are raging also in the Little Rockies and Little Belt mountains.

While officials of the Northern Pacific expected to resume service to-day the prospects of pushing trains through the burning regions seemed remote at daylight.

It is believed that the Chicago, Milwaukee & Puget Sound will be tied up for two weeks owing to the burning of at least five of its bridges.

A number of new fires are reported to have sprung up during the night.

Fires Spreading. Roseburg, Ore., Aug. 23.—Fires in the southeastern part of Douglas county are spreading. It is believed, however, that the flames will be under control soon.

One of the Crater national park fires jumped across the Rogue river and is now raging in the Umpqua reserve near Ashland. A settlement 25 miles from Glendale.

Troops Offered Out. Washington, D. C., Aug. 23.—Lieut.-General Wood to-day ordered three companies of infantry to proceed to Takona forest to fight fires. The order was made in response to the first appeal for aid that has come to the war department from California.

Forester Dimstead telegraphed for troops when the flames in the forest got beyond the control of his men.

Move to Places of Safety. Medford, Ore., Aug. 23.—There is not a woman or child to be found to-day in the territory known as the "unburned" tract lying a few miles beyond Butte Falls. They have all been sent to places of safety while the men have remained to combat the flames which are raging in that neighborhood.

Late reports are to the effect that many of the homes are to-day in danger.

To-day over 1,000 men are fighting fires in the Crater national forest reserve and the situation is much improved as far as private holdings are concerned.

The fires for the most part are now well within the confines of the forest and it is here that the soldiers are at work. Five companies of troops from American Lake reached here last night and started to-day on a two-day march for Red Bluff range on the upper Rogue river, where one of the worst fires is burning.

Fifty men and a company of regulars were taken to Ashland, where they will assist 200 men in fighting the flames that threaten the town. It is believed Ashland can be saved. Two more fires were reported this forenoon.

ADDRESS CANADIAN CLUB ON WEDNESDAY

J. A. M. Aikins, K.C., of Winnipeg, to Speak on Some Canadian Problems

Great interest attaches to the announcement that the Canadian Club, at its luncheon tomorrow, is to have in address from J. A. M. Aikins, K. C., president of the Manitoba Bar Association, who is to at present a visitor in the city. He will take as his subject "Some Problems in Canadian Development."

Mr. Aikins has had a very interesting career as a barrister. He has been practicing law in Winnipeg for the past 32 years, having located there in 1878. In 1882 the law firm of Aikins, Culver and Monkan was formed with Mr. Aikins at the head. Mr. Culver remained a member of the firm until his death in 1900. Among others who have been associated with him are H. A. Robson, recently appointed to the bench; Hon. A. L. Sifton, premier of Alberta; and Hon. Justice Prendergast. But Aikins has always been at the head of the firm.

In 1882 he was elected a "fencer" and at different times has held the position of secretary, treasurer and president of that association.

In 1881 he was appointed solicitor for the C. P. R., and has held the position ever since, at the present time being their counsel in western Canada. He is also retained as counsel by the Northern Trust Co., Great West Insurance Co., Imperial Bank, Bank of Ottawa, and many other large financial institutions.

He takes the liveliest interest in educational matters, and is a director of Wesley College and the Manitoba Agricultural College, of age he looks and is as vigorous as a man of 40, and he could easily pass for a man that age. He is an enthusiastic golfer, being a member of the St. Charles Country Club, where he is a familiar figure.

Dustbane

The greatest germ killer and deodorizer known. Lays the dust when sweeping. Good for carpets. Will not soil. Dustbane disinfects everything. Sold everywhere. Ask for it.

INDEPENDENCE IN AMUSEMENT

CHANGE SUGGESTED IN FAMOUS FOOTNOTE

Conference Will Consider This Proposal—Marriage of Probationers—Reform Work

A change in the famous footnote in the Methodist Book of Discipline, dealing with amusements, is likely to be made at the present session of the General Conference.

At last conference a commission on rules was appointed, very strong in its personnel, and this body reported yesterday afternoon, many of its recommendations being accepted.

As the footnote now stands it reads: "The General Rules are to be understood as forbidding neglect of duties of any kind, imprudent conduct, indulging in sinful tempers or words, the buying, selling or using intoxicating liquors as a beverage, dancing, playing at games of chance, encouraging lotteries, attending theatres, horse-races, circuses, dancing parties, patronizing dancing schools, taking such other amusements as are obviously of a misleading or questionable moral tendency, and all acts of disobedience to the Order and Discipline of the Church."

The commission declare that John Wesley's aim in this was personal holiness and spiritual power, and that the footnote is rather a summary of things to be avoided; not a human code to be imposed on society arbitrarily. It recommends some changes which will allow more independence and freedom of action to the individual member of the church.

"Do we understand that if this is altered the footnote is altered for ever?" asked Rev. Dr. Ryckman.

"Certainly," replied Dr. Carman. "We can dance if we like," remarked the venerable pastor from Kingston, half-questioning, half-meditative.

Mr. Justice MacLaren said this was the first time the church had ever interfered with the footnote. It represented the interpretation of a church rule, part of which came from John Wesley himself, part from the conference following and part from their own church since the union in 1852. That being so, the proposed alteration ought to be printed and placed in the hands of members so that they would be fully aware of what they were voting for.

A delegate was willing to abide by what the commission had decided after four years' thought.

Another asked if the commission had been influenced by the thousands waiting outside the doors of the church.

"Are we not to have a few hours to consider what they have had four years to deliberate on?" demanded Joseph Gibson, Ingersoll.

The motion to print carried.

Alterations Accepted.

The clauses on marriage were altered to some extent. The phrase declaring that marriage with careless, unwashed and persons "produced bad effects, they have either been hindered for life or have turned back to perdition" was struck out and ministers are to "urge, not enforce," the apostle's caution: "Be ye not unequally yoked together with unbelievers?"

The following clause was struck out: "We do not prohibit our people from marrying persons who are not of our church, provided such persons have the form and are seeking the power of Godliness; but we are determined to discourage their marrying persons who do not come up to this description."

The forty-fifth clause in the Book of Discipline, forming in itself the whole section vi., deals as follows with dress and ornaments:

"While the New Testament gives no specific directions in regard to dress, yet its spirit is manifestly against the use of costly or gaudy apparel, and the wearing of needless ornaments; therefore, let all our ministers discourage in the church whatever, in this respect, is contrary to Christian simplicity; and in order to do this, let them read the thoughts upon dress at least once a year, in every society where such counsels seem to be needed."

The commission recommended that this end at "simplicity," the rest being struck out.

One of the lay delegates suggested that "costly" be struck out, holding that there should be no prohibition of buying the best, which was always the best.

Another motion was that the whole clause be struck out. This proved to be the will of the majority, for it was carried by 165 votes to 101.

Marriage of Probationers.

It was recommended that the clause in the "twelve rules for ministers" regarding marriage of probationers, be altered to read as follows: "Conduct yourselves prudently with women and counsel with your brethren into whom is committed the charge and government over you as to marriage."

This was a combining of the following two existing clauses:

"Converse sparingly, and conduct yourselves prudently, with women."

"Take no steps towards marriage without first consulting with your brethren."

"This savors too much of the old medieval conception that woman was a dangerous thing and that there was something particularly evil about her," said Rev. Dr. Salem G. Bland, Winnipeg. "I could quote you dozens of such assertions from memory alone, passages not so ludicrous as lamentable. It was the way men had of throwing the blame for their own weaknesses on the women. This clause carries with it reminiscences of a treatment of women that was not creditable, and we ought to strike it out."

Rev. Dr. J. W. Sparling, Brockville, reminded members that there was nothing light nor funny about the matter. The young minister or probationer should take every care in the choice of a wife. The usefulness or non-usefulness of his ministry would be largely determined by the woman he married.

It was voted by a large majority that the clause should not be struck out, but that the proposed revision

3000 YEARS AGO THE EGYPTIANS CURED DISEASE WITH FRUIT

To-day, Canadians Are Doing It With "Fruit-a-Lives"

The Famous Fruit Medicine

We are apt to consider the age we live in as the most wonderful age that the world has ever known. It is, in many respects. Yet the ancients surpassed us in some things. Engineers of our 40-story sky-scrapers still marvel at the massive pyramids and the sphinx. So, too, the Egyptian physicians of 3,000 years ago, used fruit juices as a medicine for treating blood trouble, liver and kidney disease, and stomach weakness. Their method of mixing fruit juice as a medicine, is also one of the lost arts. A well known Canadian physician, however, perfected a method of utilizing fruit juices, which is one of the greatest discoveries of modern medical research.

"Fruit-a-lives" is the natural cure for Chronic Constipation, Biliousness, Indigestion, Torpid Liver, Kidney Disease, Pain in the Back, Bad Complexion, Rheumatism, Nervousness, Headache and Neuralgia.

