VICTORIA, B. C., MONDAY, MAY 8, 1911.

NO. 107.

NEW POLICE STATION IN MARKET BUILDING

COUNCIL TO CONSIDER THE SCHEME TO-NIGHT

Present Quarters Have Been
Condemned as Inadequate
and Insanitary

The bulletin board at the city hall today bears a notice that is proving a source of pure delight to the police department of the city. It is the notice above the signature of the mayor intimating his intention to introduce a by-law for the purpose of rearranging the market building for police and jail headquarters.

Up till now no definite scheme of arrangement has been devised, but it is understood that the idea behind the project is to utilize that portion of the building west of the main entrance. The eastern portion is, of course, the headquarters of the fire brigade. It is estimated that the cost of fitting up the west end of the market building into a modern police station, with court and jail accommodation, will not exceed \$30,000.

It is a notorious and painfully obvious fact that the present police headquarters in the city hall have long since passed the line of utility. They represent the highest point of inadequacy, and their evacuation for better and more spacious quarters should be hailed with unqualified satisfaction by the members of the department affected. There has been a continual agitation going on for a long time in connection with the police headquarters.

It was not only claimed that the accommodation was far too limited for the purposes of a city of the size of Victoria, but it was also claimed that the faults of its dimensions were aggravated by the insanitary condition. The prison accommodation had also become ridiculously small with the increasing population and the ever-growing margin of undesirable elements that are peculiar to every growing community. During the years through which the department has struggled with its difficulties it has been no very uncommon occurrence for a prisoner who had the originality to hire of the monstrous routine of prison life to take a silent farewell of the depressing surroundings and escape into the night, leaving behind him a chain of circumstances much more humorous than mysterious.

FRENCH TROOPS WILL NOT ENTER FEZ

Germany Warns French That Trouble May Follow Occu- pation of Capital

Berlin, May 8.—Germany has warned France of the dangerous consequences likely to follow the occupation of Fez by French troops. Further than this the government has taken no step, though watching developments in Morocco very closely.

There is no truth in the rumor published to-day that Germany had decided to send three cruisers to Morocco waters in order to display the flag at Casa Blanca, Rabat, Mogador and El Parach.

In view of the hint from Berlin, it is believed there that the French flying column from the southeast, that has been hurrying to the relief of Fez will be halted outside the capital.

THREE CHILDREN PERISH

Burned to Death in Fire Which
Destroys Their Home.

(Special to the Times.)
Villie Marie, Quis, May 8.—The home of Richard Laroux, three miles from this place, was destroyed by fire this morning and three small children, all under five years of age, were burned to death. The parents of the children were absent when the fire broke out.

PRESIDENT DIAZ INTENDS TO RESIGN

WILL LEAVE OFFICE WHEN PEACE IS RESTORED

Issues Manifesto Declaring In-
tention But Does Not Set
Date for Retirement

Mexico City, May 8.—General Porfirio Diaz last night issued a manifesto to the people of Mexico, declaring his intention of resigning the presidency as soon as peace is restored.

In this manner the president has virtually acceded to the demands of Francisco I. Madero that he make announcement of such intention.

As to when peace is actually restored, General Diaz reserves the right to be the judge. In the words of the manifesto, it will be "when his conscience tells him that he will not leave the country in anarchy."

The president said his determination not to relinquish the presidency at this time, was not due to vanity or love of power, because, as he pointed out, power at this time had no attraction, accompanied as it is by tremendous responsibilities and worry. He said he was prompted solely by a desire to conserve the best interests of his country.

The president makes it clear he did not propose to abandon the presidency while his country is at war, and that he would not do so at any time under compulsion.

President Diaz made public the manifesto this morning.

The promise of the president is made to the people of Mexico and its receipt by the revolutionist leaders will be incidental.

It will not be sent officially to Judge Carbajal for formal transmission to Dr. Vasquez Gomez, one of the Madero's members of the armistice commissions. That it will be sent to them immediately, however, by private individuals, and regarded as entirely satisfactory to them is taken for granted.

CHIEF ENGINEER ON QUEBEC BRIDGE

G. B. Monsarratt, Head of C.
P. R. Staff, is Appointed
Chairman of Commission

(Special to the Times.)
Ottawa, May 8.—An order-in-council was passed on Saturday appointing G. B. Monsarratt, at present chief bridge engineer of the Canadian Pacific, chairman of the board of engineers in charge of the construction of the Quebec bridge. Mr. Monsarratt succeeds H. E. Vautelet who retired on account of ill-health.

The new chairman of the board is one of the best known bridge experts on the continent and in Canadian by birth. The retiring chairman was also chief bridge engineer for the Canadian Pacific railway and was appointed by the government to the Quebec bridge board and Mr. Monsarratt, who succeeded Mr. Vautelet on the C. P. R. staff, again succeeds him as chief engineer on the largest bridge undertaking in the world. The salary attached to the position is \$1,000 a month.

Montreal, May 8.—G. B. Monsarratt, bridge engineer of the C. P. R., has received a telegram from Ottawa announcing that an order-in-council has been put through appointing him as successor to H. E. Vautelet, the chairman of the Quebec Bridge commission. Mr. Monsarratt was born at Montreal in 1871. He entered the railway service in 1893 as structural draughtsman in the office of the chief engineer of the C. P. R.

FOUND DEAD NEAR CALGARY.

(Special to the Times.)
Calgary, Alb., May 8.—E. G. Moir, a clerk in the Imperial Bank, while strolling through the small bush in the east end of the city yesterday with a big mastiff discovered the body of Hugh McAlpine, formerly a cattle buyer here, latterly retired. McAlpine had been missing from his residence for a fortnight. The body shows no signs of violence, and the police ascribe death to heart failure. A postmortem will be held. McAlpine was a single man, about 45 years old and came here from St. Augustine, Scotland, about six years ago. He was secretary of the Calgary Bowling Club and well-known to lovers of that sport.

NEW MASONIC TEMPLE.

Winnipeg, May 8.—The Masonic Temple company has acquired an extensive site on the east side of Furby street, Portage avenue, and a half million dollars combination store, office and Temple block will be erected as soon as plans are completed.

A KNIGHT OF THE QUILL
"Impressionist" picture of Victoria newspaper reporter sallying forth on his daily round at the City Hall.

WILL DISCUSS QUESTION OF BAIL

COUNSEL TO CONFER WITH JUDGES AT LOS ANGELES

Mrs. McManigal is Expected
to Prove Valuable Witness
for Prosecution

Los Angeles, Cal., May 8.—There will be no further court proceedings in the cases of John McNamara, secretary of the International Association of Bridge and Iron Workers, and his brother James B. McNamara, who are accused of murder, until tomorrow, at that time there will be a conference of John D. Fredericks, district attorney, and Job Harriman, Los Angeles, attorney for the defence, with Judge Walter Bordwell to determine the amount of bail John McNamara would have to provide if he were to be released, on the charge of dynamiting. Considering that dynamiting is the less serious of the charges against the men, there has been a great deal of speculation as to why the defence desires to know what bail would be required on the occasion. Officials declare that the defence can gain only a possible theoretical advantage by having bonds fixed on that charge.

Attorneys for the defence offer no affidavits except that the men will be arraigned separately on a charge of dynamiting and that the accusation is entirely separate from that of murder of nineteen employees of the Times plant, where the explosion occurred October 1, 1910. They added that so far as murder is concerned it is by no means an unbillable offense, but that the matter of freeing on bonds where such a charge is made, is left to the discretion of the judge.

An investigation regarding the eighty sticks of dynamite found near the beach on the Malibout ranch in this county yesterday, was scheduled for to-day. The theory is advanced that this dynamite may have been brought down and landed from a boat on which it is alleged the dynamite was loaded which was used to destroy the Times plant.

SETTLERS BRING MUCH WEALTH

MEN AND MONEY POUR INTO CANADIAN WEST

Over Thirty Thousand Immigrants
Arrived During the
Month of April

(Special to the Times.)
Montreal, May 8.—C. P. R. officials state that to date immigration to the Canadian west through Montreal and St. John has exceeded that of all previous years.

During April over 30,000 new settlers were carried west and since the opening of navigation at Montreal the rush to the west has increased in volume. One thousand five hundred and fifty new settlers arrived on the Allan liners Sardinian and Virginian alone last week.

C. P. R. officials also estimate that the average per capita wealth of settlers during the last two months has been in the neighborhood of \$400, and that altogether some \$10,000,000 has been brought into the country by immigrants.

BORDEN WILL NOT VISIT THIS PROVINCE

The Conservative Leader Will
Speak in Manitoba, Sas-
katchewan and Alberta

(Special to the Times.)
Ottawa, May 8.—R. L. Borden will leave on his tour of the Prairie provinces on June 17. He will address his first meeting in Winnipeg on June 19, and spend about three weeks in Manitoba, Saskatchewan and Alberta, returning here in time for the reassembling of the Commons in the third week in July. He will not touch British Columbia, leaving Conservative members to look after their own meetings in that province.

CAMPAIGN FOR TRADE AGREEMENT

LIBERALS WILL BE BUSY DURING RECESS

It is Believed Public Opinion
Will Force Conservatives to
Abandon Obstruction

Ottawa, May 8.—The adjournment of parliament for two months, while Sir Wilfrid Laurier and the Canadian parliamentary delegation are in England attending the coronation, will mark the beginning of an educational campaign for reciprocity throughout Canada under the direction of the Liberal members of the House. The opponents have planned a similar campaign against the ratification.

The government is confident the result will be the creation of so strong a demand for ratification that the Conservatives will not be able to continue their filibuster when parliament resumes, provided the United States in the meantime takes favorable action.

It is understood Sir Wilfrid was induced to propose adjournment chiefly to put himself in a position to insist that Hon. W. S. Fielding should take a rest. Mr. Fielding had been under a great strain during the last two years, having negotiated five international agreements, besides doing an immense amount of work on Canadian domestic problems.

In addition to this, the government was informed that the United States senate probably would not vote on the agreement until July, and as it is certain the Canadian opposition will continue its filibuster until Washington has taken final action, London influence was a great factor in the situation. When dispatches reached England saying Sir Wilfrid probably would be compelled to remain away from the conference and the coronation, the British authorities became exercised. It is understood personal messages were sent to Sir Wilfrid by King George, Premier Asquith and other British leaders urging him to reconsider his intention to remain at Ottawa. No date has been fixed for adjournment. It may come any day between May 20 and June 1.

LIBERAL RETURNED IN BYE-ELECTION

Godfrey Baring Elected for
Barnstable, but Majority
is Reduced

(Special to the Times.)
London, May 8.—The result of the bye-election for the Barnstable division of Devonshire was announced to-day as follows: Godfrey Baring, Liberal, 6,239; C. S. Parker, Unionist, 5,771. Liberal majority 468. The total vote was the heaviest in the history of the constituency.

Last December E. J. Soares, Liberal, had a majority of 882 and 2,945 the previous January. Mr. Baring, who formerly sat for the Isle of Wight, was defeated at the late general election for Devonport.

SEEK HIGHER WAGES.

Representatives of the C. P. R. Telegraphers Will Interview Officials.
Toronto, May 8.—At a meeting of representatives in the Palmer House of the Order of Railway Telegraphers, eight delegates were appointed to go before the C. P. R. officials at Montreal to make a demand for a general increase of salary, a raise of the minimum wage, now about \$7 per month, and general improvements for all operating rules. The eight telegraphers represent 1,700 men working on the Canadian Pacific railway from the Atlantic to the Pacific. At the present time the lowest salary paid to the operators on the road is in the neighborhood of \$67 per month, but it must be remembered that the telegraphers have long hours and work Sundays. Just what increase will be asked is not as yet known, but will be decided later by the chairman of the different districts along the C. P. R. Some of the wages, however, run as high as \$150 per month. The move is made independently of the telegraphers' convention which is being held in the city to-day.

PASTOR ATTACKS TRUSTEES

Causes Senation By Statements in His
Farewell Address.
(Special to the Times.)
Calgary, Alb., May 8.—Rev. I. H. Wood, pastor of Westburn Baptist church, created a sensation last night in his farewell address by making an attack upon the trustees of the church, practically charging them with graft for selling church property for \$25,000 when he maintained that it was worth \$100,000 more. He mentioned no names, but referred to the fact that a brother of one of the trustees had bought the property.

FLAMES SWEEP BUSH AND PRAIRIE

FIRES THREATEN SASKATCHEWAN

Many Persons Are Leaving
Danger Zone—Relief Train
for Kenwood

Winnipeg, May 8.—Prairie fires burning on Canadian Northern railway line from Dauphin north to Prince Albert, a distance of 100 miles, which have been fanned for two days by furious winds, continue serious this morning. C. N. R. wires are down throughout the district. Another relief train on the C. N. R. left Dauphin this morning for Kenwood, where new fires developed.

The chief danger is to lumber camps and small towns. At Big River the C. N. R. has a million dollar sawmill. Hundreds of citizens and lumberjacks are fighting the flames.

Forest fires are threatening settlements along Big River, north of Prince Albert, Sask. A special train brought all persons living in the danger zone to safety late yesterday. At Clearwater Bay, fifteen miles from Kenora, Ont., on the Lake of the Woods district, bush fires have been raging for the last two days. There is no settlement there. Fire rangers report the country is afire, and small fires along the railway right of way at many points may spread from the danger portions.

Many Fires Raging.
Williams, Minn., May 8.—Bush fires are raging to the north of here and settlers fear a repetition of the disastrous conflagration of last fall. The bush was never so dry as it is at present time, for no rain has fallen this year. The rainy river is lower now than it was when the snow fell and conditions generally are ideal for the biggest fire in the history of New Ontario and northern Minnesota.

This morning fires are within five miles of this town, and coming this way. They are raging between here and Beaudette, and also between here and Warroad. Few of the settlers slept last night, fearing that at any moment the wind might rise, sweeping the flames down on their holdings.

In New England.
Boston, May 8.—Forest fires caused great damage at many points in New England yesterday, sweeping over thousands of acres of valuable woodlands. At Biddeford, Maine, the militia was called out so serious was the situation. Three square miles of timber land was burned over before the fire was controlled.

PROPOSED REFORM OF HOUSE OF LORDS

Lord Lansdowne, Unionist
Leader in Upper Chamber,
Outlines His Scheme

London, May 8.—Lord Lansdowne, leader of the opposition in the House of Lords yesterday presented his long deferred statement for the reform of the upper chamber.

He proposed that the Lords be reduced to three hundred, constituted as follows: One hundred chosen for a term of years from the existing house, with the safeguard of a minority representation introduced by a proportional vote; fifty of standing, such as cabinet ministers, governors of dominions and others of renown in the service of the state; fifty peers nominated by the ministry to-day for a term of years and one hundred elected for a short term by county councils and borough councils.

The bill also will seek to restrict the exercise of the royal prerogative in the creation of new peers.

NEW LIEUT.-GOVERNOR.

Quebec, May 8.—Sir Francis Langstaff, ex-chief justice of the Superior court of this district, was sworn in to-day as lieutenant-governor of this province in place of the late Lieut.-Governor Pelletier. The ceremony took place in the legislative council chamber.

QUEEN ALEXANDRA.

London, May 8.—It is definitely announced that Queen Alexandra will be absent from London throughout the coronation festivities.

SPACE LIMITED IN WESTMINSTER ABBEY

Order Regarding Granting of Seats Has Caused Much Disappointment

London, May 8.—Owing to unprecedentedly large official delegations from the Dominions it has been decided no peer's daughters can be admitted to the coronation ceremony at Westminster Abbey, indeed very few ladies will receive invitations. Much disappointment is expressed in high places. It has been found that after places have been provided for Sir Wilfrid Laurier and other Dominion ministers, parliamentary dignitaries, ecclesiastics, provincial premiers and public men of high colonial rank, the number of seats available for other public men of the Dominions is very limited.

Lady Strathcona is so much better in health that she expects to accompany Lord Strathcona to the Abbey. Sir Charles Tupper also accepted an invitation as privy councillor, but Lady Tupper is not in sufficiently robust health to stand the strain of the trying ordeal.

The location of seats for Canadians outside the Abbey on one of the government coronation stands is not expected to be fixed for some time. The high commissioner has pressed in vain for definite information.

Lord Strathcona and Mr. Griffith, secretary of the Canadian government offices, with a limited number of distinguished Canadians now in London, will represent Canada at the unveiling of the Queen Victoria memorial in front of Buckingham palace by the King, on May 16, which the German Emperor is coming to England especially to attend. Levee dress will be worn on the occasion, which is to be one of the great royal ceremonials.

SEATTLE INVESTIGATION.

Rev. N. A. Matthews Who Started Inquiry Urges Citizens to Continue the Work.

Seattle, Wash., May 8.—Rev. N. A. Matthews is the man who brought Detective William J. Burns to Seattle and put him to work on the investigation of the police department regarding the calling of a grand jury which indicted former Chief of Police C. W. Wapenstein and members of the so-called vice syndicate.

Dr. Matthews, although in receipt of a \$5000 salary, had to realize the full loan value of his insurance policies, his only negotiable surties, to pay the heavy expenses of the detectives. He has issued a statement urging the public to carry on the work which has been started until every corrupt official is punished.

So closely had the secret been guarded that Dr. Matthews' name had not even been mentioned in the rumors which continually swept the city concerning the forces behind Burns. J. D. Farrell, head of the "Harvard" line here, had been mentioned as had Laurence Coleman, the millionaire instigator of the recall of Mayor Gill, and an express company which had lost heavily by a billion robbery on an Alaska steamer.

PRISONERS RELEASED.

Douglas, Arizona, May 8.—Forty-three Mexican federal soldiers, held prisoners here by the United States troops since they crossed over from Agua Prieta when the insurgents captured that town on April 13, were released Saturday night by Col. Charles M. O'Connor on orders from Washington. Many of them immediately crossed the line to Agua Prieta to rejoin the federal garrison there.

The rebel prisoners who surrendered to the United States troops when the federalists recaptured the town on April 17, were also released.

Rebel sympathizers are getting up a petition to Washington protesting against the action of the army authorities in allowing the federalists to cross the line and strengthen the federal garrison on the eve of an approaching battle. Among the rebel officers released were Colonel Juan Medina, then in command of the rebel garrison, and Bellario Garcia, second in command. The federal officers were not released when their men were freed. Colonel Medina and many rebel sympathizers, state their belief that Col. O'Connor's orders include turning these officers over to Col. Renaldo Diaz, commander of the federal forces in Agua Prieta to-morrow and to-night uttered vehement protests against the alleged unfairness of the United States government in taking this course.

PASSING SHOW

Romano Photoplay Theatre.

