PLANS READY FOR NEW C. N. R. SLIP

WORK TO COMMENCE SOON ON POINT ELLICE SLIP TO LINK UP WITH BIG DOCKS

Canadian National Railway Plans Now Ready Entail Considerable Development on Industrial Reserve; To Join End of Rail With Ogdan Point Wharves; Slip Will Find Immediate Use in Connection With Lumber Assembly Plant.

Implementing in full the promises that were made to Victoria that its port facilities would not be overlooked the Canadian National authorities are now at work on active plans for the completion of the Point Ellice slip which will join the end of the rail to the Ogdan Point Ocean Docks in a continuous ferry service. Work on the project will start in the immediate future and will entail considerable development on the Industrial Reserve. Two lines of rails will be run from the present temporary terminal of the Canadian National Railways, under Esquimalt Road and along the shore line of the Reserve for a distance of several hundred feet south of Point Ellice, Bridge. The rails will lead right on to an apron, which will be a similar apron, which will be the work of a very brief period, and then tugs will tow the lighters to Pier A, Ogdan Point, where a similar apron will be built to receive the cars for unloading there. EXPEDITIOUS A double line of dolphins will be set at the limits of the slip and through these the barges will be warped in the position end-on to the apron. The loading of the barges will be the work of a very brief period, and then tugs will tow the lighters to Pier A, Ogdan Point, where a similar apron will be built to receive the cars for unloading there. IMMEDIATE USE Freight handled in this manner will be set down right at the sheds of the Government docks, there to await the first slip. The slip will find immediate use in connection with the assembly plant, and is the outcome of representations made by leading Victoria business men for the past two years. The C.N.R. ferry slip, coming as it does, at the same time as the movement of the raising of a system of grain elevators at the Government docks, gives a new lease of life to that section of the port's facilities that has lain dormant for some years since their completion at a cost of \$5,000,000. MORE TONNAGE Already the freight movement and cargo handling at the Ogdan Point docks is considerable, and with the new facilities the tonnage that is dealt with at this port is set to show a marked improvement. Heretofore lack of modern port facilities has hampered to some extent the ambitious plans held by many leading business men for the port's development. It is expected that active work on the construction of the slip and the completion of the double tracks etc. entails will get under way in the near future. The plans have now been definitely put on paper, and the work together with the drawing and construction for the men who are to carry it out effect. The slip will be connected with the Ocean Docks by a line of barges and tug arrangements, which have not yet been fully developed. FULLER DEVELOPMENT Now that the C.N.R. ferry plans are receiving attention it is expected that permanent terminals on the industrial reserve will receive some consideration. Heretofore the Point Ellice yards of the road have been of a temporary nature, with the expectation of later being replaced by the work proceeded and business warranted such a move. The new facilities, it is expected, will supply this need and spur and fuel terminal buildings made be allocated as the next move in the railway extensions here. Coming as it does at a time when Canadian National authorities have already shown their interest in Vancouver Island by asking for the construction of many miles of additional trackage, construction of which is already under way, news of the Point Ellice ferry slip has been received with enthusiasm in the city.

\$7,000,000 DAMAGE BY HAIL IN ALBERTA

Edmonton, July 15.—More than \$7,000,000 damage by hail has been done to grain crops in Alberta this summer, according to information received by the Provincial Department of Agriculture. The dates are subject to change, depending on how long the commissioner is required to stay in the different cities which he visits.

WAR CLAIMS HEARINGS SOON

Ottawa, July 15 (Canadian Press)—The new War Claims Commissioner, James Friel, K.C., will leave for the West to hear cases about the first of next month. Commissioner Friel's itinerary provides for hearings in Kamloops about August 17; Vancouver, August 18, and Victoria, August 24. The dates are subject to change, depending on how long the commissioner is required to stay in the different cities which he visits.

RAIL BOARD'S NEW ORDER WILL BE BIG ADVANTAGE TO B.C.

Will Put Local Products Into Markets Formerly Closed By Crow Rates Provincial Government Not Planning Further Rate Application Now British Columbia business will benefit heavily as soon as the Railway Board's new order, scrapping Crow's Nest freight rates, except on eastbound grain and flour, go into effect, Premier Oliver declared today after he had looked into the latest developments in the rate situation. "The effect of the board's order," the Premier said, "will be to remove the present enormous advantage enjoyed by the eastern producer over British Columbia producers by reason of the low Crow's Nest rates on goods moving westward to the prairies. The situation should not be misunderstood, however. The order does not necessarily mean that we shall get as low rates as prevail on westbound products; but it does remove the specially low rates provided in the Crow's Nest agreement. It will be of great benefit to our business, of course, by assisting it to get into the prairie markets." The Provincial Government, Mr. Oliver stated, has not yet heard officially of the Railway Board's request to all interests involved to file protests against the present rate structure before a complete revision is made. He does not anticipate, however, that British Columbia will desire to make further rate applications, as its case already has been set out fully in previous applications.

FEDERAL CABINET MEETS AFTER RECESS

Departmental Business Programme To-day; Important Meeting Ten Days Hence Ottawa, July 15.—The meeting of the Cabinet this afternoon, after a ten-day recess, has no political significance, it is generally thought here. The meeting was called chiefly for the purpose of cleaning up several days' accumulation of routine departmental business, and following adjournment most of the Ministers will again leave town. Only about one-half the members of the Ministry will be present. There will be no meeting of the Cabinet for a week or ten days after to-day. It is likely that at that meeting all of the members will be present and important matters of policy will be up for discussion.

Mount Logan Conquerors Drift Down River On Raft

Cordova, Alaska, July 15.—Three men of the party of six mountain climbers who scaled Mount Logan, whose peak has heretofore defied ascent, have returned to Cordova. Two others have not returned, but are supposed to be drifting down the Chitina River on a raft. H. F. Lambert of Ottawa, one of those who have returned, is in a hospital with frozen feet. Two others are Norman H. Read of Boston and Andrew Taylor, packer of McCarthy. They drifted down the Chitina River on a raft, the party dividing and building two rafts for the descent after the river was reached.

Police Seize Books of Nash Fruit Houses in Western Canada

OTTAWA MOVES IN FRUIT TRADE NEW CAMPAIGN Books and Correspondence of Nash Interests in Victoria and Vancouver and Other Business Centres in Western Canada Taken Possession of by Police Following Duncan Commission Report. Acting on orders from Ottawa, and armed with search warrants from the same source, Royal Canadian Mounted Police raided the business offices of the fruit houses of the Nash interests throughout Canada to-day. The books and other documents were seized.

The offices of the Mutual (Vancouver) Ltd., in the Terminal City and the branch office in Victoria were among those visited by the police. Winnipeg, July 15.—Armed with search warrants issued under the Combines Act of Canada, a squad of Royal Canadian Mounted Police invaded "Fruit Row" in the wholesale business section of Winnipeg to-day and seized documents and books of several fruit companies and took complete possession of the offices. Four Nash Brothers' establishments were taken control of—the Stirling Fruit Company, Rogers' Fruit Company, Dingle and Stewart and Bright-Emercy Company—while the offices of the Mutual Brokers, Nash Shareholders and Mutual Purchase Company, all connected with the Nash Brothers' business, were visited.

JUDGE RULES SCOPES TRIAL MUST GO ON

Denies Defence Counsel's Motion to Quash Tennessee Evolution Indictment Judge Raulston Photographed in Court With Text of Decision in His Hand Dayton, Tenn., July 15.—Judge John T. Raulston to-day denied the defence's motion to quash the indictment against John T. Scopes. The judge's decision upheld the constitutionality of the Tennessee anti-evolution law. The motion to quash was made Monday and the day was spent in argument. Judge Raulston occupied all of yesterday in writing his opinion, which was voluminous. The decision took up each contention of the defence and ruled the defendant would be required to plead further. PHOTOGRAPHS TAKEN Before reading his decision on the defence motion to quash, Judge Raulston consented to pose for photographers with the decision in his hand. After the judge had read the grounds on which the defence sought to quash the motion, he discussed the authorities cited. Discussing the alleged discrepancy between the caption of the Tennessee act and the body of the bill itself he said: "The general title to the act is one which is broad and comprehensive and covers all legislation germane to the general subject stated. The title may cover more than the body, but it must not cover less. It need not index the details of the act, nor give a synopsis thereof."

TO STOP TEACHING

In this particular case, he said, the caption of the act provided that the purpose of the act was to "prohibit the teaching of evolutionary subjects in the public schools of the state." "It is true this provision is rather general in its nature," he said, "and in my conception of the terms employed."

Tokio, July 15.—Official reports received here late to-day confirm previous reports of floods in Southern Korea, but show previous advances greatly exaggerated. The number of casualties, which are now believed to be few.

CALIFORNIA HAS WAVE OF HEAT

Los Angeles, July 15.—Los Angeles had a temperature of 96 degrees in the shade and two cases of heat prostrations yesterday. Riverside reported a maximum of 102 degrees and Bakerfield 104.

FOREST FIRE IS BEYOND CONTROL

Wenatchee, Wash., July 15.—The forest fire on Blissett Pass was reported beyond control to-day and a call was sent out for thirty additional fire fighters, it was learned this morning. The fire is four miles from the summit and is not interfering in any way with highway travel.

STONE READY FOR HIS TRIAL IN NANAIMO

Seattle, July 15.—Harry Stone, one of six men held here in connection with the \$42,000 Nanaimo bank robbery of December 12 last, has decided to waive extradition. Attorney Bert C. Ross announced to-day.