50c. a box, 6 for \$2.50, or trial box, 25c. At all dealers, or from Fruit-a-lives Limited, Ottawa.

should be changed around as follows: "Conduct yourselves prudently with women and as to marriage counsel with your brethren into whom is committed charge and government over you."

In the rule admonishing charity in judgment the final words are struck out: "You know the judge is always supposed to be on the prisoner's side."

"Be ashamed of nothing but sin" is altered to read: "Be manly and honorable and be ashamed of nothing but sin."

Women's Franchise.

A communication from the Vancouver W. C. T. U. forwarded a resolution asking the conference to make a declaration in support of the demand for the equal franchise for women.

The matter was referred to the committee on sociology.

A question arose as to whether E. Michener, M. P., who did not arrive until Friday, or G. W. Smith, who had been acting in his place on the Alberta delegation, was the permanent member.

Rev. Dr. Pyckman considered that the regular delegate, when he arrived, should supersede the reserve delegate.

On motion of Mr. Justice MacLaren the general superintendent was asked to name a committee of five ministers and five laymen to deal with the matter. Those named were: Rev. Dr. Howard Sprague (convenor), Rev. Dr. S. J. Shorey, Rev. W. H. Emsley, Rev. A. R. Aldridge, Rev. Dr. E. B. Ryckman, Mr. Justice MacLaren, G. W. Brown, N. W. Powell, K. C. A. W. Briggs and J. R. L. Starr.

This committee reported in the evening in favor of Mr. Michener.

The matter of the release of King and Skill, convicted for selling obscene literature, was brought up by Rev. Dr. Chown as a special matter, apart from the report of the social and moral reform committee, and it was asked that a special committee be appointed by the conference to deal with the matter and a strong resolution drafted.

The chairman asked why the matter should not be dealt with by the committee itself.

Dr. Chown replied that it was a large public question, which would not bear discussion in that meeting, and it was desired that a special committee be appointed, and composed of such strong men that, after they had discussed the issue and brought in a resolution, there would be no necessity to discuss the matter further. This was what the Presbyterian General Assembly had done.

A committee of thirty-five was appointed without further debate.

The board and publications committee recommended the appointment of a Book Steward east, Book Steward west, editor of the Guardian, editor of the Standard for the west, and editors of the various Sunday school publications. This met with approval.

Specialists in Reform.

An important recommendation made by the temperance and moral reform committee was that power should be given to employ specialists in social reform work, assistants in campaigning and so on.

Dr. Chown explained that it was sometimes found necessary to develop a community conscience on the great questions at the foundation of city limits in matters of over-crowding, or of immoral or unsanitary surroundings specialists might be required.

N. W. Rowell, K. C., Toronto, feared that this might be interpreted as permitting of additions to the staff of the department. There was a great danger in multiplying official representatives of the church and relieving pastors and laymen of a sense of the responsibility to do the work in their own districts. He would regret to see any permanent enlargement of the staff of the department. The work would be best done if local men were left to their responsibilities.

Joseph Gibson, Ingersoll, declared that with such aid as was suggested Ontario had been enabled to do far more work. The church could not put too much money behind its temperance or social work.

The suggestion was agreed to, as were a number of minor changes in the clauses of the Discipline in regard to this department. A secretary for moral reform work in each district was recommended.

In regard to a memorial from the Nova Scotia conference dealing with the opium traffic it was ordered that the general superintendent and secretary draw up a solemn and urgent petition to the British government, asking that every possible liberty be granted to China to rid herself of the opium traffic, and that no consideration of revenue be permitted to interfere with

the redemption of China from the blighting curse of this great evil.

The boundaries of conferences in the west were, on report of the standing committee, decided upon as continuous with the provincial boundaries, except that the eastern boundary of

Manitoba conference shall remain as it is.

It was recommended that Toronto and Bay of Quinte conferences be united and then divided into Toronto and Toronto East conferences. Rev. J. F. Wilson, Lindsay, Ont., one

of the delegates from Bay of Quinte conference, yesterday afternoon received the sad news of the drowning of a member of his family and left for home last night. The conference voted sympathy with him in his bereavement.

The Association of American Advertisers (New York City) has examined and certified to the circulation of this publication. Only the figures of circulation contained in its report are guaranteed by the Association.

ON THE WARPATH: The Colonel is in the act of reaching for his Big Stick. He is going to make an extended political tour of the United States in support of his policies.

and with might and main agitate for another revision of the tariff, tearing up business and once more splitting the party.

"Since Mr. Roosevelt's avowal of insurgent leanings, the action of the State Committee becomes clearer to Washington officials. The State Committee did not reject him because they didn't like him, but because they didn't trust him on the tariff and because they had reason to believe that he was against the Washington administration.

"Administration Republicans here are accepting the situation and preparing for squalls. They are also doing some mighty close gazing into the future, because most of them are convinced that Mr. Roosevelt will speedily get so deep into the insurgent morass that he will not be able to pull himself out, and he will be a candidate before the next Republican National Convention against Mr. Taft, and then be the nominee of the Progressive Republican Convention for President after his following has been beaten in the regular convention.

"That Mr. Roosevelt has been led deeply into the conspiracy against President Taft is no longer doubted. His weekly conferences with Messrs. Pinchot and Garfield, his ignoring of the administration, his studied self-isolation from the regular Republican party, coupled with the St. Paul announcement about two months ago before the Roosevelt Club that a new party had come into existence and its leaders were Messrs. Roosevelt, Garfield and Pinchot, are taken to be signs fully confirmed by Mr. Roosevelt's own avowal of himself as a progressive after his defeat of yesterday.

"It is taken here as certain that the Taft administration will now take every step possible to protect itself, believing, as many of its members do, that Mr. Roosevelt is planning a coup for 1912 which contemplates his own nomination by the Progressives and the Democrats."

THE CRIME OF SELF-MURDER.

There is a growing disposition amongst the people of the United States to shirk the ills that flesh is heir to, and the probability is that the people of most other countries share in the weakness of their American brethren.

LIES THAT LIBEL CANADA.

All the lies that have been told of us would more than fill the shelves of our spacious public library, and another Ananias with confusion! But, alas, we are ourselves even harsher when we lie about each other.

Self-sufficiency and over-weening vanity, we say.

Have, as history shows, led nations to disaster. Yet ostentatious severity and self-abasement may lead a people to destruction even faster.

And 'tis generally conceded that for almost every class of superior position in the province, the Victorian is incompetent, an admitted ass.

Please, don't hurl bricks. I do not say this estimate is fair. What I say is that it seems a straight opinion.

If our civic bureau wants a man for the gutters, why, of course, that office may be open to all comers. But responsible positions, at high salaries, are reserved for "peas"-aye, possibly, for "hummus".

Should we need a chief commissioner, I think we should give control to a local mart. Indeed, we're much too nervous!

We would send to Clay-Cum-Sticky, or to Hockley-in-the-Hole, for a person to command a

fat for July; for instance, in the Bertie, Ont., association one cow that freshened in May gave 1,320 pounds of milk, testing 4.0 per cent. of fat, equal to 52.8 pounds of fat. One herd of 17 cows at Glanworth, Ont., has an average of 926 pounds of milk, the herd including one two-year-old.

But there is no need for swearing, nor occasion to indulge in a gross, unseemly method of expression! As there is just one vocation where Victorians get the bulk of it is sometimes called "The Devil's Own" profession.

Yes, we all agree we're asses, who are quite unfit to hold any prominent, well paid, and high position. But the lawyers! How the barristers would snort if they were told that the Bench is far beyond their poor ambition!

And the beautiful Trades Union the solicitors have got! If you poached on their preserves you would be slaughtered. If you drew a writ for anyone I'm not too sure you'd not be beheaded, hanged, or, may be, drawn and quartered.

But "Canada for Canadians" is the law here! They keep all the high positions for Canadians! They do not say the people of this bright and happy land should keep all the rosy billets for the aliens!

SIR WILFRID LAURIER'S RETURN TO OTTAWA

Majority of the Ministers Will Be in Capital About Sept. 7th

(Special to the Times.) Ottawa, Aug. 23.—Sir Wilfrid Laurier is due to return to Ottawa on September 7th, and about that time the ministers will be back by that time.

Hon. W. S. Fielding and probably Hon. W. Patterson will take up at the end of September or early in October the question of reciprocal negotiations with the United States. They are expected to take place both here and at Washington.

FINE INNINGS BY McKILLOP

(Continued from page 1) from Williams' bat. McKillop glanced L. York for 1; Williams drove L. York for 3 and brought up 110. Sletton drove the last for L. Barnacle clear bowled Williams with a slow ball—113-9-7.