"Realization." Mr. and Mrs. Kendall are for some mysterious, unknown reason drifting apart, no longer do they manifest the interest in each of the by-gone days. The chance is there yet the reason for it is beyond their understanding until one day Miss Smith, Miss Kendall's seamstress, brings her baby sister to Kendall's home for her mother is ill and she intends to find time throughout the day to care for the child, and Mrs. Kendall hears the baby's laughter and the sweet music of it finds a responsive chord in her heart. At once she understands, realizes the reason for the unhappiness in her home. They need a child to draw their two cold hearts together, they need the tie that binds. And that evening Mr. Kendall, hearing the baby cry also understands. There are several other good films for Monday and Tuesday. Miss Engelhardt will sing and the Romano orchestra furnishes music for the pictures.

Crystal Theatre.

"Vengeance Hath Been Had." Carroll meets Jackson and resenting the latter's refusal to drink attacks him, destroying his sight. Scared by the deed he changes his name, and eventually gains much wealth. Many years elapse. His daughter Ethel goes to a boarding school and meets Jackson's daughter, Grace and invites her for a holiday visit. Grace and Ethel's brother George fall in love, and decide to marry. Grace brings the father to Carroll's home, and the meeting of the two men is a very dramatic scene. Jackson refuses to consent to the marriage. Some days later Carroll upset a lamp by accident, which explodes, burning his face and blinding him. He resigns himself to the blow, and one day, accompanied by George he calls upon Jackson and begs him to bury his hatred, and to permit their children to enjoy the happiness they deserve. Grace and George add their pleadings, and at length Jackson consents. "Tontillol Spends a Bad 15 Minutes," comedy; "Hearts Under Oilskins," drama; "Among Tivoli Hills," scenic. Two other feature reels. Thos. J. Price, song. Herr Nagel, pianist.

Majestic Theatre.

"The Wedding Bell" is the title of to-day and to-morrow at the above named theatre. In this picture is to be seen some of the horrible conditions which exist in many tenements in the large cities. It clearly represents where many cases of typhoid originate. "The Test" depicting how a girl discovers that her two lovers hold quite opposite views regarding the treatment to be accorded to the poor. "Manon" a love story turning upon the fickleness of a French woman. "Catching Lobsters" an industrial film, illustrating lobster catching, which, when seen in this way, becomes exceedingly picturesque and interesting. "Bertha's Mission," a humorous picture dealing with the adventure of a society girl who thought she was chosen to reform the world, her experience in making the attempt is very funny.

New Grand Theatre.

The show for the Grand this week is the regular five-act Sullivan and Cosidine bill, headed by the Barrows-Lancaster company of four, presenting the charming and famous civil war play "Fanny," which has won renown for a hundred actors but for none more than for James O. Barrows and John Lancaster. A daughter of America, Sadie Sherman, an actress related to the men of the same name who have made American history, is to prevent cosmopolitan characterizations at which she is famously successful. Lohse and Sings have a sensational athletic feature. Jack Goldie's sweet singing voice will be heard in humorous songs and others. Act five is English and Reading in a musical comedy sketch. The Grand-oscope exhibits new pictures.

Bijou Theatre.

J. Chas. Batis and his company of comedians opened at this theatre last Thursday and were a success from the first performance. The patrons were well pleased with the comedy. It is the intention of the management to cater to ladies and children as well as gentlemen, therefore everything seen at this play and course will be clean, refined and up-to-date.

Commencing this afternoon at the matinee the company will present the laughable farce comedy in two acts, "A Terrible Tangle." This play was written for laughing purposes only and is warranted to be a sure cure for the blues. The scenes are laid in a country tavern and the plot is woven around the elopement of two couples, father and son and mother and daughter, who are compelled to seek shelter from the storm in a little tavern. Every situation is a scream of laughter and the tangle thickens every moment.

Mr. Batis will be seen as a half-witted country boy who is entangled as heets at the tavern, and during the action of the play he manages to get every one else in trouble. There will be a change of programme every Monday and Thursday, including three reels of motion pictures and specialties.

SUFFRAGE DEMONSTRATION.

New York, May 8.—Gray-haired woman suffrage pioneers, styled "the girls of '61," dimpled, laughing girl babies of 1910, not yet out on their first long dresses, girls and women of all ages between, swept down Fifth avenue from 21st street to Union Square Saturday afternoon in an organized protest against denial to their sex of the ballot. Every avenue through which woman has invaded man's field of endeavor was represented, from sculptured to cab driving. One hundred male supporters joined in the parade.

Four brass bands, dozens of elaborate floats and fluttering pennants by the hundreds, with here and there a banner bearing slogans, lengthened the line of 2,000 marchers.

The ranks were separated into seven divisions and more than half the marchers were laden with camp stools, besides the regular insignia and banners which they carried. The camp stools an innovation in New York parades, had served as seats for the feminine army preceding the formation.

Having answered their purpose they were folded, tucked under arms and carried along. Everyone marched with

the exception of the veterans and the babies. Mrs. Antoinette Brown Blackwell, nearly ninety; Mrs. Anna Garrison Spencer, and Mrs. Rhoebe A. Hapford, representing "The Girls of 'Sixty-one," rode in open carriages. The youngest recruits were trundled in go-carts by their mothers. Out of town associations, in a separate division, consisted of delegations from Colorado, Wyoming, Massachusetts, New Jersey and Connecticut. When the marchers reached Union Square, an open air mass meeting was held and addresses were delivered by the leaders.

APPOINTED DIRECTOR OF J. N. HARVEY, LTD.

Mr. W. T. Williams of Victoria becomes Associated With Largest Firm of Its Kind in British Columbia

At a meeting of Messrs. J. N. Harvey Limited, of Vancouver and Victoria, held in the office of Messrs. Taylor, Harvey, Baird & Grant, solicitors of the company, Saturday afternoon, Mr. W. T. Williams, who has been many years proprietor of B. Williams & Company, Victoria, was made a director of the first-named company.

The B. Williams & Company clothing business, recently taken over by Messrs. J. N. Harvey Ltd., together with the Johnston, Kerfoot establishment in this city acquired by the company in November, gives them the two largest clothing concerns west of the Rockies.

ASQUITH DENIES

DISSENSION STORIES

No Foundation for Report of
Trouble in Cabinet Over
Home Rule

Manchester, Eng., May 8.—Speaking on Saturday, Premier Asquith took the opportunity to dispose of reports that there are dissensions in the cabinet over the subject of Home Rule for Ireland.

"There is not a syllable of truth in it, nor is there a shadow of a foundation for the statement," he said, and went on to remark that there had been an enormous change in public opinion on the question, adding, "for the first time there is a really good understanding between the democracies of both islands."

"Imperial ties quite apart from all questions of sentiment, bind them together in union. During the last few years the Irish question has come to be regarded more and more as the most urgent part of Great Britain's great imperial problem."

FINDING OF BODIES OF POLICEMEN IN NORTH

Hudson Bay Manager Tells of
Search for Ill-Fated
Patrol

Edmonton, May 8.—A letter has been received by the Hudson's Bay Co. from district manager Forbes G. Campbell, stationed at Fort Smith, giving details of the finding of inspector Fitzgerald's lost patrol. The letter dated March 28 at Fort McPherson is as follows:

"Dear Sir: You may have already had word of the loss of the patrol which left here for Dawson with mail. They left here on December 21, 1910, but never got to Dawson. An Indian whom they passed enroute got into Dawson in January and reported the patrol having left McPherson."

"A party under Corporal Dempster was sent out immediately to get in touch with the patrol and his party arrived here February 23 with news of the loss from starvation and exposure of all the members of the patrol under Inspector Fitzgerald. The inspector left here on a pack-train with trail breaker, Constables Kenny and Taylor and himself driving teams. They took no Indian guide as Caster professed to be able to take them through, but when they got into Wind River he could not tell where the portage went in and seemed to have got completely bewildered."

"After hunting around for a portage for about seven days, eating up their provisions and being unable to find it the inspector tried to return. His diary is written to the last camp before the one in which Kenny and Taylor were found."

"Corporal Dempster found these two bodies in an open camp about thirty-six miles from here. Evidently they could go no further, Kenny's feet being badly frozen. Taylor took his own life ten miles further on."

"About twenty-five miles from here they found the inspector's and Caster's bodies. Caster seemed to have suffered considerably, having no provisions when they turned back but ten pounds of flour and eight pounds of bacon. They ate all their dog sled wrappers etc."

"Corporal Dempster is in a hurry to get back as the season is getting late. There is no time to write fully."

DEVELOPMENT OF ALASKA

British and American Capitalists Secure
Options on Vast Properties.

Seattle, Wash., May 8.—A combination of British and American capitalists, known in New York, Montreal and London banking houses as the Pearson-Labere syndicate, has secured properties in the interior of Alaska at a price of \$1,500,000, and has sent into the country beyond Seward eleven mining engineers and a party of fifty helpers, with supplies to last a year or more. The syndicate, it was admitted by O. G. Labere, of the Alaska Northern Railway, had not only vast capital for a thorough exploration of the interior of Alaska, but was also the Alaska Northern. Options on vast properties costing upwards of \$1,500,000 had been obtained during the past few months, and the most important exploitation of Alaska's hidden treasures had been started.

M. Kearney and L. M. Cockerell, famous mining engineers, are in charge of the various parties for the Pearson-Labere syndicate. Dr. P. S. Pearson, of London, is the head of the syndicate. Dr. Pearson organized and built the Mexico and North-western railway, which has figured constantly in dispatches during the past few months, owing to the destruction of portions of the system by the Madero insurgents.

SPECIAL SALE---NEW SUITS

Up to \$60.00 for \$35.00

This morning we opened our doors, giving you access to the greatest SUIT EVENT of the season. Just imagine this only the eighth of May, yet here we offer you the pick of stylish new costumes at SALE PRICES.

SPECIAL SALE

Words, pictures and prices fail to adequately convey or portray the merit and importance of this SUIT EVENT. The styles are, as you probably know, exceptionally becoming and in such a variety that individual description is impossible. Handsome models in Serges, Diagonals, Mannish Worsteds, etc. Linings of Silk or Skinner's satin, with or without the inimitable collars. Whatever color you want is here, including the popular blues with hairline stripes. There are strictly tailored or novelty styles with the chic little short jackets. Such values as are represented in this SUIT EVENT are unusually rare in our mantle department. We want to see you to-day even if merely to show you this exceptionally beautiful line of high class garments.

SPECIAL SALE

For the Coming Ball

Our Evening Wear department has recently been freshened up with all the little accessories that are necessary for balls, theatres, restaurant parties, etc.

EVENING GLOVES, FANS, HOSIERY, HAIR ORNAMENTS, SCARFS, LACE HANDKERCHIEFS, OPERA CLOAKS, DRESSES

We offer unequalled values in this section, such values that many items verge on being sale prices.

1008-1010 Government Street

THINKING THEMES BY DR. FRANK CRANE

I want to be a law-abiding citizen, and to return good for evil, and to be a gentleman, and to exercise self-restraint, and all that, but just the same I sometimes think that if I should suddenly come into money, if somebody should die and leave me a million dollars, and if I were thus plunged into the problem of how to find the luxuries instead of the necessities of life—I say if thus violently precipitated among idle, rich, the first thing I'd buy would be a prize fighter, just a genuine, St. Louis pure, Lo w. . . brose, with muscles like a cat and hard, bumpy knuckles. For there are a lot of cracks and holes in the ordinary means of justice. It's rarely you can get the real scoundrel into court, or convict him, the most irritating, maddening offences are not cognizable by courts at all. There is the and-seal-hog in the street car, and there are the snippy clerk, the offensive relative, the drunken brute who talks loudly and frightens women in the subway, the hotel clerk who bestows all his attention on his finger nails and the none on your personal comfort, the neighbor who is on your party-line telephone and talks for hours, the family in the flat upstairs who do strange poundings and yawning while you try to sleep, the financially disposed friend who lifts a few thousand out of your pocket—unprosecutable, and others. Now, of course, personally, I should like to maintain perfect dignity and Christian composure, but just think of the luxury of pointing out your victims and saying to your prize fighter, "Polish him off! I pay the fine!" Especially think of the blackmailer—I mentioned this once to my friend, Digby Bell, and he said he would like to add one further wish, to wit: that the prize fighter should not draw the line at women.

FOR THE OFFICE

WE ARE SHOWING A NICE LINE OF FURNITURE FOR THE OFFICE, including Roll Top Desks, Flat Top Desks, Typewriter Desks, Tables and Chairs. We respectfully invite comparison of QUALITY and PRICE and feel sure your verdict will be in our favor. See also our line of Inlaid Linoleum, suitable for office use at lowest possible prices.

RAILWAY WAR

Spokane, Wash., May 8.—An important legal battle between the Hill and Harriman railway systems ended Saturday when Judge Riddick in the United States Circuit court authorized the Oregon & Washington Railway & Navigation Company to condemn eleven acres of land near the north bank of the Spokane river west of Monroe street, for right-of-way purposes. This land, which extends within half a mile of the centre of the city, is now owned by the Spokane, Portland & Seattle railways, and that company has resisted the sale to the rival line which sought a right-of-way for the North Coast in the site of the new passenger station which is to be built where the

city hall now stands. The court's decision clears away practically the last obstacle in the way of the North Coast entrance into Spokane.

TWO NEGROES LYNCHED

Louisville, Miss., May 6.—Charged with attempting to poison the family of Johnson Pearson, for whom they worked, two negroes, Cliff Jones and Bruce White, half-brothers, were taken from officers near here Saturday by a mob and hanged.

FOUND DEAD IN BED

Tacoma, Wash., May 8.—John B. King, a wealthy realty dealer, was found dead in bed Saturday in the Tacoma hotel. He had expired in his sleep from a sudden attack of heart disease. Before settling in Tacoma ten years ago, King was in Alaska for several years and amassed a fortune there.

Copy for changes must be handed in to the business office not later than 5 p. m. the previous day. Arrangements for the insertion of new advertisements must be made before 10 a. m. day of publication. Classified advertisements before 5 p. m.

STREET PAVEMENTS.

The city council has completed the contract agreement with the Toronto Rubber Mineral Paving Company for laying the streets of Victoria with some thirty miles of its patented paving material. In doing so it has not traversed a pathway without obstacles, but its determination to give the entire amount of work to a single firm has enabled it to discover the line of least resistance. The city solicitor, acting under the compulsion of instruction, has drafted an agreement which, he says, secures the city against any damage suits which may result from the original procedure of the council. It now remains to consider what the city has gained by this somewhat out of the ordinary method of awarding paving contracts. Granting that the city is secure against any damages that would result from the awarding of a contract to pave streets for which work no bylaws have as yet been passed and no consent of the property owners secured under

the local improvement system, a monopoly of the work for a year, or perhaps years, has been established. It was pointed out with some zeal in a local paper last week that if the company did not award this contract to the firm whose tender it was supporting such large firms would in future look upon calls for tenders as "false alarms" and would pay no attention to such paving as the city might have to submit for tender. The result of this single award has been to give a clear intimation to any and all contractors on the continent that unless they are big concerns they need not look this way. It has been—and this is much more serious—a distinct intimation that local firms who have invested their money in machinery and material resources for paving work need not apply. No local concern is big enough to be worthy of consideration when such gigantic undertakings are in hand. Even a share in this magnificent work is to be denied local enterprise. Though the tender of a local firm for a large section of the paving might be \$5,000 lower than the same tender of the big firm for the same section, any advantage that might be secured from that fact is ruled out because the big firm will not undertake the balance of the work unless its figures are brought up to its ideas by adding this section in the whole.

The city has established what is practically a monopoly in the work of the street paving. The city has taken no steps to protect skilled or unskilled labor in the matter of wages or the number of hours which shall constitute a day's work. It has left that matter to be fought out by the labor unions entirely at the mercy of a gigantic corporation. The city has left no scope for comparison between the work of one contractor and another as to the durability of the class of pavement laid. The city has left itself in a position where any failure to comply with the time specifications and other reserves of the tenders will make it necessary to resort to all sorts of makeshifts and devise all sorts of loopholes to excuse pet contractors in case the latter take advantage of their secure position. We do not say they will do this, but no one can say that they will not, and the city is entirely at their mercy.

The city has made an agreement which allows one big concern to submit its work, and there seems to be a sufficient margin in the contract price for such firms to make enough money to be able to reach common ground and work together. The spoils are so great that they can comfortably be divided and opposition to the deal smothered by largesse.

The council might just as well have gone farther and entered into an agreement that all future work of the city is to be done by the firm in question. That is, with the provisions of its agreement that the awards be subject to ratification under the bylaws of the city.

In view of all these circumstances we are not surprised that the council has found it advantageous to resort to secret sessions to transact its business. The transaction of the business of the public behind closed doors, where it has been tried in other places, has always resulted in a course of action which developed serious trouble for the people represented and the taxpayers. The secret sessions of city councils have been abandoned nearly everywhere, for it is always understood that the council must come to an agreement in caucus as to what it will do publicly and as a whole. Where it is necessary to do this it may be taken for granted that some one is being advantaged by the secret meetings and if the Victoria city council has been able to avoid this condition it has succeeded where every other council has failed.

It is unfortunate that the deal was closed before the protest of the labor organizations of the city could be heard, but that, of course, was merely an accident. The labor men know now, however, in case they are pinched by the conditions of the work that there is no recourse but that of self-defence. It was not a brilliant piece of administration whichever way the beholder looks upon it.

Tickets for Alexandra hall can be obtained at the new club building.

A STRAIGHT CHALLENGE.

The Times said a few days ago that it seems impossible for the morning paper to fairly state any case in which the relations of the federal and provincial authorities are at variance, and for this the Colonist does not scruple to charge this paper with "mischief making." The attitude of the morning paper not only confirms us in the opinion which it has challenged, but it leaves us with the uncomfortable suspicion that it does not hesitate, when the difficulties of its specious arguments are brought home to it, to hit below the belt.

The Colonist made an editorial review of the dispute over the claims of certain Indians to unceded territory in the interior of the province which claims had been presented to Sir Wilfrid Laurier. The Colonist based its review on "fuller reports" which had come to hand from the Eastern papers, and it concluded with the remark that even Sir Wilfrid Laurier did not think that the Indians had any claim.

The Times challenged this inference, as it was not warranted by the newspaper reports which were at hand, and it published the official report of the interview in which Sir Wilfrid received the delegation. The Colonist then claimed that it had information which this paper did not possess on which it based its statement. It argued at great length and presents a large number of hypothetical questions for this paper to answer.

