New York, July 26, 1869.

The artificial monetary stringency, referred to in our last monthly report, continued unabated up to the end of the first week in July, when it relaxed, under the Secretary of the Treasury's direction to purchase, within the current month, twelve millions of 5.20s, to be held subject to the future action of Congress, in addition to two millions to be bought for the Sinking Fund. This move, calculated to relieve the money market by bringing, as against the sale of two millions of the Treasury gold, about fourteen millions of the currency balance of the U. S. Treasury to its aid, proved, for a day or two, a "stunner" to that powerful "combination of bear operators in stocks and gold," who were then manœvering the monetary stringency as a means to "break these markets." They soon, however, began to recover from that unexpected blow, and made arrangements to swallow, or rather ingeniously "lock up" any amount of money, when they, still more unexpectedly, received a "finisher" from another quarter. A law, making 7 per cent per annum the legal interest rate, and extortions beyond that figure amenable to fine and imprisonment, having, though on the statute-book of this State, *de facto* remained a dead letter for and given little concern to the money-lenders of "Wall-street," the District Attorney—*tanquam Deus ex machina*—very effectually came to the assistance of the money market, by having a number of those money-brokers indicted by the grand jury and arrested for usury. Since that to "Wall-street," ever memorable event, the money-market has been super-abundantly supplied; 6 per cent is to-day the ruling rate of interest for call-loans on stock collaterals, with frequent transactions at 5 on governments, and exceptional cases of 7 on inferior collaterals. We venture to say, that lenders would make still greater concessions, if borrowers would less readily accept of the present interest rate, from comparing the same with those exorbitant rates prevailing a few weeks ago. This remarkable change in the condition of the money market might go far to vindicate the usefulness of "usury laws." But, unfortunately, as yet, it has chiefly proved a benefit only to a certain class of "speculators," whilst the legitimate trade has still to submit to higher rates of interest. The discounting rate for commercial paper is still 9@11 per cent for prime four months' acceptances, with as many exceptional transactions at 12 as at 8 per cent. Owing to similar experiences, usury laws are not lavored, but beginning to be abolished by the older and more experienced governments of Europe. For—aside of the demand of justice: to allow holders of money, like those of any other property, to make the most they can out of it—experience taught those nations that "usury laws," like other laws of a similar bearing, do not in reality prevent the respective evil, nor, in fact, reach the respective evil doers, but multiply the "birds of prey," and, by forcing their nefarious pursuits out of the daylight, make them bleed their victims the more unmercifully and thoroughly in the dark. Trade regulates itself in the end. Whenever money, from an unmitigated desire of its holders to

accumulate fortunes rapidly, is, as a generally, diverted from its legitimate channel of investment to speculative bubbles, not "usury laws," nor anything else, short of a "crashing collapse of those bubbles," and the consequent "vanishing" of many fortunes, will bring the "survivors" to their senses, and make them inclined to take smaller but surer profits, by aiding those enterprises which tend to enrich the community at large.

Foreign Exchanges are firm at the standard of sterling 60 days, commercial, 109@110 1/2; prime bankers', 109 1/2@110 1/4; short sight, 110 1/2@110 1/2.

Gold having fluctuated during the month quite wildly between 138 and 134, as outside figures, is to-day unsettled at 137.

For to-day's Stock quotations in the various branches of the New York Stock Exchange, see page 27.

The following letter has been addressed by the Secretary of the Treasury to the Controller of the Currency, July 28:

SIR: Referring to my letter of 14th ult., I have decided to permit the substitution of 10-40s for 5.29s, or the exchange of any gold-bearing bonds now held as security for circulating notes on the basis hitherto adopted. The 10-40s to be received at 85 per cent of their par value, and all other six per cent gold-bearing bonds at 90 per cent. The six per cent currency bonds issued by the United States to the Pacific Railroad, will not be received as security for the circulation of National banks, and the exchange of the gold-bearing bonds is subject hereafter to revision if it shall be found that such exchanges are so frequent as to become onerous to the Department.

Very respectfully,

GEORGE S. BOWWELL,
Sec. of Treasury.

B. F. HERSH, has been appointed Cashier of the Muskingum National Bank, Zanesville, Ohio, vice D. C. CONVERSE, resigned.

Paper Used for Printing Government Securities.

The following has been issued:—

TREASURY DEPARTMENT, July 21, 1869.