Man Held in Seattle Jail on Bank Robbery Charge Waives Extradition

Refuses to Talk to B.C. Representative When Third Person Present

RECEIVED TO TALK Attorney Ross, who with T. H. Patterson is representing British Columbia in extradition matters in connection with the bank robbery case, said Stone sent for him yesterday and he went to the jail, accompanied by a court stenographer, expecting a statement from Stone. The prisoner, however, refused to talk before a third person, but Ross told him he would receive no statement unless it was given before a third person. Stone then refused to talk other than to tell Ross he had decided to waive extradition. A formal writ has been prepared for him to sign, and will be taken to the jail to-day.

MINE WORKER ENDED HIS LIFE

Peter Rupert, July 15.—That Peter Albert Fite, pioneer prospector of Northern British Columbia, committed suicide by exploding a stick of dynamite in his hands was the verdict returned to-day by the coroner's jury which investigated the death following the finding of the badly mutilated body in a cabin on the Stewart-Premier road. Fite was employed as a blacksmith at the Premier Mine.

BERLIN IS PREPARING SECURITY PACT NOTE

Berlin, July 15.—The Berlin Cabinet to-day agreed upon the tentative text of its reply to the French note regarding Germany's proposal for a western European security pact. There will be a final discussion of Germany's reply Friday at a conference of the Cabinet with the Foreign Relations Committee of the Reichstag and the members of the federated states of Germany. The French note, representing an Anglo-French agreement, replied to Germany's suggestion in February for a security pact protecting the frontiers of western Europe.

In Prepared Address To-day Leader Urged Readiness For Defence Vancouver, July 15.—Vancouver has entertained at luncheon many illustrious persons in past years, but none more illustrious or better known or more highly esteemed throughout the world than its guest to-day, Earl Haig, commander-in-chief of the British forces in France in the Great War, and who was the guest of the Canadian Club and the Military Institute at the Hotel Vancouver at noon.

NEW SPIRIT IN CHINA DISCUSSED AT HONOLULU PACIFIC CONFERENCE

Honolulu, July 15.—That the mass education movement in China overshadowed the migration and other problems was a statement made by Dr. Ray Lyman Wilbur in the closing address before the Institute of Pacific Relations here. The Chinese education question held the attention of the delegates during round-table discussions, as did the new Chinese spirit of awakening against the encroachment of foreigners. "The Institute has demonstrated peoples of different nationalities can come together and discuss international problems, prejudices and controversial subjects frankly and exhaustively and still remain friends," said Dr. Wilbur. "It has been a convention of mental disarmament."

COUNTERFEITING RING FOUND THOROUGHLY ORGANIZED AND TURNING OUT MANY NOTES

New York, July 15.—Arrest of eighty alleged counterfeiters in Brooklyn during the past eighteen hours is said to have uncovered one of the most extensive counterfeiting plots discovered in this country. Even girls were among the eighty arrested. Secret service officials said the band was organized in a scientific manner, having manufacturers, wholesalers and retailers. Most of the seventy-two girls and men arrested yesterday were retail agents, while the eight agents locked up to-day are believed to have been wholesalers.

MORE EMPLOYMENT

Toronto, July 15.—At a conference yesterday between the special group of the legislative committee on agriculture and representatives of the Canadian Manufacturers' Association and the Toronto Board of Trade, co-operation among all classes with a view to purchasing one another's services was put forward as a remedy for unemployment.

OLIVER SEES SMALL MERIT IN DEMANDS FOR FLOOD DAMAGE

Government Not Likely to Pay Compensation to Nicomen Islanders

Premier Visits Flood Area and Rises at Dawn to Race For Ferry

Premier Oliver returned here to-day after a fast motor trip up the Fraser Valley, convinced that there is small merit in the prospective claims of Nicomen Island farmers for damages from the Government as a result of the partial flooding of their lands.

"I understand that several of the land owners are talking about claiming damages," the Premier said. "I investigated the situation myself and in two of the cases I found that there is no merit in the claims at all. In one other some damage appears to have been done. I do not believe, however, that the Government is responsible under the law and I am looking into the legal aspects of the matter now."

variations, the well-known midnight ride of Paul Revere during his mainland trip. To catch the ferry which brought him from Bellingham to Vancouver Island this morning he arose from his bed at the Oliver farm in the Delta at the hour of 3 a.m., cranked up his big touring car and shot out of sight in the gray dawn before his family realized that he was awake. Traveling alone, the Premier made a fast journey southward and reached Bellingham just in time to get his car aboard the ferry bound for Sidney. His secretaries, who had not expected him to arrive here until to-night at the earliest, were amazed this morning when his car came sweeping up the driveway and he alighted, dusty and travel worn. He immediately plunged into the morning's mail and called a routine meeting of his Cabinet.

NEUTRALITY URGED

The discussion in the court on the propriety of having daily prayers was made to-day by John R. Neal of defence counsel and Sue K. Hicks of the prosecution. Dr. Neal thought the whole atmosphere of the court in every respect should be neutral. Mr. Hicks took the position that the defence was within its rights in putting its objection into the record, but the daily discussion should be omitted.

TO MAKE STATEMENT

Following a report of a newspaper reporters committee of investigation of what purported to be the decision made by Judge Raulston this morning, William K. Hutchinson, correspondent of the International News Service, was called before the bar of the court, and when asked if he desired to make a statement, said he preferred to make a statement in chambers. This the court agreed to.

TURNBULL IS NAMED TO LANDS POSITION

Replaces C. B. Peterson as Assistant to Deputy Lands Minister

William Turnbull has been appointed Assistant Deputy Minister of Lands in succession to C. B. Peterson, who has been transferred to the Finance Department, it was announced at the Parliament Buildings to-day.

Mr. Turnbull has served in many important positions in the Lands Department in recent years. For some time he was in charge of lumber market extension work carried on to expand British Columbia's overseas lumber markets. Later he was attached to the Agent-General's office in London under the late F. C. Wade and while there he was able to do exceedingly valuable work for the Province. Mr. Turnbull is intimately acquainted with the work of the Lands Department.

Before joining the Civil Service he was in newspaper work in Prince Rupert.

NEIGHBORLY FEELING

Ex-Senator W. R. Moultray recalled that he first visited Victoria fifty years ago, at the time of the first Casiar gold rush, and expressed great admiration for the city's progress and beauty.

"We in Bellingham have a neighborly feeling for Victoria. We have the same language, we are the same people. When we have celebrations at Bellingham we welcome many of your people and hope for a hundred per cent attendance of your reality people at our convention."

George Wright outlined California conditions as noted in the course of a recent tour, having experienced the Santa Barbara earthquake.

"Californians make things pleasant for the tourist, encourage them to spend their money, and I fancy we of the Northwest have something to learn from them, as we do not, to the same extent, encourage our visitors to stay and spend," he said.

Goodyear means Good Wear in Belts as well as in Tires

THERE was a time when men thought that automobile tires had reached their limit of quality. Then Goodyear entered the field, and, by leaving the beaten path, built the largest tire business in the world—and more than tripled the mileage rendered by tires.

When Goodyear belt engineers turned their attention to Belting, they were not satisfied with many of the existing standards. They started from the beginning. They built for Industry's needs—not along accepted lines. Did belts stretch too much—Goodyear took the stretch out. Did belts have to be

run tight—Goodyear developed a pulley-gripping surface which delivers all of the power and is easy on the bearings. Did plies separate—Goodyear welded them into a solid whole with finest rubber.

The Goodyear Belting offered you today is the result of a definite policy. It is the *solution* to your belt problems—not a makeshift.

In mines, mills, foundries, machine shops and a hundred other industries it is setting new standards.

There is a Goodyear Belt for every particular use—yours among them. Get in touch with the Goodyear Dealer or with the nearest Goodyear Branch. A trained belt man will call on you.

ANNUAL MEETING OF SHAWNIGAN SCHOOL

Keen Interest Shown by Rate-payers of District
Special to The Times
Shawnigan Lake, July 15.—The annual public school meeting was held on Saturday evening in the schoolhouse. There were eighteen ratepayers present. Dr. Lewis Hall was chosen chairman and S. J. Head secretary. The trustee presented a report which dealt with all phases of school work and administration. During the year fifty-four pupils attended the school for varied periods. The average attendance was forty. The school has two divisions and two teachers. The progress of the school had been satisfactory. The financial statement showed a considerable surplus effected over the estimated expense. The health and moral tone of the school was excellent and the scholars had grown up well in the mentality test. Four pupils had sat for the entrance examination and the advancement in grades had been above the average. The report dealt briefly with the proposed changes recommended by the educational committee of schools in the E. & N. land which if adopted, it was believed, would mean higher taxation on property owners. The ratepayers were urged to familiarize themselves with that phase of the question. The estimate for the year was \$70 and the assessment placed at \$600. The balance needed for expenses to be taken out of the bank balance.

SCHOOL EXTENSIONS AT PENDER ISLAND

Discussed at Annual Meeting of School Board
Special to The Times
Pender Island, July 15.—The annual meeting of the School Board and ratepayers was held Saturday evening with a good representation present. Mr. Alex. Hamilton occupied the chair. Mr. J. Clague, the retiring trustee, who has acted as secretary of the board, declined to stand for re-election. Mr. P. G. Stebbings was then nominated and elected by acclamation. Mr. Evan Hooten was re-elected auditor for another term. The chief item of business, that of re-arranging the present building into a permanent and comfortable two-room school, was dealt with. It was decided to undertake the work this year, according to the proposed plans of the Government architect, with slight alterations, at the estimated cost of \$1,600. A delegation, consisting of A. H. Menzies, P. G. Stebbings and F. M. McGregor, was appointed to interview the Department of Education immediately and endeavor to have the work completed if possible before the opening of the Fall term. After the passing of the various estimates the meeting adjourned the audience extending a vote of thanks to the retiring trustee.