Dixon last man in and remained not out 6; for L. York clean bowled McKillop, who—J. I. batted splendidly throughout the innings without giving a chance for 42. The batsman appeared over-confident and played round a straight ball. The innings closed two minutes before the lunch adjournment. The scores were:

Table with 2 columns: Player Name, Score. Includes McKillop, L. G. Patullo, L. York, b Gallier, Lucas, b L. York, Dow, b W. York, Baker, b Barnacle, Cameron, b Barnacle, Hilton, run out, W. A. Patullo, b L. York, Williams, b Barnacle, Dixon, not out, Extras, Total.

Portland v. Garrison.

Portland batted first at Work Point and at lunch had scored 128 for 8 wickets. Askey was the best Garrison bowler, obtaining 4 wickets, Smith, not out, 25, was the highest score. The lunch time scores were:

Table with 2 columns: Player Name, Score. Includes A. Berridge, c Robertson, b Askey, K. Bailey, b Askey, J. J. Churchley, b Gooch, W. G. Smith, not out, M. Copping, c and b Pooley, E. Fenwick, b Stevens, F. Banham, b Stevens, G. Shipley, b Askey, A. Mackenzie, b W. b Askey, C. Cummings, not out, Extras, Total.

Burrard and Saanich.

Burrard and Saanich teams opened their match this morning at Beacon Hill, the former going in to bat. At lunch eight wickets had fallen for 122 runs. Robins hit the ball clean out of the ground for six. McNamara obtained 5 wickets for Saanich. The scores at lunch time were:

Table with 2 columns: Player Name, Score. Includes W. H. Twynam, c Thomas, b McNamara, J. R. Smith, c Thomas, b McNamara, W. T. Bullen, b McNamara, A. A. Robins, b Thomas, J. A. Killick, c Thomas, b McNamara, J. A. Collinson, b McNamara, W. H. Draper, b Thomas, E. Davies, not out, F. H. Hepburn, c Thomas, b McNamara, F. F. Pettley, W. P. Snee, Extras, Total.

JUMPS INTO HARBOR.

(Special to the Times.) Halifax, Aug. 23.—The steamer City of Ghent was going down the harbor this morning bound for eastern points when John Peterson, one of the crew, climbed to the rail and plunged overboard. Boats were lowered but he was never seen again. He was 25 years of age and belonged to Norway.

It is much the same in everything where salaries are large. Even preachers, Ricchiatto or Gregorian, Methodist, or anything, the stranger's put in charge! All the big jobs are too good for a Victorian!

As there is just one vocation where Victorians get the bulk of it is sometimes called "The Devil's Own" profession.

Yes, we all agree we're asses, who are quite unfit to hold any prominent, well paid, and high position.

But "Canada for Canadians" is the law here! They keep all the high positions for Canadians! They do not say the people of this bright and happy land should keep all the rosy billets for the aliens!

PRESENTATION TO HANS HELGESON
RETIRES FROM POSITION OF FISHERIES INSPECTOR

Pioneer, Formerly of Victoria, Will Visit Sweden, His Native Land

Hans Helgeson, the well known pioneer of Sooke district, who represented Esquimalt district several terms in the legislature, and who latterly has been acting as fisheries inspector for the Skeena River district, has retired after ten years service. At Port Eslington a few days ago Mr. Helgeson was the recipient of a handsome present and an address from his many friends in that district. The Prince Rupert Evening Empire, in alluding to the pleasing event, says in its issue of August 15:

"Mr. Hans Helgeson, who has retired from the position of fisheries officer for the Skeena river, after a service of ten years, was the guest of honor at Mr. J. T. C. Williams' residence, Port Eslington, on Monday last.

"A splendid gold-headed walking stick and a purse of gold containing \$500 made up the gifts presented to him. He replied in eloquent terms, which showed how deeply he felt the unexpected presentation. Mr. Williams entertained Mr. Helgeson and the company, and a very happy hour was spent. The following is the testimonial received by Mr. Helgeson:

"We, the undersigned owners and operators of canneries on the Skeena river, wish on the eve of your retirement from the public position you have held so long and honorably to express our deep sense of appreciation of your unvarying civility and willingness at all times to oblige, your high sense of justice and integrity.

"During your ten years of service as fisheries officer for the Dominion government, you have acted with the strictest impartiality, giving all of us a 'square deal' and during times of critical importance to the salmon fisheries of the Skeena river your sound judgment has always been much appreciated by us.

"We also wish to take this opportunity to express to you our sincere thanks for the active and important part you played in obtaining the permanent prohibition of the Babine Barricade. We realize that through your efforts combined with those of the department this terrible engine of destruction to the salmon was obliterated for all time; consequently with the strict enforcement of the weekly close season an abundance of salmon is allowed to reach the spawning grounds, enabling the Indians of the interior to obtain a more abundant supply for their needs.

"And we give of the unanimous opinion that the present magnificent run of salmon, a run we believe unprecedented in the history of the Skeena River canneries, is due in a great measure to the removal of the celebrated Babine Barricade, and we trust that the department will continue to remove other obstructions until they make the Skeena river the grandest salmon stream on the coast."

"We close our testimonial with the sincere and earnest hope that the evening of your long and useful life will be spent in the peace and happiness which always follows an honorable career."

—What for breakfast? Olympic Pan-Cake Flour hot cakes.

—Once in a great while promoters buckle down. The Amalgamated Development company has done so.

—Off is King in Alaska. The Amalgamated Development company has a notice in this paper which concerns you closely.

—No amicable arrangement having yet been reached, a further hearing of the issue between the Esquimalt Waterworks Company and really owners who complain of excessive taxes, will be given by the provincial executive on September 20th.

The tremendous and unprecedented amount of building and general construction work in progress has resulted in a cement famine, both in Victoria and Vancouver, and contractors find themselves seriously handicapped in the execution of their orders.

The fund appropriated for the purpose having been exhausted, there will be no more band concerts at the public parks of the city this season. This announcement was made at last evening's meeting of the city council. The total amount of money available for park purposes to the end of the year is only slightly over \$5,000.

The finance committee of the city council has reported adversely on the requestion of the Victoria Trades and Labor Council for an appropriation of \$250 to assist in defraying the expenses in connection with the forthcoming celebration of Labor Day at Beacon Hill park. The same committee has voted the sum of \$150 to defray the expenses of the trip which Fire Chief Davis will make to Stockton, Cal., to attend the convention of the Pacific Coast Fire Chiefs.

UNLIKELY THAT DILLON PRISONER IS HANEY

Suspect Giving Name of Smith is Not Identified as Fugitive

Advice from Dillon respecting "Ed" Smith, the prisoner held at the Montfarna town on the charge of attempting to hold-up the state bank there are to the effect that Sheriff Gossman is losing faith in his former belief that the man is "Bill" Haney, wanted for murder and train robbery in this province.

Smith's attempt at hold-up in the bank did not savor of the daring coolness of Haney. He entered the building when only one employee was on duty and distracted the clerk's attention by asking for some change. As soon as the clerk had lowered his eyes Smith covered him with a revolver and commanded him to put his hands up. Finding that the clerk did not obey Smith fired and missed his man and then dashed for his horse, which was tethered outside. While attempting to turn a slippery corner in the town the horse slipped and Smith was pinned under it.

So far he has refused to be photographed and will not give any clue to his identity. All efforts to prove that he is Haney have so far failed, although his description tallies in some respects with that of the wanted man. The provincial police, after these ineffectual attempts to identify the suspect, have practically abandoned hope that Haney is in the grasp of the law.

Complaint having been made by hack-drivers and the drivers of other vehicles that the paved sections in the business streets are being too copiously sprinkled in the early morning hours, resulting in rendering the roadway slippery and thus dangerous to persons, orders have been issued by the city engineer that the practice be discontinued in the future.

New vocal teacher in Victoria, Mr. Chas. Bethune's successor, Mr. Paul Edmonds, a well known vocalist and professor of singing, from London, England, who was principal baritone with Madame Tetrazzini, an Irish lady, has arrived in the city and opened a studio at Messrs. Waites' Piano Store, Government street.

The proceedings at last evening's meeting of the city council were witnessed by a number of visitors who held civic positions in cities in eastern Canada and who are in the city as delegates to the Methodist conference. Among these were Mayor Austin of Chatham, Ont.; Mayor Gate of Sherbrooke, Que.; Mayor Duggan of Stratford, Ont.; and Mayor Stevens of Stansfeld, Que.; Ex-mayor Knox of Westminster, Que.; Aldermen Harrison of Kingston, Ont., and Hillard of Morrisburg, Ont.