The report of the Times put the crux of the whole question where it belongs, that is, in the refusal of Hon. Mr. McEwen to submit the matter to court, which Sir Wilfrid Laurier suggests is the only way out of the difficulty, and yesterday the Colonist covers itself ignominiously by loudly calling upon the Times for a specific answer to this question:

"In the central part of this province there are lands that have never been ceded or surrounded by any Indians or any one else to the crown. The crown has assigned certain reservations to Indians there, and it has granted lands to be understood that the Indians have anything in the nature of a right, claim, easement, equity or anything else in lands thus granted? This is the issue in the case and there is not the least use in calling names over it. It is a clear-cut case."

Although the Colonist again follows its own example and surrounds this question with a lot more of hypothetical suppositions, the crux of the matter is in the quotation. Since it is precisely this question which is in dispute and which Sir Wilfrid says can be settled only by a reference of the matter to the courts, this paper does not intend to make such an uncompromising omission of itself as to join with Hon. Mr. McEwen and Colonist, who dismiss it with a wave of the wand. The Premier and Colonist say that the Indians have no "claim, right, title, easement, equity or anything else" in lands thus granted. Sir Wilfrid Laurier says, "What we must do is to find a way to bring the provincial government into court" to settle this very question. Hon. Mr. McEwen has refused to go into court to have it settled by competent authority—for we submit that not even the morning paper is completely competent to dismiss the question.

The Times set in contrast the action of Premier McEwen and that of Sir Wilfrid Laurier in dealing with the Indians' alleged claim. If it is making mischief to show that Sir Wilfrid's manner of dealing with it is constitutional, fair, honorable and dignified when contrasted with that of the local premier, then let the result of that mischief be placed where it belongs. We do not presume to have an opinion in matters which the Prime Minister says he must "find a way to bring into court."

As the Colonist takes refuge in alleged information as to the attitude of Sir Wilfrid which is not disclosed in the proceedings which have been made public it must, in all honor and fair play, disclose both that information and its source. We await the denouement.

HARBOR REGULATIONS.

The general and particularly the travelling public will be pleased at the amendments to the shipping regulations which have been passed by the Dominion government by order-in-council. These very considerably extend the powers of harbor masters with respect to the loading of ships and place the masters in complete authority with respect to both the quantities of freight taken aboard and the manner in which it may be stowed. The authority of the harbor master being thus increased, his responsibility is correspondingly increased and in case of accident caused by shifting cargo or overloading he must be held jointly responsible with the master of the delinquent ship. The regulations will, of course, necessitate the appointment of competent persons as harbor masters at such landing places as Sidney, Alberni and a dozen other coastwise points where large cargoes of freight are taken aboard in the heavy shipments of farm produce, mineral output and the like. There is no reason to believe that such places will be left to the chance humor of private authority, as has been the case in the past.

The memorandum of the regulations, which we have before us does not appear to make any new provision for the restraining of overloading by exceeding the licensed passenger accommodation of a ship. Perhaps no new regulation is required, those already the rule being sufficiently specific to guard the public. If this is the case, specific instructions should be given harbor masters and inspectors to see that they are enforced. Their violation has been too frequent and there should be no hint that the regulations are being winked at by anyone.

CONFUSION OF TONGUES.

The Toronto World, dealing with the question of the effect of reciprocity on the fortunes of fruit growers in Canada, quotes Dr. Buchanan, president of the Ontario Co-operative Fruit Growers' Association. After stating a "frank" admission by Dr. Buchanan that he "does not definitely know," it goes on to make him say:

"There would undoubtedly be a great change in existing conditions if the agreement passed into operation. The tree fruit growers would undoubtedly suffer. The small fruit grower might possibly benefit. There might over the whole trade be an average maintenance of the existing general level. But it would be robbing Peter to pay Paul, and the whole issue would be problematical."

After this choice specimen of conclusive argument against reciprocity the World triumphantly remarks: "On with the dance, let joy be unconfined," in all the Globe has to say to such arguments."

We should think so. Out here in British Columbia it is the "small" fruit grower who is going to be exterminated. We join in the chorus, "On with the dance."

Germany and Japan have agents at Ottawa seeking improved trade relations with Canada. Should treaties be concluded, wonder if the Conservatives will oppose them too. Or will they take the position that it is only business that is done at close range that is ruinous to the people?

That Tacoma clergyman who says he faked a confession for the purpose of ascertaining if there was "any real charity in the Christian churches" is not an accomplished liar. The minister who would so jeopardize the good name of a woman has no very serious call to point people on the way to heaven.

Morning paper complains that Ottawa paper stole and published a whole editorial on Coronation Festivities from the Colonist without credit. Shame! Next time the public will be wanting to know in whose morning paper got it. In order that no one may bungle our confession we hastily plead not guilty.

It seems a pity that the board of school trustees should refuse to permit the close of the schools on the Friday afternoon of the matinee of the Sheffield Choir in the city. The choir has arranged a special programme so that the music can be appreciated by children. The matinee also has arranged to hold the concert to begin at 4 o'clock. As this would necessitate closing schools only half an hour ear-

Winnipeg Street Railway. Stock Advances Following Report That Municipal Ownership Scheme May Prove Successful.

Montreal, May 8.—Winnipeg Street Railway was the whole thing in the market this morning. It opened at 26 and before the bell rang it had reached a level 100 points higher. The movement was caused by a report that Mayor Evans had secured enough capital in England to insure the success of the municipal ownership scheme. It closed at 24 asked. The boom in Winnipeg Electric Railway Company stock started about a week ago through heavy buying in Montreal on rumor that the municipal authorities would take the railway from the Mackenzie & Mann interests. The citizens some time ago let it be known that they might become purchasers of the system at the rate of \$25 a share. Mackenzie & Mann had tight and said nothing; in fact they have denied that any deal with the city was contemplated. Montreal speculators, however, hearing from London that Mayor Evans was endeavoring to finance some big deal have put two and two together and caused a sensational rise in the price of the securities. They are evidently banking on the supposition that the higher the price now

CHINESE CABINET.

LOCAL NEWS

—Do not forget that you can get an express or truck at any hour you may wish. Always keep your checks until you have seen us, as we will save you the 10c. on each trunk you have to pay to baggage agents on trains and boats. We will check your baggage from your hotel or residence, also store it. See us before you make your arrangements. We guarantee to satisfy everyone on price and the way we handle your goods. We consider it a favor if you will report any overcharges or incivility on the part of our help.
Pacific Transfer Company,
Phone 249, 59 Fort St.

—You can deposit your money at 4 per cent. interest with The B. C. Permanent Loan Company and be able to withdraw the total amount or any portion thereof without notice. Cheques are supplied to each depositor. Paid-up capital over \$1,000,000, assets over \$2,000,000. Branch office, 1210 Government Street, Victoria, B. C.

—S. P. C. A.—Cases of cruelty, phone Inspector Russell, No. 1921.

—Toasters for gas stove.—Will toast four slices on one burner, and will heat a tea kettle. 50c at R. A. Brown & Co., 1302 Douglas street.

—See J. N. Harvey, Ltd., ad., page 11.

—Dr. Todd, the noted Montreal landscape architect, is expected to arrive in Victoria on Wednesday to examine the lands comprising the Songhees reserve, with a view to their subdivision in the best interests of the province and the city.

—A debate in regard to how and in what way the present age is more progressive than former ones will be held to-night under the auspices of the Young People's Society of the First Congregational church at 8 o'clock. The speakers will be T. H. Brown, A. C. Saville, Fred Ainsworth and Miss Reade.

—The regular monthly meeting of the Victoria-Cymadorion Society will be held on Thursday in the Sir William Wallace hall, Broad street. Members are asked to note the change from third to second Thursday. All Welsh, whether resident or visiting, are invited to attend.

—If any Canadians who fought in the Boer rebellion, Boer war, Fenian raids, or who belong to any Canadian troop, other than the local men, would communicate with Mrs. Pemberton, president of the Women's Canadian Club, it would assist greatly, as they are wanted to act as bodyguard to the floats representing the Canadian provinces and incidents in the history of Canada, in the Coronation Day celebration.

—This evening the North Ward Athletic Association is holding its closing dance in the A. O. U. W. hall in honor of the Victoria and Spokane ball teams, and, judging by the preparations under way, promises to be the banner dance of the season. The ballroom has been elaborately decorated in the club colors, royal blue and white, and the club trophies and pictures of their championship teams will be in evidence. Miss Thain's orchestra has been engaged for the evening and will render popular dance music. At midnight supper will be served. The following committees have the arrangements in hand: E. Christopher, E. Taylor, W. Blake, Joe Dakers, S. Humber, A. McGregor, G. V. Johnson and F. L. Sweeney.

—The Duncan Branch of the Women's Auxiliary to Missions hold their annual meetings on Wednesday and Thursday of this week in Christ Church Cathedral school room. Holy communion will be celebrated at 10 a. m. in the cathedral, after which the meetings will be held in Christ Church schoolroom. President's address 11.30, luncheon 1 p. m.; afternoon meeting 2 o'clock; Thursday morning, 10.30; luncheon 1 p. m.; afternoon meeting, 2 o'clock; missionary meeting 8 p. m. Luncheon will be provided each day for visiting delegates and members. On Wednesday members and friends are invited to afternoon tea in the grounds of Bishopscove. All women who are interested are most cordially invited to be present at these meetings.

God Save the King.

—Word has been received by J. E. McCallum, secretary of the Victoria Day celebration committee, that large excursions will be run from Bellingham and Tacoma by the Puget Sound Navigation Company on that day.

—Victoria West Methodist Church Epworth League will meet to-night at 8 o'clock under the social and literary department, when a most interesting evening is expected. The subject will be "Canadian Authors," Miss Brown in the chair.

—A special meeting of the Canadian Order of Chosen Friends is called for this evening in the K. of P. Hall at 8 o'clock sharp. Organizer, Madril will be present. Special business is in session. Every member is requested to be on hand.

—Arrangements for the Victoria Nurses' Club dance, which will be held in the Alexandra Club on May 16, are most satisfactory. The supper arrangements are in the hands of Miss Goward and Mrs. Jenner. Miss Thain's popular orchestra will supply the music.

—The following are the office bearers of the Victoria Lodge of the International Order of Good Templars: Chief Templar, Bro. Bowman; vice-templar, Sister Ferguson; secretary, Bro. Rev. T. W. Gladstone; treasurer, Sister M. Bailey; financial secretary, Bro. Hedley Bailey; marshal, Bro. Cole. Other officers were appointed, and the installation service was conducted by Bro. Rev. C. M. Tate assisted by the lodge depute.

—E. Jacobs, secretary of the western branch of the Canadian Mining Institute, left Victoria by last night's steamer for Vancouver, en route to the Kootenay and Boundary districts. He will pay a flying visit to Greenwood, and then go to Silverton to visit the Standard, Van-Roi and Hewitt mines, before proceeding to Trail to attend the C. M. I. meeting to be opened there on the 15th inst. Afterwards he will visit two or three mining properties situated between the international boundary line and Marcus, Washington; then spend a few days in the Boundary district, and probably return to the coast through the Similkameen and Nicola country, visiting mining and other properties at Hedley, Princeton and vicinity, and in Nicola valley. He is expected to be absent from Victoria three to four weeks.

RECORD RECOGNITION OF DR. ROBSON'S WORK

The Metropolitan Methodist Church Adopts Resolution at Morning Service

The Metropolitan Methodist church yesterday morning the following resolution was unanimously adopted, being moved by W. J. Pendray, seconded by A. Lee:

"That the congregation assembled in the Metropolitan Methodist church on Sunday morning, May 7, 1911, having received the sad intelligence of the death of Rev. E. Robson, D. D., express its thanksgiving to Almighty God for the gift of Educator Robson to the Methodist church and the Kingdom of Christ in the province of British Columbia. We place on record our grateful appreciation of the long and distinguished service rendered by our departed friend and brother.

"Dr. Robson was amply endowed with physical, mental and spiritual qualities which found a fitting sphere for their development in this great province. By his unselfish devotion to every good cause and worthy movement; by his sagacity and statesmanlike leadership, and by his unflinching loyalty to his Lord and Master, Dr. Robson, to a greater degree than is given to most men, influenced for permanent good the moral, social and spiritual life of the people of British Columbia.

"Whilst we appreciate the great influence our departed brother wielded in the larger councils of the church, we affectionately remember his long and intimate connection with this, the mother church of Methodism in British Columbia.

"Dr. Robson, along with his three revered colleagues, Dr. E. Evans, Edward White, and Arthur Browning, commenced his varied and fruitful labors for Christ in British Columbia in this society, and always manifested the deepest interest in the progress of the work of God in the Metropolitan church.

"We rejoice that it was given to our brother to live to see the church of his choice occupying in social, educational and spiritual life, a strong and commanding position in the province. He rests from his labors and his works do follow him."

"To his sorrowing and stricken widow we extend our deepest sympathy, and pray that the God of all comfort may make all grace abound unto her in this hour of bereavement.

"To all the other members of the family of our departed friend we also tender our sincere sympathy and pray that the long and illustrious career of a sainted father may be to them at once an inspiration and a benediction.

"We further request David Spencer to represent this church and congregation at the funeral of the late Rev. Dr. Robson on Tuesday next, May 9th, at Vancouver."

A STRIKING CONTRAST.

Some eastern papers have been commenting strongly upon the action of a prominent stock life insurance company in voting a bonus of half a million dollars to their stockholders, every dollar of which came from the earnings of the policy-holders' money.

In striking contrast to this, The Mutual Life of Canada last year earned over half a million dollars in profits, every dollar of which goes to the policy-holders, who alone receive all profits.

The insuring public are becoming more and more alive to the importance of investing their money in a Company which has no interest to consider or care for except that of its policy-holders—a Company in which the policy-holders own everything, control everything and get everything; such a Company is The Mutual Life of Canada, one of the oldest and strongest companies, and the only company of its kind in Canada. R. L. Drury local manager; F. M. McGregor, special agent; offices, 918 Government street.

CHINESE FAMINE FUND.

Amount previously acknowledged received from Times office..... \$234.35

NEWS OF SPORT

POOR PITCHING AND POORER SUPPORT

Seattle Put It All Over Victoria Yesterday With a 12-0 Score

Seattle, Wash., May 7.—Big Chief Dave Skeels, formerly of Gonzaga College, Spokane, was an unsolvable problem to the Victoria tourists and as a consequence the Victoria players went down to defeat by a score something like Seattle, 12, Victoria, 0. Thomas who opposed Skeels for five innings, lacked speed and control. He hit with pitched ball two of the Giants and passed two more. With the bases full in the fifth inning and one out Sage was put in his place, and things went against him also. Add poor support to the short-comings of the pitchers and you have an idea of how Seattle kept coming home until 12 runs had been counted. Skeels was absolute master of the situation in every inning save the first. In the last eight innings only five Victoria players reached first and of this number only one reached second.

Ten Million stole in the seventh after he struck out, but reached first on a passed ball. In this same inning Skeels struck out three men. Householder shook up his team in the home stretch, Reddick going to short and Kellar to first, but it was too late to stem the tide and the change did little.

Lever Brothers, Toronto, will send you free a cake of their famous Plantoilet soap, if you mention this paper.

good. Victoria went home last night and Seattle plays in Tacoma to-day.

Two base hits—Cruikshank, Davidson. Sacrifice hits—Davidson, Cruikshank, Kadlag, Millon. Stolen bases—Weed, Davis, Millon. Pitchers' record—3 runs, 2 hits, 1 base on error by Skeels in 3-2-3 innings; 9 runs and 3 hits off Thomas in 1-3-3 innings; 5 runs and 3 hits off Sage in 3-2-3 innings.

Opponents at bat—Thomas, 15; Sage, 13; Struck out—By Skeels, 8; by Thomas, 5; by Sage, 1. Bases on balls—Off Skeels, 3; off Thomas, 6; off Sage, 2. Hit by pitched ball—Kadlag and Leard, by Thomas. Passed ball—Spencer, Dashwood. Double play—Kadlag (unassisted). Left on base—Seattle, 8; Victoria, 2. Umpire—Logan-ecker.

TACOMA WAS OUTPLAYED. Spokane, Wash., May 7.—By play-

ing a brand of ball which would win in any company the Portland Pippins defeated the Beavers here yesterday by a score of 3 to 0. Lamline pitched great ball, being touched for but four hits, two of these being scratchers. They, however, had their batting eyes dusted off and were bingling early and often. Pearl Casey pulled off a play which will be the subject of arguments for the next ten years. In the sixth inning he pulled down Scharney's fast drive with his bare hand and, while failing, pegged the runner out. Jesse Stovall's long run and one-handed stab of Brinker's fly proved to be a sensation.

Leo McQuarry wanted to show off before home folks but the first three men hit, scoring two runs and he was sent to the bench. None of President Lindsay's umpires had the nerve to show up to-day, so players called the balls and watched the bases.

TACOMA WAS OUTPLAYED. Spokane, Wash., May 7.—Bonner outpitched Schmutz and Spokane outplayed Tacoma before the best Sunday crowd of the season, Spokane winning 3 to 1 in the final game of the series, making it four out of six. Spokane took the road last night, opening at Victoria to-day.

The game was one of the most cleverly played of the season, the only error of the game being charged to Nordyke, when the veteran first-sacker could not reach the bag in a close play at first base on Coleman. The game was marred by constant wrangling with the umpire by both teams. The crowd kept after him and the players delayed the game. Ost-

dick was finally chased from the grounds after being fined.

Score by Innings

ALBION ELEVENS DEFEATED SATURDAY

Garrison and Esquimalt Both Won Matches, Latter by Seven Runs

Both the first and second elevens of the Albion cricket club lost on Saturday afternoon, the former to the Garrison and the latter to Esquimalt. The second team lost by a margin of 33 runs. For the victors, Thomas played well, compiling 34 runs, and Irwin with well-placed hitting ran up 25. Gresson, Fletcher and Hewitt were the most prominent of the Albions.

The Garrison won from the Albions at the Barracks by 7 runs. Captain Foulkes, for the Garrison, was top scorer with 34 not out, it being chiefly owing to his good batting that the soldiers won. Oldershaw, for the Albions, played a five-innings for his 35. The score follows:

Albions

Player	Runs
W. Oldershaw, run out	35
H. A. Ismay, b. Stevens	22
L. B. Trimin, b. Foulkes	0

CORINTHIANS AGAIN GO DOWN TO DEFEAT

West's Win Last Scheduled Game of Football—Series Not Yet Over

What was scheduled as the last game in the Amateur Football League was played at Beacon Hill on Saturday between the Victoria West and the Corinthians and ended in a win for the latter by 3-1, after a hard struggle. This result leaves the ultimate of the Morley cup still in doubt, as the Wests have yet to play a postponed game with the North Ward club, and in the event of their winning will be on an equality with the Foresters, and deciding game will be necessary.