ANNUAL MEETING OF SHAWNIGAN SCHOOL

Keen Interest Shown by Rate-payers of District
Special to The Times
Shawnigan Lake, July 15.—The annual public school meeting was held on Saturday evening in the schoolhouse. There were eighteen ratepayers present. Dr. Lewis Hall was chosen chairman and S. J. Head secretary. The trustee presented a report which dealt with all phases of school work and administration. During the year fifty-four pupils attended the school for varied periods. The average attendance was forty. The school has two divisions and two teachers. The progress of the school had been satisfactory. The financial statement showed a considerable surplus effected over the estimated expense. The health and moral tone of the school was excellent and the scholars had grown up well in the mentality test. Four pupils had sat for the entrance examination and the advancement in grades had been above the average. The report dealt briefly with the proposed changes recommended by the educational committee of schools in the E. & N. land which if adopted, it was believed, would mean higher taxation on property owners. The ratepayers were urged to familiarize themselves with that phase of the question. The estimate for the year was \$70 and the assessment placed at \$600. The balance needed for expenses to be taken out of the bank balance.

NANAIMO NEWS

Special to The Times
Nanaimo, July 15.—This morning Messrs. Bood and Wilson, local tire dealers, occupied their new quarters at the intersection of Commercial and Victoria Streets, where they have spared no expense to build and equip a most modern gas and vulcanizing station.

FOOTBALLERS
Nanaimo city football team left here Monday afternoon by the Princess Patricia in quest of the Connaught Cup. They received a very good send off at the wharf, there being a few hundred supporters and friends of the team on hand to bid them adieu and a successful trip. Two years ago this month they left on the same errand, with a much weaker team, therefore local fans are more than confident that the party will again grace the walls of the Nanaimo clubroom for the coming year. The personnel of the team that will uphold the honor of Nanaimo and B.C. on the distant shores is: Thomas Routledge, Thomas Dickinson, Ernest Edmunds, James McDougall, Neil McFarlane, David Kenny, Nelson Wilson, John Clarke, Thomas W. L., Richard Stobart, Francis Hart, James Knight, Stanley Tait and Robert Husband, Manager James Watson and Trainer Archie Phillips.

EAGLES' PICNIC
The local Aerie of Eagles held a very successful picnic at Taylor Bay yesterday, the being; it is estimated, over 2,000 present, all of whom enjoyed themselves in the programme of various sports that a committee had arranged. Further entertainment was added by the Granby Colliery Band, which rendered selections throughout the day.

NINE ENTER BIDS FOR DUNCAN CITY BONDS

Weekly Half-holiday Changed From Wednesday to Thursday
Special to The Times
Duncan, July 15.—The Duncan City Council held their regular meeting on Monday evening, Mayor Mutter in the chair. Roland Alfred Thorpe was declared elected as school trustee for the City of Duncan, in place of O. C. Brown, resigned. The finance committee tendered a report to the effect that tenders had been invited from nine different bond dealers and private parties for purchase of \$5,300 City of Duncan school debentures 5 1/2 per cent. for fifteen years. The offer of the E.C. Bond Corporation being the highest, 100.11, they recommended its acceptance.

TAG DAY
Permission was given to the King's Daughters' Hospital to hold a tag day on the last day of the Cowichan Fall Fair.

The weekly half holiday by-law was passed, and on after August 23, Thursday afternoon will be kept as a holiday instead of Wednesday.

The matter of improvements to the intake of water from the station was left to the water committee, with power to act. The city treasurer submitted the following report:
The following report covering collection of taxes for the year 1925 in part, was as follows: Taxes, \$22,758.23; electric light receipts, \$1,434.22; water \$50.05, licenses \$35, \$12.05; poll and road taxes, \$610; schools account, \$1,256.40; deposits and tipping fees, \$78.30; miscellaneous, \$57.50. Total, \$26,220.

Tax collections included \$1,818 local improvement taxes and arrears for the year 1923 and 1924, leaving a net amount on account of the current years' levy of \$20,950 or about 84 per cent. of total charged against property. Considering the heavy increase in taxation this year the percentage paid is very good indeed, and is about 1 1/2 per cent. higher than 1924. Besides meeting the usual payments during June the sum of \$14,500 advanced by the bank was repaid, and there was sufficient in hand to meet June salaries and accounts, which were paid early in July.

Efforts to Save Russell Scott From Gallows

Springfield, Ill., July 15.—Hollow-eyed, but still resolute, Mrs. Catherine Scott yesterday made her final effort to save from the gallows her husband, Russell Scott, condemned to be hanged next Friday for the murder April 2, 1924, of Joseph Maurer, a Chicago drug clerk.

The State Board of Pardons and Paroles had the case under advisement and is expected finally to determine Scott's fate to-day.

Mrs. Scott told the board her husband had taken to drink when his financial affairs went awry, instead of taking a rest as physicians advised, and drink had much to do with his difficulties.

"Give me two years at the most so I can prove his innocence," she said.

J. W. Scott, father of the condemned man, also pleaded for clemency for his son. He said he was positive his son had not killed Maurer.

FEES FOR SIDNEY STUDENTS DISCUSSED

Subject Will be Discussed at Adjourned Meeting
Special to The Times
Sidney, July 15.—The annual school meeting was held in Sidney school Saturday, July 11. Mr. J. Matthews was in the chair and read the reports of the trustees and auditor, also the financial statement. The school had had a successful year, and a good balance on hand was reported. After the adoption of these reports Mr. Matthews was re-elected trustee for three years, his term having been up. Mr. R. B. Brethour was elected auditor for the coming year. Ordinary estimates of \$4,575 were passed.

After some discussion as to whether the district should adopt the policy of paying the fees of any Sidney pupils who might attend North Saanich school, the meeting was adjourned to Saturday, August 1, at 8 p.m., in order to decide this question and fix the sum actually to be raised in the district by assessment.

Herrin, Ill., Restored in

Herrin, Ill., July 15.—Great rejoicing was evident in Williamson County yesterday, proclaiming peace and quiet after an aftermath of seven weeks of religious activity.

Herrin, centre of factional strife for many months, is the site of a tabernacle where Howard S. Williams, layman-evangelist, expounded the creed of friendship.

"There the county's citizens assembled day and night and a resumption of the efforts of the "Mississippi thunderbolt" reveals a total attendance of about 180,000, of whom approximately 700 "hit the sawdust trail."

Police testify that stills "are fast disappearing and bootlegging is becoming a thing of the past."

Will gunmen and gamblers known to have chased palms at the altar of greed, will there is every indication Williamson County's reign of terror has ceased.

IN NEW CONSTITUENCY

Toronto, July 15.—Hon. James Murdock, Minister of Labor, will be a candidate in the next Federal election in the new riding of High Park, Toronto. Mr. Murdock is at present member for Kent, Ontario.

WAR MEMORIAL
The annual meeting of the North Saanich War Memorial Park Society was held in Matthew's Hall on Monday evening. There was a fair attendance. J. McNeil was in the chair. The secretary, W. E. Dawes, read the minutes, which were adopted, also the financial statement, which showed a balance of \$74.

The trustees were then elected as follows: H. McKillop, W. Dawes, S. Roberts, G. Hill, N. Watts, J. Crossley and J. McNeil. It was decided to find money to underwrite the park and to plant trees round it. It was arranged to co-operate with the different societies of the district to raise money for this purpose.

HITTING THE PEOPLE

THE TORONTO GLOBE draws attention to the fact that during the session of 1924 the Senate rejected bills for the construction of seven Canadian National branch lines, four of which were located in Saskatchewan and one in Alberta, and now discovers that the C.P.R. has since captured the territory which would have been pre-empted by the National system by four of the five Prairie projects.

Our contemporary shows that the Nipawin branch would have given the National the first entry into the country east and north of the Pasquia Hills in northeastern Saskatchewan, the Ottawa correspondence of The Manitoba Free Press reminding the public of Canada that the senators considered this bill a wild dream of enthusiastic western boosters.

Yet to-day C.P.R. trains are pulling into the little station in the town of Nipawin. The country was sufficiently attractive to bring in the C.P.R. within six months of the day when the Senators shook their white heads and stuck the knife into the C.N.R. bill. Furthermore, there was nothing casual about it. The C.P.R. had to build more than 40 miles of railway to do it.

By extending its line to Nipawin, The Globe proceeds, the C.P.R. also captured the territory which was to have been served by the Canadian National branch line that starts from Melfort. The latter runs east, and the C.P.R. north and south. As matters stand, the end of steel on the National is but a few miles from the newly-constructed C.P.R. line. The bill for the C.N.R. branch line projected northwest from Lloydminster, Alta., was thrown out by the Senate as a visionary scheme, but at once the C.P.R. began building an extension from Cut Knife north and west through and beyond Lloydminster. The C.P.R. has the field. The Radville, Sask., branch bill was rejected on the ground that the settlers differed as to the route, and the C.P.R. is now applying for power to build a line through the territory. Had it not been for the Senate the C.N.R. would have possessed all the territory between Kelvington and Melfort, Sask., but the C.P.R. headed it off by extending its own line from Wadena to Tisdale, the latter being the point to which the National desired to extend its line. What Sir Henry Thornton predicted in a letter to the Minister of Railways in April, 1924, has come to pass. He wrote:

It is not likely that the Canadian National Railway will suffer materially from a financial view for three or four or perhaps five years if the branch-line programme herein contemplated is abandoned, but it is inevitable should such a thing come about, that at the expiration of a period of years the system will find itself robbed of all further opportunities for reasonable development. Strategic territories will have been seized by other transportation interests, and the railway will dry up at its roots. I can think of no more effective way to bring about the eventual ruin of the Canadian National Railway System than a refusal to embark upon and consistently maintain a branch line programme.