Before the Chief Justice of the Appeal Court yesterday an application was made by Sir Charles Herbert Trupper, K. C., for an order refusing to admit into the appeal books, on appeal to the Supreme Court, of a statement respecting the proportionate amount of certain lumber contracts for by the Canadian Pacific Lumber Company, Limited, which was prepared by the Paterson Timber Co., in their action against the first-named concern. The application was opposed by H. C. Keefer, of Eberts & Taylor, Chief Justice Macdonald, after hearing argument, refused the application.

VICTORIA THEATRE.
When Huron L. Blyden appears at the Victoria this coming Thursday, Friday and Saturday in "Father and the Boys," his adult theatre-goers in great numbers will be attracted to the presentation of this much talked about and greatly discussed comedy. "Father and the Boys" is known as one of the most distinctive comedies that has been given the stage in many years. It is constructed upon lines wholly different from those that have ever been embodied in any other comedy. Special security is required for this play, which this company carries.
Another indication of the great growth of the business of the city is the opening up at 640 Port St. of the Unique Tailoring Co. This firm has a reputation for high class workmanship and satisfaction is guaranteed all who patronize them. They carry a full line of the latest in Worsted, Serges, etc.

We Are Satisfied That We Can Please You

We know we have the best suits in the city for the money, and not last season's stock either, but instead, good, bright seasonable fall goods made up in styles that will suit the most particular dresser of to-day. Prices Range From \$15.00

FINCH & FINCH 1107 Gov't St.

FIRST CENTURY TO A. F. MARTIN

NANAIMO MAKES MOST DISAPPOINTING START

Victoria and Burrard Lead "A" Division With Vancouver and Portland Top in "B" Series

Victoria 7 for 327, beat Albion 78. Burrard 178, beat Seattle 70. Vancouver 128, beat Kootenay 117. Portland 121, beat Nanaimo 44.

The surprise of the first day's play in the cricket tournament is the easy defeat administered to Nanaimo by Portland, the former eleven, which has played consistent cricket on many occasions this season being all out for 44. The cost miners had a second attempt which did not count in the verdict and only just escaped a one innings defeat by six runs.

Victoria's victory over the Albions was not unexpected, but it was noticeable for the splendid batting of A. F. Martin whose 120 was the first century of the tournament. He made the century without giving a chance, and hit the Albion bowlers practically at will.

With Burrard who scored 63, they took the sting out of the Albion bowling. Of the Albion bowlers W. E. Ismay was the best getting 4 for 52. Earnacle and Gallilher disposed of the Albions between them with 5 for 23 and 5 for 37 respectively.

In the first division Vancouver and Portland are equal with a win each, and in the second division Victoria and Burrard hold top place with a win apiece.

The scores of the four matches yesterday are as follows:

VICTORIA BEAT ALBIONS

Men's Singles.
A. F. Archibald, scratch, beat W. H. Bone plus 15, 6-2, 5-7, 6-4.
F. Forber, scratch, beat G. D. Case plus 15, 6-3, 1-6, 6-3.
F. Forber, scratch, beat F. C. Paul plus 30, 8-6, 6-3.

Men's Doubles.
J. McArthur and J. P. Sweeney, beat W. H. Bone and J. D. Virtue, 2-6, 6-4, 6-2.

Ladies' Singles.
Miss Weldon, plus 15, beat Mrs. Case plus 20, 6-3, 6-1.
Miss L. E. Bone, 15, beat Miss S. Hiscocks, scratch, 6-1, 6-2.
Miss Camussa, scratch, beat Miss Wilson plus 15, 6-7, 6-5.
Miss L. E. Bone, 15, beat Miss G. B. Bone, scratch, 6-3, 1-6, 7-5.

Mixed Doubles.
J. McArthur and Miss L. E. Bone, beat J. D. Virtue and Miss G. B. Bone, 2-6, 6-4, 5-3.

EMPRESS IS BEATEN BY CHEMAINUS NINE

Three Runs and Five Errors for Winners Against Two Runs and Two Errors

Chemainus won another game on Sunday by defeating the Empress team 3 to 2 in a closely contested game, although Chemainus had five errors. For the home team Cathcart in right field took everything that came his way, while Manson and Erb in left and centre played their usual star game. Hamby by grabbing a hard fly over short. Devitt is always ready for any offerings on first and had only one error to his name. Jumbo on second in a fine proving and made the only three-bagger of the day. Roseboom on third played his usual game, but had three errors chalked up against him. Dawson and Murrh formed the battery.

SUMMARY.

Empress	
R. Shanks	3 1 0 2 1 0
Donohue	3 1 1 0 2 1
Baker	14 0 0 1 0 0
Flummet	14 0 1 12 0 0
O'Rourke	4 0 0 2 0 0
Johns	4 0 0 2 2 0
Hall	3 0 0 1 0 0
Ward	3 0 0 5 1 1

Jumbo	3 1 1 9 1 0
Total	33 3 4 27 12 5

VICTORIA LACROSSE TWELVE WILL TRAVEL

The Victoria Lacrosse Club still have two games to play in the B. C. amateur series, both with Westminister, the first of which will be played this Saturday on the latter's ground, while the last game will be played here on Labor Day afternoon. While it is true that the local twelve have now no chance for the championship, as that is now clinched by Vancouver, still it behooves them to try and get second honors. At present Westminister is in the cellar, but winning their two games with Victoria would put the locals in that unenvied position; while again if the Victoria team will only get together and play unitedly they could win those two games themselves, and thus be at the very helm of Vancouver. This would be much better than being at the bottom, as local teams have been for a number of years. If Victoria can get second place this year it will be a step in the right direction, and no doubt an impetus for the boys next season to get in and do nobler things, in fact bring home the championship. Now, this cannot be done without an effort.

Last evening a full practice, was called by the selection committee in charge, but only four players and one selection committee man were on deck. This is not as it should be.

A general practice is called for Thursday night when a full turn-out is necessary, so that each one is asked to be present as near six as possible, as it gets dark so quickly these nights. The team will be chosen after practice, and on Friday night they will cross the Gulf to try their skill with the Royal City team.

ENGLISH CRICKET

The M. C. C. committee this month considered the question of matches in May which were reduced to two days on account of the late King's funeral, and it was decided that the country matches unfinished owing to the funeral should not count in the championship. Consequently upon this ruling, six games which had been counted as draws have been eliminated. The positions of the counties at the time the last English mail left were as follows:

Wor.	12	2	77.77
Kent	10	6	32.93
Surrey	11	4	52.58
Lancashire	7	2	30.00
Middlesex	9	3	47.36
Yorkshire	8	3	47.05
Hampshire	5	2	45.45
Essex	6	3	42.85
Norhamptonshire	4	8	41.37
Sussex	7	3	41.17
Leicestershire	4	8	33.33
Notts	3	7	31.42
Gloucestershire	3	6	17.64
Warwickshire	2	5	14.28
Worcestershire	3	11	13.33
Derbyshire	0	11	0.00
Somerset	0	11	0.00

R. H. Spooner's innings of 200 not out this month against Yorkshire is the sixth double century innings played this season. The others were made by Arnold, A. Hartley, Charlesworth, S. Smith, and Humphreys. The following is a list to date of the batsmen who have scored three or more centuries:

Tyldesley (J. T.) (5)—153, 152, 136, 101, and 122.
K. L. Hutchings (4)—104, 122, 109, and 141.
H. K. Foster (3)—126, 112, and 119.
A. O. Jones (3)—121, 116, and 121.
G. L. Jessop (3)—155, 162, and 103.
A. Hartley (3)—234, 126 not out, and 168.
Charlesworth (3)—216, 105, and 121.
Cot (3)—128, 103, and 154 not out.
Hayward (3)—106, 115, and 120.

PORTUGAL MAY BE SCENE OF TROUBLE

Mr. R. E. Foster had not till this month been seen in a first-class match since the season of 1897, when he captained England in the three Test matches against the South Africans, but he proved at Worcester against Yorkshire that he can bat as finely as ever. A more successful reappearance after so long an absence can scarcely be recalled. Going in when two Worcester wickets had fallen for four, he was out ninth at 299, his share of the 265 runs scored during his stay of three hours and a quarter being 133. He gave no chance, and, except that late in his innings—once before and twice after the tea interval—he was beaten by balls that missed the wicket, no fault of any kind could be found with his play. His big score was made up of one six, 14 fours, three threes, eleven twos, and 49 singles.