Last Saturday's match was more notable for strenuous play than science, but was a good one to watch, owing to the robust way both teams went about their work. In the first half the Wests, with the advantage of the slope, did more pressing than their opponents, and were distinctly unlucky in not scoring on three occasions. The full backs on the Corinthians side and Kelsall were prominent in keeping back

the onslaughts of the lads in green, and the one goal the latter did score was extremely lucky, as the ball hit the outside of the post, and owing to the peculiar shape of the upright, bounced past Seife and under the bar.

In the second half the Wests went off with a swing, and soon scored from an excellent centre by Kirley, but this was neutralized soon after by Douglas scoring from a mix-up in the goal mouth. The Corinthians after this had the best of the game until about five minutes from time, when the Wests broke away and Seife was forced to give a corner from which a third goal was obtained.

For the winners, the only forwards to show anything like form were Kirley and Young, the remainder lacking ability to shoot straight. The half backs were not at all strong, Warner being perhaps the best, using his weight to great advantage. Both full backs were good, and Robertson, playing his usual goal game in goal, saved several good shots. For the losers it was the same as usual.

Owing to the absence of three players they were forced to put on inferior substitutes and as a result were badly handicapped. Douglas and Petch played as well as they usually do, and the latter will certainly develop into a good player, while Douglas is an old and tried footballer. Of the half backs, with the exception of Kelsall, perhaps the less said the better, as they neither covered their men or dropped back to help the full backs when they had let their checks through. Kelsall was the mainstay of the eleven, and was not only responsible for the score in the

first half, but with more support would have probably been able to do the same in the latter.

Of the backs, Anderson played well, although out of practice, and showed that he has played in a much higher class of football than he is ever likely to get into here. Goodwin perhaps played the best game he has put up this season, and like Petch will surprise many people, when the city leagues commence next season. Seife was lucky in the first half, but he did everything he was called on to do, and played well considering he should have been in bed instead of on the football field. Locke refereed the game in a most impartial way. The teams were:

West—Goal, Robertson; full backs, Brown and Stewart; half backs, Warner, G. Brown and R. Stewart; forwards, Kirley, Youson, Young, Luckett and Smith.

Corinthians—Goal, A. Seife; full backs, R. Godwin and J. Anderson; half backs, C. Martin, R. Kelsall and G. Hobbs; forwards, J. Douglas, T. Campbell, W. Douglas, Pym and G. Petch.

NORTH WARDS BREAK INTO LEAD AT START

Last Year's Champions Victors in First Senior Game of Lacrosse

By scoring twice as many goals as did their opponents, the Wests, the Ward senior lacrosse team, holders of the Chilton cup, emblematic of the city championship broke into the lead at the commencement of this season's senior series.

The game evoked considerable comment on the part of the lacrosse fans, of whom there were a goodly number present.

The first quarter consisted mainly of a series of rushes up and down the field on the part of both teams.

The West defenders did not play up to their standard, particularly during the latter part of the game.

When the teams took the field for the final round the West partisans were hopeful.

SEATON FORCED TO WALK HOUSEHOLDER

Victoria Lost to Seattle on Saturday After Hard Fought Game

Seattle, May 8.—Saturday was a game of extremes. Sensational plays that aroused the fans to wildest excitement were followed by boots and muffs that evoked groans and laughter.

For five innings Seaton steered his way cleverly through the reefs, using his "splitter" to good advantage.

Victoria made it worst for the Glants in the seventh and by so doing put themselves within striking distance.

For a starter Cruickshank muffed Davis' easy fly. Raymer hit to Seaton, forcing Davis at second.

In the ninth Seaton hit Goodman and this brought up Householder, who has been killing the ball just as he did when he was the clean-up hitter of the old Aberdeen team.

Table with 2 columns: Name, Score. Includes Seaton, Davis, Raymer, etc.

ABOUT BASEBALL

Raymond cut off a run in the fifth in Saturday's game when he scooped Raymer's grounder, touched second and fired to first for the second out.

Ben Davis, Tealey Raymond and Leo pulled sensational plays. Davis' one-hand catch close to the fence after a long run was the best of the year.

"Butch" Belford, the former Seattle high school, and later university, pitcher, looks good. He may use his drop ball too much.

If there ever was a city that had good luck picking up winning pitchers it is Spokane. No sooner did they lose it than they got it back.

Vene Gregg, who is now doing fine flinging for Cleveland in the American League, than along came Jess Baker and developed into a whirlwind.

There is liable to be a number of changes in the Tigers before the first of June. Mike Lynch is satisfied with the fielding ability of his charges, but he is needing hitters.

Jack Ward has had enough of umpiring in the Northwestern League. No sooner had President Lindsay cleared him of all blame in the Mike Lynch case and stated positively that he would back him up than Jack took the bit in his teeth.

There is liable to be a number of changes in the Tigers before the first of June. Mike Lynch is satisfied with the fielding ability of his charges, but he is needing hitters.

Jack Ward has had enough of umpiring in the Northwestern League. No sooner had President Lindsay cleared him of all blame in the Mike Lynch case and stated positively that he would back him up than Jack took the bit in his teeth.

TWO MONUMENTS IN SETTLEMENTS MAKE FOR CAPT. COOK'S MEMORY PEACE RIVER VALLEY

Natural History Society Will Place Tablet at Resolution Cove—One in London

Entering the New Wheat Belt of the North From Over the Line

The Natural History Society of British Columbia is to commemorate the memory of that celebrated Yorkshireman, Captain James Cook, R. N., the discoverer of Resolution Cove, Bligh Island, Nootka Sound, by erecting a tablet or monument there, and to join in a national commemoration of the great discoverer by sending a contribution to the Captain Cook memorial, established for the purpose of erecting a suitable monument opposite the new Admiralty buildings at London.

The resolution to commemorate the discoverer at Resolution Cove arose out of a letter received by the Natural History Society from T. Lindsay Thacker, of British Columbia, who drew attention to the movement in England. The latter is being carried out as the result of a proposal from Sir Joseph Carruthers, K. C. M. G., premier of New South Wales, and under the auspices of an influential committee of which His Majesty King George, when Prince of Wales, graciously acted as chairman. On Mr. Thacker's letter being read the Natural History Society voted by acclamation £25 towards the fund, and the president, secretary and treasurer of the society will receive such public donations as are sent to them to be added to the fund from British Columbia.

The importance of the exploration work done by Capt. Cook in these waters in March and April, 1778, when with his two ships, Resolution and Discovery, he entered what was then named by him as Resolution Cove, Bligh Island, Nootka Sound is to be especially recognized now by the erection of a fitting public monument at that place. As it was at this spot where British Columbia history was first commenced, the Natural History Society considers that Resolution Cove and its discoverer should not be allowed longer to be without a monument.

Any sum for this purpose sent to the officers of the society will be duly acknowledged by them. The society will also send on the names of the subscribers to the Captain Cook memorial, London, and these will be published in the full list. The monument to be erected opposite the Admiralty buildings, London, is to be the work of one of the world's greatest sculptors, who will be selected by the London committee, and the exact site is to be selected by the first commissioner of works.

OPIMUM IN THE ORIENT

Distinctive Oriental Vice Imported Into China From Europe.

The Hongkong Daily Press in an article on the ways of the East and the West has this on the growth and use of the poppy. The poppy, a plant of the East, is to be seen in the East as in the West, but in a lesser degree, and to affirm that the West has outstripped the East, or that the East has lagged behind the West, is to affirm things about which nothing certain can be said. We began by speaking of the vices of the "effete" East, and it is curious that the vice which is regarded as most distinctly Asiatic should have originated in Europe. Seven thousand years ago, in the so-called Stone Age, the lake dwellers of Switzerland were cultivating poppies, apparently for the oil in the seed. In the South of Europe and on the Mediterranean shores of Africa the opium poppy—or rather, the wild poppy of which the opium poppy is a cultivated variety—was grown perhaps two thousand years ago. The Greeks were acquainted with the somniferous properties of the sap, which was used as medicine, but chiefly it was cultivated for the oil. Now this variety of poppy does not grow wild in Asia; it was apparently introduced into Persia, India and China by Arab traders, as the narcotic juice seems to have been largely used by Arabians for the pleasurable effects produced. It appears to have reached India about a thousand years ago, although no doubt the drug was imported before that time, and five hundred years ago it was an article of trade between India and China. The cultivation of poppies, however, apparently was only begun in China some two hundred years ago, when the Chinese hit upon the plan of inhaling the fumes by burning the drug—the so-called opium smoking. Here we see the introduction of a narcotic from the West to the East and the question arises why the West has been able to escape from its influence while so many Eastern nations have succumbed? This is more especially curious when we remember that tobacco, also introduced to the East from the West, is now as popular in Europe as in Asia and other parts of the world. Whatever be the cause of this comparative indifference to opium in Europe, it remains a fact that its use and cultivation were imported from the West, and thus an Asiatic vice turns out to be not peculiarly Asiatic at all.

EDUCATES BOY BRIDEGROOM

The disagreements which followed the marriage of a woman of thirty-three to a boy of seventeen were ventilated at Derby police court.

Mrs. Fanny Evangeline Stokes applied for a maintenance order against her husband, William Henry Stokes, on the ground of desertion.

The marriage took place in 1886, and, owing to the youth of the bridegroom, the parties each lived with their own parents. In 1887 they purchased a tobacconist's business, but sold it the following year. Eventually complainant's father gave £300 with which to open a mineral water business in Leicester. The husband then disappeared with a too sympathetic widow. He was now earning £200 a year, and also had an interest of one-third in an estate worth £5,000, left by his father.

For the husband, it was denied that there had been any desertion. The complainant, it was alleged, had been in the habit of knocking her husband about, and when she found he was useless to her, from a money-making point of view, she turned him out.

The bench made an order for the payment of £2.75 per week, with costs.

SURVEY WORK ON BOUNDARY LINE

D. C. Cairns Will Go North to Report on the Mining Possibilities

Vancouver, May 8.—In order to secure authentic information respecting the mining possibilities of the unexplored region of the Yukon district, contiguous to the Alaska boundary line between the Yukon river and the Arctic ocean, the Dominion geological survey has selected D. C. Cairns to accompany the Canadian boundary survey party which left for the north. The party will be in charge of J. D. Craig and will comprise over fifty persons.

north is the 141st meridian as defined by the Alaskan boundary commission which sat in London ten years ago. Mr. Cairnes hopes to make an examination of a large area during the coming summer. He is one of the best known experts in the service and has been doing field work in the Yukon for years, notably on the upper Yukon and in the vicinity of Dawson. If his reports should prove favorable a stampede will probably follow. Mr. E. W. Nisham, one of Mr. Craig's assistants reached here from the East.

One of the veteran members of the Alaska boundary survey in the person of Noel Ogilvie also arrived on Saturday. He will lead one chief party and direct the movements of several sub-parties which will be engaged in work in southeastern Alaska. The region selected for his operations is one hitherto unvisited by the officials. It is inland thirty miles from Yakutat Bay, several hundred miles north-west of Skagway. The region is described as a succession of eternal snow-caps and glaciers. Owing to the character of the country no attempt will be made to define the boundary by

planting monuments. Instead Mr. Ogilvie will content himself with establishing the official boundary by a series of photographs and by triangulation work. His official report will be submitted to both governments and will be part of the official record on file at Washington and Ottawa.

In the region referred to the boundary line can only be established with great difficulty as it here follows the sinuosities of the coast but at a distance of thirty leagues therefrom. At the upper end of this zig zag is the hitherto unconquered Mount St. Elias where the boundary again swings and follows the 141st meridian to the Arctic ocean. Mr. Ogilvie will outfit here and leave for the north on May 20.

Frank H. MacKey and party will be employed this season inland from the head of Portland Canal district, the same field of operations as last year. He will arrive shortly from Ottawa, accompanied by "Grizzly" Bates whose adventuresome encounter with a monster bear in a slide down a glacier nearly cost him his life in the far north two years ago.

McGregor Heights

OAK BAY

Is Attracting a Great Deal of Attention

Only six of the higher lots are left, but these are unusually fine

There are fine oak trees on some of the lots, there is rock on others, while a few are nothing but meadow covered with buttercups. There are a few small pieces of acreage and some larger than ordinary lots. The view from the property is something that cannot be described. The Olympic Mountains, Mount Baker, the Straits, Mount Douglas and Mount Tolmie are in full view from the higher points.

Anyone desiring a site of which he can be proud should choose before the best are gone.

GRIPMEN COMING HERE NEXT WEEK

The Commercial Travellers of Northwest Territory to Hold Convention

The Grand Council of Oregon, Washington and British Columbia, United Commercial Travellers, will meet in Victoria Friday and Saturday, May 19-20, for the thirtieth annual convention, at which 1000 people are expected to congregate. The association in Victoria has undertaken to entertain the body and has provided a list of entertainments for the visitors that will surely leave but few minutes with nothing to do. Aside from the regular business of the convention the whole time of both days is filled with a programme of events that will make the visit of the gripmen and their families a memorable one for them.

The local body, at first in some trepidation as to being able to successfully entertain so large a body at the one time, has worked exceedingly briskly, so that the visitors will enjoy their stay here in every way.

Commercial travellers from the two American states and from the province have been invited. A printed invitation from the local association in pamphlet form has been distributed among the fraternity carrying with it a copy of the programme of the following events:

Friday, May 19:
10 a. m.—Grand council convenes in the Knights of Pythias hall, corner of Douglas and Pandora streets.
12.30—Reception and luncheon by the ladies of Victoria council to the visiting ladies at the Empress hotel.
2.30 p. m.—Tally ho drive to the visiting ladies, sight-seeing Victoria and environs, or concert at the drill hall, Menzies street, by the famous Sheffield choir of 250 voices.
7 to 9 p. m.—Open air concert by the 5th Regiment C. I. band.
8 p. m.—Theatre party to visiting ladies at the Grand Theatre.
8.30 p. m.—Smoker for all U. C. T. members at A. O. U. hall, 808 Yates street.

Saturday, May 20:
10 a. m.—Grand street parade of all visiting councils, through the principal streets of the city, headed by the 5th Regiment Canadian Artillery band—travellers' day.
2 p. m.—Victoria country club race meet at Willows track.
8 p. m.—Grand fete and pyrotechnic display at Gorge park.

DANES FOR THE WEST.
Scheme of Immigration to Bring Out People From Denmark.

An effort is being made at the present time to attract immigrants to British Columbia and Vancouver Island from that northern part of Europe comprehensively known as Scandinavia. The movement is being assiduously propagated by G. T. Holm, a native of Denmark, who was for some years editor of the agricultural supplement of the Buenos Ayres Standard. This enthusiastic immigrant promoter is at present in Victoria. He claims that the Danes are the most scientific dairy farmers in the world, and through their infusion into the Canadian west he foresees great developments for this part of the country in that direction.

His primary object is the securing of aid for a colonization scheme, and in pursuance of his scheme he has interviewed the heads of the great railways of the country, as well as Sir Wilfrid Laurier and a number of the provincial leaders. In Victoria he interviewed the Hon. Dr. Young, the provincial secretary, who gave him a most cordial reception but who had to inform him that until such time as the country was better railroaded it would not be possible for the government to give countenance to any definite scheme of colonization. Mr. Holm intends writing a book about Canada for the benefit of his countrymen who have thoughts of transferring their homes from the east to the west.

REPORT PROGRESS IN CHURCH WORK

Missionary Society of Anglican Church Considers Work in Foreign Fields

An earnest appeal from Bishop White of Honan, China, asking the church at home to come to their aid, was read at the last meeting of the managing board of the M. S. C. C. at the Montreal Synod hall. The present time in China was so propitious, declared Bishop White, that he felt these five years if rightly used would mean more than ordinary years. They could not have had a more favorable beginning, and the prospects were better still. Everything desired for the furtherance of the kingdom of God in China was theirs for the asking. But they could not seize and use this magnificent opportunity without an adequate staff of men, and an efficient plant.

The bishop of the Yukon sent most encouraging accounts of progress of work among the Eskimos of the Mackenzie river.

Concerning the Anglican church in China, it being the first year of the Canadian church mission, the Bishop or Honan spoke of the vast changes which were following one another with such rapidity in this great and interesting country, viz., the crusade against opium, the establishment of a foreign drilled army, the proposed new navy, the rapid extension of railway systems, the first national assembly convened in Peking which, though limited in powers was showing itself courageous and sane, coupled with the open-mindedness among the people and the genuine desire for the best that western nations could give.

British officials in Egypt do not seem to be benefiting by the presence of the Anglican church in their midst to judge by the account of the bishop in that country, who stated that the British administration encouraged the Mohammedan church, while the officials worked on Sunday and rested on Friday, the Mohammedan day of prayer. He stated also that the native Christian population had to contribute to the maintenance of Mohammedan schools.

The formation of a new diocese in India was reported to be progressing very satisfactorily.

An appeal was read from the Bishop of the Anglican diocese in South China praying for the financial assistance for the famine stricken people of his district. In his report the bishop declared that in the diocese over which he had spiritual jurisdiction no less than 110,000 adults, and 71,000 children were practically starving, he himself having seen them eating the

INSPECTS ROLLING STOCK OF RAILWAYS

Official of the Railway Commission is Touring the Province

Vancouver, May 8.—M. J. McCaul of Calgary, inspector of accidents and rolling stock for Alberta and British Columbia, is in town on an official trip of inspection. He is an official of the railway commission, to which he reports direct. During his stay here Mr. McCaul will inspect the freight and passenger cars in the yards of the C. P. R. and Great Northern railway.

His powers are very wide. He has absolute authority to order any repairs or improvements he deems necessary in any of the equipment.

Under the act the railway company is obliged to carry out his instructions and to report in detail to the chairman of the railway commission.

Mr. McCaul stated that he found the rolling stock of both roads here in excellent condition, and the usual requirements for the protection of trainmen and the public being strictly observed. It was creditable that the C. P. R., considering the long runs, maintained its equipment in such excellent condition.

WILL WORK AMONG LEPERS.
Centralia, Wash., May 8.—Miss Frances F. Gardner, a wealthy girl, who has many friends in central Washington and on the coast, has announced her intention to devote the rest of her life to missionary work. She expresses willingness to take up work with the lepers of Culcon Island, Philippines, or the island of Molokai, in the Hawaii group, when her course is completed at the divinity school in Portland, where she will be prepared for her work. Miss Gardner's announcement astonished her friends, especially as it was understood that she was engaged to be married in July.