"Strategic territories" have been seized by the C.P.R., concludes The Globe, with its accustomed enterprise, abetted in these instances by the Senate. The fact that the C.P.R. built into these districts is proof that the judgment of the C.N.R. executive was sound in framing its extension programme, but it is also proof that the judgment of the Senate was not sound, if it was really sincere in its professions of economy. The National system has been presumably deprived of productive areas.

NO LONGER LIKELY
ONE OF OUR CONTEMPORARIES is continually laboring under the impression that a Government elected by no more than thirty-three per cent. of the total votes cast is completely unrepresentative of the people and without a real mandate—when, of course, that Government happens to be a

Liberal Government. But if it would take the time to study the returns of elections in Great Britain, particularly the two post-war appeals which sent a Conservative Administration to Westminster, it would discover that under the present electoral system the Government with a majority of all the votes seems to be a rare institution. One has to go back to the general election of 1906, a turnover from Conservatism to Liberalism which gave Sir Henry Campbell-Bannerman the greatest majority enjoyed, by any party in office since the days of the Reform Bill, to find this condition. On that occasion Liberal and Labor combined—Labor was represented by forty-eight members—polled 3,111,929 votes and the Conservatives and others, including Nationalists, polled 2,520,274 votes. In spite of this comparatively small margin in the matter of votes, the Liberal majority in that Parliament was no less than 356. That was the election, of course, which was fought on the sole issue of Tariff Reform, and it was to be supposed that the Free Trade party would succeed in securing the fullest possible volume of support at the polls. But how different is the situation with the present Conservative Government led by Mr. Baldwin, which our contemporary would scarcely suggest should resign because it was sent to Westminster on a minority vote. With a majority of no less than 225 seats in the House of Commons the Government is 624-390 votes behind the total represented by Opposition forces. This is arrived at by the National Union of Conservative and Unionist Associations, which gives the number of Conservative votes cast in last year's election as 8,040,850, reckoning 506,231 as the number of electors in sixteen uncontested Conservative constituencies, as against Liberal, Labor and other votes recorded amounting to 8,600,123, with 571,348 to be accounted for by the sixteen uncontested Liberal, Labor and other constituencies. In the 1923 election, although, of course, the Baldwin Administration did not enjoy a House majority, there is another illustration. In that contest the total number of votes to which the Conservatives lay claim was 6,731,453, compared with an Opposition total of 9,478,312. More striking than this, however, were the figures of the 1922 contest, the first after the famous Carlton Club meeting which ended the Coalition. That election gave Mr. Bonar Law a voting surplus in the House of Commons of seventy-nine—a working majority based upon an electoral voting deficit of 2,359,372. Thus these figures show that the day is gone when governments in office, as a matter of course, represent electoral majorities.

HEARTY CONGRATULATIONS will be extended to the party which has scaled the majestic peak of Canada's highest mountain—Mount Logan. After battling against every kind of adverse condition, blinding snowstorms, biting cold which sometimes dropped to thirty-two below zero, the mixed band of Canadian and United States alpinists accomplished their object and for the first time intruded upon the solitude of Logan's jagged summit.
As in the case of adventures in other realms of research, the magnificent feat of which the Mount Logan climbers may well be proud, must remain a matter for personal satisfaction. Happily, none of the party suffered anything more serious than frost bite; but these hazardous expeditions, calling for perfect physical fitness and a mental alertness which must never waver, more often than not exact a toll of human life which the nation can not afford.

BETTING FALLS OFF
BY ALL THE LAWS OF average the betting at the Lansdowne Park race meet for the shorter season this year should have exceeded that of the corresponding period last year. But it did nothing of the kind. Despite the fact that one of the days was a Saturday, when a maximum attendance would be recorded, the three days of this year compared with the first three days of the longer period of 1924 show a falling off in wagers of approximately \$25,000. Has this reduction been brought about by a realization on the part of the people that this is a precarious game? It is satisfactory to note that there are plenty of legitimate opportunities for investment in British Columbia at the present time which are attracting local capital. As these succeed and there is every likelihood that they will, this form of investment will increase; perhaps

HEALTH OF DISEASE
WRY NECK

Everyone knows what it is to find his neck growing stiff and sore, often with a cold coming on, and as though that were not enough, this added affliction, all any attempt at movement, in fact the mere thought of moving the head, becomes intensely painful. The thick muscle on the side of the neck is stiff and tender to the touch. As a result of the spasm of the muscle, the head is turned towards the unaffected side, slightly bent forward. In this position comparative ease is possible, but so many things, such as walking, eating, or reading are difficult to accomplish in this position that the wry sufferer's troubles seem to multiply upon him. The muscle affected is called the sternomastoid and it is the two sternomastoid muscles, one on each side, which are seen, in thin people, as the cords of the neck. This condition results from exposure, as by a draft upon the neck, while motoring, or by sitting by an open window. It is never dangerous and will get entirely well, but while it lasts it is nearly intolerable. Prevention lies in avoiding exposure to drafts. Treatment by heat and gentle massage will afford relief. But there is another form of wry-neck, much more formidable, in which the spasm is more or less permanent, sometimes accompanied by repeated contractions of the muscle, so that the head, already bent at an unnatural angle, nods with each contraction. Some of these cases are due to disease of the spinal cord or brain, some are psychic in origin, and some result from active diseases of the vertebrae in the neck. Occasionally the condition is congenital. It is for the doctor to determine to which class any particular case belongs.
AESCULAPIUS.

AUSTRALIA PLANS WARM WELCOME TO U.S. WARSHIPS

Sydney and Melbourne Preparing Gala Festivities For Occasion
Melbourne, July 15.—Interest has been aroused in Australia over the coming of the United States fleet next week and the American ships and men are assured a warm welcome.
Preparations at Sydney and Melbourne, where different sections of the fleet will visit, for the reception of the sailors are well in hand. A comprehensive programme of festivities has been drawn up, including both public and private entertainments, theatre parties, motor and railway tours. Because of the high interest it is expected that fully 100,000 people will assemble to witness the arrival of the Melbourne contingent.
Parades of the American forces will be held in both Sydney and Melbourne. A feature at the former city will be a military tattoo by the local forces.

Arbitration Plan For Labor on Trial Now in Australia

Special to The Times
Melbourne, July 15.—The fight between capital and militant unionism in Australia has reached a climax through the "de-registration" of the powerful Seaman's Union and the strike now in progress as a result.
Australia is probably the most favorable country for social and industrial experiment, unionism is more advanced here than anywhere else, and five out of the six states have elected Labor governments.
Foreign observers are puzzled by the paradox that this does not mean the nation is "going Bolshevik." The Labor cabinets are in fact careful to dissociate themselves from the small Communist section which is generally regarded as being under Soviet influences, and while the majority of the people have voted for Labor, there is no country except Canada or the United States where a greater proportion own their own homes or have an equivalent stake in the country.
Thoughtful Australians are beginning, however, to doubt the usefulness of the arbitration system. In this country the arbitration courts have power to compel the parties to any industrial dispute to appear before them, and submit to their judgments. Practically every section of the workers have their wages and conditions regulated by a court award, and the system often seems to justify itself. But it appears to break down when a union of its leaders become sufficiently militant to defy the court. In the past it has provided are inflicted the union can always strike—or provoke a general strike—which amounts to a return to the original position. In the present instance the Seaman's Union defied the court and was deregistered. The strike followed. It reckons that it can force the owners to grant all the benefits of the award it lost while the semblance of punishment ensures it the sympathetic support of unions which otherwise might be indifferent.

RED CROSS SHOP VISITED BY HAIG
Centre in Vancouver Opened; Field Marshal to Leave Coast To-night
Vancouver, July 15.—Field Marshal Haig, in opening the new Red Cross workshop here to-day, laid great stress upon the valuable work accomplished by service organizations in providing suitable employment for men disabled in the Great War.
"In the course of investigating," he said, "it is borne home always what a blessed thing work is. Without work for the ordinary individual we become very useless indeed."
During the course of a tour of the building both Earl Haig and Lady Haig took a personal interest in each of the men, all turning from their work

LETCHES TO BE GREETED BY THE VISITORS
GUEST AT DINNER
To-night the field marshal will be the guest of the city at a formal dinner in the City Hall. The judges and local members of the Senate, the House of Commons and the Legislature will attend. Mayor Charles Duquette of Montreal and other visitors of distinction have also been invited to the banquet.
The special Canadian National train provided for Earl Haig and those accompanying him on his present tour is scheduled to leave Vancouver at 11:45 to-night.

The New Low-Pressure Tread
establishes a new high standard of wear in balloon tires
DOMINION Royal Cord Balloons alone can give you the greater tread endurance made possible by the "Low-Pressure Tread." The picture tells the story of service. Tire B withstood 1,000 miles more mileage, but under the same load and inflation as Tire A. Look at the result!

Note in Tire B—the flat contour designed specifically to give complete road contact evenly over the surface of every tread block. This even distribution of weight and wear successfully prevents premature and uneven wear.
The rounded tread of Tire A is good for high pressure tires, but not for balloons. See how it wears unevenly!
Low-Pressure Tread is designed to precisely conform to the action of a balloon tire on the road. It wears naturally, evenly and slowly, ensuring longer wear. It also permits minimum low-pressure to increase cushioning. This means ideal balloon tire comfort without any sacrifice of wear quality.
In Dominion Royal Cord Balloons, alone, is this new high standard of tread wear available!