Toronto Zingari have wound up their games in the old country, completing the best tour, as far as victories go, ever taken by a Canadian XI. The record is 3 games won, 4 lost, and 2 drawn, as follows:

Lost—Gentlemen of Liverpool, by five wickets.
Lost—Royal Artillery, by one wicket.
Won—Royal Engineers, by 133 runs.
Won—Gentlemen of Surrey, by 126 runs.
Won—St. Lawrence Club, by six wickets.
Won—United Service, by 47 runs.
Won—Gentlemen of Surrey, by an innings.
Won—Mitcham, by 7 wickets.
Won—Eric Hambro's XI, by 83 runs.
Won—Folkestone, by 8 runs.
Lost—Gentlemen of Essex, by an innings and 48 runs.
Draw—Gentlemen of M. C. C.
Draw—Gentlemen of Cheshire.
Lost—Gentlemen of Leinster, by 192 runs and 2 wickets.
Draw—Phoenix Cricket Club.

SACRIFICES LIFE FOR PARROT.

Spokane, Wash., Aug. 22.—Joseph Gaston Boyd was overcome by smoke and gas and died in the conflagration at Wallace Saturday night when he rushed back to the deserted home of Captain John Boyd to rescue a pet parrot. The family had fled down the hill to safety. About half-way down Boyd remembered the parrot and started back. After reaching the bird he shut him within four flaming walls and he was overcome. The body was found by relatives.

REPUBLICAN LEADERS REPORTED TO BE SECURING ARMS—UNREST IS SPREADING

Oporto, Portugal, Aug. 23.—Revolution may break out in Portugal at any moment. It is reported that the clericals are awaiting a signal to rise, following word from their brethren in Spain. Meanwhile rifles are being brought into Portugal and put into the hands of the Republican leaders. They hint at a plan to bring differences to a head and it is asserted that they will meet the clericals on their own ground.

Monsieur Tentil, the Papal nuncio at Lisbon, is looked upon by the Republicans as being highly objectionable to their views. It is reported that plots against him are numerous and that he has taken refuge in the fortress.

To add to the general unrest, elections will be held next Sunday. The situation is critical.

CANNON'S CHANCE OF RE-ELECTION SLIGHT

Republican Committee Will Try to Keep Speaker in Background During Campaign

Washington, D. C., Aug. 23.—Another step in the reported attempt of the administration to relegate Speaker Cannon to a less important place in the councils of the Republican party, it was learned yesterday, has been made by the Republican congressional-campaign committee. For the first time in many congressional campaigns Cannon has not been assigned speaking dates by the committee. Republican leaders say Uncle Joe's services are not wanted because of his avowed attitude on insurgency, which he is prone to express in his speeches. His attitude, they declare, in his addresses in Kansas, and the results in Kansas and the charges and counter-charges thereof, are sufficient to show the leaders that insurgency is a good thing to let alone. It is reported that Taft and his political advisers, after studying the results from Kansas, Iowa, California and other states, have concluded that the least said about insurgency is the best.

The campaign will be a "tread light" affair, as far as insurgency goes. It is said, none of the regular leaders desiring to raise the issue any further than it has already been stirred up. That Speaker Cannon could not take the stump without expressing his views on the Republicans who did not conform to his idea of party regularity is so firmly believed that the congressional committee will not put him on the stump. Politicians here, forecasting the result of the speakership fight in the next congress following the announcement of Representative Longworth that he will not vote for Cannon, believe that another presiding officer will be chosen. The desertion of Congressman Smith of Iowa, who is a candidate for speaker himself, and of Congressman Humphreys of Washington, it is believed indicates that it is impossible for Cannon to be re-elected.

DROWNED AT NANAIMO.

Nanaimo, Aug. 23.—A drowning accident in which Wm. Gillis was the victim, occurred here on Saturday night or early Sunday morning.

Gillis, who has been working on the railway extension arrived here on Saturday evening and with his pack went over to the "Green" on the waterfront and made himself comfortable for the night on the bank near the boathouses. He must have fallen asleep as his outfit indicated that he had prepared himself for the night, but unfortunately he rolled over the embankment, a drop of fully 40 feet, and received a severe scalp wound. The blow was unquestionably sufficient to cause unconsciousness, and he fell into the water and was drowned.

The body was discovered early Sunday morning, and after an investigation by the coroner an inquest was considered unnecessary. Deceased was a man about 45 years of age. Everybody is pleased who is interested in the Amalgamated Development company.

is situated and whether provision has been made for payment of an adequate staff of probation officers and if there is some society ready and willing to act as juvenile court committee. All the questions put by the government can be answered satisfactorily, as the home is now in operation, the probation officer appointed and the Children's Aid Society ready to undertake the work. On motion of Aid. McKeown the matter was referred to the city clerk to furnish the government with the information asked for.

What Other People Think

WANTS TO KNOW.

To the Editor:—I would like to inquire of the council the reason that all the hydrants at the salt water system recently installed here have to be taken out and repaired at an enormous expense to the ratepayers. I am told that they are the poorest and weakest made hydrant imaginable, and the ratepayers should know the cost of the repairs and who inspected and accepted them for the city. J. LEONARD. Victoria, B. C., Aug. 21st.

HIGH SCHOOL BY-LAWS.

To the Editor: In voting upon the High school site by-law on Monday next it is important that the ratepayers should keep in mind the main point to be decided by the vote. It will be remembered that the school board quite early in the spring decided to place the new High school on the top of the hill in the rear of the Jewish cemetery. At a later date, in compliance with the request of an influential section of our citizens, the board by the casting vote of the chairman, decided to reconsider its previous decision and select the Spring Ridge site, provided the city council rendered certain assistance.

After a prolonged and seemingly unnecessary delay the council is now asking the ratepayers for their approval of this agreement. In other words, the ratepayers are now asked to approve of the Spring Ridge rather than the Jewish Hill cemetery site. It is not a question of Spring Ridge against the Jewish Hill cemetery site. Which of these two sites do the taxpayers prefer? There is no doubt that if the Spring Ridge by-law is defeated the trustees will at once proceed to close the other site and begin the work of erecting the new High school there. The by-law also asks for a vote of the sum of \$13,000 to aid in purchasing and leveling the site at Spring Ridge. It should be remembered that if the other site is built upon it would involve an expenditure by the city of several times that amount for sewerage, water and gas, so the small money item which this by-law carries with it need not enter into the consideration at all. It is not necessary to repeat here any of the reasons why the Spring Ridge, or rather the Fernwood road, site should be approved by the ratepayers, as all these have already been fully laid before the public. Now that Fernwood road is soon to be paved with asphalt, similar to that recently put down on Linden avenue, this will render that street additionally attractive and afford another reason why this site should be approved. The people of Spring Ridge, who are deeply interested in this question, therefore appeal to the spirit of justice and chivalry of our citizens to support this by-law and by so doing help to remove the injustice under which this section has so long suffered and wipe out this unsightly blot from our fair city. F. A. Spring Ridge, August 22, 1910.

THREE KILLED IN COLLISION.

Hagerstown, Md., Aug. 23.—Three men were killed and six severely injured in a head-on collision of two freight trains on the western Maryland railway near Raven Rock bridge to-day.

Now Then—Take Your Seats

Come up to the table and eat—here is the family breakfast that satisfies. You'll never buy ordinary Oats again once you taste B&K Rolled Oats. The flavor is far more tempting, and another very important thing about B&K Rolled Oats is that they contain no hulls—they're not "stringy" and fibrous like the ordinary oatmeal you've been used to eating.

B&K EXTRA CREAM ROLLED OATS

Are palatable, rich and nutritious. The tremendous pressure applied during the rolling process breaks down the cell walls of the grain, making it easier to cook. During that process we apply heat, which partially cooks B&K Oats and also preserves their full, natural flavor. Our mills are situated in the finest Oats district in the world, where they are scrupulously prepared by modern machinery and then packed in sacks to retain freshness and flavor. At Victoria, where our old mill was de-

Sold in Cotton Bags 35c

stroyed by fire last November, we have constructed one of the finest milling plants in Canada, enabling us again to supply the great demand for our B&K Home Made brand. Buy a sack to-day—but be sure you see our trade mark "B&K" printed in red—you can't expect good oatmeal unless you do. Order some to-day from your Grocer.

SECURES CERTIFICATE IN SPITE OF BOARD

Changes in System of Sight Testing Likely to Be Made in Near Future

A further development has arisen out of the case of John Trattles, who, on the ground of defective color-vision, was lately arraigned by the British board of trade—who declined to grant him his first mate's certificate, the examination for which he had passed—and who, furthermore, called upon him to surrender a certificate for second mate of which he was already in possession. It will be remembered that the board of trade instituted special inquiry, presided over by Sir Francis Mowatt, G. C. B., assisted by John Dickinson, a Metropolitan magistrate,

having regard to the nature of the subject to be investigated and the number of interests that would require to be represented. In this connection Sir Walter J. Howell, K. C. B., on behalf of the board, states that they will not themselves be represented upon the committee. They will, however, tender evidence as to matters within their knowledge, and it is hoped that a similar course will be adopted by other persons and bodies interested, including the Imperial Merchant Service Guild.

