ANNOUNCEMENT

In handing you our thirty-ninth annual price list we have endeavored to make our prices upon a reasonable basis, quality considered. Our seeds have been used in nearly every country for many years with utmost satisfaction.

Prices quoted are delivered at any U. S. port of export, bags or boxes to be charged extra at cost to us. We double-bag all shipments with a waterproof lining and upon request will use waterproofed bags at a small additional cost. Terms of payment to well-known established houses are 90 days from date of invoice; unknown correspondents should furnish satisfactory trade references, otherwise cash against documents at destination. Payments to be in U. S. A. dollars without loss of exchange. Insurance for buyers' account unless otherwise instructed. Please give full shipping instructions. We reserve the right to use steamship line which is able to give the best service.

We will undertake to produce from your planting stocks any varieties not listed at reasonable prices. Such planting stocks should reach us not later than May 15, and for each 100 pounds of seed desired send two pounds of planting stock.

Any claim as to shortweight, packing or condition of the seed is to be made upon arrival of seeds. Complaints as to vitality must be made within two weeks after arrival and a mutually agreeable agricultural station will be considered authoritative. We are not bound to either replace or make other amends should the seeds not meet requirements. We are never liable in any case to more than the invoice price of the goods in question. Should the final yield of seed be under our estimates we are under no obligation to fill as estimated. Crop failures release us entirely from obligation of delivery.

Seeds sold for prompt shipment after September first are to be at the market, whether above or below contract prices.

Samples, photographs, packets for trial grounds and descriptions furnished upon request, also a descriptive booklet upon request.

Shipment from the new crop is usually made before the middle of November, freight shipments usually take three weeks in reaching our export cities; express shipments (4c per pound additional) go through in three days. For parcel post shipments add 10c per pound, and we pay postage.

We have available at all times large quantities of seeds for prompt shipment at contract prices.

Correspondence in Danish, French, German, Italian and Spanish.

In comparing prices kindly bear in mind our prices are F. O. B. our export cities and the present freight rates are about 3c per pound from the American seed producing sections.

Our registered Cable address is "ROBSEECO" A B C 5th Edition, A B C 5th Edition Improved and Woods Simplex Codes used. Kindly note the Code Phrases and Code Words after each variety.