Dominion Royal Cord Balloons
Dominion Tires are GOOD Tires
Dominion Royal Cord Tires are the only Canadian tires with latex-treated web cords—the only cord construction in which the individual cords are webbed together with pure rubber latex without injurious chemicals.

End Catarrh Germs In Three Minutes
Chronic catarrh, no matter how bad, and cases of bronchial asthma now yield instantly to the amazing discovery of a French scientist. This drugless method called Lavax eliminates the germs in three minutes, yet is positively harmless to the most delicate tissues. Your head and lungs are cleared like magic. Sufferers are relieved in a single night.
To prove it and to introduce Lavax to ten thousand sufferers in one month, I offer to send a treatment free and postpaid, to any one who will write for it. No obligation. No cost. If it banishes your Catarrh you can repay the favor by telling your friends—if not, the loss is mine. No matter what you have tried, just send me your name and address for this generous free treatment and prove that you can be rid of catarrh.

The general meeting of members of the Canadian Legion will be held this evening in the Club Rooms, 1405 Douglas Street, at 8 o'clock.

At to-day's luncheon of the Victoria Real Estate Board at the Chamber of Commerce a resolution was adopted in support of action towards abolition of succession duties in British Columbia.

EARL HAIG PLAYS GOLF AT COLWOOD

The quarterly meeting of the British Columbia Historical Association will be held in the Provincial Archives Department, Parliament Buildings, on Friday, A. Stanley Deaville of the Post Office Inspector's Department, Victoria, will give an address on the Colonial Postal Service of Vancouver Island and British Columbia. All interested in the early history of British Columbia are invited to attend.

Columbia Lodge, No. 2, I.O.O.F., will be visited to-night by the District Deputy Grand Master, and a number of officers for the purpose of installing the staff for the coming term of six months. All Odd Fellows in the city are invited to be present.

Miss Dorothea May Hay, B.A., graduate of McGill University, has been appointed to the staff of the Victoria High School, and Miss Emmanuelle Lyons, Bachelor of Home Economics, has been appointed to replace Miss M. Blankenbach, who has been granted a year's leave of absence to continue her university studies. It was announced recently by the School Board.

The quarterly meeting of the British Columbia Historical Association will be held in the Provincial Archives Department, Parliament Buildings, on Friday, A. Stanley Deaville of the Post Office Inspector's Department, Victoria, will give an address on the Colonial Postal Service of Vancouver Island and British Columbia. All interested in the early history of British Columbia are invited to attend.

Burgling equipment used in breaking into the Royal Oak Store, in the early hours of yesterday morning has been identified by the Saanich Police. The brace and two bits, used by the burglar in their hasty departure, were purchased from E. G. Prior & Co., and efforts are being made to identify the purchaser. The city police department finger print experts are now engaged in an examination of finger print impressions discovered at the scene of the robbery.

PROCTOR DEFEATS KINOSHITA TO-DAY

Local Boy Victorious at Tennis Tournament; Sparring of Vancouver Wins

Johnny Proctor came through one of the hardest single matches this morning at the B.C. tennis championships. He defeated Kinoshita, the Japanese star from Vancouver, 8-6, 6-2. Proctor was carried to the fourteenth game in the first set before he won out, but in the second set he was not pushed as hard.

Sparring, another Vancouver player, survived the round, by defeating McIntyre, 6-0, 6-1.

Other results were as follows: Merston beat Nicholson, 6-2, 3-6. Knox beat Christie, 6-0, 6-1. Mrs. Verley beat Mrs. Waldy, 6-1, 6-2.

WILL GIVE VIEWS ON SUCCESSION DUTIES

Alderman Todd Will Attend Conference in Vancouver

To attend a joint conference of the Victoria Chamber of Commerce, the Vancouver Board of Trade, the Real Estate Board of Victoria and the Real Estate Exchange of the mainland city Alderman A. E. Todd left this city this afternoon to bring the views of organizations and public bodies of Victoria in relation to the succession duties tax before the Vancouver men.

The Saanich Council, it was learned this morning, are behind the movement for the abolition of the inheritance or succession duty, and recently passed a resolution along the lines of the one which the Victoria Chamber of Commerce committee for the consideration of this matter drew up. The resolution, following discussion and reports from C. P. Hill, A. E. Todd and J. O. Cameron is as follows:

"That the directors favor the principle of abolition of the inheritance or succession duties tax, and that our committee be authorized to attend the proposed conference in Vancouver on this subject."

Mr. Todd said before he left this city to-day that he might be the only one who would represent the Chamber of Commerce at the Vancouver conference. He added, however, that he would be able to bring before the mainland bodies the Victorian idea, and that he believed this would be well received, as being in accordance with that of many Vancouver organizations.

PROSPECTORS LEAVE FOR PLACER FIELDS

Prince Rupert, July 15.—Parties of Prince Rupert prospectors are leaving the city for Babine, where a placer gold strike was recently made. Springfield, Illa., July 15.—Governor Small declined to-day to commute the sentence of Russell Scott, sentenced to be hanged next Friday in Chicago for the murder of Joseph Maurer, a Chicago drug clerk.

COAL MINERS IN OLD LAND BAR INQUIRY

Declare They Are Not Ready For Plan Proposed by Government

Refuse to Negotiate With Owners Unless Agreement Is Recognized

Scarborough, Eng., July 15.—The Miners' Federation of Great Britain to-day unanimously adopted a resolution refusing to accept the Government's court of inquiry into the mining dispute and refusing the coal mine owners' proposal for negotiations until the latter withdrew their notice to terminate the present working agreement.

This action indicates a determination of the Miners' Federation, in session here, to fight to the finish the wage reductions proposed by the owners.

Strong influences were brought to bear upon the miners to induce them to accept the Government's proposed court of inquiry or to meet the terms of the mine owners, but these influences were unavailing.

It is officially announced the Miners' Federation will inform the Government it could not accept another court of inquiry "having in its object the ascertainment of whether miners' wages shall be reduced or their hours extended."

The announcement said the federation would meet the owners in open conference as soon as the owners withdrew their proposals for longer wages or longer hours.

NEW SANTA BARBARA WILL BE BUILT IN RECORD FAST TIME

Better City Rising Quickly From Ruins of Old, Says Resident Here

Damage Greatly Exaggerated; Will Not Total More Than \$10,000,000

Santa Barbara, badly damaged by earthquakes recently but not ruined as first reported, will be rebuilt into a more modern and better city in record time, according to H. K. Elston, wealthy retired Santa Barbara resident, who arrived at the Empress Hotel with his family to-day for a few days rest in Victoria.

OVERESTIMATED

"Damage in the Santa Barbara earthquake unquestionably was much overestimated at first," Mr. Elston told The Times. "I see by the papers that it was reported that damage would run into \$25,000,000 or \$30,000,000. I doubt that it will exceed \$10,000,000. This, of course, refers to the damage in the city itself and does not include damage to out-lying homes."

NEW AND BETTER

"The spirit of Santa Barbara in its troubles is nothing short of marvelous," Mr. Elston asserted. "It is difficult to estimate when the damage will be repaired, but within a year Santa Barbara will be a new city and a better city. The activity already under way is astounding. The earthquake had hardly stopped before the work of clearing away the ruins and rebuilding was going ahead."

COURAGE

"The courage of the people of the city could not have been finer. There was no sign of disorder, no attempt at looting when a big part of the business section lay in ruins. Immediately all the leading citizens were sworn in as deputy marshals," said Mr. Elston, who carried his official badge with him as a souvenir of the disaster, "but there was no work for them to do so far as keeping order was concerned."

"Mr. Elston's own palatial home outside Santa Barbara was somewhat damaged by the quake and he has left it in the hands of builders, who will remodel it while he and his family tour by motor."

FREAKISH

"The quake was amazingly freakish in its effect," he said. "Some houses would be badly damaged and the ones next door or in a straight line with the apparent progress of the quake, would be untouched."

RESOLUTIONS WERE APPROVED TO-DAY AT WESTERN MEETING

Mayors of B.C. and Prairies Declared For Fair and Equal Freight Rates

Rail Outlet For Peace River District Urged; Alderman Woodward Spoke

Edmonton, July 15.—Resolutions submitted to the conference by the committee named to bring in recommendations formed the principal topic of discussion at the morning session her to-day of Western mayors and other civic officials. Five resolutions were presented and all were given their unanimous endorsement after some discussion.

The resolutions which were defined as part of the assertion of a bill of rights for the West, declared for fair and equitable railway freight rates, with no discrimination against any part of Canada; expressed the opinion that it was the duty of the Dominion and provinces to get an adequate rail outlet from the Peace River to the Pacific Coast; approved the immediate completion of the Hudson Bay Railway; favored the building of an all-Canadian highway, using the abandoned railway grade west of Edmonton and carrying it to Winnipeg; and supported the principle of inter-provincial co-operation to the end that Canadian transportation facilities, ports and goods should be used in preference to those of competing nations.

It was also decided, on the recommendation of the committee, to form a permanent executive of members from the different western provinces.

When the conference opened addresses were given by Alderman William Gifford of New Westminster and Mayor L. D. Taylor of Vancouver, who outlined the advantages of the two cities. Alderman Woodward of Victoria also spoke briefly.

Chairman Harry Gale declared strongly in favor of the building of a railway from the Peace River to the coast and quoted a statement of Sir Henry Thornton that he was "sold on the country because he believed it capable of producing 6,000,000 bushels of wheat a year."

At Marigold Hall, "There will be a meeting of the Women's Institute in the Marigold Hall Thursday afternoon at 2.30 to make arrangements for the flower show."