Particularly in this grade of Suits we have the greatest surplus. Here we had prepared a line of which we are truly proud. VERDICT OF MANSLAUGHTER.
Vancouver, May 8.—After an all-night sitting the jury in the case of the three Augustinos charged with the murder of Dominic Spatarrio, returned at 4:45 Saturday morning with a verdict of manslaughter against Dominic and Giuseppe Augustino, and of acquittal for Nick Augustino, the youngest of the three, for whom an alibi was set up. The verdict against Dominic was coupled with a charge of manslaughter for money. The jury was out eight and a half hours. The case was a sensational one, and attracted a large crowd of people to the court room in the early part of the evening, but towards midnight they gradually drifted away, and in the small hours of the morning the room was almost empty. About midnight the jury went out for coffee and sandwiches, and it was evident that they were prepared for a long session.

C. S. Arnold, who appeared with S. D. Schultz and L. Goodstone for the defence, objected to a reference in the address of Mr. Justice Gregory and A. H. MacNeil, crown prosecutor, to the fact that the accused had declined to give evidence in the police court. Mr. Justice Gregory held that they were within legal limits in their comment. But that if Mr. Arnold wished to appeal for a new trial on that

ground he was at liberty to do so. Mr. Arnold intimated that he would bring the matter before the court of appeal. Sentence on the two men convicted was five years in the penitentiary, but served till the end of the session, but Nick Augustino was liberated immediately after the jury brought in their verdict.

JUVENILE REPUBLIC.
The village of Camblia, in the south of Spain, has made itself notorious and ridiculous by its attempt to set up a Republic. There are only about two thousand inhabitants in the place.
Certain market tolls having been left unpaid, the village authorities seized some

cattle by way of enforcing payment. The owner of the cattle protested to the mayor, and the mayor ordered his arrest. This infuriated the other inhabitants, who collected in the centre of the village and then marched to the barracks of the civil guard, which they attacked. In the field which followed five people were injured. Meanwhile a section of the disreputable population had proclaimed a contented population had proclaimed a republic, but whether this was intended to embrace the whole of Spain or only their own little corner of the country is uncertain.
King Alfonso has gone on a shooting expedition.

SOAP TO CLEANSE MEN IN FAR EAST

Empress of China Taking Five Carloads of It—Sails for Orient Wednesday

Included in the cargo which R. M. S. Empress of China, Capt. Archibald, will take from Vancouver on Wednesday next when she commences her one hundredth voyage to the Orient, are a number of curious consignments for various Far Eastern ports. She is now engaged in loading her freight, which consists of articles seldom constituting the cargo list of the white liners at the Terminal City, and will touch here some time on Wednesday evening to take on several passengers.

Perhaps the most conspicuous part of her freight is the consignment of soap which will help to remove some of the dirt from the faces and bodies of the natives of the Flowery Kingdom. She is taking five carloads of this sapon, and the cases, which are numerous, each include two hundred cakes. This is the largest shipment of soap which has been dispatched across the Pacific for many years.

Another interesting item on the freight list is a carload of sewing machines for the maidens of Japan and of China at present for these talking machines, although they form part of the regular cargoes of the Japanese steamships. Some forty cases of phonographs are also included in the cargo, there being a big demand in Japan and China at present for these talking machines. She is also loading fifteen carloads of flour for the East.

The Nippon Yusen Kaisha liner Inaba Maru is due to leave port tomorrow for the Orient. She is carrying a full cargo of freight, including wheat, flour, cotton and machinery. Many passengers are taking passage on the vessel. The Sado Maru, of the same line, is due to dock here on Wednesday from the Orient, and she is being followed across the pond by the steamship Strathairn, under charter to the West Line.

On Saturday R. M. S. Montague and the Blue Funnel liner Teucer will arrive in port from the Orient. The Teucer is bringing a mammoth cargo of freight, of which about fifteen hundred tons is for this port.

When the steamship Antiochus, of the Blue Funnel line, leaves Seattle for the Orient and Liverpool on May 15 she will carry a general cargo valued at more than \$1,500,000. Her 1,000-ton cargo will include more than 1,000,000 feet of lumber, 1,000 tons of Alaskan copper, 1,000 tons of oak and 50 tons of scrap tin from the Puget Sound canneries, which is to be taken to Germany to be utilized over again. She will also carry large shipments of wheat, cotton and machinery.

PREVENT MARINE DISASTERS HERE

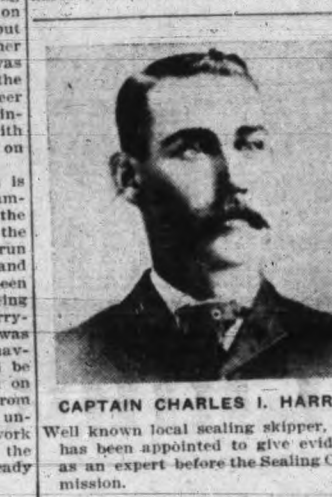

NEW HARBOR REGULATIONS ADOPTED BY GOVERNMENT

Harbor Masters' Duties Have Been Increased—Are Timely and Important

Changes of a timely and important nature, which will tend to safeguard against such shipping disasters as have occurred near Victoria in the past, have been made by an order in council passed by the Dominion government, and according to the Canada Shipping Act. According to the new regulations "vessels" shall mean any vessel used in navigation, and includes any scow, raft, boom or logs or any floating property.

The duties of every harbor master hereafter will be of a most important nature. No vessel shall take a berth at any wharf in any harbor unless assigned thereto by the harbor master. The place for mooring at or tying up shall be fixed and determined by the harbor master. It shall be the duty of the harbor master to assign berth at any wharf or pier constituting private property in the harbor to vessels owned or chartered by owners of said pier, and no other vessels shall be assigned a berth at such wharf, except with the permission in writing of owners of wharf.

All vessels assigned to any wharf in a harbor shall be subject to the regulations in force, and shall be under the supervision of the harbor master with regard to the conforming to such regulations. If any vessel mooring or anchoring temporarily so as to be unsafe or dangerous to any other vessel, or previously at anchor in the harbor or moored and impeding navigation in the harbor, the harbor master is authorized

CAPTAIN CHARLES I. HARRIS

Well known local sealing skipper, who has been appointed to give evidence as an expert before the Sealing Commission.

and required to order and direct the position of the vessel to be altered in such a manner as to prevent such danger and impediment, and the person having charge of such vessel shall comply with orders and directions of the harbor master under a penalty of \$20.

No vessel shall move from the berth assigned her to any other berth in the harbor without having been authorized to do so by the harbor master. The person in charge of any vessel lying at anchor in any harbor must exhibit in the forepart of his vessel, from sunset to sunrise, a bright white light, visible all round the horizon, at a height not exceeding six feet above the deck. Any raft or boom of logs in tow shall show a bright white light at each corner of the stern at a height not more than six feet.

No vessel shall moor or fasten itself to any buoy under a penalty of \$10, and any person injuring, altering or changing any beacon or buoy shall be fined \$20. Every vessel shall be left with some person in charge throughout the day and night when anchored in the harbor. This, however, does not apply to booms of logs properly moored in the place assigned by the harbor master.

All vessels loading or discharging coal, ballast or such materials shall have a sufficient piece of tarpaulin or canvas so placed as to prevent any portion falling into the water. No ballast, stone, gravel, earth, cinders, ashes or any other material or rubbish liable to sink shall be discharged by any vessel, or thrown by any person into the harbor except at the places set aside for that purpose.

A number of regulations which are to govern Victoria and Esquimalt, outside the ones mentioned above, are as follows: Victoria. 10. No part of the harbor of Victoria, British Columbia, situated between the railway bridge and the shores of James Bay shall be deemed to be an anchorage for vessels, and vessels anchoring in this part of the harbor may do so only as a temporary expedient, and the harbor master is authorized to cause the immediate removal, at his discretion, of any vessel so anchoring. This regulation does not apply to such small vessels and yachts as may be permitted by the harbor master to moor in the extreme eastern part of James Bay.

11. The harbor master shall have authority to regulate the quantity of logs which a person may bring into the harbor of Victoria at one time and store therein at one time, under a penalty upon the person in charge of any logs entered, or of any tow-boat bringing them, in contravention of any such regulations enacted by the harbor master, of twenty dollars for any violation of same, and in case of a continuing violation, a further penalty

Prince Rupert—Clear sky; wind N., light; 29.88; 50; sea smooth. Spoke Prince George southbound at 10 a. m., off the Skeena river. Dead Tree Point—Clear sky; wind N., light; sea smooth. Lillooet at Queen Charlotte city.

12. No boom logs towed into the harbor shall exceed six hundred feet in length, under a penalty of fifty dollars. 13. No tow boats entering or leaving Victoria harbor, towing any vessel, shall use a tow line exceeding 100 feet in length from the stern of the tow-boat to the prow of the vessel in tow, within the limits of any port, under penalty of twenty dollars, to be paid by the person in charge of such vessel contravening this regulation. 14. A clear channel for navigation shall at all times be maintained in the harbor under a penalty of twenty dollars for any violation of this rule and, in case of a continuing violation, a further penalty of ten dollars for every twelve hours during which said violation continues, to be paid by the person in charge of any vessel so contravening.

15. No vessel shall be allowed to remain at anchor or tied up within the limits of the harbor for a period exceeding three months, without a special permission in writing from the harbor master, under a penalty of fifty dollars for the violation of this regulation, and a further penalty, in case of a continuing violation, of ten dollars for every twelve hours during which such violation continues, to be paid by the person in charge of such vessel contravening this regulation. Esquimalt. 16. Vessels laying up in Thetis Cove and Plummer Bay and the northern part of the harbor shall be moored with two bow-anchors, as directed by the harbor master, under a penalty of fifty dollars for the violation of this regulation to be paid by the person in charge of any vessel not conforming to same.

17. For the purpose of allowing a clear space to practice the heavy guns established on Rodd Hill and His Majesty's dockyard at the entrance to Esquimalt harbor, Vancouver Island, British Columbia, vessels arriving in Royal roads between the 15th May and 15th September in each year must anchor to the westward of a line drawn from Duntze Head to Race Rocks lighthouse, and not less than one nautical mile distant from Duntze Head. Vessels anchored to the eastward of this limit will be given twenty-four hours' notice to move out of the danger zone. The person in charge of any vessel neglecting or refusing to move out of said zone within said period of time shall be liable to a penalty of one hundred dollars and, in case of a continuing neglect or refusal, to a further penalty of ten dollars for every twelve hours during which said neglect or refusal continues.

18. The portion of Esquimalt Harbor known as Constance Cove, and situated eastward of a line drawn between Duntze Head and Ash Head is hereby designated the Man of War Anchorage and such portion of the harbor shall, unless otherwise ordered, be set apart for the use of His Majesty's ships, it being understood that access to the cove shall at all times be allowed to vessels desiring to make use of the graving dock situated there, and to vessels requiring to proceed to the different wharves situated on the shore of Constance Cove. Steam vessels using the ports of Victoria and Esquimalt shall be required to go slow, and if necessary, stop their engines when navigating places where submarine works are being operated. Any neglect of this precaution will render the person in charge of the vessel contravening liable to a fine of \$50 for each and every offence.

Exposure to sunlight is one of the best disinfectants for clothing known. The light passing through glass will not do it. —See J. N. Harvey, Ltd., ad., page 11.

EARL GREY COMPETITION.

Edmonton Dramatic Club and Winnipeg Operatic Society Win First Prizes.

Ottawa, May 8.—Official awards of the Earl Grey musical and dramatic competition recently held at Winnipeg follows:

Dramatic—1st, Edmonton Amateur Dramatic Club, "The Tyranny of Tears." Honorable mention, in order of merit, London Dramatic Club, Ottawa Players, Margaret Eaton Players of Toronto, Strollers' Dramatic Club of Winnipeg.

Musical Trophy—Winnipeg Operatic Society, "Chimes of Normandy."

Margaret Anglin bracelet for best actress taking part in the competition is awarded to Miss Ruby Michie, London, who took the title role.

"Lady Huntworth's Experiment," The Edison signet ring for the best actor taking part is awarded to A. E. Nash, Edmonton, who played Mr. Day in "The Tyranny of Tears."

CHINESE INQUIRE.

Report of Mr. Justice Murphy Has Been Received at Ottawa.

Ottawa, May 8.—The report of Mr. Justice Murphy, the royal commissioner who conducted an inquiry into Chinese immigration frauds which were unearthed at Vancouver last summer, arrived in Ottawa this morning addressed to Sir Richard Cartwright, minister of trade and commerce. The report was accompanied by a trunk full of documents. It will be laid before the cabinet council by Sir Richard and subsequently tabled in the House.

DIDN'T KNOW IT WAS LOADED.

Twelve-Year-Old Boy Accidentally Shoots His Brother.

(Special to the Times)

Regina, Sask., May 8.—"Throw that gun into the slough; I never want to see it again," said Claude Pantin, twelve-year-old son of Dr. Pantin of Kronau, Sask., yesterday, just after he

badly shot his sixteen-year-old brother Ross. While the father was at church the boys were cleaning a revolver and a .22 calibre rifle. It was the latter, supposed to be unloaded, that Claude pointed and discharged at his brother, the bullet entering the boy's forehead.

ANOTHER STRIKE.

Pittsburg, Pa., May 8.—Shopmen employed by the Baltimore and Ohio Railroad Company at Glenwood, numbering 200, struck to-day following the discharge of the master mechanic. The trouble is independent of the Pennsylvania shopmen's strike.

SHOT BY FARMER.

(Special Correspondence.)

Quebec, May 8.—James Dion, a well known hockey player, was shot in both legs here yesterday by a farmer near Gahrouge while gathering up logs both claimed as their own property.

Specifications and forms of contract may be seen at the office of The Esquimalt Waterworks Company, 1211 Wharf Street, Victoria, B. C., after 2 p. m. on Tuesday, May 2, 1911. Tenders to be received at the office of the Esquimalt Waterworks Company, 1211 Wharf Street, Victoria, B. C., not later than 11 a. m. on the 23rd day of May, 1911, to be enclosed in sealed envelopes marked "The Esquimalt Waterworks Company, Goldstream Main, contract for trenching."

The lowest or any tender for all or any portion of the work not necessarily accepted.

The Esquimalt Waterworks Co. Notice to the Public I have resigned as a DIRECTOR of the DOMINION STOCK & BOND CORPORATION of Vancouver, and have now no connection or interest with the said Company.

ARTHUR E. HEPBURN, M. E. VICTORIA LAND DISTRICT DISTRICT OF SAANICH (South).

Take notice, that I, Rosalie Maud Schar Schmidt, of Victoria, married woman, intend to apply for permission to purchase the following described lands: Being an island situated about 2 1/2 miles northwesterly from the floating buoy placed at the entrance to Tod Inlet, Saanich Arm, said island containing two acres more or less.

Dated March 9th, 1911. ROSALIE MAUD SCHARSCHMIDT. Per C. F. Butler, Agent.

SPRING ASSIZES AT GOLD AND PLATINUM NEW WESTMINSTER IN THE TULAMEEN

Eight Criminal Cases Will Be Heard—List Includes Charge of Murder

New Westminster, May 6.—Eight criminal cases and one civil action are scheduled to be heard at the Spring Assizes, which will open on Tuesday morning, May 16. They include one case of murder, and one of accessory after the fact; one of cutting and wounding, one shooting with intent, one writing threatening letters and one of extortion. The case of Carty vs. British Columbia Electric Railway Company is to be heard, and is the only civil action to be heard.

Amos Mack will be charged with the murder of William Bernard and Peter Sigh will be charged with accessory after the fact in the same case. The alleged murder is supposed to have taken place on the Tenth street slip on the night of September 21, last year. A cry was heard, and later a splash, on that evening, and the police were notified. When they arrived they found a cap, and several empty bottles lying on the wharf. Later on the body of William Bernard was found floating in the Fraser River, near Eburne, and subsequently the two arrests followed.

Frank Florence of North Bend will be charged with cutting and wounding an Indian named John Smith on November 17, 1910. The alleged offence took place at North Bend.

Shooting with intent is the charge which will be laid against Isaac H. Nosevitch, the Russian, who it is alleged made an attack on H. Halden recently in the premises of the B. C. Milk-Condensed Company.

Mr. and Mrs. Francis Millen will be charged with trying to extort money from J. B. Wilson. This case has also aroused much interest, all of the parties being well known in New Westminster.

Mrs. D. McWaters of this city will be charged with writing threatening letters to her husband.

COAL LAND SOLD. Nearly Million Dollars Involved in Deal in Northern British Columbia.

Vancouver, May 6.—A deal for the sale of a block of coal lands 2000 acres in Telkwa and Buckley Valley, owned by the Prices Import Coal Mines Ltd., to a New York syndicate is virtually closed. It involves the payment of nearly one million dollars. The area was exhaustively tested with two diamond drills last summer. The boring it is said proved the continuity and depth of numerous coal seams some of them being over twenty feet in thickness. The coal is a high grade bituminous, admirably adapted for steaming and domestic purposes.

The report submitted by the engineer so favorably impressed the New Yorkers that they have under the powers of their option, applied for crown grants of the coal lands, preparatory to making the first large payment. The principal shareholders of the selling company are Harry Dockertell of this city.

Mr. Howson is a guest at the hotel Vancouver to-day. He will leave shortly for the district to direct development work on adjacent coal areas in which he is interested. He will also direct operations on the big group of copper-gold claims vested in the Telkwa Mining, Milling and Development company which also controls eight coal claims in the same district. Mr. Howson expressed the opinion to-day that there would be a great deal of mining activity this season.

During the afternoon, the following events will be pulled off: One hundred yards dash, 200 yards, 400 yards, half mile, one mile, one mile walk, high jump, 50 yards sack race, half mile mule race, race for veterans over 50, Highland dancing in costume, open to all British Columbia.

For the evening a regatta is being arranged, the main event being a 1/2 paddle Indian war canoe race. During the day bands will be in attendance.

NELSON Y. M. C. A. Nelson, May 6.—At a meeting of the directors of the Y. M. C. A. the decision previously arrived at, to inaugurate a campaign to raise \$13,000 to pay off the floating indebtedness on the institution, was definitely confirmed and elaborated.

This action was taken, it is stated, in view of the feeling of the directors that the debt has been crippling the work of the institution and the object of the campaign will be to free the institution of all incumbrances.

RAIDED CHINESE SHACKS. Chilliwack, May 6.—The police raided the Chinese shacks on Young street a few nights ago and gathered in twenty-two Chinamen who were quietly enjoying a fan-tan game. They deposited \$260 bail, which was declared forfeited when they failed to appear in court the following morning. This is the first time the Chinamen have been molested in their favorite pastime for several years.

