A PERFECT DINNER must not only be well cooked, it must be well served.
It must please the eye as well as the palate.

Therefore, do not have your dinner-set all one kind of china, but use pleasing contrasts for the different courses.

The simplest table outfit, skillfully chosen, is far more effective than the finest if badly selected.

The importance of this subject is now so generally appreciated, that a man is judged as much by his china as by his pictures.

Choose, then, your table outfit with the utmost care, not forgetting that "course sets" are a specialty with ABRAM FRENCH & Co., on Franklin Street, Boston, who give you, by far, the finest assortment in the country from which to make your selection.

PREFACE.

A WORD TO THE READER.

THESE menus are not, as may be supposed, a chance medley, thrown together without regard to season or taste. On the contrary, they are, without exception, based on the market supply of the month, and so constructed that the roast, or portion left over from one meal, is utilized as *entrée* or some other desirable form for the next. They are the work, not only of a practical house-keeper, but of one who has also had large experience in cooking-schools, and who has thus learned every difficulty encompassing the question, "What shall we have for dinner?" That the reply may be made easier by the dinner for every day in the year given here is the wish of the writer, who gives here the result of many years of experience.

BENT & CO., - - - Milton, Mass.

Read what the "New York Home Journal," "Boston Saturday Evening Gazette," and "Good Housekeeping" say about Hand-made Crackers:

THE fine hand-made crackers of BENT & COMPANY, of Milton, Mass., are preferred to all others, whether of home or foreign make, by people who make it their pride to procure for themselves and set before their friends only that which is best in its kind. Hostesses, if there be any who have not yet tried these delicate and toothsome *morceaux*, should not issue their cards for a luncheon or dinner, or any occasion when a choice repast is served, without applying to their grocer for a box of BENT & CO.'s Crackers.—*Good Housekeeping*.

BENT'S CRACKERS.—A good glass of wine with a few of Bent & Company's Crackers is as dainty a refreshment as one could offer a visitor, or with which one could comfort himself in a solitary hour of the evening. Every one, the bachelor in his retirement and the hospitable hostess, should be provided with a box of these crackers for such occasions.

They are the sweetest, crispest and most toothsome things of the kind that are made. All the leading grocers sell them, not only in this country, but everywhere in Europe.—*New York Home Journal*.

BENT & Co.'s name stamped upon a cracker is *prima facie* evidence of its excellence, the world over. And "the world over" is not a buncombe expression in this connection, since their crackers are sent to all parts of the civilized world. The house was established in the first year of the present century, and the growth of its business is but the natural result of the superior value of its products. Every summer cottage should now be supplied with their hand-made cream butter crackers and other fancy biscuit for after-dinner use, and every camping-out party will find them invaluable as *a multum in parvo*.—*Boston Saturday Evening Gazette*.

TEAS.

WE beg to call the attention of the public to the fact that we offer especially good value in this article, and invite a comparison of the quality of our 50 cent and 75 cent grades with that of Teas sold by most other dealers at 75 cents and \$1.00. It should be borne in mind that many dealers fall back upon Teas as their principal source of profit, while we have the various departments of our business to depend upon, viz. : Staple and Fancy Groceries, Wines, Cigars, etc., both at wholesale and retail.

Our 50 cent Formosa Oolong has been valued by experts at 3 cents per pound better than the 70 cent Oolong of one Boston dealer, and at 5 cents per pound less than the 75 cent Oolong of another.

The "fancy" LONDON MARKET TEAS, which we offer at \$1.00, \$1.25, and \$1.50, are for those who appreciate such an article, and can be found in the hands of only a few dealers in this country

We invite a comparison of the quality of our Coffees with those of any dealer in the country.

WIESBADEN GOODS.

We beg to call the attention of the public to the goods put up by ADOLPH ROEDER, Wiesbaden, Germany, and claim that the same are the finest articles of the kind ever offered in this or any other country. Mr. Roeder is a manufacturer of ample means and long experience, having been brought up in the business by his father, whom he succeeds. His establishment is situated in the center of one of the finest fruit-growing districts in Europe. His fabrications are well known in the large cities of Russia, Italy, Spain and England, and are a household word among the numerous courts of the German states. The style of packing is particularly attractive.

We must caution the public against certain imitations of Mr. Roeder's specialties, put up by unscrupulous manufacturers at Mayence and elsewhere.