\$25,000 DAMAGE TO VANCOUVER BLOCK

Burning of Celluloid Compound Makes Blaze

Vancouver, July 15.—Fire last night in the warehouse of Kante's Limited, in the basement of the Winch Block, did damage estimated at \$25,000.

The entire stock of French Ivory was destroyed by fire and water. The loss is said to be partially covered by insurance. Although the cause of the fire has not been definitely established, it is believed to be due to spontaneous combustion.

When the fire department arrived the flames had gained considerable headway and clouds of smoke were pouring from the basement. The acid gas formed by the burning celluloid compound made the blaze extremely difficult to approach. Firemen were forced to wear masks and oxygen tanks in descending to the basement. It was also necessary to smash the glass prism in the sidewalk to permit the escape of the gas and fumes.

Silver Tea Arranged—Mrs. Gates, 724 Herald Street, is lending her home for a silver tea, from 5 to 8 o'clock on Thursday afternoon. The proceeds of which are to go towards the annual picnic of the Daughters and Maid of England, Princess Alexandra Lodge No. 18, to be held early in August.

MAN ATTEMPTING TO ROB BANK WAS SHOT AND KILLED

M. Kolidee, Quarry Employee, Tried to Take Money in St. Davids, Ontario

St. Catharines, Ont., July 15.—Matt Kolidee, an employee of the Queenstown Quarry Company at St. Davids, died in a hospital here this morning as the result of a shot received when he was attempting to rob the branch of the Imperial Bank in St. Davids during the night.

Kolidee, whose home was in Hamilton, is said to have first entered the home of Dr. Duggan in St. Davids, and later, after succeeding in entering the bank, was accosted by Manager W. R. Roger, whom he shot, but only slightly injured.

Mrs. Roger, wife of the manager, came upon the scene at that stage and shot the man, inflicting a fatal wound.

Provincial Constable Nelson and County Constable Zimmerman of St. Catharines were called. They brought the wounded man to the hospital here at 7.30. He died in an hour.

FOUND FIVE CIGARS

Kolidee, when he entered the home of Dr. Duggan, secured only a case containing a few cigars.

He aroused Manager Roger from sleep about 5 o'clock after he had entered the living quarters of the bank.

The manager came upon Kolidee in his dining-room and when ordered to put his hands up, made a move of defiance. Kolidee fired but missed Roger, who had dodged. Roger, who was unarmed, closed with the robber, and sufficed with him for several minutes.

Roger, having succeeded in getting his man through to the kitchen, was putting him out of the back door when Mrs. Roger, arriving with a revolver, shot the man, who fell in the yard, mortally wounded.

Dr. Duggan attended Kolidee until the provincial police arrived.

Manager Roger is of the opinion the burglar intended to force him to open the bank vault, but the opposition he met with upset his calculations.

Two fatalities in Manitoba were indirectly attributed to the heat. William Mann, aged eleven, was drowned in a water-filled brick pit, while the scorching temperature on Sunday proved too much for Albert Jorgensen of Fannystelle, whose body was dragged from a lake near the town yesterday. A bag of stones was tied around his waist.

COAL MINERS IN OLD LAND BAR INQUIRY

Declare They Are Not Ready For Plan Proposed by Government

Refuse to Negotiate With Owners Unless Agreement Is Recognized

Scarborough, Eng., July 15.—The Miners' Federation of Great Britain to-day unanimously adopted a resolution refusing to accept the Government's court of inquiry into the mining dispute and refusing the coal mine owners' proposal for negotiations until the latter withdrew their notice to terminate the present working agreement.

This action indicates a determination of the Miners' Federation, in session here, to fight to the finish the wage reductions proposed by the owners.

Strong influences were brought to bear upon the miners to induce them to accept the Government's proposed court of inquiry or to meet the terms of the mine owners, but these influences were unavailing.

It is officially announced the Miners' Federation will inform the Government it could not accept another court of inquiry "having in its object the ascertainment of whether miners' wages shall be reduced or their hours extended."

The announcement said the federation would meet the owners in open conference as soon as the owners withdrew their proposals for longer wages or longer hours.

ROSLING and the Great Steinway

A great voice, supported by a great piano—that is the impression retained by hundreds of music lovers who crowded the Empress Hotel ballroom last evening to hear Vladimir Rosling. How infinitely sympathetic and magnificent is the tone of the Steinway—how it responds to the most delicate or most thunderous passage—no wonder it is the universal choice of the world's greatest musicians.

May we tell you some further facts about the Steinway, "Instrument of the Immortals."

RAIN AND COOLING BREEZES ON PRAIRIES BRING RELIEF FROM HEAT

Winnipeg, July 15.—Scattered showers and cooling breezes throughout the prairie region generally afforded welcome relief to-day from the torrid heat wave which had scorched the country for a week.

Manitoba and Saskatchewan yesterday experienced another day of record heat, the mercury being uniformly well above 90 degrees in the shade. Broadview, Sask., was the hottest point in the Dominion, the maximum temperature of 101 being recorded. Estevan, Sask., Yellow Grass, Indian Head and Regina were near the 100 mark. In Winnipeg the official reading showed the high point for the day at 93, while instruments soared to 112 degrees in the sun.

RAIN IN ALBERTA

A pronounced drop in temperature was recorded in Alberta, rain falling in many districts. At Edmonton, the high temperature of the day was 66 degrees.

Two fatalities in Manitoba were indirectly attributed to the heat. William Mann, aged eleven, was drowned in a water-filled brick pit, while the scorching temperature on Sunday proved too much for Albert Jorgensen of Fannystelle, whose body was dragged from a lake near the town yesterday. A bag of stones was tied around his waist.

CUTTING OF WEEDS LEADS TO TRIAL

Chilliwack Farmer Who Had Gun When Workers Came Faces Charge

Chilliwack, July 15.—George Clarke, a Chilliwack farmer, who took issue with the noxious weed cutting gang and the inspectors to the extent of keeping them off his property with a shotgun from Friday until Monday, submitted to a police court he was charged with carrying an offensive weapon for a purpose dangerous to the public peace and was committed for trial.

The charge of abetting against Thomas Moran, Clarke's hired man, was withdrawn.

Tokio, July 15.—The softness of the ground upon which Tokio is built is interfering considerably with the construction work now under way. Dr. Kishi of the Reconstruction Bureau is recommending that all work on paved streets in the districts where the new subway is to be built be delayed until after the underground project has been completed. He bases his recommendation upon observations made during the recent sewer construction.

In some places it was found the sewer excavations had caused the streets to sink more than a foot. Many houses and paved roads, Dr. Kishi discovered, had been seriously damaged because of the settling of the earth.

UP TO 109 DEGREES

At Wichita Falls, Texas, the official temperature was 109, while marks of 106 to 108 were common in Texas. No immediate general relief is predicted.

Gallery Thrued At Tennis Championships

Splendidly Contested Matches at Victoria Tennis Club Yesterday; Most Visiting Stars Survive Round, While All Leading Victoria Players Win; Several Matches in Men's Singles Went to Three Sets

All the star visiting players swung into action in the British Columbia lawn tennis championships yesterday and many keen and thrilling matches were witnessed at the Victoria courts. There was continuous action from early morning until well on towards evening and the big gallery was forced to divide its attention on the many courts in service.

Most of the visiting players survived the day's play. Leroy Rennie, of Toronto, fancied by many to win the men's singles, romped through with his match, while Mrs. H. F. Wright, of Ottawa, who was a finalist with Marjorie Leeming in the Canadian ladies' singles, had an easy time disposing of Miss Bryant of Ladysmith, 6-2, 6-0.

Miss Moriwake of Honolulu put up a great fight with Miss Gladman of California in the first set of the match, carrying it 11-9 before she lost. The second set was won by 6-1 by the California lady.

Marjorie Leeming did not lose a game in her match with Miss Ezzard of this city. Mrs. Leeming, of Edmonton also had an easy victory over Miss Richards of Vancouver. Mrs. Leeming's California was another who did not lose a game in her match with Mrs. Scott of Kelowna.

THRILLING MATCH In the men's singles there were four three-set matches. The best match of the day was between Cal O'Halloran of Kingston Street and A. W. Stewart of Princeton University. O'Halloran won the first set by 7-5, but dropped the second by a similar score. The Victoria man's steadiness won for him the third set 6-4.

W. Baker of Vancouver after winning the first set at 8-6, dropped the next two to R. G. Christy, Victoria, 6-1, 7-5. W. S. Waugh, Manitoba champion, suffers at the hands of Gerald Cunningham of this city, in a well-contested match, both sets ending at 8-6. W. Martin, the flashy junior who won the R. C. junior championship, kept Regina's colors in the fight by defeating Hole of Victoria in straight sets. Wilks of Vancouver, and Pollard of Victoria were on the court for two hours, in a three-set match, each set ending in a tie at 6-3, Grant winning the last two.

RENNIE AND PURKIS WIN In the men's doubles only two matches went to three sets and, in both of these local players, Rennie and Purkis of Toronto, who form a very strong doubles team, through their match, losing one game in the first set and two in the second, defeating Kinoshita of Vancouver, and Cunningham of Victoria, 6-3, 6-4.

Miss Munro and Miss Gillespie, the speedy ladies' doubles from Vancouver, were victorious in their match by a comfortable score. Mrs. Bourque of Edmonton, teamed with Mrs. Wright of Ottawa, in a very strong combination, raced through their match with Miss Nelson and Miss Crease of Victoria, losing but one game. Marjorie Leeming and Miss Taylor, local doubles champions, only lost one game in their match with Mrs. Wall and Miss Tanqueray of this city.