Notice is hereby given that the Secretary of the Treasury, by authority of the law, has adopted a distinctive paper which will be hereafter used until otherwise ordered, for all other obligations and other securities of the United States. One of its peculiarities is the introduction of colored silk, cotton and other fibrous materials into the body of the paper while in the process of manufacture.

By the law of the United States it is made a felony for any person to have or retain in his custody or possession any paper adapted to the making of any such obligation or securities, and similar to that designated by the Secretary of the Treasury, or some other proper officer of the United States, and any person offending against the statute will, on conviction thereof, be punished by a fine not exceeding \$5,000, or by imprisonment and confinement at hard labor not exceeding five years, or both, in the discretion of the court.

GEORGE S. BOWWELL,

Secretary of the Treasury.

The Treasury Department has made arrangements for a change in the printing and issuing of revenue stamps. It has been the study of the officers of the revenue, for a long time, to remedy the evil of a lack of responsibility in this branch of business, and, therefore, it is believed the corrective will be to print and issue the stamps in the same manner as the currency of the country is printed and issued, namely: The stamps with new designs printed in Philadelphia and New York, to be forwarded to the Department for the impression of a seal upon them prior to their being issued from the Department direct.

NEW COUNTERFEITS.

Every counterfeit that has ever been made has one or more mistakes in it. Our aim is to show what that mistake is.

JEWETT CITY NAT. BANK, Conn.
2s and 5s, imitation, are in circulation.
50s, GREENBACKS.

Imitation. Observe the figures 50 on back of the bill around the margin. The 5 in the imitation runs into the 0 on the lower left corner, and reads 550 instead of 50. The buttons on Hamilton's vest which are very distinct in genuine are scarcely discernible in the counterfeit. Genuine has FIVE while in the counterfeit you can hardly see FOUR. The note is dated March 10th, 1885. We would advise our patrons to scrutinize carefully all \$50 Treasury Notes, unless they know the parties from whom they receive them.

Wyoming Co. Nat. Bank, Warsaw, N. Y.
5s raised to 100s. The bank issues no notes above 20s. Easily detected by the 100s in the upper corners on the face of the note. The alterations are made by removing the color and printing in its place. The ONE HUNDRED DOLLARS after "will pay on demand," are unusually well put in. The green ink on the back is of a yellowish tinge.

National Bank of R. I., Newport, R. I.
2s, imitation. Lively to deceive.

Rhode Is. Nat. B'k, Providence, R. I.
2s imitation. Quite well done and very likely to deceive.

5s GREENBACKS.
The green ornamental engraving lengthwise of the bill in the counterfeit is of a paler color than in the genuine, and has a brighter look than the dark green of the original. Seen under the microscope the engraving is coarse, but to the naked eye the bills have a very good appearance.

Albany City National Bank, N. Y.
19s, imitation. The engraving is scratchy, and the general appearance poor when compared with the genuine, but likely to deceive.

Mutual National Bank, Troy, N. Y.
10s, imitation. Well executed and likely to deceive. Shading of "United States" lighter than the genuine.

National Bank of Lebanon, N. H.
10, imitation. Well done.

St. Nicholas National Bank, N. Y. City.
2s, imitation. General appearance good. Shading under title of bank irregular.

Auburn City National Bank, N. Y.
10s, imitation. The paper is good and will wear well. The front of the bill is quite well done, but the back is very much blurring—the left end of the centre engraving looking as rough as a brush heap.

Gore Bank, Hamilton, Canada.
4s, a very close imitation—better refuse all bills of this denomination.

20s GREENBACKS.
A dangerous counterfeit. Green ink a good color, but the paper too yellow. Principal defect in the die. No clear and distinct lines around the 20. Looks more like a collection of several spots. Female well done, but the face rather coarser than the genuine.

First Nat'l Bank, Louisville, Ky.
5s, imitation. Columbus at the left end of the note has no left hand. Engraving rather coarse and heavy.

FRAUDULENT BANKS.

Lynn Park National Bank, N. Y. (No such bank.)
2s. Very well done.

Nat. Union Bank of Linderpark, N. Y.
2s, (NO SUCH BANK) well calculated to deceive.

National Bank of Idaho Territory.
10s. Well done.

National Bank of the State "IN" N. Y.
10s. Coarsely done.

Mechanics' National Bank of Janesville, N. Y.—(NO SUCH BANK.)
10s. A very good looking bill—look out for them.