ZELANDIA HERE FROM AUSTRALIA

NEW STEAMER MAKES EXCELLENT TIME

Officers for Union Steamers Are Trained Aboard Ship Dartford Under Expert Men

Steamer Zealandia is here this afternoon on her maiden voyage from Australia to this port, with a large number of passengers and the usual frozen meat and other cargo. That she has managed to keep well within her schedule time is to her credit, being a new ship. She was built to run between Australia and New Zealand, but the Manuka, formerly on this run, is now doing that work.

The method of training officers for service in the Union Steamship of Australia is very interesting. The British ship Dartford is used for this purpose, boys joining her as cadets at the age of about 15 years. As there are sixty-six vessels in the Union fleet it takes a good many officers to command them all. Twenty-four future officers are now aboard the Dartford undergoing regular training under Captain J. E. Macdonald and chief officer William Martin. These lads add a good deal in the navigation of the ship, which carries only nine other hands, and besides this they are given regular instruction in the science and art of navigation. The lads are all expert athletes, excelling in cricket, swimming and running. They swing clubs as a part of their regular training, and naval discipline is enforced. The Dartford makes regular voyages carrying freight for the company or under charter to other firms. During these voyages the boys have to do

With this man on his back Fox swam about for some time before he could get his burden hoisted on to the poop. The midship portion of the barque then drifted under the lee of the poop, and all the rest of the crew managed to clamber on to it. Next day, plucking up courage under the indomitable leadership of the English sailor, all hands made a raft which should carry them ashore. When near land huge breakers capsized the raft, but all got safely ashore. Fox again distinguishing himself by taking charge of the captain's daughter and swimming with her on his back. Fox returned to England, having worked his passage in the stokehold of a steamer bound for London.

FOUR GRAIN VESSELS FOR FALL LOADING

Union Rate for Grain Now Prevails—Japanese Steamers Taken for Lumber

For San Francisco grain loading no new charters have been announced, says the Commercial News in its weekly review. The charter movement for Northern loading has commenced in a small way, but has not yet become general.

Four sailing vessels were chartered this week for October and November grain loading in Portland, all taken at 25¢ 60. They are the British ship Glennholm, which sailed April 27th for Portland with general cargo; the British ship Kensington, which was aground in Santa Rosalia harbor when last reported, July 25th; the German ship Frieda, which sailed from Hamburg July 17th with general cargo for Guayaquil; and the French barque General De Bolsedra, now en route from Sydney, N. S. W., with coal for Portland.

In lumber chartering Valparaiso for orders has been done at 41s 9d, and direct port west coast at 41s 2d. Two Japanese steamers have been taken for Portland to Japan, one having arrived at Portland and the other not yet sailed from the Orient. Puget Sound to Friendly Islands, and Eureka to Salina Cruz have been done at private terms.

Offshore lumber rates are quoted as follows: Lumber from Puget Sound or British Columbia to Sydney, 30s@32s 6d; to Melbourne or Adelaide, 31s 2d@32s 6d; to Port Pirie, 35s@36s 3d; to Fremantle, 35s@37s 5d; to China ports (steam), 3s 3d@3s 5d on gross, direct nitrate port, 40s@41s 3d; Callao, 40s@41s 3d; Valparaiso for orders, 42s 6d@43s 9d, with 2s 6d less to direct port; to South African ports, 5s; to U. K. or Continent, 5s 6d@5s 9d; Guaymas, 5s 2s; Mazatlan, 5s 2s; Santa Rosalia, 5s; Honolulu, 5s.

Notice Concerning Construction of Vessels for the Canadian Navy

The vessels will be built according to the plans and specifications of the British Admiralty, which being of a confidential nature will only be exhibited to approved firms. The Department of Naval Service would, therefore, be glad to hear from any Canadian or British firm who would wish to tender for the BUILDING OF CANADA of these war ships.
It would be necessary for such firms to show that they have, or propose to put in, a shipbuilding plant that will be considered sufficient for the building of cruisers of the British class, and that they have had such experience as will enable them to guarantee the building of such ships according to the Admiralty specifications.
It should be borne in mind that the Rush-Bagot Convention provides that no war ships should be built on the Great Lakes, and, therefore, shipbuilding firms should arrange for establishments elsewhere than on these lakes.
Further information can be obtained, by parties who propose to tender, on application to the undersigned.

G. J. DESBARATS,

ZELANDIA HERE ON MAIDEN VOYAGE.

The twin screw steamer Zealandia was built by John Brown & Co., Clydebank, for Huddart, Parker & Co., Melbourne, Australia, but is at present operated by the Union Steamship Company of Australia.

The Imperial Merchant Service Guild defended Trattles, and, after a long hearing, Trattles' certificate was being returned to him by the court, the board being met in costs. The Guild has lately addressed representations to the board on the matter of Trattles' first mate certificate, and this has now been granted to him.
Arising out of this case, the board of trade advises the Guild that they are about to appoint a small departmental committee to advise them as to what changes, if any, appear advisable in the system of sight tests now in force. It is not intended that representatives from shipping bodies shall sit on this committee, the board informing the Guild that they have deliberately decided to avoid this method of constituting the committee as unadvisable.

BRITISH SEAMAN WINS FOREIGN DIPLOMA

Rescued Captain and Daughter and Number of Crew From Norwegian Barque

Edward G. Fox, a seaman whose birthplace is Harwich, has been presented with a silver medal, and diploma by the Norwegian government for sustained and intrepid gallantry at sea. Fox was for some years employed in the Australian coasting trade. Being anxious to get back to the colonies he left the steamer of which he was boatswain, at Archangle, in the White sea, and shipped as an able seaman on the Norwegian barque Sverdrstad, bound for Australia with a cargo of lumber.

There were seventeen, all told, on board the Norwegian barque, one of them, the captain's daughter, aged about 17. Apparently Fox was the only Englishman on the vessel, which sailed from Archangle on September 22nd last.
In the course of a snow squall the barque ran upon a rock, and immediately broke into three pieces. The fore-part sank at once. The midship section, filled with lumber, floated clear. The poop remained fast upon the rock, but liable at any moment to slip off into deep water.
Believing that safety lay in reaching the midship section of the vessel at all costs, Fox sprang on to it from the poop before it had been carried too far. A Norwegian seaman who followed him, fell into the sea. Fox plunged in to save him, but the man was never seen again.

Next this non-ventured Englishman set to work to make a raft from the lumber. This he launched, and getting it near to the poop, invited the captain to jump in and get hold of it. The captain declined, whereupon Fox threw him into the water and then pushed and pulled him and several others of the crew into safety.
This gallant British sailor then gave his attention to the captain's daughter, who had been asleep when the catastrophe occurred, and was clad only in her nightdress. Taking her on his back, Fox plunged into the sea, and by the help of the raft got her on to the midship portion of the barque. Then, divesting himself of his oilskins and some other portions of his clothing, he gave them to the shivering girl.
Returning for the rest, Fox found a man over the side, almost exhausted.

IN THE MATTER OF THE "NAVIGABLE WATERS PROTECTION ACT," BEING CHAPTER 115 OF THE REVISED STATUTES OF CANADA, 1906.

TAKE NOTICE that James R. Stewart, in pursuance of Section 7 of the above named Act, has deposited the plans of work and description of the proposed alterations, to be constructed upon all that foreshore and submerged land in West Bay of Victoria Harbour, B. C., being adjacent and pertaining to Lots 4 (1st and 7 (seven) of Section 32 (thirty-two), Esquimalt District, and more particularly described as follows:
Commencing at a point north fifty-six degrees and forty-five minutes east (N. 56 deg. 45 min. E.) and twenty-eight and seven-tenths (28 7/10 ft.) from the intersection of west boundary of Lot 4 with high water mark of West Bay, thence south seven degrees and six minutes east (S. 7 deg. 6 min. E.) a distance of six hundred and sixty-seven feet (667 ft.); thence east a distance of one hundred feet (100 ft.), thence north a distance of seven hundred feet (700 ft.), more or less, to shore line, and thence following shore line to point of commencement.

AND TAKE NOTICE that at the expiration of one month from date of publication hereof application will be made to the Governor in Council for approval thereof.
At Victoria, British Columbia, this 16th day of August, 1910.

LOCAL NEWS
-The regular monthly meeting of the Canadian Order of Foresters will be held in the Sir William Wallace hall on Thursday evening at 8 o'clock.

On Thursday afternoon next the ladies and as many of the gentlemen of the General Conference who are not deterred by the business of the conference will be the guests of the local W. C. T. U. at the mission on Store street, opposite the E. & N. depot, from 2 to 4 o'clock.