MIXED DOUBLES NOT CLOSE Most of the matches in the mixed doubles were decided in one set. The only close game was that between Mrs. Chambers of Duncan, and Collison of Victoria, and Peggy Jackson and Brand of Abbotsford. The former won after a prolonged two-set match, the first set going to 12-10, and the second 7-5.

Marjorie Leeming and Johnny Proctor, the Canadian champions, dropped two games in their match, while Rennie and Mrs. Wright, who give indications of making their way to the finals, had little difficulty winning their match.

Mary Campbell and Marshall Gordon of Victoria had to work for their first set against Mrs. Leachman of California, and Purkis of Toronto, but took the second by 6-2.

The scores were as follows: Men's Singles C. H. O'Halloran, Kingston Street, beat W. A. Stewart Sr., New York, 7-5, 5-7, 6-4. T. McMaster, Vancouver, beat B. Round, Victoria, 6-2, 6-1, 7-5. R. G. Christy, Victoria, beat W. Baker, Vancouver, 6-3, 6-1, 7-5. G. B. Sparling, Vancouver, beat H. Barnes, Victoria, 6-2. P. D. Nicholson, Vancouver, beat A. Bowles, Vancouver, 6-4, 6-4. W. Merston, Victoria, beat E. H. List, Kingston Street, 6-1, 7-5. K. Taylor, Vancouver, beat E. C. Martin, Vancouver, 9-7, 6-1. G. Cunningham, Victoria, beat W. S. Waugh, Victoria, 6-4, 6-4. W. Martin, Regina, beat S. L. Hole, Victoria, 6-2, 6-3. J. W. Kinoshita, Vancouver, beat E. R. Oatman, Kingston Street, 6-3, 6-4. F. C. Castleman, Edmonton, beat M. W. Whitaker, Victoria, 6-2, 6-0.

LeRoy Rennie, of Toronto, beat F. C. Pollard, Victoria, 10-8, 6-5, 6-3. G. C. Grant, Victoria, beat T. G. Wilson, Victoria, 6-2, 6-4, 6-1. Edgell, Victoria, beat Weston, Victoria, 5-7, 6-3, 6-1. Ladies' Singles Mrs. Bourque, Edmonton, beat Miss Ruth Richards, Vancouver, 6-0, 6-0. Mrs. Wright, Ottawa, beat Miss Bryant, Ladysmith, 6-2, 6-0. Mrs. Finlayson, Cowichan, beat Miss P. Hodgins, Victoria, 6-4, 6-0. Miss Moriwake, Vancouver, 4-6, 6-1. Miss M. Leeming, Victoria, beat Miss Farrar, Victoria, 6-0, 6-8. Miss Gillespie, Vancouver, beat

Denies Villa Had Fever Before He Went Into Ring

Sacramento, Cal., July 15.—The announcement that Pancho Villa, who had been examined by a doctor in Oakland and found to be suffering from malaria, had entered the ring in Oakland on July 4, was made here Monday by Walter Yarwood, secretary of the State Boxing Commission. Yarwood said:

"Dr. Litchfield, one of the best physicians in the state, has written a certificate in the legitimate successor, stating that the champion was in perfect physical condition and did not have fever."

Open Match Play Rounds To-day In Western Amateur

Detroit, July 15.—Survivors of a terrible struggle to qualify in a field that was led by Dexter Cummings of Chicago with a record score of 148, the thirty-two golfers entering match play in the Western Amateur Golf Championship at Lochmore, today were bound to see their number reduced to eight at the close of two match rounds by the afternoon each.

Seeded Players Eliminated in Longwood Doubles; Helen Wills Plays To-day

Brookline, Mass., July 15.—Cranston Holman and Lionel Ogden, seeded players in the Longwood doubles tournament at the Longwood Cricket Club, yesterday were eliminated in the second round. Henry L. Johnson Jr. and Malcolm T. Hill, both local players and former national boys' champions, defeated the Western collegians, 5-7, 6-4, 6-4. Greater steadiness and decisive volleying brought the victory.

English Varsity Tennis Players Lost Four Games

Glencoe, N.Y., July 15.—Defeat yesterday marked the first contest for the English Varsity tennis team in this country. In four singles matches of a tournament with the University of California players, at the Nassau Country Club, the English collegians failed to score a single victory, although three of the duels were forced into extra sets.

AT THE THEATRES

BEAUTIFUL GIRLS AS EXTRAS IN "SALLY" NOW AT CAPITOL

During the filming of "Sally," Colleen Moore's latest First National picture, now showing at the Capitol Theatre, there was great excitement on the United "lot" in Hollywood among the host of beautiful girls who had been engaged as "extras." During the early days of the filming, word was passed that Florenz Ziegfeld, "wizard of Broadway" and famous "Glorifier of American Girlhood," was coming to Hollywood himself to witness the filming of this musical success. The excitement among the girls

was inspired by the hope that in one or more of them Ziegfeld might discern material for his "glorification" process. The excitement did not die down until the very final days of the shooting of "Sally" when it was learned that the celebrated producer could not make his intended trip to "movieland" because of the demands upon his time in New York.

THE FOLLIES OF 1925 AGAIN ATTRACTION AT THE GORGE PARK

The management of the Follies now showing at the Gorge Park, has been fortunate in securing the Keith Sisters again. Judging by the welcoming applause at their reappearance on the Gorge stage the other night is proof of the popularity they created by their talent and versatility during last season. And they certainly conveyed to Monday night's audience their intentions of keeping up that reputation throughout this season. Other specialties for this week's show are the black-face trio, Midge, Bill and Bert, who supply the bulk of the comedy on the programme. "Charley," the clever female impersonator, whose graceful dance numbers round off another pleasant and varied show.

A HEAVY MEAL ACUTE INDIGESTION SUDDEN DEATH!

Doctors May Say "Heart Failure," But the Most Common Cause is Stomach Acidity—GAS! Thousands of folks think they have Heart Trouble and live in constant fear of a sudden end, when, as a matter of fact, 99 per cent. of their trouble is probably caused by a Sour, Gassy, Upset Stomach! When the stomach is too acid and the slightest bit of food sets up a fermentation causing bloating and gas, then the stomach distends and crowds the heart, difficult breathing, pressure, dizziness and a feeling of exhaustion and oppression follows—a highly uncomfortable and often really dangerous condition, but not heart trouble! No don't get excited and don't waste valuable time doctoring the wrong thing. Unless you absolutely know your heart is bad, you'll probably find the cause of all your trouble in your stomach—and here's a simple little test to help you prove it. From any good druggist obtain a couple ounces of pure Bisulphate of Magnesia (either powder or tablets) and beginning with to-morrow take a teaspoonful of the powder or 4 tablets immediately after each meal—and see what happens or rather what does not happen. This is a pleasant, inexpensive test that seldom fails to relieve or ward off most stomach distress, Gas, Sourness and Bloating—almost instantly. One day's trial proves its value. Be sure and get Bisulphate of Magnesia, safe and inexpensive. (Adv.)

BETTY BRONSON WAS EAGER TO APPEAR IN CHOCOLATE SCENE

Betty Bronson's ("Peter Pan") favorite scene took place during the filming of the Paramount picture, "Are Parents People," now showing at the Dominion. The scene was the dormitory of an exclusive boarding school and shows Miss Bronson sampling a huge box of chocolate cream. After taking the scene three times, Betty insisted that she thought she could do better and asked that it be filmed again. Not until her mother, who was off-stage, came forward and explained that it was merely a trick of Betty's to eat another piece of candy did director St. Clair understand the reason for his actress's enthusiasm. Co-starred with Miss Bronson in "Are Parents People?" are Adolphe Menjou and Florence Vidor. The picture was directed by Malcolm St. Clair, now at Paramount. St. Clair made "The Lighthouse by the Sea," "Find Your Man" and others just as popular.

HOUSE ENRaptured AS RUSSIAN TENOR INTERPRETS SONGS

Amazing Portrayal by Rosing Charms Victoria Audience

A packed house, an enraptured, enthusiastic and responsive audience; an event and an atmosphere of something that seemed out of season; an artist, temperamental to a degree, and so absorbed in his supreme art that for the moment nothing mattered but the theme and word; a singer of prodigious technical equipment, capable of commanding the most gorgeous colorings, a man who seemingly enjoys every note he sings with the simplicity of a boy, combining uncanny powers of imagination and beautiful perfection in his interpretations; blessed with a superb vocal endowment by Nature, a programme so admirably designed that brought forth intermingling and intertextual contrasts with the classic, the romantic, the dramatic, in the realm of vocal composition, and many ecstatic moments of breathless and spell-bound intensities to be and were enjoyed by all present, all marking the occasion and the experience of an evening at the Empress Hotel ballroom provided in the song recital given last night by the noted Russian tenor, Vladimir Rosing.

CHESTER CONKLIN HAS LAUGH-GETTING ROLE AT COLISEUM

Chester Conklin, former Sennett laugh-getter, has a "right shirl" role in the new M. C. Leveson-Ford National picture, "One Year to Live." He appears as the proprietor of a cheap rooming house in Paris, and his chief job is to open the iron grill gate to admit late incoming tenants. Among these latter are Alleen Pringle, Antonio Moreno and Dorothy Mackail. The picture is now showing at the Coliseum Theatre.

PHOTOPLAY DEBUT OF PRINCESS MARIE WAS IN COLUMBIA FILM

"Janice Meredith," Marion Davies's picture of Paul LeClerc's romance of the Revolution, starring Marion Davies, comes to the Columbia Theatre, starting to-day with real royalty in the cast. Pretty Princess Marie de Bourbon, cousin to King Louis XVI, is played by the familiar with court functions, makes her debut as Marie Antoinette in this thrilling Cosmopolitan production, directed by E. Mason Hopper and distributed by Metro-Goldwyn. Lillie Hayward adapted the novel to the screen, and Joseph Urban designed the settings.