Also, classified lists of all publications devoted specially to the interests of Religion, Agriculture, Horticulture, Medicine, Surgery, Education, Juveniles, Free Masonry, Odd Fellowship, Temperance, Commerce, Finance, Insurance, Real Estate, Mechanics, Law, Sport, Music, Woman's Rights, and those printed wholly or in part in the German, French, Scandinavian, Spanish, Hollandish, Italian, Welsh and Bohemian languages. A volume of over 300 pages, bound in cloth.

PRICE—FIVE DOLLARS.

Forwarded to any address on receipt of price.

G. P. ROWELL & CO., Publishers,
No. 40 PARK ROW, NEW YORK.

A Pamphlet of 32 pages, containing a list of over 1,000 Newspapers, which are particularly recommended to advertisers, with estimates showing the cost of any advertisement, sent free on receipt of Stamp.

THE NEWSPAPER ROOM.

GEO. P. ROWELL & CO'S Advertising Agency, No. 40 Park Row, N. Y.

FOR \$100 PER LINE we will insert an advertisement in one thousand Newspapers, or a month. The list includes single papers of over 100,000 Circulation weekly, more than 100 Daily Papers, in which the advertiser obtains 24 insertions to the month, and the LEADING PAPERS IN MORE THAN 500 DIFFERENT TOWNS AND CITIES. COMPLETE FILES CAN BE EXAMINED AT OUR OFFICE. Send Stamp for our Circular.
Address GEO. P. ROWELL & CO., Advertising Agents, New York.

Every Newspaper upon our Lists may be found on File at our office, and the Files are kept complete for Three Months to give ample time for examination by Advertisers.

Each Newspaper is examined daily by competent persons, and every insertion of each advertisement checked upon books kept for the purpose. If any omissions occur, the publishers are duly notified and required to make the full number of insertions good.

Our arrangements for the careful and methodical transaction of our business are most complete, and advertisers could afford to pay an increased price to secure our services were it necessary, but such is not the case, as our commissions are paid by Publishers, and the rates at which we contract are lower than could be obtained from the offices of the newspapers direct.

We receive advertisements for all Newspapers throughout the Country at Publishers' Rates; and with many of the Leading Papers we have Special Contracts whereby advantages are secured for our customers.

Estimates, showing the cost of advertising in any list of papers, furnished on application.

We receive the largest Newspaper Mail that comes to New York City.

We—ourselves—BELIEVE in Advertising; we cannot recall the name of any business firm which is at the present time so extensively advertised as our own.

We know by experience where and how to Advertise.

The amount of Advertising sent from our house, in a single year, exceeds, by many thousand dollars, that emanating from any similar establishment in the world.

Advertisers will readily see the advantages we possess for transacting their business.

COUNTERFEIT GREENBACKS.

1s, (1st kind) can be readily detected by the inferior style of the engraving, particularly the head of Chase. The mouth is crooked, the eyes imperfect, and the hair on the top of the head resembles side hair brushed over to cover baldness. The back is o, a lighter green than the genuine.

1s, (2d kind) the general appearance is very coarse and may readily be detected; green ink is very pale. On the imitation there is a BLACK STRAIGHT LINE under the red figures on the upper part of the bill; none in gen.

2s, imit., well executed. Coat of Hamilton badly done. The shirt bosom of Hamilton is very dark and uneven, but in the genuine white and plain. The shading of the words "UNITED STATES" light and broken.

5s, 10s, genuine notes without the red seal, and others reported without the serial number being printed upon them.

5s, imit., words "United States" heavily shaded. Gen. are clear, lightly shaded and plain. The words "Patented 30th June, 1867," under the words N. York are not on the counterfeit bill. All the counterfeits are letter A, and are $\frac{1}{2}$ inch shorter than the genuine.

On the new series of letter "A," around the figure of Liberty on left end is a plain black line. On the counterfeits, this line along the bottom of the figure running towards the right of the note forms two distinct lines, on gen. only one. But this

may be a counterfeit's dodge to have it described and alter it afterwards.

5s, imit., this bill is well calculated to deceive, and the only difference we can detect is in the die on the right end enclosing the figure 5. The genuine has three black circles enclosing the 5. The imit. has only two, and on lower right end figure 8, and on left end series 90.

10s. Paper very light, and the green ink of a lighter shade. Dated March 10th, 1862.

10s alt'd from 1s, portrait of Chase on left.

10s imit. There are 16 small Xs on upper right margin, and only 15 on the genuine. The words "Printed by the National Bk Note Co." on lower left margin extends over 9 of the Xs on imit. and 8 on the genuine.