Property owners on Pemberton road are agitating for a bitulithic pavement instead of sheet asphalt for the resurfacing of this street. The ratepayers concerned maintain that bitulithic is not slippery, being thus much better for horses and automobile traffic, and also that there is very little dust in this pavement. They also claim that bitulithic is less noisy than asphalt, and are accordingly sending in a petition for the bitulithic work.

PROGRESS OF WORK ON GRAND TRUNK PACIFIC

C. M. Hays Says There is Scarcity of Labor—Visit of Officials

Vancouver, Aug. 23.—The Grand Trunk Pacific management expects to have the main line completed into Prince Rupert in 1912 or 1913 at the latest. The rapidity of construction hinges upon labor conditions, which this year have been very unfavorable. On the main line and prairie branches construction gangs are deficient to the number of 5,000 men. Two exploratory parties are now engaged making a reconnaissance in connection with the proposed branch from the main line to Vancouver. One outfit is working south from a point near Fort George. This would indicate that its starting point may be farther east than was originally proposed. The other party is working north from Lytton. The determination of the route into Vancouver—whether via the Lillooet country branching off from the Fraser above Clinton or via Lytton has been left for future consideration. Construction will not be commenced until the main line shall have been completed. No purchases of terminals or waterfront in Vancouver or vicinity have been made or are contemplated at present. False Creek as a terminal is still reported with favor by the management.

The above summarizes the principal announcements made by Charles M. Hays, president, and E. J. Chamberlain, general manager. The presidential party reaches here by special train on Sunday. The visitors left last night by the company's steamer for Prince Rupert. A train will convey them on the inspection trip as far as Railroad, on the Skeena river, below Kitiasas canyon. On returning south Victoria and Seattle will be visited.

The members of the party are as follows: Alfred Smithers, London, Eng., chairman; Chas. M. Hays, president; E. J. Chamberlain, Sir George Doughty, M. P., and Lady Doughty, London; G. B. Hunter, Thornton Davidson, Mrs. Thornton Davidson, Miss Eva Smithers, Hubert Smithers, London; John W. Loud, freight traffic manager; W. E. Davis, passenger traffic manager; J. E. Dalrymple, assistant freight traffic manager; James Caruthers, Montreal; J. Alex. Hutchinson, chief medical officer; D. E. Galloway, secretary to president; N. Kinella, secretary to vice-president and general manager; A. S. Loucks, secretary to freight traffic manager; Vivian Payne, assistant secretary to the president.

ANNEXATION OF KOREA BY JAPAN

Paving Way for Signing of Imperial Proclamation—Treaties Will Be Recognized

Tokio, Aug. 23.—Preliminary to the signing of the imperial proclamation that shall transfer the sovereignty of Korea to the Mikado, certain provisions of the document became public yesterday.

The Japanese government will recognize, for the present at least, the various treaties existing between Korea and foreign nations. This clause is of primary importance to the United States, which has enjoyed under the Korean treaty certain territorial rights in Korea which Americans do not possess in Japan.

A fear has been expressed that American extra-territorial rights would be abrogated by the annexation and that Japan would refuse to recognize the existing treaty with Korea. It is understood that diplomatic notes were exchanged between the Tokio and Washington governments and that assurances were given that existing treaties would not be disturbed for an indefinite time.

The annexation proclamation will declare that the Korean emperor shall have all rights devolving on an emperor, according to the laws of Japan. These will include freedom of supervision, enjoyment of certain revenues and comparative freedom from governmental cares.

Korean officials and nobles will receive similar treatment and will be deprived of none of their privileges and the perquisites of their rank, save the governmental powers that they have enjoyed.

PASSING SHOW

New Grand Theatre.

The show provided for patrons of vaudeville at the Grand, the leading vaudeville house here, this week is a show that does Mr. Jamieson much credit, for each of the five acts, imported from Italy and the States, are strong features and the kind that play to full houses through the whole of their engagement.

Leonard, Louie and Gillette, a team of collegians, certainly head the bill, and for brilliant and energetic equilibrium work have not been excelled or even equalled this season. The way these men constrain their muscles, balancing to a fraction of an inch and a fraction of a second, tells of a perfect union of mind and muscle, also of remarkable courage in the early stages, when they learnt to do these things. For proof of this just try to do one of the simple tricks, you strong men.

English and Italian, and accompany their songs and trios with two mandolins and a guitar, received well-sustained applause from a much gratified audience yesterday afternoon. Their selections are classical and popular and there is something in the list that suits the taste of all.

The work of Stuart Kollins and his assistants, Misses Carmen and Allison, is marked down as the most musical and most accomplished banjo act that has been here in four years at any theatre. This trio is a winner, and Mr. Jamieson is to be highly complimented for having such a fine act on his bill.

Harry D. Crosby, the man with the eventful legs, and Miss Lee are in a simple and affecting little comedy playlet called "Back Home," and there is pathos and a moral as well. As a humorist, Mr. Crosby is immense, and his make-up as an old, way-back post-master helps him some.

George D. Stokes and Carrie Ryan entertain with song and dance gracefully, and Miss Ryan is a tasteful dresser, with good clothes. Mr. Stokes has the coon lullaby song down pat. T. J. Price sings an illustrated song and the moving pictures depict scenes of interest and humorous situations.

—Get the habit. Wheat Hearts for breakfast.

WE HAVE THE OIL!

The Remarkable Progress of The Amalgamated Development Company

Has been unprecedented in the history of the Oil industry. Full title to all of this Company's immense holdings was not completed until the 20th of June—JUST TWO MONTHS AGO.

Since that date the Company has installed machinery for pumping two flowing oil wells. Has commenced and is already far advanced with the construction of a refinery on the ground; and has shipped NINE MILES OF PIPING to convey the product of their Oil Wells to tidewater.

Can This Record of Progress For Two Months Be Beaten?

The present week will see the stock of the Amalgamated Development Co. quoted upon one or more of the local stock exchanges. WATCH IT RISE.

NEW WESTMINSTER CIVIC FINANCES

JOSEPH MARTIN WRITES TO MAYOR

M. B. Cotsworth, Who Prepared Report for City Council, Replies to Letter

The recent publication of the report on 'New Westminster finances' by auditor M. B. Cotsworth, has been followed by an exchange of letters between those interested. Joseph Martin writes to Mayor Lee as follows:

Sir, - In paragraph 231 of your auditor's report reference is made to a transaction which Mr. J. W. Weart and I had with the council in 1906. I am not able to make out whether this is intended to be put forward as a charge against me or not, but from the remarks made by the auditor when he read this paragraph at the council meeting I would gather that it is.

May I ask what the charge is? The facts are as follows: The city was obliged to buy a number of properties at their tax sale because there were no bidders. After taking the necessary proceedings to get a good title the city placed a value on the different properties and offered them for sale. They were bought by different persons. Mr. Weart and I bought two lots, one at \$400 and the other at \$600. We bought them as a speculation, hoping that New Westminster would improve, and that they would advance in value. We were accorded no favor. Any other person could have bought them at the same price. Early in 1907 we sold the two lots for \$2,100, making about \$500 each on our investment.

I did much better in another investment in New Westminster during the time I held these city-lots. In the fall of 1908 I bought a property on Columbia street for \$2,500 from my old friend, John Crean, and a month later I sold it at a profit of \$1,000.

Does this blithering idiot of an auditor suggest that I robbed the city because I bought from them at \$1,000 and about a year later sold for \$2,100? Did I rob my friend Crean because I gave him his price for his lot and then it jumped up \$1,000 in a month? Do you, Mr. Lee, and does your council adopt this silly proposition?

Your auditor says that lot I, block 4, Sapperton, was bought by Mr. Weart and I for \$400 and a week later we declared its value to be \$1,000. This is a lie and an inexcusable lie, because the auditor had all the records before him. The property which we declared at \$1,000 included the other lot for which we had given \$600.

Your auditor says that on June 8, 1907, Mr. Weart sold his half of the lot to the Yorkshire for \$2,100, proving that what the city sold for \$400 was worth \$2,100 a year later. This is also a lie and a deliberate lie because the auditor admits that he had all the land registry records before him. What Mr. Weart sold to the Yorkshire was the two lots which we had bought from the city for \$1,000.

It appears from what the auditor states that this Sapperton lot is now valued by its owners, Hankey & Co., at \$5,250. It is possible that the auditor is also lying about this, as he is evidently an awful liar, but if it be

true, what does it matter? Apparently the auditor thinks that because the lot is worth now \$5,250, the Yorkshire swindled us by buying it and another lot from us in 1907 for \$2,100, and that Hankey & Co. in their turn duly swindled the Yorkshire in buying the lot from them at their price.

Has the fool of an auditor been asleep for the past four or five years? Does he not know that properties in Vancouver and New Westminster have increased as much as twenty-five times in the last few years?