River Should Yield Good Returns When Operated by Dredges

Vancouver, May 6.—That those who go after platinum in the Similkameen district with the proper facilities should make good money, is the opinion of Robert Stevenson who, as an old time miner, is known to nearly every one in the industry in the province.

Mr. Stevenson, perhaps more than anyone else, knows about the platinum possibilities of the Tulameen river and Granite creek. In 1886 he was one of the many miners who had claims on Granite creek. "In that and the two following years over \$1,000,000 worth of gold and platinum were taken out of this creek, and at that time platinum was very low in value," he said. "At first it was worth fifty cents an ounce, then it rose to \$1.50 and later to \$5. James Wilson, who for many years was superintendent of the C. P. R. telegraphs in Vancouver, did some buying about that time, and because of this demand the price rose from \$3 to \$6. Now it is worth from \$38 to \$40 an ounce, almost double the price of gold."

At first the platinum was discarded, but when it became of greater value it was saved. Mr. Stevenson says he remembers Dr. H. B. Cameron bringing out 300 ounces in 1886.

With all the mining that went on only a small portion of Granite creek was worked out. The appliances in those days were not equal to these of to-day. The miners used windmills and sluices, but were not able to work in the deeper water. There is yet twenty miles of Granite creek and twenty miles of the Tulameen river above Princeton, in addition to a large section of the stream below where Granite creek debouches into the Tulameen, that is waiting for the operation of modern facilities.

"For every three parts of gold there was one of platinum," Mr. Stevenson remarked further, "and it was often remarked that wherever the gold was in greater quantity more platinum was also found. I have seen some large platinum nuggets, showing that the source of supply does not have been far away. It has always been felt that in those portions of the Tulameen river and Granite creek still unworked big values are to be found. The bedrock there is about 40 feet deep and a dredge similar to these now used in the Yukon could now find work. There are not the large boulders in the Tulameen that has interfered with the dredging on the Fraser river near Lytton. In fact, conditions for this form of mining in the Similkameen are very favorable. Many people hold leases on the Tulameen, and if the interests were consolidated and a large dredge built that would be able to handle the gravel I think that the records of the early days would be surpassed. It stands to reason that if placer miners working by hand could make satisfactory cleanups, large dredges working at untouched depths should get the mineral that has been deposited there in the course of the ages."

COWICHAN BAY REGATTA. Will Be Held as Usual on July 1. Club Elects Officers.

Duncan, May 6.—At a general meeting of the Cowichan Bay Regatta Club the secretary-treasurer, Arthur Lane, read the statement of accounts for last year which showed the satisfactory balance of \$147 in hand, and he was accorded the thanks of the meeting for the able manner in which he had conducted the finances of the regatta.

The meeting then proceeded to elect officers for the ensuing year as follows: Hon. president, W. H. Hayward, M. P. P.; president, Mr. Maitland-Douglass; secretary-treasurer, Arthur Lane; committee, Messrs. G. Cheeke, S. M. Dighton, M. Elliott, H. D. Irvine, H. D. Morten, H. W. May, A. Parry, W. R. Robertson, Capt. Hooker, R. N. Harding, Finlayson, T. E. Stillwell, E. A. Price and T. Pitt.

The date fixed for the regatta this year was July 1 as usual. Some ambiguity existing as to the eligibility of competitors for the double sculling race, it was definitely decided that the race was open for competition to two bona-fide residents of one district in each boat.

In regard to the dinghy sailing race, Mr. Morten explained that the original idea was that the race was open to ordinary rowing boats used in the bay.

A resolution was passed that the committee be asked to consider the question of having a cruising boat race this year and suitable prizes given.

BUILDING INSPECTOR. Prince Rupert, May 6.—The fire and water committee recommended at the meeting of the council that Mr. McNeil be relieved of his responsibilities as building inspector, so that he could devote more time and attention to his other municipal duties as superintendent of public works. The report further set forth that Neil McNeil, the fire chief, be given the position of building inspector, as well as carrying out his other duties, and that Ralph Walker of the pumping station be made plumbing inspector, in addition to his regular duties, and his salary to be increased from \$90 to \$100.

It was moved by Ald. Clayton, seconded by Ald. Kirkpatrick, that the report be adopted, and it passed.

CRUSHED TO DEATH. Vancouver, May 6.—Jeung Chong Kin, a Chinaman living at 122 Pender street east, was crushed to death between a box car and a flat car on the Great Northern tracks. The deceased was a laborer in the employment of the Great Northern and was engaged in working on the new team tracks that the company was constructing.

CITY OF VICTORIA

A complete list of Local Improvement Works, authorized by By-Law, from time to time, will be found posted on the Bulletin Board at the main entrance to the City Hall.

Re Local Improvement Works. The Municipal Council of the Corporation of the City of Victoria, having determined that it is desirable: 1. To light Broad Street, between Fort Street and Cormorant Street, with electric light columns bearing cluster lights, and to construct the necessary conduits for carrying wires underground. 2. To grade, drain and pave with an asphaltic pavement Esquimalt Road from Bridge Street to Point Ellice Bridge, and to construct curbs and gutters on both sides of said Road, including cost of sewer, surface drain and water laterals, and moving of poles, if necessary. 3. To grade, drain and pave with an asphaltic pavement Burnside Road, from Douglas Street to Washington Avenue, and construct permanent sidewalks of concrete, with curbs, gutters and boulevards (including maintenance), on both sides of said Road, also sewer, surface drain and water laterals, and the moving of poles, if necessary. 4. To grade, drain and pave with an asphaltic pavement Bay Street from Douglas Street to Bridge Street, and to construct curbs and gutters on both sides of said street. 5. To pave with an asphaltic pavement Douglas Street from Fisgard Street to Pembroke Street, and construct curbs and gutters on both sides of said street, also sewer, surface drain and water laterals, and moving of poles, if necessary. 6. To pave with an asphaltic pavement Douglas Street from Pembroke Street to Hillside Avenue, with curbs and gutters on both sides of said street, also sewer, surface drain and water laterals, and moving of poles, if necessary. 7. To widen Douglas Street from Humboldt Street southerly to Superior Street to a uniform width of 166 feet, and to expropriate the necessary property therefor. 8. To grade, drain and pave with an asphaltic pavement Pandora Avenue between Douglas Street and Vancouver Street, and construct curbs and gutters on both sides of said Avenue, also Douglas Street and Quadra Street, also sewer, surface drain and water laterals, and moving poles, if necessary. 9. To expropriate the necessary property for the purpose of extending Burdette Avenue (formerly Bellot Street), from its eastern terminus to Linden Avenue, to a uniform width of 60 feet. 10. To expropriate property in Block "E," Fairfield Estate, in order to make a street of a uniform width of 65 feet, from Linden Avenue to McKenzie Street, and to grade and pave with asphalt said street when made, and construct permanent sidewalks on both sides of said street, with curbs, gutters and boulevards (including maintenance), also sewer, surface drain and water laterals. 11. To light Broad Street between Fort Street and Cormorant Street with electric light columns bearing cluster lights, and to construct the necessary conduits for carrying wires underground. 12. To grade, drain and pave with an asphaltic pavement Esquimalt Road, from Bridge Street to Point Ellice Bridge, and to construct curbs and gutters on both sides of said Road, including cost of sewer, surface drain and water laterals, and moving poles, if necessary. And that the said work shall be carried out in accordance with the provisions of the Local Improvement General By-law, and amendments thereto, and the City Engineer and City Assessor, having reported to the Council in accordance with the provisions of Section 4 of this bylaw upon each and every of said works of local improvement, giving statements showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said work, and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the Council.

RE LOCAL IMPROVEMENTS. The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable: 1. To construct sewer, surface drain and water laterals to each rock lot on Asquith street, between Edmonton road and Haultain street; 2. To construct sewer, surface drain and water laterals to each rock lot on Cecil street between Edmonton road and Haultain street; 3. To construct sewer, surface drain and water laterals to each rock lot on Victor street between Edmonton road and Haultain street; And that all of said works shall be carried out in accordance with the provisions of the Local Improvement General By-law, and amendments thereto, and the City Engineer and City Assessor, having reported to the Council in accordance with the provisions of Section 4 of this bylaw upon each and every of said works of local improvement, giving statements showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said work, and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the Council.

NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the City Assessor, City Hall, Douglas street, and that unless a petition against any proposed work of local improvement above mentioned, signed by a majority of the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the Council within fifteen days from the date of the first publication of this notice, the Council will proceed with the proposed improvement upon such terms and conditions as to the payment of the cost of such improvement as the Council may by bylaw in that behalf regulate and determine. WELLINGTON J. DOWLER, C. M. C. City Clerk's Office, May 4th, 1911.

STREET CLOSED. Notice is hereby given that Fort street between Yates street, and St. Charles street will be closed to traffic until further notice.

INVESTMENTS

Messrs. CULLIN AND YORK beg to announce that they have made arrangements to place before the public from time to time A SPECIAL SERIES OF HIGH CLASS INVESTMENTS. In choosing these, the VERY GREATEST CARE AND TACT has been exercised in picking out only the very best. In fact, the properties we have so far selected, have been chosen only after a careful process of WEEDING OUT AND ELIMINATION. We are aware that many subdivisions that appear on the market are heralded in with a perfect salvo of superlatives such as "best yet," "finest on the market," etc., etc., but we shall be content to put before you ALL THE NECESSARY PARTICULARS about our investments and LEAVE THE JUDGMENT IN YOUR HANDS. In other words, we are not here to sell you a second-rate property (if there is such in Victoria) supported by exaggeration, on the get-your-money-at-any-price policy. NO. We want to introduce investments which are REASONABLE IN PRICE, on CONVENIENT TERMS and CHOICE ENOUGH FOR YOU TO SELL AGAIN AT A REASONABLE INCREASE without trouble. Then you will come to us again. In other words, we do not want a transient business. What we want is a PERMANENT BUSINESS by having SATISFIED AND THEREFORE STEADY CLIENTS. IF YOU FOLLOW OUR ADVICE YOU WILL BECOME ONE OF THEM! We now take pleasure in placing before you

Craigmiller Highlands Subdivision

Situated on Quadra street, near the junction of Cloverdale and Cook, opposite the Elliston estate, and 10 minutes from the Douglas street car line. The property is high up with magnificent views of mountain and sea, and in one of the best residential districts in Victoria, the houses around averaging from \$4,000 to \$7,000.

The lots are large, averaging between 1-4 and 1-3 of an acre, nearly twice a town lot

The Prices Range From \$700 TO \$850

The terms are of the easiest Quarter Cash, balance 1, 2, 3 years at 7 per cent.

Our Automobiles Will Take Out Intending Purchasers at 10:30 A. M. and at 3 P. M. Daily. If you are looking for a good Investment or a Charming Homesite, Call In. You Will Not Be Badgered to Buy.

That great man Euclid, in one of his definitions, says: "A point is that which has position but NO MAGNITUDE." Let us show you some points which ARE OF THE GREATEST MAGNITUDE, about the Highlands.

- 1—It is as high as Rockland avenue.
- 2—It is more than half a mile nearer town than the Oak Bay hotel.
- 3—It is only ten minutes from a car line.
- 4—It has city water on the property.
- 5—It is all tile underdrained.

- 6—It is three minutes from a post office.
- 7—It has magnificent views.
- 8—It has rich black loam, free from stones, in some places 2 feet deep.
- 9—It is all planted in 8-year fruit trees in perfect condition, and numerous small fruits.

- 10—It has grown the largest strawberries on Vancouver Island. (See photo and article in Colonist, October, last year.)
- 11—Sidewalk, electric light and telephone wires pass property.
- 12—The taxes are so low you would not know you are paying any.

- 13—The lots are nearly twice as large as a town lot, giving room for a tennis court and vegetable garden.
- 14—There is a building restriction on this and the surrounding properties, thus insuring good surroundings.
- 15—The price and terms are such that anyone can buy.

Wonderful Value in Fit-Reform \$20 Suits

These are the handsomest suits we have ever had to sell at \$20.00.

In the first place, they are genuine Fit-Reform Suits—designed and tailored by the greatest artists in the Dominion.

They are pure English Worsteds—imported by Fit-Reform from the leading mills abroad, and shown exclusively by us in this city.

Judge them by style, quality, fit—and you would expect to pay at least \$10 more than our price. They are worth \$10 more.

But the great Fit-Reform organization of experts—in buying as well as designing and tailoring—keep down the cost of production so that we can sell them for \$20.

Allen & Co.

Queenstown—Sailed: Steamer Campania, from New York; steamer Arabia, from New York.
Havre—Sailed: Steamer Niagara, for New York.
Flume, May 6.—Sailed: Steamer Panonia, for New York.
Island—Passed: Minnehaha, from New York for London.

GRAIN SHIPS ARRIVES.

After a passage of 125 days from Tacoma the British ship Kensington arrived at Falmouth on April 29, according to foreign advices received. The Kensington carried a cargo of wheat, and is the last vessel of the December fleet from this port to arrive out. Her passage home was beaten by 12 days by the German barque Reinbek, which recently arrived at St. Nazaire from Tacoma.
The British ship Scottish Lochs, from San Francisco, arrived the same day at Cork that the Kensington reached Falmouth. The Scottish Lochs made the passage in 123 days.
According to foreign advices the British barque Falls of Garry, which was owned in Sydney for some years and then sold to British buyers, has again changed hands. She has now been sold to the Norwegians for \$2,450, subject to safe arrival. She is en route from Port Pirie to the Channel.

Tickets for Alexandra ball can be obtained at the new club building.
Classy tennis goods at the Victoria Sporting Goods Co.

MARINE NOTES

Carrying a full cargo of general freight and many passengers, the C. P. R. steamer Amur, Capt. Locke, will sail for Queen Charlotte islands and northern British Columbia ports tonight. On her return here she will lie up.

Word has been received here that First Officer Gus Dahlgren of the steamship Queen, has been promoted to the position of chief officer on the crack liner Harvard, of the Pacific Navigation Company's fleet. Dahlgren, who is one of the best-known and most capable navigators on the coast, has been the recipient of many congratulations on his promotion. He was in the employ of the Pacific Coast company for ten years before being picked out for service on the San Francisco-San Diego run on the Harvard.

The British steamship Seminole, approaching San Francisco Wednesday last at the end of a run from Shanghai, ran into an enormous school of whales. She struck one of the monsters broadside and cleaved its body in two. The shock of the impact was so great that seamen were thrown to the deck. The engines were stopped and the vessel travelled slowly through the rest of

the school, bumping several huge bodies in passing. Almost immediately afterward the Seminole ran through a large herd of seals, her bow cutting a passage through their mass.

The schooner Edward R. West, which sprang a leak and became waterlogged February 10 last, off Grays Harbor in the great gale that swept the entire Pacific coast on that day and the day following, put out to sea again on Friday night. The West, lumber laden, was bound from Aberdeen to Sydney, N. S. W., when she encountered the great storm, and for three days was at the mercy of the elements, kept afloat only by her cargo. During the height of the storm she made a desperate run for shelter and by almost miraculous good luck succeeded in getting down two anchors in the lee of Destruction Island and keeping off the rocks until she was rescued by the oil tanker Atlas. She was towed first to Seattle then to Winslow for repairs and to have her lumber cargo reloaded, and is now in first-class shape again.

—See J. N. Harvey, Ltd., ad., page 11.

Tickets for Alexandra ball can be obtained at the new club building.

Both Austria and Germany are improving their steamship services to China.

ISLANDERS ARE IN THEIR HOME TOWN

The Boys Arrived This Morning—Play Indians This Afternoon

This morning at 7 o'clock a disappointed, but still hopeful contingent of young men landed on the Grand Trunk wharf from the Prince George. They were the Islanders, the advance guard of the Northwestern league ball players, who are doing battle at the Royal Athletic park this afternoon. The Spokane Indians arrived in the afternoon on the 2:30 boat from Seattle and then the fun commenced.

Everyone forgot for the time that part of the games and had not succeeded in winning at all while visiting Spokane. The fans were generous and a royal welcome was extended to the visitors who are welcome to take what they want while in town so long

as they leave their scalps when they return home.

The ball players, visiting or otherwise, were placed in tally-hos, kindly provided by the ancient order of Boosters, the Fifth Regiment band and the pipers began to play, the aldermen, and the directors were waiting in automobiles, the Boosters, with shrieks of triumph, climbed up onto observation wagons, the crowd who could not claim distinction, piled in to anything handy and the merry procession started for the ball ground. Mayor Morley was at the park, though, and opened the Northwestern league season in Victoria by pitching the first ball in the direction of Joshua Kingham, who was behind the plate. Promptly at four o'clock Umpire Shalkelford marched on the field, shouted "play ball" and 1911 Northwestern league baseball was started in Victoria.

Mrs. Naylor—You seem rather hoarse this morning, dear.
Mrs. Lushman—Well, my husband came home rather late last night!

The longest reach of railway without a curve is claimed by travellers to be that of the Argentine Pacific railway, from Buenos Ayres to the foot of the Andes. For 211 miles it is without a curve, and has no cutting or embankment deeper than two or three feet.

ADVERTISE IN THE VICTORIA DAILY TIMES

HINDUS OF VICTORIA HAVE ORGANIZED

Meeting Held Yesterday—Several Local Sympathizers Address the Gathering

A mass meeting of Hindus was held yesterday at the Friends' hall, Courtney street, the object being to organize a local Hindustani Association.

Robert W. Clark was asked to take the chair and was supported by Dr. Sunder Singh, Joseph Peterson, John Dilworth, Wm. Elmore, and other local gentlemen interested in the welfare of the Hindus of British Columbia, and more particularly of Victoria.

After prayer by A. Hinder, Mr. Clark addressed the meeting and said that it was the Hindus' benefit to have a strong and well organized society amongst themselves, which would look after their interests. There were many English speaking people interested in their welfare, but these felt they should do something amongst themselves to better their conditions.

Mr. Dilworth stated that in his estimation color was but skin deep, and that all belonged to the one common Father. He considered that preference should be given to Hindus who were British subjects as compared to the Japanese and Chinese, who were foreigners.

Mr. Blakemore declared that all British subjects in the eyes of the law were equal, and for some little time past he had been venting the grievances of which the Hindus complained. They were helping to develop this new country and the home life which was the sacred privilege of every British subject should be made possible by allowing the wives and children of those already here to enter Canada.

Mr. Peterson said that as an employer of Hindus in South Africa he had no hesitation in saying that he found them honest and hard-working. He had a high opinion of the Hindus' education and culture.

Dr. Sunder Singh stated that as the Vancouver Hindus had organized a very strong Hindustani association, it was an opportune time for the local Hindus to emulate them.