10s, imit., has 14 small x's on upper right margin—16 on left. The gen. has 15 x's each side of engraver's name. Portrait of Preet. Lincoln is very coarse and pale looking; imit. are dated Washington, March 10, 1862, letter C.

70s, very close imit. of gen., the engraving is good, in the center figure the foot of the female can scarcely be seen. On the left end bottom are the words "Payable at the Treasury of the U. S. at New York." The A's in payable are too small and uneven. The letter "s" in the word "The" is not crossed in the centre. The imprint is defective; the green ink is of too light a color.

50s, alt'd from 2s, portrait of Hamilton on left centre. The vignettes of the two-dollar and fifty-dollar Treasury note are the same. Ingenious persons are counterfeiting the body of the fifties and using the vignettes of the twos, producing a note that deceives experts.

50s, imit. observe the figures 50 on back of the bill around the margin, the 5 in the imit. runs into the 0, gen. does not. The word "FIFTY" around the above 50 can scarcely be read. Words "LAWRENCE" is very much blurred. Letter C dated March 3, '68. On the left lower corner the No. 550 instead of 50 enclosed in one circle.

50s, imit., observe the head of Hamilton, upon the face of the note, which represents the line of the waistcoat crossing the white collar at the neck. The acute angle formed by the shape of the collar, so far as it is shown, is perfect in the counterfeit, but in the genuine the lines of the flesh were drawn by the engraver across the point of the collar at its junction with the waistcoat, for the purpose of relieving the angle of the sharpness it would otherwise have exhibited. This difference is not readily observed unless the notes are perfectly clean. The other discrepancy is in the shape of the ornaments in the border on each end of the face of the hills, and in the whole border on the back. The figures "50" are engraved on a green ground, of which the rim, in the genuine bill, is in octagonal form, rather well defined, though the angles are not sharp. The eight sides of what at first view appeared to be circles, may be easily discerned. In the counterfeit hill the border ornaments, containing the "50" are octagonal in only a very slight degree, and seem to be perfect circles. The general appearance of the counterfeit gives no indication of its true character.

100s, imit. the red figures are much larger than the figures of any Treasury Notes, the wings of the eagle are very coarse—the double rule running from it is heavier, and the curve twice as large, while there is a diagonal shading at the joint of the imprint with the rule, which does not appear on the genuine. On the right end of the back of the bill, the 100 in the circles are inverted, thus, 001. In the genuine this inversion is on the left end. The imprint, American Bank Note Co., is very uneven, and too large.

100s, imit., (2d kind) of the notes issued under the act of February, 1862, well executed. The spurious note is smaller, and the coloring on the back is paler than on the genuine bill. The words "one hundred dollars" on the right hand side of the counterfeit are smaller than on the genuine note.

100s, imit., (3d kind) the note is smaller than the genuine, the spread eagle is very coarse, and the shading of UNITED STATES is badly done. The bill is calculated to deceive.

COUNTERFEIT COUPONS.

The following are the words on the coupons: "Acts of July 17 and August 5, 1861. The United States of America will pay to bearer fifteen dollars for six months' interest due 1st January, 1867, upon bond No. 785, for \$500. L. E. Chittenden, Register United States Treasury.

100s, imit., (3d kind) the note is smaller than the genuine, the spread eagle is very coarse, and the shading of UNITED STATES is badly done. The bill is calculated to deceive.

COUNTERFEIT COUPONS.

The following are the words on the coupons: "Acts of July 17 and August 5, 1861. The United States of America will pay to bearer fifteen dollars for six months' interest due 1st January, 1867, upon bond No. 785, for \$500. L. E. Chittenden, Register United States Treasury.

FIVE CENT COIN COUNTERFEITS
Are in circulation. They may be distinguished from the genuine by the softness of the metal

COUNTERFEIT

FRACTIONAL CURRENCY.

Old Issue.

50s, imit., the portraits of Washington differs one from another; in the genuine they are all alike; the green color looks light and pale.

25s, imit., well executed. Look out.

2d Issue.

10s, imitation. All gen. on the top has the word "Depositories," the imitation reads "Depositories."

50s, imit., have a pale slate color. The small barrels on lower right corner are very indistinct. The gen. have six barrels perfectly clear and plain. Three on lower row, two on next, and one on top. The counterfeit has two are black, and gen. are white.

50s raised from 2s.

3d Issue.