FARMERS' MARKET PROBLEM DEBATED

Westward Shipment of Alberta Grain Hampered, Says Experienced Agriculturist

Peace River Railway Discussed at Civic Conference in Edmonton

Edmonton, July 15.—The Peace River outlet, the question of marketing by the Pacific route and the banking situation were the principal matters under discussion at the afternoon session of the conference of Western civic officials yesterday. The Peace River outlet was the subject of an address by W. A. Rae, Liberal candidate in the Peace River riding, and he was followed by Premier Greenwood, who stated there was little hope at the present time of the construction of a new line to the coast as the estimates of the engineers of both continental lines showed the cost to be prohibitive. He said, however, that the present freight rate conditions would be greatly improved if the expectations of the Government, which was now conducting negotiations, were fulfilled. Mayor L. D. Taylor of Vancouver said there was no adverse criticism in his city of the Hudson Bay Railway project. The delegates here were to co-operate in all that was for the best interest of the Western Provinces. MARKET PROBLEM Marketing brought an interesting contribution from Frank Walter, ex-M.P.P., Fort Saskatchewan, who said he spoke as a farmer of Alberta of forty-two years' experience. Here the people were paying more for what they bought and getting less for what they sold than in any other part of Canada. "The Pacific Coast is our natural outlet," he said, "but we are not getting a square deal in the matter of freight rates. We want equality, we want equal rates, West as well as East." Referring to grain shipments westward, he said that the individual farmer could ship grain where he wanted to, except to the West. To ship West he must get a permit from the company, which might be refused. Speaking of the establishment of a cash market, he pointed out there was no such thing on the Pacific Coast and he established the fact that the much grain would go to the East that would otherwise be sent westward.

that he does, it cannot be denied that as an interpreter he stands on a high pedestal. Such art as he possesses is rare, indeed. His accompanist was Miss Margaret Williamson, a young lady studying vocalism under Mr. Rosing at the Rochester School, N.Y., who throughout a somewhat difficult task met all demands with much skill and discrimination.

The concert, which by the way commenced at the unusual hour of 9 o'clock, was arranged by Miss Ida Wilshire, of Vancouver, who is also manager for Mr. Rosing during his master classes now in operation at the Mainland city. This afternoon Mr. Rosing gave a special programme at the High School before a large gathering of teachers now attending the Summer school.

MAN GAVE HIS LIFE IN MAKING RESCUE

Bridgeman, Mich., July 15.—Re-allying either he or a girl must drown, J. Samuel Council, thirty-six, World War hero and prominent attorney, perished in the waters of Lake Michigan here yesterday to save the life of Miss Helen Covert, twenty-five, of South Bend, Indiana. Council and Miss Covert, members of a picnic party, were bathing with other members of the group. Suddenly Miss Covert plunged into a deep hole. Neither could swim. The man immediately plunged in after the girl. Grasping her body, he held her head above the water while he was walking on the bottom of the lake with his own head several feet under water. The girl was dragged to safety by her friends, and Council's body was washed ashore twenty minutes later.

120 Persons Are Held For Trial

Winnipeg, July 15.—Awaiting trial for violation of the passport law,

more than 120 persons from Winnipeg are in the custody of the United States Immigration authorities, according to information received here. All of the parties will be tried by juries in the districts in which they were arrested, and while it is expected the majority will be deported, some are likely to be given jail sentences.

GREENLAND AGREEMENT

London, July 15.—A dispatch from Copenhagen states it is officially announced agreement has been reached

between the British and Danish Governments, by which British citizens, companies and ships will enjoy most favored nation treatment on the east coast of Greenland, with the excep-

tion of any special rights Denmark may concede to Iceland. This agreement places British subjects on the same footing as Norwegians in East Greenland.

Last Minute News on Stocks and Financial Affairs

New York, N.Y., July 15 (By R. P. Clark & Co., Ltd.)—While the stock list in general reflected moderate buying, the fact remains that particular attention was focused on specialties which made fair-sized gains. American can being a leader in that regard and finding higher levels than heretofore reached.

CHICAGO GRAIN

Chicago, July 15 (by R. P. Clark & Co., Ltd.)—Wheat: Cooler weather for the Northwest was indicated, and fresh selling largely liquidated, forced prices down sharply. Damage complaints persisted from the Spring area and caused frequent flurries, but the trade hesitated on the week.

It will be weather market for the next week, and the price trend promises to be erratic.

After such rapid advance constant buying is essential to hold prices, and without the technical conditions will force many reactions. However, the general crop outlook is such as to warrant support on fair sized stocks from this area.

Corn: Market weak from the start and under pressure the greater part of the day. Weather favorable to growing crops.

BEDTIME STORY

Uncle Wiggily and the Peppermint

Copyright, 1925, by McClure Newspaper Syndicate.
(By Howard R. Garis)

Uncle Wiggily was asleep in his hollow stump bungalow one night when all of a sudden, he heard a crying noise, and a voice said: "Mummy, Mummy, dear, I don't feel very good!"

"Ha! That's one of my little bunnies," thought Uncle Wiggily. But their mother has gone to visit her sister, so he better get up and see what's the matter.

But there was no need, for before Uncle Wiggily could hop out of bed, good, old Nurse Jane, Fuzzy Wuzzy, the muskrat lady housekeeper, was shuffling through the hall in her slippers and with her bath robe flapping at her heels.

"Which one is it, Nurse Jane?" asked Uncle Wiggily, for there were so many little rabbit children living with him now, that in the night, it wasn't easy to know which one cried out.

"I think it's either Jingle or Jangle," Nurse Jane said.

But when she looked in their room these little bunnies were fast asleep. But still there was a crying noise and a voice said again: "Mummy, Mummy, dear, I don't feel good!"

"That's Weezie—I know her voice," said Uncle Wiggily, who had also shuffled out into the hall in his slippers.

"Nurse Jane was shuffling through the hall."

Nurse Jane was shuffling through the hall.

"The Steadfast Heart"

By Clarence Budington Kelland

"But it can't be—it can't be," said Dave. "Such things don't happen. . . . Don't mention this to a soul. . . . Shut your teeth over it and clamp them. . . . Go away now, and let me think. . . . I've got to think."

In an hour Dave was seated in Craig Browning's office; his lean face was drawn, but his eyes were very bright, bright with unthought excitement. "Craig," he said, "Jake Schwartz has remembered what Titus Burke's name used to be. . . . It was Cash Hughes!"

Craig looked puzzled. "Yes. . . . What about it?"

"You're not know? . . . That's true, you moved here after it happened. . . . Craig, Cash Hughes was here twenty-eight years ago. . . . He is the man who ran away with Kate Woodhouse."

"Kate Woodhouse? . . . Henry G's daughter?"

"Yes."

The significance of the statement did not pierce to Craig's consciousness for a moment; then he leaned forward, as tense as his friend, as filled with excitement.

"Then—then you think—"

"What else is there to think? . . . What brought them back to Rainbow? . . . What other boy would they have with them? . . . But the thing is to prove it, Craig—to prove it. We must prove it before we utter a word to anybody. There might be some mistake."

"Yes. . . . Yes. . . . You're in command," said Dave. "I'll bring them back to Rainbow. . . . I'll pay a call on Titus Burke." His voice was grim, determined. It boded unpleasantness for Titus should he prove obtuse.

"In that case," said Craig, "I will pay a call on Titus Burke. His voice was grim, determined. It boded unpleasantness for Titus should he prove obtuse.

SCHOOL DAYS By DWIG

"Is Angus Kate Woodhouse's son?"

"He's my son," said Titus.

"Burke," said Browning, "you're going to die. . . . You're lying to me."

"As God is above us, Titus, I am telling you the truth."

Burke's face twisted horribly—a grimace of that sort of terror which twists and wrings the soul. "He'll go in to die—to-night!"

Titus, sitting beside the bed, spoke to that vexed, unworthy soul, doing his duty as a man of God to soothe, to comfort, to soften—to bring Titus Burke's heart to suppliant posture. . . . He sought to assuage a terror which was abject, obscene. He writhed, he cried out—but there was no comfort, no ear to which he could cry for mercy. . . . A word of Alvin's caught his ear. "Make your peace with God. . . . To make peace he could understand; to make his peace with a human being—to come to an arrangement, an amicable settlement of differences. . . . But he was not going into the power of a God who hated him. . . . He pictured God in this first moment in years which he had given up to a consideration of Divinity, as a God capable of hatred and of revenge—of some awful, mysterious revenge far beyond the power of the most malignant mortal hands to visit upon him. . . . To make his peace with God—to reach a composition with his Being—to dicker—to save himself from tortures which he could only visualize as physical. . . . "How? . . . How? . . . He gasped. Alvin explained patiently, gently, the theory of his religion; the promise of repentance—the guarantee of repentance by the performance of a righteous act. . . . Titus did not wait for him to finish. "Oh, fetch Wilkins. Fetch Browning."

"But repentance—"

"Titus uttered an oath. 'Quick!'"

And so, on the lip of death, Titus Burke told his story, told the truth—and substantiated his words. Hidden away, carried with him for years with that curious persistence people exhibit in clinging to certain objects, certain reminders, was an old leather wallet—and in the wallet were documents, marriage license, certificate, the birth certificate of Angus Burke. . . . There was a picture of Titus and Kate Woodhouse taken in the first flush of their elopement. By confession and by documents Titus Burke established beyond peradventure that Angus Burke was the legitimate son of Kate Woodhouse, the grandson of Henry G. . . . To be continued.