These imitations, though having the same general appearance as the genuine, are put up in "potato sugar," a product similar to glucose, and are sold at a comparatively low figure.

Caswell, Hazard & Co.'s Olive Oil

(TABLE.)

(Especially Expressed for, Imported and Bottled Exclusively by Us.)

From Murrey's "*Salads and Sauces*," by the author of "Valuable Cooking Recipes," "Fifty Soups," etc., we clip the following:

"Having tested nearly every brand of oil on the market, sold as **OLIVE OIL**, I have found ninety per cent. of them either made from inferior olives or mixed with other oils, and, therefore, useless as salad oil. Last spring, I happened to buy a bottle of oil from **CASWELL, HAZARD & CO.**, under the Fifth Avenue Hotel, and was delighted to find that it stood the tests admirably. As a final test, I exposed the sample to light and air three months, having previously removed the cork and placed over the mouth of the bottle a thin piece of muslin. At the end of this time, I sampled the oil and found it just as sweet as when I first tasted it; there was no sediment on the bottom of the bottle, and had it not been thoroughly pure, or had it been pressed from bruised or decayed olives, it could not possibly have stood the severe tests to which I subjected it."

CONGRESS SPRING.

THE STANDARD MINERAL WATER.

IT is a purely Natural Mineral Water, CATHARTIC, ALTERATIVE, and slightly stimulating and tonic in its effects, without producing the debility that usually attends a course of Medicine.

It is used with marked success in affections of the Liver and Kidneys, and for Dyspepsia, Gout, Chronic Constipation and Cutaneous Diseases it is unrivaled.

It is especially beneficial as a general preservative of the tone of the stomach and purity of the blood, and a powerful preventive of Fevers and Biliary Complaints.

It is of special value to Ladies, as from its great purifying properties it has good effect in clearing the skin and giving it a healthy, beautiful appearance. In the morning, a SAFE CATHARTIC tones the appetite and promotes digestion. The stomach is cleansed and purified, the nervous and muscular system invigorated and germs of disease thrown off.

The harsh Mineral Waters, holding an excess of LIME and IRON in their composition, produce (with other evils) watery alvine ejections, and, if long continued, an irritation and even inflammation of the intestinal canal and kidneys. This is a point to be borne in mind, and it should not be overlooked in the use of this class of waters.

The superior excellence of Congress Water is evidenced in the *happy proportion* of its several ingredients, which combine to make it so efficient, and in the positive and *absolute solution* in which these pure ingredients are held when BOTTLED, making it without doubt, one of the best and *safest saline cathartic waters* ever discovered either in this country or Europe.

For Pamphlets, Circulars, and Analysis Cards giving full information regarding the use of Mineral Waters, enquire at the Company's Offices.

For sale (in Bottles only) by all leading Druggists, Grocers, Wine Merchants and Hotels.

Bigelow Carpet Co.

ORIGINAL POWER-LOOM MANUFACTURERS OF

Wilton and Brussels CARPETS.

The Carpets made by this Company have received the highest award wherever exhibited, including Gold Medals at the Paris Exposition, 1878, and at the Centennial, 1876.

Their deserved reputation for excellence of fabric, richness and durability of color, novelty and beauty of design, has led to frequent infringements, and inferior goods have often been palmed off in their stead. For the protection of the public, the Company has adopted as a trade-mark the word "**BIGELOW,**" which will be woven (at every repeat of the pattern) in white capitals into the back of the fabric.

Customers will therefore have merely to examine the back of a carpet to be certain that they are getting the genuine Bigelow Wiltons or Body Brussels.

**These Goods can be obtained from all
first-class dealers.**

PLEASANT VALLEY WINE CO.,

RHEIMS, STEUBEN COUNTY, N. Y.

OVER a quarter of a century ago our Company was organized in the present location, which has become the most extensive grape-growing region east of the Rocky Mountains. The object in view was to improve the cultivation of the Vine, to bring out and test new varieties, and to make good, honest, wholesome American Wines. This policy has been strictly adhered to.

To all who have watched our efforts and progress we ask : Have we not accomplished our purposes? What brand of imported Champagne is more beneficial to the human system than our **Great Western**?

We can assure our patrons, friends, and the public, that our wines are absolutely pure and wholesome. We are proud of our success, and it is our purpose to keep in the straight path of mercantile honor, make and sell pure, honest wines ; believing the people of America will appreciate and sustain us in our efforts.