50c, imit.; two kinds of the new long 50 cent currency. The imitation of one kind has DESIGNATED on upper right corner instead of DESIGNATED. The second kind has designated correctly spelt, but on the little American Shield, under the Eagle, there is a black line across the upright bars of the Shield, and on the genuine.

25c, imit., are very pale and coarse. The letter G in cents on left end is smaller than the other letters, and too far out.

New Issue.

25, imitation. Above the words "Treasury Department," on the bottom of the hill in the genuine there is a fine narrow line—the counterfeit have a straight line.

Notice the shading of the "25" on the back of the note. The genuine is dark, while the counterfeit's is very pale, and very little darker than the other green. The word "of" on the face of the genuine appears thus—"of"—on the counterfeit "of."

25s, imit., well executed, out may be detected by the absence of a period (.) after the word Treasurer under Spinner's name; the work is better than any we have previously seen and liable to deceive unless carefully examined.

25s, well executed; head of Chittenden; where it reads "Furnished only by the Assistant Treasurers" the Assistant is spelt "Assiatatin." In the genuine the shading of the letter "E" in "Five" is unbroken, while the counterfeit has a little notch in it.

50s, well executed. The engraving on the face of the note is excellent. The adverse is slightly blurred. The notes are an eighth of an inch narrower than the genuine.

50s, the "y" in "Colby's" name crosses a line of the coat in the genuine, but not in the counterfeit.

50s, the line of stars on counterfeit between the figures "50" at the top and bottom of the back of the note have white centres, while the entire stars on genuine are in green. The reading in black on the genuine note clear and distinct, while on the counterfeit the bronze is printed on the black, the words "FIFTY CENTS" being almost obliterated.

50s, well done. The last "e" in the signature of F. E. Spinner is omitted in some, and the (.) after print, on one end, and the d. after March 30.

50s. New and dangerous counterfeits of the last issue of the fifty cent fractional currency notes, which bear upon their face the head of Treasurer Spinner, have been detected by the Treasury Department. It can be detected by the absence of a period (.) after the word print on the right end, and also under the letter "d" in "March 30," on the left end. The paper is thicker than that of the genuine notes, and the general appearance is calculated to deceive unless closely inspected.

COUNTERFEIT 7.30 BONDS.

The seal is slightly larger than the genuine; the red ink with which it is stamped is a shade lighter, and the points projecting from the seal are blurred and a little longer than the genuine. The imprint at the bottom of the face of the bond is set different in the margin, there being more space given it than in the genuine. The borders of the coupon which are attached to the counterfeit bonds are larger, while the red figures are finer than in the genuine. The borders of the ornamental in the work are blurred and somewhat indifferently executed. The figures denoting the bond are slightly uneven, while the blue ink in which they are printed is a duller blue and lacks the metallic glossy appearance of the genuine.

20s, imitation. The left hand of the soldier holding the gun does not touch the D in "Deposited;" in genuine it does. The butt of the musket on lower left corner touches the scroll work around figures "20;" and the hand of the female on the man's breast, the fingers can scarcely be seen. The shield behind eagle on back of note has but six stars, and very imperfect, genuine shows 17.

10s, limit. This is a dangerous counterfeit
and very likely to deceive. On right end, fem-
male on a spread eagle; left end, Franklin
drawing lightning from the clouds. The
string which passes through the key looks as
though broken off, and runs under the clouds
instead of over, as in the genuine. The centre
of the note looks very well. Above the
title, the words "Auburn City" looks as if
there was a black line drawn over the letters.

MORE THAN 500,000 PERSONS

Bear testimony to the Wonderful Curative Effects of

Dr. Joseph Walker's

"The Life of all Flesh is the Blood thereof." Purify the Blood and the health of the whole system will follow. It is a Gentle Purgative as well as a Tonic.

These Bitters are not a diluted pill, to delight the eye or please the fancy, but a medical preparation, composed of the best vegetable ingredients known.

CALIFORNIA
Vinegar Bitters,
 Manufactured from the native Herbs and Roots of California.

The Great Blood Purifier.
 FOR INFLAMMATORY AND CHRONIC RHEUMATISM AND GOUT, DYSPEPSIA or INDIGESTION, BILIOUS, REMITTENT and INTERMITTENT FEVERS, DISEASES OF THE BLOOD, LIVER, KIDNEYS and BLADDER, these BITTERS have been most successful. SUCH DISEASES are caused by VITIATED BLOOD, which is generally produced by derangement of the DIGESTIVE ORGANS.
 Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood healthy, and all will be well.