In 1904 I bought from the C. P. R. a lot on Granville street in Vancouver for \$1,440 and it was sold a short time ago for \$5,000.

I notice that your auditor states that you, Mr. Mayor, were actively engaged in the nefarious tax sale transactions which he condemns so severely. As the auditor owes his appointment to you, I understand that he evidently felt that he must let you down as lightly as possible, so he points out that you were only acting as agent. Do you think, Mr. Mayor, that your man's excuse helps you any? If a man robs a church is it a sufficient answer to say that some one hired him to do it?

The auditor has made the charge of the gravest crimes and misdemeanors against a number of persons, including yourself. The council, including yourself, have adopted all the lies, insinuations and charges contained in the report by allowing the auditor to read it to a crowd in your presence and naturally it has been published in the newspapers as part of the council's proceedings.

Might I ask what the council intend to do with John A. Lee?

The auditor charges him with crime. He admits the charge by allowing the publication of the report as an official act of the council.

Will the council accept his miserable excuse that he was paid to commit this crime? Will he disgorge the loot that his man Friday says he stole from the city for his employees or will he be whitewashed?

Considering the terrible position that you are in by the ruthless exposure of the government auditor, will he remain in office to disgrace the fair name of New Westminster or will he resign and fly from the country to escape just punishment for his awful crime?

JOSEPH MARTIN.
M. B. Cotsworth's Reply.
To Mr. Joseph Martin, K.C., Member of the British Parliament for St. Pancras, London, Eng., now staying in Vancouver, B. C.

Sir, - Your disgraceful letter, dated 13th of August, 1910, addressed to His Worship, John A. Lee, Mayor of New Westminster, has been referred to me. The city council will later record its opinion respecting your distortions and the outrageous epithets you so unwarrantably hurl at a provincial and civic officer whilst he is striving to do a very difficult duty for this city. Meantime I have to deal with the facts and your gross abuse of my work, of which you know so little.

You were entirely wrong in assuming that there had never been the slightest thought of remotest intention by the arrival of your letter of August 13th (to which I now reply), necessarily raises the serious question as to whether you are to be charged with writing libelous statements concerning me to the mayor and council, by whom I am professionally employed.

Our Sales for Thirty-Four Days Total **\$19,250.00**

FRIENDLY RELATIONS MAY BE RE-ESTABLISHED

Estrada Will Make Reparation for Executions Ordered by Former Nicaraguan President

(Times Leased Wire.)

Washington, D. C., Aug. 23.—The first indication that amicable relations between Nicaragua and the United States will shortly ensue came from the state department to-day, when it was learned that General Estrada has un-

officially informed the department that he will make speedy reparation for the execution of Leonard Groce and Leroy Cannon, the two American engineers captured and shot by the order of former President Zelaya.

The victory of the Nicaraguan insurgents is highly gratifying to diplomats here, who believe that it paves the way for the restoration of diplomatic relations with the Central American state and to the re-establishment of order in Nicaragua.

The victory of the Nicaraguan insurgents is highly gratifying to diplomats here, who believe that it paves the way for the restoration of diplomatic relations with the Central American state and to the re-establishment of order in Nicaragua.

ACCUSED OF BRIBERY.

Lively Fight Between Attorneys at Trial of Lee O'Neill Brown at Chicago.

Chicago, Aug. 23.—The attorneys for Lee O'Neill Brown, on trial for alleged bribery in connection with the election of William Lorimer to the United States Senate, devoted the greater part of the day to a fierce attack on State Representative C. A. White, one of the star witnesses for the state.

White, on the stand, denied the charges and declared that he did not know that Wayman was on his feet in an instant indignantly demanding proof of Forrest's charges, and for a time it seemed as though the attorneys would come to blows.

White's letter informing Senator Lorimer that he "forgot" to deliver writing a book reviling the Illinois legislature was introduced. White denied that he wanted the Senator to buy the manuscript.

OBITUARY RECORD

The funeral of the late Donald Cameron will take place tomorrow afternoon at 2.30 o'clock from the parlors of the B. C. Funeral Company. The remains will be interred in Ross Bay cemetery.

Last evening at the family residence, 744 Front street, the death occurred of Charles Wilfred Pynn, the infant son of Mr. and Mrs. R. A. Murray. The little lad had been ill but a short time. The funeral has been arranged to take place tomorrow morning at 11 o'clock from the residence.

The remains of the late Norah, the infant daughter of Mr. and Mrs. J. Stewart, whose death occurred yesterday at the family residence, 2515 Broughton street, were interred in Ross Bay cemetery this morning. The funeral took place at 11 o'clock from the house, where Rev. W. Leslie Clay conducted an appropriate service. Many friends of the parents of the child attended and numerous floral offerings covered the casket.

At the Royal Jubilee hospital on Sunday the death occurred of William Sweeney, at the age of 24 years. He was a native of Liverpool, and had been a resident of this city for the past 27 years. He was a longshoreman by trade. The funeral will take place on Thursday morning at 8.45 o'clock from the Victoria undertaking parlors, Yates street, and 15 minutes later at the Roman Catholic cathedral.

The death took place this morning of Marion F. Jamieson, a two-year-old daughter of Mr. and Mrs. Matthew W. Jamieson. The funeral will take place tomorrow from the residence, 1214 Gladstone avenue, at 2 p. m., Rev. Dr. Campbell officiating.

WEATHER BULLETIN.

Daily Report Furnished by the Victoria Meteorological Department.

Victoria, Aug. 23.—5 a. m.—The pressure is increasing over the North Pacific states, British Columbia and Alberta. Rain has fallen on the Coast and inland in Cariboo and at Kamloops, and generally throughout Alberta and Saskatchewan. Temperatures west of the Rockies are about normal and the weather fair in most districts.

Forecast. For 24 hours ending 5 p. m. Wednesday. Victoria and vicinity—Moderate to fresh southerly winds, fair to-day and Wednesday, with stationary or higher temperature. Lower Mainland—Light to moderate winds, generally fair to-day and Wednesday, with not much change in temperature.

Observations at 5 a. m. Victoria—Barometer, 30.22; temperature, 49; minimum, 48; wind, calm; weather, clear. New Westminster—Barometer, 30.22; temperature, 42; minimum, 42; wind, 4 miles E.; rain, 10; weather, clear. Nanaimo—Wind, 25 miles N. W.; weather, clear. Kamloops—Barometer, 30.20; temperature, 46; minimum, 44; wind, 12 miles W.; rain, 16; weather, cloudy.

Edmonton—Barometer, 30.15; temperature, 34; minimum, 34; wind, 4 miles N. W.; rain, 2; weather, rain. Winnipeg—Barometer, 30.86; temperature, 70; minimum, 85; wind, 8 miles S. E.; weather, cloudy.

Victoria Daily Weather. Observations taken 5 a. m., noon and 5 p. m., Monday: Temperature. Highest .. 61, Lowest .. 53, Average .. 58.

Delightful Dinnerware

Almost A Hundred Fascinating Patterns Here

- Wedgwood, Haviland, Ahrenfeldt, Limoges, Royal, Swedish, Some of the Lines Carried

YOU cannot quite appreciate the extent of our offerings in dinnerware until you have made a visit of inspection to our china store. Go elsewhere and "size up" their offerings in dinner services, then come here and look over ours, and you'll appreciate what a great advantage it is to deal "where the most dinnerware is shown and sold."

Prices Start From \$7.50 For a 97 Piece Dainty Patterns.

Seventeen "Open-Stock" Patterns Here

VISITORS for dinner and the table is almost set. Someone stubs her toe and—smash! You are heartbroken and try to frame up apologies for a "patchwork" dinner service. It's not a bit pleasant. But it's not necessary—not if you have one of our "open stock" patterns. All that is necessary is to telephone or send for new pieces to replace those broken.

Here's a New China "Open-Stock" A Stylish Line---Easy Priced

We have just put into stock a charming "open stock" pattern in china dinnerware. This is a set from one of the leading Austrian potteries and is of a superior quality. The decoration is a pretty Bridal Rose effect in pink and is unusually pleasing.

A 101-Piece Combination in This---For \$30

We have made a set of 101 pieces from this new china "open stock" for those who are ready to purchase a service of ample proportions. We have selected everything necessary to "set" a liberal sized table. If there's anything on the list you do not wish to purchase we shall be pleased to make a proportionate deduction.

COMPLETE HOME FURNISHERS. VICTORIA, B. C.

PROPELLERS FOR AIRSHIPS. In intricate Contrivance to Record Efficiency of Motor. A new development which may help materially toward the solution of the problem of the airship propeller has now been put on record. A special apparatus for making tests of propellers has been constructed by the Vickers Co. and will be incorporated in such airships as the firm builds for the British navy.