CHAMPAGNES.

Great Western. A fine rich, Dry Wine ; perfect in effervescence.

Extra Dry. Similiar to the Great Western, but rather drier.

STILL WINES.

Dry Catawba. A light White Wine ; pure juice of the grapes, resembling a fine Rhine Wine.

Sweet Catawba. A heavy, rich, fruity Wine ; will keep on draught in any climate and in any kind of package.

Port. A heavy red Wine, made from choice black grapes, fermented in the skins, which gives it its color perfectly pure. Like Sweet Catawba, will keep on draught. Its medicinal qualities cannot be excelled.

THE BALDWIN DRY AIR REFRIGERATOR, FOR HOTEL, RESTAURANT AND FAMILY USE,

has no equal for pure, cold, dry air, free from moisture or foul gases.

The United States Government has adopted them for Hospital use in preference to all others, at Chelsea, New Orleans, St. Louis, Cincinnati and Mobile; also Homœopathic Hospital, Boston.

It is a well-known fact that damp refrigerators generate gases that are very injurious to health, particularly with children and invalids. Parties in want of a refrigerator should call and examine these refrigerators and read the testimonials before purchasing elsewhere. Send for circulars.

H·E·A·L·T·H! IMPORTANT TO ALL.

About the healthfulness of the A. M. C. Perfect Cereals, a volume could be written. We can only state in a brief and general way, that there is nothing, which can be eaten, which tends more to keep the general system in as perfect condition as the daily use of these Foods; and all the more desirable, both for health and pleasure, are the numerous changes which our varieties offer. In this connection, we presume to advise families to experiment for themselves, changing from one to another, for the BREAKFAST DISHES. The cost of buying a package of each is small, and no more, than to continually use one kind, and we predict some agreeable surprises. All conditions and ages are benefited by the use of these Foods, from infancy to old age; and having arrived at the latter stage of life, we are the better in general health for having been fed them in the cradle.

There are Thirteen Varieties, viz.:

- | | | |
|-----------------------|------------------------|------------------------|
| ROLLED OATS. | OAT FARINA. | CRACKED WHEAT. |
| ROLLED WHEAT. | PEARLED BARLEY. | PEARLED WHEAT. |
| ROLLED BARLEY. | GRAHAM FARINA. | GRAINS OF GOLD. |
| OAT-MEAL. | PEARLED HOMINY. | WHEAT FARINA. |
| | HOMINY GRITS. | |

Try one package, and you will be convinced. Take only the A. M. C. Perfect. For Sale by all Grocers.

A NOTED CHEMIST SAYS

that "the label and trade-mark of a known, reliable, and responsible manufacturer, is the best protection the public have against frauds, imitations, and counterfeits."

Look at soap, as an illustration. Take, for example, the many kinds made at a price less than the actual cost of raw material; such must, of necessity, be composed of substances of no value except to lessen cost by adulteration. What satisfaction or economy can consumers find in such goods?

The name of CURTIS DAVIS & Co., makers of the

WELCOME SOAP,

guarantees the quality and merit of a first-class article. They alone are responsible for their reputation as manufacturers.

BENT & CO.'S CRACKER MEAL

is one of the most extensively used articles now in the market, and is the only article of its kind manufactured from their celebrated Hand-Made Water Crackers, which are the purest and best crackers made, and is warranted not to contain any acids, grease, lard, or saleratus. It is absolutely pure, and will keep for a long time ; is used by the best cooks in New York and Boston, and very highly indorsed and used by the Boston Cooking School as the only article that they had yet found that came up fully to the requirements, in which to fry clams, oysters, cutlets, etc.

BENT & Co.'s Cracker Meal is put up in 1-lb. cartons, and in every carton is enclosed forty receipts, written expressly for BENT & Co., by Mrs. HESTER M. POOLE, of New York, who has thoroughly tried every receipt.

BENT'S CRACKERS.

More than eighty years ago a factory for the manufacture of crackers was established at Milton, Mass. The business, which was begun on a small scale, has been carried on through all the intervening years up to the present time, and has now reached very large proportions. The crackers are made by hand, in the same way as they were originally, and of the best flour. The ovens are heated by the ancient method of burning fagots in them, which renders them free from gas. The Bent crackers are used in most of the leading hotels in this country, and are shipped in large quantities to all parts of the world. For family use they are unexcelled, being very palatable and healthful. They are praised whenever referred to by anyone who has used them.—*Boston Courier* (Sunday, Nov. 14, 1886).