Some discussion followed and the following gentlemen were elected members of the managing committee of the Victoria Hindustani Association, which it was decided to organize:

Smund Singh, president; Udham Singh, secretary; Mela Singh, treasurer; Harbhaj Rai, Beant Singh, Waryam Singh, Achar Singh, and Mangal Singh.

A petition has been prepared to be sent to the governor-general, the senate, and the House of Commons of Canada and as soon as signatures are obtained, it will be forwarded to Ottawa.

Miss Mary A. Bentley Montreal

Cuticura Soap and Ointment Cured Her Eczema when All Else had Failed

"Some nine years ago I noticed small pimples breaking out on the back of my hands. They became very irritating, and gradually became worse, so that I could not sleep at night. I consulted a physician who treated me a long time, but it got worse, and I could not put my hands in water. I was treated at the hospital, and it was just the same. I was told that it was a very bad case of eczema. Well, I just kept on using everything that I could for nearly eight years until I was advised to try Cuticura Ointment. I did so, and I found after a few applications that the burning sensations were disappearing. I could sleep well, and did not have any itching during the night. I began after a while to use Cuticura Soap. I stuck to the Cuticura treatment, and thought if I could use other remedies for over seven years with no result, and after only having a few applications and finding ease from Cuticura Ointment, it deserved a fair trial with a severe and stubborn case. I used the Cuticura Ointment and Soap for nearly six months, and I am glad to say that I have hands as clear as anyone."

"It is my wish that you publish this letter to all the world, and if anyone doubts it, let them write me." (Signed) Miss Mary A. Bentley, 93 University St., Montreal, Sept. 14, 1910.

You Can Try Them Yourself Without Cost

For more than a generation Cuticura Soap and Cuticura Ointment have afforded the speediest and most economical treatment for torturing, disfiguring skin and scalp humors of young and old. Although they are sold by druggists and dealers everywhere, skin sufferers may obtain a liberal sample of each, post-free, by addressing Potter Drug & Chem. Corp., 84 Columbus Ave., Boston, U.S.A.

REGULATION OF RELIGIOUS ORDERS

New Measure Will Be Introduced in Spanish Cortez—Subject to Common Law

Madrid, May 8.—It is announced that the principal clauses of the much-discussed Associations' Law, which will be introduced in the Cortez to-day, provided that all associations, religious and otherwise, shall be subject to the common law and liable to all taxes. In addition the religious associations must be provided with a diocese license. None can enter a convent without a judicial warrant except in the case where business or industry is carried on. Foreigners cannot constitute a religious association without first obtaining letters of naturalization, but no association will be authorized, one-third of whose members are foreigners, although naturalized.

Spanish associations can only hold property bought by members. In the event of the association acquiring property gratuitously, such as by legacy, the property will be sold and the proceeds employed in the purchase of untransferable bonds.

Certain religious orders, missionaries and educational in character of the Spanish colonies alone are exempted from the law. All others who are not registered within a fortnight of the promulgation of the law will be treated as illegal.

AS OTHERS SEE THEM.

Ontario School Teachers' Were Gay, if Disloyal in New York

The Ottawa Free Press editorially tells the story of the visit of Toronto school teachers who spent Easter in New York.

That levy of teachers from Toronto who have been visiting in New York during the last few days have got more advertising than is good for them. The schoolmarm invaded Gotham with the same assurance that they would face a class of six year olds. They gave willingly of their wisdom to the New York newspaper reporters, many of whom had never seen this particular brand of schoolmarm before. In fact these teachers got rid of all sorts of fancy stunts, and their antics must have been really shocking.

However, their long suit consisted of interviews. Instead of seeing the \$625 these dear girls from Toronto sat comfortably down in the hotel lobbies and gave opinions on everything under the sun. Of course the reporters were pleasant chaps to talk to, don't you know.

One young maid, she must have been young, though the paper didn't say so, remarked that New York men were better set up and better dressed than we Canadians. Just think of an educated schoolmarm saying those things. These dear girls from Toronto were chosen of a free and independent male of this country. All the chaps in New York may have been wearing cuffs on their trousers and looked well dressed; cuffs do make a difference with pernickety school teachers.

"People in New York always seem to be going somewhere." Innocently confided another teacher, though if she had been more observant she might have specified the exact municipality of the brimstone district.

It has remained for a daughter of Inspector Hughes, and, of course, a niece of the gallant Col. Sam Hughes, M. P., to get the most space in the newspapers so far. Her press agent worked overtime in the New York Herald and the particular theme was baseball.

"Even if I am a Canadian I put Mathewson (pitcher for the N. Y. Giants) ahead of King George," she is reported as having said. "Anybody who inherits the job can be King of England, but what chance would George have in the big leagues?"

Ain't that awful, and all the time here's that misguided young lady's uncle trying his best to save cement and hold the Empire.

Beside the books where teachers learn to teach used to say that teaching was to be done by "precept and example." It's enough to make one think that Inspector Hughes is wrong when he says parents shouldn't spank their children.

However, if Miss Hughes hasn't got all of Col. Sam's loyalty she has just as good a flow of language. It is an excellent example that after she is supernumerary from the Toronto schools, she may obtain a job as sporting editor anywhere. Harkens unto 'base as this spring's fashion in baseball tongue, and which the New York Herald attributes to Miss Hughes:

"You know we've got a ball club in Toronto, residents of the Eastern League. I call them the 'old curiosity shop.' Don't mention that in your article, though, for it might get me in bad with the club. But they are a lot of hags, who are not convinced that they have niches reserved for themselves in the morgue—old stars with spavined legs and rusty joints.

"Notice that 'singed-smell,' asked Miss Hughes, sniffing. "That's Ames' speed. Gee, he's got a brake on that fast one that turns around itself. The Giants look good to me all right."

—Every kind of Insurance written—R. V. Winch & Co. Ltd.

—See J. N. Harvey, Ltd., ad., page 11.

A curious banquet is being organized in Paris in honor of the 250 duels in which M. Rouzier Dorcières has had a share either as principal or as second. M. Rouzier Dorcières, who is a Paris journalist, has made duelling a specialty, and will be the guest at the banquet of his own opponents and other duellists whom he has assisted, making 250 in all. No one will be admitted to the banquet who has not crossed swords with M. Rouzier Dorcières, or who has not employed him as a second.

It is a strange fact that the right hand, which is more sensitive to the touch than the left, is more sensitive than the latter to the effect of the heat and cold.

Artistic Possibilities A Delight

We think, as students of fashion, that we are authorities on the particular subject of dress, because we specialize. We invite your critical inspection. Every possible comparison to which you can subject our creations to, we believe, will be favorably convincing.

The Evening Chit-Chat

By Ruth Cameron

"I love little children and it is no small thing when they who are fresh from God love us."--Dickens.

Almost everybody in the car was smiling at the Little Boy. That sweet smile of friendliness and pleasure and joyous heartiness I mean, not the ordinary smile of amusement. You see, he was such an enthusiastic, happy, off-for-a-lark little boy. Where we--

That sweet smile of friendliness and pleasure and joyous heartiness I mean, not the ordinary smile of amusement. You see, he was such an enthusiastic, happy, off-for-a-lark little boy. Where we--

What wonder, then, that everybody in the car smiled at the Little Boy and inwardly thanked him for reminding them of the time when they were Little Boys--or Little Girls--little sisters--and could see magic landscapes out of street car windows and magic possibilities in shopping tours?

But there, I didn't mean to say everybody. That's just the point of my tale. You'll note that in the first line I said "almost everybody."

And that's just what I mean. The person who is responsible for the "almost" intruding on that sentence sat next to Little Boy. She was a lady evidently with a capital L in her own estimation, and a dubious right to the title at all if you make "lady" really mean a gracious and courteous person of the feminine persuasion.

She had on a blue broadcloth suit and she was so afraid the Little Boy might in his enthusiasm rub the tip of his little snub nosed brown shod toes against the dress that she just sat and glared at him.

Not that he did offend that way--no, not once--although he was kneeling on the car seat in that highly convenient observation attitude that we all used to take in the very long ago.

But of course there was a bare chance that he might. And so the lady sat and glared. That's the kind of lady I should have to live in the same house with.

Don't you mistrust anybody that looks cross at children? I do. The girl who makes a fuss over every baby or little child on the street or car, is a bore. One always suspects her of being affected. But I am inclined to think that the other extreme is much worse. Depend upon it, the person who can glare at a child or look cross at a little baby on the street car, is a person to most sedulously avoid.

Ruth Cameron APRIL FANTASY.

(Mary Wheelwright in May Canada Monthly.)

Pratt, wistful children of the April night, Fluting among the dimly moonlit pools, Thrilling with spring in the sweet-scented dusk, Listen, beloved, where they call and call: "Sweet! Sweet!" The answer comes, "Sweet! Sweet!" again, I hush my very heart to hear, and thou, My love, beneath my softly staying hand, Pauses beside me. The sweet passionate thrill Tingles cool along our veins; the drowsy ebb Of an awakened bird; the soft slow drip Of rain-wet leaves; the faint mysterious stir Of tiny ferns uncurling, leaves aroused, Sap in the trees, grass in the woodland ways. Fill the cool night with music. All the world's A lover with free music in his throat; Hear'st thou, beloved? Lips on soft yearning lips! Kiss, and then kiss again, and still again Till all the world reels, and thy secret mouth Is all the world, and all the world is mine. There are no words but kisses, and no thoughts But other kisses in the throbbing night. The hyacinth calls are kisses; each young Trembles and stirs and opens to a kiss. Give me thy lips.

BLACK STRAW TURBAN. Stunning black braid straw turban trimmed with a huge fine osprey in king's blue. This is one of the prettiest colors in the spring millinery world. A singular medical fact was brought to light at a Battersea inquest held recently relative to the sudden death of Timothy Dennison, aged 72 years. Dr. Felix Kempster, who had made an autopsy, stated that the deceased had two lumps on the right side and one on the left--three in all. Witness had made hundreds of post-mortem examinations, but he had never come across such a thing before, nor could he find a recorded case. A verdict of "death from apoplexy" was returned.

Butter There's only one best of anything. Try ours, then pass judgment. Victoria Creamery 1311 Broad Street. Phone 1344.

SOCIAL AND PERSONAL

Mrs. F. N. Jones, Esquimalt, will not receive to-day.

Mrs. V. A. Wolfenden was in Vancouver last week.

Mr. and Miss Jenkins, Ottawa, are here for a few days.

Miss Mabel Gilmer is visiting her sister, Mrs. F. B. Warren.

Miss E. Brockville, Cincinnati, Ohio, is visiting her cousin, Mrs. E. J. Parsons.

Mr. and Mrs. C. O. Bradshaw, 216 Robson street, Vancouver, are visiting Victoria.

Mrs. Lillian Elford returned on the Zeatandia from a three months' visit to Australia.

Mrs. F. W. Harris, Vancouver, is visiting her daughter, Mrs. H. W. Wilders, San Juan Avenue.

Mrs. and the Misses R. H. Lennox, Edinburgh, Scotland, are staying with friends in this city.

Mrs. N. McIntosh, 2311 McBride avenue, will be at home to-morrow for the last time this season.

Miss Eva L. Russell, Richardson street, has gone to Vernon, where she will spend the summer.

Mrs. Crotty and Mrs. Love will be at home this afternoon, and thereafter on the first Monday of each month.

Miss Laura King, a well-known educationist of Berwick-on-Fraser, Eng., is spending a few days in this city.

Mrs. F. A. Fletcher, 508 Dallas road, will receive to-morrow afternoon and evening, but not again this season.

Mrs. Steele, 743 Vancouver street, will not be at home to-morrow, but will be at home the second Tuesday of next month.

Delmar Cummings, St. John, Wash., is paying a short visit to his sister, Mrs. Lewis Hall, Catherine street, Victoria West.

A. Woods, a former member of the High School Rugby team, left yesterday for the Peace River country, where he will remain till next Christmas.

J. F. Carpenter, assistant horticulturist in the provincial department of agriculture, left this morning for Prince Rupert to visit the agricultural areas of the upper Skeena. He will meet as many settlers as possible and address meetings wherever these can be arranged.

S. Baxter, inspector of machinery, has left for Prince Rupert, where he will conduct examinations for engineers' certificates, and then proceed to Stewart and Hazelton for a similar purpose at these points. Inspections of the northern steam plants will be undertaken.

Mrs. A. Rocke Robertson has returned from Little Rock, Ark., where she has been spending the winter with her brother, Harry Eberts. She will spend the summer here with Mr. and Mrs. Harold B. Robertson, St. Charles street.

On Thursday Miss Amy Gertrude Jones, only daughter of Mr. and Mrs. Con Jones, Vancouver, was married to Mr. E. J. Goddard, son of Mr. and Mrs. Harry Goddard, Rev. Mr. Wilson officiated. Mr. and Mrs. Goddard will spend their honeymoon in New York and Eastern Canada.

The arrangements for the Victoria Nurses' Club's dance, which is announced to take place at the Alexandra Club on Tuesday of next week, are practically complete. The supper will be managed by Miss Goward and Mrs. Jenner. Music will be furnished by Miss Thaine's orchestra.

The marriage of Mr. Alfred Joseph Cromwell, youngest son of Mr. Samuel Cromwell, Dublin, Ireland, and Miss Annie McLean Fulton, youngest daughter of Mr. Peter Fulton, Lanarkshire, Scotland, took place on Saturday at the R. C. cathedral. The honeymoon will be spent in California.

J. R. Butler, who has just arrived from Hazelton, is staying at the home of S. A. Cheesman, North Park street. He is down for the purpose of attending the annual Methodist conference, which is in open on Wednesday in Vancouver. Mr. Butler has for the past year been carrying on missionary work in the Bulkley valley.

The special committee in charge of the decorations for the inaugural ball at the new Alexandra Club is working to-day and will be glad of volunteers to assist. Applications for reserved tables for bridge on the night of the ball must be made to Mrs. Curtis Sampson, "Mountain Coombe," Newport avenue, Oak Bay. Applications for tickets may be made to the secretary throughout to-day and to-morrow at the new building. The music will be of the very best and will be supplied by Turner's orchestra of 16 pieces. The ball room floor has been specially laid and no more beautiful room can be found on the coast. The ladies have cheerfully undertaken to spare neither time nor trouble so as to open the club in accordance with their promise to-morrow evening. All present at the ball will be asked to register their names in the guest book, to preserve a record of this memorable occasion in the history of the club.

A pretty home wedding was solemnized Friday afternoon between two well-known young people of this city, when Miss Flora Shore, daughter of Mr. and Mrs. A. Shore, 447 Kingston street, became the bride of Mr. Montague Powell. The ceremony was performed by the Rev. Dr. Reid at the residence of the bride's parents in the presence of intimate friends of the contracting parties. The bride, who wore an exceedingly charming in a tall, cream-colored gown, with a white lace train, was attended by Miss Lidd-

four lasting about three months, will follow the coronation festivities. The wedding party arrived at the boat at racing pace, but were overtaken by a long string of automobiles conveying the guests, and the well-wishers were not sparing in the use of rice.

This property is within about ten minutes' walk of car line.

At this price it is positively the cheapest thing on the market. The owner is leaving the city and must sell immediately or will withdraw from the market and refuse to sell.

ENGLISH WOMAN
ATTACKS MARRIAGE

Calls Motherhood a Degrading Thing—Years Spent in Being "Charming" Wasted

Miss Cicely Hamilton and Mr. G. K. Chesterton supplied a very fine evening's entertainment at the Queen's hall, London, when they debated women's suffrage—or, rather, talked round it.

Miss Hamilton opened by saying that it did not matter a button whether women got the vote or not; the only thing that interested her was when the good time would come when women would cease to be looked upon as merely a wife, mother, or mistress, and become a human being. The demand for a vote was a small sign of progress. It was quite possible that a political environment for women might be an evil thing—but the experiment has got to be tried.

"As to all the talk about losing the crown of womanhood—don't listen to it," she continued. "The beauty of motherhood is a somewhat degrading thing. Man prefers a maternal woman; but the important thing is not what man prefers, but what woman prefers. And so long as the man prefers the mother of his children to be a fool, so long will there be very little beauty about motherhood."

"The only thing now for a woman to do was to be 'charming.' In order to attract a man. 'Oh,' sighed Miss Hamilton, 'the years I have wasted in trying to be charming! But I gave it up. What does it matter whether I please 'em or not? I am going to try and please myself.'"

Mr. Chesterton laughed hugely at all this, as he rose to reply. "I am not prepared to make so violent an attack on the female sex, as Miss Hamilton has done on mine," he said. "She has told us women have been reduced to a state of torpidity; that they are slaves craven and covering before the tyrant man."

"Well, I seem to remember my mother, and my grandmother, and my aunts—and they must have been exceptions to that rule."

"There is one fundamental fallacy in your argument (he told Miss Hamilton), and that is that you compare sex in the terms in which you would compare the other divisions of mankind. That is bosh, for sex is the only thing in the world in which the result of division is an overpowering attraction. The moment they are separated they want to come together again. People in Europe are divided into Catholics and Protestants, but you don't find a Catholic going about looking for a Protestant with whom to spend the rest of his life."

The relations between the sexes were not founded on force, but upon attraction. Some-wise people, when they could find no warrant for their theories in historic times, went back to prehistoric times, told us that the man knocked down the woman with a club, and then took her. That was profoundly untrue. Did the birds knock each other down in the spring?

Women had never been kept systematically out of either dignity or authority. It was only democracies that had denied women the power of ruling. History was full of great queens and priestesses, and heads of religious houses.

Miss Hamilton then complained that Mr. Chesterton had only talked about women as wives and mothers. Marriage was a voluntary institution for men; for women it was a trade, and not only a trade, but a compulsory trade. A woman without a husband was a mark for scorn and hissing. (Cries of "rubbish!")

"Good Lord in Heaven!" was Mr. Chesterton's reply to this outburst. No respect for a woman except as a wife! Had she ever heard of the Elgin Marbles, put up to honor a virgin? And the Vestal Virgins? And St. Theresa? And St. Catherine of Siena? And Joan of Arc? Men respected women as they respected all their other ideals. "When we went to laugh at ourselves, we represent ourselves as common-looking fat men—like me. But when we revere the glories of our race, we bring out Britannia, a beautiful woman."—London Chronicle.

—See J. N. Harvey, Ltd., ad., page 11.

Willows Beach Subdivision

Five Minutes Walk from Willows Car

These lots are free from bush or rock of any kind and are level, with a slight southern slope to beach. A magnificent view of the nearby islands, the straits and the snow-clad Olympic mountains is had from the property. The subdivision adjoins the well known Up-lands subdivision. The extension of the tram line will pass here and the famous Beach Drive will also extend through the subdivision. Salmon, cod and other fish can be caught in quantities in the adjoining waters.