FAC-SIMILE OF BOTTLE.

THE GENUINE JOHANN · HOFF *Malt Extract*

IS PUT UP ONLY LIKE THIS FAC-SIMILE OF THE BOTTLE.

An abstract from the work on "Pulmonary Diseases," published by Prof. Prosper de Pietra Santa, of Paris :

"For some years Johann Hoff, of Berlin, has manufactured a Liquid Malt Extract which the medical profession have used with such beneficial results, because of its great dietetic properties. This Malt Extract has remarkable nutritious action, both tonic and refreshant, and has proved to be of great value in chronic diseases, producing a contraction of the muscles of the digestive organs. As an aid to digestion it is wonderful in building up lost power. The great practitioners of Paris—Blache, Barth, Geuneau de Mussy, Pidaux, Fauvel, Empis, Danet, Robert de Latour, Bouchut, Pierry and Fardien—highly recommend this pleasant remedy in restoring weakened digestion. My personal experience leads me to confirm the praise which Prof. Laveau expresses in the following words: 'As a large number of patients lack the requisite power to digest solid food, and would, through the use of stimulants, be merely excited and weakened, therefore I regard it of immense value to the practitioner to be able to call to his aid a nutritious tonic and remedy like the genuine Johann Hoff's Malt Extract, which will act not only as a tonic but as a nutrient as well, and which is less exciting than wine or any stimulant.'"

Dr. Prosper De Pietra Santa,

Place L'Ecole de Medecine,
Rue Antoine Dubois, 2, Paris.

BEWARE OF IMITATIONS.

The genuine Johann Hoff's Malt Extract has the signatures of "JOHANN HOFF" and "MORITZ EISNER" on the neck of every bottle.

The Japanese Parlor.

ONE OF THE MOST FASCINATING PLACES FOR LADIES TO VISIT IN THIS CITY IS THE JAPANESE SALESROOM, WHICH MR. N. M. HATCH, THE WELL-KNOWN AUCTIONEER, OPENED SOME TIME AGO AT 238 TREMONT STREET.

Mr. Hatch has enlarged the parlor devoted to this business by taking in the room at the back of the one originally devoted to this branch of his trade, so that he has much more room to display his large stock of goods. Ladies who are strangers to this Japanese parlor, and have been in the habit of buying the wares of these ingenious people from out of choice stock at high-priced places, would be surprised at the charming articles that can be purchased here at astonishingly low figures. Mr. Hatch is carrying a stock of \$30,000 of goods from all parts of Japan, purchased from the six largest importing houses in this country. By buying his goods in this way, he is able to cover the whole country of Japan, and offer to his patrons an almost unlimited variety of goods at very low prices. There ladies will find a great variety of the cute little oddities so suitable for progressive euchre prizes and for German favors. The tables are so arranged that in the front room one will find a 5, 10, 25 and 50 cent counter containing an attractive variety of porcelain, china, straw, lacquer and other work of which the Japanese make specialties. The stock of lacquer and bronze work shown is especially attractive, while in Kaga and Owari ware there is a great variety offered at prices that will astonish those accustomed to buy of some of the Boston dealers. He also shows some fine specimens of Satsuma, Cloisonne and Kioto ware.

A specialty is made of straw work, and beautiful baskets are offered at prices from fifteen cents up.—The baskets are exquisitely made, and some of the covered baskets suitable for handkerchiefs and gloves, that are offered for 25 cents, are a bargain not to be found elsewhere, and only equalled by the new line of waste-baskets just received and marked at prices equally low.

The screens occupy an entire side of one of the rooms, and a really pretty one can be had for \$2.50, or an elegant affair in silk for \$70, according to the size of one's purse.

The line of porcelain boxes from 20 cents up, and the pretty rose jars at similar figures, are also worth examining.

Mr. Hatch has much enlarged his stock since he enlarged his quarters, and ladies who have not been there lately, whether they want to buy small articles or invest in choice bits of bric-a-brac, pretty Japanese bronzes, or rich carvings in teak wood, would do well to visit there before the holiday rush sets in.