LITTLE LAD WAS A LIVING TORCH

Geo. McMillan Fatally Burned While Playing Indians With His Chums

With his clothes on fire George McMillan, a little boy of eight, went rushing to his mother on Saturday evening, vainly trying to beat the flames out with his hands. His parents ran for blankets, and rolling the boy in them, extinguished the flames. Dr. Frank Hall called in and he ordered the lad to be taken to St. Joseph's hospital, where he died on Sunday as a result of the burn.

SUPPLEMENTARY ESTIMATES Tabled

Provide for Expenditure of Over \$17,000,000—British Columbia Items

(Special to the Times.) Ottawa, May 8.—Supplementary estimates for the current fiscal year totalling \$17,020,950 were tabled in the House of Commons this afternoon. Of this \$3,746,931 are chargeable to consolidated funds and \$3,274,948 to capital account. The principal items include \$463,500 additional for militia and defence; \$3,186,300 for extensions of the intercolonial in eastern Nova Scotia and Cape Breton; \$2,000,000 for Hudson's Bay railway construction; \$150,000 for rural mail boxes.

BRITISH CAPITAL FOR DOMINION

Trust Company Being Organized in London to Invest Funds in Canada

(Special to the Times.) Montreal, May 8.—G. W. Farrell, financial agent of the shipbuilding firm of William Beardmore and Co., Glasgow, who are tendering in conjunction with Hugh Russell, of Montreal, for the construction of the six cruiser and four destroyers of the Canadian navy, returned on Saturday from London and Paris. Discussing the respective chances of the several tenderers for the ships which are to cost in the neighborhood of fifteen million dollars, Mr. Farrell said that he understood that there was little difference in the amounts of the several tenderers. The Beardmores, he added, possessed not only an extensive shipyard near Glasgow, but one of the largest steel works in Glasgow.

Here's a Large Lot Worth \$2,600

It's a fine lot, a large lot with room for two city houses upon it and it is close in—about 8 or 9 minutes' walk from the City Hall, the location is ON NORTH PARK ST., CLOSE TO COOK ST. WALLACE & CLARKE 620 Yates Street. Tel. 471. W. O. Wallace R. Wilson Clarke

OUR LETTER BOX SECRET MEETINGS

To the Editor.—Is it not time that the disgraceful manner in which the public business is carried on at the City hall was put an end to? Why should such an important matter as the letting of contracts involving hundreds of thousands of dollars of the people's money be discussed behind closed doors? When Mayor Morley first ran for the office of mayor he published an election card in which he demanded an open and square deal for the people and he denounced the holding of any secret meetings, claiming that all the business of the council should be transacted in the open. But instead we now find that the most important affairs of the city being discussed in secret meetings and business being conducted on the "side Chamber" methods, at the city hall. Consistency thou art a jewel! JOE BEST.

AVIATOR TO FLY HERE NEXT WEEK

Fred Wiseman, of California, Will Give Exhibition Flights in Exhibition Grounds. Victoria will have an exhibition of aviation next week. This gratifying and interesting information has been communicated to the secretary of the B. C. Agricultural Association by C. L. Young, San Francisco, who is the aviation impresario for the occasion. The aviator whom Mr. Young will introduce to Victoria is Fred Wiseman, who is at present in California. Wiseman will arrive in this city next week and will give flying exhibitions on May 16, 17 and 18 in the exhibition grounds.

California Oil Companies Pay Big Dividends

DURING the year 1910, the various oil companies operating in the California oil fields paid in dividends the handsome sum of \$40,000,000 and with present indications this should be equalled, or even better, this year. We are agents for the United Oil Company. This company has 24 producing wells with a monthly production of 75,312 barrels of high grade oil. This production is from only 3 per cent of their holdings, leaving 97 per cent still undeveloped. Shares are now selling at 85c per share. For fuller particulars, address

O. H. Bowman & Co. 8 Mahon Building. Phone 544. P. O. Box 1048.

LOCAL NEWS

Tickets for Alexandra ball can be obtained at the new club building. See J. N. Harvey, Ltd., ad., page 11. Tickets for the inaugural ball of the Alexandra Club may be obtained up to 10 p. m. to-night and to-morrow until 6 p. m. at the club, Courtney street. This afternoon the C. P. R. steamer Princess Charlotte was towed to Esquimalt, and will be floated into the Esquimalt dry dock to have her hull scraped and painted. See J. N. Harvey, Ltd., ad., page 11. The Sandringham lunch and tea rooms opening to-morrow, Tuesday, May 9, will for the future serve merchants' lunch and afternoon tea from 12 until 6 p. m. Tickets for Alexandra ball can be obtained at the new club building. Judge Lampman is to-day hearing the case of Mennell against Murray, in which the informant claims he paid \$3 which the defendant claims he did not. The defendant obtained the money unjustly. He asks for the return of the amount, saying the fence was on the two properties before either he or the defendant owned them. George Morphy represents him and R. C. Love appears for the defendant. See J. N. Harvey, Ltd., ad., page 11. Cort Starkman was remanded in the police court this morning for twenty-four hours to allow his lawyer to defend him on a charge of issuing a fraudulent cheque. The cheque was drawn on the Merchants Bank for \$15 in favor of J. D. Hill and dated May 1st. G. Braggias, who keeps a fruit store on Pandora street, was charged with sweeping rubbish from his store to the street. The magistrate warned him and allowed him to go. See J. N. Harvey, Ltd., ad., page 11.

JAPAN AND CHINA

St. Petersburg Newspaper Says There Is Friction Between Two Countries. St. Petersburg, May 8.—The newspapers report renewed friction between China and Japan. The Reich asserts Japan is about to present new demands to China with regard to free trade in Kwang-Tung, and the transfer of Dalny customs to Japan. In event of refusal, Japan will present an ultimatum. GENERAL HAMILTON'S TOUR. New York, May 8.—General Hamilton, now inspector of the Overseas forces of the British army, arrived here to-day from Bermuda. He has been on a tour of inspection of British West Indian army stations, having visited Bermuda, Barbados, Trinidad and Jamaica. He also looked over the work being done on the Panama canal. General Hamilton and his aides will sail for England Wednesday. "To whom was the prisoner using bad language?" asked Mr. Plowden of a constable at Marylebone, London. "To himself," replied the constable. "Oh," said Mr. Plowden. "Only to himself. Then it was what you call a soliloquy." (Laughter.) Turning to the prisoner, Mr. Plowden told him that so long as he kept his bad language to himself it did not much matter. Tickets for Alexandra ball can be obtained at the new club building. See J. N. Harvey, Ltd., ad., page 11.

WOMEN SUFFRAGE

London, May 8.—The suffragettes and their supporters in parliament have had introduced in the House of Commons another bill to "enable women to vote at parliamentary elections." This adds to the existing franchise a system of female enfranchisement which would give the vote to a larger proportion of women than did the bill of last year. Last year's bill if passed would have enfranchised about one-tenth of the adult female population. The present bill would enfranchise really one-half. Under the present franchise the male owner or tenant of premises can exercise the franchise. Only a few married women could of the quality as "owner or tenant" of the premises they and their husbands jointly inhabit. The new bill makes the point clear by definitely agreeing that when a husband is entitled to vote, the wife should be entitled to register as joint occupier. Plural voting, allowed to men, is denied women under the bill. Tickets for Alexandra ball can be obtained at the new club building. See J. N. Harvey, Ltd., ad., page 11.

ATTEMPTED SUICIDE

Greig Nelson, an hotel man, was taken to St. Joseph's hospital this morning bleeding from a wound in the breast, police were called when the man was found in an almost unconscious state, and Dr. George Hall hurried in response to a telephone call to the scene. Nelson was ordered at once to the hospital, where the physician accompanied him and succeeded in stopping the flow of blood. He is believed to have caused the injury to himself with a razor. No cause is yet assigned by his friends for the act. He is expected to recover. "THE MIKADO." A notice of the most creditable performance of "The Mikado" by the Vancouver Amateur Opera Company, which had been prepared by the Times' dramatic critic, was crowded out of the last moment but will appear to-morrow. OBITUARY RECORD

The death occurred yesterday at the Old Women's Home of Miss Teresa C. White, age 82. The funeral takes place to-morrow from the Hanna chapel at 2:15 o'clock, and fifteen minutes later from the St. Barnabas church, where Rev. E. G. Miller will conduct services. Joseph Jim, an Indian, died at the residence on Friday. The funeral took place this afternoon at 2 o'clock from the Hanna chapel. The death occurred yesterday at the Chinese hospital of Mrs. Fook He, 65 years of age, a native of China. The funeral took place this afternoon at 3 o'clock from the Hanna chapel. Interment was made in Ross Bay cemetery. Charles Norman Lowry, aged 8 years, son of Charles Lowry, of 95 Hereward street, Victoria West, passed away this morning at the isolation hospital. Besides a father, the deceased is survived by three sisters and two brothers. The funeral will take place privately from the Hanna chapel to-morrow at 11 o'clock. The death occurred on Saturday at the St. Joseph's hospital of Robert Love, aged 47 years, and a native of Belth, Ayrshire, Scotland. The deceased was trained as a lawyer, but has recently been farming in the Saanich peninsula. He had been in Canada 21 years, and had just lately come from the prairies. On his arrival he bought a fine farm, built a house and was preparing to move into it, when the accident occurred which caused his death. He fell and cut himself, and although the wound did not appear bad, blood-poisoning set in, and, as before mentioned, brought about death on Saturday. Mr. Love had been ill only one week. The funeral took place this afternoon from the B. C. Funeral Parlor, where Rev. J. B. Warnicker conducted services. The following acted as pallbearers: John Mowat, John Touse, C. K. Courtney, A. L. Feren, John Walker and G. Mowat. Interment was made in the Ross Bay cemetery. The remains of Ernest Louis Lorenz, who died in New Westminster on Saturday, will arrive in this city this evening. The deceased was 47 years of age and a native of Hamburg, Germany. He was Indian agent in the northern part of the province. The funeral will take place from the B. C. Funeral Parlor at date to be decided later. See J. N. Harvey, Ltd., ad., page 11. A London General Omnibus official stated the other day that within two or three months the company would have 1,400 motor omnibuses running on the streets of London. Each omnibus will carry on an average 50 passengers and will run 110 miles every day of the week. The company hopes to take the last 500 horse omnibuses off very shortly. The word bungalow is an Anglo-Indian version of the Hindoo banga, which primarily means Bengal, or of Bengal, and is also applied to a thatched hut.

Mining Inquiry

Fernie, B. C., May 8.—To-day's session of the conciliation board opened in the Court House, mostly miners. George Linn, a miner who has worked in the Coal Creek mine for six years, was the first witness called by the mine workers' executive. He stated that he had worked 224 days during the last year and had earned a total of \$1,043. This was in answer to Chairman Stockert of the operators' association. He said he had always endeavored to keep his earnings as near \$5 a day as possible. He had a wife and several children to support and could not do it on \$4 per day. Much evidence relating to conditions in the mine where he worked was elicited. He stated that the conditions had been changed in some places since the last agreement had been made but no changes in pay had followed. See J. N. Harvey, Ltd., ad., page 11.

MARICOPA OIL COMPANY

Fiscal Agents: General Securities Company, Ltd. 441 RICHARDS STREET VANCOUVER 413 TO 415 PEMBERTON STREET VICTORIA. TO THE SHAREHOLDERS:—The new Board of Directors of your Company beg to advise you that they have complete physical possession of all its property as well as absolute control of its affairs in all departments and that all of its business is controlled directly from headquarters in Vancouver. Our Field Manager, Mr. W. R. Dunn, who, by the way, is a Canadian, and a thoroughly able and experienced oil man, reports that he has already overcome about all the difficulties resulting from the former mismanagement; that he is working a full complement of men in three shifts continuously, night and day; that he fully expects to bring in a "gusher" small well at once, but that he fully expects to bring in a "gusher" almost immediately, which should be fully the equal of any of the seven "gusher" wells now belching forth on the same section as in which your property is situated. The name of the Maricopa Oil Company is about to be changed to the "Maricopa Consolidated Oil Company." The new company has acquired all the holdings of the "British America Syndicate" together with their entire share issue for 500,000 shares in the new company. All these shares will be placed in escrow and tied up for a period of eight months or until your Directors release the holdings of the Maricopa Consolidated Oil Company makes the holdings of the Maricopa Consolidated Oil Company most valuable of any company on Section 32, besides which it gives the company 500,000 shares in the Treasury to provide funds, if necessary, for future development of both properties. We are glad to say our field force, from the General Manager down, are working like Trojans to bring in the well as quickly as possible, and they are showing faith in their work by acquiring as much of the company's stock as they can carry. The latest telegram from the General Manager is as follows: MARRIOTT, MAY 3, 1911. A. YORK, ESQ., 441 RICHARDS STREET, VANCOUVER.—"Now working through a seven-foot strata oil sand about two hundred feet above screen. Might make a small well at this point, but would miss the opportunity for the gusher oil sand which lies below screen. Have had a good day." Further absolute authentic information will be published from time to time. A. T. FRAMPTON, Vice-President. ARCHIBALD YORK, President.

SHRINE FOR WORD LOVERS

Old Home of Famous Lexicographer Dedicated to Public Memory.

Though it was announced four months ago that Dr. Johnson's house in Gough Square, London, had been acquired by an anonymous purchaser, and was to be placed in the hands of trustees as a national memorial to the great lexicographer, it was only recently that it became known that the purchaser is Mr. Cecil Harmsworth.

According to the latest announcement the house will be dedicated as national property "as soon as suitable arrangements can be made." Last year it was put into a good state of repair at a cost of some hundreds of pounds, and care was taken to preserve the characteristic features of the interior, which is in much the same condition as when Dr. Johnson lived there from 1748 to 1758.

It was in Gough Square that Dr. Johnson began "The Rambler" and "The Idler," and that he toiled at his dictionary, which was commissioned by the chief booksellers in London in 1747 for a fee of 1,500 guineas. The doctor had an upper room fitted up like a counting house, in which he gave to the copyists their several tasks.

According to Northcote, it was to Gough Square that Reynolds took Roubilliac to call upon Johnson, who "received them with much civility and took them up into a garret which he used as his library, where, besides his books, all covered with dust, there was an old crazy deal table, and a still worse and older elbow chair having only three legs."

The house is a large one, consisting of four floors and a basement.

—J. N. Harvey, Ltd., ad., page 11.

IT IS EASY TO IMPROVE

The Appearance of Your Dining Room--Its Your Best Chance

It is a simple matter to improve the appearance of your dining room by visiting our furniture floors with all the newest attractions in designs for the dining room. It is also an easy matter to pay the price asked for these goods, because they are very small in comparison with the article and its high quality and beautiful workmanship. Remember, you cannot improve the appearance of the dining room or make it more comfortable unless you make selections from the proper stocks. We not only want you to see the beautiful furniture, but also the carpets, curtains, china and silverware, that all add to the appearance of a pretty and comfortable room. We can do your home complete and in the most satisfactory manner. By all means see our display.

A Splendid Choice of Buffets

More attractive Buffet styles have never been shown. Select one from our wonderful showing on the third floor. If you are bewildered with them—because they are all so beautiful—and really don't know what would look best in your dining room, let us make a few suggestions for you. You will find we will be of great assistance to you in our ideas, because of our long experience. There's no better time than now to make your selection. We have a magnificent collection ready for you. We have all the latest popular woods and finishes—Early English, Mission style, are still popular. Some very pretty styles in Golden Oak.

- SIDEBOARDS in golden elm, from \$15.00
- SIDEBOARDS in Empire oak, golden finish, from \$22.50
- SIDEBOARDS in solid oak, golden finish, from \$30.00
- BUFFETS in golden surface oak, from \$25.00
- BUFFETS in solid golden oak, from \$35.00
- BUFFETS in Early English oak, from \$35.00
- BUFFETS in Early English, solid oak, from \$35.00

Extension Tables

There is no more important piece of dining room furniture than the table. The dining room table is the pride of many a homekeeper. The beautiful top of a stylish table is admired by every visitor. You must have the table correct.

Get a real good one. We show a great choice of really fine table styles, and have them in all the popular woods and finishes of the newest designs. The tables are in either pedestal or regular styles, and in round and square tops. There is a table style and a table size that adds to the appearance of your dining room.

From the low priced table in golden fir to the rich, handsome creations in polished mahogany, is a range of styles not equalled by any other establishment in the west. Come in and see them.

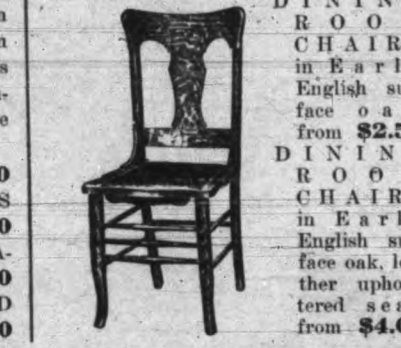

- GOLDEN FIR TABLES from \$7.50
- SOLID GOLDEN OAK TABLES from \$25.00
- EARLY ENGLISH OAK FINISH TABLES from \$14.00
- EARLY ENGLISH FINISH, SOLID OAK TABLES from \$25.00

Select Your Dining Room Chairs From Our Fine Collection

The dining room chairs are the most used furniture pieces in the room, and should be carefully selected. Only well built chairs should be purchased. Our chairs are properly designed and are constructed to withstand just as hard and rough usage as chairs must get. The styles are very pleasing, and there is a great variety here. Having just received a large shipment, do not fail to inspect our offerings in dining room chairs before making any purchases. You'll find both styles and values are much superior.

DINING ROOM CHAIRS in solid oak, with leather upholstered seats, from \$4.00

- DINING ROOM CHAIRS in Early English surface oak, from \$2.50
- DINING ROOM CHAIRS in Early English surface oak, leather upholstered seat, from \$4.00

China Cabinets

What's the use of having beautiful china and cut glass if you have it locked away somewhere in the dark to keep it from the dust and where there is no chance of getting it broken. You seldom see these beautiful specimens, and your friends do not know you possess such things. You certainly want something to display these pieces of yours.

Get one of the beautiful China Cabinets and keep your choice bits of china and glass safe, and also add to the appearance and attractiveness of the room. The cost is little, and you will never regret the outlay. Our present showing is most complete, showing an excellent range of styles and prices. Come up to our third floor and let us show you a China Cabinet that will fit your dining room, and at prices that will fit your purse.

- CHINA CABINETS in Early English oak finish, from \$16.00
- CHINA CABINETS in Early English oak, from \$20.00
- CHINA CABINETS in golden oak, from \$20.00
